Beth grabbed Amie by the arm and pulled her over next to me. She pushed the shocked girl into my arms, and then sidled in beside

Robin and Ron entered the room hand in hand. Ron took one long look at what was going on between me and Beth. He looked shocked for just a moment and then he laughed.

Robin excused herself to go to the bathroom, and rotten Beth, who definitely was showing more and more of a mischievous streak, wriggled off the couch and went and planted herself on Ron's lap, to everyone's surprise.

"Mr. Thomas, you're the greatest. Thanks so much for helping us with this." She wrapped her arms

Robin sat up and snuggled in close to Amie's father, her hand busy in his lap. Looks like she'd gotten the results she was looking for. I guess she wasn't done with our guest. And from the look of him, he wasn't done, not by a long shot.

Debbie stood up and dropped her shorts, bending over and giving the loveseat gang a great view of her ass. Then

Standing behind her, I fucked her pussy a little longer, sliding a thumb into her butt and opening her up. She reached back and helped me, sliding a couple of fingers of her own beside mine. "I'm ready, do it."

I pressed the head of my cock against her ass, and with one good push, popped inside of her. As I worked my way in, she groaned. "God, that
