

Read Crazy Leveling System - Chapter 1041

Chapter 1041

Calling Earth Monarch Tegu a “hybrid” wasn’t meant as an insult; it simply described the mix of various bloodlines within him, making him not purely of the Evil Spirit Race.

By merging the strengths of multiple races, he significantly reduced his limitations, retaining the best bloodline traits for optimal power.

“Earth Monarch Tianyun, you slander me, and I’ll make you pay!” Earth Monarch Tegu’s eyes filled with killing intent as he growled, “Thousand Blood Judgment!”

In the next moment, his whip was replaced by a long sword. The whip’s explosive power was inferior to that of the sword, allowing him to unleash all his inner strength. The gathered bloodline power converged in his sword, a top-grade reincarnation weapon now resonating with a dazzling white light due to the immense star power infused into it.

Clearly, Earth Monarch Tegu was going all out, aiming to kill Yi Tianyun with his full strength.

The crowd’s eyes lit up; this was the first time they had seen Earth Monarch Tegu unleash his full power, appearing unstoppable.

“Pay the price?” Yi Tianyun showed no fear in the face of Earth Monarch Tegu’s power surge.

To him, it was like dealing with Earth Monarch Motong—accumulating other bloodlines and thinking it made one invincible. True invincibility only came from excelling in a particular area.

And Earth Monarch Tegu’s power, as impressive as it seemed, was merely average.

“Die!”

The colossal shadows of dragons, phoenixes, and eagles emerged behind Earth Monarch Tegu, descending upon Yi Tianyun. It felt as if the entire world was filled with this overwhelming power, leaving Yi Tianyun nowhere to escape.

However, Yi Tianyun had no intention of escaping. Gripping the Tianchen Divine Spear, he transformed into a demon god, unleashing both his Dragon God Bloodline and Phoenix Bloodline. His Primordial Armor radiated brilliant yellow light, preparing for the upcoming battle.

“Sky Tyrant Art – Dominating Clouds!”

He unleashed the third move of the Sky Tyrant Art. The Sky Tyrant Art only had three moves, and he had yet to master the latter ones, so he could only use the first three.

Even so, the first three moves were already formidable. As he performed Dominating Clouds, the Tianchen Divine Spear projected a fierce shadow, the image of the Sky Tyrant Art's creator.

"That's the Sky Ancestor!"

The Lord of Heavenly Oracle and others were thrilled, recognizing the move. They knew it as the strongest martial art of the Heavenly Oracle Divine Realm, but no contestant had ever successfully performed it.

The Sky Tyrant Art was notoriously difficult to master, and now, seeing Yi Tianyun use even the third move was extraordinary.

The grand shadow of the Sky Ancestor alone suppressed all the shadows Earth Monarch Tegu had summoned. Just one was enough—there was no need for more.

"Buzz!"

The Tianchen Divine Spear in Yi Tianyun's hand trembled, freezing time and space around him, making everything slow down.

This move multiplied his damage fivefold. If he mastered the later moves, the effect would be even more terrifying.

If it were a Heavenly Dao-level martial art, the thought alone was daunting.

Combined with the Primordial Armor's fivefold increase and critical hit effect, his power reached a violent fifteenfold!

No need for any crazy damage modes; his power was already at a new level. He believed he could match any genius without using crazy modes.

His foundation alone was enough to contend with any genius!

"Boom!"

The two forces collided, creating a massive energy explosion. Waves of energy rippled outward, echoing with loud sounds.

The audience couldn't see what was happening inside the explosion, but the five elders could. The formations they set up allowed them to see clearly despite the visual obstruction.

Moments later, the explosion dissipated, revealing Yi Tianyun with his spear piercing through Earth Monarch Tegu's chest, lifting him into the air. Yi Tianyun was unharmed.

Earth Monarch Tegu's sword lay discarded, embedded in the ground.

"This is your strength?" Yi Tianyun's gaze was icy as he held Earth Monarch Tegu aloft.

"Ugh..."

Earth Monarch Tegu coughed up blood, his eyes filled with rage and helplessness. He had expended enormous energy, and his resistance was far from what it had been.

"I know you have more violent power you haven't used. Why not show us?" Yi Tianyun smirked.

"I... I surrender. This is all my strength..." Earth Monarch Tegu's face twisted, his eyes full of hatred, but he chose not to reveal his true form.

If he did, everything would be over. Surrendering was the safer option.

"Is that so? Let me stimulate you a bit." Yi Tianyun's spear surged with power, sending waves of energy into Earth Monarch Tegu's body, pushing him to his limits.

Everyone has a defense mechanism that triggers under threat, but since Yi Tianyun hadn't pushed him to the brink of death, Earth Monarch Tegu hadn't fully unleashed his power.

Feeling the pressure, Earth Monarch Tegu angrily tried to escape, but Yi Tianyun's grip was firm.

"Do you think you can escape?" Yi Tianyun slammed Earth Monarch Tegu to the ground, sending surges of power into him.

The audience didn't understand Yi Tianyun's intentions; Earth Monarch Tegu had already surrendered. Although the rules stated that a contestant had to leave the arena to be out, this seemed excessively cruel.

However, as Yi Tianyun continued, Earth Monarch Tegu let out a low growl. Twelve arms suddenly sprouted from his back, launching a fierce attack on Yi Tianyun!

Yi Tianyun abandoned his spear, dodging the assault.

The entire arena fell silent, stunned by what they saw.

Chapter 1042

Yi Tianyun didn't need to force Earth Monarch Tegu out of the arena; he only needed to reveal his true form. Once he evaded, the outcome was clear.

Earth Monarch Tegu sprouted twelve arms, his entire body turning pitch black as his wounds rapidly healed. These were unique traits of the Evil Spirit Race. Even absorbing the blood of the Evil Spirit Race wouldn't release such pure power.

Despite Earth Monarch Tegu's mixed constitution, his essence remained that of the Evil Spirit Race. To conceal this, he absorbed multiple bloodlines. However, in the face of danger, his true power would erupt. When Earth Monarch Tegu unleashed his full strength, the Tianchen Divine Spear, which had pierced his body, was expelled by his hardened form, transforming into an arrow aimed at Yi Tianyun.

Yi Tianyun extended his hand and caught it with a "bang." The force caused a slight tremor but did not push him back.

"This is your true power. If you had fought me with this strength from the beginning, it would have been a tough battle," Yi Tianyun remarked, examining Earth Monarch Tegu. The combination of his formidable physique and terrifying power, enhanced by various bloodlines, made him a formidable opponent.

Unfortunately, the Evil Spirit Race could not remain here. No matter how powerful he was, could he be stronger than the five elders? A single divine lord could crush him to a pulp.

"Roar!" Earth Monarch Tegu bellowed in rage, charging at Yi Tianyun with fury. "I'll kill you!"

His true form exposed, Earth Monarch Tegu, infuriated, intended to drag Yi Tianyun down with him, even if it meant his death. However, a figure moved faster than him, appearing in front of him in an instant. With a light touch, the figure forced Earth Monarch Tegu to kneel.

"I didn't expect he really was an Evil Spirit Race member, and he managed to infiltrate!" Elder Gou Huang's eyes glinted coldly. With a little more force, he could crush Earth Monarch Tegu into a bloody pulp!

However, Elder Gou Huang wouldn't kill Earth Monarch Tegu immediately; otherwise, they couldn't extract any information from him.

The audience was stunned, recalling Yi Tianyun's earlier words and feeling embarrassed. They had believed Yi Tianyun was slandering his opponent to advance easily.

Now, it was clear they were wrong. Yi Tianyun hadn't spoken falsely; Earth Monarch Tegu was indeed from the Evil Spirit Race. His true form being exposed was a slap in the face for the five divine realms' enforcers, who had failed to detect anything despite thorough examinations.

Because of this, many trusted the authorities over Yi Tianyun's words. The truth now was a heavy slap, proving that so-called authority was not always reliable!

Other elders flew over, looking at Earth Monarch Tegu in astonishment. They turned to Yi Tianyun, and Elder Tianfa asked, "How did you recognize him?"

"It was a feeling. The Evil Spirit Race invaded my homeland, so I have a strong sense for it. Besides, I'd rather kill by mistake than let one escape!" Yi Tianyun's eyes were icy cold as he spoke.

Naturally, he couldn't mistake such a thing. His Probe Eye could detect deeply buried traits, a benefit of its upgrade.

The five elders were slightly moved. No wonder Yi Tianyun was so sure. Sometimes, it was better to be safe than sorry. If it truly was a threat, it could lead to more casualties!

Though it seemed cruel, they had done the same before. Countless souls had fallen at their hands for the greater good.

"Speak! What was your purpose for being here?" Elder Gou Huang demanded coldly.

All eyes were on them now, the unexpected turn of events shocking everyone. What started as a straightforward duel had taken a surprising turn, thankfully discovered by Yi Tianyun in time. Had Earth Monarch Tegu successfully joined the five divine realms, the consequences would have been unimaginable.

Fortunately, Yi Tianyun had uncovered the truth, preventing a potential disaster.

"Do you think I'll tell you?" Earth Monarch Tegu sneered, eyes filled with contempt. Since he had been exposed, there was no point in denying it.

"Elder Gou Huang, why bother questioning him? Just soul-search him!" another elder suggested sharply.

The simplest and most direct method against such individuals was soul-searching. They might not extract everything, but they would get enough. Torture was pointless; no matter how much they cut him, Earth Monarch Tegu wouldn't talk! His resolve was unbreakable.

They dared to infiltrate because they were prepared to die. Thus, any form of coercion was meaningless.

Elder Gou Huang nodded and turned to Yi Tianyun, his gaze sharp. "Can you sense if there are others with Evil Spirit Race blood?"

He suspected other Evil Spirit Race members might have infiltrated and wanted Yi Tianyun to help identify them. They couldn't sense it, but maybe Yi Tianyun could.

Yi Tianyun nodded and scanned the audience. Those he looked at retreated in fear, worried about being misidentified.

Since they believed in killing by mistake rather than letting one escape, being misjudged would be disastrous.

Yi Tianyun scanned carefully, capturing detailed data with his Probe Eye. After a moment, he pointed to someone. "Him!"

At his signal, the audience member was dragged out and thrown into the arena, immediately restrained.

"You... you're slandering me! I'm not from the Evil Spirit Race!" the spectator shouted in panic, denying the accusation.

The audience exchanged uneasy glances. If Yi Tianyun were wrong, it would be a joke.

"Attack them to trigger their bloodline protection!" Yi Tianyun directed the enforcers.

Without hesitation, the enforcers attacked, piercing the spectator's body. As the spectator neared death, their bloodline protection activated, revealing eight arms—a clear mark of the Evil Spirit Race!

The crowd was dumbfounded. Yi Tianyun had accurately identified them amidst the spectators.

"And him!"

Yi Tianyun continued to point out individuals, each time causing a stir. One by one, the identified spectators were pushed out. No one doubted Yi Tianyun's ability now; it was clear he had a unique talent.

Chapter 1043

After Yi Tianyun identified each one, the captured individuals were tested, and all of them were revealed to have the bloodline of the Evil Spirit Race without a single mistake! This incredible ability left everyone in awe. Had he really killed so many Evil

Spirit Race members that he developed such a skill? Or was he naturally more sensitive to bloodline abilities, enabling him to recognize them so accurately?

They didn't know the specifics, but one thing terrified them: so many Evil Spirit Race members had infiltrated, and they had no idea! Just thinking about sitting next to a man-eating monster was terrifying. Everything was hidden too well, and almost no one was aware.

"What... what kind of ability is this..." Earth Monarch Tegu shouted, his body trembling with rage.

"What's the problem with recognizing you all?" Yi Tianyun responded calmly.

"You'll die a horrible death, I guarantee it!" Earth Monarch Tegu's eyes were red with anger. His comrades had been captured one by one, disrupting their carefully laid plans leaving him furious.

"Don't worry, even if I didn't recognize you, you'd still die horribly. Your Evil Spirit Race has always invaded other planets, and I'm here to avenge them!" Yi Tianyun showed no fear of threats. He knew that by doing this, he was making the Evil Spirit Race extremely angry. As long as he was alive, their infiltrators would be rooted out one by one.

Earth Monarch Tegu stared at him coldly, not saying a word. If his eyes could shoot fire, Yi Tianyun would have been burned already.

"Don't worry, you've done a great service for our divine realm. No one can harm you here!" Elder Gou Huang was also furious. These Evil Spirit Race members were brazen, thinking they were invincible and could infiltrate anywhere.

In his anger, Elder Gou Huang tightly grasped Earth Monarch Tegu's head and began a soul search. With Earth Monarch Tegu suppressed, he couldn't move at all during the forced soul search. His eyes rolled back, and he started bleeding from his orifices, typical of a soul search. Shortly after, his head exploded with a "bang."

"Elder Gou Huang, what did you find?" the other four elders asked.

"There's very little valuable information. Some of it is permanently sealed, making it impossible to probe deeply," Elder Gou Huang shook his head, his voice cold. "These guys were clearly prepared. They've tampered with their memories, making it hard to search."

In short, they didn't find anything useful.

They continued soul-searching the other captured cultivators. They didn't hold back, and many heads exploded during the search.

The spectators watched in horror. What was initially an exciting battle had turned into a witch hunt, and there were quite a few! They still didn't know the exact purpose of these infiltrators, but it was clear they intended to gradually infiltrate deeper, potentially even becoming elders, which would be terrifying.

"The Evil Spirit Race's arrogance is infuriating!" Nian Ciyu and her group were outraged. Even among the stewards they brought, there were Evil Spirit Race members.

This was a slap in their faces. They despised the Evil Spirit Race, yet they had managed to sneak in.

They also had no way to identify them accurately. Unlike Yi Tianyun, who could sense them, they found it extremely difficult. It wasn't a matter of martial arts but of sensitivity, which made it very challenging.

"What was a great battle was ruined by a rat," Earth Monarch Tianqing said with a light laugh. If Earth Monarch Tegu hadn't been an Evil Spirit Race member, it would have been a spectacular fight.

Earth Monarch Tegu's strongest power was unleashed when his Evil Spirit Race bloodline was activated. But once exposed, it was all over.

"By the way, Earth Monarch Tianqing, can you identify them too?" Yi Tianyun asked, looking at her.

This statement drew many eyes to Earth Monarch Tianqing. Could she really identify them as well?

"I can tell, but not as accurately as you," Earth Monarch Tianqing didn't hide it.

Everyone exchanged glances. It seemed they were far behind. Only a few people could sense it.

"You answered straightforwardly. I thought you wouldn't admit it," Yi Tianyun smiled.

"What's there to hide? It's not a secret. If your spiritual power is strong enough, you can sense it, too." Earth Monarch Tianqing looked at the five elders and said, "Elders, you should enhance your capabilities in this regard. It's not that your spiritual power is weak, but a bit more effort could reveal it."

Earth Monarch Tianqing's words were a slap in the face for the elders. She implied that they were too lazy to investigate properly.

The five elders' faces darkened. As high-ranking elders, being criticized like this was humiliating.

"We admit our oversight and will enhance our detection methods," Elder Gou Huang admitted directly. "I investigated carefully and realized it takes time to detect them. The Evil Spirit Race's concealment abilities have improved, making them harder to find. This was our negligence."

He admitted his mistake, surprising the audience and earning their respect. At least he lowered his pride to acknowledge the error, not making excuses.

Yi Tianyun observed Earth Monarch Tianqing, wondering if she was too bold. Her open criticism of the elders showed that she didn't care much about the Five Divine Realms' authority.

"Is it possible that Earth Monarch Tianqing doesn't want to join the Five Divine Realms?" Yi Tianyun narrowed his eyes, feeling that her arrogance indicated she didn't regard the Five Divine Realms highly.

Chapter 1044

The words of Earth Monarch Tian Qing startled everyone. They had seen arrogant people before but had never seen anyone so arrogant. Fortunately, Elder Gou Huang did not care. Otherwise, she would have been scolded to death. The first place was nothing. The elders did not respect them, so why would they still recruit disciples?

After this episode, most of the matters had been resolved. All the Evil Spirits Race present had been found. In total, there were only a hundred or so people. There were not many of them. This meant that only a few had cultivated such hidden elites.

After everything was settled, Elder Gou Huang and the others returned to their seats with serious expressions. Their originally good mood was now not very good.

Anyone would not be in a good mood after being disgusted by this matter of the Evil Spirits Race.

However, no matter what, the fight still had to continue. Yi Tianyun undoubtedly won this game. The gap before was obvious, and he easily entered second place!

As for the first place, it was Earth Monarch Tian Qing. He had already won the battle, so this was not a problem.

"The Evil Spirit Race hid their identity and sneaked into our arena. This is indeed our negligence." Elder Gou Huang looked at the crowd and said, "Through inspection, we know how to identify their existence, so this won't happen again! This way, we will inform everyone and hope that each Territory Lord will increase the intensity of the investigation!"

They were not ordinary people, and soon they knew how to find out, so the problem was not big, but this time, they felt very embarrassed by such a strict investigation. Finally, there were still some people who had slipped through the net.

After all, there were so many executors, and still, people sneaked in.

Yi Tianyun saw those executors; they were all very strict, but unfortunately, they were in the first year of high school, and the other party must have used a special method to hide their identity.

This time, he changed his way of investigating, and the next time the Evil Spirit Race changed, he would alter the situation to deal with it.

However, what happened next had nothing to do with Yi Tianyun.

After Elder Gou Huang finished speaking, he looked at the many participants again and said, "The competition continues. There is no change. After layers and layers of battles, we finally arrived at the most focused game, Earth Monarch Tian Qing and Earth Monarch. Tianyun, the two strongest existences!"

"Who is the winner? I hope everyone looks forward to the peak battle three days later!"

They still had three days to prepare, which was also to prepare for other participants. After all, the rankings on the back side had to continue to compete, especially the top ten.

Now that Teg Earth Monarch had been eliminated there was no doubt that there was an extra place, so there was hope for the original eleventh place. This change made the eleventh place ecstatic. How could they not be happy to be able to enter the top ten?

Under the stage, Yi Tianyun looked at Earth Monarch Tian Qing. Finally, he was going to fight against this enchanting queen. Even now, Earth Monarch Tian Qing was not interested in him; her fighting spirit was not strong.

"It's finally my turn to fight you in the final battle." Yi Tianyun came to the front of Earth Monarch Tian Qing, and they looked at each other.

"The final battle?" Earth Monarch Tian Qing looked indifferent, looked at him, and smiled, "There is no point in taking first place here. The world outside is more vast. But I think highly of you. You will be chosen."

"I am chosen? Haven't we already decided before?" Yi Tianyun asked doubtfully.

"I am not talking about this. What is so great about the Five Great God Territories? They are just ordinary existences." Earth Monarch Tian Qing chuckled, "However, you will soon know. Of course, I will be the first place in the competition."

“So confident?” Yi Tianyun smiled at her.

“Not only confidence but absolute confidence.” Earth Monarch Tian Qing looked at him, her tone filled with contempt. “You know nothing about the outside world. The gap between you and me is too great. Some things can not be filled with hard work. Here, you feel powerful, but in a certain world, your strength can only be ordinary!”

Earth Monarch Tian Qing’s words were harsh as if she came from an even more astonishing place.

“The gap is too big? I don’t think so.” Yi Tianyun knew that the situation of Earth Monarch Tian Qing was indeed very terrible. Even if he was at the third or fourth level of the Heaven Monarch, he might not be able to do anything to her.

If she had the power, why he didn’t have it?

“Naive.” Earth Monarch Tian Qing smiled, “Three days later, you will know the result. I am not interested in the first place here, but I have to get the first place. If you are smart, I advise you to admit defeat.”

“In my heart, I have never admitted defeat.”

Yi Tianyun narrowed his eyes. He felt that Earth Monarch Tian Qing’s words sounded a little contradictory. She said that she did not like the first place, but she was determined to win the first place. From this, he immediately knew the purpose of Earth Monarch Tian Qing.

Her goal was not to join the Five Great God Territories but to observe her situation, similar to a test.

If the Five Great Elders knew about this, they would probably explode from anger, but the battlefield they had meticulously planned out was a test point for others.

“Is that so? I will give you a good taste of this. After some time, you will be grateful to me.” Earth Monarch Tian Qing faintly smiled as if standing at a high vantage point, overlooking this mortal.

“No, you should have a taste of this.” Yi Tianyun retorted again.

Earth Monarch Tian Qing raised her eyelids, and her beautiful eyes showed no emotion, “There are too many self-righteous people, and you are not lacking. After my observation, your ability is still okay, but some things are not as simple as you think.”

“I don’t need you to teach me anything. I don’t know your purpose, but first, I am sure!” Yi Tianyun left after leaving this sentence.

“Ignorant, naive...” Earth Monarch Tian Qing shook her head and ignored Yi Tianyun.

Yi Tianyun also found a place to sit and wait for the duel three days later. He knew Earth Monarch Tian Qing had the capital to be proud of herself.

She believed she would not lose to anyone unless the cultivation gap between her and the other party were huge. She was not afraid.

Everyone began to discuss, thinking that Yi Tianyun was more powerful than Earth Monarch Tian Qing, and some started making bets.

However, most of the people who support Earth Monarch Tian Qing, only a small part of them support Yi Tianyun. After all, Yi Tianyun’s violence was impressive.

“At the peak of the battle, the representative of our Heavenly Edict Divine Territory can reach this level, and it is no longer a regret...” The Heavenly Edict Territory Lord sighed deeply. With the best result in history, it was difficult to show fear.

Chapter 1045

Three days passed in the blink of an eye. Under everyone’s gaze, they stood in the most eye-catching arena. This arena was much more spacious than the others. They wanted to give them more space to fight so that they could fight flexibly.

Everyone’s eyes were focused on them when they stood in the arena. Although there were other battles, no one could be more eye-catching than them.

This was a peak battle, the final battle! Under this battle, it could determine who was the strongest.

“Earth Monarch Tianyun shouldn’t be like other opponents, easily defeated by Earth Monarch Tian Qing, right?”

“I don’t think so. I think highly of Earth Monarch Tian Qing. Oh, no, I think highly of Earth Monarch Tianyun!”

“Bullshit, you support Earth Monarch Tian Qing from the beginning, right? A woman will ride on our head, and you still support her!”

“She is too powerful. No matter what opponent she was before, it would be solved within three moves. I also bet on her win. I can only support Earth Monarch Tian Qing in spirit.”

Everyone was discussing, thinking that Yi Tianyun was still bound to lose. Earth Monarch Tian Qing had been overbearing from the beginning until now, and it was impossible to reverse their thoughts.

“Bear!”

Earth Monarch Tian Qing waved her hand, and Five Sacred Fire floated around, immediately causing the audience’s temperature to rise rapidly as if in a fire furnace.

“Burning Heaven Sacred Fire...”

Yi Tianyun looked at the Sacred Fire summoned by Earth Monarch Tian Qing. The power was very terrifying. Compared to his two types of demonic flames, it was much stronger. Even if the grade of his flame was higher than the other party’s, it was still a result of being crushed. Unless it was several levels stronger, it was still possible to surpass it.

For example, Earth Monarch Tian Qing’s flame was a Lower Grade Rebirth Level. His flame was a High-Grade Rebirth Level. This way, he might be able to suppress it a little. It was just a little bit.

The problem was that Earth Monarch Tian Qing’s Sky-Burning Sacred Fire was a High-Grade Rebirth Level. It was already an existence that could crush him. If he wanted to suppress the Earth Monarch Tian Qing’s Sacred Fire, he would have to be at least a Heavenly Dao Level existence to surpass the other party’s might.

With his current proficiency, it would be good to raise the two types of Demon Fire promoted to Heavenly Dao Level.

“Now, I’ll let you know what the difference is!”

Earth Monarch Tian Qing took the initiative to attack, and it should be said that all along, she took the initiative to attack, wanting to use her strongest stance to suppress all opponents and show her strength.

Because of this, other people would think she was too powerful, and no one could defeat her.

Earth Monarch Tian Qing’s figure flashed thousands of meters away. In the blink of an eye, they arrived before Yi Tianyun. Five Sacred Fires turned into five red lotuses, enveloping Yi Tianyun.

Each red lotus had a range. With five red lotuses, the foundation had locked all the range; there was no escape, and Yi Tianyun could only resist.

In this scene, many people's hearts tightened, especially Nian Ci Yu, and others clenched their fists, thinking that Yi Tianyun would not be killed in one move, right?

If he was killed in one move, this Earth Monarch, Tian Qing, was too powerful.

Yi Tianyun did not take out the Sky Dawn Divine Spear but smiled at the flame that rushed over as if he saw a treasure.

"Bear!"

The Devouring Netherworld Serenity Fire began to emerge from his hand. It was an extremely cold Demonic Fire that could freeze everything. When this flame appeared, the surrounding high temperature rapidly decreased but was still relatively high.

Whether it was the grade or the rarity, it was several levels lower than the Burning Heaven Sacred Fire.

"How can the light of a grain of rice compete for brilliance!"

Earth Monarch Tian Qing looked at this Devouring Netherworld Serenity Fire and felt very disdainful.

The others all shook their heads. No wonder Yi Tianyun did not take out his weapon. It turned out that he was counting on this flame to resist. However, the grade was different. How could he resist it?

The Demon Fire was like an egg against a stone.

Yi Tianyun ignored their shock and used this Devouring Netherworld Serenity Fire. He just touched the burning heaven's sacred fire wrapped around him, which was easily destroyed. However, there was still a little effect, which was to weaken the power a little.

Following Yi Tianyun, he continued to use Devouring Netherworld Serenity Fire, spreading out in all directions, layer after layer, as if he didn't need the Star Power, constantly releasing it.

However, they were easily destroyed by the Burning Heaven Sacred Fire. In their eyes, it was like a battle between trapped beasts constantly resisting, but they were all useless struggles with no meaning.

Earth Monarch Tian Qing was also the same. Looking at Yi Tianyun's situation, she did not continue to attack. According to normal circumstances, she could continue to storm and assault in the locked range. It was difficult to lose.

Now that Yi Tianyun had been doing nothing, she lost the thought of continuing to fight.

"If you only have this much strength, it will be too disappointing." Earth Monarch Tian Qing shook her head.

Yi Tianyun ignored her thoughts. As he continued to attack, the Burning Heaven Sacred Fire quickly weakened. At least half of it was weaker than when she first released it. Of course, the power was still amazing, but he felt it was about time.

Then he reached out and grabbed the flame. The surging power instantly locked the five red lotuses, slowing down the speed of the pressure. Then he grabbed one of them, caught it in his hand, circulated the Burning Heaven Sacred Fire, and absorbed it crazily!

"Don't think too highly of yourself..."

When Burning Heaven Sacred Fire saw Yi Tianyun grab a ball of fire, she thought that Yi Tianyun wanted to crush or break it.

Who knew that after this ball of weakened energy was absorbed, it quickly became smaller and disappeared completely? He grabbed the two fire lotuses and began to devour them.

However, his strength could not continue to stop this flame attack. With a "boom" sound, the remaining fire turned into a huge tongue of fire and swallowed him.

"It's over..."

Earth Monarch Tian Qing shook her head and didn't expect everything to end like this. It was boring.

After the fire disappeared, Yi Tianyun's body was a little black, but he shook lightly. The black on his body disappeared; he didn't hurt at all, as if nothing happened.

"This fire is really difficult to absorb." Yi Tianyun turned his head and smiled, "Is there anything else? Continue attacking!"

"Looks like your skin is quite thick." Earth Monarch Tian Qing looked at him and said in a deep voice, "If you still have this bit of strength, then it will disappoint me."

As soon as her voice fell, she continued to shoot out five red lotuses, but this time, it was stronger than before! The five red lotuses didn't seem to change, but the stronger flame power solidified inside.

Yi Tianyun reached out his hand this time, and he absorbed the five fire. One by one, they disappeared into his hand, and in the blink of an eye, they vanished as if they had never appeared.

“What?”

After everyone saw it, they were shocked. What happened?

Chapter 1046

The Five Sacred Fire were instantly absorbed. It didn't hurt Yi Tianyun at all. Even his hair was not burned at all. Before, the fire burned it a little, but now it has no effect. It is shocking.

Not to mention the audience, even Earth Monarch Tian Qing, was stunned. One should know that the attack she just released was much stronger than the previous one, but it didn't have any effect.

“It's really good. Is there anything else?” Yi Tianyun smiled, like Earth Monarch Tian Qing gently recruited, indicating her to continue to attack.

“What kind of evil martial art is this? Where is my fire?” Earth Monarch Tian Qing frowned. Her originally calm heart began to stir, and she was not as quiet as before.

“It's all absorbed into my body. Is there a problem?” Yi Tianyun smiled.

“Forcibly absorb my fire and suppress it within your body?” The gaze of Earth Monarch Tian Qing turned cold as she snorted, “Then I would like to see how long you can suppress it!”

After saying that, Earth Monarch Tian Qing quickly waved. A red ribbon was pulled out from her waist and instantly enveloped the surrounding area, surrounding the surroundings into a thick silk ribbon wall.

“Huh!”

The ribbons around Yi Tianyun began to burn crazily at this time, blocking the surroundings. The power was even more terrifying than before and even more amazing. Immediately after, she threw the fire on the top of her head, and it turned into countless flaming meteorites, falling and hitting Yi Tianyun.

“Yes, I will not refuse anymore!”

Yi Tianyun laughed, facing the huge fireball. He stretched out his hand, and his palm was like a huge whirlpool, absorbing the huge fireball into his body, not leaving a single drop.

[Obtained 10,000 Mastery Points. Obtained 13,000 Mastery Points. Obtained 18,000 Mastery Points.]

The Mastery Points continuously surged over and increased his body's Burning Heaven Sacred Fire! That's right; he successfully tamed the Burning Heaven Sacred Fire and used it for himself.

Although this was not a refined fire, he could still tame and absorb it. This was his terrifying nature!

If it was a normal cultivator, it was impossible. They would go crazy from being burned and would not be tamed alone.

After absorbing it, he began to absorb the Earth Monarch Tian Qing fire and turn it into his own. Before taming it, it was really difficult to absorb these Burning Heaven Sacred Fires. After taming it, it was much easier to absorb this Burning Heaven Sacred Fires.

Unless Earth Monarch Tian Qing released an even more terrible Burning Heaven Sacred Fire attack, he could easily resist and absorb as much as he wanted. There was no pressure at all. This frightening Burning Heaven Sacred fire could be said to be just an ordinary flame to him. There was no pressure at all.

Everyone widened their eyes. Such a terrible fire, but now it was like an obedient child; it was absorbed into Yi Tianyun's body individually. How could this be?

Everyone suspected that Yi Tianyun was trying to be brave. He forcibly absorbed it into his body and then suppressed it. But now that he had absorbed so much, people suspected that there was no effect. There was no pressure at all. He could absorb as much as he wanted.

"Let me see how much more you can absorb!"

Earth Monarch Tian Qing swung the red ribbon again, and the fire increased. It was like a furnace, and the high temperature was released around it. Even the audience outside could feel this terrible flame.

"Burning Heaven Red Lotus!"

The extremely strong killing move was finally forced out. The fireball that was originally falling instantly condensed into a huge red lotus and rushed toward Yi Tianyun.

"Boom! Boom! Boom!"

The Burning Heaven Red Lotus, which had just approached Yi Tianyun, quickly bloomed, and countless pillars of fire burst out, covering the entire area, especially the fire that rose into the sky, constantly striking the barrier, burning the thick barrier red!

“This power is too strong. Is this the strongest attack that Earth Monarch Tian Qing has used so far?”

Everyone was shocked to see this scene. From the beginning to now, they finally displayed a stronger move. This move alone made the hearts of the deacons tremble. Even the 3rd or 4th Layer of Heaven Monarch had to be treated cautiously.

This move is indeed powerful. Yi Tianyun saw that this combat power had soared to more than 700,000 Star Power. Under the gradual blooming, the combat power was stacked layer by layer, and the fire dragons surged into the field.

First, it rose from 700,000 Star Power, followed by millions of Star Power, and all of them went beyond the test of the Divine Tribulation before, going up to 150 Star Power. Two million Star Power will not be under much pressure if this continues.

Many people trembled in their hearts. How did he cultivate it?

This was only Eight Refinements Earth Monarch, but it had already reached this power. What if he breaks through to the Heaven Monarch? Just thinking about it was terrifying!

“As expected of a super genius, but his foundation is a bit stronger.”

Yi Tianyun’s eyes flashed. The other party is so strong that it only has two points: treasures and martial arts!

Burning Heaven Sacred Fire was a High-Grade Rebirth Level Flame and was enough to scare people to death; the ribbon in her hand could also strengthen the weapon of Burning Heaven Sacred Fire, a High-Grade Rebirth Level Flame. However, the Burning Heaven Red Lotus move was a lower-grade Heavenly Dao-level martial art layered together, and the power was not bad!

In addition, her physique is Fire God Body, similar to Wood God Body; it is a rare physique; as for her bloodline, it is in the top ten Fire Clan!

The Fire Clan was an expert in playing with fire, and they were much stronger than the Phoenix Race.

“Level Up, Burning Heaven Sacred Fire!”

Ding! “Successfully deducted 800,000 Mastery, Level Up, Burning Heaven Sacred Fire to Middle-Grade Rebirth Level!”

“Level up again!”

Ding! “Successfully deducted 50 million Mastery. Upgrading the Burning Heaven Sacred Fire to High-Grade Rebirth Level Flame! The next level requires 200 million Level Up Burning Heaven Sacred Fire to High-Grade Rebirth Level Flame!”

“High-Grade Rebirth Level Flame, Power Up 50 Times, Pill Refining Speed Improve 10 Times!”

After deducting all the experience points, he finally raised the Burning Heaven Sacred Fire to High-Grade Rebirth Level Flame. After upgrading, he was on the same level as the Earth Monarch Tian Qing.

This was the Sacred Fire. He must have given priority to upgrading it. The benefits for him were self-evident. Not only was the damage extremely high, but it also increased the speed of pill refining. How could he not upgrade? Especially now, suppressing Earth Monarch Tian Qing was undoubtedly the best way.

After leveling up, when all the fire came over, he also used the Burning Heaven Sacred Fire to protect his body, and at the same time, constantly swallowed the fire into his body and continued to turn it into proficiency.

After a moment, the fire gradually disappeared, and what appeared in front of everyone was the intact Yi Tianyun; nothing happened at all except that his body was a little burned, nothing else.

“What, what’s going on?”

Earth Monarch Tian Qing began to panic; the attack he was most proud of was ineffective!

Chapter 1047

“Thank you for your hospitality.”

Yi Tianyun was very satisfied with his absorption. He gained a lot of Mastery. The key point was that he was not hurt at all. He was very satisfied with the current situation. Of course, the most satisfying thing was that he saw the shocked expression of Earth Monarch Tian Qing. Finally, she, who had always felt indifferent, showed another expression.

She had been calm before, and nothing could disturb her. Now, when she showed this shocked expression, she felt very funny.

“What kind of martial art is this? How can you absorb so much of my fire without any problem?” Earth Monarch Tian Qing quickly calmed down and looked up and down at Yi Tianyun, trying to find something from him.

“Well, didn’t you say there was a gap? I don’t feel any gap now.” Yi Tianyun likes to slap his face, and he also slaps back heavily.

Since Earth Monarch Tian Qing was so arrogant, he would be even more arrogant and ruthlessly slap the other side back!

Earth Monarch Tian Qing’s eyes turned cold. This was undoubtedly a rebuttal to her previous words. She gently waved her hand, and countless ribbons returned to her hand, turning into a sharp red sword. A firebrand appeared on it, like a red lotus.

This kind of magical weapon opened Yi Tianyun’s eyes. Not only could it become a ribbon, but it could surround the opponent, and it could also turn into a thin sword to launch a powerful attack. Especially when it is condensed into a long sword, the power is greatly increased, as if all the flames are condensed at one point, the power is doubled!

Yi Tianyun felt that the power of this long sword had greatly increased several times more than before.

“Then let me show you what is called a gap!”

Two red lotuses appeared in his eyes. The red clothes on his body suddenly turned into a floating flame. It was as if he had turned into a red lotus blooming in the air. Especially the red lotus on his forehead. This was the proof of the fire tribe. It allowed her to release even more power!

Yi Tianyun’s eyes narrowed. This Earth Monarch, Tian Qing, was angered. The power she released was several times stronger than when she was calm. This was already a state of combat. Her combat power had continuously doubled!

According to reason, it was already quite good to have five or six hundred thousand Star Power after the Eight Refinements Earth Monarch explosion. Her power now is more than one million and seven hundred thousand Star Power! It was far more than three times that of the same level. This was not the limit.

“Sure enough, the gap is much stronger than I have seen...”

Yi Tianyun finally saw the real super genius; the explosion of all aspects can reach this level; it’s incredible.

“Xiu!”

In an instant, Earth Monarch Tian Qing disappeared into the air. In the original position, there was only an afterimage left. The terrifying speed made most of the Heaven Monarch unable to see it. They didn't know what was happening, but it flashed past their eyes.

She has begun to be serious. She doesn't want to drag it on anymore. She wants to solve it in one go! Of course, from the beginning, she tried to solve it quickly. The power that bursts out can indeed kill many opponents. But she was not facing ordinary participants, but Yi Tianyun!

In the next moment, a thin line of red light drew towards Yi Tianyun's back, almost unable to see this red line; just like this, it appeared behind Yi Tianyun.

When he was about to touch it, Yi Tianyun instantly took out the Sky Dawn Divine Spear, turned around, and stabbed it down; Dragon God Bloodline, Phoenix Bloodline, all these powers, including the power of the planet in his body, were all condensed in his spear.

In an instant, under this spear, the surrounding space was pulled over, and the violent power kept hitting the space, circle after circle of airwaves spread all around.

"Crazy Heaven Secret Art – Tyrant Cloud!"

It was still an extremely powerful move. When it was time to explode, he would not show mercy!

He knew that this was the strongest opponent he had ever met. Even when facing the attacks of the God of Slaughter, he was not so cautious. He knew he might lose if he was even a little careless!

"Boom!"

The figure of Earth Monarch Tian Qing appeared in front of him. The fire on his body constantly drifted in all directions, enveloping the surrounding space. The ground was left with a deep red mark when she stood firm.

The long sword in her hand collided with Yi Tianyun's spearhead, but it did not come into contact. But there was a force between the two, constantly compressing; the two forces did not give way to each other, continually squeezing each other, and were about to explode at any time.

The space began to feel like it was going to collapse with the energy of the two people; the power that the two burst out was too strong, and when they collided, it made the space want to collapse.

"Boom!"

The compressed energy finally could not withstand the explosion; both exploded one after another; the violent energy raged in the space, and the ground was lifted.

After the explosion dissipated, they confronted each other from a distance. One would see that Earth Monarch Tian Qing was forced back several hundred meters. Although she was not injured, it was obvious that she was slightly inferior!

Under the collision of the violent force, she was still slightly inferior.

When everyone saw this scene, they immediately gasped. This was already terrifying, right? They did not expect such a terrifying Earth Monarch, Tian Qing, could not compare to Yi Tianyun.

“No way, Earth Monarch Tian Qing fights with Earth Monarch Tianyun, but she did not have the advantage?”

“This Earth Monarch Tianyun is too powerful; his power is even stronger than Earth Monarch Tian Qing!”

They were all shocked. They did not expect this to happen. They thought Yi Tianyun would be easily defeated, but who knew he would lose slightly?

Yi Tianyun was extremely shocked in his heart. He did not use all his strength, but at least used most of his strength. After the explosion, he could only beat Earth Monarch Tian Qing back. It seems that this Earth Monarch, Tian Qing, was really powerful.

Yi Tianyun was surprised; the other party was even more shocked. She also used most of her strength, and the key was that she lost!

Her mouth trembled, and the sword quickly absorbed the blood flowing out; otherwise, her injury would be exposed.

On the other hand, Yi Tianyun had no pressure at all. His skin was very thick. He was not afraid of these attacks. His defense was much stronger than the attack power. Of course, he was not scared of the attack of Earth Monarch Tian Qing.

The body of Earth Monarch Tian Qing was not so strong. The attack power was strong, but the body was not strong. Everything couldn't be perfect. There must be something wrong with it.

“This strength, this speed, he is strong to this extent...” Earth Monarch Tian Qing showed disbelief in her eyes. She thought she could solve it with one move, but who knew that all of them were blocked, and she was injured.

This kind of thing is simply unacceptable.

“Earth Monarch Tian Qing, I don’t know where the gap you are talking about is. I only see that our strength seems to be similar?” Yi Tianyun smiled; he didn’t care whether the other party was a woman or not; he would still slap the face!

He likes to slap the faces of these geniuses, thinking that she is high above and the people below are ants. He would ruthlessly step on these geniuses, letting them know portals could also kill gods!

Chapter 1048

Yi Tianyun’s words made the proud heart of Earth Monarch Tian Qing burst with anger. Originally, she thought she could easily kill Yi Tianyun, but now it seems good that Yi Tianyun does not defeat her.

If this continues, she will lose first. After all, Yi Tianyun was not injured at all, and Earth Monarch Tian Qing was slightly wounded.

“It seems you think you are powerful enough to be above me. I don’t want to use this move. In this case, you have to bear this move of mine and see if you can resist it!” Earth Monarch Tian Qing flew up, the red lotus between her eyebrows began to bloom, and the power of fire began to be released from her body.

Around her body, petals formed from flames began to appear, and petals emerged from the void behind her, wrapping around her body, creating a unique domain around her.

“Come out!”

The red lotus in the eyes of Earth Monarch Tian Qing bloomed, followed by a power hidden in her body, suddenly burst out, and a huge shadow behind her.

Yi Tianyun saw that the shadow was a beautiful woman, unlike Earth Monarch Tian Qing, not a virtual spirit, but a soul!

He didn’t expect that the soul summoned by Earth Monarch Tian Qing was a soul. It seems that she was using external force and soul force! He didn’t know who this soul was, but after this soul came out, it was added to her body. The power was crazy and kept rising.

“Isn’t this a foul?”

Yi Tianyun saw the soul that was added to Earth Monarch Tian Qing. The Earth Monarch Tian Qing constantly checked the detailed data and found that this soul was the Earth Monarch Tian Qing.

This means that Earth Monarch Tian Qing summoned the soul force from her previous life, equivalent to awakening her soul. Every powerful cultivator was a reincarnation of a powerful figure. Some people could only awaken the memories of their earlier lives when they were strong.

It was obvious that Earth Monarch Tian Qing had slightly awakened her memories from her previous life and could possess the power of her last life. After releasing it, her power increased explosively.

This energy was similar to the energy from her previous life. It was still stored in her body and could be used anytime. However, due to her physique, she could not withstand so much power. She could only take out a portion of it.

“Just this alone is already quite terrifying. The data displayed by the Investigating Eye, the soul of the Earth Monarch Tian Qing’s previous life, was at least a God Monarch Level existence. This means that her body has a terrifying God Monarch-level power. If it were to smash over, wouldn’t he be smashed into ashes?”

Fortunately, the limit of her physique could not be taken out completely. She could only take out a portion. Although she only took out a small portion, it was already terrifying enough. Her combat strength seemed to have been consumed with medicine as it continuously jumped up.

From the initial 1,000,000 Star Power, it suddenly jumped to more than 4,000,000 Star Power! This was no longer a battle; it was already cheating, okay?

“Damn, I thought I was cheating enough, but who knew that I would cheat even more!” Yi Tianyun took a deep breath. He felt that with the system, it was enough to cheat by upgrading his martial arts and bloodline a little.

Now, it seemed that he was still too young; the other party was cheating more. She had the memory of her previous life; she should have awakened from a very young age, following the smooth sailing, it was more than him cheating!

After all, she knew a lot of terrible martial arts, plus many things that she didn’t need to cultivate; just a little bit of cultivation would make her understand. In addition to maintaining the energy of her previous life, if she used it a bit more, her cultivation would jump up crazily.

From her bone age, it could be seen that she was less than forty years old, but she was already an Eight Refinements Earth Monarch; if she said it, it would scare people to death. Although she was slightly older than Yi Tianyun, her body contained the energy of a God Monarch; when she broke out, it was a deadly existence.

Of course, that was the saying of mutual destruction: the body couldn’t withstand too strong power, and if it completely burst out, it would die together; this was not worth it.

She didn't need to burst out with full strength just to out other power of the Heaven Monarch Level; it was already crushing everything.

No wonder she looked down on everything. She possessed the memories of her past life. Her past life's energy and experience far surpassed others. How could she not have such an arrogant attitude?

When the audience outside saw this, they were all stunned by this scene.

"What is this situation? Soul possession?"

"This is the soul energy that awakened my past life. I have seen it once a long time ago. It is too powerful. It can mobilize the energy of my past life. I do not have this feeling. It is likely that when Earth Monarch Tian Qing was strong, he deliberately reincarnated."

"No wonder she is so strong. So, she is the reincarnation of a mighty figure. Isn't this a violation of the rules?"

"What violates the rules? How strong? That is her energy. What is against the rules?"

"Yes, the elders have said there is no limit to any means. As long as you can win, there is no problem!"

One by one, they began to discuss. Some felt it was unfair, and some felt it was very fair. They looked at Yi Tianyun with pity. They originally thought they could win, but who knew they would meet a reincarnated mighty figure? It was a pity.

If not for reincarnation, they believed that Yi Tianyun might win!

The excited expression on Nian Ci Yu's face suddenly cooled down, and she collapsed on the chair, "It's over; this Earth Monarch Tian Qing is the reincarnation of an expert, and he has awakened his memory..."

"Second place is also satisfying." Heavenly Edict Territory Lord patted her hand and said worriedly, "I hope he doesn't try to be brave. If he can't resist it, it may all be in vain..."

If the participant dies, any result in the front will be void, and there is no point in it, so they want Yi Tianyun to give up the competition.

The Five Elders looked at the Earth Monarch Tian Qing and said nothing. It could even be said that this situation was not unexpected.

"Sure enough, he is the reincarnation of an expert, and he has awakened his memory early. I have guessed it before."

“Earth Monarch Tianyun can only swallow this resentment. After all, this is also his power.”

“Yes, the world is so big. After losing this time, he will know more and walk more steadily.”

They all shook their heads, thinking it was not bad to let Yi Tianyun know more things; he must have a better future.

Yi Tianyun, standing on the stage, doesn't think so.

He looked at Earth Monarch Tian Qing, feeling the terrifying power, and smiled, “If you're cheating, then I also cheat. Let me see what it means to have mountains beyond mountains, and then I will also let you know what it means to have people beyond oneself, to have the power to stand above everything; not only do you have it, but I also have it!”

Crazy Damage Mode was enough to stand out!

Chapter 1049

Earth Monarch Tian Qing flew in the air. The power in her body had already been sorted out. The other powers of the Heaven Monarch Level were now in everyone's sight. They were only at the third or fourth level of the Heaven Monarch Level. Even if they completely erupted, they would not be as strong as her.

Now, her combat strength had already reached 4.2 million Star Power. It could be said that no participant could compare to her. No matter who it was, they would be overshadowed.

Some people said that she used the power of reincarnation to cheat, but what was there to be fair about in the world? Moreover, this was indeed her power and was not considered cheating.

Awakening the memories of reincarnation was not that simple. Among so many participants, why was she the only one who could awaken the memories of reincarnation? This was enough to explain the problem.

Among them, it was possible that most people's past life was not very powerful. In short, awakening memory was not simple, and some did not awaken any memory until death.

It was already very amazing to awaken this memory.

Compared to other opponents, it was a bit unfair. It was clear that only the Earth Monarch Level came in, but now, after fusing with the energy of previous life, it directly became the Heaven Monarch Level. Can it be considered cheating?

Yi Tianyun originally did not want to use Crazy Damage Mode. After being stimulated by this, he also wants a hard fight. This is not a cheating ability, according to reincarnation awakening. It is also his ability. How can he cheat?

“You forced me to this extent; it’s already amazing, but everything is ending. I give you two choices: either die or admit defeat. If I release my power, I can’t control it, and I may be unable to save your life.”

The eyes of Earth Monarch Tian Qing are full of coldness, not because of Yi Tianyun, but because her power is quite strong; it is not easy to control.

“Admit defeat?” Yi Tianyun shook his head and smiled, “As I said, I don’t have the word’ admit defeat ‘in my heart.”

“Since that’s the case, you should pray that you can survive.” Earth Monarch Tian Qing waved her hand, and the thin sword turned into a huge red lotus that circled her palm. The fine petals were going to be so powerful this time. “If you survive, please understand what it means to have mountains beyond mountains. The world outside is far bigger than you think.”

“Is that so? Then I’ll tell you what having someone stronger than you means!”

Yi Tianyun sneered and put away the Sky Dawn Divine Spear. Everyone was very puzzled by his behavior. Why did he put away the weapon? It should have been better to change a better weapon, but after putting it away, he did not take out a stronger weapon.

“Crazy Damage Mode, activate!”

On the premise of Six Refinements Earth Monarch, the 64x damage multiplies! When he was at SSix Refinements Earth Monarch Level, the most basic data was 150,000 Star Power. Under this premise, it directly exploded 64x!

Two million points, Star Power!

Three million Star Power!

...

Five million Star Power!

...

Eight million Star Power!

Nine million Star Power!

One thousand and eight hundred Star Power!

What was called berserk? This was berserk! He wouldn't fear anyone if he relied on a bit of strength. After exploding, even if he weren't a god, he could kill everyone!

Combined with the power of 64x and the other times, he instantly possessed such a terrifying power. Even the Earth Monarch Tian Qing, who erupted, was far inferior to him.

Unless Earth Monarch Tian Qing released all their power, there would be no pressure for the millions of levels. When this soul energy erupted, he knew that Earth Monarch Tian Qing only released a small portion of her power and did not release all of her power.

If she released all of her power, she could still crush him, but this way, she would be seeking her death.

“Boom!”

A terrible power burst out from his body, directly hitting the shield, which was about to burst. Everyone was shocked by this scene.

Could it be that Yi Tianyun also has soul energy?

“This, this power...” Earth Monarch Tian Qing suddenly felt that she was so small. The violent power made her feel a sense of timidity! This was the first time in her life that she had felt this way. Even in the face of stronger opponents, she had never felt this way.

Now Yi Tianyun gave her this feeling, absolutely above her existence.

Her current combat strength is only more than four million Star Power, compared to Yi Tianyun's more than ten million; the difference is more than two times. Can it not be regarded as a crushing existence?

“Xiu!”

Yi Tianyun didn't know when, but he had already flashed before her and reached out to grab her. The red lotus originally in front of her was turned into countless sparks by this touch, more like a drop of water that was broken with a touch scattered around.

The flame that was originally enough to burn everything was shattered. It was not that these flames were too weak, but Yi Tianyun's strength was too strong!

The next moment, he grabbed her neck and directly lifted her in the air without any mercy. The red lotus, flower petals, and everything else were just floating clouds, directly shattered by his violent power.

Strength above everything, nothing more than this!

Almost in an instant, the battle ended just like that. It can be said that the people didn't even have time to see it before it ended. As long as Yi Tianyun wanted to, he would be crushed to death if he used more strength.

"What, what's going on..."

A group of people looked up at the sky, thinking that Yi Tianyun was being abused, but now it was Earth Monarch Tian Qing being abused and was defeated in an instant.

This scene makes them unable to turn their heads, and all of them are stunned. Could it be that Yi Tianyun is also the reincarnation of a supreme expert and has terrifying power?

These are unimportant; it is important that Yi Tianyun won, and it was so easy.

"Don't!"

Earth Monarch Tian Qing screamed; finally, she looked slightly like a woman. Under the scream, the power in the body instantly swelled up, and the combat power directly soared to more than eight million Star Power!

Under the fear, the power was not suppressed, directly bursting out a large part.

The sudden change broke Yi Tianyun's hand, holding her neck. Correspondingly, after Earth Monarch Tian Qing flew out, her body began to bleed. Her body began to be unable to withstand this force. Blood kept dripping on the ground, dyeing the ground red.

"You, what kind of power is this..." Earth Monarch Tian Qing stared at him, gasping for breath.

"What's wrong with my strength?" Yi Tianyun walked towards her step by step and said indifferently: "I advise you to give up. If this continues, you will die! Your body can't withstand such a powerful force."

Every step made Earth Monarch Tian Qing feel much more pressure as if she were stepping on his chest.

This is the real absolute power!

Chapter 1050

Yi Tianyun walked over step by step. Even if Earth Monarch Tian Qing burst out more powerful strength, he was not afraid. After all, his current strength was still above the other side.

The 64x increase in strength was not a joke. It was this terrible power that allowed him to fight with supergeniuses. Of course, he can fight with these people who have soul energy from his previous life; otherwise, he will be crushed.

“Admit defeat? I will not admit defeat! I must get first place!”

Earth Monarch Tian Qing was crazy. She began to shout. The red lotus between her eyebrows was blooming very hard. The soul energy in her body was constantly expanding. Her combat strength continued to jump up, and soon, it reached nine million Star Power and continued to jump up.

However, as she went crazy, the result was that her body was constantly bleeding, spilling all over the ground. It was too horrible to look at. She was not like the peerless beauty from before. Now, she was very down and down. It was simply two different appearances.

“What a coincidence! I will get first place. In that case, don’t blame me for not showing mercy.” Yi Tianyun did not have any words of pity. If he showed mercy here, he would only die.

Earth Monarch Tian Qing ignored his words. Burning Heaven Sacred Fire was released crazily like fire dragons constantly attacking and surrounding Yi Tianyun.

A red lotus appeared in her hand. She stepped on it and pressed it towards Yi Tianyun. The small red lotus contained a destructive power.

Yi Tianyun didn’t even try to dodge; he reached out and took the red lotus.

“He is crazy! That is the origin of the Burning Heaven Red Lotus. If you pinch it, you will be burned to death!”

Someone immediately recognized this red lotus, and they were all shocked by Yi Tianyun’s action. The energy of this origin was much stronger than ordinary flames.

Yi Tianyun was too lazy to pay attention to it, so he grabbed the red lotus. The surging flame swept toward Yi Tianyun and poured into his body, wanting to burn him to ashes.

“Break!”

Yi Tianyun squeezed hard, and with a “bang” sound, the red lotus in his hand was crushed by him, followed by a punch; with a “dong” sound, Earth Monarch Tian Qing was sent flying by a punch.

The violent force directly blew up her soul energy, and in an instant, she fell back to the mortal world from the Immortal World; all the power disappeared.

After she fell from the sky, she rolled several times and fell to the ground. Then she slowly got up. The power of the fire tribe allowed her to recover from her injuries quickly. However, she didn’t have much strength left. Yi Tianyun scattered the breath she was holding. It was almost impossible for her to get back together.

“I, I lost...” She looked at Yi Tianyun with empty eyes and murmured, “I won’t lose. I made a vow that I absolutely can’t lose...”

“You are very persistent about winning, and I am also very persistent about it.” Yi Tianyun walked step by step, saying, “I will reserve the last bit of dignity for you. Walk out yourself, or I will throw you out directly; choose by myself.”

Earth Monarch Tian Qing did not give up. She wanted to explode her power so that there would be fatal danger. She had already warned her opponent about it. If the opponent did not listen, she naturally had no choice.

“I won’t lose, I won’t lose!”

Earth Monarch Tian Qing began to force out the power in her body, wanting to burst out all the power completely; this time, she tried to break out to obtain this victory completely!

Just as she was about to continue to explode, Yi Tianyun rushed to her, grabbed her arm, and directly threw her out of the field.

Earth Monarch Tian Qing didn’t even have time to react before Yi Tianyun threw her out. She flew in the air and wanted to turn around, but her body was not very flexible, and she couldn’t easily turn around.

Following her through the shield, she fell directly outside the field, meaning she lost this game.

“I don’t know why you care so much about winning and losing,”

“But this is the reality.” Yi Tianyun walked over step by step.

Yi Tianyun won, and Earth Monarch Tian Qing lost.

This result emerged from everyone's heart. No one expected the result. Now, Earth Monarch Tian Qing lost to Yi Tianyun. It was an incredible result.

"We won, we won!" Nian Ci Yu began to cheer.

The people of the Heavenly Edict Divine Territory also shouted crazily. In the battle of the God Territory's War of Ascending to Heaven, their Heavenly Edict Divine Territory won first place, with unprecedented results, the best in history!

As for the other God Territory, their hearts were filled with complex emotions. They never expected that the Heavenly Edict Divine Territory would obtain the first place. Moreover, it was a human!

"A human obtained the first place result. No one would believe it if it was said, right?"

Many people shook their heads. After so many battles in the God Territory, this was the first time a human had obtained the first place! This was creating history. Not to mention that no one had ever come after; it was at least unprecedented.

"Very good!"

The Five Elders stood up one after another. This result was also beyond their expectations. They didn't expect Yi Tianyun to win. However, no matter who won, it was a very good result. It was equivalent to adding two super-geniuses to them!

"The competition is over. Our first place has appeared, and that is Earth Monarch Tianyun!" Elder Gou Huang said.

Finally, the God Territory's War of Ascending to Heaven ended perfectly. Although there was a little episode on the way, it was still completed successfully, and there were few accidents.

For Yi Tianyun, many people have complicated feelings in their hearts.

Of course, even if he is not a human, he is also unhappy. After all, he was a genius of another God Territory, not a genius of his own God Territory. However, some are still very happy. After all, he must get first place to join the Five Great God Territory.

Yi Tianyun walked to Earth Monarch Tian Qing and said indifferently, "Why are you so obsessed with first place? With your ability, it is not a problem for you to join the 3rd Grade God Territory in the future."

Earth Monarch Tian Qing was the reincarnation of a super genius. In the future, there would be no pressure at all for him to join a 3rd Grade God Territory.

“What do you know? If I don’t get first place, I will lose even more...” Earth Monarch Tian Qing looked at him with eyes full of sorrow, as if she had lost a treasure.

Just as he wanted to ask more questions, a black line suddenly appeared in the sky and was slowly pulled away. A terrifying pressure pressed down from the sky, causing everyone to be unable to breathe. Even the Five Great Elders felt the pressure multiply when facing this power.

Yi Tianyun looked up at the torn hole; it was obvious that space was torn apart!

“What’s going on?” Yi Tianyun was shocked. Something seemed to want to come out of this space.
