### Chapter 1051

A huge hole was torn in the sky above the God Fighting Field. The aura it released made most of the people unable to move. The Five Elders stood up in shock. They looked at the huge hole. The dangerous aura that came from it made their scalps tingle.

They were all at the God Monarch Level. The energy they released made them feel extremely shocked. They were at the God Monarch Level. Even they felt a sense of danger. This meant that the thing inside the huge hole was extremely dangerous!

“What is going on? Which powerful expert is going to appear?” Elder Gou Huang frowned. The five of them took out their weapons and prepared to fight.

Suddenly, an expert came over; he must have come with bad intentions!

Earth Monarch Tian Qing looked up at the gradually torn space, reached out and wiped the blood from her mouth, then turned to Yi Tianyun and said, “It’s starting; a new journey is about to begin. Congratulations on being selected.”

“What?” Yi Tianyun frowned, puzzled, “Do you know about this kind of thing happening?”

There is no doubt that Earth Monarch Tian Qing knows about this matter. Otherwise, she would not say that. Thinking carefully about Earth Monarch Tian Qing, who desperately wants to get first place, it is very likely related to this matter!

“Of course, I know. You will know what the situation is like later...” Earth Monarch Tian Qing shook her head and looked at him with hatred, “Don’t be happy too early; I can still compete with you!”

“Hey, hey, can you make it clear?” Yi Tianyun said.

“It’s coming out...” Earth Monarch Tian Qing looked up at the sky.

Then, the void was torn open even wider with a tearing sound. A huge head stretched out from inside. It was not a human with a dragon head. It looked like a special demonic beast. The gigantic head was even larger than the God Fighting Field. It could swallow everyone with its huge mouth!

Star Territory Divine Beast: God Monarch Peak cultivation. It possesses an extremely terrifying ability to tear through space. It can walk through the various God Territory. It can travel extremely fast, and the spirit boat is far inferior. In the blink of an eye, it can travel from the God Territory to another God Territory. When it opens its huge mouth, it can devour all things. It can be guided to the designated region!

With super strength and super strong defense, combined combat strength is 30 million Star Power (under normal state).

“God Monarch Peak cultivation...”

Yi Tianyun looked at this huge head and took a deep breath. This guy is a Star Territory Divine Beast, equivalent to a living spirit boat, able to travel through any space.

I don't know where this came from, and I don't know what the purpose is.

“Star Territory Divine Beast, an exclusive Divine Beast of the 3rd Grade God Territory?” Elder Gou Huang and the others sucked in a breath of cold air. They were completely shocked by this scene. Just this Star Territory Divine Beast was enough to flatten the five of them.

Their strongest cultivation was only at the God Monarch 6th Layer. Against other powers at the peak level, they were still too far away. Especially since it was a Star Territory Divine Beast, an extremely terrifying Divine Beast, it could be said to be invincible at the same level.

According to the bloodline, a Star Territory Divine Beast was ranked fifth, far surpassing the bloodline power of everyone present. If it erupted, everything would be devoured.

“This is the exclusive Divine Beast of the 3rd Grade God Territory; what is it doing here?” They wiped their cold sweat. When they saw the Star Territory Divine Beast, they felt very strange.

Immediately, the Divine Beast did not speak. Its huge eyes glanced at everyone, and then it opened its huge mouth and sucked them into the sky.

Not only she but Yi Tianyun also felt that he was quickly absorbed. He didn't even have a chance to struggle before he was sucked into the sky! In addition to the two of them who were first absorbed, other participants were also sucked up, but not all the participants were sucked into the sky.

Yi Tianyun was shocked. Could it be that he wants to capture someone and forcibly pull someone to the T 3rd Grade God Territory?

The next moment, his figure flashed and disappeared from this area. He moved outside the God Fighting Field and easily broke free of this terrible suction force. He did not want to be pulled to the 3rd Grade God Territory.

He doesn't know the situation of the 3rd Grade God Territory; what if he is caught and sold?

When he disappeared from the God Fighting Field, the Star Territory Divine Beast raised its giant eyes and looked in the direction where Yi Tianyun moved. It roared and rushed out of the crack. It rushed to the area where Yi Tianyun was. Everyone was dumbfounded. Why did the Star Territory Divine Beast come out?

“This Star Territory Divine Beast, did it capture our people?”

“It seems like it is true. How can a 3rd Grade God Territory come to our place to rob people? Isn’t this too much?”

“That’s right. Do they like our people?”

The Five Elders were shocked and angry. Although they only have their eyes on Yi Tianyun and Earth Monarch Tian Qing, they were still unhappy to rob so many people.

The giant body came out of the crack like a thick dark cloud covering the area. It was dark below. No one dared to speak, not even dare to attack. The Five Elders were strong but dared to attack the exclusive Divine Beast of the 3rd Grade God Territory.

They don’t know which force the Star Territory Divine Beast belongs to, but they can’t afford to provoke it.

Yi Tianyun just stopped after teleporting and immediately saw the Star Territory Divine Beast continue to rush over and suck it in.

“Damn it, is it chasing me?” Yi Tianyun’s heart trembled; he took out the teleportation stone and immediately used it, disappearing in the blink of an eye.

Teleportation is useless, but is the teleportation stone useless?

The next moment, he came to the Heavenly Edict Divine Territory, far away from the God Fighting Field. The Star Territory Divine Beast instantly felt that Yi Tianyun’s aura had disappeared. Its huge eyes began to search around, but it did not find Yi Tianyun.

“Roar!”

The Star Territory Divine Beast roared and quickly looked around but found no trace of Yi Tianyun. There was no trace of Yi Tianyun, so he couldn’t see him even if he wanted to.

Even though its cultivation had reached the peak of the God Monarch, it was not an invincible existence. It couldn’t detect the situation in the Heavenly Edict Divine Territory. Thus, it was like a headless fly. After it circled randomly, it helplessly returned to the crack and disappeared.

When it returned to the crack, the crack quickly recovered. Soon, the torn space was no different from before. It was completely intact.

After it left, everyone could only move. They saw fear in its eyes.

“What happened to it just now? What did it chase after?”

“You ask me, who should I ask?”

“It seems that quite a few people have been captured. What is going on?”

All of them were very puzzled. No one knew what was going on. Fortunately, the Star Territory Divine Beast did not attack them. Otherwise, they would have suffered heavy casualties!

## Chapter 1052

The Star Territory Divine Beast tore through space and returned to its original region. Following that, it spat out the cultivators that had been swallowed. The ones who were caught were the top ten, and the ones at the back were not seen.

Among them, Ling Yunfeng and the others were outside the top ten, so they were not caught naturally.

After they were spat out, their faces were full of doubt. No one knew what had happened. Only Earth Monarch Tian Qing had a calm expression as if she knew what was happening.

“Yuqin God Monarch, I did not expect you to obtain second place. Looks like your opponent is a bit stronger.” At this time, a middle-aged man came from the side. His words were directed at Earth Monarch Tian Qing.

This meant that Earth Monarch Tian Qing was not Earth Monarch Tian Qing but Yuqin God Monarch! Especially from the tone, it was obvious that the two were very familiar.

“It’s just a small mistake. As long as I can control my body’s power, I can win against him... He, where is he?” Yuqin God Monarch turned to look for Yi Tianyun and found that he was not there at all!

“What’s going on? You said that the Star Territory Divine Beast didn’t capture the first place?” The middle-aged man frowned and turned to look at the Star Territory Divine Beast.

The huge Star Territory Divine Beast was lying on the side with a wronged expression. It was clear that it had failed.

"I couldn't find the target. It seemed to have been moved away by a force, and it was moved far away. I couldn't lock onto its range." With its intelligence and cultivation, it was unsurprising that the Star Territory Divine Beast could speak.

"A force moved it away. Could it be that that brat has a backer and is a very powerful expert?" The middle-aged man frowned unhappily, "If that's the case, the elders won't be happy. This is the first place, an existence that even Yuqin God Monarch can defeat. Likely, he is also the reincarnation of a powerful expert!"

"It can't be. Could he be the reincarnation of an expert? I can sense that Earth Monarch Tianyun has no other soul aura. As for his background, I remember that he should be a representative of a 1st-grade God Territory. What background can he have?" Yuqin God Monarch's expression was not too good. Originally, she had captured him and abused him. But who knew that he was gone? How could she be played?

"Now that he is gone, the first Star Territory Divine Beast made a mistake. It's a ghost." The middle-aged man shook his head and said, "Forget it; we can only send people to investigate. Right now, we are severely lacking people. After searching for so many 2nd Grade God Territory experts, very few geniuses can be found. Now, there is still someone so powerful. It is truly a great loss."

Yuqin God Monarch clenched her teeth and snorted, "Let me go. I will find that fellow and bring him back!"

"Let you go? A defeated opponent, how can you capture him?" The middle-aged man mocked.

"God Monarch Yi Long, don't be too proud of yourself! Don't forget, you were defeated by me before. Now, I still have an even stronger physique. How much do you think I will have a chance of breaking through to the Heavenly Venerable?" Yuqin God Monarch was already able to stand up, and the injuries on her body had recovered quite a bit.

Obviously, the soul energy in her body had helped her recover from the injuries, and now she could move about instinctively.

God Monarch Yi Long's expression sank, and a cold glint flashed in his eyes. "Don't use this to pressure me. I am just stating facts. You are his defeated opponent. Is it possible for you to capture him?"

"There is nothing impossible. I will ask the elders for permission." God Monarch Yi Long did not give up.

“Then go and apply for approval. I thought that it would be a battle to prove myself, but who knew that it would be a defeat to a human? What do the elders think?” God Monarch Yi Long mocked mercilessly.

Yuqin God Monarch's gaze turned cold, and she could not speak. She knew that she had lost, and there was nothing to say about the loser.

The others watched as Yuqin God Monarch and the others bickered. They did not know what was happening and only knew they had been captured.

“Earth Monarch Tian Qing, what's going on?” One of them got up and looked at them in confusion.

Yuqin God Monarch glanced at them indifferently and turned to God Monarch Yi Long. He said, “You can continue your work!”

“I don't need you to tell me.” God Monarch Yi Long walked in front of them and waved his hand.

A beam of light enveloped their bodies.

Under the illumination of this beam of light, their legs weakened, and they knelt on the ground, unable to move. No matter how they struggled, it was useless. They could only kneel on the ground, unable to move.

Yuqin God Monarch was fine. God, Monarch Yi Long is targeting them. He waved his hand, and a mark floated over. It left a mark on their foreheads.

“Ah...”

They all covered their foreheads and screamed. A moment later, they released their hands. There was no mark on their foreheads. This mark was no longer just imprinted on their foreheads. It was engraved in their hearts.

“What is going on?”

They looked at each other and saw fear in each other's eyes.

“I have planted a slave mark on you. In the future, you must obey us. Otherwise, you will die!” God Monarch Yi Long said coldly.

“Slaves, slaves?” They were stunned. They had worked hard to get into the top ten and thought they could enjoy the honor. Who knew that the result would be slaves?

After being slaves, life and death were not in their hands; it was the terror of the slave imprint. If they wanted to die, they would die. They would do whatever they wanted.

Unless they were allowed to move freely, they would always be controlled. It was simply worse than death.

“That’s right. From now on, you will become disciples of our Saint Peak God Territory. As long as you perform well, we will restore your freedom.” God Monarch Yi Long said indifferently.

“You, you want us to be slaves!” “We are disciples who can join the Five Great God Territories. If the Five Great Elders pursue this matter, you will not be able to bear the consequences!”

One of them was furious. No one wanted to be a slave.

“Five Great God Territories?” God Monarch Yi Long sneered, “Our Saint Peak God Territory is a 3rd Grade God Territory. Do you think the Five Great God Territories would dare to pursue our responsibility? They would not dare to go west if we let them go east!”

“3rd Grade God Territory?” They were stunned. An even more unreachable force.

“Now you know our power, right? As long as you perform well, you will be disciples of the Saint Peak God Territory. Your prospects will be much better than you have in those God Territories!” God Monarch Yi Long said.

These words made them a little happy. To be able to join a 3rd Grade God Territory, there was no need to say more. The resources were much stronger than a 2nd Grade God Territory. Refusing from a 1st Grade God Territory to a 3rd Grade God Territory was like a dream.

Yuqin God Monarch looked at their excited expressions, her eyes looking pitiful. More than that, she was still humiliated but did not say it out loud.

At the same time, Yi Tianyun, who was teleported back, found no Star Territory Divine Beast there.

“This big guy, where will we take so many people?” He knew nothing about the real situation, but fortunately, he felt something was wrong and ran away. Otherwise, he would be a slave.

## Chapter 1053

When Yi Tianyun returned to the God Fighting Field, many people were still in shock.

Many people have never seen a Star Territory Divine Beast, especially that terrible power, making most of the people present unable to move. This momentum is too awful, far beyond their knowledge.

“Elder Gou Huang, what should we do now? It seems that the top ten participants have been taken away...” Elder Tian Fa was a little speechless. They could only watch helplessly as they were captured, but they were unable to stop it.

They knew that they could not stop it. If they angered the Star Territory Divine Beast, they would suffer instead. The Star Territory Divine Beast pounced down. Who could stop it? Just by pressing it down, they could crush a group of people to death.

“What can we do? We can only follow the rules. The rules will not change.” Elder Gou Huang sighed and looked at the participants in the arena. They couldn’t move to the top ten directly, right?

“That’s true. Looks like this is the worst time.” They all shook their heads and smiled bitterly. Facing such a terrifying force, they could only lower their heads.

Elder Gou Huang immediately walked out and said, “Due to some unforeseen events, the top ten are no longer here. Even so, the rankings at the back will not move forward. It will still be arranged according to the rules. We will choose disciples from among you. As long as we perform well before, we will choose them. So don’t worry.”

When everyone heard this, they all revealed disappointed expressions. After all, the top ten were gone. They all thought that they could join. This was no different from dying during a duel. No one knew where they had been captured. It was normal for them to be swallowed up by the Star Territory Divine Beast.

Nian Ci Yu and the others did not know what to say. The first place had flown away! It was obvious that Elder Gou Huang and the others could not determine the resultiveness. The results showed that it was no different from death.

“What a pity. The results are directly invalid. The glory of the first place will belong to you.” Fire Jade Territory Lord and the others could not help but laugh. They immediately felt extremely refreshed.

Their originally best results were now equivalent to a cooked duck flying away. How could they not feel extremely refreshed?

Heavenly Edict Territory Lord’s face was ashen. Who would have thought that such an accident would happen? It was a success in front of them. If they said that it was gone, then it was gone. It made them so depressed that they wanted to vomit blood.

None of them wanted to speak now. They could only choose to remain silent.

It was not just them. The top ten and other divine regions all wanted to beat people up. However, when they thought of the Star Territory Divine Beast, they did not dare to investigate it. Who was the one who did such a thing?

When they thought they had been captured, a familiar figure flew in and scratched his head. "Well, did you announce the result?"

He had just returned. Naturally, he did not know if he had announced it or not. He also especially stayed in the Heavenly Edict Divine Territory to prevent the Star Territory Divine Beast from wandering around here and being discovered when they returned. It would be a waste of a Teleportation God Stone opportunity.

His appearance caused the entire audience to fall silent, looking at him like they had seen a ghost.

"Yi Tianyun," Nian Ci Yu suddenly jumped up and flew to Yi Tianyun. She hugged him and screamed, "It's great that you are not captured!"

"That Elder Nian... so many people are watching, isn't it good?" Yi Tianyun lightly coughed, indicating to Nian Ci Yu to let go.

At this time, Nian Ci Yu remembered and quickly let go. She blushed and felt very embarrassed. With so many people watching, how could she not be ashamed?

"You were not captured?" Elder Gou Huang and the others were also shocked. The Star Territory Divine Beast was so powerful; how could it not capture one person?

"Well, I guess I am not selected." Yi Tianyun smiled.

"Impossible, I saw that you were sucked up." An elder immediately stood up and said.

"Cough cough, I was still seen by the elder. I used a treasure and escaped instantly; otherwise, I would have been caught." Yi Tianyun thought that he was not seen, but he was still seen.

Everyone looked at each other; it seemed that this was really good luck. I don't know what treasure it was,

Let him use it and escape in an instant. Even if the Star Territory Divine Beast can not be caught, it should be a good escape treasure.

"Fortunately, our people were not taken away; otherwise, the first place would have been lost." Heavenly Edict Territory Lord shrugged and began to slap his face.

Fire Jade Territory Lord and Nine Territories Territory Lord snorted and said nothing. Who knew that Yi Tianyun was not taken away?

“Great, I thought you were taken away!” Murong Xiao also came over and was happy for Yi Tianyun.

“How could that be? I didn’t even get the reward.” Yi Tianyun smiled.

Elder Gou Huang coughed and said, “Well, you are the only one in the top ten. Now you can choose which God Territory you want to join.”

Yi Tianyun looked at the five elders and said, “I choose Elder Gou Huang.”

Undoubtedly, Elder Gou Huang is the strongest, so naturally, he chose Elder Gou Huang.

“I knew it.”

The other four elders were filled with helplessness. Every time, a genius ranked at the top would join Elder Gou Huang. There was no other way. Elder Gou Huang was the strongest. He would choose Elder Gou Huang first.

“Alright then. I now announce that the first rank Earth Monarch, Tianyun, will join the Heavenly Spring God Territory!” Elder Gou Huang said, “Let’s begin the selection process!”

Those who did not make it into the top ten also had a chance to be selected. Now, they began to choose their disciples. Those who ranked at the back were all looking forward to it. Even those who were ranked around fifty were looking forward to it.

As long as they were in the top hundred, there was a chance. As long as there was a bright spot, they could be selected. Of course, this chance was very slim. It was a little more reliable if they were in the top thirty.

“Is the Earth Monarch choosing to join us?”

As expected, Elder Lou Yu had indeed fancied Murong Xiao. This was the body of a Wood God Body. In the God Territory, he was in, it would have been able to display an even stronger effect.

“I am willing!” Murong Xiao nodded and agreed without thinking.

She wanted to join the Heavenly Spring God Territory, but the power that Elder Lou Yu belonged to was also not bad. It was also a good thing to be able to join.

Soon after, many people began to be selected. Because the top nine of the top ten had disappeared, they specially chose a few more people. There were still many opportunities, but they could not select the God Territory themselves.

If they could choose independently, nine out of ten would choose Elder Gou Huang. The other elders of the God Territory could only watch helplessly.

Very quickly, the disciples were all selected. More than twenty were selected, one after another. Overall, it was still quite impressive. Those who were not chosen could only participate next time.

After the perfect ending, they were all thinking about a question before everyone left. Where did those participants go?

### Chapter 1054

The God Territory's War of Ascending to Heaven had finally ended. There was joy and worry. Even if they were not selected, the rewards exchanged with tokens would help them.

It could be said that there would be rewards as long as they survived. This trip was not in vain. Moreover, there was still a chance to participate. This was not a problem.

He would make good use of the treasures he obtained this time. The next time he participated, he would get better results.

"This is the token; you can use this token to come to Heavenly Spring God Territory." Elder Gou Huang gave the token to Yi Tianyun.

"Hmm? Aren't you taking me with you?" Yi Tianyun asked doubtfully.

"No, the rules of our Heavenly Spring God Territory have always been like this. Take this token and come over yourself. If you don't even have this ability, don't join our Heavenly Spring God Territory." Elder Gou Huang smiled faintly. "Of course, I believe there isn't much of a problem for you. You can easily pass it."

"There is such a rule..." Yi Tianyun shrugged helplessly and wanted to report on his own, but this was not a big problem; it was a small test.

"Then wait for your arrival." Elder Gou Huang smiled and left with his people.

Elder Gou Huang did not leave any treasure or anything, only a token. The function of this token was to guide the way, and the rest were gone.

It wasn't just the Heavenly Spring God Territory. The other God Territory were the same. They left their tokens for them to personally head there. They wouldn't take them away immediately.

Doing this wasn't a bad thing. They could be given enough time to reorganize and settle the matters before leaving.

Elder Gou Huang had just taken a few steps when he suddenly thought of something. He turned around and said, "That's right, that Star Territory Divine Beast must be exclusive to the 3rd Grade God Territory. We don't know where they were captured, but you must be careful. They will likely come back to capture you."

"A 3rd Grade God Territory Level?" Yi Tianyun frowned; he didn't expect it to be a 3rd-grade God Territory Level.

"Yes, you can only be careful. We will take you with us, maybe it will be more eye-catching. We don't know what they think; we can only say we are careful on the road." Elder Gou Huang could only say this: facing other 3rd Grade God Territory Level forces, they were helpless.

If they come to rob people, they can only accept their fate. The gap between the two was relatively large, and they could not stop the sudden attack.

However, it was different for Yi Tianyun to go to Heavenly Spring God Territory. Heavenly Spring God Territory was not easy to deal with unless it was a large-scale attack. Originally, Elder Gou Huang wanted to take him with him. He thought that it was too eye-catching. If he turned back, he would look for them first.

Therefore, it was better to go alone; even if it was a 3rd-grade God Territory, finding it might not be possible. After all, a 3rd-grade God Territory was not so omnipotent unless it used extremely terrible power.

Yi Tianyun was a genius, but using terrible power to search was obviously not worthwhile.

After that, they left, and Yi Tianyun returned with the Heavenly Edict Territory Lord and others; this time, their harvest was not small; it could be said that they made a lot of money.

Although they did not report, the reward was given in advance; the rest was after Yi Tianyun went to report, and then he gave it to them.

The reward was very simple and crude; directly two Lower Grade Heavenly Dao Level Martial Arts were thrown over, there were still more rewards that had not been given; as long as Yi Tianyun arrived there, he would hand it over with both hands.

Of course, there was a limit to the reporting time; if the time were longer than a certain time, then failure would not be accepted as a disciple!

"It's all thanks to you this time; our Heavenly Edict Divine Territory can be said to be proud. Finally, no one dares to look down on us." Nian Ci Yu was excited.

Not to mention her, everyone else was excited; not only were the rewards generous, but the most important person was also able to hold his head high from the beginning to the bottom and suddenly rush to the top.

As for the other participants who came with them, they all silently followed behind; most of them were jealous, but more of them were afraid of Yi Tianyun.

Sima Kong didn't dare to look Yi Tianyun in the eye. Yi Tianyun was already so powerful that they couldn't catch up with him. Especially Yuan Tianyou. He didn't even dare to raise his head. Before, he wanted to go against Yi Tianyun. Now that he thinks about it, he is nothing.

The biggest contributors are Yi Tianyun and Murong Xiao. The rest are just for fun. As long as they are not selected, no matter how hard they try, it is bullshit.

They only look at the results and not the process.

"It's just luck." Yi Tianyun smiled modestly, looked at Nian Ci Yu, and said, "Elder Nian, there is something I want to ask you."

"What is it? Just say it!" Nian Ci Yu is very happy; he will agree if Yi Tianyun is not too excessive.

"It is very simple. I want a small part of the core of the Divine Temple of Life. I don't know if it is possible?" Yi Tianyun said simply.

This is related to the Spirit Race; he can not give up.

"A small part of the core of the Divine Temple of Life?" Nian Ci Yu was stunned; she did not expect Yi Tianyun to make this request and thought he would say something.

"Yes, this is very important to me; I don't know if I can give a small part. It doesn't need too much, just a small piece." Yi Tianyun said.

"Yes, the core can slowly recover; you can take half of it." The Heavenly Edict Territory said.

The elder beside him was shocked. If he said half of the core, it could be said that he was bleeding profusely! If he cut off half of such a huge core, it would be equivalent to destroying half of the Divine Temple of Life!

“Territory Lord, this...” The elder beside him was shocked and wanted to persuade him.

“There’s no need to say too much. The glory that tEarth Monarch Tianyun brings is enough to surpass everything!” The Heavenly Edict Territory Lord said in a deep voice, “Besides, the reward I brought is nothing. It only takes a bit of time to recover, and this glory, even if the core has recovered several times, has never appeared once!”

Heavenly Edict Territory Lord’s words were reasonable, which stunned many elders, and they nodded in agreement, not continuing to stop him.

Yi Tianyun narrowed his eyes. Heavenly Edict Territory Lord was sensible and generous. He couldn’t bear to leave his child. He wants glory, and he is not willing to give benefits. Who will help Heavenly Edict Territory, Lord?

Sure enough, everything is based on strength. Without strong strength, not to mention half of the core, even a grain of sand is unwilling to be given. He said half, not because the Heavenly Edict Territory Lord is too generous, but because Yi Tianyun fought for it.

“Thank you, Territory Lord. I don’t need half, just a small part.” Yi Tianyun was not too greedy; just a part was enough.

### **Chapter 1056**

After Yi Tianyun returned to the Three Realms, the familiar air here still made him feel comfortable. There was no change here. It was still running according to the previous situation. The only difference was that many cultivators began to spread to other planets.

Since there are no rocks around, going out will be no danger. There are many planets around. The cultivation level is not low. You can explore, dig ores and materials, or dig spirit herbs. These are all very good.

The materials of the Three Realms are always limited, so many people turned their eyes to the outside planets. Generally speaking, the rapid development of the situation is becoming more and more astonishing. Divine King Stage cultivation, which is Star Monarch Level cultivation, has become more and more popular. The overall problem is quite good From the first to the current eight and above.

Especially under strict management, the Three Realms are completely unified, and the basic disputes rarely appear. Normally, they would have already begun to rob territory. If someone unified it, it will be settled and live a stable life.

Under the management of Shi Xueyun, many geniuses were screened out and focused on nurturing one by one. It could be said that they were rising daily, and he did not need to manage them at all.

“Dong...” The sound of knocking rang in his ears.

Shi Xueyun, who was busy, did not even look up and directly said, “Come in.”

After she finished speaking, she immediately felt that something was wrong. She had come in to report. Why would she knock on the door? When she wanted to look up, she immediately felt that she was being embraced.

“Your stomach is so big, yet you are still working hard. You don’t have a good rest.” A familiar voice sounded in her ears, causing her heart to tremble.

“Isn’t it to take good care of your empire?” Shi Xueyun rolled her eyes at him and lay in his arms.

“You can leave it to others to manage it, not to let you do it yourself. Wouldn’t it be tiring for you?” Yi Tianyun smiled.

This is an exaggeration. Shi Xueyun is now a Divine King. She can’t be exhausted. Even if her work strength is several times stronger, it is impossible to tire her out.

After meditating for a while, she immediately became very energetic. Such a powerful cultivation is so willful.

“It’s nothing. I like to do this. Otherwise, there is nothing to do.” Shi Xueyun rolled her eyes at him, but she was still very happy in her heart.

He thought that Shi Xueyun would give birth this time, but he didn’t expect that she would still not. This little guy seems stubborn enough not to bear to come out.

If not for the fact that there was no problem with the life in her body, he would have doubted whether there was a problem or not. There was no problem at all, and it was quite healthy. It was just that the growth was relatively slow and did not reach the delivery time.

“How long will you be back this time?” Shi Xueyun asked expectantly.

She didn’t know how long Yi Tianyun would be back, but she was still looking forward to him being able to stay for a longer time.

“Until our child is born.” Yi Tianyun is not in a hurry; there is plenty of time.

The time given by Heavenly Spring God Territory is one hundred years. There is still plenty of time. He is not worried about anything. The key is that his child is more important. He feels that his child is ready to be born. He has to stay with him.

“Really?” Shi Xueyun was very excited. She was also very worried that Yi Tianyun would continue to leave. After the child was born, he was not around. She must be very disappointed.

“Do you think I will lie to you?” Yi Tianyun gently pinched her nose.

“That’s great. At least when the child is born, he can see his father...” Shi Xueyun smiled sweetly and leaned into Yi Tianyun’s arms.

After some warmth, Yi Tianyun quickly went to find Ye Qingxuan. Ye Qingxuan was also busy, and it could even be said that she was busy for a day.

Three Realms is not big, not small, especially in the development; there are too many things to be busy with.

“You should train more successors.” Yi Tianyun came in and said.

“Tianyun, you are back!” Ye Qingxuan looked up and saw Yi Tianyun. She was excited.

“Yes, I am back.” Yi Tianyun smiled, “Didn’t you hear what I said? It’s time to cultivate a successor, so you don’t need to be so busy.”

“I’m used to being busy. There are some things that I have to do personally.” Ye Qingxuan shook her head.

“Then you can come alone, but I have something to tell you.” Yi Tianyun smiled mysteriously.

“What kind of happy event? Is the child born?” Ye Qingxuan’s eyes lit up. For her, the current happy event was waiting for Yi Tianyun’s child to be born.

“No, but what I told you last time.” Yi Tianyun said with a smile.

“Did you find the Life Crystal?” Ye Qingxuan was excited.

“You can put it that way, now, take me to where you live and make a little arrangement.” Yi Tianyun said.

“Good!”

Ye Qingxuan immediately put down the work on her head and quickly took Yi Tianyun to their original residence. It was still the forest. Because of the difference in status, no one dared to come here casually.

After stabilizing, they moved back to the forest where they used to live and rebuilt the symbolic tower, which was more magnificent than before.

When Yi Tianyun came inside, he saw many Spirit Race people were busy expanding here, and their overall spirit was good. When Yi Tianyun came over, they quickly put down their work and came over to greet him.

“Our king is back, our king is back!”

He glanced at their expressions and felt their situation was not ideal. It was obvious that their spirit was a little weak because of the lack of vitality.

However, there is no problem with cultivation. The biggest problem is fertility.

“Ancestor, our king has brought a solution!” Ye Qingxuan said excitedly.

“The solution?” Their eyes lit up, and they all looked at Yi Tianyun.

“I don’t know if it is effective; I think it should be very effective.” Yi Tianyun smiled and threw the Life Core into his body like a mountain.

“Boom!” Just as it landed, a surge of life force surged over and enveloped this area. The Spirit Medicine that had just sprouted in the surroundings instantly grew. It didn’t take too long for it to mature.

As for the Spirit Race, when they felt this life force surge, their bodies began to emit a faint green light, merging with the life force core!

Regardless of whether it was the ancestor or Ye Qingxuan, they immediately merged into the core of the life force.

Logically speaking, they should have received some pressure. Who knew that there was no pressure at all? Regardless of age or age, they immediately resonated with the core of the life force. A green light shot into the sky and enveloped this forest!

## Chapter 1057

The green light in the sky made the cultivators in the distance look over, feeling the surging vitality here, making them want to see what treasure it is, but that is the territory of the Spirit Race; no one dares to come over to check it out.

If it were before, they would come over; who doesn't want to see the treasure have a share?

Inside, Yi Tianyun saw that they were all immersed in the Life Core; the situation was slightly different to the naked eye; the mark on their forehead began to flicker, and the problem above was deeper.

Including Ye Qingxuan's mark, it became more and more conspicuous, feeling as if they had been thirsty for a long time, and began to absorb the aura of life greedily.

Yi Tianyun didn't expect the effect of the Life Core to be so strong for them. It seems that they can further enhance their talent; even Ye Qingxuan's talent can be recovered quickly.

Ye Qingxuan gave Yi Tianyun the Innate Heavenly Eyes' Innate Ability before, so far, it has not been repaired, and now, after passing through the Life Core, it has begun to recover little by little; this effect is quite amazing.

"It seems it must be the Spirit Race bloodline; I have no effect." He has the Heavenly Eyes' Innate Ability, but this Life Core does not affect him, unlike them, who can continue strengthening the Innate Ability Mark.

Obviously, this life core is very helpful to them, and it seems they can further strengthen it.

Yi Tianyun found a place to meditate, and the others sat down to absorb it. It can be said that the entire Spirit Race is meditating on the side as if they have entered a special state.

As for him, he is on the side as a guardian, protecting them. He waved his hand, and a huge shield appeared around him, covering the whole place. It immediately blocked this surging life force, preventing it from leaking out.

After an unknown period, their bodies all burst out with dazzling light, and each cultivation began to improve rapidly, like a long-time dew; after full nourishment, they grew crazily!

One by one, their cultivation broke through. Those originally at the sixth or seventh level of the Spirit King Stage kept jumping up. They jumped to the level of a Saint King Stage in one breath. Those at the level of a Saint King Stage jumped to the level of a Divine King Stage! They jumped to the level of a big realm. It was terrifying.

The key is that their state is different. It feels like they have fully awakened!

"Ding, successfully let the Three Realms have ten Divine King Stage (Star Monarch) Level, get five billion experience, 5 million Crazy Value, 5 million Mastery!"

Yi Tianyun's eyes lit up. It seems that he can gain a lot of experience by enhancing the strength of the Three Realms. This is a pleasant surprise. There may be a task to strengthen it, but not for now.

He looked at the Spirit Race around him and found that the strength in their bodies had greatly increased. More than that, their souls were crazily strengthened, like they had entered a new realm.

Spiritual God Bloodline: Possesses powerful divine power. It can draw stronger imprints and greatly increase the success rate of inscribing imprints! At the same time, with the increase in cultivation, spiritual power has greatly improved. Overall, bloodline power is ranked fourth in the overall data!

"Spiritual God Bloodline!"

Yi Tianyun was shocked. It was still the power of the fourth rank! He didn't know the top three, but the fourth rank was Spiritual God Bloodline. They were originally Spirit Race Bloodline. After awakening, they jumped to the fourth rank, far surpassing the Star Territory Divine Beast.

This made him take a deep breath. He didn't expect his subordinates to be such a terrifying monster. The key was that they were extremely loyal to him. If he continued to train them, the Three Realms would become an extremely terrifying power!

2nd Grade God Territory, 3rd Grade God Territory, they can all be crushed. As long as there is enough time and resources, everything is not a problem. If they are transferred to God's territory, they will be able to withstand the baptism of God's territory and will likely be further strengthened!

Very good, when the comprehensive strength is up,

"I will directly control the Three Realms to go to God Territory!" Yi Tianyun narrowed his eyes. Anyway, the Three Realms can be turned into a spirit ship to fly, so going to God Territory is not a big problem.

He just had to be careful. So far, he did not want to do this. After all, this was his hometown, and he could not let them find out.

Soon, they all woke up, and their eyes were full of ecstasy.

"I feel that my strength has awakened, and my cultivation has greatly increased!"

"Me too; incredibly, my cultivation has increased greatly!"

"This is amazing. If I continue to cultivate it, I can make a breakthrough!"

They are all crazy with joy; the most important thing is that the life in their body is surging, reproduction, and so on, and there will be no problem.

“Our king!”

Everyone looked at Yi Tianyun; they all knelt and kowtowed to him, especially the old ancestor, who kowtowed heavily, tears flowing down!

This is the problem they have been worried about the most. Now that Yi Tianyun has solved it for them, they can't say how many thousand years they can use. At least for now, they can solve the problem temporarily. This is enough; at least, they can continue to reproduce.

Ye Qingxuan also knelt; the excitement in her heart is needless to say, and her eyes are even red.

“Everyone get up since I promised you I must solve this problem!” Yi Tianyun lifted the void, and everyone was lifted, looking at their grateful eyes. He also felt very pleased, but this is only temporary; I want to solve this matter permanently; I need your strength!

He could keep looking for the Life Core in his next life, but more of it was his strengthening, so it was possible to change all of this.

“This also proves what a correct choice we made to choose you as the king of the Spirit Race!” The old ancestor and the others all got up one after another, and they were very excited in their hearts.

Their faces were full of smiles, and their previous sad faces were now swept away!

“You don't have to thank me. It's not good to say more.” Yi Tianyun smiled, “Then let's put the Life Core here. It's not the best choice.”

“Yes, yes, yes! Putting this in the ground to gradually seep out is best, which will greatly help us.”

They immediately began to work, digging a big pit for this huge Life Core so that they could put this thing down.

While working, Yi Tianyun came to Ye Qingxuan and said, “Your bloodline seems to have awakened, reaching a new level. Do you feel it?”

“I feel a little, but I can't say it. In short, it is very familiar, and the understanding of Divine Rune is deeper.” Ye Qingxuan said after thinking for a while.

“Use this well; it will break out in the future!” Yi Tianyun thought about it and felt amazing.

After becoming stronger, the fourth-ranked bloodline will find it difficult for anyone to take down the divine seal that was laid down!

## Chapter 1058

Yi Tianyun feels that the change in the Spirit Race is because of the mysterious expert, a 9th Grade God Rune Master, a legendary existence; the Spirit Race is likely their bloodline.

Due to the problem of resources, the Spirit Race Bloodline gradually deteriorated. Now that they have nourished the core of the God Territory, they began to awaken one after another and are greatly strengthened.

However, the three cores here should all be helpful, but they are all sealed; as for the meaning, it is only possible to know when you go to the cabin in front of the Forgetting Worries Bridge.

“Now I have a problem...”

Yi Tianyun breathed a sigh of relief. He had been thinking about this place before, but now he doesn't have to worry about it. This core can be used for a long time; it cannot be used casually.

The rest of him is waiting for Shi Xueyun to give birth; the matter of the Spirit Race can be done by himself; he doesn't need to worry about it.

Half a year passed in the blink of an eye, and Shi Xueyun finally ushered in the delivery period.

Yi Tianyun and his father are waiting outside. As for his mother, he naturally went in to deliver Shi Xueyun. He walked back and forth outside, looking very anxious.

“I'm going to be a father...” Yi Tianyun was very excited; he didn't feel anything before, but when he was about to be born, he felt extremely nervous, and he didn't know whether it was a man or a woman.

He could find out that it was a man and a woman, but he didn't do it. At most, he could feel the fluctuations of life, but he didn't sense anything else. He wanted to keep the surprise to the end; whether it was a man or a woman, they were his children.

“I want to be a grandfather!” Yi Xingchen patted Yi Tianyun on the shoulder, even more excited than him.

Yi Tianyun looked at his father, speechless; how could he be more excited and nervous than himself?

Yi Xingchen rubbed his palms and smiled at him, "It's normal to be nervous; I was also very nervous back then. I stood outside for a long time, and I couldn't help but want to use my spiritual sense to explore. Of course, I still held back; if I were found, I would be beaten."

Yi Tianyun smiled. He did think about this, but he didn't know the situation in the underworld, which made him very nervous. If he could investigate, he would see the problem.

"I can only wait outside."

Yi Tianyun could only wait outside. When they moved back and forth outside, the sky began to change. The wind and clouds changed as if something was coming.

"The wind and clouds change; my grandson must be a dragon among men!" Yi Xingchen saw the change in the sky, and his heart was excited.

"The weather is changing..."

Yi Tianyun narrowed his eyes. It seems that his child is destined not to be an ordinary person. Of course, he has his bloodline and Shi Xueyun's bloodline.

"Fortunately, there is no Heavenly Tribulation; otherwise, it will be even more Heaven-Defying." Yi Tianyun shook his head. If there is a Heavenly Tribulation, it will explode.

The birth of an absolute Heaven-defying life at a super genius level; otherwise, God will not be angry and suppress this life.

After a long time, they anxiously waited and finally heard a crying sound.

"Hua... Hua... Hua..."

The sound of the fall sounded. Yi Tianyun's eyes burst with tears. He immediately rushed over and pushed the door open. He wanted to go in, but Yi Xingchen was even more excited. He just wanted to go in but was slapped out.

"Get out of here; this is Tianyun's child; what are you doing!" Jiao Linghe glared at him.

"I just want to see my grandson's situation." Yi Xingchen scratched his head.

Jiao Linghe glared at him and said, "Tianyun must have seen it first. What are you anxious about? Get out!"

After sending Yi Xingchen out, Jiao Linghe smiled at Yi Tianyun and said, "Go in; the child is very healthy."

Yi Tianyun hurriedly went in, and just as he walked in, he saw Shi Xueyun's pale face.

In fact, with Shi Xueyun's cultivation, having a child is not a big problem, and the pain is basically healed instantly.

The problem is that the child uses up all the spirit energy in his body, and the vitality is drained so that it will look relatively white.

Seeing Shi Xueyun's situation, he felt a pain in his heart. He came to the side and held her little hand gratefully, "Thank you for your hard work..."

His eyes were full of tenderness. He even gently kissed her forehead. He did not look at the child first but first went to see his wife. The child was very important, but the mother who gave birth to the child was even more difficult.

"Let's see the child first..." Shi Xueyun looked to the side.

Yi Tianyun smiled and picked up the child next to him. The delicate child immediately cried as soon as he picked up the child. However, he circulated his Star Power slightly, and the soothing energy wrapped around her body. She calmed down and followed him into a quiet sleep.

"She is really like you, as beautiful as you, like a fairy." Yi Tianyun reached out, pinched her little face, and then looked at Shi Xueyun, meeting the happy gaze.

Yi Tianyun's child is not a boy but a girl. She looks petite and cute. Because her parents are strong, she seems very healthy. The spiritual power she emits is very amazing – Spirit King Stage cultivation.

It is incredible to reach the Spirit King Stage as soon as she is born! This is the power of the bloodline. The stronger the power, the more amazing the child's birth is. However, she is not heavy. She is only about six pounds and has a very normal body shape.

She has been pregnant for so many years and has been born for over ten years. However, she was born a super genius. Her future is bound to be limitless.

"Nonsense. This child has not grown up yet." Shi Xueyun said with a smile.

Looking at the life in his arms, Yi Tianyun was full of emotion; even more so, he still felt some heavy responsibility! He finally has a child, meaning he has to bear more responsibilities.

Protecting them is his duty!

Immediately, Yi Xingchen rushed in, and when he saw the child in Yi Tianyun's arms, he immediately became excited, "What a beautiful child, really cute, really like Xueyun!"

"I told you not to come in, but you still came in!" Jiao Linghe grabbed Yi Xingchen and dragged him outside, "Come out with me, don't stay here!"

Yi Tianyun looked at them, revealing a helpless expression; his father seemed crazy to be a grandfather.

"Huff... huff..." At this time, the child stretched out her little hand in a daze, grabbed Yi Tianyun's big hand, smacked her lips, and continued to sleep sweetly.

Yi Tianyun smiled gently and sat next to Shi Xueyun.

"What do you think this child's name should be?" Shi Xueyun asked.

Yi Tianyun thought momentarily and said: "How about Yi Xueyun?"

Simple and crude, it is that simple when his surname and Shi Xueyun's name are stacked together.

## Chapter 1059

Yi Xueyun's name is simple and crude, making Shi Xueyun roll her eyes at him, quite dissatisfied, "You are too lazy; it seems that there is some meaning in it, but this is too simple, no, change to another name!"

She does not like such a simple and crude name; it needs a bit of a profound name.

Yi Tianyun reached out and scratched his head, thinking he would pass the test soon. He felt this name was good, but Shi Xueyun did not like it and could only think about it again.

"Let me think about it..." He thought for a moment, and his eyes suddenly lit up. He looked at Shi Xueyun and said, "Then how about Yi Sixue?"

"Yi Sixue?" Shi Xueyun thought momentarily, smiled, and said, "You only know how to choose some vulgar names, but I don't hate them, so choose this name..."

She stared at Yi Tianyun. Indeed, she missed Yi Tianyun very much. She often is not around. How can she not miss him? Yi Tianyun also missed Shi Xueyun very much, but there were many things he had to do.

“Okay, little guy, your name will be Sixue in the future!” Yi Tianyun looked at the child in his arms and smiled.

A big knot in his heart has finally been settled. Being able to accompany Shi Xueyun to watch the child’s birth is already one of his wishes.

Only this means that he is ready to embark on the journey. He has said before that when the child is born, he must set off.

Thinking of this, her eyes turned red, and she felt slightly sad. Her husband was not around, and the mood was obvious.

Yi Tianyun felt her mood, so he sat next to her with his child in his arms, holding her waist with one hand, “Xueyun, it’s not like I don’t want to come back; as long as I want to come back, it’s easy, no difficulty at all. As for danger, I can guarantee that there won’t be any danger; it will be able to stump me!”

This is not nonsense. A Teleportation God Stone is enough as a tool to come back easily. As for life danger, there is no need to worry about it. He now has a Teleportation God Stone, this kind of cooperation, basically nothing can stop him.

Just like the Star Territory Divine Beast, the terrifying suction force is not even able to escape from the ordinary God Monarch, but he has no problem; after breaking free from the suction force, he quickly uses the Teleportation God Stone to leave, who can stop him?

So far, he has never seen anyone who can stop him. Unless there is a heaven-defying imprisonment, he can lock him inside. Otherwise, he can easily escape!

“I believe you...” Shi Xueyun gently leaned on his side and said slowly, “I hope my husband can always be by my side. Even if you say it is safe, not by my side will always be a little worried.”

“Yes, as long as we deal with the Evil Spirit Race, everything will be over...” He hugged Shi Xueyun a little more tightly.

Only by dealing with the Evil Spirit Race would they be able to solve a big problem and relax a little. There was no need to go back and forth, and they could live stable lives.

Time passed quickly. In the blink of an eye, a year had passed. Yi Sixue grew very fast; now, she could run and jump. She could even unleash terrifying power. She was much stronger than other people of the same age.

“Father!”

When Yi Sixue saw Yi Tianyun come over, she threw herself into his arms and said happily, "Is it good to teach Little Xue to cultivate? I heard Father has made a powerful move: teach Little Xue!"

She was only one year old and looked very delicate and beautiful. She had long black hair that reached her waist and looked like a little beauty. It was nothing to know. If she knew, she would be shocked.

At the age of one year, her cultivation was about to break through to the Saint King Stage. This kind of breakthrough progress is amazing, even stronger than the geniuses of God Territory.

This is still a situation without the baptism of God's territory; otherwise, it will be even more terrible!

"Don't worry, what you need most now is the amount of control; you can't hurt others. When you control it well, Father will teach you, okay?" Yi Tianyun reached out and rubbed her little head.

What Yi Sixue needs the most right now is control,

We can talk about cultivation later, but Yi Sixue is bored and wants to practice those ultimate skills.

However, Yi Tianyun did not dare to teach her. If she can't control it, it will scare people to death.

"Okay..." Yi Sixue was a little disappointed, lying in his arms, shaking her legs and raising them with dissatisfaction.

Seeing his daughter so disappointed, Yi Tianyun smiled and said, "Little Xue, then I will teach you some other martial arts, okay?"

"Really?" Yi Si Xue's watery eyes lit up, and her interest was immediately piqued.

"Then look carefully." Yi Tianyun waved his hand, and the sky before him changed. Snow fell quickly, and the name "Yi Si Xue" appeared on the ground.

"How magical, how magical!" Yi Sixue clapped her hands and blushed.

"How is it? Do you want to learn?" Yi Tianyun said with a smile.

"I want to learn, I want to learn!" Yi Sixue grabbed her father's shoulder and began to shake, excited.

Yi Tianyun smiled. This is actually to teach her how to control her strength. If she can control it well, she can change the weather. This is not a problem.

Time quickly passed another year. He stayed here for two years. It was not long, but he felt it was about time to set off. After all, there were many things to do.

If not for the fact that the Three Realms could move, he would not dare to be so extravagant. After all, the Evil Spirit Race had always been moving. It was impossible not to be on guard. Especially since the other side had a God Monarch, he did not have the strength to fight against a God Monarch.

“Xueyun, it’s time for me to go.” Yi Tianyun came to Shi Xueyun and said.

“Still want to go?” Shi Xueyun was shocked. She knew that sooner or later, but when Yi Tianyun said he would leave, she still felt a little sad.

“Yes, I will be back soon.” Yi Tianyun reached out and gently hugged her waist.

He did not say too much sweet words, just saying that he would come back; it was enough.

When he was almost ready, Yi Tianyun used the Teleportation God Stone and returned to the Heavenly Edict Divine Territory. Just as he returned to the Heavenly Edict Divine Territory, he heard the system’s voice.

[Ding completed the side mission ‘Side Quest ‘Win God Territory’s War of Ascending to Heaven.’ Obtained 100,000,000,000 EXP, 10 Million Points Crazy Value, 10 Million Points Mastery, and a chance to draw a lottery wheel in the God Territory Lottery Roulette!]

He did not expect that there would be a situation where the mission was completed at this time. It had been two years, and the mission was completed. Wasn’t it a bit too much?

He guessed that it was because he left the Heavenly Edict Divine Territory that the mission could not be completed for the time being. After returning, the God Territory’s War of Ascending to Heaven the Heavens was officially over. No matter what, it was enough to get the reward.

## Chapter 1060

In the Heavenly Edict Divine Territory, Yi Tianyun did not stay long. He followed the token’s instructions and began to fly quickly to the area where the Heavenly Spring God Territory was located.

He took out the Spirit Boat and began to fly at an extremely fast speed. He spent the rest of the time rushing around. He needed to travel through many areas to reach the Heavenly Spring God Territory.

There was a long distance between the 1st Grade God Territory and 2nd Grade God Territory, equivalent to entering a whole new world! Even the previous God Fighting Field was still in the 1st Grade God Territory.

This kind of war must be held in the 1st Grade God Territory, not the 2nd Grade God Territory. Otherwise, it would take a long distance to reach the 2nd Grade God Territory.

“This kind of test is time-consuming.”

Yi Tianyun can only refine the Medicinal Pill and weapon in the Spirit Boat. Not only can he gain proficiency, but he can also gain experience. Anyway, he has nothing to do. He never cultivates. He has always been killing enemies to earn the most experience. Just like other people, he can slowly absorb star power to cultivate.

Half a year passed quickly. He stayed on the Spirit Boat for half a year. During this time, he refined many Weapons and Medicinal Pills. They were all Lower Grade Rebirth Level Weapons. The quality of the Medicinal Pills was also not low. He has improved in all aspects so that he can refine them. Before, he could not refine them.

“Friend, wait a minute!” At this time, a loud shout came from outside.

Yi Tianyun stopped the Spirit Boat and checked the situation outside. He found that a cultivator was standing in front of him. He frowned and flew out of the Spirit Boat. He put away the Spirit Boat and asked doubtfully, “Friend, what’s the matter?”

The person before him was not a human but a tree. Roots wrapped around his whole body.

“Human?” The Tree Race looked at Yi Tianyun up and down, but there was no contempt in their eyes, and they were more surprised, “No problem, are you going to ride a Spirit Boat through this Land of Stars?”

“Land of Stars?” Yi Tianyun asked doubtfully.

“Yes, it seems that you know nothing about this place. How about taking our ship if you want to pass through this area and reach the 2nd Grade God Territory? We can guarantee that you can pass smoothly. If you can’t pass, we don’t want your money!” The Tree Race finally said their purpose.

Yi Tianyun looked up and saw countless stones not far away, which seemed quite dense, constantly rolling around. If he were not careful, he would be killed.

Seeing the situation, he immediately remembered what he had previously paid attention to. The Land of Stars, as the name implies, was a place where many meteorites were constantly rolling, and there was even a sea of stars inside. If they rolled over, even a Heaven Monarch would die inside!

If you just take an ordinary Spirit Boat, the result will be certain. There is no rule that someone can pass. That is only possible when the luck is very good. Most of them are difficult to pass. You must pass through one kind of person, the “shipowner”!

The Tree Race is a ship owner trying to rope guests in front of him.

“Take me there.” Yi Tianyun did not say much. It seems that it is not easy to walk. There is a strong Spirit Boat and an experienced guide. Only then can he pass smoothly.

“Okay, come with me!” The Tree Race smiled happily and immediately took him to the side. There was a huge spirit ship not far away, which was much more spacious than Yi Tianyun.

The key is that this is a Grade Heavenly Dao Level Spirit Ship, much better than his broken Spirit Boat.

When he was brought to this huge Spirit Ship, Yi Tianyun immediately felt many eyes looking at him. After looking up and down, some were surprised; most retracted their eyes and didn’t care about it.

Yi Tianyun looked around and found that there were unfamiliar faces all around. There were a lot of people riding this Spirit Ship. At a glance, at least hundreds of people were riding Spirit Ship. Many wanted to pass through this land of stars and reach the 2nd Grade God Territory area.

Everyone’s cultivation was at the Five Refinements Earth Monarch Rank level.

Many Heaven Monarchs were also here, preparing to pass through this Land of Stars.

“Shu Feng, are you still unable to leave?” Some of the cultivators began to get impatient. It was clear that they had been waiting here for a long time.

“Ready, ready.” The Tree Race that led the game was Shu Feng. “Please wait for another day. Regardless of whether or not anyone comes up, we will set off!”

Only then did everyone suppress their dissatisfied expressions and continue to wait. They all wanted to leave quickly but could not recoup the cost if they went so quickly. Passing through this Land of Stars required too much energy, especially when the hard meteorite smashed over. At that time, they would have to repair this Spirit Ship.

Therefore, it is necessary to have enough guests; otherwise, it will cause a loss of business.

"I wonder if you will pay with Star Stone or treasures?" Shu Feng turned to Yi Tianyun and said.

"Weapons." Yi Tianyun said without thinking.

"Well, if it's a Lower Grade Rebirth Level Weapon, you need thirty. If it's a Middle-Grade Weapon, you need five, and Grade only needs one!" Shu Feng said.

"Is it that expensive?" Yi Tianyun was shocked. According to this calculation, it would be crazy to make a trip. There are hundreds of people here. If they all handed over lower-grade rebirth-level Weapons, there would be thousands or tens of thousands of weapons.

"This guest, is this your first time here? This price is relatively low. You don't know how much we consume. To repair a Spirit Ship, we need a lot of materials!" Shu Feng rubbed his palms and smiled.

Yi Tianyun doesn't believe that they are losing money. However, if he wants to pass through the Land of Stars, he has to do this. Otherwise, he really can't pass. It will take a lot of effort.

There are no other Heavenly Dao Level Spirit Ship; they will be annoyed to death by those meteorites along the way.

"If you can't afford it, then go down there. Humans are humans. Poverty is poverty!" A Giant Rock Race on the side was already tired of staying there, and when they saw Yi Tianyun talking, they felt very uncomfortable.

Yi Tianyun's eyes turned cold, and just as he was about to say something, someone stood up and said coldly, "Rock Dragon Heaven Monarch, it seems that you are very arrogant. Who said that our people can't do it? If he can't afford it, I will pay!"

At this time, a big man stood up from the side and glared at Rock Dragon Heaven Monarch.

"So it is Heaven Monarch Fa Wen. Sure enough, humans like to group up." Rock Dragon Heaven Monarch said disdainfully, "I'm just stating the truth. Do you think that this Land of Stars is so easy to pass? The price here is still very good. Don't sit if you don't have money!"

"Who said I can't afford it?" Yi Tianyun looked at him indifferently.
