

Read Crazy Leveling System - Chapter 1061

Chapter 1061

Yi Tianyun's words made Rock Dragon Heaven Monarch shake his head and laugh sarcastically, "If you can afford it, why are you talking so much?"

"This is the first time I've ridden a Spirit Ship; why can't I ask? Do you buy things without asking for the price?" Yi Tianyun said indifferently.

The Rock Dragon Heaven Monarch was speechless for a moment. When he sat for the first time, he was shocked by the price. However, how could he not refute it? He said lowly, "Anyway, you have achieved your goal. Heaven Monarch Fa Wen is a good person. He will pay for you."

"No, I can pay for it myself." Yi Tianyun looked at Heaven Monarch Fa Wen and smiled, "Heaven Monarch Fa Wen, thank you for your help, but I can still pay for this."

Then he took out 30 Lower Grade Rebirth Level Weapons and handed them over. Shu Feng quickly took them and said with a smile: "Thank you, thank you."

After that, he went outside. When Rock Dragon Heaven Monarch saw the situation, he snorted and did not speak. Seeing Yi Tianyun take it out so readily, I know he still has some family background.

This little episode made Yi Tianyun feel that his position was very low. There were hundreds of people here and less than ten people from the human race.

"Little brother, come here and sit." Heaven Monarch Fa Wen ignored this Rock Dragon Heaven Monarch and took Yi Tianyun to the side.

It was not that he did not want to scold Rock Dragon Heaven Monarch, but that Rock Dragon Heaven Monarch had a stronger cultivation, and it was not a good thing for him to be in a deadlock.

Yi Tianyun followed him to sit down, and the humans around him gathered around him.

"Little brother, how should I address you?" Heaven Monarch Fa Wen asked with a smile.

"I am Earth Monarch Tianyun and have seen all the fellow cultivators." He smiled. The people beside him were all very enthusiastic about him. They had already surrounded him earlier.

They would still be together when facing the outside world, and there wouldn't be any internal strife.

“So it’s Earth Monarch Tianyun. Are you going to the 2nd Grade God Territory alone?” Heaven Monarch Fa Wen asked.

“Yes, I am alone.” Yi Tianyun said with a smile.

“If you go alone, you will have no one to rely on. Why don’t you join us? We are all rogue cultivators here. We plan to go to 2nd Grade God Territory to create a world.” Heaven Monarch Fa Wen considered Yi Tianyun single and wanted to go to 2nd Grade God Territory to fight.

This kind of person is not rare. Most of them are rogue cultivators. After staying in the 1st Grade God Territory for a long time, they want to go to the 2nd Grade God Territory. The 2nd Grade God Territory is a bit difficult, but at least there are more opportunities than the 1st Grade God Territory.

The others looked at Heaven Monarch Fa Wen with the burning plane and planned to go to the 2nd Grade God Territory with Heaven Monarch Fa Wen.

“I’m very sorry, I don’t have this plan for now. I am used to being alone and want to stay in the 2nd Grade God Territory for a while.” Yi Tianyun did not tell them his purpose. He was not familiar with them, and he had to be careful.

When these words came out, everyone revealed looks of disappointment. They felt that he didn’t know how to appreciate favors.

“Since Earth Monarch Tianyun has such thoughts, I won’t force you.” Heaven Monarch Fa Wen didn’t reveal a disappointed expression. He just felt that it was a bit of a pity and didn’t force anything.

Then, they didn’t continue to chat. Since they were different, there was no need to chat anymore. When the time came, they would leave this place and go their separate ways. There was no need to talk too much with each other. In any case, they didn’t plan for each other. There was no need to talk too much.

A day later, the spirit ship finally began to move, shaking the massive Spirit Ship as it began to fly towards the Land of Stars.

“Everyone, please sit down. If you go out, please do not fly out of the barrier. Otherwise, we will not be able to save you.” Shu Feng walked in and explained, “At the same time, you may encounter unavoidable dangers on the road. If you encounter them, please listen to our instructions and participate in the battle!”

In the Land of Stars, many demon beasts were moving around. They specialized in hunting and killing cultivators. Their intelligence was not low. They all knew about Spirit Core or the effects of various treasures. Thus, they were equivalent to robbers in the Land of Stars. If they saw them, they would come over and rob them.

Otherwise, many people would go alone.

If they went alone, they would not even know how they died unless they were very strong.

“Are there still demon beasts coming to intercept?” Yi Tianyun is a bit curious about this; he knows the danger of this Land of Stars but doesn’t know much about it.

“Earth Monarch Tianyun has not known about this place in advance.” Heaven Monarch Fa Wen smiled and explained, “You will encounter Star Monsters through this Land of Stars. However, they are generally not very strong, can be killed easily, and can get a lot of materials; why not?”

“If you have the ability, go up and resist. The materials you get from killing the Star Monsters will naturally belong to you. The price is still quite high. If you kill more, the basic road fee will come back.”

“There is such a thing.” Yi Tianyun nodded. There were still many things that he did not understand.

“Generally speaking, we, Heaven Monarch, make a move. Even Earth Monarch does not need to make a move, so there is no need to worry about danger. Of course, you can also try if you have the ability.” Heaven Monarch Fa Wen explained patiently without any impatience.

This is not an act, but patient; people look good, but Yi Tianyun has to go to Heavenly Spring God Territory to report so he won’t join other rogue cultivators.

“I see; thank you, Heaven Monarch Fa Wen, for your explanation.” Yi Tianyun said gratefully.

“It’s fine.” Heaven Monarch Fa Wen laughed.

The cultivators nearby felt a bit dissatisfied. They didn’t know how Yi Tianyun dared to come here. They didn’t know anything, so they dared to come here. The most important thing was that Yi Tianyun didn’t want to join them, so they didn’t have a good impression of him.

Yi Tianyun was too lazy to care about their thoughts. After passing through the Land of Stars, they couldn’t meet him.

A month passed quickly. Everyone was meditating and cultivating. The journey was very long. Yi Tianyun heard it would take at least one or two years to pass through this Land of Stars. It is easy to imagine how far this area is.

“Rumble!”

Suddenly, the entire Spirit Ship shook. Everyone inside was shocked and jumped up from the ground. Before they could use their spiritual sense to check the situation outside, Shu Feng rushed in from the outside and shouted, "Enemy attack, enemy attack! A lot of Star Monsters are coming, a lot!"

Everyone's face changed, and they all ran out of the Spirit Ship; Yi Tianyun followed them out and saw a dense group of Star Monsters.

This Star Monster is a bit like a bat, but it is much bigger than a bat. Its body is pitch black, and it is one with the dark space outside.

If there are too many of them, and the Spirit Ship is densely packed, Yi Tianyun glanced at them; there are at least tens of thousands!

Chapter 1062

"So many Star Monsters..."

The cultivators were all stunned. Many cultivators had come for the first time as well. They had never seen such a big battle. Tens of thousands of Star Monsters continuously attacked the Spirit Ship's barrier. They emitted a "boom" sound as they tried to break through the barrier and enter.

Their faces were ferocious. Their huge fangs fiercely bit at the barrier, wanting to tear it apart. Fortunately, this was a Heavenly Dao Level Spirit Ship. It had a barrier barrier. Even God Monarch might not be able to break through it easily.

Although they would not be able to break through the barrier quickly, if this continued, after the energy was exhausted, it would definitely break apart. This was especially so because they could not see the road ahead. There was a possibility that they would crash into a meteor. That would be the end.

The Spirit Ship will not be damaged, but it will greatly weaken the effect of the Spirit Ship's shield.

Yi Tianyun glanced around. These Star Monsters are generally at the Four Refinements Earth Monarch Rank level. Their cultivation is not high, but there are too many of them. They are densely packed. Even if their cultivation is stronger than theirs, they will be easily torn into pieces.

"It has been long since we have seen so many Star Monsters. This is enough for us to work." Heaven Monarch Fa Wen took out a long sword and was ready to enter the combat state.

The other Heaven Monarchs all took out their weapons, preparing to enter a state of battle.

“Powerful Earth Monarchs, please participate in the battle!” Shu Feng was drenched in cold sweat.

They had all seen Star Monsters, but they had never seen so many Star Monsters. There were simply too many of them. They were tens of times more than the ones they usually encountered. How could they not be frightened?

Just relying on the Heaven Monarch alone was not enough to defend this place. There were hundreds of cultivators on the entire ship. Most of them were cultivators below the Heaven Monarch Realm. The number of Earth Monarchs was huge. There were only a dozen or twenty Heaven Monarchs. It was not a lot.

It would be too difficult for a dozen or twenty people to resist tens of thousands of Star Monsters. When the time came, they would be exhausted to death.

Everyone looked at each other. Most of the Earth Monarchs did not want to face these Star Monsters. If they were not careful, they would be dragged out.

“I am willing to participate in the battle!” Yi Tianyun stood up. Undoubtedly, he has to come out to fight; otherwise, it will affect his journey.

Yi Tianyun was the first to stand up and fight and immediately attracted a lot of praise from Heaven Monarch; if he didn't even have this courage, how could he become stronger?

With his first start, others followed, but a few people still chose to hide and not participate in the battle.

“I have to pay so much money to ride the ship, and in the end, I have to resist the monsters; whoever kills will go; I am too lazy to go!”

“That's right, there are so many Star Monsters. Once we undo the barrier, we will die!”

All of them walked into the Spirit Ship with extreme dissatisfaction. Their cultivation levels were not low, but they were unwilling to face these Star Monsters.

Just as they were about to enter, they were immediately blocked by a tall and sturdy figure, throwing them back.

“All of you, get out of here and prepare to kill the Star Monsters!”

The one who walked out of the Spirit Ship was an extremely tall and sturdy treant. His cultivation had reached Heaven Monarch Peak Rank. In the 1st Grade God Territory, he could already be considered a Territory Lord level.

“Captain, you came out?” Shu Feng hurriedly ran over and said.

“How can I not come out? My ship will be destroyed if I don’t come out soon.” The captain looked coldly at the crew around him and said in a deep voice, “No matter who it is, we must participate in the battle! The situation is urgent now. If we do not participate in the battle, we will die here!”

“Why, why!” We paid so much money, and let us resist the Star Monsters. Isn’t the safety of the guests your responsibility? ” The cultivator angrily contradicted.

The captain looked at him coldly and said, “That’s right, but the situation is urgent now! If you don’t join the battle, I will be the first to throw you out and feed the Star Monsters!”

When the man felt the captain’s spirit, his legs went soft, and he did not dare to refute. If he continued to deny, he would be thrown out.

Long story short, there are so many Star Monsters. No one knows how they came over.

“But since it has already happened, we can only resist!” The captain walked to the middle of the crowd and said in a deep voice. “I will activate the enchantment later and release some Star Monsters. When the time comes, you will form a formation and attack! As for me, I will take the lead and protect the safety of this ship!”

“I wonder if you have any suggestions!”

“No suggestions; I will listen to the captain!”

Someone immediately agreed. It wasn’t that they didn’t have their own opinions, but that they were following the captain’s instructions. Those who could make a living here must have some skills. It would be best if he were the one to command them.

“Alright, if you have no objections, listen to my instructions!”

The captain didn’t say too much. He raised his head and looked at the Star Monster wrapped around the ship. He said lowly, “We are divided into two teams. One Heaven Monarch and ten Earth Monarchs are included. If there are familiar companions, try to gather together!”

Under the command, they quickly began to split up; Yi Tianyun and others did not need to move, just stay with Heaven Monarch Fa Wen; it was enough to meet the conditions of the captain.

In less than a minute, they are all divided into teams. Some are acquaintances. Some are strangers; if they are acquaintances, they are familiar with each other's abilities, and cooperation will undoubtedly increase the survival rate.

"Get ready for the next wave!"

When the captain raised his hand, the group of people were ready, holding their weapons in their hands, ready to start the bloody battle!

"Open!"

Under his control, the thick shield quickly disappeared, followed by a large group of Star Monsters rushing over from outside the shield like a flood.

Soon after, the captain made a hand seal and said, "Close!"

Soon, the barrier quickly closed up, forming an unbreakable barrier blocking the piles of Star Monsters outside. They slammed into the barrier, letting out ear-piercing screams, unable to enter.

In just a few breaths, several thousand Star Monsters came in, and when they saw the cultivators, their eyes glowed with green light, and they rushed towards them one after another.

The cultivators who were already prepared all blocked and fought.

Yi Tianyun held the Sky Dawn Divine Spear, aimed at the Star Monster, and stabbed it. It was one shot! A huge amount of experience immediately rushed over, making his eyes light up – the time to level up is here!

"Everyone stands beside me; I will protect everyone!" Heaven Monarch Fa Wen shouted, indicating they would surround him.

The others gathered around, facing so many Star Monsters they dared not move.

When the others of the same clan gathered around, Yi Tianyun flew out alone and suddenly threw out his spear, "Xiu," three times; three huge Star Monsters were pierced in the chest and fell from the sky.

Before these Star Monsters fell, they were put into his inventory, from killing to collecting, without any pause.

Eh, plus a bit more, mua everyone...

Chapter 1063

Yi Tianyun's action shocked his teammates. He didn't fight with them but went out alone. This action is really surprising. They didn't expect him to be so bold!

It's not wrong to be bold, but doing this is simply suicide. Yi Tianyun's performance was in one go, killing three Star Monsters in one breath; it was surprising.

"Heaven Monarch Fa Wen, you guys gather here; I will guard this side alone; you guys guard the other side!" Yi Tianyun simply communicated with Heaven Monarch Fa Wen and single-handedly went to guard one side.

More than a hundred Star Monsters were on that side, much more than those in other directions.

"W-what is he trying to do? He charged out alone. Isn't he courting death?"

"What does it have to do with us if he doesn't listen to our instructions? Does he think that he's invincible just because he has some ability? He only killed a few of them, and there's still a large group behind him. If it were me, I would have done the same. Why is he so arrogant?"

"That's right. They all don't listen to Heaven Monarch Fa Wen's instructions. If they die, they die."

When they saw Yi Tianyun rushing out, they all thought that Yi Tianyun was dead, especially when Yi Tianyun rushed to so many Star Monsters.

"Earth Monarch Tianyun, come back here!" Heaven Monarch Fa Wen hurriedly shouted, "It is difficult to resist so many people alone. We need to stand together to resist. This is good for us!"

Yi Tianyun turned a deaf ear and ignored Heaven Monarch Fa Wen. Instead, he swung his spear and instantly killed several Star Monsters. Then, he quickly put the corpses into the inventory. It was extremely easy.

He knew it would be easier to join forces, but he didn't need to do this. He was not weak at all. Especially when he handed his back to them; if he couldn't even handle his back, then they would just die.

He either left the team battle or chose to guard a place alone.

'Ding! Kill Star Monster (Four Refinements Earth Monarch). Received 1.3 billion experience, 8 million Crazy Value, 700 thousand Sin Points. Obtained Star Sea Monster's Fang (Rare), Star Monster's Skin (Rare), Star Monster's Bone (Rare).'

‘Ding, kill Star Sea Monster (Three Refinements Earth Monarch), gaining 12 billion points of experience, 7 million Crazy Value...’

‘Ding, kill Star Sea Monster...’

The experience kept coming; it has been a long time since he has experienced so much; this time, he will be able to break through to Seven Refinements Earth Monarch; even Eight Refinements Earth Monarch is not a problem!

Yi Tianyun quickly defended one of the areas; no matter how many Star Monsters came, he easily killed them; none of them could pass; he could only kill them from other directions.

Heaven Monarch Fa Wen and the others standing behind Yi Tianyun saw Yi Tianyun's bravery, and their faces changed. They thought that Yi Tianyun was looking for death, but who knew that he was so cruel and that his strength was much stronger than theirs?

“Earth Monarch Tianyun are guarding us; we just need to guard this place. As for the support, let me help!” Heaven Monarch Fa Wen immediately instructed them to guard the side.

Everyone nodded heavily and couldn't help but look at Yi Tianyun. This fierce fighting strength, can it be that he can always hold on, or just hold on for a little?

They felt that Yi Tianyun was still trying to show off. He definitely won't be able to hold on for too long. But they don't care. Since Yi Tianyun wants to play like this, let him do it. Anyway, if he dies, it has nothing to do with them.

If he doesn't want to listen to their persuasion, he is too lazy to persuade them.

Next, Yi Tianyun defended the front and killed the Star Monster crazily. His sin value seems too high, causing the dense Star Monster to attack him.

He killed many Star Monsters himself; can he not attract the main target?

Yi Tianyun's action attracted the attention of many people. He was an Earth Monarch, and his level was far beyond everyone's expectations. He was even more ferocious than a Heaven Monarch.

He was crazily killing with the spear and taking a wandering soul under his spear!

He originally thought that he would not be able to hold on for long, but who knew that he could not stop killing one after another? In a short time, nearly a hundred Star Monsters were easily killed by him!

Almost all the Star Monsters in the field had been eliminated at this time. No one showed any smile or pride. This was just a small part, and there were a lot of Star Monsters surrounding them.

“Prepare for the second time!”

The captain did not give them time to rest, nor did he give them any time to relax. Soon, the second batch of Star Monsters arrived. This time, the number of Star Monsters that came in was several times higher. There were several thousand of them originally, but now it had risen to ten thousand!

It was not that the captain deliberately did this but because too many came in simultaneously. When the barrier recovered, many of them had already rushed in.

“Kill!”

One by one, their eyes turned red with killing intent. They continuously slashed forward. Piles, after piles of Star Monsters, scared many Earth Monarchs. They wished that they had not ridden on this ship. It was simply a nightmare!

But now, there was no other choice but to resist. If they did not resist, they would die.

“Ah...”

Along with a miserable scream, one of the cultivators was picked up in the air. In the blink of an eye, countless Star Monsters swept over and gnawed at him, leaving no bone behind!

This is the fear of numbers, even if their cultivation is lower than theirs, but the swarm of them is catching them off guard.

Most of the twenty teams began to suffer casualties gradually, but there is no sign of death for now, and that is Yi Tianyun’s team!

Yi Tianyun’s team is quite relaxed and divided into two areas. Yi Tianyun guards one location, and Heaven Monarch Fa Wen guards the other area without pressure.

If most of the pressure is absorbed by Yi Tianyun, they have Heaven Monarch guarding; how can there be casualties? If there are casualties, Heaven Monarch Fa Wen is too weak!

He thought Yi Tianyun would retreat soon, but who knew that guy could hold on? Hundreds of Star Monsters died in his hands, and as time went on, more and more of them died. If the corpses were not taken back, they would be all over the ground.

“This Earth Monarch Tianyun is too strong; he has been holding on for so long...”
Heaven Monarch Fa Wen was shocked; he thought it would soon be his turn to take over the defence, but who knew that Yi Tianyun would become more and more courageous and could not stop?

Not to mention him, the teammates next to him were all dumbfounded, and there was only one thought in their hearts, ‘Is this guy the God of Killing!’

Chapter 1064

Yi Tianyun’s madness scared many people. Everyone could understand if it was a Heaven Monarch, but this is the first time they have seen such a violent Earth Monarch!

Even an ordinary Heaven Monarch can’t do this level of cruelty, but Yi Tianyun does it as if he is taking medicine and slaughtering the surrounding Star Monsters; it seems he is happy and not tired.

How can he feel tired when he can quickly earn a lot of experience? When he is crazy, he can’t stop.

“Ding, congratulations, player ‘Yi Tianyun’ reached the Seven Refinements Earth Monarch level. Do you choose to break through now?”

“Not for now.”

Yi Tianyun doesn’t want to break through now. If he wants to break through now, dealing with the Heavenly Tribulation will be too troublesome.

After refusing, he continued to enter the slaughter. The experience is constantly accumulating. According to so many Star Monsters, breaking through another layer or even two layers is possible! There are so many, and with the addition of 64 times Crazy Value, the experience is crazy.

“This is too weird. Is this guy a human?”

“Nonsense, he must be a human, but I don’t know where he came from. He is only a Six Refinements Earth Monarch, and the power he can unleash is much stronger than ours. Is he a disciple of some extremely powerful God Territory?”

“No, if he is a disciple of an extremely powerful God Territory, how can he go alone? There should be someone going together. Or he has a Spirit Ship himself; why should he go with us on a Spirit Ship?”

Everyone was stunned by the situation here. Yi Tianyun killed three or four Star Monsters! Only one person can compare with him, and that is the captain!

The captain was very violent. Countless tree vines wrapped around him, and the Star Monsters that were wrapped around him were instantly sucked dry or crushed. Even the Rock Dragon Heaven Monarch was inferior to Yi Tianyun. At least, he did not dare to rush forward too much.

“What is the background of that kid?” Rock Dragon Heaven Monarch’s face is not very good; he used to hurt Yi Tianyun, but now it seems that Yi Tianyun shows slightly better strength than him!

However, there is a super weird person, so there must be more surprises. There are so many Star Monsters around, and everyone wants Yi Tianyun to kill more so that they can be safe.

Yi Tianyun’s combat strength also attracts the captain’s attention. Still, he is the vanguard, so he has no time to divert his attention to communicating with Yi Tianyun for the time being. His eyes are full of surprise, thinking that Yi Tianyun is a surprise, and his combat strength is stronger than many Heaven Monarchs.

He would have fought and retreated if they were not as timid as the Heaven Monarch, but he did not dare to charge too fiercely.

Those Heaven Monarchs who retreated caused those Star Monsters to pounce on his teammates and let them be captured and torn apart!

Yi Tianyun’s appearance surprised him.

“Prepare to start the third wave!”

The captain shouted, ready to start the third wave. After everyone heard this, their expressions changed.

They had just killed almost all of them, and they were about to come to the third wave.

Those who knew the captain wanted people to rest, but these Star Monsters were too strong. If they didn’t continue to let them in, the outside world would burst this barrier. They would all be finished. They had to hurry up and eliminate the pressure on the outside world. Only then would they be able to last longer.

As soon as he finished speaking, the barrier was activated again. Tens of thousands of Star Monsters pounced down again. When the captain was about to open the barrier, a shout came from the side, “Captain, please don’t activate the barrier!”

The captain was stunned, and then a few figures broke through the void, forcibly blasting a large hole in a pile of Star Monsters. After a few figures landed, the captain made a hand seal and erected the barrier.

Because he was a few beats slower and had originally planned to let in ten Star Monsters.

Now, it had turned into tens of thousands of Star Monsters. The densely packed Star Monsters roared inside and began to gnaw at the team members madly.

There were three men and one woman among those descending figures. No one knew where they came from. They had just entered and immediately joined in the slaughter. The violent power swept towards these Star Monsters. In an instant, a large number of them died!

Undoubtedly, those who suddenly joined were super experts and were not a burden.

“Ha!”

Terrifying flames enveloped the surroundings, burning the Star Monsters that pounced over to ashes. They died to the point where they could no longer die. The violent sacred flames frightened everyone.

A woman does this; how can even a woman be so strong? What is the background of this group of people?

When Yi Tianyun saw this woman, his eyes narrowed. When the other party saw him, they were also stunned, but soon they continued to kill and did not stop.

“How can Earth Monarch Tian Qing come here?”

Yi Tianyun narrowed his eyes. The woman before him is Earth Monarch Tian Qing, not someone else! He didn’t expect to meet her here. The key is that the Star Territory Divine Beast captured her; how could she be released?

“Earth Monarch Tianyun, I didn’t expect to meet you here. What a coincidence.” Earth Monarch Tian Qin should be called Yu Qin God Monarch.

Her beautiful eyes looked at Yi Tianyun, not knowing what to do.

“You are not here to catch me, right?” Yi Tianyun narrowed his eyes, feeling that things were not simple.

He knew that Yu Qin God Monarch had some relationship with the Star Territory Divine Beast otherwise he would not have said that before.

He guessed that Yu Qin God Monarch was probably here to catch him.

“Catch you? This is their intention; I don’t mean that. I just came out for a walk and took a breath. But after the matter is over, don’t run away. I have something to tell you.”

“Don’t worry, if not for me, I wouldn’t have run away.” Yi Tianyun continued to kill the Star Monsters around him.

When the sound transmission ended, the other side began to talk, but it was not a sound transmission.

“Captain Shu, I didn’t expect we would meet again in this dangerous place.” One of the giant bears waved his big palm and killed several Star Monsters, which showed how violent it was.

“Captain Xiong, what is going on? Your ship has fallen?” Captain Shu’s face sank. This meant that the problem was very serious.

“There are too many, no less than hundreds of thousands of Star Monsters. I have no idea what’s going on...” Captain Xiong said a piece of news that made people feel despair.

Hundreds of thousands of Star Monsters, not tens of thousands!

Chapter 1065

The news that Captain Xiong had brought was not good. Rather, it was news that made people feel even heavier! They had originally thought there would only be tens of thousands of Star Monsters, but now there were hundreds!

Captain Xiong’s original Spirit Ship had already been destroyed. Only four people had survived. The four of them were extremely powerful existences. Only they could kill their way out of so many Star Monsters. Otherwise, they really would have died inside.

They didn’t know how many people Captain Xiong’s Spirit Ship had, but only four people had escaped. When everyone saw their situation and looked at the situation outside, they had already predicted their future.

“Hundreds of thousands of Star Monsters. What kind of situation is this? This has never happened before!” The captain of the trees was stunned, not knowing how these came about.

“How would we know? We were all caught off guard when we suddenly rushed out. We suffered countless casualties, and our former brothers did not know where we were.

When we saw the ships on your side, we immediately rushed to ask for help.” Captain Xiong ruthlessly slammed the Star Monsters to the ground, turning them into meatpaste. His anger could be reflected here.

“This is strange. Something must have happened. Otherwise, there would not be so many Star Monsters. Could it be...” Captain Shu’s expression changed, and his movements became a little sluggish.

“Have you also thought that way?” Captain Xiong smiled bitterly. “I hope that we haven’t met the Star Overlord. That thing is so mysterious that we can’t see it. Why did we meet it?”

The Star Overlord!

It was an extreme form of address. The king of the Star Monsters would generally not appear when their cultivation had reached the God Monarch Rank. Once it appeared, it would mean that they would be completely wiped out!

The Land of Stars was quite vast, and the Star Overlord was very rare in the first place. It was impossible to encounter it in this extensive place. The chances of experiencing it were negligible. It was not even one in ten thousand or a hundred thousand.

The Star Overlord in the entire Land of Stars probably would not exceed one palm. In such a vast place, it could be said that they had encountered a peerless treasure.

When everyone heard the title Star Overlord, their faces paled. Cold sweat poured out in a flash, their eyes filled with despair.

Seeing so many Star Monsters flying all over the sky, they likely have encountered the legendary Star Overlord! If they meet the Star Overlord, with their current situation, it can be said that they are dead.

The difference between the two is too big; even if there is a Heaven Monarch Peak Rank, it is still too difficult to deal with other Star Overlords with God Monarch Rank.

“Star Overlord?” Yi Tianyun narrowed his eyes, which was tricky.

It could be said that it was an unlucky year. This was his first time coming to the Land of Stars, yet he had already encountered the Overlord of Stars. Wasn’t this asking for his life?

Of course, he was still very calm. With the Teleportation God Stone in his hand, he could instantly escape. What was there to be afraid of? As for the lives of the others, that had nothing to do with him. He couldn’t even save them if he wanted to. The problem was whether there was a Star Overlord or not. That was another matter.

“Regardless of whether they are the Star Overlord, it might not be true. We should still focus on now. Kill all these fellows and ruthlessly charge out! If we come to the Star Overlord, even if we die, I will drag a group of Star Monsters down with me!” Captain Shu roared. Countless tree vines turned into sharp thorns that shot out in all directions, stabbing over ten Star Monsters to death in one go. They were incomparably domineering!

Captain Shu roared so loudly that the morale immediately rose. He knew that no matter what the result was, if the morale were gone now, they would be finished now. There was no need to wait for the Star Overlord to show his face.

“Well said. Kill as many as you can now. Slaughter all these guys!” Captain Xiong also knew the drawbacks of things. Their conversation affected many people’s moods.

The main thing now was to raise morale; otherwise, they would die.

“That’s right. Even if I die, I will kill a few more Star Monsters!”

“We can’t let them eat us so easily. Before we die, we have to fight them to the death!”

Damn it, I don’t want to die so easily. Kill a few more of them!

Their morale has recovered quickly, and they are more ruthless than before. They know that this is a critical moment. If they are not cruel, who will save them? They can only save themselves now!

After Yi Tianyun heard this, he smiled slightly. This is the mentality of a strong person. He continued to fight and kill these Star Monsters easily.

Although their morale has risen, they still can’t kill all the Star Monsters, killing wave after wave. On the other hand, there are many casualties on their side, especially more injuries.

If they consume too much, even if they use the Medicine Pills, it will be too late to recover quickly, especially after killing for a long time, even if the Heaven Monarch gradually loses strength.

“The barrier won’t be able to hold on for long!” Captain Shu’s face changed. He already felt that this Spirit Ship was about to reach its limit.

“Captain Shu, I have an idea. Do you want to try it?” A voice sounded in his mind, making him glance at Yi Tianyun.

“Speak!” The situation is urgent. Captain Shu made a long story short.

"I can break through to a higher level now and attract Heavenly Tribulation. I will increase the power of Heavenly Tribulation, and then I can hurt these Star Monsters. The biggest problem is that Heavenly Tribulation will attack indiscriminately, and it may affect our people."

Yi Tianyun said in a low voice, "However, I plan to kill my way out and cause a Heavenly Tribulation. When that happens, I will be safer. The problem is that I need someone to help me open a path. I will need the two captains to open up a path for me. Otherwise, I won't be able to get too far."

He is strong, but two fists can't fight against four hands. If there are too many, it will be difficult to kill. As for wearing the Sword Saint Suit, Sacred Tools are meaningless; completely unable to cut them!

Unless there is a higher level set, but the higher level set, he can't equip it at all. Whether it is the Evil Demon God Suit or the higher level, it requires the cultivation of Heaven Monarch Level. He has not reached the cultivation of Heaven Monarch, so he can't use it.

"Heavenly Tribulation?" Captain Shu's eyes lit up, and this method is quite feasible; the premise is to anger the Heavenly Tribulation, but the biggest problem is that after the Heavenly Tribulation, Yi Tianyun may be killed by the Heavenly Tribulation!

"There is no time to think about it; let's do it, Captain Shu!" Yi Tianyun immediately reminded.

"Good!" Captain Shu clenched his teeth but could only do this now: "No matter success or failure, you are our hero! If I survive, my life will be yours!"

Chapter 1066

Yi Tianyun had thought of Heavenly Tribulation before; after all, this heavenly lightning, whoever gets too close will be struck, especially the densely packed Star Monsters; one heavenly lightning will kill a large area!

Under normal circumstances, if you don't get close to the range, it will be no problem. Once you get close, it will be easy to anger the Heavenly Tribulation, which is equivalent to being recognized by the Heavenly Tribulation as cheating; let other people help to resist, and then it will burst out even stronger Heavenly Tribulation to suppress!

However, Yi Tianyun is not in a hurry to say this idea. If he said it too early, the other party would not be willing to do so; after all, he needs someone to help him open the way, meaning he had to leave this place temporarily, which is a bit equal to staking everything on this.

Now, the situation is critical; Captain Shu and the others must try it. Otherwise, they will die.

Soon, Captain Shu contacted Captain Xiong. After a simple exchange, Captain Xiong looked at Yi Tianyun with huge eyes.

“Brother Tianyun, you are good whether you fail or succeed!” Captain Xiong shouted, “Five Heaven Monarchs, prepare to protect this friend and let him cross the tribulation!”

“What?”

Captain Xiong’s words shocked many people. How could they not be surprised by such a strange idea? Crossing the Heavenly Tribulation among many Star Monsters was sacrificing themselves to help others.

Without any hesitation, a Heaven Monarch immediately surrounded them. Heaven Monarch Fa Wen was one of them.

“Thank you, everyone.” Yi Tianyun flew to Captain Xiong’s side. At this time, there are no Star Monsters around.

“We should thank you for this. It is worthy of our respect for you to do this!” Captain Xiong did not say anything, and the other Heaven Monarchs were also the same, their eyes full of gratitude.

No matter the result, Yi Tianyun established a tall image in their hearts.

Heaven Monarch Fa Wen nodded to Yi Tianyun. His participation was enough to show his sincerity. After all, the situation was so critical that they might not be able to return even if they rushed out.

“Then I am ready to activate the shield and fly out. Everyone, get ready!”

There were a lot of Heaven Monarch guards, a total of ten people. It could be said that the general number of guards was the most violent situation to send Yi Tianyun out.

As for the internal situation, it will depend on them to support it.

All of them looked serious and were fully prepared.

Then Captain Shu waved his hand, and the shield in the air disappeared. A large number of Star Monsters rushed up. At this moment, Captain Shu and Captain Xiong quickly opened the way in front. The other ten Heaven Monarchs were also the same. They madly rushed forward like a meat grinder, constantly spinning and opening a hole.

Taking advantage of this gap, Yi Tianyun quickly flew out and rushed into the inner part of Star Monsters. Now they are inside Star Monsters, surrounded by dense Star Monsters, surrounded by circles, and can't see the situation outside.

It is enough to see that there are more than hundreds of thousands of Star Monsters, right?

"Level up!"

Yi Tianyun's eyes narrowed, and he quickly let himself level up.

'Ding, successfully deducted experience, congratulations player 'Yi Tianyun,' broke through to Seven Refinements Earth Monarch cultivation!'

"Boom!"

As soon as he successfully leveled up, a thick cloud of tribulation appeared in the sky. When the cloud of tribulation was about to be released, it felt that there were Star Monsters around it, and it immediately became angry.

"Rumble!"

The Heavenly Tribulation began to roar crazily, and countless thick heavenly lightning and heavenly fire began to rise, even more terrifying! This power continued to condense, becoming stronger and stronger. First, it doubled, then increased by four times, then eight times...

The terrifying energy made people feel numb, which meant that Yi Tianyun also suffered from terrible power, and whether he could resist it was another matter.

"Get ready to evacuate!"

Their faces changed when Captain Shu and the others saw this terrible catastrophe. They had never seen such a horrible catastrophe.

Usually, they would hide and cross the tribulation. Who would cross the tribulation in so many people?

Usually, they would only see a few people or dozens of people. Now, hundreds of thousands of Star Monsters were here. Even if there were only tens of thousands of Star Monsters in the range of the catastrophe, it was unimaginable.

"Everyone can leave now!" Yi Tianyun said.

"But if you leave now, won't you be exposed to the attacks of Star Monsters?" They did not retreat immediately; at least when the Heavenly Tribulation came, they quickly left.

Suppose Star Monsters kill them on the way. In that case, the Heavenly Tribulation will soon disperse, and the people going through the Heavenly Tribulation are all dead, so there is no need for the Heavenly Tribulation to exist.

When the time comes, this plan will be a miscarriage, everything will be in vain, and they will continue to fall into a dangerous whirlpool.

"It's almost time; just let these Star Monsters surround us." Yi Tianyun hurriedly said.

Captain Shu and Captain Xiong looked at each other and immediately followed Yi Tianyun's words, and they quickly flew into the Spirit Ship. Just as they flew back, they immediately closed the barrier and blocked the Star Monsters outside.

Although this is the case, many Star Monsters have already come in, as many as tens of thousands of Star Monsters, making this place densely packed. During this period, many cultivators suffered heavy casualties, and without the help of Heaven Monarchs, they would naturally fall into a trap.

"What kind of plan is this, causing me to be seriously injured..." One of them was lying on the side, not a single piece of flesh on his body, looking very miserable.

"That's right. Why don't we just stay here for a while? Maybe they will retreat. Now we are all finished! If that kid doesn't have any effect, we will all be in vain!"

The other one was also in great pain. He had no arms, so how could he not be angry?

"Bang! Bang!"

The two people were kicked into the sky by a figure and were eaten up by the Star Monster that pounced down. The people around were shocked.

"What a bunch of trash. You don't have any ability, yet you still talk nonsense." The one who attacked was actually that Yuqin God Monarch. He did not hesitate to kick those two trash into the sky.

"You, what are you doing!"

The cultivators beside him were dumbfounded. Was this killing each other?

"I didn't do anything. I just couldn't bear to see someone making sarcastic remarks. If I cannot, I will just stand here and shout! This plan has a narrow escape, but I will die if I don't implement it!" Yuqin God Monarch said coldly, "A bunch of trash. With your ability, do you want to become strong? If you become an idiot, you will have your share!"

The cultivators on the side were immediately enraged. Just as they were about to say something, the voice of the captain of the tree exploded.

"If not for this girl, I would have already done it." Captain Shu said coldly, "He doesn't understand the big picture. He is selfish! Whoever talks nonsense, I will immediately throw him out to feed the Star Monsters!"

Captain Shu and even Captain Xiong were very angry. He hated this kind of person who had no ability the most and still talked nonsense.

Chapter 1067

The return of the Heaven Monarchs immediately eased the battle situation and gained some control. Many people were very unhappy with Yi Tianyun's actions but could only endure.

The captains are so overbearing; what else do they dare to say? They can only hope that Yi Tianyun succeeds; otherwise, they will all die here.

"One must succeed..." Yuqin God Monarch looked at the flashing lightning outside, and her beautiful eyes were filled with anticipation.

It was not that she was very afraid of death, but she felt that Yi Tianyun was so courageous that he should not die! This made her recall the past, and scenes flashed through her mind. When was she not such a person? But as time went by, everything changed, and she became somewhat numb.

She thought there was no such fool in this world, but who knew that there was one here, and it was a super fool.

Now Yi Tianyun is carrying the life and death of many experts; whether he is dead or alive, it depends on whether he can persevere.

"The power of this Heavenly Tribulation is terrible; I am afraid it is close to the late stage of the Heaven Monarch Realm, right?"

The power of the Heavenly Tribulation is not particularly amazing, but it can penetrate all enemies and kill them all in a chain, and the range is extremely wide; compared to Captain Shu and the others, it is many times stronger.

They can't compare it with the terrifying range; otherwise, they would not have heard Yi Tianyun's Heavenly Tribulation and would have immediately chosen to take him out of the encirclement.

When the surrounding Star Monsters sensed the terrible Heavenly Tribulation, they were scared and fled to the side, and some of them rushed to him, wanting to tear him to pieces.

The Heavenly Tribulation will immediately dissipate as long as Yi Tianyun is killed.

“You want to kill me? You are still too young!”

Yi Tianyun held the Sky Dawn Divine Spear and became Evil Demon God instantly. The terrifying flame covered his whole body, especially the black flame of the Burning Heaven Sacred Fire. When it touched them, it immediately burned them to ashes.

For a time, no matter how many Star Monsters came, they could not get close to him. They were just a distance away, but they were immediately burned to death outside, turning into a big wave of experience.

If he were alone, there would be no problem. If he couldn't win, then he would run. There was no difficulty. The problem was that he had to save the entire spirit ship now. He naturally wouldn't run away immediately.

It wasn't that he was being benevolent and had flown so far away with great difficulty. It was a waste of time to follow him again.

“He's here!”

“Boom!”

The thick thunder finally broke out. It pierced through a lot of Star Monsters in one breath. A large number of Star Monsters were burnt to ashes. They were dead. Almost in an instant, the dense Star Monsters were immediately blasted out. At least a thousand of them died. This was the first time that Heavenly Thunder was struck!

After piercing through many Star Monsters, it hit Yi Tianyun.

“Boom!”

Yi Tianyun felt a sharp pain. His body seemed to be hit hard. He looked down and saw that his body was charred black. It looked a bit terrible. However, he quickly operated the Longevity Suit and promptly recovered from his injuries.

“Sure enough, the Heavenly Tribulation that was angered is really powerful. It just doesn't give me experience; it's too much!”

Yi Tianyun was more concerned about the experience. He didn't get any experience from the Star Monsters that the Heavenly Thunder killed. Obviously, the Heavenly Tribulation had nothing to do with him, so he didn't get any experience.

If he had been slaughtered to his heart's content, he would have already reached the level of Heaven Monarch, but now he can only dodge first and summon the Heavenly Tribulation to attack other places.

“Bang! Bang! Bang! Bang!”

The Heavenly Tribulation kept roaring and rushing in the direction Yi Tianyun flew. Wherever it went, there would be countless casualties. It was basically at a speed visible to the naked eye. The speed was quite amazing. It was much faster than killing them.

At this time, the cultivators below the Spirit Ship,

If Yi Tianyun can't withstand the attack of Star Monsters or the attack of the Heavenly Tribulation, everything will be considered a failure.

Now, it seems that they can still bear it. Many Star Monsters were killed, making them want to cheer. But now they also have to deal with Star Monsters on the inner side, so they have no time to watch the situation outside.

However, with Yi Tianyun's transfer, this area has changed greatly. Many Star Monsters have shifted their targets and have not continued to attack this Spirit Ship.

As time passed, the Heavenly Thunder and Heavenly Fire Yi Tianyun endured became more and more ferocious. Still, he persevered, constantly drawing attacks to attack Star Monsters, and at the same time, he continued to kill them to gain more experience.

He will not waste so many Star Monsters; killing them is a lot of experience; if this continues, breaking through to Eight Refinements Earth Monarch cultivation, there is no pressure.

Under his guidance, these Star Monsters were also scared to run around. They did not dare to approach at all; they were finally afraid, and in the blink of an eye, thousands of them died; how could they not be scared?

Originally, they were not afraid, but now it is hard not to be scared; they all fled to the side.

But how can Yi Tianyun let them go? He chased them and shouted, “Why are you running? Weren't you very arrogant before? Now come and continue to fight with me!”

Yi Tianyun sneered. The Sky Dawn Divine Spear in his hand continued to attack. Every time he attacked, several Star Monsters died in his hands. He didn't know how many Star Monsters he had killed. His experience was about to break through to the Eight Refinements Earth Monarch.

While chasing, he suddenly saw a golden light flashing before him. He subconsciously looked over and saw a small golden Star Monster flying in the distance. Its eyes were fierce.

Star Overlord: A small Star Overlord who cultivates Five Refinements Earth Monarch. It can control Star Monsters. It also has a strong defense. The cultivation of Earth Monarch is comparable to a Heavenly Dao Rank Treasure. It is difficult to destroy.

“Well, I finally see my master. I didn’t expect it to be a newborn guy who came here to cause trouble!” Yi Tianyun’s eyes flashed. If he kills this guy, these Star Monsters will leave and will not continue gathering here.

However, he did not want to kill it but chose to subdue it. This guy’s cultivation is not high. If he is a God Monarch, he will retreat. Now he is an Earth Monarch! If subdued, he can walk sideways in the sea of stars.

He thought it would be a God Monarch cultivation, but who knew it was an Earth Monarch cultivation? This is a pleasant surprise.

Chapter 1068

After locking down the Star Overlord, Yi Tianyun quickly rushed towards it. After it found that it was being targeted, it promptly fled to the side and, at the same time, issued an order to the surrounding Star Monsters to stop it.

Its cultivation is the same as theirs, but it can control them. This is the bloodline relationship of a king. It is golden and looks like an overlord, surpassing other Star Monsters.

“Want to leave? It is not so easy!”

Yi Tianyun’s figure flashed and instantly moved to the side of Star Overlord, swinging the spear in his hand and ruthlessly stabbing it down without showing mercy.

“Squeak!” Star Overlord was frightened by the sudden appearance of Yi Tianyun and hurriedly waved his wings to block, like a golden shield.

“Boom!”

This Star Overlord was sent flying; the violent power only left a shallow mark on it, but it did not penetrate this terrible defense.

“As expected of super strong defense, I used most of my strength, only leaving a shallow mark on it.”

Yi Tianyun was a little surprised; although he had expected it, he was still shocked; these guys are too hard; it is difficult to break through this defense easily.

“Squeak!” The Star Overlord screamed, his voice full of anger, indicating the Star Monster beside him to rush up.

Yi Tianyun grinned. At this moment, he smiled!

“Boom!”

The terrifying thunder came at this time, piercing through a large number of Star Monsters and also striking the Star Overlord.

The Star Overlord screamed and flew to the side. His body was burnt black. He was able to withstand the attack of a late-stage Heaven Monarch. This guy only looked like he was charred black. It was not a big deal.

However, being hit by this terrible attack, he still felt very uncomfortable.

Yi Tianyun swung his hand and pierced through the lightning with his spear, easily scattering the lightning.

“Thank you for helping to resist.” Yi Tianyun smiled, reached out, and grabbed Star Overlord, who was almost knocked out, and at the same time used the catching skill.

A faint light quickly enveloped Star Overlord, wanting to take it as a pet.

Feeling strange, Star Overlord began to twist and resist Yi Tianyun’s capture; this strong resistance made it difficult for Yi Tianyun to catch it successfully.

“You don’t want to surrender? Let’s see how long you can endure.” Yi Tianyun’s Heavenly Tribulation didn’t end there. He shot the Star Overlord into the sky, followed by the lightning, and sent it flying again, leaving another mark on its body.

If this continues, it can still be killed. There seems to be no problem on the surface, but the body’s condition has become very serious. The lightning is constantly flowing inside the body. If this continues, there will be no problem outside, but the inside will be seriously injured.

The Star Monsters on the side quickly rushed up, wanting to save their king, but Yi Tianyun swept his spear and easily killed them all.

“Are you willing to surrender?”

Yi Tianyun reached out his hand again, and the Star Overlord struggled again, refusing to let Yi Tianyun capture him. A king always has his own dignity and is not willing to be caught as a pet by a human.

"It seems you think I am not qualified to be your master?" Yi Tianyun's eyes flashed; likely, his strength could not convince the other party, and naturally, he would not recognize Yi Tianyun as his master.

The Star Overlord's eyes were cold, still full of arrogance, but he did not bow his head. As a king, he would rather die than surrender to an existence weaker than himself.

"In that case, I will let you see my strength!"

Yi Tianyun's eyes turned cold. He twisted the Sky Dawn Divine Spear in his hand, releasing a violent power from his body.

"Crazy Damage Mode, activate!"

The violent power exploded in his hand, and with the help of the Crazy Heaven Secret Art, his power instantly reached 74 times! The Sky Dawn Divine Spear in his hand released a dazzling light,

Under the support of the terrifying power, the Sky Dawn Divine Spear began to tremble as if it was going to explode at any moment.

The Star Overlord immediately smelled the dangerous aura, waving its wings to block it.

"Boom!"

The terrifying power smashed into its wings, sending it flying. Its wings were broken open, and its body was almost pierced through.

After all, all the power is condensed at one point; it is impossible to be weak.

"Squeak!"

Star Overlord screamed, his voice full of horror; he did not expect Yi Tianyun to burst out with such terrible power; even the defense he was proud of was broken.

Strength sixty-four times, even more powerful, Star Overlord's defense can still be pierced by him!

"If you don't surrender, the next shot will be your head!"

Yi Tianyun stretched out his hand and continued to cover the Star Overlord. He wanted to continue to capture it. If the other party insisted on not surrendering, he would be pierced by his spear!

Since he could not take it as his pet, there was no need to keep it. He could only kill the other party and solve the problem in one breath.

“Squeak...”

The Star Overlord did not struggle this time but eased up and let Yi Tianyun take it as a pet. Yi Tianyun saw this and smiled with satisfaction.

“As long as you follow me, I promise I will make you stronger!” Yi Tianyun smiled; he could see that this Star Overlord was very strong; as long as he had more training, he would be a powerful help!

‘Ding successfully subdued Star Overlord (Ultra Rare), gained 1 billion experience, 10 million Crazy Value, and 5 million grappling proficiency!’

Ding, congratulations player ‘Yi Tianyun,’ reached the Eight Refinements Earth Monarch, choose to break through?’

“There is no need for that now.”

Now that he hasn’t completed his tribulation, how can he continue his tribulation immediately? If they overlap, who knows what will happen?

After subduing the Star Overlord, Yi Tianyun immediately ordered the Star Overlord to retreat quickly. Sure enough, under the orders of the Star Overlord, they left one after another and did not continue to stay here.

“Finally left.” Yi Tianyun breathed a sigh of relief. He has consumed too much energy now, and if he continues to fight, it will be difficult to hold on for too long.

At the same time, in the situation on the Spirit Ship, the Star Monsters were wiped out, and the Star Monsters on the outside quickly disappeared.

However, Yi Tianyun’s Heavenly Tribulation is not over yet, and it has to go through several days before it can be completely over.

“Then let’s end it now!”

Yi Tianyun’s eyes focused, and he swung his spear. With a “boom” sound, he blasted the thick Heavenly Tribulation again!

Before, it was directly broken, and this time was no exception.

Chapter 1069

The Heavenly Tribulation was easily destroyed, and the power that Yi Tianyun erupted with was very cohesive. Naturally, he can easily destroy the Heavenly Tribulation.

In particular, he has blocked so many Heavenly Tribulations that the power is naturally far less than the first attack, but the effect is almost the same; after breaking the Heavenly Tribulation, the Star Power quickly came down, bathing his body, giving him more Star Power, strengthening his body.

No matter what, he has to keep breaking the Heavenly Tribulation like before, stopping the greatest benefits from the greatest.

“It’s over...”

Yi Tianyun breathed a sigh of relief. He quickly put the Star Overlord into his pet bar. He can not let others see the Star Overlord. Otherwise, people will suspect that Star Overlord is with him. Although he doesn’t mind the opinions of these people, it is better to have less trouble.

Looking at the Star Monsters leaving quickly, he felt a little pity. If he could kill them in front of him in a row, his level would rise rapidly. After all, the difference in cultivation level was not big, so he gained more experience.

If he killed those Star Monarchs, he would not be able to raise his level. If he had broken through to the Heaven Monarch realm and killed these Earth Monarchs, the significance would not have been very big. He needed to kill a lot of them.

Not to mention Heaven Monarchs, now Yi Tianyun saw that long string of experience; he felt the end was big. Killing one can get 100 billion experience; if he wants to upgrade, he must kill tens of thousands. Now, he is still at Earth Monarch level; if he reaches Heaven Monarchs level, he doesn’t need to kill hundreds of thousands or even millions.

Sure enough, the further he goes, the more difficult it is to upgrade.

Yi Tianyun turned and flew to the spirit ship. Without the package of Star Monster, he saw that the Spirit Ship was broken. It seems that many places are about to be penetrated. Fortunately, he stepped out in time. Otherwise it will, be finished.

Without the protection of the Spirit Ship, these cultivators will die. Even if he has a Spirit Ship, it is useless. After all, the Spirit Ship he brought is not as good as Captain Shu’s Spirit Ship. Without any defense, it will be destroyed in the blink of an eye.

At this time, he saw that Star Monsters were not killed in the Spirit Ship but were running around. Without the control of Star Overlord, they were like headless flies, running around everywhere.

Of course, if they are forced to attack, they will attack.

“Open this barrier; they have been driven away.” Yi Tianyun signaled them to open the barrier outside.

They were overjoyed when Captain Shu and the others saw the situation outside. They activated the barrier and fled with the Star Monsters, not daring to stay longer.

After the Star Monsters fled, the people sat directly on the ground, their expressions crying and laughing.

“It’s over, it’s finally over. I thought I was dead for sure...”

“Yeah, I thought I died here. I didn’t even report to the 2nd Grade God Territory and died here. It’s a loss.”

“By the way, it’s all his help. If not for his help, we would all be dead!”

Everyone’s eyes were focused on Yi Tianyun. They would have already died if he hadn’t triggered the heavenly tribulation and chased away these Star Monsters.

Although they suffered heavy losses now, at least not all of them were wiped out.

“I’m really ashamed to say that. Our cultivation is high, but a junior saved us.” Captain Shu shook his head, feeling helpless but even more fortunate.

If not for Yi Tianyun, they would be finished. Now, they don’t have anyone to attract the Heavenly Tribulation; even if they can attract the Heavenly Tribulation, can they withstand such a sharp Heavenly Tribulation?

It can be said that the Heavenly Tribulation is not the main point; the main point is that Yi Tianyun can withstand the strengthened Heavenly Tribulation; otherwise, everything is nonsense,

All plans are in vain.

“Yes, this is a young hero!” Captain Xiong and the others saw Yi Tianyun and were very grateful.

Rock Dragon Heaven Monarch on the side was ashamed; thinking for a moment, he gritted his teeth, bowed his head, and said, “Earth Monarch Tianyun, I am sorry for my rudeness just now! I, Rock Dragon Heaven Monarch, have always known right and wrong; this time, you saved me; after that, you can tell me what you want to do; as long as I can do it, I can do it for you!”

Rock Dragon Heaven Monarch took the initiative to admit his mistake; this made Yi Tianyun feel a bit surprised; he did not expect such a proud cultivator to choose to bow

his head. This person's discrimination seems a bit serious, but he is more respectful to the strong.

"Yes, our lives are saved by you; I owe you a life. If there is anything, just tell me; if the difficulty is not very high, I will do it for you!"

"Yes! Me too, owe you a favor!"

Everyone showed their gratitude; this is a huge favor! Cultivators are like this: after being saved, they will leave a thought; if it is unclear, sometimes it will form a heart demon.

Of course, to some evil people, saving them was equivalent to killing them. They did not have anything to say. If they saved them, they would only be treated as fools.

"Little brother, we won't say anything more. We will always run back and forth in this Land of Stars. If you want to pass through the Land of Stars, just tell us, and we will guarantee that we will bring you here. We will not accept anything even if you bring your friends here!"

"Yes, if there is anything simultaneously, just tell us. We will not refuse anything that we can help you with!"

Each one was more heroic than the other. The feeling of surviving a calamity was too wonderful. He almost died here. This favor must be repaid no matter what.

"Yes, if there is something, I will ask everyone." Yi Tianyun smiled. Everyone is sincere, and they can see their favorability rising.

If they don't die, they can do it for him.

'Ding, complete the Rescue Quest, gain 100 billion experience points, 10 million Crazy Value, 5 million Mastery, Prestige Points 1000 points! And get a God Territory Lottery Roulette.'

At the same time, he also completed a small task and gained a little harvest, which was a pleasant surprise.

Following them, they began to heal. The consumption was astonishing. Some of them were even seriously injured. Therefore, they had to recover quickly. At the same time, Captain Shi and the others began to repair this Spirit Ship. After all, they had been injured so much. Crossing this Land of Stars would be difficult if they did not fix it.

"I didn't expect you to be a good person. I really can't tell." Yuqin God Monarch walked to Yi Tianyun and smiled.

Yi Tianyun saw her smile and remembered it was her first time. He felt strange, "What, you think I am a tyrant?"

"Yes." Yuqin God Monarch answered very bluntly.

Yi Tianyun rolled his eyes. She is not cute.

Chapter 1070

Yi Tianyun found a place to sit down and rest; Yuqin God Monarch directly sat beside him, seemingly worried that he would run away.

Yi Tianyun raised his eyebrows, frowned, and said, "What, are you afraid that I will run away?"

"I am not afraid; where you go, what does it have to do with me?" Yuqin God Monarch said indifferently, "I am just recovering here; what is the problem?"

"This is not a problem." Yi Tianyun shrugged and ignored Yuqin God Monarch.

Yuqin God Monarch sat on the side and said nothing to him. She was really recovering from the consumption of her body. Although she was not injured, her consumption was not low.

There were so many Star Monsters. She could not hide even if she wanted to. She could only bite the bullet and kill them. There were a lot of them. However, she did not have any other acquaintances. Naturally, she was meditating beside him.

This action attracted the attention of many people. They did not expect Yi Tianyun to know this expert. Yuqin God Monarch's previous performance was far beyond everyone's expectations. It was comparable to Yi Tianyun!

This made them doubt life. They wondered if they were living on a dog. They were both Earth Monarchs. Why was the difference so big?

After resting for a few days, Captain Shu and the others repaired the Spirit Ship. They didn't fix it for too long before flying back in a flurry, all frowning.

"Captain Shu, what's the situation?" Captain Xiong asked when he saw that Captain Shu's situation wasn't quite right.

"What sort of situation could there be? This Spirit Ship is seriously broken. There's no way to pass through the Land of Stars. A few waves of star sea will likely strike, and this

Spirit Ship will be sent flying.” Captain Shu shook his head and sighed. “It seems that we can only return on the same path.”

Then, he looked at everyone and said, “Now, we will return on the same path. The Spirit Ship must be repaired. Right now, we cannot repair it. Or rather, whoever is present here is a God Rune Master. They must be of a high grade and only need a 1st Grade God Rune Master. Divine Imprint is not very high level.”

One by one, they shook their heads. How could it be so easy to become a first rank 1st Grade God Rune Master?

“1st Grade Divine Imprint, right?” Yi Tianyun stood up and asked.

“Yes! Don’t tell me...” Captain Shu’s eyes lit up.

“Yes, I am a I am 1st Grade God Rune Master. My level is not high, but repairing some simple Divine Imprint is not a problem.” Yi Tianyun is still an I am 1st Grade God Rune Master. Of course, if he wants to level up, there is no problem. He can easily level up with more proficiency.

“You are still a 1st Grade God Rune Master?” Beside her, Yuqin God Monarch revealed a look of surprise. It exceeded her expectations.

Although there was only a 1st Grade God Rune Master, one must not forget that other major realms were ahead of her. That was called Divine Rune Master. His realm was completely different. His cultivation was also strong. This made her suspect that he had awakened from the reincarnation of an expert.

Of course, she was the reincarnation of an expert. It was just that she had not grasped any Divine Rune Power in her previous life. She was only an alchemist, and the meaning was different. After all, she had the Burning Heaven Sacred Fire. There was no doubt that the best choice for an alchemist was.

“Is there a problem?” Yi Tianyun looked at her and said.

“No problem...” Yuqin God Monarch shook her head; she just thought it was incredible.

“Then come and help me repair it!” Captain Shu was excited; he pulled Yi Tianyun and flew to the Spirit Ship, leaving a group of cultivators looking at each other.

Among them, Heaven Monarch Fa Wen and the others didn’t know what to say. They asked Yi Tianyun to join them before, but now they seem too naive. Not to mention, joining them, even if they join 2nd Grade God Territory, is not a problem.

“No wonder they don’t want to join us. Based on this ability, I guess they will join 2nd Grade God Territory.”

“Yes, this is the gap between people; it is incomparable.”

“I thought he didn’t know what was good for him, but now it seems he is too low-key.”

They all shook their heads, feeling that they were thinking too much.

“Eh, Earth Monarch Tianyun, I seem to have heard of it somewhere before,”

“It sounds a bit familiar!” One of the cultivators seemed to have thought of something, and after thinking for a while, his eyes revealed a look of horror. “I, I was chatting with a friend before. That friend is from the 1st Grade God Territory. He participated in the recent God Territory’s War of Ascending to Heaven! The one who won first place seems to be called Earth Monarch Tianyun!”

“I also remember this. The first place in the God Territory’s War of Ascending to Heaven is called Earth Monarch Tianyun! I heard that he is very powerful. No wonder when I heard him introduce him, I felt that it was a bit familiar, but I didn’t remember it for a while. Is he Earth Monarch Tianyun?”

“No, it can’t be the same name, right?”

Everyone was shocked; they all wanted to go to the God Territory’s War of Ascending to Heaven; they are all rogue cultivators; they are not qualified to go to the God Territory’s War of Ascending to Heaven, so they don’t know Yi Tianyun.

Now that they thought of something, their hearts trembled! If they were first, wouldn’t they invite the other party to join them? Wouldn’t that be asking for a beating?

“But he didn’t say he was first in the God Territory’s War of Ascending to Heaven? Moreover, he even said that he was going to the 2nd Grade God Territory for a stroll.”

“He’s just keeping a low profile, understand?”

“Who cares? When the person comes back later, can’t we just ask?”

The news of Yi Tianyun quickly spread here. On the other hand, Yuqin God Monarch, who was in second place, was not discussed.

Soon, Yi Tianyun recovered, and Captain Shu praised him, “This is amazing. I thought this was a secondary return, but I didn’t expect Earth Monarch Tianyun to repair the Divine Imprint! This level is desirable. If Earth Monarch Tianyun doesn’t join any forces, can he join us?”

“As long as you join us, you will gain many benefits. Our sect is quite good.”

Captain Shu also issued an invitation, but after he said it, he felt the atmosphere was not quite right. When he turned to look at everyone, he found that they looked strange.

“What’s wrong?” Captain Shu asked.

“Cough, cough, cough...” Captain Xiong coughed, walked over to Yi Tianyun, and asked, “Earth Monarch Tianyun, are you the first place in the God Territory’s War of Ascending to Heaven?”

“The first place in the God Territory’s War of Ascending to Heaven?” Captain Shu stared at Yi Tianyun as if he saw a ghost.

Yi Tianyun narrowed his eyes. His identity is exposed. He thought that he was not clear about it. Sure enough, he has to change his name to keep a low profile.

“I am the Earth Monarch Tianyun, the winner of the God Territory’s War of Ascending to Heaven.” Yi Tianyun thought for a moment and did not deny anything.

He originally wanted to deny it, but there was no need to think about it. Yuqin God Monarch was here, so there was no point in denying it. Originally, he was wary of the God Territory. Now that Yuqin God Monarch is here, what is there to worry about?
