

Read Crazy Leveling System - Chapter 1071

Chapter 1071

“It’s true, it’s the first place in the God Territory’s War of Ascending to Heaven!”

Everyone stood up in horror; this amount of gold far exceeded everyone present! Yes, it is to surpass everyone; even Captain Shu is inferior.

Even if his cultivation is not as good as Captain Shu’s, his future is much brighter than that of Captain Shu. Don’t look at how many Heaven Mosome broke through to Heaven Monarch in Three or Four Refinements Earth Monarch, but their level is ordinary.

Even Captain Shu is a Six Refinements Earth Monarch who broke through to Heaven Monarch, so there is too much difference between him and Yi Tianyun. His level can enter 2nd Grade God Territory, but Yi Tianyun can’t train him.

The value is completely different. After all, Captain Shu missed most of his golden period when he was an Earth Monarch. For 2nd Grade God Territory, the high-level Earth Monarch is the most valuable. Fifth or Sixth Refinements: Earth Monarch is nothing. Without an Eighty or Nine Refinements Earth Monarch, the cultivation value is too low.

After that, they surrounded Yi Tianyun one by one. No one would have noticed if Yi Tianyun had said that before. They thought that he must be bragging, and now, saving the entire spirit ship, there must be credibility.

“This is the first place in the God Territory’s War of Ascending to Heaven; I can brag to my friends for a lifetime when I return! It is amazing; the first place is different!”

“Yes, my friend said that the God Territory’s War of Ascending to Heaven is ordinary. Now I can refute him, such a strong power and a 1st Grade God Rune Master!”

“When I first saw him, I knew he was a super powerhouse!”

“Bullshit! I was too lazy to even look at you before, and I even saw you first!”

The atmosphere of the entire Spirit Ship became lively. After all, how could a famous person not cause a discussion? It just so happened that most of them had recovered and had the extra strength to discuss it. The feeling of surviving a calamity was more of a relaxing feeling.

Yuqin God Monarch glanced at him indifferently from the side. She didn’t say anything and just sat there meditating to recover. She was too lazy to care about these things and resumed her arrogant appearance.

No one would try to strike up a conversation with her. Previously, her actions of throwing her out were truly shocking. She would be thrown out if she managed to strike up a conversation with her. That would be a trap.

Especially since she was so powerful, no one dared to talk with her.

“I never thought Earth Monarch Tianyun would be the winner of God Territory’s War of Ascending to Heaven. Just pretend that you didn’t hear my previous invitation.” Captain Shu laughed, feeling a little embarrassed.

“It’s okay; thank you, Captain Shu, for your invitation, but I already have a force to join; I’m sorry.” Yi Tianyun felt very sorry; he turned to Heaven Monarch Fa Wen and said, “Heaven Monarch Fa Wen, I rejected you before; I was also very embarrassed.”

Yi Tianyun’s attitude made them feel very comfortable and modest, unlike those super geniuses, who were very arrogant, making them look down on him.

After chatting with them briefly, Captain Shu let everyone disperse and was ready to continue forward.

Yi Tianyun also returned to Yuqin God Monarch and sat down. He has a lot of things to ask; he had no time before, but now he can ask slowly.

“Earth Monarch Tian Qing… No, I don’t think this is your real name, right?” Yi Tianyun said.

“Just call me Yuqin God Monarch.” Yuqin God Monarch looked at him lightly and sent a message, “I know what you want to ask; I will not say it out. You better hide well; otherwise, if you are caught, it has nothing to do with me.”

Yi Tianyun knew she would not say it; this is unsurprising.

“Why didn’t you choose to arrest me? Wouldn’t you be punished if you were to be found out?” Yi Tianyun continued.

“Punished? What’s there to punish? They won’t take you back unless they see me meet you.” Yuqin God Monarch looked at him and said, “Who knows now unless you go back and talk.”

“That’s true. Then you can take your time.” Yi Tianyun was too lazy to continue asking; anyway, the other party was not interested in telling him,

Then, he was too lazy to ask too much.

Following Captain Shu, he began to control the Spirit Ship and quickly flew to the destination. Although it was not completely repaired, at least through the Land of Stars, there was no problem.

As the Spirit Ship moved, they continued to stay here and could only cultivate for a day. Soon, the Spirit Ship passed through the area, surrounded by stones, and entered a strange area.

Looking around, there are special water areas, but this water area is very dark, and the Spirit Ship is directly on top.

Yi Tianyun, sitting on the Spirit Ship, can feel the bottom of the Spirit Ship constantly shaking, feeling as if layers of waves pushed it.

Although this was not a wave, the effects were almost the same. If a cultivator fell, it would be fatal. The Land of Stars would directly swallow them up. It would be very difficult to escape.

Those with low cultivation would be unable to come up after falling.

However, everything was very stable. There were no major problems. The biggest problem was that the Star Monsters and the Star Monsters were all killed. There would be no problems.

Unless the spirit ship suddenly broke, there would be no accidents.

“I advise you to stay in Heavenly Spring God Territory for a while so you won’t be captured.” Yuqin God Monarch suddenly sent a voice transmission, “After a while, they will be too lazy to pay attention to it. After all, if you hide in there, although they are overbearing, they will not force you to go to them.”

Yi Tianyun raised his eyelids, looked at her momentarily, and smiled, “I can’t tell that you are quite caring. What benefits does this have for you?”

“Of course, there are benefits. I can stay outside longer and not go back immediately.” Yuqin God Monarch’s answer made him feel a little speechless.

He thought he would answer and believe he was a good person so he would not arrest him. Who knew that it was for his freedom?

However, Yi Tianyun immediately grasped the point. He narrowed his eyes and asked tentatively, “So, you are firmly controlled?”

Yuqin God Monarch stared at him coldly and said, “I am not controlled; I just owe them a favor; I have not paid them back for the time being. Do not ask more about these

things; just hide well; if you are caught, I am afraid you will not be able to escape for the rest of your life!"

Yi Tianyun shrugged and smiled, "I think, so far, no one has been able to catch me."

"Come to think of it, you have escaped the pursuit of the Star Territory Divine Beast; how did you do it?" Yuqin God Monarch suddenly remembered this matter.

"You tell me the details, and I will tell you the situation here. Choose for yourself." Yi Tianyun smiled.

Yuqin God Monarch rolled her eyes at him, too lazy to continue asking.

Chapter 1072

Yuqin God Monarch naturally won't take the bait. If Yi Tianyun doesn't tell her the way, she will be too lazy to say more. Compared to Yi Tianyun's way of escape, it is even more impossible for her to tell her situation.

After all, Yi Tianyun's method will definitely not be explained in detail and is not necessarily learned. For example, what kind of special treasure is it? If she doesn't have it, it is useless to know.

"Forget it." Yuqin God Monarch was too lazy to pay attention to him, and she closed her eyes directly.

Yi Tianyun was also too lazy to say more than half a sentence.

Captain Shu controlled the Spirit Ship to move forward slowly. It was not fast or slow. In the current situation, travelling at a very fast speed is good. They did not need to arrive at a very fast speed.

"There are still a few days before we can go out. Everyone, don't be too nervous. Star Monster will not appear again, so let's relax." Captain Shu's voice came.

This time, everyone was relieved; they were not as vigilant and nervous as before.

Yi Tianyun did not worry about the Star Monsters from the beginning, and unless they came back to the Star Overlord, it was unlikely that many Star Monsters would attack.

Star Overlord will attack purely because he has nothing to do, and he is too playful, so he sent so many Star Monsters to attack.

This is the truth that Yi Tianyun knew when communicating with Star Overlord. After hearing it, he felt funny and did not expect that it was fun, so he came to kill and play.

Of course, this was the same principle as cultivators hunting demon beasts. It was no different from killing and playing if one wanted to cultivate. There was nothing to say about this. The races were different, so the situation was naturally different.

A few days passed in the blink of an eye. Sure enough, no Star Mosnters appeared. Only then did some people completely relax. When they raised their eyes, they could see that there were already no rocks in front of them. This meant that they had already flown away from this Land of Stars.

Previously, the journey had been bumpy, and all kinds of rocks had smashed them. Even if Captain Shu was more familiar with this place, hiding was still not simple.

“We have already come out. In front of us is the area, the Worldly Jade Star.” At this time, Captain Shu began to speed up and soon saw a planet full of jade inlaid.

They did not go down, and they could see that the jade star was full of piles of jade; all kinds of houses were piled up with jade and looked extremely luxurious.

These jade stones were not valuable at all. They did not contain any Star Power, and they were purely decorative products. These priceless things in the mortal realm were like soil here and could be taken anywhere.

“The Star Power in the 2nd Grade God Territory is much richer.”

Yi Tianyun felt that after arriving at this area, the biggest feeling was that the Star Power was even denser, at least several times the effect of 1st Grade God Territory. No wonder everyone wanted to come here to cultivate. Such dense Star Power was naturally a very good cultivation field.

Because of the harsh conditions of coming here, it was enough to stop a group of people. Thirty Lower Grade Rebirth Level Weapons were enough to intercept a large group of people. Captain Shu was relatively cheap. Others who did not have more than thirty-five would directly get lost.

It would take a longer time to save, at least the level of Earth Monarch and above, to be qualified to ride this Spirit Ship to 2nd Grade God Territory; some of the more wealthy ones did not intend to come to 2nd Grade God Territory.

Because people who came to 2nd Grade God Territory were unfamiliar with the land, it was better to be strong in 1st Grade God Territory. When they came to 2nd Grade God Territory, Earth Monarch was like a cabbage on the ground.

In the 1st Grade God Territory, it could still be considered a place. It would not be as awkward as the 2nd Grade God Territory.

Those with such thoughts were usually relatively weak and had no ambition.

“The Star Power of the 2nd Grade God Territory is naturally not bad, but in the 3rd Grade God Territory is even more astonishing.” Yuqin God Monarch said from the side, “When you reach a higher level, you will find that the things you were proud of before can only be considered ordinary. Just like how you beat me, you think this is it. Your strength is only average in 3rd Grade God Territory.”

“I have not even reached 3rd Grade God Territory; how can you attack me like this?” Yi Tianyun said with a smile.

Hmph,

“If you are too proud, it will be good for you if I attack you like this.” Yuqin God Monarch looked around and said. “Get ready to leave. Hide well.”

She was already prepared to leave. Even Worldly Jade Star did not intend to enter.

“Wait a minute!” Yi Tianyun stopped her, “Although I don’t know what you think, it seems that you don’t want to deal with me, and also remind me. In any case, I have to thank you.”

Yuqin God Monarch was stunned. Her beautiful eyes stared at him momentarily, and then she slowly sighed, “Indeed, under normal circumstances, I will catch you back. And you also beat me, making me a little unable to swallow this. It is just that when I see you, it is like seeing me of the past, able to maintain a cold heart, much better than those heartless guys.”

“If not for this, I planned to take you back. Don’t think that I can’t catch you. The 3rd Grade God Territory is not something ordinary people can imagine.”

Her tone was sharp; she wanted to explain the terrifying nature of the 3rd Grade God Territory so that Yi Tianyun could pay attention to it.

“I see otherwise, I would be caught.” Yi Tianyun smiled casually. He believed that these special things could not catch him.

The other party thought that he could not imagine it. He felt that the escape skills that he possessed were things that the other party could not imagine.

“Keep a good heart. The higher the level of the world, the less there is. Take care of yourself. The next time I catch you, it might not be me. Of course, it is also possible that I will not catch you again.”

She left these words and turned around to fly away. The payment had already been made, so she did not need to say anything and could go directly.

When Captain Shu saw her leave, he said nothing and continued driving to the Worldly Jade Star. He was not used to this kind of thing. Usually, he would do this because he was more familiar with this place. There was no need to go to the Worldly Jade Star.

Soon, other than the Yuqin God Monarch, other cultivators also left. They did not continue to stay here. At least half of them left. They were all taken away by the Heaven Monarch. It was obvious that they were all in the same group.

The remaining half was naturally the first to arrive here. They were willing to stay longer on the Worldly Jade Star.

“Captain Shu, I should leave now. We will meet again if we are fated.” Yi Tianyun did not intend to go to the Worldly Jade Star; he just wanted to go to the Heavenly Spring God Territory.

“See you if you are fated!” Captain Shu nodded and did not say anything more.

When he left, many people came to see him off but did not ask him to stay. They knew that Yi Tianyun was different from them. He was a flying dragon. They could only climb slowly like snails and could not be compared.

Chapter 1073

After Yi Tianyun left, he took out the Spirit Ship and flew directly toward the token. Generally, there is no danger in entering the base unless there is a robbery, there is no danger.

The task given by Heavenly Spring God Territory is not very difficult. It is a very simple errand task. The problem is that there are no variables along the way. For example, they encountered Star Overlord in the Land of Stars. They certainly did not expect this.

“Almost there.”

Yi Tianyun felt that the direction of the token was not far away from him. Soon, he will reach the destination. As he advanced, the sense of the token became more and more intense, meaning that he would reach the destination soon.

Sure enough, not long after he moved forward, he saw a huge passage before him. Just like before, when he went to the God Territory, special passages in the rest of the places were difficult to enter. Only through these passages could one enter God’s Territory.

When he approached, a guard immediately intercepted him and blocked in front of him, "Who are you!"

"I am here to report." Yi Tianyun took out the identity token and handed it over.

After the guard took it, he checked it a little and said without a change of expression, "Come with me!"

Before he took Yi Tianyun in, he told the guard next to him, and he took Yi Tianyun in. It is enough to see the strict guards here, and it is not easy to enter.

Of course, powerful beings can still go in as they please; for example, the Star Territory Divine Beast suddenly appearing in the current God Territory is not strange.

The Star Territory Divine Beast has an amazing Space Bloodline; it can freely travel through the major God Territory, and it can be said that as long as it wants, it can come out of their heads and swallow them.

This is the horror of the Star Territory Divine Beast. Fortunately, this thing is very rare, not everywhere. If it can be seen everywhere, it is estimated to be the world of the Star Territory Divine Beast; there is no need for other races to dominate.

Under the leadership of the guards, Yi Tianyun was brought into the temple on the inner side; when he came in, he found that there were other people in the temple, and there were many people.

Looking around, all of them are at the Earth Monarch level, but their cultivation level is above the Seven or Eight Refinement Level, full of talent. Through the exploration eye, Yi Tianyun saw that their comprehensive level is far beyond the same level of 1st Grade God Territory.

"These are all genius disciples born in God's Territory and cultivated?" Yi Tianyun looked at them; he had seen them all when he was born in God's Territory, and the foundation was stronger than others.

It is not born God's God Territory; it must be heaven-defying; it still needs to be nurtured to become st; just starting, it is naturally much stronger than the ordinary realm.

"This new disciple came through the God Territory's War of Ascending to Heaven. He just arrived." The deacon in front of the guard said.

"A new disciple from the God Territory's War of Ascending to Heaven?" Cun Hao Heaven Monarch nodded at Yi Tianyun: "I know, let him enter the line!"

“You go over there and line up.” The guard pointed to the group of cultivators on the side. There were not many people, only four, plus Yi Tianyun, just five. Compared to the group on the side, it was too far away.

Yi Tianyun could see that the group he was assigned to was all born in the Mortal Territory and came to join Heavenly Spring God Territory.

However, they are all unfamiliar faces. The people chosen by Elder Gou Huang probably arrived here a long time ago. They are not as slow as him. On the other side, there are experts born in God’s Territory. When they heard that Yi Tianyun came from the God Territory’s War of Ascending to Heaven, they looked over there a few more times. Most of their eyes are full of contempt.

In their eyes, the difference between Mortal Territory and God’s Territory is like heaven and earth. Even if it is the God Territory’s War of Ascending to Heaven, they look down on it.

This is like a pile of trash. The one who got a good ranking is not the overlord of trash. In the end, he is still trash! Therefore, they look down on him at all. It is the same as other races looking down on humans.

Feeling their contempt, Yi Tianyun did not pay attention to anything. This is inevitable. However, if they do not say it, no one will know they came from Mortal Territory.

On the surface, there is no difference between the two; even if it is a deep investigation, there is no difference. If there is no distinction, no one will discover they came from the Mortal Territory.

This made Yi Tianyun feel uncomfortable. If there is no distinction, it is estimated that the relationship will not be so awkward. Of course, he knows why there is a distinction. It is based on talent. Natural talent is the biggest difference between the Mortal Territory and the God Territory. Therefore, it is divided.

Cun Hao Heaven Monarch glanced at them and said in a low voice: “Almost; you can choose the Heavenly Palace you want to join now.”

He pointed to the side. There were many Teleportation Arrays of the Heavenly Palace on the side, namely the Sword Palace, Blade Palace, Axe Palace, Spear Palace, Pill Refining Palace, Divine Imprint Palace, Divine Construct Palace and Special Divine Palace.

These were all different types of palaces. There were palaces with other domains, and one was very conspicuous. It was called Special Divine Palace, and he had no idea what it meant.

“I don’t need to explain the front. As for the Special Divine Palace at the back, it is a mess. For example, my weapon is relatively small, or my ability is small. I can choose Special Divine Palace. There is no type of palace that you think is suitable. It is right to choose Special Divine Palace.” Cun Hao Heaven Monarch explained.

After his explanation, everyone came to a realisation. It turned out to be a chaotic palace. The Sword Palace was very popular. Of course, it was the first choice. Most of them used swords.

“Now, you can choose the palace you want to go to.” After Cun Hao Heaven Monarch explained, he let them choose independently.

Soon, they swarmed forward. Most of them chose the popular palaces in front of them. These were all popular palaces. It would be a fool not to choose.

When the five arrived and were about to make a choice, Cun Hao Heaven Monarch pointed to the special divine palace at the side and said, “The five of you, go directly to the special divine palace.”

“What? I specialise in cultivating long swords. I should go to the Sword Palace.”

“Yes, I am refining pills. I should go to the Alchemy Palace.”

“Let us go to the special palace. This is not our ability at all!”

No one chose the special palace. Except for them, they were forced to go there. They were not chosen by themselves.

“If I tell you to go over, then go. Don’t talk so much nonsense!” Cun Hao Heaven Monarch pointed at the special divine palace and said, “Hurry up and get in! Quickly! Don’t force me to throw you all in one by one. A bunch of trash, and you have such high requirements!”

Cun Hao Heaven Monarch’s eyes were filled with contempt. He had not expected that deep down, he was another existence that rejected the existence of the Mortal Territory. He felt they were vermin who had come here, making him even more disgusted.

Chapter 1074

Cun Hao Heaven Monarch finally revealed his true thoughts. Previously, he seemed to be hiding his true thoughts. When he chose the palace, he would completely reveal his thoughts.

“This is different from what we said before. We all relied on our strength to reach this place! We all have our strength. We are not inferior to anyone!”

“That’s right! We are not trash. Our strength is not the slightest bit inferior to the experts of the God Territory!”

“Cun Hao Heaven Monarch, please take back your insults! We have our own choices. We want to find the elders!”

All of them were furious. They had worked hard to come here, but this was the result. They did not know what the special palace was. Even if it was the best choice, they were not willing.

Because they were not only insulted but also could not choose the palace they wanted to go to! This was what made them most angry. There was no choice.

Today, they could not choose the palace. Today, they were afraid that they could not select more things.

“Find an elder?” Cun Hao Heaven Monarch sneered. “Elder, you want to see me whenever you want? I’m the biggest here, so you have to listen to me! You will be punished for betraying me if you don’t listen to my orders!”

The long sword in his hand flashed with a bit of killing intent. The extreme punishment here was directly killing them. It seemed that there was no lie. When the time came, he would kill them without mercy.

When the other cultivators saw this scene, they all revealed mocking smiles. Most of them were gloating. They felt that there was a good show to watch, and they liked to watch this scene.

The cultivators from the Mortal Territory felt his killing intent, and their hearts trembled. They did not doubt that Cun Hao Heaven Monarch would kill them. Here, Cun Hao Heaven Monarch was the biggest. He had the power to destroy the gods. It was easy to kill them.

“Cun Hao Heaven Monarch, I remember that we have not joined the Heavenly Spring God Territory, right?” Yi Tianyun interrupted at this time, “Since we have not joined the Heavenly Spring God Territory, we are qualified to refuse. Of course, I have no interest in joining the Heavenly Spring God Territory now. I choose to leave now.”

Although he had expected that there would be all kinds of rejection, being rejected here obviously disgusted him. Since this side does not want him to stay, he does not need to stay here; he can do whatever he wants.

After saying that, Yi Tianyun turned and left. They were just brought in, not officially joining Heavenly Spring God Territory, so there is no problem for Yi Tianyun to refuse unless he joined Heavenly Spring God Territory, which is another matter.

“What a glib tongue. Do you even know how to refute me?” Cun Hao Heaven Monarch’s eyes are full of coldness, “The moment you step into the Heavenly Spring God Territory, you are already a disciple of the Heavenly Spring God Territory. Even if you die, you will die here! I will give you a chance; kneel on the ground and crawl past me; I will forgive you for your words!”

After saying that, he opened his legs and let Yi Tianyun crawl over.

“Cun Hao Heaven Monarch, you are too insulting! We have never heard of it before. We immediately became disciples when we came in!”

“Yes, we want to see the elders! Brother, don’t go over; we want justice!”

The other four people were completely angry. Although they are not of the same race as Yi Tianyun, they came from the same area. Since they are so discriminated against, how can they not be angry?

“Justice? I am justice!” When the sword in his hand was about to stab, he heard Yi Tianyun’s voice.

“Wait, I have thought it through.” Yi Tianyun said.

“Are you sure you want to go through me? A wise man is a wise man. This is the right choice. If you go through it, I may be in a good mood. What if you choose another palace?” Cun Hao Heaven Monarch laughed, and his legs grew bigger.

The other cultivators of the God Territory shook their heads, their eyes full of contempt. They thought they would have some backbone, but who knew it was still a weak shrimp?

“Brother, you can’t get in...” The cultivator beside him felt insulted and immediately stood up to stop him.

The next moment, Yi Tianyun’s figure flashed, his right foot seemed to gather all the strength, and he kicked the space between the legs of Cun Hao Heaven Monarch.

“Boom!” Cun Hao Heaven Monarch was kicked directly into the sky and smashed into the hard wall. The whole person’s legs opened, and the space between his legs was blurred. This was not his lifeblood being kicked out, but the entire person was kicked out.

“If you want me to crawl under your crotch, let’s see if you have the ability to do so!” Yi Tianyun looked at the paralysed Cun Hao Heaven Monarch; his eyes were extremely cold.

Letting him crawl under his crotch was equivalent to an insult to him. He would not take this lying down.

A heavy kick was not enough to kill him, but the whole person was crippled. If he was not worthy of the Divine Pill, he really could not recover quickly.

Because of his cultivation, he can still recover, but this kind of shameful thing, I am afraid he will be with him for a lifetime.

“You, you injured Cun Hao Heaven Monarch!” The people next to him were stunned; no one thought that Yi Tianyun would suddenly attack; this is a 2nd Grade God Territory; casually attacking a deacon is equivalent to a slap in the face.

If you want to pursue it, it is a terrible thing. Chase to the ends of the earth, but unless you join a stronger force, it is another matter.

“So what? Those who insult me must pay the price!” Yi Tianyun’s eyes are cold, making the heart of the cultivator who looked at him cold.

After saying that, he wanted to leave here, but the cultivator soon stopped him in front of him.

“You can’t leave; you injured Cun Hao Heaven Monarch; you must be severely punished!”

“Yes, it is our negligence to let you go!”

They all stood before Yi Tianyun; they wanted to take credit and express their loyalty to Heavenly Spring God Territory.

“Who said I am leaving?” Yi Tianyun looked at them and said indifferently: “I’m going to ask the elders about this.”

Of course, he wouldn’t simply leave. Instead, he wanted to question the elders and see what kind of attitude they had. If they still had this attitude, staying any longer was unnecessary. It was simply a waste of time.

“What’s going on?” At this time, the guards outside rushed in one after another, and when they saw that Cun Hao Heaven Monarch was injured and was paralysed on the ground, their faces all changed.

“He, he suddenly attacked Cun Hao Heaven Monarch!” The cultivators of the God Territory immediately pointed at Yi Tianyun.

“Bullshit, it’s all Cun Hao Heaven Monarch who insulted us first!” The cultivator from the Mortal Territory who was with Yi Tianyun retorted.

“No matter the situation, offending the superiors is a capital offence!” The guards were too lazy to listen to their explanation. In their eyes, injuring Cun Hao Heaven Monarch was a capital offence!

Chapter 1075

The guards surrounded Yi Tianyun one by one; all of them are at the Heaven Monarch Level; although they are called Heaven Monarch, they are all at the 1st Layer and 2nd Layer of Heaven Monarch, not very strong.

“Kill them without hesitation!”

The guards did not hesitate to take out their weapons and attack Yi Tianyun. Yi Tianyun was suddenly angry. There is no doubt that these guys are in cahoots; it is impossible to expect them to get justice for him.

“Get lost!”

Yi Tianyun didn’t show any mercy. He kicked them, and they all exploded into blood mist. They all died. At first, he didn’t want to kill them. Since these guys insist on killing them, then don’t blame him for being impolite.

The guards who wanted to rush over felt their hearts tremble and didn’t dare to continue moving forward.

As for the other cultivators, they were even more shocked. Was this a cultivator from the Mortal Territory? He kicked a Heaven Monarch to death. Even if a Heaven Monarch was an ordinary Heaven Monarch, he was still a Heaven Monarch, but he couldn’t withstand a single kick!

“Who wants to stop me?”

Yi Tianyun glanced at them. Just his aura alone was enough to force them back. No one dared to stop him. Immediately when he wanted to pass through here, the guards at the side gritted their teeth and stopped him.

“You can’t go in through here!” They finally stopped him. If Yi Tianyun went in, it would be equivalent to letting a dangerous person into the room, and they would not let him in.

If he was let in and something happened, they would be punished as if they had a death sentence, so they might as well stop Yi Tianyun and not let him in. Even if they died, at least they can prove that they have some backbone.

Yi Tianyun looked at them coldly, and after a moment, he said in a low voice, "Okay, I can not go in, but you go and inform the elders! It's good to say there are dangerous people here and ask them to come out. So, either I go over, or the elders come in person!"

These words made everyone take a cold breath and let the elders come personally; this is big, but letting Yi Tianyun go in person and violate their principles is not good.

"Okay!"

The guard gritted his teeth and crushed the token in his hand. It was equivalent to sending out a letter of relief. At that time, there would be experts coming over. Only a portion of the guards had this token to send out a letter of relief in time to avoid serious matters from happening.

Not long after he crushed it, the space beside him was quickly split apart. A figure walked out from the space in a threatening manner. He was an extremely violent God Monarch.

It was as if he was the ruler of the world!

Only God Monarchs of other levels could easily break through space and teleport over here.

"What happened?"

The one who walked out was not Elder Gou Huang. Instead, it was another elder from the Heavenly Spring God Territory. His name was Elder Shi Hong. His cultivation had reached the God Monarch 2nd Layer. Although he was only at the God Monarch 2nd Layer, he was enough to suppress a faction.

As soon as he came out, he looked around and saw the blood stains on the ground, and the unconscious Cun Hao Heaven Monarch frowned.

"Elder Shi Hong, he, he injured Cun Hao Heaven Monarch. He even killed us and several guards!" The guard quickly ran over and explained.

"Huh?" Elder Shi Hong turned his eyes and looked at Yi Tianyun. His eyes almost nailed Yi Tianyun to the wall.

Yi Tianyun didn't feel anything at all. He stood motionless, ignoring Elder Shi Hong, who was looking at him. If it were anyone else, they would have been scared by this momentum.

"Elder Shi Hong, it's all because Cun Hao Heaven Monarch first insulted us. He also let this brother crawl under his crotch! Cun Hao Heaven Monarch also forced us to join the Special Divine Palace, not giving us a choice!"

The cultivators next to him immediately stood up and explained. Yi Tianyun did not need to stand up to explain. Someone helped to define it. Yi Tianyun's kick just now was too satisfying, so he stood up to help explain.

"Did I let you speak?"

Elder Shi Hong glared at him. His oppressive aura rushed over, making his feet soft and directly falling back to the ground. He did not expect that he could not stand firm with just his aura.

Everyone couldn't help but look at Yi Tianyun. Under this gaze, Yi Tianyun is completely fine; isn't the gap too big?

Immediately, Elder Shi Hong turned to look at Yi Tianyun and said coldly, "You are quite arrogant. What does Cun Hao Heaven Monarch want you to do? If you still dare to resist now, committing the crimes below is a capital offence! This rule has always been in Heavenly Spring God Territory. There are no exceptions."

His words have been put down; it is to carry out the capital offence regulations, want to punish him!

Yi Tianyun laughed, "What a joke; I didn't expect this to be the strongest Heavenly Spring God Territory. I am so disappointed. Heavenly Spring God Territory is just so, and I don't want to stay!"

This act of protecting his shortcomings made Yi Tianyun angry, but it was understandable. Understanding is understanding, so staying in Heavenly Spring God Territory is unnecessary.

He turned to leave, but Elder Shi Hong flashed in front of him and said coldly, "You're here, and you still want to leave?"

"As long as I want to leave, no one can stop me!" Yi Tianyun stared at Elder Shi Hong, as expected of the powerful Heavenly Spring God Territory; he was big enough to discriminate against anything.

He did not know how valuable first place in the God Territory's War of Ascending to Heaven was, but he was treated like this here, so how could he not be angry?

“Then I would like to see how you will escape!” Elder Shi Hong was also furious. He had always been respected, but now, someone was going against him. How could he not be angry?

Just as he was about to reach out and grab it, the space beside him was broken open again. A familiar figure walked out. It was Elder Gou Huang!

“What’s going on? He crushed the emergency token.” After Elder Gou Huang came out, he saw Elder Shi Hong was about to pinch Yi Tianyun’s neck; he asked in confusion, “Stop! Tell me what is going on!”

“Elder Gou Huang.” When Yi Tianyun saw Elder Gou Huang coming over, he shouted, “Elder Gou Huang, I respect your invitation and especially came to join the Heavenly Spring God Territory. This was originally my honour, but who would have thought that after coming over, you would insult us and not allow us cultivators from the Mortal Territory to choose any Divine Palace? What is the meaning of this?”

Elder Gou Huang frowned and casually glanced around, roughly understanding what it meant.

“Elder Shi Hong, stop!” Elder Gou Huang said in a stern voice.

“Elder Gou Huang has violated the rules. This has already violated our greatest rule!” Elder Shi Hong said in a low voice.

“He won the first place in the God Territory’s War of Ascending to Heaven. He is a rare genius. Even the super geniuses here are not inferior to him.” Elder Gou Huang said in a low voice. Elder Gou Huang said in a low voice, “Do you think this is very appropriate?”

When these words came out, everyone was stunned. Elder Shi Hong was also astonished. He won first place in the God Territory’s War of Ascending to Heaven.

Chapter 1076

God Territory’s War of Ascending to Heaven, there had always been only a bit of gold content, and the overall gold content was not very high. Only the top ten could be seen in the eyes of many 2nd Grade God Territory Elder Elders or other disciples.

However, in their eyes, they were far from the disciples on their side. At least there was a great gap, so overall, it was half a joke.

To put it bluntly, it was actually for diplomacy. This diplomacy was to build a good relationship with the 1st Grade God Territory. This was not a bad thing for them.

How could a battle of diplomacy not be called a joke?

Therefore, when the guard saw that Yi Tianyun had come from the God Territory's War of Ascending to Heaven, his expression was calm, as if he were looking at a very ordinary disciple.

The others disdained Elder Gou Huang's words and felt it didn't matter.

However, Elder Shi Hong's face suddenly changed. He had heard of the detailed situation and even looked at the record. The elders used the record plate to record the battle scene, so that he could see the battle situation of Yi Tianyun.

At that time, he immediately believed that Yi Tianyun was a genius and must be accepted as a disciple! He didn't care about the Mortal Territory or anything like that. It was just that he was very protective of his people! If Yi Tianyun caused trouble, he would also be very protective of them.

It is not interesting to him at all. He is also a rigid person. It is very difficult to forgive his sins. If you do not punish him severely, there may be a second time!

If too many of them existed, wouldn't the whole God Territory be in chaos?

Knowing that Yi Tianyun is Earth Monarch, he suddenly feels very embarrassed. He was looking forward to when Yi Tianyun would come, but now Yi Tianyun was shouting at himself, making him very embarrassed.

"Cough, cough, cough, tell me, what mistake did Cun Hao Heaven Monarch make? Think about it; it is better to solve the process." Elder Shi Hong coughed lightly.

Such a change left everyone stunned. Is the name of the God Territory's War of Ascending to Heaven exaggerated?

Yi Tianyun saw the change in Elder Shi Hong and immediately shook his head. As expected, only with strength can one be treated equally.

Yi Tianyun immediately told everything, which made Elder Gou Huang very angry!

"What is he trying to do?" Elder Gou Huang said sternly. "Isn't this already rectified?"

We must treat him equally! This Cun Hao Heaven Monarch has also violated the rules. Lock him up in prison and let him stay for a thousand years to reflect on himself!

"Yes!"

The guard beside him quickly came over to drag Cun Hao Heaven Monarch down. Not only was he kicked to death, but he was also locked up in prison for a thousand years. It

was really hard. Who would have thought this Mortal Territory disciple would be so famous? The elder immediately changed his expression.

The other cultivators had already seen through the truth. They all gasped in their hearts. No wonder Yi Tianyun is so overbearing. It turns out that he has some ability. People with ability are often not afraid of trouble.

“Earth Monarch Tianyun, this matter is indeed not managed well. I hope you don’t mind.” Elder Gou Huang felt very embarrassed. Originally, he was an elder, so there was no need to talk to the younger generation like this. However, this kind of thing had a great impact. He could see Yi Tianyun’s anger.

He spent a lot of money to recruit him, but who knew that such a bad thing would happen? If there was a problem, how could he work for Heavenly Spring God Territory?

Yi Tianyun frowned. He had to admit that the situation made him feel very uncomfortable. After all, Elder Shi Hong repeatedly insulted him and stopped him. This made him feel very unhappy. Although he already knew about it, he still felt very unhappy.

“Earth Monarch Tianyun, let me tell you this. I like to protect my people. No matter what my people do, I will protect them. You are a newcomer; you don’t follow the rules and beat my people. My character of protecting my people is coming out. In other words, even if I do this, I will protect my people.”

Elder Shi Hong said in a deep voice, “I admire your ability. I think you can do a great job. Don’t be arrogant if you can intimidate those little guys!”

Yi Tianyun raised his eyebrows. He did not expect Elder Shi Hong to apologize. As a person, this is a taboo. After all, this is harmful to his identity. He won’t say it. Even if he made a mistake, he will believe he is right!

Elder Shi Hong’s words made him smile. This character is simple and crude, but it is a bit disgusting. However, it is only limited to outsiders.

Elder Gou Huang winked at Yi Tianyun, indicating he should give Elder Shi Hong a stage quickly. An elder bowed to apologize; this is incredible, especially the elder of Heavenly Spring God Territory. Can it be easy to do this?

He would be wrong if it were any other Elder of God Territory.

“Elder Shi Hong, I understand what you are thinking. I am still not satisfied with the management. If I listen to the arrangements and enter a palace that does not fit me, wouldn’t I be unknown?” Yi Tianyun asked. The one Yi Tianyun feels the most unhappy is naturally Cun Hao Heaven Monarch.

Elder Shi Hong is not a problem. When did he not have the protection of his shortcomings? More importantly, he is still in management. He did not do well in this aspect. Many cultivators from the Mortal Territory can not be treated fairly. This is the most disgusting thing.

“We have set this rule before, but this kind of thing still happens; it can only be said that it is neglected in management.” Elder Gou Huang frowned. This was not for Yi Tianyun’s sake, but they considered doing it.

As time went by, they found more and more geniuses in the Mortal Territory, and they were not inferior to their geniuses. If they want people to work hard for them, they don’t even have the most fair treatment; how can they be loyal to themselves?

Who knew that someone still relied on his position as a deacon to decide things at will, making them angry after hearing it?

“Thank you, Elder Gou Huang; this junior only wants the cultivators from the Mortal Territory to be treated fairly!” Yi Tianyun cupped his fists and said.

Since the other party said so, Yi Tianyun does not have to worry about it. The result is very satisfactory, and he does not feel disgusted.

The eyes of the other cultivators of the Mortal Territory lit up, and they showed gratitude to Yi Tianyun. They did not expect to reward themselves with treasures but to give normal treatment.

Chapter 1077

The sudden turn of events made the cultivators of God Territory stunned. They felt that if they said this, they would be slapped half to death.

At this time, they all wondered where Yi Tianyun came from. It was incredible that he could make the elders change their minds. They had never seen this scene before, including the guards. They felt that they were wrong. Is this still their elder?

“This is for sure. In the future, we will strengthen the management of this side!” Elder Gou Huang nodded seriously. This was not Yi Tianyun’s words, but he wanted to do this.

He had been doing this all along, but there were still loopholes. There were so many people, and there were many passages. If he wanted to abide by them completely, this was still impossible.

Thus, he could only carry out strict management, or else he wouldn’t be able to do it.

“Let’s not talk about this anymore. I wonder what Divine Palace you will choose?” Elder Shi Hong changed the topic, “Why don’t you come to our Sword Palace? The Sword Palace is very powerful. You should be using a sword, right? Generally speaking, they all use swords.”

“Hehe, Elder Shi Hong, you guessed wrong. Earth Monarch Tianyun is using spears, so he wants to join the Spear Palace.” Elder Gou Huang laughed from the side.

“Spear Palace?” Elder Shi Hong showed a disappointed expression. He is from the Sword Palace; of course, he wants Yi Tianyun to come to the Sword Palace.

“Cough cough, two elders, I am sorry, I do not intend to join Spear Palace, but to join Divine Construct Palace.” Yi Tianyun said his intention.

“What, Divine Construct Palace?” They were dumbfounded. They did not expect Yi Tianyun to choose the Divine Construct Palace.

It’s not that the Divine Construct Palace is not good, but joining the Divine Construct Palace is difficult. If you don’t master a demon fire, you won’t join.

“Yes, I intend to join the Divine Construct Palace. Is there a problem?” Yi Tianyun asked.

“There is no problem. I didn’t expect that both of us had guessed wrong.” Elder Gou Huang looked at him and smiled. “If I think about it carefully, it makes sense. I remember that you have a demonic fire. It is not a problem to join the Divine Construct Palace.”

“So that’s how it is. No wonder you want to join the Divine Construct Palace.” Elder Shi Hong was disappointed.

“By the way, who did you let in the Special Divine Palace? Or is it that bad?” Yi Tianyun is good for the special palace.

“This...” Elder Gou Huang’s expression was awkward, but he immediately nodded and said, “It is indeed lacking. All aspects of resources are lacking.

If the master is too biased, we won’t be able to take care of too many practitioners from the side sects.

The Heavenly Spring God Territory was already very strong, but that did not mean there were all kinds of resources. Some practitioners from the side sects did not have corresponding martial arts or resources. They could only pile up together.

Such a chaotic place; the environment was naturally not too good.

“It seems that if we go in, we will never be able to make a comeback?” Yi Tianyun said.

“Not really. If we perform well, we will also do our best to cultivate and find ways to get corresponding martial arts.” Elder Gou Huang said.

Although this is the case, it is difficult to enter the early stage, and it is very difficult to break out.

Yi Tianyun did not say much about this and immediately went directly to the Divine Construct Palace’s Teleportation Array. The rest of the cultivators also chose the Divine Palace they wanted.

Before leaving, they thanked Yi Tianyun one after another. They would have to join the special Divine Palace if he did not resist.

“Earth Monarch Tianyun, when you stabilize, come to me. I will take you to steal the Heaven Stealing Divine Land, the promise I made before.” Elder Gou Huang urged.

“No problem.” Yi Tianyun nodded. Of course, he knew about this Heaven Stealing Divine Land. It was a very good holy land for cultivation. He wanted to see what was going on. It might be of great help to him.

After he stepped into the teleportation array, he quickly disappeared from it. The two elders exchanged a glance.

“This old face of mine is going to be lost. Apologize to a junior.” Elder Shi Hong shook his head, feeling very helpless.

“What’s wrong with that? You’ve already seen the record plate. This kid is very strong and doesn’t look like a reincarnated soul. I think his master must be very terrifying. He might be an extremely strong God Monarch or Heavenly Venerable!” Elder Gou Huang said. Elder Gou Huang said.

“A Heavenly Venerable would let his disciple come to our place?” Elder Shi Hong shook his head.

“This is an experience. Who knows?” Elder Gou Huang shook his head. “Even if he is not a disciple of Heavenly Venerable, he will have a lot of opportunities. In short, it is a good way to let him polish those boys. This way, we can have a greater chance to take down the new God Territory!”

They looked at each other and saw the burning eyes as if their goal was the same existence.

Yi Tianyun did not know that he was like a shit-stirrer arranged. These experts of God Territory are extremely arrogant, especially those who look down on the experts from Mortal Territory; even if the regulations do not discriminate, they will still discriminate.

This is not a simple thing to say; the thoughts in the heart can not be changed; with the appearance of Yi Tianyun, Heavenly Spring God Territory will become active.

Because of this, Elder Shi Hong and the others chose to try their best to persuade him to stay; after all, there are very few Mortal Territory cultivators with such powerful strength.

If it is a strong God Territory Cultivator, although they can also suppress those arrogant experts, the cultivators of the Mortal Territory are always more straightforward.

Yi Tianyun was sent to the Divine Construct Palace in the blink of an eye. Just as he arrived here, a burning sensation immediately came from all around, making him feel a bit hot.

The place he was currently in was a temple. When he walked out, the outside was like a furnace, and his feet could feel the bottom, sending a terrible heat.

Many plants were around, but these were fiery red; all of them were fire-attribute plants that could withstand such high temperatures, and ordinary trees, estimated, could not stay longer and withered.

In addition, all kinds of flame stones were everywhere, all containing amazing flame energy; when checked, let alone the surface, most of the planets under his feet were flame stones.

No wonder he built the Divine Construct Palace here. With such a high-temperature bonus, he must be able to forge a good weapon!

Yi Tianyun chose this place to strengthen his forging ability. He wants to forge a weapon that is extremely suitable for himself. Although he can get a good gun whenever he kills an enemy, the weapon forged is the strongest and most ideal for himself.

He chose the Divine Construct Palace; he wanted to advance himself.

Chapter 1078

When Yi Tianyun left the temple, no guards were blocking him. He has already been examined, so there is no need to check again.

Looking up, there is a row of different temples in front of him, as if the whole planet is wrapped up, endless.

Although there is no end, there is a door in front of him, and guards are patrolling the edge of the city wall, watching the surrounding situation vigilantly.

Yi Tianyun can see cultivators coming here from time to time, and when they are ready to approach the city gate, they will choose to land and then go through the gate.

Whether in the God Territory or the Mortal Territory, most forces are forbidden to fly, and these key areas absolutely can not fly randomly, lest something happen.

For example, those who make a big mistake must fly to escape, and once they see that they are flying to escape, they will immediately be stopped; if they fly casually, they will not be able to control the scene easily.

Of course, the most important thing is the problem of respect; except for the elders and deacons level, all of them can not fly; this is the rule suitable for most of the key areas.

It is even forbidden to fly in Yi Tianyun's Imperial City, only to walk normally; these are for the convenience of management; the rest of the cities do not need to be banned, so there is no interference.

When he approached, the guards immediately stopped him and asked, "Identity token!"

Yi Tianyun took out the identity token and handed it over. After checking it, they nodded and immediately let him go. The degree of security was not big. After all, the identity of those who could come here had been confirmed, so there was no need to be particularly strict.

Although not strict, it still needs to be confirmed. Otherwise, there is no way to come in.

After entering, it is like a city; people come and go. It looks like a palace specially set up for disciples, but it is a huge city.

"Isn't this a city?" Yi Tianyun was stunned; it differed from what he had seen before.

When he looked around carefully, he knew the purpose of doing this. There are shops around selling all kinds of forging materials. The quality is different, and the price is also different. The currency is mainly Star Stones or can be replaced with other things.

Many people were coming and going here. One look and one would know that it was a blacksmith. Whether or not it was a god craftsman was another matter. A god craftsman was an existence that could truly forge divine weapons and above. A blacksmith could only forge weapons that were within the divine artifact realm.

However, this did not matter. There was a difference in cultivation levels. Although there were countless experts in the 2nd Grade God Territory, it did not mean that there were no weaknesses. Many native cultivators had similarly low cultivation levels, and some lacked talent.

However, it just so happened that they discriminated against the cultivators of the Mortal Territory. Even from head to toe, they were inferior to the cultivators of the Mortal Territory. They viewed themselves as superior!

This was like a Crown Prince who did not know how to wash his clothes and cook. He could not even do the government properly and was still incomparably arrogant, looking down on everything.

Fortunately, there shouldn't be many of these people; only those geniuses would have this feeling.

Along the way, Yi Tianyun saw a lot of new materials; this place is lively, but what is more vibrant is the Divine Hall at the front, a group of people lined up in a long line as if they were going to enter a place.

Yi Tianyun walked over and saw that all of them were registering and handing out their tokens. After paying a certain Star Stone, they could enter the examination.

"You want to join Divine Construct Palace, right? Go to the back and line up!" When the cultivators in line saw him, they immediately waved to the back, looking very skilled; it was obvious that they had done it many times.

Many people want to see the truth and line up or cut the line, but these have to go back to line up, not cut the line.

"You all want to join the Divine Construct Palace?" Yi Tianyun was stunned. Didn't they say that recruiting disciples was very harsh? Now there are so many long dragons, and they all have Demon Fire?

"Isn't that obvious? We won't join the Divine Construct Palace."

Are we going to watch the scenery here?

"That's right. Line up at the back if you want to join the Divine Construct Palace. With one look, you can tell you are new and don't even know the rules."

"Isn't it normal that you don't know the rules? There are always new people who want to join the Divine Construct Palace. But is it so easy to join the Divine Construct Palace?"

"There are too many people; I don't know how many were eliminated this time; it's too cruel."

Yi Tianyun glanced at them. Their cultivation level is around Star Monarch Level, which is not very high. As for the body, there is no Demon Fire. Fire attribute constitution is fine, or some special one, such as the Fire Dragon constitution, can satisfy the blacksmith's level.

These should not be the inner hall disciples; it is likely to be related to the miscellaneous type, but even if they are doing odd jobs, they need a high level of ability to do odd jobs.

Yi Tianyun looked up; if he lined up individually, wouldn't he be stupid here? If he doesn't queue for a few days and nights, he won't be able to hit himself.

The key point is that he is not here to join the chores but to join the Divine Construct Palace.

"Brother, come to my side; I have a seat here!" At this time, someone on the side waved to Yi Tianyun.

Yi Tianyun turned his head and found that the person who beckoned him did not know, but there was one characteristic: human! He is of the same race, so he will care for him.

"What are you doing? Asking someone to cut the queue?" Someone shouted angrily from behind.

"So what if I asked someone to cut the queue? Didn't you ask someone to cut the queue before? Didn't the person in front also cut the queue? So what if I cut the queue for my friend?" The human brother retorted.

"We can cut the line, but you can't let people cut the line! If you want him to come in, get out of here!"

"That's right, the human race is so mediocre, and they want to join the Divine Construct Palace; it's a daydream!"

"Yes, this is a waste of space; letting you line up here is kind!"

Yi Tianyun thought that the sense of rejection would be less, but who knew that it was also born in God's Territory, and now it's time for racial problems.

"No need, I won't cut the queue; you can just line up." Yi Tianyun smiled and nodded; this kid seemed to be a good person.

"Brother, no need to be so polite; hurry up and come over. Don't be afraid of them! They cut the queue more; I will let you come alone." The young man waved his hand.

“It’s not necessary.” Yi Tianyun waved his hand. He doesn’t appreciate it but doesn’t want to join the odd jobs. He wants to see how he can enter and register. It’s not a good idea to wait in line.

Joining a Divine Palace is a lot. There are too many problems.

Chapter 1079

Yi Tianyun refused to line up, so the man could only give up. The cultivators next to him began to laugh at him.

“They think your line is too long and want to see if there is a place in front to cut in line!”

“You brat, go to the back and line up. You are an eyesore standing here. There is no human in front, and you are delusional to cut the line in front!”

“It is very simple to cut the line. Come to me, only one hundred Star Stones, and you will cut the line.”

“A hundred Star Stones, isn’t this too bad? The registration only requires ten Star Stones!”

“Is the meaning the same? If you want to sign up quickly, you must pay the price!”

One by one, they began to laugh at Yi Tianyun. The one in front of them even offered a high price to let Yi Tianyun cut the queue. They thought he wanted to line up faster, so he did not choose to line up with his kind.

This action undoubtedly hurt his kind, who wanted to take care of Yi Tianyun. He also felt a little embarrassed. He did this out of kindness, but the other party did not appreciate it.

“Brother, thank you very much. It’s just that I didn’t sign up here. It doesn’t mean anything to me.” Yi Tianyun thanked the young man.

Immediately, when he looked carefully, he found a front desk in front of him. There was no one in front, and a very bored person was sitting there, seemingly waiting for something.

His eyes lit up, and he walked forward. When the cultivators on the side saw it, they were puzzled, “Don’t tell me that kid wants to sign up over there?”

“Looks like it. Isn’t that place recruiting inner hall disciples? The conditions are very harsh. Did that kid reach the standard?”

“Up to the standard my ass. How long has it been since someone reached the standard? He must be a newcomer who doesn’t understand the rules here!”

“That’s right. He must be a newcomer who doesn’t understand the rules. He is going to make a fool of himself.”

They all laughed. This kind of thing was not uncommon. When a newcomer came over and saw no one in line, he came over to line up. Who knew that the requirements were very harsh? Let alone reaching the standard, even the most basic requirements could not be reached.

Yi Tianyun came to the deacon and said: “I am here to join the Divine Construct Palace.”

He handed over the identity token, and the other person casually took it and checked it casually, “The first place in the God Territory’s War of Ascending To Heaven has Demon Fire. Hmm, no... what! The first place in the God Territory’s War of Ascending To Heaven and Demon Fire?”

He suddenly bounced up, and his voice was so loud that it startled everyone in the queue.

“Yes, is there a problem?” Yi Tianyun said, “Am I qualified?”

“Yes, absolutely qualified. Please come in with me!” The deacon was extremely excited. He could finally recruit someone, but no one came. He wanted to die!

“Then can you bring a friend with you? Of course, he is not going to the inner hall with me. He is going to the ordinary examination.” As he spoke, he pointed at the young man who had just helped him.

The cultivators in the queue were stunned at this time, including the young man who had been pointed at. They were instantly dumbfounded.

The deacon glanced at him and nodded, “Come over. I will bring you in. Anyway, it is on the way.”

The sudden situation lit up the cultivator’s eyes, and he quickly ran over. The dissatisfaction he had with Yi Tianyun immediately disappeared.

Immediately, the deacon led them directly in; the guards in front did not stop them, and with the deacon leading the way, they naturally wouldn’t stop them.

“What, what’s the situation? That kid has a demon fire?”

“Yes, he is the champion of the God Territory’s War of Ascending To Heaven. Damn it, no one has come to sign up in a hundred years, how come this time!”

“Damn it; we don’t have to line up; the key is that the deacon will introduce us, the pass rate will be higher!”

They are full of regret. If they treat Yi Tianyun better, it will be their turn. Now, they only need to think about it. Yi Tianyun will not retaliate against them. When they become disciples, they will have the power to kill.

They can easily be kicked out of here.

When the time comes, they will cry.

The mocking expression on his face now turned into a bitter melon face; it was worse than eating a fly.

At the same time, Yi Tianyun followed the deacon forward, followed by the young man, who was a bit nervous; he did not know what to say.

“Relax, there is no need to be so nervous, so there is no need to line up.” Yi Tianyun patted his shoulder, indicating he should not be so nervous.

The young man wiped his sweat and nodded. “Thank you, brother, for bringing me in. I didn’t expect you to be qualified to sign up here. I was wrong. I thought you thought the team was too long, and you looked down on my side...”

“It’s okay. Work hard. You will be able to establish yourself here in the future. This is a gift for you. Thank you for your kindness.”

“This, this is a Lower Grade Rebirth Level Weapon... It’s too precious, I, I can’t accept it.” His hands trembled; this was an extremely precious treasure to him.

“Take it, work hard.” Yi Tianyun patted him on the shoulder.

The deacon beside him looked at him and said, “We are here; you can directly go in and register; whether you will be hired or not depends on your own ability.”

The young man nodded heavily and bowed deeply to Yi Tianyun, “Thank you, brother; when you have achievements in the future, I will repay you!”

After that, he took his weapon and ran to sign up. There was a good basic condition for him to walk more steadily, so he accepted his gun and no longer refused.

Immediately, Yi Tianyun followed the deacon and continued to walk forward. He asked while walking, “Excuse me, are there very few people here to sign up?”

“The conditions of the Divine Construct Palace are so harsh, even if there is a Demon Fire, it is not necessarily accepted, so very few people sign up. Originally, fewer people have Demon Fire, and the registration is more difficult.” The deacon was very helpless. “Fewer people exist in my place or the other passages. Those who have Demon Fire are not everywhere on the street. It is not easy to find.”

If he can't find someone, he can't get any benefits; how can he not be in a hurry?

Yi Tianyun nodded. Demon Fire is rare, one in ten thousand. Moreover, the Pill Refining Palace also robbed people, and the Demon Fire could go to the Pill Refining Palace, making the number of people smaller.

From a practical point of view, more people go to the Pill Refining Palace; after all, weapons are always external objects. Refining a good pill can improve your cultivation, which is obviously more important.

“Fortunately, you are here. Otherwise, I will be punished.” The deacon was excited, “Please choose to be a disciple so that I can benefit a little.”

Such a straightforward word made Yi Tianyun speechless.

Chapter 1080

Under the guidance of the deacon, they walked all the way. The deacon seemed to have not spoken for a few hundred years. He kept talking to him along the way. The content of the deacon was complaining about the things here. He complained one after another.

All the problems in the Divine Construct Palace were complained about, which made Yi Tianyun's head explode.

However, he got a lot of useful information from it: the conditions are extremely harsh. Demon Fire is the only basic point, and it requires various abilities. Therefore, it is very good for many people who come to participate in the selection of disciples. It is very good that one of the ten people can be admitted.

It is enough to see how harsh the conditions are. It is very difficult to have Demon Fire. It is very harsh to choose disciples among the owners of Demon Fire.

It would be fine if it were any other faction, as long as they had Demon Fire. They could take it slowly later on. There was no need to be so harsh. The Divine Construct Palace was different. It had to be extremely strict. Just having a demonic fire was not enough. It also needed all kinds of stable foundations.

For example, if one's comprehension of forging were too poor, they would not be accepted as a disciple. If one were not careful enough, they would also not be accepted as a disciple. The requirements for selecting a disciple were more harsh than the last. The key was that the disciple was here, and the situation was outside.

No matter who it was, they would take turns to make trouble if they joined. Even if they qualified, they would be blasted away.

As a result, the Divine Construct Palace became fewer and fewer people. On the other hand, the Pill Refining Palace continued to accept disciples to strengthen themselves. This was because the management was too arrogant and indulgent that this situation occurred.

"Why do I feel like I've entered the Black Palace?" Yi Tianyun looked at the deacon who led the way and said, "Can I join another place?"

"How can you? You are already here; you can't join; you go to other Divine Palaces." How can the Deacon let Yi Tianyun run away? As long as he brings people in, he can benefit; whether he succeeds or not, there will be some benefits.

If he succeeds, the benefits will be doubled.

Yi Tianyun was dragged over by the Deacon and walked to the "Refining Divine Palace" before him. This Refining Divine Palace is no different from other palaces; they are all made of flame stones and are not close, only the heat waves.

If the cultivation is too low, it is cooked.

"This is the place; let's go in!" The deacon dragged Yi Tianyun inside.

After walking in, he first saw no big battle. Instead, it was empty. An old man was sitting next to him. He looked very bleak, like a declining family. No one came to join.

When he just came in, the old man who looked sleepy suddenly opened his eyes. A golden light shot out from his eyes and hit Yi Tianyun as if he wanted to see through him.

"Elder Dong Yun, this is a disciple who has come to take part in the assessment." The deacon walked over with an attentive expression. He rubbed his palms together and said, "He has a Demon Fire, and he won first place in the God Territory's War of Ascending to Heaven. He is qualified to take the assessment."

"First place in the God Territory's War of Ascending to Heaven?" Elder Dong Yun's eyes widened. He slightly narrowed his eyes and looked at him up and down. "A genius from the Mortal Territory and a Demon Fire. This is quite rare. But very good, it's finally a bit fun."

“That, Elder Dong Yun...” He rubbed his palms together and looked at Elder Dong Yun like a child asking for candy.

“Go, go, go, I know what you are thinking; go and get your reward.” Elder Dong Yun waved his hand impatiently.

“Thank you, Elder Dong Yun!” The deacon was happy and quickly turned to leave. When he passed Yi Tianyun, his eyes showed pity, “Kid, good luck, you can do it!” After encouraging him, he quickly left to get the reward.

Yi Tianyun frowned, feeling like he was being sold.

Following this, Elder Dong Yun clapped his hands, and with a few “pa” sounds, it echoed in the Divine Refining Hall. Nothing happened next, no different from before.

Following Elder Dong Yun, he came over with a smile,

Seeing his smile, Yi Tianyun suddenly felt creepy, like a prey that was targeted.

“I haven’t had a new disciple in two to three years. I wonder how strong you are? The last one was weak and couldn’t even pass the most basic.” Elder Dong Yun grinned at him. “If you pass our test, you will be able to join the Divine Construct Palace, and we will also do our best to nurture you! We can even give you the right to cultivate in the Heaven Stealing Divine Land. As long as we can get it, we will give it to you.”

It was such a shocking temptation as if it was saying that as long as I had it, I would give you all the good things.

Yi Tianyun was expressionless. To be able to provide so many benefits, it must be a very cruel test. This Elder Dong Yun likes to play the test more.

Not a moment later, a group of people came in from the outside and quickly made the place lively.

“Finally, a newcomer, he looks quite young. I wonder how capable he is?”

“Let’s see if he can pass our group of senior brothers first. It’s not easy to join.”

“Oh, humans? Humans can also control Demon Fire. It’s not simple. I just don’t know if they can withstand our abuse... Oh no, our test.”

Not only the other elders but also some senior brothers and sisters. There were not many people who came, only a dozen or so. However, the lowest cultivation level was the Eight Refinements Earth Monarch Rank and the strongest was the 6th or 7th Layer Heaven Monarch. There were many geniuses.

They looked at Yi Tianyun up and down, their faces full of excitement, as if they found something fun.

Seeing that they were so excited, Yi Tianyun's heart suddenly sank. These seemed to be regarded as fun, but he did not know any disdain in their eyes or look down on him.

They wouldn't look down on him just because he was a human, and they would all be excited!

"Junior Brother, we will call you Junior Brother for now. If you can join us, we will each give you a greeting gift. If anyone bullies you, just tell us in the future, and we will immediately avenge you!"

"Hey, Senior Brother Yu Long, is it really okay for you to say that?"

"What's not good about it? The one from before was immediately scared away by us. If you don't show us some respect, they won't be able to take the power assessment."

One by one, they started to discuss. Their eyes kept looking at Yi Tianyun. Among them, Yi Tianyun felt very creepy. It was still a beautiful woman next to him. Her lovely eyes were burning. She even licked her lips at him as if looking at food.

"Junior Brother, if you perform well, Senior Sister will take you to a fun place..." She smiled slightly.

Yi Tianyun was speechless. This is called Divine Construct Palace. It is a group of lunatics!
