Chapter 1101

Yi Tianyun didn't expect Lucky Halo and Prestige Points to have this kind of effect here, making him feel very magical.

There is no such situation outside; this kind of situation will happen in Divine Dream Island; taking the initiative to let Star Power come over undoubtedly greatly increases his cultivation speed, making him not particularly tired.

Although the Star Power here is very rich, and he can absorb a lot of it with a casual breath, it is like pulling something from the wall when it is really absorbed.

Because the Star Power is fixed by Heaven Stealing Divine Land, you have to spend more effort to absorb it if you want to absorb it.

Yi Tianyun took the initiative to come closer; the gap between them can be imagined, making the surrounding cultivators envious. I wonder what kind of treasure he holds to have such an effect.

He doesn't know what kind of treasure he has; his value completely attracts it; other people don't have this kind of effect, which means their value is not good!

When he turned off the terrible Luck Halo, the light spots quickly disappeared, leaving only a small part of Star Power to take the initiative to come over.

"Junior Brother Tianyun, what's wrong? You don't need that treasure?" Heaven Monarch Zi Guan saw that the Star Power around Yi Tianyun was gathering, which was obviously reduced significantly.

"This is not a treasure, but I took the initiative to absorb it." Yi Tianyun shrugged helplessly. He wanted to keep using Luck Halo, but the consumption of Luck Halo was calculated in a second, and the consumption of Crazy Point was too much.

"Is this ability so magical?" Heaven Monarch Zi Guan said with envy, "It seems that the martial arts you cultivate are special. We can't absorb that much."

Then, he continued to cultivate with his eyes closed. After all, Yi Tianyun is not a treasure. He can't enjoy it and can only rely on himself.

Yi Tianyun ignored the surrounding eyes and closed his eyes to cultivate. He wanted to see what this Divine Dream Island could give him.

As he immersed himself, he quickly felt that he entered a strange dream realm and was facing crazy Heavenly Tribulation.

In front of him was countless divine lightning, covering this world, even covering every corner of the world, leaving him no place to escape.

“This is the Heavenly Tribulation that Nine Refinements Earth Monarch will break through?”

In this dream realm, the scene Yi Tianyun saw was very exaggerated. The surroundings were covered with divine lightning, much stronger than before. It felt like they were not on the same level of existence, more like they were going through some punishment.

However, that’s all. This is the only scene he can see. The result remains the same even if he wakes up again and enters this dream realm.

Divine Dream Island can not perform many scenes; at most, it can provide one or two. Yi Tianyun only has one scene facing this terrible Divine Thunder.

As for whether or not Nine Refinements Earth Monarch needs to face the test, it is unclear; he just feels that the divine lightning around him is terrible, making him feel powerless as if he is facing a God Monarch, suppressing the world!

“If my Heavenly Tribulation becomes like this, the difficulty is too great; it must be improved in all directions.”

Yi Tianyun frowned. He felt that the difficulty was not ordinary. Even if he used Crazy Damage Mode, he might not be able to withstand it. This was the reason why he was worried. He could blow it up with a punch if it were the same as usual.

However, the increase is limited. After all, cultivation is the foundation. Without the foundation of cultivation, it is still difficult to resist by defense and such.

“It should not be Nine Refinements Earth Monarch’s Heavenly Tribulation. If so, no one can pass it?” Yi Tianyun shook his head, denying this information.

This was an attack on the level of a Divine Lord. How could it be a test of a Nine Refinements Earth Monarch? After all, the amount of information he received now was very little. He wasn’t too sure if it would be the Heavenly Tribulation of a Nine Refinements Earth Monarch.

After repeatedly experiencing it several times, he finally stopped feeling it. Instead, he began cultivating here, quickly rushing to absorb the surrounding Star Power.

“Obtained 3 billion experience points, 31 billion experience points, 32 billion experience points...”

The experience points continued to rise. The knowledge gained was quite crazy. Compared to the knowledge gained from the Divine Temple of Life, it was much more, no less than ten times.

No wonder it was said that this was an excellent training ground. Cultivating here for a month was equivalent to several years outside. Of course, he didn't stay here for more than a month. He speculated that it was far more than a month from the consumption.

At least two or three months. Elder Gou Huang had said that a month was different for the outside world. The time passed was slower. As for how long it would take, it would be based on consuming the jade pendant.

It might only be used up in a year or so if it took a long time. If it were fast, it would take more than a month.

He had been maintaining the cultivation state here and absorbing the experience crazily. This was under the state where he didn't need to use the Crazy Damage Mode. He could obtain one or two hundred million experience points each time using it. With this speed, he can break through to the next level faster!

"It seems that there is no pressure in trying to break through to the Nine Refinements Earth Monarch."

He meditated here to cultivate. Breaking through to the Nine Refinements Earth Monarch is very good here. As time passed, he crazily absorbed the Experience Point here. After an unknown period, he finally heard a clear and melodious voice.

"Ding, congratulations, player, successfully reached the experience of breaking through to the Nine Refinements Earth Monarch. Do you want to level up now?"

"Not for now."

Yi Tianyun is not in a hurry to level up. He is staying on Divine Dream Island; how can he level up at will? No matter what, he has to leave this place to level up.

Immediately, he opened his eyes and saw the original scene. Heaven Monarch Zi Guan was still a cultivator next to him, but he was not hurrying to leave.

"I have been cultivating here for almost two weeks. Time has passed fast." He took out the Jade Pendant. It has already consumed a small part of it. It can last a few more months.

In just two weeks, he has reached the Nine Refinements Earth Monarch level. The effect is really surprising.

Following him, without alarming Heaven Monarch Zi Guan, he turned around and flew outside Divine Dream Island, intending to find a place to break through to Nine Refinements Earth Monarch and complete the task.

Not long after he left, the three cultivators on Divine Dream Island opened their eyes simultaneously and looked at each other. They could see a bit of brutality in each other's eyes.

There was no dialogue between the three of them. At the same time, they left Divine Dream Island and chased after the area Yi Tianyun flew away from. The rest of the cultivators ignored these people and continued to cultivate. Everything was the same as before.

Chapter 1102

After flying away, Yi Tianyun quickly found a remote place to stop. After looking around for a bit, he revealed a strange smile.

“Level up!”

Right After, he began to activate the Heavenly Tribulation. He believed the Heavenly Tribulation he would encounter later would not be the scene he saw in Divine Dream Island. If this is the case, he still has to activate it. The effect will be greatly reduced here, so he can only do this.

“Ding! Congratulations to player ‘Yi Tianyun,’ who successfully broke through Nine Refinements Earth Monarch cultivation!”

“Boom!”

At this time, the sky began to be covered with dark clouds. Countless divine lightning began to flash around, unlike the scene where divine lightning was everywhere. Only the terrifying divine lightning above his head began to be enraged under the interference of Heaven Stealing Divine Land.

However, even if he was angered, it was not a problem. At most, it is several times stronger than the situation of Eighth Refinements Earth Monarch. It is normal to have some enhancement, but if it is not for the effect of God Monarch Rank, Yi Tianyun does not need to worry about anything.

When he was about to cross the tribulation, three figures suddenly appeared beside him, surrounded him, and looked at him with cold eyes.

“This friend, we will give you two choices now: either to bear the effect of strengthening the divine lightning or to throw out all the treasures on your body; choose by yourself!”

“Tsk tsk, this is the breakthrough of Nine Refinements Earth Monarch. If the breakthrough succeeds, he will become a super genius. In the past, I didn’t even dare to break through to Nine Refinements Earth Monarch. Eight Refinements Earth Monarch is already very terrifying, let alone Nine Refinements Earth Monarch.”

“Yes, if he dies, it will be a big loss.”

The three cultivators first found Yi Tianyun to cross the tribulation. Now that they saw him moving alone, they immediately caught up. Who knew that Yi Tianyun would cross the tribulation, and this is even more so taking advantage of the situation?

The three are Heaven Monarch Hu Hua, Heaven Monarch Hu Yu, and Heaven Monarch Hu Ceng. They are not three brothers but in a good relationship, so the names are naturally the same, which means their relationship is very good.

Yi Tianyun ignored their threat. From the beginning, he knew that someone was lurking on the side, and he was too lazy to pay attention to it. He will not dislike it since he came to give experience.

The three are geniuses, and although they are not the best, they are still very good; they gain many benefits after killing them.

“Throw all the treasures to you?” Yi Tianyun said with a smile.

“That’s right, this is your only choice. Otherwise, if we interfere a little, how much do you think the power of your Heavenly Tribulation will increase?” They stood a little closer to Yi Tianyun and said threateningly.

This kind of threat will work, especially the stronger the cultivation, the more terrifying the power of the Heavenly Tribulation will become. The Heavenly Tribulation will not care whether the other party is doing it intentionally. They will anger the Heavenly Tribulation and become stronger if they are close to the tribulation.

From its point of view, even if they come to help defend, they will all increase their power!

Therefore, those facing tribulation must have a protector. Otherwise, it is very easy to be threatened. The three people in front of him are very simple and crude threats.

“Aren’t you afraid of being punished by Heavenly Spring God Territory?” Yi Tianyun looked at them indifferently as if this matter had nothing to do with him.

“Kid, don’t you know it is easy to attract death by talking like this?” Hu Huatian’s eyes were cold, and the corner of his mouth curved into a sneer.

Yi Tianyun’s words are indeed courting death; if the other party did not have the intention to kill, then it would completely anger the other party to kill him to silence him.

“A fatal disaster?” Yi Tianyun looked at them and smiled, “Do you think I am a fool? If I listen to you, I will die faster. You planned to kill me from the beginning. Otherwise, you will be severely punished if you are exposed.”

The choice they gave was to play with Yi Tianyun before he died, and they would not let him go. Once they go out, they will be severely punished.

Five Great God Territories have already made the corresponding rules, and they can not kill each other. Once they find out, they will be punished by other God Territory!

However, this kind of thing is just verbal talk. We can only let it go if we can’t find it out. There are so many geniuses here. It is impossible to kill the wrong person. It is too harsh. No God Territory is willing to do this.

As for Soul Searching and the others, it is unlikely. In their situation, they will never allow this to happen. If there is any problem, who will compensate them?

“It seems that you are not stupid. Since you can see it, there is no need to say more. Die...”

Before his voice fell, Yi Tianyun rushed directly to them. He did not care about the Heavenly Tribulation at all. After rushing over, they were shocked. They originally wanted to threaten him, but who knew that Yi Tianyun directly rushed over, ignoring the Heavenly Tribulation in the air?

“If you want the Heavenly Tribulation to strengthen, it will be even more exciting!”

Yi Tianyun quickly circulated his Heaven Flying Divine Secret Art. With a “xiu” sound, his speed instantly increased. The next moment, he arrived before the weakest Heaven Monarch, Hu Yu. He grabbed him and directly flew above the Heavenly Tribulation. Before Heaven Monarch Hu Yu could react, he was already caught.

As they rose, the power of the Heavenly Tribulation suddenly increased, and the thick divine lightning immediately came down. The terrifying power, even Heaven Monarch would have to retreat three times!

When Heaven Monarch Hu Yu wanted to struggle, he was firmly frozen. The terrifying power made him feel powerless to struggle.

“Quick, let go of me!” Heaven Monarch Hu Yu was scared to death when he saw the terrifying divine lightning.

“No problem, I will let you go; get out of here!” Yi Tianyun suddenly kicked, and with a “dong” sound, he directly kicked Hu Yu into the Heavenly Tribulation, and with a “bang” sound, the divine lightning came down and directly penetrated Hu Yu’s body.

Hu Yu barely managed to resist, but his body was already burnt black, and he seemed to be injured. Then, another powerful divine lightning came from the sky and hit Yi Tianyun’s body.

However, it only left a black mark on his body and quickly disappeared; the recovery speed was amazing.

Hu Yu didn’t fall to the ground. Yi Tianyun grabbed the divine spear and threw it at them. He pierced them into the air with a “pu ci” sound. He looked at them coldly and said, “Don’t you want to trigger the heavenly tribulation? Come on!”

The other two were still stunned on the side. The series of actions were too fast for them to react. One of their brothers was nailed in the air by Yi Tianyun. He couldn’t move at all. He didn’t die, but he was nailed in the air. The divine lightning continued to fall, and he was burnt to ashes!

This time, they knew that they had kicked an iron plate.

Chapter 1103

Yi Tianyun didn’t give them a chance to recover. He swept the Sky Dawn Divine Spear in his hand and directly cut Hu Yu, struggling into two pieces!

Ding! “Successfully killed Hu Yu, gained 8.7 billion Experience Points, 15 million Crazy Points, and 5 million Sin Points! Obtained Martial Art Myriad Absolute Kill (Middle-Grade Rebirth Level Martial Art), Broken Teeth Sword (High-Grade Rebirth Level Weapon), Ancient Spirit Necklace.”

Ding! Successfully killed Hu Yu, gained an extra 100 billion Experience Points, 10 million Crazy Points, and 5 million Mastery Points. At the same time, get a lottery!

With 64 times experience, he gained more than 8 billion Experience Points. It was amazing. It had to be said that killing these experts was the fastest way to earn Experience Points, and he could also get a lot of treasures.

If he can obtain a Heavenly Dao Level Martial Art, it would be even better. However, they don't have this kind of Heavenly Dao Level Martial Art to cultivate. At least they are not qualified to develop it.

"Second brother!"

When they saw that Hu Yu was dismembered, they immediately screamed and rushed to Yi Tianyun without hesitation. They have been working together all the time. They didn't expect that this time, their brother was killed in an instant!

"I want to kill you!"

Heaven Monarch Hu Ceng roared and used all his strength to rush towards Yi Tianyun. Hu Ceng's shadow immediately appeared behind him, and it was a giant python.

The poisonous gas was quickly released from his body, turning the sky into darkness. The other Heaven Monarch, Hu Hua, was also the same. They all released their strongest power, wanting to take revenge for Heaven Monarch Hu Yu.

However, as soon as they entered, the Heavenly Tribulation immediately struck them with terrifying divine lighting. They could only resist.

"Boom!" The two of them were directly pushed back dozens of meters, and their bodies were scorched black. The power of the Heavenly Tribulation against them was much stronger than the power against Yi Tianyun.

Yi Tianyun directly withstood the Heavenly Tribulation and flew over to them.

"What, you want to rob me with your ability?" Yi Tianyun sneered.

They were both shocked and angry. The divine lightning that angered the Heavenly Tribulation was too strong. It was good that they could withstand it. If it were any other ordinary Heaven Monarch, they would have been killed.

In other words, their cultivation is at the 5th Layer Heaven Monarch, so the power of the divine lightning is at least at the 6th or 7th Layer Heaven Monarch! This is the punishment, the punishment for those cultivators who sneak in.

Although it can strengthen the Heavenly Tribulation, it also protects the Tribulation Transcender. The Heavenly Tribulation that Yi Tianyun endured is much stronger, but overall, it is not as abnormal as theirs.

“Damn it, should we wait for him to finish the tribulation?” Heaven Monarch Hu Ceng quickly retreated, not daring to continue to break into the Heavenly Tribulation.

“That’s fine too. Let him successfully break through to the Nine Refinement Earth Monarch. We’ll make plans later!” Heaven Monarch Hu Hua could only bite the bullet and leave. After being struck by the divine lightning, they sobered up a lot and did not dare to approach further.

This was like a pot of cold water being poured down quickly, cooling down for the time being.

“There’s no need to do anything. Come with me to undergo the tribulation!”

Yi Tianyun laughed and rushed towards them, scaring them so much that they ran away, but how could he be faster than Yi Tianyun?

“Phoenix Blood Vein, open!”

“Heaven Flying Divine Secret Art, open!”

Double speed continuously activated, the speed directly exploded, turning into a light shadow, and instantly caught up to Heaven Monarch Hu Ceng, scaring him to burst.

“You, what kind of speed is this...” He stuttered; this speed was too terrifying; he almost caught up in the blink of an eye,

“Didn’t I say, how about staying and crossing tribulation together?”

Yi Tianyun’s eyes flashed, and he raised his fist and smashed it. Heaven Monarch Hu Ceng quickly waved his snake sword to block, but Yi Tianyun completely ignored this snake sword and punched it again.

“Heaven Shaking Divine Secret Art!”

The violent power overlaid on his fist, like a giant planet condensed on his fist, matching with two martial arts that increased speed. Under the condition that the power was not weakened, it still had an astonishing speed.

“Dong!”

The hand that Heaven Monarch Hu Ceng used to hold the snake's sword trembled. This violent power directly shattered his palms, and he was sent flying along with his sword. "Boom!" A huge crater was created on the ground.

"Third brother!" Heaven Monarch Hu Hua was scared out of his wits and stopped running. He didn't expect that both of his brothers would be defeated.

"What are you screaming for? Why did you do that?" Yi Tianyun sneered, "Want to leave? It's too late!"

The next moment, he charged forward with the Heaven Shaking Divine Secret Art. In the blink of an eye, he arrived before Hu Hua. He used his body to collide fiercely. There were no fancy moves. He simply charged forward.

He directly smashed Hu Hua into a bloody mist. The violent power could not be stopped at all. He exploded with a single crash! The upgraded Heaven Shaking Divine Secret Art was too terrifying. Combined with the Heaven Flying Divine Secret Art, it was like a flying giant planet. Who dared to stop it?

"Ding! She successfully killed Hu Hua. Obtained 9,300 billion Experience Points, 20 million Crazy Points, and 5 million Sin Points. At the same time, obtained the Wrapping Snake Sword (High-Grade Rebirth Level Weapon), Myriad Absolute Kill, and Ancient Spirit Bracelet (Lower Grade Rebirth Level)."

"Ding successfully killed Heaven Monarch Hu Hua, gained 100 billion Experience Points, 10 million Crazy Points, 5 million Mastery, and a lottery ticket."

A series of sounds popped up, giving him much experience, far away from levelling up.

"I'm sorry; I didn't expect it to be so powerful; it exploded with a hit." Yi Tianyun helplessly spread his hands; he thought that, at most, he would be seriously injured, but who knew that the collision would turn into a blood mist?

The power of the Heaven Shaking Divine Secret Art is certain, and with their physique, they are not as strong as Yi Tianyun.

Immediately, he turned his eyes to Heaven Monarch Hu Ceng, who was lucky enough to block his attack with the snake sword. Otherwise, the punch would blow him into a blood mist.

Of course, the situation is not good now. The snake sword seems to be embedded in his body, and it seems to be dying. The violent fist directly punched the weapon into his body, almost penetrating. How can this not be dying?

"Boom!"

Following that, a flash of divine lightning struck down and struck him to death.

“Ding successfully killed Heaven Monarch Hu Ceng and obtained...”

“Ding completed the exciting level kill and obtained...”

When Yi Tianyun heard this news, he helplessly shrugged his shoulders. It seems that this Heavenly Tribulation is helping him.

Chapter 1104

The three Heaven Monarchs were easily killed by Yi Tianyun, no different from drinking water. They can't deny that they are all geniuses, but with Yi Tianyun's great increase in strength, how can they be his opponent?

Therefore, it is not difficult to deal with them, especially with the combination of the Heaven Shaking Divine Secret Art and Heaven Flying Divine Secret Art, the two Divine Arts, the power directly exploded! It is almost a crushing victory, directly crushing the other side's power.

It can even be said that this is the power of Nine Refinements Earth Monarch! When breaking through to Nine Refinements Earth Monarch, the power has become a lot stronger. It can be said that the power of the Nine Refinements Earth Monarch is several times stronger. Sure enough, there is a different level of existence. No wonder Nine Refinements Earth Monarch is a real Earth Monarch.

“Let's break this Heavenly Tribulation first!”

Yi Tianyun looked up at the Heavenly Tribulation and quickly flew up, using the Heaven Flying Divine Secret Art to fly up soon, and with the Heaven Shaking Divine Secret Art, he smashed the Heavenly Tribulation.

After breaking the Heavenly Tribulation, the sky began to descend with rich Star Power, strengthening his body and the planet inside his body.

He meditated here to recover, feeling this amazing energy.

“This is the feeling of Nine Refinements Earth Monarch, really good...”

Yi Tianyun felt comfortable all over, and when he was almost there, there was a burst of shouts from the side.

“You, you killed our three senior brothers!” What came into view was two cultivators flying over here, and when they saw the blood and corpses on the ground, they suddenly became angry.

Judging from this familiar aura, it was undoubtedly his senior brother.

Following that, other cultivators also flew over. Divine Dream Island’s cultivators clearly sensed the tribulation fluctuations here, so they all flew over.

Even Heaven Monarch Zi Guan flew over. When he saw the situation in front of him, his face changed.

“Junior Brother Tianyun, you are reckless! Even if you want to fight, you can’t do it here. You have to choose a remote place to fight!” Heaven Monarch Zi Guan shook his head and smiled bitterly. If he were discovered, Yi Tianyun would be punished.

Yi Tianyun is from the same sect; he is biased towards his people; as for the other cultivators of God Territory, how they die has nothing to do with him.

The other cultivators flew over, and when they saw this scene, they all looked at him with gloating eyes. They were all witnesses to this scene.

“I killed three of your fellow disciples,”

“That’s right.” Yi Tianyun stood up and agreed very readily. At the same time, he took out the spoils of war from the corpses, which contained the Jade Pendant.

With three jade pendants, he can stay here for a longer time. When the time comes, he can ask someone to send him a letter, and Elder Gou Huang will not stay outside for too long.

When the cultivators saw Yi Tianyun answer so readily, they could not help but be stunned and immediately scolded, “Put down your things; it seems that you are still robbing money. How can such a disciple appear in your Heavenly Spring God Territory? Do you want to destroy the relationship between God Territory?”

No one can bear this big accusation. Yi Tianyun looked at him indifferently and sneered, “Destroy the relationship between the God Territory? Then you can see who broke the rules first!”

After saying that, he threw out a record plate, and the previous conversation fell into the eyes of many cultivators.

"I'll give you two choices. Either hand over all the treasures, or we get close and increase the power of the Heavenly Tribulation..."

"You want to kill me to silence me. Don't treat me as a fool..."

All kinds of scenes and voices appeared in everyone's sight. Yi Tianyun was not a fool. He knew the seriousness of the situation. He used the record plate from the beginning to record all the situations. Everything would be fine if he proved that the other party threatened him first.

When this picture came out, Heaven Monarch Zi Guan rushed to the other side and scolded, "Well, the one who destroyed the relationship between the Divine Realm is you! I didn't expect you also to threaten my junior brother to cross the Heavenly Tribulation. If my junior brother were not stronger, he would have been killed by the Heavenly Tribulation!"

Suddenly turning, the other side didn't know what to say and was suppressed by the painting of the record plate without any ability to refute it.

When the others saw this scene, they all shook their heads. They didn't expect Yi Tianyun to hold back. This time, the one being punished is not Yi Tianyun but the other party!

"Yes, overcoming this Heavenly Tribulation took a lot of effort. I will explain it to Elder Gou Huang, and then we will pursue the responsibility of your God Territory!" Yi Tianyun said coldly.

He didn't believe these people; he didn't know that Hu Hua and others did this; they must know, and now they failed, they will be angry.

Now that he had the record plate, there was no need to explain too much. The picture was the simplest and crudest explanation.

"This, this is all their actions and violations of the rules. It has nothing to do with our Divine Realm. We will mention this matter to the elders. When the time comes, we will discuss the matters of this side..."

The other party's tone immediately weakened, and anger flashed in his eyes. He did not expect that everything would be wasted like this, and he died in vain.

"Good; I hope that you can give a reasonable explanation when the time comes!" Yi Tianyun snorted, then flew to Heaven Monarch Zi Guan and said with a smile, "Senior Brother Zi Guan, let's go."

Heaven Monarch Zi Guan nodded and left with his people, leaving the group of people looking at each other.

Heaven Monarch Zi Guan gave a thumbs up and praised, “Junior brother Tianyun, you are amazing; you know how to use the record plate. Otherwise, you really can’t wash it off.”

“This must be recorded. Otherwise, it is really big trouble. The movement is so big; if the other party takes a hat, I can’t bear it.” Yi Tianyun smiled; he had known this before.

No matter what, the mouth is not as good as the several pictures of the record plate. Although the picture can be fake, there is no condition to fake it here, so it is not considered fake.

“Oh right, I almost forgot to congratulate Junior Brother Tianyun. You have already broken through to the level of a Nine Refinement Earth Monarch. This is too shocking!” Heaven Monarch Zi Guan shook his head and said, “At most, I will break through to the Eight Refinement Earth Monarch. Otherwise, I will fail. In this way, you will become one of the few disciples who have broken through to the Nine Refinement Earth Monarch.”

“How many people have broken through to the Nine Refinements Earth Monarch in the Heavenly Spring God Territory?” Yi Tianyun asked.

“There won’t be more than ten of them. It’s easy to imagine how heaven-defying you are, right?” Heaven Monarch Zi Guan said enviously, “You will be greatly nurtured in the future. However, there is one thing that I must remind you of. You must be strong enough. Otherwise, you might die here when you break through to the Heaven Monarch Realm!”

His expression was extremely serious, without the slightest hint of a smile.

Chapter 1105

Eight Refinements Earth Monarch broke through to the Heaven Monarch Realm and was about to die, not to mention Nine Refinements Earth Monarch breaking through to the Heaven Monarch Realm.

It was not that Heaven Monarch Zi Guan was not confident of breaking through to Nine Refinements Earth Monarch, but that he was not optimistic of breaking through to the Heaven Monarch Realm!

“I know that. I have to improve myself before I can break through.” Yi Tianyun thought of the scene on Divine Dream Island. Was he facing the Heavenly Tribulation that broke through to the Heaven Monarch Realm?

If that was the case, he needed to improve himself. Otherwise, he would only be dead. However, he would have to face other attacks comparable to the Heaven Monarch Realm to break through to the Heaven Monarch Realm. Wasn't this a bit too much?

At that time, he would only be able to block it. He wouldn't be able to be so burdensome. He would be able to destroy the Heavenly Tribulation with a single punch. It would already be pretty good if he could block other Heaven Monarch Realm attacks. How could he explode with a single punch?

If he provoked the Heavenly Tribulation and released an even stronger Heaven Monarch attack, that would be fatal.

“Ding... completed the main mission ‘broke through to the Nine Refinements Earth Monarch’. We have obtained 500 million Crazy Points, 500 million Sin Points, and 500 million Mastery Points!

“Ding successfully accepted the main mission: to break through to the Ten Refinements Earth Monarch or break through to the Heaven Monarch Realm. Breaking through to the Ten Refinements Earth Monarch, obtaining 1 billion Crazy Points, 1 billion Sin Points, and 1 billion Mastery Points! At the same time, obtaining the title ‘The First Earth Monarch’, breaking through to the Heaven Monarch Realm, obtaining 500 million Crazy Points, 500 million Sin Points, 500 million Mastery Points.”

“Choose one of the two main missions. You can choose to break through.”

“What?”

When Yi Tianyun saw this new main task, his whole body was dumbfounded. It was not that there were two main tasks, but a new word appeared – Ten Refinements Earth Monarch!

Ten Refinements Earth Monarch, don't you know that there are only Nine Refinements Earth Monarch? How come there is a Ten Refinements Earth Monarch? It makes him shocked.

“Junior Brother Tianyun, what's wrong?” Heaven Monarch Zi Guan saw Yi Tianyun suddenly shout and felt strange.

“Senior Brother Zi Guan, I wonder if there is a saying about Ten Refinements Earth Monarch?” Yi Tianyun calmed down, looked at him and asked.

“Ten Refinements Earth Monarch?” Heaven Monarch Zi Guan suddenly smiled and immediately denied, “I have never heard of this saying, Nine Refinements Earth Monarch is the ultimate; there is no Ten Refinements Earth Monarch. Do you think there are ten levels in the other levels and all Ten Refinements Earth Monarch?”

“That’s right.” Yi Tianyun nodded.

“There’s no such thing. Nine Refinements Earth Monarch is the limit. I’ve never heard of Ten Refinements Earth Monarch at all. If there is a Ten Refinement Earth Monarch, wouldn’t the sky explode?” Heaven Monarch Zi Guan laughed, “It’s okay; I thought about it a long time ago, but later, I found that there was no such thing.”

Heaven Monarch Zi Guan did not hesitate to deny it, thinking there were no Ten Refinements Earth Monarch.

Of course, Yi Tianyun will not say it, but there are ten refinements at the Earth Monarch Level; the system is not lying; since it has been given this condition, it will have it, absolutely not false.

“Ten Refinements Earth Monarch...”

Yi Tianyun’s eyes flashed. If he successfully breaks through, he can also get a special title – Eternal First Earth Monarch!

This title is absolutely powerful; I don’t know what effect it will add, and only after getting it will I know, but what special conditions will be needed to break through to Ten Refinements Earth Monarch?

When he checked, there were indeed special conditions stacked on it.

Ten Refinements Earth Monarch: The basic conditions to break through the need to condense a second planet in the body and operate in the body. At the same time, both need to share Star Power to reach the state of mutual birth. Otherwise, it will be deemed a failure. (Note: A planet with a core is needed)

When he saw this condition, he frowned. Was it still necessary to condense a planet? This difficulty was not just a bit higher, especially in the state of two planets. It was very easy to cause problems.

The most important thing was that there needed to be a core, not just a stone, but a planet with a core!

It had to be said that the difficulty was quite high. If they could not condense a second core, they could not collide with each other, or they would die.

“The difficulty is high!”

Yi Tianyun shook his head. No wonder no one has succeeded for so many years. This condition is so harsh. How can he succeed? Otherwise, this strange title will not appear! What an authoritative title.

This is the first time in history that the Ten Refinements Earth Monarch has reached.

There are still ten levels like other levels, but it is too difficult. People think there is no tenth level or impossible to achieve, so no one can successfully cultivate it.

As time passes, no one successfully cultivates it. Naturally, they will deny the tenth level.

“Although the difficulty is very high, how can it be challenging if there is no difficulty?”

Yi Tianyun roughly knows what Divine Dream Island has given him. It may be the Heavenly Tribulation of the Ten Refinements Earth Monarch, or when it breaks through to the Heaven Monarch Realm, the Heavenly Tribulation he will encounter may be a hint from Divine Dream Island.

Ten Refinements Earth Monarch, the number one Earth Monarch in history, breaking through to the Heaven Monarch. Will the Old Heaven allow it? Therefore, the most terrible divine lightning will descend; whether it can withstand it or not depends on the individual's ability.

Immediately, he followed Heaven Monarch Zi Guan and flew forward. Heaven Monarch Zi Guan did not take him back to Divine Dream Island but directly flew ahead with him.

“We will meet up with the other disciples now. That place is the Heaven Stealing Divine Land, the best place to cultivate. You have just broken through, so you must go there and consolidate your strength.” Heaven Monarch Zi Guan said enviously, “You have also obtained three Jade Pendants. You can stay here for a while longer.”

“Senior Brother Zi Guan, how much time do you have left?” Yi Tianyun asked.

“It won't be long; we will leave here in less than ten days.” Heaven Monarch Zi Guan said with a smile.

“How about this? This Jade Pendant is for you.” Yi Tianyun picked one of them and handed it to Heaven Monarch Zi Guan.

He obtained three Jade Pendants, allowing him to stay for a long time. He doesn't need to keep it for so long. It's almost enough. Moreover, he thinks that Heaven Monarch Zi Guan is a good person. He can give him the last time.

Heaven Monarch Zi Guan quickly said: “Junior Brother Tianyun, you must not do this. You have just broken through to the Nine Refinements Earth Monarch Realm and need

to consolidate your cultivation. It is obvious that Nine Refinements Earth Monarch has broken through to the HeaveR Monarch realm, and there is a slim chance of survival! Don't think you are enough; in fact, everything is not enough!"

His eyes are full of determination, and he does not want the Jade Pendant given by Yi Tianyun, but he is very concerned about him.

Good people from the same sect are still in Heavenly Spring God Territory.

Chapter 1106

The words of Heaven Monarch Zi Guan made Yi Tianyun feel very touched. If it were anyone else, they would not be polite to him.

It is too difficult to come in here. It will be more difficult to wait for a while, especially when Yi Tianyun has three Jade Pendants and Heaven Monarch Zi Guan still chooses to give up. This action makes Yi Tianyun feel a little admiration.

Few people can refuse like this, proving Heaven Monarch Zi Guan is thinking for him.

"Senior Brother Zi Guan, I have three of these so I will choose one less for you. It seems that you have encountered a bottleneck. I don't know when you can come in next time. You don't have to be polite to me. You said I have broken through to Nine Refinements Earth Monarch cultivation. The elders will nurture me."

"When the time comes, you will give me more resources. Maybe it won't be long before I can come in again."

Yi Tianyun still insisted on giving Heaven Monarch Zi Guan Jade a Pendant. Heaven Monarch Zi Guan was a good person, especially now that he had encountered a bottleneck; it was a favor for him.

If he had not encountered a bottleneck, he would not have stayed in Divine Dream Island for so long to study and see if he could break through this bottleneck.

Hearing Yi Tianyun say this, Heaven Monarch Zi Guan hesitated a little and then gritted his teeth and said, "That is, I owe Junior Brother Tianyun a favor. I have encountered a bottleneck recently and have not been able to break through. If Junior Brother Tianyun has any problems in the future, feel free to come to Sword Palace to find me. I will help!"

Of course, Yi Tianyun believed his words. At least his favorable impression of himself was not fake. He looked at people with favorable impressions. If his favorable impression were low, then it would be a lie.

Heaven Monarch Zi Guan was not one of them, so he was still worthy of a deep friendship.

“Then I will have to rely on Senior Brother Zi Guan.” Yi Tianyun said with a smile.

Immediately, he handed over one of the Jade Pendants. After Heaven Monarch Zi Guan received it, he carefully put it away. This was a hard-to-come-by opportunity for him, so he naturally had to be careful.

“This time, I can cultivate for another month. Thank you so much.” Heaven Monarch Zi Guan just checked; this Jade pendant can be used for at least a month, which is a long time.

The other two Jade Pendants were almost the same, and the three came in together, so the time was nearly the same.

Under the lead of Heaven Monarch Zi Guan, they soon arrived at their destination – Heavenly Venerable Road.

Heavenly Venerable Road is a long passage, looking at it, a long passage, circling all the way and finally leading to the top of a mountain range.

When they saw many cultivators sitting in the aisle before them, To put when they came here bluntly, they were sitting next to the road. This road is very strange. There are no trees around, not even spirit herbs. It is a very empty passage.

Only a few thousand meters away from the aisle are all kinds of Spirit Trees and Spirit Flowers. Here is a bare aisle, including the aisle leading to the top of the mountain. It is also bare. Even though the hill is bare, it looks very ugly.

But this aisle is to attract most cultivators who come here, and they all stay here cross-legged to cultivate.

Yi Tianyun glanced over. There are more than a hundred people in total. These are the super geniuses of the Five Great God Territories. Each of them cost a lot to cultivate. More than a hundred people are here, and it will cost more than a hundred Jade Pendants.

The price is equivalent to a hundred Heavenly Dao Rank Treasure. It is extravagant. This is just one of the batches. After all, another group of people will be sent in as time goes by. The consumption will be even more amazing.

No matter how talented a cultivator was, they would not be able to pile up without astonishing resources.

“There are quite a few experts. Some are even at the 8th or 9th Layer Heaven Monarch Realm. It seems they are trying to break through to the God Monarch.” Yi Tianyun nodded. Breaking through to the God Monarch here was not a big problem.

After all, the Star Power was much denser than outside. There was no need to mention outside if they could not even breakthrough here.

“This is the Heavenly Venerable Road, the best cultivation place in Heaven Stealing Divine Land. Although this place is bare, it is the best place to absorb Star Power. Unlike other places, the sense of rejection is stronger.” Heaven Monarch Zi Guan explained.

“Why isn’t anyone climbing up the Heavenly Venerable Road?” Yi Tianyun saw that many people were meditating along the way, but the more they went up the mountain, the fewer people there were.

At the very top, no one was there at all.

“Because they can’t climb up, there is no one...” Heaven Monarch Zi Guan shook his head. “According to the legends of the Heavenly Venerable Road, whoever can climb to the highest peak will become a Generation of Heavenly Venerable!”

“A Generation of Heavenly Venerable!”

Yi Tianyun’s eyes narrowed. The cultivation of a Heavenly Venerable is stronger than a God Monarch. He is a top expert in the 3rd Grade God Territory. As a Territory Lord, there is no pressure at all.

“You can become a Heavenly Venerable just by climbing up; isn’t that too exaggerated?” Yi Tianyun asked doubtfully.

“This is indeed a bit exaggerated, but if you want to climb up, the chances of me becoming a Heavenly Venerable in the future are not low! At least, it is much higher than most God Monarchs.” Heaven Monarch Zi Guan shrugged and said, “Anyway, I don’t have to think too much about it. Right now, even God Monarch has nothing to say, let alone a Heavenly Venerable. That is a god-like existence.”

Yi Tianyun nodded. This explanation was a bit reasonable. It would be too exaggerated if he really ascended to the top and became a Heavenly Venerable. There was only one possibility: after he ascended, he would have the enlightenment of a Heavenly Venerable. This would be of great help to his future breakthrough.

This explanation is more reasonable; he doesn't believe he can become a Heavenly Venerable just by climbing up.

"Although the difficulty is quite high, many people still tried to climb up." Yi Tianyun watched many of them move forward step by step, and a group of Heaven Monarch powerhouses were climbing the mountain. It was really funny.

"Isn't that for sure? Coming here, you must try the Heavenly Venerable Road. Otherwise, it would be a waste to come here. Moreover, this is the best cultivation place; cultivation is the main, climbing up is just in passing, and there is no conflict between the two."

Following Heaven Monarch Zi Guan, he flew down and soon landed at the beginning of the corridor.

"Junior Brother Tianyun, you can start from here. Under normal circumstances, as long as you walk through the place, you can fly directly, and there is no need to walk again." Heaven Monarch Zi Guan said, "So you don't have to worry about leaving this place, or the next time you come, you will have to come back again."

"Still so reasonable?" Yi Tianyun nodded. This way, there was no need to start walking again; it was quite reasonable.

Chapter 1107

Many types of tests could only be passed from the beginning to the end, and they couldn't leave from any place. The next time they came back, they could still stay in this place.

This was what the Heavenly Venerable Road was like. If they could climb up to the mountain peak, they could fly directly over next time and not walk in from outside the passageway. This would undoubtedly save a lot of time. The key was that the concentration of Star Power was completely different.

"It is indeed more humane. Junior Brother Tianyun, you stay here first that day. I will go over it first and wait for you to catch up. I believe you can catch up soon with your level. If there is a problem, just call me." After Heaven Monarch Zi Guan explained it to him, he flew forward. It was obvious that he had been here before.

Heaven Monarch Zi Guan's talent is not bad. It is not the first time he came here. He can't go up with Yi Tianyun again. This is undoubtedly a waste of time. Moreover, although this passage is very far, it is all within the sight range. There is no need to worry about someone interfering with Yi Tianyun.

If someone interferes with Yi Tianyun, Heaven Monarch Zi Guan will immediately see it, so there is no need to go so close.

After Heaven Monarch Zi Guan left, Yi Tianyun turned his eyes to Heavenly Venerable Road. This name is domineering Heavenly Venerable Road! Since it can be called this, it must have its meaning.

"Become a Heavenly Venerable?"

Yi Tianyun lifted his foot and walked towards the Heavenly Venerable Road. As soon as his foot landed on the ground, he immediately felt thoughts rushing into his head. This was not a martial arts secret book but a concept!

Instantly, he felt that he was in a state of mind. The next moment, he thought he was in another world, becoming a small farmer, farming, and feeling the hard work.

However, Yi Tianyun calmed himself down and quickly woke up from this state. He felt that he had been here for several years, but it was not that long. He only stayed in the real world for a short time.

The most important thing is that if he doesn't move, this is the most important thing; he doesn't take a step forward and directly stops here.

"So that's how it is. An illusion test?"

Yi Tianyun calmed down and immediately knew the problem of the Heavenly Venerable Road. It is to experience these illusions. However, this illusion is so real. He felt the pain of the farmer's labor.

Fortunately, in the process of experiencing it, the Star Power around him also poured in, constantly turning into experience. He found that the Star Power here was very rich and stronger than the outside world, which was easier to absorb.

The key is that he will fall into this illusion realm. It is possible to fall into it for a long time. When he wakes up, the protective effect of the Jade Pendant will be gone. At that time, he will be finished here. Therefore, he must be pulled back. Otherwise, he will fall into this illusion realm.

However, it was just the beginning, so the difficulty was not very high, so Heaven Monarch Zi Guan did not come over to protect him, and he did not say it very clearly.

Only after experiencing these things personally, did he know that everyone's situation was different, so there was no point in saying it too clearly.

Immediately after he stabilized his mind, he continued to walk forward step by step. Because his mind was very stable, let alone falling into an illusion, there was no pressure.

As he kept walking forward, Yi Tianyun was surprised to find that the effect absorption was improving, which went to the Temple of Life, which was also going down; the closer to the core, the better the effect.

It was the same here; the closer he got to the front, the more amazing the effect would be and the more experience points he gained.

As he walked forward, he caught up with the new cultivators and continued chasing after Heaven Monarch Zi Guan. The Heavenly Venerable Road was at least a hundred miles away.

Normally, he could reach it instantly if he flew, but now it was different. Step by step, his speed would slow down. Of course, Yi Tianyun directly ran forward and continued to run forward.

When this scene fell in everyone's eyes, it was like looking at this fool.

"Is this kid crazy? It will be troublesome if he breaks into a special illusion realm in one breath and accidentally gets stuck in it."

"It seems to be Heavenly Spring God Territory. The geniuses of God Territory are so arrogant?"

"Forget it. They can do whatever they want. Anyway, the one who dies is themselves."

One by one, the cultivators shook their heads, thinking that Yi Tianyun was crazy. Others walk step by step; at most, they walk faster; as for running, they have never seen it.

Even the more arrogant geniuses climbed step by step instead of rushing forward in one breath.

This would bring a great negative effect: the impact of the illusion of the Heavenly Venerable Road would accumulate, and it would look very stable and be able to withstand this illusion. Still, the explosion would be even stronger once they ran too far!

To put it bluntly, every step should have an illusion, and it could be said that every step was a world, and no one could escape. At most, they would accumulate to a certain extent, enter the illusion realm, and then break out of the illusion.

The further they went, the more shocking the illusion became, and if they accumulated a large distance, once they stepped into the illusion, they might not be able to wake up.

If this place is the same as the outside, the problem is that it is different from the outside; after the Jade Pendant is used up, it will be a dead end, completely swallowed by this Heaven Stealing Divine Land.

“It’s over; I didn’t explain it to him clearly; I can’t go that far in one go!” When Heaven Monarch Zi Guan saw Yi Tianyun running over, his heart jumped, and he felt bad.

When he just wanted to go over and persuade him to stop, Yi Tianyun suddenly stopped, obviously entering the illusion realm.

“He ran for several miles in one breath, too fierce...” Heaven Monarch Zi Guan gasped, and after a little calculation, he felt that what Yi Tianyun was facing this time was a terrifying illusion.

Generally, one can break it by force after falling into an illusion. If they carried someone away, they could come into contact with this illusion. However, if they were to do this with the help of external forces, they would have to do it head-on!

Therefore, if someone were to sneak attack them, it would be considered a failure. Of course, there were so many people here. Who would sneak attack them? Unless they didn’t want to stay here any longer. It was clearly stated that they couldn’t attack each other. If anyone were to do this, they wouldn’t even know how they would die if they were to be seen by so many people.

It was precisely because the Five Great God Territories knew where the problem was that they made all sorts of rules. They didn’t have to attack each other. It was beneficial to everyone.

“Haha, that kid has fallen into an illusion. He has already run for several miles. With such a shocking distance, he should be able to break through for at least a month. At that time, the barrier on his body will be gone.”

“Hehe, I think it will take a longer time. It seems that this trip was wasted. It is such a waste. It is good to leave this time for me to go up step by step. It is so cost-effective.”

Everyone thinks that Yi Tianyun is a fool and believes that he is wasting the jade pendant.

When they think it will take Yi Tianyun a long time to wake up from the illusion, the next moment, he suddenly opens his eyes and continues running forward – Instant Break!

Everyone was stunned; this guy was an Instant Break!

Chapter 1108

According to reason, it will take a long time to break out of the illusion after gathering so many illusions in one breath.

After all, after accumulating, the difficulty will rise greatly. It is not a lot of small illusion accumulation, but it directly increases the difficulty. Otherwise, they would have run away instead of walking slowly. They will mostly walk and stop, deliberately letting themselves enter the illusion.

This is equivalent to the accumulation of the illusion realm before entering. After breaking it, it is comparable to solving a small problem. Many people follow this method, and it is the most reliable.

If you run wildly, you can run a distance at most, not run a few miles like Yi Tianyun. This distance is too far. Once it breaks out, it is possible not to break the barrier of the Jade Pendant.

This time is too long, so no one is willing to do this; it is too dangerous.

When Yi Tianyun does this, he will be laughed at, but when he breaks it in seconds, everyone is shocked, wondering whether they are seeing things.

“It seems it has only been a few seconds, but it has already been broken?”

“It is too exaggerated; I suspect he has not entered the illusion realm but just stopped to rest?”

“Impossible, he must have entered the illusion realm. The aura fluctuation just now is different. The aura will calm down once he enters the illusion realm, and the whole person will be dead.”

“In this case, does he break it in an instant? How did he do it?”

Everyone was stunned and wanted to see it. They watched Yi Tianyun finally move away, but they didn't expect anything to happen.

Yi Tianyun ignored their eyes and continued to rush forward. It is undeniable that the illusion here is very strong, but for him, this illusion can still be bearable. Under the strong spiritual force, any illusion can be broken directly!

This is his spiritual force, an existence far beyond the same level. Don't forget that he is a powerful God Rune Master, and his spiritual force must be much stronger than others.

With his extraordinary willpower, how can this little illusion block him?

“Continue!”

Yi Tianyun rushed up all the way and continued to throw a distance of several miles away. Then, under everyone's surprised eyes, he stopped in place and entered the illusion realm.

At this time, everyone began to discuss again. They all guessed how long Yi Tianyun would wake up this time. No one thought that Yi Tianyun could wake up instantly. After all, the later he went, the more difficult it was. He couldn't wake up instantly like before.

When they all thought this, it was not long before Yi Tianyun woke up quickly. Although it was a bit slower, their difference was not big. It only took less than half a minute to break it.

In theory, it was still broken in seconds!

The group of people was dumbfounded; the result was still the same; at most, it was a little slower than before, not a few days or even a month.

Following Yi Tianyun, he rushed forward, chasing after Heaven Monarch Zi Guan. Heaven Monarch Zi Guan was still quite far, about thirty miles or so, almost half the way.

I don't know how long he walked, but it seems that catching up with him is not a problem.

“Junior Brother Tianyun, you will catch up to me so soon...” Heaven Monarch Zi Guan shook his head; what he said before was encouragement; he knew that Yi Tianyun needed to walk slowly.

It will take a long time to catch up, but in the blink of an eye, he has closed the distance of almost ten miles. If this continues, he will catch up soon.

It took him two months to get here, and the progress was relatively fast. Who knew that Yi Tianyun could catch up to almost one-third of the distance in one breath? It was a hit.

The others looked at Yi Tianyun one after another. They don't know where he came from. How can he be such a monster? They are also in the Heavenly Spring God Territory, and they are even more shocked by this scene. When did they have such an abnormal fellow disciple?

The key is a human who can be judged at a glance, an existence that can suppress all the people present.

Yi Tianyun didn't care about anything; he just kept running every time it was fixed, first running two or three miles, then stopping to break, and then continuing to chase.

The time of each break is a little longer than before, but the time is very short; it takes a few minutes to stack up; it can be said to be quite brief, at least for them, it is very short.

It should be known that when they have walked this road before, even a few hundred meters away, it can take two hours; Yi Tianyun is two or three miles away, and it only takes a few minutes; this gap makes them want to vomit blood.

They can come here, who is not a super genius, but compared to Yi Tianyun, it feels like a pile of shit; there is no way to compare.

"How long has this guy been? He has already traveled more than ten miles. Isn't that too fast?"

"That's right. This speed is comparable to that of Heaven Monarch Liu Yun!"

Let's not talk about that Heaven Monarch Liu Yun. He is simply heaven-defying. He seems to be a second

They all can't help but think of another genius who is so heaven-defying, just like Yi Tianyun; both instantly broke, even faster than Yi Tianyun. He is not here for the time being, so now the limelight has been overshadowed by Yi Tianyun.

Yi Tianyun has been under everyone's attention. He quickly rushed up and promptly caught up with Heaven Monarch Zi Guan. Heaven Monarch Zi Guan did not move. He just stayed in place and waited for him to come. He wanted to see how long Yi Tianyun took to catch up with him.

"It took less than 15 minutes..." Heaven Monarch Zi Guan smiled bitterly. This was too fast.

"Senior Brother Zi Guan, I caught up." Yi Tianyun came to Heaven Monarch Zi Guan and said with a smile.

"Hey, Junior Brother Tianyun, how did you do it? How did you break such a powerful illusion so easily?" Heaven Monarch Zi Guan asked.

“This is to use spirit force to break the illusion.” Yi Tianyun shrugged and said, “It’s just that I’ve spent more and more time in the future, causing Senior Brother Zi Guan to laugh at me.”

“I did laugh...” Heaven Monarch Zi Guan did not know whether to laugh or cry. “You spent less than a quarter of an hour to catch up to me for two months. It makes me not know whether to laugh or cry.”

Chapter 1109

Heaven Monarch Zi Guan didn’t know what to say but felt a little depressed. How could there be such a big gap between people?

“Is this our fellow disciple?” A Heaven Monarch looked up and down at Yi Tianyun and was surprised. “A human can have such an amazing ability. You are the first human I have seen who is so strong. I have seen many humans before, but their talent is poor.”

“Cough cough, Heaven Monarch Yu Hua, pay attention to your words!” Heaven Monarch Zi Guan knew the situation very well. If his race were being said like this, they would feel unhappy. Therefore, he hurriedly reminded his companions.

“I am not wrong. Humans are indeed not generally low. Of course, I am not discriminating against humans. I do not discriminate against any race. What I hate the most is those who are lazy and greedy. They lack talent, but they are still unwilling to work hard. Humans are a race that I have seen as very hardworking. It is just that their talent is too poor. It is difficult to make up for it just by relying on diligence.”

“However, I am still very impressed. It is just that the average status is low. The cultivation is too low, and the status can only be like this. It is a bit too difficult to change the current situation.”

Heaven Monarch Yu Hua seemed to have opened up a chatterbox as he began to speak out continuously, completely ignoring the words of Heaven Monarch Zi Guan.

“This... Junior Brother Tianyun, Heaven Monarch Yu Hua is just like this. Sometimes, he likes to say these words.” Heaven Monarch Zi Guan felt very awkward.

“It’s fine. What Senior Brother Yu Hua said is the truth. The average talent of the human race is too low. We can only rely on hard work to make up for it.”

Yi Tianyun looked at the Heaven Monarch next to him. This was true, and he didn't feel disgusted at all. Moreover, there was no discrimination in the tone of Heaven Monarch Yu Hua.

"That is true, but there are still no bright points. I have seen three human experts before. Their talent is a bit poor, but they are all working together. The level they show is very strong! The ability of human learning is still very strong. Of course, the most important thing is that there are many people. Which God Territory doesn't have humans?"

Heaven Monarch Yu Hua seemed to think of the past and smiled.

"Three human experts?" Yi Tianyun narrowed his eyes and asked, "Senior Brother Yu Hua, what are their names?"

The three people's collective action reminded him of the three humans. Maybe it was them. He had been out for so long but had never heard of them. In the vast sea of people, it was difficult to find them.

"Of course, I remember; one is Heaven Monarch Chuang, the other is Heaven Monarch Gaming, and the other is Heaven Monarch Feng! I also made friends with them, drank good wine, and their abilities were pretty good. Their cultivation bases are all in five or six training. Having such a level is not easy for the human race." Yu Hua said with a smile.

"Sure enough!" Yi Tianyun's eyes flashed, staring at Yu Hua; he said, "Brother Yu Hua, I wonder where the three of them went? Or did they say anything about it?"

"I don't know. They said they wanted to wander around the 2nd Grade God Territory to see who would take them in. You also know about the situation in the 2nd Grade God Territory. The difficulty is too great if you want them to take you in as disciples. No one will take you in if your talent is not up to standard." Heavenly Monarch Yu Hua shook his head. "I wonder which God Territory they have joined now. It is not good for them to be wandering cultivators all this time."

"How many years ago was this?" Yi Tianyun hurriedly asked.

"Not long ago, roughly a few years ago?" Yu Hua thought momentarily, then smiled and said, "Do you know each other?"

"Yes, they are from the same hometown as me." Yi Tianyun is very grateful for the information given by Heaven Monarch Yu Hua; at least it proves that the three of them are still alive.

"No wonder they are very hard-working, and their cultivation is extremely hard! This is the first time I have seen them cultivating so hard. It feels like they are unwilling to tell

me their purpose.” Heaven Monarch Yu Hua shook his head and smiled, “But forget it; we met by chance. I naturally can’t interfere with their situation.”

Yi Tianyun nodded and clenched his fists. They were cultivating so hard; what else could they do? It must be to quickly become stronger and then return to the 3rd Grade God Territory to protect everyone!

Little did he know that he had solved the situation, at least temporarily.

“I wonder where they appeared in the end?” Yi Tianyun asked.

“I remember it very clearly. A rogue cultivator gathering camp is in the 3rd Grade God Territory. Rogue cultivators will go to that place. Sometimes, other God Territory will recruit disciples from there.” Yu Hua said.

“Thank you, Senior Brother Yu Hua, for the information!” Yi Tianyun has already decided that he will find their whereabouts after he goes out.

This is a surprise; I didn’t expect to get news of them here! They have contributed so much to the 3rd Grade God Territory as long as they are safe.

“Could it be that Junior Brother Tianyun wants to find them?” Yu Huatian asked.

“Yes, after this is over, I will find them.” Yi Tianyun said bluntly.

“Then I wish you good luck. Three days God Territory is very big; maybe it is not there.” Yu Hua shook his head and said, “However, seeing a human as strong as you is rare. Let me tell you one more thing: Heavenly Spring God Territory is very impetuous now; be careful...”

“Thank you!”

As expected, Heaven Monarch Zi Guan could do this. Both of them did not discriminate against other races, and they did not discriminate against the weak.

Yi Tianyun immediately said goodbye to them and continued to run forward. He would not stay here and move forward with them step by step.

“Do you think Junior Brother Tianyun will reach the end of the Heavenly Venerable Road?” Heaven Monarch Zi Guan asked.

“If this can be maintained, there should be no problem. The premise is that it can be maintained.” Heaven Monarch Yu Hua said enviously, “I don’t even know how he cultivates. He is the weakest human, yet he can suppress everyone.”

"I'm not sure about that. This proves that even the weakest race has the chance to turn things around," Heaven Monarch Zi Guan said with a smile.

"That's right. We have to work hard as well, Senior Brother..."

The two of them looked at each other. There was a hint of determination in their eyes. They were also carrying some responsibility. Everyone had different responsibilities. Many looked glamorous on the outside, but they were all working hard inside.

Most of the cultivators present have a lot of responsibilities, but each person is in a different situation.

Yi Tianyun's responsibility is to protect the three realms; everything is so simple, except that everything is false.

"Heavenly Venerable Road..."

Yi Tianyun looked at the mountain peak with burning eyes; he wanted to rush higher. He does not want to be in the hands of others!

Chapter 1110

Yi Tianyun continued to rush forward crazily, basically two or three miles; this distance has been maintained and can be broken through quickly.

In one breath, he directly rushed to more than 60 miles and reached the foot of the mountain! As long as he climbs to the top of the hill, he will reach the end of the Heavenly Venerable Road, and what he will get at that time is something to look forward to.

But for many years, there have been less than ten people who can reach the end of the Heavenly Venerable Road! To be precise, only eight people can climb to the end.

Knowing that only eight people can climb to the end of the Heavenly Venerable Road, the reason is very simple: above the cliff of the mountain peak, there are eight names engraved, which are very conspicuous.

As long as one could pass the Heavenly Venerable Road, they would be able to leave their names on this cliff. This was a great honor.

No one knew why there was a Heavenly Venerable Road here. They also didn't know how the Heaven Stealing Divine Land was formed. They only needed to know one thing, and that was to climb the Heavenly Venerable Road. Then, they would have a chance to become Heavenly Venerates.

The eight names carved on the top did not all become Heavenly Venerates. However, there were indeed people who became Heavenly Venerates. The rest of the time was not enough. After all, climbing up did not mean immediately becoming a Heavenly Venerate. It was just an additional enlightenment.

"We finally reached the foot of the mountain. As long as we climb up this mountain, we will be able to comprehend the rules of Heavenly Venerates."

Yi Tianyun shook his head and looked at it. The difficulty was not very high, but there was one surprising thing. The Star Power concentration here was quite high, providing him with a lot of experience. Unknowingly, he has gained a lot of experience.

It's just that if he wants to break through to the Ten Refinements Earth Monarch, just relying on experience alone is not enough. He also needs to meet other conditions to be able to achieve it truly.

Unless he directly breaks through to the Heaven Monarch, he only needs experience, and there is no need to meet other conditions specially. In theory, this is the first time he has encountered a bottleneck. This bottleneck needs to meet different conditions to be achieved.

The situation where he can level up just by accumulating experience is temporarily impossible. Unless he chooses to break through to the Heaven Monarch, then he will be at the bottom. He wants to do his best. Nine Refinements Earth Monarch breaking through to the Heaven Monarch is already quite amazing for others.

However, to him, becoming the number one monarch in all of history was his goal!

"Fellow disciple, how did you do it? What kind of treasure did you rely on?" At this time, a young man on the side looked at him with contempt, determined that Yi Tianyun did not rely on his ability but on external forces.

Yi Tianyun frowned; this guy was obviously from Heavenly Spring God Territory. Otherwise, he would not call him a fellow disciple.

Yi Tianyun glanced at him; he was too lazy to pay attention to him, so he just walked forward without talking to him.

"Wait, do you know who I am?" The cultivator stopped him in front of Yi Tianyun.

“Why do I need to know who you are?” Yi Tianyun is very disgusted with this kind of person. He thinks that others can’t do what he can’t do.

“Hey, you are so arrogant! I am your senior brother. When I see your senior brother, I don’t respect you and don’t know etiquette!” Heaven Monarch Gou Jian was very dissatisfied.

“Senior brother? There is a rule that when you see your senior brother, you must be respectful and greet him?” Yi Tianyun sneered and wanted to go around him.

“Don’t go!” Heaven Monarch Gou Jian coldly said, “What treasure did the elder give you? Otherwise, how can you break the illusion so easily! Take out that treasure and let me see it.”

“I’m sorry, don’t think that everyone uses some kind of treasure to support them instead of relying on their abilities!” Yi Tianyun said coldly.

“What else do you humans have?” Heaven Monarch Gou Jian suddenly smiled, “If you don’t rely on treasures, can you come here? What a joke. I wonder how you got in here. I think you have some great opportunity, right?”

“Heaven Monarch Gou Jian. What’s wrong?” A Heaven Monarch walked over and asked.

“I’m teaching a junior brother etiquette. Who knew that he would not know what was good for him and was quite arrogant!” Heaven Monarch Gou Jian was extremely dissatisfied.

“Heaven Monarch Gou Jian? That’s cheap.” Yi Tianyun stepped forward and directly went around Heaven Monarch Gou Jian, not wanting to pay attention to him.

“You brat, if you have the ability, try to take another step!” Heaven Monarch Gou Jian was about to explode from anger; he was a senior brother, but he couldn’t even call him a junior brother.

Yi Tianyun turned a deaf ear; he continued to walk forward, step by step, faster and farther.

“Fuck, stop him!” Heaven Monarch Gou Jian rushed over, blocked Yi Tianyun, and angrily said, “I told you to stop; how dare you disobey me!”

“A good dog doesn’t block the way!” Yi Tianyun said coldly.

“How dare you call me a dog!” Heaven Monarch Gou Jian was furious, “Do you believe that I will throw you out and let you have a taste of your own medicine?”

Yi Tianyun looked at him coldly and sneered, "If you have the ability, you can try?"

Even if he were an elder, he wouldn't show any respect, let alone a mere senior brother; he can do whatever he wants; it has nothing to do with him.

"You are courting death!"

Heaven Monarch Gou Jian roared, and without hesitation, he sent out a palm strike; the strength of the 6th Layer Heaven Monarch was more than half used; the fierce palm wind was not trying to hit Yi Tianyun but directly sent him flying.

"Get lost!"

Yi Tianyun used Heaven Flying Divine Secret Art, and his figure kicked over faster, hitting the face of Heaven Monarch Gou Jian and kicking him out of Heavenly Venerable Road.

Heaven Monarch Gou Jian rolled dozens of times in front of everyone and finally stopped. His mouth was swollen, and he was vomiting blood.

Yi Tianyun showed mercy; if he wanted to kill someone, his head would have been broken by his kick, and if he were in Heavenly Spring God Territory, he would leave his life to his fellow disciples!

When everyone saw this, they were shocked; this fellow disciple killing each other was exciting. It was good that people were not in the illusion. Otherwise, they will be willing to come back.

If he hadn't been interrupted in the illusion realm, he wouldn't have come back, but now that he was sent flying, he wondered if the other side would be able to swallow this anger.

"You kicked Heaven Monarch Gou Jian out. If you tell the elders, you will be severely punished!" The fellow disciple next to him scolded him.

"What a joke; if I don't fight back, I will be sent flying. Am I not losing anything?" Yi Tianyun coldly retorted.

"What a fool, don't think that you can get the support of the elder just because you have the treasure given by the elder. I won't fight with you today. After I go out, I will help Heaven Monarch Gou Jian to get justice!" The Heaven Monarch did not fight with Yi Tianyun and flew to find Heaven Monarch Gou Jian.

"What an idiot; not long after Senior Brother Yu Hua said that I immediately met this idiot fellow disciple; it's impetuous."

Yi Tianyun was suddenly in a bad mood, making him feel very disgusted.
