Chapter 1111

Yi Tianyun's action, in the eyes of Heaven Monarch Zi Guan and the others, has just begun, but they have already kicked their fellow disciples out, this hot temper made them all gasp.

"Junior Brother Tianyun, isn't it a bit too ruthless?" Heaven Monarch Zi Guan was slightly worried, but the situation was still relatively serious.

It is forbidden to fight here, but between fellow disciples, although there is no rule, it will be very troublesome to be known by the elders. It is a good opportunity not to cherish it and to play fighting here. How can the elders not be angry?

"Hehe, after saying these guys are arrogant, they are immediately taught a lesson. Isn't this a good thing? Every one of them is arrogant and conceited. If they think that they can't do anything, they think that others can't do it too." Yu Hua suddenly smiled, thinking that Yi Tianyun did a good job.

"You are right, but those elders won't blame him, right?" Heaven Monarch Zi Gu shook his head, thinking it was still too reckless.

"Blame him? Then let's see how far Junior Brother Tianyun has reached." Heaven Monarch Yu Hua laughed, "Rules are dead. Whoever has the biggest fist is the true truth. If Junior Brother Tianyun is getting closer to the end of the Heavenly Venerable Road, do you think those elders will blame him?"

"Moreover, the cause is all because those guys are too stupid. What treasures do they want to see? I don't believe the Heavenly Venerable Road has any treasures that can suppress that illusion. Even if they do, why not give them to them but to Junior Brother Tianyun? Just thinking about it makes me understand. They are a bunch of self-righteous idiots. "

When Heaven Monarch Yu Hua spoke, he was extremely vicious. Fortunately, none of them could hear him. Otherwise, they would come looking for trouble with him.

"Alright, just say these words in your heart. It will be bad for us if those people know about it." Heaven Monarch Zi Guan shook his head. He felt that it was better not to say these words directly. It was not good to affect himself like this.

"Forget it; I can't be bothered to say anything more. Let's continue forward. I hope Junior Brother Tianyun will charge forward and ruthlessly defeat those high and mighty geniuses. They think they have a good background and bloodline, and they think they are invincible?" Heaven Monarch Yu Hua sneered, thinking that everything was so ridiculous.

Heaven Monarch Zi Guan patted his shoulder, indicating that he should calm down. He looked at Heaven Monarch Gou Jian, and his eyes were also full of indifference. For some people, there is no need to be too sympathetic, and there is no need to be good friends.

After kicking off Heaven Monarch Gou Jian, Yi Tianyun continued to climb up. His speed remained the same as before, but for caution, he shortened from two to three li to about one li.

It undoubtedly takes a little more time to climb to a higher level, but this is more reliable; everything has to be done safely and not too recklessly.

Sure enough, every mile of road will stop and fall into a relatively difficult illusion, from the time originally not needed for a quarter of an hour to several hours, even to almost a day later, this time keeps pushing forward.

This seems to be a lot slower, but it is much faster than others. People have not climbed to the bottom of the mountain peak, and they need a few days to go forward. Yi Tianyun reached the side of the mountain peak, which takes much less time and really can't be compared.

The cultivators on the upper side are scattered, no more than a dozen at most, much less than below. Many people can climb up to the top but are not here; for example, Heaven Monarch Liu Yun is not here.

When they saw Yi Tianyun catch up, they saw that it was a human again; they suspected he had some special treasure; otherwise, how could he break the illusion so quickly?

Many people have this idea: if it were any warmer race, no one would doubt him, mainly because he is a human, so he is suspected.

Yi Tianyun never cares what they think; he cares for himself. When he rushed more than 70 miles, another cold voice came, "What do you mean by that?"

Yi Tianyun looked up. The one who questioned him is an 8th Layer Heaven Monarch Expert. He looks handsome and extraordinary. He is also a genius of Heavenly Spring God Territory. He seems to have just come out of the illusion realm not long ago, but what happened before, he did not go down to help. He just looked on.

"Nothing much, just a normal counterattack." Yi Tianyun looked at him and said indifferently, "What's the problem?"

"No problem, you can go back now!" Heaven Monarch Zong Yun waved his hand and said coldly.

“Why?” Yi Tianyun’s face was calm, but he did not show any anger, as if everything had nothing to do with him.

“Because I am your senior brother!” Heaven Monarch Zong Yun said coldly, “In Heavenly Spring God Territory, as a senior brother, you have the right to order junior brother! Anyone who disobeys will be sentenced to death!”

Yi Tianyun laughed on the spot. He looked at Heaven Monarch Zong Yun and sneered, “It has something to do with that Heaven Monarch Gou Yun. You are taking revenge for him, right? And as a senior brother, you have the right to order a junior brother. What a joke. I am not your subordinate, and I am not your person. With the name of a senior brother, you can bully people at will?”

“Honestly, this is the most boring thing I have ever seen. If I am qualified to go to the end of the Heavenly Venerable Road, who do you think the Elder Council will punish?”

Yi Tianyun almost wanted to hit someone. This is the so-called power? If he is in danger, he can just give this order. But now it is a problem of the future. If he lets someone leave like this, doesn’t it mean he has lost his future?

“Do you think you are qualified to go up?” Heaven Monarch Zong Yun said sarcastically, “You climbed up here because you found a treasure from somewhere. If you want to go up, do you think you can go up if you don’t have the ability?”

“My good senior brother, I suspect that key has kicked all the heads. All of you think that I came up with a treasure? Which eye did you see that? Even I don’t know.” Yi Tianyun was not angry but smiled, “Even if it is a treasure, it is a treasure that I got with my ability!”

“If there is this treasure, I will throw it out for you to pick up. I dare to say that you are like a dog and will immediately rush to pick it up. What do you mean by using your ability? It is just a bunch of bullshit!”

“You think that you can’t complete it yourself, and you think that others rely on external forces; you are a bunch of stupid people. If you look down on us humans, just say it directly, and don’t talk nonsense in front of me. Time is very valuable here, understand!”

Yi Tianyun directly spat out many words, like a barrage of bullets, making the face of Heaven Monarch Zong Yun livid. No one has ever dared to talk to him like this; Yi Tianyun is the first!

Chapter 1112

Heaven Monarch Zong Yun was suddenly angry; he looked at Yi Tianyun and said angrily, "Very good! What a glib tongue; I don't like you; what's wrong with that? Who has the biggest fist is the truth!"

"If I don't teach you a lesson today, I don't know why I am a senior brother and you are a junior brother!"

He angrily walked down from the top, wanting to fight with Yi Tianyun. Yi Tianyun's eyes narrowed, and he clenched his fist, ready for the strongest explosive power. Even if he is such a strong Heaven Monarch, he is still confident he can beat him with one punch!

Especially when the other party was careless, it was extremely easy for them to kill him instantly. Who would have thought an Earth Monarch would have the strength to stand above most Heaven Monarchs?

Under the carelessness of the negligence, everything was over.

"Oh no, that Heaven Monarch Zong Yun has been enraged!" When Heaven Monarch Zi Guan saw this, his face sank.

Yi Tianyun is so far away from Heaven Monarch Zong Yun. If they fight, Yi Tianyun will be in danger. It is not wise to fight here.

The other cultivators of the God Territory were gloating. They did not expect that there would be internal strife here. It was fine to fight outside. At least it would not consume the Jade Pendant. In this place, time is money. Every second is equivalent to cash.

They did not cultivate well. Instead, they were ready to fight. It was really funny. They were happy to see this situation. Anyway, they did not lose themselves. They could watch the program and cultivate. They were happy.

"These idiots will die if they don't play high." Heaven Monarch Yu Hua shook his head and said to the other side, "Senior Brother Zong Yun, please calm down. It is not a good thing to cause trouble here. We will make plans after we get out. How about it?"

They could not fly over. They could only shout from below. Heaven Monarch Yu Hua wanted to persuade them. After they got out, he would find the elders to settle it. This was nothing more than a delaying tactic. It was not to let Heaven Monarch Zong Yun choose a good place to take revenge.

If they went out, how could the elders fight them?

"I want to solve it here; how about it?" Heaven Monarch Zong Yun looked at them coldly, ignoring Heaven Monarch Yu Hua's persuasion.

He turned his head and looked at Yi Tianyun coldly, provoking his dignity. He doesn't care what the situation is now; even if enemies surround him, he has to deal with Yi Tianyun first!

He has to protect his dignity, lest someone like Yi Tianyun will choose to resist him in the future.

Just as Heaven Monarch Zong Yun was about to make a move, a figure flew past him and said lightly, "Oh, bullying the younger generation here, is this style of you, Heaven Monarch Zong Yun? Before, you even shouted at me that you wanted to fight with me, but now it seems that you are despicable."

A snow-white figure floated down from the sky and the beautiful figure that fell made Yi Tianyun stare. The person before him now was not a stranger; it was the previous God, Monarch Yuqin!

After not seeing her briefly, she has already broken through to Nine Refinements Earth Monarch. It seems that she is preparing to break through to Heaven Monarch, but in her previous life, it was God Monarch Yuqin, and the data of the Investigating Eye has been refreshed.

He hadn't expected that God Monarch Yuqin would appear here. This caused him to feel extremely shocked. He had originally thought that he wouldn't be able to see her. Who would have thought that she would appear before him in the blink of an eye? It was truly shocking.

"Heaven Monarch Liu Yun, you've come!" Heavenly Monarch Zong Yun's gaze focused as he turned his gaze towards God Monarch Yuqin. His eyes were filled with a burning gaze.

"Heaven Monarch Liu Yun?"

Yi Tianyun almost swallowed his tongue. Is this person Heaven Monarch Liu Yun? But she has not broken through to Heaven Monarch, so how can she be called Heaven Monarch?

However, if you feel it carefully, just by sensing it, it is similar to Heaven Monarch's aura. If her cultivation is improved, her soul will awaken more and more, and then the aura she reveals will naturally be similar to Heaven Monarch.

It is not a problem to be misunderstood, as Heaven Monarch, Yi Tianyun's Investigating Eye, can see everything and naturally can not hide it from him.

It is just that she has another identity; it seems that she has joined another God Territory and can successfully come here; it seems that it is not the first time she has gone here. Otherwise, she will not be able to fly up immediately.

Heaven Monarch slowly landed eighty miles away. She was even taller than Heaven Monarch Zong Yun. She was the Heaven Monarch Liu Yun, rumored to have the highest chance of reaching the top. Now that she had returned, she had attracted the attention of many people.

“Is Heaven Monarch Liu Yun trying to reach the top this time?”

“It’s possible. This time, she might be able to reach the top. Even if he can’t reach the top, getting close to the top would be amazing.”

“If she can reach the top, that would be the ninth name. I would also like to carve a name on it...”

All of them shook their heads, feeling extremely envious. It would be great if they also possessed this ability.

“Heaven Monarch Liu Yun, become my woman!” Heaven Monarch Zong Yun looked at her and said in a deep voice at this moment.

It was like a thunderclap that exploded from the ground, causing everyone to cry in alarm. They never expected Heaven Monarch Zong Yun to say such words at this moment. However, no one was jealous of Heaven Monarch Liu Yun.

He can’t be jealous of women. One day, he can also become the woman of another Heaven Monarch or his own woman. Therefore, he doesn’t need to be jealous. He just needs to conquer them.

This is overbearing because Heaven Monarch Zong Yun wants to conquer her in front of so many people.

Yi Tianyun looked at Heaven Monarch Yuqin, wanting to see something from her expression, but he could only see calm, not interested in this.

“Become your woman?” Heaven Monarch Yuqin glanced at Yi Tianyun and said lightly, “If you want to be my man, beat him first.”

She pointed at Yi Tianyun, and in an instant, everyone’s eyes gathered on him, making him the focus of everyone.

Yi Tianyun was suddenly stunned; it seemed that Heaven Monarch Yuqin wanted to use him as a shield so that he could stop these idiots.

“Defeat him?” Heaven Monarch Zong Yun sneered, “This guy still needs to win...”

“Yes, I don’t need to win. You have already won.” Yi Tianyun looked at Heaven Monarch Yuqin and said, “He has already won me. According to the rules, he can become your man, right?”

Yi Tianyun’s answer stunned them. How could they admit defeat in the blink of an eye?

Heaven Monarch Zong Yun was stunned and laughed, “What a good junior brother! You are very flexible; I am starting to appreciate you a little.”

Heaven Monarch Yuqin clenched her fist; her heart was about to explode; she did not expect Yi Tianyun to play according to the routine; she admitted defeat without any dignity.

Yi Tianyun shrugged; he just did not want to be a shield.

Chapter 1113

“Don’t you have any intention of defending your dignity?”

God Monarch Yuqin clenched her teeth and looked at Yi Tianyun. She was a little disappointed that Yi Tianyun didn’t succeed. This was a man who had won against her. She was very unhappy that he admitted defeat.

“No, I just don’t want to be a shield.” Yi Tianyun shrugged and said.

“This is not a shield; I just want them to make a comparison. Even you can’t win, and you want to become dao companions with me?” God Monarch Yuqin shook her head; even if the other party won Yi Tianyun, she would not be a companion with the other party.

How can her ambition be compared with the cultivators here? She just wanted to give them a standard, not even reaching this standard, and want to marry her; that is a fool’s dream.

“If it is really like this, you will not be able to marry in this life.” Yi Tianyun shrugged and said, “No one can beat me, including you.”

After saying that, he grinned, and his tone was full of infinite dominance.

After listening, everyone suddenly became angry and began to spit at Yi Tianyun. He just has a little ability, but he is so arrogant.

Yi Tianyun's words undoubtedly indicate that he is not targeting anyone, but everyone here is trash! If he is the standard, God Monarch Yuqin will be single for the rest of her life.

How can his arrogant words not anger everyone? Heaven Monarch Zong Yun had originally changed his opinion of him, but now he suddenly became angry.

"He is arrogant; I know this is Earth Monarch Yi Tianyun." God Monarch Yuqin was not angry; she covered her mouth and chuckled, feeling very happy.

She likes this kind of thing. Yi Tianyun's previous behavior made her very unhappy.

Everyone looked at their conversation and immediately knew they must know each other. Otherwise, they would not have had such a close conversation and would not have directly set this standard.

Seeing the two of them looking at each other, Heaven Monarch Zong Yun said angrily, "As long as you win him? No problem, come to the duel now!"

Heaven Monarch Zong Yun rushed before Yi Tianyun, looked at him coldly, and said, "Let's fight over there!"

Heaven Monarch Zong Yun seemed crazy; he wanted to fight with Yi Tianyun and beat him up to win the heart of beauty.

More than that, he still felt humiliated; he didn't expect the woman he liked to have such a good relationship with his junior brother.

"Wait, do you think I'm discussing this duel?" God Monarch Yuqin looked at him and sneered, "I'm talking about the Heavenly Venerable Road, not martial arts! Before I leave, let's see which of you scores more. I can stay here for two months; the final result will depend on which of you can defeat him."

God Monarch Yuqin wasn't referring to any martial arts competition. The difference in cultivation level was so great that there was no meaning. Moreover, this was the Heavenly Venerable Road. If they wanted to compete, they would have to go further.

"So it's to compete with the Heavenly Venerable Road. This is even simpler!" Heaven Monarch Zong Yun withdrew his gaze and turned his gaze to the front once more.

It was better to use this to decide the victor. In any case, he would also climb up and see who could go further.

“I’m not interested. However, this Heavenly Venerable Road is something that I want to climb up. You guys can do whatever you want. Don’t drag me down.” Yi Tianyun was too lazy to care about them.

“Are you planning to retreat?” Heaven Monarch Zong Yun stared at him with burning eyes.

“Retreat?” Yi Tianyun sneered, “I have never retreated; I just want to say you can do whatever you want; if you can surpass me, then come!”

After saying that Yi Tianyun was too lazy to pay attention to him, he raised his foot and walked forward, bypassing Heaven Monarch Zong Yun.

“Boy, I want to see how long the treasure in your hand can last you!” Even if he died, he still thought that Yi Tianyun came up with treasures, not relying on his strength.

This annoyed Yi Tianyun; this guy is an idiot; no matter how many times he said it, it would be useless.

Immediately, Yi Tianyun climbed up and sent a message, “How can you come out of here, and even change your identity and join other God’s territory?”

“You know how to find resources to cultivate. Don’t tell me I don’t know?” God Monarch Yuqin sent a voice transmission. “The Heavenly Venerable Road is a good place. In my previous life, I almost reached the peak. Now, I’ve fought again. If I can reach the peak, my chances of breaking through to the Heavenly Venerable Road will greatly increase.”

“Is the Heavenly Venerable Road that amazing?” Yi Tianyun asked doubtfully.

“That’s for sure. Don’t think that only the Five Great Gods control this place. There is often 3rd Grade God Territory coming to ask for a place. 2nd Grade God Territory can’t stop it, so we can only obediently give it to them.” Yuqin God Monarch said indifferently, “According to legend, this Heaven Stealing Divine Land is a treasure lost by an invincible supreme expert. 3rd Grade, God Territory regions, have always been eyeing it, but they can’t take it away, so they can only send people over.”

“You can’t even take away a 3rd Grade God Territory?” Yi Tianyun was shocked; it seems that this Heaven Stealing Divine Land is not simple.

“A 3rd Grade God Territory is not invincible unless a stronger existence is coming. However, stronger existences probably don’t like this Heaven Stealing Divine Land; they have even more amazing treasures.” Yuqin God Monarch laughed at himself, feeling that everything was so small.

Yi Tianyun nodded. There are mountains beyond the mountains. To them, this is a treasure ground. For some peerless, powerful figures, this is only trash.

“To climb to the peak of the Heavenly Venerable Road...” Yi Tianyun felt a bit motivated. He wanted to see what the truth was.

Following him, he continued to rush forward, chasing straight to the limit where Heaven Monarch Zong Yun was. Heaven Monarch Zong Yun also sped up, but he did not dare to rush too far. He would stop to break the illusion whenever he walked a few hundred meters.

Yi Tianyun is very rough; every time he sprints a mile, he is much faster than Heaven Monarch Zong Yun.

Similarly, God Monarch Yuqin is also not slow; just like Yi Tianyun, she rushes up a mile. She almost reached the finish line in her previous life, and now, with the sole support of her last life, naturally, her speed will not be slower than Yi Tianyun or even faster.

Looking at this chase, the people on the back can only be left far behind, unable to catch up.

Only the geniuses in front can participate in this chase. However, some cultivators are not interested; they just take it slowly. Some of them participated in this chase. They did not confess to Heaven Monarch Zong Yun, but they wanted to win against Yi Tianyun and then chose to confess.

This is undoubtedly the best choice and is more low-key and reliable.

Yi Tianyun did not pay attention to them using himself as the standard; he kept rushing forward, falling into the illusion repeatedly, feeling that he had spent one world after another, becoming a different existence, comprehending a hundred states of life.

“If you want to break through to Heavenly Venerable, you must comprehend the hundred states of life?” When Yi Tianyun woke up from the illusion, he felt everything was not so simple.

Chapter 1114

When Yi Tianyun walked the Heavenly Venerable Road, he did not simply break it but carefully comprehended its emotions. Since he will take this test, he must have his reasons; otherwise, how can he come here now?

The road to becoming a Heavenly Venerable is very difficult. If you want to succeed, the price you have to pay is extremely high. There are many ways to break through to the Heavenly Venerable Road. If you want to choose that kind of breakthrough, it depends on the individual.

Yi Tianyun believes that the Heavenly Venerable here must be one who engraved his breakthrough method here so that the later generations can carefully comprehend it.

This Heavenly Venerable is an extremely kind existence, but the real meaning is unclear.

"I guess I will know what the Heavenly Venerable is thinking after I finish climbing the Heavenly Venerable Road."

Yi Tianyun smiled and continued to climb forward. His speed remained the same. He gradually began to catch up with others and was about to catch up with Heaven Monarch Zong Yun.

Heaven Monarch Zong Yun was very anxious in his heart. If this continued, he would be caught by Yi Tianyun. At that time, he would be extremely humiliated. Before, he shouted at Yi Tianyun to get rid of him easily. Who knew that now he was getting closer and closer? He was about to be caught up.

This kid is so strange. What kind of treasure does he have? How can he break it so quickly? Is he relying on his ability to get up here? It is impossible; human beings can not be so powerful. Human beings have always been at a low level, and their talent is very low. How can they rely on themselves to get up here?

Heaven Monarch Zong Yun never believed that Yi Tianyun could have this ability. The human race has always been at such a low level; how can they turn over? Salted fish can't turn over; it will only worsen!

In addition to his disbelief, Yi Tianyun has gradually approached him. From the originally not short distance, he quickly closed in. Ultimately, the distance between the two is less than a hundred meters. Heaven Monarch Zong Yun is completely panicked.

It has only been a short time; Yi Tianyun has already caught up; this speed is amazing.

"You, what kind of treasure are you using? It is cheating!" Heaven Lord Zong Yun shouted.

“Cheat?” Yi Tianyun’s tone was extremely disdainful; only this guy could think of this.

“That’s right, you cheated! Otherwise, how could you be so fast? You cheated!” Heaven Monarch Zong Yun could only retort like this to cover up his shortcomings.

“What a joke. Even if you use a treasure, it is still his ability. If you have a treasure, it is also your ability. You think that you have lost, so you start to find excuses. I despise this kind of man the most. I can’t afford to lose! The key is that it is not the end yet. It is boring to admit defeat now.”

God Monarch Yu Qin shook her head in front. She felt that Heaven Monarch Zong Yun was really funny. The way she looked at him was becoming more and more disdainful. Even if she had a little good impression of him before, it would disappear completely. Let alone now, he had no good feelings in the first place. Now, he was even more disgusted.

“There is a saying about cheating nowadays. As long as it is something on me, no matter how I use it, it is not considered cheating.” “There is no need for trickery in war. Why is there fairness?”

He would immediately use it without saying a word if there was such a treasure for him. It was simply disgusting.

Heaven Monarch Zong Yun’s face turned green and white. He had not expected to be mocked by the woman he was chasing, making him feel like he had eaten a fly.

“I was just saying it. I don’t even know who will be the winner!” Heaven Monarch Zong Yun clenched his teeth and began to rush forward crazily. It was much farther than before.

Yi Tianyun looked behind him and shook his head. This idiot is courting death. They are charging within their own estimated range, not acting rashly.

Heaven Monarch Zong Yun is acting rashly, completely angered by God Monarch Yuqin.

“You don’t have to speak for me.” Yi Tianyun said to God Monarch Yuqin.

“I didn’t speak up for you; I just feel that he is very disgusting. He has already cultivated the Heaven Monarch and still said such childish words. Even I can’t stand it.” God Monarch Yuqin is telling the truth; she is very unhappy with Heaven Monarch Zong Yun; there is no other reason.

“Okay.” Yi Tianyun shrugged his shoulders. This Heaven Monarch, Zong Yun, is not qualified to be his opponent. The only one who can be his opponent is God Monarch Yuqin.

Of course, there is no opponent here; it depends on his own ability, there is no quota limit, and there is no saying of first place.

Yi Tianyun continued to rush forward. Although the other cultivators did not speak, they still silently rushed forward, but their speed was not as fast as Yi Tianyun's.

Not only did they not catch up with Yi Tianyun, but he left them behind teasingly.

"I can't see through you more and more; you seem to be not a reincarnation; how can you break the illusion so quickly?"

God Monarch Yuqin felt that this was the most confusing thing. After all, she has a soul from her previous life. What does Yi Tianyun have? A soul from her last life? She can't feel it. As for what treasure it is, she also can't see it.

"I don't know. I can break this illusion at will." Yi Tianyun shrugged his shoulders, and his walking speed began to slow down. He began to feel that the illusion here was difficult and had to slow down.

"Break it at will?" God Monarch Yuqin rolled her eyes at him, knowing that Yi Tianyun would not tell the truth.

Of course, Yi Tianyun did not tell the truth; he can break through so quickly. Naturally, he has all kinds of titles, abilities, and experiences, and combined, he can break through so quickly.

As for the treasure, he doesn't have it, completely relying on his strength to rush up.

Soon after, they didn't talk much. Yi Tianyun continued to climb up. There was not much time left. The more he got to the back, the more time he needed. Compared to God Monarch Yuqin, he needed more time.

The gap between the two of them gradually began to show. God Monarch Yuqin lived for many more years than Yi Tianyun. He had lived for many years, and he had also passed this place once. He almost reached the peak. He would be safer than Yi Tianyun and even faster than him.

Yi Tianyun didn't compete with her. Anyway, he didn't intend to compete with her anyway. It was not the battle of God Territory. So what if it was faster than him? Anyway, he would not get any reward.

He followed the two of them, leaving the others far behind. The third one was several miles away from them. They were not on the same level at all. As time went on, they would only get farther and farther.

At the back, Heaven Monarch Zi Guan and the others looked at the two of them in a daze.

“Junior Brother Tianyun is amazing! Compared to that Heaven Monarch Liu Yun, he is completely unyielding!”

“Hehe, I think the most interesting one is still Heaven Monarch Zong Yun. Looks like he is stuck there. If the Jade Pendant is used up, who will save him? I think that Junior Brother Tianyun will not make a move.” Heaven Monarch Yu Hua laughed. He felt that Heaven Monarch Zong Yun deserved it!

Chapter 1115

No one knows whether Heaven Monarch Zong Yun can wake up quickly from the illusion realm. If he exceeds the time limit, he will be finished. Yi Tianyun is too lazy to save him. As for whether other people will help or not, that is unknown.

Heaven Monarch Zi Guan and others can't help; even if they want to help, they have to get close to help. They are so far away that it is impossible to save them.

Yi Tianyun is too lazy to care about these things, but he keeps walking forward, and the distance is gradually shortened. Looking up, three miles are ahead, and he can successfully climb to Heavenly Venerable Road.

This is not too difficult for him; Jade Zither, Divine Lord, is also the same; the distance between them is less than a few hundred meters.

“In front of me is the place where I am stuck. The test is too difficult and completely different from the previous one. Of course, everyone's situation is different. I hope you can pass this hurdle.” God Monarch Yuqin stepped into a special area, surrounded by a special light.

At this time, Yi Tianyun was surprised that the area she entered was safe. The Jade Pendant on her body was no longer consumed as if she was entering a safe place.

“There is such a situation?”

Yi Tianyun thought momentarily, then rushed up with two or three steps. He thought he could get past the place where God Monarch Yuqin was. When he was side by side, his whole consciousness was instantly swept in without any resistance, he was swept in.

It was completely different from before. If he forced himself to hold on, he could walk a distance more. Now, it was completely impossible. It was as if he was stuck at this point. When he stepped on it, he was immediately swept into the illusion!

When the people below saw it, they were very shocked. They did not expect that when they went up, they would not consume the Jade Pendant, which meant that they could stay on it all the time without worrying about the consumption of the Jade Pendant.

This made them envious. As long as they did not consume the Jade Pendant, they could stay on it to cultivate. Even if they were stuck, it did not matter. As long as they could stay here, their bodies would absorb Star Power and slowly become stronger.

However, the key point is that they are so close to the finish line. For them, every step is so difficult. How can it be so easy for them? They have reached the end of the Heavenly Venerable Road. They can get it after walking for a few more miles.

Walking to the finish line, this is something left behind by the Heavenly Venerable. It makes people envious.

They all imagine why Yi Tianyun climbed there by himself. They don't know how much energy it takes to climb there.

After experiencing too many illusions, it seems that they will be broken soon, but he has been in illusions for thousands of years. It can be said that it is a thousand years!

At the same time, Yi Tianyun felt that he entered a strange space.

"What kind of space is this?"

Yi Tianyun looked around and found himself in a withered forest. The plants around him have withered, and many Spirit Medicines have withered.

This made Yi Tianyun feel a bit painful. These Spirit Medicines are relatively precious. Although it is just an illusion, why does it look so real?

He felt like he had entered the real space, not like before, becoming a farmer or a little soldier to participate in some things.

He is sucked into a strange space; the difference is that the soul comes in, not the body comes in with it.

“Is this independent space of Heaven Stealing Divine Land?” Yi Tianyun guessed this was not an ordinary illusion; it was very different from the previous one and a completely different test.

After Yi Tianyun walked for a while, he wanted to fly up and observe the surrounding situation. However, he found that he could not fly at all. He was completely blocked from flying, which made him a little surprised. He immediately understood that it was normal to have this kind of phenomenon. After all, this was another space, and restrictions were normal.

However, this way, he could not completely see this area. Just as he was about to leave this place, he suddenly heard a deep voice, “It has been a long time since a suitable person came here. I don’t know how many years...” The voice was very low and hoarse like a hundred years old man speaking.

Just as he was wondering, the withered plant in front of him instantly recovered its life and returned to its original appearance. Only a small part of the area was restored, just a road leading to the front. It seemed to guide him forward.

Yi Tianyun did not doubt him. Even if he were careful, it would be useless. This space belonged to this person. According to this situation, as long as the other party does not let him go, it will be difficult to leave here. Since it is difficult to escape, it is better to see what is happening.

He walked along this recovery road. When he just stepped on the grass, Yi Tianyun immediately felt a comfortable life force surging up, making him feel comfortable. Compared to just now, it is heaven.

This made him feel that this was the real space, just that his soul was moved in.

As he went deeper, more and more spirit medicines appeared before him. His life force also became more and more concentrated. It was no longer that strange energy. Finally, after walking for a while, he saw an old man sitting at the table before him, pouring tea and drinking by himself. The tables and chairs he sat on were all grown from tree vines. They just happened to become tables and chairs!

After Yi Tianyun walked in, the old man turned his head and looked at him, “I didn’t expect that the person this time was so young...”

The old man looked at him, and Yi Tianyun also looked at the old man. Instead of saying that the old man in front of him was an old man, it was better to say that he had white hair and a youthful face. In addition to his white hair, his face was no different from that of a young man. It surprised him.

What surprised him was not the appearance but the strange energy emitted by this person, forming a weird aura around him.

“Tool Spirit?” Yi Tianyun looked at him up and down.

The old man in front of him didn’t feel like a person but a ball of energy.

Among the top treasures, there must be a Tool Spirit, a soul born from a treasure. To obtain this treasure, you must tame this Tool Spirit. If you don’t have enough strength to subdue it forcefully, you will instead suffer a backlash.

This was the same as the Tool Spirit in the Three Realms. His current Rebirth Level Weapon did not have a Tool Spirit. The Tool Spirit was nurtured. It could not be casually produced when the grade was high. It was too common.

A truly powerful treasure had a Tool Spirit!

Without a doubt, this was the inner space of a treasure.

Chapter 1116

This is the space of a treasure. Yi Tianyun immediately gave a judgment, and the Investigating Eye also gave an accurate judgment, showing the old man’s information in front of him.

Hua Xiu: Able to revive all withered Spirit Medicines by force, simultaneously able to enhance the effect of Spirit Medicines by force greatly enhanced.

The real name of the old man before him is “Hua Xiu,” turning rotten into magic! This ability is strong and can revive withered Spirit Medicines and the like.

This ability is impossible; only these treasures can achieve such a magical effect, especially to strengthen the impact of Spirit Medicines; this makes his eyes light up.

The old man smiled faintly, “You guessed right; I am the Tool Spirit of this space; you can call me Hua Xiu. Compared to others, you know more.”

“Hua Xiu, this name is quite straightforward.” Yi Tianyun looked at him and asked, “Then what do you mean now? I was moved down from the Heavenly Venerable Road, and now you want to test me? It seems this is not like an illusion; it is not the same as before.”

“Yes, it is to test you. This is indeed not an illusion but a real internal space. It is my internal space of me, a test specially set up by the master. You can come down to test as long as the conditions are met.”

“You have met the conditions both in terms of physique and talent. Therefore, you can be my master! Especially in physique, you seem to have a strong vitality, which is very compatible with my attributes.”

After listening to this explanation, Yi Tianyun suddenly froze, subconsciously looking at the Jade Pendant on his body.

“Are you saying that not everyone will come down to experience the test you gave them?” Yi Tianyun asked.

“That is for sure. Different cultivators have different tests. You are full of vitality, which fits the test this time.” The old man explained.

Yi Tianyun is silent. He has a long life set on his body that he has not taken off. When he is on Heavenly Venerable Road, he can change it to a long life set to strengthen his soul.

It seems that he can only heal his injuries, but he can also heal his soul, so he must be able to break through the illusion.

Who knew that after changing it, it would become this kind of test, making him look strange? I wonder what kind of test it would be if he wore the ancient set.

Yi Tianyun did not show any fluctuation on his face, but he said indifferently, “Compared to this, I want to know, what ability can you give me?”

Hua Xiu did not speak but gently waved his hand, and a withered Spirit Medicine floated into his hand. Yi Tianyun judged from this withered Spirit Medicine that it should be a 3rd-grade Spirit Medicine. This is another 3rd grade of Spirit Medicine of God Territory, not a mortal realm level of Spirit Medicine.

Then Hua Xiu’s hand emitted a green light, and a surge of vitality rushed out, pouring into this withered Spirit Medicine. In the blink of an eye, this withered Spirit Medicine had returned to its original state!

The recovered 3rd Grade Spirit Medicine, not only did the spirit power not weaken, it became slightly stronger!

“This old man’s ability is the ability of decay! It can restore any withered Spirit Medicine to its original state. It can improve quality if it is a normal Spirit Medicine!” The rotten eyes turned into green light; it looked strange, but the wood spirit power coming out of its body was amazing.

Yi Tianyun's eyes burst out a bright light. Although the Investigating Eye had already told him, he was still very shocked. After all, this was the first time he saw it. He will be shocked. To restore the withered Spirit Medicine, this is a heaven-defying existence!

In reality, even if the ability to attribute wood is strong, restoring the withered spirit medicine to its original state is difficult. Some special Spirit Medicine has begun to wither since the picking. Even if put into a jade box, it can't reduce the withering speed.

Therefore, it is necessary to make it immediately. There must be no delay. Otherwise, if the effect is greatly reduced after some time, the impact of eating it will be too low.

This ability is powerful, and the key is to improve the quality, which is also attractive.

"This ability is good, but it is not simple to get this ability, right?"

Yi Tianyun narrowed his eyes. There is no free lunch in the world. If it is suitable to come casually, it is too much to look down on these Tool Spirits. Which of these Tool Spirits, which one of them is not old and crafty? They already have intelligence; how can they give it away for free?

Especially the test given by Heavenly Venerable, the difficulty must be high and not low; you should know that God Monarch Yuqin is stuck here, which proves how difficult it is.

Although the test she experienced differs from his, the difficulty is not too different.

Hua Xiu took back the energy and, at the same time, threw the Spirit Medicine in his hand to the side, then sat down, took a sip of tea, and motioned Yi Tianyun to sit down.

Yi Tianyun was not in a hurry. He sat down with him. The teacup next to him seemed to be prepared for him. After pouring himself a cup of tea, he sipped it. It tasted sweet and fragrant. It is a rare good tea.

"Tea is good, but I don't know if this process will be like this cup of tea, first bitter and then sweet?" Yi Tianyun shook the teacup, looked at the rotten, and said.

Hua Xiu squinted and said, "This depends on your ability. If your ability is not enough, it will always be bitter."

Immediately, Hua Xiu stood up, moved a few steps in the same place, and said, "Over the years, there have been many people who are suitable for me, but only a few can really have me. It has been too long since the last one."

"If you want to have me, you must have enough strength to control it truly. If you can't get approval, don't even talk about becoming my master." Hua Xiu turned around and looked at Yi Tianyun.

Yi Tianyun said indifferently, "I don't know what question you are asking, but what about the previous ones? Can you tell me how they are doing?"

Hua Xiu looked at Yi Tianyun and said with a smile, "The number of suitable people who can become this master of this rotten space can be counted on one hand, but the number of suitable people who come in is not small. There are only two choices for suitable people to come in. The first choice is to become the master of this rotten space. The second choice is to be eliminated!"

Hua Xiu's voice did not have any coldness or any hostility; it sounded very flat.

"Eliminated?" Yi Tianyun asked doubtfully.

"Yes, eliminated. There is only one chance for this test. Next time you come here, it is impossible to try here again, so you can only change to another space test." The old man smiled.

This means that there is only one chance!

Chapter 1117

"So, your master has already passed away?" Yi Tianyun asked.

If not for the master's death, why would he leave these treasures here? Each of them is so valuable, especially the Heaven Stealing Divine Land. They are extremely powerful treasures; even 3rd Grade God Territory wants them.

"We don't know whether our master has passed away or not. Our goal is to become a servant of the person who passed the test. It's that simple." The old man said in a deep voice.

The Tool Spirit will obey all the orders of the previous master. They don't need to pay attention to why it is doing this. They just need to know what to do next.

Yi Tianyun frowned and thought, this Heavenly Venerable's way of doing things is strange; he can't understand it. This is equivalent to giving a treasure; it will not provide it for free, right?

"Is your master choosing the inheritor?" Yi Tianyun asked.

“Sorry, I have no comment on this.” The old man shut his mouth and said, “If you want to know, you must pass my test. If you can’t pass, you can choose to leave.”

“Then you don’t have to talk nonsense; just answer the question directly.” Yi Tianyun didn’t ask more since the other party would not answer, so there was no need to continue asking.

Although he doesn’t know what the mysterious Heavenly Venerable is thinking, there must be a meaning since he gave it out. In his opinion, he will likely choose a successor or help do something; otherwise, it is impossible to give things for free.

Unless it is an extremely generous existence, the problem is that he has never seen such a generous existence; at least, he has to recruit people to inherit his legacy so it is credible.

Hua Xiu narrowed his eyes and smiled, “This question is not very difficult. You just need to make dishes that I like to eat.”

“Wait!” Yi Tianyun raised his hand to signal him not to continue but asked doubtfully, “You mean the test is cooking?”

“Yes, what is the problem? Although you are in a soul state, you can still mobilize the things here, so you only need to make one dish, which is a test.” Hua Xiu, the old man said.

“What the hell? I mean, why do I test for cooking? Not a fight, or something else? But you tell me to cook?” Yi Tianyun felt like his head was about to explode.

He has been cultivating for a long time. He doesn’t need to eat anything to absorb the essence of the world. Now he had to cook! Letting him fight or carve a few hundred Divine Imprints is better. He knows a little about this. It is really bad to tell him to cook.

“Yes, my test is to cook. If you don’t understand, you can leave now.” Hua Xiu reached out his hand to signal Yi Tianyun to leave.

“Did you think of this dish yourself, or did your master say it?” Yi Tianyun asked.

“I thought about it myself, what’s the problem? The dish was made by my master before, and I just want to eat it once, the dishes that my master made before.”

He stood up, and his face showed some nostalgia, “I want to eat that dish again. I don’t know how long it has been since I last ate it.”

Yi Tianyun looked at him and said helplessly, “Well, what kind of Spirit Medicine is that dish made of?”

As a Tool Spirit, he said that he can move outside. It is no different from a real person. He can eat and enhance his spiritual power. Tool Spirit is half a living person, so eating is no problem.

It had to be said that this Heavenly Venerable was different. He seemed to treat them as family. Otherwise, how could he cook for them?

Hua Xiu shook his head and said, "I don't know. How would I know what kind of Spirit Medicine is inside? I only remember the taste. It looks like honey, but it tastes sour and sweet. It has a different taste..."

He was immersed in his memories. It seemed that he had a special love for this dish. However, the feeling he said made people confused. This was too vague. Rather than a dish, it was more like a snack. However, many dishes had the same taste. All the information was too little.

Instead of saying that the difficulty is not simple, it is as difficult as ascending to the heavens! The description is so simple but not too detailed. There are thousands of Spirit Medicines; who knows what they are used for?

Making a dish he likes to eat is very straightforward but very ethereal. However, Yi Tianyun can feel that this is true; this requirement of Hua Xiu is so simple that nothing is mixed in it.

But the simpler the thing, the harder it is to do!

"There is so little information; does it mean that other tests have the same conditions as yours?" Yi Tianyun said helplessly.

"No, it depends on the person." Hua Xiu said.

Yi Tianyun thought for a moment; it was indeed similar; there were eight people outside who had successfully reached the finish line, which meant the first eight people must have passed the test.

"I don't know what kind of Spirit Medicine to use, and I don't know how to make it. This information is too little..." Yi Tianyun felt very helpless; the information given was so little, and it was no wonder no one had become his master.

"If it is simple, do I need you to do it for me?" Hua Xiu rolled his eyes at him.

Yi Tianyun took a deep breath and said, "Is there a limit to the number of times?"

"No, just try it. You can take the Spirit Medicines around you; I will help you restore the Spirit Medicines to their original state." Hua Xiu said.

Hearing that there was no restriction, Yi Tianyun breathed a sigh of relief. The difficulty is too high if he only gives a few chances. The information shown is so little; how can it be easily done?

“No wonder all the people who came in before failed. The information you gave is too little; it reached a state that is not available.” Yi Tianyun shook his head.

Hua Xiu said, “This is my test; what other Tool Spirits test, that is their problem. As for me, this is the test.”

He is rigid except for eating dishes; the rest is not a test.

This kind of thing is so troublesome that Yi Tianyun still feels that it is good to have a hard fight. After all, there are so many Spirit Medicines and Spirit Fruits; there are hundreds of thousands of them; even if it is just one material, there are thousands of choices.

If there are two materials, it is simply beating people up, and the combination instantly soared; it can be said that there are many kinds of things unless there is one material that is fixed, or if a thousand materials are combined, it is not as simple as a thousand, but a terrifying number.

“Pa!”

Yi Tianyun slammed the cup in his hand on the table and said in a deep voice, “No problem, you are mine!”

He wants this treasure!

Chapter 1118

Hua Xiu looked at Yi Tianyun. He didn't know where Yi Tianyun got his confidence, but he was not surprised.

“It is good for people to be confident, but you can't be too full of yourself. All the suitable people who came here said that. Ultimately, they still couldn't find the dish I wanted to eat, and even some people wanted to attack me!”

Hua Xiu snorted, "If you attack me, I will give you a very severe punishment. I hope you won't do this kind of thing. If you want to be my master, you must show some ability!"

Hua Xiu did not say the result of those people. He must be very strict. They felt they could not pass, so they tried to see if they could control it.

As long as he can suppress a Tool Spirit, he can become a master by force.

Yi Tianyun thought that those people were fools. This is a treasure of a Heavenly Venerable; how can it be so easy to control? Unless it is a weaker Tool Spirit, preventing this powerful existence at will is impossible.

"This is not arrogance; I think I have this ability!" Yi Tianyun sat down on the side and began to think about it, to see what was suitable for this taste.

"Sweet and sour taste..." Yi Tianyun closed his eyes and thought.

Hua Xiu sat on the side, slowly drinking tea, and did not say anything. Anyway, he has enough time; he does not have to worry about insufficient time.

"Is it that kind of thing!" Yi Tianyun opened his eyes, and two rays of light shot out from his eyes.

Immediately, he quickly got up and looked for Spirit Medicines nearby. He simply picked out two Spirit Medicines, which didn't take much time.

When Hua Xiu saw that he had only found two Spirit Medicines nearby, he had already taken them to the table. He was surprised, "Just two Spirit Medicines?"

"Yes, there are only two kinds of Spirit Medicines. Spirit Medicines are not very delicious. And now you have to answer my questions; just these two Spirit Medicines are enough."

Yi Tianyun took two Spirit Medicines, not many, just two Spirit Medicines.

Hua Xiu saw these two Spirit Medicines and said, "It should not be only two Spirit Medicines, but anyway, if it fails, continue to search."

Yi Tianyun ignored him. He simply threw the two Spirit Medicines into the air and began to refine them with fire. It was similar to refining pills, but it was not as rough as refining pills.

Under Yi Tianyun's careful refinement, the juice from the two Spirit Medicines gradually became thick and began to become solid. At the same time, a sweet and sour taste floated out from the air, completely cooking the essence of the two Spirit Medicines.

The sweet and sour taste produced a fragrance that makes people reminisce.

Smelling this fragrance, Hua Xiu could not help but shout, “Too, too similar, really too similar to this fragrance. This, this is impossible...”

He didn’t believe these two ordinary Spirit Medicines could cook the fragrance he was familiar with. He didn’t know how many years he was young, but he could finally smell this fragrance.

Yi Tianyun didn’t answer. He poured the half-liquid, half-solid substance into the plate a moment later. When the thick liquid slid down, it pulled out a long, thin line that looked crystal clear.

Then, Yi Tianyun immediately used Netherworld Fire; the cold aura made the thick substance cool down quickly, but it looked soft, like syrup, spreading around the plate.

“It’s done. You can have a taste. This should be the taste you want to eat.” Yi Tianyun smiled.

Hua Xiu could not wait to take the chopsticks. When he put them into the plate, the food immediately stuck to the chopsticks, and under his pull, it was pulled out a long silk strip.

When it was put into the mouth to taste, the sour and sweet taste filled the taste buds, and the soft but not diluted sweet taste, like syrup, was beating on the tip of the tongue.

“No, I still feel a little bit...” Hua Xiu shook his head, but his eyes flashed strangely.

“Is that so? I still feel a bit so that I will try this material.”

Yi Tianyun quickly replaced the other Spirit Fruit. These are not High-Grade Spirit Fruits. The basic taste is sour and sweet, a bit similar to hawthorn.

The range would be greatly reduced when locking on to the corresponding taste, so he did not need too many materials to find the corresponding taste.

However, he did not succeed in one go but immediately hit a similar taste, proving his choice was right!

Soon, he made it, which could almost be identical to the appearance.

Hua Xiu could not wait to try and then shook his head. “It’s not like this; it’s still lacking...”

“Then let’s change it to this...”

...

Yi Tianyun tried repeatedly; he has more than a dozen similar tastes, so he only needs to try more than a dozen times to show it.

Finally, after making it, he gave it to Hua Xiu to eat, and his body froze.

“Yes, it’s this taste, this taste... It’s been many years since I last ate it, really many years...” Hua Xiu’s eyes turned red instantly, and tears flowed from the corners of his eyes, falling down his cheeks.

It was not that this dish was delicious, but it made him recall everything from before.

“It seems you like Master very much; treat him like a father. To preserve this memory, you will imitate him whether it is his appearance or voice.” Yi Tianyun picked up the cup of tea and sighed, “Even this tea, learn to taste and get used to it. But with your current age, you can’t get used to it. If you don’t like it, you just don’t like it. Why force yourself?”

He reached out and touched the head of the old man, sighing, “You should put it down. Memories are beautiful, but you must remember them in your heart. Don’t show it. Your master, the reason why he made this ‘sweet and sour sugar,’ wants you to be happy.”

Hua Xiu looked at Yi Tianyun in a daze. Tears kept falling down his face. He opened his small mouth, but he couldn’t say a word.

Yi Tianyun reached out and gently pulled the white eyebrows, beard, and hair on Hua Xiu’s face... All of these can be easily taken off, replaced by the faint green eyebrows, green hair, and a teenage girl’s face.

The Tool Spirit of this treasure looks like a thirteen or fourteen-year-old little girl, young and childish. Those white eyebrows are decorated; this is the real face of the old man!

The previous owner was able to make this little snack because the spirit itself was just a child. What it liked was not the bitter taste of tea or the extremely rich taste of meat but the sour and sweet taste, which was the child’s favorite taste.

“Father...” Hua Xiu man fell into Yi Tianyun’s arms, and the black robe draped over his body fell, replaced by a green dress full of youth.

Sometimes, the dish is not the taste but the familiar memory.

Chapter 1119

Hua Xiu fell into Yi Tianyun's arms and cried, making him sigh in his heart. He knew this Tool Spirit had lived for a long time, at least thousands of years or even tens of thousands of years, but it had always been like a child.

He liked the taste and even more liked the memory. His feelings for the first master were the deepest, and the first master made Hua Xiu so that the Tool Spirit could be born.

After Yi Tianyun came in, he judged that Hua Xiu was pretending to be an old man from all aspects. After all, it is too small, and the skin is too tender, whether the lips or the eyes; it is not something an old man can have.

He believed that the people who came in before should have found this point, but in this space, no one can touch her as long as she does not want to be touched. In this space, she is a god!

Judging from the real situation of this dish, it was easy for him to think of this. For this reason, he made this snack. It was sweet and sour; basically, children loved eating it.

The Tool Spirit, who had just gained intelligence, also liked to eat these things. As long as he combined himself, it was not difficult to think of the answer. Coincidentally, there were the materials he wanted here. A person who liked memories so much must have kept the changes around him.

The tree vines, tables, and chairs, as well as the surrounding vegetation, were carefully preserved. He believed that Hua Xiu did not know what it was made of. The Tool Spirit was always the Tool Spirit.

"You are not father!" Suddenly, Hua Xiu jumped out of Yi Tianyun's arms and glared at Yi Tianyun with red eyes.

Yi Tianyun said helplessly, "Of course, I am not your father; I am your second master." He was not Hua Xiu's father, but Hua Xiu just felt something and directly rushed to vent.

Hua Xiu said, "I haven't admitted that you are my new master yet!" She wiped away the tears and seemed to have recovered a lot.

Yi Tianyun smiled, "You just need to make a dish you are satisfied with. Are you not satisfied with this dish? If you are not satisfied, I can make a variety of flavors for you to eat, but the taste is different from your original taste."

After silence, he turned around and suddenly smiled, "Then tell me, why can you see what I like to eat?"

Yi Tianyun smiled, "It can be judged by age. The younger the child, the more he likes the taste of this side. He can try it several times even if he can't judge it for now. As long as he is careful, it is not difficult to find it."

After hearing this, she was unhappy. She pouted and said unhappily, "I have lived for tens of thousands of years, and you call me a child!"

"In front of me, you are a child." Yi Tianyun said.

"Well, you old monster!" Hua Xiu didn't bother with this question and smiled again. "There are so many suitable people, but they can't do it. You can do it as soon as you come in. They have been looking for a long time but can't find the right one. You just found it by the side. Do you think they are fools?"

If the previous cultivators knew about it, they would be angry and return to life. Who would have thought that the relatively ordinary Spirit Medicines and Spirit Fruits around them were the main focus of the problem? The simpler things were, the more difficult it would become after being mixed up by themselves.

This was all a problem of the mentality. They all thought that Hua Xiu would give very difficult questions. The dishes that were said were all very difficult and delicious. Who knew that it was just snacks that ordinary children often ate?

It was just that Hua Xiu's description was unclear, and they did not know what it was, so they could not guess it even if they racked their brains.

"You are not a fool. It is just that your description is unclear. If you were to say it clearly, you would have got it already." Yi Tianyun smiled. If you know the materials, any cultivator can make it.

Although he is not a chef, he can still make it if he has good control.

Hua Xiu's eyes, like green gems, turned and smiled, "Well, you are qualified. You are very capable. You have made dishes that I am satisfied with and have the qualification to be my master."

Yi Tianyun finally breathed a sigh of relief. Whether he can pass the test and complete one of the tests of the Heavenly Venerable Road, he still has to see her golden mouth. Now that she said there was no problem, he finally passed.

Soon after, a light enveloped him, proving she had begun to recognize the master. In a moment, it was easy to recognize the master. Originally, it was not difficult to identify the

master. It only took a few seconds. The hard part is whether the Tool Spirit will acknowledge the master.

“Master.” After recognizing the master, Hua Xiu’s attitude immediately became more respectful.

“Hua Xiu, this name sounds weird. Do you have any other name?” Yi Tianyun asked.

“No...” Hua Xiu shook his head.

“You are a girl; this name is unsuitable; how about I give you another name? How about it?” Yi Tianyun said.

“Good, good! I also think this name is too cliché; what name does Master give me?” The eyes of the decay lit up; she also felt that this name was a bit ugly.

“Then let’s call it Cuicui, how about it?” Yi Tianyun simply thought of a name.

“Cuicui, Cuicui... seems to be okay.” Cuicui seriously thought for a moment, then clapped her hands and smiled, “Then let’s call you Cuicui; it’s very nice, much better than Hua Xiu.”

“Now that I have become your master, can you tell me why they did this?” Yi Tianyun asked.

Cuicui thought for a moment and said, “This is very simple. You go to the finish line and complete the final test. You will know what the father is thinking. He left something on it, but we don’t know what it is. Only after you pass it will you know what it is.”

“You don’t know...” Yi Tianyun shook his head and said, “Your previous master is not responsible enough. He told you nothing and let you see the right person to recognize him as your master. Isn’t it a bit too hasty? Especially if you don’t pass in the end, will you still be taken away?”

“We don’t know about this. It is the father’s order. We can only fulfill it.” Cuicui shook her head and shook her head, not knowing what it meant.

“Well, I will know what is going on when I go there myself.” Yi Tianyun can only check it himself and know what is going on.

However, he believes that the Heavenly Venerable Senior has his reasons for doing this.

Chapter 1120

With Cuicui's help, he quickly returned from this space. When he returned to his body, he felt everything was so beautiful.

At this time, a special jade bracelet appeared in his hand. Without a doubt, this was Cuicui's true body. This treasure was called the Decaying Jade Bracelet. It was a very simple name.

Although it was a Middle-Grade Heavenly Dao Level treasure, for a Heavenly Dao Level character, using a Middle-Grade Heavenly Dao Level treasure would be a loss of status.

However, these treasures all had Tool Spirit, so the meaning differed. The Tool Spirit could be slowly cultivated. After cultivating it, there would be a certain chance of advancing. Put it bluntly, Cuicui could become a High-Grade Heavenly Dao Level treasure.

However, it takes a long time to raise the level. Generally speaking, it is very precious. A Middle-Grade Heavenly Dao-level treasure with a Tool Spirit is better than a High-Grade Heavenly Dao-level treasure without a Tool Spirit! This means that after upgrading to a High-Grade Heavenly Dao Level treasure, the effect will far exceed that of a High-Grade Heavenly Dao Level treasure without a Tool Spirit.

Of course, for him, the most valuable thing is the effect. The effect is very good. It can improve the grade of Spirit Medicine or help recover withered Spirit Medicine. This effect is undoubtedly the most valuable.

"Have you not passed yet?" Yi Tianyun looked up and found that God Monarch Yuqin was still testing.

This time, he was a bit faster than God Monarch Yuqin. It could only be said that he just guessed it. Otherwise, if it were someone else, they would probably fail.

Immediately, he walked towards the finish line, wanting to understand the real meaning of this Heavenly Venerable.

Many things are not casually built, and they must have meaning. What is the situation of Heaven Stealing Divine Land? As long as you walk this road, everything will be clear.

When he walked, the cultivators behind him all exclaimed. They did not expect Yi Tianyun to have passed the test and began to walk towards the finish line!

“He is faster than Heaven Monarch Liu Yun, he is faster than Heaven Monarch Liu Yun!”

“Too fast. I feel that he can easily break the second last stage in just a few days?”

“So he has a chance to reach the end? God, a human reaching the top, this is something that has never happened before!”

They were all shocked. They thought that Yi Tianyun would fall behind God Monarch Yuqin, but now it seems he is even faster than God Monarch Yuqin.

“Junior Brother Tianyun is amazing. He broke it so quickly. Look at that Heaven Monarch Zong Yun; he hasn’t even woken up yet. This is truly a sin!” Heaven Monarch Yu Hua’s poisonous tongue came out again, and he couldn’t help but mock Heaven Monarch Zong Yun.

“That is his own business. It looks like our Heavenly Spring God Territory is going to change.” Heaven Monarch Zi Guan shook his head and said, “Although it is not the first one to reach the top, a human has reached the end. It will explode if passed back.”

Elder Gou Huang sent Yi Tianyun here purely to let him cultivate, and he can even reach the end of the Heavenly Venerable Road!

This was absolutely beyond his expectations, and it could even be said that he never thought about it.

How is it possible to finish the Heavenly Venerable Road in a few months?

However, Yi Tianyun often turned the impossible into an absolute possibility! Moreover, he still has a lot of time, and the two Jade Pendants he plundered can make him stay longer.

He walked forward bit by bit. This time, his speed was not fast. It was not that he did not want to walk fast, but he felt that the more he stepped forward, the more amazing the pressure was. Feeling the pressure of the Heavenly Venerable, he began to pressure this way, making it slightly difficult for him to move forward.

Every step he took felt like walking on a mountain, more like someone was patting him down.

“The pressure of this Heavenly Venerable is amazing, probably only a small part.” Yi Tianyun felt this pressure and thought Heavenly Venerable’s power was strong.

This world is really powerful. I thought I could stand at the peak, but there was a higher mountain behind me, waiting for him to climb.

"I didn't expect you to be faster than me!" God Monarch Yuqin's voice came from behind.

Yi Tianyun turned and saw a jade bracelet in God Monarch Yuqin's hand. This Heavenly Venerable seems to like to make jewellery; otherwise, it would not be made again.

"Just a little bit faster than you." Yi Tianyun shrugged.

God Monarch Yuqin was extremely dissatisfied, "Just a little bit faster? It's my second time here, and it was the same test. I didn't expect you to be faster than me!"

She felt incredible; she thought she was fast enough, but she didn't expect Yi Tianyun to be faster than her!

"It just so happens that my luck is good. I chose a relatively simple test, and I passed it easily." Yi Tianyun shrugged. He was too lazy to explain more to her.

"How can it be simple? I am very suspicious of you now. Is it the reincarnation of some mighty figure? Although I can't feel the aura, it is still very likely. After all, the aura can be hidden!" God Monarch Yuqin felt that Yi Tianyun must be the reincarnation of a mighty figure; otherwise, how could he pass so easily?

"You say it is." Yi Tianyun simply admitted it and walked forward.

"You bastard!" God Monarch Yuqin clenched her teeth and followed Yi Tianyun. Her speed was not fast; just like Yi Tianyun, she also withstood the pressure of the Heavenly Venerable.

When they saw them continue to climb up, they all looked envious. It seems that two people will soon reach the top. They are far away. There is still a long way to go to the foot of the mountain.

The two of them walked up step by step. This time, they were not affected by any illusion. They just felt the pressure of the Heavenly Venerable.

Yi Tianyun does not know what this means. He only needs to know one thing. The higher he climbed, the more experience he absorbed! If this continues, he can meet the experience of upgrading.

Although the conditions for breaking through to the Ten Refinements Earth Monarch are not enough, he must first meet the experiences and then experience others. After the experience is satisfied, things will be easier later.

The last part of the road is not far, only the next one mile, but they go up step by step; it is very difficult to go, but even after a long time, they can take a step forward.

Originally, Yi Tianyun did not spend much time on the road ahead, but he spent more time here. Sometimes, walking a hundred meters would take several days, far more than the time he used before.

However, as time passed, Yi Tianyun felt that under this pressure, his body began to be stained with a special energy, and then it seeped into his body, strengthening it.

“This is the power of Heavenly Venerable...”

After Yi Tianyun carefully sensed it, he found that the energy transmitted was not ordinary energy but the power of Heavenly Venerable!
