Chapter 1121

The power of a Heavenly Venerable began to pass through their bodies and pour into them. This feeling reminded him of the Slaughter God Tower from long ago. It was to pour their energy into their bodies and then take over their bodies.

However, Yi Tianyun felt that the two were not the same. This power of a Heavenly Venerable was not evil energy but a kind of good energy that let them comprehend this energy.

If they do not comprehend it, the final result is that it will dissipate. After all, this power of a Heavenly Venerable does not belong to them. At their current stage, they can not store it in their bodies forever.

They can only feel it now, at most, strengthen their body a little; the other basic effects are not much.

“This is my father’s aura. It’s so familiar...” Cuicui’s voice entered his mind.

As a Tool Spirit, it was naturally possible to communicate with him.

“Yes, your father probably wants us to feel the power of this Heavenly Venerable so that we can comprehend something from it.”

Yi Tianyun closed his eyes and walked forward step by step, more carefully trying to comprehend the power of this Heavenly Venerable.

As a Heavenly Venerable, she naturally knows the value of this energy. If she carefully comprehends it, she can make a breakthrough!

She came here to break through; not every Heavenly Venerable is as generous as this Heavenly Venerable, able to let them comprehend their energy at will.

Soon, Yi Tianyun finds that he can’t continue to move forward, but he is stuck in front of him like an invisible wall, blocking him from moving forward.

“This is a restriction...” Yi Tianyun looked up and down at the invisible wall and reached out to hit it. It felt so hard that it was difficult to take a step forward.

God Monarch Yuqin, who followed him, also felt this invisible wall, making her feel strange.

“Why is there a restriction?” Yi Tianyun felt very puzzled. The end point was just a hundred meters away, but now there is a restriction.

“Master, you can’t pass without comprehending Daddy’s energy.” Cuicui’s voice came.

Yi Tianyun was stunned. He only knew what the meaning was now. If he wanted to pass through this place, he needed to comprehend the power of a Heavenly Venerable before he could pass through this restriction.

Comprehending the power of a Heavenly Venerable is like grasping a key; otherwise, it is impossible to pass through here.

“If you want to pass through here, you need to comprehend this power to pass through successfully, so you must comprehend it well.” God Monarch Yuqin reminded him.

Yi Tianyun turned his head to look. God Monarch Yuqin was very kind. He reminded himself several times. Although he already knew, it was still good to remind the other party.

“Thank you for the reminder.” Yi Tianyun thanked him.

“I have already reminded you; why are you still not repaying me? Tell me about your situation!” God Monarch Yuqin still chased after Yi Tianyun, wanting to know how he passed so easily.

Yi Tianyun’s head is about to explode; this God Monarch Yuqin is persistent, asking repeatedly.

“Didn’t I say it just happens that I am lucky and can pass the test? Otherwise, I will be stuck there.” Yi Tianyun reached out, patted the jade bracelet in his hand, and said, “Cuicui, tell her, is it like this?”

Then Cuicui revealed a mini body and landed on Yi Tianyun’s shoulder. She looked at God Monarch Yuqin and curled her lips, “Yes, he accidentally bumped into it and then solved it!”

God Monarch Yuqin looked at the Tool Spirit on Yi Tianyun’s shoulder and said with dissatisfaction, “I thought your Tool Spirit didn’t have a Tool Spirit, but it turns out that it has a Tool Spirit, and I even reminded you!”

She has believed most of it, and the Tool Spirit won’t lie.

“The treasure of a Heavenly Venerable is not simple. Isn’t it normal to have a Tool Spirit?” Yi Tianyun rolled his eyes at her, “Now you finally believe it, right?”

“You can solve it by accident; I don’t know how to explain it...” God Monarch Yuqin reached out and patted his head; solving this puzzle took him two lifetimes.

Yi Tianyun also solved it by accident; it has to be said that luck is a big factor.

"I don't know how to say it, don't say it. Now be honest and break it; you must consume the jade pendant here." Yi Tianyun said.

We have to continue to consume the Jade Pendant here, just like before, unless we enter a special test, we still have to drink the Jade Pendant.

"My Jade Pendant can last for five months. There is no need to worry." God Monarch Yuqin said, "I just don't know if you can hold on; if you can't hold on, go down and kill a few cultivators, and then rob the Jade Pendant."

Yi Tianyun took a deep breath; this guy was simple and crude, and his advice was accurate, but it was too much.

If he does this, she cannot establish herself in Heavenly Spring God Territory. God Monarch Yuqin is not afraid; she is originally a 3rd Grade God Territory, and the pursuit of a 2nd Grade God Territory is nothing.

"Forget it; I should be enough."

Yi Tianyun didn't say much to her. He sat down and meditated to comprehend the power of the Heavenly Venerable. He began to extract the power of the Heavenly Venerable bit by bit and read the corresponding information from the power of the Heavenly Venerable.

God Monarch Yuqin also sat down to comprehend the power of the Heavenly Venerable. It was not difficult for them to understand it. They only needed a little more time to learn it.

When Yi Tianyun comprehended it, he immediately fell into it and felt wandering in the power of the Heavenly Venerable.

The time it was passed, day by day. Many people had time, so they could only choose to leave. The next time they accumulated enough contribution points, they could come over and reluctantly leave.

If he doesn't leave, he will only die. Heaven Monarch Zong Yun woke up, but the situation of the jade pendant had already arrived. When he saw Yi Tianyun and God Monarch Yuqin sitting at the peak, his face turned ugly.

He did not expect that Yi Tianyun had already left him far behind when he woke up. It will take a long time for him to catch up.

"You brat, just you wait!" Heaven Monarch Zong Yun looked at Yi Tianyun fiercely, then turned and flew away.

In the blink of an eye, more than a month, he was passed. Yi Tianyun slowly opened his eyes, and a golden light shot out from his eyes as if he could see through everything.

“I finally comprehended it.” Yi Tianyun stood up and stepped forward, easily passing through the restriction and stepping into the last area.

The cultivators watching from below were stunned; they did not expect him to be faster than God Monarch Yuqin!

Chapter 1122

Yi Tianyun is faster than God Monarch Yuqin; this has already happened once before. He didn't expect to continue to lead this time, and everyone was shocked.

Nobody expected him to surpass God Monarch Yuqin repeatedly; they thought that God Monarch Yuqin would be able to suppress this human's arrogance when he came here, but now it seems that they are naive.

Yi Tianyun can still take a step ahead of them, moving forward faster. He can be so quick, naturally, thanks to the Investigating Eye, but the data is too huge and difficult to analyse.

This made him spend a whole month analysing the power of the Heavenly Venerable; after thorough analysis, he began to mobilise the power of Heavenly Venerable here; although it is only small, it has given him the qualification to control the power of Heavenly Venerable.

He doesn't know why he did this, but to be able to control Heavenly Venerable's power in advance is equivalent to taking a small step into the Heavenly Venerable Realm; at least he has the qualification to prevent it!

As for God Monarch Yuqin, she is still struggling to comprehend. Not that her comprehension is too weak, but Yi Tianyun's probing eye is too strong; it is simply cheating.

If Yi Tianyun upgrades his probing eye, he will be able to strengthen his probing eye greatly. After all, his probing eye has now evolved to the point of analysing all kinds of medicinal pills and all kinds of martial arts, and he can easily analyse them.

This is equal to those geniuses; just a few moves with the opponent can secretly teach the opponent's moves, and Yi Tianyun is a little worse than their talent.

If he continues to level up, he will be stronger than them; of course, the Investigating Eye will crush some geniuses in all aspects!

"Master, you are too powerful; how did you comprehend Father's power so quickly?" Cuicui was shocked when she saw Yi Tianyun pass through so quickly.

She knows how powerful the previous master is; it is unprecedented to comprehend it so quickly.

"Is it very powerful? No one was able to comprehend it before?" Yi Tianyun asked.

"No, it will take at least several years. You are much faster than them." Cuicui sighed.

"A few years..."

Yi Tianyun shook his head. He would have to come a few more times if it was several years. However, they are already at this stage. They will give more opportunities to come and comprehend God's Territory.

Immediately, he did not wait for God Monarch Yuqin. He walked to the finish line. With everyone's attention, he easily stepped into the final stage. When he had the last step and was about to step into the highest peak, he directly disappeared in place and was teleported away.

When he reacted, he found himself in a special space. There was a unique courtyard in front of him, which looked delicate and beautiful.

"Trial challenger, come in." The voice came from the courtyard.

"It's father's voice!" Cuicui suddenly rushed out and rushed into the courtyard, not listening to Yi Tianyun's orders.

She must listen to Yi Tianyun's orders, but she has her consciousness and can do some things. If Yi Tianyun asks her to come back, she must come back.

When he went in, he saw an old man sitting in the pavilion, drinking tea slowly, as if he had been waiting for him for a long time. Yi Tianyun looked at him. This appearance is similar to the old man Cuicui played before, but this old man looked deeper.

Those eyes, like a black hole, can suck him in.

Heavenly Venerable Hao Han: Heavenly Venerable Hao Han's Divine Sense is not physical; it has the power of a God Monarch, belongs to the master of this space, and can control all life here!

The Investigating Eye showed the information of the other party – Heavenly Venerable Hao Han, indeed a Heavenly Venerable, but a trace of divine sense is here.

This is not unexpected; the true body of a Heavenly Venerable can not appear here.

Yi Tianyun asked politely, "What is your name, senior? The expert who created this Heaven Stealing Divine Land must be peerless!"

He knew the other party's name but still had to ask politely. It was impossible to wait for the other party to say his name.

"Just call me Heavenly Venerable Hao Han." Heavenly Venerable Hao Han stroked Cuicui's little head and smiled. "You can pass Cuicui's test, proving your ability is extraordinary. Why are you still standing there? Come and sit down."

Cuicui stayed beside Heavenly Venerable Hao Han, serving him tea and water.

After Yi Tianyun sat down, the tables and chairs looked very ordinary, but when he sat down, he immediately felt very relaxed and wanted to sit there all the time, not wanting to leave.

"Senior, I don't know your intention; let us go this Heavenly Venerable Road. I don't think it is simply giving us benefits, right?" Yi Tianyun smiled, "This Heaven Stealing Divine Land isn't a simple place. You will need these Jade Pendants to enter if you want to enter. What is the true purpose of your establishment here?"

He asked all of his doubts. He wanted to know what Heavenly Venerable Hao Han wanted to do.

Heavenly Venerable Hao Han smiled at him and said, "It's very simple. It is to recruit disciples. Other than that, there is no other meaning."

He answered frankly, not hiding anything.

"Recruit disciples? But didn't you announce it to the outside world?" Yi Tianyun did not expect that after spending so much time and effort, he would recruit disciples, give treasures, and give such a difficult environment; he must be recruiting disciples.

The problem is that the people outside do not know; they think this is a good cultivation place.

“There is no need to publicise anything. I have always been waiting for fated people.” Heavenly Venerable Hao Han laughed, “Those who can climb to the peak are fated people.”

“Senior, aren’t there eight cultivators outside who have successfully passed? Is this not enough?”

The eight names carved on the outside were all cultivators who had ascended to the peak.

“No, they are not real disciples; they are just nominal disciples. If you want to be my disciple, you must break through to the Heavenly Venerable Level before becoming my disciple.” Heavenly Venerable Hao Han smiled.

“Become a Heavenly Venerable Level...”

Yi Tianyun was speechless. Heavenly Venerable Hao Han himself is at the Heavenly Venerable Level, so why would he want a disciple to become at the Heavenly Venerable Level? Isn’t this a big loss? He has become a Heavenly Venerable Level; he should be qualified to be on equal footing.

“Do you think I am a Heavenly Venerable and my disciple is a Heavenly Venerable? What else can I teach you?” Heavenly Venerable Hao Han seemed to see through Yi Tianyun’s thoughts and said with a smile, “Even a Heavenly Venerable is divided into three major realms. Those who have broken through to the Heavenly Venerable Realm have just entered the threshold. It is still far from reaching my level!”

Yi Tianyun frowned; it seemed that things were not simple.

Chapter 1123

Heavenly Venerable Hao Han’s words are still a bit exciting. Heavenly Venerable is also divided into three major realms. Isn’t Heavenly Venerable the same as other levels, divided into ten levels?

Yi Tianyun did not ask much, but this standard for becoming a disciple is terrifying. He is only an Earth Monarch now, and it will take a long time for him to break through to Heavenly Venerable.

After all, he needs a lot of experience, especially now that there is a condition limit, and it is not easy to break through. Unless he breaks through to Heavenly Venerable now, there is no value if he really does this.

“Young man, don’t be discouraged. You are still young, and your cultivation has broken through to the Nine Refinements Earth Monarch level. It can be said that your future is boundless. No wonder you can comprehend the power of the Heavenly Venerable so quickly. It is not strange that you can comprehend it with such a good talent.”

“I have seen a lot of Nine Refinements Earth Monarchs, but I have never seen anyone who can comprehend them so quickly. Some geniuses will have a unique talent when they comprehend some power. You may be one of them.”

It was not surprising that Heavenly Venerable Hao Han saw through Yi Tianyun’s cultivation at first glance, but his judgment made some mistakes.

“Thank you for your praise, Senior Hao.” Yi Tianyun thought momentarily, then asked, “That’s right, Senior Hao, there is something I wonder if I can ask you?”

“If there is anything you don’t understand, feel free to ask.” Heavenly Venerable Hao Han said, “Although it is just spiritual will, I still have some memories left behind here.”

Divine Sense is always Divine Sense; it will not update any memory information, and at the same time, it will not be connected to the main body.

“I wonder if there is a saying about Ten Refinement Earth Monarch?” Yi Tianyun asked.

“Ten Refinement Earth Minarch?” Heavenly Venerable Hao Han was stunned. He immediately shook his head and said, “I have never heard of it, at most Nine Refinement Earth Minarch cultivation; where did Ten Refinement Earth Minarch come from?”

Heavenly Venerable Hao Han said very firmly. Yi Tianyun did not ask more; he just wanted to ask these seniors if they had heard of it.

The mind seems to have been fixed; it is impossible to change it.

“Well, I don’t know, Senior Hao, is it simple to let me come in to talk about the recruitment of disciples?” Yi Tianyun pulled back the topic; his purpose of coming in was naturally this.

“Of course, not only this, if you want to have my treasure completely and become my registered disciple, you still need to pass the last stage.” Heavenly Venerable Hao Han narrowed his eyes, looked in the distance, and smiled, “Looks like guests are coming again. I have never seen two people coming in simultaneously for so long.”

Soon after, a figure appeared in front of him. It was God Monarch Yuqin. It seemed that God Monarch Yuqin had comprehended it, and his speed was only slightly slower than his.

After God Monarch Yuqin came in and saw Yi Tianyun, she was shocked, "I thought you left, but I didn't expect you to come in successfully. You are faster than me again..."

God Monarch Yuqin's eyes were full of resentment. Yi Tianyun was like her heart demon, constantly surpassing her, pressing her down, and unable to surpass her.

She wanted to go crazy, reborn as a reincarnated expert, but was always suppressed, making her vomit blood; she suspected this world had changed; how could there be so many geniuses?

Fortunately, there is only one Yi Tianyun; otherwise, she will go crazy.

"Cough cough, a little bit faster." When Yi Tianyun heard her voice full of resentment, he felt a bit embarrassed.

"Father!"

At this time, a little girl rushed out of her bracelet. She threw herself into the arms of Heavenly Venerable Hao Han, just like Cuicui, who was extremely close to Heavenly Venerable Hao Han.

"Be good, be good..." Heavenly Venerable Hao Han chuckled as he rubbed the little girl's head.

When God Monarch Yuqin saw Heavenly Venerable Hao Han, she said respectfully, "Junior Yuqin greets senior!"

She was still aware of the general situation. Seeing that there was a senior here, she would not say anything else.

"What a good little girl. She is a God Monarch reincarnation. The higher your cultivation level is, the lower the success rate for you to reincarnate with your memories. You have successfully reincarnated as a God Monarch. It is a narrow escape from death." Heavenly Venerable Hao Han saw through God Monarch Yuqin's situation with a single glance.

The higher one's cultivation level was, the more difficult the success rate of reincarnation would be. This was defying the heavens. God Monarchs were already strong enough, yet they still had to reincarnate with such terrifying strength. Wasn't this defying the sky?

Many people died there, but God Monarch Yuqin succeeded. It could only be said that his luck was truly astonishing. Just as Heavenly Venerable Hao Han had said, she was still successful despite the difficulty of nine deaths.

“This junior has indeed paid a price to be able to reincarnate successfully. There are more external forces,” God Monarch Yuqin said.

“Regardless of what it is, to be able to reincarnate successfully, your abilities are truly extraordinary.” Heavenly Venerable Hao Han looked at them and said, “It’s a kind of fate that the two of you can come in together.”

“To let you comprehend the power of a Heavenly Venerable is a way to pave the way for you. Even if you can’t be my in-name disciple, at least it will help you a little in the future.”

Yi Tianyun nodded. Even if he succeeded in coming here, he might not be able to become his in-name disciple. The requirements of a Heavenly Venerable were not limited to walking the Heavenly Venerable Road.

“You can pass the Heavenly Venerable Road, which means you have a good temperament. However, the final test will still test your temperament!” Heavenly Venerable Hao Han said, “I am very focused on the heart, which is the dao heart. If the dao heart is unstable, then no talent is useful. Therefore, Heavenly Venerable Road does not restrict any cultivation; the higher the cultivation, the easier it is to walk. Only those who have a stable dao heart can successfully reach it.”

Yi Tianyun and God Monarch Yuqin’s dao hearts are very stable, not reckless, and not exaggerated. Naturally, every step is so stable.

I didn’t expect that the last stage would still test the heart. I thought Heavenly Venerable Road was long enough, but it finally came again.

“As long as you pass the last test, you will be qualified to be my in-name disciples. You can contact me when you break through to the Heavenly Venerable Realm. At that time, I will take you back to my sect.” Heavenly Venerable Hao Han smiled faintly. “Of course, this is a very long thing for you.”

“There are thousands of worlds; I have arranged so many Heaven Stealing Divine Lands, so far, only one palm can become my disciple.”

“Senior Hao, you mean more than one Heaven is Stealing Divine Land?” Yi Tianyun quickly caught the word.

“That’s right, more than one Heaven is Stealing Divine Land. They are distributed in different regions.” Heavenly Venerable Hao Han smiled and said, “Heaven Stealing Divine Land is a good treasure I have refined. It can absorb all the energy in the

surroundings and fuse. However, you will be devoured if you can't resist the suction force. You can move freely here if you can resist the suction force."

Yi Tianyun nodded. He wanted to try this, but there were some dangers, so he didn't dare to try.

Chapter 1124

From Heavenly Venerable Hao Han's words, it was clear that he had set up many places. However, in the past thousand years, no more than a handful of people could become his disciples.

It seemed that this was extremely difficult. How easy was it to become a Heavenly Venerable? If it were so easy to break through, the entire street would have already become a Heavenly Venerable.

"I created so many Heaven Stealing Divine Lands to create an excellent trial environment. At the same time, it was to nurture these children."

He reached out and rubbed Cuicui and the others' heads, eyes full of benevolence.

"It's just that very few cultivators here can resist it. This is related to your abilities. It is not that simple to resist this suction force. When you can resist this suction force one day, this will be your cultivation holy land."

Heavenly Venerable Hao Han smiled. "This cultivation environment is enough for you to cultivate to the peak of the Heavenly Venerable Realm. Of course, I do not recommend staying here to cultivate. It is more important to use actual combat!"

"Let's not talk too much. Are you both prepared to experience the final test of your Dao Heart?" Heavenly Venerable Hao Han asked.

He didn't explain too much. Moreover, he had explained everything more or less. The Heaven Stealing Divine Land was used to recruit disciples, and it was also used to nurture these treasures.

With so many treasures here, if they weren't nurtured, there was no way these Tool Spirits could grow up.

“Ready.”

They all nodded. Since there was nothing to prepare for now, they could just directly start.

“If you are ready, then you can start now.”

Heavenly Venerable Hao Han stretched out his hand and gently tapped on their heads. At the same time, he slowly said, “I do not know the content of your tests. This is completely a test that touches the deepest part of your heart. If you pass, you can become my in-name disciple. If you fail, it can only be said that there is no fate.”

The meaning of Heavenly Venerable Hao Han is self-explanatory; that is, there is only one chance; if it fails, it can only be said that there is no fate, and there is no second chance to try.

“Senior Hao, how do you become a success?” Yi Tianyun asked.

“Success is to wake up. Failure is to let me help you wake up.” Heavenly Venerable Hao Han explained, “All of you only have a month. Any longer than a month will be considered a failure. Thus, all of you should wake up as soon as possible and not continue to sink into depravity.”

“Understood.”

Immediately after, they felt a beam of light pierce through their bodies and fall into a vortex. They felt as if everything was so illusory.

...

“Xiu...”

A handsome young man waved his spear continuously. The snowflakes that fell from the sky were continuously pierced by his spear, turning into even more snowflakes that fell.

His body was sturdy. Whether it was his talent or his blood energy, they were all vibrant and surging. He was an outstanding figure amongst his peers!

“Young Master, you are cultivating again!” At this time, Xiaolian came in from outside. When she saw Yi Tianyun’s strong muscles, her face was slightly red and a bit shy.

“Yes, I just finished cultivating.” Yi Tianyun took back his spear and circulated his spirit energy to evaporate the sweat on his body. Everything returned to normal.

“There are other sects outside. They want to fight with you!”

“Do you want to challenge me? No problem, I will go out now.”

Yi Tianyun followed Xiaolian out. There was already a sea of people outside. Many female disciples of Jade Palace looked at him with eyes full of worship and even more passion.

“Tianyun, you are here.” Shi Xueyun came over, as cold as always and even more beautiful.

“Aunt, I am here.” Yi Tianyun smiled, “Leave them to me; they can be solved easily, like before; beat up these sects who came to make trouble!”

“Aunt believes in you.” Shi Xueyun smiled.

“Boy, this time, we brought people to challenge you. If we lose this time, this Earth Level Martial Art will belong to you! If you lose, you have to hand over the Earth Level Martial Art and the Martial Art that we lost before!”

At this time, the elders of other sects stood up and looked at Yi Tianyun angrily. It was not the first time that they lost.

“No problem, the premise is that you can beat me!”

Yi Tianyun held his spear and flew to the arena. His cold eyes swept over everyone, making many people not dare to look at him.

“Don’t be arrogant; let me meet you!”

At this time, someone flew up from the audience; his cultivation was not weaker than that of Yi Tianyun, who was holding a giant axe; the sharp axe blade was enough to cut everything.

As he stepped on the stage, this person did not wait for Yi Tianyun to reply. He already swept his axe over, wanting to cut him in half. The overbearing momentum made everyone under the stage can’t help but take a few steps back, not daring to get too close to the arena.

Yi Tianyun’s eyes focused; the long spear in his hand turned into a cold light and pierced forward, followed by a heavy hit on the giant axe.

“Dang!”

When the spearhead met the axe blade, the whole spear bent slightly, but the spear deflected the other side’s attack; Yi Tianyun easily deflected such an unjust attack.

He swung his spear again, bent into a half-moon moon, and hit the opponent heavily.

“Bang!” The opponent was directly sent flying by the spear, vomiting blood in mid-air. When he fell, he was quickly hugged by the other party’s elder. The considerable impact still made the elder take a few steps back, almost unable to stand steadily.

“Next!” Yi Tianyun swung his spear, and his momentum was imposing!

“Young Master won again. Young Master won again! Young Master, Young Master, Young Master!”

“Young Master, Young Master, Young Master!”

The blood below boiled and shouted, thinking that Yi Tianyun was a king, a king of victory! No matter who it is, they can be easily defeated.

Yi Tianyun suddenly felt a great sense of accomplishment. This was the feeling he wanted. Being admired by thousands of people, everything was so smooth. No one could compare to him. Nothing could disobey his idea.

This battle soon came to an end. Yi Tianyun quickly challenged the entire sect and won this shocking battle.

Everything went so smoothly. There were no obstacles, no dangers. It was just so peaceful. Soon after, Jade Palace began to expand its influence. It quickly rose to the third rank. It followed the 4th Grade Empire to dominate the world!

Yi Tianyun became a Great Emperor at a young age. He has countless beauties and countless subordinates. He listened to his call. No one dared to obey him.

Everything went too smoothly. It was so smooth that he was deeply trapped in it.

When they wanted to continue to attack more forces, Yi Tianyun suddenly froze. Looking at the troops around him, he felt that he was missing something.

Chapter 1125

Yi Tianyun always felt that he was missing something. He couldn’t remember anything. He felt as if he had forgotten something. His mind was blank.

“Heavenly Emperor, what are you thinking about?”

A beautiful woman next to him wrapped her arms around him. There were several beautiful women on the side, sprinkling petals on him. Countless petals fell into the water, making the pool smell so fragrant.

Countless beautiful women, with one hand holding a powerful force, everything was smooth. No matter which force they attacked, the other side quickly surrendered. Along the way, there were countless opportunities. He found many treasures and martial arts, making his cultivation rise considerably.

But it was so smooth that he doubted – was this himself?

“I seem to have forgotten something.” Yi Tianyun frowned.

“Don’t overthink; leave these things to the subordinates to do. Emperor, you have worked hard for so long; it is time to enjoy it.”

“Yes, your subordinates are all capable people; you don’t need to worry about anything. No matter what, they can easily help you solve it.”

“Yes, Empress Xueyun is about to give birth; you should spend more time with her.”

The beautiful women who served him persuaded him not to overthink, and all kinds of delicious food was stuffed into his mouth, enjoying all types of treatment.

Yi Tianyun frowned and felt that something was wrong. He pushed them away and said, “No, I am not like this. I have experienced so many life and death situations along the way, so many obstacles, how can it be so smooth!”

“These are my precious experiences, all the experiences of my firm dao heart; how can I say no!”

“This is not my world, and I don’t want to stay here!”

Yi Tianyun’s power burst out, scattering all the surrounding pools. He directly rushed out of the palace hall and flew outside. Outside was a luxurious palace; the ordinary people were very comfortable, and everything was perfect.

However, it was precisely so perfect that there would be a huge problem! Perfect everywhere meant that there were problems everywhere.

It could not be denied that this place was perfect. It was so perfect everywhere. It was the world he had always imagined. There were no disputes or struggles. There had never been any tragedies from the very beginning.

However, all of this was just an illusion. What he had experienced could not be erased! All of this was his precious experience. Without these experiences, how could he have such a firm Dao heart?

Many things could not be given to him by the system. After experiencing such life and death and so many dangers, it was proof that he existed and that he was still alive!

“Heavenly Emperor, what’s wrong?”

A group of people flew over and saw Yi Tianyun rushing out. They were shocked and didn’t know what happened.

This included Shi Xueyun, who flew over with a big belly and looked at him in a daze.

“Tianyun, what’s wrong?” Shi Xueyun flew over and asked.

“It’s okay...” Yi Tianyun reached out and stroked her hair, smiled, and said, “No matter when you are still so beautiful.”

Shi Xueyun blushed and said with embarrassment, “Stop it, so many people are watching; what are you talking about...”

Everything was so real, no different from reality.

He gently stroked Shi Xueyun’s stomach and smiled, “It’s a pity that I can’t see the child’s birth again...”

He glanced around and smiled, “Thank you for your company. Goodbye.”

Shi Xueyun grabbed him and said hurriedly, “Tianyun, where are you going?”

“Leave here, leave this imaginary world... Although you are an imaginary world, I still thank you for giving me a beautiful dream. I haven’t had such a beautiful dream for a long time, thank you.”

Yi Tianyun gently shook off Shi Xueyun’s hand, stepped into the void, and turned into a meteor piercing the world, leaving a group of stunned cultivators.

Finally, this meteor slammed into the air, and the whole world turned into countless pieces. Such a wonderful world was utterly gone, turned into numerous pieces, and followed these pieces wholly into powder, disappearing from this world forever.

At the same time, he suddenly opened his eyes, revealing a firm look.

At this time, what appeared in front of him was Cuicui’s cute little face, directly staring at him.

“Great, I knew Master would wake up! Father, Cuicui guessed right!” Cuicui threw herself into Yi Tianyun’s arms and said happily, “I didn’t guess wrong, I didn’t guess wrong!”

Yi Tianyun looked at Cuicui in his arms, looked at Heavenly Venerable Hao Han in front of him, and smiled, “Senior Hao, I passed, right?”

Everything was in a trance. It was just a short time. He stayed in this world for only a few days but remained in the dream for dozens of years, or even hundreds of years, which was so long.

“You passed. If this doesn’t count as passing, then no one will be able to pass.” Heavenly Venerable Hao Han smiled. “I didn’t think you would wake up in three days. To think that such a perfect world would be given up so easily. This is truly a pleasant surprise.”

“Your dao heart is so firm that it is hard for anyone to match it!”

Yi Tianyun smiled and turned to look at God Monarch Yuqin. She has been in a dream for a long time. He didn’t know what kind of dream she was having, but she kept smiling. She felt very excellent and didn’t want to wake up.

“She fell into a deep dream, and it was intense. There is no sign of waking up at all.” Heavenly Venerable Hao Han said, “Reincarnation may seem to be a memory that can last a lifetime. It is easier to sink into the Dao’s heart completely. After all, the pain she has experienced is undoubtedly more, and she is more eager to go to that wonderful world.”

The more you experience, the better, especially that kind of terrible experience, the more painful you feel, and you don’t want to wake up from the dream.

“I think she will wake up.” Yi Tianyun shook his head.

“Oh, so sure?” Heavenly Venerable Hao Han smiled.

“I will wake up.” Yi Tianyun simply replied.

“Is that so? Then let’s wait and see. Many people are stuck in this stage, one foot in hell, one foot in heaven, all in a single thought.” Heavenly Venerable Hao Han sighed with emotion and continued to taste the tea.

Yi Tianyun got up and sat next to her, drinking tea with her and waiting for God Monarch Yuqin to wake up.

He believed that God Monarch Yuqin could wake up so much because he saw that God Monarch Yuqin was indifferent in her heart these days. Still, she was very kind, but as time went by, she began to become apathetic, that was to protect herself.

But he believed that God Monarch Yuqin still had that kind heart, not cold. This heart was equivalent to a firm dao heart!

Chapter 1126

After Yi Tianyun rushed out of the illusion, he accompanied Heavenly Venerable Hao Han to drink tea. He didn't do anything else. At most, he drank tea while absorbing the rich Star Power around him to increase his experience.

Heavenly Venerable Hao Han didn't say anything. He seemed to be waiting for the result of God Monarch Yuqin. If God Monarch Yuqin passed, it would undoubtedly be the two of them who could announce it together. This would save a lot of trouble.

Moreover, it was only a month. There was no rush. The Jade Pendant was not consumed here. It was much safer than outside. This was a unique space. Naturally, there would be no big problem.

The time it was passed, day by day. God Monarch Yuqin was still immersed in her beautiful dream. She didn't want to wake up at all.

"She must have failed. There are only a few days left." Cuicui no longer stayed with Heavenly Venerable Hao Han but liked to be with Yi Tianyun.

Yi Tianyun has a comfortable aura, but in fact, he hasn't taken off the Longevity Suit.

"Nonsense, my master can pass! She is mighty and easily passed my test." The little boy retorted.

He was naturally the Tool Spirit of God Monarch Yuqin's treasure. Since he followed God Monarch Yuqin, he would naturally side with his master.

"Hmph, my master is still the most powerful. He passed in just three days." Cuicui shook her little feet, her face full of pride.

Yi Tianyun rubbed her little head and said, "You are really like my daughter. You should play with my daughter. I think it will be more interesting."

"Is Master's daughter exciting?" Cuicui's eyes lit up, and she looked forward to it.

Yi Tianyun smiled and wanted to go back, "Of course, it's interesting; I will take you to see it."

In the blink of an eye, his daughter must have grown up a lot; staying here for a year is equivalent to many years; when he returns, he should have grown into a slender and elegant girl.

When they were chatting, God Monarch Yuqin slowly opened her eyes; her beautiful eyes were still full of nostalgia as if she did not want to wake up.

"Everything is just passing clouds..." God Monarch Yuqin shook her head and sighed deeply. No one knew what she was dreaming about, but it seemed that she had already noticed it. However, she still did not plan to come out. She would only come out when it was almost time.

"Master!" The little boy pounced on her and was extremely excited. Then, he turned around and made a face at Cuicui. "See, my master has woken up!"

"Humph!" Cuicui turned her head and ignored him.

"Congratulations, you have passed this test. It seems that your dao hearts are indeed solid." Heavenly Venerable Hao Han smiled. "Your dao heart is indeed good. You can wake up at any time, but you are unwilling to wake up. Some good things are always in dreams. If you want to turn this dream into reality, you just need to become strong."

"Senior Hao is right." The nostalgia in God Monarch Yuqin's eyes disappeared in the blink of an eye, replaced by a firm gaze.

Yi Tianyun smiled. Just like Heavenly Venerable Hao Han said, everything is about strength. As long as they are strong enough, the dream they had before can be realized!

Everything is a matter of strength. As long as you are strong enough, what dream can not be realized?

"Both of you have passed my test, proving that you have a strong heart and meet my expectations." Heavenly Venerable Hao Han looked at them and said in a low voice, "Do you know why I always test my dao heart?"

“Talent is not the key. Diligence is also not the key. The real key is to have a firm Dao heart. Only in this way can I guarantee that all demons will not invade me and strengthen my cultivation heart.” Yi Tianyun replied.

A dao heart is more important than any talent. Many people can't do this. Without a firm dao heart, many things are challenging to do.

“That's right, dao heart is vital in the later stages. Some people who cultivate to the later stages feel that they are lost in it, unable to break through the bottleneck, or are addicted to power, causing them to stagnate. Dao Heart is the most important existence.” Heavenly Venerable Hao Han was delighted with Yi Tianyun's answer.

“So many true experts have a firm dao heart, so if you want to become a true expert, you must first have a dao heart!”

“Therefore, if I choose a disciple, I naturally need a firm Dao heart. Without a firm dao heart, you can not become a disciple.”

“Now that both of you have a firm dao heart, it is enough for you to become my in-name disciples.” Heavenly Venerable Hao Han revealed a smile once more. “These two treasures will belong to you. I hope that you will treat them well and nurture them. They will be of great help to you in the future.”

“If we don't pass the final stage, will we not be able to take them away?” Yi Tianyun looked at Cuicui and the others.

“Of course not. Even if you pass their test, you can't take them away.” Heavenly Venerable Hao Han said.

Yi Tianyun was a little depressed; he wouldn't take it away if he didn't pass the test.

“I know that it is a bit harsh. First of all, you must obtain their approval before you can reach the final step.” Heavenly Venerable Hao Han said with a smile.

“Alright, we understand.” They all knew the meaning behind this. These were all treasures of Heavenly Venerable Hao Han. They definitely couldn't be casually given to them.

If he wasn't even being acknowledged by his treasures, then there was no need to discuss reaching the final stage.

As for stripping them of their treasures, it was elementary. Although they had already recognized him as their master, Heavenly Venerable Hao Han was still a generation of Heavenly Venerates. He was their previous master; there was no pressure at all.

“Of course, other than them following you, I have other things for you.” Heavenly Venerable Hao Han smiled. “Since you are an in-name disciple, I won’t mistreat you.”

Then he waved his hand, and five balls of light floated in the air, spinning in the air.

Yi Tianyun looked up and saw that among these five balls of light were five High-Grade Heavenly Dao Martial Arts, which was a big deal.

It was a High-Grade Heavenly Dao Martial Arts, worthy of being a Heavenly Venerable!

“There are five High-Grade Heavenly Dao Martial Arts here, enough for you to cultivate to the Heavenly Venerable Level. But even if it is a High-Grade Heavenly Dao Martial Arts, it may not be able to let you cultivate to the Heavenly Venerable Level just like that. Everything depends on your luck.”

With a heaven-defying martial art, it doesn’t mean that there is no bottleneck. Still, with such an influential martial art, there will be a specific auxiliary effect, and the success rate will be much higher than others.

“High-Grade Heavenly Dao Martial Art...” Yi Tianyun’s eyes lit up; this was a treasure for him!

His strongest is only a High-Grade Rebirth Level Martial Art, while other Heavenly Dao Martial Arts, there is no such thing.

Chapter 1127

High-Grade Heavenly Dao Level Martial Art, not to mention Yi Tianyun, even God Monarch Yuqin’s eyes lit up. She had a Heavenly Dao Level Martial Arts but only a Low-Grade Heavenly Dao Level Martial Art.

Middle-Grade Heavenly Dao Dao-level martial Arts were already her dream, and this grade was too challenging to obtain, let alone High-Grade Heavenly Dao Dao-level martial Arts.

Initially, she was a God Monarch, but it did not mean all were rich and could have many Heavenly Dao Level Martial Arts. She could only obtain a Low-Grade Heavenly Dao Level Martial Arts, which she had spent much money on.

Now that she saw five Heavenly Dao Level Martial Arts before her, she was ecstatic; it was simply a dream. This was a Heavenly Dao Level Martial Art, and she could take a step forward with a High-Grade Heavenly Dao Level Martial Art!

“There are five High-Grade Heavenly Dao Level Martial Arts here. They are all martial arts that I have created. The situation of each martial art is different. You can choose according to your own needs. Of course, the main thing is to see how strong your Heavenly Venerate power and your control are!”

“As long as you are strong enough, take as many as possible. If you can’t get one, I will still choose one. After all, you are all my disciples. Your control is not good, but it will improve.”

Heavenly Venerable Hao Han gave a shocking answer, which stunned God Monarch Yuqin.

“Senior Hao... No, Master, you mean that it can be yours if you can take it yourself?” God Monarch Yuqin was shocked; he felt like a pie falling from the sky, five High-Grade Heavenly Dao Level Martial Arts; if he could get all of them, wouldn’t he be invincible?

“Yes, as long as you have enough ability, take it at will.” Heavenly Venerable Hao Han smiled.

Yi Tianyun looked at the five martial arts floating in the air, smiled, and said nothing.

“Then this disciple will give it a try!”

God Monarch Yuqin couldn’t wait to give it a try. Being able to get one was already a pleasant surprise. Of course, Heavenly Venerable Hao Han had already said that even if they couldn’t get a single one, he would still choose one for them.

This meant that there was a safe opportunity for them to choose. It was truly generous of them.

Immediately, God Monarch Yuqin gathered her strength and quickly flew up. She reached out her hand and inserted it into the ball of light, wanting to take out this martial art.

Who would have thought that the moment she touched this ball of light, she would be sent flying for dozens of meters before falling? This kind of rebound force was considered weak and only slightly sent flying.

Although there was no limit to the number of times, this was not too good.

This must be controlled well. It must be synchronized with this energy to be able to pass through. This is a relatively gentle method. You can also take it down if you are strong enough to explode it directly. Heavenly Venerable Hao Han explained.

God Monarch Yuqin nodded. She knew that she couldn't succeed in one go. She had to try a few more times.

She followed her and flew over again. She did not choose to use violence to break it. If she wanted to use violence to break it, it would be a joke to face the power of Heavenly Venerable Hao Han.

Thus, she could only choose the first method. It was not advisable to use violence to break it. It would only make her lose face.

"Bang!"

God Monarch Yuqin was sent flying again, but she did not land. She spun her delicate body and quickly flew over. She promptly tried again.

"Bang..."

She was sent flying again, but it was clear that the small hand had stabbed in a little just now. It proved that there was still a chance, not without a chance.

After trying again and again, God Monarch Yuqin had failed countless times. Her delicate hand stabbed into the shield increasingly, and it was visible to the naked eye that she was still far from the martial arts.

As if she didn't know exhaustion, God Monarch Yuqin continuously tried, stabbing into the barrier repeatedly. Ultimately, her entire palm was inserted into the ball of light. She forcefully grabbed the martial technique and forcefully dragged it out.

"I finally got it..."

She got the martial technique. God Monarch Yuqin looked battered and exhausted. Even her slender hands had suffered some damage. She still seemed quite miserable. However, these were all superficial wounds. She just needed to recover a little.

Compared to this, martial arts was the main point. When she got the martial arts she wanted, even if some lives were put on the line, she might not be able to obtain a Heavenly Dao Level Martial Art. This was just a superficial wound. Naturally, it would not be a hindrance.

She rested for a bit and continued to obtain more. After all, this was a rare opportunity, and she had to try harder.

“If you want to obtain the second book, the difficulty will increase. You should grasp it well.” Heavenly Venerable Hao Han reminded.

Sure enough, when God Monarch Yuqin continued to take the second book, she discovered that the difficulty was several times more difficult than before. If it had been a piece of paper that could barely be passed through before, it was now like an iron plate. It was not easy to obtain at all!

The difficulty has dramatically increased, making her want to vomit blood. She thought that after getting the first book and getting familiar with energy control, she could get other martial arts.

Who knew that the second time was even more difficult? If it was difficult to pierce through, they could only get one. This was like asking Heavenly Venerable Hao Han to give them martial arts.

However, God Monarch Yuqin did not give up. She kept trying to get two martial arts no matter what.

Yi Tianyun sat beside her and drank tea, watching her try again and again. Anyway, there is plenty of time, and he is not in a hurry, so he just casually tried God Monarch Yuqin.

Soon, after a long time of trying, God Monarch Yuqin finally got the second martial art book, which was a significant breakthrough and significantly improved control.

“Master, you don’t forget to continue to test us...” Yi Tianyun shook his head. How could he not know the thoughts of Heavenly Venerable Hao Han? These are tests.

It’s just that the trial with rewards makes them more motivated.

“In the future, you can cultivate on your own. Naturally, you can teach some. You won’t be able to see it in the future unless you break through to the Heavenly Venerable Realm.” Heavenly Venerable Hao Han said with a smile.

Yi Tianyun nodded. Heavenly Venerable Hao Han was a spiritual will here, so he could not teach too much. In the future, he would have to wait until his cultivation level broke through before he could see Heavenly Venerable Hao Han’s actual body.

“I gave up...” God Monarch Yuqin finally gave up the third martial art. She is not someone who gives up quickly, but she knows that it is impossible to succeed soon. This third is too tricky. “I feel that I must break through again, and all aspects have to be improved.”

“Why don’t you try it again?” Yi Tianyun said with a smile.

God Monarch Yuqin rolled her eyes at him, “Do you think it’s easy to take? You can try it yourself and see how many books you can take!”

She knows her limits. Although she has a treasure mountain in front of her, she knows she is incapable, so she chooses to give up in the end.

“Okay, I will try how many books I can take.” Yi Tianyun stood up and looked at the five lights above, revealing a smile.

Chapter 1128

Although God Monarch Yuqin took away two martial arts books, Heavenly Venerable Hao Han quickly restored them. These were all made by himself; if he wanted to add more, he only needed to use his Divine Sense to replenish swiftly one.

Yi Tianyun came under the five lights and looked at these energy balls. The probing eyes were released, and their energy situation was checked.

The probing eyes are almost omnipotent; only material things can be analyzed and divided into highly detailed data.

“I want to see how many books you can get this time!” God Monarch Yuqin sat down, took the teacup, and poured himself a mouthful of tea, “How can the power of a Heavenly Venerate be so easy to break? Do you think you can pick up any cabbage on the street?”

“Master will get a lot of books!” Cuicui retorted from the side.

“Looks like you like him quite a lot?” God Monarch Yuqin looked at her from head to toe and said, “It’s rare for a Tool Spirit to stick to him just like that.”

“I like Master. What’s wrong?” Cuicui retorted.

“There is no problem if you like him. Then how many books do you think he can take?” God Monarch Yuqin asked.

“At least... three books!” Cuicui stretched out three fingers. No matter what, she had one more book than God Monarch Yuqin.

“Three books?” God Monarch Yuqin momentarily thought and smiled, “It seems you don’t know how difficult the third book is. I was only a little later than him, so the gap was not big. If the gap is not big, can he still get three books?”

God Monarch Yuqin’s deduction is correct; she is, at most, a little later than Yi Tianyun, but the gap is not very big. In this case, it means that their level is almost the same.

“If I say three, then three. The master will get three!” Cuicui retorted.

“Still quite stubborn?” God Monarch Yuqin shook his head. “If you lose, why don’t you choose to follow me? I accept treasures.”

“No! You bastard...” Cuicui didn’t dare to look at God Monarch Yuqin, so she ran to Yi Tianyun and looked at her.

“God Monarch Yuqin... No, it should be God Monarch Yuqin. Are you trying to steal my Tool Spirit?” Yi Tianyun hugged Cuicui and looked at her with a smile.

He knew God Monarch Yuqin was joking; he just wanted to bully Cuicui.

“Of course I want her; she is so confident in you, don’t you want to bet?” God Monarch Yuqin smiled.

“What about you? Don’t you want to gamble with that Tool Spirit?” Yi Tianyun looked at the little boy and smiled.

“I don’t bet on Tool Spirit. If you surpass me, I will tell you the secret; how about it?” God Monarch Yuqin smiled, “Correspondingly, if you lose, I won’t ask too much; let me rub her hard; how about it?”

She said, moving her fingers, wanting to rub Cuicui hard to let her know the consequences of talking nonsense.

“No problem.” Yi Tianyun rubbed Cuicui’s little head, “However, I won’t let you get away with it. Find out about your memories and make them clear to me.”

“You make it sound like you can get three books.” God Monarch Yuqin rolled her eyes at him. She still felt that Yi Tianyun could not get the third book. She had already tried the difficulty; how could she not know?

Heavenly Venerable Hao Han also looked over to see what Yi Tianyun was doing.

Yi Tianyun stayed there for a while, ready to take down the martial arts.

“Master, do your best!” Cuicui doesn’t want to be bullied by God Monarch Yuqin; she must wish Yi Tianyun to win this game.

Yi Tianyun smiled at her, then jumped and reached into the light ball. God Monarch Yuqin's eyes lit up. She wanted to see Yi Tianyun fly away, but she saw Yi Tianyun reach out and quickly get one of the martial arts books.

"What, what, he succeeded in one try?" God Monarch Yuqin was dumbfounded; he thought he had to try many times, but who knew he would succeed soon?

Heavenly Venerable Hao Han narrowed his eyes and was shocked by Yi Tianyun's precise control.

"The first book is in my hands." After Yi Tianyun took this martial art, he jumped again, stretched out his hand again, quickly passed through the second light ball, and promptly got the martial art again.

"The second book is in my hands."

Without any obstruction, he quickly got it; it felt as simple as drinking water before God Monarch Yuqin tried countless times and finally succeeded in obtaining the martial art.

Yi Tianyun quickly succeeded, making her depressed to the point of wanting to vomit blood, so simple, he succeeded.

It felt like what Yi Tianyun was trying to explore was not the thick shield but a thin layer of paper.

Heavenly Venerable Hao Han's eyes narrowed. This was far beyond his expectations. It was so easy to surpass the time needed by God Monarch Yuqin. Although there was no time limit, it was shocking to get it so quickly.

"The second one, the second one!" God Monarch Yuqin jumped up excitedly, clapping her hands and clapping excitedly.

God Monarch Yuqin and the others were shocked and didn't know what to say.

Yi Tianyun's eyes focused. He locked onto one of the martial arts books, jumped up again, inserted his hand into it again, quickly entered it again, and then pulled it outside, and the third book was easily obtained again.

There was no difficulty, just like flowing water, smooth to the end!

"The third book is in hand." Yi Tianyun grabbed the martial art and looked at God Monarch Yuqin with a faint smile, "You lost."

"This is too incredible; how can you get it so easily?" God Monarch Yuqin widened her beautiful eyes, unable to believe the reality in front of her.

She has always thought that Yi Tianyun is not much different from her, but now it seems she is overthinking; the gap is not small; it is like the difference between heaven and earth.

She spent a long time trying to get the second and third martial arts book, and finally, she gave up.

Yi Tianyun quickly got it in just a short time; it can be said that he is an existence that can ultimately kill her, but the fact is not at the same level.

“Isn’t it the same as you? Put your hand in and control this energy to enter; what difference can there be?” Yi Tianyun shrugged his shoulders.

Since he could get it so quickly, the secret is naturally the Investigating Eye. At first, when he watched God Monarch Yuqin try again and again, he had already observed the situation of the light ball and then recorded the situation of the energy.

When he comes personally, he can easily succeed according to these standards. As for the fourth book, he has to try a few more times. After all, directly observing from below is far inferior to the energy fluctuations brought by God Monarch Yuqin, constantly testing.

Looking at the constantly changing energy fluctuations is the easiest to get.

Chapter 1129

Three martial arts books are easy to get. They are all High-Grade Heavenly Dao Level Martial Arts. If they are placed outside, it will attract a crazy fight! This martial art can give people a chance to break through to the Heavenly Venerable Realm. How can they not be jealous?

If it is known by Elder Rank of 2nd Grade God Territory, it is estimated that all of them are crazy. They do not have High-Grade Heavenly Dao Level Martial Arts. Even if they do, they only have one or two books at most.

This is not the critical point. The key is that this is from the hands of Heavenly Venerable Hao Han, and with detailed insights, what is better than this?

Yi Tianyun has three Heavenly Dao Level Martial Arts books that will make people crazy.

“Three books, three books! Master, you are amazing!” Cuicui was excited again; this time, she did not have to worry about being ravaged, but she could go and ravage God Monarch Yuqin.

“No hurry, I can continue to take it.”

Yi Tianyun’s eyes focused; he jumped up, reached into the light ball, inserted a small piece, and bounced back.

Seeing this scene, God Monarch Yuqin finally breathed a sigh of relief. It would be a miracle if he could continue to take it down quickly. Now that she saw that he was sent flying, the shield of light proved effective. He needed a more substantial control to take it down.

“Yes, this is the first try, and he can already go deeper into a small section...” Heavenly Venerable Hao Han’s eyes lit up. Even if he failed, at least half of it was successful.

Yi Tianyun did not stop; he continued to fly over again, reached out, and stabbed again; this time, it was more than before, but he was still sent flying.

He still couldn’t take it down easily twice, but he didn’t give up and continued to try.

After seven or eight tries, he finally inserted it and took out the martial art!

“It worked, the fourth one!”

Yi Tianyun fell from the sky and put away the fourth martial art with a smile. This situation made God Monarch Yuqin complicated. He tried it for a while and quickly broke the fourth martial art. It was much faster than her.

Yi Tianyun did not stop and quickly continued to try the last martial art. Since he wants to take it, he must take all his martial arts. Otherwise, he will not give up.

“Again!”

He continued to grab it, but it immediately failed. The fifth martial art was even more challenging to pick up. It was not that the fifth martial art was too precious but that the difficulty increased as the martial arts decreased.

Yi Tianyun tried again and again. Every time he failed, he would notice the energy fluctuation of the light ball. At the same time, he could use the same energy to explore, but every time there is a difference, he has to continue to try.

This ball of light is straightforward; it makes the ball of light think that he is one of us and then lets him in.

The principle is straightforward, but it requires robust control to be able to match the energy fluctuation of the ball of light.

God Monarch Yuqin can't do it for now, but Yi Tianyun can do it; he just needs to try a few more times to succeed.

"Bang!"

Yi Tianyun was sent flying, but before he landed on the ground, he jumped up in the air and stabbed into the light ball. Finally, he pierced the light ball and grabbed the Heavenly Dao Level Martial Art.

"Come out!"

Yi Tianyun quickly pulled out and slowly fell to the ground. Everything was so light, and it was much easier compared to the previous God, Monarch Yuqin.

"Five books, five books!" Cuicui rushed over, hugged Yi Tianyun, and said excitedly, "Master, you are amazing; you got five books, three more than her!"

She has been full of worship for Yi Tianyun, and Heavenly Venerable Hao Han is too lazy to pay attention to him.

"You have shouted many times today." Yi Tianyun rubbed her little head and smiled, "Master, I am sorry, I have taken all the martial arts I have."

"It doesn't matter, but these five martial arts are different; cultivate according to your situation." Heavenly Venerable Hao Han smiled, then his tone became serious, "But there is one thing you must pay attention to. You absolutely can not spread it out. If it is spread out, you will be punished by the Heavenly Dao!"

"Cultivating my martial arts is already equivalent to making a vow. You absolutely can not spread it out. If it is spread out, you will be punished by the Heavenly Dao. There is no exception."

If it could be casually spread, there was no need for this Heavenly Venerable Road to exist. It would be acceptable to spread the martial arts out at will. Whoever learned it and broke through to the Heavenly Venerate would be chosen as a disciple. How simple was that?

Heavenly Venerable Hao Han would not do this. If others ruined it, it was not something he wanted to see.

“Master, I will not tell anyone.”

Yi Tianyun and God Monarch Yuqin nodded, their expressions solemn. This is not a joke.

“Very good, this is our gift to you. Of course, there is also this Heaven Stealing Divine Land. As long as you cultivate well, you do not need those protective shields; you can easily enter and cultivate.” Heavenly Venerable Hao Han said.

Heaven Stealing Divine Land’s devouring ability cannot be changed at will; it can only be offset by blocking the devouring ability. Otherwise, it can only be offset by these treasures.

After giving the order, they were about to leave when Yi Tianyun suddenly remembered something and asked, “Master, do we need to leave names outside?”

Leaving their names, naturally, there are eight names on the cliff outside.

“Oh, this is all up to you. It doesn’t matter whether you stay or not. Those who can climb up here are all geniuses. After they have mastered a little control, they will leave their names outside and publicize themselves.” Heavenly Venerable Hao Han smiled, “I didn’t let them leave words outside, and there is no need for that. It’s just a matter of interest.”

Yi Tianyun was speechless. It turned out that this was what happened. He thought that they would leave words outside, but it turned out that they were fond of face. They felt that they would leave their names outside.

“Well, I won’t leave words outside.” Yi Tianyun looked at God Monarch Yuqin and said, “What about you? Are you going to leave words outside?”

“Not interested.” God Monarch Yuqin’s eyes were full of absent-mindedness as if she was still immersed in Yi Tianyun’s violent martial arts.

“Then I look forward to you breaking through to Heavenly Venerable. The path of cultivation is not easy. I hope your dao heart can become stronger and stronger!” Heavenly Venerable Hao Han smiled and waved his hand. Two rays of light enveloped them and disappeared in the next moment.

Soon after, both of them reached the peak of their current state, proving that they had wholly conquered the Heavenly Venerable Realm. Two people at once!

Chapter 1130

When Yi Tianyun and God Monarch Yuqin returned to their peak, everyone looked over. After all, this was too conspicuous. Standing at the highest peak, how could they not be conspicuous?

“Are they the experts who have reached the peak of the Heavenly Venerable Road?”

Many were newcomers and had never seen Yi Tianyun and God Monarch Yuqin, so they looked at them curiously. More than that, they were still looking forward to seeing them. Would they carve their names on this cliff?

In this way, they can know their names.

Who knew that Yi Tianyun and God Monarch Yuqin would fly away and not stay here too long? This place is too conspicuous. They don't like to be high-profile, so they chose to leave as soon as they came out.

Before Yi Tianyun left, he looked over and found Heaven Monarch Zi Guan and others had left. They stayed with Heavenly Venerable Hao Han for a long time, but Heaven Monarch Zi Guan and others didn't have a Jade Pendant, so they naturally had to leave.

“What's going on? They left without carving their names?”

They were shocked and thought they would leave their names on the cliff, but they didn't do it; they went directly.

This greatly disappointed them. They didn't know their names; now, they couldn't even know what they were called after going out.

However, this can only be known through scouting.

After Yi Tianyun left, Yi Tianyun asked, “You lost just now. You are willing to admit defeat. Can you tell me your secret?”

God Monarch Yuqin was silent momentarily, then looked up at the front and said, “Let's go down there. Since you are interested, I will tell you.”

Then they flew down from the sky and landed in the forest on the side, a relatively hidden place.

When they found a good place, God Monarch Yuqin looked like he wanted to say something, and Yi Tianyun shrugged and said, “If you don't want to say it, then don't say it.”

He was interested in seeing how a dignified God Monarch would be willing to work for a 2nd Grade God Territory. Especially the things she did were not very honorable. Of course, he also wanted to know why she did this. There were too many doubts, but he would also be too lazy to see if he did not say these things.

“No, I just want to say that the more you know, the more dangerous it is.” God Monarch Yuqin shook her head and sighed, “It doesn’t matter if you want to know, but with your current qualifications, knowing too much will be dangerous. Although you have accepted the inheritance of Master Hao and have obtained so many Heavenly Dao Level Martial Arts in the face of powerful strength, it is still not worth mentioning.”

“I am very clear about this: a person is tiny, and in the face of terrifying power, he was easily killed. A God Monarch can easily beat me to the ground.” How could Yi Tianyun not know that a God Monarch can quickly suppress him?

The difference in cultivation is so significant there is no way to resist.

“Even so, I still want to know the situation. Otherwise, I don’t know what will happen.”

Prevention has always been the principle of Yi Tianyun’s cautious behavior.

“Indeed, it is better to know some things than not.” God Monarch Yuqin looked at him and said, “I hope you won’t reveal the following content. There is a conspiracy in the 3rd Grade God Territory, the War of God Territory!”

” War of God Territory?” Yi Tianyun narrowed his eyes. He could smell the aura of war.

“Yes, this War of God Territory is not a God Territory’s War of Ascending to Heaven. The War of God Territory of Ascending to Heaven is nothing compared to the War of God Territory.”

” War of God Territory of the Gods is a battle between many third-grade God Realms, and more than a dozen forces are involved! It means that the people will be in great danger once the war begins. Even the 2nd Grade God Territory will be affected, but the 1st Grade God Territory will be better. They won’t be affected too much.”

“As for the 3rd Grade God Territory battle, you can imagine how fierce the battle will be!” Many experts gathered together and fought crazily, with countless casualties. The sky is full of Heaven Monarch Realm experts, and many God Monarch Realm experts and even Heavenly Venerable Expert experts personally participated in the battle. “

“At that time, how small the Earth Monarch was, and even the Heaven Monarch was so weak. It can be said that below God Monarch, they are all cannon fodder!”

Yi Tianyun heard this and couldn’t help but be moved.

“Why is there a War of God Territory?” Yi Tianyun frowned and said, “Is it for a treasure?”

“Yes, they are robbing the power to enter the 4th Grade God Territory! It can be said to be a treasure that allows them to advance.” God Monarch Yuqin stretched a finger and said, “Among so many 3rd Grade God Territory, only one God Territory can finally obtain the right to advance. The rest are all losers!”

Yi Tianyun narrowed his eyes and said in a deep voice, “This is too cruel. There are so many God territories, and only one can have the right to choose. So many are willing to join the battle?”

“Of course. It is already difficult for these dozen or so God Territory forces to take another step forward. They can improve only by entering the world of a 4th-grade God Territory. Otherwise, it is meaningless.” God Monarch Yuqin shook his head and said, “There are many who have participated and even more who have not.”

“So this time, the faction you belong to plundered the geniuses for this battle?” Yi Tianyun roughly knows something.

“Yes, it’s still early. It’s still a thousand years away from the War of God Territory, or even ten thousand years. We will enter the absolute slaughter when we look at the heavenly treasure!” God Monarch Yuqin explained.

Yi Tianyun pondered momentarily, looked at her, and said, “Then what about you? Have you always been a member of that faction? Why do I feel you are unwilling to work for your faction?”

This could be judged by the fact that God Monarch Yuqin had let him off.

“They were the ones who helped me to reincarnate successfully. Logically speaking, they are my benefactors. I will repay them.” God Monarch Yuqin shook his head. “After that, I realized that this was what I deserved. However, I have already sworn to serve them for ten thousand years. There is no way to change it.”

Her eyes were full of anger and grief. Although Yi Tianyun didn’t know the details of the process, he roughly judged that she was being played.

This is like the 10,000 Star Stone originally belonged to her. One day, it was stolen at home. She followed the thief and said he would give it to her and help her solve the urgent situation. She was grateful and said that she would repay the other party.

This is a typical case of being sold and helping several people; it is simply a scam.

Now, she has made a vow, and she can’t disobey!
