

## Read Crazy Leveling System - Chapter 1131

### Chapter 1131

“This is indeed a sad thing...”

Yi Tianyun coughed lightly. He felt that God Monarch Yuqin was a tragedy. She was completely fooled. However, she made an oath. She could not repent and could only choose to obey. After ten thousand years, this oath could be undone. Her goal would naturally be achieved when she finished participating in the War of God Territory.

As for whether she would retaliate or not, when the War of God Territory ended, what would happen would be her problem. If they had succeeded in obtaining the qualification to enter the world of 4th Grade God Territory, God Monarch Yuqin would have been nothing.

Of course, it was also possible that in the War of God Territory, God Monarch Yuqin would die directly, and everything would end early.

“There’s nothing to be sad about. This is my own choice.” God Monarch Yuqin looked at him and said, “The best thing you can do now is hide or keep a low profile. At the very least, don’t tell anyone about the martial arts that Master Hao passed to us. Otherwise, it will attract a fatal disaster!”

High-Grade Heavenly Dao Level Martial Arts. Even a 3rd Grade God Territory would be jealous of it, let alone a 2nd Grade God Territory. Of course, they made an oath, and there was no way they could say it out loud. If they said it out, it would be death.

However, some insidious people would instead let them die than force them to say something. Before receiving the punishment, there is still a chance to take out some information.

Greed is endless; Yi Tianyun and others are dead or alive; they just want to take out more martial arts.

“So they are going to come to 2nd Grade God Territory and forcibly recruit people?” Yi Tianyun asked.

“Yes, we were a bit rough before. Some of us will directly go down and choose geniuses to come up. At that time, you will be participating in the War of God Territory.” God Monarch Yuqin reminded, “If you want to participate in the War of God Territory, you can only keep a low profile.”

“Didn’t you say before that the War of God Territory would affect the 2nd Grade God Territory?” Yi Tianyun asked.

“That’s right...” God Monarch Yuqin nodded.

“In this way, even if I keep a low profile, will I still be attacked by the flames of war if I stay in 2nd Grade God Territory?” Yi Tianyun asked.

“This... Looking at the remote situation of the forces, some won’t be affected.” God Monarch Yuqin said.

“In that case, there is a chance to be affected. Then why should I hide and lower myself?” Yi Tianyun shook his head.

“Then you can hide in the 1st Grade God Territory so you won’t be affected.” God Monarch Yuqin changed his words again.

“Hide in the 1st Grade God Territory... You might as well let me hide in the Common Realm. There will be no damage there.” Yi Tianyun rolled his eyes at her and said, “Forget it; there is no need to do that. Let nature take its course. How can I be absent in the War of God Territory? Do you think we cultivators can become stronger without experiencing this?”

“You, how do you think so? If your cultivation is too low, you will become cannon fodder!” God Monarch Yuqin said with hatred.

“If we are sent to the 3rd Grade God Territory, wouldn’t we focus on nurturing them? A thousand years later, we can still have a place in the 3rd Grade God Territory with our strength.” Yi Tianyun looked at her and said, “Compared to being taken away, I want to recruit disciples here personally. Isn’t it better?”

God Monarch Yuqin was silent. This war was indeed a thousand years later, or even ten thousand years later, when their cultivation would break through a lot; they would not only be at the Earth Monarch level.

“Indeed, no matter what, you can not join the Saint Peak God Territory I am in!” God Monarch Yuqin said in a deep voice, “They will force you to become a slave and completely control you!”

“Saint Peak God Territory...”

Yi Tianyun’s eyes narrowed, especially when he heard that he would be forced to become a slave; it sounded chilling.

“That’s right, Saint Peak God Territory. If you were caught in the beginning, you would only become a slave, not even committing suicide.” God Monarch Yuqin said bitterly, “They are so overbearing; they want their disciples to be loyal to themselves, so they will forcibly become slaves. Unless they are a little valuable, they will not become slaves.”

Yi Tianyun frowned. It seems that he made the right choice to run away. If he didn't run away, he would become a slave.

Of course, those people can't stop him if he wants to escape. No one can catch him with a Teleportation God Stone. Unless a restriction makes him unable to escape, he can escape.

"You have been out for so long; if you can't find me, will you be punished?" Yi Tianyun asked.

"I don't know about that. In any case, my mission is to cultivate here and make a breakthrough in my cultivation." God Monarch Yuqin said, "My greatest mission right now is to recover my peak cultivation and break through to the Heavenly Venerate. This is the most important thing for them. The rest is not important."

One more God Monarch was a solid support. If there was one more Heavenly Venerate, becoming an Elder would be even more impossible. He would have an extremely high status and influence.

"When you reincarnated, what was your cultivation level?" Yi Tianyun asked.

"Late stage God Monarch cultivation, I must completely awaken my memory to know the details." God Monarch Yuqin shook his head, "But no matter what, I have to participate in the War of God Territory. This is my value to them."

"What was it that made you willing to serve for ten thousand years?" Yi Tianyun was a little interested in this.

"Reincarnation Soul Grass is very rare. I found it with great difficulty. I waited to mature and use it to reincarnate, but several experts besieged me, so I was forced back. When I came back, the Reincarnation Soul Grass was taken away..."

God Monarch Yuqin looked at Yi Tianyun and said, "You should have guessed what happened next. I was in a terrible situation. Because I was in a hurry to break through to a higher level, my body was in a terrible state, and I was about to collapse at any time. Reincarnation Soul Grass is my last hope. Saint Peak God Territory took it out and made this request. I can't refuse it..."

"After I was reborn when my memory awakened, I went to find the truth. I found out who the person who attacked me was, and finally found that it was the expert of Saint Peak God Territory... But it's useless. I have made an oath, which is deeply engraved in my soul and can not be violated."

"Unless the person who made me swear an oath dies, there is no need to fulfill it..."

God Monarch Yuqin looked at Yi Tianyun with bright eyes, shook her head, and said, "Forget it. I hope you can help me. The opponent is a God Monarch expert, only stronger than me."

"God, Monarch, I can't do anything about it. If it were a Heaven Monarch, it would be fine." Yi Tianyun shrugged his shoulders and said helplessly, "One day, my cultivation will be stronger; I will help you deal with this group of scum and treat it as a punishment on behalf of heaven."

## Chapter 1132

"Forget it; just focus on your cultivation. You won't listen to me anyway. The War of God Territory is terrible, and you still have the mind to go there."

God Monarch Yuqin suspects that Yi Tianyun is crazy. Most of the cultivators don't even have time to hide. Yi Tianyun still has the feeling of trying. Undeniably, the resources of the 3rd Grade God Territories are excellent, but so many resources are given to you to work for them.

"If you want to become stronger, you can only do this, right?" Yi Tianyun smiled and said, "If I keep hiding in the corner, I definitely won't be able to become stronger. Moreover, if I can escape this War of God Territory, what about next time? Unless I hide forever, I will always be affected."

Even if he did not join any God Territory forces, too many troops were involved in the War of God Territory. Unless he kept hiding far away, he would be affected one day.

"Alright, I was convinced by you. These are all your thoughts. Anyway, just don't join Saint Peak God Territory. It's the most disgusting God Territory!" After speaking, God Monarch Yuqin shook her head and said, "It's almost time for me to leave this place. You should take care of yourself."

"Thank you for your reminder. I will remember it." Yi Tianyun nodded. God Monarch Yuqin's information was still beneficial. At least he would not join the Saint Peak God Territory when they came to recruit people.

God Monarch Yuqin looked at him deeply and sighed, "Among all the cultivators I have seen, you can still maintain a warm heart. I hope you can persevere. You are now equal to my junior brother; why don't you call me senior sister!"

“Well, it seems that my grades are better than yours. I should be senior brother, right?” Yi Tianyun shrugged, saying he would not call God Monarch Yuqin’s senior sister.

“I am older than you!” God Monarch Yuqin glared at him.

“Cultivators don’t count age, do they?” Yi Tianyun looked at her and smiled, “You are a woman. Is it good to say that you are older than others?”

If it’s a woman, even if it’s a cultivator, they are not willing to tell their age. On the other hand, God Monarch Yuqin said that he is older than Yi Tianyun, just to strive for the position of Senior Sister.

“I like it; how about it?” God Monarch Yuqin looked at him with a playful look, hooked his finger, and said, “Come, call me senior sister.”

“You want me to call you senior sister?” Yi Tianyun shook his head and smiled, “This is impossible unless you break through to the Heavenly Venerable Realm first. Don’t let me call you senior sister. On the other hand, if I break through to the Heavenly Venerable Realm before you, you call me senior brother; how about it?”

“You will break through to the Heavenly Venerable Realm before me?” God Monarch Yuqin looked at him and laughed, “How is this possible? I admit that your ability is not weak, even stronger than me now, but I have not fully awakened my memory. If I awaken my memory, my cultivation speed will be far inferior to mine!”

“I have experience of God Monarch, only one step away from breaking through to Heavenly Venerable. Unless you are also a reincarnation of God Monarch, there is no way you can beat me!”

Yi Tianyun shrugged and said, “Then, are you willing to make a bet with me?”

God Monarch Yuqin was right. However, he had the system. There was no pressure at all. At the moment, there was a bit of pressure. That was to break through to the Ten Refinements Earth Monarch. He needed some standards before he could break through.

There was a bit of difficulty, but he believed it would not take too long.

“No problem, let’s bet!” God Monarch Yuqin smiled, “If you win against me, don’t call me senior sister, even if I marry you!”

“There is no need to marry me; just call me senior brother.” Yi Tianyun waved his hand; he already had Shi Xueyun and did not dare to be disloyal.

"You are quite arrogant. Do you think I like to marry you? I just want to say that I will not lose!" God Monarch Yuqin looked at him angrily and said, "You are not likable. So many people like me. Even if you don't like me, you should at least give me some face!"

"Cough cough, it is not a problem. You are charming and talented. But I have a wife, so I naturally must be disciplined." Yi Tianyun explained.

"Oh, it's rare. For men like you, you should have three wives and four concubines. You make me change my mind." God Monarch Yuqin looked at him as if he were looking at a rare animal. She smiled and said, "It's rare to see someone as dedicated as you. I admire you very much, at least not like those stinky men with three wives and four concubines. They will be dumped in the blink of an eye if there is no benefit."

"It's rare for someone like you to have only one wife."

God Monarch Yuqin shook her head. She felt that Yi Tianyun was strange. A man like him usually had three wives and four concubines. If he were a master with high cultivations, he would naturally have three wives and four concubines. In particular, talented cultivators were willing to pay more incense. It was extremely normal to have three wives and four concubines. He had to have more children.

"Not bad." Yi Tianyun quickly waved his hand and said, "Let's not talk about this topic anymore. I already know the general situation. This is the bet. Let's see who breaks through to the Heavenly Venerate first."

"No problem." God Monarch Yuqin looked at him and smiled. "It's good to know you. The God Territory world is full of changes. I hope we will still be alive the next time we meet..."

Yi Tianyun was stunned. This God Monarch Yuqin is pessimistic, but it is no wonder she is gloomy. Her cultivation is as weak as an ant in such a chaotic world. She is easily crushed. She is just struggling at death's door.

After saying that, God Monarch Yuqin flew away and did not stay there for long.

Yi Tianyun looked at her leaving figure. After silence, he found a place to meditate and cultivate. He began to absorb the experience here. Although he can't condense the core, it is not a problem to fill the experience first.

The Jade Pendant on his body can still last for two months. With so much time, it is not a problem to fill up the experience.

Soon after, he found a safe place, sat down, and absorbed the experience. As time passed quickly, a pleasant voice finally came after he had crazily absorbed for half a month.

“Ding, congratulations, player. I successfully reached the level-up experience. Do you choose to break through to the Heaven Monarch now?”

“No need.”

Yi Tianyun didn't even think about it. He directly refused. He wanted to break through to the Ten Refinements Earth Monarch. It was impossible to be satisfied by breaking through to the Heaven Monarch Realm.

“Core, there is still a core...”

Yi Tianyun looked around to see if there was a core here. The simplest and crudest way to build multiple cores in the body is to absorb another core, just like before.

If you keep absorbing the life core, it will gradually accumulate and become a core.

## Chapter 1133

When Yi Tianyun carefully looked around, he quickly found a colossal core buried deep in the ground!

It is impossible to say that there is no core here. Heaven Stealing Land absorbs all the energy in the surroundings, including the core, and then condenses it to strengthen Heaven Stealing Land.

Maybe this Heaven Stealing Land is not the best, but for him, if the core, it is the real key.

“There is a core, but it is difficult to go down...”

Yi Tianyun narrowed his eyes. Heavenly Venerable Hao Han blessed the Heaven Stealing Divine Land. Breaking through the restrictions Heavenly Venerable Hao Han set up was tough. Even if a Heavenly Venerable came, he might be unable to break it.

The Heaven Stealing Divine Land would have been occupied long ago if it was so easy to break.

Although challenging, don't forget that Heavenly Venerable Hao Han gave them his energy to help them compend. From this point, it can be transferred to the end of breaking. Even if he can't dig out the core, he can get close to the core.

He immediately took out a weapon, aimed it at the ground, and began to dig crazily, but just as he dug out a small hole, it began to fill quickly, as if it had a strong healing ability.

When he dug out a hole, it was quickly filled up, and there was no time to continue digging; this recovery speed was even faster than his digging.

"What the hell, is it so hard to break down here?" Yi Tianyun frowned; according to this, he was afraid he would be buried inside if he dug himself.

Of course, this is not difficult for him; he can come out with a teleport.

"It seems like I have to put in more effort. Although it is troublesome, at least I can go down." Yi Tianyun followed and dug crazily; his speed suddenly increased several times.

A perfect Rebirth Level Weapon was like a shovel, constantly digging; the soil dug out was directly moved into the inventory.

Initially, he wanted to move into the inner world, but he could not move in, so he could only move the soil into the inventory.

After the teleportation, he began to dig crazily, and under his rapid digging, he dug a path down, but his back began to be quickly filled up, wanting to wrap him up.

Yi Tianyun just wanted to take a gamble, to see if the speed of wrapping the soil was faster or if he dug faster himself, but now it seems he always dug faster.

However, the road behind him was blocked bit by bit. If it were anyone else, they could not dig it down. After all, the soil that was dug out had to be at least pushed to one side, but there was no road to the back, and it could not be stuffed into the storage space, so there was no way to dig the roots.

Only his particular item column could store this soil. It had to be said that this soil was still very precious, and after he went out, he would try to transfer it into the inner world to take a look.

"Master, what are you doing?" Cuicui materialised next to him, curious about what he was doing.

"Can't you see, I am digging a hole, but the soil behind is troublesome; it constantly moves closer." Yi Tianyun explained while digging.

“So that’s how it is. It’s elementary, and I will help master block them.” Cuicui released a burst of light, and the healing ability around her began to slow down, even stopped.

When Yi Tianyun saw this scene, he was stunned, “You have this ability?”

“Of course, I can revive the withered Spirit Medicine, but at the same time, I can also absorb the vitality around me.” Cuicui smiled proudly, “Master, do you think I am powerful?”

“Not bad, very good!”

Yi Tianyun is very surprised; this way, he won’t be in a hurry, especially in the later stages. He can’t even sit down and absorb it; he still has to dig and absorb it.

With the help of Cuicui, the soil around him she no longer healed quickly, making him feel much more relaxed.

Along the way, he smoothly arrived at the core of the bottom, where there were many restrictions, all so profound.

The most important thing is still the power of the Heavenly Venerable; this is the most difficult to break; if the restriction wants to be broken, it will only take a bit of effort, but the power of the Heavenly Venerable, if it is casually attacked, it will be sent flying. If it is severe, it will directly crush the intruder.

Yi Tianyun looked up and down at this thick energy; it was no different from what he thought; it was the power of Heavenly Venerable.

“Excellent, begin analysis!”

Yi Tianyun used his Investigating Eye to analyse energy fluctuation, trying to integrate it into the energy completely. Soon, he roughly analysed it, which was no different from the previous one.

Immediately, Yi Tianyun reached out and went into the energy, and after passing through the energy layer, he saw the colossal core, which has a vast life force.

Compared to the Core of Life he encountered before, it was dozens of times more potent, and the energy it contained was purer and more unique.

“Yes, it’s here!”

After coming in, Yi Tianyun sat down and began to absorb the core. Cuicui was next to him, and when she saw this thing, her eyes lit up, and she began to absorb it like crazy.

One big and one small, all meditating to absorb the core energy, not polite at all.

After Yi Tianyun absorbed it, this pure core energy began to flow into his body. Under his Star Power, the surroundings gradually solidified into a planet, gathering bit by bit.

He must first achieve a non-conflict state if he wants to keep two planets in his body. It was initially a Core of Life, but now it is still absorbing the Core of Life. Under the same level, conflicts are relatively rare.

If there is a Fire Attribute Core, he can't absorb it. Fortunately, this is not a Fire Attribute Core. Otherwise, he would have come down in vain.

However, before Yi Tianyun came down, he knew it was not a Fire Attribute Core, not because of the Investigating Eye, but because there were so many Spirit Medicines around, and the vitality was so rich; how can it be a fire core?

In this state, he gathered up little by little, and the planets in his body began to build slowly. It seemed that everything was so smooth.

Soon, it didn't take long for him to condense a huge planet in his body successfully. When he was about to continue strengthening, some of the original Core of Life began to shake, and the whole inner world showed signs of collapse!

"What's going on!"

Yi Tianyun was shocked for a moment. How could it cause a conflict?

## Chapter 1134

Yi Tianyun thought everything would go smoothly. He didn't expect it not to go smoothly at all. It could even be said to be very bad. Some of the original worlds in his body began to collapse quickly. If it continues to accumulate, it will cause a conflict. At that time, the two planets will explode!

At that time, he will directly explode. Even if he doesn't die, he will become disabled. The inner world is gone, which is equivalent to his cultivation is crippled. Everything will have to be done again.

Immediately, he made a prompt decision. He immediately shattered the condensed planet and turned it into countless life energy. It circulated in his body. Soon, it was absorbed by the original Core of Life. It quickly expanded and became more significant.

Absorbing so much Core of Life energy, can it not expand?

This meant that he failed, ultimately failed. He initially thought that he couldn't forget in the same situation. It was just an effortless way to condense a planet. Who knew that he was wrong? It was not that simple at all!

"Not at all; planets of the same attribute can't coexist." Yi Tianyun frowned, thinking about which side the problem was.

After thinking about it carefully, he suddenly slapped his thigh, scaring Cuicui next to him to jump up.

"What's wrong? What happened?" Cuicui looked at him blankly, completely not knowing what happened.

"It's okay, Cuicui, you can still cultivate here?" Yi Tianyun saw that her whole body was emitting green light; it seemed that she was in good condition; after absorbing the Core of Life here, her body had evolved.

However, this process of evolution was highly long. She couldn't advance after cultivating here for some time. She had stayed here for so long but had not evolved. Not to mention staying here for some time. She would be able to advance.

"Of course I can. I like this kind of rich life force the most. It is very comfortable to cultivate." Cuicui said, "But master, why did you shout just now?"

"I just thought of something, so I suddenly shouted. You can continue to cultivate." Yi Tianyun signalled her to sit down.

Cuicui sat down again and continued to cultivate.

What Yi Tianyun thought of was naturally the matter of condensing a planet. There was no doubt that continuing to condense a second-life planet was an awful thing.

After failing, the solution he thought of was relatively simple: changing the attribute.

The Core of Life was equal to the wood attribute. If he wanted to condense a planet that would not be suppressed here, then he would choose the Water Attribute. It meant that he needed to find a Water Attribute Core. If it were condensed like this, they would not restrict or even give birth to each other.

He guessed that this situation would likely occur in the inner world. It was likely that it could not condense a core of the same type. It had to be of different attributes. If it were the same, it would be rejected here.

This was like a mountain that could not accommodate two tigers. It definitely could not be the same. Otherwise, it would be rejected.

“Water Attribute Core?” Yi Tianyun frowned; he did not know where to find this thing.

Many planets have cores, but they are not weak sects; it is impossible to let them absorb the core’s energy.

He thought momentarily, and his eyes lit up, “Heavenly Spring God Territory, maybe there is one!”

The name is not randomly named, but Heavenly Spring God Territory will likely be a Water Attribute Core. How do you ask? That is another story.

“Then, after the matter ends, I will ask again.”

Yi Tianyun did not choose to leave immediately but continued to cultivate here. Although he has enough experience, he can continue to accumulate significantly and strengthen the core of his body; why is he in such a hurry to leave?

The Jade Pendant on his body can last for two months, and it is not too late to leave after he has finished cultivating.

In the next two months, he absorbed the core energy wildly, constantly nourishing the planet in his body, and then it became bigger and bigger, and it seemed to be many times bigger than before.

In almost two months, he felt that he was about to leave, and with a teleport, he teleported out from the core. At the same time, he set up a coordinate here, and when he comes back to cultivate in the future, he can use the Teleportation God Stone to relax, and there is no need to continue digging hard.

After coming out, before preparing to leave, Yi Tianyun thought for a moment and finally put the Jade Pendant away; just as he put the Jade Pendant away, there was a violent devouring force, and he was sucked out.

In the blink of an eye, a small part of Yi Tianyun’s Star Power was sucked out!

“What a strong suction force! It is much more overbearing than the martial arts I used before...”

Yi Tianyun took a deep breath. After this attempt, he immediately felt how strong this violent suction force was—no wonder the Heavenly Lord could not easily resist it. As for the Divine Lord, the cultivation effect here is not very good for them.

Therefore, this place can quickly suppress the level below the Heavenly Venerable. If there is no Jade Pendant, he will be sucked dry.

Yi Tianyun is now frozen on the ground. He can't even move a step. No wonder Yi Tianyun must leave before the effect of the Jade Pendant disappears. Otherwise, he can't even run away. He was directly sucked dry by this place.

When the time comes, he can only watch himself being sucked dry, but he can't escape. This is desperate.

Then Yi Tianyun quickly took out the Jade Pendant, and the shield shrouded himself and protected him. This time, he can move his feet freely.

"It seems that I can't resist it for now." Yi Tianyun shook his head. He thought he could resist this devouring force, but it seems it is not enough for now. He has to break through further. Otherwise, he can not offset this terrible devouring force.

After feeling the force of the suction, Yi Tianyun left and did not continue to stay there.

When he left Heaven Stealing Divine Land and flew toward the transmission array, he immediately saw someone flying over. From his clothes, it is evident that he is the guard of Heavenly Spring God Territory.

"Earth Monarch Gou Hang, I will wait for you here. I hope you can go to him when you go back." The guard explained.

Yi Tianyun's eyes narrowed. The news had already spread out. Elder Gou Huang was looking for him, and he was not surprised.

"Okay, I will go now." Yi Tianyun said.

"Please come with me." The guard was very respectful, and he also heard something.

Strong people will always be respected.

"I don't know what will you say if you call me over?" Yi Tianyun narrowed his eyes; he didn't know if his situation would attract the attention of the 3rd Grade God Territory.

## Chapter 1135

As soon as Yi Tianyun came out, he was immediately called by the Elders. He was not surprised at all.

After all, he only had one month to stay before, and now that he has been there for so long, he must go out to pass on the message.

Otherwise, they would think that Yi Tianyun died inside, so they naturally need someone to pass on the message.

Under the guidance of the guards, he quickly returned to Heavenly Spring God Territory. His journey was unimpeded, and he directly came to Heavenly Spring God Territory's Elder Gou Hang. It was the most crucial place here; not everyone could come in casually. With the guards leading the way, he went straight to the Heavenly Spring God Territory.

"This is Earth Monarch Yi Tianyun, whom Elder Gou Huang wants to see. Where is Elder Gou Huang?" The guard asked.

"The elders are in a meeting, but since they are here, let me bring them over now." Another guard nodded and led Yi Tianyun inside.

"This meeting, take me in?" Yi Tianyun asked doubtfully.

"Yes, you are the person the elder pointed out; even if it is a meeting, I will take you in." The guard momentarily thought, then added, "The elder said that no matter the situation, he will take you in."

Yi Tianyun nodded. It seemed that Elder Gou Huang valued him. But thinking about it carefully, he could climb to the peak of the Heavenly Venerable Road. How could they not pay attention to him?

If they did not pay attention, a donkey must have kicked their heads.

Under the guidance of the guard, he walked to the hall on the inner side and did not see anyone. The voice came from inside.

"This time, one of our human disciples successfully ascended to the Heavenly Venerable Road. It seems like there will be a great chance for him to become a Heavenly Venerate in the future!"

"You already said that it is possible. A human doesn't even know how to climb the mountain. Could it be that he has some special ability?"

“Even if a human reaches the Heavenly Venerable Road, it will still be difficult for him to break through in the later stages. He will still be stuck on the road, unable to advance.”

“How is that impossible? He is a member of our Divine Fortune Palace. I have seen his abilities. He is mighty! There is no pressure for him to become a Heavenly Venerate!”

Yi Tianyun can hear that one of them is Elder Dong Yun. As a member of Divine Fortune Palace, Elder Dong Yun will come over for a meeting.

“Let’s go in.” The guard ignored what was going on inside.

Elder Gou Huang has a very high status; he must be the leader.

Yi Tianyun immediately walked inside. Just as he entered the door, all eyes focused on him. To be honest, he felt a little embarrassed. He didn’t like to come in when others talked about him, especially when the person was himself.

If he came in, he would start a discussion and directly target him.

“Earth Monarch Yi Tianyun is here.” Elder Gou Huang’s eyes lit up. They waited for a long time and finally saw Yi Tianyun coming.

Initially, they were not in a hurry to hold this meeting, but Yi Tianyun did not come out long, so they planned to keep it in advance. The meeting was only halfway through, and Yi Tianyun returned, which surprised him.

Those who do not know Yi Tianyun now know him again, staring at him, wishing to see through him.

“Nine Refinement Earth Monarch!”

One of the elders said, and the other elders were shocked at this time. They have seen the Nine Refinement Earth Monarch, but it is the first time they have seen the human Nine Refinement Earth Monarch!

Of course, it is not that there are so many people in the clan; only Yi Tianyun broke through to the Nine Refinement Earth Monarch, but they have seen Yi Tianyun, a human, reach the Nine Refinement Earth Monarch.

It can be seen that humans with Nine Refinement Earth Monarch is scarce, human talent is not high, so it is infrequent to reach Nine Refinement Earth Monarch, Eight Refinement Earth Monarch is extremely rare, let alone Nine Refinement Earth Monarch.

Now, Yi Tianyun is standing alive in front of them. Not only has he finished Heavenly Venerable Road, but he has also successfully broken through to the Nine Refinement

Earth Monarch! Two giant halos shrouded him, which is very conspicuous in the eyes of many elders.

Especially Elder Xiao Tian, his eyes are full of coldness; he did not expect that the one who provoked him was such a genius! These two giant halos have already crushed many Heavenly Spring God Territory geniuses, and they are incomparable to him.

“It is Nine Refinement Earth Monarch. You have just broken through to Nine Refinement Earth Monarch.” Elder Dong Yun was pleasantly surprised; he had to say that Yi Tianyun gave himself a long face.

He just joined the team and now has such a record; how can he not be surprised?

“This is all taken care of by Elder Gou Huang. If I didn’t go to Heaven Stealing Divine Land, I couldn’t break through to Nine Refinement Earth Monarch.” Yi Tianyun smiled and flattered.

“No, the reward for Heaven Stealing Divine Land is what you promised before. You deserve everything.” Elder Gou Huang smiled and said, “I didn’t expect you to break through in such a short time. It is not easy to break through to the Nine Refinement Earth Monarch.”

One by one, the elders have changed their views on Yi Tianyun. Nine Refinement Earth Monarch is a golden sign. It can’t be wrong. Even if it is a good talent, achieving it is not necessarily possible.

It means that those who break through to the Nine Refinement Earth Monarch, no matter how trashy their race is, can not be an evil existence.

Some of the elders who did not think much of the human race did not look good, especially Elder Xiao Tian, who was extremely unhappy with the human race, but now it is not good to say something sarcastic; some things can not be refuted, such as Nine Refinement Earth Monarch.

“I heard that you have finished Heavenly Venerable Road. I wonder what reward you got on Heavenly Venerable Road?” Elder Xiao Tian went straight to the point; this was the most important thing for them.

Although eight geniuses successfully passed the Heavenly Venerable Road, it was embarrassing that there was no part of the Heavenly Spring God Territory, not even the other four God Territories. Those were all from 3rd Grade God Territory or some geniuses who came in after paying a price.

To put it bluntly, Yi Tianyun is the first Heavenly Spring God Territory disciple who can complete the Heavenly Venerable Road! This honor is desirable.

“Obtain a bit of Martial Arts recipe.” Yi Tianyun said half-truthfully.

He couldn't say that he didn't get anything. With so many pairs of eyes watching, if he said he didn't get anything, who would believe it? He would be seen through, mainly when he used it in the future. So he just admitted it. He would get five books if he didn't say it out.

“What is it? Take it out and take a look!” Elder Xiao Tian's eyes lit up.

“Elder, it is impossible for me to take it out. When I took this inheritance, I already made a vow. I can not reveal it at all.” Yi Tianyun replied, neither humble nor pushy.

Yi Tianyun has already thought of how to answer. Among these elders, there is no lack of people who eat meat and do not spit bones.

## Chapter 1136

Yi Tianyun's explanation made many elders deeply agree this situation is not strange; if you can casually spread the martial arts, the name engraved on the cliff, you will know how many people have this inheritance.

These people who have received the inheritance, if they can spread it, have already spread it; in fact, there is no news at all, and the evidence is clear that there is no way to spread it.

“This is impossible to spread; you can roughly tell the situation inside.” Elder Gou Huang is a little interested in the inside of Heavenly Venerable Road.

The other elders looked over with interest in their eyes.

Elder Xiao Tian's eyes became gloomy as if he was thinking about something.

“On the other hand, I encountered the Divine Sense of Heavenly Venerable, which is generally meant to recruit disciples. Whoever can climb to the finish line and pass the test can become his registered disciple. In the future, if he breaks through to the Heavenly Venerable, he can become an official disciple.” Yi Tianyun answered truthfully.

This wasn't a secret. Moreover, they wouldn't believe it if they didn't say it out loud. He noted that it was impossible to take a detour inside. No one would think it.

"Heavenly Venerable Hao Han's in-name disciple..."

Everyone sucked in a breath of cold air. They looked at each other in dismay. They didn't think that there would be such a background there. Because they didn't have any disciples that climbed to the end, they had never known the truth of this place. It was indeed a type of sorrow.

"Heavenly Venerable Hao Han, I have heard of this Heavenly Venerable. He is an extremely famous Heavenly Venerable. Among so many Heavenly Venerable, he isn't the strongest. At the very least, he is ranked in the top five!" One of the elders said in a deep voice.

"Top five Heavenly Venerates..."

Everyone's eyes narrowed. To them, a Heavenly Venerate was something they could only hope for. Even if they broke through to the Heavenly Venerable realm, they would most likely be at the bottom. A Heavenly Venerable, Hao Han, could rank in the top five Heavenly Venerables!

This was something that no one could imagine how strong the top five Heavenly Venerable were. A Heavenly Venerable was already strong enough to enter the top five. It could be seen how strong they were.

Yi Tianyun narrowed his eyes. He didn't expect his master to be so unique. He can be said to be one of the top five Heavenly Venerables.

"So, Heaven Stealing Divine Land is established by Heavenly Venerable Hao Han?" Elder Gou Huang and the others finally knew the situation.

"Yes, Heaven Stealing Land is done by Heavenly Venerable Hao Han, and in so many God Territories, he didn't only let one Heaven Stealing Divine Land, but several Heaven Stealing Divine Land, to choose a disciple." Yi Tianyun said. Yi Tianyun explained.

The elders suddenly understood what was going on.

"So that's how it is. You have become Heavenly Venerable Hao Han's registered disciple?" Elder Gou Huang and the others' eyes brightened.

"Yes, this disciple has become the registered disciple of Heavenly Venerable Hao Han, but the disciple still needs to break through to the Heavenly Venerable to become the official disciple of Heavenly Venerable Hao Han." Yi Tianyun said.

“So you are the registered disciple. I thought you had become an official disciple, just a registered disciple. As long as you have not broken through to the Heavenly Venerable, you are not an official disciple; it is a waste of time.” Elder Xiao Tian leaned on the chair and felt full of disdain.

The difference between an official disciple and a registered disciple is too significant. The life and death of an in-name disciple has nothing to do with Heavenly Venerable Hao Han. This means that even Master can’t be found; how can he be a backer?

Only an official disciple can enjoy this kind of treatment. If he becomes an official disciple, it can be said to be a walk in the park.

Yi Tianyun’s eyes flashed, and he smiled slightly, “Yes, a disciple is stupid. Through hard work, I barely got an in-name disciple and became the first in Heavenly Spring God Territory. I can reach the end and become an in-name disciple.”

“How dare you!” Elder Xiao Tian’s face sank. He slammed the table and growled, “What do you mean by this?”

Yi Tianyun’s words are valid. The registered disciples do not have any backers, but at least they are the number one in Heavenly Spring God Territory! It is better than Elder Xiao Tian’s side. Not a single person has successfully reached the finish line. Wouldn’t that be even more trashy?

“Haha...” Elder Dong Yun suddenly smiled, looked at Elder Xiao Tian, and said, “Elder Xiao Tian, I also want to ask you what you mean. So what if you are an in-name disciple? At least you have the inheritance of a Heavenly Venerable Master, and you will have a chance to become a Heavenly Venerable in the future! And Elder Xiao Tian, the in-name disciple you speak of, is not worth mentioning. I wonder how many disciples you have under you and how many you can successfully reach?”

Elder Dong Yun couldn’t help but quarrel with Elder Xiao Tian. Yi Tianyun is his disciple; he must be biased towards his disciple.

Moreover, an ordinary person wouldn’t be able to obtain such a great honor. This Elder Xiao Tian was still mocking him from the side. If his disciple had finished his Heavenly Venerable Dao, he would probably have already told everyone. How could he still feel that it was meaningless?

“Elder Dong Yun, this is a matter of fact! Do you think breaking through to the Heavenly Venerable is so easy? Even if you obtain the inheritance of the Heavenly Venerable, you might not be able to break through to the Heavenly Venerable!” Elder Xiao Tian said coldly.

“That is true. At the very least, there is a great chance for you to break through to the Heavenly Venerable compared to others!” Elder Dong Yun retorted coldly as well.

“Alright, alright, stop arguing.” Elder Gou Huang looked at them and said in a low voice, “It’s already quite good to obtain the inheritance of a Heavenly Venerable. We must increase our cultivation and let our disciples walk the path of a Heavenly Venerable. When we reach the end, we can obtain the inheritance of a Heavenly Venerable!”

“What a pity. If we could leave, that would be for the best.”

A God Monarch’s cultivation could not walk the Heavenly Venerable Road. The Heavenly Venerable Road also had restrictions. If one’s cultivation was too high, they could not leave. If they could go, they estimated that they would be able to finish walking the Heavenly Venerable Road.

Elder Xiao Tian’s eyes lit up. “In that case, can the distribution of the jade pendant be divided a little more?”

“Elder Xiao Tian, didn’t you say you weren’t interested? Isn’t it just an in-name disciple? It’s not like you’re an official disciple. What’s the use of taking it?” Elder Dong Yun returned the question.

Elder Xiao Tian’s face was ashen as he said in a deep voice, “Elder Dong Yun, I’m thinking for my disciple. Didn’t Elder Gou Huang just say that even if it’s an in-name disciple, it’s at least a Heavenly Venerable Inheritance? I want my disciple to see the world. Is that not okay?”

Yi Tianyun listened and shook his head. This Elder Xiao Tian is sour! When it is his turn to have a chance, he is like a dog and immediately rushes up.

“Okay, okay, okay, everything is up to you.” Elder Dong Yun looked at Yi Tianyun and nodded, indicating that he would never let Yi Tianyun suffer any grievances with him here.

Yi Tianyun smiled. With this kind of elder protecting him, this is the absolute master, and he is not afraid to fight with other elders, and sometimes it is good to protect him.

## Chapter 1137

Elder Dong Yun will help Yi Tianyun get back at him. Although Yi Tianyun is not good at arguing with the elders, he is an elder; he does not care about these things at all.

Elder Gou Huang felt helpless, but Elder Xiao Tian was too much.

Elder Xiao Tian saw Elder Dong Yun's attitude and was about to explode angrily. He immediately thought of something and said, "By the way, I almost forgot to say, I am ready to go to the Imperial Palace Tournament. I wonder if Elder Dong Yun will let Tianyun and Di Jun fight. After going through the Heavenly Venerable Road, his ability should not be bad; if he does not go on stage, wouldn't it be a pity?"

Yi Tianyun frowned; he didn't know what Elder Xiao Tian was planning and why he suddenly brought up the palace competition, but the palace was going to have a competition recently, which was the refining competition.

There has always been this rule, and it is not because he came that he has it.

"He just joined not long ago and has not mastered the ability of Divine Construct Palace; how can he participate so quickly?" Elder Dong Yun immediately retorted.

Yi Tianyun has just joined, and he hasn't wholly familiarized himself with the Divine Construct Palace, so he was pulled to Heaven Stealing Divine Land. This means that even the Divine Construct Palace's proud forging martial arts have not mastered anything, and it is undoubtedly very disadvantageous for him to participate.

It is undeniable that the inheritance of the Heavenly Venerable Road is not evil. He didn't know what Elder Dong Yun had, but it was not a forging martial art. Heavenly Venerable Hao Han does not specialize in forging but mainly in combat strength. This means that he does not take any of the three significant professions into account.

"That is true, but there is still some time left. Since this is Heavenly Venerable Hao Han's in-name disciple, he must be very talented, right? If he doesn't even dare to participate in this, wouldn't he be ashamed of this title?" Elder Xiao Tian began to praise Yi Tianyun. It would be a shame for Heavenly Venerable Hao Han if he didn't participate.

"What do you mean a little bit of time? It's only less than a month or two. How can I learn it?" Elder Dong Yun was furious. "Elder Xiao Tian, this is a public revenge!"

"What public revenge? I just want to see his potential. Elder Dong Yun, you can't say such nonsense." Elder Xiao Tian smiled at Yi Tianyun and said, "How about it, Lord Tianyun? Are you willing to accept this challenge? Don't worry. Even if you lose, it doesn't matter. Anyway, you just want to try and gain more experience."

Yi Tianyun looked at him and smiled, "Elder Xiao Tian, well said, then I will participate; you can rest assured."

He didn't know what Elder Xiao Tian was thinking, but what was the problem with participating in this? It was not a problem for him at all!

“Good!” Elder Xiao Tian laughed loudly, his eyes full of success. He immediately looked at him and said, “This is what we call having ambition. Everyone has heard it. Earth Monarch Tianyun and the others will participate. Elder Dong Yun, you can’t not let him participate.”

Elder Dong Yun’s face sank; he didn’t expect Yi Tianyun to take the bait.

“Don’t worry, since he agreed, he will participate.” Elder Dong Yun said in a deep voice.

“With your promise, it will be fine.” Elder Xiao Tian’s gaze was ice-cold as if he had already seen the result.

Elder Gou Huang felt very helpless at the side. These two elders had always been fighting each other, never stopping.

“Let me in, let me in!” At this time, shouts came from outside.

“What’s going on outside?” Elder Gou Huang frowned inside. They were in a meeting. Why was it so noisy outside?

“Elder, elder!” At this time, a familiar figure rushed in from outside.

Yi Tianyun turned his head and saw that this guy was not the same Heaven Monarch Zong Yun who had been left far behind by him before. He also called himself Heaven Monarch Zong Yun.

“Heaven Monarch Zong Yun?” When many elders saw him, they all recognized him.

Heaven Monarch Zong Yun has good talent; among the many Heaven Monarchs, he can be regarded as one of the top because his talent is good, and his status is naturally not bad, so he let him enter the Elder Palace.

It was just that no matter how good his status was, he could not casually barge in, or it would be disrespectful to an elder.

“Heaven Monarch Zong Yun, what is it?” Elder Gou Huang frowned. He felt Heaven Monarch Zong Yun was a little rude, but he still suppressed his temper and asked what he wanted to say. Otherwise, why would he be in such a hurry?

“You came back!” When Heaven Monarch Zong Yun saw Yi Tianyun, he told Elder Gou Huang, “Elder Gou Huang, I heard that he has successfully reached the Heavenly Venerable Road. I suspect that he used a treasure or something the elders gave him. I think it is a bit strange, so I came here to ask!”

Yi Tianyun was speechless. He had seen stupid people but had never seen such silly people.

The elders looked at each other, not knowing what he meant, and immediately looked at Elder Dong Yun, wanting to see what Elder Dong Yun said.

“Heaven Monarch Zong Yun, are you joking? If I had such a treasure, why wouldn’t I give it to others but a new disciple?” Elder Dong Yun’s face sank, thinking Heaven Monarch Zong Yun was joking.

“But, if he has no treasure, how can he climb the Heavenly Venerable Road!” Heaven Monarch Zong Yun looked at Yi Tianyun and said in a deep voice, “And he is a human; he must have used some kind of treasure. Even if the elder does not give it, he can only climb up using this treasure himself!”

“So I hope he will hand over the treasure and let the disciples share it. He can’t be selfish. This is for the development of the Heavenly Spring God Territory!”

What Heaven Monarch Zong Yun said was magnificent, directly rising to the entire Heavenly Spring God Territory, making Yi Tianyun feel like crying.

He thought these elders were enough to make things difficult for him, but he did not expect that the one who would make things difficult for him would be this idiot.

Under these words, many elders looked at Yi Tianyun with a strange expression, not knowing how Yi Tianyun could explain.

“I think that this treasure is heaven-defying. I don’t even know what kind of treasure it is that can completely suppress the grand formation set up by Heavenly Venerable Hao Han. If it is, why don’t I take it?” Yi Tianyun retorted indifferently.

“What Heavenly Venerable Hao Han?”

Heaven Monarch Zong Yun didn’t know the reason and felt it was a bit strange.

“Elder, Heaven Monarch Zong Yun is a bit delusional. I think everyone will go into Heaven to Steal the divine land. Do you think I have a treasure that can even suppress Heavenly Venerable Hao Han?” Yi Tianyun felt very ridiculous.

In his opinion, Heaven Monarch Zong Yun is just humiliating himself! Everything was over, but now he came to make trouble. Isn’t this embarrassing for the elders?

So many elders don’t have a treasure, thinking that Yi Tianyun has it; it is like saying that the elders are useless; they can’t even find this kind of treasure; what are they doing?

## Chapter 1138

The most ignorant thing about Heaven Monarch Zong Yun is that he didn't know anything and directly came to make trouble. He was angry with Yi Tianyun. When he learned he had returned, he immediately questioned him.

Who knew that when he asked this, the result was that his face was swollen? If Yi Tianyun had a treasure that suppressed Heavenly Venerable Road, he would have flown into the sky.

Heavenly Venerable Hao Han sets that up. It needs at least a High-Grade Heavenly Dao-level treasure or even a higher-level treasure to suppress it. Yi Tianyun can have this level of treasure? Even if there is this kind of treasure, if the cultivation is too weak, it is impossible to display the effect.

At least so many elders do not have this kind of treasure. They all know how powerful Heavenly Venerable Road is. It is ultimately a test of Dao's heart. To suppress this illusion, the treasure needed is more precious.

Among so many treasures, the most precious type was the type to suppress illusions. After all, when one cultivated to the end, there would be a tribulation of Heart Demos. Having a treasure that could suppress Heart Demos or illusions was extremely difficult.

Assuming that a treasure of the same level as a High-Grade Rebirth Level treasure could suppress Heart Demos, it was comparable to two or three other treasures of the same level. This was its preciousness!

Thus, when these words came out of Heaven Monarch Zong Yun's mouth, they were already spat out as incredibly brainless. Saying such words would be humiliating when one does not know the situation.

"This, this Heavenly Venerable Road, was set up by the Heavenly Venerable." Only then did Heaven Monarch Zong Yun realize what he said.

If not for a treasure the elder gave, Yi Tianyun wouldn't have this treasure. It means that from the beginning to the end, he was the one who thought Yi Tianyun was cheating!

"Heaven Monarch Zong Yun, you broke into the Council of Elders without permission. The question you said is extremely ridiculous!" Elder Gou Huang's expression became serious, "Now, I will sentence you to be imprisoned in the Reflection Tower for two thousand years. During this period, you can not come out half a step! If you sneak out

half a step, the time will increase by another two thousand years! Elder Rui Feng, I wonder if you agree to my punishment?"

Elder Rui Feng was the master of Heaven Monarch Zong Yun, so he naturally had the right to ask about this matter.

"I agree to Elder Gou Huang's punishment." Elder Rui Feng said expressionlessly.

In his heart, he did not know how many times he had scolded Heaven Monarch Zong Yun. He wanted to protect him. However, this Heaven Monarch Zong Yun was too stupid. If he wanted to cause trouble outside, he would be fine.

However, there were rules. He absolutely could not barge into the meeting of the elders without permission. Unless there was a crucial matter, who knew that the things that happened would be extremely childish?

This made everyone suspect that a donkey had kicked Heaven Monarch Zong Yun's head. He had gone crazy in front of so many elders. Even if he wanted to die, he should not do this, right?

"Elder Rui Feng..." When Heaven Monarch Zong Yun opened his mouth and wanted to shout something, the guards surrounded him, wanting to drag him into the Reflection Tower.

"Go and think about it properly. Don't be so impulsive in the future." Elder Rui Feng sighed. His disciple's talent was not bad, but his brain was not very good.

"No, don't..."

Heaven Monarch Zong Yun cried out in pain. He would be dragged into the Reflection Tower for two thousand years. He was going crazy. Two thousand years was not long, but he had been trapped in a place all this time. A genius like him, running around and enjoying that respectful gaze, would be unhappy.

Elder Rui Feng did not even look at him. This was the only thing he could do. What could he do?

"Elders, I'm sorry. Heaven Monarch Zong Yun has recently encountered a bottleneck in his cultivation. That's why he made such a joke. I hope all of you elders do not mind." Elder Rui Feng stood up and apologized.

As his master, he was willing to clean up his disciple's mess.

"It's fine." Elder Gou Huang waved his hand and continued, "Since you have chosen to participate in the Palace Tournament, I look forward to your performance. You have

obtained the inheritance of a Heavenly Venerable. I hope that you will cultivate well in the future. If there are any problems, you can come to me.”

Elder Gou Huang’s last sentence is crucial; his position is very high here, equivalent to being Yi Tianyun’s backer; who dares to provoke him?

“Thank you, Elder Gou Huang!” Yi Tianyun stood up and thanked him.

After that, they left. Initially, they wanted to discuss Yi Tianyun’s situation and the kind of treatment they wanted to give. Now, it seems that they have to observe for the time being.

Before Elder Xiao Tian left, he looked at Yi Tianyun with a sneer.

“I didn’t expect you to finish the Heavenly Venerable Road. It’s incredible.” Elder Dong Yun praised Yi Tianyun, which made him proud.

“I don’t know if I can finish it. It’s all luck.” Yi Tianyun said humbly.

“If this is luck, then everyone else is unlucky.” Elder Dong Yun smiled, and then his face became serious. “But there is one thing: you are too impulsive. I know you are good, but in the palace competition, this is too impulsive.”

“It seems that the palace attaches great importance to this competition?” Yi Tianyun looked at Elder Dong Yun’s expression and knew the matter was not straightforward.

“More than that, this is related to the changes in the palace camp, and many elders and even domain lords come to watch. Especially Territory Lords, they are often elusive, but the palace competition will appear.”

“If you perform poorly, the Territory Lord will not appreciate it, and then you will be a wall for yourself!”

Elder Dong Yun shook his head and said hatefully, “Elder Xiao Tian, I just wanted to kill you; I wanted you to make a fool of yourself in front of the Territory Lord; that’s why I did this.”

“So that’s how it is, there is still the Territory Lord to watch...” Yi Tianyun narrowed his eyes. There was no Territory Lord in today’s meeting.

“That’s right. The Palace Tournament usually sends the most outstanding three people to compete with each other. You have one now, and the other are Huo Lian and Yu Long. The other party will send the most outstanding one. It is complicated to compete. Each person has a powerful demonic flame, and the ability to control fire is first-class!”

Elder Dong Yun said in a deep voice, “Especially that forging technique, it has reached the level of supernatural craftsmanship and forged a superb weapon. Weapons have always been the most important, so the Territory Lord is extremely concerned about the Palace Tournament.”

Yi Tianyun nodded. No wonder the Territory Lord personally came to watch. If the outstanding geniuses were raised, the Heavenly Spring God Territory weapons would be settled.

“Elder Dong Yun, I wonder if there is a water attribute core in the Heavenly Spring God Territory?” Yi Tianyun asked the main point.

“Water Attribute Core? Of course, there is, and it is specially divided to become a Territory Lord Temple.” Elder Dong Yun said.

“I wonder if I can go in and cultivate?” Yi Tianyun’s eyes lit up. There is a chance.

“This is a bit difficult. Unless I get the approval of the Territory Lord, it is complicated to go in, even if I have to go through the Heavenly Venerable Road.” Elder Dong Yun shook his head and said, “The personality of the Territory Lord is hard to fathom. No one knows what he is thinking.”

“What if I get good results in the Palace Competition?” Yi Tianyun asked.

“If you can get a good result and get the appreciation of the Territory Lord, then naturally, there will be no problem...”

“Good, then you can get a good result!” Yi Tianyun smiled; this time, he would fight!

He must condense a water planet to break through to the Ten Refinements Earth Monarch. Otherwise, he really can’t break through. This Palace Competition is the best opportunity!

**Become a Patron** read up to chapter 1328! and bonus 5 chapters every month! Good deal right? Help us to reach first goal if you could 😊

## Chapter 1139

“You want to go to the core to cultivate?”

Elder Dong Yun looked at him from head to toe and asked in confusion, “Don’t you have Demon Fire? Why do you want to go there to cultivate?”

Generally, those with Demon Fire had more or less a Fire Attribute physique. Even if they did not have a Fire Attribute physique, they couldn't be able to contact Water Attribute energy. After all, these two were in conflict, and there was no way for them to be connected.

"Yes, this disciple plans to go there to cultivate. Although it is a Water Attribute, it still benefits me." Yi Tianyun explained.

He did not say he would go to the Water Core to cultivate and break through to the Ten Refinements Earth Monarch. If he had said it out loud, even Elder Dong Yun would have thought he was an idiot. How could there be a Ten Refinements Earth Monarch?

The Ten Refinements Earth Monarch does not exist; for so many years, it has been deeply rooted in the heart; even many Heavenly Venerates think it is impossible to have a Ten Refinements Earth Monarch.

Hence, he could not be bothered to say more. However, if not for the fact, no one would believe there was a Ten Refinements Earth Monarch.

"If you need it, you must obtain exceptional results in the Divine Construct Palace Competition. Otherwise, the Territory Lord would not have allowed you to cultivate at the Water Core." Elder Dong Yun said.

"No problem. I will work hard to obtain exceptional results in the competition." Yi Tianyun nodded. He initially thought that he would be able to enter smoothly through the Heavenly Venerable Road.

From Elder Dong Yun's words, he understood that the situation of the Territory Lord was not simple. Just relying on this, the Territory Lord would not allow it at all.

"Alright, I'll take you to solve the blacksmithing technique of our Divine Construct Palace now!" Elder Dong Yun said sincerely, "Now the situation is urgent; you must cultivate a lot. You don't have much time, only less than two months. During this time, you have to add more time to cultivate."

Immediately, under the lead of Elder Dong Yun, they returned to Divine Construct Palace. He didn't directly take Yi Tianyun to the Scripture Pavilion but directly took him into the Divine Blacksmithing Hall.

He just arrived at the Divine Blacksmithing Hall; the flames here are much higher than the outside; if ordinary people come in, they will probably be burned to death; even an ordinary Star Monarch will not be able to last long.

Dang dang dang dang...

As soon as Yi Tianyun entered, he saw a big man holding a giant hammer in his hand and smashing it repeatedly, refining the melted liquid into a perfect weapon.

On the other hand, there are other blacksmithing techniques, such as directly smashing it with his hand, using the most straightforward and crudest way to refine the impurities, and finally leaving the essence.

Another is Void Refining, using his own Star Power to refine the impurities inside.

There are many different ways, all with various effects.

“Everyone stop for a moment.” Elder Dong Yun clapped his hands to signal everyone to stop.

Soon enough, Heaven Monarch Huo Lian and the others surrounded Yi Tianyun. When they saw him, they were all surprised.

“Junior brother is back. How does it feel to go to Heaven Stealing Divine Land?”

“That’s right, we were too focused on forging weapons now. We didn’t even know that junior brother had returned. Quickly tell us, what is the situation in the Heaven Stealing Divine Land?”

“That’s right, we have never been to the Heaven Stealing Divine Land. We don’t even know what it feels like.”

They surrounded him and were extremely curious about the Heaven Stealing Divine Land. As they prepared to participate in the Divine Construct Palace Competition, they all cultivated here.

Furnaces surrounded this place, which was undoubtedly an excellent place to forge weapons.

“Well, let’s talk about these things later. Now we have to talk about something more serious.”

Immediately after Elder Dong Yun told them the general story, everyone was shocked; they all looked at Yi Tianyun and felt slightly incredible.

“Originally, three main forces were arranged: Huo Lian, Yu Long, and Zhi Shui. Now, Zhi Shui can not be the main force for now.” Elder Dong Yun shook his head.

To participate in the Divine Construct Palace tournament, Heaven Monarch Zhi Shui worked very hard to win the honor, but now Yi Tianyun has taken the place; how can he not comfort him?

In the tournament of Divine Construct Palace, only three people are sent; the rest can only watch from the side or cheer, so each time, only three people can be sent, at most three times, can not participate.

Only three people can be sent; if the Territory Lord wants to improve, the Territory Lord personally comes to watch; if the level of the disciple is ordinary, it will make the Territory Lord unhappy.

Heaven Monarch Zhi Shui narrowed his eyes, and he did not expect to hear this result; immediately, he looked at Yi Tianyun and said in a deep voice, "Junior brother, tell me how you feel at this moment."

"I will try my best to treat you; I will never drag you down!" Yi Tianyun said in a deep voice.

"Good! This is enough. I will participate in it next time. This opportunity is yours." Heaven Monarch Zhi Shui said in a deep voice, "If I find out that you don't treat me well, then don't blame me for being impolite."

This is a severe competition; you use all your strength or don't participate, and there is no third choice. He will undoubtedly be angry if he finds out that Yi Tianyun is not paying enough attention.

"Senior Brother Zhi Shui, if this happens, there is no need for Senior Brother Zhi Shui to speak; I will take the initiative to leave Divine Construct Palace!" Yi Tianyun said firmly, "This is what I will do next, so I will do my best to be responsible for my actions!"

"Good!"

The others were delighted with Yi Tianyun's words. Yi Tianyun's previous performance was good, and he could see the other people's level, but he knew nothing about blacksmithing, so naturally, he would be worried.

However, seeing that Yi Tianyun is so confident, they won't be disappointed, and even if they lose, they will at least treat him seriously.

"For the rest of the time, you will cultivate here. If there is anything you don't understand, just ask them." Elder Dong Yun said, "You can also ask me. The forging skills are all on the side; you can go and see."

There are many books on the side, all related to blacksmithing. Compared to reading a dead book, it is more straightforward to look at the forging skills of other senior brothers.

Elder Dong Yun was well aware of the problem, so he directly asked Yi Tianyun to observe the blacksmithing of other senior brothers. Under normal circumstances, it is insulting to watch others blacksmithing.

Since they are fellow disciples, it is customary to observe. The key is that there is not enough time. Elder Dong Yun hopes that he can improve faster. His ability to control fire is good, and his Demon Fire is good. With these as the premise, it is not difficult to improve.

“No problem; sorry to trouble you, senior brothers.” Yi Tianyun said with a cupped fist.

“No trouble, junior brother, we won a lot of Star Stones!”

“Yes, what is there to trouble? You must get good results in the competition!”

“Even if you can’t get the front row, at least make Elder Xiao Tian sick!”

They have no complaints, especially since the fact has happened. The best way is to make Yi Tianyun improve faster!

## Chapter 1140

In the following time, Yi Tianyun took those forging skills and looked at them individually, basically ten lines at a glance. With the help of the Investigating Eye, he frantically scanned the content into his brain bag and firmly remembered it.

This content is of great help to him. Although he was first a 1st Grade Divine Forging Master and belonged to a relatively high stage, his comprehensive ability was not very high.

When he read the blacksmithing skills here, he found that his learning was the foundation! The system provided only a foundation, and many things needed to be filled up. This was just like the advance package provided by the premise. It was just an essential ability, not a very heaven-defying thing.

Now, he was hungry and thirsty to absorb the experience here, constantly strengthening himself, and with the guidance of other senior brothers, he cultivated faster.

He knew that if he wanted to obtain this victory, he still needed to learn many things, so he had to work harder to cultivate!

“I almost forgot, I still have an upgrade package here...”

Only now did he remember that he still had an upgrade package that had not been opened. When he came to God's Territory, he had given it to him. However, it would require Nine Refinements Earth Monarch to open it. After breaking through, there were too many things to do, so he forgot to open it for a moment.

Immediately, he found a place to sit down and pretended to study carefully.

“Open the Nine Refinements Earth Monarch upgrade package!”

[Ding, open the Nine Refinements Earth Monarch upgrade package, get 300 Experience Cards, 100 Crazy Point Cards, 100 Mastery Cards, 100 Sin Point Cards, and Heavenly Venerable upgrade package (only open when you reach the level of Heavenly Venerable)!]

[Deducting 1 billion Crazy Point, 50 million Sin Point, starting to upgrade data... ]

In an instant, a large chunk of his data was deducted! The data that he had earned with great difficulty was directly dug up. Although he could not use it for the time being, it was still excruciating to have a large chunk of it dug up.

Ding is starting to upgrade body data...

When the system notification popped up, he suddenly felt the energy in his body start to change. Especially the energy in his body seemed to be rapidly evolving. And his body, he thought that his body had become highly compatible! He felt that he could absorb any energy.

Previously, he could absorb other energy, but it was not as smooth as now. It was as if he had turned into an omnipotent body!

[Ding... successful upgrade of body ability, become Heavenly Dao Divine Body, can absorb all the energy into your use, regardless of any attribute or energy! At the same time, you can turn it into anybody, making yourself more compatible with martial arts and energy!]

[Ding, beginning to upgrade experience data... ]

[Ding, successfully upgrade data, experience data is compressed, 1 Experience Point is equivalent to 1 billion points. At the same time, the experience can be given to anyone, turning into energy to help them upgrade. (Bestowal Great Technique, please use it according to the other party's situation so as not to cause the other party to explode)! Crazy and crime values are also compressed and can not be converted to others but can be converted to each other.]

[Ding, beginning to upgrade the data of the store... ]

[Successfully upgrade the store's data to increase the store's function. If the item is sold once, the same thing will appear in the store to buy!]

[Ding, beginning to upgrade favorability data... ]

[Ding successfully upgraded favorability data, accurately separating male and female data, whether it is favorability or loyalty, can see the detailed data.]

[Ding, upgrade complete. ]

Yi Tianyun faced this pile of data and was immediately shocked. He thought he would give the data package, but now he found that not only did he provide the experience card, but his data and the whole face were upgraded again, just like when he first came here, everything changed.

For example, when the body is transformed into the Heavenly Dao Divine Body, it can contain all the energy and transform into each other. It was simply a heaven-defying constitution.

It meant that there would be no conflict when he absorbed other energies.

Moreover, the experience data was simply heaven-defying. He could train his little brother well. He could send the experience over. If he smashed it, wouldn't his level rise crazily?

He had gained so much experience, but his cultivation level was low. He didn't need so much knowledge. If he smashed it, he could immediately rise dozens of levels! Especially his pets, which were easier to upgrade.

When he returns, he can also help Shi Xueyun and others improve their cultivation and strengthen themselves!

Regarding the junior brothers' training, this is simply a divine help! Moreover, they can also convert energy to each other, which makes him very shocked.

This means that proficiency can be converted into Crazy Points or Sin Points. Everything is opened up. This way, where it is lacking, it can transfer extra, which is a highly humane effect.

Finally, the favorability effect can be upgraded; he thinks this is quite suitable.

When he turned his head to look at Senior Sister Huo Lian, the detailed data came out: [Love: 50 points, Favorability: 100 points, Loyalty: 50 points (100 points to complete, 50 points to pass)]

He then looked at Senior Brother Yu Long, [Favorability: 100 points, Loyalty: 50 points.]

This time, he lost his love. If a man like him, it would be a ghost. However, this loyalty of 50 points meant that he was still trustworthy.

If he reached 100 loyalty points, he would need to deepen the situation. However, this loyalty meant that he would still betray him. However, he would stab him in the back if he were better than those who were at least 20 or 20 points.

These data used to be favorable impressions, even if it was barely enough, but now it is completely divided in detail; providing data at this time means that he will be able to see many things in the future.

Although the previous favorability is high, it doesn't mean they will not betray; loyalty is the only one, and there will be no change in a high state.

Under the mark of loyalty, as long as it reaches 100 loyalty points, it will not drop directly! Unless Yi Tianyun does something that makes them sick, such as stealing their wife or something like that, they will not fall.

This is an auxiliary, unimportant item, but it is always better than nothing. The most helpful thing is still the first three o'clock, such as the mall mode, which makes his eyes light up.

Sell the things he needs to repurchase them; this sounds amazing.

Long ago, he had been looking for Soul Accumulating Grass everywhere. Now, he was no longer worried about it. As long as he found one, he could sell it in the store. Then, he would be able to buy it crazily.

It was expensive, but he didn't need to look around for it.

"This upgrade is too amazing. One billion Crazy Points, worth!" Yi Tianyun nodded, which made him look even more forward to the Heavenly Venerable upgrade package.
