### Chapter 1151

Elder Dong Yun had some expectations for Yi Tianyun, but whether or not he could respond to his expectations that was another matter. At least he knew that the abilities of Heaven Monarch Huo Lian and Heaven Monarch Yu Long could not be refined into high-quality pills.

Compared to Heaven Monarch Shu Bo, he is a lot worse, and I am afraid that he will not be able to catch up.

In particular, in addition to Elder Xiao Tian, the other opponents also have good highlights. They can all refine High-Grade Medicine Pills. However, Elder Xiao Tian is the happiest. He feels that this stage is prepared for them. They can easily get High-Grade Medicine Pills!

“Heaven Monarch Shu Bo, it seems that we have won this stage.” Elder Xiao Tian was extremely gratified. Although this question was a bit strange, it was a good thing that some of them were able to refine High-Grade Medicinal Pills. It was simply a great advantage.

“Definitely. I don’t think anyone can be more skilled in alchemy than me in this round.” Heaven Monarch was extremely proud. He felt that the current champion already belonged to him.

Among so many participants, the highest level of medicinal pills that he refined would be able to continue up later. At that time, he would be able to lead the others even more.

They still looked at Yi Tianyun. Before, Yi Tianyun was in the lead, but now? Yi Tianyun stood there motionless as if he were a fool.

“Elder Dong Yun, what’s wrong with your disciple? Isn’t he knowledgeable? No, being knowledgeable doesn’t mean he has more ability.” Elder Xiao Tian laughed and felt that Heaven Monarch’s ability was stronger.

Elder Dong Yun didn’t say anything, and he couldn’t refute this point.

“Damn it! This Elder Xiao Tian is really arrogant. If we were to compete in blacksmithing, I definitely wouldn’t lose!” Heaven Monarch Huo Lian clenched his teeth. He felt that the questions given by Territory Lord Liu Li were too abnormal and unfair.

“That’s right. If we were to compete in blacksmithing, we would definitely beat them until their teeth are all over the ground!” Heaven Monarch Yu Long clenched his teeth. He was also very displeased.

Many of the contestants were dissatisfied with Territory Lord Liu Li, but they didn't dare to curse. If anyone dared to curse, they wouldn't just be imprisoned in the Reflection Tower but killed.

How could a mere Territory Lord Liu Li not die? Moreover, it wasn't just a simple death but an extreme punishment!

Just as the two of them were feeling displeased, a flash of fire suddenly shot up into the sky!

"Boom!"

A pillar of fire rose into the sky, followed by a fire lotus floating gently on the side. Surrounding this furnace, it seemed that some kind of treasure had appeared.

Suddenly, everyone's eyes gathered on it, and they found that the one who came out of the fire was not someone else but Yi Tianyun.

Such a shocking pillar of fire shocked many people, especially the disciples of Pill Refining Palace. After seeing it, they were stunned.

"This is the level of medicine in God Territory. It seems to be at least a 2nd Grade Medicinal Pill of God Territory."

"Am I seeing a ghost? A disciple of Divine Construct Palace refined a 2nd Grade Medicinal Pill of God Territory?"

"Quick, pinch me... It hurts! Damn, it really is a 2nd Grade Medicinal Pill of God Territory. It looks like he is very skilled. He is a Divine Pill Master!"

The disciples of the Pill Refining Palace all wondered if they were seeing things. It could be said that Yi Tianyun's level was even higher than theirs! The 2nd Grade Medicinal Pill Master Ah Zi in the Pill Refining Palace was not very strong. At least it was considered middle-level among the new people.

The problem is that Yi Tianyun is a disciple of Divine Construct Palace, not a disciple of Pill Refining Palace. Both are not on the same level.

Now that Yi Tianyun is able to refine such a powerful pill, many spectators and elders doubt whether Yi Tianyun is an alchemist or not.

However, combined with Yi Tianyun's previous level of refinement, they think that he is a very good Divine Forging Master.

Now that both of them are very strong, it means that they can cultivate two abilities and crush all the people present!

“This, this is the aura of a 2nd Grade Medicinal Pill of God Territory...” Elder Dong Yun gasped. He had been looking forward to Yi Tianyun giving a miracle.

Now it's really a miracle, a 2nd-grade Medicinal Pill of God Territory, shocking everyone!

A 2nd Grade Medicinal Pill of God Territory is not rare, but it is rare to know this much. It is simply a heaven-defying ability.

“Bang, bang, bang...”

At this time, some participants failed to refine pills and exploded in the furnace. They were shocked by the pills Yi Tianyun refined. This scene is too shocking.

This is really like a bolt of dust. Even the stronger Heaven Monarch Shu Bo was thrown several streets away by him.

“This, this is impossible, he, how is he still a Refining Master!” Elder Xiao Tian felt that he was going crazy, and felt like he was going crazy.

Heaven Monarch Shu Bo was shocked; Yi Tianyun completely shattered his previous arrogance and confidence, and he did not even leave a trace.

“Interesting. This kid is also a Refining Master, and it is a bit beyond my expectations. Not just a Blacksmith Master but also a Refining Master. I suspect that he is a reincarnated cultivator.”

“He should not be a reincarnated cultivator; otherwise, he would not have stayed in the Mortal Territory.” Elder Gou Huang shook his head and denied it.

After being born, there would immediately be people who would go over to receive them and nurture them with the most abundant resources in order to awaken their memories in the shortest amount of time!

Therefore, those who could reincarnate and cultivate again usually had a certain identity and background.

“I feel that there is indeed no aura of reincarnation. But if this is the case, to be able to teach such a powerful disciple, I wonder what kind of master he is?” Territory Lord Liu Li smiled faintly. “Looks like the competition this time is indeed a bit interesting. It's even more interesting than before. I really came up with these questions by chance and managed to dig out some geniuses.”

“That, that is” Elder Gou Huang's face twitched. He suspected that these questions were related to Territory Lord Liu Li.

He was too embarrassed to ask.

Yi Tianyun ignored the gazes around him. He quickly condensed the pills in the furnace and promptly pulled them out. A round pill fell from the sky and landed on his palm.

"I have refined it. It's a 2nd Grade Medicinal Pill of God Territory." Yi Tianyun stretched out his hand, and an amazing second-rank pill appeared in front of everyone.

There is no need to refine too many pills. 2nd Grade Medicinal Pill is enough to make everyone proud.

Elder Wu Yuan and others came back to their senses, with sad expressions, turned to look at Elder Dong Yun and others, and said angrily, "Look, what a good pill-refining genius, he was delayed by refining! Such a technique, so smooth, if it is specially made to refine pills, it is estimated that he is already a 3rd Grade Refining Master or 4th Grade Refining Master!"

## Chapter 1152

Yi Tianyun's performance greatly surprised them, especially Elder Wu Yuan. He felt that Yi Tianyun was really delayed. Now that both professions can reach such a high level, what if he concentrates on cultivating one?

Maybe he can reach a higher level, but now he is a disciple of Divine Construct Palace, and it is a pity for him to raise it.

"Delay my ass; I even said that refining is delayed!" After Elder Dong Yun responded, he laughed and scolded.

There was no dissatisfaction on his face, but he was so happy that he went crazy. He didn't expect Yi Tianyun to be a Refining Pill Master, which was beyond his expectations.

"Damn, boy, you join my Refining Pill Palace, I promise to train you!" Elder Wu Yuan came to Yi Tianyun in two or three steps and wanted to poach people in front of so many people.

"Elder Wu Yuan, you are really shameless, digging people in front of me!" Elder Dong Yun also came over and glared at him.

“So what if I am the one who dug you out? Staying in the Divine Construct Palace is a waste!” Elder Wu Yuan was so thick-skinned that he thought Yi Tianyun was good, and he immediately wanted to poach him.

“I think if I really join the Pill Refining Palace, it will be a real waste!” Elder Dong Yun retorted again.

Under the watchful eyes of the crowd, the two of them continued to quarrel like children. The others looked at each other, especially those contestants, who were simply like air, left to the side.

However, this is not surprising. Yi Tianyun’s performance is far beyond that of the other participants. The other participants are, at most, in the 7th Grade of the God Territory. Compared to the first and 2nd Grades of the God Territory, they are simply one level.

They will naturally be ignored. Elder Wu Yuan does not even look at them. Unless they show the same level as Yi Tianyun or higher, they are too lazy to care.

Now, the situation is awkward; the main character of the audience has become Yi Tianyun, and the others have been reduced to a foil; they can’t even touch the points.

“Cough cough, two elders, please don’t quarrel. Now it’s time to start the evaluation, if it’s based on the evaluation of the Divine Construct Palace.” Elder Gou Huang stood up and persuaded them not to quarrel; so many people watching was really embarrassing.

“Humph!”

The two of them didn’t continue arguing. Elder Wu Yuan came to Yi Tianyun and didn’t even look at the pill. He said, “Full marks, twenty points!”

He didn’t even take the pill to check but directly gave twenty points, which was shocking.

“Elder Wu Yuan, you gave twenty points?” Elder Xiao Tian asked in surprise.

“Then how many points do you think Elder Xiao Tian will give?” Elder Wu Yuan glanced around and said calmly, “Territory Lord Liu Li,” Elder Wu Yuan said calmly, “give him a full score of twenty points. Right now, his results are very outstanding. He is even more outstanding than our Refining Pill Palace disciples. If he doesn’t get full marks, what kind of score will he get?”

“I didn’t expect the disciples of the Divine Construct Palace to be able to refine such a good pill. He directly refined a disciple of our Refining Pill Palace, which is difficult to compare with. How can he not get full marks?”

Elder Wu Yuan's explanation was clear and logical. He didn't give the points randomly. It was completely reasonable. Even the disciples of the Refining Pill Palace had been defeated. If he didn't give full marks, what would he give full marks for?

If it was according to the standards of the Refining Pill Palace, there was naturally no way to get full marks. But now, it was determined by the standards of the Divine Construct Palace. It was definitely different.

"Alright..." Elder Xiao Tian could only agree. With that, he would obtain full marks and instantly pull a large distance away.

Right now, he could only hope that Heaven Monarch Shu Bo would be able to obtain a High-Grade Medicinal Pill so that he could close the distance between the two of them.

"Sigh. Elder Xiao Tian, this disciple of mine, is just too knowledgeable. Not only is he knowledgeable, but he also has a lot of abilities. I'm really sorry. Elder Dong Yun flashed over and could not help but mock him."

Elder Xiao Tian's expression turned ugly. He had really come out to mingle. He had to repay this debt. He had originally thought that he would be able to suppress Elder Dong Yun in this match. Who would have thought that he would be easily surpassed?

"Hmph, the 3rd Grade is the true test!" Elder Xiao Tian waved his hand and was too lazy to argue with Elder Dong Yun.

Elder Dong Yun smiled. This fellow was truly stubborn. He was unwilling to admit defeat no matter what.

Very quickly, every one of them successfully refined a medicinal pill. Their levels varied greatly. They would not be like the first stage. Although there was a difference, at least it would not be that huge.

After all, some only liked refining weapons. They did not like refining pills at all. They basically had zero foundations. With this kind of zero foundation, how could they possibly obtain good results? Refining a 3rd or 4th Grade of Mortal Territory was already very good.

Time passed in the blink of an eye. Very quickly, it was time for the final evaluation. Heaven Monarch Shu Bo had risked his life to refine it. However, no matter what, he could only refine an 8th-grade Medicinal Pill of Mortal Territory. He could not continue to advance.

This was not something that could be refined just because one wanted to. He needed a deeper foundation to refine it. Thus, his final result was only at the 8th-grade Medicinal Pill of Mortal Territory.

The rest of the highest level is similar to him; both are at the 8th Grade Medicinal Pill of Mortal Territory; the lowest level of other pills is still at the 3rd or 4th Grade; for these beginners, it is still a very good result.

However, compared to the pills refined by Yi Tianyun, it is simply no different from garbage.

In terms of score, the two are equally different; the lowest score is three and four points, and the highest score is around eleven and twelve points, except for Yi Tianyun's twenty points.

In this level, Yi Tianyun was directly pulled away from second place by eight points, which is equivalent to two times the first level. This makes the faces of many participants more and more ugly; these questions are simply cheating people; the level of refining is completely unable to be displayed, so how can it be played?

After the second stage, all of them were standing in the camp, and their faces were full of displeasure.

Yi Tianyun was very proud of himself. Elder Dong Yun couldn't help but smile. Heaven Monarch Huo Lian and the others praised him even more. They didn't expect Yi Tianyun to have such amazing refining skills.

"Little brother, your refining skills are so strong. No wonder you didn't want to see the pill recipe before." Heaven Monarch Huo Lian looked at him and smiled, "Since you know how to refine pills, you can't decline my request!"

"That's right. This will save me the trouble of finding a disciple from the Refining Pill Palace to refine pills. This will save me a lot of money!" Heaven Monarch Huo Lian Yu Long and the others all gathered around, feeling as if they had encountered a treasure.

"Cough cough, there is no need to say this for now. Earth Monarch Tianyun, how did you cultivate to be able to refine pills to such a high level?" Elder Dong Yun asked.

"Well... I feel a little interested, and then I cultivated for a while, and it became like this." Yi Tianyun helplessly spread his hands; this is not nonsense; it is indeed interesting...

Everyone was suddenly speechless. Was this legendary super genius?

## Chapter 1153

Although they didn't say it out loud, it was clear from their expressions that they were extremely dissatisfied.

Territory Lord Liu Li smiled faintly. It was as if this situation had already been within her expectations. Anyone would be dissatisfied with this.

It was clearly a competition for the Divine Construct Palace. How could someone suddenly have the ability to refine pills? This was puzzling. No one knew what she was thinking. Why would she choose such an assessment?

"I know everyone is very dissatisfied. Why would the Divine Construct Palace compete with the Pill Refining Palace?" She glanced at everyone and smiled. "I just want to see how capable you are on this side. Sometimes, diversification is very important. If you cultivate carefully, you will find that there are many similarities between the two. It will be easier for you to cultivate."

"Some people will feel that if they are focused on their abilities, it will appear that both sides are not pleasing and that they are mediocre. After all, it is too comprehensive, meaning that they are mediocre!"

"This is undeniable, but some people can have more energy to cultivate both. Especially when the two are similar. As long as they have shocking flames, it will be much easier to refine them."

"I'm just trying to see how many disciples there are in the Divine Construct Palace that can cultivate both. Following that, we will increase our cultivation! If someone isn't interested and only wants to focus on one sect, it would be worthy of praise."

"I just want to select some disciples who are focused on cultivation. This way, it will be of great help in the future. One day, we will be able to become one with the two. There is no need to worry that we will be able to refine our pills to recover without a refiner by our side. You can't stay here all the time. If you go out to train, you will definitely encounter a scene on this side."

It was only after Territory Lord Liu Li explained a lot that everyone came to a sudden realization that she wanted to focus on nurturing the talents on this side so that they could grasp a certain level of pill-refining ability.

To put it bluntly, in a large-scale battle, a Divine Forging Master was trash. Weapons were important, but what if they were finished?

If he went out to train, he would be surrounded by spirit medicines. Coincidentally, his injuries were severe, but he couldn't refine pills. After all, refining weapons couldn't restore his body. Life was the most important thing.

Territory Lord Liu Li wanted to increase their survival ability. It was important to be able to create shocking weapons, but when forced into a desperate situation, having more pill-refining abilities was a good choice.

After everyone learned of this, their dissatisfaction gradually disappeared. It turned out that this was a disguised search for a disciple who could cultivate at the same time. There were many similarities between the two, so it wasn't a problem to cultivate at the same time.

Everyone's eyes lit up. This meant that there was also value in cultivating.

"So that's what you mean, Y Territory Lord Liu Li." Elder Gou Huang finally understood the situation and smiled. "This is a good method. I'm very much in favor of raising more disciples and knowing a bit more!"

The other elders echoed in agreement. It was clear that Territory Lord Liu Li's lord had spoken rather suddenly, and not even they had discussed it.

Yi Tianyun narrowed his eyes. In his opinion, the significance is not quite the same. Territory Lord Liu Li likely knows about the God Territory War. They need to raise the disciples on this side. If it spreads to this side, the Divine Forging Master can refine pills and weapons. It is quite perfect.

As for whether the refiner will also practice refining weapons, there is no need for this. The main focus is to refine pills. After all, refining pills is important enough. What is more important than medicinal pills?

Not only can it heal injuries, but it can also enhance cultivation.

The position of the Divine Creator Master is very high, but sometimes it is very awkward. Fighting requires weapons, but after all is forged, it is very awkward.

The real practical type is still the Pill Refining Master. It's enough to focus on refining pills.

"When the competition is over, if you are interested, you can report to Elder Wu Yuan and increase the cultivation on this side." Territory Lord Liu Li said, "Of course, the scores for the second round will be voided. It'll just make you feel more nervous."

Everyone was speechless. They didn't expect that all their efforts would go to waste, especially Yi Tianyun's twenty points.

After Elder Xiao Tian heard this, he was happy in his heart. He looked at Elder Dong Yun and smiled, "What a waste of time. So what if he is first? The score is still invalid."

Elder Dong Yun began to be unhappy. In the end, he was happy for nothing.

Just as they thought they were busy for nothing, Territory Lord Liu Li looked at Yi Tianyun and smiled. "Although the points are not counted, you can still get a reward for the first place Earth Monarch Tianyun."

Immediately, Territory Lord Liu Li stretched out her hand, and a cauldron slowly floated down from the sky and landed in her hand.

After Yi Tianyun took it, he was surprised to find that it was a Low-Grade Heavenly Dao Level Alchemy Furnace. It was definitely a very good treasure!

"Thank you, Territory Lord Liu Li!" After Yi Tianyun received it, he quickly thanked her.

He thought that his efforts were in vain, but he didn't expect that Territory Lord Liu Li also gave this furnace to him, which made many Pill Refining Masters jealous. Elder Xiao Tian, who previously laughed at Yi Tianyun for being busy, was slapped again.

Although the score is not good, this alchemy furnace is definitely not bad, and it can even be said to be good.

"This is the alchemy furnace I used before. It is called Jade Flow Alchemy Furnace, and its grade is not bad. This will be your compensation. The other participants will also receive compensation. When the time comes, Elder Wu Yuan will naturally tell you." The fact that Territory Lord Liu Li did not reward them made them very disappointed.

When the time comes to find Elder Wu Yuan for compensation, it is just to pick some good alchemy furnaces or good pill recipes. As for Yi Tianyun, getting a Low-Grade Heavenly Dao Level Alchemy Furnace is completely different.

Elders cannot make this low-grade Heavenly Dao Level Alchemy Furnace, even ordinary Divine Construct Palace, possible. Only the elders with good standards can make it, and the success rate is very low.

This type of treasure has always been extremely difficult to forge and is not so easy to grasp.

Of course, Yi Tianyun knows that this is a good thing, and it is also a very good thing, and it is very helpful for him to refine pills. Others are even more jealous. The more he refines these things, the better the effect.

For example, although the alchemy furnace given by Territory Lord Liu Li is only Low-Grade Heavenly Dao Level Alchemy Furnace because it has been used for a long time, the effect is even comparable to Middle-Grade Heavenly Dao Level Treasure!

The most important thing is to get Territory Lord Liu Li's appreciation; this is what they are jealous of, and now it is taken by Yi Tianyun, making them vomit blood.

## Chapter 1154

After Yi Tianyun received the reward, the participants and elders who originally thought that he was wasting his energy all shut their mouths.

“The second stage is over, so prepare to start the third stage.” Territory Lord Liu Li didn’t stop and was ready to announce the contents of the third stage.

When everyone heard this, their hearts jumped. They felt very nervous and worried that Territory Lord Liu Li would ask another abnormal question to let them carve the Divine Imprint.

There was no connection between the two of them at all. After all, the flames of pill refinement worked together. What was the point of carving a divine seal?

If there really were a connection, it would be spiritual energy.

Territory Lord Liu Li smiled at them. “There’s no need to be so nervous. This time, there won’t be any more questions. Instead, it will be a formal topic. This is the time to show your highest level. The lowest is zero points and not the highest score. However, there will be a stage score. The elders will have a score. As long as you are strong enough, you will be able to get higher scores!”

Everyone’s eyes lit up. There was no upper limit test. This was indeed what they needed. If they forged the highest level weapons, they would be able to obtain higher scores.

As for how to score, it would depend on what the eight elders said.

“Let me explain this.” The ones who stood out were not Elder Dong Yun and Elder Xiao Tian but rather low-key Elder Liang Zhi. Although his level was not the highest, his temper was not as bad as theirs.

“The score is very simple. The Rebirth Level calculates the lowest. It is not counted as a score lower than the Rebirth Level. The highest score is for refining treasures, the medium is for refining weapons, and the lowest is for refining defense equipment. The score is five points, three points, and two points. Moving up a level, the score will double. As for the other details, there will also be additional points. This has to be refined before it can be assessed.”

The rules were very simple. If one refined a Middle-Grade Rebirth Level treasure, then it would be worth ten points. If it were a High-Grade treasure, then it would be twenty points. This was built on the previous level to double it, not with the initial double.

The difficulty of refining treasures was the highest. The further one went, the higher the difficulty. Therefore, the score was often higher. As for what the treasure was, it was naturally an alchemy furnace, a shen glyph pen, or some kind of shield-type treasure. These were all practical treasures.

As for fighting-type treasures, the score would naturally be lower. These requirements would not be so harsh, so the difficulty of refining would be much lower.

Everyone nodded. They already had some thoughts in their minds.

“This is an opportunity. You have to perform a bit better and let Territory Lord Liu Li see your astonishing abilities!” Elder Xiao Tian sent a voice transmission to Heaven Monarch Shu Bo, indicating that he was determined to fight.

“Disciple understands!” Heaven Monarch Shu Bo’s eyes were full of fire. Looking at Yi Tianyun, his heart was full of fighting spirit. He felt that he would not lose this time.

This free performance is not as strong as the previous restriction, so as long as the refining level is extremely high, then the score can be higher.

The same is true for Heaven Monarch Huo Lian. It is time to test their Divine Forging Master level, to test where their real limit is.

It can be said that they are aiming for the High-Grade Rebirth Level treasure. This is the limit of most people. As for the Low-Grade Rebirth Level, it is too difficult. It can be said that it is a heaven-defying level. The score is definitely not as simple as double.

Elder Liang Zhi said that this was the standard of the Rebirth Level. The Heavenly Dao Level was not told because, in their opinion, the disciples present could not refine a Heavenly Dao Level weapon.

Although there was no upper limit, there was a limit to the ability. If someone really refined a Heavenly Dao Level Weapon, then they would talk about other things.

“Junior, mother, you are at a disadvantage this time. It is already very good to be able to refine a Middle-Grade Rebirth treasure steadily.”

“Yes, the previous test was not a specialized attack. Now, it was a specialized attack. If the grade was too low, there was no way to rush up.”

Heaven Monarch Huo Lian and the others shook their heads. They all knew that Yi Tianyun's level was very good, but the grade was too low, so the level he could refine was naturally lower.

If Yi Tianyun had more time, he would definitely be able to surpass them easily, but now Yi Tianyun is still young, and he still needs to go through a lot of tests.

Yi Tianyun just smiled casually and did not say anything. Indeed, in their opinion, he is only at the level of a 1st-grade Divine Forging Master at most, but in fact, he can still level up! As long as he hopes, there will be no problem for him to reach the 3rd Grade Divine Forging Master next time.

Because of the upgrade data, the Sin Points and proficiency points are shared, and even the Crazy Points can be used with each other so that he can smash and level up. It will only consume a lot of Sin Points and proficiency points, but if he really can't rush up, he can only do this.

After all, he was determined to go to the Water Core Area to cultivate. Otherwise, it would be impossible for him to break through to the Ten Refinements Earth Monarch. That was the Eternal First Earth Monarch in all of history. Who could compare to this kind of honor?

"The competition will last for a month. There is enough time for you to forge the most proud weapons. I hope that you can obtain the best results in this test!" Elder Liang Zhi announced. After Elder Liang Zhi announced the start of the competition, the competition officially began.

The materials were still picked from the side. The elders prepared a lot of materials, even the materials to refine the Heavenly Dao Level. This was not a problem. Originally, Divine Construct Palace specialized in this one, so there were naturally many materials.

After the beginning, one by one, Yi Tianyun quickly went to get the materials. The materials he first got were directly the materials to forge High-Grade Rebirth Level treasures.

The difficulty of forging the Heavenly Dao Level is a bit high. It is very good to be able to forge High-Grade Rebirth Level treasures steadily. Anyway, he is slightly ahead of the first level. If he can reach the top of this level, then he can get the top three.

His actions will naturally attract everyone's attention. After all, he is too conspicuous in the first two levels, too high-profile, and will naturally pay attention to his actions.

When the elders saw that he was refining High-Grade Rebirth Level materials, they all frowned. Could it be that Yi Tianyun's level has reached 2nd and 3rd level?

However, according to his cultivation level, he should not be able to break through to second and 3rd so quickly. It is already very good to be able to be a 1st-grade Divine Forging Master. Especially since he has amazing refining skills. If the Divine Forging Master can be at the second and third levels, wouldn't it be heaven-defying?

“Upgrade Divine Forging Master!”

Yi Tianyun narrowed his eyes and gave the order.

## Chapter 1155

[Ding successfully deducted 6,000,000 proficiency points. Due to insufficient proficiency points, the corresponding value will be deducted from the Sin Points.]

[Ding successfully upgraded to 2nd Grade Divine Forging Master, obtaining a brand new forging recipe and ability (increasing the success rate of forging)!]

[Upgrade again!]

[Ding successfully deducted 500 million Mastery. Due to insufficient Mastery, the corresponding value will be deducted from the Sin Points and Crazy Value Points and converted to proficiency points.]

[Ding successfully upgraded to the third level of Divine Forging Master, and obtained a brand new forging recipe and ability!]

In one breath, he went from the 1st Grade Divine Forging Master to the 3rd Grade Divine Forging Master and immediately caught up with the genius disciples like Heaven Monarch Huo Lian, which could be said to be equal in rank.

In the state of being equal, refining High-Grade Rebirth Level treasure is not very difficult, and he has a lot of things to support him. The success rate is much higher than theirs.

After successfully upgrading, Yi Tianyun began to refine without panic. He did not display Sacred Fire but displayed Demon Fire to refine.

Burning Heaven Sacred Fire can greatly increase the success rate, but he will not reveal it for the time being unless he has no other choice. He still intends to keep this trump card. If he can not reveal it, then he will not reveal it.

Moreover, the two great Demon Fire are enough for him to refine this High Grade Rebirth Level treasure, he does not need Burning Heaven Sacred Fire to appear.

Immediately Yi Tianyun quickly began to refine, piles of materials directly threw into the fire furnace, it can be said to be an extremely violent refining method.

Yi Tianyun ignored their gazes and quickly began to refine. The strong flame continuously melted the materials and began to refine them. His technique is stunning. This level is already the ability of a 3rd Grade Divine Forging Master, not the ability of a 1st Grade Divine Forging Master.

With so many elders watching, and some disciples who understand the situation, Yi Tianyun's technique is quite skilled, who said that he is only a 1st Grade Divine Forging Master?

"My god, isn't he a 3rd Grade Divine Forging Master? Even if he is a 2nd Grade Divine Alchemist, how can he even reach 3rd Grade Divine Forging Master?"

All the elders were going crazy. If the two could cultivate to this level, how much effort would it take to reach this level?

"I was delayed by alchemy! If I didn't refine pills, I would have already reached 4th Grade Divine Forging Master!" Elder Dong Yun was heartbroken, feeling as if he was biting back at Elder Wu Yuan.

Elder Wu Yuan was not looking too good, he also did not expect Yi Tianyun to be so amazing in terms of Divine Forging Master.

In this way, it would be difficult to dig out the Divine Construct Palace, which was not good news for him.

"This junior brother is really good at hiding, he did not use his full strength before." Heaven Monarch Huo Lian and the others shook their heads. They thought that Yi Tianyun was only at the 1st Grade Divine Forging Master, but now it seems that they are all wrong.

"Yes, but we will not admit defeat. Even if we are in the same camp, we will have to compete!" Heaven Monarch Yu Long laughed, and the flame in his hand rose, increasing the flame to refine the materials.

Although they are in the same camp, they will not go easy on each other. They all show their strongest strength, honestly. In the end, the winner will depend on the individual's ability, not their own teammates who go easy on them.

This was a test for everyone, so there was no point in showing any mercy.

Not just the two of them, but the others all displayed their highest level. In order to get into the top three, they put in a lot of effort and used all their strength.

“Boom!”

Along with an explosion, everyone looked over and found that Heaven Monarch Shu Bo had exploded. When everyone thought that Heaven Monarch Shu Bo had failed, they looked closely and found that Heaven Monarch Shu Bo had not failed. Instead, the materials in the fire furnace continued to explode.

Every time it exploded, a pile of impurities would be refined. Such a method was extremely terrifying. It was simply a completely new method of tempering. It was very rare to see such a situation.

“This is an explosion stream! It is a relatively rare sect. If I weren't careful, even the furnace would be blown up.”

“Now that you mention it, I really remember. This explosion stream is extremely terrifying. It can maximize the effects of the materials. It seems that he didn't simply refine it. Instead, he wants to break through to a higher level.”

“Break through to a higher realm? Don't tell me that he wants to refine other Heavenly Dao weapons?”

They were all stunned. Could a 3rd Grade Divine Forging Master refine something else at the Heavenly Dao level? That was simply impossible. The success rate was too low. It was basically negligible. Generally, there was only one possibility of failure in doing so.

“You want to refine another weapon at the Heavenly Dao level?” Elder Dong Yun and the others frowned. “It is not a good thing to refine something at a higher level.”

Elder Xiao Tian sneered, “Who said that Heaven Monarch Shu Bo is only a 3rd Grade Divine Forging Master? You are all too naive. He has just broken through recently!”

“What? 4th Grade Divine Forging Master?” The elders were shocked. To reach a 4th Grade Divine Forging Master at such a level, wasn't this a little too fast?

Following closely behind Heaven Monarch Shu Bo, he indeed displayed his abilities. The standard of a 4th Grade Divine Forging Master was immediately displayed.

Whether it was fire control or skill, none of them could be shown by a 3rd Grade Divine Forging Master.

The grade is not as straightforward as the cultivation level, most of it depends on the technique, and the one who can refine the Heavenly Dao level must be a 4th Grade Divine Forging Master.

Heaven Monarch Shu Bo was proud. This was what he was most proud of. He couldn't use this ability in the previous two stages. Now, he can finally show his strength and make everyone look at him in a new light.

He also looked at Yi Tianyun with a bit of provocation in his eyes, as if he was saying that he won the first and second stages, and finally, the third stage was the key.

Yi Tianyun was expressionless. He was too lazy to care about this guy. He didn't ask him to get first place. He just wanted to get the top three. In any case, he could request if he got the top three. Then, there was no need to get first place.

He observed his surroundings. Most of them were Middle Grade Rebirth Level Weapon, while some were High Grade Rebirth Level Weapon. He only needed to refine the High Grade Rebirth Level Weapon. With a bit of special materials, he would be able to get into the top three.

When he wanted to choose a low level, he heard a clear voice.

[Ding successfully accepted the special mission, which 'takes first place in the Divine Construct Palace'. After completing the reward, you will be rewarded with a Blacksmithing God Stone, 100 million Crazy Value Points, 10 million Mastery Points. At the same time, you will be able to obtain the title of the strongest Divine Construct Palace's Newcomer King!]

When a lot of information came out, Yi Tianyun was stunned. Wasn't this forcing him to take first place?

Chapter 1156

"It seems that I can't keep a low profile anymore..." Yi Tianyun shook his head and thought he could enter the top three in peace. He doesn't need to take first place.

Now, it seems that he can only take first place. There are so many good things in front of him; if he doesn't get first place, it will be a waste.

Although it is not a must task, these rare things and titles are excellent; how can he give up?

He glanced briefly at it and knew he could not give up. For example, the Blacksmithing God Stone had a fantastic effect.

Blacksmithing God Stone: This can significantly increase Blacksmithing's Success Rate and turn the effect over five times!

As expected of a Blacksmithing God Stone. This effect was tempting. It could directly increase the material of forging by five times. He remembered the World Divine Rune and the previous Divine Rune. They could also be doubled, but the effect was horrible in the God Territory.

This was similar to the material of the Mortal Territory. In the God Territory, it became highly ordinary. The previous Divine Rune naturally would not be used now. Therefore, he had never engraved the Divine Rune on his weapon. Even if he was a God Rune Master, he had not engraved them.

It can only be said that if the effect is too ordinary, it is better to change a weapon.

"It seems that I can only take first place. I have to say that the Divine Construct Palace is full of crouching tigers and hidden dragons. It even has a 4th Grade, Divine Forging Master." Yi Tianyun shook his head. He thought that the highest was a 3rd Grade Divine Forging Master, but who knew that there would be a strong one?

No wonder Elder Xiao Tian is so confident. How can he not be convinced to have such a fantastic disciple? As for the disciples under the other elders, their ranks are not low, but they are still far away from a 4th-grade Divine Forging Master.

Heaven Monarch Huo Lian and the others only glanced at it before continuing to refine it like crazy. They were only slightly surprised before they calmed down and continued refining. After all, there were three spots. Heaven Monarch Shu Bo occupied one. There were still two spots. They just needed to charge into those two spots.

When the Territory Lord Liu Li saw Heaven Monarch Shu Bo's condition, she nodded in satisfaction. "There's also a 4th Grade Divine Forging Master. The disciples closest to the Divine Construct Palace seem very skilled."

"That's right, that's right. Elder Xiao Tian's ability to nurture disciples is still something to be sure of." Elder Gou Huang was also pleased to see a good genius disciple appear. As a Great Elder, he would be happy. "It seems that he might be the one who won first place in the third stage. It can even be said that the champion seat should be him."

"I don't think so. Earth Monarch Tianyun feels that he hasn't used his full strength. He should be able to charge forward." Territory Lord Liu Li looked at Yi Tianyun.

"It can't be. With his cultivation, it is already amazing that he can become a 3rd-grade Divine Forging Master. How can he reach the 4th Grade?" Elder Gou Huang didn't quite believe it. After all, breaking through to the fourth rank wasn't easy. There was a massive gap between the two.

"I'm not sure about that. To complete the Heavenly Venerable Road and climb to the Nine Refinements Earth Monarch as a human, I can see infinite possibilities," Said Territory Lord Liu Li.

"Is that so?" Elder Gou Huang looked at Yi Tianyun and finally shook his head. If Yi Tianyun can still display the ability of a 4th-grade Divine Forging Master, it would be terrifying.

Yi Tianyun naturally has difficulty breaking through to a 4th-grade Divine Forging Master. That requires a billion experience points. If he can upgrade to a 4th-grade Divine Forging Master, he must pay a lot of money.

When he was ready to increase his strength to refine, a divine light came from the side and descended from the sky, covering the furnace of Heaven Monarch Shu Bo. Seeing this holy light meant that the weapon he refined was ready to receive the blessing of Heavenly Divine Light.

The most significant difference between the Heavenly Dao Level and the Rebirth Level is that it has the power of Heavenly Dao. However, how much Heavenly Divine Light can be pulled down depends on his ability.

If too much of it was pulled down, it would quickly fail. It would lead to a terrifying Heavenly Tribulation. If too little were dragged down, it would cause too little Heavenly Dao Divine Light. As a result, if it did not reach the standard, it would naturally be impossible to reach another level of Heavenly Dao.

"Get down!"

Heaven Monarch Shu Bo's fingers moved continuously. The light in his hands continuously flew upwards, dragging this Heavenly Dao Divine Light down one after another. It was like pulling a river, dragging this Heavenly Dao Divine Light down inch by inch.

After dragging it down, he slowly pulled the Heavenly Dao Divine Light into the furnace. Then, he slowly fused it into the armor, causing the armor within the stove to be covered in a faint layer of rainbow light.

Heaven Monarch Shu No had just stabilized his cultivation. Naturally, he was very cautious. He did not dare to refine a Heavenly Dao Grade treasure. He could only choose the type of armor. It could be said that he lowered the difficulty to the lowest. His success rate was the highest!

As long as he successfully refined it, he could look down on the masses. Although he did not have a score evaluation, he could look down on the masses. At the very least, his score was something that Rebirth Level could not surpass. Even if he refined a treasure, it would be useless. He would be easily crushed.

Heaven Monarch Shu Bo had a grave expression after dragging down quite a bit of the divine light. Even Elder Xiao Tian's expression was extremely grave. This was the most crucial step. If he failed the last step, then he would lose everything!

However, nothing unexpected happened. After controlling the suitable divine light, it was forcefully sealed up by Heaven Monarch Shu Bo. Following that, it released a dazzling rainbow light. It directly soared into the sky, indicating that a Heavenly Dao Grade item had descended.

"Come out!" Heaven Monarch Shu Bo waved his hand, and a piece of armor flew out from the furnace and landed in his hand.

This armor had a faint colored pattern, revealing its extraordinary qualities.

"Success!" Heaven Monarch Shu Bo was already sweaty as if he had just been fished from the water.

Although this was not his first success, the failure rate was extremely high. To be the first to win, he could only give it a try. Obviously, the heavens favored him this time, allowing him to succeed.

"Good!" Elder Xiao Tian laughed loudly. He turned to look at Elder Dong Yun and said, "Elder Dong Yun, what level can your disciple refine this time?"

His face was full of pride. He was already very confident. Heavenly Dao Level Blacksmithing was rarely seen in the past. Unless one was exceptionally skilled, it was complicated to succeed.

Just like that, Heaven Monarch Shu Bo succeeded. It could be considered a great success, even if it was just armor level. It was enough to be recorded in the annals of history.

"Just fight steadily; there is more than one quota." Elder Dong Yun felt hopeless; how could he not know the level of his disciple?

Yi Tianyun is in the 3rd Grade; it is complicated to reach the level of Heavenly Dao at this level, so he can only be disappointed.

They think so, but Yi Tianyun does not think so.

## Chapter 1157

Yi Tianyun is in the 3rd Grade. No one will think that he can create miracles. One miracle is enough for a miracle. It is impossible to make a second time!

Elder Xiao Tian looked at Yi Tianyun and then looked at Elder Dong Yun. He smiled proudly and said, “Come to think of it, his ability is at most in the 3rd Grade. It is impossible to surpass him. With your level, that is it.”

This time, he finally breathed a sigh of relief. Being able to secure the champion position was of great significance to them. Although the top three could get rewards, what was more dazzling than the first place?

No matter what, most of the elders, like Elder Dong Yun, had already lost the confidence to take first place. Who among their disciples could surpass the Heavenly Dao Grade Armor?

It could be said that no one could surpass it, especially if they wanted to succeed. It all depended on luck. For Heaven Monarch Shu Bo to succeed, luck plays a large part.

This type of person could barely reach the 4th Grade, Divine Forging Master. They could not be considered a proper 4th-grade Divine Forging Master. Since they successfully refined it, they could already be regarded as a 4th-grade Divine Forging Master.

Heaven Monarch Shu Bo’s success rate is usually twenty to thirty percent. However, he still succeeded. This was luck! Fortunately, he succeeded. If he failed, he would have to start over again. He wasted a lot of time, and his energy was considerable.

However, it was no longer critical whether it was due to luck or not. He would be the king of victory as long as he could succeed!

“Look, what is that human boy doing? It seems like he is constantly adding new materials?”

“It is. The materials that look more precious seem to be refining other Heavenly Dao Grade materials?”

“It can’t be. Didn’t he want to refine a Rebirth Level before? How did he raise it to the Heavenly Dao Level now? Isn’t this too exaggerated? Can it still be played like this?”

“I know a little about this. If there is room for improvement in the original refining, it can be added to the materials to continue refining.”

All of them were shocked by Yi Tianyun’s action, and suddenly, they were promoted and promoted with the ability of a 3rd-grade Divine Forging Master. Doesn’t it mean that they want to die?

“Haha, this fool suddenly rose; wants to overtake us?” Elder Dong Yun, are your disciples so arrogant? A 3rd Grade Divine Forging Master wants to refine the level of Heavenly Dao. The power of the explosion will be pretty amazing.”

Elder Dong Yun was also shocked by Yi Tianyun’s action. This is the level of Heavenly Dao. If he can reverse the tide, then it will be severe. The power of the explosion is terrific. It is not something an ordinary level can resist.

However, he did not shout to stop Yi Tianyun. They can’t interfere with their disciple, and they can’t interfere with their own disciple’s judgment at will. They can only watch from the side in silence.

“Can you create a miracle?” Elder Dong Yun did not speak but was puzzled in his heart.

Yi Tianyun’s action attracted the attention of all the elders; they all looked strange; even if they didn’t understand, they all knew what Yi Tianyun was refining.

“Is he crazy? I remember that the materials he refined should be the type of reincarnation treasure; the difficulty is not low, forcibly raised, doesn’t it mean to refine Heavenly Dao treasure? “

“Yes, even if you want to rush, you should stop the refining before, change armor type, and have a relatively high success rate; he is directly refining Heavenly Dao Level treasure, too reckless.”

Some of the more knowledgeable ones shook their heads, thinking that Yi Tianyun was too unwise; the most suitable way is to remove the current refining and choose a lower difficulty and a higher success rate.

Heavenly Dao Level treasures must have the highest score, but they waste time and energy once they fail.

Yi Tianyun certainly knows how difficult it is. He keeps waving his hands and exerting all his strength. It is undeniable that the Heavenly Dao Level is complicated. The success rate is fixed at ten percent. It can be said to be very low.

However, if you want first place, you must do it. Even if you use Demon Fire, the success rate is still ten percent. If the master is too tricky, achieving an extremely high level will be difficult if you don't improve it.

"The success rate is only ten percent? Then let's increase it!"

"Lucky Halo, activate!"

Under the crazy activation of Lucky Halo, the success rate suddenly increased to 50 percent. This is the limit of Lucky Halo. There is no way to continue to break through. The remaining half of the success rate will depend on his ability to fill it up.

However, increasing the success rate to 50 percent is already quite impressive.

Yi Tianyun did not end it so quickly. His eyes flashed, "Looks like I can only use the Burning Heaven Sacred Fire..."

He could only use the Burning Heaven Sacred Fire because after using it, the success rate of forging would increase by 20 percent! The success rate would naturally increase with the support of a good Sacred Fire.

Initially, he did not intend to use it. Now, it seemed that he could not suppress it. To obtain first place, he could only use it. However, it was not a problem to expose it. In any case, no one could snatch away this treasure. It would only value him a little.

"Bear!"

Suddenly, a Burning Heaven Sacred Fire appeared in the air. She would be shocked if God Monarch Yuqin were next to him. Yi Tianyun used her own Burning Heaven Sacred Fire.

Now, not to mention God Monarch Yuqin, it can be said that all the elders present were shocked; some stood up and were shocked.

"Sacred Fire, it's Sacred Fire!"

They didn't expect Yi Tianyun to have Sacred Fire; the rarity of Sacred Fire is much higher than that of Demon Fire.

Now Yi Tianyun has not only Demon Fire but also Sacred Fire.

Yi Tianyun ignored their shocked eyes and added other materials to refine the impurities of these materials and reinforce them layer by layer.

Soon, Divine Light began to descend from the sky, meaning it reached the last step. This Heavenly Dao treasure will succeed as long as the corresponding Divine Light is dragged over.

“One last step!” Yi Tianyun’s eyes flashed. He looked up at the descending Heavenly Dao Divine Light. He raised his hand and took off the Divine Light, dragging it into his Heavenly Dao treasure.

However, when he was dragging it, it was as if he was pulling someone else out of the river. It was complicated to drag it down. Every time he dragged it, it consumed a lot of experience. He felt that the Star Power in his body was drained.

As expected of a Heavenly Dao treasure. This segment has already made many Divine Forging Masters fail here!

## Chapter 1158

The effect of this Heavenly Dao Divine Light is almost the same as what was caused by Heaven Monarch Shu Bo. It depends on how much he can pull down.

The more Heavenly Dao Divine Light is pulled down, the more difficult it will be. The advantage is that it can improve the effect of treasures. If the amount of Divine Light pulled down is too little, the result will be a direct failure. This is the most serious.

Every Heavenly Dao Level treasure has its standard, and the type of defense needs to be a little less because the difficulty of dragging it down is not only very great, but it is also more challenging to control.

Yi Tianyun now feels very difficult. It feels like pulling a river, but the other party is not an ordinary person but a giant! The force of the drag makes him feel like he is dealing with a Heaven Monarch Level expert.

No wonder people think he is not a 4th-grade Divine Forging Master. Just the power of dragging the Divine Light is extreme. The consumption is also substantial. After breaking through to the Heaven Monarch Realm, the Star Power inside the body is more, and the endurance is more muscular.

Therefore, even if a 4th-grade Divine Forging Master is too weak, it is also not recommended to forge a Heavenly Dao Level item. However, Yi Tianyun did this, and he felt that he was not a problem!

“Earth Monarch cultivation, how dare he play like this? It seems that dragging the Heavenly Dao Divine Light is very difficult. I wonder if he can hold on.”

“To forge a Heavenly Dao Level treasure, there is more Divine Light to drag. Can that kid hold on?”

“If it fails, it will be funny. There is not much time left. If it fails, I don’t know if it will be too late to forge it.”

They initially thought that Yi Tianyun’s grade was insufficient, but now it seems that the grade is not a problem, but the cultivation cannot keep up.

Elder Xiao Tian and the others were stunned, and then they breathed a sigh of relief. Fortunately, Yi Tianyun’s cultivation is low, and the difficulty is higher. It seems it is elementary to fail and can not be successfully forged.

“Failure must fail!” Elder Xiao Tian and the others didn’t shout out in front of so many people, but they were still scolded to death by the other elders.

Even Territory Lord Liu Li would be unhappy to curse others like this, so they could only pray that Yi Tianyun would fail immediately.

On the other hand, Elder Dong Yun kept praying that Yi Tianyun would succeed!

However, Yi Tianyun looked increasingly tired, and it was difficult to drag a part of the divine light down, making him feel very difficult.

“This Divine Light is a bit difficult and consumes much energy. The Heavenly Dao Divine Light Level treasure seems too difficult to drag.” Yi Tianyun narrowed his eyes, trying to find a way to relax.

Elder Xiao Tian couldn’t help but laugh when he was stuck here, “Sometimes it is too greedy; the result is a failure. The level is good, but the cultivation is too weak. If you cultivate for a while more and participate, you may succeed. Elder Dong Yun, this is a pity.”

Elder Xiao Tian had something to say. It sounded like a pity, but in fact, it was a kind of irony. With his personality, saying this kind of word was equivalent to a weasel paying tribute to a chicken. How could it be true?

“Shut your mouth; this has not failed yet!” Elder Dong Yun shouted at him.

Now that Yi Tianyun has not failed, how can Elder Dong Yun not be angry?

“You’re already like this, yet you’re still holding on!” Elder Xiao Tian said with disdain, “I won’t say anything about you supporting your disciple, but now it seems like it has become a fact, and you’re still holding on!”

“Elder Xiao Tian, you’ve forgotten what you said before. What happened next?” Elder Dong Yun sneered.

“This...” Elder Xiao Tian’s expression was dark as he said, “That was before. It looks like it’s tough to succeed now. If he can succeed, I will eat this furnace!”

Everyone turned to look at him in shock. He even said this: is he not afraid of being slapped?

He said so confidently, to a large extent, he saw that Yi Tianyun is very tired, if this continues, there is no way to succeed, but he will collapse.

“Hmm? Elder Xiao Tian, I look forward to you eating this furnace.” The one who answered him was Yi Tianyun, who was on the side.

Even Yi Tianyun heard their bet and turned to look at him.

Yi Tianyun immediately circulated the power in his body. This is the power of the Heavenly Venerable bestowed by Heavenly Venerable Hao Han. This is an existence that can suppress the power of Heavenly Dao!

After circulating it, he suddenly pulled down the Heavenly Dao Divine Light. Under this drag, the Heavenly Dao Divine Light was quickly pulled down and stuffed into the Heavenly Dao treasure.

This feeling was like the opponent was wilting, causing the opponent to let go and be unable to continue dragging Yi Tianyun.

Yi Tianyun pulled down the Heavenly Dao Divine Light one after another; it was as easy as drinking water.

“As expected of the power of Heavenly Venerable, it has a special effect in suppressing the power of Heavenly Dao!” Yi Tianyun was pleasantly surprised; it seems that the power given to him by Heavenly Venerable Hao Han is still handy, especially in tool forging; it has a unique effect.

This scene made everyone widen their eyes. They were shocked by Yi Tianyun’s action. Before, it was still tricky to pull down the Divine Light, but in the blink of an eye, he could easily pull down the Heavenly Dao Divine Light. It felt like he became a giant, able to drag anything down.

“This, this is impossible!” Elder Xiao Tian and the others were shocked. Yi Tianyun immediately slapped them in the face. Was he pretending before?

But whether he is pretending or not, he has already said it; doesn't he want to swallow this furnace?

“Interesting, as expected of someone who has finished the Heavenly Venerable Road and knows how to use the power of the Heavenly Venerable.” There was a strange look in the light blue eyes of the Territory Lord Liu Li, and she appreciated Yi Tianyun's action.

Although Territory Lord Liu Li is not a Heavenly Venerable, she is infinitely close to a Heavenly Venerable. She can feel its energy fluctuation, so when Yi Tianyun used it, he immediately sensed it.

“Yes, no wonder he dared to try it. It turns out that he has the power of a Heavenly Venerable!” Elder Gou Huang slapped his thigh, his eyes full of surprise. This is Yi Tianyun's trump card!

Not only does he have the Burning Heaven Sacred Fire, but he also has the power of a Heavenly Venerable. With the support of two abilities, how can he not be refined?

Yi Tianyun quickly cut off a large part of the Heavenly Dao Divine Light, not daring to drop it; if he continued to drag it down, it would be beyond his control.

Although he has the power of a Heavenly Venerable, the power of a Heavenly Venerable is not omnipotent, especially if he drags too much; the result is that he will trigger a terrible Heavenly Tribulation.

Such a heaven-defying treasure will naturally be dissatisfied by the heavens, and he wants to suppress it altogether. In his current situation, dealing with this Heavenly Tribulation is difficult, especially in front of so many people; he does not want to reveal his combat strength.

These cards can be exposed, but the combat strength is different. It is risking his life.

## Chapter 1159

After Yi Tianyun stopped dragging the Heavenly Dao Divine Light, he began to merge it. The Heavenly Dao treasure inside began to integrate with the Heavenly Dao Divine Light bit by bit. It seemed that there was no rejection situation. Everything went very smoothly.

Although the consumption was shocking, the planet inside his body was huge, and the Star Power contained far more than that of a cultivator of the same level. He was now a Nine Refinements Earth Monarch, but the energy in his body was comparable to the 5th Layer Heaven Monarch. This was the capital of his arrogance!

Therefore, refining this Heavenly Dao treasure was not a problem at all. There was difficulty, but everything was within his control, especially with Luck Halo's protection; the refining success rate was greatly improved.

However, this was a critical moment. Whether he could completely fuse the Heavenly Dao Divine Light was also a great difficulty.

Everyone's heart was in their throat. As for the performance of the other participants, the audience had already ignored them. It felt like everything was just a foil. If Yi Tianyun successfully refined it, even if it was Heaven Monarch Shu Bo, he would be a foil!

A human refined a Heavenly Dao-level treasure. It was an extremely incredible thing. No one would believe it if it was said.

"Failure will fail!" Elder Xiao Tian was going crazy. If he succeeded in the last step, he would go crazy.

However, no matter how much he prayed, he could not stop Yi Tianyun's success. Finally, with his strong foundation, he succeeded in refining this Heavenly Dao Level treasure.

Buzz!

A bracelet flew out of the furnace with a pleasant sound and landed steadily in his hand. The bracelet was engraved with specks of starlight. It looked like there were countless stars on it. It looked wonderful. Especially with the power of Heavenly Dao, the faint color covered it, forming circles of ripples.

"The refining is done. Elders, please give a score!" Yi Tianyun raised the bracelet in his hand, his face full of excitement and excitement.

He finally refined it, and he can prove his ability in front of everyone, proving that the human race also has infinite possibilities, not the lowest level of existence.

When these words came out, it was like thunder piercing their ears; Elder Xiao Tian was even more stunned, staring at the bracelet in Yi Tianyun's hand, feeling that it was so incredible.

In the end, Yi Tianyun refined it, an incredible treasure, an existence that is enough to be recorded in history. Yi Tianyun broke the new record; his cultivation is not at the Heaven Monarch Level, refining a Heavenly Dao Level treasure enough to look down on all the geniuses in the history of Divine Construct Palace!

In particular, it was successfully refined using the identity of a human, causing everyone to be amazed.

"Good!" Elder Dong Yun laughed loudly, and his heart was excited to the point of going crazy.

The other elders didn't know what to say. They had already been successfully refined like this, so what else could they say?

"That's right. He's successfully refined it." Territory Lord Liu Li smiled faintly. "A very talented human. He's the most talented human I've ever seen in my life. It looks like he was the one who won the final championship."

"That's right. He did indeed obtain it." Elder Gou Huang had a complicated look in his eyes. "I didn't think a disciple recruited from the 1st Grade God Territory would be so dazzling. It's a good thing that we managed to obtain this discipline. If it were to be obtained by another God Territory, it would be a loss for us."

"Yes, and it would be a great loss. Given enough time, he'll become a great weapon in the future! He can break through to the Heavenly Venerable." A rare happy smile appeared on the beautiful face of Territory Lord Liu Li.

"It seems that there is no way to dig it out..." Elder Wu Yuan looked at the dazzling bracelet and suddenly felt bitter.

With such cultivation, he can forge a fabulous Heavenly Dao Level treasure, which means that Yi Tianyun's achievements in forging are even higher.

There is no need to judge the score anymore. Yi Tianyun will be the champion unless someone can surpass him, but it seems that no one can surpass him, and all of them become foil.

Heaven Monarch Shu Bo's face was pale. He initially thought he could get first place, but now he was pressed to the ground by Yi Tianyun and even rubbed against him several times.

What arrogance, what genius! All of them were smashed to pieces.

“Elder Xiao Tian, can you eat this furnace now? Fortunately, my disciple is a bit better. Otherwise, I really can’t see you eat this furnace.” Elder Dong Yun sneered; this is the result of his mouth, just standing there obediently and saying such words.

Elder Xiao Tian was so depressed that he wanted to vomit blood. It was one thing for the first place to be robbed, but now he had to eat this furnace in front of so many people. It was simply inhumane.

“Good, good! I’ll eat!”

Elder Xiao Tian roared and turned into a vast fire snake. He opened his huge mouth and swallowed one of the furnaces. Then, he returned to his original state. The furnace was swallowed down just like that.

This scene made everyone dumbfounded. He swallowed it. However, eating a furnace was not a problem for him at all. He was initially from the Antiquity Giant Snake Clan. He could become a colossal snake demon and swallow a furnace without any problem.

If there is no change, then it is awkward, such as a vast furnace; how can it be swallowed, crushed the furnace into powder, and swallowed bit by bit?

Yi Tianyun almost spat when he saw it; it was simply cheating. He thought the difficulty was higher, but who knew it was easy? For Elder Xiao Tian, there is no difficulty.

After eating, Elder Dong Yun was speechless and could only consent to Elder Xiao Tian’s promise.

“Are you satisfied?” Elder Xiao Tian glared at him fiercely.

“Satisfied.” Elder Dong Yun looked at him and said with a faint smile, “At least Elder Xiao Tian is a man of his word. This is my loss.”

Elder Xiao Tian snorted and didn’t say anything else. Anyway, they couldn’t win now.

Soon after they finished, the others all finished. The highest grade was nothing more than a High-Grade Rebirth Level treasure. Someone else also refined it. However, it was already overshadowed compared to the Heavenly Dao level refined by Yi Tianyun and Heaven Monarch Shu Bo. It couldn’t be compared with it at all.

Heaven Monarch Yu Long and Heaven Monarch Huo Lian also released their highest level and rushed into the top five. However, they still didn’t enter the top three, but it was already an excellent result to be able to enter the top five.

“Now, the results are announced. The top three will be Earth Monarch Tianyun, Heaven Monarch Shu Bo, and Heaven Monarch Wu De. You can receive my guidance and make a request. You can raise this now or wait until the end to come to the Temple of

Territory Lord.” Territory Lord Liu Li smiled lightly, “As for the other participants, your performance is also excellent, and you will also receive a reward!”

Finally, the Divine Construct Palace competition ended perfectly, and Yi Tianyun took first place.

## Chapter 1160

The disciples participating in the Divine Construct Palace Competition will receive a reward. Still, the problem is that there are other levels: some get ordinary, some get good, and Yi Tianyun gets very good.

Yi Tianyun did not mention this request in front of everyone; after all, this can only be said out loud; it is better to say it to Territory Lord Liu Li; there is no need to say it in front of so many people.

After the end, the audience dispersed, but they all remembered a participant, Yi Tianyun! A human cultivator successfully won the championship, suppressing the crowd.

[Ding! The task ‘takes first place in the Divine Construct Palace.’ Reward: one Blacksmithing God Stone, one hundred million Crazy Points, and ten million Mastery Points. At the same time, you can get the title ‘The Strongest Divine Construct Palace Newcomer King’!]

The most muscular Divine Construct Palace Newcomer King: In Heavenly Spring God Territory, forging things can increase the success rate by 10, and command value will increase by 2000 points!

This title is quite good; it can increase the success rate of forging, but it is limited to Heavenly Spring God Territory; after going out, it will not have any effect.

“The rewards for these tasks are still excellent.” Yi Tianyun is very satisfied with this. Occasionally, coming to these tasks and completing them in passing is very good.

At this time, he has returned with Elder Dong Yun. All of them are cheering. Yi Tianyun won first place! Before, they didn’t have much confidence in Yi Tianyun. They just hoped that Yi Tianyun wouldn’t be the last one.

Who knew that Yi Tianyun rushed to first place in one breath? Even their senior brother was inferior to him. What followed was a collective carnival. Once again, they came to the restaurant to drink and celebrate Yi Tianyun getting first place.

They have always been at the bottom. Now, they can finally be proud. Even without Yi Tianyun's help, Heaven Monarch Huo Lian and Heaven Monarch Yu Long can win glory for them. Although they can't get the top three, at least they can enter the top five. This is an excellent result. No one will look down on them.

After the celebration, Yi Tianyun went to the domain lord temple to find the Temple of Territory Lord. What he wants to do most now is to condense the water core quickly. The rest is temporarily put aside.

Under the guidance of the Temple of Territory, the guards brought him to where Territory Lord Liu Li was. Just as he entered, he saw Heavenly Monarch Shu Bo walk out from within.

The two exchanged a glance. Heavenly Monarch Shu Bo was silent momentarily before saying, "I definitely won't lose next time!"

"I hope so." Yi Tianyun just smiled and didn't say anything more to him.

"There will be a next chance?" He was not interested in these small fights. When his cultivation rose, he didn't know where he should go. How could he still compete with them in the Divine Construct Palace?

If not for the sake of entering the water core to cultivate, he would be too lazy to pay attention to this Divine Construct Palace Competition.

After entering, what came into view was a world of water, surrounded by water Star Power. Between breaths, he felt like he was absorbing a thick ocean, making him feel cold.

He felt a colossal water core under his feet as soon as he came in. Dense Water Star Power surged up from under his feet, which was a great help to cultivators with Water Attributes.

Territory Lord Liu Li owned such a shocking place that he stayed there to cultivate every day.

"Territory Lord Liu Li." After Yi Tianyun came in, he saw her leaning lazily on the chair.

"Yes, you're here." Territory Lord Liu Li slowly sat up and raised her hand. Everything was so natural that even the Water Star Power around her began to ripple.

“Territory Lord Liu Li, this junior is here to ask for a favor.” Yi Tianyun immediately stated his purpose.

“Tell me. I promised you before that I can do it for you as long as it is within my acceptable range.” Territory Lord Liu Li said, “However, I don’t think you need to give me too much advice. After you have passed the Heavenly Venerate Road, the Heavenly Venerate’s advice must be more useful than mine.”

“No, my lord. You can’t put it that way. The Heavenly Venerable Dao has limited guidance, especially since the lord has a special constitution. If the attributes are the same, it would be better if the lord were to guide you.” Yi Tianyun smiled. “I’m also just an in-name Heavenly Venerable Hao Han disciple. I’m not an official disciple so I won’t receive any guidance.”

“Therefore, if I don’t understand anything, I would like to ask for your guidance.”

He was speaking the truth. Heavenly Venerable Hao Han didn’t give them any pointers. He was just giving them martial arts. He didn’t say anything else.

If he wanted to receive complete guidance, he had to at least break through to the Heavenly Venerable Realm. That was far from enough. Territory Lord Liu Li was already halfway into the Heavenly Venerable Realm. She didn’t have the qualifications to give pointers. Who had the qualifications to provide pointers?

“That sounds nice. Let’s hear what your request is first,” Territory Lord Liu Li said with a faint smile.

“Disciple wishes to cultivate at the water core for some time. I wonder if you are willing?” Yi Tianyun immediately said.

“Boom!”

At this time, a strong wave of air came down from all directions, significantly impacting Yi Tianyun. There is no doubt that his request has touched the heart of Territory Lord Liu Li.

“Do you know what you are saying?” The aura of the Territory Lord Liu Li didn’t fade away, but she looked at him coldly.

“I know what I’m talking about. The water core is rigorous, and the slightest mistake will affect the cultivation of the Territory of Lord Liu Li, which is closely related to breaking through to the Heavenly Venerable Realm. Therefore, it’s not that I can’t go in casually, lest I affect Territory Lord Liu Li.” Yi Tianyun said in a deep voice, “I will never do anything. I want to cultivate in the water core to complete the final breakthrough.”

“Complete the final breakthrough?” Territory Lord Liu Li looked him up and down and said, “You have the Sacred Fire. It is an existence that contrasts with our Water Attribute. How can you use the water core?”

This is the most important thing for her right now. Yi Tianyun is right. She is not too vigilant when others enter, but Yi Tianyun has the Burning Heaven Sacred Fire. If she is careless, it will affect her cultivation.

“This is a long story, but disciple does need the water core to cultivate. I hope that Territory Lord Liu Li can help.” Yi Tianyun didn’t say too much. If he explained that he came here to break through to the Ten Refinements Earth Monarch, would she believe him?

Territory Lord Liu Li narrowed her eyes and looked at him momentarily, then slowly said, “Yes, I promise you.”

Hearing this, Yi Tianyun finally breathed a sigh of relief. If Territory Lord Liu Li disagrees, he doesn’t know where to find the water core.
