## Chapter 1161

Yi Tianyun was relieved when he heard that the Territory Lord agreed to his request. When he was about to say something, Territory Lord Liu Li smiled.

“Although I said yes, you still need to promise me a condition.” Territory Lord Liu Li smiled.

Yi Tianyun’s heart sank, and he suddenly had a bad feeling.

“This, Territory Lord Liu Li, didn’t you say that you can agree to this request?” Yi Tianyun frowned.

“That is true, but your request is already more than an ordinary request. Even if you get first place in the Divine Construct Palace, the difficulty is still a bit high.” Territory Lord Liu Li smiled and said, “I am the only one who wants to enter the Water Core to cultivate. Even Elder Gou Huang and the others need my approval to enter and cultivate. You cannot enter to cultivate just because you want to.”

To put it bluntly, the requirement is too much, and it is not the first place to win.

“Well, what conditions do you need to agree to?” Yi Tianyun looked at her and asked.

“This condition is relatively simple. Don’t join the 3rd Grade God Territory. Stay here all the time!” Territory Lord Liu Li said solemnly, “Of course, it doesn’t mean you can’t join in the future. At the very least, don’t join the 3rd Grade God Territory at this stage. Even if someone comes to ask you in, don’t choose to join!”

“In return, I guarantee that the Heavenly Spring God Territory will give you the best resources, allowing you to cultivate the God Monarch realm without any pressure. There is even a chance for you to break through to the Heavenly Monarch. At the very least, you don’t have to worry about resources when you are below the Heavenly Monarch.”

Territory Lord Liu Li’s expression is serious. This matter is grave.

Yi Tianyun roughly knows what the situation is. It is nothing more than the War of God Territory. Territory Lord Liu Li does not want him to join the War of God Territory. If he joins now, he is no different than cannon fodder. The most important thing is to stay in Heavenly Spring God Territory. He can retain a certain amount of strength and become a pillar in the future!

“Why?” Yi Tianyun has a wrong guess in his heart. He still asked to see how Territory Lord Liu Li would explain.

“Elder Gou Huang told me before that a Star Territory Divine Beast has come to seize the genius. This is the work of a 3rd-grade God Territory. It attracts more geniuses to become their slaves and cannon fodder!”

“This is a fierce battle. It’s all for the sake of climbing to a higher position.”

Territory Lord Liu Li shook her head. “With your abilities, there will be a 3rd Grade God Territory to recruit you. They will also do their best to nurture you. At that time, you will contribute to them. If your cultivation is stronger, you can still survive. You may be one of them if there isn’t enough time.”

“If we stay in Heavenly Spring God Territory, even if we are affected, it won’t be severe. At least our elders will choose to go into battle, not you.”

The explanation of Territory Lord Liu Li made Yi Tianyun feel a little comfortable. To put it bluntly, if the sky falls, it will be blocked by experts like them.

As for the 3rd Grade God Territory must be fought unless they don’t want to break through to the 4th Grade God Territory, so at least people with some fighting strength will not be sent out to fight.

Although Territory Lord Liu Li can save some strength for Heavenly Spring God Territory, it is also suitable for them.

“I understand, but I am interested in this kind of War of God Territory.” Yi Tianyun smiled. “But since Territory Lord Liu Li said so, I will agree not to join the 3rd Grade God Territory. I just hope that Territory Lord Liu Li will bring me to participate in the war. Is this okay?”

Yi Tianyun wanted to kill the last time and increase his cultivation. After he broke through to the Ten Refinements Earth Monarch, his needed experience would be huge.

For this, he needed this battle. The War of God Territory was undoubtedly the best choice. However, he didn’t know when it would start. Therefore, there was no harm in agreeing to it. When the time came, he would sneak out and enter the War of God Territory. Who would know?

“As long as you have enough strength, even if you don’t want to participate, you will have to participate.” Territory Lord Liu Li smiled. “But I don’t think it will be your turn to fight, you little children.”

“So, you agreed. Make an oath, and I will let you go to the Water Core to cultivate.”

“No problem; I swear I will never join any 3rd Grade God Territory before the War of God Territory!” Yi Tianyun began to make an oath, and soon, the sky branded the oath, representing the establishment of the oath.

For him, the original purpose of joining the 3rd Grade God Territory was to have good resources and gain experience in the War of God Territory. Now that Territory Lord Liu Li said he can provide the corresponding resources, why not stay here?

He liked the atmosphere of the Divine Construct Palace very much. He could stay here for the time being.

“Very well. I’ll take you to the Water Core region. Although the core doesn’t care about your Burning Heaven Sacred Fire, don’t activate it at will!” Territory Lord Liu Li warned.

“No problem.”

Immediately, Territory Lord Liu Li took him to the Water Core. He could easily reach the area where the Water Core was located through the transmission array. As soon as he was teleported, he immediately felt a more vital water star force approaching him.

This feeling was similar to encountering a life core, but the attributes differed.

Soon, under the leadership of Territory Lord Liu Li, they came to a massive door. With a gentle push, she slowly opened it. Just as she opened a small opening, she stepped in, indicating Yi Tianyun to come in.

After Yi Tianyun entered, he saw the vast water core. Compared to the life core he saw in the Temple of Life, the core was many times larger, and the two could not be compared.

After entering, he immediately felt like he had entered a water world, and countless water star forces filled him.

“This is the Water Core; you stay here to cultivate; I will go out to do something. When I am finished, I will also come in to cultivate, and we will stay here to cultivate.” After Territory Lord Liu Li finished speaking, she left without saying anything.

“I hope I can succeed this time!”

Yi Tianyun took a deep breath. He came to the edge of the Water Core and sat down. He began to enter the cultivation state. He spent so much energy to break through to the Ten Refinements Earth Monarch. If he can’t succeed this way, he can only look at other ways.

Then he calmed down and began to absorb the Water Star Power from the outside world. At the same time, he turned it into his energy. Under his crazy absorption, a small crystal began to condense in his body!

## Chapter 1162

There was no difficulty in condensing the Water Core. He only needed to absorb it continuously. It was equivalent to a transformation process. He could not directly move the massive Water Core in front of him, but he could absorb it and transform it into the energy he belonged to!

This was the same as absorbing the life core before. If not for the fact that he could not have two cores simultaneously, he would have already successfully condensed it. To him, this was not a big problem. He only needed to spend more time to condense it easily.

Soon, under his robust control, the Water Core quickly solidified and gradually expanded. At the same time, it began to condense into another planet.

This speed was neither fast nor slow. Everything was repeating the previous work, gathering bit by bit. Soon, it formed a small planet and quickly expanded.

Everything was slowly taking place within his control.

Over time, more than a month passed in the blink of an eye. A giant water planet had already formed in his body. The colossal water planet looked like a huge crystal ball. It was gorgeous.

However, the wood planet was much smaller than the life planet next to him. It was not the same level of existence at all. This meant he needed to condense more Water Cores, which also required much time.

This was not a problem for him. Under his crazy absorption, the Water Core fluctuated slightly, and he quickly extracted the energy.

In the blink of an eye, another month has passed. Territory Lord Liu Li still hasn't come back. I don't know what he is busy with, but he still hasn't returned. Yi Tianyun is too lazy to pay attention to it. Anyway, he just needs to absorb the Water Core for him.

As more and more months passed, the Water Planet in Yi Tianyun's body condensed more and more. He doesn't know how much energy he absorbed from the Water Core. If he converted it into experience, it would be hundreds of millions.

But now he must meet the conditions to break through, so he must first condense the Water Planet!

Finally, the size of the Water Planet is almost the size of the Wood Planet next to it. The energy of the Water Planet began to wrap around the Wood Planet and began to nourish the Wood Planet.

This is the level of rebirth, constantly moistening the Water Planet, making the trees on the surface multiply and become more lush than before.

As if nourished by the rain, it makes them more vigorous and lively.

This feeling makes Yi Tianyun feel comfortable; it is evident that this path is correct and not wrong. When he condensed another life core, it soon showed signs of collapse.

There is no such situation here, but it looks pretty safe and has no problem.

“That’s it, it looks like there’s no problem!”

Yi Tianyun was wholly immersed in the fusion, allowing the two planets to be connected entirely, forming a circle. He has never had this kind of experience, but he has a hunch that the two must be fused to create a perfect form.

Time quickly passed, and Territory Lord Liu Li still hadn’t returned. If she returns, she will see Yi Tianyun emitting two kinds of energy.

One is the life force, the other is the water force and the two energies mix; it looks very harmonious, and there is no sense of conflict.

After ultimately stabilizing himself, Yi Tianyun slowly opened his eyes, his eyes shining and looking very beautiful.

“I finally succeeded.” Yi Tianyun took a deep breath, feeling the two giant planets in his body around the world inside his body.

The two are indistinguishable; the key is that there is a complementary realm; the Water Planet constantly nourishes energy, making the Wood Planet more vigorous.

This is the most ideal state at the moment. He feels that it can be more perfect.

No matter what, now that he has reached the standard and has two planets, no one will believe that someone can have the strength of two planets.

In particular, the two form a symbiotic state to generate energy for each other, making Yi Tianyun more lasting. The power can increase so that he can consume the enemy without using pills when he fights with the enemy.

“The upgrade standard has been completed; now I am waiting to break through to the Heavenly Monarch!” Yi Tianyun remembered the scene he dreamed of in the Heaven

Stealing God Territory. It was very likely that when he broke through to the Heaven Monarch, he would have to endure this kind of terrible Heavenly Tribulation.

In his current situation, he felt that he was not fully prepared. He still needed other forces to support him. Of course, he still needed to break through to the Tenth Refinement Earth Monarch, and then he could break through to the Heaven Monarch. He hoped that he would not encounter that abnormal Heavenly Tribulation when he broke through to the Tenth Refinement Earth Monarch.

“Forget it; let’s continue to absorb it and strengthen ourselves!” Yi Tianyun’s eyes lit up. He sat down and continued to absorb the energy of the Water Core.

This energy continued transforming into his experience, no longer condensing that Water Planet. He now needed to accumulate knowledge and could use it to nurture his little brothers and raise pets.

For example, he now had a Star Overlord. How could he dare to release it now? However, his cultivation was also relatively low. If he could strengthen it, the power would be astonishing.

He could not go out now, so he had to absorb the experience first.

Under his continuous absorption, the energy of the Water Core was quickly extracted. However, it felt like it was endless, and there was no sign of it being drained at all. If he could get this one, it would be equivalent to obtaining a colossal experience treasure trove.

It’s just that it takes too long to absorb. Safety is safety, but it takes a lot of time. If you go back and forth in the enemy army, you will gain much experience. The key is that there are also essential values like Crazy Point, which can improve your ability.

He doesn’t know how long he has absorbed. Finally, the door slowly opened. Territory Lord Liu Li came in from the outside. He looked tired. He came to his side and looked at him: “It seems your cultivation is not bad. I will take a rest first.”

She did not wait for Yi Tianyun to answer. She directly sat down and recovered. The next moment, she turned into a black hole. It was ten times stronger than Yi Tianyun’s suction force. It was even a hundred times stronger. She crazily absorbed the energy of the Water Core.

This super-strong suction force shocked Yi Tianyun. It seems that this is the Power of Half-Step Heavenly Venerable. It is like drinking water from a sea cow. In the blink of an eye, it sucked up a large amount of energy.

No wonder Territory Lord Liu Li does not let others in. She has already consumed a lot of energy just by absorbing it. How can she let people in to absorb it?

“It seems that something happened. Wait for her to recover.” Yi Tianyun did not disturb her and waited for her to wake up.

## Chapter 1163

Yi Tianyun stayed next to her and waited for her to wake up. It seemed that she had just experienced a great battle. Otherwise, she would not have absorbed enough Water Core energy to restore herself.

After about half a month, the situation of Territory Lord Liu Li finally eased, and it seemed to be much better than before. She slowly opened her eyes and breathed a sigh of relief.

When she woke, Yi Tianyun asked, “What happened to Territory Lord Liu Li?”

The fact that Territory Lord Liu Li had returned so late and expended so much energy meant it wasn’t just a simple meeting.

“That’s a strange place. For now, you don’t have the qualifications to go there. You’ll barely be qualified to go there when you break through to the Heaven Monarch.” Territory Lord Liu Li didn’t say anything more. She looked at him and said, “You’re now a Nine Refinement Earth Monarch. If you take another step, you’ll become a Heaven Monarch. You’ll be much stronger than an ordinary Heaven Monarch.”

“Only this way will you have the qualifications. You wouldn’t have the qualifications if you were an ordinary Heaven Monarch. Come find me when you break through to Heaven, Monarch.”

“Of course, even if you break through to the Heaven Monarch, I can’t bring you there immediately. You’ll have to wait for some time to do so.”

Yi Tianyun understands. She has consumed a lot of energy. Although he doesn’t know where she is going, it isn’t simple. When the time comes, Territory Lord Liu Li will take him there. It must be a fantastic experience.

“Then Territory Lord Liu Li, the disciple, will return first. I will come back after I break through to the Heaven Monarch.” Yi Tianyun said.

Territory Lord Liu Li nodded and said, "It's more difficult to break through to the Heaven Monarch. It's better to choose a quiet one and a safe one. Let Elder Dong Yun guard you. It will be easier this way."

Yi Tianyun nodded and didn't say that he was trying to break through to the Ten Refinements Earth Monarch. After saying goodbye, he turned and left.

Territory Lord Liu Li didn't stop him. She won't protect Yi Tianyun; at least Yi Tianyun is not qualified.

After Yi Tianyun left, he immediately used the Teleportation God Stone and disappeared in the blink of an eye. In the next moment, he left the inside of the Three Realms.

The place he wanted to undergo his tribulation wasn't any other place. It was just outside the region of the Three Realms. He wanted to choose this place to undergo his tribulation. The impact would be significant if he were to undergo tribulation here in the God Territory. He didn't want others to know he was breaking through to the Ten Refinements Earth Monarch.

If others saw him, it would shock the entire Divine Realm. It was best for him to choose to keep a low profile and not let others know that he could break through to the Ten Refinements Earth Monarch.

Just think about it: the Ten Refinements Earth Monarch had never appeared before. If he found out that he had broken through to the Ten Refinements Earth Monarch, he would be captured and interrogated on how to break through.

The method seemed simple, but it required a lot of cooperation. The key was not what everyone could do. People had selfish motives. He did not want to share this secret with anyone.

When the 3rd Grade God Territory experts find out, the result is self-evident: they will be arrested and interrogated.

"Finally, I'm back."

When Yi Tianyun felt this familiar aura, he thought this place was warm; there was nothing more comfortable than this place.

After returning, he immediately checked the situation of the Three Realms. After a sweep, he found that the situation here was booming. More than a dozen people had broken through to the Divine King. There were many Saint Kings, and everything was fine.

The one in charge of the entire Three Realms is still the Heavenly Clouds Divine Nation. No one dares to disobey the orders of the Heavenly Clouds Divine Nation. Therefore, everything is very peaceful. People go to the outer planets to explore and search for resources.

Compared to being trapped in the Three Realms before, it is much better. At least these kinds of resources will be easy to use and will not be idle.

“It seems that they are managed in good order. Xueyun manages them real good.” Yi Tianyun is very satisfied with this. It is not wrong to let them manage it.

As he carefully observed his surroundings, he soon saw a familiar figure. In the blink of an eye, she had grown up and became a graceful young girl.

She was none other than his daughter, Yi Sixue, who had grown up and became a graceful young girl.

He had not left this place for long, but the time between the Mortal Territory and God Territory was unequal. He had stayed in the God Territory for two years. It seemed that more than ten years had passed here. Naturally, he had become a graceful young girl.

Now, she was followed by a large group of pursuers. Wherever she went, she followed. Yi Sixue was his daughter, the daughter of the God of the Three Realms. Who did not want to pursue her?

Once she became a woman, he would have a meteoric rise, so no matter what she liked or disliked, he would crazily chase after her, wanting to achieve a meteoric rise.

“Miss Sixue, I know that there is a good place outside. Do you want to go there and gain experience?”

“What’s so fun about gaining experience? I know a wonderful place. I can take you there!”

“Miss Sisue, I have a jade here. It was found outside. It is wonderful. You will like it!”

These pursuers tried their best to please Yi Sixue, but no matter what they did, Yi Sixue just ignored them with a cold face.

“I already said that these tricks are useless to me. I’m sick of them. If you want to pursue me, you must first be stronger than my father!” Yi Sixue snorted coldly and rejected them.

All of them revealed expressions of despair. They didn’t know whether to laugh or cry. Surpassing the Gods of the Three Realms? Wasn’t this just a joke? How could such a powerful existence surpass them?

Not to mention, surpassing Yi Tianyun, Yi Sixue alone can crush them.

Now Yi Sixue is not even 18 but has already broken through to the Divine King, an existence that can crush everything. Even though many elders are ashamed, this cultivation level can not compare.

These pursuers are just marrying into the family; their cultivation is mainly around the Saint King, and their age is much older than Yi Sixue.

Therefore, not to mention surpassing Yi Tianyun is very good to surpass Yi Sixue.

“Miss Sixue, this is too difficult...” Some of them felt very helpless.

“You don’t even have this bit of confidence. How can you pursue me?” Yi Sixue snorted, too lazy to pay attention to them.

“Little Sizue, your request is high...” Yi Tianyun suddenly appeared beside her and smiled at Yi Sixue.

When Yi Sixue heard this voice, she turned her head and looked at it in disbelief. After seeing Yi Tianyun’s face clearly, she did not hesitate to pounce on him.

When everyone saw this scene, they were shocked. Yi Sixue threw herself at another man; it was incredible!

## Chapter 1164

Yi Sixue threw herself into Yi Tianyun’s arms, making the surrounding pursuers jealous. Some of them even glared at him with red eyes. He looks young; how can he make Yi Sixue throw herself into his arms?

“Who are you!” Immediately, a pursuer stood up and glared at Yi Tianyun.

“Yes, who are you? Which faction are you from?”

“It seems that the aura is so weak. How dare you get close to Miss Sisue!”

They all surrounded her with red eyes. If no one wanted to succeed, it would be fine. They didn't expect someone to suddenly come out and directly win the heart of Yi Sixue!

This made them both shocked and angry. They have pursued for many years, but a nameless kid easily won them. How could they not be angry?

Because Yi Sixue and Shi Xueyun look alike, if they don't look closely, they really can't see that they have a daughter relationship. In addition, Yi Tianyun's aura has always been restrained, and he usually doesn't burst out of his aura.

Therefore, in God's Territory, people with the same cultivation think he is weak; only those whose cultivation is much stronger than Yi Tianyun know how high his actual cultivation is.

"Pu ci..." Yi Sixue covered her mouth and smiled. She hugged Yi Tianyun's shoulder and said to them, "This is my man; none of you can compare! If you want to pursue me, you must surpass him first!"

Yi Tianyun shrugged helplessly. He is indeed the first man of his daughter, but he is only a father. Similar to scaring his husband, this kind of joke is reflected in himself.

"Surpass him?" Everyone stared at Yi Tianyun with red eyes, and one by one, they stood up and shouted, "I want to fight with you!"

"That's right, I also want to fight with you! Let's see who is stronger!"

"Our power is ranked in the top five in the Three Realms. I don't know what power you are from; hurry up and tell me your name!"

None of them could guess Yi Tianyun's identity; they just shouted on the side. Yi Sixue, next to him, was very happy and thought it was funny. These people are all idiots. They can't even see the identity of their father.

"My power..." Yi Tianyun smiled. "The Three Realms are under my control. What do you think I am?"

"Bullshit! The Three Realms is under the control of the Heavenly Clouds Great Emperor. You are insulting the Heavenly Clouds Great Emperor. This is the most intolerable!"

"Yes! You can take Miss Sixue away, but never insult the Heavenly Clouds Great Emperor. I will fight you to the death!"

"How dare you insult my idol, you bastard? I will kill you!"

They were all completely angry, ready to cut Yi Tianyun into pieces; they didn't expect his prestige to be so high that no one could tolerate others insulting him.

In fact, in the Three Realms, his prestige is the highest; he has always believed in God! The God who controls everything, the younger generation naturally worships him; it can be said to reach the level of fanaticism.

"Wait, he seems to be very similar to the statue in the capital..." One of the pursuers suddenly thought of something, and his body suddenly stiffened. In disbelief, he looked at Yi Tianyun and shouted with trembling fingers, "Heaven, Heavenly Clouds Great Emperor?"

After that, his legs went soft, and he fell to the ground. The other pursuers, who were full of anger, also remembered something. Their bodies stiffened, and they felt their legs go soft. They also knelt on the ground.

"Heaven, Heavenly Clouds Great Emperor?"

If they look closer, they will remember it is precisely the same as the statue! If they calm down and think about it again, Yi Sixue has such a high vision; how can she casually be with other men?

This kind of request is tough to achieve. It is not that there are no children with their father as their goal. Therefore, thinking about it carefully, Yi Sixue is afraid that only his father is willing to throw himself into Yi Sixue's arms. Specifically, it should be a spoiled child not seen for many years.

"Hehe, it is amusing, you finally recognize it, a group of fools. Before you said that you worship my father, who just scolded?" Yi Sixue covered her mouth and chuckled, feeling very funny.

They were embarrassed; some kept kowtowing and begging Yi Tianyun to forgive them.

"The ignorant are innocent; you didn't mean it." Yi Tianyun waved his hand and said with a faint smile, "Do what you need to do, do it."

After saying that, he took his daughter and flew away, leaving a group of pursuers looking at each other. Following these pursuers, he quickly returned and told their father that Yi Tianyun was back!

"Dad, you are finally back; I miss you so much!" Yi Sixue was full of resentment and disappeared for more than ten years in the blink of an eye; how could she be happy?

"This is a situation where time is not equal. I have been in that world for a year, and several years have passed here." Yi Tianyun said helplessly.

“What kind of world is that? Can I go with you?” Yi Sixue’s eyes lit up.

“I can’t go there for now.” Yi Tianyun shook his head. Yi Sixue suddenly pouted and felt very bored. He immediately smiled and comforted, “I just said it is temporary. It is not safe there now. Don’t think you are invincible because you have cultivated to this level. It is only the lowest level there. It is not that I don’t want to take you there, but when it stabilizes, I will take you with me!”

God’s Territory must be going there; the environment there is much better than here, and naturally, it will control the Three Realms to fly over.

“Really!” Yi Sixue was excited.

“How could I lie to you?” Yi Tianyun took out the star bracelet and handed it to Yi Sixue, “This is a gift for you. The treasure I refined recently will be your compensation.”

Yi Sixue took it and put her arm around Yi Tianyun’s shoulder. She said excitedly, “Thank you, Father! Then go to see Mother now. Mother misses you very much!”

“Yes.”

Yi Tianyun nodded and followed her. When he saw Shi Xueyun’s back again, she subconsciously turned her head. When she saw him, she smiled and said, “You’re back.”

“Yes, I’m back.”

Nothing is more pleasant than this sentence; it makes him feel very touched. Only in this sentence does he have the feeling of going home.

After a moment of warmth, he left her alone and flew to the outside area. Not long after he left, many experts flew over from outside.

They rushed over to greet him when they learned that Yi Tianyun had returned.

“Empress, where is Heavenly Clouds Great Emperor?” One of the Great Emperors asked hurriedly.

“Him? He left again.” Shi Xueyun smiled and left.

The Great Emperors looked at each other and stared at each other. It seemed that they were a step too late.

## Chapter 1165

After a simple warm-up, Yi Tianyun left the Three Realms and went to find a safe place to cross the tribulation. He is almost ready and wants to break through to the Ten Refinements Earth Monarch first.

After following him, he found an area with no life, surrounded by stones, nothing but rocks.

“I will cross the tribulation here.”

After Yi Tianyun chose this place, he immediately ordered: “Level up to Ten Refinements Earth Monarch!”

“Ding, check if the requirements are met...”

“Ding, meet the requirements, start to level up... 1... 2...”

The data moved up bit by bit. It was completely different from before. It did not level up at once but accumulated bit by bit. It seemed that it had to be moved to at least 100 before it could level up.

At the same time, the top of his head began to be covered with layers of thick tribulation clouds. When he saw this thick tribulation cloud, he breathed a sigh of relief. At least it was not as terrifying as in the Dream Realm. That was an attack comparable to a God Monarch. The current power was much more robust but utterly different from the terrifying Heavenly Tribulation.

“It seems that it is very likely that when breaking through to the Heaven Monarch, the heavenly tribulation that needs to be endured should be the Heavenly Tribulation in the Dream Realm.”

Although Yi Tianyun breathed a sigh of relief, it does not mean he will be completely relaxed in the face of the Heavenly Tribulation. This tribulation cloud is ten times more powerful than before. It is no longer just a simple thundercloud and heavenly fire rolling on it. It also adds a vital life force!

In the tribulation cloud, there is such a vital life force. It is strange. ‘Do you want to give me a hard blow and then use your life force to treat me?’

The answer would not be like this. The heavens would not be so kind as to wish for the tribulation to be defeated in one move. How could they possibly help them heal? Unless

they completely broke through this Heavenly Tribulation, they could not give any benefits.

This benefit was established after he blew up the heavenly tribulation. After the Heavenly Tribulation exploded, he absorbed scattered energy. Only then would it be treated as a benefit. If he did not blow it up with one punch, he would receive very few benefits.

It was just a punch. The difficulty would increase exponentially. It was not that easy to deal with. Therefore, many cultivators would not do this. Unless they had absolute confidence in themselves, they would not do this.

“The power is strengthened. Let me see to what extent it can be strong!” Yi Tianyun’s eyes flashed; he raised his fist and punched the tribulation cloud. It was no different from before; he just wanted to punch this tribulation cloud.

Just as he approached, the tribulation cloud immediately rolled crazily, thoroughly angered by Yi Tianyun, and immediately rolled up a terrible life force and shrouded him.

In the blink of an eye, Yi Tianyun felt his body shrink by half; it seemed that his life force had been sucked out; this was not pouring life force into him; it was utterly draining his life force!

The terrible suction force quickly put him in a predicament.

Yi Tianyun’s heart sank. Sure enough, the Heavenly Tribulation of the TTen Refinements Earth Monarch was difficult to deal with. He quickly changed into the Longevity Set and restored the vitality in his body. However, there were only two Longevity Set Equipment. Otherwise, the recovery rate would be even more impressive.

“Explode for me!”

Yi Tianyun roared. He immediately displayed the Crazy Damage Mode to increase his damage by sixty-four times, reaching an extremely terrifying value. Immediately, he kicked hard, and with a “boom” sound, the void was shattered by his kick.

This thick tribulation cloud was quickly kicked up, leaving a massive hole in it. According to the previous situation, the hole kicked out would be scattered.

The next moment, this huge hole was filled with an astonishing amount of life force. It was quickly repaired. It was restored to its original state in the blink of an eye. It was a bit different from before. To be exact, there was still a large area of other things. That was, the power had become even more terrifying.

“Roar!”

The Heavenly Tribulation roared. A giant palm condensed from heavenly fire, thunder, and life force grabbed him. When it waved, just as it approached him, it quickly extracted his life force!

The power was much stronger than before. The power of extracting life force was much more significant. The key was that it could not be broken. On the contrary, it could be repaired. The power was much stronger.

“Explode for me again!”

Yi Tianyun’s eyes turned cold. The Sky Dawn Divine Spear appeared in his hand, and he stabbed it. It seemed like a gentle swing of the spear, but it was more than a thousand times. The void trembled violently under this piercing, and even cracks appeared.

In just one move, he immediately pierced the Heavenly Tribulation. There were hundreds of holes in it. There was nothing intact. All of them were scattered into a large area. However, he did not stop. Instead, he continued to stab it crazily. Every shot was so fast.

“Xiu...”

He is going to penetrate this void. Time and time again, the void is pierced through countless big holes. He just wants to completely shatter the tribulation cloud so that the tribulation cloud can not be reborn.

Finally, under his madness, the tribulation cloud is completely scattered and can’t be connected anymore.

“I want to see how you will recover this time!” Yi Tianyun’s forehead is sweaty as if he has just experienced a fierce battle.

This Heavenly Tribulation didn’t look like it had recovered, but suddenly, an invisible force viciously tightened around him, quickly extracting all his energy.

Whether it was the Water or Wood Power in his body, they were all frantically being extracted. This was like stripping away his power, allowing him to return to the level of a mortal.

But if they were all extracted, he wouldn’t become a mortal but directly become a pile of ashes. Even his life energy was sucked dry; how could he live?

“This power...” Yi Tianyun’s heart sank. Such an invisible power is no longer at the explosion level but is similar to a strange energy, wanting to strip away the energy in his body.

It is no longer a matter of violence to resist this energy but to completely suppress this power.

“Sure enough, it is not so easy to break through the Ten Refinements Earth Monarch; it is much more strange than before.”

Yi Tianyun is looking down on this Heavenly Tribulation. No wonder he has never seen a Ten Refinements Earth Monarch. He guessed that someone must have thought about how to break through to the Ten Refinements Earth Monarch. However, in the end, he died in this Heavenly Tribulation. It is much more abnormal than before.

Thinking about it, the Heavenly Tribulation to break through to the Heaven Monarch must be even more terrifying now that it is so horrifying!

Seeing that his body was getting sucked dry, he forcibly suppressed it, but there was no meaning at all. He slowed down a little at most, not completely suppressing this energy.

If this continues, he will die; even if there is violent power, it is useless.

## Chapter 1166

The Heavenly Tribulation of the Ten Refinements Earth Monarch is too strange. It is no longer like before. It can explode and disappear with a punch. But this peculiar special energy is impossible to get rid of.

“I want to see if the power of the Heavenly Venerable can be suppressed!”

Yi Tianyun’s eyes narrowed. He quickly circulated the power of the Heavenly Venerable to suppress this power. After circulating it, the power of the Heavenly Venerable began to suppress it, quickly reducing the extraction speed. However, a small amount of energy still continuously extracts from the power in his body.

It seems that even the power of the Heavenly Venerable can not be completely suppressed. This power of Heavenly Venerable is just a small amount of energy given by Heavenly Venerable Hao Han, allowing him to use it.

It was similar to a talisman. There was no limit to the number of times it could be used. The problem was that the consumption was astonishing, and there was no growth rate.

This meant that no matter how his cultivation level broke through, this energy would not become stronger.

This was a fixed amount of energy. It couldn't grow, so it was very limited. However, for those below the God Monarch Level, the effect of suppressing it was still very good.

Now, it was very effective. At least, it was much better than before.

"It seems that this Heavenly Tribulation also tests the cohesiveness of one's energy." Yi Tianyun shook his head and felt a headache. He underestimated this Heavenly Tribulation and thought it would explode with one punch.

Even with the Longevity Set, it is still difficult to suppress this power. It needs stronger energy to suppress it completely.

"I don't believe that I can't completely suppress it!" Yi Tianyun quickly operated the two planets in his body and began to rotate crazily. The two energies constantly converged and became stronger and stronger, and then quickly rushed outside, "Suppress for me!"

"Boom!"

The two energies fiercely collided with the energy wrapped around them, counteracting each other. He could only use the energy above his opponent if he wanted to let the Heavenly Tribulation extract his power.

He didn't have this kind of power right now. Only the power of the Heavenly Venerable had some effect. The only thing he could do now was to expel the Heavenly Tribulation energy that had invaded his body and not let it harm his body.

Under this impact, his body no longer shrinks. Under the two vast energies, he quickly recovers his original luster and elasticity.

If the Heavenly Tribulation can't be suppressed, his body is fine.

"It seems that I can only hold on like this..."

Yi Tianyun closed his eyes and concentrated on suppressing this Heavenly Tribulation energy. He can only do this for now. The rest is powerless; this is the difference in energy level.

The power of a Heavenly Venerable and the power of Heavenly Dao easily suppressed his current normal star force. Star Power was currently the most basic energy, and it was also the lowest level of energy. Above it was the power of Heavenly Dao, the power of a Heavenly Venerable!

Only now did he realize that the world was vast, and he still had a long way to go. Just having Crazy Mode was still insufficient, and he needed further energy evolution.

“Forty percent, forty-one percent, forty-two percent...”

While resisting the energy invasion, the upgrade did not stop. Instead, it was rising gradually, but the speed was slow. It seemed that he only needed to persevere to a hundred percent, and he should be able to upgrade successfully.

Up until now, he has still been able to persevere. However, he had used up too much energy. Not only did he need to maintain the power of a Heavenly Venerable, but he was also required to circulate the two planets in his body. The consumption was equally shocking.

However, he could only do this now. There was no other way.

In this situation, the number of upgrades would increase bit by bit. In the end, it would reach ninety-nine percent. It was about to get a hundred percent.

[Ding... 100 percent of the data has been achieved. Successfully upgraded to Ten Refinements Earth Monarch!]

When this pleasant voice rang out, a terrifying power burst out from his body and swept all around, directly crushing the strange energy pressing down on him.

Following the extreme divine light, this large space, as if the sky was cut through, a huge divine light shrouded down, and the surroundings became bright, illuminating this large area of space.

If cultivators are on the side, they will think there is a miracle; otherwise, how can such a shocking situation occur?

Yi Tianyun was completely silent. He felt a force constantly rushing in his body, and the two planets resonated simultaneously.

At this time, he crazily absorbed the energy that enveloped the divine light, moistening his body and having his planet power. Everything started to change.

Behind him, a phantom appeared. That was the tenth ring! Every refinement had a ring at the Earth Monarch level, but it would usually not be displayed.

Every time he broke through a level, there would be one more ring, so this level was called “refining.” The Nine Refinements Earth Monarch represented nine chains that could firmly lock energy.

When the Earth Monarch completely erupted, the phantom behind him could see how many chains there were, which showed how strong the other party was.

Right now, there are ten chains behind Yi Tianyun. They are like ten planets connected. Each chain has a faint light, and they look very conspicuous. These ten chains contain the true power of Heavenly Dao!

He has not even stepped into the level of Heaven Monarch, but he already has the terrifying power of Heavenly Dao and is much stronger than Heaven Monarch. It can be said that they are not on the same level. If the power of the Heaven Monarch controlling Heavenly Dao is equal to the power of the strong, then the power he has now is the king of the strong!

The power of a king!

Ten Refinements Earth Monarch, the First Eternal Earth Monarch in history, is at an unprecedented level, crushing all Earth Monarchs.

[Ding completed the main mission 'break through to the Ten Refinements Earth Monarch, or break through to the level of Heaven Monarch.' After breaking through to the tenth level of Earth Monarch, 1 billion Crazy Points, 1 billion Sin Points, and 1 billion Mastery Points! At the same time, you will receive the title 'The First Eternal Earth Monarch.')

Many rewards came, especially the title 'The First Earth Monarch,' which looked even more amazing.

The First Earth Monarch: Anyone below the Earth Monarch is an ant! When facing Earth Monarch, damage can increase by three to ten times. When facing Heaven Monarch, it can increase damage by fifteen times! At the same time, it has the strongest Heavenly Dao Power. When facing an opponent below its level of Heavenly Dao Power, it has the effect of suppressing. At most, it can suppress 1000 of the impact!

Not only is the reward amazing, but the effect of the title also makes Yi Tianyun take a deep breath. It is the First Eternal Earth Monarch. When facing Earth Monarch, it can be considered a dominant crushing. Even against Heaven Monarch, there has been a terrifying 15 times increase. Isn't this title a bit heaven-defying?

## Chapter 1167

[Ding, successfully accepted the main mission 'Repression of Evil Spirit Race, completely extinguished the Evil Spirit Race Realm,' completed the reward of 5 billion Crazy Value, 5 billion Sin Points, and 5 billion Mastery! Also won the Title 'Evil Spirit Race Killer.']}

While Yi Tianyun was shocked by this title, a new main mission appeared: to suppress the Evil Spirit Race and destroy the Evil Spirit Realm, which was the residence of the Evil Spirit Race.

It had never happened before. Now that this mission appeared, it meant that he could kill it. This did not mean that he could immediately suppress the Evil Spirit Race. After all, having a mission was different from being able to complete it immediately.

"Finally, this mission appeared..."

Yi Tianyun's eyes flashed. He has not issued this task. He knows he is not hurrying to find the Evil Spirit. Now, it seems that the time is a bit more ripe. He has a strong level. Even if he is facing the late stage of the Heaven Monarch, he can still suppress it.

After all, this title has a 15-times bonus effect when facing the Heaven Monarch. If he uses Crazy Mode, there is a sixty-four times multiplication. Together, the damage is seventy-nine times, enough to destroy the world.

Even more shocking is that there are five High-Grade Heavenly Dao Level Martial Art. If he cultivates them, he can add dozens of times more damage. The High-Grade Rebirth Level Martial Art's Crazy Heaven Secret Art can make him explode fifteen times the power, not to mention the High-Grade Heavenly Dao Level Martial Art.

"It seems that I have to cultivate these five martial arts well. I can't waste them..." Yi Tianyun's eyes flashed; he planned to cultivate here.

The concentration of energy here is not high, but the time is much longer! After ten years here, only one year has passed in the God Territory, which means that he does not have to worry about the change of the world if he stays here for too long.

On the contrary, this is the advantage: there is a feeling of time acceleration; it is not a good thing to cross the Heavenly Tribulation for those who do not need to cross the Heavenly Tribulation, even if they are rushing to cultivate.

But most do not come to cultivate; there are no resources here, so why come here?

For Yi Tianyun, he still has a lot of resources and doesn't need any big resources to cultivate martial arts.

Even if he doesn't want to break through to the Heaven Monarch, after a thousand years, the Heavenly Tribulation will come, and if his cultivation is not enough, he will be killed by the terrifying Heavenly Tribulation.

"A thousand years is not long..."

Yi Tianyun shook his head, turned around, and returned, ready to enter seclusion to cultivate the five Heavenly Dao Martial Arts. After returning, he has to deal with all kinds of greetings.

Yi Tianyun was the God of the Three Realms who led them, so naturally, they needed to come over to pay his respects; as long as he wasn't a dead man, they had to come over, honestly! On the one hand, they didn't want to die; Yi Tianyun's return must be worshiped; if they didn't worship and instead moved their anger over, it would be the end of the line; on the other hand, they were looking at Yi Tianyun's situation, to see what kind of change there was in the overall situation if it was stronger or something.

After sending them off, Yi Tianyun finally breathed a sigh of relief.

"It is not my specialty to deal with these things. These years it has been hard on you." Yi Tianyun shook his head, and they all came to flatter him. Although they are sincere, it is tiring.

"These are all necessary things. They are all loyal officials; accompanying the Emperor is like accompanying the tiger; it is not good to come to see you, restless." Shi Xueyun smiled from the side.

"I know this..." Yi Tianyun nodded; how could he not understand these things?

"Tianyun, what are your plans for coming back this time?" Shi Xueyun asked.

"I came back this time because I want to cultivate here to break through to the Heaven Monarch." Yi Tianyun looked at her and smiled, "Very soon, I will be able to lead the Three Realms to the God Territory. Your cultivation environment will improve at that time, and it will be easier for you to break through."

"Tianyun..." Shi Xueyun gently leaned over and lay on his shoulder. "Don't make things difficult for yourself. You can protect the safety of the Three Realms. This is enough. You have been working hard outside all these years, but we can not help at all..."

She felt very sad and watched Yi Tianyun fight outside. She crazily cultivated. In the entire Three Realms, it can be said that not many people can compare with her.

However, no matter how much she cultivates, her cultivation can not catch up with Yi Tianyun. Currently, she is very strong. She has reached the Divine King Stage 7th Layer.

This kind of talent is very good even in the God Territory. After all, the cultivation environment in the Three Realms is not as good as the God Territory.

“How can you not help? You should run this place now. It will be useful soon.” Yi Tianyun’s eyes flashed, “Cultivate the Three Realms, and then we will directly control a world!”

He spent so many resources cultivating the Three Realms that it is impossible for him to want the old but to cultivate this place and become the most loyal soldier!

When the time comes to the battlefield, any strong person can guard a place; this is just like the previous leadership of the forces; it is difficult to succeed by relying on him alone.

Even if he had no subordinates to control him after the violent suppression, everything would still be returned. Therefore, he needed talents from this side. Now, he was constantly cultivating them. In the future, he could use the land of martial arts.

To protect his hometown, he could not always defend himself just by becoming stronger. What he needed was for the entire Three Realms to become completely stronger!

“Well, we will!” Shi Xueyun’s eyes flashed with excitement. She also wanted to ride the battlefield!

Following Yi Tianyun, he took out a pile of martial arts and resources and gave them to Shi Xueyun. He began to cultivate. His cultivation is very simple. He just removed the five High-Grade Heavenly Dao Martial Art and constantly analyzed them with the Investigating Eye. This way, he can learn them easily.

If not for the Investigating Eye, even if he is very talented, he would not be able to understand these martial arts so easily.

Time passed slowly. He gradually understood these five martial arts. The content of each book was amazing. Compared to the martial arts he has now, it is much stronger. All the martial arts he has cultivated before can be abandoned.

“Almost, I have finished cultivating it. This world is vast, and the High-Grade Heavenly Dao Level Martial Art is profound. I don’t know what the effect of the higher level is?” Yi Tianyun said with a smile. Yi Tianyun stood up and went out to rest. He saw Shi Xueyun discussing something with her subordinates outside.

“What are you talking about? You look so serious.” Yi Tianyun smiled and walked over to ask.

“Tianyun, you are out.” Shi Xueyun smiled: “We are discussing Sister Jiu’s being crowned Holy Maiden. In the Three Realms, her prestige is extremely high. Everyone says that she is the Holy Maiden of the Three Realms.”

“Holy Maiden of the Three Realms?” Yi Tianyun was startled, thinking of the Holy Maiden Training Quest from a long time ago; he did not expect that it was already completed in the blink of an eye.

## Chapter 1168

“Yes, the Holy Maiden of the Three Realms. Sister Jiu has always been rushing back and forth for the entire Three Realms, saving many people and cultivating many strong people.”

“This may be related to her background. Her background is very poor, and she has never forgotten her roots. Instead, she has been saving those poor people. No matter who she is to, she has a holy heart.”

“In the entire Three Realms, she is the kindest, so we intend to make her the Holy Maiden. What do you think?” Shi Xueyun smiled and asked.

Yi Tianyun nodded. In the beginning, Jiu Lingyun was born into an ordinary family. Now, her cultivation is not low. She has reached the Divine King. In addition, she is very friendly and often helps others. It is not surprising that she is promoted to the Holy Maiden.

“I agree with this. Since it is everyone’s request, we will follow their request.” Yi Tianyun smiled and said, “I am not surprised that Sister Jiu can get this recognition.”

Jiu Lingyun has always been very good to her fellow disciples and strangers. She will know that good is good if she has a good heart. This is all because of Yi Tianyun. If not for Yi Tianyun, she probably would have starved on the streets.

“Okay, we will hold this coronation ceremony after a while.”

After Yi Tianyun agreed, he quickly made the decision. If he is not here, this matter will also be completed. After all, Jiu Lingyun is indeed qualified.

A few days later, soon in the Imperial Capital, the coronation ceremony was held. All the experts in the Three Realms came to congratulate each other, whether they knew each other or not.

Many civilians came over. Jiu Lingyun's reputation was very widespread. Many people received her favor and naturally came to greet her.

There is no discrimination in the capital. Everyone is welcome to watch the coronation ceremony. Such a grand coronation ceremony is unprecedented. Even when Yi Tianyun held the coronation ceremony, there were not so many people. It is enough to see how high her prestige is. She is comparable to an Emperor.

This made Yi Tianyun very pleased. It was all accumulated by Jiu Lingyun. If she had not done so many good deeds and accumulated so much reputation, many people would not be coming to see her.

Especially the civilians they surrounded the outside. They may not see it, but it does not stop them from coming to celebrate.

The entire Imperial Capital is bustling with noise and excitement, much more lively than usual.

Soon, Jiu Lingyun slowly began to come out of the coronation platform. Standing at the top was Yi Tianyun, waiting for Jiu Lingyun to come over and smile.

Jiu Lingyun's eyes flashed with water ripples, staring at Yi Tianyun, her eyes full of gratitude. She did not expect that the one who would hold her coronation ceremony would be Yi Tianyun!

This made her feel that everything was perfect, at least in terms of glory, and had reached the highest level.

"Heavenly Emperor." Jiu Lingyun came to Yi Tianyun and slowly knelt to greet him with the most respectful etiquette.

"Get up." Yi Tianyun gently raised his hand and let Jiu Lingyun stand up. Looking at her ordinary face, he smiled and said with relief, "Unknowingly, you have already walked your path and reached a new realm. I am very pleased with this. You becoming a Holy Maiden is what everyone hopes for."

Jiu Lingyun looked very ordinary. Even though she had broken through to the Divine King, she still maintained her original ordinary appearance. However, this ordinary appearance became her symbol.

Her appearance was very ordinary, but she always exuded a strong affinity. Compared to her beautiful appearance, it was even more intimate.

“No, I was bestowed by the Heavenly Emperor. Without the Heavenly Emperor, I would not have been able to come here.” Jiu Lingyun’s eyes are full of gratitude. She has always been very grateful to Yi Tianyun. Even now, she feels that she will never be able to repay him.

“Don’t be so modest; I am just your guide. You can get to this point because of your hard work.” Yi Tianyun smiled and said, “Now let me ask you after you become the Holy Maiden, will you still maintain your original attitude and help this world?”

“Yes, I will not forget my roots. I will always follow this goal and make the three realms peaceful. I will make the pain in the three realms less and more happy.” Jiu Lingyun firmly said she would stick to this point whether she is the Holy Maiden.

“Very good, then I will grant you the title of Holy Maiden now. Become the Holy Maiden of the three realms, and control the good and evil of the three realms!” Yi Tianyun came to Jiu Lingyun, took a crystal crown, and gently put it on her head.

At this moment, the audience cheered, and the cheers resounded throughout the Three Realms! Jiu Lingyun, who was so famous, became a Holy Maiden.

[Ding completed the task of ‘cultivation the Holy Maiden,’ obtained 3000 Prestige Points, and achieved ‘Stability of the Three Realms.’ ]

[Stabilizing the Three Realms: With the existence of the Holy Maiden, the loyalty of the Three Realms has reached 100, and no one will betray!]

Yi Tianyun was stunned. There was such a heaven-defying thing. Now that he had returned, many people admired him, but there were still many people he did not convince. After all, they had only heard of the deeds and did not know the real situation.

Jiu Lingyun is different; she has been wandering through the Three Realms, and her prestige is even higher than that of Yi Tianyun, so there will be no betrayal with her to stabilize the Three Realms.

I didn’t expect to meet this kind of special achievement when I came back; only absolute loyalty could make the forces more stable in the future.

I have to say, Jiu Lingyun is a heaven-defying Holy Maiden, and the Three Realms are stable! I don’t know if she can stabilize the Divine Realm when she enters the Divine Realm in the future.

No matter which force, the disciple must have a different heart, and now, with Jiu Lingyun in charge, everything is not a problem.

“Brother Yi, I will help you!” Jiu Lingyun held the wand in her hand and looked at him with a faint smile, “No, it should be said that we will all support you and work hard

behind you. You don't need to worry about anything; sister and the others are more hardworking than me."

Yi Tianyun was extremely moved. Looking around, Yi Yuwei and the others were all there, and Ye Qingxuan was beside him, all following him to help him.

Without them, the Three Realms would have been in chaos, and violence alone could not solve everything; it would only worsen.

"I know; thank you for your hard work..." Yi Tianyun smiled and waved his hand. A divine light enveloped their bodies, and they looked extremely eye-catching. "The Three Realms is glorious because of you!"

The Three Realms is not his, but theirs!

All of them were stunned, and then they cried. Everything was worth it. As long as Yi Tianyun had this heart, everything was worth it.

## Chapter 1169

Because Jiu Lingyun became the Holy Maiden, the entire Three Realms was celebrating, all kinds of celebrations, and all kinds of absolutions. Everything cheered because of this, and after a full week of excitement, they returned to their own areas to cultivate.

Many people were still unsatisfied, and did not want to leave here, but they all had their own things to do, so they had to leave and return to their respective regions.

Soon the lively Three Realms quickly stabilized, and returned to their original state of life, there was no big problem.

Yi Tianyun also began to continue to cultivate, eating the five books of Heavenly Dao Martial Art. All sides were doing well, and in the blink of an eye, he stayed here for several years.

Every time he came back, no matter how long he stayed, it was the most heartwarming moment he felt. Cultivating together was more motivated than cultivating alone.

However, he could not stay here forever. He still needed to break through to the Heavenly Monarch Realm. If he broke through to the Heavenly Monarch Realm, he would have to face the terrifying Heavenly Tribulation. Then he could not stay here forever.

After all, from the current situation, it was not enough to deal with these Heavenly Tribulations. He needed to strengthen himself further. Although he had completed many tasks and gained a lot of Crazy Points, it was still far from enough to upgrade. He still needed to accumulate a lot of Crazy Points to improve himself further.

“Tianyun, are you leaving?” Shi Xueyun felt something strange, Yi Tianyun just sat on the side, without saying a word, let her notice.

“Yes, there are still a lot of things to do.” Yi Tianyun smiled, “But don’t worry, I can come back at any time, so don’t worry about anything.”

With the Teleportation God Stone, he didn’t need to worry about anything. He could come back whenever he wanted but couldn’t bring people back. Unless he became a divine general under his command, he could only use the divine general summoning token to summon them.

Of course, if he put it into his inner world, he could use the teleportation stone to fly away, but it was useless to take them there now. He had some right to speak in Heavenly Spring God Territory, but there were not many of them. It was hard to bring a group of people there.

“Well...” Shi Xueyun didn’t say much, and didn’t say anything to persuade him to stay. She just quietly lay in his arms for the last moment of warmth.

Yi Tianyun didn’t say anything too sad. After a moment of warmth, he turned around and left, leaving Shi Xueyun alone in the empty room.

This scene has been repeated many times, but Shi Xueyun has no regrets. The only thing she can do now is to manage the Three Realms. Every time Yi Tianyun returns, he can see the new Three Realms!

...

Yi Tianyun used the teleportation divine stone to teleport back to Heavenly Spring God Territory in an instant. There is no chaos in the world, everything is the same as usual.

After all, he has only disappeared for less than a year, so there is no need to worry that someone will look for him everywhere; unless he disappears for a few hundred years, it is estimated that he will find him.

A few years, dozens of years is not a problem, a little seclusion will consume so much time, so he disappeared for a period of time, and it will not cause any trouble.

“Three Heavens God Territory, let’s go to see...” Yi Tianyun is not in a hurry to cultivate or to find trouble with the Evil Spirit, but to go to the Three Heavens God Territory.

Right now, he wanted to find the three Divine Kings, the protector of the Three Realms. Without them, the Three Realms would have been finished long ago.

Now, he wanted to look for them to see what was going on. One of them was Divine King Fengtian, his ancestor.

After deciding on his target, he turned around and flew towards the Three Heavens God Territory. Because his identity was more valuable than before, he would be allowed to pass through any place that wasn’t extremely restricted.

After leaving Heavenly Spring God Territory, he boarded the spirit ship and quickly flew to the Three Heavens God Territory.

Three Heavens God Territory is relatively far from Heavenly Spring God Territory. During this period of time, Yi Tianyun continued to study five martial arts. He has already mastered them, but he still plans to study them. He also plans to think about how to run smoothly in his mind.

“Stop!”

At this time, there was a burst of shouting in front of him, making him slowly open his eyes. What he saw was four cultivators blocking in front of him. Their cultivation was not high, only 2nd Layer Earth Monarch Second or Third Refinements level.

Looking at this formation, it is obvious that they are here to rob, and sure enough, in the next moment, one of them shouted, “This road is opened by me, this tree is planted by me, if you want to leave here, leave behind the money to buy the road!”

The vulgar robbery words almost made Yi Tianyun laugh.

Yi Tianyun flew out of the spirit ship, looked at the four of them, and said indifferently, “Where is there a road, where is there a tree?”

The surroundings were pitch black. Not to mention the roads and trees, there was even a pile of rocks flying on the side.

“Bullshit!” The leading cultivator’s face turned red, and he immediately said angrily, “If you want to live, leave us all the money. Otherwise, don’t blame us for being impolite!”

The four of them quickly surrounded the area, completely sealing off the escape route. Their expressions were ferocious and skilled. It was obviously not the first time they had done this.

The Three Heavens God Territory was a natural place for loose cultivators. However, there were many robbers like this. Without resources, the fastest way to obtain resources was undoubtedly robbery.

It could be said that the Three Heavens God Territory was quite chaotic. This was the reason why there were no managers like Territory Lords. The total resources of the Three Heavens God Territory were fine, but it was much worse than the other God Territory. At the same time, the area was not large, so no one would take over here.

Especially since it was so chaotic here, there were too many things to do to take over here. It was not worth it at all. Over time, this place became more and more chaotic.

Unless you are a rogue cultivator, no one is willing to come here. However, cultivators of the 1st Grade God Territory are very happy to come here. No matter how bad Three Heavens God Territory is, it is still the 2nd Grade God Territory. The cultivation environment is much stronger than the 1st Grade.

Yi Tianyun glanced at them, stretched out his hand, and gently flicked, and a Phantom Shadow appeared in front of them. This Phantom Shadow presents three avatars, which are actually the heads of Earth Monarch Feng Tian.

These robbers must have seen a lot of people, and they might recognize them.

"Have you seen them? If you have seen them, say it, I can spare your lives, and even give you a little reward." Yi Tianyun said.

"Fuck, why are you so arrogant! We are not asking for information, but robbing!" The leader was furious, "Cut him down and let this kid know our rules!"

Then the four of them roared and rushed to Yi Tianyun.

"Kneel!"

Yi Tianyun's eyes turned cold, and the power of the title of the Eternal First Earth Monarch immediately appeared. Facing the Eternal First Earth Monarch level, there was absolute suppression force, which directly compressed their strength by 1000!

As long as the difference in Heavenly Power was relatively large, the suppression effect would quickly reach its maximum.

Under his voice, their legs went soft and they directly knelt in the void!

## Chapter 1170

The power of absolute suppression caused these bandits to feel powerless. They felt as if their power had shrunk back! That's right, they had shrunk back. They felt like they couldn't exert any strength. They could only force out a little, no matter how hard they tried. They felt as if they had turned into a mortal.

This was the power of absolute suppression. Suppressing the title would be shocking when the opponent's Heavenly Power was much weaker than theirs.

Now, it was a very shocking effect. The opponent had lost all fighting strength and could not resist at all.

Their legs were so weak that they couldn't stand up. An unprecedented fear emerged from their hearts. They had never encountered such a thing before. It was truly too terrifying. Even facing an even stronger Heaven Monarch, they didn't feel this powerlessness.

After all, they can at least turn around and run in the face of the Heaven Monarch. They don't even have a chance to escape now. They directly knelt before Yi Tianyun, and their backs were already wet with cold sweat.

"This, what kind of power is this..."

Their hearts trembled; they felt that they were not facing a rash young man but a nameless expert and a very strong one.

"I will ask you one last time: have you seen these three people?" Yi Tianyun looked at them indifferently.

Only then did they look at the portrait on the projection again. After staring at it carefully, they all turned their heads and said, "No, I've never seen it before..."

"Rip..."

Yi Tianyun waved his hand, and one of them was quickly killed, turning into a pile of ashes, not even a drop of blood left, which made one of them die again, turning into a pile of experience.

“We, we have never seen them! They are not related to us; we can’t hide it! My Lord, you must believe us!” The group leader was scared to tears, constantly begging for mercy, where was the previous cruel demeanor.

Yi Tianyun waved his hand again, and the others turned into a pile of ashes, killing without mercy.

“I, I don’t know… I know a place that is more proficient in finding people.” The leader quickly shouted, hoping that Yi Tianyun could spare his life.

“Speak” Yi Tianyun said.

“Yes, it’s Moon Soul Pavillion from River Basin City. They specialize in collecting information. They should be able to find the person that my lord wants.” The leader said honestly.

“Very good, then you can go to hell.” Yi Tianyun reached out his hand and crushed the leader, turning him into a pile of ashes.

He doesn’t need to burst out any strong power; just the power this title brings is enough to crush them easily. They are really below the Heaven Monarch realm; all are ants!

First, the suppression of the energy level, then the suppression of this power, makes survival difficult.

The leader did not know what happened, but he was already dead, and the last words he wanted to say could not be said. Yi Tianyun believed that what the other person wanted to tell the most was why he tried to silence him.

The reason is very simple. These guys are ruthless people. What do you mean by leaving behind money and letting people go? This is bullshit. He can see at a glance that these people are killing people to rob their goods. There is no need to show mercy to this kind of people.

“The Moon Soul Pavilion in River Basin City is a place that specializes in selling information. There is no need to say this kind of place; I will find it.” Yi Tianyun waved his hand and quickly flew forward.

Generally, if you want to find someone, you can go to the restaurant or this kind of Moon Soul Pavilion, which is similar to collecting information. These Moon Soul Pavilions will provide tasks or collect information from many people so you can sell them for money.

He has been looking for these people before, so he is not surprised.

Under his continuous flying, he encountered several groups of robbers on the road. It has to be said that there are so many robbers on this road. When they saw him flying over, some of them immediately intercepted him. Like the previous robbers, they wanted to make a profit.

Some were willing to spare his life, while others were silenced. He didn't expect that there would be so many robbers on such a short road. It had to be said that the Three Heavens God Territory was too chaotic.

If anyone came along, they would be dead. As long as they showed their faces a little, they would immediately become targets. If they were lucky, they would, at most, rob money. If they were unlucky, they would be cut into eight pieces.

Therefore, he killed many robbers along the way. Those who opened their eyes didn't come close. He was too lazy to pay attention to them. If those who didn't open their eyes came over, they would directly kill them.

After flying for a distance, a huge planet finally appeared before them. Without a doubt, they mentioned the River Basin City.

After flying in, Yi Tianyun saw that this River Basin City is very wide, but the cultivators here are very chaotic. Most races have them, but the level is relatively low; if it is high, they will not be reduced to here but will be selected by other God Territory.

Most of the people here are not talented, their race ability is low, and there are also capable people; they do not like to join other forces, they do not like the sense of restraint, it is a good choice to dominate here.

Therefore, this place is very chaotic, but there are also experts. Yi Tianyun simply glanced around; there were many Heaven Monarchs here; as for God Monarch level, they would not run all over the street.

At least at the Heaven Monarch level, it is still relatively common here. There are also many above the Six Refinements Earth Monarchs.

In short, the biggest problem here is that it is too chaotic. If you are not careful, you will die without a burial place. After all, there are no rules here. Once you leave River Basin City, you will not know how to die outside.

If you want to live here, you must be low-key. Otherwise, you will not live to see tomorrow.

"This place is messy..."

Yi Tianyun glanced to the side, and a strong man just looked at him and immediately glared back.

“Kid, what are you looking at? Do you believe that I will stab you in the eye?” The Fourth Refinements Earth Monarch shouted.

Yi Tianyun was too lazy to pay attention to him. He turned his head and looked ahead. He was too lazy to look at the big man. He just looked at him. When the big man saw that Yi Tianyun did not look at him, he thought he was afraid and laughed.

From the initial robbers to the local ruffians, he knew that the Three Heavens God Territory was chaotic enough. The more chaotic the place was, the more likely it was to cause danger.

Earth Monarch Feng Tian and the others are all here. I wonder what the situation is like. Will others plot against them?

Thinking of this, he quickly headed to the Moon Soul Pavilion.

He put a lot of effort into finally finding the Moon Soul Pavilion. He was shocked when he stood at the door and sized up the Moon Soul Pavilion. This Moon Soul Pavilion was not very conspicuous. It was just a small house. If one did not look closely, one would not be able to see it.

For a moment, he suspected that the guy was lying to him. It looked like a broken house. Was it a place to collect information? It seemed too simple.
