

Read Crazy Leveling System - Chapter 1171

Chapter 1171

“This is Moon Soul Pavilion. Isn’t it a bit too simple?”

Yi Tianyun knows many things; it’s unclear on the surface, but this Moon Soul Pavilion is too low profile; if not for the simple plaque outside with the three characters “Moon Soul Pavilion” engraved on it, he couldn’t see it.

Immediately, he didn’t think too much about it; he raised his foot and walked inside; just as he entered, a rotten smell floated from inside, suffocating.

Yi Tianyun frowned. Are the conditions here too bad?

After coming in, he first saw a little old man sitting on the side, holding a fan, slowly fanning himself.

This little old man’s cultivation is not low. He has the cultivation of the 6th Layer Heaven Monarch, which is a good level. He didn’t expect to wear such dirty clothes here. He doesn’t like to bathe, and his body is smelly.

It seems to be a very ordinary old man, but Yi Tianyun knows this guy is not simple. He can be regarded as a camouflage type, which can make people relax their vigilance.

Only this old man is there in the entire Moon Soul Pavilion. There is no one else. The whole house has only a chair, and the old man is lying there. There is no chair or table.

When he came in, the old man slowly sat up. The fan in his hand was slightly cold. With his cultivation level, he was immune to water and fire. How could he still be hot? However, he liked this feeling and kept waving the fan.

“Oh, are you here to accept a mission or to ask for information?” The old man asked slowly.

“I am here to ask for information.” Yi Tianyun doesn’t doubt whether he is a liar. If he is a liar with this cultivation, it will be too much of a waste of talent. He might as well join a good force.

He believed that the robbers before would not lie. It is impossible to lie before death.

“Ask the cultivator for information, ask for Middle-Grade Rebirth Level Weapons, ask about the treasure, need two Middle-Grade Rebirth Level Weapons... Forget it; it is too troublesome; I am too lazy to explain; tell me what you want to ask.” The old man was too lazy to lie back down and looked more casual.

“I want to ask about the situation of these three people. I don’t know where they appeared.” Yi Tianyun released the appearance of the three people and showed them to the old man.

The old man glanced at them casually and said slowly, “The situation of the three people is that they need Middle-Grade Rebirth Level Weapons.”

Yi Tianyun threw out three Middle-Grade Rebirth Level Weapons without saying anything. Although they should be together, he took out three weapons to prove his sincerity.

The old man waved his hand and put away the three Middle-Grade Rebirth Level Weapons. He smiled and said, “As expected of a genius who has been in the limelight recently. Not only did he complete the Heavenly Venerable Road, but he also achieved amazing results in the Divine Construct Palace. Surprisingly, a human can reach this stage.”

Yi Tianyun squinted at him. Undoubtedly, this old man is showing his skills in front of him. From the side, he is collecting information and is very accurate.

Yi Tianyun didn’t change his appearance; if he can’t even recognize this, Yi Tianyun doesn’t believe this Moon Soul Pavilion’s ability.

“Moon Soul Pavilion looks simple and crude, but the information collection is first-rate.” Yi Tianyun smiled, not angry at all.

“If I can’t even do this, how can I dare to open Moon Soul Pavilion here?” The old man smiled and said, “The situation of your three friends is more complicated. According to the latest situation, they were taken away by the robbers as subordinates. The three of them are not bad, and they are immediately targeted. They are arranged to be in different positions.”

“If it were someone else, they would have been killed long ago, mainly still a little valuable.”

The old man stretched out his hand, and an astrolabe landed in Yi Tianyun’s hand and said, “This is where they are. As for the latest news, I am not very clear about it. This was half a month ago. Unless there are too many changes, you can find them according to this.”

Yi Tianyun took the astrolabe and immediately saw the coordinates marked by the three of them. Each person’s position is different. Consider it carefully; the three cultivate different places and will be arranged elsewhere.

He thought he would explain the general situation, knowing that it would give such detailed coordinates; this Moon Soul Pavilion is amazing. The ability to collect

information is incredibly amazing. The ability to collect information is amazing, and he doesn't know how it came.

"I will give you a piece of news for free. This robber is a big force in the Three Heavens God Territory. There are many powerful Heaven Monarchs, even Good Monarchs. You either redeem people or rob people. It depends on your choice. With your achievements, it is not a big problem to ask Heavenly Spring God Territory to send some experts to help." The old man kindly reminded him.

"Thank you for reminding me. If I need anything in the future, I will come back." Yi Tianyun was very surprised. He can come to him if he needs resources from this side in the future.

"Then thank you for your patronage." The old man smiled and lay back down, continuing to fan slowly.

After Yi Tianyun left, the old man smiled faintly, "I didn't expect to meet the sect master. Although it is just a name, who can say for sure in the future? I have to report this matter to the sect master."

After saying that, he flicked his finger, and a crystal shot into the wall on the side. It shook a little inside the wall, and the crystal disappeared.

After Yi Tianyun mastered the coordinates, he immediately flew to where they were, and through the principle of proximity, he saved Earth Monarch Feng Tian. First.

Earth Monarch Feng Tian was his master; after all, he had received much of his inheritance.

"Suspended Dragon Sect, if they have any problems, I will bury you with them!" Yi Tianyun's eyes are cold, and there are three protectors; if one of them is in trouble, he will vent his anger on the Suspended Dragon Sect.

Let all the experts of Suspended Dragon Sect be buried together!

The suspended Dragon Sect is the force of the robbers. It is a very amazing force. In the Three Heavenly God Territory, it is a relatively large force. It is widely spread. What he is going to now is one of the cities, Wasteful Dragon City.

Earth Monarch Feng Tian is arranged to be in Wasteful Dragon City. Presumably, his job should be to carve the Divine Imprint. Wasteful Dragon City is a relatively new city. Naturally, he needs to carve many Divine Imprints. But I don't know how harsh the treatment he receives will be.

Chapter 1172

“What are you doing? Hurry up and carve a Divine Imprint for me!”

A whip lashed out. With a loud snap, it viciously lashed at Earth Monarch Feng Tian, leaving deep blood marks on his body. However, he was no longer called Earth Monarch Feng Tian. Instead, he was a Divine King. How could he dare to call himself a Divine King? In this God Territory, a Divine King could not be called this.

Earth Monarch Feng Tian clenched his teeth. He endured the dizziness and continued to carve complicated Divine Imprints. His current level was already that of a 2nd Grade God Rune Master. Logically, he should be able to join a pretty good faction.

However, he was too old and was rejected by most factions. He had cultivated in the Three Realms for many years. It was already difficult for him to break through to the Divine King Stage. However, at his age, he was not worth much in the 2nd Grade's God Rune Master. Instead, he would be left out.

He would be worshipped instead if he was in the 1st Grade God Territory. This was a huge difference.

He had been inscribing Divine Imprints for a very long time. The consumption was extremely shocking. Every time he only gave a little time to rest, it simply killed him. They would not pay any attention to the Earth Monarch Feng Tian situation. They would constantly abuse him and urge him to complete this task.

Other than the Earth Monarch Feng Tian, there were also other God Rune Masters who were busy here. These were all captured and enslaved.

Their cultivation levels were not high, so they could easily suppress them even if they sent a weaker Heaven Monarch. Whoever dared to resist would immediately be killed!

Only those who were particularly outstanding would treat them well or change places. However, those who were here were all selected and would not be selected into the category of preferential treatment.

Overall, it was just that they were too old. The standards of the God Rune Master were not bad, but they were too old, and their prospects were limited. It was obvious from the selection of disciples in the 2nd Grade God Territory that their bone age could not be too high. If it were too high, they would be directly eliminated.

After all, a 2nd-grade God Rune Master was a common standard. Even a 1st Grade or 2nd Grade God Rune Master was more common. It was not a problem to work a little harder and spend more time to become a first-grade or 2nd Grade God Rune Master.

The problem was whether he could continue to sprint and reach the 3rd or 4th Grade. If he did not get this level, he would be trash!

The bone age was too high and still at this level. It meant there was no hope of breaking through, so they naturally would not recruit. Therefore, although many of the disciples in the Divine Construct Palace were 1st and 2nd Grade, they were still young and had enough time to break through.

The God Rune Masters that had fallen here were more miserable. Which of them was not at the bone age of ten thousand years? It meant they had stayed in the Star Monarch realm for too long and became even more worthless.

The bone age of a cultivator was extremely important. It was not that the older one was, the more valuable they were. It was that the younger they were, the more valuable they were. After all, they could cultivate twice the result with half the effort in their young state. Their comprehension speed would also increase.

Different stages had different judgments. It did not mean that the bone age of ten thousand years was bad. For example, a ten-thousand-year-old Heavenly Venerate. Who dared to say that it was bad? He would still be a peerless genius! To cultivate the Heavenly Venerate at the ten-thousand-year-old level, what else could it be without a genius?

When the guards went out to patrol, the Earth Monarch Feng Tian's eyes turned cold. He nodded to the people beside him, turned around, and rushed forward. He dodged to the corner at an extremely fast speed.

In this corner, there were already four people hiding here. It seemed that they had planned it.

“The guards have already gone out to patrol. They will return in about two incense sticks of time. We will take advantage of these two incense sticks of time to escape. After escaping, everyone will immediately scatter. Don’t be in a hurry to escape from Wasteful Dragon City. Hide in the residential area first.”

Earth Monarch Feng Tian seemed the leader and told the other four people, “When the time comes, they will send people to capture us. However, we can only hide and wait for the sound of the wind to pass or take advantage of the gap to escape from this Wasteful Dragon City!”

As soon as he finished speaking, Earth Monarch Feng Tian waved his hand, and all fled forward. Every one of them released their fastest speed and flew forward.

Just as the Earth Monarch Feng Tian was about to escape, he was suddenly enveloped by a net. He was tied up tightly and could not move at all. The Heaven Earth Monarch Feng Tian and the other two were also bound.

“Earth Monarch Feng Tian, you!”

They saw that the one who caught them was none other than their companion, Earth Monarch Feng Tian. He was the one who threw out this net and caught them all.

“You still want to escape?” Earth Monarch Feng Tian laughed sinisterly. “Stay here obediently and become my free bargaining chip!”

When the guard sensed the situation, he quickly rushed over. When he saw the situation before him, he said in a low voice, “What is this situation?”

“My lord, the three of them want to escape. I caught them and let you deal with them!” Earth Monarch Feng Tian said respectfully.

After the guard heard this, he became furious, “You bastards, you want to run away!”

After he finished speaking, he fiercely kicked one of them, causing one of them to cave in, almost causing his body to explode.

“That’s right, when this one knew they were going to escape, I immediately caught them. To do things for the lord and Wasteful Dragon City is an extremely honored matter. They want to run away!” Earth Monarch Feng Tian smiled faintly, “I also want to be like you, my lord, to be able to work for Wasteful Dragon City and be a member of the supervision here!”

At this time, they all knew what free chips were. They were chips! If they helped them, these people would naturally be very happy, which is equivalent to showing their loyalty.

The guard sized him up and laughed, “You are quite smart. Alright, I will report this to the lord later. At that time, you should be able to become a guard and take charge of the area here. There is indeed not enough manpower here. It seems that you are quite capable. It is not a problem for you to take charge of the area here slightly.”

“Thank you, my lord!” Earth Monarch Feng Tian was extremely excited. This was the result he wanted.

He did not want to continue carving the Divine Imprint here. The key was that he might not be able to survive after cutting it. Perhaps these people would be ruthless and kill them all.

As for the plan to escape, it seemed feasible, but the chances of escaping were too slim. Rather than taking a gamble, it was better to capture the three of them to show his loyalty. This way, he could get rid of them.

Reality proved that his method was not wrong, and he made the right bet.

“Now it is your turn. Since you want to escape, don’t blame me for being ruthless!” The guard sneered, and a long sword appeared in his hand. He grabbed the sturdy net and dragged it outside, ready to kill the chicken to warn the monkey.

“Where do you want to drag them?” At this time, a figure flew down from the side and stopped before the guard.

The guard looked up and saw a young man staring at him coldly. He felt a chill in his heart. For some reason, he felt a sense of fear.

Chapter 1173

“Who are you? Do you know where this is?” After the guard calmed down, he asked with a cold face.

“Isn’t this Wasteful Dragon City?” The one who arrived in time was none other than Yi Tianyun.

He had just arrived at Wasteful Dragon City. He casually walked around the area to see if he could find Divine King Tian Yong. He happened to see something like this happen here. After investigating this area, he discovered that the one caught was Divine King Tian Yong.

“You know this is Wasteful Dragon City, yet you still dare to fly here!” The guard was furious. “I don’t know who you are, but if you barge in here, you will be sentenced to death!”

After saying that, the guard pulled out his sword and stabbed Yi Tianyun. Yi Tianyun gave him a very bad feeling, so he wanted to kill him early to avoid future trouble.

Yi Tianyun dodged, easily dodging the attack, and suddenly kicked the guard.

“Boom!” He kicked the guard away and slammed heavily on the wall before him, creating a big hole. Even with the support of the Divine Imprint, it was still broken, which was enough to show how powerful his kick was.

[Ding! Successfully killed the guard of Wasteful Dragon City, gained 6 Experience, 2 Crazy Points, and a few Compressed Sin Points. Get Crescent Moon Sword (Middle-Grade Rebirth Level), Crescent Moon Armor (Middle-Grade Rebirth Level), 5 Times Experience Pill medicine.]

After the data was upgraded, the experience value seemed to have shrunk by more than half, but the use increased.

A little compressed experience was equivalent to 100 billion Experience Points, a little Compressed Crazy Point was equivalent to 10 million Crazy Points, and a little Sin Point was comparable to a million Sin Points.

After ruthlessly compressing, the data was no longer as exaggerated, but in essence, it did not change. However, it was not as exaggerated as before, and the effect did not change.

Such a loud noise immediately attracted the guards’ attention on the side, and they flew over. When they saw the intruders, their faces turned cold, and they quickly surrounded them.

“Rip...”

At this moment, the solid iron net was ruthlessly torn apart. The three people who were caught took advantage of this opportunity to escape. One of them stopped and did not rush to escape. This person was Earth Monarch Feng Tian. He did not run away with his other two companions. Instead, he chose to stand to the side.

”Earth Monarch Feng Tian, what are you standing there for? Hurry up and run together!”

“That’s right, hurry up and run. If you’re late, it’ll be too late!”

The two of them temporarily could not be bothered to pay attention to Earth Monarch Teg. Although they were extremely furious, if the guards surrounded them, they could not escape.

“You guys run first. This friend came down to save us. I can’t run away.” Earth Monarch Feng Tian was still so upright. Compared to the other guards, his cultivation level was relatively low. However, he did not intend to escape. Instead, he hid to the side and watched the situation.

“You!”

The two of them hated the iron for not becoming steel. They could only clench their teeth and turn around to run away. They also glared at Divine King Tian Yong when they were running away. They had completely regarded him as their enemy. If they met him outside in the future, they would fight him to the death!

This is not that they are ungrateful. They just feel that survival is more important. Yi Tianyun saved them, but staying here was a burden. They can't compete with those guards at all.

Earth Monarch Feng Tian hid on the side, watching the situation on Yi Tianyun's side. At the same time, he was extremely concerned about the problem of Tian Yong Earth Monarch in case they were attacked again by Tian Yong Earth Monarch.

"I didn't expect you to have helpers!" Divine King Tian Yong treated Yi Tianyun as a companion of Earth Monarch Feng Tian and said with a sneer, "But it will be useless soon. With so many guards surrounding us, you can't escape!"

"Is that so? Even if I die, I will drag you down with me!" Earth Monarch Feng Tian sneered.

"Then go to hell right now!" Divine King Tian Yong flew into a rage as he swung his sword over.

Then, Earth Monarch Feng Tian stretched out his hand and shouted, "Formation up!"

In the next moment, a beam of light suddenly lit up beneath the feet of Divine King Tian Yong, enveloping him within and locking him down.

"You, when did you carve a grand formation here..." Divine King Tian Yong looked at the grand formation beneath his feet in disbelief. He did not know when Earth Monarch Feng Tian had carved it here, leaving him completely unaware.

"You want to run? How can you not even prepare yourself?" Earth Monarch Feng Tian picked up the sword that fell to the side and slashed at Divine King Tian Yong. The other party opened his mouth wide, and before he could even make a sound, his head had already fallen to the ground. Following that, his body exploded into a bloody mist, and he was dead.

When Earth Monarch Feng Tian attacked, he did not hesitate and did not show any mercy, directly killing!

Earth Monarch Feng Tian can dominate a region in the Three Realms; how can he not have the ability?

When Yi Tianyun noticed the situation over there, he smiled slightly. As expected of an expert from the Three Realms, his ability is not inferior to that of an expert from the Divine Realm.

At the same time, the surrounding guards had already surrounded the two of them. This place was so tightly packed that not even a drop of water could trickle through. There were a total of five guards. All of them were at the 4th and 5th Layer Heaven Monarch. All of them had rushed over from the side.

“You killed the guards of Wasteful Dragon City. Do you know where this place is?” One of the guards was shocked when he saw his companion being kicked into a meat patty.

In the Three Heavenly God Territory, someone dared to cause trouble in the territory of the Suspended Dragon Sect. Wasn’t this going against the Suspended Dragon Sect?

“Isn’t it just the territory of the Suspended Dragon Sect? It should be said that it is the territory of a group of thugs and robbers, randomly snatching cultivators as coolies.” Yi Tianyun said, “I am not a Bodhisattva. It is fine if I catch others, but if you dare to see my people, don’t blame me for being impolite!”

He was not worried about the Suspended Dragon Sect at all. He was barefoot. How could he be afraid of these forces? As for the fact that it was found out to be from the Heavenly Spring God territory, he was not worried either.

He believed that the Suspended Dragon Sect would never dare to provoke Heavenly Spring God Territory unless he wanted to die. How many God Monarchs could a small Suspended Dragon Sect have? Heavenly Spring God Territory had dozens of God Monarchs. If he sent a few elders over, the Suspended Dragon Sect would be completely wiped out.

“What a big tone. Even if it is a dragon, come to our Suspended Dragon Sect; you have to coil up for me! Catch him and force him to find out where he is. See if the enemy forces send him!” When the guard felt that Yi Tianyun was only at the Earth Monarch, he was suddenly full of courage and not worried.

He does not know why his companion was killed. He was likely careless or attacked. In his opinion, he was possibly attacked. The main thing is to investigate which force this intruder is from.

In the Three Heavenly God Territory, there are several forces similar to the Suspended Dragon Sect, so it is possible that other forces send them to cause trouble.

Immediately, the guards surrounded Yi Tianyun, wanting to capture him. When they were about to rush over, suddenly, there was a flash of light on the side, blocking these guards inside.

If you look carefully, it is an exquisite formation; I don't know when it is set up here; it can temporarily block the movements of these guards; it seems that it has been set up for a long time. Otherwise it will not be used immediately.

Yi Tianyun smiled; there was no doubt that this was the Great Array of Earth Monarch Feng Tian!

Chapter 1174

“This friend, let's go!” Earth Monarch Feng Tian came out and shouted, “I can not hold on for too long. At most, it will take a short while!”

Yi Tianyun saw Earth Monarch Feng Tian coming out and smiled. He had already seen that there was a formation here. He guessed that Earth Monarch Chuang Tian set it up. Sure enough, it was released now. It was unexpected.

Being enslaved here, taking advantage of the gap between the guards to continuously carve the array, it is really not simple, no wonder Earth Monarch Chuang Tian stayed here, to control the array to imprison the guards and run away together.

“No hurry, I will kill them now.” Yi Tianyun jumped, turned into a lightning light and flashed away, the next moment five blood mist exploded in the air, the guards did not even have a chance to resist, all of them exploded.

Then it turned into a pile of experience, much faster than absorbing the water core.

“This power...” Earth Monarch Feng Tian gasped, and was shocked by Yi Tianyun's action, and then smiled bitterly, “It seems that I have done something unnecessary. Even without this array, you can easily suppress them. Earth Monarch can kill Heaven Monarch; I have only heard of it; I have never seen it before.”

He felt that it was unnecessary to stay, and there was no need for him to help, he could easily kill everything.

Immediately his face changed slightly, and he hurriedly said, “Then let's leave quickly, if we go too late, Suspended Dragon Sect will definitely not let us go! These guards are weaker than Suspended Dragon Sect, they have stronger existences!”

However, after he said it, he remembered Yi Tianyun's words, turned to look at him and said, "By the way, didn't you come to find a friend? Where is your friend? I am more familiar with this place; I can take you to find him. As long as I have seen it in Wasteful Dragon, I have basically seen all of them, I can take you to find him immediately!"

Yi Tianyun smiled at him and said, "You are the person I am looking for."

"Looking for me?" Earth Monarch Feng Tian was shocked. He pointed to himself and said, "I am the person you are looking for? No way, I don't even know you. It is the first time I have seen you."

"It is the first time you and I met, but according to the rule, I am half a disciple of yours." Yi Tianyun looked at Earth Monarch Feng Tian. Even if Earth Monarch Feng Tian came out, his character still hasn't changed, and he will not be turned into a bad person by this cruel world.

The strong people who can protect the three realms, sacrifice themselves for others, this heart still hasn't changed.

"Half a disciple?" Earth Monarch Feng Tian laughed and waved his hand. "How is that possible? Your cultivation level is much higher than mine. I'm only a 2nd Refinement Earth Monarch. From the looks of it, you're at least at the seventh or 8th Refinement Earth Monarch. Otherwise, how could you easily kill these guards?"

"Three Realms." Yi Tianyun said softly.

"Three Realms?" Earth Monarch Feng Tian jumped up and looked at him in shock, "You, you came from the Three Realms?"

"Yes, I came from the Three Realms. To be precise, I came to find you. The guardian of the Three Realms!" Yi Tianyun said with a smile.

"This, this..." Earth Monarch Feng Tian is still very incredible, how can he not know the situation of the Three Realms, how can there be such a heaven-defying existence.

Yi Tianyun grabbed him and quickly flew outside. He rushed out of the planet and easily escaped from here. After breaking through to the 10th Refinement Earth Monarch, they all had the strength of Heaven Monarch, and their speed was amazing. Otherwise, they would not be killed so easily.

"Let's go and save Earth Monarch Chuang Tian now. He is still my ancestor." Yi Tianyun looked at his stunned expression and felt very funny.

The legendary figure showed this expression when he saw him.

“You, the descendant of Earth Monarch Chuang Tian, it’s incredible...” Earth Monarch Feng Tian is shocked again; he can’t calm down, and all the impact is too big for him.

“What’s the situation with you? After so long, you don’t plan to go back to the Three Realms to see?” Yi Tianyun asked.

“Go back, why don’t we go back? Before we came to 2nd Grade God Territory, we planned to go back to the Three Realms to see the situation. After all, there are still the Evil Spirits that have not been dealt with. Who knew that we went back to look around and found that the Three Realms are all gone! I thought it was destroyed, which made us three very depressed.”

Earth Monarch Feng Tian shook his head, and then looked at Yi Tianyun and said excitedly, “I don’t know what is the situation of the Three Realms now? You must know!”

“The Three Realms have been transferred, if not transferred, it would have been destroyed by the Evil Spirit Race.” Yi Tianyun smiled, “So don’t worry, the Three Realms is still fine, there is no problem. The next time I take you back, many people in the Three Realms still miss you very much. After all, you have made a lot of contributions to the Three Realms.”

“Is that so...” Earth Monarch Feng Tian seemed to remember the situation of the Three Realms and said happily, “But it’s good that the Three Realms are still here. It seems that you have solved the Evil Spirit Race situation. We have been cultivating here for too long. We never thought of staying in the God Territory for a year. It has been several years in the Mortal Territory.”

“We have been in the God Territory for many years. It is difficult to move an inch here, and there are too few resources. Our talent is too low, and it is very difficult to improve. It is hard to stand firm in the 1st Grade God Territory, but the gap is still very big.”

He sighed deeply as if he had encountered a major setback. Standing at the peak of the Mortal Territory and coming here was nothing; how could he not feel frustrated?

Yi Tianyun nodded. He knew that this was the reason. They knew that their cultivation was too low, so they must cultivate well in the God Territory. When they succeeded in their cultivation and were ready to go back, they had already been in the Mortal Territory for thousands of years, or even ten thousand years. This was the horror.

“No, you just lack resources.” Yi Tianyun patted Earth Monarch Feng Tian on the shoulder and said in a low voice, “Now let’s go save them and solve this problem first.”

“En!” Earth Monarch Feng Tian said in a deep voice, “They have been captured and enslaved in different places. Earth Monarch Chuang Tian should have been captured to refine weapons. Earth Monarch Chuang Tian’s refining level is very good, otherwise we will probably be killed.”

Yi Tianyun's eyes are cold, "Don't worry, I will make them pay the price!"

He felt that his heart was restless, and he wanted to start a massacre. If anything happened, he would not mind killing!

"Yes! We are all seeking revenge. As long as someone comes, even if we have to sacrifice our lives, we will fight them!" There is a bit of determination in the eyes of Earth Monarch Feng Tian, and he will never let go of anyone who comes.

Yi Tianyun smiled. Even if so many people suppress them, they still don't get rid of the frustration and courage in their hearts. This is the guardian of the Three Realms!
