

CRAZY PLEASURE

Chapter 19 Fuck My Pussy: Cousin In A Room 4

As Helen and I French kissed each other I ran a hand up and down her back, with one arm under her neck I rubbed her arm and shoulder, while she rubbed her hand up and down my back and one hand she stroked my dick up and down some.

As I rubbed Helen's back I rubbed my hand down lower each time till I rubbed my hand onto her butt cheeks and when I got my hand on her cheek I give it a squeeze, then squeezed her other ass cheek, then rubbed back up her back and back down to her butt cheeks to give them another squeeze again, getting a moan from Helen each time I gave a butt cheek a squeeze.

I felt Helen's hand rub down and give my butt cheeks a squeeze as well and in breaking the kissing off, "Oh fuck baby, you have one nice sexy round ass that

feels so soft, yet firm, butt cheeks."

"Your butt feels so firm and hard just the way I like a man's butt to feel like." another clap of thunder sounded off again, "I need you to love me Roger, the way I love you."

"Babe I love you so much that you Julie never know just how much I do love you." with that I then kissed her again with her kissing me back.

After kissing Helen on the mouth for a little bit, I then moved down and started kissing around on her neck and down to her tits and sucked and nibbled on her nipples and flicked my tongue around on her nipples and then gave each of them a light nibble again, before kissing my way on down toward her belly button.

When I got to her belly button I flicked the tip of my

tongue around in her belly button, "Oh no baby that tickles!" as Helen squirmed around on the bed with each flicker of my tongue.

After a few more flicks of my tongue in her belly button I kissed my way on down to her bald pussy and getting in between her legs, I kissed her right thigh down to her knee, then kissed my way back up her thigh to her bald mound and over to her other thigh and kissed my way down to her knee, before kissing my way back up toward her bald pussy mound.

I had noticed that the lighting had faded by this time and it was raining now and we could hear the rain hitting the window that was at the head of Helen's bed. As I kissed my way back up to her bald mound, "Oh please quit teasing me and eat my pussy out babe. I need to cum now you have me so damn hot and wet for you."

"I've wanted to taste your pussy ever since I saw you come into the restaurant this evening." then I dipped my head down and licked from the top of Helen's split to her taint, as I've heard it called. As soon as I touched her taint, "Oh fuck me baby. I need your tongue in my pussy baby."

I then licked up to her pussy opening and stuck my tongue into her pussy as far as I could get it and wiggled my tongue around tasting her juices. After tongue fucking her some I raised my head just a little bit, "Oh fuck baby, your pussy is so wet and hot and tastes so damn good to me. You are as sweet as I thought you would be sexy."

I went back to tongue fucking her pussy and a few strokes more I then licked up to her clit and flicked my tongue over it some before I then sucked on it while sticking a finger into her pussy. As soon as I sucked

on Helen's clit and stuck my finger into her pussy, "Oh fuck me Roger. Yesss make me cum baby. I need to cum so damn bad." I then reached up with my other hand and squeezed her tit and then pinched her nipple. That is what set her off to outer space, "Oh fuck I'm fucking cumming baby, yes fuck me, I'm cumming."

I felt her pussy muscles squeeze my finger and she bucked her butt up in the air and clamped her legs together, trapping my head between her thighs as I kept licking and sucking her clit and wiggling my finger around inside her pussy.

"Oh fuck me I can't stop cumming baby. Shit I'm still cumming."

In a short time after she started cumming she started pushing my head away while still clamping her thighs tight on each side of my head, "Oh baby stop, I'm too

sensitive there now. Grrrrr stop! It's too sensitive baby." while lifting her but up and trying to push away from me while pushing my head away. I had stopped licking and sucking on her clit but she had her legs squeezing my head so tight, I couldn't get away from her and I was still wiggling my finger around in her pussy and her cum juices were flowing out around my finger and all around my face, as I did keep trying to get as much of her pussy juices into my mouth, as she kept cumming on my finger and face.

When she finally came down from her orgasm she relaxed her legs enough for me to break free from her and look up into her eyes, as she said, "Oh fuck babe, I've never cum so damn much as you just made me cum. I knew I loved you and wanted so bad for us to have s*e*x and now, I love you so much more like I was thinking I did and now I know I love you with all of my heart. I love you more than just my cousin baby."

"I love you more than just a cousin too. I knew I loved you more than just a cousin the day we went around the big pond to the other side to be alone that day when you told me about the break up you had with your ex-boyfriend three years ago. Holding you that day you felt so warm and your skin felt so soft as it does now. I've all ways wanted to make love to you so much ever since that day." as I played with her tits by squeezing them and flicking my fingers over her hard nipples.

"I want you to make love to me now please. I wanted you to make love to me that day three years ago. Why didn't you make love to me then?"

"I didn't feel that was the time or the place, since you were grieving over your ex and I didn't think you would want me the way I wanted you since that day." as I kept squeezing and flicking her tits and nipples. I was even sliding my dick back and forth on her bald

mound.

"Would you have made love to me had I said to make love to me?"

"Yes, I more than likely would've. But you didn't, so I didn't make my move on you then since I didn't know how you Julie have felt about me." still playing with her tits and nipples, while still sliding my dick around on her mound.

"Oh babe that feels so damn good. Come here baby, I need you to put your fucking big as cock in my hot pussy."

I let my dick slide down across her clit as I let it slide down to her pussy hole. My dick had started collecting some of her pussy juices as soon as the head of my dick slid down past Helen's clit.

As I slid my dick back up toward her clit my dick head caught on her pussy hole and then slipped inside of her pussy. Helen's pussy is so wet and tight as well as hot too, "Good thing your pussy is so fucking wet or I wouldn't have been able to slide my dick into you like this. You're so tight."

"Oh fuck baby. Your cock is so damn big is why my pussy is so tight. I've never had a cock as big as yours is. Now fuck me Roger. I love you so damn much. I need you to make love to me babe, right now!"

I started sliding my dick in and out of Helen's pussy and then leaned over her and started kissing her on the mouth in a French kiss, feeling her tits pressed into my chest and feeling how hard her nipples are.

After I broke the kissing off I then leaned down more and sucked a nipple into my mouth, then lightly

flicking my tongue over her nipple, then a moment later I switched to her other tit and nipple.

"Oh fuck me baby. I need you to fuck me hard baby. I need to cum now baby."
