

CRAZY PLEASURE

Chapter 20 Cumming Shit: Cousins In A Room 5

I then started fucking in and out harder and faster,
"Oh fuck sexy you are so fucking tight. I love you so much."

"Oh yes baby, I love you so much too. You're about to make me cum. Please make me cum baby."

I sat up straighter and lifted her legs up to put her legs on my shoulders and fucked her faster than I was and it felt like I Julie have got deeper into her pussy than I was, when I lifted her legs up and put them on my shoulders.

"Oh baby you are so deep in my pussy now. I feel you fucking me so fucking deep baby. Don't stop fucking me. I'm about to fucking cum... Oh fuck me..."

I reached down and pulled on her nipples like I was

trying to pull them off of her tits and rubbed them around between my thumb and finger, "Oh fuck me I'm ab... I'm fucking cumming baby, yes."

I felt Helen's pussy muscles start to squeeze my dick as I pushed her legs back to practically fold her in half and raised my knees up and started fucking downward into her, "Oh fuck I'm fucking cumming again baby, shit. Oh yes, you are so fucking deep making me cum so damn much baby, fuck."

"I'm about to cum too baby. Where do you want me to cum at?"

"I want it in my pussy. Fill my pussy up with your hot baby making cum. I want to feel you cumming in my pussy." I then felt the first rope of cum shoot out of my dick into Helen's hot tight bald pussy.

"There it is baby. I'm pumping your hot pussy full of

my cum now baby."

"Yes I feel your hot cum hitting the back of my pussy, so fucking deep. It feels so damn good to have your cum filling my pussy up after all this time. I've wanted to feel your cum feeling me up for so long now and I'm finally getting to feel it filling me up. I don't want you to waist any more cum again I want it all in me. I want to taste your cum... Oh fuck I'm cumming again shit."

I felt like I had cum more in Helen's pussy than I had any other time in my life. With all the women I've been with in my life, s*e*x with them hasn't been as good as it was here with Helen.

When we calmed down and had quit cumming I collapsed onto my side, pulling Helen with me while keeping my dick stuck in her pussy. I kept my arms wrapped around her kissing around on her face and

she kept her arms wrapped around me too, "Oh man Helen, you are the best. I've never had s*e*x as good as what we just shared."

"I was just thinking the same thing myself. No other guy has made me cum so much at one time like this. I meant every word about loving you and not wanting any other man but you only."

"I love you too and have loved you now for some time. I don't want any other woman in my life but you and only you."

"What about my mom? Do you want her too?"

"Aaaa... Why... you ask... me about her? Is there something I need to know before I answer that question?"

I saw this shit eating grin come over Helen's face and

then, she said, "It's been a while since mom has been with a guy and she is afraid of going out to find a guy that Julie be no better than dad was or is. She told me what she was going to do when she talked to you about sleeping with me tonight because you are the only man she feels that either of us can trust in the family and she sure as hell can't trust any man outside of this family. I must say I feel the same way. I do love you more than any man in this world and I really think mom loves you the same way as I do but she's not sure how you feel about her."

"I love her too but I've never really masturbated while thinking of her. I Julie have trouble now that she has kissed me when she asked you to leave us alone so that she could talk to me this evening. Had it not been for you wanting me to have s*e*x with you this evening, I know I would've thought about her before I was able to go to sleep tonight. I am wondering if I Julie end up dreaming about both of you when I do go

to sleep here in a little bit. I'll have to think about just how much I Julie love Aunt Julie now but one thing for sure is I do love you more than any other woman, outside of the family."

"I hope you can love her as much as you do me or at least close to as much as you do me. I'm willing to share you with her and Julie be sharing you with your mom even if you want to have s*e*x with her, since her and your dad isn't having s*e*x like I know your mom would like to."

"I've had that imprecision when over hearing some of her conversations. The problem is she will not talk to me about anything that I Julie be able to help her with or figure out how or what she Julie need to do to make things better between her and dad. She all ways said it is better to talk about them than to leave them bottled up inside but she doesn't follow that rule of thumb, so I've done the same thing to her and

since I don't feel like I can talk to her about everything, like she says I can, so I end up not talking to her about anything that Julie help to talk out.

"Mom and I talk about everything together but she waits to talk to me about things when she can talk without breaking down and crying her eyes out, while she is trying to talk. I'm pretty much the same way too."

"I wish it was that way with mom and me but she shuts me out so I end up shutting her out as well."

"I'm sorry to hear that. That explains why the two of you aren't very close then."

"You got it."

"Will you open up to my mom if she opens up to you?"

"Yes I will. I do have things to talk to either her or mom about but the person I talk to needs to be willing to talk to me as well."

"I'm willing to open up and talk to you babe." Helen and I kissed each other and just held each other as we drifted off to sleep.
