

# CRAZY PLEASURE

*Chapter 27 Helen's Pu\*ss\*y: Cousins In a Room 12*

Throwing her arms around my neck, "I take it you must really like all that dark and brown stuff about me?"

"Yes I do like all that some but I love it more than like it all."

"I was fixing to say "like all that some"? You're lucky you changed it to loving it more."

"Now what would you do had I not said that "I loved it more"?"

"I would've divorced you before we even got married. That is whenever you get around to asking me to marry you."

"That'll be after I have a bigger nest egg than I already have. I also want to find out how much of a gold digger you are first."

"Now don't you go to comparing me to your last girlfriend or we're done, right here and now, as much as I want this hard ass cock, that's in my pussy right now."

"Never, I'm really trying to say is if you're going to ask for my gold to save it for us or spend it, on what we need and not on what we want till such time we have a healthy nest egg built up."

"Now that is more like it. You save our money till we can have what we want like a wedding ring but you either give me enough money to pay for what we need or you buy it for us, while you save the rest of it for that rainy day we're sure to have hit us from time to time as well as for, our nest egg. After we are married, then I'll make sure money you bring in gets put into our nest egg"

"Okay if that is the way you want it. You sure drive a hard bargain, but a good bargain." then reaching in and French kissing Helen, while she returned the French kiss.

After we kissed for a little bit we broke the kissing off, I then started slowly fucking her pussy at a slow speed, "Oh fuck baby your still hard."

"How can I not be still hard as fucking hot, tight, and sexy, as you and your pussy are?"

"Ohhh, you think I'm all of that do you?"
