

CRAZY PLEASURE

Chapter 28 Taste It Again: Cousins In a Room 13

Sitting at the supper table with Cousin Helen on one side and Aunt Julie on the other side of me, with the three of us eating in the nude and mom, across the table from me fully dressed in her usual baggy clothes, which is shorts that cover half of her thighs and a sweat shirt that is two sizes too big for her, was a little bit on the odd side of things. We did make small talk though that did include mom in the conversation as we ate our supper.

When we all finished eating supper and the kitchen was cleaned up we all went to the living room and sat down like we were going to watch a movie on the television but before the television was turned on, "Mom I have some news that I'm not sure if you're going to like or not."

"Just spit it out then."

"I'm not going back home with you when you decide to leave here. I'm going to stay and start looking for a job first thing in the morning."

"Are you sure it will be the first thing Roger?" Aunt Julie asked me with a grin to break the tension in the room.

"Putting it that way, it Julie be the second or third thing I do then." I replied with a grin.

"Does this have anything to do about you and me?"

"A tiny bit of it does. I love the fact that at least two sexy beautiful women wants to be close to me but you don't want to look sexy or beautiful for me or any other man, which is understandable and you think you can change dad. You have another think coming. You don't want to open up and talk to me about anything that is bothering you, which in turn I wouldn't open up

and tell you what was bothering me so much either. Just talking to me, you and I could've been a lot closer even without the s*e*x part or the dressing part even but you don't want to be close to your own son so, I'll just stay with the two women that want to become close to me and me with them. I Julie be a boy to you but I am over eighteen which makes me more than a man now, I think. You want to look sloppy and live a sexless life, you just go on down the road and do so but I'm not going to stick around where I'm not wanted, as you make me feel so, I'm going to stay here."

We did make small talk though that did include mom in the conversation as we ate our supper.

"You sound like one of those men that want me to stay nude, barefoot, and pregnant, all the time. I will..."

"See you won't even listen to me or at least listen to all the words I say either. Had I said anything of that sort, I would just tell you to take those clothes off right here and now and lay down on that couch with your legs spread but, I didn't say that. That is the other reason you and I can't get as close as a mother and son could be, that other people would look at us as normal mother and son love."

"How dare you talk to me like that? I will not take my clothes off for you

and lay on this couch for you to fuck me in front of any one or alone, so you better back off." as she stood up and went to the bedroom.

"I'm done talking to closed eors Aunt Julie. I'm sorry about her closed eors and I apologize to you too Helen."

Aunt Julie slid over next to me and took my hand in her hand, "Don't worry about it Roger. You did nothing wrong. Is that how she is when you two are not home and you try to tell her something in like manner?"

"Yes it is. I give up on trying to talk to her and it Julie took me a little bit to get used to talking to someone that is willing to talk with me and listen to me in return."

"She used to never be like that before she married your dad. He really has done something to her to make her change and not listen to every word said to her. Any idea as to when she changed like that?"

"I have no idea."

"I'm going to go see if I can get her to talk to me as to why she is like that with you."

"You sound like one of those men that want me to stay nude, barefoot, and pregnant, all the time. I will..."

"I'm done talking to closed ears Aunt Julia. I'm sorry about her closed ears and I apologize to you too Helen."

"I do wish I knew why myself." as Aunt Julie stood up and started toward the bedroom.
