

CRAZY PLEASURE

Chapter 30 I Need Your Cock: Cousins In a Room 15

I could feel more of her cum squishing out from around my cock and even feel my balls getting soaked too. I could feel my thighs getting wet as well from all of Helen's cum, squirting out from her pussy. Helen's pussy muscles kept squeezing my cock as well and it just about got me close to cumming, which I stopped fucking her and pulled out all the way and turned her over onto her back.

As soon as I got Helen on her back on the bed, "Oh baby please put that big fucking cock of yours back in my hot fucking pussy. I need your cock back in my pussy now."

I rubbed my dick up and down in her pussy a few times, then when I felt her opening I pushed my dick in fast and steady like, and then pulled out and repeated the same move again but faster, and then just kept fucking her, causing her to start cumming again the second time I pushed my cock into her pussy, "Oh fuck me baby you're making me cum again, fuck me shit. I can't stop fucking cumming and I love you so much, for making me cum baby."

I brought Helen's legs up and put them on my shoulders leaving my head between her feet and I then turned and kissed and licked on her feet and toes as I kept fucking her pussy as fast as I could. As I kissed and licked on Helen's foot and toes, I even sucked on each toe, while I run my tongue around each toe as I sucked on each one, "Oh baby fuck me, you're making me cum more and more, shit. I can't stop cumming, fuck me."

I then leaned over her putting her feet on each side of her head and rose up on my toes and kept fucking her as fast as I could, "Oh. Oh. OH, FUCK ME. You're fucking me so fucking deep, shit, I'm cumming again, fuck me."

Each time Helen would cum some more I felt her pussy muscles squeeze my cock more than they was and it did make it a bit harder to fuck her, as fast as I was, which made it a good thing she was so wet like she is, and I felt her cumming almost the whole time I fucked her and she's still cumming still yet, "It's a good thing your pussy is so fucking wet baby. You keep clamping down on my dick with your pussy muscles like you're doing and I'll be filling your hot fucking pussy up, with my cum real quick."

"Yes, I want your cum in my pussy. I want you to cum with me, fuck, I'm fucking cumming again."

After a few more strokes in and out of her pussy with my cock, "Oh fuck me baby, I'm about to cum in your hot fucking pussy."

"Fuck yes, cum with me, I'm cumming now. Now cum with me, NOW..." she said, then I shot a rope of cum into her pussy when I had my cock all the way in as far as I could get it, with her pushing into me to get my dick in her as deep as she could too.

"I'm cumming sexy, in your fucking hot pussy." keeping my cock in her as for as I could get it, while up on my toes still, "I'm filling your pussy up with my cum sexy."

Oh yes boby, fill my pussy up with your hot fucking cum. I feel your cum filling me up, it feels so fucking hot. Don't stop cumming in my pussy boby; I want to make a boby with your fucking hot boby better someday."

When Helen said that I felt another couple ropes of cum shoot into her pussy, which turned out to be more cum from the feel of it, than I did while in the living room with Aunt Julie, and mom, was watching us fuck.

When we did finally quit cumming and calmed down some I let Helen's legs go so she could relax them on the bed, on each side of me and I lay down over her with my arms bent, for me to put my weight down on my elbows, then we kissed each other with so much passion that my dick flexed in her pussy and didn't go soft, for the time that we kissed each other.

When we broke off the kissing, "Oh boby, you made me cum so fucking much. I've never cum so much at one time with a guy before. I love you so much I do hope it works out with us because I do want to have your boby someday soon."

"I believe we will be together from now till death does us part myself. We will have as many babies as you want to have sexy."

"Do you really love me that much?"

"Yes I do." with that we kissed again and rolled over onto our sides still holding to each other.

We broke the kissing off after a moment and just held onto each other and I didn't know anything, until I felt movement and the sun was shining in through the window, which told me it was the next morning.

I opened my eyes to see Helen looking at me, "Good morning Roger love. Did you sleep good?"

After a few more strokes in and out of her pussy with my cock, "Oh fuck me baby, I'm about to cum in your hot fucking pussy."
