

SUPREME CRAZY WIFE

Chapter 3001 Side Story: Adapting To Local Conditions

The evildoer's words were so righteous that Leng ruoxue wanted to cover her face. However, the one who was the most shocked was Ji Kai. Of course, it was mainly because he admired his master too much. One should know that he was already over 50 years old and had seen many people with power and influence. However, he was definitely the first person who could say that he had no money as if it was a matter of fact like his master!

At this moment, he even felt that his master was really too stylish. At least, the aristocrats he had seen were far from his master in terms of temperament and bearing! No! It should be said that it couldn't even be compared to a strand of master's hair!

Thinking of this, Ji Kai's heart was suddenly filled with lofty aspirations! Such a master, no matter what, he had to hold on tightly to her thigh and never let go! However, without money ... It would be difficult to move!

Thinking of money, Ji Kai, who was full of pride, instantly felt down again.

Feeling Ji Kai's emotions fluctuating, Leng ruoxue could probably guess what was going on. However, she was not worried at all. After all, they couldn't go everywhere to earn local money! To them, money was nothing, and they didn't need it! More importantly, she and the demon didn't need to follow any rules at all. Basically, the two of them could teleport to that space and swim there!

It was a pity that she had a little guy with her now. She didn't want to lead him astray, in case he had a wrong world view! For a moment, Leng ruoxue was in a difficult position.

After giving it some thought, she took out a top-grade fire-type crystal that had been absorbed and said, "This should be able to be exchanged for some money, right?"

At this moment, the top-grade crystals of the fire attribute, which were originally full of spiritual energy, showed a different pink color from their original fiery red color because their spiritual energy had been absorbed. The crystal clear crystals were clean and flawless, and unusually beautiful. Originally, these crystals could recover their spiritual energy after being slowly nurtured, but they had no money now! She could only take it out and use it!

This piece of crystal could be made into a pretty good jewelry!

When Ji Kai saw the beautiful pink crystal, his eyes widened in disbelief and he stuttered, "Diamond, diamond! It's a big diamond!"

Hearing what he said, Leng ruoxue immediately threw the crystal that had turned pink into Ji Kai's arms. Ji Kai was so scared that he quickly held it in his hands, afraid that it would fall to the ground and break!

"Can this be sold for some money?" Leng ruoxue asked despite knowing the answer.

"I can! He was too capable! But such a big diamond should be a family heirloom. Wouldn't it be a pity to sell it?" Ji Kai said reluctantly. His eyes seemed to be glued to the pink crystal, unable to move away.

A family heirloom?

Leng ruoxue was stunned. She had never thought of this.

"I'd better sell it! Don't you need money?" Leng ruoxue was stunned for a moment before she replied.

"Madam, such a large diamond is not something that ordinary rich and powerful people can afford. Therefore, we have to enter the star field of an

advanced civilization to sell it for a good price. It would be a pity if we sell it back in the star field of an elementary civilization! In the star fields of primary civilizations, the highest price you can sell it for is ten billion Alliance dollars, but in the high-level star fields, it can be sold for a hundred billion or more!" Ji Kai said with a regretful expression.

"I see!" Leng ruoxue thought about the possibility of selling the crystal stones to an advanced civilization's star field. There would definitely be no obstacles for her and the demon to enter the star field of an advanced civilization, but she really did not want to lead a rule-abiding little guy astray.

Of course, he was also afraid of scaring the little girl. After all, not everyone could get used to her behavior, which was similar to that of a Bandit.

Just as Leng ruoxue was hesitating, the demon nonchalantly spoke, "'Xue 'er, why are you thinking so much! Let's just go in directly like before!"

Hearing this, Leng ruoxue couldn't help but glare at the evildoer. Don't lead the child astray! Ji Kai, on the other hand, was clearly out of his mind.

Ji Kai was thinking, what did the master mean by directly entering? It couldn't be what he was thinking, right?

Sob ... If they were discovered, they would be wanted by the entire Alliance!

Ji Kai was a little worried, but he had long realized that his master was not someone who would abide by the Alliance's laws. What should he do?

As a member of the Alliance and having received many years of education from the Alliance, Ji Kai was at a loss.

"Master, how do we get in? You may not know this, but the surveillance ability of the advanced civilizations is very strong. If we want to sneak in, we only have a 50% chance of entering, and once we are discovered, I'm afraid we

will be in prison for a long time!" After thinking for a while, Ji Kai, who had chosen to stand on his master's side, couldn't help but remind him.

"What are you afraid of? We've been staying in the star field of an elementary civilization for so long, but we haven't been discovered by anyone, have we?" The demon said disapprovingly.

Ugh! It turned out that the owner of that place was an unregistered resident! Ji Kai understood!

After adjusting his state of mind, Ji Kai quickly entered the state of a servant and said honestly, "Master, I know a special ability user who specializes in smuggling. Should I go and find him?"

After hearing Ji Kai's words, Leng ruoxue's first reaction was that this child's values had been destroyed and he had been led astray! However, it's good to get used to it earlier. After that, she deliberately pointed at the crystal in Ji Kai's hand and said, "You're not selling this?"

"Madam, it's not worth it to sell it back in the star field of an elementary civilization. Therefore, I suggest that we find an auction house to sell this top-tier diamond after we enter the star field of an advanced civilization!" Ji Kai said responsibly.

"What I mean is, we should enter the star field of an advanced civilization and sell it now!" Leng ruoxue replied honestly. Since this child already knew that they often smuggled themselves into the country, she naturally did not need to hide it anymore.

"Then I'll go find the stowaway organization immediately!" Ji Kai quickly said.

"I don't need it! You can also follow along and gain some experience!" Leng ruoxue glanced at the evildoer and smiled.

As soon as he finished speaking, the two of them had already brought Ji Kai outside the Flying Ship.

Seeing his master and his wife floating in the starry sky, Ji Kai was so scared that his face turned pale. When he saw that he was in the same state, his legs started to tremble, and he wished he could just faint.

At this moment, he suddenly realized that he was afraid of heights!

If it wasn't for his master holding him, he dared to say that he would have fallen down.

As Ji Kai's thoughts ran wild, Leng ruoxue had already kept the Flying Ship. Then, the demon waved his hand and a pitch-black spatial tunnel appeared in front of the three of them like the mouth of a giant beast. Carrying Ji Kai, Leng ruoxue and the demon walked in.

When he got out of the space tunnel, Ji Kai had already fainted from fear.

After Ji Kai woke up, Leng ruoxue smiled and said, "Ji Kai, your mental endurance is too weak. You need more training!"

"MA ... MA 'am ..." Ji Kai wanted to cry. How could he be blamed? How could he have known that his master was even more powerful than he had imagined? At the same time, he also knew that his previous understanding of his master's strength was still too low. However, after this incident, he also knew that his master and Madam were definitely omnipotent!

When he thought of this, Ji Kai suddenly laughed foolishly.

Leng ruoxue was speechless when she saw Ji Kai's silly smile. She kicked him lightly and asked, "Where are we going now?"

"Madam, we're illegal now. It's best to find a hidden place to hide. Otherwise, if we're discovered by the Alliance's law-enforcement officers, we'll go to jail!" When Ji Kai heard Leng ruoxue's question, he quickly reminded her.

"I'm here to play, and you want me to hide?" Leng ruoxue was very dissatisfied with Ji Kai's cowardice and glanced at him indifferently.

Ji Kai shivered and realized that his master and Madam were not ordinary experts. He had thought that his master and Madam were unrivaled. How did he put them into his world again after such a short time? This really shouldn't have happened!

Ji Kai, who felt that he wasn't doing his job well, looked at Leng ruoxue carefully and quickly said, ""Then let's go for a walk! We'll stay there if Madam likes it, but ..."

As he said this, Ji Kai stopped.

"You don't have any identification, do you?" Leng ruoxue said.

"Well, I don't have any money now!" Ji Kai said honestly.

"It doesn't matter if you don't have an identity card. No one will check it anyway! As for the money, we don't need it. We're already here, aren't we?" Hearing this, the demon didn't care.

"Master, this place is different from the star domains of the primary civilizations. No one would check them frequently there, but they would do so here. Besides, if we don't have money, we won't have the money to buy anything that Madam likes!" Ji Kai reminded.

"It's fine even if they investigate, they definitely won't be able to trace it back to us. If you don't have money, you don't have to worry. If my wife really likes something, do you still need to spend money to buy it?" The demon said in a domineering manner.

If he didn't buy it ... Was he going to Rob it?

Looking at his master's calm expression, Ji Kai truly felt that his idea was very possible! However, as a native of the Alliance star system, even though he

already knew that his master and Madam were extremely powerful, he couldn't be as calm as the two in front of him.

As for Leng ruoxue, she was a little desperate. Since the little guy in front of her already knew their temperament, there was no need for her to hide it! However, what do you mean by 'snatch'? It also depended on the person!

Leng ruoxue didn't think that she was a real robber, so she preferred to make decisions according to the circumstances!

"Let's go!" After some thought, Leng ruoxue smiled.

"Madam, what should we do with this diamond?" Before he left, Ji Kai couldn't help but ask. Looking at the owner's appearance, this diamond was probably not going to be sold.

"Didn't you say you were looking for an auction house?" Leng ruoxue said with a smile. It was good to have some money on hand.

"I'll start looking now!" Hearing this, Ji Kai quickly tapped on the artificial intelligence on his wrist and said, ""Master, I've found it. The Black Rose auction house is the largest auction house in the vast Galaxy. It is also the most credible one!"

"Then let's go to this one!" Leng ruoxue said nonchalantly.

"Don't you know how to check his identity? We're unregistered citizens!" At this time, the demon asked with an evil smile.

"The auction house will keep the identity of the guests a secret, but we have to have an Alliance account!" Ji Kai said honestly.

"Don't you have it?" Leng ruoxue reminded, her meaning obvious.

"Mine is registered in the beginner Alliance Starfield ..." Ji Kai said weakly.

Although the accounts registered in each star field could be used in the Alliance, if he really used that account and attracted the attention of others, the consequences would be serious!

SUPREME CRAZY WIFE

Chapter 3002 Side Story: You're Too Stupid, And You're Making My Wife Unhappy

It was a pity that Leng ruoxue didn't care about attracting attention. In fact, after breaking the pot, she felt that she should properly train this servant to remain calm. Otherwise, how could she always be so timid and afraid of wolves and tigers?

Before, it was her fault. She only focused on training this little guy's cooking skills and abandoned his mentality. This time, she could use this opportunity to train Ji Kai.

With this idea in mind, Leng ruoxue did not leave any room for discussion. She instructed Ji Kai to be the representative, and the three of them headed to the Black Rose auction house together.

After taking a few steps forward, Leng ruoxue turned around and looked at Ji Kai, who was following behind them gloomily. "Do you want to be a snail?"

Seeing the warning in Leng ruoxue's eyes, Ji Kai quivered and quickly adjusted his state of mind. "I'm sorry, Madam! I was just thinking about something!"

"What's there to think about? since we're here, we'll take things as they come. We don't know the way!" Leng ruoxue said impatiently.

"Yes! Madam, we need to take the public hovercar there. " Ji Kai, who had come back to his senses, quickly said.

"That'll cost money, right?" Leng ruoxue blinked her beautiful eyes and smiled.

"This subordinate still has this small amount of money!" Ji Kai said like a nouveau riche.

"Then let's go!" Leng ruoxue said, giving him face.

"Xue 'er, we don't have any identification." The demon reminded him again.

Leng ruoxue couldn't help but feel helpless when she heard this. This evildoer was too evil. He had actually reminded Ji Kai about this matter again.

However, this time, Ji Kai wasn't afraid. Instead, he said calmly, ""Don't worry, master. The public hovercar doesn't require any identification. You can sit in it as long as you buy a ticket."

"Then what are we waiting for? lead the way!" Leng ruoxue looked helplessly at the evil demon who had yet to succeed and said to Ji Kai.

"Madam, the nearest public floating station is just around the corner. It's very close." Ji Kai explained as he led the way.

In less than five minutes, Leng ruoxue saw a platform.

The platform was tall and Grand. The main body of the building was silver, and the walls seemed to be made of some kind of alloy. It gave off a very strong feeling!

Ji Kai brought Leng ruoxue and the evildoer to the waiting room after they stepped onto the platform. He then went to buy the tickets.

Leng ruoxue and the evildoer, who had been left behind, sat calmly on the chairs in the waiting room, accepting the crowd's gazes as if there was no one else around.

Although it was said that in the high-tech star field, there were very few people who were too ugly. Unless they had a bad Foundation, they could make themselves into a handsome man and a beautiful woman through scientific means. However, the looks of these two monsters had obviously exceeded the limits of human beings, and they were not aware of it.

Feeling the crowd's cold gazes, the evildoer pulled Leng ruoxue into his arms with a strong desire to possess her, declaring his sovereignty!

After Ji Kai came back from buying the tickets, he realized that the atmosphere was very strange. He could clearly feel that the host was getting impatient, so he quickly left with the two.

After they got on the streamlined public hover car, Leng ruoxue was surprised to find that their seats were actually in a single room. She looked at Ji Kai in surprise and said, "This place must be worth a lot of money!"

"I didn't spend much!" Ji Kai's face turned red and he quickly denied it!

It had only cost him more than half of his savings. However, as soon as he thought of his master and Madam's strength, he felt that he couldn't let them sit with ordinary civilians and be surrounded like before. That would make him feel uncomfortable. In addition, as a servant, he also felt very sorry for his master and his wife. Because he was short of money, he could not afford a personal hovercar, so he could only take a public one with his master and his wife. Such a fact made him realize the importance of money!

But what he didn't know was that the evildoer didn't think money was important at all. After Leng ruoxue gave up on being a good example for Ji Kai, she didn't care about money anymore. However, since this was the little servant's good intentions, she still accepted it with a calm heart.

After he sat down, the public hover car started to move slowly. However, the speed of the car was very slow, at least not comparable to the teleportation of the two. However, it was not bad to use as a sightseeing bus.

Leng ruoxue, who was always at ease, treated it as a sightseeing tour, while the demon couldn't help but blame Ji Kai for wasting money! But seeing that Xue 'er was happy, he naturally wouldn't say this.

Sitting in the car and looking at the tall buildings that they passed by, Leng ruoxue felt an indescribable sense of familiarity. This was indeed a Star Domain of an advanced civilization. The degree of modernization here was much higher than the star domains of the elementary civilizations they had been to before! Furthermore, it was Leng ruoxue's first time riding such a slow public hovercar. Hence, she found it rather novel. As long as Xue 'er was happy, the evildoer would be happy too. Similarly, Ji Kai, who was her servant, was even happier!

An hour later, they arrived at the station.

The three of them alighted from the public hovercar and walked a few more steps. Leng ruoxue saw a huge black Rose-shaped building in front of her eyes. Needless to say, this was the largest and best black Rose auction house in the vast expanse star field.

After entering the auction house, the service staff learned the purpose of their visit and invited the three of them to the reception room in a very well-practiced manner.

When he saw what Ji Kai wanted to auction, the receptionist's expression changed drastically. This ... This was clearly not something he could handle.

After bidding Leng ruoxue and the other two goodbye, the receptionist left the guest room. Not long after, a stunning beauty in a black business suit and ten-centimeter high heels appeared in the reception room.

At first glance, she saw the Prince-like evildoer. Her eyes lit up, but she didn't show it as she was professional. Then, she turned to Leng ruoxue and Ji Kai.

When she saw Leng ruoxue, the Beauty's eyes also flashed with a trace of surprise, but she quickly hid it and said to Ji Kai with a smile, "Is Your Excellency going to auction off a top-grade diamond?"

"It is!" Ji Kai nodded.

"I'm hei Mei, the manager of the Black Rose auction house. May I know who these two are?" After the beauty introduced herself, she pretended to ask about Leng ruoxue and the demon nonchalantly.

"It doesn't matter who we are, hurry up and go through the procedures! We still have things to do!" Before Ji Kai could answer, the evildoer urged impatiently.

"I thought your Black Rose auction house wouldn't pry into a guest's privacy?" Leng ruoxue chuckled when she heard the demon's words.

To cooperate with his master and his wife, Ji Kai added with a hint of displeasure on his face, ""That's right! It's not convenient for us to reveal our identities! More importantly, it's precisely because we know that the Black Rose auction house has this rule that we're here! If miss hei Mei wants to break the rules, then we can only go to another auction house!"

"The three of you have misunderstood. I just want to know the names of the three of you. This will make it easier to communicate, right?" Hei Mei, who was stifled by the words of the three people, gritted her teeth and said.

How detestable! Did the three of them know the status of the HEI family in the vast star area? And for her, hei Mei, to be able to become a high-level member of the Black Rose auction house, her status in the HEI family must not be ordinary. But these three people in front of her actually did not give her

any face. This made her originally fiery heart instantly feel as if a bucket of ice water had been poured on it, turning it cold!

However, as the young lady of the HEI family, she was naturally flexible. So, she quickly adjusted her depressed mood and put on a professional smile,""Since the three of you are in a hurry, I'll go through the procedures immediately after I've confirmed it!"

"We're in trouble!" Leng ruoxue laughed.

Hei Mei suppressed the discomfort in her heart and carefully inspected the top-grade diamond. After confirming that there were no mistakes, she did as she had said and quickly completed the procedures for Leng ruoxue and the other two.

With the contract in hand, Leng ruoxue and the other two left the Black Rose auction house.

Hei Mei looked at Ji Kai's name on the contract and knew that it was the middle-aged man's name. As for the two outstanding men and women who she didn't know, she would find out their identities sooner or later!

After leaving the Black Rose auction house, the three of them strolled around the streets. All of a sudden, Leng ruoxue stopped in her tracks. With a flash of her figure, she made a grabbing motion in the distance. There was already a man in her hand.

"Who are you?" Ji Kai looked at the man and shouted. He didn't expect that he would be targeted as soon as he arrived in the vast star area.

"I ... I ..." The man was so frightened by the fiendish Ji Kai that he stuttered. However, he was not afraid of Leng ruoxue. After all, that woman had only captured him.

"He's from the Black Rose auction house!" Leng ruoxue did not wait for the man to take the initiative to confess and laughed coldly.

The man originally wanted to say that he wasn't, but when he saw the unkind expression on the woman's face, he couldn't say anything to refute!

At this moment, Leng ruoxue continued, "go back and tell your master not to have any thoughts he shouldn't have!" Otherwise, you'll have to bear the consequences!"

With that, Leng ruoxue had a change of mind and disappeared from the man's sight with the demon and Ji Kai.

Seeing the living person in front of him disappear in an instant, the man was so scared that his face turned pale!

W-where did he go?

How did it disappear?

The man was afraid, and his body trembled like a Fallen Leaf in the autumn wind! What they didn't know was that someone had already taken a picture of Leng ruoxue and the other two's instant disappearance and posted it on the internet, causing a huge commotion!

At the same time, after Leng ruoxue's divine sense had searched, she chose a cliff as a temporary foothold. The cliff faced the sea and had a vast view. Leng ruoxue was very satisfied with this place.

After setting up the portable house on the cliff, Leng ruoxue planned to return to her room. However, she was stopped by Ji Kai, who had gathered his courage.

Ji Kai, who felt that his wife was in a bad mood, carefully reminded her, "Madam, we don't have the right to use the land here. We can't build houses here!"

"Do you think I'm Xiao Bai? Do you think I don't know that camping doesn't require land use rights?" Looking at Ji Kai coldly, Leng ruoxue's voice was threatening.

Ji Kai was a bit confused. Of course, he knew that camping didn't require land use rights! But was this considered camping? However, seeing his wife's unfriendly expression, he didn't dare to say this.

After Leng ruoxue finished her words, she left Ji Kai and the demon behind and entered the house.

"M-master, why did you make Madam angry?" Calming himself down, Ji Kai carefully turned around and couldn't help but ask the demon.

"Are you sure it's me? Didn't you make my wife unhappy because you're too stupid?" He raised his eyebrows and said calmly, but in fact, he was very nervous and his heart was trembling!

He wasn't an idiot, how could he not feel Xue 'er's unspeakable anger!

SUPREME CRAZY WIFE

Chapter 3003 Madam, Can We Not Be So Rough?

When Ji Kai heard his Master's words, his first thought was that he had been wronged! All in all, he was quite self-aware. He knew that Madam would not be angry because of a lowly servant like him. If it was someone who could make Madam angry, there was no second person other than the evil master!

However, although Ji Kai thought this way, he didn't dare to say it out loud, or else his master would be furious! Therefore, he could only accept his fate and take the blame!

The demon, who was also depressed in his heart, also went after his wife after giving Ji Kai a light glance.

When he reached the room, the demon saw that Leng ruoxue was already lying on the bed. Without thinking, he climbed onto the bed as well. However, the next moment, a Snow White leg appeared in front of his eyes. Then, he heard a "plop" sound and was kicked off the bed by that beautiful leg!

"Honey! You're bullying me!" The wronged evildoer's pitch-black eyes started to water up as he looked at Leng ruoxue pitifully.

"Hmph!" Leng ruoxue snorted coldly and turned her head away. It was obvious that she was angry.

"My dear wife! Don't be like this!" When the demon saw this, he carefully and slowly climbed back onto the bed and sat by the side. Seeing that Xue 'er was not angry, he immediately stretched out his long arms and wanted to pull Xue' er into his arms. Unfortunately, Leng ruoxue did not show any kind of expression and roared, ""Go away!"

After he finished shouting, he pushed the evildoer off the bed. The evildoer took the opportunity to hug Leng ruoxue tightly, refusing to let go!

"Let me go!" Leng ruoxue's beautiful little face was flushed red with anger. However, how could the demon let go of her? he immediately planted a Wolf's kiss on that alluring pink little mouth ...

At this moment, Ji Kai, who was already sitting in the living room, felt relieved when he saw that there were no loud sounds coming from upstairs. Looking at the way master and Madam got along, they were becoming more and more like an ordinary couple. This was not bad!

Relieved, Ji Kai opened the star network with nothing to do. Suddenly, a message in red entered his eyes, and he couldn't help but widen his eyes.

The title of the news was very sensational, with the words 'where did the goddess go?'

Next to the title, there was a picture. Although it was a little blurry, Ji Kai could still recognize that the woman in the picture was his wife!

With trembling hands, he opened the message. The general idea of the news was that an eye-witness had accidentally seen three living people disappear before his eyes. In order to prove the accuracy of the news, a short video was uploaded at the bottom of the news!

After seeing this, Ji Kai was already covered in cold sweat.

To the atheist major star systems, disappearing for no reason was simply unimaginable. And the disappearance of the three of them would also give the people in power a feeling that someone or something was out of control. As a result, they were in great danger here!

Although he didn't know who had posted this scene on the Interplanetary Network, Ji Kai had already automatically blamed the Black Rose auction house for everything. The person who had followed them was the most suspicious!

When he thought of this, Ji Kai was very angry! As a native of the star field, he was very clear what kind of trouble this would bring to the three of them!

Although he was anxious to report this matter to his master and his wife, he remembered that this young couple was having an argument before. Perhaps they were at a critical moment in solving some problem, so Ji Kai didn't dare to disturb them.

They waited anxiously until the afternoon of the second day. Leng ruoxue and the demon finally walked out of their room.

When he saw the madam's ashen face and the master's radiant face, Ji Kai suddenly didn't know how to say the words he had accumulated for the whole night!

Looking at Madam's appearance, she was obviously at a disadvantage!

Should he be so insensible as to ask for a beating at this time?

One had to know that the madam might not beat up her master, but she would definitely not show mercy to a dispensable servant like him.

After hesitating for a while, Ji Kai did not dare to speak.

Leng ruoxue was very sharp and could feel that this little servant seemed to have something that was difficult to say. She then said in a very understanding manner, "If you have something to say, then say it. If you don't say it, people might think I'm bullying you!"

Madam, can we not be so rough?

Ji Kai was silent for a while before he made up his mind and said, "Madam, the moment we suddenly disappeared yesterday, someone discovered and recorded it. Right now, that video's views on the star network have already reached several billion, and it's still increasing at an extremely fast rate!"

"Are you saying that we're on fire?" Leng ruoxue said calmly.

"Yes! He's furious!" Ji Kai didn't expect his wife to be so calm. He couldn't help but admire her!

Ji Kai glanced at his confused master, who was obviously not in the right state, and was speechless.

Looking at his master's expression, it seemed like he didn't understand what he meant! Otherwise, why would he be in such a state?

In fact, he was overthinking it!

It wasn't that the demon didn't understand, he just didn't care.

"Show me the video!" Leng ruoxue said.

When Ji Kai heard this, he quickly handed over the video.

After Leng ruoxue finished reading, she said with slight dissatisfaction, ""Who took this? The picture quality is so bad, and it only captured my side profile. Ji Kai, you seem to be more popular than me! Look, you're facing me from the front!"

Facing the facts pointed out by Leng ruoxue, Ji Kai was a little confused. Was this the main point? Although he was the front, his wife was obviously more interesting.

One had to know that a woman who was so beautiful just by looking at her side profile was definitely a rare beauty that could topple cities! Otherwise, how could it have attracted the great interest and enthusiasm of the netizens of the entire star field? Now, the internet was filled with strong Voices of Search for the goddess. Madam was already extremely popular!

"Madam, what should we do now?" After a moment of silence, Ji Kai asked again.

"Cold mix!" Leng ruoxue said lightly.

Madam, please don't do this!

He couldn't just leave this matter as it was. More importantly, the faces of the three of them, especially his, could no longer be hidden. He didn't want to be surrounded by a crowd of onlookers wherever he went! Which one was too painful!

Of course, the most important thing was that they might attract the attention of those in power, which was the most fatal!

After he told his master and his wife about his worries, the two of them didn't seem to take it seriously as he had expected. Leng ruoxue even asked for a meal directly, which made Ji Kai want to go crazy!

However, as a qualified servant, he still dutifully served the prepared lunch. After the meal, seeing that his master and Madam had no intention of talking about this matter, Ji Kai was deeply worried.

In the end, it was Leng ruoxue who couldn't stand it anymore and said to Ji Kai, ""Your worry is completely unnecessary. If someone really dares to provoke us, they will be the unlucky ones!"

"Mm, go do what you need to do! Don't be an eyesore here!" The evildoer began to drive them away!

Hearing this, Ji Kai knew that he was worrying too much, so he dragged his heavy steps and went back to his room.

"Al! Your servant still needs more training! How can you be so restless when you're in trouble?" Leng ruoxue said helplessly as she watched Ji Kai's back.

"Honey, don't worry about him. You should care about me more!" Seeing that Xue 'er's attention was on another man, the evil demon was burning with jealousy!

"How do you want me to care about you?" Leng ruoxue couldn't help but smile evilly when she saw the demon coming to her.

"Uh! It's only right for a husband to care about his wife, so I'll be the one to care for you!" The vigilant evildoer immediately changed his words when he heard Xue 'er's words.

Hearing this, Leng ruoxue couldn't help but laugh.

When the demon saw this, he immediately seized the opportunity and moved closer to Leng ruoxue. Like a puppy, he said, ""My dear wife, let's go out for a walk!"

"Yes, it's approved!" Leng ruoxue nodded, and the two of them disappeared.

In half a month's time, the two of them had explored the entire vast expanse star field. To Leng ruoxue, even though the technology here was very advanced, it was not the world she had once lived in. Hence, even though she was very interested in this place, Leng ruoxue did not intend to stay here for too long. After wandering around for half a month, the premium crystal that they had sent to the Black Rose auction house had officially entered the auction process after more than ten days of enthusiastic publicity.

On the day of the auction, Leng ruoxue and the demon did not plan to attend. The one representing them was naturally Ji Kai.

In fact, after the tracking incident, Ji Kai didn't really want to go to the Black Rose auction house anymore, but hei Mei had personally sent a message and asked them to attend. In hei Mei's words, the owner must be present for such an important auction!

Unfortunately, Leng ruoxue scoffed at her words. However, she still let Ji Kai represent her and the evildoer.

Ji Kai didn't understand why his wife wanted him to go. The auction house didn't have such a rule. Did she really think he didn't know? And hei Mei obviously had other intentions by doing this!

After he voiced out his doubts to Madam, Leng ruoxue told him that this was called heading towards the Tiger Mountain despite knowing that there was a Tiger on it! If he didn't go, how would he know what hei Mei was up to?

Actually, Leng ruoxue didn't need to think to know what hei Mei was thinking. However, she treated this mission as a trial for Ji Kai. Thus, she would definitely agree for him to come!

A few hours after Ji Kai left the house, Leng ruoxue and the demon received a message from Ji Kai asking for help. "Master, Madam, I, I think I'm being followed again!"

Upon receiving the message, Leng ruoxue and the demon did not take it to heart. They only asked, "Did you bring the money back?"

"I've brought it back," Ji Kai said honestly.

"Then why are you still hanging around outside? Go home quickly, be careful of being robbed!" The demon reminded.

Not coming to pick him up?

Hearing this, Ji Kai wanted to cry but had no tears. But at the same time, he thought that his master and his wife probably didn't care that he was being followed, so he didn't take those people in circles anymore and directly went home!

The next day, before Leng ruoxue and the demon had even woken up, an uninvited guest arrived at their house.

Looking at the beautiful woman standing outside the door, Ji Kai felt a headache! How impatient must the other party be for him to enter the hall so quickly!

"Miss hei, didn't you directly deduct the handling fee?" Ji Kai frowned. In other words, he was saying that he didn't owe them money!

Ji Kai's words made hei Mei's mouth Twitch. However, she knew that her actions were a bit rude, so she could only say, "I'm here to pay a visit!"

[SUPREME CRAZY WIFE](#)

Visit, my ass!

Hearing this, Ji Kai couldn't help but show a trace of contempt in his eyes. Even if he was slow to react, he could tell that this woman had ulterior motives. Unfortunately, her plan was doomed to fail. After all, not everyone could plot against her master! Most importantly, Madam was not to be trifled with!

Although he had never been clear about how strong his master and Madam were, just based on Madam's ability to disappear in an instant, the woman in front of him would not be able to catch up even if she flew the latest spaceship!

When he thought about this, Ji Kai revealed a warm smile, "I'm sorry, miss hei, my master and Madam are still not awake!"

"You're still not awake?" Ji Kai's words made hei Mei a little unhappy.

"It's miss hei who came too early!" Ji Kai looked at the sky and reminded him calmly. In fact, at this moment, he somewhat looked down on this miss hei. As long as it was a noble with a bit of status, how could they not even greet others when they wanted to visit? And he even ran over so early in the morning? This kind of action was really too rude!

Moreover, master and Madam didn't reveal that they wanted to keep in touch with her! He had come running to their door, which was really disdainful! Also, without Madam's permission, he didn't dare to let this woman in. Otherwise, he would be the one in trouble!

"Wait! Did you just say master and Madam? Who are they?"

Ji Kai, who was thinking about whether hei Mei would leave on her own, suddenly heard hei Mei's panicked voice. He raised his head and looked at her in confusion. "Haven't you already seen it?"

"You mean that young man and woman?" Hei Mei shouted in disbelief.

"Not bad! It's them!" Ji Kai did not intend to hide the relationship between his master and his wife, so he admitted it without hesitation.

However, when hei Mei heard this news, it was like the end of the world. Her face instantly darkened and she said, "Impossible! This was impossible! You're lying to me!"

"Miss hei, do I need to lie to you?" Ji Kai was speechless. He thought, miss hei, you can't live in your own world! Hurry up and open your eyes!

"I understand!" Hei Mei, who had been panicking for a while, suddenly calmed down and smiled, "That woman is his concubine, right?"

"....."

Ji Kai was very depressed!

'Yes, your head!'

Now, he was sure that this woman was sick! He's quite sick!

"Miss hei, if you're sick, you must be treated!" Ji Kai, who had almost gone crazy from hei Mei's self-righteousness, reminded her with a heavy heart.

"Is that woman sick? What illness? Do you need me to introduce her to a good doctor?" Hei Mei suddenly said worriedly after hearing what Ji Kai said.

"....."

Hearing this, Ji Kai was a bit confused. He thought, I was talking about you!

Ji Kai realized that he couldn't communicate with hei Mei. He took a few deep breaths and forced himself to calm down. Then, he said, "Thank you, miss hei, but I don't need it! Goodbye, goodbye!"

Then, Ji Kai slammed the door in front of hei Mei.

Hei Mei, who had been rejected outside the door, saw this scene and her face immediately turned black. After glaring at the door a few times, hei Mei chose to leave unwillingly!

Hmph! She would come again!

In the room.

Leng ruoxue and the demon were cuddling together. They had seen everything that had happened outside the door through the light screen.

Leng ruoxue raised her head and glanced at the evildoer. She then asked with a half-smile, "I only found out today that I'm only your concubine! I wonder who the principal wife is?"

"My dear wife, you're also My Official Wife! Wife, lover, whatever, it's all you!" The evildoer looked at Leng ruoxue pitifully and tried to please her.

The only thing he could pray for now was that his wife would not blame him for the things that the lunatic had done! He felt so wronged, alright?

"You fatale!" Leng ruoxue said helplessly when she felt the evildoer's uneasiness.

"My dear wife, I'm innocent!" The demon blinked his dark, Starry Eyes as he leaned in front of Leng ruoxue and spoke pitifully.

"Yes, it's the damn woman who has designs on you!" Leng ruoxue nodded in agreement.

"There's also a man who's interested in you!" The demon added.

After saying this, the two of them sighed at the same time and decided to turn the page. After all, they couldn't destroy their own appearance just because others coveted it, right? Why did they have to suffer because of others?

The two of them had a reckless personality in their bones. Coupled with their own status, they didn't need to be at the mercy of others! As for those who did not know their own limitations, Leng ruoxue and the demon also felt that they could treat them as little behind-the-scenes highlights in their lives. After all, life could be quite monotonous at times, right?

According to their unspoken thoughts, as long as someone didn't touch their bottom line, they wouldn't make a move on those mortals!

Of course, the premise was that some people really knew their own limitations.

The next day at noon, Leng ruoxue and the demon had just finished their lunch when hei Mei came to visit again!

This time, she didn't come alone. There were a few young men with unknown identities by her side!

After knowing that hei Mei was here again, Ji Kai first showed a constipated expression. He really didn't want to face this woman!

However, Leng ruoxue kindly ordered Ji Kai to invite the person in.

As soon as she entered the living room, hei Mei complained, ""This door of your house is really hard to enter!"

"Yes, our family has never welcomed uninvited guests!" Leng ruoxue nodded her head seriously. The evildoer beside her had a cold and Noble expression, as if he did not welcome strangers.

Hei Mei saw that the evildoer was hugging Leng ruoxue with one hand and felt uncomfortable.

Hmph! She was just a concubine, yet she dared to lean into her master's arms! This was preposterous! He was really looking down on her!

Hei Mei was burning with jealousy!

Leng ruoxue, on the other hand, was very calm. She asked, ""Miss hei has come to visit, is there something you need? Ji Kai, did you not pay the handling fee for the auction?"

"Madam, I've already paid the administration fee!" Ji Kai held back his laughter and replied seriously.

"I'm not here for the Commission!" Hearing this, hei Mei quickly explained, but she was a little dissatisfied in her heart. Did she look like she was here to ask for a debt?

"Then why?" Leng ruoxue was confused.

"I heard that Madam is sick, so I came to visit!" Hei Mei said with a sincere expression. Then, she pulled Leng ruoxue's hand enthusiastically and smiled, ""You see, we're already so familiar with each other, but I still don't know your name!"

"My surname is Leng!" Who's close to you!

Leng ruoxue retracted her hand without a sound and asked, ""Miss hei, where did you hear that I was sick?"

"I heard it from Ji Kai! Miss Leng, I actually came to visit you yesterday, but unfortunately, your subordinate refused to let me in. I think it's better not to use such a subordinate who makes decisions on his own! Be careful of the servant bullying the master!" Hei Mei said worriedly.

Was he complaining?

Leng ruoxue turned her head and glanced at Ji Kai, whose face was red with anger. In her heart, she lit a candle for hei Mei's intelligence.

Was this woman really the business elite she had seen before? Was he switched? Otherwise, how could he say such brainless words!

Seeing that Leng ruoxue was silent, hei Mei thought that she had succeeded in instigating them. She then pointed at the men beside her and said, "They are the doctors I found for you. There are neurologists, cardiologists, Gynecologists, and so on. They are all authoritative figures in the medical world. So, no matter where you are sick, they will try their best to cure you. All the expenses will be on me!"

He was really generous!

Leng ruoxue was speechless!

The demon did not say a word.

Meanwhile, Ji Kai was already looking up at the sky! As for hei Mei's ability to understand and her self-righteousness, he had no more energy to ridicule her! He only hoped that Madam would quickly take care of this eyesore and return peace to the world! Otherwise, he would go crazy!

At this moment, when they saw Leng ruoxue and the evil demon, they immediately recognized them as the three people who were currently extremely popular on the internet. The few doctors who were prepared to be wallflowers could only take out their business cards and hand them to Leng ruoxue and the evil demon!

They were not as blind as hei Mei. Although the woman in front of them was extremely beautiful, and they were stunned for a long time when they first saw her, the man beside her was obviously not to be trifled with. The doctors who knew their own limitations would definitely not dare to have any ill thoughts about Leng ruoxue, much less think that she was sick like hei Mei!

The one who's sick is hei Mei, right?

The doctors who had finished the test decided not to get involved in this mess! You guys can do whatever you want! They wanted to retreat!

However, they also knew that hei Mei had spent a lot of money to invite them over. She would not allow them to leave easily. More importantly, they had signed a contract with hei Mei. If they left just like that, they would have to pay a lot of money!

When they thought of this, they could only throw Leng ruoxue and the demon an 'I'm innocent' look and continue to act like they were invisible.

Seeing this, Leng ruoxue was very satisfied. These doctors were obviously not from the same country as hei Mei. This was very good!

Seeing how Leng ruoxue's reaction had been very calm after she had told her about the doctors, hei Mei was afraid that she would reject her and added, ""Miss Leng, please don't reject my good intentions. In fact, I think that you look very much like my sister. That sister of mine died of a terminal illness back then. I don't want you to be like her, so please accept the treatment! Only when you're cured can you stay by your loved one's side forever, right?"

Although hei Mei said that, she couldn't wait for Leng ruoxue to die. That way, she would be able to enjoy the fruits of Leng ruoxue's labor without any effort!

When Leng ruoxue heard these words, she was speechless in her heart. However, on the surface, she was still moved to tears and said with a slightly choked voice, ""Our backgrounds are too similar. I also have a younger sister who died of a strange illness! He's about the same age as you, and he looks quite similar!"

After she said this, Ji Kai and the other doctors' mouths all twitched.

What was this?

Deep sisterly love?

Did he have to be so hypocritical?

When hei Mei heard this, she was also very unhappy! "You bastard!" He was clearly pointing at the Mulberry and scolding the locust! However, she would not be calculative with a dying person!

Hei Mei, who felt that she was very magnanimous, also wiped her tears and said, ""Miss Leng, you can treat her in peace! I'll come to see you in a few days!"

If she didn't leave now, she would die of anger!

"Take care, I won't send you off!" Leng ruoxue smiled.

Seeing that Leng ruoxue had no intention of keeping her, hei Mei could only suppress her anger and leave. She asked the doctors to stay.

After hei Mei left, Leng ruoxue looked at the doctors who were a little uneasy and asked with a smile, ""How are you going to treat me?"

SUPREME CRAZY WIFE

Chapter 3005 What's The Structure Of The Brain (1)

When the doctors, who were already very uneasy, heard this, they were so scared that their hearts began to tremble. How could they treat it? Not to mention that the other party was still alive and kicking, even if he was really sick, they didn't dare to treat him easily based on his imposing manner!

Moreover, they were not personally invited by the couple, but by that idiot hei Mei. As such, they were even more nervous. If they had known that they were here to treat the woman in the video, they would have considered the pros and cons! But now, it was all too late.

A few doctors looked at each other in dismay. In the end, they all focused their eyes on the same person, and their meaning was self-evident.

The poor Doctor Who was sent as a representative sighed softly and helplessly. "As the saying goes, a doctor must have the heart of a parent. Although we were invited by miss hei Mei, if miss Leng is fine, we will not treat you recklessly. Please rest assured about this!"

"You mean you want to give me a checkup?" Blinking her eyes, Leng ruoxue asked with a smile.

"No, no! I mean, miss Leng is not sick at all!" The doctor's forehead was covered in sweat. He quickly explained, then wiped his sweat and continued, ""But we have signed a contract with miss hei Mei. If we say that nothing happened to you, she probably won't believe us. She might even find someone else, so ..."

The doctor didn't know what to say next, but Leng ruoxue understood in a second. She said considerately, "You mean you're going to stay and pretend to treat me?"

"This is to reduce the trouble between us!" Seeing that Leng ruoxue understood, the doctor heaved a sigh of relief.

"That sounds reasonable. Since you want to stay, then you have to pay for your food and lodging!" After Leng ruoxue finished speaking, she pulled the demon back to her room.

Once the two gods, Leng ruoxue and the evildoer, left, the doctors on the scene let out a sigh of relief. It was Ji Kai's turn.

Ji Kai laughed like a Hunter who had just met a fat sheep, "Madam said that you'll take care of your own food and lodging. Do you want to stay in our guest room or set up your own tent outside?"

Setting up a tent ... They had never thought of it!

The main reason was that it was too unsafe here. It was on the edge of a cliff, and below it was the bottomless sea. There were also many terrifying beasts in the nearby mountains. If they really lived outside, they were afraid that they would become the food of those beasts in less than a night. Just thinking about it was terrifying!

But when they thought of this, they couldn't help but admire the courage of these three people. To dare to choose this place as their base camp, how bold must they be!

After they thought about this, the doctors present nodded in unison and said, "We want to live here!"

"Alright, one million Alliance dollars for a day's accommodation!" Hearing this, Ji Kai was happy and didn't forget to ask for a lot.

However, he didn't feel like he was asking for too much. He felt that one million Alliance dollars for a day's accommodation was too little! However, when the doctors present heard the amount, their expressions changed like a palette. They were obviously shocked.

One million Alliance dollars a day? that was like slaughtering a fat sheep! Even the best suite in a seven-star hotel in the vast space Zone was not worth that much! However, looking at the Butler's expression, he probably had no choice but to hand it over. But if they handed it over, their hearts would really hurt!

Ji Kai saw through these doctors' thoughts and understood them. With his price, even if the big BOSS of the Alliance came, he would be so distressed that he would vomit blood! Therefore, he kindly suggested, "Weren't you invited by miss hei? What, she's not going to pay for your food and accommodation?"

Hearing this, all the doctors looked at Ji Kai with bright eyes.

That's right! This money should be paid by hei Mei! What right did they have to pay?

Seeing that they had understood, Ji Kai reminded them, "You can contact miss hei and listen to her opinion!"

All the doctors nodded, but when a doctor took out a communication device to contact HEI Mei, Ji Kai said, "Wait, we haven't talked about the meal fees yet!"

It doesn't include meals?

When the doctors heard this, their eyes widened, and they looked completely lost and innocent.

"Four million a day for a meal!" Ji Kai ignored everyone's expressions and said straightforwardly.

"....."

It was four times the room fee!

The doctors really wanted to ask, "what kind of food is your family eating that is so expensive?"

"I, I can eat nutrient fluids!" After a long silence, one of the doctors carefully opened his mouth.

"Are you sure? We have authentic, pure green vegetables at home!" Ji Kai tempted.

A pure green vegetable!

These few words made the doctors present reveal expressions of disbelief. One must know that pure green vegetables were only something of legend to the people of many star regions. Even though their technology was highly advanced, it was because of this that the role of the land was neglected.

Therefore, many vegetables could no longer survive on the land, and vegetables cultivated with culture fluid definitely did not have a pure green taste.

Occasionally, there would be one or two kinds of vegetables that had strong survival abilities and could take root in the land. Ordinary nobles basically had no chance to taste them, so one could imagine how attractive these almost extinct pure green vegetables were to them!

However, the doctors were still skeptical about Ji Kai's words. After all, pure green vegetables were too delicate, and it was not easy to grow them.

Ji Kai knew that they wouldn't believe him so easily, so he didn't get angry. He took out a fresh cucumber with a flower on top and thorns from the storage ring his wife had given him and said, "100000, who wants to try it?"

"....."

This was money-minded! However, this cucumber was really worth the money! The doctor Who was closest to Ji Kai snatched the cucumber from Ji Kai's hand and said, "Accounting! Ask for it from miss hei Mei!"

"No problem!" Ji Kai smiled and nodded. The doctor couldn't wait any longer and started to eat the cucumber without caring about his image.

"Delicious! It's so delicious!" The doctor said as he ate.

"Then eat more, I have more!" Ji Kai said like a rich man.

At this time, the other doctors, who couldn't stand the smell of the cucumber, also took a cucumber from Ji Kai and ate it. They were not afraid since it was just an accounting!

However, without realizing it, they took another one after they finished one. It was only until their stomachs were full and they could no longer eat that the doctors reluctantly stopped.

Seeing that they were so full that they couldn't move, Ji Kai couldn't help but look down on them. How embarrassing! It's just a cucumber! Why did he have to eat like this?

At this moment, Ji Kai had long forgotten that when he first saw these pure green vegetables, he was just like these doctors.

SUPREME CRAZY WIFE

Chapter 3006 What's The Structure Of The Brain (2)

The doctors who had their fill felt satisfied. This time, without Ji Kai's urging, they took the initiative to contact HEI Mei. After explaining the whole story to hei Mei, hei Mei almost fainted from the huge food and accommodation fees. However, she gritted her teeth and held on. She said hatefully, "You guys just stay there and treat her illness, I'll pay for the food and lodging!"

The doctors were very satisfied with hei Mei's generosity, but Ji Kai still asked hei Mei to hand in a star sector contract and stated that he didn't trust her!

Hei Mei was so angry that she almost vomited blood, but she still held back her grievances and sent the contract to Ji Kai.

After receiving the contract, the doctors finally settled down.

After staying and eating well at Leng ruoxue's place for a few days, the doctors were so happy that they forgot about home. These few days of life were like the days of a God!

After a few days of leisure, the doctors suddenly remembered that their family seemed to be very interested in these three people, and they were now living

with these three people who had become popular recently. They should let their family know about this news!

The doctors who were about to send the news back to the family realized that the message had failed just as they were about to send it! Just as he was feeling puzzled, Ji Kai floated out from a corner and said, ""What, you want to tip off the family? I'm sorry, I forgot to tell you that after you contacted hei Mei, my master and Madam blocked the internet here. "

After saying this, Ji Kai floated away again, leaving behind a few dumbfounded doctors who had constipated expressions.

This scene naturally could not be hidden from Leng ruoxue and the demon, who had their doors shut in the room. The two of them were laughing very happily!

"Ji Kai has also become bad!" Leng ruoxue praised after she was done laughing.

"Xue 'er, how long are you going to keep them? I hate having these third wheels in the house!" The demon hugged Leng ruoxue and said unhappily.

"Don't you think it's very lively?" Leng ruoxue said as she suppressed her laughter.

"I just feel like they're disturbing our lives!" The demon gritted his teeth. If it wasn't for Xue 'er wanting to watch a good show, he would have thrown those people out of the door long ago.

"Who provoked these people?" Leng ruoxue raised her eyebrows and said with a half-smile.

"It wasn't me! I'm innocent!" When the demon heard this, he quickly revealed an aggrieved expression.

"Alright! They're here for me! Since miss hei Mei wants me to die so badly, how can I disappoint her?" Leng ruoxue laughed calmly. Since there was someone who thought she was too free, how could she not cooperate?

"They're just a bunch of ants. If you don't like them, just kill them directly! Anyway, there are many people here, so it doesn't matter if we lose a few of them. " The demon said ruthlessly. Those who dared to disturb his and his wife's time together deserved to die!

"Don't be so violent! We have to convince people with reason!" Leng ruoxue clearly didn't want to use violence to deal with hei Mei. That would be too boring!

"Alright! However, it's best if you don't let that woman appear in front of me, or I can't guarantee that I won't kill her!" The evil flame roared.

"I can't guarantee that. Who knows when she'll suddenly come?" Leng ruoxue said helplessly.

However, just as she finished speaking, Ji Kai's depressed voice came from outside the door."Madam, hei Mei is here!"

"I know!" Leng ruoxue replied. She then turned to the demon and said,"Look, Speak of the Devil, the devil is here!"

"I don't care if she's CAO Cao or whoever she is. In any case, I don't want to see her!" The demon said angrily.

"Then stay in your room. I'll go talk to her myself." After Leng ruoxue finished speaking, she left the evildoer behind and left the room alone.

After Leng ruoxue left, the evildoer's face darkened even more. However, he did not want to see that woman, so he did not chase after Leng ruoxue.

When Leng ruoxue reached the living room, before she could say anything, hei Mei rushed over and held her hand with a nervous look, ""Miss Leng, how's your health? you don't look too good!"

You're the one who doesn't look good! Your entire family doesn't look good! Leng ruoxue couldn't help but curse in her heart. However, she still maintained an elegant smile on her face and said, ""Thank you for your concern, miss hei, I'm fine!"

"Oh!" Hei Mei nodded and seemed to be relieved, but in reality, she was extremely depressed! Because just now, those doctors had told her that they had not found out about miss Leng's condition. She felt that the savings in her private account were decreasing day by day, and her heart was in pain as if it was being cut by a knife!

She had found a total of six doctors, and these six doctors cost her five million Alliance dollars a day, so six of them would cost her three thousand dollars! What was even more hateful was that Ji Kai had asked her to pay him daily!

If this continued, she felt that she was going to go bankrupt! However, she did not give up. How could she not find out what illness this woman had?

From a certain perspective, hei Mei was very persistent, so persistent that she was almost crazy. In addition, she had spent so much money, so she had to find out the truth about Leng ruoxue's illness. This way, it would give Ji Kai, the head butler, a lot more money to use. So now, Ji Kai had already regarded hei Mei as his financial backer and welcomed her arrival.

When he saw hei Mei, Ji Kai felt like he was seeing countless Alliance dollars!

"Miss Leng, it's my father's birthday in a few days. There's a banquet in the HEI family, and I've specially come over to invite you all to attend!" After being depressed for a while, hei Mei directly stated her intention and gave him a gold-stamped invitation.

In reality, she only wanted to invite the evildoer. In her heart, she also hoped that Leng ruoxue would not be able to go because of her illness. However, as a noble with status and position, these words naturally could not be said by her. However, if she wanted Leng ruoxue to take the initiative to say that she couldn't go, that would be wishful thinking! This was because Leng ruoxue had already received the invitation and replied with a smile, ""Thank you for the invitation, miss hei. We'll be there as scheduled!"

"I'll be waiting for you at home then. " Hei Mei continued to say gloomily. Then, she sat for a while more before leaving.

Leng ruoxue was a little surprised that hei Mei had left so quickly. Could it be because she had not seen the demon?

Although not seeing the evildoer made hei Mei depressed, what made her even more depressed was Leng ruoxue. In hei Mei's eyes, Leng ruoxue was like a pain in the ass. She was too difficult to deal with! It even made her feel like she couldn't eat it. If she continued to stay, she might have a heart attack.

After hei Mei left, the doctors looked at Leng ruoxue, not knowing what to say. However, the deep sympathy in their eyes could not be concealed.

Seeing them like this, Leng ruoxue's mouth twitched. Did these people think that she was going to be bullied by hei Mei?

"Miss Leng, I suggest that you don't go. It's definitely a trap! I'm afraid it'll be like a meat bun hitting a dog, there's no return!" Without waiting for Leng ruoxue to speak, a doctor couldn't help but speak first.

"A meat bun to hit a dog? In your eyes, who's the meat bun and who's the dog?" Hearing the doctor's words, Leng ruoxue raised her eyebrows and asked with a smile.

[SUPREME CRAZY WIFE](#)

Ugh! A certain kind-hearted doctor suddenly felt that he had said the wrong thing.

The woman in front of him was definitely not a dog. If she was a meat bun, it would definitely be a meat bun that was very difficult to chew! But in his mind, he still couldn't go to the HEI family to attend the Hongmen banquet. Who knew what would happen there!

Most importantly, after living with Leng ruoxue and the other two for a few days, even though Leng ruoxue and that terrifying man rarely showed their faces, they had at least developed a revolutionary friendship. Hence, he really did not wish for the three of them to go to the HEI family. If they really did, they would definitely be watched by the side! No matter what happened, it was hard to say!

In the doctor's eyes, even though Leng ruoxue and the other two had unfathomable strength, he didn't think that they would be able to defeat those high-tech energy weapons! However, Leng ruoxue still appreciated his kindness and continued to smile, "Don't worry, I'll take you guys with me. I guarantee that I won't fall ill that day!"

When she said that, the six doctors were all worried!

This was the rhythm of a duel to snatch a man!

"Miss Leng, you should consider it carefully!" Another doctor said.

"There's no need to think about it, miss hei treats me as her sister, I believe she won't have any ill intentions towards me!" Leng ruoxue said with a 'don't worry' expression.

No way!

The doctors looked at Leng ruoxue with disdain. They did not believe that Leng ruoxue and hei Mei were as close as sisters! That would be too strange! However, Leng ruoxue no longer gave them the chance to convince themselves. After greeting the crowd, she turned around and returned to her room.

After entering the room, Leng ruoxue looked at the evildoer with an evil smile. She waved the invitation card in her hand and said, "Someone invited us to a banquet!"

"I'm not going!" The evildoer rejected him very directly!

"Why not? If I don't go, hei Mei will think that I'm afraid of her or that I'm beyond cure. So, I have to go!" Leng ruoxue said with a smile.

"Xue 'er ..." The demon still wanted to persuade her, but Leng ruoxue only said, "I'll go make two gowns for us. " Then, she entered the bracelet in a flash.

For the next few days, Leng ruoxue didn't come out at all. She was a demon who was in a bad mood. From the first day she was abandoned, she kept releasing cold air from her body. Ji Kai and the doctors were so scared that they could only stay in their rooms obediently. They didn't dare to take a step out, or they would freeze to death!

On Saturday morning, Leng ruoxue finally came out.

Holding a pure black suit in her hand, she presented it to the evildoer. However, the evildoer proudly raised his head and did not look at Leng ruoxue.

"Put it on and let me see." Leng ruoxue coaxed.

"I'm not wearing it!" His devilish little temper rose.

"Be good! Put it on and let me see. " Leng ruoxue continued to coax him.

"Hmph! Just because of a piece of tattered clothing, you hung me out to dry for a few days!" The demon would settle the accounts after autumn.

"Uh! I was wrong, alright!" Leng ruoxue took the initiative to admit her mistake.

"Then tell me, how are you going to compensate me?" The demon asked. This was the most important thing.

"We'll compensate you in whatever way you say, okay?" Leng ruoxue replied obediently.

"This is more like it." The demon nodded his head in satisfaction and changed into the set of clothes that Leng ruoxue had made for him.

While the demon was changing his clothes, Leng ruoxue also changed into the dress she had made for herself. It was also black and was a couple's outfit with the demon 'S. More importantly, the front part of her dress was very conservative, but the back ...

After changing his clothes, the evildoer saw that Xue 'er was wearing a long dress that covered him very well and was very satisfied. However, when his hand reached Xue' er's waist, he was suddenly stunned.

It was cool and smooth like silk ...

He touched Leng ruoxue's body again. After confirming that it was her skin, the evil demon turned Leng ruoxue's body around. When he saw the large patch of her beautiful, snow-white back that was exposed, his face darkened.

"Who gave you permission to dress like this?" The demon gritted his teeth and roared with fire spewing out of his eyes.

Every inch of Xue 'er's skin belonged to him, how could he let other men see it?

It was his! They were all his!

As long as he thought of his wife's beautiful back being seen by a group of perverts, the anger in the demon's heart would rush to the top of his head.

After removing his clothes and covering Leng ruoxue, he continued to speak through gritted teeth, ""You're not allowed to wear this, take it off!"

"This is already the most conservative method." Leng ruoxue felt a little aggrieved. She knew that the demon would not be able to accept it, but she did not expect such a big reaction.

"This is the most conservative method? Then tell me, how is it not conservative?" The demon felt like he was about to go crazy.

"It's more exposed than this. " Leng ruoxue said softly. In reality, she had taken reference from the dressing habits of the people in this Galaxy and combined it with some designs from her previous life. She knew that evildoers were petty and jealous, so she had tried her best to be conservative. However, she didn't expect that he still couldn't accept it!

As expected, the demon's eyes seemed to be spitting out even more flames when he heard this. Leng ruoxue could only take out a light golden shawl that she had prepared beforehand and put it on her shoulders. She then said helplessly, "It should be fine now, right?"

Seeing the demon nod his head unwillingly, Leng ruoxue finally heaved a sigh of relief. She thought to herself, "thank God I've made two preparations!"

When she pulled the evildoer out of the room, his face was still sullen. His eyes would drift to Leng ruoxue's back from time to time, afraid that even a little bit of skin that belonged to him would be exposed.

Seeing him like this, Leng ruoxue felt helpless. Ji Kai and the others felt that the atmosphere was not right, and they were so scared that they didn't even dare to breathe.

Like chicks that had just come out of their shells, Ji Kai and the other seven hid in a corner and stood in a row. No one dared to come forward.

"When are we leaving?" Leng ruoxue took the initiative to ask when she saw their reaction.

"The HEIs will send a car to pick us up." Ji Kai quickly said, meaning that he would just wait.

Leng ruoxue understood and pulled the evildoer over to sit on the sofa in the living room.

Not long after, the HEIs 'hover car arrived.

The driver knocked on the door and opened it. When he saw Leng ruoxue and the other two, he was still a little nervous. However, when he saw that the three of them did not even spare him a glance, he calmed down instead.

When they got into the hover car, there was a large space beside Leng ruoxue and the demon. Ji Kai and the other seven squeezed into a small corner, refusing to sit beside them.

Leng ruoxue could only sigh when she saw this.

The demon's power was getting stronger and stronger. He didn't know if these people would still dare to stay in front of them after today's banquet.

Leng ruoxue believed that it would be a lively night.

The HEI family was located in the forest Avenue, the most prosperous noble area in the vast universe. Every inch of land there was worth tens of thousands of gold. More importantly, the nobles who could live there were not ordinary nobles. The families living there were all legendary families in the

vast star area. Of course, it wasn't the current head of the family who created this legend, but their ancestors.

SUPREME CRAZY WIFE

Chapter 3008 What's The Structure Of The Brain (4)

The reason why the black family was able to have such a pivotal position in the vast star field was because the black family had once produced an unparalleled ancestor. This ancestor was also a woman, and she was conferred the title of Duke of Black Rose as a woman. She led the family to become one of the top aristocrats in the advanced civilization star field.

Because of the existence of the great woman, the Duke of Black Rose, the Status of Women in the black family was quite high. After all, the black family really hoped that their family could produce another outstanding and admired Black Rose.

Currently, among the heijia's heiresses, the most valued ones were hei Mei and hei Luo. However, there were rumors that these two had always been at odds with each other and liked to snatch things that caught the other's eye.

Of course, these were all rumors that Leng ruoxue had heard.

The HEI family was a little far from where Leng ruoxue was staying. By the time they reached the forest Avenue, it was already close to evening.

As soon as she alighted from the hover car, a large and magnificent building complex with golden walls came into view. At that moment, there were only two words in Leng ruoxue's heart: 'nouveau riche!'

From her point of view, this hei family was definitely afraid that others didn't know how rich they were. Otherwise, they wouldn't have made the house in front of them so golden!

Just as Leng ruoxue was sighing, hei Mei, who had already received the news, ran out of the house with a delicate and anxious expression. She first looked at the evildoer with a blushing face, then turned her gaze to Leng ruoxue and said, ""Miss Leng, you're here!"

Leng ruoxue nodded her head in silence.

"My family is not bad, right? It's more luxurious inside!" Hei Mei said proudly.

However, when Leng ruoxue heard her words, she deeply felt that hei Mei was trying to use money to throw at her.

Did he really think he was someone who had never seen the world? After all, she was the master of a realm now! Why would he care about a tycoon from the lower realm?

In Leng ruoxue's eyes, hei Mei was no different from a nouveau riche. Hence, she automatically blocked hei Mei's fair side!

Hei Mei felt extremely depressed when she saw how it felt like her flashy punch had landed on cotton. She kept cursing Leng ruoxue for not seeing the world, but she still held Leng ruoxue's arm affectionately, wanting to pull her inside.

Who knew that the evildoer would angrily snatch his wife's arm from hei Mei's hand and hold it himself. He did not even look at hei Mei and walked into the black House.

Hei Mei was stunned on the spot. Her pink, delicate, and exquisitely painted beautiful little face suddenly turned green and white. However, she did not think that the person in her heart would do such a thing. It was because the

demon's possessiveness of his wife had already reached the point where both men and women should not get close to her. He even thought that a certain man was angry because she did not greet him!

Thinking of this, hei Mei was extremely vexed! She just wanted to act more reserved, so she didn't say hello to her sweetheart! How could he misunderstand her like this?

Hei Mei also hurriedly followed in.

Ji Kai, who saw all of hei Mei's thoughts, felt like thunder was rolling in his heart. Thousands of "F ** K you" were running through his mind. Then, he followed her in.

He could not ignore the famous mansion of the Duke of Black Rose!

At this time, in the garden in the courtyard, a group of nobles had gathered in twos and threes to attend the banquet. The banquet was self-help, so many familiar people were gathered together to chat.

The arrival of Leng ruoxue and the evildoer silenced the entire courtyard. Everyone stared at them with their eyes wide open. In the end, it was hei Mei who could not bear it and broke the silence.

"What are you all doing? didn't you all want to see the person in the video?" Hei Mei said with a smile.

"Yup! I've long heard of your great name!" One of the young men replied.

"Let me introduce you, this is ..." Hei Mei looked at the demon and suddenly realized that she didn't even know the name of her sweetheart. This was really wrong!

He looked towards Leng ruoxue for help. Leng ruoxue smiled gently and kindly, ""My husband's surname is ye!"

When hei Mei heard that her sweetheart's surname was ye, her heart burst with joy.

Her surname was hei, and her sweetheart's surname was ye. This was really fate!

"This is Mr. Ye!" Hei Mei continued with her introduction. Unfortunately, the demon still didn't even spare her a glance.

"Let me formally introduce to everyone, the beauty on my left is the famous miss Leng. Although she is only Mr. Ye's concubine, she is my good sister, so no one is allowed to bully her!" Although her sweetheart didn't even look at her, hei Mei didn't mind at all. If she got a man as soon as she chased him, there would be no sense of accomplishment! And she liked people who ignored women like this!

To put it bluntly, she had a somewhat cheap mentality. After hearing her introduction, everyone present immediately understood what was going on.

He was trying to make a black person out of this! Who would introduce good sisters like this? if there were really such sisters, everyone would turn hostile. However, seeing that Leng ruoxue was still smiling, more than half of the people believed hei Mei's words and looked down on Leng ruoxue.

Unfortunately, Leng ruoxue didn't care about their comments at all. She only maintained her perfect smile and pulled back the infuriated evildoer, signaling him to calm down!

Even if he wanted to cause trouble, he didn't need to be in such a hurry!

Taking advantage of their unguarded state, Leng ruoxue brought the evildoer and retreated into a corner.

After setting up a barrier, the demon said hatefully, "'I'm going to tear that woman apart!"

"Why? Didn't you say that I'm your wife and concubine? What, she only said that she's a concubine and you can't bear it?" Leng ruoxue teased.

"If she didn't say it in front of me, I could pretend that I didn't know anything, but I can't say it in front of me! How can I tolerate her humiliating you like this? And the people here, I won't let a single one of them off!" His violent and demonic nature had surfaced, and he couldn't wait to destroy everything here!

"It's up to her. We can't stop her from introducing us however she wants to. However, not everyone is here yet. Are you really going to make a move now?" Leng ruoxue said with a smile.

"Then let's wait until everyone is here!" The demon's pitch-black eyes flashed with a trace of bloodthirsty madness as he said.

"Be good! Don't be impulsive, I haven't played enough yet! Or do you think I'm someone who likes to be taken advantage of?" Leng ruoxue consoled.

"Of course I know you won't be at a disadvantage, but you're my wife, I won't allow anyone to bully you!" The demon said in a domineering manner. Then, he stretched out his long arms and hugged Leng ruoxue tightly, refusing to let go.

"Yes, I only allow you to bully me!" Leng ruoxue revealed an alluring smile.

"How could I bear to bully you!" The demon said, and hugged her even tighter.

The two of them stayed in the barrier and acted lovey-dovey, while hei Mei and the others outside were extremely vexed.

How did the two of them disappear without a trace? They searched the entire courtyard, but they couldn't find him.

SUPREME CRAZY WIFE

Chapter 3009 What's The Structure Of The Brain (5)

Time slowly passed. An hour later, almost everyone who came to the banquet had arrived.

This banquet was to celebrate the birthday of the HEI family's head, so the HEI family was very generous.

Countless cultivated vegetables and rare pure green vegetables were placed on the dining table. However, looking at the dazzling array of food in front of him, Ji Kai had no appetite at all.

How could this food be compared to the food Madam gave him!

He was not the only one. The doctors who had been pampered for the past few days also did not really care about this junk food. However, when other people saw it, they were extremely excited.

After all, unless there was an important occasion, even the nobles would not have the opportunity to eat fresh vegetables often.

At this moment, knowing that most of the guests had arrived, Leng ruoxue and the demon walked out of the barrier.

After a while, hei Mei, who had discovered the two of them, ran to their side and said with a worried face, ""Brother ye, miss Leng, where have you run off to?"

Brother ye and miss Leng?

Leng ruoxue raised her brows. There was really a difference between close and distant relatives! She's calling me brother so quickly!

He looked at the evildoer mockingly, and his face darkened. He did not give him any face as he said, ""Who gave you the permission to call me brother? You're not worthy!"

"..." Hei Mei was a little dumbfounded. How could brother ye treat her like this? She was really too sad!

However, the evildoer did not care if she was sad or not. His wife's feelings were the most important!

After saying 'you're not worthy', the evildoer pulled Leng ruoxue away in front of hei Mei.

He wanted to find a place with fewer people, but he was blocked by a middle-aged man who seemed to have an extraordinary status after taking just two steps.

The demon was very unhappy and wanted to beat someone up!

Seeing the handsome man's face darken, the middle-aged man realized that he was not very popular. However, he still introduced himself shamelessly,""Mr. Ye and miss Leng, right? I'm the current Duke of Black Rose, and also the master of the black family. Welcome. "

"Is there something?" The demon asked impatiently.

"Uh! A little. Can we talk in the study room?" The head of the HEI family asked courteously.

The demon did not want to agree at first, but he agreed after Leng ruoxue gave him a look.

Just as the two of them were about to follow the head of the HEI family to the study, hei Mei appeared out of nowhere again and said with an unhappy face,"Father, miss Leng is only big brother Black's concubine, how can she enter the study!"

"Get lost!" The demon really couldn't take it anymore. After telling her to get lost, he stretched out his foot and kicked hei Mei, sending her flying.

Leng ruoxue was very calm as she watched hei Mei draw a perfect arc in the air. She knew that the evildoer had already reached his limit. On the other hand, the master of the HEI family's expression was very ugly. He really did not expect the man in front of him to kick his precious daughter away in front of him. However, when he thought of what he wanted to say, he could only suppress the dissatisfaction in his heart.

However, the head of the HEI family was also used to being overbearing, and although he had restrained some dissatisfaction in his heart, he still reminded, "Mr. Ye, that's my daughter!"

"She is my wife, not the concubine your daughter is talking about!" The demon hugged Leng ruoxue and said.

"I'm sorry, I was rude!" The head of the HEI family already knew the mistake his daughter had made, and he naturally chose the side that was most beneficial to him.

"Aren't we going to the study?" The demon asked indifferently.

"Yes! This way, please!" The head of the HEI family said courteously.

After the three of them left, the scene was silent for a moment. Originally, when the beauty was kicked away, some people wanted to fight for justice, but seeing that the head of the HEI family, as her father, didn't say anything, many aristocrats who wanted to protect the flower, after weighing the pros and cons, also tactfully shut their mouths.

When Ji Kai saw his master's display of power, his respect for his master was like a raging river. However, the few doctors who had already formed revolutionary friendships with Leng ruoxue and the other two were very worried about this.

"Ji Kai, the head of the HEI family is famous for his vindictive nature. Is it a good idea for your master to offend him like this?" A doctor said in a low voice, his face full of worry.

"Don't worry, my master is not afraid of him!" Ji Kai patted his chest and promised. His heart had been strengthened by his master and his wife, but the six doctors still couldn't relax.

At the same time, Leng ruoxue and evildoer of evil followed master hei to the study.

As soon as he sat down, the head of the HEI family went straight to the point and smiled, ""If I'm not mistaken, both of you are ability users, right?"

The two of them looked at each other and nodded.

"Are you interested in joining my hei tribe?" The head of the HEI family continued to ask. He could see that these two ability users were very mysterious, and their strength was unpredictable, so he really hoped that these two could be used by him. Of course, if the two in front of him were not willing, he would not let the other families benefit, because he knew that many families already had ideas about them.

At the current stage, all the major families were using recruitment as their approach.

The reason why all the families were interested in the two in front of them was mainly because their abilities were somewhat different! It was something they had never heard of before! If he couldn't get such a person, he could only destroy him! The head of the HEI family thought that he cherished talents, so he didn't want to take that last step yet.

"I'm not interested," The demon directly refused.

"Aren't you two going to discuss it?" The head of the HEI family said unhappily after being rejected.

"There's no need for discussion. My husband's decision is naturally mine!" Leng ruoxue smiled.

"But I still hope that the two of you can consider it carefully, joining our hei family will definitely be beneficial to you!" The head of the HEI family tempted.

"What benefits?" Leng ruoxue asked, pretending to be interested.

"I can marry my daughter to Mr. Ye. Then we'll be a family!" The head of the HEI family said with a sense of self-satisfaction.

When Leng ruoxue heard this, she felt a little stifled.

She had never expected that this father would be even more direct than his daughter! In contrast, she liked hei Mei's roundabout strategy. At least, she could laugh at her. However, the moment this old man from the HEI family stepped in, he directly announced the result. In this way, it was no longer interesting. Leng ruoxue did not have the patience to feign civility with the other party.

At this moment, she was furious.

"Could it be that master hei has dementia? Have you forgotten that we are husband and wife?" Leng ruoxue questioned with a cold smile.

At this moment, the evildoer didn't say anything. He even shamelessly put on a weak look, as if he was a young man who was about to be snatched away by someone. He looked at Leng ruoxue with a nervous and scared expression. His extremely handsome face was red with the words 'please protect me'. Three big words.

"Men! What's the big deal with having three wives and four concubines! Besides, don't you have a good relationship with Mei 'er? Now that I've made

you true sisters, let you become part of our hei family, you should be grateful!" The head of the HEI family said self-righteously, and then said with a heavy heart,"Young man, you should know what is best for you. As your elder, how can I harm you?"

SUPREME CRAZY WIFE

Chapter 3010 What's The Structure Of The Brain (6)

"Who said I'm close to your daughter? Who wants to be a member of your hei family? And whose elder are you? Old man, I've seen shameless people before, but I've never seen someone as shameless as you. Who Do You Think You Are?" Hearing this, Leng ruoxue was even more furious. At this moment, she wanted nothing more than to tear the old man in front of her into pieces. Otherwise, it would be difficult to dispel the hatred in her heart!

However, when he heard Leng ruoxue's words, the head of the HEI family wasn't angry at all. Instead, he said to the demon with a disapproving look,"Mr. Ye, can't you take care of your wife? You let a woman bare her fangs and brandish her claws in front of others, what kind of behavior is that?"

"She's the head of the family in my family!" The demon said with a smile.

"What? What a disgrace! If you can't lift your head, won't mei 'er have to suffer when she marries you? I'm warning you, my Mei 'er will never be a concubine. You should ask her to give up her position as the main wife! I can give her an equal wife!" The head of the HEI family said with an expression of showing mercy.

Hearing this, the Furious evildoer was speechless.

What was the structure of this old man's brain? How could he be so self-righteous to this extent? This was definitely the weirdo that Xue 'er always talked about.

Leng ruoxue was also amused. She could not help but say, ""Hei family head, it looks like you're not only senile, but also deaf! Old man, don't be so full of yourself, okay? Do you think that your daughter wants just anyone?"

"My daughter is the HEI family's young miss!" When the head of the HEI family heard Leng ruoxue's words, he was so angry that his face and neck turned red.

"So what? In my eyes, you're just an ant!" Leng ruoxue didn't want to waste any more time with the other party. She immediately threw a small flame to a corner and pulled the demon to jump out of the window!

When the master of the HEI family saw Leng ruoxue's actions, he was shocked! He thought that the two of them were going to jump off the building and was about to call for help! A half-meter tall flame burst out of his study room! At this moment, Leng ruoxue and the demon had already descended from the sky under the watchful eyes of the crowd.

Ji Kai was dumbfounded, and the doctors were even more dumbfounded. What was going on? Why did he come down from the sky?

After the two landed, the onlookers, who felt that the atmosphere was not right, didn't dare to go forward. However, Ji Kai didn't dare to hide at this time. He braced himself and asked, "Master, Madam, what happened?"

"Your master almost had a wife!" Leng ruoxue said lightly. Her beautiful eyes looked in the direction of the study before she continued, ""Let's go back!"

"Ah!" Ji Kai finally understood what Leng ruoxue meant. When he heard Madam say 'go back', he felt dizzy and lost.

Then, Leng ruoxue teleported away with the demon and Ji Kai. She ignored the six doctors.

Not long after they left, someone shouted, ""Fire!"

Immediately, the courtyard was in chaos.

The aristocrats attending the banquet all cherished their lives very much. They fought to be the first to rush out of the courtyard. No one thought of putting out the fire. And when the people of the HEI family saw that the fire was too fast and out of control, they also became a mess and ran out.

In a few breaths, the resplendent hei family's mansion turned into ashes.

The HEI tribesmen, who had just survived the disaster, finally remembered to look for their master.

In the end, they finally found the head of the HEI family, still breathing and curled up in a pile of ashes.

In the end, when they did a headcount, they miraculously discovered that there were no casualties, but the HEI family's priceless ancient ancestral home had been completely burned to the ground by the sudden fire!

The master of the HEI family, who had finally woken up, saw what had happened to his family. He was so angry that he spat out a few mouthfuls of blood, then his eyes rolled back and he fainted.

When he woke up again and his clansmen asked him what had happened, he said very decisively, ""Those two people must be the work of those two bastards!"

"Which two bastards?" The clansmen clearly didn't quite understand what the clan head meant.

"The couple in the video! You idiot!" The master of the HEI family was furious that his clansmen could not understand him.

"Master, is there any evidence?" An elder asked very cautiously. If it was really done by those two people, just based on the fact that they only set fire to the house without harming anyone, their strength was not easy to deal with!

"I don't need evidence. I'm sure they did it!" The head of the HEI family definitely shouted. His heart was bleeding as he looked at the ancestral home that had been burned to ruins!

"Family head, if we have evidence, we can use it to Sue them to the Alliance Council and ask for compensation for our losses, but without evidence, I'm afraid the Council will ..." One of the elders stopped halfway, but his meaning was clear, no matter if it was true or false, even if it was an accusation, there must be evidence, otherwise the Council would not accept it!

"I saw it with my own eyes. Isn't that enough?" The head of the HEI family shouted at the top of his lungs. At this moment, his noble bearing had been completely lost, and there was not a single bit of the demeanor of a head of the family.

"You can only be considered as a witness, we still need physical evidence!" An elder reminded.

"This pile of ruins isn't enough?" The head of the HEI family shouted.

"Let's try!" An elder said helplessly. Then, he saw that the family head's expression wasn't too good, so he consoled him, "Family head, although the ancestral home has been burned down, you don't have to worry too much. Fortunately, many of our hei family's properties have been preserved."

Although he said this, a certain elder's heart was still throbbing in pain. A portion of the assets had been saved, but many of the assets accumulated in the HEI family's ancestral home had been burned down, especially those precious treasures that were difficult to replicate, all turned to ash. This time, the HEI family could be said to have suffered a heavy loss! But at this time, he

still had to comfort the family head, who let the family head be the HEI family's pillar of support!

Not long after, hei tribe's news came again!

All of the HEI family's properties in the vast expanse star field had been caught in fire and thunderstorms. Even the land occupied by those properties had mysteriously disappeared. According to witnesses, after the fire and thunderstorms, a level twenty tornado had blown the land into the nearby sea. And only the land that belonged to the HEI family had been blown away. The other people's territories were still intact.

Because of the tornado that appeared out of nowhere, the vast Galaxy was suddenly divided into several continents. As for the HEI family, all that was left was the land where the ancestral mansion was located on the forest screen Avenue.

However, the HEI family was unable to keep this piece of land in the end, because after the destruction of their business, many families with economic dealings with them were implicated to varying degrees. That piece of land was divided up by the creditors.

Almost overnight, the HEI family was only left with the hereditary title of Duke. Other than that, they had nothing! Moreover, he still owed a huge debt.

The tragedy of the HEI family was instantly spread throughout the entire vast star field through the star field network, and the reputation of the HEI family rose even higher!
