

In this way, the two rabbits were so idle that they were about to grow green fur.

The two rabbits with sharp ears immediately perked up their little ears to listen carefully when they heard that there was a job.

Ji Kai still didn't know the identity of these two rabbits. However, he wasn't too surprised by their sudden appearance, because they were brought back by the little white cat. But now that Qing Jue reminded him to ask for help from these two rabbits, he couldn't help but take a few more glances at the rabbits that were already quite fat.

Oh! It could be used as a dish!

Ji Kai was already very picky about the dishes that went with wine, but these two rabbits were barely qualified! It should be good to nourish Madam's body.

Just as Ji Kai's thoughts were running wild, Qing Jue's small meaty claw hit Ji Kai's head and he shouted, "You bastard! They are not for you to eat! Don't you need proof of identity? Just find the two of them!"

"Uh! They're two rabbits!" Ji Kai couldn't help but whisper.

"He is on the outside, but not on the inside! Besides, even if they're just two pet rabbits now, they're still more useful than you!" Qing Jue said with a look of disdain.

These words hurt Ji Kai's fragile heart! Could it be that he was not even as good as two rabbits?

At this moment, the gray rabbit spoke.

"Idiot!"

After cursing, it closed its mouth again and put on a noble and cold appearance.

Ji Kai was frightened by the rabbit that suddenly spoke!

Why ... Was it another talking Beastie? How could this be?

No wonder he was always looked down upon. It seemed that he was really worse than two rabbits?

Ji Kai was very sad!

Qing Jue couldn't stand it anymore and finally said something fair. "You don't have to be too sad. These two rabbits are the mainframe. You naturally can't compare to them in certain aspects." The ability he was referring to was naturally hacking into planet Indigo's network. In reality, without Leng ruoxue and the rest knowing, the two bored rabbits had already done that. However, they were afraid of being scolded, so they didn't dare to report this.

"MA...Mainframe?" Ji Kai was stunned. Did he mean what he was thinking?

"Yes." Green vessel nodded and explained, "one of them was brought here by Cang and I from the vast Galaxy. The other one is the mainframe of the Parliament Alliance."

Ji Kai was silent. Alright! After the three of them, the little boy and the little white cat had added another layer of frost to the Haoyuan star field and the Congress alliance!

Ji Kai observed three minutes of silence for the Congress alliance before nodding. "If it's them, then there shouldn't be a problem with our identification."

The mainframe! His original job was to monitor the network, which was even more powerful than the so-called hackers. How could Ji Kai not be at ease?

A day later, the two rabbits who had received the mission had confirmed the identities of Leng ruoxue and the others. From kindergarten all the way to high school, their ages had also been changed.

Leng ruoxue and the demon were both twenty years old, while Ji Kai was a thirty-five-year-old uncle.

For men, thirty-five years old was the golden age of men, so Ji Kai was very proud.

Things would be much easier with an identity.

Ji Kai went out to run to school.

A week later, Ji Kai, who had run through the entire planet Indigo, came back dejectedly.

"How is it? did you find the school?" the demon asked.

"No, medical schools have very strict requirements for their students' qualifications. Many schools refuse to accept their owners when they hear that they haven't passed the college entrance examination." Ji Kai said honestly.

"College entrance exam? What's that?" The evildoer who had never gone to school expressed that he didn't understand.

"College entrance exam! It's a way for ordinary people to study. After passing the college entrance examination and being admitted to a University, they can then study the university's courses!" Leng ruoxue explained with a smile.

"Is there any University that I can go to without the college entrance examination?" The demon asked gloomily. What college entrance exam! It sounded so difficult.

"There are, but you won't be able to learn anything useful in that kind of University. So, if you want to study medicine well, my dear husband, you still have to take the college entrance examination!" Leng ruoxue laughed evilly. To be honest, she didn't want the evildoer to study medicine so hard. After all, they were gods, and giving birth was definitely different from ordinary people. However, this was the evildoer's kind intention, and she couldn't reject it. Thus, she could only hope that the evildoer would take the initiative to give up. But the little devil's temper came up.

"I want to take the college entrance exam!" The demon's will said firmly.

"Then participate!" Leng ruoxue was at her wit's end.

After deciding to take the college entrance examination, the first thing the demon had to do was to learn about the knowledge of planet Indigo.

Even though Leng ruoxue had taken the college entrance exam in her previous life, she was not very familiar with planet Indigo's knowledge. As such, she had no way of helping the demon.

After some thought, she ordered Ji Kai to hire a tutor for the evildoer.

Ji Kai quickly settled this matter. The tutor he hired was a young man in his early twenties.

The moment he saw Leng ruoxue and the evildoer, the young man was in a daze for a long time. When he regained his senses, his little face was still red and he did not know where to put his hands and feet.

The young man, who originally wanted to work while studying, didn't expect his client to be so beautiful. Wasn't this a scam?

Facing such a monstrous student, who could still concentrate on teaching?

The young man was very worried. The salary of this job was very high, and he didn't want to lose it because of his distraction!

After a long period of silence, the young man decided to start the class.

When he saw Leng ruoxue take out a set of elementary school textbooks, the young man was in a mess.

W-what was the meaning of this? The young man didn't understand.

"Let's start from elementary school!" Leng ruoxue explained with a faint smile.

"O-okay!" The young man was depressed for a moment, but he agreed. He completely treated this as a test from the host.

The young man was also very serious when he taught. Basically, he only had to teach them once before Leng ruoxue and the demon who were learning with him understood.

In reality, Leng ruoxue was the only one who truly understood. As for the demon, he had completely imprinted the contents of the books into his mind. When he needed them, he would flip through them and use them. When he didn't need them, he would just store them in the depths of his mind.

It had to be said that his learning method was quite suitable for this kind of intensive learning. The reason why Leng ruoxue followed him was because she was afraid that the demon would not understand something and she could be of help when the time came. But now that the demon had taken a shortcut, she naturally didn't need to study seriously anymore. However, she still chose to listen.

A month later, the evildoer and Leng ruoxue had completed all the courses from elementary school to high school. The young man was quite surprised at

the learning speed of this pair of monsters. They were real geniuses! In comparison, those self-proclaimed geniuses in their school were nothing.

Knowing that the evildoer was going to take the college entrance examination and study medicine, the young man strongly recommended the evildoer to apply for their school and make it clear that they were the top school on planet Indigo, with the best campus environment and teachers.

SUPREME CRAZY WIFE

Chapter 3042 The Demon's Decision (4)

After hearing this, the demon was a little tempted.

However, he didn't immediately agree. He only said, "I need to discuss this with my wife!"

Hearing the demon's words, the young man's mouth couldn't help but Twitch. It was hard for him to imagine that the beautiful man and woman in front of him, who were not even twenty years old, were already husband and wife. The man still kept talking about his wife all day long, as if he was afraid that others would not know that he was afraid of his wife!

Although he had heard it a lot and should have calmed down, every time he heard the demonic man talk about his wife, he felt very conflicted.

Men! He was tied up tightly just like that. The point was that the person in jail didn't struggle at all and even enjoyed being tied up by a woman.

The young man had no experience in love, so he naturally could not understand the mood of a demon who respected his wife. However, this

matter was obviously not something that he could ask about as a tutor, so he quickly felt at ease.

A few months before the college entrance exam, Ji Kai had to help his master register. At this moment, Leng ruoxue ordered Ji Kai to register her as well. She was also taking the college entrance examination.

When Ji Kai heard this, he was stunned for a long time.

Madam! Although your stomach isn't obvious yet, you'll be old and in labor by the time you take the college entrance examination. How can you take the college entrance examination in that state? Ji Kai didn't dare to imagine how lively it would be if the child was born on the exam grounds!

Knowing what Ji Kai was thinking, Leng ruoxue told him the truth, "Don't worry, I can't give birth so quickly!"

"....."

What did he mean by 'can't give birth so soon'? Could he endure through the college entrance examination or ...

When he thought of this, Ji Kai suddenly woke up.

That's not right! If master wanted to study medicine, he had to take the college entrance examination first. But after the college entrance examination, he would have a holiday and school would start again. This would take several months. If that was the case, it would definitely be too late for master to learn medicine and help Madam deliver a baby. It should be known that a woman would be pregnant for ten months, and Madam was now six months old. She would probably give birth before the day of the college entrance examination, and by then, master's school had not started yet!

Thinking about this, Ji Kai suddenly didn't know what the meaning of his master's hard work and college entrance exams was.

"I told you, I can't give birth so quickly!" Leng ruoxue repeated before Ji Kai could voice his thoughts.

"Yeah, my child won't be out so soon." The demon also nodded.

Ji Kai didn't understand, but since his master and his wife said so, what else could he say? He could only follow Madam's instructions!

Not long after reporting to his master and Madam, Cang brought Leng Qingtian and the others to planet netherblue.

Seeing Leng ruoxue, who they had not seen for a long time, everyone naturally exchanged some pleasantries. When Leng Qingtian and Leng ruohan found out that one of them was going to be a great-grandfather and the other was going to be an uncle, they were overjoyed. Ever since they had arrived on the netherblue planet, Leng ruoxue had many protectors by her side, causing the demon to find it extremely difficult to even take a single step closer to Xue 'er.

In the words of Leng Qingtian and the others, Xue 'er was pregnant now, so she had to be careful in everything. Of course, the person she had to be especially careful of was naturally a demon.

The reason why they treated evildoer this way, other than punishing him for kidnapping Xue 'er and leaving without saying goodbye, was also because Cang had snitched on him.

The evil Cang told everyone that even after Niu had a child, the evil man still didn't stop and kept pestering Xue 'er ...

When Leng Qingtian and the others heard this, they were shocked.

From then on, the days of suffering for the evildoers officially began.

He wanted to hug his wife, but it was harder than ascending to the heavens to get close to her. This also caused him to hang his head all day long. His face

was frighteningly dark, and cold currents were flowing around him. For a moment, the air pressure in the entire villa was comparable to that of the South Pole.

However, Leng Qingtian and the others were not afraid of this. The only one they were afraid of was Ji Kai.

As the head butler, Ji Kai sympathized with his poor master! But he didn't expect Madam's maiden family to be so fierce. Even the master couldn't do anything about it, so he, a little servant, naturally didn't dare to be rash.

As such, Ji Kai could only support and sympathize with his master in his heart.

As for Leng ruoxue, after being protected by her grandfather and the others, she could only feel helpless. In fact, she wasn't that fragile, okay? Of course, her heart ached even more for the evildoer who looked at her with resentful eyes every day.

After a long conversation with his grandfather and the others, Leng Qingtian and the others finally gave in and sighed. A grown girl can't be kept in the family! This is just how far! She felt heartache for her man.

Leng Qingtian and the others felt sour in their hearts, but they still allowed the evildoer to get close to Xue 'er. Of course, they also gave him a warning.

The demon naturally agreed, and then hugged his wife tightly like a pitiful homeless child, expressing his feelings.

Leng ruoxue comforted him and finally managed to coax the evildoer into a smile.

Ever since her grandfather and the others arrived, the house had suddenly become lively. Back then, when Ji Kai saw so many people and beasts, he was not used to it.

In particular, there were many precious animals among the beasts, and all of them could speak the human language. This simply made his eyes unable to take enough of them.

However, the spirit beasts did not have a good attitude towards Ji Kai, because in their hearts, Ji Kai was a damned evildoer, and this damned evildoer had once abducted their master, so he was their enemy!

The servants of their enemies were naturally their enemies!

With this reasoning, it would not be so easy for Ji Kai to please them.

However, those beasts were all the size of a palm, and many of them were fluffy. They looked too cute, so Ji Kai couldn't help but stick his warm face to their cold butts. After a long time, he really made some progress. At the very least, the spirit beasts no longer rejected Ji Kai as much as they had before.

Just like that, Ji Kai spent his days cooking.

After cooking more, Ji Kai's cooking skills had improved by leaps and bounds, and his relationship with the beasts had also improved rapidly while feeding them.

It couldn't be helped, as Ji Kai was now their nanny!

Time passed quickly.

Soon, the day of the college entrance examination arrived.

To Ji Kai's dismay, his wife's stomach was still normal even after a few months.

Ji Kai was deeply worried about this fact.

Was Madam pregnant or not?

Ji Kai didn't dare to ask. Whenever he had the chance, he would glance at his wife's stomach and then quickly look away to avoid being discovered.

In fact, how could his little trick escape the eyes of all the people and beasts? however, none of them exposed Ji Kai.

After sending Leng ruoxue and the evildoer into the exam hall, Bai Xu and Feng Zhan took the initiative to chat with Ji Kai to distract him from his anxiety.

While they were chatting, Ji Kai unintentionally revealed his worries, instantly causing Feng Zhan and Bai Xu to laugh out loud.

After laughing enough, Feng Zhan answered, "you're thinking too much. Master definitely has a baby. It's just that our God's baby won't be born so soon. Like me, I stayed in the egg for at least a thousand years before I came out. This stinky cat is the same!"

[SUPREME CRAZY WIFE](#)

Chapter 3043 The Demon's Decision (5)

Ugh! Looking at the fiery-red macaw that Feng Zhan had transformed into and the stinky cat that he was talking about, Ji Kai was a little confused.

A thousand years?

If that was the case, would he still have a chance to see little master? I'm afraid he can't even live for a thousand years?

Ji Kai was very sad. After all, he had been looking forward to seeing his little master. No matter what, he had to see her. Otherwise, he would not be able to die in peace!

"Calm down. Master's baby shouldn't take that long. It will definitely be born within a hundred years!" Sensing Ji Kai's low mood, Feng Zhan consoled him with a smile.

Hearing this, Ji Kai couldn't help but glance at Feng Zhan. He thought to himself, "is this a consolation?" A hundred years isn't a short time, is it?

Of course, it was much shorter than a thousand years. Al! I hope he has the chance to see little master come into being!

After understanding that his future little master was different from the rest, Ji Kai forced himself to calm down. He was not prepared to stare at Leng ruoxue's stomach and sigh anymore.

After three days of examinations, Leng ruoxue and the demon acted as if nothing had happened. They did not care about the results at all. However, Leng Qingtian and the others, who had no idea what the college entrance examination was, were rather interested in the college entrance examination that Leng ruoxue and the demon were participating in.

After some understanding, everyone immediately made the decision to take the college entrance examination. Of course, they could only participate in next year 's.

The two rabbit mainframe helped everyone to get their identification. Ji Kai then invited the young man from before.

Knowing that there was work to be done, the young man was naturally happy. However, when he saw Leng Qingtian and the others, he was at a loss.

These people in front of him, any one of them could be a male God-level school hunk! Was it really good for such a group of people to enter University?

The young man could already foresee the reaction of the group of infatuated girls on campus when they saw this fat meat.

After giving everyone a sympathetic look, the young man began to teach seriously without batting an eyelid.

Although they were baffled by the young man's gaze, no one thought too much about it.

They took a shortcut in their studies like a demon. In less than a month, the young man lost his job again. However, to the young man, he was quite proud. Because the results of the college entrance examination were already out. He had taught a top scorer and second place.

Needless to say, the college entrance examination's top scorer was naturally Leng ruoxue, while demon's results placed him in second place among all the college entrance examination candidates on planet Indigo.

As expected, the two of them became the young man's schoolmates.

When it came to choosing her major, Leng ruoxue had initially wanted to choose the law. However, under the gaze of those devilish black eyes, she had chosen the medicine as well.

Leng ruoxue could only comfort herself that she had only learned medicine because she was afraid that someone would take advantage of her absence to seduce her man!

The demon didn't care why his wife studied medicine. He was very happy to be able to go in and out with his wife every day. He didn't have to worry about people who were blind to provoke his wife.

Their University was called netherblue University. It was the best university on planet netherblue, and the students who graduated would be elites in their respective fields. Of course, there were many children of aristocratic families among the students, and these children were not idiots. They all got in with their own results.

Entering a University like this meant that everyone had to study hard. However, Leng ruoxue was definitely not on the list of people who would study hard.

Basically, she was just here to pass the time! Otherwise, she would be under a lot of pressure if she was surrounded by the love and care of her grandfather and the others all day long!

On the first day of school, the two of them went to report together.

Before they even entered the school, their extraordinary looks caused a huge commotion. Fortunately, they had the help of their former tutor, this old bird. That was why Leng ruoxue and the demon did not get drowned in the crowd.

Under the cover of the young man, Leng ruoxue and the demon finally arrived at the medical school.

Every year, the School of Medicine's marks were the highest in netherblue University. Even though there were many students who applied, the School of Medicine's marks were always extremely high every time they recruited new students. This year, the marks were simply heaven-defying, so the only new students in the School of Medicine this year were Leng ruoxue and demon.

Of course, Leng ruoxue was still unaware of this situation. The senior who had accepted the mission to welcome them outside the medical school had not told them about this either.

Once she entered the medical school campus, Leng ruoxue could smell the strong smell of disinfectant. It was similar to the smell in the hospital. At this moment, she regretted studying medicine.

She didn't like the smell!

However, Leng ruoxue also knew that retreating now would not work. She still had to accompany the evildoer!

After finishing the admission procedures, the two of them went home.

Three days later, classes officially began.

When Leng ruoxue and the demon arrived at the classroom according to the timetable given to them, they saw that the huge classroom was empty. There was not a single student in sight. They immediately realized that they had arrived early.

It wasn't until an old professor in his 70s arrived that Leng ruoxue realized that something was amiss. It was only the two of them. Seeing that the old professor was about to start his class, she couldn't help but ask, "Professor, I don't think all the students have arrived yet!"

"Who said that not everyone is here? You two are the only students in this batch!" The old professor said affably. This year's top and second place were both his students, so he was in a very good mood.

"..." But when Leng ruoxue heard this terrifying news, she was in a bad mood. According to her thoughts, if there were more students, she could slack off, but now there were only two of them, she was afraid that even if she took a nap in class, the professor would find out! This feeling was really too sad.

As if he could see through Leng ruoxue's thoughts of slacking off, the old professor, whose beard had turned a little white, smiled even more warmly. "Our medical department's teaching style is a little different from other departments. It's more dependent on students' self-exploration and internship. So, if you can fully understand what's in the books, I don't care what you do in my class. However, if you can't answer a question of mine, then you'll have to face my monstrous anger!"

"Tremble! The children!" The old professor suddenly said in an impassioned tone.

"....."

At this moment, Leng ruoxue was even more suspicious of her choice.

Unfortunately, in the old professor's eyes, the two pieces of fat meat in front of him had already boarded the pirate ship, and it was too late for him to regret.

The old professor was pleased with himself and started his lecture.

After listening for a while, the demon said impatiently, ""Professor, can we not talk about this? I'm not interested in these things. "

The old professor's first lesson was about basic medical knowledge. For a demon who only wanted to help his wife deliver, it was completely useless, so he didn't have the patience to continue listening.

When the old professor heard the demon's words, he immediately blew his beard and glared, ""Then what are you interested in?" Of course, he was just asking casually.

"I want to learn how to give birth!" The demon shouted.

SUPREME CRAZY WIFE

Chapter 3044 The Demon's Decision (6)

"Delivery? You mean the gynecology department?" The old professor's eyes widened as he looked at the evildoer in disbelief. He really didn't expect such an evildoer to be interested in Gynecology. After all, there weren't many male students who wanted to study Gynecology!

The old professor's interest was piqued, and he continued to ask, ""Tell me, why do you want to study Gynecology?"

"I'm going to help my wife deliver a baby!" The demon said confidently, while Leng ruoxue wanted to cover her face.

"Uh! He had to learn Gynecology to help his wife deliver? What about the others? You're not going to care?" The old professor was dumbfounded. He didn't understand it wrong, did he?

"I just want to help my wife deliver the baby. It's none of my business!" The demon said calmly.

When the old professor heard this, he almost lost his breath and called the ambulance. He opened his mouth and only blurted out after a long while, "Do you know the purpose of learning medicine?"

"I don't know, and I don't want to know. I studied medicine to help my wife deliver a baby!" The demon was very honest.

"You, you ... A doctor has the heart of a parent! The purpose of studying medicine is to save the dying and heal the injured. How can you only care about your wife and not others?" The old professor panted a few times before he could finish his sentence.

"There are so many doctors, it's not like I'm the only one," the demon said indifferently. "But I'm the only husband my wife has, so I have to take care of her. Otherwise, she'll be so pitiful!"

"It's not like I don't want you to take care of your wife. I mean, you can't be so selfish! Being a doctor is such a sacred profession. If you only help your wife deliver after learning it, won't you lose your medical skills?" The old professor tried his best to persuade him, hoping that the demon would understand the duty of a doctor.

However, the demon was a one-track mind. He insisted on only caring about his wife and not about anyone else. The old professor was so angry that he wanted to throw the blackboard eraser away. On the other hand, Leng ruoxue felt rather consoled after hearing the demon's words. After all, they were not the Saviors of the world! Moreover, cultivators had long seen through life and

death, so they were cold to ordinary people who knew the cycle of life and death. Therefore, it was not difficult to understand why the old professor's words could not move them.

However, the old professor was not willing to give up and had his eyes on Leng ruoxue. He knew that the beautiful young woman in front of him was this brat's wife. This was no secret in the medical school.

However, before the old professor could speak, Leng ruoxue spoke first, ""Don't try to persuade me, I'm not here to save the world!"

"Then what are you doing here?" The old professor was already gritting his teeth. These two kids were the only two students in their medical school this year! Were they all here to anger him?

"I'm here to accompany my husband!" Leng ruoxue replied matter-of-factly.

"....."

The old professor couldn't keep his calm anymore. Of the only two students this year, one was here to accompany her husband, and the other only wanted to study Gynecology and Obstetrics to help her deliver her wife. Neither of them really wanted to study medicine. What was going on? If word of this got out, wouldn't the other old guys he knew laugh their heads off?

It should be known that he had bragged a lot to those old guys back then, saying that the top and second place of the year were in his hands. Now, it was great. Neither of these two wanted to be a doctor seriously. This fact made the old professor deeply worried.

A heavy atmosphere filled the spacious classroom. Leng ruoxue was starting to feel sorry for the old professor. As far as she knew, this professor was a leading figure in the medical world and had students all over the world. But now, he was so angry that he almost had a heart attack. This was really a sin!

After some thought, Leng ruoxue didn't want to agitate the old professor too much, so she said in a gentler tone, "Professor, you don't have to worry too much. We'll learn what we need to learn and we'll get full marks for the exams. I just hope that you won't be too strict with us. Of course, when you want to show off to your old friends, you can still drag us out. We definitely won't embarrass you, that should be fine, right?"

Leng ruoxue knew that elders of this age liked to compare. They would compete with their sons, grandsons, and students. In short, they would not let go of anything that they could compete with. Moreover, the person in front of her was an old man. So, in order to be more at ease when studying, she was willing to give him some benefits.

Clearly, Leng ruoxue's words had hit the other party's soft spot. The old professor was still a professor in a medical school at this age. Wasn't he looking for a true successor? He would show it off when he needed it. He had thought that there would be two good seedlings, but who knew that neither of these two little fellows in front of him wanted to really study medicine. However, the old professor didn't want to make things difficult for him, so he only thought about it for a moment before nodding in agreement.

In fact, he had no choice but to agree! Although the two little guys in front of him were young, they were not easy to kidnap. Therefore, the smart old professor could only take a step back and settle for second best.

The old professor couldn't teach him immediately after knowing that the demon only wanted to study Gynecology. After all, the basic knowledge of medicine still had to be learned! He couldn't just run away without even knowing how to walk, right? After explaining the logic to the genius, the genius expressed his understanding and asked to study at home. The old professor would directly teach him about Gynecology in the next class.

The old professor felt his balls ache when he understood the demon's meaning.

He had heard of self-study in other departments, but he had never heard of it in the medical department? Could it be that their medical department was going to produce a self-taught talent this year?

When he thought of Leng ruoxue and evildoer's results, the old professor couldn't stay calm anymore.

What a waste! How did he let these two become this year's top and second place? This caused him to look down on the other students. Now, this was great. A single misstep would cause eternal hatred!

The old professor deeply felt that he had fallen into the trap set up by this couple, and that he would never be able to climb out of it. However, he still kindly passed the thick stack of books to the demon and Leng ruoxue and reminded them, "go back and study yourself! If you don't understand anything, you can ask me anytime! I'll test you guys in the next class. "

After saying that, the old professor left with a hunched back and a heavy heart.

When they reached home, Leng ruoxue and the demon quickly flipped through the book that the old professor had given them. With their photographic memory, it did not take long for them to memorize the contents of the book without missing a single word.

When it was time for class again, the old professor was hit hard again.

The reason was naturally that he, as a leading figure in the medical world, could not stop the two little fellows! This made him feel very disappointed. However, he also saw two real self-taught medical geniuses, and he felt that with their current level, they could go to the hospital to be interns.

Leng ruoxue and the demon already had a solid foundation in their theoretical knowledge. The only thing they were lacking was a base. Of course, genius didn't learn Gynecology, which he wanted to learn the most. It wasn't that he didn't want to learn by himself, but the books the old professor gave him didn't have anything related to that.

Now, the old professor was in a difficult position. Should he teach them himself or let the two little guys learn by themselves? It must be known that teaching these two students would be a heavy blow to any professor.

SUPREME CRAZY WIFE

Chapter 3045 The Demon's Decision (7)

It wasn't good for the students to be too smart. The professors wouldn't feel a sense of accomplishment! The poor old professor was having the same feeling now.

After pondering for a long time, the old professor made up his mind and let Leng ruoxue and the demon go home to self-study. He also instructed them to ask at any time if they had any questions.

When she returned home, Leng ruoxue stared at the thick stack of books in a daze.

"Xue 'er, what's wrong?" The demon asked in confusion.

"I feel like we've gone to University for nothing. We've studied on our own!" Leng ruoxue said gloomily.

"It's okay. It's just getting into university. It's not troublesome for us. " The demon didn't think so. He felt that as long as he could learn what he needed, it

would be fine. Who cared if it was self-study or not! And he was currently quite satisfied with this learning method.

In the blink of an eye, two years of university life passed. The number of times Leng ruoxue and the demon came to the school could be counted with one's fingers. However, the two of them kept in contact with that depressed old professor. The old professor loved and hated these two students at the same time, and his feelings were extremely complicated.

A year ago, Leng Qingtian and the others had also passed the college entrance examination and became students of netherblue University.

Although Leng Qingtian and the others had applied for different specializations, they all had one thing in common, and that was that they did not like to attend classes every day and preferred to self-study. Their actions made the professors in netherblue University even more depressed.

However, the professors couldn't do anything about it. After all, their results were there! Even if they were self-taught, they often took the top three in each major during the exam, which made the professors love and hate them.

However, Leng ruoxue and the rest enjoyed such a life. In their eyes, a colorful campus could adjust their lives. Of course, if there weren't so many love-struck girls on campus, their little days would be even happier.

Leng Qingtian and the others found joy in this, but Ji Kai and the beasts couldn't.

Originally, Ji Kai also wanted to get into a University for fun, but he had failed the college entrance exam twice in a row. This fact made him quite depressed.

As for the beasts, they were all treated as pets by Leng ruoxue's side. If they were to transform into human form for the sake of going to school, they would not be used to it. More importantly, once they turned into humans, they would

not be able to act coquettishly with their master. This was also the main reason why the little beasts had maintained their beast form. With such a thought in mind, the Beasties could only watch helplessly.

But luckily, the family members didn't have to go to school every day. This made the Beasties feel a little more at ease.

Just as Leng ruoxue and the rest were enjoying their peaceful days, she suddenly received a red bomb.

A wedding invitation!

The owner of the wedding invitation was qu Sen, who had appeared briefly two years ago.

Looking at the red bomb in her hand, Leng ruoxue could not understand. Hadn't the matter already been settled? Why did qu Sen send her a wedding invitation?

Could it be that he wanted to show off?

Leng ruoxue deeply felt that this was a possibility! Otherwise, there was no other way to explain the original intention of the other party sending her the wedding invitation.

Just as Leng ruoxue was hesitating on how to deal with this red bomb, Leng Qingtian and the others, who had already learned the truth from Qing Jue, decided unanimously that they would participate! This was also to clear Xue 'er's name!

Seeing that her grandfather and the rest were in high spirits, Leng ruoxue could only go along with their wishes.

On the day of the wedding, Leng ruoxue was dressed in a red gown, which made her look even more beautiful and moving. The demon and the rest were all dressed in suits and leather shoes, looking extremely handsome. The

Beasties who were also attending the wedding had all combed their fur and feathers. Every little Beastie's fur was smooth and shiny, and they were extremely cute.

Leng ruoxue looked at the situation and could not help but feel speechless.

Why did they look like they were there to cause a scene?

She believed that with these beautiful men around her, the groom would probably become a shadow of a man. Of course, at this moment, Leng ruoxue had completely forgotten about her existence. And with their departure, not only would the groom become a decoration, even the bride would become invisible.

As there were many people, Leng ruoxue had specially instructed Ji Kai to rent two large buses that could carry 100 people. At first, Ji Kai didn't feel much about renting a big guest to attend the wedding. After all, they had more people, and the big guest was the cheapest. However, when Ji Kai saw the bus driver's conflicted expression, he realized that something was wrong.

Wearing a suit and being a guest?

Only people like them could think of such a thing, right? However, seeing that everyone was extremely calm, Ji Kai also calmed down.

In any case, if it was really embarrassing, he would not be lonely.

The bus driver, who was in a dilemma, drove the bus away with an unknown feeling.

Qu Sen's wedding was arranged to be held at the qu family's ancestral home. It was a place where the most powerful families on the planet gathered.

When the two ordinary buses drove into this high-end, magnificent, and top-grade residential area, the dignitaries living there and the guests who came to attend the wedding were instantly horrified!

Where did this guest come from?

Why would a Volkswagen bus appear in this place?

In fact, not only were the noble families unable to accept what they were seeing, even the bus driver almost couldn't bear it.

The strange gazes from outside the car were like two sharp knives that pierced straight into the heart of the driver. This really wasn't a place they should be! The driver felt his face burning!

Sensing the driver's uneasiness, Leng ruoxue smiled faintly and said, "Calm down. You guys aren't any worse than anyone else!"

Leng ruoxue's words miraculously appeased the bus driver who was a little anxious. After the bus driver had calmed down, he drove the bus into the temporary parking lot of the wedding banquet.

The bus was surrounded by expensive and limited-edition sports cars and caverns. The bus driver suddenly felt proud to be in the middle of those high-end cars. After all, not everyone had such an experience!

The two buses were parked side by side. When the guests who had just arrived saw the bus stop in their dedicated parking lot, they immediately lost their calm.

Very quickly, a staff member stepped forward to question the bus driver and arrogantly told him, "This is not a place for you to Park!"

The chauffeur blinked his eyes innocently before turning to look at Leng ruoxue.

Leng ruoxue smiled faintly and took out an admonishment card from her red pouch for the staff to take a look.

Seeing the remonstrance request, it was the staff member's turn to lose his calm.

She had thought that these people had stopped at the wrong place. Who would have thought that they were really here to attend the wedding? The staff could not understand how a top family like the qu family could have such a poor relative.

The staff member who was a little confused had nothing to say after confirming the authenticity of the remonstrance. Seeing him like this, the bus driver suddenly became more arrogant.

Leng ruoxue, who was sitting behind the driver, could not help but laugh to herself when she saw the driver's smug look. One should know that even if she were to dress up beautifully to ride on such a vehicle, she would not find it embarrassing at all. What was the big deal? This is called being unique, okay?

Chapter 3046 The Demon's Decision (8)

When the door of the bus opened, Leng ruoxue and the rest alighted elegantly. The indignant onlookers were once again dumbfounded. However, what made them even more dumbfounded was that one of the middle-aged men in a suit and leather shoes was actually holding a sack in his hand. It was bulging, and they had no idea what was inside!

This image of the other party had once again refreshed their understanding of Leng ruoxue and the rest. However, Leng ruoxue and the rest were extremely calm, as if the matter had nothing to do with them.

Especially Leng ruoxue. She held the remonstrance request in her hands and smiled at the staff, "The second young master of the qu family invited us here, you can't look down on us."

When the staff member heard this, he instantly felt wronged. He hadn't even said anything, okay? However, Leng ruoxue did not look at people's expressions when she was looking at them. Moreover, green vessel and green jade had already translated the thoughts of the staff members for her, so it was impossible for her not to know.

"Alright, bring us to the wedding banquet!" Leng ruoxue didn't even give the staff a chance to speak and immediately gave her instructions.

The staff member was helpless, but he could not just leave this group of people behind. Hence, he could only brace himself and lead the way for Leng ruoxue and the others.

When they arrived at the main entrance of the qu family's ancestral residence, the person in charge of a 4S shop was standing at the door to welcome them. The moment he saw Leng ruoxue and the evildoer, the corners of his mouth twitched uncontrollably.

He couldn't understand why the two of them were here on the vice president's big day. He even brought a large group of people. What was he trying to do? Smash the place?

The person-in-charge had already started imagining things. He would never have thought that qu Sen would actually send a remonstrance request to Leng ruoxue and she would come to the banquet.

The person-in-charge, who was in a dilemma, saw that Leng ruoxue and the others were approaching and quickly went up to them. These two were not to be trifled with! Please don't cause any trouble on this joyous day!

Leng ruoxue glanced at the person-in-charge, who seemed to be on edge. She smiled charmingly and comforted him, ""Qu Sen invited us to his wedding. Don't be afraid, we're not here to mess things up. We're not here to ask you to fix your car!"

"Puchi!" Hearing this, Ji Kai couldn't help but laugh, while the person in charge's face turned red.

Looking at the person-in-charge's constipated expression, Ji Kai comforted him kindly, ""Yes, don't be afraid. I've stopped getting into a car accident a long time ago!"

"..." The person-in-charge didn't know what to say. He only felt that there were thousands of 'F ** K horses' running wildly in his heart!

Was this the main point? Was this the main point? Kiss!

The person-in-charge was deeply regretful. Why did he take on the job of welcoming guests? He even met Leng ruoxue and the others.

Looking at the huge lineup of the other party, the person in charge changed the topic and asked, ""I wonder who they are?"

"My family!" Leng ruoxue explained simply.

"Miss Leng has so many family members ..." The person in charge was speechless. Each of them was carrying a small animal. Was this the rhythm of a Zoo?

"It's alright, this isn't all!" Leng ruoxue smiled indifferently. Instantly, the person-in-charge's polite words were stuck in his throat.

After taking a few deep breaths, the person in charge continued, ""Please come in, miss Leng and the others!"

"Thanks!" After saying this, Leng ruoxue and the rest swaggered into the qu clan's ancestral residence. Ji Kai, who was walking at the back, handed the sack in his hand to the person in charge.

As he watched Leng ruoxue and the others leave, he looked at the things in his hands and felt an indescribable pain in his balls. This gunny sack really didn't fit in with such an occasion!

It was a pity that Leng ruoxue and the rest did not care about that. After entering the qu clan's residence and taking a casual look around, everyone lost interest in the qu clan's ancestral residence.

To be honest, in the human world, such a residence was indeed very attractive. However, Leng ruoxue and the others were gods! What had he not seen? Therefore, to them, the qu family was no different from an ordinary house. As such, they naturally did not dare to be interested.

They found a corner and sat down, waiting for the wedding to begin. However, no matter how low-profile they were, such a large group of handsome men and beautiful women was enough to dazzle the eyes of others.

However, Leng ruoxue and the rest had long gotten used to such Worshipful gazes. Hence, they were rather calm.

"Meow Meow!" At this moment, the meowing of a cat entered the ears of Leng ruoxue and the others. Leng ruoxue could clearly feel a ball of fur by her feet. She lowered her head and saw a little female cat with a golden body snuggling up by her feet. Her light golden eyes were wide open as she looked at her with joy.

"Ah Hua!" Leng ruoxue said softly as she looked at Cang, who was in her arms with a dark expression.

"Meow Meow!" Ah Hua was very happy that this beautiful sister still recognized it.

When Leng Qingtian and the others heard Ah Hua's domineering name, they couldn't help but carefully size it up.

Ah Hua was said to be senior Cang's pursuer, but unfortunately, it was taken away by its owner. Therefore, the two cats were not fated to meet, and looking at senior Cang's expression, it was obvious that he didn't want to have anything to do with the other party.

Just as everyone was fantasizing, two meowing sounds were heard. Following that, Leng ruoxue and the rest saw a black cat that was about the same size as Ah Hua appear in their line of sight.

The moment the Black Cat saw Leng ruoxue, it bared its teeth in an extremely unfriendly manner.

Leng ruoxue did not understand. She had not offended this cat!

At this time, Ah Hua meowed at the Black Cat, and the Black Cat retracted its sharp teeth, but the expression on the cat's face was still quite unhappy.

"Sister, this little guy isn't being mean to you." Green vessel explained with a smirk.

"What?" Leng ruoxue did not understand. Everyone looked at Qing Jue curiously.

"This black cat is Ah Hua's mate." Qing Jue explained with a smile.

"I see!" Now, what else did everyone not understand!

At the same time, they all looked at Azure. Azure was so angry that all the fur on his body stood up.

However, before he could get angry, he heard the Black Cat meow at him in warning, ""Stay away from my woman!"

"Your sister! I'm not interested in your woman. " The Azure beast roared twice to show that it was very unhappy. How detestable! If it wasn't for Niu's rule that they couldn't speak human language in public, it would definitely teach this black cat a good lesson! Beast language! This was too painful!

SUPREME CRAZY WIFE

Chapter 3047 Graduation Internship (1)

"Then stay far away from my woman!" The Black Cat shouted.

Cang calmly looked at Ah Hua and then at his own Niu. He was a little speechless. "I'm not close to your woman. " At least at a safe distance, Ah Hua definitely wouldn't be able to pounce on him, so Cang really felt that his innocence was still guaranteed.

Unfortunately, the Black Cat didn't think so. It meowed angrily, ""You shouldn't have appeared in the first place!"

When Azure heard this, he couldn't help but roll his eyes. ""You think I want to appear? It's all because your Ah Hua's master sent an invitation to my Niu. Otherwise, I wouldn't even bother to come!"

After saying that, Cang Huan arrogantly raised his fluffy little head, putting on a noble and cold expression.

With green vessel's real-time translation, everyone could understand the interaction between Cang and the Black Cat. However, this fact made everyone sigh. It seemed that no matter where and when, there would always be people who were jealous of each other!

While watching the show, the crowd also expressed deep sympathy for the Black Cat on the Cang bar. Then they looked at Ah Hua at the same time. They were very curious about how the little female cat would react in the face of the new and old love.

Seeing that the Black Cat was so angry that it couldn't speak and its small body was panting, Ah Hua went forward and gently rubbed the Black Cat's small body and comforted it by meowing, "Ah hei, that's all in the past. Why are you still so calculative ..."

Hearing this, the Black Cat couldn't help but widen its round eyes. It wanted to roar at Ah Hua but couldn't bear to, so it could only look at Cang sullenly.

In the face of the Black Cat's sudden grievance, Cang's forehead couldn't help but be filled with black lines and secretly complained, was this pretending to be pitiful? However, it was happy to see that Ah Hua was taken.

After thinking about it, Cang comforted, "ah hei, right?" Don't worry, I'm not interested in your Ah Hua. I'm here to attend the wedding with Niu, so you don't have to treat me as an enemy, really!"

It was rare for Azure to be kind, but whether or not the other party would listen to him was none of his business.

The Black Cat listened to Cang's words and stared at Cang for a long time. Finally, it meowed to Ah Hua, "Ah Hua, follow me."

Although Ah Hua was reluctant to leave, it still gave the Black Cat face and walked away with elegant cat steps, looking back three times with each step.

Looking at Ah Hua's reluctant eyes, Leng Qingtian and the others didn't know what to say. It was just an ordinary kitten, yet it had such rich feelings!

Obviously, Cang had already become a cinnabar in Ah Hua's heart ...

After this small interlude, Leng ruoxue and the others fell silent for a moment. But luckily, the wedding was about to begin.

The guests at qu Sen's wedding were either rich or powerful. In order to match the qu family's status, his wedding was naturally quite luxurious.

As the wedding approached, the guests were invited into the qu family's luxurious banquet hall.

After Leng ruoxue and the rest entered, they were led by the waiter to their seats. However, due to the large number of people, one table could not fit them at all. Therefore, under the dumbfounded gazes of the other guests, they filled a total of ten tables.

It was quite eye-catching for so many people to come from a family, and normally speaking, no family could bring so many people at once, even bringing at least one beast with them.

The guests who felt that there was chaos in the luxurious banquet hall were quite annoyed, but since they were guests invited by the qu family, they could not say anything no matter how dissatisfied they were. However, they secretly gave the qu family's poor relatives the middle finger and were also dissatisfied with the qu family.

In reality, qu Sen did not know why he would invite Leng ruoxue and the rest to attend the wedding. However, he did. More importantly, he did not expect Leng ruoxue to be willing to come. She even brought so many family members and Beastie along!

As the host, someone would naturally inform them of Leng ruoxue and the others' arrival. However, the qu family, especially Madam qu, had complicated feelings towards Leng ruoxue. She did not know how she should entertain Leng ruoxue and the others.

Even though Madam qu was satisfied with Leng ruoxue, she could not bring herself to be happy when she thought of her younger sister.

It wasn't easy for his son to get rid of that person's shadow and was willing to find a woman to marry. But now, the wedding had provoked those people again. It was best if nothing happened to the wedding!

Initially, Madam qu did not agree to invite Leng ruoxue and the others. However, her son insisted on inviting them. Under the circumstances where her repeated persuasion was ineffective, she could only agree. Besides, she was also hoping that the other party would not come. Who knew that she would still miscalculate.

Now, Madam Qu's heart was at a loss.

However, what was meant to come would come. When the auspicious time came, Madam qu could not avoid it.

As the host spoke, Madam qu, the man's parent, braced herself and went on stage.

Madam qu, who was standing on the stage, did not dare to look around, afraid that she would meet Leng ruoxue's eyes. In comparison, qu Sen was much calmer.

As qu Sen led the bride into the banquet hall with the accompaniment of the wedding march, he saw Leng ruoxue at first glance.

It couldn't be helped. Leng ruoxue's Red dress was simply too dazzling.

When he saw Leng ruoxue, qu Sen was still in a daze for a moment. If it wasn't for the best man behind him gently pushing him, he would have stopped in his tracks.

The beautiful bride also felt that something was wrong with qu Sen. When she followed his gaze, she almost exploded.

She recognized this woman!

To be more precise, he had seen photos of this woman and qu Sen together.

As the current one, she was always sensitive towards the ex of the person she loved. Especially when she saw Leng ruoxue dressed in bright red, she instinctively felt that the other party was here to cause trouble.

At the thought of this, the bride held qu Sen's arm tightly and stood up straight in a show of force. Then, she raised her head and chest and deviated from the normal route, walking towards Leng ruoxue's table.

The wedding host was dumbfounded.

What was going on?

This didn't happen during the rehearsal?

How could the bride add scenes without permission?

Qu Sen was also at a loss. He let the bride pull him as he walked closer to Leng ruoxue.

Towards Leng ruoxue, qu Sen's heart was complicated and tangled. Who asked this face to be exactly the same as his ex-girlfriend 's? Moreover, even though he was the one who broke up with the other party's sister, he still felt a little anxious even now. It could be said that at the moment of the breakup, he really felt that the two of them were not suitable for each other and gave up the idea of changing the other party. However, after a period of separation, he still felt a little reluctant to part.

This feeling was different from Ah Hua 's. To Ah Hua, Cang was the Cinnabar in its heart that it could not get. On the other hand, Leng ruoxue's sister, who looked exactly the same, was a treasure that he had once obtained but had no choice but to give up.

[SUPREME CRAZY WIFE](#)

It was precisely because of this tangled feeling in his heart that when the bride pulled him towards Leng ruoxue's table, he actually didn't stop her.

The best man and bridesmaid behind him wanted to stop them, but they were too slow. The young couple had already gone off track.

The evil demon and the others didn't take it seriously at all when they saw the bride and the groom coming to their table. They didn't know much about the other party's wedding procedures and thought that it was normal! Only Leng ruoxue was slightly surprised. However, she was very calm.

The moment the bride arrived in front of Leng ruoxue, she asked directly, ""You're my husband's ex-girlfriend?"

"....."

The scene was silent.

Leng ruoxue blinked, then blinked again. Was it alright to say this so directly?

"No." Leng ruoxue said after a short pause.

"You can't lie to me. I've seen your picture!" The bride said stubbornly.

After hearing her words, the guests present suddenly recalled something and looked at Leng ruoxue with a strange expression.

Many people had long heard of qu Sen's ex-girlfriend. After all, qu Sen's fierce ex-girlfriend was too famous in the upper-class society. Of course, it was not a good reputation, but as time passed, they had almost forgotten about her

existence. If the bride had not suddenly mentioned her today, they would not have even remembered her.

But now! Naturally, more people wanted to watch a good show.

"I'm not. " Even when the bride testified, Leng ruoxue still denied it.

"What, are you embarrassed? You actually don't dare to admit it!" The bride was a little angry. She had to make the other party admit it. Otherwise, the other party's noble appearance in a gown without saying a word would make her lose!

One had to know that today was her big day. How could she allow another woman to steal her limelight?

With this thought in mind, the bride had to force Leng ruoxue to admit it.

Leng ruoxue couldn't help but smile. That smile was like a Hundred Flowers blooming, dazzling the eyes of everyone present.

The bride was so angry that she was about to explode!

She was indeed a Vixen, only knowing how to seduce men!

Leng ruoxue, who knew what the other party was thinking, felt that she was being wronged. However, seeing that the other party was a bride, she still greeted him, "Why wouldn't I dare to admit it? I'm really not your husband's ex-girlfriend. I can't just randomly admit to other men, right?"

"Qu Sen, what do you think?" Leng ruoxue then turned to Qu Sen and asked.

"She really isn't." Qu Sen, who had been in a daze, suddenly came back to his senses when he heard Leng ruoxue's words.

"Why not? Do you need me to take out a photo of the two of you to compare?" The bride said angrily.

"The person you're talking about is my sister." Leng ruoxue, who knew that she could not count on qu Sen, continued.

"Younger sister? Who are you trying to fool!" The bride did not believe Leng ruoxue's words at first, but Leng ruoxue expressed that she had tried her best. Not wanting to continue wrangling with the bride, Leng ruoxue directly told qu Sen, ""Qu Sen, settle your woman yourself!"

"Fen, she really isn't." Hearing Leng ruoxue's cold tone, qu Sen couldn't help but shiver as he hurriedly replied.

"What, you still want to hide it from me? You think I don't know?" The bride, Fen, was stubborn, and no one could talk her out of it.

Madam qu quickly walked over and pulled the bride over. ""Fen! You've got the wrong person. She and ah Sen's ex-girlfriend are twin sisters. I've seen both of them. "

"Really?" Although the bride, Fen, was still suspicious, she gave her mother-in-law some face and didn't make a scene. After glaring at Leng ruoxue, she pulled qu Sen along and returned to the right path. However, when they were leaving, she couldn't help but turn back to look at Leng ruoxue, making her not know whether to laugh or cry.

But fortunately, the wedding finally went on as planned, and the wedding host also heaved a sigh of relief.

Afraid that there would be any more accidents, the hosts of the wedding procedures sped up the process. Of course, this was also the qu family's intention.

After the entire process was over, it was the newlyweds' turn to toast.

After toasting to many tables of brides, who had always been normal, they smoked again when they saw Leng ruoxue and the rest eating their food gracefully.

Seeing that Leng ruoxue and the others were ignoring her, the bride was extremely unhappy. She directly snatched the wine bottle from the bridesmaid's hand and smashed it on the table. Then, she shouted, "I'm here to propose a toast!"

Upon hearing this and seeing the bride's bold and unrestrained behavior, all the guests present were a little confused.

W-what was this?

The guests couldn't understand. She already said that she wasn't your man's ex-girlfriend, why was the bride still making a scene?

It wasn't just the guests who didn't understand; Madam Qu didn't either! Madam Qu's expression was not very good. She could not understand why her noble and dignified daughter-in-law, who came from a prestigious family, treated Leng ruoxue like her mortal enemy when she saw her. Didn't she already explain it clearly?

As for Leng ruoxue, when she saw the bride's provocation, she only smiled faintly and said, "Are you going to give me a toast?"

"Yes, do you dare to drink it?" Fen asked loudly.

"I'm sorry, I'm not feeling well and can't drink, but my man can drink in my place!" Leng ruoxue said with a smile.

"Then drink it!" The bride, Fen, agreed.

"If you let us drink a bottle, shouldn't you drink a bottle too?" Leng ruoxue asked calmly.

"No problem!" The bride nodded her head. Today, she was finally going against Leng ruoxue.

"Fen ..." Qu Sen couldn't help but stop her. However, Fen glared at qu Sen in anger, "Don't you care! I want to drink with her!"

"Yup! Don't you care!" Leng ruoxue chuckled.

Qu Sen was very uneasy. He knew that these people in front of him were not to be trifled with! He really didn't want Fen to go against the other, but it was obvious he couldn't stop her.

Seeing that Fen had already picked up a bottle, qu Sen thought for a moment before snatching the bottle from her and drinking it ...

A few minutes later, qu Sen's face was red after he finished the bottle of wine.

Leng Qingtian stood up and patted qu Sen's shoulder. "Young man, your alcohol tolerance is not bad! This old man will also give you a bottle!"

Here's a toast to you!

When everyone heard this, they were once again in a state of confusion! They didn't know that a toast was the trend now!

At this moment, there were already stars shining in front of qu Sen's eyes. However, when he saw Leng Qingtian, he still politely asked, "And you are?"

"I'm Xue 'er's grandfather!" Leng Qingtian said with a smile.

"So it's Grandpa! Come, drink!" Qu Sen said happily after hearing Leng Qingtian's self-introduction.

"Yes, drink!" Leng Qingtian patted qu Sen's shoulder and played along.

In a short while, qu Sen had another bottle of wine, and his face was even redder. Leng Qingtian, on the other hand, was unaffected. After finishing the bottle, he sat down calmly.

Leng ruohan then stood up ...

Ten minutes later, everyone at Leng ruoxue's table, except for her, toasted a bottle to qu Sen. Unfortunately, qu Sen collapsed heroically.

The bride, Fen, paused at the sight before continuing to drink.

The best men and bridesmaids felt a headache coming on. Since the groom was already drunk, the bride could not be drunk as well. Therefore, the job of drinking fell to the best man.

The poor groomsmen fell down one by one under Leng Qingtian and the others 'continuous drinking.

In the end, only the bride and bridesmaid were left.

Seeing that the other party had the intention to continue drinking, the bridesmaids also wanted to get drunk.

The bride, Fen, saw that the other party's alcohol tolerance was so good, and she couldn't even hold up to him. She felt embarrassed, so she made up her mind and went to drink.

After a bottle of wine, the bride passed out. At this time, there were still many tables that had not been toasted. This fact made the bridesmaids feel a collective pain in the ass.

After drinking a lot of hangover soup, the bride, groom, and best men were finally woken up, and the toasting process continued.

The bride also felt the severity of the situation. After she woke up, she did not cause any more trouble for Leng ruoxue and went to continue toasting.

To Leng ruoxue, if someone didn't offend her, she wouldn't take the initiative to offend them. Thus, she buried her head in the food she liked and didn't care about anything else.

After she got pregnant, she became the king of her stomach. The qu family's wedding banquet was not a low-end one, and many of the dishes were to her taste, so she ate happily.

After a round of toasts, the bride, who was swaying as she walked, felt unhappy again when she saw Leng ruoxue eating so happily.

She went straight to Leng ruoxue's table and shouted, "Let's continue drinking!"

Leng ruoxue raised her head, feeling a little impatient.

Is there no end to this?

"Drink!" Leng ruoxue said helplessly, but she could not help but feel disgusted in her heart.

Fen opened the bottle and started drinking.

Leng ruoxue and the rest did not say anything and just watched.

After one bottle, the bride fell down again.

The bridesmaids hurriedly helped the bride down to rest, leaving the groom and his best men to stare at Leng ruoxue and the others.

"You still want to drink?" Looking at qu Sen, Leng ruoxue raised her eyebrows and asked.

"No, I'm not drinking anymore!" Qu Sen quickly waved his hand and hung up.

Leng ruoxue nodded and thought, 'at least you know your place.' However, even though qu Sen said he wasn't going to drink, he still stood by her side and didn't want to leave. This made her quite annoyed.

Looking at qu Sen's hesitant expression, Leng ruoxue couldn't help but ask, ""What's the matter?"he asked.

"No, no," Qu Sen said softly.

He's still standing? Leng ruoxue was speechless.

After hesitating for a while, qu Sen finally asked, ""How is she?"

"Who is it?" Leng ruoxue played dumb.

"Your sister." Qu Sen reminded.

"Very good," he said. Leng ruoxue replied simply.

"Then I'm relieved." Qu Sen was a little disappointed.

"Mm, live well with your wife! The past is in the past. " Leng ruoxue consoled him kindly.

Qu Sen nodded. He wanted to lead a good life, but he would occasionally think about it.

However, Leng ruoxue was obviously not willing to continue this topic with him. She put on a look that kept strangers away and used her actions to chase him away.

Qu Sen was still tactful. He knew that Leng ruoxue did not like to talk to him anymore, so he did not continue to annoy her and turned to leave.

The best men naturally left with qu Sen. However, most of these best men were qu Sen's good friends. Hence, they were very curious about Leng ruoxue, who looked exactly like qu Sen's ex-girlfriend.

No one could understand why Qu Sen didn't like such a beautiful and noble woman, but that vulgar woman?

I heard that the sisters' names are very similar, but their personalities are different. It's really amazing.

With a trace of curiosity towards Leng Ruoxue, the groomsmen couldn't help but take a few more glances at her. Instantly, the demon was unhappy.

Was his woman for others to see?

The cold air around him was released slightly, and everyone present could clearly feel that the temperature in the room had dropped a lot. However, no one would have thought that the main culprit of the drop in temperature was a demon.

Qu Sen's wedding finally ended.

Madam Qu, who had been breaking out in cold sweat, could finally heave a sigh of relief.

Leng Ruoxue and the rest had also become the focus of the wedding. Of course, what everyone talked about the most was still their unique mode of transportation, the bus!

After that, the bus really became popular.

When the crowd saw Leng Ruoxue and the rest wearing formal attire and sitting on the big guests in a surprisingly harmonious manner, they couldn't help but try it out as well. However, they naturally wouldn't take an ordinary bus. Hence, many famous RV [1] companies received orders for buses.

It was naturally happy to have business, but the bus business was quite a pain in the ass for those famous RV companies. This was not their specialty!

When Leng ruoxue heard this news, she couldn't help but laugh out loud. However, she also had something to worry about. After the wedding, the bride went crazy and actually pestered her, sparing no effort to invite her to tea!

What kind of tea is that! Are they close to you?

Leng ruoxue kept finding excuses to reject her, but it only made the bride, Fen, braver and braver.

In the end, Leng ruoxue had no choice but to agree to the other party's invitation.

Sitting in a high-class restaurant, Leng ruoxue and Fen stared at each other in dismay. The demon and qu Sen, who were sitting at the side, did not say a word.

The demon didn't want to say anything, but qu Sen didn't know what to say.

Earlier on, Leng ruoxue had already warned him to keep an eye on his wife. Unfortunately, his wife did not listen to him and insisted on treating her to a meal and chatting. He was rather helpless about this.

Yes, Fen's tea had turned into dinner, and it was Western food. Not only that, she even took the initiative to order food for Leng ruoxue and her husband.

Qu Sen's face reddened at Fen's actions. But he couldn't do anything about Fen's insistence.

In reality, Fen acted on her own initiative because she didn't believe Leng ruoxue's words. She felt that the other party was lying to her and that Leng ruoxue was qu Sen's ex-girlfriend. Thus, her series of actions were all to test and verify.

Leng ruoxue understood Fen's thoughts, so she didn't expose her.

She felt that since the other party didn't believe her, she would just let her verify it. Her only hope was that the other party would stop pestering her after the verification. She really didn't want to deal with such a willful woman.

SUPREME CRAZY WIFE

Chapter 3050 The Extraordinary Principal (1)

After the dishes were served, Leng ruoxue and the demon ate their food elegantly, causing Fen's eyes to widen.

The table manners of these two were too standard, even better than those of the so-called nobles. Fen felt inferior as she looked at herself.

Fen watched in a daze as Leng ruoxue and the demon finished their dishes one after another. She didn't have any appetite at all. She was too defeated!

Fen suffered a huge blow, but she still didn't give up on testing Leng ruoxue.

After the meal, Fen suggested a movie.

As for movies, Leng ruoxue did not care about them. As for the evildoer, he had seen them once and was not very interested in them. But in order to make Fen believe in him, they cooperated.

After Fen's series of tests, Leng ruoxue and the evildoer's performance was impeccable. In the end, Fen finally gave up.

After settling Fen, Leng ruoxue and the others' lives went back to normal.

Two years later, Leng ruoxue and Monster University had graduated.

Initially, the medical course required seven years of study. However, the two of them had self-studied too quickly and completed their studies in four years.

This made the old professor, who had both loved and hated Leng ruoxue and the demon, love and hate even more. Of course, what he did not know was that they had deliberately slowed down their graduation speed. Otherwise, the two of them would have graduated in less than two years.

After they graduated, the old professor arranged for the two of them to do an internship in the largest hospital. Initially, the two of them didn't want to go, but when they heard that they didn't want to do an internship, the old professor wanted to cry in front of them. Helpless, Leng ruoxue and the demon could only agree.

However, they had also discussed the conditions with the old professor. They could do an internship, but the working hours and content would be up to their mood.

The old professor would have flown into a rage if someone else had made such a request. However, the other party was his beloved disciple, and he knew how slow they were, so he didn't dare to refuse.

Just like that, Leng ruoxue and the demon became interns at the largest hospital on planet Indigo. Of course, it was just in name.

On the day they entered the hospital for their internship, both of them had already discussed with the hospital director that they would only be doing it in name. They would not be on duty and would not see any patients!

When the director heard what the two of them said, he was stunned for a long time and could not come back to his senses.

These two could be considered as his juniors. In recent years, there were very few students who could graduate from the medical school of netherblue University. He had been looking forward to it and had finally gotten two interns through the back door of the old professor, but what did these two tell him?

Not working? not seeing patients?

Then wouldn't his efforts be in vain?

Although his hospital was the largest on planet Indigo, it was a public hospital, so the treatment of the doctors was not the best on the entire planet.

Therefore, in order to snatch two doctors from him, he had offended many colleagues. Now, the two doctors he had snatched over with great difficulty were telling him that they were not on duty and did not see patients! This would definitely not work!

After being depressed for a long time, the director couldn't help but ask, "I can understand that you don't want to work, but if you don't want to see a doctor, why are you studying medicine?"

"I learned it from my husband!" Leng ruoxue said with a smile.

"I'm here to help my wife deliver a baby!" The demon said.

This was the first time the director had heard of such a thing. The old professor had not told him about this situation, so he was stunned again.

While he was still in a daze, Leng ruoxue and the demon took the opportunity to slip out of the director's office and return home.

When the Dean finally came back to his senses, the two cunning juniors had long disappeared ...

The Dean was worried about his juniors who had sneaked away. Why were these two little fellows so cunning?

No! He had to find them!

After asking the old professor where Leng ruoxue and the evildoer lived, the Dean had personally come to visit.

This was the first time he had come to Leng ruoxue and the demon's residence. The Dean, who had originally wanted to be calm and composed, was actually quite calm at the start. However, when he saw that other than

Leng ruoxue and the demon, the entire family was filled with handsome men and beautiful women, he could no longer remain calm.

Look at how she's grown! All of them were so handsome that one couldn't take their eyes off them. After that, he saw that the house was filled with all kinds of beasts, and it became even more chaotic.

The director, who deeply suspected that he was in a Zoo, didn't know how to react for a moment. However, seeing the beasts and humans getting along so well, he also felt that it was quite magical.

One had to know that these beasts were all raised by others.

Other than the beautiful red macaw, there was also a White Tiger. Not only that, but the Tiger also lived with the rabbit and the cat. This was really unbelievable.

Don't Tigers want to eat rabbits and cats?

It could be said that the director's curiosity had been completely piqued. Even at this moment, he had forgotten his purpose for coming here, his eyes only staring at the beasts without blinking.

The director looked at the beasts while Leng ruoxue and the rest stared at the director.

Cang, who already knew the Dean's thoughts, felt a deep disdain for this half-grown old man's thoughts.

Tsk! Would a Tiger dare to eat it? He's got guts!

Who knew who would eat who?

Thinking of this, Cang couldn't help snorting coldly. He glanced at Bai Xu with a dangerous gaze, which immediately made Bai Xu's hair stand on end.

If it sensed danger, how could it break through?

Bai Xu glanced at it from the corner of his eye and lowered his head again. His small body couldn't help but move closer to Leng Qingtian's feet. With master's grandfather around, that cat probably wouldn't dare to be too presumptuous. However, it could clearly feel that the old man's gaze made the cat unhappy.

Bai Xu silently glared at the Dean and moved to Leng Qingtian's side. At the same time, he heaved a sigh of relief. He was finally safe!

The director had no idea why The White Tiger cub was suddenly glaring at him, and he was completely baffled. However, out of his love for cute little beasts, he couldn't help but pick up a rabbit.

In reality, he wanted to hug the little white tiger more, but the little white tiger didn't seem to be very friendly to him. So after thinking for a long time, he still didn't dare to make a move and picked a safe Beastie to hug.

Unfortunately, rabbits weren't for anyone to hug! So just as he picked up the rabbit, a certain extremely displeased rabbit stretched out its paw and scratched him. In an instant, a few claw marks appeared on the director's hand.

"Argh! I've been scratched!" Immediately, a shrill scream was heard.

A certain rabbit took the opportunity to jump out of the headmaster's palm.

The director, who was being scratched, raised his head to look at Leng ruoxue and the demon, feeling wronged. He repeated, ""I've been scratched!"

Why didn't his juniors have any reaction when they saw him being scratched?! It really broke his heart! Is there still love between classmates?

"Yes, I saw it." Leng ruoxue nodded.

"Junior, I was scratched by your rabbit. You have to take responsibility." The director took the opportunity to say.
