

## Cricket 38

Chapter 38: Not a (Final Opinion Time)

After everything, i was at the conclusion of choosing Shraddha Kapoor, because currently she is one of my favourite Actress and the one i deeply admire, due to her bubbly personality and her lovely character, that we have already seen, but about Sara Tendulkar, we don't know anything. I mean about her personality, her nature and everything.

the only hype around her or the name Sara Tendulkar is there because of her father, Sachin Tendulkar, and being rumored Girlfriend of Shubman Gill.

So I was clear cut ready to make Shradha his future Life partner, and this would be same as Virat Kohli and Anushka Sharma being together. A film star and a Cricket King.

But I received a comment from "Vighnesh\_Sadvilkar", after reading his comment I was then again i deep thinking! His comment was: -

Please Read This

tbh Shraddha is cute and bubbly and everything but at the end of the day she is actress. They do kissing scenes ,item songs and everything. When Anushka and Virat got together she had mostly done all that and was not participating much but if you change age of Shraddha then she will be 21 so just starting and has to do all those scenes.

And after reading this, I was shocked, Although Aarav is also a cricketer, in the end he is also the son of a Billionaire family and a family with political connections. so having Her as his wife was contradictory and now again, I am feeling headache. so in the end I went with: -

And this is Final, and no

Sara Tendulkar With Sharadha Kapoor Face and personality who is a doctor especially a Nutritionist. They could meet on a Cricket Event from there they get to know each other and talks about their interest in fitness and Health Body and go on.

ok No disrespect to Sara, but she is not as beautiful as Shradha. And I don't Like How she look this is my opinion.

you could understand Above scenario the same as Sachin Tendulkar has 2 children, and one is Shradha Tendulkar who is actually a Nutritionist. and other being Arjun Tendulkar. in this scenario there is no daughter of sachin named Sara, just 2 children Shradha and Arjun Tendulkar!

Now everyone else is outside just this tell me your opinion.

ok so tell me, i am literally feeling headache.
