

## Read Can't Take My Eyes Off You - Chapter 2301 - 2320

Chapter 2301: No Way

Something happy?

Jiang Yao's eyebrows twitched, and she immediately put her hand back into her pocket. "No way."

Someone was acting as if he did not have anything important to do.

Lu Xingzhi chuckled but said nothing. First, he blew Jiang Yao's hair dry. She would catch a cold if he did not blow dry her hair quickly since the weather had turned cold.

Jiang Yao did not speak, and neither did Lu Xingzhi. For a brief moment, the only sound in the room was the hair dryer working.

Twenty minutes later, Lu Xingzhi put the hair dryer back, sat up straight, and kissed the back of Jiang Yao's head. "That's done."

Jiang Yao yawned as she climbed onto the bed. Her stomach had been getting more prominent recently, and her movements, which used to be as agile as a monkey's, were slow.

Lu Xingzhi put her hands behind Jiang Yao's back to protect her from falling onto the bed.

Jiang Yao drew up the blanket and wrapped it around herself after lying down. She used the opportunity to kick Lu Xingzhi before closing her eyes and falling asleep.

Lu Xingzhi lowered his head and looked at Jiang Yao's feet. He stuffed her feet back into the blanket. He chuckled softly and turned off the lights in the room.

Was she supposed to go to sleep?

Jiang Yao was so enraged that she almost cried. Did he not prepare a gift for her?

How infuriating!

She had racked her brains to come up with a birthday present for him. He had nothing to show for it when it was her birthday!

She would not be so disappointed if he had a flower for her!

Jiang Yao even wanted to hug Lu Xingzhi to test his feelings for her. Otherwise, how could he be so dismissive of a birthday that meant so much to her?

Lu Xingzhi's movements were light , and Jiang Yao was lying with her back to him, so she did not notice when he turned off the lights and climbed out of bed.

Lu Xingzhi returned to the bed after retrieving something from the cabinet and hugged Jiang Yao from behind. He leaned against her shoulder. "Are you upset?"

"I'm very! Disappointed! With You!" Jiang Yao emphasized the word disappointed in her tone. Then, she used her palm to push the face on her shoulder. She did not want to look at him then.

"What if I give you a bouquet of flowers? Will you still be angry?" Lu Xingzhi avoided Jiang Yao's hand and offered her a bouquet of beautiful red roses. He wrapped his arms around Jiang Yao's chest and gently placed the flowers in front of Jiang Yao. He was meticulous, and her nose just happened to touch one of the flowers.

It was a genuine rose bouquet and carried the fragrance of flowers. The lighting in the room was poor, but Jiang Yao could clearly see the flowers' color.

Jiang Yao had guessed what gift Lu Xingzhi would give her, but she had not expected a bouquet of flowers.

"Zhou Junmin had previously given me a bouquet of fake flowers. I noticed you did not even blink as you stared at it. I guessed you would like it," Lu Xingzhi said as he laughed.

'Who didn't blink their her eyes? Clearly, you were the one who liked the flowers Zhou Junmin sent you. You even put them in a vase." Jiang Yao bluntly exposed Lu Xingzhi. "Your face was as black as a pot when Zhou Junmin came to take those flowers back."Please read new chapter at [Bonnoval.com](http://Bonnoval.com)

"However, I know that you enjoy flowers as well. Was I wrong? Let's throw them away if you don't like them." Lu Xingzhi spoke as he took the flowers..

## Chapter 2302: Don't Throw It Away

"Don't throw it away!"

Jiang Yao snatched the flowers and hugged them in her arms. "I like it! I like it a lot!"

Her actions were more honest than her words. She was more worried than anything else when she learned that Lu Xingzhi was going to throw it away.

"Who was it that day who stared at that bunch of fake flowers without blinking?"

"Me! It was me!" Jiang Yao was incredibly spineless and accepted responsibility, but so what? She was enjoying the bouquet of flowers in her arms right now.

It was a bouquet of bright and beautiful roses, not a bun.

"Do you know what red roses meant?" Jiang Yao could not put it down and hugged it. Then she turned around and confronted Lu Xingzhi. She was a little emotional, and her eyes were filled with joy.

"I like you," Lu Xingzhi answered without hesitation.

"No!" Jiang Yao corrected Lu Xingzhi anxiously. "I love you."

"Okay, I got it." Lu Xingzhi pinched Jiang Yao's chubby face and laughed. "The birthday girl confesses her love to me late at night. It's a little too much."

The smile on Jiang Yao's face froze for a second. Then she was so angry that she was amused. Only then did she realize that Lu Xingzhi was teasing her rather than not knowing what the flowers meant.

That guy was getting more and more out of line.

'You're—" Jiang Yao hit Lu Xingzhi on the shoulder. "You were never like that before."

'What was I like before?" Lu Xingzhi raised his eyebrows.

Jiang Yao rolled her eyes at Lu Xingzhi; he had asked despite knowing the answer. He would not have had so many tricks up his sleeve in the past. Or rather, in the beginning, he was too cautious when he interacted with her. How could he be as open as he was at that moment?

However, if someone asked Jiang Yao if she liked the new Lu Xingzhi, the answer would undoubtedly be yes.

"I'll put the flowers in a vase." Jiang Yao hugged the flowers and wanted to sit up. She pushed Lu Xingzhi. "Turn the lights on."

"Leave them there until tomorrow morning."

Lu Xingzhi pulled her back onto the bed. Then, he reached out to grab the flowers in Jiang Yao's arms and prepared to place them on the side. However, Jiang Yao hugged them tightly and refused to let go. She even glared at him.

"I'm just putting them aside for you," Lu Xingzhi explained. "I'll give you another gift."

Jiang Yao blinked and then released her hand. She looked at the flowers Lu

Xingzhi had taken away and put on the bedside table. After making sure the flowers did not fall to the ground, she smiled at Lu Xingzhi and reached her hand toward him. There was a hint of slyness in her voice. "There's a second gift? Did you prepare twenty gifts for me just like Madam Cheng?"

'You're so beautiful.' Lu Xingzhi reached out and tapped Jiang Yao's nose. Then, he put a bracelet on Jiang Yao's hand. Jiang Yao looked down and let out a gasp. Then, Lu Xingzhi reached out and touched her earlobe. He put the earring on her ear.

Then, Lu Xingzhi turned the lights on and handed her a mirror. "I designed this set of jewelry myself. I found an expert overseas to make it. The stone is from a top-grade jade that I collected earlier. However, it's not big. The rest is only enough to make a pair of tiny earrings."

That was what Lu Xingzhi was sorry about. He could have designed a necklace and ring for Jiang Yao if he had had enough jade material..

### Chapter 2303: I Know A Lot

Unfortunately, finding the best ones was difficult, and he had been unable to travel out of town to find them for Jiang Yao.

Fortunately, his design was good, and the craftsman he hired was skilled. He had created all of his design's intricate details and exquisite parts.

Jiang Yao's skin was very white, and her earrings were light green, which made her look as clear as snow.

"It looks good." Jiang Yao shook the bracelet on her hand and gently touched the earrings on her ears. "How did you come up with this?"

"I know a lot of things. You have a lifetime to discover them slowly." Lu Xingzhi smiled proudly. "Are you satisfied with your birthday gift?"

Lu Xingzhi did not gamble on stones for profit.

He had followed Master Cai, so he was naturally exposed to design, and he had learned some from him.

Jiang Yao used actions to replace her answer. She passionately kissed Lu Xingzhi on the lips.

He accepted the kiss. Jiang Yao had only wanted to give him a light kiss, but Lu Xingzhi would not agree to her haste after they kissed.

The autumn wind blew gently outside the window, lifting and floating the gauze curtains.

The scent of autumn osmanthus flowers floated around the room, but it did not seem to pique the interest of the two people on the bed. No matter how beautiful the scenery was at the time, it could not compete with the one in their eyes.

The hungry wolf, who had been abstaining from sex for a long time, finally began to eat, but due to their bodies' state, they could not fully enjoy themselves.

After Lu Xingzhi helped Jiang Yao clean up, he laid down on the side to calm the turmoil in his heart. He closed his eyes in annoyance as he looked at his wife beside him.

He could not bear looking at her. He wanted to eat again after staring at her for a while, but he could not do that,

He could not do more in one sitting. It was also a form of torture.

Lu Xingzhi received a significant gift for Jiang Yao's birthday. Jiang Yao had already fallen asleep when he regained his composure and opened his eyes. Continue read new chapter at [Bonnovel.com](http://Bonnovel.com)

She probably pulled the blanket off her small belly because she was hot. The half-covered part of her voluptuous body looked incredibly seductive.

Lu Xingzhi sighed and pulled the blanket up. He pinched the top of the blanket and rubbed her belly. He said softly, "Don't worry. Your mother won't let you starve in the future."

He knew his son would not go hungry.

Maybe there was some left for him to take advantage of.

It was easy to fall asleep with his wife in his arms. When Lu Xingzhi woke up, it was already bright outside. Jiang Yao's head was on his chest, and her hands were on his waist. She was hugging him like a koala bear.

His wife stayed in bed for a while, which was rare for her. When Jiang Yao did not wake up at 7:30 AM., he got out of bed and took a shower.

The sound of Lu Xingzhi closing the door woke Jiang Yao up. However, Lu Xingzhi was unaware that she had already awoken. As he walked to the mirror, his hair was wet and dripping with water. He tilted his head to examine the wound on his face. He was relieved to see that the injury was indeed gradually healing.

Then he lifted his shirt and looked in the mirror at the wound on his body. He mumbled something that Jiang Yao could not understand before removing his shirt. He turned around to find Jiang Yao sitting on the bed, staring at him. For a brief moment, he was stunned.

“When did you wake up?” Lu Xingzhi walked toward Jiang Yao.

“When you were standing in front of the mirror.”

Jiang Yao stretched and leaned toward the bedside table to let Lu Xingzhi sit down. “I’ll reapply the medicine for you..”

## Chapter 2304: I Won’t Let You Go

Lu Xingzhi obediently took off his shirt. Jiang Yao was naturally in charge of his medication and dressing changes because he needed them daily.

“Do get water onto your wound. Simply wipe it with a wet towel if you can’t stand it. Don’t go to training now that it is cold outside. Don’t sweat, so you don’t need to shower,” Jiang Yao said as she applied the medicine.

Lu Xingzhi grunted and said, “I sweated last night.”

“Why did you sweat last night? Did you fight someone?” Jiang Yao panicked when she heard that. She thought Lu Xingzhi had been hiding his injuries from her. However, she snapped back to her senses when she saw Lu Xingzhi’s teasing smile.

“Don’t you remember that we sweated together last night?” Lu Xingzhi turned his head back after he said that. He smiled so much that even his body trembled slightly.

Jiang Yao did not say anything. She pretended that she did not understand what he was saying.

There were many wounds on Lu Xingzhi’s body, big and small, that needed to be treated. After a while, Jiang Yao asked him to put his clothes back on. The pungent smell of medicine had permeated Lu Xingzhi’s body.

“Oh, Yaoyao, I have to tell you something.” Lu Xingzhi should have told Jiang Yao about that last night, but because it was her birthday yesterday, Lu Xingzhi did not want her to be unhappy.

“Go ahead.” Jiang Yao nodded as she packed the medicine box in her hand. She could listen to Lu Xingzhi as she packed her things.

"Big Brother called me last night. He said that he knew why that organization kidnapped the tourists." Lu Xingzhi looked at Jiang Yao. "They're looking for you."

"Looking for me?" Jiang Yao's hand paused. "Why are they looking for me? Why are they taking so many people just to look for me?"

That was what Jiang Yao could not understand. Was there a need to take more than a thousand people just to look for her?

"They are looking for the Divine Doctor's student," Lu Xingzhi said.

"They are looking for the Divine Doctor's student," Lu Xingzhi said.

Jiang Yao immediately understood the situation. "Okay, I understand. They want me to treat their illnesses. But they thought I wouldn't help, so they kidnapped so many people to blackmail me."

Not to mention a thousand people, the lives of over 300 were enough to raise the bar of morality and force the Divine Doctor's student to appear. Even the lives of over 300 people were enough to persuade Jiang Yao to make a concession.

Furthermore, the country could not simply stand by and watch over 300 people perish. As a result, the government would undoubtedly assist in locating the Divine Doctors student.

Jiang Yao was a doctor, but she despised the feeling of being compelled.

Initially, Master Sen and the others forced her to remove the Divine Doctor from that world. She expected a period of peace, but she did not expect that the Divine Doctors student would be remembered again after the Divine Doctor had supposedly died.

"I have to go, right?" Jiang Yao's expression was not very good.

"I don't want you to go, and I won't let you go." Lu Xingzhi gently patted Jiang Yao's head. "The news hasn't spread yet, and we still have time to arrange it. Let me think about it."

It was both a dragon's and a tiger's den. Lu Xingzhi would not allow it, nor would he let Jiang Yao leave.

Leaving aside Jiang Yao's hatred for Qian Yunen, who knew if Qian Yunen would seize the opportunity to harm Jiang Yao?

Most importantly, he would not allow Jiang Yao to endanger herself. He did not want Jiang Yao to be forced to do something she did not want to do.

He wanted his fellow citizens safe, but he also wanted Jiang Yao safe..

## Chapter 2305: Don't Mean What You Say

When Lu Xingzhi noticed Jiang Yao's beautiful brows were knitted, he reached out to touch them and comforted her. "Everything is fine. Let's go have some breakfast."

Jiang Yao nodded and pushed all of those minor concerns to the back of her mind. She stood up and looked at the bouquet of roses that Lu Xingzhi had left by the side the night before. She walked over to them and happily hugged them before following Lu Xingzhi out of the room.

Jiang Yao placed the flowers in the vase given to Lu Xingzhi by Zhou Junmin. She waited until Lu Xingzhi and Mrs. Jiang called her to the dining table for the third time before taking a step back and turning around to admire the flowers in the vase from all angles. She only moved to the dining table after that.

"You don't mean what you say," Lu Xingzhi scooped a big bowl of porridge for Jiang Yao and placed it in front of her. He teased her softly. It was true that women loved flowers. Even someone like Jiang Yao could not help but like those beautiful flowers.

Jiang Yao took the spoon and whispered, "It's not that I don't mean what I say.

Actually, I don't like flowers, but it depends on who sent them to me."

When she was in the hospital in the past, no one had sent her flowers. There were various flowers, but none of them had been sent to her by Lu Xingzhi.

That flower bouquet meant a lot to her. That was the first bouquet Lu Xingzhi had given her, and it had been such a special day the day before.

"Did Lu Xingzhi give you that bracelet?" Mrs. Jiang had noticed the light green bracelet on Jiang Yao's wrist. Even from her vantage point, the bracelet was stunning and eye-catching.

Jiang Yao nodded. She had taken off her earring before she went to bed, but she could not bear to take off the bracelet. The color of the bracelet was slightly different under the lights compared to the natural light. There was no light, so the jade looked a little plainer, but it was still lovely.

"Xingzhi designed it himself." Jiang Yao was showing off a little. "Mom, isn't it beautiful?"

"Of course, it looks good. On your hands, anything looks good." MIS. Jiang smiled brightly. Jiang Yao had spent the entire day yesterday staring at Lu Xingzhi. Mrs. Jiang knew that Jiang Yao was anticipating Lu Xingzhi's gift. However, she did not see Lu Xingzhi bring out a gift even when she went to sleep last night.

Mrs. Jiang thought Lu Xingzhi was not allowed to go out those few days, so he could not get a gift for Jiang Yao. She did not expect Lu Xingzhi to give one to Jiang Yao in private.

It made sense when she thought about it. Lu Xingzhi had lavished his wife with gifts. How could he remain silent on such an important day?

Jiang Yao's skin was pale, and her fingers were lovely. Mrs. Jiang had always thought that Jiang Yao's hands looked exquisite, so she would look good in anything. Mrs. Jiang's only regret was that the Jiangs were poor. She could not force Jiang Yao to learn to play an instrument when she was younger. Jiang Yao would look stunning if she could learn to play the piano. Continue read on our website [Bonnoval.com](http://Bonnoval.com). Thanks

Jiang Yao had no idea what her mother was thinking, but after hearing the answer she most wanted to hear, Jiang Yao felt as happy as if she had gotten up early and drank a jar of honey. Without Lu Xingzhi urging her, she had already finished the entire bowl of porridge. She was in a good mood.

Jiang Yao, who even looked at the bracelet on Lu Xingzhi's hand while she was eating, made Lu Xingzhi's heart skip a beat. She liked the gift he gave her and, more importantly, she liked the person who gave it to her..

## Chapter 2306: No Surprise

After breakfast, Lu Xingzhi's phone rang. It was Master Cheng. He was there to discuss with Lu Xingzhi how to deal with Jiang Yao's situation.

Master Cheng's attitude was unyielding. He told Lu Xingzhi, "I'll say this. Forget about 300 people; even if it's three million people, don't even think about exchanging my daughter for them. That boss is a ruthless person. My daughter is pregnant. I won't agree to let her take the risk, so I've thought of a few ways. See if it's feasible."

"I won't let her go too." That was also Lu Xingzhi's thought. "We are responsible for saving those 300 people, but it's not on her. She has no obligation to bear the responsibility that will bring her great danger."

"I've been waiting for you to say that." Master Cheng nodded. "Aren't they looking for the Divine Doctor's student? Do they want to use morality to kidnap my daughter? Before they make their ultimate goal known to everyone, let's strike first."

The corners of Lu Xingzhi's lips curled upward, and his voice was faint. "Maybe we're thinking the same thing."

"I'm not surprised." Master Cheng smiled. "Jinyan talked to you a little yesterday and came back to talk to me a few times before I thought of this idea."

Lu Xingzhi was the one who told him what Cheng Jinyan said, so Master Cheng was not surprised that Lu Xingzhi's arrangement was the same as his.

There was no need to explain the conversation between intelligent people. One sentence was enough.

Lu Xingzhi said with a smile, "Then I'll have to trouble you to take care of Yaoyao during this period."

"She's my daughter. There's no trouble," Master Cheng scoffed. "It's 8:30 A.M.

now. The operation is at noon. You still have more than three hours to arrange your team. Is that enough time? If it's not enough, I'll arrange everything else."

"That's enough." Lu Xingzhi agreed and quickly hung up the phone. He turned around to look for Jiang Yao.

"Yaoyao." Lu Xingzhi found Jiang Yao in the living room. She was holding a watering can and spritzing it at the vase. She was in a good mood and humming an out-of-tune song. She poked the diamond-like water droplets on the petals with her fingertip in amusement. She poked one by accident and even let out a regretful sound.

"Yaoyao." Her attention was all on the flowers. Lu Xingzhi walked forward and called out to her again before she heard him. She responded indifferently and even lowered her head to sniff the flowers. She tugged Lu Xingzhi's elbow, saying, "There's a little fragrance from the flowers. The smell is quite nice. I think it's better than the smell of lilies."

"Let me tell you something." Lu Xingzhi wrapped his arms around Jiang Yao's waist and hugged her in his arms. "I'll send you to Master Cheng's place for a few days."

"Is it because of that organization?" Jiang Yao could not think of any other reason. Otherwise, with Lu Xingzhi's protectiveness toward her, it was unlikely that he would take the initiative to send her away from him. After all, he was not even happy that she was attending university during the day from Monday to Friday.

"Have you made the arrangements?" After Jiang Yao asked, he nodded. "Sure, as you wish."

Jiang Yao did not ask much about the details and content of the arrangements.

"Then I'll help you pack some clothes and shoes." Lu Xingzhi held Jiang Yao's hand and turned around to return to the bedroom.

'Just a few pieces. If I need anything, I can buy it later. My belly is growing daily, and I need new clothes." Jiang Yao pointed at the flowers on the table. "Let me take those flowers with me.. Oh, and the earrings! Help me put them on!"

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know < report chapter > so we can fix it as soon as possible.

### Chapter 2307: Choose To Ignore Me

Lu Xingzhi had wanted to persuade Jiang Yao not to bring the flowers, but when he saw Jiang Yao's hesitation, he could not bring himself to say anything.

He did not hesitate to assist her, but he was hesitant to give her the flower bouquet.

Lu Xingzhi's heart was suffocating. He still had to compete with the bouquet of flowers he had given himself. It was extremely difficult for him to open up to someone.

However, Lu Xingzhi eventually agreed with Jiang Yao. It did not matter as long as she was happy.

Lu Xingzhi gave a few instructions to Mrs. Jiang before sending Jiang Yao out of the army base. On the way, someone saw the couple. Lu Xingzhi held Jiang Yao's hand and stopped to talk to them.

"Colonel Lu, you seem to be recovering well. You've been staying at home and have not come out during this period. We haven't seen you, so we're quite worried about you."

"There are countless wounds on his body, big and small, but he's wearing clothes to cover them. In addition, this guy can pretend. I'm going to the university. I didn't want him to see me off. However, he insisted," Jiang Yao said on behalf of Lu Xingzhi; her tone was full of reproach. 'You soldiers don't take your own bodies seriously. The soldiers are all the same among the patients I've treated, always choosing to ignore medical advice."

"Doctor Jiang, I'm an exception. Even if I got struck by a nail, I needed to recuperate for three days. But Colonel Lu wouldn't approve my leave. I was afraid it would affect my health if I didn't take the time to recuperate. You're a doctor. Why don't you give me a leave of absence for three days?"

When that person spoke, he even waved his nail-pierced fingers. His tone was so exaggerated and funny that it made Jiang Yao laugh.

‘Aren’t you in a hurry to get to the university? I won’t keep you then.’

When Jiang Yao criticized Lu Xingzhi, she mentioned that she had to rush to university, so that person was tactful and did not continue to chat with her.

‘Wes, there was a problem with the experiment in the laboratory. My good weekend is ruined again.’ Jiang Yao pretended to be helpless as she explained. Then, she turned around and left with Lu Xingzhi.

Lu Xingzhi was silent throughout the journey. However, everyone in the army knew he was a man of few words. Therefore, everyone was used to it. Instead, everyone said Mrs. Lu was a gentle and amiable person.

People even privately analyzed how a gentle lady like Mrs. Lu married a cold-faced Colonel Lu.

Ah Lu and Big Ke were waiting for Jiang Yao in the car. Lu Xingzhi sent Jiang Yao to them and said, “Don’t worry, I’ve already made the arrangements.

Master Cheng’s men will pick you up when you arrive in the city.”

Lu Xingzhi had already made all of the necessary preparations. When Master Cheng summoned him, he only needed to issue an order. He would undoubtedly do everything perfectly because it was related to Jiang Yao.

Jiang Yao nodded and stuck her head out to kiss Lu Xingzhi’s side profile. “You should go back. Walk slowly. I’ve left the medicine at home. You must remember to apply the medicine every day. You mustn’t touch water or train secretly. You know the consequences if I find out you’re disobedient again!” ‘Yes,’ Lu Xingzhi replied straightforwardly.

Jiang Yao had a doubtful look on her face. Then she said helplessly, “Be good.

You must be good. If I am not with you, don’t do anything that worries me..”

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know < report chapter > so we can fix it as soon as possible.

## Chapter 2308: I Don’t Understand

Lu Xingzhi’s mouth twitched stiffly as he was treated like a three-year-old child by his young wife. “I will not break my promise to you.”

Jiang Yao only smiled in contentment after hearing Lu Xingzhi's assurance.

"The weather is cold," Lu Xingzhi said. "Put the car window up." He waved his hand at Big Ke after ensuring the car window was closed.

Big Ke drove steadily. The car left Lu Xingzhi's line of sight in a short while. Lu Xingzhi stood there as if nothing had happened and put his hands in his pockets as he turned around with a relaxed expression.

After he returned, Lu Xingzhi called Mrs. Jiang to the study room to talk for a long time. More than half an hour later, Mrs. Jiang came out of the study room with red eyes and a worried expression.

Lu Xingzhi had already told Mrs. Jiang everything he needed to tell her.

However, as a mother, she could not help but worry. After Mrs. Jiang left, Lu Xingzhi called Liang Yueze again to tell him about the situation on his side. That matter would definitely blow up; it would blow up even more than the incident of the passenger ship being hijacked.

It was autumn, and that was the favorite season of the people in Luo City. It was not the rainy spring, the scorching heat of summer, or the severe cold of winter; autumn seemed to be the most energetic season of the year.

As night fell, the people would sit in the courtyard after dinner to chat about their day. The women would gossip about their families.

"Oh, right! I heard that someone saw Colonel Lu leave his home today. I heard that he had recovered quite well. This time, Colonel Lu has made another great contribution. The end of the year is coming soon. There will definitely be a lot of commendations for Colonel Lu at the end of the year. Perhaps he will be promoted again."

"Isn't it certain that Colonel Lu's rank will rise again? How many great contributions has he made in the past year? Hasn't he contributed too much to the army? Even Colonel Shao isn't as capable as him."

"Do you think he's that capable? My husband mentioned that Colonel Lu has a strong backer. He came from Jindo City with his connections. It's just a formality for someone like him to make contributions. He can rise quickly with his connections."

"What do you think his wife did to grab a husband like him?" The young woman looked envious. "He's handsome, has good abilities, and dotes on his wife. She's pregnant, and her mother lives here to take care of her. Why do you think her life is so good? Do her brother and sister-in-law have any objections?"

‘What about her mother-in-law? Is it normal for her mother-in-law to treat her well? It’s not rare for a brother to dote on his sister. Look at her mother-in-law. She treats her like her own daughter. Everyone is envious of her great fortune.’

At that moment, an elderly lady entered and casually found a chair to sit on. She made a tongue-clicking motion. ‘My daughter’s mother-in-law is a poisonous woman. My daughter is pregnant and still has to do whatever she wants, but my son-in-law won’t say anything. It is extremely irritating.’

After that, the old woman patted her thigh and said, “I saw a commotion just now, and I went to see what had happened. It seems like Colonel Lu’s wife hasn’t returned home yet. She seems to have gone missing.”Please read new chapter at [Bonnovell.com](http://Bonnovell.com)

“What? Missing? Didn’t you say you saw her go to university during the day?” someone asked.

“Then I don’t understand. I just heard it. Colonel Lu and Mrs. Jiang seem very anxious,” the old woman said..

## Chapter 2309: I Can Take It

At that moment, the chief’s office was also in chaos.

“What did you say? You found Jiang Yao’s car, but you didn’t see her? There are bullet marks in the car? There’s blood? There’s a lot of blood in the backseat?” When the chief heard that, his heart skipped a beat. Jiang Yao usually sat in the backseat.

Jiang Yao had two bodyguards with her. The two bodyguards would go with her whenever Jiang Yao left the army base. One of the two bodyguards drove the car, and the other sat in the front passenger seat. Jiang Yao always sat in the back seat.

After hanging up the phone, the bureau chief looked at Lu Xingzhi, standing in front of him. He did not know how to tell Lu Xingzhi the news he had just received.

“Tell Me. It’s fine. I can take it.” Lu Xingzhi held the table for support as he spoke.

The chief’s expression darkened. Could he take it?

Others had no idea how badly Lu Xingzhi had been injured during the previous mission, but he knew the man had narrowly escaped death. He had been discharged from the hospital after such a long time due to his severe injuries. The doctor had ordered him to stay home; he had only recently been allowed to get out of bed.

If his injuries had not been so severe, he would not have stayed at home if he could force himself to train.

However, he knew Lu Xingzhi needed to have a clear head.

“They found her car on Road 314. It was overturned into a ditch, and there was no one there. They did not find any bodies, either. There were bloodstains and traces of struggle and bullets in the car,” the chief said.

Mrs. Jiang was crying non-stop. When she heard that, her cries became even louder. “What about the university? What did the university say? Didn’t Yaoyao say that she was going to the university? Why did she suddenly disappear?”

“The university?” The chief looked at Lu Xingzhi. He thought Lu Xingzhi was afraid that the seniors would be worried, so he had not told Mrs. Jiang about the situation the university had investigated.

Professor Ouyang had not appeared at the university for the entire day, and nothing was happening in the laboratory. Professor Ouyang had also lost contact with them, and his cell phone could not be reached. No one had seen Professor Ouyang for the entire day.

The person who had called Jiang Yao to ask her to go to the university’s laboratory must have been the person who had kidnapped Professor Ouyang.

Maybe it was the man himself. He might have called Jiang Yao under duress. The purpose was to lure Jiang Yao out of the army base and into the city.

Something must have happened to Professor Ouyang. Otherwise, they would not have been unable to contact or find him for a day.

“I’ve already sent more people to look for him.” The chief could only comfort Jiang Yao’s mother.

However, he knew that Jiang Yao’s disappearance was even more troubling than the last time. When Jiang Yao was kidnapped the first time, there were many witnesses, but no one saw anything this time.

‘Who has a grudge against Yaoyao? She is just a student. Who would she have offended? Is it you, Xingzhi? Is your enemy looking for Yaoyao?’ Mrs. Jiang turned her head to look at Lu Xingzhi.

The chief stood at the side and was at a loss for words. He was thinking the same thing. It was most likely that Lu Xingzhi’s enemy had come looking for him.

‘Mom, let’s go back first.’ Lu Xingzhi’s voice was hoarse. “I will find my wife.”

“Go look for her! Look for her. If you can’t find Yaoyao, don’t ever call me mom again!” Mrs. Jiang pushed Lu Xingzhi, who had come to help her up, away and left..

## Chapter 2310: Acting

Lu Xingzhi wanted to chase after Mrs. Jiang, but he could not take a step forward. Then, he looked at the chief. “Chief, please put more people on this case.”

“Don’t worry.” The chief patted Lu Xingzhi’s shoulder to comfort him. “Go back and rest. Otherwise, when your wife comes back and sees you like this, she will be worried too.”

Lu Xingzhi nodded and left the chief’s office with a dejected look. Under the watchful eyes of countless people, he walked home weakly.

Mrs. Jiang was already at home. Her eyes were red as she sat on the sofa, wiping her tears. When she saw Lu Xingzhi, she asked, “Was my acting okay just now? No one saw through it, right?”

Mrs. Jiang started crying when Lu Xingzhi told her she had a part to play. Initially, she could not cry. However, no one could see through her acting when she thought about if Jiang Yao had really gone missing. Her emotions rose, and she could not hold back her tears anymore.

“No, your acting was excellent,” Lu Xingzhi said. “You don’t have to go out for the next two days. Just stay at home. I’ll leave the base later. When I’m not around, no one will come and disturb you.”

“You’re going out? Didn’t Yaoyao forbid you from running around Mrs. Jiang shook her head. “Your injuries haven’t healed yet. Where are you going?”

“Our acting is good. But my wife is supposed to be missing. As long as I’m not dead, I won’t stay idle, and everyone knows that. They know I’ll be investigating the case. Just don’t tell Yaoyao.”

Lu Xingzhi handed the phone to Mrs. Jiang and dialed a number. “I cant get through to my wife. Please call Master Cheng.”

‘Okay.’ Mrs. Jiang was about to ask Lu Xingzhi to call Master Cheng to ask about Jiang Yao’s situation.

‘Yaoyao has been at Master Cheng’s place for a long time. She’ll be fine with Ah Lu,’ Lu Xingzhi said. Other than the army base, Master Cheng’s place was probably the only safe place.

Master Cheng was probably waiting for Lu Xingzhi's call; he picked up almost immediately.

"It's me. Where's Yaoyao?" Mrs. Jiang quickly asked.

A few seconds later, Jiang Yao's soft voice came from the phone. "Mom, I'm here. Don't worry, I'm fine."

"You're okay?" Mrs. Jiang was relieved knowing that Jiang Yao was fine with Master Cheng and the others. Master Cheng and Madam Cheng would take good care of Jiang Yao, and Madam Cheng's cooking skills were also excellent. Madam Cheng would also cook for Jiang Yao if she wanted to eat. She was not afraid that Jiang Yao would go hungry.

"Mom, where's Xingzhi? Is he being good? Did he run around?" Jiang Yao was indeed living quite comfortably at the moment. Madam Cheng had personally cooked dinner for her, and she was full. She had also played with Cheng Jinnian. At that moment, Cheng Jinnian sat with her, puffing his stomach and drinking yogurt with her.

Mrs. Jiang glanced at Lu Xingzhi. He had already put on his coat and was about to leave with his car keys, but Mrs. Jiang eventually nodded and said, "He didn't go anywhere. He just took me to the chief's office to put on a show and came back." Please read new chapter at [Bonnovel.com](http://Bonnovel.com)

Mrs. Jiang and Jiang Yao exchanged a few words before handing the phone to Lu Xingzhi.. Lu Xingzhi took the phone and said, "Did you miss me?"

## **Read Can't Take My Eyes Off You - Chapter 2311**

### **Chapter 2311: You Can Still Drink It?**

"No, not at all." Jiang Yao did not mean what she said. After all, they had only been apart for a day, and she had slept for a few hours. When she opened her eyes, she ate some food, and Cheng Jin kept bothering her. She really did not miss Lu Xingzhi at the moment.

"What a cruel woman." Lu Xingzhi let out a long sigh. "My night is long. My wife isn't here, and my son isn't here. I probably won't be able to sleep the whole night thinking about you and my son."

Jiang Yao was amused by Lu Xingzhi's half-truths and burst into laughter. The two of them chatted for a while, and when Jiang Yao saw that Master Cheng was looking for

Lu Xingzhi to discuss something, she handed her phone to Master Cheng. Then, she naively competed with Cheng Jinnian to see who could finish the yogurt first.

Cheng Jinyan, who was sitting at the side, was so surprised that his eyebrows twitched. He probably thought that Jiang Yao had always been very well-behaved in his impression of her; he did not expect that she would compete with Cheng Jinnian in that kind of competition.

He heard Cheng Jinnian's smug laughter after winning the competition. The winner requested to touch his nephew. The loser grunted and turned her stomach in Cheng Jinnian's direction.

Cheng Jinyan could feel that Jiang Yao's relationship with his family had changed. There was no longer any resistance, and there was no longer any sense of alienation. She showed her true self naturally in front of her family.

She did not hide; she did not suppress her genuine emotion. She began to accept everyone in that family, showing her friendliness.

Cheng Jinyan's impression of his family was rarely that lively. Cheng Jinnian, that little adult who had always pretended to be mature since he was a child, had rarely laughed so hard.

Sometimes, a person can change the state of the family.

The family had become warmer as a result of Jiang Yao's presence.

She brightened her mother's day. Her mother was overjoyed. His father was delighted. Her parents were thrilled. Cheng Jinnian was ecstatic as well. Naturally, he was pleased as well.

"Sister, Mom is making fruit juice in the kitchen." Cheng Jinnian touched Jiang Yao's stomach with one hand and whispered, "Can you still drink some? 'Yes, I can.'" Jiang Yao admitted that she had a big appetite. "It's only fruit juice."

Cheng Jinnian looked at Jiang Yao with admiration. He drew a big circle in the air with both hands and said, "You've eaten so much during dinner. How can you still drink fruit juice? Is there a balloon and a baby in your stomach?"

Jiang Yao almost burst out laughing. Her appetite had been enormous recently, but pregnant women always had such a stage where they could eat a lot.

The news of Colonel Lu's wife's disappearance spread overnight throughout the entire army. Colonel Lu dragged his injured body and went to the scene to investigate despite everyone's dissuasion. The news that he did not return to the army base for a whole night and was eventually sent to the hospital was also discussed.

It was unknown who was the first to investigate the reason for Mrs. Lu's kidnapping. Some speculated that he fainted because he was so enraged. Some assumed that it was because he had found Jiang Yao's body.

Local newspapers had reported on the hijacking of the cruise passengers and the disappearance of the university's professor and student. The local disappearance proved to be the bigger news..

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know < report chapter > so we can fix it as soon as possible.

## Chapter 2312: Add Fuel To The Fire

After all, the hijacking of the cruise ship did not happen in Luo City, but the professor and the students were missing from there.

Nobody knew who discovered the identities of the two missing people a day after the case was reported.

Professor Ouyang, who had been transferred from Nanjiang Medical University, was the medical world's star. Many people knew him through his students.

The disappearance of such a professor gave the local cops a headache. They were not expecting the student's identity to be even more impressive.

She was the Divine Doctor's student!

The entire city, even University L, was overturned to find them. The identity of the young Miss Jiang astounded everyone.

Lu Xingzhi had not returned to the army base in a few days. When he returned, he would visit the chief's office. He would either inquire about any new developments or request that more people search for his wife, who had been missing for a few days.

He did not stay in the army base for the night. He would remain in the hospital after leaving the base. To make it appear genuine, he stopped taking the medicine Jiang Yao had left for him. Every day, the hospital's doctors and nurses would look after him.

The hospital's doctors and nurses were also competent. The doctors would call the army base the moment Lu Xingzhi left the hospital. They would scold him and inquire where Lu Xingzhi had gone, regardless of who answered the phone. He was covered in wounds. Was he willing to lose consciousness again so no one could find him, or would he run all the way back from the hospital, all his wounds ruptured?

That was because army personnel knew that Lu Xingzhi's injuries were still severe. However, in order to find his wife, he fled the hospital without regard for his own body.

Everyone was concerned about Lu Xingzhi and Jiang Yao.

Lu Xingzhi was looking for Lu Xingzhi, so naturally, it was impossible for Master Cheng's people not to put on an act. Perhaps not many people knew about the relationship between Jiang Yao and Madam Cheng. Still, many people knew that Master Cheng had dealings with Lu Xingzhi, especially when he brought his whole family to visit her on the day of Jiang Yao's birthday. So, Master Cheng's people had been contacting Lu Xingzhi.

Lu Xingzhi, who had failed yet again after being dragged back by the doctor, was sitting on the bed with his phone. He was texting Jiang Yao to console his yearning. Then, someone pushed the door open. When Lu Xingzhi looked up, he saw it was Master Cheng.

'You're texting Yaoyao?' Master Cheng knew what Lu Xingzhi was doing from the way he held his phone. Since Jiang Yao went to his place, Jiang Yao had been holding her phone and texting for a very long time every day. It was apparent that she was texting Lu Xingzhi.

Jiang Yao's original phone was turned off, so Master Cheng got her a new phone. Everyone knew that number, and no one would suspect Lu Xingzhi if he refused to let go of his phone at that critical moment. He was in a hurry to keep in touch with the people looking for his wife.

'Yes.' Lu Xingzhi could not wait to learn how Jiang Yao spent her 24 hours a day.

When Moe was by Jiang Yao's side, he would often take advantage of Jiang Yao's lack of attention to send him a message to let him know if Jiang Yao was in a good mood. Even though he had learned about Jiang Yao's situation from Moe and Big Ke., he still went through the trouble of asking Jiang Yao to hear her answer.

"It's almost time for us to leave the city. It's time to tell Jindo City to add fuel to the fire.."

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know < report chapter > so we can fix it as soon as possible.

## Chapter 2313: Don't Go Crazy

Master Cheng did not think Lu Xingzhi, who was holding his phone and texting Jiang Yao, would have time to greet him, so he sat down. "It is pointless, no matter how loud Luo City is. After all, Luo City is not particularly appealing."

"I've already made an agreement with Big Brother. Tomorrow morning, all the major newspapers in Jindo City will report the news that Professor Ouyang and the Divine Doctor student have both gone missing for several days. Then, at noon, they will start

spreading the news from other first-tier cities and slowly spread it all over the country. In two days, it will become household news.”

Lu Xingzhi curled the corners of his lips. It was better to strike first. Did the people of that organization not want to use their extreme methods to force the Divine Doctor’s student out of hiding?

He wanted to let the whole world know that the student of the Divine Doctor had been missing for several days. He wanted to see what the people of that organization would do.

“As long as you have made the arrangements, it’s fine.” Master Cheng was still very assured about the work of Lu Xingzhi’s brothers. When he saw Lu

Xingzhi’s slightly disappointed expression, Master Cheng reminded him again, “It is just acting. Don’t act like you’ve gone mad. You should still take care of your injuries. If she finds out that you’re torturing yourself like this, she’ll be angry with you when she comes back.”

Lu Xingzhi raised his eyebrows and said, ‘Just don’t let her know in the next few days. After a few days, I’ll use the medicine she left behind. She shouldn’t be able to tell.’”

Of course, Lu Xingzhi knew there was a limit to acting, so he did not dare to reopen his wound. If he acted like that, he would be done for when Jiang Yao returned.

Even though Jiang Yao was usually very good-tempered and rarely got angry, it would be difficult to appease her once she did. He did not dare to cross that line.

“I’ll return to Nanjiang City tomorrow. I’ll leave this to you.” Master Cheng glanced at Lu Xingzhi and then got up to leave. “Is there anything I can bring for Jiang Yao?”

“No, thank you for taking care of her, Master Cheng.” Lu Xingzhi wanted to bring a lot of things for Jiang Yao, but he could not buy them. Nutrition products, her clothes, and shoes. He wanted to bring her to a shopping mall; unfortunately, too many people were watching him then, so he could not go to those places.

Jiang Yao was in Nanjiang City. Master Cheng had a luxury mansion in

Nanjiang City as well. The location was in the middle of nowhere, halfway up a mountain. Master Cheng’s men had been guarding it from the mountain’s base, so no one could get too close. No one would find any trace of Jiang Yao if she did not leave the mansion.

“Sister.” Jiang Yao had not seen Lu Yuqing in a long time, so she was delighted to see her. She noticed Lu Yuqing get out of the car and walk in from a distance. Her gaze was fixed on Lu Yuqing.

It was getting cold in the south for autumn. Lu Yuqing was wearing a khaki windbreaker and high heels.

"Your belly is much bigger, and you have put on a lot of weight." Lu Yuqing looked at Jiang Yao with a smile in her eyes..

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know < report chapter > so we can fix it as soon as possible.

#### Chapter 2314: Why So Sudden?

"You can't say she is fat, or else she will be unhappy." The little tiger Cheng Jinnian stood behind Jiang Yao and warned her seriously. "If you say too much, she won't eat anymore."

"Really? Then your sister is not obedient and wants to be beaten." Lu Yuqing looked at the child, who looked very much like Jiang Yao, and smiled. She raised her hand to pinch Cheng Jinnian's face, but Cheng Jinnian avoided her.

She wanted to touch his head and pinch his face. That was probably a special treatment for Jiang Yao and Madam Cheng. Only the two of them could do it.

Lu Yuqing knew Cheng Jinnian's personality, so she did not feel weird when he avoided her. She smiled and followed Jiang Yao into the house.

"Sister, what's in your bag that's so heavy?" Jiang Yao's gaze fell on Lu Yuqing's bag for a few seconds before she asked tentatively.

As expected, she heard Lu Yuqing say, "Company's account and some important documents for you to look at. You have nothing to do here anyway, so don't waste your time."

Jiang Yao pouted. She knew that Lu Yuqing would not come to her empty-handed, and she knew that Lu Yuqing would not let go of an excellent opportunity to force her to work.

After Lu Yuqing finished speaking, she looked at Jiang Yao's expression and secretly smiled. She placed her bag on the sofa and asked Jiang Yao to accompany her to the courtyard for a walk.

The courtyard was filled with the fragrance of golden Osmanthus. Madam Cheng liked Osmanthus during those years abroad, and she would miss the fragrant Osmanthus in her hometown every October. Madam Cheng's father had planted some Osmanthus plants at home when she was young. For Madam Cheng, Osmanthus was the only thing she could rely on when she missed her father.

Lu Yuqing took a deep breath and smelled the fragrance in the air. Then, she said, "Mom told me that she wants Xingzhi to leave the army and transfer his career. What about you?"

"I told Xingzhi that I won't help him persuade Mom, but I won't stop him from making any decisions," Jiang Yao replied. She paused and asked Lu Yuqing in return. "What about you?"

"I think it's good if he'll leave the army. Let him take over the company."

Xingzhi's brain is too active. Even if he doesn't stay in the army, he's still a talented businessman. You're a doctor. After you graduate, you'll work in a hospital. I don't think I'm enough for the company." Lu Yuqing spread her hands. "It's the best that he can take over the company. I don't plan to spend my whole life working for the company."

Jiang Yao gasped. Lu Yuqing could tell from her confused tone that Jiang Yao remembered her attitude toward work.

In the past, Lu Yuqing treated work as her whole life. She even thought that in her future life, only work would never leave her.

However, as people changed, so did their perspectives.

Life naturally changed as well.

After a few seconds of silence, Lu Yuqing rubbed the tip of her nose in embarrassment and said, "After the New Year, Huang Cheng will go to our house to propose marriage. We should be getting married in April or May next year."

Even though she was not drinking water, Jiang Yao choked on her own saliva. Lu Yuqing's words were so shocking that she even swallowed her saliva. She coughed so hard that her face turned red.

"Sister! Why didn't you prepare me mentally?" Jiang Yao pounded her chest in pain for a long while before she finally recovered and asked, "Why so sudden? When I talked to you about that, you looked like there was no way out.. How long has it been since we talked about marriage?"

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know < report chapter > so we can fix it as soon as possible.

Chapter 2315: If All Goes Well

"What? I can't change?" Lu Yuqing gave Jiang Yao a sideways glance. Even though her tone was very natural, it was still a bit of a slap to the face. After all, she had said so in the past.

“Of course, you can.”

Jiang Yao nodded repeatedly. “When Mom and Dad find out, they will be delighted. I support marrying Huang Chengjing. Director Huang is a good person, and Chairman Huang is a loving elder. Chenchen is also very likable. Although you’ll be a mother as soon as you marry into the family, the Huang family has nothing to worry about.”

“Don’t tell Mom and Dad for now. Wait until next spring when he goes to propose marriage.” People who had been hurt once were more cautious about marriage than young girls. Lu Yuqing did not plan to tell her family until two days before the proposal.

Lu Yuqing only told Jiang Yao because Jiang Yao and Huang Chengjing knew each other. There was, of course, another reason.

“If all goes well, after I get married, I will focus on my family. Chenchen is still young and needs a mother’s company. She has not had a mother since she was young. If I marry Huang Chengjing, I will be Chenchen’s mother from then on.” That was the reason Lu Yuqing told Jiang Yao about that. “Although I will still go to work, I don’t want to be so busy anymore. I’ll go to work every day from nine to five. After work, I will return home early and spend every weekend with my child and husband. Therefore, letting Xingzhi retire and take over the company is the best way to move forward.”

That was the life that Lu Yuqing yearned for the most. She would have a warm and small family that belonged to her. She would have a husband who loved her and a cute child at home. She would leave on time every day when she went to work. All her time belonged to her family.

“But there’s one thing you can rest assured about. After I get married, I won’t work at the Huang family’s Hairun Group. I’ll still stay with you.” Lu Yuqing smiled. “Even after I get married, I will maintain a proper distance from my husband. I can’t see him at home every day and still have to see him at the company. ”

“Are you afraid that Huang Chengjing will tire you after a long time?” Jiang Yao teased her. “Sister, you still don’t understand men well enough. If he really loves you, he won’t feel tired even if you’re together 24 hours a day. It’s just like how Lu Xingzhi behaves. Even now, he still wishes he could tie me to his side 24 hours a day.”

“Stop it.”

“This show of affection is very annoying. You and Xingzhi should mind your own business,” Lu Yuqing said, raising her hand to tap Jiang Yao’s forehead. ‘Xingzhi’s personality differs from Huang Chengjing’s, so it’s different. You two being lovey-dovey is not suitable for Huang Chengjing and me.

“The most important thing for Xingzhi to retire from the army is to avoid enmity and to avoid bringing you more danger.” Lu Yuqing’s heart ached for Jiang Yao. She had been

in trouble frequently those past few days, and it was fortunate that Jiang Yao was still alive and well. It was also lucky that the child in Jiang Yao's stomach was still healthy.

If it had been any other timid woman, they would have asked for a divorce.

Lu Yuqing did not stay in the Cheng family for long. After more than 40 minutes, she received a call from Huang Chengjing, dumped a thick stack of documents for Jiang Yao, and left. Jiang Yao secretly listened to the contents of the phone call between her and Huang Chengjing; she heard Huang Chengjing say that he and Huang Chenchen were waiting for her to return for supper.

Jiang Yao admired Huang Chengjing's ability to pursue Lu Yuqing after seeing how she agreed without saying anything.

He had melted a piece of metal. That was Huang Chengjing's ability..

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know < report chapter > so we can fix it as soon as possible.

#### Chapter 2316: Meaningless

Jiang Yao really wanted to play dead and ignore the stack of documents on the sofa. She did not think Lu Xingzhi would be able to take over the company.

"Cheng Jinyan!"

Jiang Yao perked up and sat up again when he saw someone coming down from upstairs. She opened her mouth and halted the person, who seemed to be dressed like a housewife. "Don't you have to go to the company?" she asked.

"Huang Chengjing handles the company's matters. I can go there once or twice from time to time," Cheng Jinyan replied as he walked over to Jiang Yao. Then, he sat down opposite her and said, "I like to invest and make money, but I don't like to stay in the office all day and be in charge of things. I like to make big decisions, but I don't like to have to make choices and decisions regardless of the details."

To put it bluntly, that was also a manager who threw his hands behind his back, but he was a manager who had a desire to control things.

Jiang Yao originally wanted to trick Cheng Jinyan into helping her in her company, but after hearing Cheng Jinyan's words, she was too embarrassed to mention it. She changed her mind and asked Cheng Jinyan to help her find someone competent enough to help her manage the company.

“In abroad, companies usually have a president to help them run things. I’ll help you take note of that. ” Cheng Jinyan nodded. ‘You’re not in a hurry anyway. There’s still time, so it shouldn’t be a big problem.”

Jiang Yao felt relieved after hearing Cheng Jinyan’s words. She could not manage the company. The size of her company was simply exhausting to her. She was like Cheng Jinyan. She was suitable for sitting at home and taking money, but not for sitting in the office and working hard every day.

Jiang Yao preferred to work in the hospital.

Cheng Jinyan suddenly asked, “By the way, do you want to see the report about your disappearance? The report about your identity as a Divine Doctor student was almost insane, especially at the end of the day. Even your case with Li Hong was made public.”

People possessed such traits. People said nasty things about Jiang Yao not helping Li Hong and ruining Li Hong’s future when she was only a professor’s assistant; they said Jiang Yao was unreasonable, and so on.

Jiang Yao had become unreachable to everyone when her identity as a Divine Doctor student was revealed. Everyone was on Jiang Yao’s side, claiming that she was a Divine Doctor student and that any document she handled had to be very important. Li Hong’s sale of Jiang Yao and Changkang Group’s documents must have resulted in irreparable harm to them. There must be research losses in addition to financial losses. As a result, Jiang Yao was justified in making Li Hong pay the price. That was entirely Li Hong’s fault. She wanted something that was not hers, so she deserved to go to prison.

The case against Li Hong had become almost entirely one-sided. Everyone was rooting for Jiang Yao.

Aside from those who believed that the Divine Doctor’s student’s status was so high that they could only look up to her, some did not dare to offend Jiang Yao because of her status as a Divine Doctor’s student. Continue read full chapters at website: [Bonnovel.com](http://Bonnovel.com)

Nobody could promise they would not be sick or in pain for the rest of their lives. What if they needed her help one day?

As a result, Jiang Yao’s disappearance was more concerning than Professor Ouyang’s.

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know < report chapter > so we can fix it as soon as possible.

Chapter 2317: What Would They Think?

“Initially, the members of that organization had no idea who the Divine Doctor’s student was. They should have been aware of the city’s demise not long ago. Someone went to Nanjiang City Medical University today to confirm your identity as a Divine Doctor student.” Cheng Jinyan did not keep it from Jiang Yao and informed her about the movements of that organization.

“At that time, I was quite annoyed that I did not manage to hide my identity. I was also quite angry that I was forced to admit that I was the Divine Doctor’s student, and everyone in the university knew about it. Now, it seems that no one can be sure whether it was a blessing or a curse. At that time, I did not expect that one day I would need my university classmates’ help to confirm my identity.” Jiang Yao could not help but sigh. Back then, she had no choice but to create her identity as the Divine Doctor’s student at Nanjiang Medical

University. That identity had attracted a lot of attention in university and had been very annoying for a while.

At that moment, she realized that there were two sides to everything.

Those people could assist her in proving Jiang Yao’s status as a Divine Doctor student, so the people of that organization did not need to go anywhere else to confirm it.

And they should know that the Divine Doctor’s student had gone missing for a few days. What would they think?

Would they guess that she was hiding from them?

“There are many powerful and wealthy people worldwide who are sick. It makes no difference if they do not believe the Divine Doctor’s student was abducted by someone else. It is fine as long as the organization believes it.” Cheng Jinyan recognized Jiang Yao’s thoughts and said, “The Divine Doctor’s student had gone missing for a few days. They would demand to exchange her life for the 300 of our fellow citizens. Everyone will believe that the organization is purposefully putting people in difficult situations. If we guide the rumors a little, people will even believe they kidnapped the Divine Doctor’s student. As a result, they will use that as an excuse to harm our countrymen and claim that they are justified.”

“I’ve gone missing. The higher-ups should do everything they can to save those under the organization’s control, right?” There were over 300 people kidnapped. That number did not appear particularly terrifying, but if one of them was a relative, even a single number could keep people awake all night.

Jiang Yao was thinking, what would that organization do to those people without her?

Kill them? Or change their mind and ask for more money?

What would happen to the remaining 700 people on a ship with 1,000 people, excluding their 300 fellow citizens?

Until then, that organization had no intention of negotiating with other countries. Jiang Yao had a feeling that those people might be used as guinea pigs, just like the soldiers who sacrificed themselves on the mountain in Danmu Town; they had all become guinea pigs.

The news that the Divine Doctor's student had been missing for a few days had finally become the most lively topic of discussion in the streets, thanks to the Liang family's secret arrangements.

The past Divine Doctor incident had also been mentioned. Everyone who knew about it knew that the Divine Doctor had been forced to change her plans and board the plane involved in the incident.

Therefore, many reporters began criticizing those behind the scenes who had hurt the Divine Doctor and the Divine Doctor's student because of their selfish desires.

"If it weren't for those people's selfishness, the Divine Doctor wouldn't have perished. Now, it's still because of the selfishness of some people that the whereabouts of the Divine Doctor's only student is unknown. She might be in danger." Continue read at [Bonnove.com](http://Bonnove.com)

Chapter 2318: The Result

Translator: EndlessFantasy Translation Editor: EndlessFantasy Translation

"We've done everything we can. We'll have to see what the other side will do when they receive that news." A man without sin would be guilty of possessing wealth. Zhou Weiqi wanted to use the word f\*ck to describe that reasoning.

Jiang Yaocheng's medical skills were excellent, but so was her misfortune.

In that world, countless people were always afraid of death and did not want to die. Her superb medical skills would make her the target of many people.

"By the way, has Third Brother sent men to his hometown?" Chen Xuyao put away his phone and focused on the discussion. "Jiang Yao has relatives in Jindo City."

"It has been arranged." Zhou Weiqi glanced at the person beside him, who had finally put his phone away, and sneered. "Are you harassing Chu Sheng all day long so that she will pay attention to you?"

"What did you do to upset Zhan Qiuhe and delay the wedding date?" Chen Xuyao sneered, "I thought I would be attending your wedding soon. You might not even be married when I have a son."

Zhou Weiqi bared his teeth and gave Chen Xuyao a thumbs-up to show his admiration for his vicious tongue. He was already engaged, and Chen Xuyao dared to say such vicious words even before he had caught up with him. He really needed to be taught a lesson.

Zhou Weiqi suddenly moved closer to Liang Yueze and revealed a sly expression. "Do you know? That day, Second Brother called me and asked me about girls. Do you think he has a love interest?"

After saying that, Zhou Weiqi shrugged again. "I don't know which girl is so unlucky to be liked by a smiling tiger like him."

Liang Yueze stretched his long legs and kicked Zhou Weiqi. He patted his trousers and stood up. After tidying up his clothes, he turned around and left Chen Xuyao's office happily.

Chen Xuyao waited for Liang Yueze to leave before he asked Zhou Weiqi curiously, "Then how did you reply to Second Brother?"

"How else could I reply? Of course, it was a passionate love confession with a bunch of red roses. That man likes to keep everything in his heart. I told him that if you like a girl, you must tell her. If you don't say it, she might not know that you like her, even if you give her the whole world. He thinks what I said makes sense. He probably doesn't know when he'll confess, and he doesn't know what the outcome is. When you're free, you can ask him about it."

Chen Xuyao nodded. He and Zhou Weiqi could talk about love and affection all day long. It was not difficult for his fourth brother to pursue his wife. On the other hand, he would be glared at every time he talked about it. Chu Sheng could not even be bothered to speak to him.

"It's winter. Why is spring still so far away? It's time for the animals to seek a mate again." Chen Xuyao sighed. Without saying anything, he kicked Zhou Weiqi out of his office.

Jindo City was the capital and center of that country. The news that spread out from Jindo City was like a gust of wind that spread throughout the country overnight.

Many people were paying attention to the news of the Divine Doctor. The

Divine Doctor's accidental death made many people feel regret and sadness. That was also why many people had turned their attention to the Divine Doctor's student.

Perhaps many people felt that the student of the Divine Doctor was too young and could not inherit too much of the Divine Doctor's abilities. Still, her disappearance had once again aroused everyone's heartstrings..

Chapter 2319: Confirmed

Translator: EndlessFantasy Translation Editor: EndlessFantasy Translation

The news about the disappearance had spread for several days, but the police had yet to obtain any valuable clues regarding the Divine Doctor's student and the professor. Similarly, some people who had been paying attention to the news understood the meaning behind that as well.

A few people boarded a speedboat and traveled to a private island off the coast. They dashed off the speedboat and toward a well-decorated house in the middle of the path.

"Boss, we have confirmed that Jiang Yao is the Divine Doctor's student." Once they entered the door, there was no more conversation. The person humbly bowed and said, "The information has been confirmed from both Nanjiang City Medical University and Jindo City. Everyone at Nanjiang City Medical University knows that Jiang Yao is the Divine Doctor's student. Back then, when someone from YN wanted to find the Divine Doctor, they had also used Jiang Yao to force her out. Unexpectedly, the Divine Doctor died in an aviation accident because of that."

"Since we've found her, let's move on to the next step." The person sitting on the leather sofa gently wiped the gun in his hand. "There are more than 300 people. Feeding them would be a waste of a day's worth of water and food."

The people on the island did not mistreat those 300 people because they had to rely on them to exchange for the Divine Doctor's student. They provided them with food and beverages. They did not, however, expect to fill their stomachs. They wanted them to be hungry.

"But Boss, now everyone knows that the Divine Doctors student is missing. She has been missing for a few days. The Divine Doctors student is also a graduate student advisor. Both of them went missing on the same day. Jiang Yao was called to the university by someone in her professor's name to deal with some matters. She disappeared on her journey there. The police in the city found Jiang Yao's car, but the

car was a mess. There were blood stains and bullet marks, but there was no sign of Jiang Yao.”

The man on the side nodded and quickly said, “Boss, the most important thing is that Jiang Yao is Lu Xingzhi’s wife!”

“Lu Xingzhi?” The pair of hands wiping the gun suddenly paused, and their voice became sinister as they said, “That soldier?”

“Yes, he’s the soldier who injured many of our brothers during the rescue a year ago. He has a part in causing your godfather’s incident. If it weren’t for the fact that he led his men and injured so many of our brothers, your godfather wouldn’t have been severely injured. When Young Master Qian first arrived in Danmu town, he intended to kill him and his wife. Unfortunately, he failed.”

“That’s right, Boss. Jiang Yao is Lu Xingzhi’s wife. Is she willing to cure your godfather? What if she takes the opportunity to do something?”

Everyone hesitated once more when they learned that the Divine Doctor’s student had such an identity and had an old grudge against their organization.

The pressure around the person sitting on the sofa also decreased. His expression was as bleak as the sky before a storm.

After a long pause, he said, “Send people to get her family. We’ll have her family here and over 300 other people. We are not scared of her tricks.”

The man chuckled and said, “We can still find her even if she has disappeared. Don’t worry; we’re not in a hurry. We can wait for ten days. We’ll just have to keep feeding those hostages. Unless she is dead; otherwise, we’d see her again. She can vanish forever..”

Chapter 2320: Is It Worth Is?

Translator: EndlessFantasy Translation Editor: EndlessFantasy Translation

“Do you intend to stick with the plan, Boss?” The person next to him asked quietly.

“Yes.” The man picked up the gun again and wiped it gently. It was just an ordinary gun, but in his hands, it was as if it was a priceless treasure.

His voice was cold, and there was a hint of ridicule. "We have enough cards in your hands. Even if someone else took her, we could still urge her country to find her quickly and send her to us."

He was unconcerned that the Divine Doctor's student would do anything under his nose while the people were in his hands.

His men were extremely quick with orders.

After some time, leaders from all over the country received a letter from that organization. The letter stated unequivocally that the Divine Doctor's student would come to their location to assist them in treating a person. They would release the 300 people when the Divine Doctor's student arrived.

Even though the word help was used, the implied meaning was that it was a hostage exchange—One woman for 300 people.

That was a transaction, and it was one that could not be denied. That was because the details of the transaction had been made public. Following the case of the Divine Doctor's missing student, it became the most talked-about topic.

That was how most ordinary people saw the situation. A passenger ship had been taken. There were over 300 of their countrymen on board. The Divine Doctor's student and the university professor went missing, most likely around the same time. The organization that hijacked the passenger ship had requested that the Divine Doctor's student be exchanged for the return of more than 300 compatriots.

For a time, there were all sorts of curses from the people.

Lu Xingzhi walked down the street. Even the gentleman buying vegetables in the market was talking about that matter.

"I think the organization that hijacked the passenger ship did it on purpose.

They knew that the Divine Doctor's student had gone missing. They want her to treat their people. Isn't that putting us under pressure?" Who knows where the Divine Doctor's student is now? If someone knew, would people still be looking for her everywhere?"

"I think that the people of that organization kidnaped her! Otherwise, why would they say that they wanted to look for her? Maybe that is their excuse. They just want to provoke our country!"

"That's right! What's there to talk about? We should be a little tougher. We should send hundreds of thousands of soldiers over. We should bring all the fighter jets and artillery shells over. Wouldn't it be a matter of minutes to destroy a small organization? If we destroy them, won't our compatriots come back? Our country is cowardly and doesn't

dare to fight. Maybe those cowardly turtles think that it's best if they can find the Divine Doctor's student and send her over to exchange for more than 300 compatriots. Those cowardly turtles definitely won't care what will happen to the Divine Doctor's student when she is in the hands of those beasts."

"It's quite worth it to exchange for more than 300 people," someone at the side muttered.

'Worth it? Why would a good doctor sacrifice himself to exchange for someone else? Have you seen the news? The doctor is pregnant, yet you still say it's worth it.. Do you have a conscience? Do you want a pregnant woman to exchange her life for someone else? You want her and her son to die? Why? Did she offend you somehow?"
