

D Emperor 1031

Chapter 1031: Ancient Pharmacy

Before, the injured Spiritual Realm Powerhouse was in this mountain forest, and now, that beam of light is also in this mountain forest, and Lu Ming had to make the two link together.

"It seems that even if there are treasures here, it is not so easy to get, there is definitely a strong person in the Spiritual Realm!"

Lu Ming thought secretly, but did not retreat, but converged, flew down the forest, and ran towards the direction of the beam of light.

Uh! Uh! ...

When approaching the beam of light, the sound of breaking the sky came from other directions. Lu Ming found three big men, two old men, moving forward at a rapid speed, rushing into an aperture.

It was a warrior who was attracted nearby.

"Well, it's so big!"

Approaching the beam of light, Lu Ming felt that the front was shrouded by a huge array. On the side of the large array, there was a gap, forming an aperture. The green beam of light burst out of this gap.

In the gap, there is a very strong aura.

Obviously, this large formation was broken.

"Lu Ming, inside, it is probably a medicine garden, I smell the elixir!"

Dandan shook his nose and smelled.

"A medicine garden? Is it the medicine garden of Yaowang Valley?"

Lu Ming was shocked.

Yaowang Valley is not far from here, Lu Ming heard the medicine garden, the first time he thought of Yaowang Valley.

"It shouldn't be, this big formation is terrible, but the time for the formation has also passed a long time ago. Based on this guess, I am afraid that it will be more than one million years!

Once and for all.

"Over a million years?"

Lu Ming was shocked.

A million years ago, wasn't that ancient?

This is an ancient medicine garden!

"Go, go in and see!"

Lu Ming shook his figure, rushed into that aperture, and disappeared.

The ancient medicine garden was banned by a large array. Over the past years, there may be extremely precious elixir. Lu Ming did not want to miss it.

Within the aperture, it is also a thick forest of mountains, but the aura of heaven and earth is more intense than it is dozens of times outside, and there is another kind of energy in the aura, the original energy!

Lu Ming glanced and found that the flowers and trees here are more alive and growing more lush.

"Lu Ming, start, I smell the elixir!"

Yelling, shoving short legs and running forward.

Lu Ming followed Dandan and went all the way, while carefully observing the surroundings.

"We are late, some potions have been poached!"

Along the way, Dandan found several pits and sighed there.

Inferred from the remaining elixir breath, it is likely to be all eight-level elixir.

The eighth-level elixir can be dozens of times more precious than the seventh-level elixir.

Obviously, many people had come in before, and the elixir was hollowed out.

Dandan did not go straight ahead, but continued to fly to the left.

After ten thousand miles, they finally discovered the elixir, a series of two plants, both of which were eight-level elixir. They were dug out happily and stuffed it into their mouths.

Next, along the way, they really found a lot of elixir, at least seven, and many are eighth.

Lu Ming did not go to grab Dandan, but gave it to Dandan.

Now, his physical body has reached the eighth grade perfection, and he wants to break through the ninth grade. Generally, the eighth-level elixir is useless. Unless he obtains the ninth-level elixir, he can help Lu Ming break through.

The Jiu Pin flesh is not so good to cultivate, because the Jiu Pin flesh is the highest state of the flesh, and it is also the foundation for breaking through the Emperor Wu.

But it is difficult for the flesh to break through the ninth grade, and it is even more difficult to achieve completeness.

In fact, many second-class arrogances and even third-class arrogances in Zhongzhou have almost reached the peak of the eighth grade.

After all, it is the arrogance of the overlord's power. The method of practicing the physical body is absolutely very top-notch. It will not be worse than Lu Ming's ten thousand spirits. It is even better. There are also resources, and the physical body is naturally strong.

What Lu Ming needs is a ninth-level elixir.

boom! boom!

Suddenly, a deafening roar came in front of him, Lu Ming's face changed slightly, and someone was fighting.

"Go and see!"

Lu Ming grabbed Dandan and headed forward.

In front, there are two old men attacking the other two.

The other two, one is a middle-aged man, the other is a young woman.

At this time, the Han and the women were completely crushed.

The two elders are all consummate spiritual behaviors, and the big man, who is also consummate spiritual performances, is inseparable from one of the elders.

It was the young woman who only had the sixth spirit spirit. Although this woman was also a proud character and had a strong combat power, she was not an opponent of the old man with a perfect spirit and could be killed at any time.

"Miss!"

The big man roared and wanted to be rescued, but he was dragged down by the other party and could not be separated.

"Hey, die!"

An old man sneered.

At this time, Lu Ming had approached quietly. At first glance, the strongest spirit was complete, and he immediately relaxed.

"Huh? That's Zhou Xin!"

Lu Ming looked at the woman and recognized the woman.

In Dancheng, Zhou Xin gave Lu Ming a piece of purple jade containing Nayuan stone. Lu Ming was very grateful to Zhou Xin.

At this time, seeing Zhou Xin in trouble, naturally will not see death.

Uh!

He flashed out, rushing towards the old man who attacked Zhou Xin.

Hearing the movement, several people looked at Lu Ming.

"It's you?"

Zhou Xin's eyes moved, and Lu Ming was recognized.

"A boy with a heavy spirit and nine weights, look for death!"

The old man grinned, showing a terrible color, claws like a knife, grabbing towards the landing Ming.

call out!

Lu Ming waved his hand, and a spear burst through the hole, destroying it, smashing all the attack defense of the old man, and stab it toward the old man's eyebrow.

"No, spare your life!"

The old man was horrified and knew that he had encountered a terrible arrogance, but it was too late.

puff!

The old man was pierced by a gun and fell there.

Another old man who fought with a middle-aged Han man saw this, and he was so scared that he flew away and ran away, but a gun flashed over and nailed the old man to the ground.

"This..."

Zhou Xin was a little dazed.

From the appearance of Lu Ming, the masters of the two spirit fetuses were instantly assassinated by Lu Ming, without the slightest resistance.

"Miss Zhou, I didn't expect to meet you here, do you still remember it?"

Lu Ming smiled slightly.

"Lu Gongzi, didn't expect you to be so strong?"

Zhou Xinmei's eyes flashed, and she was a little surprised.

Being able to kill the two spirit feasts who are so strong and freehand so easily, Zhou Xin guesses that Lu Ming is probably a third-class arrogant.

"Miss!"

The man came to Zhou Xin and cried with concern.

"Uncle Liu, I'm fine, this is Master Lu Shaoqing Lu!"

Zhou Xin introduced.

"Thank you Mr. Lu for saving!"

The middle-aged big man clenched his fists, but his eyes were a little wary.

"Lu Gongzi, are you here to find the elixir?"

Zhou Xin asked.

"Yes, I was attracted by the beam of light, so come and see!"

Lu Ming nodded.

Chapter 1032: Tian Zhu Guo

"Mr. Lu should be careful. This time attracted a lot of strong people to come, I plan to go around the periphery, not to go deep, there are too many masters."

Zhou Xindao.

"Oh, do you need me to accompany you?"

Lu Ming asked.

In his heart, he was grateful to Zhou Xin. He gave Na Yuanshi to him. If Zhou Xin needed help, he would not refuse.

"No, Uncle Liu and I have low combat strength. With Lu Gongzi, I am afraid it will affect Lu Gongzi. Lu Gongzi is better to act alone!"

Zhou Xindao.

Seeing Zhou Xin saying this, Lu Ming did not reluctantly say goodbye to the two, but when he left, the power of engulfment exploded, and the old man with two spirit fetuses was swallowed up completely,

and the two spirit fetuses were consummate. Master Ming energy, Lu Ming does not want to let go, after swallowing, continue to go forward.

Watching the two old men turn into two corpses, Zhou Xin and the middle-aged man showed shock.

"Lu Ming, that little girl seems to have something to do, don't want others to be together, intentionally set you apart!"

Once and for all.

Lu Ming nodded. He also felt this way. He felt that Zhou Xin had something to do with him.

But this is someone else's private business, and he was too lazy to manage it, and he was looking for elixir while moving forward.

It didn't take long for the energy of the two old men to be refined by Lu Ming.

The bloodline level naturally did not improve, and Lu Ming's cultivation practice was only minimal.

"With my current cultivation practice, the warrior who devours the fullness of the spirit is almost useless. The promotion is too slow, unless the devourer of the spirit **** is swallowed, you can quickly improve!"

Lu Ming thought secretly.

The area here is very large. Soon, Lu Ming moved about 10,000 miles.

Uh!

In front of him, there was a figure passing by in a terrifying speed.

"It's him!"

Lu Ming's eyes flashed.

It is clear from Lu Ming that the figure is a bald man, who was the spirit **** strongman who had chased him before.

Sure enough, the master of the Blood Luo Temple is here.

The bald man didn't find Lu Ming, he kept flying forward and disappeared in the sky.

Afterwards, Lu Ming was more careful and slowed down a bit, running all the way through the mountains and forests below.

Along the way, the harvest was very good, and a lot of elixir was collected, many of which were eight-level elixir.

This medicine garden is an ancient medicine garden. It has been a long time ago. With the strong aura and the high level of the aphrodisiac, it is quite normal. Unfortunately, no nine-level aphrodisiac has been found.

Ninth-level elixir is much rarer than eighth-level elixir.

Suddenly, there was a continuous flash of light ahead, and there was a faint voice.

"There is another battle there!"

Lu Ming's eyes moved quickly in that direction.

Hundreds of miles later, Lu Ming appeared on a mountain peak and looked away.

In front of it, there is a lake. There is a small island in the lake. A towering tree stands on the island.

This big tree is rooted in the island, but the canopy is huge and the area is larger than the island.

The big tree bears fruit, and that kind of fruit looks as big as a face, red all over, full of surging energy.

"That's Tian Zhu Guo!"

Lu Ming recognized the fruit, was surprised, and then ecstatic.

Tian Zhu Guo, a very rare and rare, but extremely precious fruit.

This kind of fruit, which contains extremely powerful and pure energy, can be used by warriors to help people hit the realm.

As long as the world's artistic conception is attained, taking this fruit can quickly help people to improve the true element and impact the state.

This fruit is too precious.

Spiritual fetal realm, as well as the spiritual realm behind, are not only as simple as comprehending the artistic conception. Some people's artistic conception is achieved, but cultivation is not so good.

For example, many second-class arrogance, blood Luozi, Lacrosse, etc., all of them have reached the fourth level of artistic conception, but they are still trapped in spiritual fetal realm, so it can be seen that the artistic conception is difficult to understand and it is difficult to improve.

Even if Lu Ming possesses the Jiulong bloodline, unless he can devour the spirit god, or swallow the massive raw stones, it will be troublesome to ascend.

But once Tian Zhu Guo is available, cultivation can be quickly improved.

"This day Zhu Guo, I must get it!"

Lu Ming's eyes were bright.

As long as a few days of Zhu Guo are obtained, Lu Ming's cultivation practice can break into the spiritual fetal consummation, because his heaven and earth artistic conception has already met the requirements.

But it is not urgent now, because the Tianzhu fruit tree is guarded by a large array, and a layer of light curtain covers the Tianzhu fruit tree.

There are seven warriors who are constantly bombarding the light curtain and want to break through the big array.

The light curtain formed by the large array seems to have been on the top for a long time.

"It's about to break!"

Someone's eyes flashed fiery light, while watching others alertly.

Because they had to crack the big battle before, they joined forces to break the battle together. Seeing that the big battle is going to break, they began to conceive.

call out!

Suddenly, a sword flashed, and one of the old men in green robe shot and killed an old woman beside him.

"I knew you would shoot!"

The old woman shouted and waved her palms together, making a series of palm prints to fight the old man.

Buzz!

An iron bar swept out and pulled towards the old man in green robe. The old man in green robe was caught off guard and was hit in the head. He didn't even send out a scream, and was killed.

"Find death, kill!"

"It's you who died!"

The large array had not yet broken open, and the remaining six people were completely messed up, fighting together.

These people are all masters, and at least they have a spirit tire of more than six weights, which is a loose repair in the vicinity, attracted by the beam of light.

After the war, there were few breaths, two screams in a row, two were weakened and were killed, leaving four people, fighting even more violently.

At this time, a figure came out of the air.

"Clearness!"

Lu Ming was slightly surprised.

This woman who came from the sky, the jade foot stepped on the cloud, and the whole body was surrounded by clouds, like the fairy of the ethereal, not the pure spirit, and who is it?

"Clearness!"

The four men were fighting, and when they saw the Jingkongling, they were all taken aback and stopped their hands, their faces dignified.

"Tian Zhu Guo is mine, you go!"

The voice of Jingkong Ling is very calm and ethereal, and no emotion can be heard.

"Jingkong Ling, you are too overbearing. Zhuguoshu was discovered by us first that day. That big formation was about to be broken by us. You appear now and you want to swallow alone. Your appetite is too big."

Cried an old woman.

"You can stay, stay forever!"

Jingkongling opened her mouth calmly, but the breath on her body was very strong. There were several streams of water around her, turning into a few real dragons of water, flying around Jingjingling.

The four people looked very ugly, and they were not reconciled, but they understood that with their cultivation practices, there was only one way to go against the Jingkongling. This was the top arrogance of Zhongzhou, and the fighting power was too strong.

"Hey, these wastes, you really have to go first!"

A harsh sneer sounded abruptly. In the distance, a rainbow of light flew at a rapid speed. The next moment, a red-haired old man appeared in the air.

Chapter 1033: The weakest spirit

A red-haired old man appeared, breathing violently, staring fiercely at those days Zhu Guo.

"Holy Venerable!"

The old woman exclaimed.

Several other people's faces also changed wildly.

Even the clear sky changed slightly, revealing a dignified look.

The only person who can be called a Venerable is the Spiritual God.

This red-haired old man is the existence of a spiritual realm.

"Now, Zhu Guo is an old man these days, you get me off!"

The eyes of the ashamed Venerable glanced at the Quartet, full of murderous opportunities.

The old woman and four others, their faces changing wildly, their eyes full of awe.

The shameful Venerable is very famous in this nearby area. He does not come from a certain powerful force, but is a loose cultivation, a loose cultivation, which can be cultivated to the spirit **** realm. It is very simple.

Moreover, the shameful Venerable is notoriously cruel.

"go!"

Although the old woman was unwilling, compared with her life, Tian Zhuguo was not worth mentioning. She bit her teeth and left here.

The other three also left here one after another.

Above the lake, there were only two ashamed Venerable and Jingkongling.

"Clearness, don't you go?"

The shameful Venerable looked at the Jingkongling.

"In the name of your shameful Venerable, I still can't scare my emptiness!"

Clear space spirit spoke lightly.

"Do you want to fight me?"

His eyes were ashamed.

"You can give it a try!" Jingkong Lingdao said.

"Haha, young people nowadays, the courage is really getting bigger and bigger. Based on the cultivation of your spiritual ninth peak, I think it is my opponent?"

Shameless His Holiness sneered again and again.

The shameful Venerable lived for thousands of years, breaking through the spirit realm, and also for thousands of years. In the previous years, the young man dared to squander in front of him.

After all, the gap between the spirit fetal realm and the spirit **** realm is extremely huge.

But now, a young man with a ninth peak of spirit fetus, wants to fight him.

"There have been rumors in the world that this life has reached a golden age, the sky is as arrogant as a cloud, and each one is extremely powerful. I don't believe it. The spirit of the district is ninefold, where can it be strong!"

The shameful Sovereign sneered, and a red flame burst out of his body, terrifying breath, pressing toward the headspace spirit.

Jingkongling waved his hands, and around her, condensed more real dragons of water, and flew towards the ashamed Venerable.

boom! boom! boom!

The flame collided with the water dragon, and made a sneering noise, which stirred up the water vapor in the sky, and the scene suddenly filled with fog.

Jingkong Lingyu stepped into the air, and where she stepped on, there were actually vines emerging like a soft whip, winding toward the shameful Venerable.

"Fire Devil Palm!"

The shameful Venerable patted several palms, the flame erupted, the water mist was burned directly, and the vines were also enveloped by the flame and burned to ashes.

But in the air, more vines emerged, and at the same time, the lake below rolled over and turned into a water sword, slashing towards the ashamed Venerable.

boom! boom! boom!

Jingkongling and the shameless Venerable continued to play several tricks in a row, but they did not fall.

"The artistic conception of wood, the artistic conception of water, and the broken artistic conception, the emptiness of the spirit, actually cultivated three artistic concepts!"

Lu Ming's eyes flashed.

Jingkongling, the combat power is very strong, definitely not weaker than Xueluozi, and even stronger.

"Break me, Fire Demon Fist!"

The ashamed Supreme Master's double fists are constantly bombarded, and the flame fist is in all directions, exerting the terrifying strength of a spirit **** realm to the fullest.

Where the fist force passed, the vine exploded and the water sword annihilated.

By this time, the Jingkong Spirit finally fell, and the master of the Spiritual Realm was terrifying.

"Broken imaginary palm!"

The empty space is dazzling, and the palms are constantly flapping. It contains the palm power of three artistic conceptions, which turns into a blue crystal palm print, which slams into the ashamed Venerable.

The sky keeps shaking, but Jingkongling finally falls downwind and is suppressed by the flame fist.

But at the moment, the ashamed Venerable was shocked.

"These arrogances are really terrifying. I just heard that I didn't expect to be more terrifying than I heard. It's just that the spirit fetus is ninefold, and I can actually contend with me."

The ashamed Venerable secretly panicked, and at the same time, there was a cold murder in his eyes.

Such a terrible arrogance, since it offends, it must be completely killed, otherwise, the troubles are endless.

"Come out!"

The shameful Venerable shouted, and the blood above his head emerged.

He is about to explode blood, killing the Ethereal in one fell swoop.

His bloodline is a big dog full of flames, this is a **** dog.

However, there are only two golden chakras, and the bloodline of the ashamed Venerable is only a god-level second level, which is a little weaker than the bald and bearded men who chased Lu Ming.

In the spirit divine realm, it belongs to the weakest kind. After all, the divine second-level bloodline wants to break through the spirit divine, but it is not so easy. The shameful Venerable is also a coincidence before it breaks through the spirit divine realm. Spiritual Divine Realm is the real bottom existence.

So for so many years, other spirit gods, he did not dare to provoke, but today he did not expect that even a young man, so powerful, can fight him.

Jingkongling's brows were slightly wrinkled, and a round bead appeared on the top of the head. Around the round bead, water vapor lingered, and around it, there were eight golden chakras shining.

At this moment, Lu Ming stepped out of the air.

Lu Ming walked out and immediately attracted their eyes.

"Lu Shaoqing!"

Seeing Lu Ming, Jingkongling's eyes shone slightly.

The shameful Venerable frowned.

Seeing the two of them fighting, they dare to go out, it will not be simple, he is now very afraid of these young Tianjiao.

"Void girl, how about you and I joining forces? Zhu Guo will share evenly!"

Lu Ming said.

"it is good!"

Jingkongling agreed without hesitation.

A person, she is not an opponent of the shameful Venerable at all. It is estimated that she will retreat in the end. With Lu Ming joining, she may be able to compete with the shameful Venerable.

Lu Ming had the same idea. Even if he did his best, he might be able to contend with the shameful Venerable, but it was almost impossible to win, so he went out and joined hands with Jingkongling.

"If you want to join forces against me, kill you first!"

The shameless Venerable shouted, and the incarnate Hell Dog flew towards the Clear Sky Spirit.

The Jingkong Ling also cast a bloodline fusion, and turned into a round bead. The round bead suddenly became larger, and with the sound of the waves roaring, it blew towards the shameful Venerable.

At the same time, Lu Ming exploded four dragon forces, like a streamer, pounced on the **** dog, broke out of the prison prison, and broke out.

boom! boom!

Two roars, the three parties collided together, and then he saw the **** dog staggering back.

"impossible!"

The venerable Venerable shouted, he was actually repelled by Lu Ming and Jingkongling two juniors, how is it possible?

He shouted again at Lu Ming and Jingkong Ling!

The bead vibrates, the waves scream, and the bead seems to contain a sea of water, terrifying and capable of crushing everything.

Lu Ming's palm contains the power of the prison monument and the five-color mood, which is terrible.

boom! boom!

The roar kept ringing, but the final result was that the **** dog fell down and was suppressed. This result shocked the **** dog.

Although he is almost the weakest in the spirit divine realm, but how is it also the spirit divine realm, actually suppressed by two youths with nine spirits, he had never thought of it before.

Chapter 1034: Acquired and started to practice

In the past, the shameless Venerable has been in the vicinity of the neighborhood, and has never dealt with the world's heroes. Although I have long heard that this generation of arrogance comes out, the strong are like clouds, and the younger generation's combat power is terrifying.

But just to hear that, he did not care.

Genius, then genius, how strong can it be as long as it does not enter the spirit realm? But now he found that it was really strong, far beyond his expectations.

It can only be said that talent has limited his imagination.

call out! call out! ...

The three men's battle was full of energy, and there was a lot of energy, pouring down towards Zhu Guoshu that day. The mask that shrouded the sky Zhu Guoshu shook violently. In the end, there was a loud noise that burst.

That big array was about to be broken open, and under the strong energy of the three, it was easily broken.

The formation was broken, and the eyes of the three fell on Tian Zhu Guo.

When the Hell Dog yelled, he was about to pounce at Tian Zhu Guo Shu.

"Come on!"

Lu Ming blasted several punches in a row, and each punch could smash the space in general, blasting towards the **** dog, and at the same time, Jingkongling also suppressed the **** dog.

Two people, **** dog blocked.

"Dandan!"

Lu Ming called out.

"give it to me!"

As soon as it turned into a ray of light, it pounced on the sky Zhuguoshu.

"I can't get it, you guys can't get it!"

Hellhound roared, flames exploded throughout his body, countless flames scattered away, some slammed towards Lu Ming and Jingkongling, and some fell towards the sky Zhuguoshu.

He was going to destroy the Tianzhu fruit tree.

"Nest!"

Once he yelled, his claws were continuously waved, and countless inscriptions flashed in the sky, forming a large array of flames. At the same time, he opened his mouth and took a breath, and Tian Zhu Guo was sucked into his mouth.

After swallowing a few of them, he ran to the other side, grabbing with two claws, and a few Tian Zhu Guo was caught by him and stuffed directly into his mouth.

Uh! Uh!

He waved his claws and grabbed dozens of days Zhu Guo instantly.

And this Tianzhuguo tree, only a total of a dozen Tianzhuguo, has been almost completely removed.

boom!

At this moment, the formation under the Dandan cloth was penetrated by the flames, and the endless flames poured down towards the sky Zhuguoshu.

Dandan was too lazy to manage, and the girl ran on Lu Ming's shoulder.

The flame fell, and the sky Zhuguo trees instantly turned to ashes.

"Hand over Tian Zhu Guo!"

The shameful His Holiness roared.

"Nonsense, kill!"

The real element in the body exploded in madness. At this moment, Lu Ming exploded the jailbreaking power to the extreme. The real element was instantly extracted, but the power was terrifying. Under one punch, the **** dog screamed and stumbled. Retreat, and then, the beads transformed by the Jingkongling repressed and shocked the Hell Dog.

"Damn, you wait for me!"

Seeing that there was no hope of seizing Tian Zhuguo, the shameful Venerable left a ruthless word, turned around and left, and suddenly disappeared.

Buzz!

When the bead was shocked, the headspace spirit reverted to its human form.

She looked at Lu Ming's eyes, filled with surprise.

Lu Ming's combat power seems to be stronger than that of the last battle with Xue Luozi. The key is that Lu Ming hasn't exploded blood, which makes her feel that Lu Ming has an unfathomable feeling.

Lu Ming looked forward, his brow furrowed slightly, and he came to: "The ethereal girl, someone came again, let's leave here!"

"it is good!"

Jingkongling nodded, and the two flew to the rear.

Soon after Lu Ming and Jingkongling left, there was a horrible sonic boom in the distance, and a figure appeared in the air.

If Lu Ming is here, he can recognize at a glance that this person is the bald man in the Blood Luo Temple.

The bald big man whispered: "Just now someone was fighting, it must be fighting for treasure, but now it is gone, and it's running very fast!"

Suddenly, the bald man raised his eyebrows and whispered: "It's the breath of the kid named Lu, huh, look at where are you going this time?"

After that, the bald-headed man followed the breath and chased them in the direction of Lu Ming's departure.

Lu Ming and the two flew thousands of miles to a valley.

"Dan Dan, get a few days of Zhu Guo, come up with it!"

Lu Ming looked at Dan Dan.

"A total of fifteen, the three of us are equally divided!"

Once and for all.

"Are you going to split equally?"

Lu Ming glared.

"Of course, without this seat, you won't get any of them!"

With his claws stuck in his face, he looked proud.

"Brother Lu, anyway, I have five enough!"

Clearance Spirit Road.

Lu Ming nodded and said, "Okay, let's hand over Tian Zhu Guo!"

Once the mouth was opened, ten Tian Zhu Guo flew out, Lu Ming received five, and Jingkong Ling received five.

"Brother Lu, thank you for your help this time. I'm looking for a place to refining Tian Zhu Guo, so I'll leave!"

Jingkongling clenched his fists and greeted Lu Ming.

"I also want to find a place to refine Tian Zhuguo and say goodbye!"

Lu Ming also clenched his fists without saying much. The two walked away in different directions in different directions.

Lu Ming flew thousands of miles again, then pierced a small hole in a large mountain, and flew in until the middle of the mountain, and then entered the mountain and river map.

Soon after Lu Ming entered the mountains and rivers, the bald man arrived.

"The breath has disappeared again, there must be something hidden in the treasure, people must be nearby, I am waiting nearby, as soon as the surname Lu appears, I will kill it by means of thunder!"

Cold light flashed in the eyes of the bald man, and then flew high into the sky, hiding in a cloud.

Lu Ming entered the mountain and river map and sat cross-legged on a mountain.

"Dan Dan, you picked more than fifteen Tianzhu fruits, right?"

Lu Ming asked faintly.

He knows all about this stuff, and he just didn't tell the truth.

"Hey, Lu Ming, what do you mean? Is suspected of the seat? You doubt this is the seat of character, no, turtle products, you know?"

Dandan suddenly uncomfortable staring Lu Ming.

"There is nothing to doubt, and I do not believe you just took off fifteen days Zhu fruit!"

Lu Ming responded calmly.

"you..."

With anxiety, under Lu Ming's gaze, some guilty conscience said: "Well, actually I picked sixteen!"

"Do not believe!"

Lu Ming said faintly.

"You...I...Okay, actually seventeen."

"You see, well, is eighteen!"

"Haha, twenty, only twenty, really only twenty!"

Finally, he smiled embarrassingly and spit out ten more from his mouth, and vowed that there were only so many.

Lu Ming was speechless and knew that the goods would be hidden.

Lu Ming took another three politely and left seven for Dandan.

It makes Dandan sigh, Lu Ming either need to help him find more elixir, he would fell out.

"Eight Tian Zhu Guo, it should be almost!"

Lu Ming eyes a move, to come up with one, swallowing force shrouded days Zhu Guo, the drug began to absorb day Zhu fruit of practice together.

Zhu fruit day, a rare spiritual fruit, containing the essence of infinite energy, and many other spiritual fruit elixir is not the same, the essence of energy within days Zhu fruit is very pure, with real dollars Warrior is very similar, and almost no impurities It can be extremely fast refinery to help upgrade their own repair, breakthrough realm.

Chapter 1035: Spiritual Consummation

Soon, all the energy of a Tian Zhu Guo entered Lu Ming's body, Lu Ming's real trick of running dragons, and the majestic energy was constantly transformed into Lu Ming's true yuan. The speed was incredible, almost no need to refine it. .

Lu Ming's cultivation practice quickly improved.

It only takes a few minutes, and the energy of one Tian Zhu Guo is completely refined.

Lu Ming's cultivation practice, in one fell swoop, reached the mid-ninth level of the spirit fetus, and is still rising. This is even more majestic than the energy of the warrior who swallowed up dozens of spirit fetuses.

"This day Zhu Guo, really amazing, can be refined so quickly!"

Lu Ming secretly marveled.

He speculates that even ordinary martial arts refining Tian Zhu Guo will not take much time.

"carry on!"

Lu Ming took out another Tian Zhu Guo and began to refine it.

His practice is generally lifted by rocket.

Tian Zhu Guo, there are too few such treasures in the world, it is too difficult to cultivate them, the survival rate is extremely low, the chance of fruiting is also extremely low, and a Tian Zhu Guo tree does not bear many fruits.

Therefore, outside, Tian Zhuguo can hardly be bought and is not visible.

Its effect is too good, even if there are great forces cultivated, it is simply not enough.

This ancient medicine garden has been banned here for a long time, and only one tree has been destroyed now.

With the continuous refinement, Lu Ming's cultivation for the skyrocketed.

After refining four Tianzhu fruits, Lu Ming's cultivation practice was promoted to the spiritual fetus's ninth consummation.

Next, start to impact the spirit tire.

"I practiced the true recipe for War Dragons, and I also practiced Super Spirit Sea Mystery. The True Element is much stronger than ordinary people. The four Sky Zhuguo, I am afraid that it is not enough for me to impact the Spirit Tire!"

Lu Ming pondered in his heart, and he could not help aiming at the near future.

Dandan was crossing Erlang's legs, lying on a cloud of white clouds on the side of the sky, nibbling a potion on one side.

What seemed to be sensed, Dandan turned his eyes to Lu Ming, seeing Lu Ming looking at him greedily, he shivered tremblingly, and said, "Boy, what do you want to do?"

"Dandan, your seven heavenly fruits, lend me!"

Lu Ming smiled 'kindly'.

"Lend it to you? Don't lend it, lend it to you, do you still have it back?"

Shouted.

"Really don't borrow?"

Lu Ming's face sank, and he turned.

"Don't borrow!" Grit his teeth.

"Okay, after that, if you find an elixir, you don't want to get one, it's all mine!"

Lu Ming sneered.

"you..."

After glaring anxiously, his eyes turned round and round, and at last he gritted his teeth and said, "I will give you, I will give you, I will give you all.

"Yes! Happy cooperation!"

Lu Ming smiled again.

"It's treacherous!"

Dandan sighed silently, and gave Lu Ming all the last seven days.

In Lu Ming's hand, there are another eleven days Zhu Guo.

"It should be enough!"

Roar!

In Kowloon, there was a long roar, which swallowed all eleven days of Zhu Guo, and began to refine it, impacting the realm.

Rumble!

The vast and surging energy is running endlessly, and it is quickly transformed into true elements, which starts to help Lu Ming to hit the realm.

The endless true elements converge into the Dantian spirit fetus, and then transform into a more pure true element, which emerges from the spirit fetus. During this process, the spirit fetus becomes more and more solid and its volume becomes smaller and smaller.

"Not enough, almost!"

Lu Ming continuously refines the energy of Tian Zhu Guo. After half an hour, all of the energy of 11 Tian Zhu Guo is refined and turned into horror real elements, running in Lu Ming's body.

boom!

Finally, something seemed to be broken, and Lu Ming's breath suddenly rose.

Uh!

Lu Ming opened his eyes, and two rays of light burst out, shooting hundreds of miles, penetrating a mountain.

"Spiritual Consummation!"

A light smile appeared on Lu Ming's face.

He finally reached the consummation of the spirit, and the next step was to prepare to break through the spirit realm.

But it is not so easy to break through the spiritual realm. It is not that the heaven and earth artistic conception is reached, and it can be broken by swallowing a lot of energy.

The spirit god, the spirit god, is to nurture the spirit **** in the spirit womb. Not only does the artistic conception need to break through the fourth level, but it also needs to integrate its own conscious soul into the spirit god.

Finally, the spirit was broken, and the spirit **** appeared.

Moreover, when the spirit **** appears, there will be a thunderstorm, and it will take a terrible thunderstorm to formally enter the spirit **** realm.

When breaking through the martial arts condensed artistic rune, there was a heavenly calamity, and when breaking through the spirit **** realm, there was also heavenly calamity.

And the power is extremely terrifying, many people are in this last step, under the sky.

Lu Ming closed his eyes and found that the spirit tire in Dantian was extremely solid and crystal clear, like crystal.

And the volume is also very small, only the size of a watermelon, and there is a vigorous vitality in it, it seems to be gestating a god.

call!

Lu Ming opened his eyes and took a long breath.

"Now if I meet the ashamed Venerable, if I explode with all my strength, it will be enough to kill him!"

Feeling the vast truth in the body, Lu Ming showed a confident smile.

In the early stage of the spirit tire's ninth reunification, when the spirit tire was completed, Zhenyuan had improved too much, and Lu Ming's combat power had also doubled.

"Haha, Dandan, go out and find more elixir for you!"

Cultivation was a breakthrough, Lu Ming was in a good mood, his figure moved, he came out of the mountain and river map, and then broke open the mountain and appeared outside the peak.

Uh!

Lu Ming had just appeared outside the mountain peak, and there was terrible pressure on his head. A **** axe instantly crossed the distance of 10,000 meters and slammed down towards the landing.

This was a surprise attack, and Lu Ming himself had never expected that he would be attacked as soon as he came out of the mountain.

If Lu Ming did not break through, under this blow, he might be seriously injured.

but now--

As soon as his thoughts moved, the mountains and rivers emerged, covering the whole body, and at the same time the expansive True Elemental broke out and punched upward.

Even if he was caught off guard and temporarily mobilized the True Element, the power of this punch was extremely terrible. When he collided with the Blood Axe, a huge roar was heard.

Lu Ming's body shuddered and fell toward the ground. Lu Ming's toes stepped on the branches of a large tree, his figure rose again into the sky, and his eyes looked coldly at the people who attacked him.

The bald man in the Blood Luo Temple.

At this moment, the bald man was a little surprised. Unexpectedly, the surprise attack was caught by Lu Ming without any problems, his face dignified.

"You... your cultivation base has broken through?"

Sensing Lu Ming's breath, the bald man's face changed drastically.

Previously, Lu Mingxiu's fighting power was extremely amazing in the early stage of the ninth stage of the spirit tire. Now that the spirit tire is completed, how strong will Lu Ming's strength be?

The bald man is very dignified in his heart, and it is also extremely incredible.

Only a few days ago, Lu Ming's cultivation practice was in the early stage of the ninth layer of the spirit tire. How could it break through to the completion of the spirit tire in just a few days. This speed is too scary!

Chapter 1036: Kill the Powerful

"It's you again, you don't have to leave today!"

Looking at the bald man, Lu Ming's eyes were extremely cold and full of murderous opportunities.

Just calculate the previous account.

"Boy, don't think that cultivation is a breakthrough, you can kill me!"

The bald man is sullen.

"kill!"

Lu Ming was too lazy to talk nonsense with him, the bloodline of Jiulong emerged, Lu Ming directly displayed the fusion of bloodline, and transformed into Jiulong. At the same time, the six dragon forces in the body exploded.

The terrible power swayed in Lu Ming's body. Jiulong stepped around, surrounded by five-color artistic conception.

Hiss!

The dragon claws pulled out, and the space was like paper, torn apart by the dragon claws, and a series of cracks appeared.

"So scary?"

The bald man was shocked.

One claw can crack the space, which has completely reached the level of spirit god.

The bald-headed man retreats at a rapid speed, and the blood axe on the top of his head emerges. He also displays the fusion of blood, transforming into a **** battle axe, and an axe splits towards Kowloon.

boom!

The **** battle axe and dragon claws blasted together, forming a terrible energy storm, which spread out.

"broken!"

A cold voice came from Jiulong's mouth, and the **** battle axe was blown away from a distance.

Under a blow, the bald man fell downwind.

"How could it be so strong?"

The bald man shouted in mystery.

"kill!"

The dragon claws stepped into the air, and Jiulong was like a streamer. He rushed forward to the **** battle axe and grabbed it again. At the same time, Kowloon roared, and the terrible devouring power enveloped the **** battle axe.

With the improvement of Lu Mingxiu's progress and the completion of the spiritual fetus, his true yuan has skyrocketed, and his true yuan is strong, and more true yuan will explode in prison and the power of prison will also skyrocket.

Lu Ming's free move now is comparable to the power he had exploded in the early days of the ninth heavyweight.

If he breaks through the spirit divine realm, the true element is more powerful, exerts the power of the prison, and is more arbitrary. The power of the god-level martial arts can truly distribute the power, which will be even more terrifying.

"this is..."

Enveloped by the power of Jiulong Jiulong, the **** battle axe shivered slightly, and the voice of the bald man was frightened.

He felt that the power of the bloodline was unstable, and he was enveloped by the power of engulfment, and his strength was affected.

bump!

The dragon's claws were caught on the **** battle axe, causing the **** battle axe to vibrate wildly.

After one claw, followed by the second claw, the third claw...

One claw after another, grabbing toward the bald man.

Lu Ming defended with mountains and rivers, not having to take care of his own defense at all, just a crazy attack.

bump! bump! bump! ...

In the sky, roaring explosions broke out, the **** battle axe kept shaking, and the bald man fell completely downwind.

"How could it be so strong? Is this still the spirit realm?"

The bald-headed man shook his mind, showing fear in his heart.

Too strong, because of his dignified spiritual realm, was actually suppressed by Lu Ming throughout.

"Go, I will retreat first!"

The bald man was afraid and retreated.

"Want to leave, stay today!"

Seemingly seeing the thoughts of the bald man, an indifferent voice came out, Jiulong clawed, and grabbed the **** battle axe again.

The power of this claw is more powerful and more terrifying than before.

With this claw, Lu Ming exploded with all his strength and exerted his full power in prison.

The real element in the body was also cleaned, but Lu Ming's current cultivation was used to explode the prison power, and the power was much more horrifying than before.

boom!

The claw blasted on the battle axe, and the **** battle axe gave a terrible shock, and then burst with a burst, and the figure of the bald man reappeared, flying towards the earth like a cannonball, and spurting blood in the air.

boom!

The bald man hit the ground heavily, and the violent roar of the ground, the powerful shock wave, swept in all directions, and some peaks in a hundred miles were shattered, collapsed, and the gravel splashed.

Flowers and trees are all turned to ashes.

The bald man lay on the ground, and a huge deep pit appeared on the ground, reaching tens of miles.

At this time, the bald man's mouth ran wild with blood, his breath was weak, and his eyes were full of terror.

"kill!"

Jiulong stepped, rushed down, and the dragon claws tore away towards the bald man.

At this moment, in the Nayuan Stone, a steady stream of true yuan poured into Lu Ming's body, and Lu Ming's true yuan was full again.

However, the true yuan previously stored by Na Yuanshi was also used up.

After all, it was only the true yuan he stored in the early stage of the ninth layer of the spirit fetus.

"No, don't kill me!"

The bald man shouted in horror and wanted to resist, but he was seriously injured, how can he stop Lu Ming?

Claws broke all the defenses of the bald man, and in the horrified roar of the bald man, he tore him into pieces.

"swallow!"

The power of engulphment enveloped the bald man, engulfing all his blood, qi and blood, and the true element.

The qi and blood of the powerful spirit realm is too strong, and it is stirred in the blood of Jiulong.

"Find a place to refine!"

As the figure moved, Lu Ming left here and flew towards the distance.

Of course, he didn't let go of the bald man's storage ring.

Tens of thousands of miles away, Lu Ming entered a secret place, then entered the mountain and river map, and began to refine it.

Qi and true elements are constantly transformed into true elements, and Lu Ming's cultivation practices have been improved.

Roar!

In the end, the Kowloon Chang Xiao, under the original six chakras, the seventh chakra emerged.

After devouring and refining the existence of a Spiritual Divine Realm, the Jiulong Bloodline has once again been upgraded to one level, to the Seventh Level Bloodline of the Divine Level.

With the escalation of the blood of Kowloon, another dragon force was born at the spine.

There are a total of seven dragon powers. If Lu Ming's seven dragon powers all broke out, the combat power will undoubtedly be improved.

"Unfortunately, my physical body can only explode four dragon powers. If it explodes more, it will not be able to control it. The scale armor will emerge. This kind of vision is special. I am afraid that it will be discovered by intentional people!"

Lu Ming thought.

Up to now, only two people have seen Lu Ming's full outburst, and Lu Ming's blood vessels of Zhenyubei and Jiulong.

That is the bald man and the bearded man.

"Now the bald man is dead, and there is a big bearded man, I hope he didn't say it!"

Lu Ming thought.

The bloodline of Jiulong is so special that no one has awakened in ancient times. If it spreads out, it may really be discovered by the people of the Emperor Tianshen Palace.

"It seems to find a chance to kill the bearded man!"

Lu Ming thought.

After a while, the energy of the bald man was completely refined.

Lu Ming took out Na Yuanshi again.

Now that Na Yuanshi is empty, he intends to continue to store some real yuan.

With Na Yuanshi, he will not have so many scruples in battle, but he can also explode from time to time.

This time he was able to kill the bald man, thanks to Na Yuanshi supplementing Zhen Yuan.

Holding Na Yuanshi, True Yuan keeps typing.

When the true element is exhausted, Lu Ming devours the original stone to recover.

Half a day later, Lu Ming stored several times in Na Yuanshi, which was equivalent to several times Lu Ming's total true yuan.

However, the consumption of raw stones is also terrifying, consuming tens of thousands of pieces.

Chapter 1037: Refining fruit

"Now the senior Jiuyang has given me few rough stones, only about half a million, and the opponents killed during this time. The storage rings obtained have not been sorted out. I hope to gain something when I have time to sort them out! "

Lu Ming now needs to reserve some rough stones, because when he breaks through the spirit realm, he definitely needs a lot of rough stones.

As soon as his thoughts moved, Lu Ming came out of the mountains and rivers and continued to fly towards the depths of this medicine garden.

In order to improve, Lu Ming got a lot of suffocation, and he was flying very fast.

Soon, he flew a full 100,000 miles, and had already come to the depths of the medicine garden.

Although the territory of this medicine garden is very large, it is only a few hundred thousand miles.

Along the way, Dandan harvested a lot of elixir.

"what!"

Lu Ming suddenly looked, and in the place where he didn't know how far ahead, there was a green light coming out.

"Lu Ming, then... there is definitely a rare elixir, rush, rush!"

The eyes shone brightly and shouted excitedly.

"Don't worry, if there is a rare elixir there, but there is such a light, it will definitely attract some masters to go, not so easy to get!"

Lu Ming said, but he was still curious and flew in the direction of the light.

After thousands of miles, he saw a mountain, and when he arrived here, the light disappeared again.

"Huh? Why is there no one here?"

Lu Ming's eyes moved, which was different from what he had imagined. Since there was light shining out, it could be seen thousands of miles away. Why could no one come?

Strange?

"What a strong medicinal fragrance!"

Lu Ming's nose moved, looking at the mountains ahead, and Dan Dan's eyes were staring straight.

Lu Mingfei flew over and found a broad valley in the middle of the mountains, in which there were trees ten meters high.

But the strange thing is that these trees, bare, do not have a leaf, even the branches, seem to be dry, but at the top of each tree, a fruit grows, and a rich fragrance emanates from the fruit, rich fragrance.

Each tree grows only one fruit, just like, the energy essence of a tree is used to breed this fruit.

"This is... refining the fruit of God!"

Lu Ming's pupils suddenly widened and burst into flames.

His heart also began to heat up.

It's actually the fruit of refining God? Lu Ming felt that his breathing was heavy.

Refining the fruit of the gods is a kind of spiritual fruit that is more precious than Tianzhu fruit. In a sense, it should be precious many times.

Because refining the **** fruit can condense the spirit god!

Yes, taking the strongest spirit spirit realm can condense the spirit spirit and make the spirit spirit more solid.

In fact, the cultivation of the Spiritual Realm is on the one hand to comprehend the artistic conception of the world, on the one hand, it is also the process of condensing the Spiritual God.

Refining the fruit of the gods has a fatal temptation to the powerful spirit gods.

But for the warriors in the spirit realm, the temptation may be greater.

Because the warrior with the perfect spirit fetus takes the refining fruit, the medicine will penetrate into the spirit fetus. When the spirit **** is broken, the spirit **** will come out and become more solid.

Breaking through the Spirit God, but going through the Heaven Tribulation, the Spirit God is more solid, which means that the chance of passing the Heaven Tribulation will also increase.

This is a supreme treasure for the martial arts with perfect spirits. No wonder Lu Ming will be excited when he sees it.

In the valley below, there are more than 100 god-refining fruit trees, which also means that there are more than 100 god-refining fruit. If it spreads out, all the martial arts with perfect spirits will be crazy.

"Haha, Lu Ming, so many refining **** fruits, you sent it!"

He grinned and excited.

"Why didn't anyone come?"

Lu Ming did not completely lose his mind because of refining the fruits of God. The light was so dazzling just now, why is there no one here and now, is he the first to arrive?

"do not care!"

Lu Ming intends to pick the fruit of refining God first.

"Brother Lu, wait a minute!"

At this moment, a voice came out, very familiar.

"Clearness!"

With a move in Lu Ming's heart, he heard the voice of Jingkongling.

Below a mountain peak, suddenly a wave of volatility revealed two figures.

Two beautiful women, Sandalwood Fairy Wood Sandalwood, and Jingkongling.

Just now, the fluctuation was clearly a formation of Sandalwood Fairy. Lu Ming didn't expect to encounter two people here.

"Brother Lu, come down!"

Jingkongling opened his mouth and still communicated with Lu Ming, seeming to be afraid of others hearing.

Lu Mingfei stepped down and entered the formation, only to find that a magical array was placed here by the sandalwood fairy.

"Fairy, ethereal girl, what's going on?"

Lu Ming asked.

It seems that Sandalwood Fairy and Jingkongling should have arrived long ago, but why not pick the fruit of refining the gods, but hide in this mountain and cover up with the formation method.

"There are blood ghost spiders on the fruit tree of refining gods, and there are a lot of them. There are even blood ghost spiders of the spirit **** level. Those who entered before are dead!"

The Sandalwood Fairy explained.

"What? Blood ghost spider?"

Lu Ming was taken aback.

"Yes, you should have just seen the light before you came here. That is because the people in the Blood Luo Temple deliberately attracted you with elixir. They attracted others to come into the valley and helped them deal with the blood ghost spider. I found It's early, so I hid here waiting for the opportunity..."

The sandalwood fairy explained it again, Lu Ming suddenly.

People in the Blood Luo Temple should have discovered the fruit of refining the gods first, but there are powerful blood ghost spiders in them. They can't cope with it themselves, and they want to attract others to help them deal with the blood ghost spiders.

The Sandalwood Fairy discovered the secret and secretly deployed the formation, hiding here, and the Jingkongling was also called by her.

Several groups of people have died in it before.

"Now the blood Luodian people just happened to go out to attract others. It is estimated that after a while, they will come back!

Sandalwood fairy said.

The sandalwood fairy's words just fell, and the three of them glanced to the north. There were three bloodlights flying at speed, then landed on a mountain and disappeared.

"Three Spiritual Divine Realms!"

Lu Ming's eyes flashed.

The three blood Luodian people are all powerful in the spirit **** realm, two of them, Lu Ming have also seen.

One was the bearded man, and the other was Lu Ming and Chu Kuang, and Zhang Wenjing, who went to Tianzhu Mountain together when they met the wounded blood Luodian master.

The three blood Luodian masters hide in a mountain peak, and their breath converges.

Soon, light flashed again, and six figures flew at speed.

Six figures, there are white-haired elders and middle-aged men, but the breath is very strong, the weakest is the spirit fetus, and the spirit fetus is complete.

"Huh? Just now I saw a bright flash of light in this direction. Why didn't I see it?"

An old man whispered.

"That's... refining the fruit of God!"

Suddenly, one of them exclaimed.

Others also looked at the valley, and then their eyes were fierce.

"It is the fruit of refining God, really the fruit of refining God, so many!"

Six people, all showing madness and greed.

Chapter 1038: Spirit God Level Fight

Six people glanced at each other.

Suddenly, all six of them moved and started to fight together, rushing wildly towards the valley.

"Haha, the fruit of refining God is mine!"

A big man laughed and grabbed a fruit of refining the gods.

call out!

Suddenly, a dark red light flashed on the tree and flew towards the big man.

"What? Blood ghost spider?"

The big man was shocked and broke out with all his strength, and a blade of light was cut towards the blood ghost spider.

bump!

The blood ghost spider was split in half.

But at the next moment, like stabbing the horse's honeycomb, dozens of blood ghost spiders rushed out and pounced on the big man. Some blood ghost spiders were extremely powerful.

Not only him, but the other five people were also attacked by the blood ghost spider.

"Damn!"

The six roared, broke out, and fought against the blood ghost spider.

puff! puff! ...

In a blink of an eye, dozens of blood ghost spiders died in their hands, but one of the elders with nine heavy spirits screamed and was pierced by the blood ghost spiders, and then countless blood ghost spiders crawled on him, instantly, The old man was dead.

"Retreat!"

Others were shocked and wanted to retreat.

call out!

Suddenly, a violent sound of breaking the sky sounded, and a dark red light flashed at a rapid speed.

puff! puff! puff! ...

All five masters were killed instantly.

"Blood Ghost Spider in Spiritual Realm!"

Lu Ming's eyes flashed. He saw clearly. The one he shot was clearly a blood ghost spider, with the size of a fist, and the breath was particularly strong.

The six masters died in an instant, and the bones devoured by the dense blood ghost spiders did not exist. In the valley, they calmed down again, and the blood ghosts climbed up to the refining **** trees again, seeming to be integrated with the refining **** tree. Everywhere, there is no blood ghost spider.

As the figure moved, three masters of Blood Luodian appeared in the air.

"What a waste!"

One of them was cold.

"It won't work, the root can't consume much of the blood ghost spider's strength. There are three spirit **** level blood ghost spiders in here. It is necessary to repair the spirit **** realm to consume the blood ghost spider's strength!"

Bearded Dahan Dao.

"Then we will attract the warriors from Spiritual Realm!"

Do not hesitate to notice that a magic potion appeared in the hand of the bearded man, and the green light burst out into the sky.

"That's green grass, a nine-level elixir!"

Lu Ming was taken aback.

The spirit grass in the hands of the bearded man was actually a level nine spirit grass.

The fiery light flashed in Lu Ming's eyes. If he had this ninth-level spirit grass, perhaps his flesh could break through the ninth grade.

The three blood Luodians flew south this time, but not long after, they returned and hurriedly hid in the mountains.

Soon, two rainbow lights, coming from the south at a speed, the speed of terror, the terrible coercion, the mighty and powerful.

"Two eagles!"

Lu Ming saw that it was clearly two eagle monsters.

"Is the strong man in Aquila Fort!"

Sandalwood fairy whispered.

The two eagles are obviously of the spirit-level existence, with a breath like a mountain, eagle eyes like electricity, and extremely sharp, glancing around.

When they saw the fruit of refining the gods in the valley, they suddenly burst into fiery light.

"Qua, refining the fruit of God, it is actually refining the fruit of God, what a great chance!"

A purple giant eagle laughed.

"You and I will share it equally!"

The blue giant eagle has also spoken.

"it is good!"

The purple giant eagle nodded, and two giant eagles rushed directly into the valley.

As soon as they rushed into the valley, dense blood ghost spiders rushed towards them.

"Blood ghost spider, die for me!"

The blue giant eagle spit out a blue light. Where the light passed, the temperature dropped sharply, and each blood ghost spider was also frozen into pieces of ice.

Zizi...

The purple giant eagle waved its wings, and the endless purple lightning threw out. The blood ghost spiders were swept by the lightning and suddenly turned to ashes.

Ordinary blood ghost spiders, unable to stop the two giant eagles, were killed thousands of them in a flash.

call out! call out! call out!

This is, three consecutive flashes of light flashed out, killing two giant eagles.

"No, it's the spirit **** blood ghost spider!"

The purple giant eagle roared, his wings fluttered, and the terrible lightning turned into three lightning spears, piercing three blood ghost spiders.

At the same time, the blue giant eagle also issued a terrible offensive, a blue ice river, entwined toward the three blood ghost spiders, trying to freeze it.

However, the three blood ghost spiders are extremely powerful, breaking through the thunder and ice, and killing the two giant eagles.

The two giant eagles roared and fought with all their strength.

boom! boom!

In a continuous collision, the two giant eagles and three blood ghost spiders drove to the high altitude, and the battle in the high altitude was extremely fierce.

Two giant eagles, three blood ghost spiders, the level should be eight levels and one weight, which is equivalent to the weight of the spirit god, and the combat power is almost the same, but the two giant eagles are less in number and fall in the wind.

Thousands of blood ghost spiders were killed, and three eighth-level blood ghost spiders seemed to kill their red eyes, entangled two giant eagles fiercely, and fought fiercely.

After dozens of moves in the war, the purple giant eagle was swept by the claws of the blood ghost spider, and the blood flowed immediately, and the feathers flew.

"Damn!"

The purple giant eagle went crazy, and the blood of the beast in the body was boiling. The body seemed to be turned into thunder and lightning. It grabbed a claw and almost caught a blood ghost spider. Although it was eventually hidden by the blood ghost spider, it also left a wound. Green liquid came out.

"Go, go first!"

The purple giant eagle roared and wanted to break through, but the three blood ghost spiders were entangled with them, and they couldn't break out at all.

Fighting is getting worse and worse.

Finally, the purple giant eagle was seized by a blood ghost spider and hit a wound in the abdomen. The blood ghost spider crawled directly into the body of the purple giant eagle.

"what!"

The Purple Giant Eagle screamed wildly, seemingly suffering endless pain, struggling frantically in the air.

"To die together!"

Finally, the Purple Giant Eagle roared, and the sky was full of thunder and lightning. His body swelled sharply, and then burst, bursting apart, and even the other two Blood Ghost Spiders and the Blue Giant Eagle were blasted by terrible energy. Go out.

In the sky of thunder and lightning, a blood ghost spider can be seen in the air, but there is no breath, and it has turned into a coke.

The blood ghost spider that rushed into the body of the purple giant eagle was also killed by lightning when the purple giant eagle exploded.

perish together!

Squeak!

The remaining two blood ghost spiders seemed extremely angry, screaming and fighting towards the blue giant eagle.

The blue giant eagle roared, trying his best to escape, but eventually it was useless. It was entangled by two blood ghost spiders. Finally, one of the blood ghost spiders was seriously injured by the blue giant eagle, but the blue giant The eagle was also killed by two blood ghost spiders.

The two eight-level giant eagles died like this.

Of course, the blood ghost spider also paid a heavy price.

"OK!"

With a laugh, the masters of the three Blood Luo Dian appeared, culling two blood ghost spiders.

Before, there were three blood ghost spiders, they were not sure, and now they can finally shoot.

Three blood ghost spiders, one was killed, one was seriously injured, and the other was also slightly injured. After all, the blue giant eagle was desperately desperate in the end, and it was not a joke.

Chapter 1039: Snatch the fruit

The three teamed up to fight the two injured blood ghost spiders, naturally much easier, two blood ghost spiders were completely suppressed, precarious.

"Good opportunity, we can take action to seize the fruit of refining God!"

The sandalwood fairy has bright eyes.

"There shouldn't be any other spirit-ghost spiders in it?"

Lu Ming asked.

"No, I am very sensitive to the breath of the soul, there is nothing wrong with it!"

The sandalwood fairy nodded.

"Okay, the three of us shot at the same time, seized the refining **** fruit, and then joined forces to break through!"

Lu Ming said.

The three of them must join forces in order to have a chance, otherwise the three masters of Blood Luo Dian will definitely deal with them as soon as they strike, and if they do not join hands, they will definitely not escape.

As the figure moved, the three of them flew down the valley at the same time, like lightning.

"Spiritual Consummation!"

With his hands, Lu Ming found that the breath of Jingkongling is much stronger than before, and it has clearly reached the consummation of the spirit.

Obviously, Jingkong Ling has refined Tian Zhuguo and cultivated a breakthrough.

As soon as the trio shot, the three of the Blood Luodian were discovered.

"Sandal Fairy, Jingkongling, and Lu Shaoqing, **** junior, stop thinking!"

The bearded man yelled.

The three shots surprised the masters of the three Blood Luodians.

Unexpectedly, they secretly still have three top young masters of the younger generation lurking here, waiting for an opportunity to shoot.

"Quick, quick!"

Lu Ming Zhenyuan burst out, and Zhenyuan was like a ribbon. When he rolled forward, there were a few fruits of refining gods in his hands, which he collected.

Sandalwood Fairy and Jingkong Spirit are also very fast. Zhenyuan is sweeping, and the fruit of refining God falls in their hands.

"Pick!"

Without Lu Ming, Dan Dan has yelled and rushed to the front, constantly grabbing the fruit of refining the gods and stuffing it into his mouth.

"stop!"

The bearded man's eyes were red, and he roared to Lu Ming.

There is also an old blood-robed old man who fights Xiang Jingling and Sandalwood Fairy.

As for Lu Ming, Chu Kuang, and Zhang Wenjing who had encountered the injured middle-aged halfway before, the most powerful of the three, he fought the two blood ghost spiders alone.

At this time, one of the blood ghost spiders was seriously injured and dying, only the other blood ghost spider, and the middle-aged fight.

bump!

The severely wounded and dying blood ghost spider suddenly burst open, and the sky was full of **** light. The middle-aged man was illuminated by blood and his face was white, and a trace of green gas appeared at the next moment, and he was actually poisoned.

And the remaining blood ghost spider squeaked squeakily, absorbed the sky's bloodlight, the injury was quickly improved, the combat power increased greatly, and it was inseparable from the middle-aged men's battle for a while.

In the valley, Lu Ming directly exploded four dragon forces, struggling to punch.

boom!

He and the bearded man confronted each other, both of them tremble, and they backed off again and again.

The fighting power of the bearded big man is almost the same as that of the bald big man, but Lu Ming didn't explode his full strength, so he and the other side evenly divided.

"Your cultivation?"

Even so, the big-bearded big man was overwhelmed. He didn't expect Lu Ming to be so terrible in his combat power, and he could actually fight him.

Roar!

He turned into a **** lion and rushed towards the landing.

Lu Ming is running the prison to conquer nature, and the five-color artistic conception lingers, fighting with the Scarlet Lion.

Even logarithmic moves are still tied.

On the other side, the Sandalwood Fairy and the Jingkongling fight the old man in the blood robe.

The **** old man's combat power is slightly better than that of the bearded man, but Sandalwood Fairy and Jingkongling are also very powerful.

Jingkong Spirit breaks through the consummation of the spirit fetus, and its combat power is greatly increased. Even if he is alone, he can contend with the weaker spirit god.

The sandalwood fairy, although dominated by alchemy, should not be underestimated.

The body of the sandalwood fairy glows with a ray of colorful light, powerful.

This is engraved on the body, apparently the sandalwood fairy is engraved with a powerful array.

Ming Master, will be biased.

For example, some prefer alchemy, some prefer alchemy, some prefer alchemy...

However, no matter which aspect is biased, the inscription formation method must be studied and cultivated, because this is the basis of the inscription master and is also where the combat power lies.

The inscription formation of Sandalwood Fairy is naturally extremely terrifying, and her brow spirit fire jumps, forming a powerful spiritual storm.

"Good mental strength, Sandalwood Fairy is absolutely perfect at every level!"

Lu Ming marveled.

Sandalwood Fairy and Jingkongling join forces to fight the blood robe elders, and they still have the upper hand.

For a time, the three parties formed a stalemate, but no one stopped it, and excitedly picked the fruit of refining the gods.

There are also remaining blood ghost spiders, but they are not strong, and were immediately beheaded by the formations engraved by the Dan.

Seeing this, the three of Blood Luodian's eyes turned red.

They worked hard to think that until now a fruit of refining the gods had not yet been obtained, but they were about to be picked up by Lu Ming and they were so angry.

"I care what kind of arrogance you are, and you are going to die today!"

The bearded big man roared and launched a crazy attack on Landing Ming.

In Lu Ming's eyes, the killer flickered, and he wanted to break out with all his strength and kill the bearded man.

In the end, I still plan to give up. A bearded person may not be able to pass it out, but now there is an outbreak of full strength, revealing the blood of Jiulong, etc., which is seen by other people, maybe it will be spread.

The bombardment of Lu Ming with one punch blocked the big beard and big man.

"kill!"

The middle-aged man who fought with the blood ghost spider roared at this time, and there was a pagoda above his head. The pagoda turned blood red, and the blood was skyward. There were five golden chakras on the pagoda.

In this middle-aged, the bloodline is god-level five, which is higher than that of the bearded man and the old man in blood robe.

He turned into a **** pagoda, filled with horror, and suppressed towards the blood ghost spider.

boom!

The pagoda vibrated, successfully suppressed the blood ghost spider under the tower, blood flashed, and seemed to be bombarding the blood ghost spider.

But at this time, still madly picking the refining fruit.

Soon, more than one hundred refining fruits were almost completely picked up.

"The wind is tight!"

Once he shouted that the fruit of refining the **** had been picked, he would run away when he spread the girl.

"Die to me!"

The space oscillated, the blood gleamed, and the **** pagoda was suppressed towards Dandan.

And the blood ghost spider has been hit by the **** pagoda.

"not good!"

Suddenly startled, she ran toward the landing.

"Fairy, ethereal girl, rush out together!"

Lu Ming threw several punches in a row, then rushed towards Sandalwood Fairy and Jingkongling, intending to join together and rush out together.

"Come on!"

The bearded big man roared, chasing after him.

The old man in the blood robe also bite the sandalwood fairy and Jingkongling.

The Scarlet Pagoda vibrated and also suppressed the landing sound.

"Rush!"

Lu Ming rushed to the two Sandalwood Fairies and threw a few punches. The blood-bubbled old man shuddered and retreated slightly.

Then he rushed to the south, but above his head, the Scarlet Pagoda cracked down, and there was a breath of terror.

Chapter 1040: misfortune

The eyebrows glowed, the mountains and rivers flew out, and they suddenly grew larger and longer. They surrounded Lu Ming, Sandalwood Fairy, and Jingkongling.

At the same time, Lu Ming continuously blasted dozens of punches towards the Scarlet Pagoda.

Jingkong Lingjiao drank, his hands waved, and two real dragons of water rushed towards the blood tower.

The sandalwood fairy's jade hand flicked, and the nine elixir flew toward the blood tower. Halfway through, the nine elixir glowed, the inscription appeared on it, then exploded, and turned into nine war swords, slashing towards the **** pagoda.

Alchemy soldiers!

The color of marvel flashed in Lu Ming's eyes. The alchemy technique of the sandalwood fairy really reached the unpredictable level of the gods and ghosts.

A panacea is a magic weapon, a great weapon, and its power is endless.

boom! boom! boom!

The trio's attacks and the Scarlet Pagoda blasted, successfully blocking the Scarlet Pagoda, but the trio's attacks also collapsed, and only felt a powerful force pouring in, and the body shivered slightly.

The power is so strong, the strength of the Scarlet Pagoda is a lot stronger than that of the bearded man.

"Rush!"

After blocking the Scarlet Pagoda, the three of them attacked outward, but then the bearded man and the blood-robed old man also attacked. Together with the Scarlet Pagoda, Lu Ming surrounded the three groups.

The three Lu Ming could not rush out at all, and could only try to defend.

Fortunately, there are Shanhetu bodyguards. The three can reduce their defenses and come up with more power to attack.

Lu Ming and Jingkongling are fighting against the **** pagoda and the **** robe elder, while the sandalwood fairy glows with a continually colored light, seemingly beautiful, but full of murderous opportunities.

At the same time, the sandalwood fairy's jade hand flicked, and the pills were flying out, forming a wonderful arrangement in the air, bursting into a terrible attack, killing the bearded man, showing the terrifying combat power of the sandalwood fairy.

But even so, the trio still fell.

Mainly the Scarlet Pagoda is too strong.

Lu Ming's thoughts changed sharply, and he was really forced to do so.

He is confident that if he explodes his full strength, he will not be weaker than the Scarlet Pagoda.

Rumble!

But at this moment, the sky and earth suddenly roared, the earth shook, and the sky exploded.

Everyone saw that when they came out of the sky, a brilliant light suddenly burst out, like countless bright fireworks, bursting together.

"Formation, formation burst, what's going on?"

The sandalwood fairy whispered.

Lu Ming was also stunned. He remembered that this medicine garden was enveloped by a large formation. The people in the Blood Luo Temple had only broken a corner, but now it seems that the entire large formation has collapsed. , The whole piece of medicine garden, to reproduce the world.

"No, things have to be taken by others!"

At this moment, there was a cry of exclamation from the Scarlet Pagoda.

"What? Someone has to go, **** it!"

The bearded man and the blood-robed elders also exclaimed. The two were not attacking Lu Ming, and then flew back, and then each took out a piece of sound-transmitting jade, and their faces changed dramatically.

Buzz!

The Scarlet Pagoda was shocked and turned into a middle-aged man again.

"That thing matters. Let's go and try our best to catch suspicious people!"

Cried the middle-aged man.

"Boy, you are lucky today!"

The bearded man looked at Lu Ming unwillingly, and then the three masters of Blood Luodian actually left without looking back.

This made Lu Ming, Sandalwood Fairy, and Jingkongling look at each other.

"The Blood Luo Temple opened this ancient medicine garden, it seems that there are more important things or treasures, but at this time they are taken away by others!"

Lu Ming guessed.

Obviously, the value of the treasure is far above these fruits of refining the gods, so a few talents with big beards and big Hans have to lay down Lu Ming to chase down the treasure.

Because they didn't know how to win Lu Ming in a short time.

"Go, let's leave this medicine garden first!"

Lu Ming said.

Sandalwood Fairy and Jingkongling also nodded, and the three flew westward together.

After making such a big move, it is certain that there will be more and more masters next. This medicine garden is not a long-term place, or it will leave first.

There was no accident along the way. The three flew hundreds of thousands of miles and left the medicine garden far away before stopping.

"Dan Dan, take out the fruit of refining the gods!"

The three stopped on a mountain peak, and Lu Ming looked at Dan Dan.

"Why? This is what I got!"

He turned his head once and didn't look at Lu Ming.

"The fruit of refining the gods is very useful for the perfection of the spirit fetus, or the warrior of the spirit **** realm. It is not as good for you as other elixirs. Isn't it a waste to you? Come out, these refining fruits are for sandalwood fairies and ethereal girls. of!"

Lu Ming said, staring at Dandan with a bad look.

This guy wants to swallow again.

In the end, under Lu Ming's deterrent eyes, he reluctantly spit out more than one hundred refining fruits.

This is also the effect of refining the fruit of God is not particularly great, otherwise, this product may not be willing to hand over.

"Fairy, ethereal girl, a total of 102, 34 per person, how?"

Lu Ming divided the fruit of refining God into three parts, and gave Sandalwood Fairy and Jingkongling respectively.

This time, thanks to the Sandalwood Fairy and the Jingkongling, otherwise Lu Ming rushed into the valley rashly, and got involved in the blood Luodian's scheming.

Sandalwood Fairy and Jingkongling were not polite, and took over one by one.

It is mainly about refining the fruit of the gods. For them, it is really useful.

Although Sandalwood Fairy is not a warrior, she can also use the refining **** fruit to make a panacea, which is also very useful for her to break through the eighth level refining master.

"Boy, you guys who are light-hearted and light-hearted, you know that I took the elixir I picked up to win the favor of the beautiful woman, this seat is not accepted, two big beautiful women, you must remember, these refining **** fruit, this place is risking It's not the kid who picked it out of danger."

Dandan started shouting uncomfortably, and then looked back at Sandalwood Fairy and Jingkongling, a pair of thief eyes glowing.

"Giggle, Lu Gongzi, you are so strange, you are really strange!"

Sandalwood Fairy giggled and looked at Dandan curiously.

The same is true of the Jingkongling. A spirit pet and a little turtle can actually be inscribed with inscriptions, which is really wonderful.

They didn't see which monster beast would inscribe the inscription formation.

"Haha, two beauties, let me tell you that this seat is the first of the top ten war beasts. It is unparalleled in the world, invincible in the world, and there are eight wildernesses in the universe. Yes, so, I will barely accept you as my maid, how?

Dandan stood on Lu Ming's shoulders, two claws on his hips, an invincible look.

Lu Ming could not wait to slap the goods to death.

The appearance of Dandan made the sandalwood fairy smile, and even the ethereal emptiness showed a smile on his face.

"Lu Gongzi, you kind of spiritual pet, why not let me play for a few days?"

The sandalwood fairy smiled.

"Yeah!"

Lu Ming hadn't spoken yet, he nodded again and again, kicked his feet, and threw himself into the sandalwood fairy's arms, clutching the sandalwood fairy's skirt, saying, "Beauty, how do you want to play with me?"

With a smile on his face, his head was still indented and out, not to mention how insignificant it was.
