

D Emperor 1091

Chapter 1091: Changing identity

Lu Ming flew towards the Holy City, landed on a pipeline, and walked into the city gate on foot with the crowd.

At the gate of the city, there were sergeants guarding, and Lu Ming glanced at them, and found that these sergeants were all powerful in the spirit realm.

Randomly checked, Lu Ming entered the Holy City, and suddenly, a quaint aura came.

In the holy city, a random street, a palace, and houses are full of the atmosphere of the years, like coming from time and space across a million years ago.

"It's a strong heaven and earth aura, even contains the original qi, and it's very clear that the world's mood is understood. This holy city is like a big formation, constantly condensing the spirit and the original qi between heaven and earth!"

Lu Ming secretly sighed, practicing here, the speed of cultivation must be very fast.

The holy city is divided into outer city, inner city, and the core palace.

The ordinary warriors, small forces, and casual repairs all live in outer cities.

The inner city, inhabited by some powerful forces in the holy city, such as the palace of the princes and ministers of the ancient holy dynasty, of course, other overlords of Nakasu have branches in the holy city, and they are stationed all year round.

As for the Royal Palace, it is certainly the place where the core staff of the Xie family of the ancient Sheng Dynasty lived.

Lu Ming strolling around casually, he is now in the outer city.

He was thinking about how to get into the palace and find a way to hear Xie Nianqing's news.

After shopping for a while, Lu Ming walked towards a restaurant. The restaurant is the best place to get news.

After ordering a few dishes, Lu Ming sat down at a table.

"In another two months, the million-year national festival of the ancient holy dynasty is coming, and the holy city will be lively again!"

"That's for sure. This is a million-year national festival. How important is it that not only the hegemonic forces in all parts of Central China, but other forces of all sizes will congregate in the Holy City. Will also send people to come."

"That's really hilarious. It's a rare sight. When the time comes, Tianjiao from all over the world will also come together. This is a rare event!"

"Mostly it will be like this. This generation, really masters come out in large numbers. When the days come together, there will inevitably be competition, haha!"

Soon after Lu Ming sat down, he heard some important news.

"Million-year national festival?"

Lu Ming's eyes moved.

The Xie family of the ancient holy dynasty has been established for millions of years, which is really amazing. Which force can inherit such a long time in the entire continent? It's amazing.

Nowadays, although the ancient dynasty declined, the emperors broke up and ruled one side, but nominally, they still have to respect the ancient dynasty, nominally, they still have to listen to the ancient dynasty's orders.

Of course, only in name.

Therefore, the million-year national festival of the ancient holy dynasty, those forces, even if they do it, are coming.

"At that time, there may be some overlord power emperor coming, really looking forward to it!"

"Well, it will definitely gather together, and the masters will be like the clouds. I heard that the Royal Palace has issued an order to expand the Emperor Longwei to maintain the order of the Holy City and protect the Royal Palace."

"What else? When will the recruitment begin, and I want to try it!"

"It has already started today. I have been recruiting for half a month. I can try it out, but the recruitment conditions of Huanglongwei are very high, and I can't get in at all if I don't have spiritual cultivation."

Lu Ming continued to listen, and really heard a lot of news.

"Huanglongwei?"

Lu Ming's eyes lit up.

The Emperor Dragon Guard is the imperial guard of the ancient holy dynasty, responsible for guarding the imperial palace and protecting the safety of the emperors and relatives.

Isn't he going to mix into the palace? If you join the Emperor Dragon Guard, can't it be?

However, the Emperor Longwei wanted to guard the imperial palace and protect the relatives of the emperor. He must definitely know the identity of the investigation before he could join. Otherwise, anyone can join, and the safety of the emperor's relatives is not guaranteed. ?

With a look, Lu Ming picked up the wine glass and walked towards a table beside it.

"The two eldest brothers have invited. Did you just hear that you want to join Huanglongwei?"

Lu Ming raised his glass and smiled.

At this table, there were two burly men, one in his forties, and one in his thirties, with a bearded beard.

"Yes, what can this little brother teach?"

Hu Zhuanghan looked at Lu Ming with his cheeks and asked.

"The younger brother came from a small force, just entered the Holy City, wanted to find an errand, and wanted to join the Emperor Longwei. Just now I heard the two talking about this matter, maybe we can still work together in the future, so I want to make friends."

Lu Ming laughed.

Listening to Lu Ming's words, the two looked slowly and smiled.

"It's because he wants to join, I won't go, but the little brother, the conditions for joining the Emperor Dragon Guard are not low, and need to cultivate the spirit of the realm."

The big man in his forties smiled.

"That's just right, the younger brother has just broken through the realm of spirit, just try it!"

With that, Lu Ming's body exuded a faint breath, which was exactly the breath of the spirit fetus.

Illusion technique not only changes one's own breath, but also hides one's cultivation.

Now, Lu Ming is concealing his cultivation as a spiritual fetus.

It was found that Lu Ming was only the spiritual cultivation of the spirit, and the two were even more relaxed. They said: "The younger brother is young and can reach the weight of the spirit. It is also a pride. Admire it!"

"The two eldest brothers have won the prize. Come, this wine, I invite, we have a happy drink!"

Lu Ming said boldly.

"Haha, why is this so funny!"

The man in his forties smiled.

This is the holy city, and the food and beverages of a random restaurant are not cheap. Lu Ming invites guests, so that the two people have a great affection for Lu Ming.

The three of you come and go, drink wine, Lu Ming first arrived, did not understand many things about the Holy City, ask the two, they also know everything.

Lu Ming learned that the two came from a small force outside the holy city, called the Black Gun Sect. They were not far from the holy city and often came to the holy city to purchase items.

A man in his forties is called Ma Wu, and a man in his thirties is called Minglu.

"Ming Lu, it's a coincidence, my name is read upside down, isn't it Ming Lu?"

There was a smile on Lu Ming's mouth.

The three of them chatted and drank again. After three trips, Ma Wu and Ming Lu enjoyed their drinks.

"Brother Minglu, since you want to join Huanglongwei, stay here and sign up with Brother Lu. I will go back to Zongmen first and talk about your affairs. If you are in Huanglongwei, then It is much more convenient for us to do things in Hei Qianzong!"

Ma Budo.

"Okay, Brother Ma, you will go back first, and I will sign up tomorrow!"

Ming Lu nodded.

Immediately, Ma Wu resigned, and Lu Ming and Ming Lu found a hotel nearby to stay and planned to register tomorrow.

Soon, as night fell, Lu Ming converged, and silently entered the room of Minglu.

"Who..."

Ming Road just opened, Lu Ming split out with a palm, split Ming Road into halo, and then put Ming Road into the mountain and river map, let Dan Dan engrave the formation method, trap him in one place.

"I'm sorry, I will use your identity for a while, there will be compensation in the future!"

Lu Ming murmured, his musculoskeletal body began to wriggle and turned into the appearance of Ming Lu, and then his breath also changed, very similar to that of Ming Lu.

"I still lack a mustache!"

Lu Ming smiled and went out of the inn to buy a fake mustache sticking to his face. He suddenly looked exactly like Ming Lu, and now even Ma Wu was by his side, he could not recognize Lu Ming as a fake.

Lu Ming borrowed the identity of Ming Lu and mixed into the Emperor Dragon Guard, waiting for the opportunity to inquire about Xie Nianqing's whereabouts.

As for Ming Lu, he can only be wronged for a while and stay in the mountains and rivers.

Chapter 1092: Join the Royal Dragon Guard

In the early morning of the following day, Lu Ming went to the place where Huanglongwei registered. When he arrived, he was frightened and jumped. There was already a long queue at the registration office.

For some small forces, Huanglongwei is a good job. Joining Huanglongwei is equivalent to joining the ancient holy dynasty and getting more cultivation resources.

"Those below the spirit fetal realm, leave quickly, we don't need those below the spirit fetal realm!"

At the registration office, there were a few burly men dressed in purple robes embroidered with dragon motifs. This is Huanglongwei.

A few people had a strong breath, and Lu Ming looked away, and found that all of them were spiritual spirits with more than seven levels of cultivation.

There is another old man sitting on the side with his eyes closed to raise his mind, and he is also wearing the clothes of Huanglongwei, but his breath is unfathomable, but of course he cannot conceal Lu Ming's feelings. Lu Ming found that this person is a spirit **** with a heavy presence.

"It takes more than Lingtai to join, the requirements are too high, let's go!"

Some people sighed and shook their heads away.

"Take out your identity certificate, report your information, we will verify, and then there will be an assessment, because the recruitment of Emperor Longwei is limited, there are too many people, we can not Enroll all, only the strong can stay, well, now registration begins!"

A big man said aloud.

Then, register one by one.

Lu Ming waited patiently and waited for two hours before it was his turn.

Lu Ming's hand moved, and an identity token appeared, which was handed over to an imperial dragon guard.

This identity token was taken from Minglu, and it is the identity token of Hei Qianzong's disciple.

"Black Gun Sect, Minglu!"

Lu Ming said.

The Emperor Dragon Guardian checked the identity token, and then registered, said: "Your identity, we will send someone to verify, if there is any false, kill in place, you know?"

The Emperor Dragon Guardian looked coldly.

"Yes, yes, know!"

Lu Ming nodded again and again.

"Well, wait there, wait for the assessment!"

Emperor Longwei Dahan Road.

Lu Ming walked aside and waited patiently.

It took another two hours to complete the registration, and more than two thousand people signed up.

"Okay, come with me!"

At this moment, the old man of Spiritual Realm got up, said a little lightly, and then strode inside, Lu Ming and others followed.

Soon, they came to a military camp.

In the middle of the barracks, there is a huge stone tablet.

"This stone tablet can test your cultivation behavior. As long as you input true energy in the stone tablet, you will know your cultivation practice. This time there are two thousand people who signed up, but we only need two hundred people, so only cultivation practice We are only admitted to the top two hundred. Now, the assessment begins!"

The old man announced.

Subsequently, one by one applicants came forward to test.

As long as the true element is input to the stone tablet, the stone tablet will cool with light, and through the light, you can distinguish the repair.

After starting the tests one by one, Lu Ming found that many people were trained for the first weight of the spirit, the second weight for the spirit was much less, and the third for the spirit was even less.

Soon, it was Lu Ming's turn.

"Just in case, just enter a little more real money!"

Lu Ming thought to himself.

Only two hundred people are taken. To ensure that nothing is wrong, Lu Ming intends to enter a little more real money.

Walking to the stone tablet, he raised his hand and pressed it on the stone tablet, Lu Ming's true yuan input.

Buzz!

After a while, seven silver lights flashed out.

"enough!"

Lu Ming put away Zhenyuan.

The seven silver rays represent the cultivation of the spirit seven.

In this way, it should be foolproof, surely you can be admitted!

"Sevenfold spirit tire!"

The old man in that spirit realm's eyes lit up.

The people who come here to register are generally some small forces, and the cultivation base is not too high. The cultivation base is too high. Generally, they will not join the Emperor Dragon Guard.

"Yes, Not Bad!"

The spirit **** realm nodded.

The test continues.

Soon, the test has been completed. Lu Ming found that there are three people who reach the seventh weight of the spirit fetus, and only one person has the eighth weight of the spirit fetus, and then there is no more.

This made Lu Ming touch his nose, is it too prominent?

"Okay, the test is over, and the top two hundred, you will temporarily stay in the military camp, a few days, waiting for our news."

The spirit **** old man ordered.

Those who are not in the top two hundred can only sigh and leave.

Lu Ming and others were being taken with them to arrange the room.

In the next few days, Lu Ming stayed in the military barracks while practicing, while waiting for news.

Three days later, after the news came down, Lu Ming was admitted and officially became a member of Huanglongwei.

"The four of you are very good. The old man temporarily assigned you the position of the secondary flag. You will perform well in the future. The rise is not a problem. Also, the position you need to guard has been arranged. You will be notified after a while. !"

The Spirit God Elder announced that he gave them a token, representing the token of the Vice Banner.

The "flag" in the Emperor's Dragon Guardian means official position.

There are five hundred people under one flag. The main flag can command the five hundred imperial dragon guards. The vice flag is not too small.

This is because they cultivated to be advanced, and strength is everything no matter where they are.

Soon, someone sent a robe representing Huang Longwei for Lu Ming, and they sent a message that they wanted to guard their position.

Their four flags are naturally separated.

"Guardian of the Eighth Prince!"

Lu Ming's eyes moved. His temporary duty was to protect the Eighth Prince.

This made Lu Ming have something strange in his eyes, because as far as he knew, wasn't the eighth prince Xie Zhen?

Wasn't it Xie Zhen when he went to Kowloon City to take Xie Nianqing away?

"It's really a coincidence, just from Xie Zhen, inquire about Xiaoqing's news!"

There was a smile on Lu Ming's mouth.

The two hundred people they joined together, and more than thirty people, were separated from Lu Ming, all guarded by the Eighth Prince, and they gathered together.

Soon, a thin man in his forties came to Lu Ming in front of them.

"I am your general banner, called Shi Fang. In the future, you will follow me. Now, go with me and go to the Eighth Prince's Mansion!"

The eyes of the thin and slender man swept around them, especially staying on Lu Ming, flashing a cold light.

"This historical side seems to be hostile to me, but this is the first time I saw him, strange!"

Lu Ming frowned slightly, thinking to himself.

The palace of the eighth prince, in the inner city, is very wide, like a mountain village, with a radius of a hundred miles.

These emperor dragon guards cannot directly enter the palace of the eighth prince, but live in a military camp outside the palace.

In the military camp outside the Eighth Prince's Mansion, Lu Ming and others gathered, and Shi Fang stood on the general platform, standing high, looking down on everyone, and his face was indifferent.

"I will tell you something now. The first important point of Emperor Dragon Guardian is to obey orders and protect the safety of the people in the royal family with life!"

"Also, I tell you, the Emperor Dragon Guardian, the master is like a cloud, some of you don't have to rely on some strength, you can be proud. The Emperor Dragon Guardian is stronger than you, I don't know how much, just casually Come out, you can suppress you, you understand?"

After speaking, Shi Fang's eyes swept over Lu Ming.

Chapter 1093: Fee

Lu Ming frowned. He always felt that Shi Fang said these words against him, but he had never seen Shi Fang before. Why did Shi Fang Lao target him?

Could it be that this Minglu offended Shi Fang before?

Lu Ming thought to himself.

After Shi Fang finished speaking, he turned around and left, and then someone arranged accommodation for them.

Lu Ming is the deputy flag, there is a small courtyard, and there is also a person who lives in Lu Ming's other courtyard to help Lu Ming start.

This man, also a newly joined Emperor Longwei, looks in his fifties and looks quite shrewd, called Sun Lin.

"Master Qi, you must be careful!"

When he came to the other court, Sun Lin reminded.

"Oh? What do you mean?"

Lu Ming asked.

"Master Fuqi should be able to feel that Shi Zongqi speaks, in fact, a lot of words are for you, Master Fuqi."

Sun Lindao.

"Oh? Do you know why?" Lu Ming asked, he was also curious.

"Senior Vice Admiral has just arrived. I probably don't know the rules of Huanglongwei. In Huanglongwei, everything speaks with strength. Those with strong strength can continue to rise as long as they make credit."

"Senior Vice Lord, your cultivation base is the seventh heavy spirit, and Shi Fang General Banner, the cultivation base is the sixth heavy talent, and your cultivation base is higher than him."

Hearing this, Lu Ming's eyes lit up and said, "You mean, Shi Fang worried that I would threaten his position!"

"Vice Banner Master is wise. The reason why Shi Fang can have the position of General Banner is because he has an elder brother who is the personal guard of His Royal Highness the Eighth Prince, so he can achieve the position of General Banner and command the five hundred imperial dragon guards, And before, the people with this flag had the highest spirit weight, so Shi Fang made this general flag very well, but Lord Fu's cultivation was higher than him, as long as Lord Fu Qi made some credit. It is normal to surpass or even replace Shi Fang. Therefore, of course, Shi Fang will not have a good complexion for adults, and he may not even move in the dark.

Sun Lin explained.

Lu Ming smiled, it turned out to be the case.

But he didn't pay attention to it either. With a history square, he could suppress it with one finger without having to pay attention to it.

After a few words, Lu Ming entered the room, sat cross-legged, and began to comprehend the mood of the world.

Previously in the mysterious realm of the Holy Palace, Lu Ming devoured a lot of powerful artistic runes. Not only did he get a breakthrough in cultivation, he also made progress in the artistic conception of the world.

His artistic conception of thunder and zephyr broke through to the fourth level of Xiaocheng respectively, and with the artistic conception of fire, there are already three types of artistic conception reaching the fourth level of Xiaocheng. Now, he is fully aware of the artistic conception of the earth and water.

For the first two days, nothing happened.

Huang Longwei, when it was normal, was still very busy.

After all, they are warriors. They don't have to patrol like ordinary people. When they are usually okay, they just need to practice with peace of mind. Only when there is something wrong, they will be dispatched.

On the evening of the third day, Lu Ming heard the movement outside and ended his cultivation, opened the door and went out.

There are two people in the yard, one is Sun Lin and the other is a skinny monkey middle-aged.

At this time, Sun Linzheng ugly took out a storage ring and handed it to the thin monkey middle-aged.

The middle-aged skinny monkey took the storage ring and saw Lu Ming, hehe smiled, and came over and said, "Are you the clear road?"

"Not bad!"

Lu Ming said.

"Just right, I'm looking for you. Since you have joined the Emperor Dragon Guard, Shi Fang General Banner will take care of you in the future, let you maximize the benefits, and have a good life, but Shi Fang General Banner can't do nothing, you Always mean something, get it?"

The skinny monkey middle-aged reached out and squeezed his fingers, hehe smiled.

Lu Ming raised his lips, he understood that the thin monkey was sent by Shi Fang to collect the benefits.

Needless to say, every new member will be patronized again.

Really greedy.

"Speak, how much?"

Lu Ming said.

"You are the deputy flag, the position is high, of course, the more you pay, the other people are 50,000 original stones, you give 200,000 original stones!"

The thin monkey smiled.

"Five thousand? Two hundred thousand?"

The smile in Lu Ming's mouth became stronger.

Really ruthless, the average person needs 50,000 original stones, which is definitely a huge burden for an ordinary spirit-born warrior.

For him, the opening is 200,000.

This is 200,000 original stones, but it is not a small number. It is difficult to get the general spirit womb.

It's a lion's mouth.

"Unfortunately, I don't have so many rough stones, so please come back!"

Lu Ming said lightly.

"No? Don't you fooling me, you are a warrior with seven heavy spirits, and all your belongings, will there be 200,000?"

The middle-aged skinny monkey sneered.

"Oh? Even if I have 200,000 in all my belongings, but they are all given to you, what kind of cultivation do I take?" Lu Ming said.

"I don't care about this. It's your own business. If you can't get it out, it's best to get out of the Emperor Dragon Guard early. Otherwise, you will not know how you die in the future without the blessing of Master Banner."

The skinny monkey's middle-aged complexion threatened.

"Ha ha!"

Lu Ming was really smirked and said, "I need Shi Fang to bless me. That spirit fetus has sixfolds to bless me? It's ridiculous. Okay, let me go right away. Otherwise, I will throw you out!"

"Bold, you dare to laugh at Master Banner Master, you are so bold, you are looking for death!"

The thin monkey yelled in middle age.

"roll!"

Lu Ming suddenly screamed, stepped out, and the terrible breath burst out, pressing on the thin monkey middle-aged body. The thin monkey middle-aged was struck by lightning. .

"The surname is Ming, you wait, you are dead!"

The skinny monkey middle-aged ran away staggeringly, with a grudge on his face, running away in a blink of an eye.

"Master Fuqi, if you offend him like this, I am afraid that Shifang will be here in a while, hey!"

Sun Lin sighed, worried.

"Just jump the clown, what are you afraid of?"

Lu Ming said casually.

"Shi Fang is nothing? But his elder brother, but the eighth prince's personal guard, a strong spirit and a heavy power!"

Sun Lindao, a trace of terror appeared in his eyes.

It is no different than the killing of an ant by a strong person in Spiritual Realm.

"Oh!"

Lu Ming let out a faint sigh, his face calm, and he sat down on the stone bench in the courtyard as if nothing had happened.

Sun Lin was worried all over.

After a while.

boom!

The door of the courtyard exploded, and Shi Fang walked in with a few cronies and a somber face.

"Ming Lu, you hurt other Huanglongwei for no reason, I doubt you have ulterior motives, and have not knelt down to lead the crime!"

Shi Fang shouted and directly detained a crime on Lu Ming's head.

Lu Ming glanced at Shi Fang lightly and said, "It's a fool, give you three breathing time, get away!"

"Bold, you dare to commit the following crimes, plus one more crime, when the repair behavior is abolished, expel Huanglongwei!"

Shi Fang shouted.

"Oh, Shi Fang, can you give it a try?"

Lu Ming smiled faintly.

Chapter 1094: Get out

"Huh, do you dare to resist?"

Shi Fang said in a deep voice.

He didn't believe that Lu Ming dared to resist. His oldest brother, but the powerful one of the spirit god, the personal guard of the eighth prince, if Lu Ming dared to fight him, he would find death.

Moreover, he and his elder brother learned a rather powerful martial art, and his own talent is not bad, even if Lu Ming's cultivation is one heavier than him, he really is not afraid of a battle.

Lu Ming did not answer Shi Fang, but stood up and walked towards Shi Fang, saying: "The three breaths have passed, it seems that I am the only one who has thrown you out!"

"Bold, you really dare to do it to me, everyone shot together to suppress this person!"

Shi Fang snorted, and his breath burst out, slamming toward the landing.

On the side of Shi Fang, the other three also shot together, and the breath broke out, which was actually the cultivation of the sixfold spirit.

These people, the strongest in this flag, usually look forward to the history.

The four people joined forces, and the momentum is still not weak, but in Lu Ming's eyes, it is no different from playing with children.

bump! bump! ...

Lu Ming kicked out.

The moment the kick kicked out, it turned into four legs.

bump! bump! bump! bump!

Four people in Shi Fang, all the attacks turned into bubbles under Lu Ming's legs, and Lu Ming's foot soles were directly printed on their faces.

Four screams, the four of Shi Fang flew out of the courtyard like four artillery shells. The screams were remembered in the night sky, and then they grew farther and farther, not knowing how far they had flown.

On the field, there was the skinny monkey who didn't leave in his middle age. At this time, his eyes were almost stunned, his body was trembling, and his face was pale, which was scary.

He did not expect that Lu Ming was so brave that even Shi Fang dared to fight.

The key is that what he did not expect is that Lu Ming not only dared to fight, but also had such a strong combat power, he kicked the four of Shi Fang on one foot.

Although Lu Ming was higher than Shi Fang by four people, Shi Fang had four people, but he had no resistance at all. It can be seen that Lu Ming's combat power is stronger than that of ordinary spirit tigers.

At this moment, he looked at Landing in horror.

"roll!"

Lu Ming scolded.

"Yes, yes, I will go!"

The lean monkey is about to leave when he turns around.

"I asked you to get away, not to let you go!"

Lu Ming said coldly.

"This..."

The middle-aged skinny monkey is pale.

"It seems I want to do it myself!"

Lu Ming looked cold.

"No!"

The skinny monkey was almost scared of urine in his middle age. He could only lie on the ground in humiliation, rolled out of the yard, and then got up and ran away.

"This... Master Qi, you offend Shi Fang like this, I'm afraid he won't give up!"

Sun Linman was worried.

He was not worried about Lu Ming, he was afraid that he would be implicated by Lu Ming.

"What are you afraid of?"

Lu Ming said casually, and then went back to practice.

With a wave of hands, a lot of bottles, jars, iron boxes, and hundreds of them appeared in the room. These were all obtained from the holy palace in the secret realm of the holy palace.

Lu Ming did not check it before.

"This is the Alchemy Pill!"

Lu Ming took a look at those jade bottles and was overjoyed.

Those jade bottles are actually alchemy pill.

The refining pill is made by refining the fruit of refining the gods from the main materials. The spirit fetus is often taken regularly, which can greatly increase the chance of breaking through the spirit.

Here, there are dozens of jade bottles, all filled with refining magic pill.

There are nine of each jade bottle. At least there are hundreds of magic alchemy here.

Then, Lu Ming looked at other things again.

Many other medicines are immortals. They are all very precious immortals.

Others are all kinds of materials, which are very precious. Many Lu Ming couldn't name them, and Lu Ming collected them one by one.

Finally, with a thought, a fiery red tower appeared.

Emperor Spirit Soldier!

As soon as the fiery red pagoda appeared, it shook slightly, as if to leave, but Lu Ming Zhenyuan diffused out and enveloped the pagoda.

"The Emperor Spirit Soldier, if I refine, I will definitely enhance my strength, but I want to refine it, I am afraid it is not that simple, and with my current cultivation practice, even if it is refined, I am afraid it will not exert much power, Still waiting for the rest of the day to be idle and refining!"

Thinking of this, Lu Ming put away the small tower again.

Then take out the refining pill and refine it to condense the spirit god.

Time passed slowly. Tonight, there was no movement, and the next day, during the day, there was no movement.

On the second night, Lu Ming moved.

He asked Dandan to engrave a convergent formation for him, his body pierced the void like a ghost, and went to the mansion of the eighth prince Xie Zhen.

Lu Ming intends to enter Xie Zhen's mansion to see if he can hear some information about Xie Nianqing.

The Eighth Prince's mansion was naturally guarded by Emperor Longwei, but with Lu Ming's current cultivation practice and the formation of the aura of convergent breath, these Emperor Longwei could not find him at all.

The palace of the eighth prince is very large, the palace is heavy, and the water pavilions are very wide.

Lu Ming's spiritual consciousness emanated and looked around. After a while, Lu Ming's eyes lit up and his body moved, appearing above a palace, the spiritual consciousness swept out, and the situation below the palace was directly printed in his mind, more than his eyes. What you see is also clear. This is the wonder of spiritual consciousness.

Below, in a room, two figures are discussing things.

One is Shi Fang, and the other, in his fifties, is burly and majestic.

"Brother, you must avenge me. The new deputy flag is so arrogant that even I dare to fight and make it clear that I will not give you a face!"

Shi Fang cried.

This man in his fifties is the personal guard of the eighth prince, a strong man with a heavy spirit.

However, Lu Ming's current cultivation is to achieve the duality of the spirit god, how powerful is the spiritual **** of cultivation, and the spiritual knowledge is strong, can it be discovered by the other party?

"Okay, I know about this. This clear road is really bold, but I am the spirit **** realm, and the eighth prince's personal guard. If I shoot it directly, I am afraid that it will be criticized by others. So, I have a Method, get rid of him!"

Speaking of which, Shi Fang's eldest brother began to use voice transmission, and Lu Ming couldn't hear the others.

"Oh, I want to see, how do you get rid of me?"

Lu Ming sneered, then moved, and left here to find the residence of the Eighth Prince.

Soon, in the depths of the mansion, Lu Ming finally found the Eighth Prince.

The eighth prince, indeed, is Xie Zhen. After a few years, Xie Zhen has matured and his cultivation base has become stronger.

At this time, Xie Zhen was high up, sitting above a hall, and below, a few people were kneeling there, reporting things to him.

bump!

Xie Zhen suddenly slapped the table and sneered, "What? It failed again, it's a waste!"

"Eight princes and sixteen princesses are in the Nine Serpent Demon Realm, but their talents are too high, and their cultivation progress is too horrible. All the people we sent were killed by her!"

Answer alone.

Chapter 1095: News from Xie Nianqing

"Princess Sixteen? Xiaoqing?"

Lu Ming's heart moved, and his cold murderousness suddenly appeared in his eyes.

Listening to what I said just now, Xie Nianqing is in the Nine Nether Demon Realms, and Xie Zhen also sent someone to kill him.

At this moment, Lu Ming's killing was extremely rich.

But in my heart, a big rock also landed. At least, Xie Nianqing was fine and alive.

"Hum, I really don't know what the father emperor thinks. A strange person, a **** maid, the father emperor did not kill her directly, or suppress her directly in the magic flame of the Nine Ghost Demon Realm, but just just It's really cheap for her to be held in the Nine Serpent Demon Territory and let her fight with the monster!"

Xie Zhen's face was sullen and his voice was cold.

"Eight Prince, what should I do next?"

One of them asked.

"This **** hates me for getting into my bones. If I let her live, my heart is always upset!"

Xie Zhen said with a cold face.

"The eighth prince, in my opinion, don't worry, Her Majesty did not kill her. Most of them were in the love of father and daughter, but after all, the sixteenth princess is alien, and it is a taboo of my family, even if His Majesty If you don't kill her, you won't let her out of the Nine Nether Domain. Most of her life will be spent in the Nine Nether Domain!"

Below, humane.

"That being said, the talent of this **** is too high. She will not die for a day, and I feel very uneasy!"

Xie Zhen said calmly.

"Eight Prince, do you want to continue sending people?"

"Let's say that after a while, there are less than two months before the million-year national festival. During this time, the father and emperor did not continue to retreat, and they were very concerned about things big and small. The Wannian National Festival, before sending masters into the Nine Ghost Demon Realm, they must be killed in one fell swoop!"

Xie Zhen eyes gloomy.

Creak!

Lu Ming held it tightly with his palm, and the killing on his body was almost beyond his control.

"Who?"

But it was only leaked a little bit and was sensed by a master.

Uh!

Lu Ming moved, and left here, suddenly appeared hundreds of miles away, and returned to the dormitory.

He really wanted to slap Xie Zhen with a slap, but he knew that it wasn't the right time. He still had to find a way to find the entrance of the Nine Nether Demon Domain. He had to find a way to save Xie Nianqing. Now that Xie Zhen is killed, he will definitely kill the snake.

Xie Zhen can only live for a while now, but Lu Ming vows to kill Xie Zhen sooner or later.

Next, Lu Ming would take time out to wander around every day, trying to find out the news of the Nine Nether Demon Realm, but unfortunately, he found nothing.

Lu Ming guessed that the Nine Nether Demon Domain is likely to be a plane and a secret realm, and the entrance may be somewhere in the palace.

In addition to going out for inquiries every day, Lu Ming is refining and refining the Divine Pill, as well as comprehending the artistic conception.

The alchemy pill can not directly improve Lu Ming's cultivation practice, but it can make the spirit **** more and more condensed, and the spirit knowledge will become stronger and stronger.

The stronger the spirit, the greater the help for future cultivation.

Three days later, Lu Ming was practicing, and Shi Fang came again.

Lu Ming walked out of the room, looked at Shi Fang lightly, and said, "Why? Want to be beaten again?"

"Humph!"

Shi Fang looked ugly and sneered, saying, "I'm here to inform you that there is a task. The eighth prince is going to go hunting at Beast Hill, we need to go together, let's go!"

"Okay!"

Lu Ming smiled and strode out.

Shi Fang looked at Landing Ming's back, and a cold smile appeared on the corner of his mouth.

Huanglongwei assembled and followed Xie Zhen to head towards Beast Mountain.

Beast Mountain, an endless mountain range, in which there are countless fierce beasts, this is a royal hunting ground, specially for the children of the Xie family.

The children of the Xie family often come to the Beast Mountain to hunt. In fact, they enter the Beast Mountain and fight with the fierce beasts.

Outside Beast Mountain, there is a huge barracks, shelter, and special guards.

"Shi Fang, you lead Emperor Longwei and follow me into the mountain, but you don't need to protect me. You guys scatter and hunt. We are more than one, see who killed more fierce beasts, how?"

Looking at the Beast Mountain from afar, Xie Zhen was very angry.

"Eight Prince, how can we compare with you?"

Shi Fang showed a flattering smile.

"It's okay, there are also masters in the Emperor Dragon Guard, you try your best to compare with the half-prince, the outstanding performance, this prince has a reward!"

Xie Zhen laughed.

"Okay, then I will bring them together!"

Shi Fang bowed again and again.

"Let's go!"

Xie Zhen waved his hand and flew towards the Beast Mountain first.

Shi Fang and others also flew towards Beast Mountain.

"Do you want to get rid of me at Beast Mountain?"

Lu Ming thought to himself.

He guessed that Shi Fang's elder brother might shoot him at Beast Mountain.

Lu Ming sneered in the corner of his mouth. If the other party was killed, he wouldn't mind sending the other party.

Flying into the Beast Mountain, the crowd dispersed.

Lu Ming flew towards the depths of the Beast Mountain boredom.

The fierce beasts outside the Beast Mountain are of low grade. Some king-level and Linghai-level fierce beasts see Lu Ming. As long as Lu Ming glares, these fierce beasts run away.

Going all the way, after half an hour, no one started.

"Don't do it yet?"

Lu Ming muttered, sitting cross-legged on a very obvious boulder, and waited.

After a full two hours, no one had dealt with him.

"It seems I guessed wrong, they are not here to do it!"

Lu Ming felt a surprise in his heart.

"Forget it, it is estimated that Xie Zhen's hunting is about to end, so I will kill as many as I want!"

Lu Ming flashed, rising into the sky.

Quack! Quack! ...

After a while, a chirp sounded, and a group of silver eagles flew by. Upon seeing Lu Ming, more than a dozen yells rushed to the landing clan.

"It's you!"

Lu Ming flicked his fingers, and a long spear spun out and shot towards the silver eagle.

Puff...

Five silver eagles were shot through by the guns, while the remaining eagles were frightened and screamed several times and fled.

Lu Ming did not pursue, and Zhenyuan rolled up five big eagles and flew towards the barracks.

These five big eagles are equivalent to the eighth weight of the spirit fetus, which is almost enough.

The military camp, Xie Zhen and others have returned. On the ground of the military camp, there are fierce beasts of different shapes.

"The eighth prince is really powerful. In just a few hours, he hunted three spirit fetuses with eight heavy weights and three spirit fetuses with seven heavy spirits. The eighth prince is worthy of being a genius, the villain admires!"

Shi Fang stood in front of Xie Zhen and slap past him.

"This is nothing, you can practice well, you can!"

Xie Zhen humbly said, but his face was proud, but he could not hide it.

His cultivation practice is that it is six heavy spirits, and it can be hunted to kill three spirits with eight weights and three spirits with seven weights in the beast mountain of Nuo Da in less than three hours. Record.

Ok?

Suddenly, Shi Fang's eyes looked at the horizon, and he saw that Lu Ming dragged five silver carvings and flew back.

Chapter 1096: Reasons to do it

Throw it casually, throw the five big eagles on the ground, and make the ground shake slightly.

"This is a silver sculpture, all five are silver sculptures, so amazing!"

"And five of them are silver sculptures with eight heavy spirits. Ming Fuqi's strength is so powerful. In less than three hours, it is amazing to be able to hunt five silver sculptures with eight heavy spirits!"

As soon as Lu Ming came back, there was a burst of exclamation, and there was a lot of discussion at the scene.

Although Lu Ming hunted only five monster beasts, they were all eightfold spirits, and they surpassed Xie Zhen in value.

This made Xie Zhen look somber.

Around Xie Zhen, Shi Fang's elder brother's mouth sneered.

"Shi Fang General Banner, who is this?"

Xie Zhen asked.

"The Eighth Prince, this is the new deputy flag, named Ming Lu, and the sevenfold cultivation of the spirit fetus!"

Shi Fang answered.

"Oh, it turned out to be the new deputy flag!"

Xie Zhen's eyes turned to Lu Ming. When Lu Ming saw him, he just clasped his fists at random, without any trace of respect, and felt even more upset.

Xie Zhen strode towards Landing Ming and said: "Ming Vice Banner has amazing fighting power. The prince admires it. The half-prince likes the most powerful man. Ming Vice Banner, the prince is itchy. How about playing with the prince? "

"Play?"

Lu Ming raised his mouth slightly.

"Yes, play with me, show your full strength, don't keep your hands, rest assured, you can't hurt this prince!"

bump!

Xie Zhen said, strolling up, his body radiating a strong golden light, his breath was great.

He was awakened by the god-level fifth-level bloodline, with strong combat power. The general spirit-born Sevenfold Warrior is not his opponent at all, so he is full of confidence.

On the edge, the others spread apart.

Shi Fang glanced at his elder brother, his face sneered.

"Shoot!"

boom!

Xie Zhen punched and drove towards the landing. The golden fist screamed and screamed to the landing.

In Lu Ming's hands, a spear was condensed, and Ming Lu came from the Hei Qian Zong, using the spear.

Uh!

The spear shook, the spear tip shook, stirred the clouds, and thrust towards Xie Zhen's fist.

bump!

Xie Zhen's fist was penetrated by a spear and collapsed.

"Ok?"

Xie Zhen's eyes narrowed, and a glimmer of opportunity flashed in his eyes.

boom! boom! ...

Then, on Xie Zhen's body, Jin Guang was more prosperous, and the fists continued to bombard, and the endless Jin Guang boiled, covering Lu Ming.

Lu Ming's spear shuddered, lit up flowers and bloomed in the air.

bump! bump! ...

The intensive collision sounded, and the fist and gun flower disappeared.

In Jiulong City, Xie Zhen's cultivation base was the seventh peak of Linghai. Now more than three years have passed. Xie Zhen is in an ancient holy dynasty, and his resources are definitely not small. It's really good. Generally, the heavy spirit is not his opponent, and he is going to be killed.

But he is facing Lu Ming, who has tried his best to suppress his strength.

After dozens of consecutive moves, Lu Ming failed to win, Xie Zhen's eyes, the murderous flash.

A tall, golden-clad man appeared above his head, standing 100 meters tall, holding a spear, and five golden chakras shining like a god.

Xie Zhenhua turned into a ray of light and fell into the body of Jin Jia Dahan.

"kill!"

The Jinjia Dahan shouted, and the golden spear in his hand exuded a dazzling light, and stabbed towards the landing.

The huge spear, with a terrifying roar, is extremely amazing.

"What a strong killer, this is to kill me!"

Lu Ming's eyes flicked, a glimmer of cold light flashed in his eyes. If he wasn't worried about playing the grass and frightening the snake, Lu Ming directly slaughtered Xie Zhen.

boom!

Lu Ming stepped on his feet, his body rose into the sky, and the condensed lance in his hand became very fast, and became a hundred meters long and ten meters wide. A shot was swept toward the golden armor.

boom!

Two spears bombarded together, and the entire barracks shook.

Jin Jia's body was shocked, and Lu Ming was shot back again and again.

Uh!

Lu Ming rushed straight over, and the huge spear slashed the Huashan Mountains, hitting it from top to bottom.

boom!

The spear slammed heavily on the gold armor, causing the gold armor to tremble, almost sitting on the ground, and then Lu Ming's gunfire changed, swept away, and slammed heavily on the body of the gold armor.

Jin Jia Dahan screamed, his body collapsed directly, reverted to Xie Zhen's appearance, spit blood and retreated.

"Bold, dare to injure the eighth prince, to death!"

bump!

Shi Fang's eldest brother, Shi Zheng stepped out, appeared in front of Lu Ming, a breath of spirit and spirit exploded suddenly, terrible pressure spread over the barracks, many people's faces changed greatly, and the pressure of the spirit **** realm was too strong. Many people tremble with cold sweats.

But Lu Ming was like a breeze breeze, without a slight feeling, and glanced at Shi Zheng at random, said: "The eighth prince just asked me to use all my strength, I just followed the eighth prince's order!"

"Dare to quibble, the eighth prince is a golden body, how honorable, you dare to injure him, the following commit, do not know the humble, and simply blame for death, I will abolish you now, put you in prison, good Introspection!"

Shi Zheng's eyes were cold, and there was a smug sneer on the corner of his mouth.

On the side, Shi Fang was more proud, watching Landing Ming fiercely.

Behind Shi Zheng, Xie Zhen's face was gloomy and ugly, and did not stop Shi Zheng.

As Shi Zheng said, Lu Ming dared to injure him, and he was guilty of death.

"Hahaha, it's ridiculous. The eighth prince personally ordered me to do my best. I just respected the command and exerted all my strength. I accidentally injured the eighth prince, but you took this shot against me. When the eighth prince's order is far? After that, who will listen to him?"

Lu Ming laughed, without fear.

He now understands that all of this is just the situation under Shi Zheng. Shi Zheng knows Xie Zhen very well and knows that Xie Zhen has a narrow mind. If Lu Ming and Xie Zhen compete, they will win or even hurt Xie Zhen.

Therefore, what happened today is that even if the beasts were hunted before, Lu Ming hunted no more than Xie Zhen, and Shi Zheng would also find a way for the eighth prince to discuss with Lu Ming.

Today, everything is smoother than what Shi Zheng had imagined. Lu Ming's beasts of hunting actually surpassed Xie Zhen. This made Xie Zhen unhappy with Lu Ming. He would directly fight Lu Ming himself. Good results.

Before the start of this war, Xie Zhen had already killed Lu Ming. If Lu Ming was ineffective, he was not Xie Zhen's opponent. I am afraid that Xie Zhen would be killed on the spot.

And if Lu Ming is more powerful than Xie Zhen, Xie Zhen's killing will certainly be heavier, and Lu Ming is also a dead end.

Therefore, whether Lu Ming wins or loses is dead.

"Bold, presumptuous, what do you count, you are insulting the eighth prince, you should punish the nine races!"

Shi Fang shouted aside.

Xie Zhen, the killer in his eyes is more intense.

A humble ant, dare to say this to him, should kill 10,000 times.

boom!

Shi Zheng's murderous air struck, and stepped out, the pressure of the spirit god, overwhelmingly squeezed towards the landing.

Chapter 1097: Transferred to law enforcement forces

"It seems that this identity cannot be used!"

Lu Ming's eyes were cold, and he planned to start directly, killing Shi Zheng, Shi Fang, and Xie Zhen together.

at this time--

"Haha, myna, what's the matter? So hilarious?"

A loud laugh came, and then there was a roar from the sky, as if there were thousands of troops running towards this side.

A cavalry, about hundreds of people, each person's crotch, is riding a fiery red horse. This horse is covered with fiery red scale armor, and there are two dragon horns on his head, and the flame is all over. Jumping, mighty.

This is a dragon horse. It is said to have the blood of a real dragon. A powerful dragon horse is not weaker than a dragon.

Hundreds of people, all riding a dragon horse.

Headed by a young man with a slender figure, wearing a fiery red armor, pedaling flaming boots, his hair scattered, his eyes glowed like electricity, and his breath was strong.

"Ten Princes!"

Many people exclaimed.

Rumble!

Ryoma stepped into the air and appeared over the barracks.

"Subordinates meet the tenth prince!"

Shi Zheng, Shi Fang and others hurriedly bowed to the heart of the tenth prince, showing awe in their eyes.

"Tenth Brother, why are you here?"

Xie Zhen looked a little ugly, looking at the young man in front of him, there was a trace of jealousy in his eyes, and some awe.

The tenth prince Xie Yan is a peerless arrogance. Among all the children of the sage emperor today, they are among the best in existence. It is a second-class arrogance in the epicenter of the epicenter, cultivated to be powerful, and now it is based on the spirit of God. The status of the ancient holy dynasty was not comparable to Xie Zhen's, and it was a thousand miles away.

In the royal family, Xie Yan is second only to Xie Nianjun.

"Starling, if you can come to hunt, I can't come? What are you doing? It seems to be working on you, what the **** is going on? You say!"

Ten prince Xie Yan pointed to one of the emperor dragon guards and ordered.

The tone is high, no doubt.

The Emperor Longwei didn't dare to be negligent or concealed, and told the story about it.

"Haha, that's what it is, my brother, you are getting less and less advanced, even a side banner with seven heavy spirits has been beaten, but you can't beat it. If you say it's a good match, if you fail, you have to kill others. If things go out, don't I, the Holy Royal Clan, want to be laughed at?"

Xie Yan said faintly.

"Haha, my tenth brother misunderstood. I didn't mean to kill him. It was Shi Zheng's guard who saw me injured and was worried before he stopped me. Everything was misunderstood!"

Xie Zhen's face changed for a while, and then he smiled ugly.

"Really? It turned out to be a misunderstanding, but it's a double flag. It has a good fighting ability, but it's only one heavier than the starling. It can easily crush the starling. It's a personal talent!"

Xie Yan smiled.

Xie Zhen's fist squeaked, and he was so angry that he took a deep breath and calmed himself down, showing a smile: "Yes, this Minglu sub-flag's combat power is indeed good, so I plan to put When he was transferred to the law enforcement army, the national festival was just about a million years old. The holy city must be very chaotic when the law enforcement army was hired!"

As soon as these words came out, Shi Fang and Shi Zheng's eyes flashed with a sneer.

Others looked at Lu Ming, showing a pity.

Lu Ming's heart moved, what do these eyes mean?

"Haha, he's the man of yours, and you can leave as you plan!"

Xie Yan smiled, and with four hundred cavalry, he walked towards the Beast Mountain.

After Xie Yan left, Xie Zhen's face gloomed down and glanced coldly at Lu Ming, said: "Ming Vice Banner, go back and wait, the order will come down soon, you go to the law enforcement army, be a leader, With your combat power, it's almost there!"

As soon as this remark came out, the other people's faces were even more weird.

"And, you, join him with the law enforcement forces."

Then, Xie Zhen pointed at Sun Lin.

thump!

Sun Lin's face changed wildly, then he fell down on his knees with a thump, bowed his head, and screamed: "No, the eighth prince, I beg you, no, don't call me to the law enforcement army, I just go with him Live, don't know him!"

"Huh, do you want to violate the order of the prince?"

Xie Zhen's eyes were cold.

Sun Lin looked pale and froze there.

"go!"

Xie Zhen rose into the air and returned to the mansion. The others quickly followed.

"Hey, Ming Lu, I really want to be killed by you!"

Sun Lin sighed a long time, and looked sad.

"What's going on? Why don't you want to join the law enforcement army, the law enforcement army, listen to the name, it should have great power!"

Lu Ming asked curiously.

Many Sects have Law Enforcement Halls, and Law Enforcement Halls have great powers. Everyone is in awe of the replacement of Sect Enforcement.

Why did Sun Lin seem to be afraid to enter the law enforcement army, and others heard Xie Zhen want to transfer Lu Ming to the law enforcement army, looked at him pitifully, making him somewhat inexplicable.

"Hey! You don't know. The law enforcement army has really great power, but now, this power is useless."

Sun Lin sighed and continued to explain: "The Law Enforcement Army is the law enforcement agency of the ancient holy dynasty, which is specifically responsible for the law enforcement of the entire holy city and maintains the law and order of the holy city. No matter who it is, no matter which forces, they commit crimes in the holy city. If something happens, the law enforcement forces will be dispatched to carry out law enforcement.

Lu Ming nodded. Isn't this powerful?

"If it were placed 30,000 years ago, the ancient holy dynasty would dominate the world, and the world would be intimidated. At that time, the law enforcement army was indeed afraid of everyone, and its power was monstrous. Everyone wants to join the law enforcement army, as long as they join the law enforcement army, everyone will be afraid of you!"

"But by now, the strength of the ancient dynasty was weak, the emperors were seized, and the strength of each one was monstrous. The position of the law enforcement army was very embarrassing."

"For example, if the disciples of big powers committed something, would the law enforcement army do it or not? If you don't do it, the law enforcement army represents the face of the ancient holy dynasty. As a result, the royal family may blame because they lost their face. But if you do it, those powerful forces will put pressure on the royal family. The royal family will be pressured and will often hand over the law enforcement forces to calm down the anger of the other party. In this way, who is willing to go?"

Sun Lin explained.

Lu Ming suddenly realized that he understood.

The main reason is that the strength of the ancient holy dynasties is now weak, and they dare not offend those big forces.

Then, the power of the law enforcement army is basically useless, because if you don't do it, you will lose the face of the ancient dynasty. If you do it, those powerful forces will be powerful, which in turn will put pressure on the law enforcement army. Instead, it will become a scapegoat and scapegoat.

Whatever is done is wrong, and everything is done by letting yourself jump into the fire pit. No wonder everyone else looked like that when he heard that Lu Ming was transferred to the law enforcement army.

"Hey, once transferred to the law enforcement army, it is almost over, and the million-year national festival is coming. When the holy city gathers, the great forces of the entire Shenhua Continent will gather. It must be very chaotic. What should the law enforcement army do? One!"

Sun Lin sighed, his face glooming up.

Chapter 1098: A group of poor ghosts

Three days later, the transfer order was formally issued, and Lu Ming was transferred to the law enforcement army as the leader, leading a team of 100 people, followed by Sun Lin.

Lu Ming took the transfer order and set off with Sun Lin.

Lu Ming is nothing. For him, the law enforcement army is better, more free, and can walk around in the holy city, so that he can surely hear more news.

Sun Lin, however, is listless and has a gloomy expression.

Soon, the two came to the law enforcement hall where the law enforcement forces were stationed.

There are many law enforcement halls in the Holy City, a team of 100 people, led by a leader, stationed in a law enforcement hall, responsible for law enforcement tasks in a certain area of the Holy City.

Lu Ming is the leader of this team of law enforcement, mainly governing an area in the northeast of the holy city.

As soon as Lu Ming walked in, he saw only a few figures sitting listlessly in the law enforcement hall, but did not see others.

After seeing Lu Ming, they just glanced at Lu Ming at random, and continued to sit listlessly.

Lu Ming frowned and said, "How many of you, what about the others?"

One of them glanced at Lu Ming and said, "Who are you? Dare to break into the law enforcement hall without permission, do you know that it is a big crime?"

"I am the new leader, I ask you, what about the others?"

Lu Ming took out a token and snorted.

"Newcomer?"

The eyes of those people suddenly lighted up, greedy and blazing with fire, as if all of a sudden, they got up and got up.

Then, a person shouted: "The new tune brings a leader, the brothers come out, and have money to spend!"

The sound spread far away, the sound just fell, and the sound of breaking the sky reminded me that there were eight or ninety people rushing out of each room and from the law enforcement hall.

As soon as these people appeared, they stared at Landing Ming and Sun Lin one after another, their eyes fiery, just like a big man who had been hungry for decades, and saw a peerless and enchanting beauty.

"Haha, another hapless tune is here, still the leader, just right, take out all the original stones and treasures on your body and share them with the brothers!"

A strong man like an orangutan stepped out, his muscles protruding, his gaze fierce, and he stared at the land.

"Hey, it's just a Sevenfold Warrior of spirit spirits, so I'm transferred to be the leader. I really don't know which offense is offended, but no matter who you offend, since you come, hand over the original treasures!"

An old man with gray hair in his sixties sneered.

"Haha, get the original stone, brothers go to eat and drink first, how about enjoying it?"

"That's for sure, his mother, I haven't enjoyed it for a long time!"

Others are also noisy. You said it to me, watching Landing Ming, it was like looking at a piece of fat.

Sun Lin was pale, and Lu Ming was dumbfounded.

This is the law enforcement army? This is the law enforcement hall?

Lu Ming almost thought that he had come to the robber den. These people actually wanted to rob him and looked closely. This is the law enforcement hall.

"Are you going to rob me?"

An inexplicable smile appeared on Lu Ming's face.

"If you understand this, you can, hurry up, otherwise my fist will be itchy!"

The brave man, like a chimpanzee, stared at the land badly.

The smile on Lu Ming's mouth was thicker, his eyes swept, and said, "Since this is good, now, I will rob and hand over your storage rings!"

"What? What do you say?"

As soon as Lu Ming's words came out, the audience calmed down, watching the landing sounds one after another dumbfounded, and after a while, everyone burst into laughter.

"Haha, I heard that right, this seven-year-old boy with spirits, actually want to rob us?"

"Who does he think he is? He really regards himself as a leader? It's not like we are unlucky, offending people who shouldn't offend!"

"It's ridiculous!"

bump!

The chimpanzee man stepped out in one step, the breath of his body came out violently, and his big hand waved to the landing song.

This person's cultivation is complete, and the spirit is perfect. Among these people, he belongs to the top level.

"Look at what you have?"

The chimpanzee man showed a ferocious look.

Lu Ming's eyes were cold, and he stretched out a hand, grabbed the chimpanzee's wrist with lightning, and Zhenyuan burst out, grabbing the chimpanzee's man and flicked it.

boom!

The chimpanzee big man was like a sandbag, hitting the ground heavily, so that the entire law enforcement hall was shaken violently. If the law enforcement hall was inscribed with a powerful formation, I am afraid that the whole burst.

The chimpanzee slammed on the ground and screamed. His whole body, his real element, was very fragile in Lu Ming's hands, and was completely dissipated by Lu Mingzhen. At this moment, he was like a scatter, and he didn't have any energy at all. And wailing on the ground.

The audience was suddenly quiet, watching the landing sounds with some horror. The chimpanzee had a perfect cultivation of the spirit fetus, but he was beaten by one stroke without resistance. How could this be possible?

"Brothers shot together, this man has a strong combat ability, there must be a lot of oil and water on his body, shot!"

The gray-haired old man shouted loudly. Eighty or ninety law enforcement troops shouted, and a swarm of bees rushed towards the landing.

bump!

Lu Ming stepped on his foot, his body rushed past like a streamer, and slap out.

Snapped! Snapped! ...

In the law enforcement hall, I remembered the rapid slaps and wailing, screaming, mixed together.

In less than a minute, eight or ninety law enforcement troops fell to the ground everywhere in the law enforcement hall, wailing on the ground, their faces bulging high and miserable.

Sun Lin stared dumbfounded at the scene, with a mouth open to swallow a duck egg.

Lu Ming, is this the practice of the Sevenfold of Lingtai? This is too powerful, right?

In this team of law enforcement forces, there are five or six spirit tires that are complete. Others, at least, are masters of four or more spirit spirits, but within a minute, they were completely laid down by Lu Ming. They are as vulnerable as babies, which is too scary Too.

He felt that his head couldn't turn around.

"Dare to fight with Lao Tzu to find death!"

Lu Ming snorted coldly, and now Lu Ming is an image of a big-faced, big-faced, big-faced man. At this time, when he glared, he was quite powerful.

The palm of the hand was empty, and the true element burst out. All the storage rings on the fingers of the law enforcement army were sucked over by Lu Ming.

If you want to rob him, be prepared to be robbed by him.

First of all, Lu Ming picked up the chimpanzee's storage ring and swept his mind, leaving him dumbfounded.

"This... are you too poor?"

Lu Ming stared at the chimpanzee, completely speechless.

In the chimpanzee's storage ring, there is almost nothing but a few spirit crystals.

Original stone, no!

Good spirit soldier, no!

Not to mention the precious immortals, the materials are empty, nothing, nothing.

This is anyway a perfect storage ring for the spirit, how can it be so poor?

Next, Lu Ming looked at the storage rings of others, many of whom were poorer than chimpanzees.

Lu Ming was stunned. This is too poor. These people, the lowest level of cultivation is the realm of the quadruple spirit, how can it feel poorer than some martial arts in the martial arts realm.

Chapter 1099: Forced law enforcement forces

Lu Ming has scanned dozens of storage rings in a row, all of which are similar. It is a terrible bet inside. It is not like a storage ring for a warrior with a weight of more than four.

Seeing Lu Ming's stunned look, the faces of the chimpanzee and the others showed embarrassment.

With a wave of his hand, all the storage rings flew back to the hands of the chimpanzee Dahan and others.

"Get up, don't pretend to die there!"

Lu Ming glanced, coldly.

Just now Lu Ming didn't start, he just broke up their real elements temporarily, and it didn't matter.

How to say, Lu Ming is now the leader of these people, and they can never be slaughtered as soon as they come.

The chimpanzee and other people climbed up from the ground one by one.

"The commander has a high combat capability, and the subordinates really admire it!"

Together, the chimpanzee man showed a simple smile, very different from the fierce color just now.

"Yeah yeah, the leader of the cultivator is unparalleled in the world, and we have been solved in two or three times. My subordinates have lived for so many years, and I see them for the first time."

The gray-haired old man was also a bit of a fart.

"The leader is invincible!"

"Command the mighty!"

Other law-enforcement troops also slapped one by one, Lu Ming's eyelids jumped, quite speechless, these, who are these people.

I had to rob him just now, and now it's really fast to change my face.

"Why are you so poor? There are no rough stones in the storage ring?"

Lu Ming asked curiously.

"Hey! Our law enforcement forces, bitter!"

"Commander, it's like this..."

Everyone, you say it to me and explain it to Lu Ming.

After listening, Lu Ming fell into contemplation.

The day of the law enforcement army was worse than Sun Lin said, and it was sad.

The law enforcement forces must enforce the law in the holy city and maintain the face of the ancient holy dynasty.

But now the ancient holy dynasty is declining again. Although it is also the hegemonic power, even the strongest hegemonic power, it is only a hegemonic power. It never had the strength to dominate the world, so it is a matter of scruples and needs. Have a good relationship with other forces.

Therefore, if those powerful forces have committed an accident, the law enforcement forces will not dare to actually capture and punish them, but they will have to protect the face of the royal family.

So in many cases, the law enforcement forces can only pay their own pockets and give gifts to the disciples of the powerful forces and those who have committed crimes, so that they can do well, and apologize in public, so that the law enforcement forces will naturally maintain the royal face. By the way, the person who committed the crime also admitted the mistake, and the matter was resolved in this way.

But these are all paid by themselves. Over time, these law enforcement troops are not poor, and it is no wonder that when they see Lu Ming's new arrival, they will come to rob.

Lu Ming is quite speechless. The law enforcement forces are too useless. The offenders are fine. They have to give each other benefits. This is unheard of.

"The law enforcement army, the world of law enforcement, replaces the law enforcement of the ancient holy dynasty. Unfortunately, the ancient holy dynasty has no such strength at all. In fact, the law enforcement army can be cancelled long ago, but the royal family has kept it for majesty, but there is no one at all. Willing to come, generally only offend the big guys, will be assigned here!"

The white-haired old man sighed.

Lu Ming finally knew why Xie Zhen transferred him to the law enforcement army, and he still led.

Now it is getting closer and closer to the National Festival of the Million Years. The gathering of people from all major forces is an eventful event. When one fails, Lu Ming will offend the person, and he will not know how to die.

And command, naturally the greater the responsibility.

"Xie Zhen, if you want to play, then have fun!"

Lu Ming raised a smile at the corner of his mouth, then waved a hand, and a storage ring flew towards the chimpanzee: "There are ten thousand rough stones here to buy some fine wine and food. When I first arrived, I invite everyone to eat and drink. There are many, You each buy a spirit soldier!"

These people are so poor that they even sold their spiritual soldiers.

"Ten thousand original stones?"

The chimpanzee took it and began to stun for a while, then exulted, saying, "Thank you, subordinates."

The others were also overjoyed, thanking Lu Ming, and then a group of people happily bought wine, food and spirit soldiers.

The food and wine that the warriors eat is different from ordinary people. They are powerful fierce beasts, monster meat, and spirit wine, which are very expensive.

Half a day later, the chimpanzee and other people bought a lot of fine wine and food. Eighty or ninety people divided into several tables and happily ate and drank. They have not eaten and ate so happily for a long time. At present, I am very grateful to Lu Ming.

The people chatted while eating and drinking.

Through chatting, Lu Ming learned that these people were offended by big men and were sent here.

They have a family, friends and family are in the holy city, but they can not escape, they can only suffer in the law enforcement army.

The people ate and drank for hours.

"No, on North Street, someone destroyed a shop and killed the shopkeeper. It is still there!"

Suddenly, a law enforcement army rushed in to inform the news.

"what?"

"Who did it!"

"Trouble, something has happened again!"

The faces of the chimpanzee and other people changed dramatically.

What they usually fear most is the accident, because once the accident happens, the other party is some unknown person. It is still easy to solve. They can take it directly, but if some big people, they are not easy to handle.

"Huang's son, Huang Ke!"

Humane notification.

"What? Huang family, but there are a lot of families where spirits and gods sit in town, what to do?"

The faces of the chimpanzee and other people changed dramatically.

As long as there is a spirit **** sitting in the power, they are not easy to offend, otherwise the other spirit **** strong person can directly find them above and press them.

"Go, go and see!"

Lu Ming picked up a glass of wine, drank the light, and strode out.

"You, you, you, let's go together!"

The chimpanzee ordered a dozen people and walked out of the law enforcement hall with Landing Ming.

Their law enforcement hall is just northeast of the Holy City, very close to North Street, and will arrive in a while.

On the way, Lu Ming also knew what was going on!

Huang Ke, the son of Huang's family, valued a treasure in a shop, but there was no original stone.

Everyone who knows this Huang Ke knows, but what he owes has never been paid.

The shopkeeper did not agree, Huang Ke killed the shopkeeper, ruined the shop, and wanted to kill the shopkeeper's family.

As soon as I arrived, I heard an arrogant sound.

"Mad, give your face shamelessness. I said that I owe it first, and I owe it first, but it's not that I don't pay it, I still don't agree to it? Who is the one who blamed yourself?"

An arrogant voice sounded.

"Go away, you will never go away, even kill you together!"

A thick voice sounded, presumably from Huang Ke's men.

"Give way, give way, the law enforcement forces do things, give way!"

The chimpanzee shouted, the crowd gave way, and Lu Ming strode over.

An old man with gray hair was lying on the ground, no longer breathing.

Beside the old man's body, stood a young man in a Chinese costume, his eyes cold and his face cold and proud.

Chapter 1100: Xingshi guilt

This young man is Huang Ke.

Behind Huang Ke, followed by a burly man.

At this time, Huang Ke also saw Lu Ming and others, but not only did he not have the slightest fear, but also sneered.

"what happened?"

Lu Ming came and asked, frowning.

"It turned out to be a member of the law enforcement army. This person offended me and was chopped off by me. You collect him for him!"

Huang Ke carrying his hands, glanced at Lu Ming casually, said faintly.

"Be cut by you? This person is operating a shop in the Holy City, and he will be protected by the law enforcement forces. Why did you kill him? Go to the law enforcement hall with us and explain it!"

Lu Ming said coldly.

"What are you talking about? Are you going to arrest me to go to the law enforcement hall?"

Huang Ke seemed to hear very funny jokes, almost laughed, and looked at Landing with an incredible look.

On the edge, the others are similar.

Dare the law enforcement hall win Huang Ke? The Huang family is in the Holy City, but it is not a small force. Now that the law enforcement army is in vain, dare to take Huang Ke?

"Nonsense, Tiexing, get it!"

Lu Ming shouted.

Tiexing is the name of the chimpanzee man.

"This..."

The chimpanzee is embarrassed.

"Commander, this Huang Ke, it's hard to offend!"

Tie Xing whispered in Lu Ming's ear.

"Huh, you don't do it, I'll come in person!"

Lu Ming looked cold and stepped forward.

"you dare?"

Huang Ke shouted.

"Don't you dare?"

Lu Ming sneered.

"District law enforcement troops, find death, kill me!"

Huang Ke waved his hand, and the big man behind him stepped out, a violent breath burst out, and the spirit of the eightfold spirits burst out violently.

"Go to hell!"

The burly man screamed, the murderous cold, the war sword unsheathed, and chopped to the landing Ming's neck.

"Want to kill me! Die!"

Lu Ming stepped out and took a slap shot.

The space roared, and the terrible power suddenly defeated all the defenses of the burly man. He slapped a slap on the chest of the burly man. His chest exploded directly into a large transparent hole, screaming, and cut off with an incredible expression. vitality.

Until his death, it was hard to believe that the wastes of the law enforcement forces had become so powerful and overbearing.

"You...you dare..."

Huang Ke's frightened face was pale, and he was trembling, looking at Landing in an incredible way.

"If you want to kill me, you will be killed by me. If you tell him to kill me, I will abolish you first!"

Lu Ming's eyes revealed the murderous opportunity.

"No, don't..." Huang Ke was terrified.

call out!

Lu Ming flicked his finger, and a gun burst out of the fire, destroying Huang Ke's repair.

"Ah, you abandon my cultivation, I want you not to die, or die!"

Huang Ke screamed terribly.

On the edge, everyone else was astonished. This law enforcement army, unlike the previous one, was so ruthless and decisive.

However, many people clapped secretly, and Huang Ke relied on family power to do many evils and finally got retribution.

However, the law enforcement army will be miserable behind, the Huang family will not give up.

"This this..."

Behind Lu Ming, Tie Xing et al.'s eyes widened, somewhat at a loss.

Although they did so, they also felt very comfortable, all comforted, but now it is comfortable, but the consequences?

If Huang Ke is abolished, I am afraid that the Huang family is about to go viral.

Lu Ming sucked in his hand and sucked Huang Ke's storage ring from the big man, and handed it to the two women on the side.

One old and one young, obviously the family member of the shopkeeper, the two of them wept bitterly and looked helpless.

"You take these two storage rings and leave the holy city to live elsewhere!"

Lu Ming handed the storage ring to two people and said.

"Thank you, lord!"

The two thanked again and again, and then quickly left the city.

"Tie Xing, take this waste and go back to the law enforcement hall!"

Lu Ming asked, and then turned to the law enforcement hall.

Several people looked at each other, Tie Xing grinned at the end, lifted Huang Ke, and hurried back to the Law Enforcement Hall. On the way, Huang Ke cried and cried, attracting many people's attention.

"When there is a good show, the Huang family will definitely go viral and kill the law enforcement hall!"

"It should be impossible to kill the law enforcement force directly, but it will put pressure on the law enforcement force, and then kill the law enforcement hall. Let's go and see!"

"Go, go and see!"

Along the way, a large group of people followed Lu Ming and others and walked towards the law enforcement hall.

Not long after, Lu Ming returned to the law enforcement hall.

When the remaining law enforcement forces in the law enforcement hall saw this scene, after hearing the incident, all the scared faces were scared. This is over. When the strong party of the other party comes to the door, how to deal with it?

"Forget it, it's impossible to hide, get out!"

"But it's pretty cool to give him back!"

"Also, haha!"

Others in the law enforcement hall whispered, Lu Ming's face was calm, arms crossed, eyes closed and recuperating, and he waited quietly.

The sky around the law enforcement hall is full of people, some are waiting quietly, some are gloating.

Time passed slowly, two hours later.

"The people of the Huang family are here!"

Someone called.

Uh!

At this moment, Lu Ming opened his eyes and looked to the sky.

A total of three people came from the sky.

The two old men, whose clothes are very similar to those of Huang Ke, should be the strong of the Huang family, and there is a middle-aged man who actually wears the clothes of the law enforcement hall.

"It's commander-in-chief!"

Tie Xing's face changed, and Lu Ming said.

His so-called commander-in-chief is the commander-in-chief of the law enforcement forces, commanding all existing law enforcement forces in the Holy City.

The commander-in-chief of the law-enforcement army looked black like a pan, and his eyes were extremely gloomy, and he directly fell on Lu Ming, scolding: "Ming Lu, don't you still leave Huang Ke's son?"

The commander-in-chief of the law enforcement army was upset and very upset, especially when watching Lu Ming.

Don't Lu Ming know the current situation of the law enforcement forces? Accidentally, Yiyi apologized to the other party, actually dared to kill the guards of the Huang family, and abolished Huang Ke's cultivation behavior.

This is not, the other's spirit **** is strong, directly approach him, and pressure him.

"Release people? Ha ha, commander-in-chief, this person beheaded the shopkeeper on the street. That shopkeeper, who is doing business in the Holy City, will be protected by the ancient Holy Dynasty, otherwise who will dare to do business in the Holy City? I am Handle impartially, why should we let people go?"

Lu Ming responded with a sneer.

Behind the other law enforcement halls secretly squeezed sweat for Lu Ming, the commander of the law enforcement army, but the strong spirit spirit realm, Lu Ming actually dare to talk to a strong spirit god?

Sure enough, Lu Ming's words made the commander of the law enforcement hall even more gloomy, but for a time, he could not find language to refute.

Because Lu Ming was right, Lu Ming was performing the duties of the law enforcement hall, and as the commander of the law enforcement army, how to refute?

"Oh, Commander Chen, it seems that your men don't listen to you at all. In this case, let the old man do it himself, and abandon this person's cultivation behavior, and bring it back to the Huang family to deal with!"

An old man of the Huang family spoke indifferently, and the killing flashed in his eyes.
