

D Emperor 1101

Chapter 1101: Apology admit mistake

"Spirit is important!"

There was a sneer in Lu Ming's mouth.

The old man of the Huang family, cultivation is the spirit god, and beside him, another old man of the Huang family, cultivation is worse, only the spirit fetus is complete.

However, this person has a strong breath, which is far from being comparable to the general spirit tire. Lu Ming speculated that this person should have awakened the god-level bloodline, but did not break through to the spirit **** realm. It belongs to the old monster level, and the combat power is far stronger than the general spirit tire. a lot of.

bump!

Lu Ming stepped directly on Huang Ke's face and made Huang Ke scream like a pig.

"It's really brave. In the law enforcement hall, I threatened to abolish my law enforcement army commander. It's a big deal, just kill!"

Lu Ming shouted, glared, and with a bearded face, he was upright.

The soles of the feet pressed hard, causing Huang Ke's face to rub against the ground.

"Ah, ancestor, save me!"

Huang Ke screamed sadly.

"Bold beast, look for death!"

The old man of the Huang family, who was full of spirits, shouted, stepped out, and violently formed a huge palm, which suppressed to the landing.

"No, it's the old monster with the perfect spirit!"

The face of Tie Xing and others changed dramatically.

Tie Xing is also the perfection of the spirit fetus, but compared with the spirit fetus that awakened the god-level bloodline, the combat power is very different.

But Lu Ming's face was still calm, his palms gripped like a claw, and he grabbed a claw upward.

With a pop, the old man's condensed palm collapsed instantaneously, and Lu Ming's condensed paws from Zhenyuan kept grabbing toward the old man. The speed was incredible, and he immediately caught the old man in his hand.

"Break me!"

The old man's face changed a lot, the blood of the god-level appeared, and the fusion of blood was displayed, and a violent attack broke out. It was a pity that Lu Ming's true yuan claws were broken.

"Get me down!"

Lu Ming took a light drink and pulled his claws down, directly pulling the old man's body from the air, and smashed it hard against the ground.

boom!

The earth shook, the old man screamed, a body protector Zhenyuan was broken by Lu Mingzhen, his bones crackled and rattled, he didn't know how many pieces, and he lay in the scream, like a dead dog.

The onlookers around, including the others in the law enforcement hall, were all stunned and looked at this scene inconceivably.

Especially those onlookers, gurgling.

The commander of the law enforcement hall is too good. First of all, the fighting power is beyond everyone's expectations. An old monster with a perfect spirit was dragged from the air by a stroke, and it was half dead. The power is amazing.

The second is that this leader is too courageous. He not only abolished Huang Ke, but now also beats the elders of the Huang family half dead. Next, we must face the anger of the powerful spirit god.

"Sinister, look for death!"

Sure enough, the strong man of the Huangjia spirit **** raged into the sky, yelled, and a terrible breath burst out. The pressure of the sea like the sea permeated the audience. Many people's faces turned wild, and the pressure of the spirit **** strong man was too strong. , Absolutely terrible.

"dead!"

Huang Jialing God shouted, pointed out with a finger, where the yellow light burst out of the finger, the space was twisted like a wave of water, and finally torn apart.

call out!

With a terrifying finger, he nodded toward Landing Ming's brow.

"This Bull B leader, it's over!"

Such a word flashed in everyone's heart.

boom!

Just when the words flashed through everyone's minds, Lu Ming blasted a fist against the sky, a fist burst into the sky, and collided with the finger, a huge roar, the finger and the fist disappeared together .

"what?"

"He blocked the spirit god's attack?"

There were incredible sounds all around.

Lu Ming's combat power was once again beyond everyone's expectations, he actually blocked the spirit god's attack.

The commander-in-chief of the Law Enforcement Hall flashed his eyes, surprised.

As far as he knew, Minglu was transferred to the law enforcement army because he offended the eighth prince. He got the news that this man's combat power was only slightly stronger than that of the eighth prince. The eight princes were injured, so no matter how strong the fighting power is, it was also limited. I didn't expect to be able to block the spirit god's attack.

"It seems that this person hides his strength!" The commander of the law enforcement army thought to himself.

Lu Ming had a murderous flash in his eyes. His eyes were like two bright spears puncturing the old Huang family, and said indifferently: "It seems you want to be like him!"

Lu Ming said that he was the old man with the perfect spirit.

At this moment, Huang Jialing God couldn't help but feel tight, at this moment, he actually felt a terrible pressure on Lu Ming, just like facing a terrible beast, once mad, he could tear him into pieces .

This feeling made him panic.

"What do you want?"

Huang Jialing God looked ugly.

"Apologize in public, admit mistakes!" Lu Ming said.

"Come on, don't go too far, let me go now, I won't pursue it!"

Huang Jialing God's face was ugly, but he said it was already a concession.

Lu Ming sneered and said, "This man beheaded the shop of the holy city for no reason. I am the leader of the law enforcement army. Instead of the law enforcement of the Holy Emperor, I deal with it impartially. Putting it in the eyes, did not put the royal family Xie family in the eyes? Want to turn the sky?

"And you, as the commander of the law enforcement hall, just do not act impartially, and actually help the other party to bully the law enforcement hall. It seems that you have not put the royal family in the eyes!"

Lu Ming said one word at a time, and the words were so eloquent that the Huang Jialingshen, the commander-in-chief of the Law Enforcement Hall, changed his face wildly and became very ugly.

Lu Ming is pulling the big skin, playing drums, and buckling them up with big hats.

But this big hat is too heavy for them to bear.

Today, there are so many people here. If Lu Ming's words spread to the ears of the royal family, and even to the ears of the Holy Emperor, they would definitely not be able to walk around.

Although today, the law enforcement hall is invisible, and no one really cares about it, but in essence, the law enforcement hall is still the law enforcement hall. Before the law enforcement army was not revoked, he had the same meaning as 30,000 years ago and had the power to enforce the world.

In fact, people in other law enforcement halls can also buckle such hats on others, because the royal family will definitely have to deal with this matter once it gets into trouble.

But the premise is to have strength.

Just like Lu Ming, if the strength is not enough, he is directly slapped by the strong of the Huang family, and he has no chance to buckle his hat.

But now it is different. Since Lu Ming has spoken the words and the hat is buttoned down, if they continue to do so, they should really respond to Lu Ming's remarks, and did not put the royal family's family in their eyes. After that, the royal family The Xie family will definitely shoot.

Otherwise, what is the face?

"Damn!"

The spirit of Huang Jialing and the commander of the law enforcement force gritted their teeth, but they were helpless.

"Okay, this is my fault of the Huang family. The old man apologizes. In the future, he will definitely warn the children of the Huang family and follow the rules of the law enforcement army!"

Huang Jialing Shen had no choice but to apologize at last, then looked at Huang Ke and asked Huang Ke to apologize.

Huang Ke was reluctant, but he could only apologize in the end.

Chapter 1102: News shaking the world

"get out!"

Lu Ming mentioned Huang Ke and threw it to the Huangjia Lingshen like throwing garbage.

Huang Jialing God's face was very cold. He reached out and grabbed the old man who was full of spirits, and left without looking back.

Today, the Huang family is ashamed.

The commander-in-chief also snorted and left.

The people who watched around looked at each other in disbelief.

They originally thought that the Huang family was killed in a big way, and most of this leader was dead, but they did not expect that the Huang family strongman was coming, but the result was disgraced, and this leader did not hurt a single hair, which was beyond everyone's. Unexpectedly.

"This law enforcement army commander is really awesome!"

"It's a real cow. It's the leader of the law enforcement army I've seen the most!"

There was a lot of discussion.

And those of the law enforcement army are also gaping, but did not expect the final result to be like this.

However, it's great!

Eight or ninety law enforcement troops, each with their eyes lit up, only felt comfortable and comfortable.

For Lu Ming, it was an admiration of the five-body cast.

"Master Majesty!"

Tiexing shouted.

"Okay, without further ado, go work!"

Lu Ming waved his hand and went back to the room by himself.

The crowd dispersed, but regarding the law enforcement army, there was a matter of leadership, but it was spread like a whirlwind, allowing everyone to cultivate and have an extra resource.

Time passed day by day.

In a blink of an eye, Lu Ming has been to the law enforcement army for half a month.

In the past half month, Lu Ming has been hanging out in the holy city in addition to cultivation.

Of course, he did not really hang out, but wandered outside the palace to see if he could find an opportunity and slipped in.

In the end, he had no choice but to give up.

There are too many terrible existences in the Royal Palace. He had carefully sensed that when he discovered the terrible existence in the Royal Palace, he could easily shoot his existence. I don't know how many.

There is even some breath, terrifying, just like the breath of the Supreme, it is definitely a supreme character. Such a breath, Lu Ming felt no less than ten.

This was still detected by Lu Ming, and there was certainly no.

Although the ancient holy dynasty is weak, the thin dead camel is bigger than the horse. Now, the ancient holy dynasty is still the strongest hegemonic power in Nakasu.

This is also normal. If it is not strong, it will have been destroyed by other overlord forces. Many overlord forces are watching.

In the past half a month, there have been more and more people in the holy city, because they are getting closer and closer to the national festival of millions of years in the ancient holy dynasty.

However, due to the incident of the Huang family last time, some small forces will not be too presumptuous. In the place under Lu Ming's jurisdiction, nothing really happened.

On this day, an amazing news spread in the Holy City.

The Holy Emperor intends to choose a husband-in-law for a princess at this million-year national festival, to be selected among today's young heroes.

As soon as this news came out, it was like an earthquake, which caused the Holy City to shake and countless people were shocked.

Today the Holy Emperor has a total of 16 children.

Among them, there are thirteen princes, and there are only three princesses.

However, 13 of the princes were killed by the three princesses. Because the three princesses, two of them are famous, and they are so beautiful. They are really excellent.

Xie Nianjun, one of the five giants of Zhongzhou youth and one of the five most beautiful women in Zhongzhou, is so beautiful and unparalleled, so it goes without saying.

There is also a princess, Xie Nianlin, who is also peerless and one of the top five beauties in Nakasu, but the martial arts talent is slightly worse than that of Xie Nianjun, but also a second-class arrogant, with the name of Sandalwood Fairy and Jingkong Lingling.

These two princesses are so good that they envy countless people.

Legend has it that there is also a princess who is the youngest princess of all princes, and is also gorgeous and gorgeous, unparalleled in appearance and temperament, not worse than the other two princesses, even the martial arts talent is also amazing, but not many people have seen it. Ever.

Because that princess is a different kind of royal family.

Heterogeneous, this is a forbidden word for the royal family Xie family, because the royal family Xie family is weak because of a heterogeneous.

Which princess should you choose your son-in-law?

Everyone was very curious, but no matter which princess, it made many big forces, many young days proud.

Subsequently, the major forces sent people to inquire one after another to confirm the authenticity of this news.

Lu Ming was shocked when he heard the news.

Who is the son-in-law for the princess?

Lu Ming is full of worries and is afraid of Xie Nianqing!

Three days later, more shocking news came out.

Today the Holy Emperor speaks personally to let people spread the news.

Choosing a son-in-law for a princess is true. This princess is Xie Nianlin.

And, on the day of the million-year national festival, a young arrogant contest was held to win the first place, and then he could become Xie Nianlin's husband-in-law, and at the same time he could enter the ancient hall of the Holy Emperor for cultivation.

Those who have won the second and third place can propose a condition to the Holy Emperor. The Holy Emperor will try his best to meet it, and at the same time, he can enter the ancient hall of the Holy Emperor to learn.

And the fourth to tenth place can all enter the ancient hall of the Holy Emperor for cultivation.

As soon as this news came out, the Holy City caused a magnitude 10 earthquake, shaking the hearts of countless people. At the same time, this news was sent to the land of Central China and even the Quartet territory at a whirlwind speed.

Countless young Tianjiao shook, showing a fiery light.

Some Tianjiao, not the first place to be able to marry a princess, but value one of the conditions of the Holy Emperor, but also to enter the ancient hall of the Holy Emperor to practice.

The Holy Emperor is an emperor, and one of his conditions is naturally worthless to say.

The ancient hall of the Holy Emperor is a holy place for cultivation.

Legend has it that there are the feelings of the ancient emperors of the ancient dynasties. If they can gain insights and gain, they will have a great effect on the future breakthrough of the emperor.

The Xie family of the ancient holy dynasty passed down for millions of years. The emperors of all dynasties have come out in succession without interruption, so they have remained strong. Some people say that this is related to the ancient hall of the holy emperor.

This made those arrogant, who were aspiring to the road of the emperor, very excited and fiery. After confirming the news, they rushed to the Holy City.

Lu Ming was relieved when he heard that, because the princess was not Xie Nianqing.

But at the same time, Lu Ming was very excited.

His heart is naturally not Xie Nianlin, nor entering the ancient hall of the Holy Emperor, but a condition of the Holy Emperor.

If he can get the second and third place, he can put forward a condition to the Holy Emperor, let the Holy Emperor release Xie Nianqing.

Thinking of this, Lu Ming has decided that he will participate in this competition.

This news made the ancient holy dynasty not in tranquility and became a top topic. It was talked about every day and it lasted for a long time.

Many people also secretly guessed why the Holy Emperor did this.

However, it is not difficult for people with vision to guess that the royal family thanks the family. This is to increase the strength of the royal family in this way.

The arrogance of being able to get the first place and finally marry Princess Xie Nianlin must be the arrogance of the hegemonic forces, so that through the marriage, the strength of the royal family is increased.

At the same time, opening the ancient hall of the Holy Emperor can also make good use of those arrogances and good hegemonic forces. This is also a helpless move. This shows how weak the ancient holy dynasty Xie family has been.

Chapter 1103: Random Emperor

In the hustle and bustle, as time passed, the Holy City became more lively and more and more people.

But Lu Ming's days haven't changed. In addition to practice every day, he is taking people to hang out in the holy city.

"Huh? This mansion is so strange, it's covered with dust, but the outside is full of engraved inscriptions, and it's sealed!"

In the northeast of the holy city, Lu Ming took people to wander around and came to a huge mansion.

This mansion is very old, magnificent and majestic. It covers an extremely large area, but it is obviously uninhabited and blocked by a large formation. This is rare in the holy city.

"Sir, whisper, this mansion, but it's taboo!"

On the side, Sun Lin's face was heavy, and he whispered, it seemed very taboo.

"Taboo? I'm curious, talk to me!"

Lu Ming asked curiously.

"This..."

Sun Lin looked hesitant and squeaked.

"Say!"

Lu Ming's face sank.

"Okay, Lord, let me tell you, because this mansion is the mansion of the emperor Xie Ran."

Sun Lin sent a message to Lu Ming.

"The emperor chaos Xie chaos? It was the chaos emperor who caused the civil turmoil of the ancient holy dynasty and caused the ancient holy power to plummet 30,000 years ago?"

Lu Ming was taken aback.

"Yes, it is the Mansion of the Emperor Chaos!"

Sun Lindao.

"Oh, Sun Lin, you seem to know the Emperor Chaos, then you know, why did the Emperor Chaos rebel against the royal family?"

Lu Ming asked.

"This... Lord, I accidentally read the record in an ancient book."

"Legends say that the emperor Xie Chao is a different kind of Xie family. The royal family Xie family, noble bloodlines, awakened bloodlines are all holy bloodlines, but there are very few chances that someone will awaken a completely different bloodline from other people. On the contrary, the

extremely dark bloodline, this kind of person, called alien by the royal family Xie family, will be looked down upon and laughed at!"

"After the emperor chaos was small, he grew up in all kinds of ridicule and bullying. Therefore, he was full of hate for the royal family, but the talent of the emperor chaos was terrible. The more he came behind, the blood of awakening. The more he is, the more terrible his talents are. He is unparalleled in the world, so he has also received the attention of the royal family Xie family and was assigned a heavy responsibility."

"Later, the Emperor Chaos broke through to the realm of the Emperor, and his fighting power was terrifying. He overwhelmed the other emperors. At that time, the Emperor Chaos finally broke out. He took his subordinates and launched a rebellion. The heavens of the royal family Xie family collapsed. In the end, although the chaotic emperor was suppressed, but in that battle, the ancient holy dynasty suffered extremely heavy losses. Since then, the strength is weak, and other forces have seized the opportunity to form the current situation!"

Sun Lin told Lu Ming what he saw.

Lu Ming fell into contemplation.

The experience of the Emperor Chaos is so similar to that of Xie Nianqing. The blood of awakening is called alien by the royal family.

It's just a kind of blood, but it's ridiculous to treat like this.

The chaotic emperor Xie Ran, the talents of the world, if other people did not laugh at him or humiliate him when he was a child, then how could he rebel after he was strong?

Without rebellion, why not come to this stage today, the ancient Sheng Xie family will only become more prosperous and powerful.

"I heard that today's sixteen princesses are also awakened by alien bloodlines. Hey, pity, the alien bloodlines have been looked down upon by other people in the royal family, not to mention that after the chaos of the emperor, the end of the alien bloodlines was even worse. "

"Before the Emperor Chaos appeared, if the royal bloodline showed great talent behind it, the royal family would still cultivate it, just like the Emperor Chaos, but since the Emperor Chaos, all the abnormal bloodlines are directly suppressed, the stronger the talent, the more To suppress, it is simply taboo, because they are afraid of another character like the Emperor Chaos!"

Sun Lin continued.

Click!

Lu Ming's fists clenched together involuntarily.

In any case, he has to rescue Xie Nianqing out, no matter how difficult it is, he has to break through.

Later, Lu Ming left here without asking much.

Time passed, and soon, half a month before the national festival of millions of years.

After this period of cultivation, Lu Ming's cultivation practice also progressed, reaching the mid-second stage of the spirit god.

"It's too slow. It's too slow to improve the cultivation by absorbing the spirit of heaven and earth."

Lu Ming sighed.

But there is no way. There are not many original stones on his body. The spiritual and spiritual realm has been upgraded to the original stone needed, which is simply terrifying.

But the world's artistic conception and the water's artistic conception made a breakthrough, reaching the fourth-level Xiaocheng, and now only the earth's artistic conception has not broken through the fourth-level Xiaocheng.

On this day, Lu Ming had just finished his cultivation, and when he wanted to go out for a turn, some people came to report that something had happened, some people killed on the street, and the war continued.

"Who is it?"

Lu Ming asked.

"I heard it was a disciple of the Tianwu Sword School!"

Tie Xing answered, his face ugly.

Tianwu sword faction, this is the hegemonic force, and it is still a very powerful hegemonic force.

Now how to do?

They knew that as the major overlords gathered in the holy city, something would have happened this morning.

"What should I do? Of course it is done impartially!"

Lu Ming said.

"Handle impartially? Command, the other party is the Tianwujian faction!"

Tie Xing exclaimed worriedly.

"What happened to the Tianwujian faction? Don't forget, this is the Holy City, not the Tianwujian faction, you guys, come with me!"

Lu Ming drank coldly and strode outwards. Others had no choice but to follow.

They flew into the air and came to the place where the incident happened, outside a restaurant.

At this time, the restaurant was surrounded by people.

Lu Ming appeared in the air and looked down.

On the street, there were two people lying on the ground, blood was flowing all over the place, and their throats were sealed by a sword.

On the other side of the two bodies, the battle continued.

Three Tianwujian disciples in white robes are besieging three people.

An old man, two young men and women.

But these three people are not opponents of the three Tianwujian disciples.

The three Tianwujian disciples are all masters of the five-layer spirit fetus. They are very young and belong to the younger generation.

At this age, it is possible to have this cultivation behavior, which is obviously the top Tianjiao figure in the Tianwu Sword School.

And the young man and the young man, the old man's cultivation practice, is sevenfold for the spirit fetus, but the cultivation practices of the two young men and women are only one or two weights for the spiritual fetus, which is too far apart.

Although the old man was cultivated to be advanced, the three Tianwujian factions were all top arrogant characters. They fought over the ranks and made common use. They completely suppressed the old man and had no power to fight back.

"Hey, really looking for death. Dare to talk about the right and wrong of my Tianwujian faction!"

One of Tianwujian's disciples sneered.

"You Tianwujian faction is too overbearing, don't allow others to chat? In the secret realm of Tianxia Academy, Wu Chengkong, they were originally killed by Nao Shaoqing, this is the fact, everyone knows it, you Do you want to kill people all over the world?"

The young woman said stubbornly.

Chapter 1104: Direct suppression

Lu Ming's eyes moved, and through a few simple dialogues between the two sides, it was not difficult to guess what happened.

It must have been a few young women talking about what happened in the secret world of the Holy Academy and the Holy Land.

In the mysterious realm of the Holy Palace, the two strongest Tianjiao of the Tianwu sword faction were strongly killed by Lu Ming, and the two strongest Tianjiao of this generation were also beheaded by Lu Ming, because the lucky characters survived.

This incident, which has already been rumors, has become popular, and the name of Lu Shaoqing has shocked Zhongzhou.

The young woman must have talked about this, and was heard by several disciples of the Tianwujian faction. With the tough style of the Tianwujian faction, he naturally started.

"Shut up, dare to mention this matter again, who knows what shameful means Lu Shaoqing used to hurt several of my Tianwujian faction brothers, now you dare to chew your tongue here to find death!"

"kill!"

Several disciples of the Tianwujian faction shouted, and the offensive was even more violent.

"Stop, the law enforcement forces are here!"

Lu Ming stepped down into the air and shouted.

The three Tianwu Sword disciples turned to look at Lu Ming, their eyes full of contempt.

"Tianwujian sent to work, idle people, wait!"

A disciple of Tianwujian sent a cold drink and was extremely overbearing. What law enforcement forces did not put them in their eyes.

"It is the Niu B commander of the law enforcement army. Could he dare to use the disciples of the Tianwu Sword School?"

"It's impossible, he's bullish again, it's almost the same to deal with the small forces like the Huang family, but this is the Tianwu sword faction, the top overlord influence, he will never dare to move the disciples of the Tianwu sword faction unless he is dead!"

"Yes, didn't you see those few Tianwujian sent disciples, didn't you bird him at all?"

At this time, many people in the surrounding people recognized Lu Ming, but no one thought he dared to move the disciples of the Tianwujian School.

A small law enforcement army, a disciple of the Tiantian Wujian School? Isn't it death?

"kill!"

The three Tianwu Jianpai disciples directly ignored Lu Ming, the offensive became more and more fierce, and the sword was like a rainbow. The old man with seven spirits fell completely downwind and could not resist it. The chest was crossed by a sword light, and a deep sword marks, almost split in half, blood flow.

"Miss, son, go away!"

The old man shouted and broke out desperately, wanting to let the two young men and women go.

"Go? No one of you can go today, dare to spread the rumors of my Tianwujian faction, all to kill!"

A disciple of Tianwujian sent a cold drink, and his figure shook like a sword light, bypassing the old man and killing the young woman.

"Do not!"

The old man shouted, but he couldn't help himself, how to rescue?

The young woman's face was white, but she was only one heavy spirit, but the other side was five heavy spirits, plus the arrogance and strong combat power, she could not stop it.

"Fuck me!"

The eyes of Tianwujian's disciples showed a terrible color, and sword light was like electricity, and it was cut towards the young woman.

But Jianguang stopped halfway through.

Because the back of the wrist holding the sword was grasped, the sword of the Tianwu Sword sent to the disciples could no longer be cut.

Lu Ming grabbed his wrist.

At a critical moment, Lu Ming appeared in front of the young woman, blocking the sword of the disciples of the Tianwu Sword.

When it was clear that it was Lu Ming, the disciples of Tianwujian sent out an astonishing killing in their eyes and shouted: "Bold, the law enforcement troops of every area, dare to prevent me from shooting, even you and him!"

True Yuan burst out, the sword of the Tianwu Sword sent his disciple screaming, and the other hand was like a sword, stab Lu Ming's throat.

bump!

Lu Ming kicked it directly and kicked it on the belly of this Tianwujian disciple. The person screamed, his body flew tens of meters away, fell heavily on the ground, and fell on a dog to eat shit.

"You... dare you fight back?"

The Tianwujian disciples shouted inconceivably, Lu Ming actually dared to fight him back? He is a disciple of the Tianwu Sword School.

"moron!"

Lu Ming spoke out faintly. This person was going to kill him just now. Isn't it normal for him to fight back? Could it be that the disciples of the Tianwu sword faction are so superior that he kills others, and others dare not fight back?

The head was kicked by the donkey!

At this time, the other two disciples of the Tianwu Sword School stopped attacking at the same time, and also watched the landing stunned somewhat.

A law-enforcement army, with ants like things, dare to beat their disciples of the Tianwujian faction? They haven't been relieved for a while.

The people on the sidelines were also dumbfounded, and it was so loud that somebody reacted.

"Wo Nest, this Niu B commander is really awesome, even the disciples of the Tianwujian faction dare to fight!"

"Yeah, it's really beyond my expectations. This courage is too big."

"The courage is big, but no brain, how to get rid of it?"

Lu Ming's move caused a lot of discussion because it really surprised everyone.

Before, no one thought Lu Ming dared to take action, but the facts were beyond their expectations.

"Boy, you are dead!"

At this time, the other two disciples of the Tianwu Sword School finally reacted. One of them shouted, and the swords were united into a sharp sword light. They went to the landing and wanted to kill Lu Ming with one sword.

bump!

But Lu Ming still greeted him.

This foot, like the previous one, was also kicked on the stomach, and it was almost fierce. The disciple of the Tianwujian faction screamed and flew far away, and fell down beside the former disciple of the Tianwujian faction. Dogs eat/shit.

The posture of the two is exactly the same.

The crowd took a breath. Lu Ming was really brave. If Lu Ming was just an emergency rescuer, he accidentally hit the disciples of the Tianwujian school. Now, it is completely intentional. He is not afraid of the Tianwujian school. Children.

Among the crowd, the law enforcement troops who followed Lu Ming were sweating all over their faces.

They poked the big basket and they lamented.

The remaining disciples of the Tianwujian School were shocked. Lu Ming's combat power was too horrible. With an understatement, he resolved a brother who was almost as powerful as him, which made him dare not take action.

"Boy, you dare to fight the Tianjiao of our Tianwu sword faction, you are dead, not only you, the forces behind you, your family, all are dead, you are going to be wiped out, you wait for me, a law enforcement army, Humble thing, you wait for me!"

The remaining Tianwujian disciple yelled fiercely, and then he wanted to turn around and leave.

"Am I letting you go?"

Lu Ming spoke lightly.

The Tianwujian sent the disciples a stiff body, watching Landing Ming, said: "You... what do you mean?"

He had to take the initiative to leave, Lu Ming still wanted to pursue?

"Nonsense, killing people in Lao Tzu's territory, I just want to go away, what should I be? What is law enforcement?"

Lu Ming shouted and stepped forward.

"You... don't come over, I... tell you, you are dead!"

The rest of Tianwujian sent his disciples to drink, but when Lu Ming continued to force him, he was trembling with fright, and he couldn't even speak.

call!

Lu Ming kicked out directly.

Chapter 1105: Lu Shaoqing can do it, so can I

This foot is extremely fast, like lightning, just after the other party reacted, he was kicked by Lu Ming on his stomach, screamed and flew out, lined up with the previous two, lying there, and eating into a dog. The look of shit.

"Ah, miscellaneous, you are dead, my elder Wujian Sect, and Wu Chengkong, two brothers of Wucang are here, not far away, the news will soon spread, you are dead !"

A Tianwujian disciple roared and threatened Lu Ming.

bump!

Lu Ming strode over and imprinted a foot on his face, causing his face to rub against the ground.

"Wu Chengkong, Wucang? It's just two wastes. In the secret realm of the Holy Palace, it wasn't beheaded by Lu Shaoqing. If it had no fate, it would have died long ago. I'll wait here. When these two wastes come, Lu Shaoqing Can kill, I can kill too!"

Lu Ming looked down at the three Tianwujian factions, and the cold voice spread throughout the audience.

Everyone in the audience was stunned. This Niu B commander was too awesome. He had to wait for Wu Chengkong, Wucang, to learn Lu Shaoqing to kill Tianjiao?

Others, Lu Shaoqing, is peerless and arrogant, comparable to the existence of the Big Five. Can your law enforcement army also be comparable?

But he also had to admire Lu Ming's courage, because Lu Ming stepped on the face of this Tianwujian faction and waited here.

The other two disciples of the Tianwu Sword School lay there, daring not to say a word, for fear of getting a footstep, but in their hearts, they already hated Lu Ming.

Tie Xing et al.

Tie Xing walked quietly to Lu Ming and said, "Commander, is this... is it too much? One day the master of Wujian sent to..."

"What are you afraid of? We are the people in the law enforcement hall. We handle it impartially and enforce the law on behalf of the Emperor. I am afraid of a bird!"

Lu Ming said carelessly.

"This..."

Tie Xing and others were speechless and could only stay here while waiting for Landing Ming.

What happened here also spread out at a whirlwind speed.

"What? Is there such a thing? There is such a cow leader, go and see!"

After hearing the news, many people were unbelieving the first time, and then they were very curious to watch it.

Many disciples of the hegemonic power, Tianjiao, were surprised when they heard the news.

Over the years, the royal forces have been deteriorating, and the law-enforcement forces have been in vain. The arrogance and disciples of their hegemonic forces are walking sideways in the holy city. Where the law-enforcement forces dare to manage them, it is too late to stifle them.

Now, some people dare to play Tianwujian to send Tianjiao, which makes many people curious and rushed to watch.

The eighth prince Xie Zhen's mansion, Xie Zhen was drinking tea in the courtyard, Shi Zheng hurriedly came in.

"Shi Hu, what's so hurried?"

Xie Zhen asked.

"The eighth prince is about that clear road!"

Shi Zhengdao.

"Oh? Is that guy with no long eyes, dead? Even if it doesn't die, can't it survive? Huh, dare to hurt the prince, it's really a dog with no eyes!"

Xie Zhen took a sip of tea and said slowly.

"Not dead, that guy is really brave. Some time ago, Huang Ke and Huang Ke killed people. He actually abandoned Huang Ke's cultivation plan!"

Shi Zheng answered.

"Huh? Abandon Huang Ke's cultivation behavior? Didn't the Huang family come to kill that Minglu?"

Xie Zhen asked curiously.

"Of course I went, I went to a strong spirit god, and there was an old monster with a perfect spirit, and even called the commander of the law enforcement army."

Shi Zhengdao.

"Oh? In this case, Minglu is not dead yet?" Xie Zhen was a little curious. In his view, Minglu should be slapped to death by Huang Jialing God in the face of such a situation.

"No, that Minglu's combat power is amazing, and it can actually block the spirit god's attack, and also moved out the holy emperor..."

Shi Zheng briefly talked about the last time.

"Damn, this clear road, there is such a cultivation practice, and it also moved out of my royal family's name, hum, he was lucky, and escaped a robbery!"

After listening to Xie Zhen, his face was ugly and very uncomfortable.

Then the expression moved, and said: "You came here in a hurry just now, saying that because of Minglu, what happened to him?"

"Hey, this time, he was dead, he actually beat the disciples of the Tianwu Sword School..."

Shi Zheng injured Lu Ming's disciples of the Tianwujian faction. He is now waiting for the master of the Tianwujian faction to talk about it.

"This clear road is really bold, haha, see how he died this time? Let's go, such a good show should not be missed, let's take a look!"

Xie Zhen got up excitedly and rushed with Shi Zheng together.

To the northeast of the Holy City, in front of the restaurant, Lu Ming stepped on the face of a disciple of the Tianwujian School and waited quietly there.

In the sky, more and more people came and filled the sky.

"Wu Cang is here!"

There was a loud shout and the audience shook.

In one direction, many people gave way, and there were two figures walking out of the sky.

One of them is Wucang, the second-ranked Tianjiao of the Tianwu Sword School.

Behind Wucang, Shi Fang followed, but this made Lu Ming slightly stunned. Then suddenly, Shi Fang must have reported to Wu Cang.

In fact, it is.

As soon as Shi Fang heard that Lu Ming had injured Tianwujian's disciples, he knew that his chance came.

He had always wanted to make friends with Wu Cang, but he never had a chance. Now, when the opportunity to offer diligence arrived, he rushed to Wu Cang's residence and passed the news to him. Sure enough, Wu Cang was furious and direct. Killed.

Wu Cang's footsteps are very slow, step by step, every step in the sky, the sky is buzzing, and the constant vibrations seem to be unable to bear Wu Cang's anger.

The killer shot in Wucang's eyes, very cold, and the voice of Binghan came out: "The debris of the Law Enforcement Hall, dare to hurt my disciples of Tianwujian, good, good!"

"Just one of you? Wu Chengkong? I heard that your brothers and sisters were miserable by Lu Shaoqing Bian. I also want to learn Lu Shaoqing today. If you have a meal, unfortunately you will be the only one!"

Lu Ming glanced at Wu Cang casually, said lightly.

The crowd was stunned, is this commander too awesome? One Wu Cang is not enough. Want to learn from Lu Shaoqing and Wu Cang? Who does he think he is?

Wucang, but the second-class world, is well-known in the world. The cultivation base has reached the spirit **** realm. Such a arrogance, the combat power is not comparable to the ordinary spirit **** realm. Lu Ming was able to block the Huangjia spirit god, really Do you think you can compete with such arrogance?

too naive.

Many people shook their heads, thinking that this leader was dead today.

Tie Xing and others looked ugly and didn't dare to say a word, just stood behind Lu Ming with their teeth clenched.

No way, such a situation, can only stand still.

"Oh, then I look at you flat?"

Wu Cang smiled angrily and stepped out.

boom!

The earth and the earth were shaking, the sword was mighty, the sword and the air were stirring the wind and the clouds, and the terrible light emanated from Wu Cang. Every light was like a sword energy.

Sword Qi Endless!

Chapter 1106: Suppress Wucang

Around, some people who have not seen the second-class Tianjiao shot suddenly change color. Is this the second-class Tianjiao? The power is really terrifying.

Many people retreat madly, fearing that Wu Cang's swordsmanship will be involved. This kind of arrogance will kill the masters of the same level.

"This leader is dead!"

Seeing the power of Wu Cang, many people sighed.

Wu Cang is so strong, what does Lu Ming use to stop it?

"dead!"

Wu Cang drank coldly, his palms were like swords, and the light burst out, forming a dazzling sword awn, slashing towards the landing.

After the sword was cut, even the space was torn, revealing a dark and scary space crack.

"This...not good, avoid it!"

Behind Lu Ming, Tie Xing and others were terrified. Faced with such a powerful sword, they felt that it was impossible to confront, confront, only die.

They screamed and wanted to retreat, but found that their body was shrouded in a terrible sword and it was difficult to move.

"Finished, finished, and finally killed by this unreliable leader!"

Tie Xing and others flashed a thought in their minds.

But at this moment, they saw a long spear condensed in Lu Ming's hands. The spear was trembling and buzzing, and even the space was shaking. At this moment, Tie Xing and others found that the sword power that enveloped them disappeared. In addition, they were free.

Uh!

Immediately afterwards, they saw that Lu Ming took a long gun and swept it out.

This gun is like a long gun sweeping over the water, because the place where the long gun passes, there are layers of ripples in the space, and these ripples all converge on the long gun.

bump!

The lance collided with Jianmang, but with a slight sound, Wucang's Jianmang was destroyed.

blocked?

Tiexing and others were stunned.

The people watching around were also stunned.

This Niu B commander can actually block Wu Cang's move?

When did the leader of a law enforcement army become so powerful?

A lot of doubts flashed in everyone's mind.

Wu Cang was also stunned himself. Obviously, he did not expect that the debris of a law enforcement army could actually block his blow. Although he didn't use his full strength for that blow, he also lost his face.

Who is he? The second-class arrogance of the epicenter of the epicenter, second only to the existence of the five young giants, can't actually win the leadership of a law enforcement army in one stroke?

This made him burst out a stronger killing opportunity, a hot killing opportunity.

"Okay, very good, it turned out to be a bit capable, but today, your end is already doomed!"

Wu Cang drank coldly, and the sword energy that was diffused on his body was even hotter. Zhenyuan kept pouring out, and finally turned into a sword energy that was several times more terrible than before, and slashed towards the landing.

However, Lu Ming still shot off the understatement and smashed Wu Cang's sword gas into invisible form.

"Take out your true skills, otherwise you won't see enough!"

Lu Ming squinted at Wu Cang.

"Damn!"

Wu Cang screamed angrily, the war sword came out of the sheath, the sword shook up, and the Buddha was about to split the world.

"kill!"

With a war sword in his hand, Wu Cang was terrifyingly powerful. The war sword was cut out and the space was broken.

"God, it's too strong, Wu Cang is angry, so horrible, retreat, retreat!"

Many people yelled and went back crazy again.

call!

Lu Ming single-handedly held the gun, and the spear in his hand chopped down into a kilometer long, sweeping out in a brutal manner.

With a bang, Wu Cang's sword spirit burst again, but this time, Lu Ming didn't stop. The terrifying giant gun continued to suppress Wu Cang.

"impossible!"

Wu Cang shouted inconceivably. He had already exhibited a god-level martial art in that trick, but he was still defeated by Lu Ming. He couldn't believe how this was possible.

What made him unbearable most was that the shot Lu Ming swept at him gave him a strong sense of crisis.

A law-enforcement army in every area, like ants, how could there be such a strong man?

"Outbreak, outbreak!"

He roared in his heart, erupted into a god-level bloodline, cast a bloodline fusion, and turned into a war sword.

"Suppression!"

Lu Ming stepped up into the air. Among the spears, the power of jailbreaking Tiangong was contained. As the gun changed, he hit Wucang.

when!

The spear blasted on the war sword transformed by Wu Cang. The attack from the war sword was instantly defeated. The war sword shook violently and finally burst with a loud touch.

The War Sword exploded, revealing Wu Cang's body. His face was white and he vomited blood, and his eyes were incredible.

All around, everyone looked at this scene in disbelief.

Wu Cang was defeated, Wu Cang was defeated, was defeated by Lu Ming, how could this be possible, what is going on?

Is this still the command of a law enforcement army? How can it be so powerful?

Those who thought Lu Ming was dead before, almost bit off their tongues and glared their eyes, which is really incredible.

Shi Fang thought he was dreaming.

Minglu, isn't it only the cultivation of the spirit seven? Isn't it a disciple of the Black Gun Sect? How could it be so strong?

His body trembled slightly because of incredible.

As for Tiexing and others, they are completely petrochemical.

And the three disciples of the Tianwu Sword School were almost the same. Petrochemical was there, staring at the sky stunned.

"It's really weak. I thought the second-class Tianjiao of the Tianwu sword faction, how strong is it?"

Lu Ming pouted, his face disdainful.

Wu Cang was furious and extremely angry, and he was so angry that he could not help but scream in the sky.

In the past, he has a terrifying talent and powerful combat power. In the Tianwu sword faction, Wu Chengkong can only suppress him.

Even in the battle of luck, he did not lose miserably.

However, recently, in the secret realm of the Holy Palace, he was beheaded by Lu Shaoqing.

Now, he was defeated by a small law enforcement army commander. This is a huge insult. I am afraid that from now on, his Wucang name will be reduced to a laughing stock and his reputation will be greatly reduced.

Can he not be angry or hate?

If he knew that Lu Shaoqing was the same person as the commander of the law enforcement army in front of him, he wondered what he should do.

"Miscellaneous, you wait for me, you are dead!"

Wu Cang roared and retreated backward, intending to withdraw first.

"Since it's here, where do you want to go? A few of your fellow teachers will lie down on your stomach!"

Lu Ming came out step by step, like a streamer, and rushed to Wucang in a few moments.

"you dare!"

Wu Cang shouted.

Lu Ming actually wanted to suppress him and lie there like several other disciples of the Tianwujian faction? How dare he?

He is the second arrogance of the Tianwu Sword School, which is very different from other arrogances.

"Suppression!"

Lu Ming's eyes were indifferent, and he stepped into the sky. The power of Jiulong's sky step was violent. He made seven consecutive steps towards Wu Cang.

bump! bump! bump! ...

Wu Cang's body was violently shaken, and he was even more irresistible when he was injured. His body was tremendous, and the blood in his mouth was not spurting like money. Finally, Lu Ming stepped on his face, screamed, and fell to the ground. There was an intimate contact with the earth, smashing the ground into a human-shaped pothole.

Chapter 1107: Tianwujian sent the elders

bump!

Lu Ming's body fell and stepped on Wu Cang again, making him scream, and his body was completely blocked by Lu Ming, unable to exert a little effort.

Crowd, take a breath.

This law enforcement army commander is too ruthless, and even Wu Cang dares to suppress it, so he is overbearing.

Lu Ming grabbed it, grabbed Wu Cang, then threw it, and threw it beside the other three Tianwujian students.

The three Tianwujian students looked at each other, looking at Wucang on the side, and their expressions were very wonderful.

Originally, they were suppressed by Lu Ming. They lay here like dogs/feces. They felt very humiliated, but now that they saw Wu Cang lying here, they felt a lot better.

Even Tianjiao like Wucang was suppressed, lying here, and they lying here would be justified.

what!

Wu Cang made a howl like a beast. That anger, especially when he saw the strange eyes of everyone around him, he wished he could be killed with one head.

Of course, just thinking about it, where he is willing to die, but he has a great future.

"Where are you going?"

At this time, Lu Ming's eyes looked at a person in the sky not far away.

This person is Shi Fang. He saw that Wu Cang was suppressed and almost scared. When he wanted to sneak away, Lu Ming saw him.

A smile that was uglier than crying on his face, said: "Ming Lu, you... what do you want to do?"

"What do you want to do? As an Emperor Dragon Guard, you actually took the Tianwujian faction to deal with the law enforcement hall, eat inside and out, collude with foreign enemies, what do you say I want to do?"

Lu Ming sneered, Zhenyuan broke out, and Void caught Shi Fang.

Shi Fang was overwhelmed and wanted to retreat, but felt that a terrible force enveloped him, and his body could not move. At the next moment, a force pulled him off, and he fell heavily on the ground.

"Ah, no!"

He exclaimed.

bump!

Lu Ming raised his foot and stepped on Shi Fang's Dantian. Shi Fang bowed like a prawn, and then screamed.

"My cultivation behavior, my cultivation behavior, you abolished my cultivation behavior!"

Shi Fang shouted in despair.

His Dantian spirit was crushed by Lu Ming.

"Abandon your cultivation, be punished, get out!"

After saying it, kicking it out, Shi Fang was like a ball. He was kicked and flew out. It turned into a black spot and disappeared in the air. I don't know how far away it was flying. As for whether it would fall, Lu Ming was too lazy to think about it.

"Well, the harvest is good, what are you doing stunned? Take them all back to the law enforcement hall!"

Lu Ming looked at Tie Xing and other people.

"Take... back to the law enforcement hall?"

Tie Xing and others looked at each other with ugly faces.

"Nonsense, we can only have capital to negotiate with the other party when you take it back. You think that if you let them go, the Tianwujian faction will give up, don't be stunned and take away!"

Lu Ming waved his hand, stretched out his hand, grabbed Wu Cang, and walked towards the law enforcement hall.

Tie Xing and others were helpless and could only take three other Tianwujian disciples with Landing Ming.

"There is a lot of excitement, and this matter will definitely provoke the elders of the Tianwujian School. Let's go and see!"

"This commander is really good, but Tianwujian sent the elder figures to shoot. I think how he ended?"

"Go and see!"

There were tens of thousands of people in the surroundings, who followed the landing in the distance and headed towards the law enforcement hall, and the number was increasing.

Shortly after Lu Ming and them left, Xie Zhen and Shi Zheng hurriedly came, and when they heard that Wu Cang was suppressed by Lu Ming, the two were dumbfounded and incredible.

They were determined that Lu Ming would be beaten to death by Wu Cang, and even killed on the spot. Unexpectedly, the result was exactly the opposite of what they thought.

"Go to the law enforcement hall!"

Xie Zhen took Shi Zheng and hurried towards the law enforcement hall.

When Lu Ming and others brought Wu Cang and others back to the Law Enforcement Hall, the remaining law enforcement troops were stunned, and then their eyes were horrified.

Lu Ming actually suppressed the disciples of the Tianwujian faction, and even Wucang. This is to break the sky. Afterwards, the elders of the Tianwujian faction went crazy. How should they deal with it?

"We are the law enforcement forces, law enforcement on behalf of the Holy Emperor, what are you afraid of? According to my arrangement, work!"

Lu Ming shouted, and then ordered Tie Xing and others to do something.

Lu Ming himself threw Wu Cang and others on the ground and discharged a row. He took out a Taishi chair by himself and actually sat there, closing his eyes and raising his mind.

The onlookers looked at each other, the law enforcement army commander, this courage was really fat, at this moment, actually so leisurely, sitting in the Taishi chair with his eyes closed to refresh himself.

The sky of the law enforcement hall is full of people, and more and more as time goes by.

Unlike the last time with the Huang family, this time, it was against the Tianwujian faction, and a second-class Tianjiao was suppressed. The shock caused was too great, which shocked many people and rushed over to watch.

Xie Zhen and Shi Zheng are here.

There are even second-class arrogances of other overlords. Everyone saw the figure of Jingkongling, Kong Xin, and Sandalwood Fairy.

There are also blood Luozi, Yin not broken, etc., at least as many as seven or eight people.

These days, I was surprised to see Lu Ming sitting in the Taishi chair with his eyes closed.

Wu Cang is as famous as them, but this unscrupulous law enforcement army commander is so powerful that it can suppress Wu Cang and shock them.

"The royal court of the ancient dynasty, as it turned out, had a deep heritage, and ran out of a law enforcement army commander, so powerful!"

Some people thought to themselves.

Suddenly, there was terrible pressure in the sky. Everyone felt a big mountain pressed on their bodies. There was a terrifying roar from the air machine. Under the pressure, the crowd actively gave way to a passage.

These three old men, all wearing white robes and carrying ancient swords, seemed to be roaring with endless sword qi, just breath, it was amazing.

coming!

Everyone shivered.

The senior figures of the Tianwu Sword School were dispatched.

At this time, Lu Ming also opened his eyes, looking at the sky.

The three Tianwujian factions came out of the air and finally stopped over the law enforcement hall.

"Miscellaneous, you are done, you are dead, haha, you are dead!"

Wu Cang shouted with joy when he saw the arrival of the three old men.

bump!

Lu Ming got up and stepped directly on Wu Cang's face, letting his face hit the ground heavily, nibbling the soil, his limbs were struggling frantically, and his heart was about to explode.

The onlookers were also trembling in their hearts. Lu Ming actually dared to do so in the face of the three elite figures of the Tianwujian faction, which was almost lawless.

The eyes of the three old men fell on Lu Ming like a sword.

"Bold!"

An old man screamed and his eyes were extremely gloomy, scolding: "Boy, do you know, who did you win?"

"Isn't it just a few wastes from the Tianwujian faction? Why? You feel honored to raise a few wastes?"

Lu Ming pouted, very casually.

He seemed light and breezy, as if he didn't take a few of the senior figures of the Tianwujian faction into his eyes.

Chapter 1108: Blackmail Sword

"presumptuous!"

"Bold!"

"Damn it!"

The three Tianwu Jianpai elders shouted, their eyes were cold, their swords were full of swords, and their swords were magnificent.

"Haha, it's really self-inflicted and inviable. This humble thing is dead!"

In the air, the eighth prince Xie Zhen sneered.

"Boy, you can punish yourself, and all the people in your law enforcement hall, punish yourself, so that I can forget this matter, otherwise, not only you, your family, the forces behind you, can't escape the guilt! "

The old man who spoke first, continued to speak at this time, full of high and undoubted taste.

Eyes glanced at Tiexing and others, making Tiexing feel cold in their hearts and their faces were ashamed.

"Hahaha!"

Suddenly, Lu Ming laughed, and his feet pressed **** Wucang's face, making Wucang scream.

The corner of his mouth slightly raised, looking at the old Tianwujian faction coldly, and said, "Crime? Not to be investigated? Ridiculously, what qualifications do you have to pursue? Now we are the one to pursue."

"The disciples of the Tianwu Sword faction are killing people in public in the Holy City without reason. Our law enforcement army enforces the law impartially, but it replaces the current law enforcement of the Holy Emperor, but your Tianwu Sword faction kills them to the Law Enforcement Hall. In your eyes? Don't take the current Holy Emperor in your eyes? Do you really think the royal family is empty?"

As soon as this remark came out, the old man of the Tianwu Sword School suddenly changed color, looking at Wu Cang who was still at the foot of Lu Ming, his face was ugly.

Lu Ming lifted the royal family, and the Holy Emperor to press them.

Even if they really don't have a royal family in their hearts, they don't take the Holy Emperor in their eyes, but they can't say it in the face. After all, in name, the ancient Sheng Dynasty still rules the world.

Moreover, they are still in the holy city, and within the core power of the ancient holy dynasty, even if they are arrogant, they have to be afraid.

"Boy, how can you let them go!"

The old man who spoke first said coldly, glancing at Wu Cang and others.

Wucang, the second-class Tianjiao, is expected to impact the position of the Emperor Wu in the future, and must not lose. They plan to rescue Wucang first.

"Let them? It's okay, but since they have committed a crime, they should be punished. So, you take the original stones to redeem people. Those three wastes, one person for 500,000 original stones, this Wucang? It's two million Original stone!"

Lu Ming said faintly.

As soon as this remark came out, the audience exploded.

Extortion, this is the extortion of Chiguo Guo, this small law enforcement army commander, who dare to extortion the strong of the Tianwu Sword faction, is simply a fan of wealth, bold and generous, not knowing life and death.

The three Tianwu Jianpai elders also rushed to the crown one by one, their eyes red.

Even if they lived for thousands of years, they did not encounter such a bold and arrogant figure, extortion, and actually knocked on their Tianwujian faction, simply to death!

"Sinner, I killed you!"

The old man who spoke first was so angry that he couldn't help it. With a long roar, a terrible sword gas condensed out and slammed toward the landing.

The spirit **** is fourfold!

The old man who shot was the strongest of the four spirit gods, and his combat power was several times stronger than Wu Cang.

Lu Ming's eyebrows glowed, and a fiery red pagoda emerged, then quickly enlarged.

This little pagoda, it was Lu Ming who got the Emperor Spirit Soldier in the secret realm of the Holy Palace. After so many days of training, Lu Ming has already been refined, and the breath of the Little Spirit Emperor Spirit Soldier has all converged, outsiders Can't feel it at all.

Taking this opportunity, Lu Ming just wanted to try the power of the small tower.

Anyway, there are so many spirit soldiers in the shape of a tower in the world, Lu Ming is not afraid to be recognized, and the breath has just converged.

Lu Ming grabbed the tower and smashed it towards Jianmang.

With a bang, Jianmang was directly defeated, and Lu Ming's body did not move.

"The Emperor Spirit Soldier is too expensive, and I really can't exert much power!"

Lu Ming murmured in his heart, just that moment, he consumed a lot of real yuan.

The Emperor Spirit Soldier, the Emperor Wu must be jealous when he sees it. It is normal that he cannot exert his power now.

With a mutter in his mouth, the small tower was put away again.

He was dissatisfied himself, and everyone else was shocked.

Lu Ming could even block the attack of the Spiritual Quadruple, which is too strong.

At this moment, Lu Ming was unfathomable in the eyes of everyone.

Every time someone thinks he is at the limit, his strength is beyond everyone's imagination.

"Every law enforcement army, the treasures are good, but relying on the treasures alone, see if you can block me?"

The old man of the Tianwu Sword sent angrily, and the breath was even more amazing.

"Tigers don't show power, when I am a sick cat, kill!"

Lu Ming shouted, and a spear was condensed in his hand, piercing down towards a disciple of the Tianwujian faction.

puff!

The Tianwujian disciples screamed and were nailed to the ground by Lu Ming.

Lu Ming told them by means of thunder, don't think he dare not kill.

"Take the original stone to redeem people, otherwise, I will kill them all!"

Lu Ming's voice was very cold.

Such a good opportunity can be a blackmail, Lu Ming will not miss it.

Purely absorbing the spiritual energy of the world, the progress is too slow. For so long, Lu Ming's current cultivation practice is only the mid-second stage of the spirit god. Resources.

In half a month, the million-year national festival will begin, and the contest set by the Holy Emperor will also be launched. Lu Ming's goal is the top three.

The top three, the Holy Emperor can promise a condition.

But it is not so easy to get the top three.

Yang Potian, when Tuoba Shi was in the secret realm of the Holy Palace, his cultivation practice reached the peak of the spirit and spirit duality. Now that a period of time has passed, it is also very possible for them to make a breakthrough.

If Yang Potian had reached the triple of spirit gods with his arrogance, it would be more troublesome for him to overcome.

Moreover, there are five such arrogances in Zhongzhou, and there are celestial arrogances in Nanming and West Desert. It is not so simple to get the top three.

However, if Lu Ming's cultivation practice also breaks through the triple spirit, he has full confidence.

"Bold!"

"Sinister, look for death!"

"kill!"

Lu Ming killed a disciple of the Tianwujian faction, completely making the three Tianwujian elders angry, the breath of terror exploded, the sword rushed to the sky, and the murderous opportunity was extremely cold, as if coming to the cold winter.

In particular, the breath of the other two elders is more terrifying and stronger than the old man who shot before. It definitely surpasses the fourfold existence of the spirit god. This kind of strong man wants to join forces and the momentum is too amazing.

"Please enforce the flag!"

Lu Ming suddenly shouted.

"The law enforcement flag is here!"

In the law enforcement hall, Tie Xing rushed out with a big flag, Lu Ming took it and stuck it on the ground.

This is a ten-meter-long flag with a sword and a knife embroidered on it, as if it were a real sword.

However, Daqi looks very worn, and even covered with dust, it has not been used for a long time.

But as soon as the big flag came out, in the sky, the breath of the three old swordsmen of the Tianwu Sword School suddenly lingered. Without looking, he looked at the big flag and his face changed.

Chapter 1109: To kill me, kill the eight princes first

"It is the law enforcement flag, the world of law enforcement, the law enforcement flag!"

"During the ancient times, the law enforcement flag created by the ancient Saint Emperor!"

There was a burst of discussion in the crowd, and many people looked very dignified.

The law enforcement flag was created during the ancient times when the ancient emperor created the law enforcement army and used it to enforce the world.

Three thousand years ago, no one was trembling with deterrence when passing the law enforcement flag.

However, during the First World War 30,000 years ago, the ancient holy dynasty was weakened, and the law enforcement army was in vain. The law enforcement flag had no deterrent effect. For many years, no one had offered the law enforcement flag.

But at this time, the law enforcement flag was still shaking.

"I thought that offering a law enforcement flag would stop me waiting? It's naive, today, you will die!"

An old man shouted and stepped out. Every step stepped out, there was a sword energy, and the space was cut through cracks.

This is beyond the fourfold existence of the spirit god, not even the fivefold spirit god, which is too strong.

"Bold, the law enforcement flag is here, we are the law enforcement army, and the law enforcement flag stands for the ancient holy dynasty, the royal family, and the holy emperor. Your Tianwujian faction does not take the royal family or the holy emperor in mind. Do you Tianwujian faction want to rebel, do you want to destroy the royal family and replace it?"

Lu Ming stood upright, and the long gun in his palm reached Wucang's back, yelling loudly.

This remark, which swept the audience like a storm, made the three old men of the Tianwujian faction look ugly and dignified.

Lu Ming's hat is too big.

They directly want to rebel and want to destroy the royal family.

Although the Tianwujian faction really has this idea, can such a thing be said clearly? Moreover, the Tianwu sword faction does not have this strength now.

"Tianwu sword faction, wolf son's ambition, contempt for the royal family, and contempt for the imperial power. Today, the eighth prince is here. Do you want to rebel in the face of the eighth prince, despise the imperial power, and despise Xie's family? How can the eighth prince allow you?"

At the end, Lu Ming turned his attention to Xie Zhen.

Lu Ming discovered Xie Zhen long ago.

Others also looked at the Eighth Prince in unison.

Xie Zhen's face collapsed at once, and Lu Ming was scolded thousands of times in his heart.

Lu Ming is using him to block the gun.

But at this moment, what can he do?

Lu Ming sacrificed the law enforcement flag, the law enforcement flag, but it was created by the ancient Saint Emperor, his ancestor, is equivalent to the face of the royal family Xie.

Lu Ming is a law enforcement army, and enforces laws for the Holy Emperor. If the Tianwujian faction still has to deal with Lu Ming, or even kill Lu Ming, it is to hit the face of the royal family Xie Family.

Under such circumstances, Lu Ming pulled him into the water again, and under the eyes of all eyes, Xie Zhenruo ignored it. No matter, it was spread to the ears of other people in the royal family's Xie family, and even to the ears of the Holy Emperor. Walk around.

Moreover, there are more than a dozen princes today, but they are not very harmonious, fighting openly and secretly. If he does not handle them well today, the emperor Xie's family will be embarrassed, and he will not be allowed to attack him with this.

Thinking of these, Xie Zhen gritted his teeth and wished to split Lu Ming.

"Eight Prince, am I right?"

Lu Ming continued to ask.

"that's right!"

Finally, Xie Zhen gritted his teeth, stepped down into the air, stood next to Lu Ming, and faced the three Tianwujian sent elders, 10,000 reluctantly said: "The three, this time, Minglu commander is right, this time, It is Tianwujian's disciples who commit crimes first, the law enforcement army handles them impartially, and safeguards my royal face!

After speaking, Xie Zhen was sicker than eating a dead mouse.

He suffocated, really suffocated.

What was the purpose of transferring Lu Ming to the law enforcement army? Was it not to let Lu Ming offend these powerful forces and then be slapped to death by the powerful of these powerful forces?

But now? The early effect is achieved, but the later period is completely different from what he expected.

Not only was Lu Ming shot to death, but in the end, he was even asked to come forward personally to protect Lu Ming.

What kind of word is this?

He suffocated, he gritted his teeth to Lu Ming hate, almost broke his teeth.

"The eighth prince said it well. It deserves to be the distinguished hero of the royal family. Three old guys who want to kill me today must first step over the body of the eighth prince. Come on, come on!"

Lu Ming clamored.

Xie Zhen almost spit out old blood.

What does it mean to kill him by stepping on the body of the eighth prince? Xie Zhen really vomited blood because of Qi, but at this time, he couldn't give in.

Just stare at the three old men of the Tianwu sword faction.

In the eyes of others, Xie Zhen still has a great sense of awe-inspiring, imposing fearlessness, not knowing it at all, it is all Lu Mingqi.

The three old men of the Tianwujian faction were somber and ugly.

The eighth prince Xie Zhen, but not Lu Ming, killed if killed.

Xie Zhen is the current son and daughter of the Holy Emperor, and here is in the Holy City, under the eyes of everyone. If they really dare to kill Xie Zhen, then they will surely cause revenge from the Royal Xie family, and they will not want to go out of the Holy City.

Among the crowd, there were also a lot of law enforcement troops who rushed to see the lively law enforcement troops from other law enforcement halls.

Over the years, the people of the law enforcement forces have been too useless and stubborn.

It's not as good as a dog.

Those people of great power have committed something. They still have to take the original stone and the treasure to ask the other party to admit their mistake. How do you live this day?

Now, they see this scene, they really have a feeling of raising their eyebrows.

It's so cool!

"Law Enforcement Army, Law Enforcement Flag, Contemporary Saint Emperor Law Enforcement!"

A big man shouted, stepped out of the air, and a big flag suddenly appeared in his hand.

Law enforcement flag!

At this time, the law enforcement army of another law enforcement hall, holding the law enforcement flag, inserted next to Lu Ming's law enforcement flag and standing beside Lu Ming.

"Law Enforcement Army, Law Enforcement on behalf of the Holy Emperor, Law Enforcement World!"

Another group of people shouted, rushed out, and stood behind the big man.

All of them are from another law enforcement hall, and there are hundreds of them.

"Haha, yes, law enforcement forces, contemporary Saint Emperor law enforcement world!"

Someone burst out laughing again, and another law enforcement flag appeared, lined up with the first two law enforcement flags.

"Haha, I'm here too!"

"The world of law enforcement!"

With a loud roar, the law enforcement forces appeared one by one, the law enforcement flags appeared one by one, inserted in a row.

In the end, there were nine law enforcement flags, inserted in a row, greeted by the wind.

The law enforcement halls in all directions of the holy city have come, offering the law enforcement flags, and they will advance and retreat with Lu Ming.

There were nearly a thousand people standing behind Lu Ming and Xie Zhen, glaring at the three old men of the Tianwujian faction in the air.

On weekdays, they suffocated, they swallowed their breath, but today, they are out.

The crowd watching around looked at this scene in shock.

Nine shots of law enforcement flags came out, this scene has not appeared for many years, and today, because of Lu Ming, reappears.

Now, what about the Tianwujian faction?

"Damn it!"

Xie Zhen roared in his heart, but now this situation, can only die.

The three old men of the Tianwujian faction had a gloomy face. They did not expect that things would develop to this point. Now, they are in a dilemma.

Chapter 1110: Gray back

They can't go in or go back.

To enter, we must completely offend the ancient dynasty, retreat, and lose face.

They watched Lu Ming with cold eyes, full of murderous opportunities, and wished to unload Lu Ming.

The reason for this situation is because of Lu Ming.

As the two sides confronted each other, in the distance, a golden light diffused out and shot towards this side. The speed was so fast that it even exceeded people's reactions. Many people just responded that there was a golden light, and that golden light had already appeared in front of them.

A majestic middle-aged man with his hands on his back appeared in the air.

He was wearing a golden real dragon robe, wearing a gold garland, pedaling golden boots, and a majestic breath. From his body, he let everyone breathe out, as if facing a single person to inspect the world.

"Uncle!"

Seeing this middle-aged man, Xie Zhen exclaimed.

Everyone at the scene was shocked. Xie Zhen called him Uncle, and he must be the younger brother of the Holy Emperor today.

The big man of the royal family Xie appeared.

"Sure enough!" Lu Ming's mouth smiled.

Today's events are so big, Lu Ming expects that the royal family will definitely send people to appear to protect the royal family's majesty.

After all, the ancient holy dynasty is still the most powerful force in Central China, despite its weakness and lingering heritage.

Xie Zhen's uncle looked at Xie Zhen and nodded, "You are good!"

Then I looked at the elders of the three Tianwujian factions and said, "The Holy City has already stipulated that in the Holy City, innocent killings are not allowed. If there are grudges, you can go to the battle platform, and life and death are uncontrolled, but there is no reason in the Holy City. Killing is ignoring the majesty of the ancient holy dynasty. The law enforcement army deserves to enforce the law. Your disciples of the Tianwujian faction knowingly committed crimes are guilty!"

The majestic voice came from Xie Zhen's uncle's mouth and spread throughout the audience.

Everyone was shocked in their hearts, but then their hearts suddenly became abrupt.

The million-year period of the ancient dynasty is approaching, and things are so big. The royal family has to protect the dignity of the royal family. If it is compromised in front of the Tianwujian faction today,

then the royal family will be more dignified and trampled by others. In the future, it will definitely be weaker.

If there is no big trouble today, the strong swordsman of the Tianwu sword faction slaps fear of death Lu Ming, then all this, just passed by, can't excite a little splash, but now things are so big, the royal family thanked the family and must it is necessary to support the law enforcement forces.

The three elders of the Tianwujian faction looked ugly, and they knew this in their hearts.

"Then how do we do it before we can let go?"

The three elders of the Tianwujian faction looked at each other, and one of them opened his mouth.

"Law enforcement forces naturally have rules for law enforcement forces, and you have to discuss with the leader of law enforcement forces how to do it!"

The middle-aged emperor said.

"My conditions have already been mentioned, just do it like that, and be punished if you are guilty!"

Lu Ming narrowed his eyes and smiled.

The three elders of the Tianwujian faction were extremely gloomy and groaned halfway. One of the elders appeared a storage ring, and danced a few times against the storage ring, and then threw the storage to Lu Ming. After sweeping, his face sank, and said: "Why is there half a million missing, this guy, don't you want it?"

Lu Ming pointed to the disciple of the Tianwu Sword sent by him.

"He has been killed by you, do you still want to keep him?"

Tian Wujian sent an elder Shen to say.

"The body is also a human. If you don't want his body, I can throw it out and feed the dog!"

Lu Ming said lightly.

"you..."

The elder Tianwujian sent a murderous flash in the eyes of the elders, but Lu Ming looked at him faintly, without fear.

In the end, the Tianwu Jianpai had to serve softly. For the sake of the Tianwujian Pai, only 500,000 original stones could be produced.

"Several waste, take it away!"

Lu Ming waved his hand, and Wu Cang and three Tian Wujian sent his disciples into the air.

An old man waved his hand and stared coldly at the landing, saying: "You, very good, very good, I hope you will always stay in the Holy City, stay in the law enforcement army!"

Talking, Lengheng, turned into three sword lights, disappeared here.

call! call! ...

The onlookers all breathed out for a long time at this time, and there were still incredible colors in their eyes.

This matter actually ended like this.

The elders of the Tianwu Sword faction came to the fore, but in the end, they left behind millions of rough stones and walked away in vain. Before this, no one would think it would be the result.

Everyone's eyes finally fell on Lu Ming, and on the leader of the cow.

A district law enforcement army commander, before this, no one would put him in the eyes, but now, it has attracted everyone's attention.

First of all, Wucang was suppressed with strong combat power.

Behind it is a block of a four-strength spirit spirit god's blow. Although Lu Ming uses treasures, it also proves his powerful combat strength.

But more important is his guts, his mind.

Dare to treat the elders of the Tianwu sword faction, and be good at taking advantage of the situation, taking advantage of the royal family's gratitude, and even taking advantage of the ancient holy emperor who built the law enforcement army, and finally let the elders of the Tianwu sword faction retreat.

I can't believe it all came from the hand of this bearded man.

If this person is so young, if he is ten years younger, he can compete with the world's heroes.

"Zhen'er, let's go!"

In the air, the middle-aged uncle glanced at Xie Zhen, then set his eyes on Lu Ming.

"What's your name?"

The middle-aged uncle asked.

"Ming Lu!" Lu Ming answered, not humble.

"Ming Lu? Well, you are fine!"

The middle-aged uncle repeated a few good words, and then waved away.

"Malicious to me?"

Lu Ming looked at the sky, his eyes revealing his thoughts.

The middle-aged uncle even said a few good words. Lu Ming did not feel the slightest kindness, but felt malicious.

After a few thoughts, Lu Ming's expression sneered.

He could probably guess why the middle-aged uncle was malicious to him.

Today, the ancient dynasty wants to form alliances and cooperate with some overlords to increase its strength.

But what Lu Ming said today, although it seems to maintain the majesty of the royal family, also offended the Tianwu sword faction, and forced the royal family to offend the Tianwu sword faction. If the royal family wants to pay the Tianwu sword faction in the future, it will be more difficult.

The middle-aged uncle naturally has no affection for Lu Ming.

In his heart, I am afraid that Lu Ming, the troublesome person, would be slapped to death.

Lu Ming smiled faintly, he would not care, anyway, the reason why he was mixed into the Emperor Longwei, and then arrived at the law enforcement army, but just wanted to borrow this identity to investigate the whereabouts of Xie Nianqing, when he later found Xie Nianqing, he patted his **** and left. Who can find him?

"Powerful, command power!"

At this time, the most excited are the law enforcement troops, all excited and trembling, as if eating ice-cold big watermelon is so refreshing.

They were too suffocated on weekdays, but today, they raised their eyebrows and exhaled completely, but did not see that even the hegemonic forces such as the Tianwujian faction admitted in front of the law enforcement forces, compensated a large number of rough stones, and walked away in vain?

This kind of coolness is caused by a long time of suffocation and a sudden outbreak, which is simply better than doing anything.

Tie Xing is even more excited to shout.
