

D Emperor 1191

Chapter 1191: Emperor God

Emperor God's face changed wildly, and he didn't expect that Lu Ming would suddenly send trouble to him on such occasions.

In a panic, the space's artistic conception ran, striking, and receding wildly.

But Lu Ming shook the space, and the terrible power madly flocked to the Emperor God.

"Stop me!"

Emperor God Heart Shock, roaring in his heart, erupting all the power, want to resist, and at the same time, the space mood is turned to the extreme.

boom!

The terrible power spurt out, the body of the Emperor God flew for thousands of kilometers, he vomited blood in a big mouth, and his face was pale.

"kill!"

Lu Ming stepped on his feet and continued to kill Emperor God.

"Lu Ming..."

Between heaven and earth, there was a long scream, the dazzling golden light bloomed, and a terrifying sword gas appeared from high altitude and cut towards Lu Ming.

It was Emperor Yi. Today, the emperors gathered, and he was also present, but Lu Ming suddenly attacked the Emperor God, which was also beyond his expectations. At this moment, the opportunity was killing Lu Ming.

"Emperor One, the younger generation, what are you doing? I want to fight, I will accompany you!"

Demon Qi rushed into the sky, a vast magic light defeated Emperor Yi's sword qi, and Xie Chao's figure appeared in front of Emperor Yi.

"Xie Ran, get away!"

The Emperor swallowed and went towards Xie Ran.

"A younger generation, don't you respect your seniors?"

Xie Ran smiled lightly and fought with the Emperor.

Lu Ming's figure didn't stop at all, and he showed great speed and quickly approached the Emperor God.

Emperor God is crazy about the artistic conception of space and wants to escape.

"seal!"

The indifferent voice spit out from Lu Ming's mouth. He cast nine seals of the god's gate, and the two seal gates condensed out from the left and right sides of the emperor god, exuding a tremendous light, and suppressed toward the emperor god.

Emperor God suddenly felt the space around him like mud, making him difficult to move.

"Space, chaos!"

The Emperor God's eyes were red, and he roared wildly, using self-mutilation, and wanted to escape from the rear.

But he was desperate that at this time, a seal door also appeared behind him, shrouding him in.

Three doors of seals. After this period of cultivation, the nine gates of Lu Ming, a god, made breakthroughs and were able to condense three doors of seals.

"Do not!"

Emperor God shouted in horror, he could not escape.

Lu Ming wandered up and punched the Emperor God's Dantian with a fistful force, and the terrible power poured into it, penetrating the Emperor God's Dantian, and the Emperor God vomited blood.

"stop!"

Above, the angry voice of Emperor God came.

"Stop it? Haha, Emperor Yi, why didn't you stop when you went to kill me?"

Lu Ming laughed, his palm was like a knife, and he cut it down from the head of the Emperor God, and cut the Emperor God in half.

Emperor God, who stands at the top of Donghuang's younger generation, ranked first in the list of Donghuang Qianjiao, die!

boom!

A huge roar erupted in the high altitude. Emperor Yi and Xie Chao made a right move. The two retreated far away and did not continue their hands.

Emperor Yi's gaze looked very coldly at Lu Ming, and the murderous richness could not be resolved.

Lu Ming sneered and stared at the emperor.

Didn't Emperor rely on his cultivation to be high, would he want to take him down and deprive him of his blood? Then now he cuts off his strongest descendants and charges a little interest first.

"Haha, Lu Ming, it's good to kill. Men should be like that, there is revenge!"

Xie Ran laughed, making the face of the royal family Xie family ugly.

"Emperor One, kill Emperor God today, come to Japan, and cut you!"

Lu Ming spoke, and the voice spread like a storm.

The hearts of the people in the continent of the wild are shaking.

Just now, Xie Ran and Emperor Yi briefly fought against each other, and the fighting power they showed was amazing, far exceeding that of ordinary emperors, making them horrified.

But Lu Ming's courage was even more amazing, and he bluntly cut the Emperor One in the future.

Emperor Yi is so powerful, Lu Ming is so confident?

"I am waiting!"

As soon as the emperor spoke indifferently, he glanced at Xie Chao, and the people from the mainland of Shenxu, then turned around and stepped out, and his figure disappeared.

"interesting!"

Xuanyi whispered in middle age, more interesting.

"Senior, my business is done!"

Lu Ming came to Xuanyi middle-aged and clenched his fists.

"Ok!"

Xuanyi nodded in middle age.

"Senior, junior have something to ask!"

At this time, a voice sounded, and everyone looked at it, it was Long Chen who spoke.

"What's the matter with you? Ask!" Xuanyi middle-aged said.

"Seniors, if the juniors are selected by the Yuanlu Buddhism and recruited as disciples, do they have to go to Yuanlu immediately? If the juniors want to return to Shenhuang Continent to deal with some private affairs, it will take some time, is it allowed?"

Long Chen asked.

Others also showed such expressions, including Lu Ming.

This question is exactly what he wants to ask.

"Hahaha, it's really whimsical, who do you think you are? Yuanlu Dazong will choose you? Let you go, but just give you a chance, but hope is slim and you can't help it!"

Xuanyi had not answered in his middle age, and Mu Feng sneered, looking at Long Chen disdainfully.

Long Chen's eyes glanced Mu Feng lightly, then ignored him, and continued to look at Xuanyi middle-aged.

Xuanyi's middle-aged frowned. Obviously, he didn't like Mu Feng's temper. He glanced coldly at Mu Feng, making Mu Feng's face change and shut his mouth obediently.

"Yuanlu Buddhism is naturally reasonable, and this will certainly be allowed. After all, only after you have done all your private affairs, and then go to Yuanlu, then you will have the whole heart to practice!"

Xuanyi middle-aged said, given a definite answer.

Lu Ming secretly breathed a sigh of relief. Even if he was selected by Yuan Lu, he would definitely come back to deal with some things.

First of all, if the emperor didn't solve it, he felt uneasy.

In addition, his secondary body is still cultivating in the secret realm of the Holy Palace. He will go to Yuanlu in the future, and he will definitely go with his secondary body.

"Do you guys have any questions? Ask them together, lest you have doubts!"

Xuanyi middle-aged said.

Everyone shook their heads, saying they were gone.

"Okay, since you don't have one, go on board!"

Xuanyi middle-aged said.

Then he turned and flew into the warship. Lu Ming and their twelve people also flew into the warship one by one.

The warship is very huge and very wide. On the deck, it is several kilometers long and wide. Behind the deck, there is a gate. Inside, there are some houses and the like.

Mu Feng glanced coldly at Lu Ming, especially at Xie Nianjun and Xie Nianqing, they stopped for a moment, snorted coldly, and walked towards the gate first.

"Brother Lu! In Shimokawa!"

At this time, a young man came to Lu Ming and clenched his fists.

Lu Ming knew that it was two young people who had followed Xuanyi's middle age before. He always had a smile on his face and looked very gentle.

"Brother Ye, why?"

Lu Ming said.

"Haha, it's no big deal. It's just Brother Lu's fighting ability that I admire, so I just want to make friends!"

Ye Chuan smiled.

"Brother Ye is polite, how can the skill of the slightest compare with the heavenly arrogance of the Shenxu mainland!"

Lu Ming said politely.

Ye Chuan smiled slightly, then lowered his voice and said: "Brother Lu, this person Mu Feng, has a narrow-minded mind. If he arrives in the Shenxu mainland, Brother Lu should be careful about this person's secret use of means!"

Chapter 1192: set off

"Oh? Thank you Brother Ye for reminding!"

Lu Ming clenched his fists.

"Haha, no need to be polite, Brother Lu, and this girl, please. This cross-sea flying boat is not small in size, and there are other things in it. I will take two of them around!"

Ye Chuan smiled.

Ye Chuan is so enthusiastic that Lu Ming is not easy to refuse. He and Xie Nianqing followed Ye Chuan towards the gate.

Of course, Tuoba Shi has been following Lu Ming.

Today, the Beast Tribe surrendered to Lu Ming, and Tuoba Shi was defeated by Lu Ming. He admired Lu Ming very much, and as a subordinate of Lu Ming, he always followed Lu Ming.

This warship is really big. It has all kinds of rooms. There are living rooms, cultivation grounds, alchemy rooms, and refinery rooms.

There is even a restaurant where you can order food and drink in the restaurant, but you have to pay for the original stone.

Ye Chuan took Lu Ming around them and let Lu Ming open their eyes.

In the end, Lu Ming chose a room at random.

Although the speed of the cross-sea spacecraft is extremely fast, the distance between the Shenhua Continent and the Shenzu Continent is a little far away. Even the cross-sea spacecraft needs to fly for a month.

Therefore, during this time, they will spend the boat.

Rumble!

A slight vibration came from the hull, and the cross-sea spacecraft started, flew towards the north at a speed, and disappeared over the earth lake in a blink of an eye.

After the cross-sea spacecraft began to fly, it completely stabilized, such as on flat ground.

Lu Ming walked into the room and closed his eyes to refresh himself.

Half a day later, Lu Ming, together with Xie Nianqing, walked towards the restaurant, planning to eat something.

When I came to the restaurant, I saw several acquaintances.

In the Lion City, Kong Lin and the two sat at a table, and after seeing Lu Ming, deep dread flashed in his eyes.

Previously, Lu Ming defeated Mu Feng with one move, and their fighting power frightened them.

In addition, Lu Ming also saw Long Chen, sitting alone at a table, drinking slowly.

At another table, Lu Ming saw two bald heads.

It is a moonless and unscrupulous monk.

At this time, Wuyue was slowly tasting tea, but Wuliang monk picked up a large piece of monster beast meat, nibbling there, eating mouth full of oil.

Seeing Lu Ming and Xie Nianqing, the unscrupulous monk yelled: "Lord Lord Lu, Xie Niang, come here, please, I invite you!"

"Master please, Lu Mou will not bother!"

Lu Ming smiled and walked to the side with Xie Nianqing.

On a table over there, a beautiful woman in white sitting alone is Xie Nianjun.

Seeing Lu Ming and Xie Nianqing, Xie Nianjun's eyes fell on Xie Nianqing indifferently, and said indifferently: "When I return to Shenhuang Continent, I will definitely take you down and repress you to the Nine Nether Demon Domain!"

"It's you alone? Rest assured, you don't need to go back to Shenhuang, it's in Shenxu, I'll step on you!"

Xie Nianqing spoke, tit-for-tat.

After talking, he pulled down and drove towards a table next to him, and ignored Xie Nianjun.

A passageway, Mu Feng saw this scene in his eyes.

"It turns out that these two beautiful women who look almost exactly the same, are not a gang, and there seems to be hatred, hey, then I will take this white woman first, as for the Lu Ming and the black woman, waiting for the Shenxu mainland ,Humph!"

Mu Feng snorted.

Xie Nianqing and Xie Nianjun, a pair of sister flowers, are gorgeous and unique, but they have different temperaments, which really makes Mu Feng feel heart-warming.

Originally, he saw that Xie Nianqing and Lu Ming were so close. He thought that Xie Nianjun was also with Lu Ming. He was afraid of Lu Ming in his heart and had not dared to act, but now it seems that Xie Nianjun is not with Lu Ming. His heart suddenly rejuvenated.

With a smile of self-righteousness, Mu Feng walked towards Xie Nianjun and came to Xie Nianjun's desk and said, "This girl, can you sit here underneath?"

Xie Nianjun glanced Mu Feng indifferently, without speaking.

Mu Feng's gaze narrowed slightly, and he sat down and said, "My name is Mu Feng. I think the girl should have heard it before. The girl went to the mainland of Shenxu, and there are many places that need attention. It's a small place, but the masters of the gods are like a cloud, and there are many arrogances. I can talk to the girl first about some places that need attention, so that the girl will not take some detours..."

Mu Feng opened his mouth, and there was a trace of pride in his tone, as if to say, you guys in a small place, when you get to a big place, you need to pay more attention, but it doesn't matter, I can mention you.

In Mu Feng's heart, he was able to say this to Xie Nianjun, which already showed that she took care of her.

"roll!"

The cold voice spit out from Xie Nianjun's mouth and spread throughout the restaurant.

Mu Feng's words came to an abrupt end, then a cold light burst into his eyes and said, "Girl, what are you talking about?"

"Go, can't you hear?"

Xie Nianjun said coldly, looking at Mu Feng's eyes, revealing a trace of disgust.

"Bold, you bitch, I kindly mention you, but you are so ignorant and dare to abuse me, now, kneel down and apologize!"

Mu Feng's face was extremely gloomy and coldly scolded.

His heart was filled with anger. At first, Lu Ming was brave enough to dare to hurt him, and his stomach was full of gas. Now, even a Xie Nianjun dare to blame him like this, what is he really?

Xie Nianjun glanced at Mu Feng disdainfully, then got up, turned around and left.

Mu Feng's dead skin didn't go away, only she left.

"Bitch, want to go, kneel down and admit my mistake, and be my maidservant for three years!"

Mu Feng drank coldly and took a palm towards Xie Nianjun.

Xie Nianjun turned and burst out.

bump!

The two palms intersect, Xie Nianjun's body trembles, bang bang back five steps in a row, but Mu Feng also back three steps.

"Spiritual Spirit Fourfold, a little skill, but just broke through the Spiritual Spirit Fourfold, just want to start with me, too early!"

Mu Feng's complexion changed at first. Obviously, he didn't expect that a continent of gods and deserts first came out with a master like Lu Ming. Now the woman's cultivation practice is so advanced that she has reached the four levels of spirit god.

But immediately, Mu Feng's face was colder, and the fiery light in his eyes was even hotter.

Uh! Uh!

Mu Feng's palm prints continued to envelope Xie Nianjun.

call out!

At this moment, a wine glass, broken void, flew towards Mu Feng's face, and the wine glass carried a terrible strong wind, so Mu Feng's palm could not help but chaos.

"Who? Looking for death!"

Mu Feng smashed the shot of the wine glass, glanced coldly at the scene, and finally landed on Long Chen.

The wine glass flew out of Longchen just now.

"Boy, are you?"

Mu Feng stared at Long Chen coldly.

"let her go!"

Long Chen said quietly.

"Haha, kid, who do you think you are? Something that is not self-controlling, I will abandon you now and see if you have a few pounds or two!"

Mu Feng cold drink.

He was so angry in his heart.

It's abhorrent not to put him in the eyes of the wastes of these gods and continents, **** it!

Really thought he was a soft persimmon?

First, Lu Ming, then Xie Nianjun, and now, Long Chen.

The killing in his heart was already very rich.

Chapter 1193: Shenxu Continental Group

With his talents, although he is also a natural arrogant in the Shenxu Continent, he is not the top and his position is awkward, so he applied to come to the Shenhua Continent.

Originally, I thought that it would be awesome in the Shenhua Continent and suppress the so-called Tianjiao of the Shenhua Continent.

In his imagination, these country gangsters in Shenhua Continent are not good enough to stole him, and even the beautiful women take the initiative to give their arms?

But reality, but his imagination, a thousand miles away.

At the beginning, he was beaten badly by Lu Ming, and he was abused again, but the elders seemed to value Lu Ming's talent quite a bit, and actually let him apologize.

Now, Xie Nianjun, Long Chen is still the same.

He wanted to get started, he had to use the thunder method to abolish Longchen, kill the chickens and monkeys, and make the rest of the gods and continents afraid of him, fear him, and let Xie Nianjun obediently hug him.

He strode towards Longchen stride.

On the side, Lu Ming, Xie Nianqing, unscrupulous monk, lion and others waited with interest.

Long Chen is now married to Xie Nianlin, and Xie Nianjun is Xie Nianlin's sister. Xie Nianjun has something to do, and Long Chen will naturally not sit idly by.

And Mu Feng actually had to start with Longchen. They were a little curious. They didn't know if Mu Feng could try out some strength of Longchen.

"Uh!"

Mu Feng was very direct. He directly bombarded Longchen with his palm. His palm roared, and his energy was stirred in the restaurant.

But this is inside the cross-sea spacecraft. The entire cross-sea spacecraft is made of an extremely hard metal. The whole body is inscribed with inscriptions. Even the emperor is not easy to destroy. Naturally, it can block these strengths.

"roll!"

Long Chen sat without moving, flipped his hands and shot.

bump!

The palms intersect, Mu Feng's body retreats seven or eight steps, and Long Chen still sits there motionless.

"Damn!"

Mu Feng roared, his face flushed, the breath on his body was even more violent, and the blood on his head appeared. He screamed and blasted towards Longchen again.

This move, except that he did not show blood fusion, is his strongest move.

He didn't believe it, and he didn't believe that the people in Shenhua Continent were so strong.

Long Chen got up, and one of his arms suddenly became thicker, twice as thick as usual, and punched out.

This punch, destructive and destructive, directly defeated all of Mu Feng's attacks and slammed into Mu Feng's palm.

Click!

Mu Feng's palm was totally deformed, he screamed, his body was like a kite with a broken line, he flew away from a distance, hit the wall heavily, and blood spewed in his mouth.

On the side, the unscrupulous monk, the lion, etc. stared at Long Chen, their eyes full of dignity.

"Longchen's combat strength has become stronger again!"

Lu Ming moved.

The same trick, in the holy city, defeated Tuoba Stone, and now, defeating Mu Feng by one trick still gives people an unfathomable feeling.

In addition to the people of Shenhua Continent, the people of Shenzu Continent are even more shocked.

"It seems that Shenhua Continent has a few amazing arrogances!"

People from the mainland of the Gods Market sighed.

"get out!"

Long Chen's eyes fell on Mu Feng.

Mu Feng struggling to get up, his eyes spitting fire, he suffocated.

I had thought that the God Continent could play awe-inspiring powers, but did not expect to be beaten again and again.

"You guys, wait for me!"

Mu Feng left a ruthless remark, and retreated away.

Long Chen continued to sit down and drink, and the field was calm again.

"Lu Ming, if you are right against Longchen, are you sure?"

Xie Nianqing sent a message to Lu Ming.

"do not know!"

Lu Ming shook his head and said: "I don't know much about Longchen, and I don't know what his bloodline is? Even his specific practice is unclear, it's hard to measure!"

"It seems that you have an opponent!"

Xie Nianqing smiled.

"Relax, in the future, I will suppress all enemies, the man you fancy, be invincible!"

Lu Ming laughed, full of confidence.

There is this self-confidence. When his bloodline of Jiulong and Zhenyubei are raised to the ninth level of the **** level, his combat power will also be greatly improved. He will be invincible in the same level of battle.

"Smelly!"

Xie Nianqing's face was slightly red, and Lu Ming was white, but his eyes were filled with a happy smile.

After eating and drinking for a while, Lu Ming and Xie Nianqing checked out and walked on the ship for a while, then came back to the deck, and outside, the wind screamed.

At the speed of the spaceship across the sea, the violent wind formed by breaking through the space, the powerful terror, as long as the spirit **** comes to the deck, it will be twisted and crushed by the storm.

Lu Ming and Xie Nianqing were filled with real elements, blocking the storm and looking around.

What is in sight is the endless ocean. On the ocean, the wind screams, under the ocean, the waves are thousands of layers, and the waves are 10,000 meters high. The scene is extremely spectacular.

Lu Ming and Xie Nianqing held hands and watched this spectacular scene together.

.....

A month's time is very short for practitioners, and blinks in the blink of an eye.

A month later, they had come to Shenxu mainland and entered the realm of Shenxu mainland.

The heavenly arrogance of the Shenhua Continent gathers on the deck and looks at the magnificent rivers and mountains below.

"What a rich heaven and earth aura, amidst the aura, a mixture of rich aura!"

Tuoba Shi took a deep breath, revealing the fascination.

"Yes, this kind of cultivation environment is much stronger than the Shenhua Continent. Even if the Emperor is practicing here, it is easier to break through, and the conditions are much better than the Shenhua Continent!"

Lu Ming said carefully.

Shenxu Continent is not only aura, but also full of original energy, even if it is the world mood, it seems to be easier.

In such an environment, the progress is naturally faster, and there will be more masters.

"It is said that the mainland of Shenxu and Yuanlu are still 108,000 miles away. I really don't know what Yuanlu's cultivation environment is like!"

There was a trace of expectation in Lu Ming's eyes.

The warship was flying fast in the air, and the endless magnificent mountains and rivers passed under it. Two days later, there was a vast ancient city in front of me.

"You, that ancient city, is where the Shenmen Nanjing Palace is located. Next, you will live in the Nanjin Palace for nearly three months!"

Xuanyi opened her middle age.

"This time Tenjin Sect selects disciples, I will probably tell you about the process and the situation of the Shenxu mainland!"

"The Shenxu Continent, with the God Gate as its esteem, is divided into the Four Shrines of Southeast, Northwest and North, but the Four Shrines each govern one side and are governed separately. It has been endless years. Therefore, although the Four Shrines now belong to the Shrine, , But in fact can count the four forces, compete with each other, and even fight!"

"And there are 42 continents in the Shenxu continent, called the Shenxu continent group. Each of the four major shrines is responsible for one direction. The Shenhuan Continent is in the south of the Shenxu continent and belongs to our Southern Shrine. There are nine continents. We must wait for the continents of the nine continents to gather together, and after three months, head to the ancient city of Shenxu!"

Xuanyi middle-aged explained in detail.

Chapter 1194: Stir up contradictions

Everyone nodded, as it turned out.

However, Tianjiao of Shenhuang Continent was shocked. There are 42 continents in Shenxu Continent and Shenxu Continent Group. The vast and vast Shenhuang Continent is just one of them, which is really shocking.

It is said that there are so many continent groups in the entire metaverse, and it is simply impossible to calculate. I really don't know how big the metaverse is.

"Okay, let me tell you so much. As for the details of Tenjinzong's selection of disciples, wait for the nine continents to converge, and then tell you, now, we need to fly into the Southern Palace!"

When Xuanyi finished talking in middle age, he stepped out and flew out of the cross-sea spaceship.

Mu Feng, Ye Chuan, and some other people from Shenxu Mainland, including Lu Ming, flew out together to watch the cross-sea spacecraft.

Then the spaceship reversed its direction and flew towards the other side.

They walked in the air and flew towards the Southern Palace.

In front, the ancient city belongs to the Nanjing Palace, which is very vast, and countless people live in it.

The strong men who guarded the ancient city saw Xuanyi middle-aged and respectfully saluted them. They entered the ancient city unimpeded.

The ancient city is really too big, like a small world, mountains and lakes.

Soon, the crowd descended on a square.

"You wait here for a while, and soon someone will come to arrange your residence!"

Xuanyi said something in his middle age, then rose into the sky and disappeared here.

Beside, Mu Feng's face was cold, he took out a piece of voiced jade symbol, spread a message, and then sneered on his face.

Soon, two middle-aged strong men flew and landed in front of Lu Ming.

"You are the natural arrogance from Shenhuang Continent, come with us and arrange a place for you!"

After speaking, Lu Ming and others followed.

Not far from the square, there are two peaks.

The two peaks are connected together. There are two peaks, one tall and one short, like brother peaks.

From a distance, you can see that there are other courtyards built on the two peaks.

The two strong men took them and flew towards the high mountain.

Xu Yu, they descended on the mountain peak.

The mountain peaks are filled with strong spirits and primordial qi, ancient trees towering, there are spirit beasts running, the environment is very good, in the mountains and forests, some other courtyards are built.

"This mountain is called the general's peak, and the short mountain is called the soldier's peak, just like a soldier's visit to the general!"

A strong man casually introduced a sentence.

Lu Ming looked at them. Sure enough, the short mountain, like a soldier, was visiting the general.

On their side, they can look down on the soldier's peak.

"You can stay here and choose another courtyard to stay at. You're ready, the place has been taken, we're gone!"

A strong man said, and then the two strong men left here.

"My hair, the young monk would choose this other courtyard, Sister Wuyue, would you like to live with me?"

The monk Wuliang declared a Buddha's number and walked towards a small courtyard inside. Before leaving, he looked at Wuyue and asked.

Wuyue directly ignored the unscrupulous monk and found another courtyard to enter.

There are many other courtyards here, you can choose at will, and choose your own one by one.

Lu Ming and Xie Nianqing strolled around and selected a courtyard near the cliff and walked in.

The courtyard is elegant. There are several rooms for several people. The environment is elegant. The two are quite satisfied.

...

As soon as time went by, Lu Ming and they had arrived at the Nanshen Temple for three days.

On this day, outside the ancient city, another cross-sea spacecraft came out, and a group of people flew out of it.

"Is this the Southern God Palace on the mainland of Shenxu?"

There were more than a dozen young people in the crowd, all with their eyes shining, looking excitedly at the ancient city in front of them, full of anticipation.

After that, they and Lu Ming flew into the ancient city like they did last time, and landed on that square.

Soon, a young man and a strong man flew over.

That young man was actually Mu Feng.

"Dear friends of the crocodile continent, your residence has been arranged, come with us!"

Mu Feng said.

Tianjiao nodded, the **** crocodile continent nodded. There were fifteen people. Following Mu Feng and the strong man, he flew in one direction.

The direction in which they traveled was also the direction in which Lu Ming lived, but they did not arrive at General Peak, but at Shifeng Peak.

They descended on the peak of the soldiers.

"Brother Mu, I think the scenery of that mountain is better. Can we live on that mountain?"

A young man from the crocodile continent looked up at General Peak and asked.

"Brother Crocodile, I'm sorry, that mountain has already lived on a continent!"

Mu Feng smiled.

"A continent lives? Which continent is it?"

Not only the youth just now, but also the youths of other crocodile continents changed their faces.

The soldier's peak, obviously shorter than the general's peak, needs to look up, which makes them very uncomfortable.

"It's a man from Shenhua Continent. The mountain where Shenhua Continent lives is called General Peak, and this peak is called Shifeng Peak!"

Mu Feng explained.

"General Peak? Shizhuifeng? What is the reason, why do the people of Shenhua Continent live in Jiangjunfeng, and we live in Shifengfeng? What is the qualification of Shenhua Continent to live in General Fengfeng?"

"I have heard of Shenhua Continent. According to legend, in ancient times, the Shenzu Continental Group had a continent ranking list. The Shenhua Continent ranked far behind my God Crocodile Continent. Why do they live there?"

Mu Feng's remarks caused the Tianjiao, the **** of the crocodile continent, to explode, and expressed their discontent.

A general peak and a **** peak, the meaning is obvious, does it not mean that they are the **** continent and the desolate continent is the general?

Does this make sense?

"Everyone, this is the arrangement of the elders of Nanshen Palace. Maybe the elders feel that the arrogance of Shenhua Continent is stronger? But in Nanshen Palace, everything speaks with strength, strength, and a better place to live naturally. Okay, guys, stay here, Mu Mou left first!"

After Mu Feng finished speaking, he turned and flew away with the middle-aged strong man.

Mu Feng's mouth hung a smug smile.

"Shenhuang Continent, aren't you very powerful? Then let you try the **** crocodile mainland's pride!"

Mu Feng's mouth sneered.

That's right, Mu Feng arranged the accommodation through relationship. It was just to arrange the residence, not too difficult.

He deliberately made people arrange the Shenhuang Continent on Jiangjun Peak, and arrange a rather powerful continent, the God Crocodile Continent, on Shizuo Peak in order to provoke the conflict between the two continents.

Shenhuang Continent will not make him happy, nor will he make people in Shenhuang Continent happy.

After Mu Feng left, the natural arrogance of the **** crocodile mainland screamed.

"Mu Feng said just now, the Southern God Palace, everything speaks on its strength, then the Shenhuang Continent actually lives on the head of our Divine Crocodile Continent, what qualifications do they have?"

"Since speaking with strength, let the people of the Shenhuang Continent roll down, General Peak, ours."

"Who shoots first?"

"Let's go, every continent of the gods, I'm alone!"

Finally, a young man in scale armor stepped out of the air and flew towards General Peak.

Chapter 1195: Alligator Continent

In the past three days, Lu Ming has been retreating and practicing. He has realized the artistic conception of the world and the martial arts. The cultivation environment of the Shenxu Continent is indeed better than the Shenhuang Continent. He feels that it is easier to cultivate here than on the Shenhuang Continent.

Suddenly, there was a violent roar outside.

Lu Ming opened his eyes, somewhat surprised.

Someone is fighting outside, but who will fight here?

Lu Ming got up and opened the door and went out. Seeing that Xie Nianqing also came out of the room, both of them were a little surprised. When they walked out of the other courtyard, they found the sky not far away, bright and full of energy.

In the air, some people are watching.

Unscrupulous monks, Yang Potian, Ming Zi, Tuoba Shi and others are all there.

On the other side, there are more than a dozen young people who do not know.

Lu Ming looked at the battlefield, it was the lions fighting against a young man wearing scale armor.

At this moment, the lions have turned into their original form, a golden and mighty lion with golden light and golden flames jumping.

The lions are a bit stronger than they were in the holy city, and their cultivation methods have also broken through to the spirit **** triple, a long roar, the world shakes, and the mountains shake.

However, at this moment, the lions were completely at a disadvantage. The young man in scale armor was obviously much stronger than the lions. He punched out with one punch, and the lions he was tumbling in the air.

"What a majestic lion, good, quite powerful, how about it? Be my mount, and follow Master Ben to eat spicy and spicy!"

The voice of the scaled youth's abuses made the lions even more angry and roared.

Uh! Uh! ...

In the distance, a figure flickered and flew towards this side.

Obviously was shocked by the war here.

Many of them are young people. Lu Ming speculates that it may be the Tianjiao of other continents, or the Nanjiao Palace's own Tianjiao.

"Hey, really fight!"

Mu Feng sneered in the crowd, he did not go far, he heard the movement here, hurried back to see the excitement.

"Which of these two continents are the arrogance?"

Someone asked.

"It's Shenhuang Continent and God Crocodile Continent!"

Mu Feng answered.

"Oh? It turns out that these two continents. In ancient times, the Shenxu Continental Group once had a continental ranking. The Shengu Continent has been ranked very high. It even rushed into the top ten when it was the strongest. I wonder what is happening now?"

"I heard that the God Crocodile Continent has always been very strong. Although it may not be able to enter the top ten, it will not be too bad. Most of the arrogance of the God Continent is not an opponent."

"Huh? The lion of the God Continent is about to lose!"

There are many people talking about it.

"Tuo Ba Shi, what's going on?"

Lu Ming and Xie Nianqing came to Tuoba Shi and asked.

"Lu Shuai, a man from the mainland of the Divine Crocodile. Originally the residence they were assigned to was Shizufeng. Now they want to rush us to Shizufeng. They live in General Fengfeng!"

Tuoba Shi explained.

In a word, Lu Ming understood.

General Peak stands high, looking down at the soldier's peak. How can the arrogance of the God Crocodile Continent be overlooked by the arrogance of other continents?

"boom!"

In the sky, the lions are screaming, but they are useless, and the combat power is so different that they are completely abused.

The lions are cultivated to be the triple spirit gods, but the other party has the spiritual peaks of the spiritual **** quadruples, which is too different.

And there is no doubt that the awakening bloodline that can come to participate in the screening of Tianshen Sect is certainly a **** level nine.

bump!

After several battles, the lions were spitting blood from the other party and fell heavily on the ground of General Peak.

"With such strength, I also want to participate in the selection of Yuanlu Buddhism, it is really beyond my control!"

The young scaly armor stands high above the sky, overlooking the lion capital.

The lions are roaring and suffocating, but they are not as good as others.

The faces of other people in Shenhua Continent are not too pretty.

After all, they are all from the Shenhua Continent, no matter what contradictions there are on the Shenhua Continent, but on the Shenzu Continent, they are together, the lions are suppressed, and their faces are dull.

The young Scale Armor looked cold and proud, and continued to stare at the Lion City, saying, "How is it? Be my mount."

"dream!"

The lions shouted.

"Then I will hit you until you make my mount. Haha, there is also a peacock with five lines of peacock blood. It is also good to collect it as a mount. This trip has a good harvest!"

After speaking, the eyes of the scaled youth glanced over Kong Lin, flashing a fierce light.

Then continue to attack the lions.

"Lion Capital, I will help you!"

Kong Lin's face was difficult, and there was a long roar, which turned into a five-colored peacock, rushing towards the young scales.

The lions saw this opportunity, and cooperated with Kong Lin, the two joined forces to fight each other.

"Hey, what's the use of joining forces?"

The scaly armor sneered, and a huge crocodile appeared above his head.

Nine golden chakras shined around the crocodile.

God beast, crocodile!

The scale armor youth displayed a fusion of blood and turned into a giant emperor.

"Defeat me!"

The crocodile made a roar, and his tail swept out like a **** whip, sweeping on Kong Lin. The five elements of God's body on Kong Lin's body suddenly shattered, with a wail, five-colored feathers flew, and the body was pumped out.

At the same time, the Emperor Alligator slapped the lion all over and flew the lion all out.

The lions all teamed up with Kong Lin, and neither is their opponent.

"Two waste, barely able to be used as a mount, but also want to resist?"

The big crocodile's eyes swept away, contemptuously said.

Then he swept up to Lu Ming, Ming Zi, Yang Potian and others, saying: "I repeat, General Peak, our **** crocodile continent wants it, get acquainted, hurry up, otherwise, one by one!"

"It's really arrogant!"

Tuoba Shi licked Zuizucun, he wanted to go up for a battle, but his cultivation base had not yet broken through the four levels of the spirit god, and he knew that he was going up, and he was not the opponent of the other party.

"My hair!"

Wuliang monk read the sound of Buddha, and his eyes narrowed slightly.

But obviously, no one will leave here easily.

"Don't go away, right? Then I'll hit them one by one!"

The fierce light flashed in the eyes of the emperor crocodile, glanced at everyone, and finally landed on Mingzi, saying: "The next one is you. Just now you showed me a killing opportunity, don't think I can't feel it, kneel down for me! "

The emperor crocodile was very overbearing, the voice fell, and a speed of light was shot in his eyes, and he drove towards Mingzi.

As soon as Ming Zi's eyes were cold, the endless qi broke out. In the qi, there were bursts of ghosts crying and howling.

A knife and a black machete appeared in his hand, and evil spirits appeared on it. It was extremely realistic and seemed to crawl out.

Uh!

Mingzi held the machete in his hand and cut it out with one knife, destroying the beam emitted by the emperor.

At the same time, Mingzi rose into the air and stood in front of the emperor crocodile, a powerful breath burst out.

The spirit **** is fourfold!

Obviously, during this time, Mingzi also made a breakthrough and entered the quadruple realm of spirit gods.

"You have to fight, I will accompany!"

The cold voice came from the mouth of Ming Zi.

"Four Gods of Spirits and Gods Continent has always figured out a decent figure. However, it has just broken through the Four Layers of Spirits and God, and I want to fight against me. It is still far away!"

The crocodile's slightly disdainful voice came out.

Chapter 1196: When the hammer hits

bump! bump! bump! ...

The crocodile stepped into the air with four limbs, roared, crawled towards the Mingzi, his whole scales glowed, his mouth screamed, and he looked very cruel.

Uh!

A huge claw slapped down towards Mingzi.

On Ming Zi, the Qi is stronger, and the blood of death appears above his head.

Nothing is hidden at all. In the face of such a strong enemy, Mingzi casts blood and merges into an incarnation of death.

Ming Yan was leaping, the death scythe slashed towards the emperor.

Keng!

The scythe of death was cut on the paw of the emperor crocodile, and the sound of gold and iron struck.

However, the crocodile's body shuddered and did not chase it immediately.

"It turned out to be able to attack the soul directly, but unfortunately the power is not enough, I can't bear it, kill!"

The Emperor Crocodile was a little surprised, and immediately his body glowed, snarled, and continued to kill toward the Mingzi.

Ming Zi's face changed greatly, and the body of death began to separate, and finally turned into twelve bodies of death, surrounding the emperor.

Mingzi's Twelve Capital Battle Array!

Uh! Uh! Uh! ...

Twelve death avatars, twelve death scythes, cut off at the same time towards the emperor.

"Trick and worm!"

The voice of the crocodile came out, and the tail swept through the thousand armies, crushing the space.

Roaring bursts, seven or eight deaths were evacuated, and the remaining deaths were also shot by the giant crocodile giant claws, and the crocodile just shook his body a few times, and the light was filled, and it seemed to be resisting the soul attack of the death.

Then it was okay, and continued to attack toward Mingzi.

bump!

As soon as the tail flicked, a grim reaper burst open.

Then, the Emperor Crocodile spit out a beam of light, defeating a death.

Mingzi, after all, is not the opponent of the other party. After more than ten moves, he was completely suppressed. Twelve avatars were continually defeated.

Soon, the twelve death gods, with only one remaining, were caught and torn by the two feet of the emperor crocodile, and torn directly.

Mingzi was defeated and lost.

"Unbearable, it seems that the Shenhuang Continent is the strongest at this level!"

The crocodile looked wild, glancing at Lu Ming and others.

Lu Ming, Xie Nianqing, his expression remained the same, but the rest of the people looked a little ugly.

Ming Zi was defeated, and the rest, such as unscrupulous monks, Yang Potian, etc., were not sure at all. Their fighting power might not be comparable to that of Ming Zi.

"It seems that Shenhuang Continent has lost, and there is no such thing as an arrogance!"

"Yes, just don't know who the shot is, who ranks No. 1 in the God Crocodile Continent?"

"Spirit God's quadruple peak, presumably will not rank low in the crocodile continent, and the crocodile continent is not stupid. They are going to play, naturally they are masters!"

People around talk.

"Next, who of you shot?"

The crocodile continued to speak, and it seemed that he really wanted to beat them one by one.

Unscrupulous monk, Yang Potian's face changed for a while, but he didn't say anything.

"Huh, it's really waste, so let's go together, I have packed up together, let you be convinced to roll down General Peak!"

The Emperor Crocodile opened his mouth and was so arrogant that he actually wanted the people from the Desolate Continent to come together.

"hateful!"

Tuoba Shi gritted his teeth and showed his fierce glance, if not knowingly invincible, he would rush up.

"What are you looking at? Are you dissatisfied? Then start with your first one!"

The crocodile glanced at Tuoba Stone, a cold light flashed in his eyes, and a tail covered with scales pulled towards Tuoba Stone directly.

嗤嗤...

The tail was drawn, and the space was broken like paper. On the tail, with a terrifying space storm, it was drawn towards Tuoba Stone.

Tuoba Shi's face changed a lot, his cultivation behavior, the three peaks of talent and spirit, were a level lower than the opponent. At this time, the opponent shot with all his strength, and he simply lost.

He gritted his teeth and tried to resist the move with all his strength, and a voice sounded.

"let me do it!"

bump!

Lu Ming stepped up and appeared in front of Tuoba Stone. The dragon force roared in the body, and the true element was boiling. Lu Ming reached out a palm directly and grabbed towards the giant emperor's tail.

"Dare to scratch my tail with bare hands, break your arm!"

A dizzy color appeared in the eyes of the Emperor Crocodile, but at the next moment, a look of consternation flashed in his eyes.

His tail slammed heavily on Lu Ming's palm, but Lu Ming's palm was immobile, and the whole person was immobile, but his tail was caught by Lu Ming.

"drink!"

Lu Ming exhaled loudly, grasping the tail of the emperor crocodile with both hands, just like lifting a big hammer, directly lifting the huge body of the emperor crocodile, and smashing it towards the mountain.

bump!

The huge body of the emperor crocodile smashed heavily on General Peak, causing the whole mountain to vibrate wildly. On the surface of General Peak, endless inscriptions emerged, and the terrible strength was offset.

Without the protection of the large inscriptions, the entire general would be bombed and no stone would remain.

The rest of the crocodile continent was stunned for a while, while the people watching from afar were also in a daze.

They had never imagined that there were fierce men in the Shenhuang Continent, which could actually throw up the huge body of the crocodile as a big hammer.

"It's not over yet, here again!"

Someone called.

Sure enough, Lu Ming smashed it, before it was finished, he lifted the body of the crocodile again and smashed it again.

"Boy, let me go!"

The crocodile roared, struggling wildly.

But it was useless. At this moment, Lu Ming exploded the Eight Dragon Powers, which were invincible, so that the Emperor Crocodile struggled.

boom!

The huge body of the emperor crocodile smashed it hard, and the above kept shaking.

boom! boom! boom! ...

Then, on the mountain, a huge roar continued to sound, and the crocodile was repeatedly smashed on the mountain, screaming.

Heavenly arrogance in Shenhua Continent, such as Mingzi, Yang Potian and others took a breath, especially the lion capital, sweating in cold sweat.

Lu Ming, getting stronger and stronger, really violent, they silently mourned for the emperor.

But in my heart, it was very comfortable.

Isn't the crocodile arrogant? Is it a dead dog now?

boom!

After being smashed for more than a dozen times in a row, the other party finally found it difficult to maintain the state of blood fusion and re-formed into a humanoid form. Lu Ming kicked out, stamped on the other party's face, and kicked the other party far away.

There was also a young man from the mainland of the God Crocodile who flew out and caught the other party, otherwise he did not know where to fly.

"Unexpectedly, there are such masters in Shenhuang Continent, I really can't see it!"

"It's interesting. In this way, it's my turn to have a headache!"

In the distance, some people argue that for them, no matter which side wins, it has nothing to do with them, they just watch the excitement.

"Huh, that kid really has some strength, but the real master of the God Crocodile Continent, hasn't played yet?"

Mu Feng snorted coldly.

Lu Ming's combat power was what he expected, because Lu Ming could easily defeat him at the beginning, and the master who defeated the four peaks of the **** crocodile mainland spirit **** is also normal.

But there is still a stronger man, the God Crocodile Continent. The reason why he arranged this way is so simple.

Chapter 1197: One of the top ten, Taiko Dragon Elephant

"As far as I know, among the **** crocodile continent, there are at least two or three of them who have reached the five levels of the spirit god!"

Mu Feng raised his lips, explaining the sentence.

"There are two or three more than five spirit gods?"

Someone took a breath.

"Nice, hilarious, just beginning!"

Mu Feng sneered, the sharp edge in his eyes was stronger.

The spirit **** is fivefold, but it is much stronger than the spirit **** fourfold.

At this time, the natural arrogance of the **** crocodile continent is very unsightly.

Among them, a young man with a burly figure and wearing golden armor stepped out, his eyes were golden and candid, and he stared at the land, and a strong breath bloomed.

"Unexpectedly, Shenhua Continent, there is a decent master, not bad!"

Jin Jia youth's cold mouth.

"To shoot, just shoot, why not talk nonsense!"

Lu Ming said faintly.

"Hahaha, you are arrogant, but..."

Jin Jia youth laughed at first, but his eyes were very cold. His eyes flicked over Lu Ming and landed in a courtyard in the mountains and forests.

"In front of the arrogance of my crocodile continent, I'm still pretending to be a cultivator, so my pretentious calmness really makes me very uncomfortable, so I will clean up this guy first, then come to clean you up!"

After saying that, the young armor of the Golden Armor protruded out and grabbed the void. Above the other courtyard, a golden giant claw condensed out and grabbed into the other courtyard.

"Shoot Longchen!"

Lu Ming raised his eyebrows slightly, his lips raised.

He had long discovered that Longchen lived in that other courtyard.

Since the beginning, Long Chen has not appeared, and one is practicing in that other courtyard.

Obviously, the young Jinjia also discovered Longchen. Under their eyes, they were still practicing there. He was unhappy and wanted to take Longchen first and deal with Lu Ming.

"I don't seem to need my shot!"

Lu Ming whispered in his mouth and retreated to Xie Nianqing, having fun.

"roll!"

When the golden hand grabbed it, there was an indifferent drink in the other courtyard, and a fist flew out, smashing the golden hand.

Uh!

A figure stepped out of the other courtyard and appeared in the air, it was Long Chen.

"You shot it just now?"

Long Chen's eyes were fixed on Jinjia Youth.

"Yes, I didn't expect your repair to be..."

Uh!

The words of Jinjia Youth hadn't fallen yet. The figure of Long Chen had already approached Jinjia Youth very quickly and punched him with a punch.

The pressure of this fist made the face of Jin Jia youth change wildly, and in a hurry, he punched out.

The two fists intersect, and the face of Jin Jia's youth suddenly becomes pig liver. With a sound of his body, he flew backwards, his arms trembling, almost spitting out blood.

"Dare to attack me, despicable!"

The young man in gold armor roared, and a giant crocodile also appeared on the top of his head. Unlike the previous one, this giant crocodile was made of gold, like gold.

The same is the **** level nine blood.

The golden armoured man exhibited blood fusion, and his breath was violent.

This person has a spiritual god's five-medium level cultivation practice, which is stronger than the previous scale armor youth.

The golden armor youth turned into a giant crocodile and rushed towards Longchen.

boom!

The breath on Long Chen's body soared, and both arms became thicker, twice as thick as usual.

"That is, Dragon Scale?"

Lu Ming's eyes moved, and he saw scales like dragon scales on Longchen's thickened arms.

"Is the blood of Longchen a real dragon?"

Lu Ming guessed.

boom! boom!

Long Chen's hands fisted in succession.

The first punch hit the tail from the Golden Armor youth's slamming blow, and the second punch directly hit the head of the giant crocodile transformed by the Golden Armor youth.

Uh!

Long Chen stepped out, approaching the giant crocodile, raised his fist, and bombarded continuously.

Breaking everything with fists, it is difficult for the giant crocodile to resist and was bombarded by his fists constantly. The young Jinjia screamed.

"I rely on it, another demon appears in Shenhua Continent. It is so strong that even the strongest five-powered spirit is not an opponent?"

"It seems that this person is the strongest in the Shenhua Continent!"

Long Chen's combat power shocked the onlookers.

"Humph!"

Mu Feng's face was very cold and he sneered, but his eyes also revealed shock.

This dragon is also a person who must deal with it, but the strength of the fighting force is also beyond his expectations.

bump! bump!

After several consecutive punches, the smashed Jinjia youth wailed.

"stop!"

On the continent of the crocodile, a young man shouted, and a strong breath erupted on his body.

"Nonsense, get shots, get shots together, don't disturb my cultivation!"

Long Chen scolded.

"Damn it is really arrogant!"

"It's almost nobody's eyes. I suggest we shoot together to suppress this person!"

"Good, let's go together!"

Long Chen's contemptuous attitude caused the youths of the crocodile continent to roar and their eyes reddened.

All of them are peerless and arrogant. On the vast continent of crocodiles, they are the strongest people standing at the peak. Even the emperor, they dare not despise them. When have they been so contemptuous?

Shouting one by one, want to shoot together.

boom! boom! ...

At least seven or eight young people from the mainland of the crocodile, the blood above his head emerged.

All the god-level ninth bloodlines are all giant crocodiles.

Most of the crocodile continent people inherited the blood of various ancient crocodiles, emperors, and crocodiles.

A total of seven young people, show blood fusion, incarnate into a giant crocodile.

Two of them are extremely powerful.

"A spirit god's five-fold late stage, a spirit god's five-fold peak!"

Lu Ming's eyes moved, and he saw the cultivation behavior of the young man on the mainland.

In addition, other people are all in the fourfold existence of the spirit god.

Seven masters, incarnations of giant crocodiles, rushed towards Longchen together.

"This time, you can force the strength of Longchen!"

Including Lu Ming, other young people in Shenhua Continent are curious in their eyes and want to see the true strength of Longchen.

In Long Chen's eyes, there was also a hint of war.

Roar!

A trembling roar sounded, and on top of Longchen's head, a behemoth emerged.

It was a giant elephant, very huge, even bigger than the mountains.

But unlike the ordinary elephant, this giant elephant is covered with scale armor, which is like a dragon armor.

The giant elephant is surrounded by nine golden chakras.

However, the coercion emitted by the giant elephant is much stronger than the coercion emitted by other god-level blood vessels.

"This... this is... Taikoo Dragon Elephant. Someone awakened the bloodline of Taikoo Dragon Elephant?"

A surprised voice rang from Lu Ming's ear, it was Dandan, seemed to sense the breath of Longchen's blood, Dandan appeared from the mountain and river chart.

"An ancient dragon elephant? Is it a hybrid of a real dragon and an idol?"

Lu Ming was shocked.

"No, the Taikoo Dragon Elephant is a separate race. It has nothing to do with the real dragon. It is even stronger than the real dragon. Because the Taikoo Dragon Elephant exists in the same name as Kowloon, and it is also called the top ten war beasts with this seat. !"

Dandan explained.

"Taiwan Dragon Elephant is one of the top ten fighting beasts!"

Lu Ming jumped in his heart.

No wonder Long Chen is so powerful, that the bloodline of the original awakening is actually one of the top ten war beasts.

Chapter 1198: Huibaolou

How strong the bloodline of the top ten war beasts can be seen from the bloodline of Jiulong.

The Jiulong bloodline is now only at the eighth level, but the contained eight dragon powers, combined with the power of swallowing and the explosive power, are already amazing.

Moreover, the strongest of the bloodline of Kowloon is to devour the power of refining, which can refine all the energy, even the artistic conception, quickly improve the cultivation, and allow the bloodline to be upgraded.

Lu Ming can have today's achievements, and the blood of Jiulong is indispensable.

One can imagine how terrible the Archaic Dragon Elephant Bloodline, which is the same name as the Kowloon Bloodline.

"The Archaic Dragon Elephant is one of the top ten war beasts. It is famous for its combat power. It is capable of penetrating the world and suppressing everything. It is powerful and terrifying. This person can awaken the bloodline of the Archaic Dragon Elephant."

Sighed.

Ao!

The dragon elephant roared, and the pressure was pervasive, causing the Tianjiao's face to change wildly.

boom!

Longchen turned into a dragon elephant, stepped out, and stepped heavily on the giant crocodile transformed by the Golden Armored Youth.

The golden giant crocodile collapsed and burst, and the figure of the golden armor youth appeared, losing blood, and the blood in his mouth fell to the ground.

Obviously, it was already Long Chen's men who showed mercy and did not kill him, but also hit him hard.

Ao!

Immediately, the archaic dragon elephant screamed, and its trunk was swept, swept away, and there were three spirit gods with four celestial arrogances, their blood vessels collapsed, and their bodies were pumped out, screaming.

"Heli!"

The strongest man on the mainland of the God Crocodile is the existence of a five-peak peak of the spirit god. At this time, he drank, and his tail was drawn towards the ancient dragon elephant.

bump! bump!

The Archaeological Dragon Elephant was very flexible. It stepped out in two steps, and the terrible energy burst, blocking the other side. At the same time, the two ivory glowed, and two rays of light burst out, like two heavenly swords, and flew out.

A few more Tianjiao were defeated by the bloodline and flew out into a scream.

In the sky, there are only two spiritual crocodile continents, Tianjiao.

The archeological dragon came out step by step, the sky was shaking, and the fighting power was extremely powerful. Although the arrogance of the two crocodile continents tried their best, they could not resist it and were completely crushed.

Only a few strokes, the two screamed, the power of the bloodline dissipated, turned into a human form, receded madly, blood splattered in the mouth, and looked at the giant dragon in the sky with horror.

Uh!

The archaic dragon elephant shrank, Long Chen's body reappeared, glancing indifferently at the heavens of the **** crocodile mainland, and a cold voice came out: "Go!"

Tianjiao, the **** crocodile's face, was ugly, but he didn't dare to stay. With those injured, he retreated and returned obediently to Shizuofeng.

"Hao Qiang, who is this person, is so powerful, the spirit **** is five mortal and arrogant, can't withstand a blow!"

"It is indeed too strong. There is a continent of gods and wildernesses. There are such people. Such combat power can only appear in the top ten continents!"

"It's amazing, this time we selected another disciple of Tenjinzong, we have another enemy!"

In the distance, there are the arrogances of other continents, as well as the arrogances of the Shenxu continent. Looking at Longchen, his eyes are full of dignity.

"Damn, how could this person be so strong?"

Mu Feng gritted his teeth and gritted his face, and his face was ugly. Originally, he wanted the people of the God Crocodile Mainland to brutally abuse the God Continent. Unexpectedly, the result was completely opposite.

Long Chen's face was calm, without a word, he returned directly to his other courtyard and continued to practice.

"What a weirdo!"

Lu Ming shook his head and smiled.

"How? Are you sure?"

Xie Nianqing blinked his big eyes, watching Landing Ming.

Means, Lu Ming is sure about Longchen?

"The cultivation of the five peaks of the spirit gods, Taiko Dragon Elephant Bloodline, is indeed a strong metamorphosis, but when I was defeated at the same level in a battle?"

Lu Ming smiled confidently.

For the strength of Longchen, he has a bottom.

"Smelly!"

Xie Nianqing pouted, but there was a smile on his face.

The two spoke and returned to the other courtyard to continue their cultivation.

Within three months of selecting disciples from Tenjin Sect, everyone wants to seize the time to practice more and improve their strength. Only the stronger the strength, the greater the chance of being selected.

Time rushed, and half a month passed.

Lu Ming's daily hard work has made great progress, and various artistic concepts have improved a lot, but the artistic conception of the earth is still at the peak of the fourth-level Xiaocheng temporarily, and has not entered the fourth-level master.

It was Jiulong's step by step, which was actually the eighth step by Lu Ming.

The eighth step is already equivalent to the power of the top-grade god-level martial arts. With Lu Ming's current cultivation practice, he still cannot exert all the power, but when it is put into use, the power will undoubtedly be stronger, so that Lu Ming's combat power has another Some improvement.

On this day, Lu Ming and Xie Nianqing came out together.

It has been more than half a month since I came to the Southern Shrine of Shenxu Mainland. They didn't turn around. The two planned to turn around and appreciate the customs and customs of the Shenxu mainland. Grass, materials and the like can be purchased.

In particular, Nirvana Dan's materials are hard to find on the Shenhuang Continent, but they are not necessarily on the Shenxu Continent. Maybe, some can be found!

The two flew out of General Peak and flew towards a busy street.

"Brother Lu, Xie girl, what a coincidence!"

A sound came from the side.

"Brother Ye!"

At first glance, Lu Ming turned out to be Ye Chuan.

"Two, are you going shopping?"

Ye Chuan Road.

"Yes, I haven't visited it for more than half a month!"

Lu Ming laughed.

"Where are the two?" Ye Chuan asked.

"No, just stroll around and see if you can buy some materials, elixir or something!"

Lu Ming said.

"If it is ordinary spirit grass, materials, etc., there are ordinary Fangshi. If it is some rare and rare materials, elixir, etc., it is difficult to see ordinary Fangshi. I know a place, I may get some very cherished materials, Elixir."

Ye Chuan Road.

"Oh? Where?"

Lu Ming's eyes lit up.

"Duibaolou!"

"Dui Baolou?" Lu Ming wondered.

"As the name suggests, the Huibao Building is where the treasures are exchanged. As long as you go in, you can take out the treasures you don't need and exchange the treasures you need with others. If someone needs them, they will naturally take out the exchanges. You can get some rare treasures!"

Ye Chuan explained.

"There is still such a place, then go and see!"

Lu Ming's eyes lit up.

"Haha, I was about to go to Dianbaolou, I will lead the way!"

Ye Chuan said boldly.

Ye Chuan led the way, and the three of them landed on a street, walked along the street, and came to a huge building.

This is a pavilion, but it is very wide, and it covers an active area. It has seven floors and rises straight into the sky. In front of many buildings, it stands tall.

Building grid, red walls and green tiles, beautifully carved, magnificent atmosphere, on the side, there is a plaque, there are three large characters: Huibaolou!

Chapter 1199: Tianleimu

"Duibaolou used to be used for the exchange of treasures for the powerful people of the older generations, but recently, Tianjiao from various continents converged, and I heard that this time was covered by Ji Hongchen, which is specially for the younger generation of Tianjiao to exchange treasures!"

Ye Chuan explained.

"Ji Hongchen?"

Lu Ming and Xie Nianqing were slightly surprised.

"Haha, Ji Hongchen, but one of the three strongest arrogances in my Southern Palace, a magnificent and strange woman, maybe at the highest level today, with the opportunity, maybe you can see it!"

Mentioning Ji Hongchen, Ye Chuan shines in his eyes.

Lu Ming smiled slightly, and then the three walked towards Duibaolou.

There are a total of seven floors in Huibao Building. There is a certain fee to enter. Enter the first floor and pay a thousand pieces of original stone. The more you go up, the higher the original stone will be.

The three paid the fee and stepped into a light door.

Yes, the doors of Duibao Building are not ordinary doors, they are all portals. Enter, just pass in.

After the three men stepped into the portal, the next moment they appeared on the side of a hall.

The hall is very wide and huge. Rows of tables and chairs are arranged around the hall. At this time, there are already many people sitting on those tables and chairs.

In the middle of the table and chairs, there is a huge open space, at this time, a young man is standing on the open space, holding a treasure in his hand.

"A piece of Flint Star Iron is a top-grade refining material of level seven. You can exchange it for three Fengshen Pills. Whoever has three Fengshen Pills can take this piece of Flint Star Iron!"

The young man looked around and his voice spread throughout the hall.

"I happen to have three Fengshen Pills, so I'll change it with you!"

After a while, a young woman got up, took out a jade bottle, and handed it to the young man. The young man opened the jade bottle and showed a happy look, saying, "It is really Fengshen Pill, thank you, this piece of flint fine iron you!"

The young man handed the flint star fine iron to the young woman, and each of them got something and sat down with joy.

"On the first floor, there are some people who are not very high-cultivated. Redeem here. Generally, there are few fine products. Let's go up!"

Ye Chuan Road.

Lu Ming nodded, and when he scanned his spiritual knowledge, he found that most of the young people in this class were below the spirit god.

The three of them walked towards the other light door on one side.

The passage between each floor needs to take the portal.

At the portal, there were also guards. The three handed over the original stone and stepped into the portal.

The layout of the second floor is exactly the same as the first floor, but there are fewer people, but the cultivation is stronger than the first floor.

In the first few floors, none of the three stopped.

Soon, came to the fifth floor.

"Brother Ye, do you want to keep going up? I will see if there is anything I need at this level."

Ye Chuan Road.

"Brother Ye, please, let's go up and see again!"

Lu Ming said.

The materials needed for Nirvana are extremely rare. The higher up, the higher the appearance of the Tianjiao characters is, the more likely they are to appear.

Lu Ming intends to continue upward.

"Okay, then wish the two of you good luck and get what you need!"

Ye Chuan clenched his fists, then walked toward the hall, and sat down on a chair beside him.

Lu Ming and Xie Nianqing continued to walk towards a light door to the sixth floor.

At the sixth floor, there are fewer people. At a glance, there are only more than fifty people. Each one is a young man, one by one, with a strong breath and the capital of a dragon and a phoenix.

Obviously, they are all natural pride from all continents.

After reaching this floor, Lu Ming and Xie Nianqing did not continue to move up, but walked towards the tables and chairs beside the hall.

At this time, Lu Ming found a few cold lights and swept towards them.

"It turned out to be the man of the God Crocodile Continent!"

Lu Ming's mouth twitched slightly, ignoring the dignified eyes of the **** crocodile mainland, and sat down on the side table and chairs.

At this time, in the middle of the hall, a young man was holding a treasure and wanted to exchange it with others for the treasure he needed.

But the youth even asked several times, but no one spoke out. Obviously, no one had the treasure he needed.

Finally, the young man sighed and resigned.

After the person withdrew, another person stepped forward and a milky white horn appeared in his hand.

"This is the horn of the Holy Light Tiger. It is the eighth-level top material. You can exchange it for a lower-grade god-level body and martial arts skill. Whoever has this horn of the Holy Light Tiger can take it!"

The person introduced.

"The treasure that appears on the sixth floor is really much more advanced than the next floor!"

Lu Ming moved.

But this Holy Light Tiger horn is not what he and Xie Nianqing need. The two of them naturally did not speak out.

"I will use your own martial arts skills to exchange with you!"

A young man got up, took out a cheat book, and the two exchanged, and they were all happy.

Next, one by one young men and women stepped forward to take out their treasures and tell them what they needed.

Of course, it is impossible for everyone to exchange the treasures they need. Some people will retreat to the second place. If someone can afford a good price, they will sell it directly and get a rough stone.

Lu Ming and Xie Nianqing watched it for half an hour, but unfortunately, there was no treasure they needed.

"It seems that we are going to the seventh floor to see it!"

Lu Ming smiled bitterly at Xie Nianqing.

"There is a piece of Sky Lei Mu in the lower hand, exchange for a purple smoke fruit!"

At this moment, a sound rang, and Lu Ming's spirit was shocked.

"Sky Leimu!"

Lu Ming's eyes lit up.

Sky Lei Mu, the powerful power of thunder and lightning, is used to comprehend the mood of thunder, and the effect is very good.

One of Lu Ming's artistic concepts is the artistic conception of thunder. If Tian Leimu is used for enlightenment, it will greatly save the time to comprehend the artistic conception of thunder.

However, Zi Ming, Lu Ming did not, Lu Ming frowned slightly.

Fortunately, some other people on the scene also moved a little, but no one said anything for a while. Obviously, there was no purple smoke.

"Is there no purple tobacco?"

Take out the youth of Tian Leimu to ask, revealing disappointment.

"This brother, I wonder if I can buy it with rough stones?"

Someone asked.

The young man who took out Tianleimu pondered for a moment, and then said: "Since there is no purple smoke fruit, then use the original stone to buy it, you bid, the higher the price!"

"I made 500,000 original stones!"

Immediately, someone bid.

"I have six hundred thousand!"

"I have six hundred and fifty thousand!"

Soon, the prices rose, and 800,000 rough stones were called.

Thunder's artistic conception is one of the nine common artistic concepts. There are naturally many people who understand, and there are many bidders. Therefore, Lu Ming did not rush to bid.

Soon, the price rose to one million rough stones.

"I made two million rough stones!"

At this time, a sound sounded, directly doubling the price.

"It's him, the arrogance of God Crocodile Mainland!"

Lu Ming's eyes moved, and he recognized the young man who had a sudden increase in price. This person was the strongest of the crocodile continent. The cultivation of the five peaks of the spirit **** was easily defeated by Longchen half a month ago.

At this moment, his eyes were fiercely staring at the sky.

This person's bloodline is a giant crocodile full of thunder and lightning attributes.

Chapter 1200: War Crocodile

One million raw stones were added all at once, which showed that the **** crocodile's mainland arrogance is inevitable. Many people chose to give in.

However, some people continue to bid.

"I'm giving out 2.1 million!"

"Two and two hundred thousand!"

There are still two people bidding, raising the price to 2.2 million.

"three million!"

The crocodile mainland Tianjiao once again opened his eyes, and his eyes were shining, which is bound to be obtained, and he suddenly raised the price to the height of three million.

"Crocodile, since you want this Thunderwood so much, let it be you!"

A young man who had originally bid open his mouth and withdrew from the competition.

Crocodile madness is the strongest name of the **** crocodile continent.

"Forget it, three million rough stones are worthless. I'll stay and buy something else!"

Another young man shook his head and gave up the competition.

A smile appeared on the crocodile's face. His thunder mood was encountering a bottleneck. This piece of Tianleimu might help him break through the bottleneck. Now he sees that no one is competing with him, and he is naturally happy.

"Haha, since this is the case, I will buy this tree of Thunderwood..."

The crocodile laughed wildly.

"Wait a minute, I made 3.5 million rough stones!"

At this moment, a voice sounded, allowing the crocodile to speak half of his words, and then his eyes flashed sharply, looking towards the person who made the noise.

"It's you, the man of the God Wasteland!"

Seeing the person speaking, the sharp color in the eyes of the crocodile is even stronger.

The bidder was naturally Lu Ming.

"I produced 3.5 million rough stones, do you want it or not? If not, Tian Leimu is mine!"

Lu Ming glanced at the crocodile madly and said faintly.

"I made four million rough stones!"

The crocodile gritted his teeth.

"five million!"

Lu Ming directly added one million.

Now, in Lu Ming's storage ring, the original stones are piled up like a mountain. He is not much else now, that is, there are many original stones. Add one million original stones, and he will not lift his eyelids.

The crocodile's face was completely gloomy.

Five million rough stones have exceeded his budget.

"Boy, you are determined to fight against me, right?"

The crocodile stared at the land with a bad look.

"It's ridiculous, treasures are naturally wanted by everyone, and Tianleimu is not only for you, I can also use them, and I naturally want them. What do you want? If you want, add original stones, if there are no original stones, Just shut up!"

Lu Ming spoke lightly.

"Boy, don't think that there is a Dragon Chen out of the Shenhua Continent. Some of your other garbage can be rampant. I tell you that Long Chen is not here. I can suppress you by turning my hand!"

The crocodile drank furiously and turned his face completely.

During this time, Long Chen's name also came out, so the crocodile knew.

"moron!"

Lu Ming pouted slightly.

"You, Puibaolou, there is no rule that you can't do it?"

The crocodile's voice sounded and asked others.

"No, there are no rules that can't be used in Huibao Building!"

Someone spoke, holding a lively mentality.

"Okay, this person deliberately provokes me and raises prices with me. I can only give him a lesson to let him know that everyone's actions and words must be linked to his strength. Without strength, some behaviors cannot be done. Yes, some things can't be said!"

The crocodile got up, stepped out, and approached the landing, his eyes cold.

"Oh, it seems that the crocodile is mad, and the kid is about to be abused!"

Someone sneered.

"Indeed, Shenchen Continent Longchen is indeed powerful, but other than Longchen, it is rubbish, but it is normal to be bullied outside by the prestige of Longchen!"

"Such a person will be killed sooner or later!"

All around, sounds of discussion rang out.

All these arguments were heard by Lu Ming in his ears.

Lu Ming was speechless. When did he dominate by the prestige of Longchen? Did he want to buy a thing at a high price because of his money?

These people are too imaginative!

In fact, this is no wonder!

In the past, Shenhua Continent was not strong among all continents, and it was at the lower middle level.

This time, there was such an existence of Longchen, and the fighting power was amazing. In the eyes of others, Longchen is a special case. Others in Shenhua Continent are still garbage.

Now, when a **** is so dragged on, they naturally think that Lu Ming borrows the prestige of Longchen and runs rampant.

"Huh, boy, leave here now on roll, give up bidding with me, I can let you leave!"

The crocodile opened his mouth.

After all, he was still a bit afraid of Longchen. They lived together at the soldier's peak and the general peak. In case Longchen later troubled him, he was also afraid.

Lu Ming shook his head and said: "Xiaoqing, such a good thing, also came to participate in the screening of Tenjin Sect, how do I feel our chances of winning increased greatly?"

"I think so too. Hey, look, this person's face is darker than pig liver!"

Xie Nianqing narrowed his eyes and murmured with Lu Ming.

The two of you, I said a word, directly make the crocodile's face into pig liver color.

"Go to death, I abolish you!"

The crocodile roared loudly. His claws actually had sharp nails, and the palms were covered with scales, like the claws of a crocodile, and there was a thunderbolt on it.

Uh!

The crocodile madly clawed and grabbed at the landing throat, blazing fast and incredible.

This claw, the powerful terror, even if it is an ordinary spirit **** sevenfold warrior, must be arrested by this claw.

boom! boom! ...

The eight dragon forces in Lu Ming's body exploded, the arm muscles bulged and a punch came out.

bump!

A dull impact sounded.

Click! Click!

Immediately, I heard a sound of bone fracture. The crocodile groaned, his face changed greatly, and his body slammed backwards.

In the hall, on the ground, dense inscriptions emerged, removing the power of the crocodile.

"This person is such a strong force!"

On the edge, the others were startled, a little horrified.

At this moment, the claws of the crocodile were completely deformed and twisted together. Obviously, the five fingers of the crocodile were broken by Lu Ming.

One punch not only blocked the attack of the crocodile, but also broke the finger of the crocodile. Such power is amazing.

"court death!"

The crocodile was angry and shy, and roared, and the breath of the five peaks of the spirit **** broke out. At the same time, the blood line appeared on the top of his head.

He turned into a crocodile with a thunder, but, because it was in Duibaolou, his crocodile became much smaller, unlike the outside, as big as a mountain.

Here, the shape of the giant crocodile is reduced to ten meters in length, but its power has not weakened, and it is still terrible.

The crocodile roared loudly and rushed towards the landing.

"Today, I will give you some lessons!"

Lu Ming got up, and a third bloodline emerged. His hair turned into blood red, with endless killings, and enveloped the crocodile.

call out!

The third bloodline turned into a war sword, Lu Ming held the sword and cut it out with one sword.
