

D Emperor 1281

Chapter 1281: Undersea monster

After careful study, everyone finally discovered that the final goal was on the seabed.

Deep in a hidden seabed.

thump! thump!

Many strong men jumped into the sea and walked in the direction of the pure spirit according to the map instructions.

Lu Ming also jumped into the sea.

Here, it has reached the outer sea, the water is very deep, everyone has been diving, one hundred meters, one thousand meters, and finally, the depth of the dive, more than 100,000 meters.

At this depth, the pressure of the sea water, to the point of horror, even a high-level spirit soldier, under such water pressure, will be instantly pressed into a ball.

The terrible pressure was constantly squeezing on Lu Ming. Lu Ming operated Zhenyuan's body protection, and at the same time operated the mood of water. There was a wonderful breath flowing around him. The seawater was automatically separated and could not be close to Lu Ming.

Lu Ming looks relaxed, but others, it is not so easy.

puff!

A warrior with a heavy spirit, trembling body, pale face, and finally spit out a blood, no longer dared to continue down, but quickly went upstream.

At this point, ordinary low-level warriors of spirit gods are already difficult to resist, and will be crushed by huge pressure.

Although he is not reconciled, he can only leave because there is no end here, and he has to continue to go down.

All around, it was dark and there was no light at all, but the people who could get here were all strong, with strong eyesight, and they could still see a distance of tens of thousands of meters.

Hula!

The crowd continued to dive, sometimes comparing the map.

Soon, the depth of everyone's dive was more than 200,000 meters. The water pressure here is even more terrifying and shocking. Many people's body protection is so real that they hiccup and will collapse at any time.

When he arrived here, Lu Ming discovered the underground mountains, but the rocks here are amazingly hard because of the horrible water pressure all year round. They are harder than many strange metals outside, and they are a hundred times harder than ordinary steel.

"Under that valley!"

Dandan stood on Lu Ming's shoulder, pointing to a submarine valley below.

From afar, the swarthy, as if leading to the abyss of hell.

Lu Ming nodded and headed towards the valley.

Obviously, other people also found out and swam towards the valley.

The number of people who can get here is much smaller than before, but there are about a thousand people.

A thousand people, like a thousand tiny fish, swim to the dark valley.

Hula!

Suddenly, the sea rolled over, and in a dark cave on the edge of the valley, a behemoth suddenly rushed out, opening the big mouth of the blood basin, and swallowing it towards a few strong men.

The violent breath was shocking.

"court death!"

Someone roared, chopping off with a sword and chopping towards the behemoth.

The person who shot was a strong man with a perfect spirit, but here is in the deep sea, his strength was greatly suppressed, his sword gas was cut out, cut on the big mouth of the blood basin, directly bitten by that big mouth, sharp teeth , Biting off the sword qi, and then a scarlet tongue rolled up, holding up the strong man with the spirit god's consummation and pulling it into his mouth.

"Damn!"

The strong man with the perfect spirit is exploding madly, exhibiting various terrible attacks.

But here is more than 200,000 meters in the deep sea, and his strength is greatly suppressed. The monster that suddenly threw out, seeing the breath is also equivalent to the spirit of God, but here, the monster's strength is far from On top of the general spiritual and spiritual perfection.

In this situation, the strong man of the human race spirit **** is not an opponent at all. He is pulled into the mouth by the scarlet tongue, clicked, and bitten into two.

what!

The spirit-satisfied strongman uttered a terrible scream, incomparable, but at the next moment, the scream came to an abrupt end. He was bitten by the monster several times and swallowed into his stomach.

"What monster is this?"

At this time, all the people could see clearly the appearance of the monster.

The body is like a python, and some are like eels. The tail is very long. The tail part is still in a cave in the valley. It only stretches out the upper part. It is covered with scale armor, and its eyes are blood red, and it is extremely grim.

It chewed its mouth, it seemed to eat with relish, **** eyes, and then stared at others, flashing greed.

Hula!

At the next moment, he rushed out again, opened the big mouth of the blood basin, and bit it towards several human masters.

"court death!"

At this time, a supreme cold drink stepped out, waved his hand, the field prototype emerged, and enveloped the monster.

嗤嗤...

Covered by the rudiment of the field, the monster's scale armor made a snorting noise.

"dead!"

The Supreme stepped out, appeared on top of the monster's head, punched out, and hit the monster's head.

bump!

With a roar, the monster snarled and retreated, and the head was recessed, blood was flowing, but it was not killed.

"So strong!"

Many people shivered.

This monster is too powerful.

Looking at the breath, it's just that the spirit is perfect.

If it is outside, a supreme blow is enough to kill a spirit **** completely, but here, the monster is just injured and not killed.

Obviously, this monster lives on the sea floor all year round. Here, the monster can exert its super strength, and the human warrior must be suppressed.

The Human Race Supreme did not kill the monster, and his face sank, and a snow-white war knife appeared in his hand, and it was cut out with an amazing knife light, which opened the sea water and cut it around the neck of the monster.

Boom!

The blood stained the water and the monster's head was cut off.

But the monster was cut off his head, and he hadn't died for a while, and his lower body backed wildly, trying to retract the hole**, but half of it was retracted, and eventually he was extinct and softly motionless.

"There is still a sea monster in such a deep seabed, we have to be careful!"

Someone whispered and strengthened the alert.

In such a deep ocean, once there are creatures, it is definitely not simple and dangerous.

The crowd continued to dive, the valley was too deep, and everyone dived 10,000 meters, but still did not end.

Hula! Wow!

Suddenly, the seawater was tumbling, and there was another roar around the valley.

Hiss...

At the same time, there is a tweet, and the sound permeates and makes people hairy.

Then, everyone was horrified to see that on the walls around the valley, at the same time, dozens of behemoths rushed towards them.

"Monster, that kind of monster!"

Someone shouted in horror.

The behemoth that suddenly emerged was exactly the same as the one that appeared before. His body was like a python. His body was extremely slender. His eyes were red with blood, his mouth was covered with blood, his body was covered with scales, and he was terrible.

Here, dozens of them suddenly appeared, and the breath of each one was terrible.

what! what! ...

Unexpectedly, there were more than a dozen human masters who were unable to fight back and were bitten by monsters. As soon as their sharp teeth chewed, they chewed them into pieces and died on the spot.

An extremely huge monster pounced on Haitian and others.

"court death!"

On the edge of the sea and sky, there is a Supreme Roar, a spear appears in his hand, the spear breaks through the sea water, and fights with the monster. After three moves, the monster is nailed to the bottom of the sea.

Although the monster is strong, it still has some gaps with the Supreme.

Chapter 1282: Sea monster

Wow!

A monster stared at Lu Ming and bit his head towards Landing Ming.

The dragon force exploded in Lu Ming's body. The left hand exerted the force of engulfment, enveloped the monster, and the fingers of his right hand became longer.

Poof!

Lu Ming grabbed the monster's head with his right hand, and tore it hard, tearing the monster's head directly, blood was surging, but they were all swallowed by Lu Ming's swallowing power.

"What a rich and powerful blood power, and the demon power is even more amazing!"

After swallowing the monster's blood and demon power, Lu Ming was shocked.

This monster is also a kind of monster, but the body's demon power is amazing, and the power of the essence blood in the essence blood is also extremely rich, far exceeding the ordinary human warrior.

However, Lu Ming's current cultivation practice has reached the bottleneck, and after swallowing refining, it will not help him much.

kill! kill! kill!

Deep below the seabed, a fierce fight took place.

Although dozens of submarine monsters are powerful, the human race Supreme shot, still easily killed the submarine monsters.

In the end, dozens of people died here, but dozens of monsters were all killed.

Next, everyone continued to dive, but became more cautious.

Sure enough, not long after, they encountered another attack.

This is a peculiar fish with a small body, which looks exactly like a stone, and even the breath is like a stone, just like there is no life.

But when Lu Ming approached them, this stone-like fish suddenly launched an attack.

This kind of fish is not particularly strong, but it has a large number and is highly toxic.

The strong man with a perfect spirit is bitten by this fish, and he will be very poisonous and paralyzed, and will not have the strength to fight back.

In this battle, dozens of powerful men died.

Finally, relying on the supreme power of the Supreme, he is killing a group of fish like stones.

However, no one retreated, and the temptation of the pure spirit is too great. Since this step has been reached, no one wants to go back empty-handed.

The crowd continued to dive.

Adding it back and forth, the crowd has infiltrated 300,000 meters below the seabed. The water pressure here is simply unimaginable.

Moreover, with Lu Ming's eyesight, he can only see a thousand kilometers, and others may be closer.

"In the end!"

Someone uttered a voice, everyone was relieved, and finally came to the end, is the law of pure spirits here?

"Look, there is a crack!"

Suddenly, someone called.

The people gathered together in a hurry, and they found a crack, which seemed to be a space channel.

"This is a space channel, and the cultivation method of pure spirits must be hidden in it!"

Everyone's heart came up with this idea, and his eyes were fiery.

Just when someone wanted to rush in, in the distance, the sea was churning and a roar came.

"Bold, dare to offend my ancestral land, all will die!"

The roar was like a dragon, passing through the billowing seawater and rumbling.

Then, everyone saw a large crowd of behemoths rushing towards this side.

Monsters are all monsters, and they are all sea monsters.

Lu Ming saw that there were huge octopuses, gritty sharks, and slender eels.

The first one, covered with black scale armor, has dragon horns, and four claws under its belly, is a dragon.

A black dragon.

Moreover, the body of the dragon has a strong pressure of the real dragon, which obviously contains a rich blood of the real dragon. It has a terrible atmosphere, even if it is far apart, it can be shocking.

"Supreme, this dragon is a supreme strongman, and contains 90% of the true dragon blood!"

Lu Ming's pupil shrank slightly.

The Jiaolong Supreme, which contains ninety percent of the true dragon's bloodline, is absolutely terrifyingly powerful.

Behind the Dragon Dragon Supreme, the breath of many sea monsters is amazing, and many of them are of the highest level.

"Not good, retreat!"

"Rush into the space channel!"

Many human clan strongmen yelled in horror, turned and rushed towards the space channel.

"court death!"

The Dragon Sovereign roared loudly, and a black dragon claw protruded out, rapidly growing larger, and caught towards the human race.

puff! puff! ...

In an instant, more than ten high-level spirit gods were caught and exploded by dragon claws, and all forms and spirits were destroyed.

Uh!

The dragon's claw kept on, grabbing towards a supreme.

The Supreme's face changed, and a snow-white war knife appeared in his hand. The knife was amazing, breaking through the sea water, and grabbing towards the dragon claw.

With a bang, Daoguang collapsed, and the human race's supreme body shuddered, his face pale, and he vomited blood, and he flew out.

The gap is too large, the same is the supreme, human supreme is not a united enemy.

This is the bottom of the sea, which has an advantage over the Jiaolong, and the Jiulong Supreme contains ninety percent of the true dragon blood, which is like the genius of the human awakening **** level nine. It is a genius among geniuses. It is extremely powerful.

At this time, some strong human races have rushed into the space channel and disappeared.

"Kill, kill all!"

Seeing this, the Dragon Dragon Sovereign was even more angry, yelling again and again, and the dragon claws repeatedly pulled out.

Hiss!

The space was torn apart, and the seawater was flowing into the cracks in the space, disappearing.

A dragon claw caught them at Haitian.

"Protect your son!"

On the edge of the sea and sky, several supreme roars, shot together, blasted towards the black dragon claw.

boom! boom! boom!

The terrible bombardment caused tens of thousands of tons of seawater to evaporate instantly, and a vacuum zone appeared.

Several Supremes joined forces to block the black dragon claws.

"So many masters, die for me!"

Haitian's side attracted the attention of the black dragon. Its eyes were cold, and they stared at Haitian and sent out a dragon chant, and they flew towards Haitian.

At the same time, there are several marine monsters of the highest level, following the dragon, fighting against the sea and other people.

Under the sea, the sea monster has its own advantages. At this time, several great supremes joined forces, and the power is amazing.

boom! boom!

Several Supremes joined forces, unable to stop the Jiaolong Supreme, and were shot out.

"Brother save me!"

Haitian yelled in fright.

Hiss!

Haiyu stepped out and appeared beside Haitian. The field was prototyped, and a huge battle axe appeared in his hand.

when!

The axe collided with the dragon dragon's claws of the black dragon, which stimulated amazing energy. The energy formed a storm that swept through, and some weak supremes were somewhat unstable.

Haiyu is also awakened to the existence of the God-level nine-level bloodline. Its combat power is astonishing. It is not weaker than the Jiaolong Supreme, even if it is on the bottom of the sea.

The two collided, and both Jiaolong Supreme and Haiyu shook slightly and stepped back.

"There are experts like you, but here is the seabed, leave me!"

The black dragon roared and killed Xiangyu.

"Take Haitian into that space channel, I block them!"

Haiyu commanded the other supremes, and then displayed the fusion of blood, fighting with the Jiaolong Supreme.

Wow!

The sea water was rolling, terrible strength, stirred up tens of thousands of meters of sea water.

Chapter 1283: Undersea Ancient City Kill

"Be careful!"

Suddenly reminded.

At the same time, Lu Ming also found a cold breath on his back. As he approached him, Lu Ming suddenly turned around and punched.

boom!

Punching through the space, a black space channel appeared, but there was nothing, Lu Ming did not see anything or creatures.

But at this moment, Lu Ming felt another cold breath on his neck, approaching him.

Uh!

Lu Ming's palm is like a knife, slashing out, sweeping the Quartet.

But the palm of his hand was still empty and there was nothing.

"What the hell? Dandan, did you find out?"

Lu Ming frowned and looked around carefully, but still found nothing.

"I didn't find it, Lu Ming, this place is very strange, it should be a powerful mansion!"

Once and for all.

"You still use it!"

Lu Ming pouted.

It is impossible for ordinary emperors to get an ancient city to a depth of 300,000 meters under the sea.
It is definitely a terrible existence.

How can the mansion of such a strong man be ordinary?

what!

At this time, there was another scream in front of him, very sad.

"No matter what he does, I dare not show up, so I will move on!"

Lu Ming's eyes were shining, and the dragon force broke out in his body. He was ready to fight at any time and stepped forward.

In the ancient city, screams were heard from time to time.

"What the **** is this, get me out!"

Someone shouted, terrified, pale, and madly attacked in all directions.

Chapter 1284: Grudge

But nothing.

Some were weak, trembling with fright, and felt crazy.

Huh...

A gust of wind rang in the ancient city.

"Hum, pretend to be a ghost!"

Some supreme strongmen drink coldly, Zhenyuan covers the whole body, strides forward, and crosses the streets.

Lu Ming strode forward, but strangely, Lu Ming did not see a body along the way.

Screams can be heard from time to time, but no body is seen.

Lu Ming's eyes could not help looking at the mansions and palaces on both sides of the street.

The gates of these palaces are closed and full of mystery.

Uh!

Lu Ming stepped on the foot and rushed up the high wall of a palace, looking inside.

At a glance, Lu Ming suddenly raised his eyebrows.

Inside the palace, there is a small courtyard, and the small courtyard is covered with bones.

And there was a corpse, lying in the yard, wide-eyed, still in horror, but it was long gone.

"Sure enough, these palaces have problems!"

Lu Ming looked at a gate in front of the yard. The gate was open. The inside was dark and dark, and he could not see the situation. There seemed to be a terrible demon lurking.

"Jiang Tiangong!"

Suddenly, Lu Ming growled and slammed into the air in front of him.

Because at this moment, Lu Ming felt a dangerous breath coming.

boom!

In Lu Ming's palm, a ghost image of the jailstone appeared, as if it could suppress everything.

Space vibration, a black phantom, emerged in front of Lu Ming, seems to be suppressed by the power of the prison monument, and is distorted sharply.

"this is?"

Lu Ming's eyes showed surprise.

This is a dark shadow, there seems to be no entity, just a ray of illusion, ugly face, under the power of the prison monument, it is crooked and even squeaked.

Black Shadow twisted and screamed, seeming to fight Xiang Luming.

"Complaint, this is complaint!"

As soon as he opened his eyes, his brows were tight.

"What is resentment?"

Lu Ming asked.

"According to my guess, the owner of this ancient city should be very unwilling to die, and cultivated to be powerful. Before his death, there was a terrible grudge. Later, some later people broke into this place and were killed by this grudge, which resulted in With more complaints, these complaints are terrible and invisible, making it difficult to kill."

Dandan explained.

"There is such a weird thing in the world!"

Lu Ming's brow furrowed, the strength of the Prison Prison Strengthened, the ghost shadow of the Prison Prison shook, the wisp of black shadow twisted, and then collapsed.

"Not very strong?"

Lu Ming pouted.

"Lu Ming, don't be so stinky because you have the bloodline of the prison monument, and you get a piece of the prison monument. The prison monument suppresses everything, especially some evil things, and there is a strong restraint. It's so powerful that you can be suppressed and killed by you. If you use other means and want to kill a whiff of grudge, it's hard!"

Dan Ming glanced disdainfully.

"It turns out so!" Lu Ming thought.

"Lu Ming, you need to be more careful. The grievances just now were caused by the latecomers. If you encounter the grievances generated by the master here, it will not be so easy to deal with!"

Dandan reminded.

Lu Ming little bit, did not stop here, continue to go deep into the ancient city.

From time to time, you can still hear a scream.

Such strange things have scared many people, and many strong people have gathered together to help each other and join hands with each other.

In this way, the situation is much better, and the screams are much less.

The crowd moved along, and soon they were near the center of the ancient city.

In the center of the ancient city, there is a large group of palaces, like the imperial palace, the mountains are stacked together, I don't know how many palaces there are.

Buzz!

At this moment, a beam of light emerged from the depths of the palace, and among them, everyone saw a jade symbol.

"Is that the cultivation method of the pure spirit?"

Many people's eyes light up.

"It must be, it must be. The cultivation method of the pure spirit is mine!"

"Go away, it's mine!"

Many people's eyes showed a hot light, rushing towards the direction of the palace group.

"Hahaha, pure spirit, after all, the old man!"

An old man in black robe, his eyes filled with greed.

He waited for this day, waited too long, all the maps he radiated out, the purpose is to find the cultivation method of pure spiritual body.

Uh!

His figure moved like a ghost, and he rushed out.

"The cultivation method of the pure spirit is from the handsome mansion of Zhenhai!"

Haitian, Haiyu and others also rushed towards the palace group in a frenzy.

"The treasures of the ancestral land belong to our family of Kraken!"

The Dragon Sovereign roared, and led the strong of the Kraken to the depths of the palace.

Lu Ming did not rush in immediately.

"Lu Ming, you have to be careful, in this palace group, the grievance is very strong! Very terrible!"

Once and for all.

Lu Ming nodded, followed everyone behind, and rushed in slowly.

Ahhhh!

Sure enough, many people rushed into the palace group, and they issued a scream of sorrow.

"What the hell, kill!"

"Kill!"

In the palace group, there was a mess.

"The domain prototype is useful for it, kill it with the domain prototype!"

There is the Supreme Yelling.

Lu Ming saw that there was Supreme in the field prototype, covering a region. In the field prototype, the dark shadow formed by the resentment emerged, and was finally wiped out by the domain prototype.

After discovering this secret, those supreme masters have taken the shape of the realm, covering a whole area, and eradicating those complaints.

For a time, the situation reversed, and many supreme rushed towards the land of the jade card.

Lu Ming followed, without impulse.

"its mine!"

Among the palace groups, an old man in black robe has the fastest speed, flashes like a ghost, and is the first to approach the jade brand.

He stepped a little on a palace, his figure rose to the sky, and he grabbed the jade card.

"Dare you die?"

Haiyu shouted.

"Go away!"

Jiaolong Supreme also shouted.

Some other supremes hurried past.

"Haha, the maps are all exudes from the old man. This pure spiritual cultivation method originally belongs to the old man!"

The old man in black robe laughed, a terrible breath filled his body.

There is no doubt that the old man in black robe is a supreme, and it is not an ordinary supreme. The blood of awakening is definitely not low.

At first sight, the old man in black robe is about to grab the jade card.

At this moment, the old man in black robe suddenly widened his eyes, showing horror, and finally gave an angry roar: "Come here, get out!"

"Ah, get away with me!"

Then, the old man in black robe uttered a terrible roar, and his whole body exploded in madness. Some palaces in the ancient city, under this force, collapsed and turned into powder.

"what happened?"

Many people were shocked and couldn't help but stop and dare not step forward.

Even Jiaolong Supreme, Haiyu and others frowned.

Chapter 1285: Crazy escape

Obviously, the old man in black robe suffered a terrible attack.

Judging from the outbreking strength of the old black robe, it is absolutely stunning, close to Haiyu, and the Dragon Dragon is supreme, but even with such a combat power, it is still miserable at this moment.

The old man in black robe yelled, rolled in the air, and attacked indiscriminately.

Then, everyone was horrified to find that the body of the old man in black robe was shrivelling, and it seemed that the vitality of his body was slowly disappearing.

At the same time, a black shadow appeared around the body of the old man in black robe, where it was twisted and unbearable.

It's that kind of grudge!

"It's that kind of ghost thing again. Why is it so strong?"

"What exactly is this?"

Someone's voice was shaking.

Squeak...

The black shadow made a harsh voice and suddenly slammed into the body of the old man in black robe. The old man in black robe made a terrible scream. Then, he stopped struggling and his vitality disappeared completely.

His eyes were very glaring, with horror, incredible, and unwillingness.

He tried hard and spent decades, and he didn't find the method of cultivation of the pure spirit. Finally, he was cruel and copied hundreds of maps. He wanted to use the power of others to find the method of cultivation of the pure spirit. .

Seeing that at the last step, the cultivation method of pure spirits will soon fall on his hands. His long-cherished long-cherished wish is about to be achieved, but somehow died here, how can he be reconciled?

Uh!

After the old man in black robe died, the twisted black shadow reappeared, and looked at Haiyu horribly, Jiaolong Supreme and others, making everyone feel cold.

"This kind of thing is afraid of the rudiment of the field. I propose that we work together to wipe out this ghost thing first, and then compete for that jade card with each ability."

Haiyu offered to turn his gaze to Jiaolong Supreme.

Here, the only thing he was afraid of was Jiaolong Supreme.

"Okay, let me join you first!"

Supreme Dragon said.

The Dragon Sovereign was also afraid of that resentment.

"what about you?"

Haiyu set his sights on other supreme powerhouses.

"I will!"

"I naturally want to!"

Those supreme nodded.

"Okay, then let's join hands to show off the prototype of the field and wipe out this ghost thing. Let's do it!"

Haiyu shouted, and he shot with a palm, the field prototype, spread out at a speed visible to the naked eye, and diffused toward the dark shadow.

Squeak...

The dark shadow seemed to be very afraid of the prototype of the field, and made a squeaky sound, and his body kept shaking, trying to avoid it.

"Shoot!"

"Shoot!"

Other supremes, including the supremacy of the Krakens, also took action, one after another, the prototype of the realm filled out, toward the dark shadow.

The supremacy of the scene, together, there are more than thirty in total, shot together, the prototypes of the fields are blocked in all directions.

The dark shadow, unavoidable, was covered by the prototype of the overlapping fields.

Squeak...

The black shadow, screaming, was like falling into a quagmire, making it hard to move.

"Wipe me away!"

"Off!"

Thirty or so supreme, screaming, controlling the rudiment of the field, bursting out of amazing power of destruction, wanting to wipe out the shadow.

The shadow was constantly twisted, screamed, and struggling, but it was useless. It was trapped by the prototype of the heavy fields. Under the power of destruction, the body slowly shrank and was slowly wiped out.

Over time, the shadow became smaller and smaller.

After a while, with a sudden touch, the shadow collapsed and became invisible.

The shadow, under the cooperation of dozens of supremes, was eventually destroyed.

This time, greedy eyes stared at the jade card.

The black shadow is extinguished, and everyone's eyes naturally converge towards the jade brand.

Squeak...

Just as the crowd was about to start, there was a harsh voice again.

Moreover, this time it was not one or two, but one piece.

The squeaky screams gathered together and sounded from all directions.

Then, everyone was horrified to see that in the surrounding temples, a black shadow flew out, exactly the same as the previous one.

At the same time, in the rear, in the palaces they passed, there were also shadows flying out.

Numerous black shadows screamed, twisted, terrible and terrible, like a black storm, swept toward everyone.

At this moment, Haiyu, Jiaolong Supreme, and others suddenly turned pale, without any trace of blood.

"Save...help, big brother, help!"

Haitian, in particular, was screaming in horror, trembling all over, and a stench came out of his trouser legs, which turned out to be terrifying.

"Rush, rush out!"

Haiyu roared, pulling Haitian, toward the outside, launching a crazy shock.

"Rush!"

Others also shocked outward.

At this moment, no one thinks about the cultivation method of the pure spirit. The only thing in my mind is to rush out and save my life.

boom! boom! boom!

All kinds of attacks broke out, but unfortunately it was useless. Ordinary attacks were useless to those shadows.

Only the prototype of the Supreme Realm can play a role.

Ahhhh!

A screaming sounded. Many high-level spirit gods were entangled in the shadows and were horrified. Some people screamed and were killed by the shadows.

Those supreme, cast the prototype of the realm, protect the body with the realm of the realm of the realm, continue to shock outward, many smart spirit **** strong followers, after these supremes, struggling to impact.

Countless shadows rushed towards the crowd.

"It's now!"

At this moment, Lu Ming suddenly turned around and rushed towards the jade card.

He operated the Prison Prison Skill, with a palm out, with a virtual shadow of the Prison Stele in his palm, and the unique suppression force of the Prison Stele broke out.

Squeak...

A few shadows, under the palm of Lu Ming, shrouded in the prison of Heavenly Prison, screamed and twisted constantly, seeming to be very painful.

Lu Ming burst out several consecutive punches, several shadows retreated far away, and Lu Ming strode toward the jade card.

While shocking, the Prison Prison Skills continue to show.

The Prison of Heaven Prison seems to be the nemesis of those shadows. Where the Prison of Heaven Prison envelopes, those shadows all recede at a rapid speed.

"what happened?"

Some people saw this scene, their eyes widened in shock.

"It's him, it's Lu Ming!"

"He can restrain those shadows!"

Someone shouted and recognized Lu Ming.

"Damn, Brother, it's him, that's Lu Ming!"

Haitian also saw this scene, yelling jealously.

"Huh, let's leave here first, even if he can get the jade card, he can't get out of here!"

Haiyu snorted and took Haitian, with the help of other supreme masters of Zhenhai Dashuai House, to shock outward quickly.

Of course, this is also Lu Ming's rush to the jade brand, which attracted a large number of shadows, which made the pressure of Haiyu and others reduce a lot, otherwise, it may not be able to rush out.

In this way, soon, Haiyu and others rushed out of the siege and disappeared into the ancient city.

Chapter 1286: Get the way

Lu Ming is getting closer and closer to the jade brand.

The closer to the jade card, the more irritable the shadows seemed to be, screaming desperately, and a harsh voice rang out, desperately rushing towards the landing.

In particular, some of the shadows are extremely powerful and can cause a fatal threat to the Supreme. Lu Ming exerts the power of the prison, and he cannot be repulsed for a while.

"The prison monument!"

Lu Ming glowed at the spine, and the blood of the jail stele appeared between the blood.

Lu Ming exhibited bloodline fusion and transformed into the bloodline of the prison monument. Underneath, the inscription radiated a magnificent glow, and the power of suppression was greatly improved.

boom!

The blood vessels of the jail monument became larger, as big as mountains, and suppressed against a shadow.

Creak...

There was a scream, the shadows were twisted sharply under the envelope of the prison monument, and then collapsed, like a black smoke, disappearing between the world.

Even those black shadows that can threaten the Supreme are the same. The suppression of the blood of the jail monument, which failed to resist for a long time, also turned into black smoke.

Uh!

The blood pressure of the prison monument shook, the force of repression exploded, and large black shadows disappeared.

Lu Ming flew to the jade without being hindered.

After a few breaths, Lu Ming was near the jade brand.

The jail monument shrank, and turned into Lu Ming again, held out his palm, and grabbed it toward the jade card.

bump!

At this moment, the jade brand actually burst and turned into smoke.

"what happened?"

Lu Ming's complexion changed, a little gloomy.

Is everything false? What is the practice of pure spiritual cultivation? Are they all scams? Cheated them here, nothing?

Thinking of this, Lu Ming's face was even more ugly.

wrong!

Lu Ming suddenly looked down at a palace below.

There, in the courtyard of a palace, there was a figure sitting cross-legged.

It was a middle-aged man, who looked like a living person, lifelike.

But Lu Mingling swept away and knew that this person had no vitality and had fallen for many years.

It's just that this person's cultivation is too strong and his body is strong. Even in the past years, his body is still not rot.

"This person may be the owner of this place!"

Lu Ming thought, secretly guessing.

Thinking of this, Lu Ming landed down and landed in the yard, but Lu Ming dared not take it lightly and be alert, and at the same time called out the bubble and squatted on his shoulder, if something was wrong, you can use the time and space of the bubble Force, quickly escape.

But after a closer look, nothing unusual.

Moreover, when Lu Ming landed in this yard, all the black shadows above stopped, and did not continue to pursue Lu Ming.

"Without a storage ring, nothing is left!"

Lu Ming observed it and showed disappointment.

This strong man, apparently, even took the storage ring after his death, and left nothing, Lu Ming originally thought that it is possible to obtain a pure spiritual cultivation method, which seems impossible.

"Ok?"

At this moment, Lu Ming suddenly froze, because the middle-aged man's eyebrows actually started to glow. Then, a jade card emerged from the middle-aged man's eyebrows and suspended above the middle-aged man's head.

When the jade sign emerged, the middle-aged man's body, with a touch, exploded and turned into a cloud of ashes, drifting with the wind and disappearing between heaven and earth.

In the yard, only one jade brand was suspended.

Lu Ming's eyes lit up, and Zhenyuan condensed out, condensed a big hand, grabbed the jade card, and held the jade card in his hand.

"Is it the cultivation method of pure spirit?"

Lu Ming's heart jumped a little, and Lingzhi swept the jade sign. At the next moment, Lu Ming's face showed a surprise.

Yes, in the jade brand, there is really a secret method, the cultivation method of the pure spiritual body, the cultivation of the pure spiritual body, really has part of the power of the spiritual body, and with the basis of the pure spiritual body, the future practice of the real The spirit body is much simpler.

It is exactly the same as outside rumors.

Lu Ming is ecstatic, if he cultivates into a pure spirit body, his combat power can definitely be greatly improved, and it will be much simpler to break through the emperor in the future.

In addition, the cultivation method of the pure spirit can be regarded as an important inheritance. In the future, his relatives and friends can practice, so that the chance of breaking through the emperor is much greater.

"This time, there is no whiteness!"

Lu Ming laughed, carefully read the practice method of the pure spiritual body again, memorized the contents firmly in his heart, and then carefully collected the jade card.

Then I looked around in the palace and found nothing else. Lu Ming rose to the sky and planned to leave here.

The dark shadows between heaven and earth, when the flesh of the middle-aged man turned to ashes, the dark shadows also disappeared into a ray of black smoke and disappeared between heaven and earth as if they had never appeared before.

Uh!

Lu Ming rose to the sky, landed on the roof of a palace, and then ran out of the ancient city.

Soon, he ran most of the way, getting closer and closer to the exit.

Uh! Uh! Uh! ...

At this moment, the sound of breaking the sky sounded, and a figure appeared in front of Lu Ming, blocking Lu Ming's way.

There are ten people in total, one of them is Haitian, the other is Haiyu, and the other eight are all supreme strongmen, all masters brought by Haitian Haiyu.

The Nineth Supreme Supreme blocked Lu Ming's path.

"Lu Ming, hand over the cultivation method of the pure spirit!"

Haitian gazed greedily at the landing.

The pure spiritual cultivation method, if it falls into the hands of such powerful forces as Zhenhai Marshal Mansion, can definitely play a terrible role, and it can be used by many masters and even some emperors.

"Who said I got the cultivation method of pure spirit?"

Lu Ming responded lightly, and did not admit that he had obtained the cultivation method of the pure spirit.

"Hum, is it useful to quibble? Before you clearly saw you rushing to that jade card, you must have gone, and immediately hand it over, otherwise, we killed you, took off your storage ring, and checked it yourself, also the same!"

Haitian cold drink.

As for Lu Ming's attracting a large number of black shadows, they only had the opportunity to escape. He didn't care about him at all. In his view, Lu Ming attracted those black shadows and let them escape. Lu Ming should It was an honor for Lu Ming to do it.

Now, Lu Ming handed over the cultivation method of the pure spiritual body, which is what Lu Ming should do, otherwise, he will die.

"The cultivation method of the pure spirit is our Kraken!"

At this moment, a roar, tall figures, rushed to this side, appeared behind Lu Ming, surrounded Lu Ming group.

It is the Supreme Dragon of Jiaolong, and there are other Supreme Masters of the Siren family, with a full number of ten.

Now, the Krakens are all humanoids, but the tyrannical breath on their bodies is shocking.

"hateful!"

Haiyu and others shouted, looking at Jiaolong Supreme, and they were a little scared.

"This person is a human race, and the pure spiritual training he obtained should belong to our human race!"

Haiyu said.

Chapter 1287: Siege of Lu Ming

"Hahaha, ridiculous, really ridiculous. This place is my ancestral land of the Kraken family. The method of pure spiritual cultivation is naturally owned by our Kraken family!"

Jiaolong Supreme laughed, cold eyes, staring at Haiyu with a strong breath, and locked Lu Ming completely.

Haiyu is also the same, breath blooming, staring at Jiaolong Supreme.

In their eyes, the biggest enemies are each other. As for Lu Ming, although the fighting power is strong, there is only one person, and they are not put in their eyes at all.

"Lu Ming, haven't you handed over the cultivation method of pure spirit? Hurry up and hand it over, you can beat my brother, I can't blame it in the past!"

Haiyu drank coldly, and he had slowly lost his patience.

"Oh, do you really think you can win me?"

Lu Ming sneered.

"Don't you want to resist, I tell you, it's self-defeating!"

Haiyu scolded that he was not kind enough to let Lu Ming pass, but was afraid that Lu Ming would fight hard to fight back, which would give the sea monster a chance.

"is it?"

Lu Ming's mouth twitched slightly, and suddenly, his figure rushed out and rushed to a supreme man in the handsome department of Zhenhai.

Roar...

In the process of saving, all the nine dragon forces in Lu Ming's body exploded. At the same time, a third bloodline emerged, and a powerful force poured into Lu Ming's body.

boom!

Lu Ming punched at the Supreme, and the blood of the jail monument appeared faintly.

"you..."

The Supreme was shocked, and apparently did not expect that under such circumstances, Lu Ming would break out and suddenly hit him, and in a hurry, he fought back.

But when the two fought together, the Supreme Master Zhenhai's mansion shook his body, his body receded back, and blood spewed out of his mouth.

With Lu Ming's current combat power, it is easy to suppress the general supreme, not to mention, this person is not prepared at all.

"kill!"

One stroke hurt the opponent, Lu Ming shouted, stepped forward, and the bloodline of Kowloon emerged from the top of his head. Lu Ming displayed bloodline fusion, incarnation of Kowloon, and the dragon claw stepped out, breaking the void.

The terrible pressure made the Supreme tremble, and he quickly fused the bleeding veins, hoping to stop Lu Ming.

But everything is in vain.

Lu Ming's dragon claws continued to grab, breaking the power of the other's bloodline, causing his bloodline body to collapse and become humanoid again.

Uh!

The dragon's claw keeps on catching.

"Do not..."

The person yelled, and at the next moment, Dragonclaw caught him from his Dantian, and the violent power tore the person's body, even tearing his spirit **** into shatters.

Extermination of form and spirit!

A supreme, after Lu Ming burst into trouble, was struck out in a few strokes.

Quick, too fast, and it's almost time Haiyu and others come to realize it.

"court death!"

Haiyu let out an angry roar, the battle axe in his hand, an axe cut towards the head of Kowloon.

This axe, as if it could open the earth, is amazingly powerful.

The black-edged axe quickly cut to the top of Kowloon's head.

"Jiang Tiangong!"

"Thunderstrike!"

Several dragon claws in Kowloon broke out of the prison jail, and the other dragon claws thundered the thunder. The thunder filled the sky, forming a thunder phoenix flying in the air and slamming into Haiyu's battle axe.

boom! boom! boom!

Several roars in a row, nine dragon claws, each blasted on the battle axe.

At each roar, Lu Ming's body shivered a little, and after nine explosions, Lu Ming retreated nine steps.

Haiyu's combat power is too strong, awakening the god-level ninth-level bloodline. These characters are peerless and arrogant, and they can fight across levels at will. Invincible characters at the same level, not to mention, his cultivation behavior, Far more than Lu Ming.

You can repel Lu Ming before the bloodline fusion, which shows how terrible its combat power is!

"kill!"

Seeing that Lu Ming could actually block his attack, Haiyu immediately threw a murderous blow, shouted, holding a tomahawk, and launched a stormy attack on Lu Ming.

Teng! Teng! Teng! ...

Jiulong stepped into the air, and every inch of muscle was a weapon, and he was able to perform prison skills and fight against Haiyu.

The terrible strength shattered the ancient city below, and many palaces turned to ashes under the strength.

In an instant, the two met a dozen tricks. Although Lu Ming had a slight disadvantage, he would not lose for a while.

"Shoot together!"

Haiyu shouted and commanded the other supremes in Zhenhai's handsome residence.

At this moment, Jiaolong Supreme and others stood and watched not far away, and did not shoot, which made Hai Yu feel great pressure. He wanted to kill Lu Ming by means of thunder and seize the pure spiritual body to avoid night long dreams.

call out! call out! call out!

The other supremes also shot, a powerful attack pierced the void, and fell towards the landing.

At the same time, a huge battle axe emerged above Haiyu's head. This was his bloodline. Nine golden chakras gleamed and dazzled.

Haiyu turned into a beam of light, submerged into the blood veins, cast a fusion of bleeding veins, turned into a battle axe, and cut to Lu Ming, the power was even more amazing.

Buzz!

Above Lu Ming's head, Lei Ding emerged, suddenly enlarged, and hit Haiyu's battle axe.

when!

Lei Ding collided with the battle axe, and the space rolled like a wave of water, arousing thousands of thunders, stably blocking Haiyu's battle axe, and even flying Haiyu's battle axe out.

Then, the dragon swung its tail and the tail of Kowloon was swept away, destroying several supreme attacks.

"kill!"

Then, Lu Ming Changxiao, the dragon claw stepped out, and in the sky, three doors of seals suddenly appeared, enveloped a supreme, then manipulated Lei Ding, and slammed towards the supreme.

The Supreme, even without screaming, was directly overwhelmed by Lei Ding, struck apart in the sea of thunder and lightning.

Another supreme, was killed.

"Ah, damn, Lu Ming, you must die today!"

Haiyu's crazy roar, the Supreme Master Zhenhai's palace, was continuously killed and suffered heavy losses, and he was going crazy.

The tomahawk shook, splitting the sky and earth, and slashing towards Lu Ming, terrifyingly powerful.

when!

Lu Ming continued to resist with Lei Ding, bombarded with Tomahawk, and kept shaking.

But the Tomahawk was also shot and flew out.

Uh!

The dragon claws stepped into the air, Lu Ming was not in love, but shocked outwards.

After all, the other party has too many people, and Lu Ming plans to leave here first.

"It's almost the same, you can't let this kid run away!"

Not far away, an intuitive battle dragon supreme opened, and at the same time the body changed drastically, turned into a black dragon that was thousands of kilometers long, and drove towards the landing.

Other Krakens also turned into ontology and killed Lu Ming.

With so many Supremes working together, a bunch of domain prototypes emerged, trapping all directions and completely blocking Lu Ming's retreat.

Especially Jiaolong Supreme, extremely powerful, not weaker than Haiyu at all, so many people shot together, Lu Ming felt terrible pressure.

"kill!"

Haiyu also shouted, cooperating with Jiaolong Supreme, and attacked the landing.

"Bubble!"

At this time, Lu Ming whispered.

Tweet...

On his shoulder, the bubble cried, and suddenly, a huge transparent bubble emerged from the vicinity of Jiaolong Supreme and others, and at once enveloped the ten Kraken Supreme.

Chapter 1288: Emperor Spirit Soldier

Including the Dragon Dragon Supreme, the ten Siren Supremes were instantly fixed in the air and could not move at all.

"This is...time and space conception!"

Jiaolong Supreme and others roared wildly in their hearts, their faces showing fear.

"kill!"

Lu Ming shouted, the dragon claws stepped into the air, and appeared in front of a huge octopus. The dragon claws pulled out and grabbed the eight tentacles of the octopus. They struggled to tear, the octopus supreme screamed, and the body was torn apart, falling apart on the spot. .

Lu Ming killed another Supreme, without stopping at all, and continued to kill the next one. This time, Lu Ming stared at Jiaolong Supreme and killed towards Jiaolong Supreme.

In the rear, Haiyu and others attacked.

Lu Ming manipulated Lei Ding and blasted towards Haiyu and others.

"The world in your mouth!"

At the same time, Dandan also shot, his body became taller than the mountains, and a chaotic light spit out in his mouth, like a real world.

Dandan cooperated with Lei Ding to successfully block the Supreme of Xiahai Yu and Zhenhai Grand Marshal Mansion, while Lu Ming continued to kill Xianglong Supreme.

It must be quick and fast. Bubbles are imprisoned in time and space, with limited power. Sudden imprisonment for so many supremes can't last for too long.

Seeing that the dragon's claw of Kowloon, it is necessary to grasp the Jiaolong Supreme.

"Dragon Sword!"

At this time, the Dragon Dragon Supreme roared, opened his mouth, and a black war sword emerged. This black war sword had a real dragon wrapped around it, and there were dragon patterns on it.

As soon as the War Sword appeared, the sword rushed into the air, slightly shocked, and slashed out at the transparent bubble.

The transparent bubble burst, and the terrible sword gas seemed to break out of the **** and slammed toward the landing.

"No, it is the Emperor Spirit Soldier!"

Lu Ming's face changed drastically, and he dared not greet him. He performed the dragon's footsteps, and his body retreated quickly, avoiding the terrible sword spirit.

"kill!"

The Dragon Dragon Sovereign controlled the dragon pattern sword and continued to kill Lu Ming, the sword gas was vertical and horizontal, and stirred the ten directions.

Lu Ming can only control the Lei Ding confrontation. When the sound of the Lei Ding vibrated, the thunder and lightning were cut off and Lei Ding was blown out.

Emperor Spirit Soldier!

The Dragon Sword used by the Dragon Dragon Supreme is the Emperor Spirit Soldier, the Emperor of the Spirit Soldiers, the most top-level existence, and the terrible power.

The most important thing is that the realm of the imperial soldiers contains the realm, and the Supreme uses its own prototype of the realm to inspire the realm of the imperial spirits.

At the beginning, Yan Fanatics, with supremacy, and the Emperor Spirit Tower, displayed the fighting power that was already comparable to the weakest emperor.

And Yan Fanatic, awakening is only the **** level eight blood, it is not as good as the Dragon Dragon Supreme, and the combat power is naturally not as good as the Dragon Dragon Supreme.

That is to say, the Dragon Dragon Supreme cooperated with the Emperor Spirit Soldier, and exerted the power that fully reached the level of the emperor, and even surpassed the general emperor.

Tweet...

The bubble sounded, and a transparent bubble emerged, enveloping the Jiaolong Supreme and others, and they were fixed again.

"Break me!"

The Dragon Dragon Supreme urges the dragon pattern sword crazy, and wants to break the imprisonment of transparent bubbles, but even if he is strong, he needs a little time to break the transparent bubbles. This time, for Lu Ming, enough.

Lu Ming was slain towards a shark supreme. The shark supreme, under the envelope of transparent bubbles, could not move at all, was caught by Lu Ming's dragon claws, and fell to the spot.

Killed another Supreme.

bump!

At this time, Jiaolong Supreme finally broke through the transparent bubble and roared to Lu Ming.

Lu Ming backed away, not at all with Jiaolong Supreme.

"You are scattered, once anyone is imprisoned, rescue each other!"

Jiaolong Supreme yelled.

The other Kraken Sovereigns spread far away, launching an attack on Lu Ming in the distance.

One attack after another, pierced the void and attacked Lu Ming.

"Dead!"

At this moment, a cold voice sounded, a terrible attack, and attacked toward the landing. The terrible attack completely enveloped Lu Ming.

At this moment, Lu Ming's hairs stood upright, feeling the threat of death.

Haiyu, he had used the fusion of blood to turn into a battle axe, but at the moment, beside the battle axe that Haiyu had transformed, there was another battle axe, exuding a terrifying atmosphere.

The Emperor Spirit Soldier is also the Emperor Spirit Soldier!

Haiyu, also controls an imperial spirit soldier, and uses his cultivation practices to inspire the imperial spirit soldier, whose power is not weaker than that of Jiaolong Supreme.

Before, he had been forbearing, without using the Emperor Spirit Soldier, just waiting for the opportunity to launch a fatal blow.

In this blow, he wanted to kill Lu Ming in one fell swoop.

This blow is indeed very good.

In a hurry, Lu Ming controlled Lei Ding to resist, but Lu Ming was still weak after all. Although Lei Ding was strong, he could not exert much power. He was cut by the tomahawk and flew away.

The battle axe kept going and continued to cut towards Lu Ming.

"Nest, see this one!"

As soon as he shouted, his limbs retracted into the turtle shell, the turtle shell glowed, flew out, and stood in front of the battle axe.

when!

Tomahawk chopped on the turtle shell and flew Dandan away, but after Dandan's block, he won the opportunity for Lu Ming. Jiulong stepped out of the sky and Lu Ming stepped back like a streamer and escaped Haiyu's fatal blow.

At the same time, the bubble opened his mouth and a transparent bubble emerged, covering Haiyu.

Haiyu screamed and controlled the Emperor Spirit Soldier, struggling to hit the transparent bubble.

At the same time, the attacks of the Kraken and the Kraken also arrived.

With so many supremes, plus two of the strongest have Emperor Spirit Soldiers, Lu Ming is tired of coping with it and falls completely into the disadvantage.

And the other party is also well-behaved. Everyone is far apart. The space-time concept of the bubble cannot cover such a large range. At a time, it can only cover one or two people.

Seeing that one person was shrouded and imprisoned, Lu Ming wanted to kill. The others immediately rescued, and dozens of terrible attacks penetrated the void and attacked Lu Ming, giving Lu Ming no time to kill others.

In this way, even if Lu Ming, Dan Dan, and Bubble joined hands, they are passive, not opponents at all, and the situation is very critical.

There are too many opponents. Together, there are nearly twenty supremes, and two of them are top-level supremes. Their fighting power is terrible. With the addition of the royal spirit soldiers, the two emperors are shooting.

It is normal for so many people to cooperate with each other and Lu Ming loses.

If other people are here, even an ordinary emperor, I am afraid that they will be invincible and seriously injured. Lu Ming can barely resist, it is already amazing.

But if this continues, it will become more and more disadvantageous for Lu Ming.

In a blink of an eye, another dozen tricks were fought.

The light on Jiulong Bloodline began to dim.

"His blood power is almost exhausted!"

"Kill! He's dead!"

Haiyu and others were overjoyed.

bump!

At this time, the Jiulong bloodline collapsed, but before waiting for Haiyu, Jiaolong Supreme showed a smile, and a stone tablet appeared, suddenly enlarged, and appeared between heaven and earth.

Bloodline of the Prison Stele!

Chapter 1289: Five Artistic Conceptions Complete

when!

The lower part of the bloodstone of the Zhenyu monument is the body, which is indestructible, blocking the dragon sword's blow. Although it was flicked out, it was not crushed.

"Well, my conception of the earth is about to break through!"

At this moment, Lu Ming thought.

Originally, he entered the depths of the seabed, and became more intimate with the earth, resonating, and the earth's artistic conception showed signs of loosening. At this moment, after repeated battles, Lu Ming operated the five artistic conceptions to the extreme. The blood of the prison monument is more intimate with the earth's artistic conception, as if it will break through at any time.

Buzz! Buzz!

The jail monument shook, cooperating with the bubbles, Dandan, entangled with Haiyu, Jiaolong Supreme and others, and exerted his skills to the extreme. At the same time as the war, Lu Ming was still comprehending the mood of the earth.

As long as the earth's artistic conception succeeds and breaks through the fourth-level perfection, Lu Ming's combat power will also be improved.

"Shanhai cut!"

Haiyu yelled, until the war, Haiyu has completely lost his patience, exerting his full fighting power to the extreme, and desperately wants to kill Lu Ming.

At this moment, he had recovered his human form, holding a giant axe of the imperial spirit soldier, and slamming toward the landing.

The main artistic conception realized by Haiyu is also the artistic conception of the earth.

The tomahawk was cut out, and the terrible pressure of the earth's artistic conception acted on Lu Ming as if to break Lu Ming's body.

But Lu Ming was not surprised but rejoiced!

"Just help you, help me break through!"

In Lu Ming's eyes, a trace of ruthlessness was revealed, and he controlled Lei Ding and rushed towards Haiyu.

This time, Lu Ming did not choose to retreat, but struggled with Haiyu.

"Haha, die!"

Seeing Lu Ming rushing towards him, Haiyu was overjoyed, and the power of the battle axe in his hand was a little bigger.

when!

The battle axe intersects with Lei Ding, sending a violent shock.

A terrible force rushed in, and Lu Ming's body shook wildly, backing up again and again.

"Dan Dan, Bubble, help me block those Krakens for now!"

Lu Ming voiced Dan Dan and Bubble.

Tweet...

Bubble waved his claws and nodded again and again, indicating no problem.

Dandan, however, was grieving and murmured in his mouth, asking Lu Ming to compensate it afterwards.

But Dandan and Bubble are worthy of being the top ten war beasts. Although they haven't grown up yet, they are fully erupted and cooperate with each other. The various means are mysterious. Although they cannot defeat the Jiaolong Supreme, they can still be done after a short delay. of.

Lu Ming is fighting with Haiyu.

He must use Haiyu to break through the earth's artistic conception.

when! when! when!

Lu Ming used Lei Ding as a shield to resist the opponent's Emperor Spirit Soldier and wage a war with Haiyu.

Although Lu Ming fell completely downwind, Haiyu could not kill Lu Ming for a while.

In a blink of an eye, there were dozens of fierce battles.

"Quick, fast!"

With the help of Haiyu's conception of the earth and his own combination, Lu Ming feels that his understanding of the conception of the earth is constantly deepening and he can break through at any time.

"The earth, the earth, is all-encompassing, can nurture life, nurture everything, contain everything, and be generous..."

Lu Ming kept turning his thoughts in his mind.

At this time, many figures appeared in the distance of Lu Ming's war.

They are all people who come here, they watch from a distance, there are high-level strong gods of spirit gods, and there are also supreme strong men.

At the moment, they were all surprised.

"Is that Lu Ming's combat power? It's really appalling!"

"The strongest young man is too exaggerated. After Haiyu and the Dragon Dragon Supreme have used the Emperor Spirit Soldier, with the cooperation of more than a dozen other Supremes, they can't win him!"

"Horrible, terrible, and Lu Ming's two pets are terrible!"

Those onlookers were amazed, looking at Lu Ming's eyes, shocked.

Of course, there are Supreme Masters who are paying attention.

"It seems that the cultivation method of the pure spirit should fall on Lu Ming's hands. The stronger Lu Ming is, the better. It's better to injure both Haiyu and others. Then, I can take advantage of the fisherman!"

Some supreme thought.

In fact, it is not just the one supreme who thinks so, the other supreme thinks so.

These supremes are all coming in one person. At most two people join hands. They are not Haiyu at all, or Jiaolong Supreme their opponents. If the practice of pure spiritual body falls to Haiyu, or Jiaolong Supreme they have no hope at all. .

But if Lu Ming was able to hurt both of them, they would have a little hope.

"How is it possible? How could Lu Ming be so strong? How could the younger generation have such a strong person, I don't agree!"

Not far away, Haitian murmured to herself, her eyes full of jealous light.

The most shocking thing is him, Lu Ming's combat power has repeatedly exceeded his imagination.

...

At this moment, on the ocean, on the ninth island, there are many people.

Many warriors who are low-cultivated and unable to go deep into the sea are waiting here.

They can't get into the bottom of the sea, just wait here, see if the bottom has pure spiritual training, who can get it.

Hiss!

At this moment, the space suddenly split, and a figure emerged from the middle.

This is an old man with gray hair, shot through a purple-gold robe. As soon as he appeared, a breath of earth shook out, making it difficult for him to breathe, as if he was crushing a mountain.

"The emperor is the emperor!"

"Looking at the costumes, it is the emperor of Zhenhai Grand Marshal Mansion. Haiyu, the eldest son of Zhenhai Marshal Mansion, personally took action. Now, even the emperor is out!"

Many people exclaimed, looking at the old man in Zijin robe, he was terrified.

Even the emperor was dispatched.

After the old man in the Zijin robe appeared, he glanced around at random, and then stood calmly in the void without entering the seabed.

...

Deep in the bottom of the sea, in the ancient city, Lu Ming fought with Haiyu again.

"Lu Ming, we have to find a way to break through, we can't stop it!"

Shouted, his claws continued to wave, and various inscriptions filled the sky to form a large formation.

At the same time, Dandan also exhibited a variety of martial arts, all of which were extremely mysterious and dazzling.

"Okay!"

Lu Ming's eyes became brighter and brighter.

suddenly...

Among him, among the five-color artistic conception, the turquoise artistic conception surged sharply, and its power was enhanced, surpassing the other four artistic conceptions.

The artistic conception of the earth finally broke through and reached the fourth level of perfection.

As a result, Lu Ming's five moods all reached Level 4 consummation.

when!

Five kinds of artistic conception cooperated with Lei Ding and confronted Haiyu. Lu Ming retreated in the roar, but this time, Lu Ming retreated less than before.

"What if it breaks through, it's the same!"

Haiyu burst into drink, holding a battle axe, and continued to kill the landing.

"Dandan, bubble, okay, ready to break through!"

Lu Ming sent a voice to Dandan and Bubble, preparing to allow Bubble to display a space-time channel and break through.

But at this moment, the sudden change happened!

Chapter 1290: Chaos Hall

On Lu Ming, a token suddenly flew out, hovering above Lu Ming's head, emitting a tremendous light.

Is a mixed token!

The token that suddenly appeared on Lu Ming was actually a mixed token.

At this time, why did the mixed token appear suddenly?

Lu Ming was puzzled.

As soon as the Hundred Tokens appeared, Lu Ming's body, five kinds of moods were actively wrapped around the Hundred Tokens, making the Hundred Tokens more brilliant.

boom!

Haiyu took an axe and chopped on the light of the Hundred Tokens. The light did not move. Instead, it was Haiyu, who was shocked by a powerful force and retreated back and forth.

Then, the Hundred Tokens scattered a beam of light and enveloped Lu Ming inside.

Lu Ming felt that a strong pulling force would pull Lu Ming to another place.

"what happened?"

Lu Ming was shocked.

Hiss!

Suddenly, the space vibrated, and Lu Ming felt a whirl of the sky, and his eyes were black, plunged into boundless darkness.

Lu Ming has a feeling that he seems to be walking through the long void and is on a journey through the void.

I don't know how long after that, Lu Ming felt that he had recovered his ability to move. In front of him, there was a bright light entering Lu Ming's eyes.

Lu Ming opened his eyes subconsciously and looked around.

Sure enough, the surrounding environment has changed, he is not in the ancient city under the sea, but in a hall.

The hall, tall and majestic, the walls around it, made of a huge stone, filled with the atmosphere of ancient vicissitudes, and, on the walls, there was a chaotic mist floating, this mist, Lu Ming had never seen, but gave him A kind of high, ancient and vast feeling.

"Where is it? Did the Hundred Tokens bring me?"

In Lu Ming's heart, a series of doubts appeared.

Before, the Hundred Token suddenly appeared on its own, exuding a tremendous light. The reason why he appeared here must be related to the Hundred Token.

But why did the Hundred Token suddenly appear abnormal, and at that time, bring him here?

What is the reason?

The more I think, Lu Ming has more doubts in his mind.

In addition, Dandan and Bubble are still in the ancient city of the seabed, and they did not follow them. When facing Haiyu, they didn't know if they would be in danger.

"Dandan and Bubble are the top ten fighting beasts. The means of life-saving must be superb. It should not be a problem!"

Lu Ming comforted himself.

Then, look around carefully.

The empty hall has nothing and no people. Only in front of the hall, there is a huge doorway, which seems to be a passage.

"Excuse me, anyone?"

Lu Ming spoke, but there was no one, and no answer was received.

Lu Ming frowned and asked again, but no one answered.

Just when Lu Ming thought there were no creatures here, suddenly, a voice rang.

"How many years later, finally someone came again!"

The voice was shriveled and shrill, and there seemed to be no emotion.

"Senior, junior Lu Ming, do not know why I was brought here?"

Hearing the sound, Lu Ming was refreshed and clenched his fists against the void.

"Hundred yuan tokens bring you here, of course, because you have met the requirements!"

The shrivelled voice sounded again, and then, in front of Lu Ming, the space rippled and a figure emerged from the middle.

"Ok?"

Seeing this figure, Lu Ming was slightly surprised.

Because of this figure, it is very strange. Although it is an adult type, it looks like a middle-aged man, but it is all earthy yellow, even the skin and hair are all earthy yellow, like a rock carving.

However, this big yellow man gave Lu Ming a feeling that it was unpredictable and unpredictable, as if facing the world.

Qiang, this is definitely an incredible strong, and the degree of strength exceeds Lu Ming's imagination.

"You don't have to be surprised, I'm not a human being originally, I'm just a puppet!"

The khaki man said.

"puppet?"

Lu Ming was taken aback.

The khaki man is actually a puppet, but it seems to have human thinking and feelings, and the cultivation is unfathomable. This is actually a puppet.

What kind of existence? Can you refine such a puppet?

"Senior, may I ask where is this place? How can I appear here?"

Lu Ming humbly asked for advice.

"Here is the Hengyuan Sect, Chaos Hall, and my name is Tuyi."

The khaki man explained.

"Huanyuanzong, it is Hunyuanzong again!"

Lu Ming's eyes moved. In the **** ruins, he once heard Dandan say that it was the Temple of Time and Space and also belonged to the Hunyuan Sect.

And here is also Hunyuanzong.

Sure enough, the battle of luck is related to Hunyuanzong!

"Senior Tuyi, is it not here in Yuanjie now?"

Lu Ming asked.

"Yes, this place is heaven!"

Tu Yi.

"Sky Realm!" Lu Ming was taken aback, and the Hunyuan token just brought him to Heaven Realm.

"You should have many questions, I can explain to you."

"You should have obtained the Hundred Token through the battle of luck, but not many people can get the Hundred Token. Only those who are considered to have strong potential can get the Hundred Token!"

"And you should have cultivated five completely different attributes of heaven and earth artistic conception, and all of the five artistic concepts have reached the fourth level of perfection. Therefore, you will touch the Hunyuan token and bring you to the Hall of Chaos!"

"Here, you will be tested. If you can pass the test, you will be able to get the Chaos Sutra, combining the five moods you have comprehended into one, thereby transforming into the supreme chaos mood!"

Tu Yi explained in great detail.

"Chaotic artistic conception? Is there really a chaotic artistic conception between heaven and earth?"

Lu Ming was taken aback, his pupils glared.

Chaos artistic conception, he has also heard, is a supreme artistic conception.

According to legend, the universe of heaven and earth comes from chaos. Chaos artistic conception is an artistic conception that transcends time and space.

If the artistic conception of time and space is the king in the artistic conception, then the chaotic artistic conception is the emperor in the artistic conception.

Lu Ming has always thought that the chaotic artistic conception is just a legend, but did not expect that there is such an artistic conception in the world.

And according to the saying of the soil, as long as Lu Ming passed the test, he could get the Chaos Sutra and cultivate it into a chaotic mood.

Lu Ming's heart jumped involuntarily.

"The Chaos Scripture was created by the Hundred Yuanzong Xeon who was able to cultivate into a chaotic artistic conception. After stepping into the emperor, it can transform into the realm of chaos. Later, it can even transform into the law of chaos. It is the secret code of Xeon. But, if you want to practice, the conditions are also extremely harsh. First, you need to cultivate five moods with completely different attributes to level 4 consummation!"

"Okay, you will show the artistic conception you have comprehended and let me see it!"

Tu Yi.

"it is good!"

Lu Ming nodded quickly, and five kinds of artistic conceptions erupted. The five-color radiant light wrapped around Lu Ming's body, which was gorgeous and dazzling.

Five kinds of artistic conception, blending with each other, but being able to separate at will, is very mysterious.
