D Emperor 1411

Chapter 1411: Emperor Wu

Natural spirits are indeed wonderful, and their vitality is much stronger than others. If others, after a few punches by Lu Ming, they would have disappeared all the time, and Liu Yan was just hit hard, but he was able to get away.

"Good combat strength!"

Around, some onlookers took a breath.

Liuyan is a congenital flame spirit, undoubtedly a peerless genius, and cultivated domain martial arts.

This kind of Tianjiao, in the same war of the same level, killing other Tianjiao is like chopping melons and vegetables. However, after meeting Lu Ming, he was completely crushed.

"Go, find a place, break through the Emperor Wu!"

"Now strong, not necessarily breaking through the Emperor Wu Qiang!"

Then, these figures flashed, and they left here one after another to find a place to attack the Emperor Wu Realm.

The atmosphere of the world here is incredibly rich, and it is much richer than the outside world. It is indeed the secret realm of the emperor and the cave house where the emperor lives.

After Liu Yan escaped, Lu Ming stepped out and appeared in front of Bing Kong.

"Lu Ming, Rao Ming..."

Bingkong was terrified. When Lu Ming arrived, he shouted in shock.

call out!

Lu Ming was too lazy to talk nonsense with him, flicked a finger, and a gun flew out, nailing Bingkong.

Rumble!

At this moment, there was a violent roar in the distance, a series of thunder and lightning, traversing thousands of miles, as if torn apart the world.

Lu Ming looked away, and found that in the distance, dark clouds gathered, and a figure, under the dark clouds, fought against lightning.

"Someone started to attack the realm of the emperor so soon!"

Lu Ming's eyes narrowed.

In that scene, it was clear that someone was attacking the emperor's realm, and the emperor was looting.

During the robbery, other people generally do not dare to disturb, otherwise, even yourself, will be implicated.

Therefore, when people go through the robbery, they have no worries, others dare not disturb, but have to leave far away.

Rumble!

The dark clouds converged, and thousands of thunders fell from the sky, slammed into the figure, and drowned the figure. The emperor was in a terrible disaster.

The figure looked up to the sky and snarled, fighting against the Heavenly Tribulation.

Lu Ming looked at it for a while and left here.

He also needed to find a place to practice with peace of mind and began to attack the Emperor Wu Realm.

Rumble!

He hadn't flown far, and in front of him, there was a loud noise.

Thousands of thunders were scattered, and another one was crossing the robbery, impacting the emperor.

boom! boom! ...

Next, Lu Ming heard that in many directions, there were thunder blasts.

All are in the robbery, and are all impacting the realm of the emperor.

This time, hundreds of thousands of people came in, and many people reached the supreme limit.

Especially those local youths, they are suppressing their cultivation, if not, they can already break through the emperor.

They were in order to enter the emperor's secret realm, and they suppressed the cultivation. Once entering the emperor's secret realm, they no longer need to suppress it, and they began to attack the emperor. Once they entered the emperor's realm, they could take the lead.

"go!"

Lu Ming turned into a rainbow of light, far away from this area.

After flying for more than two hours, Lu Ming came to a wild mountain. He dug a cave in a large mountain. Lu Ming flew in, blocked the cave, and sat cross-legged and began to practice.

First of all, Lu Ming wants to adjust his state to the extreme, looking for an opportunity, and then begins to condense the spirit body and impact the realm

In a flash, three days passed.

Lu Ming was sitting there like a stone, motionless.

The breath on him was more and more condensed and more and more rounded.

But Lu Ming never found the feeling, the opportunity for breakthrough.

"It is recorded in the Chaos Scripture that the cultivation of Chaos artistic conception, every step of the breakthrough, is ten times harder than others, a hundred times harder, no hurry, take your time!"

Lu Ming turned his thoughts in his heart, and originally had some anxious heart, slowly settled down and entered an ethereal state.

In a blink of an eye, another seven days passed.

Suddenly, Lu Ming opened his eyes.

"Okay!"

There was a smile on Lu Ming's face.

Immediately, the real trick of running the war dragon is to transform everything, the magic method of the dragon **** war body.

Roar!

The Jiulong blood vein emerged, and then, the Jiulong blood vein wrapped Lu Ming's body around.

A layer of blood gleamed in the blood of Jiulong, and this blood gleamed into Lu Ming's body.

Lu Ming, want to condense the blood of Jiulong into the body, and combine it with the flesh to make the dragon and **** body.

The dragon's war body's method is running, and the power of the Jiulong bloodline is constantly fused into Lu Ming's body.

The stronger the bloodline, the harder it is to melt the bloodline.

Moreover, there is also a certain danger, because at this point of blood cultivation, the power is already very strong, and it is easy to support the flesh.

This is also a difficult step for many people.

Fortunately, Lu Ming had already cultivated the pure spirit body, and the cultivation reached the tenth percentile. With the pure spirit body as the basis, this step was no difficulty for Lu Mingkai.

The Jiulong Blood Vessel is constantly turning into blood light, which melts into Lu Ming's body at a very fast speed, but within an hour, the Jiulong Blood Vessel has been completely blurred, and with the next touch, the Jiulong Blood Vein collapsed, It turned into a mass of blood and penetrated into Lu Ming's body.

The nine dragon forces in the blood of Jiulong naturally merge into Lu Ming's body with the blood of Jiulong, and become part of Lu Ming's power.

Roar!

At this moment, Lu Ming's body sounded the sound of Long Yin.

However, at present, the dragon body warfare body has not yet succeeded in true cultivation.

It also requires the training of the Heavenly Tribulation, and only after the training of the Heavenly Tribulation can it be considered a true cultivation success.

Uh!

Lu Ming rushed out of the cave, full of momentum.

"bring it on!"

Lu Ming's eyes were shining, staring at the sky.

Huh...

In the sky, suddenly dark clouds appeared, which seemed to appear out of thin air.

Hiss...

Among the dark clouds, lightning and thunder, and countless lightnings, such as silver snakes, wandering in the dark clouds, a powerful coercion, pervading down, between heaven and earth, full of repressive breath.

It makes people feel like a catastrophe is coming.

Rumble!

In the sky, there are more and more dark clouds, and the more they gather, the more they cover, covering a hundred miles of land.

"The scope is so large?"

Lu Ming secretly panicked.

Before, Lu Ming had seen no less than ten people cross the robbery. Their emperor's robbery, covered by dark clouds, was generally about ten miles, and the larger ones were like twenty miles.

But Lu Ming’s catastrophe covered a full hundred miles, and it is still increasing.

"That is how the matter?"

"Someone has become an emperor and is about to cross the robbery, but what about this robbery? How big is it?"

"Actually more than a hundred miles, who is in the middle of the robbery, is it the innate spirit who is in the robbery?"

Lu Ming's robbery, the breath is so amazing, covering a range of more than a hundred miles, but that kind of pressure, full of 100,000 miles.

Many people felt it, shocked, and flew towards this side.

"Perhaps, it is really a congenital spirit, but how is it still increasing, and the cloud-robbing range of the congenital spirit is not so scary?"

Someone is standing in the distance and watching from afar.

Chapter 1412: Thunder Tribulation

The more the people go against the sky, the stronger the power of the sky will be.

Congenital spirits, originally born against the sky, do not belong to the mortal body, so when crossing the robbery, the power is also the most terrifying.

But Lu Ming's current robbery range has exceeded the general innate spirit.

Soon, Lu Ming's robbery cloud range reached two hundred miles.

Thick dark clouds filled the top of the head, covering the sky and the sun. That kind of breath made people feel like a catastrophe was coming.

In the dark clouds, all the thunders were walking. Some thunders were as big as mountains and huge. Lu Mingqi appeared very small in front of him.

In the distance, more and more people were disturbed by the robbery.

One of the crowd looked at Lu Ming under the robbery cloud, his eyes cold.

He is precisely the Liuyan of Tenjin Sect.

"Brother Liu Yan, is this the person you are talking about?"

On the edge of Liu Yan, there were several disciples of Tenjinzong, one of them asked.

"Yes, this is the person. It turns out that he is here to become a emperor, then let his dream come true!"

Liu Yansen said coldly.

"Brother Liu Yan, do you want to kill the other party while he is in the robbery? It's too dangerous to do this!"

A disciple of Tianshen Sect looked a little dignified.

Once the other party is involved in the robbery, once he is involved, he will also suffer.

"It's okay, I have just become emperor, and I have survived the Great Tribulation. Everyday, there is nothing but me. Besides, I still have the Heavenly Tribulation on my body. I will kill him when he crosses the Tribulation. Emperor's dream, turned into a bubble!"

Liu Yan Road.

"It's true that Brother Liu Yan himself is crossing the innate spirit body robbery, but it is a terrible sky robbery. With the addition of the Tianbo robbery, it really does not matter!"

"This kid is dead!"

Several disciples of Tenjinsong were flattering.

In Liu Yan's eyes, a grim meaning flashed.

Rumble!

The sky and earth roared, and in the dark clouds, there was more and more lightning, which constantly pierced the sky and illuminated the sky and earth.

Hiss!

Suddenly, a flash of lightning pierced the void and slammed down towards the landing.

Heaven Tribulation, began!

Lu Ming looked up at the sky, standing still, letting lightning strike.

boom!

Lightning fell on Lu Ming, Lu Ming's body was slightly numb, and a burst of numbness filled his body.

"It's cool, come again!"

Lu Ming showed his expectation.

He wants to condense his spirit with lightning.

boom! boom! boom! ...

Then, in the sky, a flash of lightning, one after another fell, and slammed toward the landing.

Some lightning, thick like mountains, drowned Lu Ming completely.

People around, watching quietly.

They all know that Sky Tribulation is not very strong at first, but it will become stronger and stronger and more terrifying afterwards.

Infinite lightning overwhelmed Lu Ming, and he didn't know how many lanes were split.

"awesome!"

Lu Ming did not transport the prototype of the chaotic realm, and did not even transport the true unit resistance, but simply used the flesh to fight against the thunder. With the lightning bolts falling down, Lu Ming flicked out the itching.

Under the temper of Thunder Tribulation, his spirit has been continuously deepened and continually condensed.

About a moment later.

The lightning in the sky suddenly stopped without breaking.

But this does not mean that it is over. Everyone knows that really powerful and terrible lightning is coming.

The breath in the sky was more stressed, and the dark clouds rolled, as if brewing.

After a while.

Hiss, hiss...

Another flash of lightning fell down.

But this time the lightning is very different from before.

This time lightning, the color is deeper, it looks more terrible.

boom! boom! boom!

A series of lightnings flooded Lu Ming. From the outside, Lu Ming couldn't see him at all, only a white light.

This kind of lightning, which is generally faced when Tianjiao breaks through the Emperor Wu, is very dangerous and needs to fight hard. If you are not careful, there is a risk of falling.

Most people can become emperors as long as they survive this thunderstorm.

"This kid, has a strong combat power, there is also a layer of thunderstorm, purple fire thunderjacket, then, it was my timing!"

Among the crowd, Liu Yan's thoughts turned around and he didn't attack.

This time, Lu Ming did not resist. He simply resisted with a spirit body, ran the magical method of the dragon and god's war body, and condensed the flesh.

"This kind of power is about the same, the previous one is too weak!"

Any Dao Dao Tribulation, fell on the body, Lu Ming thought.

If this is heard by others, I am afraid that a sip of blood will spur the far away.

For others, it is a fatal threat, but for Lu Ming, it is so-so, and it can be stopped by the flesh without any resistance.

After a while, this wave of thunderbolt was over.

Rumble!

Above the sky, dark clouds spread, and thunder roamed away, with a purple radiance coming out.

"Sure enough, the next wave is Zihuo Thunder Tribulation. This guy is so strong that he has to go through Triple Thunder Tribulation!"

"It is said that the innate spirits are going to survive the quadruple thunderstorm, this guy, I don't know if there will be a quadruple thunderstorm!"

"I don't know, this guy, the dark clouds spread over two hundred miles, which is larger than the dark clouds covered by innate spirits. Should there be four levels?"

Around, there was a talk.

This time, the robbery was brewing for a longer time.

Half an hour passed.

boom!

A purple thunderbolt pierced the sky and whipped towards the landing.

This thunderbolt looks purple, that is because, on the surface of the thunderbolt, covered with a layer of purple fire, this is a kind of fire robbery, powerful, not weaker than thunder robbery.

Adding the two together, the power is even more amazing.

boom!

Thunder struck Lu Ming, and Lu Ming's body shook slightly, blocking the lightning, and the Thunder Tribulation disappeared, but there was a layer of purple flames on Lu Ming's body, burning.

This is the terrible fire robbery.

Thunder Tribulation can be extinguished, but the fire is indelible, he will stick to the body of the person who crosses the robbery, until the person is refined into ashes.

On Lu Ming, Zhenyuan was lit up, and began to resist the invasion of robbery.

boom! boom...

Then, a series of purple thunder disasters, hacking continuously, flooded Lu Ming.

At this moment, a figure, like lightning, rushed towards the land of Mingdu robbery, which surprised many people.

"Who is that? What do you want to do?"

"That's the inflammation of Tenjin Sect!"

"He's going to rush into the other's land of robbery?"

Liu Yan broke out and made many people wonder.

Uh!

Liu Yan rushed directly into the range covered by the robbery.

boom!

As soon as he rushed in, there was a purple thunderbolt, and he split towards Liuyan, but Liuyan waved his hand at random, and he crushed the purple thunderbolt.

He had just survived the Thunder Tribulation before. This kind of Purple Fire Thunder Tribulation could not help him.

boom! boom! ...

Immediately afterwards, more purple lightning bolts fell towards Liu Yan.

On Liu Yan's body, a terrible flame burst out to resist the thunder.

He was breaking through the thunder and approaching the landing.

"Liuyan!"

Lu Ming looked cold.

Liu Yan, actually wanted to kill him while he was crossing the robbery.

Chapter 1413: Depressed Liuyan

"Then come!"

Lu Ming sneered.

Rumble!

The purple Thunder Tribulation became more and more terrible, and the Thunder Tribulation, which was thick like mountains, kept falling towards the two.

boom! boom! ...

Lu Ming broke out, his fists shot out in succession, and his fists rushed into the sky, destroying the purple fire thunder.

It seems that it was because of Lu Ming's eruption and the rush of rushing fire. The robbery clouds in the high sky became angry, tumbling violently, and more purple fire thunder robbery fell.

"So many thunders? But it's hard to stop me!"

Liu Yan drank coldly, his palm knife waved, and his knife burst into the shot, breaking Lei Jie one by one, and he was approaching Lu Ming quickly.

Uh!

Lu Ming's body moved quickly and backed away, pulling away from Liuyan.

"You can't go away!"

Liu Yan broke through the thunder and lightning and chased Lu Ming.

The robbery cloud covers a radius of two hundred miles. Lu Ming is in the center of the robbery cloud. Liu Yan is only eight or ninety miles away from Lu Ming, but this eight or ninety miles is difficult to cross because of thunder.

As soon as Liu Yan approached, Lu Ming retreated.

"Damn!"

Liu Yan angered, his breath exploded, and the breath of the Wu Emperor's strongman came, and his body, flames, and his innate flame spirit, broke through the Wu Emperor, completed the transformation, and became more terrifying. , Reached the level of inferior spirits.

The flame condensed out a long knife, which was chopped out, destroying all the thunders.

His speed rose quickly.

But at this time, the purple Thunder Tribulation suddenly disappeared.

However, the robbery seemed to be really angry. This time, there was no brewing, and there was dense lightning in the sky.

This time, the color of lightning changed to four.

The four colors of lightning, each kind of lightning surface, covering things are different.

Some are covered with flames, some are covered with wind, some are covered with water, and some have golden sharp air.

The fourth thunder is here.

This kind of thunder robbery is several times more terrible than the pure purple fire thunder robbery.

This kind of thunder catastrophe is a terrible thunder catastrophe that innate spirits have to face.

"Damn, so fast to the fourth thunderbolt!"

Liu Yan shouted angrily.

The transition time between the third thunderstorm and the fourth thunderstorm was faster than he thought.

The fourth thunderstorm, even him, should be treated with caution.

"Come on Tianbao!"

With a move in Liu Yan's heart, a purple ball flew out, suspended above Liu Yan's head, and exuded a layer of light mask that enveloped Liu Yan.

Those thunder cats fell on the purple mask. Although the purple mask shook violently, it was still blocked.

"The terrifying Tianbao is so powerful that it can stop even the fourth heavy disaster!"

In the distance, many people showed envy.

The ordinary Duo Tianbao, which can block the second heavy thunder calamity, is considered good, but this piece of Liu Yan's Duo Tianbao can actually block the fourth heavy thunder calamity. It is amazingly powerful. Boutique.

Liu Yan's speed increased greatly, approaching Lu Ming at a rapid speed.

Uh!

Retreat after speed.

"kill!"

Liu Yan burst into drink, palms slash down, a vast flame of light, slashing towards the landing.

But as soon as Daoguang came out, he was separated by Thunder Tribulation.

"Damn, you must get close to that guy before you can beheaded!"

The cold light flashed in Liu Yan's eyes, breaking through the thunderstorm, and approaching Lu Ming at the fastest speed, but Lu Ming cast Feng Yuanshu and retreated at a rapid speed, always keeping a distance of dozens of miles from Liu Yan.

"What's going on with this guy? In the face of the fourth thunderstorm, can it be so fast?"

After chasing for a while, the distance between the two couldn't be shortened, and Liu Yan was agitated.

You can't kill Lu Ming unless you can get closer.

Of course he did not know that the fourth thunderstorm was a fatal threat to others, but for Lu Ming, it was just okay, and he did not need to fight against it.

The two chased and fled, and circled in this area.

"Damn, boy, spare your life today!"

After chasing for a while, seeing that Lu Ming could not be chased, Liu Yan started to retreat and wanted to retreat.

"You can come as you want, and leave as you want. How can it be so easy, accompany me to continue the robbery!"

Lu Ming sneered.

As soon as Liu Yan retreated, Lu Ming entered, narrowing the distance to Liu Yan, so that the robbery cloud always enveloped Liu Yan.

"you wanna die!"

Liu Yan was furious and stopped retreating. He wanted to rush forward to kill Lu Ming, but as soon as he entered, Lu Ming retreated, and as soon as he retreated, Lu Ming entered.

This made Liu Yan furious and could not get away.

After such a stalemate, the thunder suddenly disappeared.

"The Heaven Tribulation is over, this guy needs to stabilize the state. See how you chase me?"

The sky-tribulation disappeared, and Liu Yan was overjoyed.

The Heavenly Tribulation disappeared, and he could get away with ease and find a chance to kill Lu Ming.

But at the next moment, Liu Yan's face changed wildly.

Because the cloud robbing in the sky did not dissipate at all, but became thicker.

The robbery cloud, which originally covered a radius of two hundred miles, suddenly soared into a radius of three hundred miles. The dull coercion made Liu Yan's breathing difficult.

"How is it possible? Is this the fifth thunderstorm?"

Liu Yan hissed loudly, showing horror.

"Run, run, run!"

Liu Yan almost even had a crying heart, turned around and ran, trying to escape from the range covered by Thunder Tribulation.

Quack!

At this moment, a chirp sounded through the sky, and in the high altitude, a huge goshawk flew down. The speed was incredible, and immediately reached the top of Liu Yan's head, rushing down towards Liu Yan.

"Five Heavens Tribulation, Thunder Tribulation Shaped!"

Liu Yan's horrified roar was full of incredible.

Lu Ming, actually still crossing the robbery, and, it is still the legendary fifth heavy disaster, thunder robbery.

General innate spirits, when crossing the Emperor Wu Tribulation, have only four thunders.

Unless it is some extremely perverted guys, there will be a fifth thunder.

bump!

The Duo Tianbao, the Goshawk transformed by the Thunder Tribulation, fluttered the street above the Liu Yan Duo Tianbao. The light curtain transformed by the Duo Tianbao was shaken violently and almost collapsed.

"escape!"

Liu Yan's current thinking is only to escape, the farther away the better.

But how could Lu Ming get him to come close to him in a hurry.

"Is Thunder Tribulation transformed?"

A faint smile appeared on the corner of Lu Ming's mouth.

This was not the first time he had met this kind of thunderstorm. He had appeared when he passed through the spiritual disaster.

Roar! Roar!

Two roars roared, and two giant tigers transformed by thunder robbery rushed towards the landing.

"Jiang Tiangong!"

Lu Ming blasted two punches and flew two Lei Jie giant tigers out.

On the other side, two Thunder Trigger Goshawks appeared, a total of three, rushing to Liu Yan.

bump! bump!

The light curtain formed by Liu Yandu's robbing Tianbao finally couldn't support it, bursting apart.

That round bead also burst.

Crossing the robbery Tianbao, several goshawks rushed to Liuyan.

"roll!"

The roar of Liu Yan, the complete field, covering the whole body, blasted towards the three goshawks.

However, he has already gone through the Emperor Wu Tribulation and broke into the Emperor Wu Realm. Now he is shrouded by the Cloud of Thunder Clouds. The power of Thunder Tribulation to him is more than that of Lu Ming, which is equal to his own robbery.

He faced his own five major disasters.

Chapter 1414: Hacked to death by thunder

But when he crossed the Emperor Wu Tribulation before, it was only the fourth major calamity, and the fifth major calamity was beyond his imagination.

boom! boom! boom!

Although Liu Yan flew three Thunder Trigger Goshawks out, but also left a few blood marks on his body, Thunder Tribulation desperately drilled into his body, let him spit out a bit of blood.

But what made him desperate was that there were thunder robbers appearing in high altitude again, this time, two thunder robber pythons rushed towards him.

At the same time, the three goshawks also rushed towards Liu Yan.

Now, he can only protect himself, unable to chase down Lu Ming.

In a few roars, Liu Yan was ragged, his hair was radiated, and he vomited blood.

There was a wound on his body, which was terrible.

If it weren't for his magical and powerful spirit body, and it's still a lower-level spirit body, the vitality is extremely tenacious, and I'm afraid it is already dangerous.

But in the high altitude, a few more creatures appeared, killing Liuyan.

In the end, there were a total of nine Thunder Tribulation creatures, fighting around Liu Yan.

Liu Yan did his utmost to fight nine thunder robbing souls.

"Withstand, I must withstand, as long as I survive this wave of thunder, I can escape to birth, not only that, but I can also use the fifth thunder, to hone my spirit and let my Spirit, stronger!"

Liu Yan warned himself that he would use his strength to the utmost to fight against the thundering creatures.

Lu Ming is also facing the siege of six Thunder Tribulation souls, but he is much easier than Liu Yan.

The third blood vessel was suspended, and a ray of energy poured into Lu Ming's body. Lu Ming urged Zhenyuan to perform the prison hell, and he fought against nine thunder robbers.

Every time Lu Ming punches out, there will be a thunder robbery soul blown out.

At the same time, Lu Ming can deliberately release some of the power of thunder, flood into the body, hone the spirit.

"Insufficient, this level of thunder disaster, it is almost the same to hone my spirit, but if I hone my prototype of the chaotic realm and turn the prototype of the chaotic realm into a complete chaotic realm in one fell swoop, it is still not enough, and stronger thunder is needed. Robbery."

Lu Ming thought.

If I let others know Lu Ming's thoughts, I'm afraid he will die alive.

Everyone else hopes for the power of Thunder Tribulation. The weaker the better, Lu Ming is better. He also thinks Thunder Tribulation is not powerful enough and wants a stronger Thunder Tribulation.

You know, this is the fifth thunderstorm.

"Let me die!"

Lu Ming sipped, his body suddenly filled with a layer of chaos.

The prototype of the chaotic realm came out, which greatly increased Lu Ming's combat power.

boom! boom! boom! ...

Lu Ming blasted nine punches in a row.

The creatures transformed by the nine thunder cats were suddenly blown apart, and disappeared into a ray of thunder and lightning.

"day..."

In the distance, those who saw this scene were dumbfounded.

Suddenly, the creatures transformed by the nine thunder cats were disbanded, which is too amazing.

Didn't see that, on that side, Liu Yan was struggling to resist.

"Successful, this guy has survived the Emperor Wu Tribulation. The fifth thunderstorm is really evil. If this guy grows up, he can compete with the most top evils in Cangzhou!"

"Yes, this person has such potential. This person seems to be a disciple of Dragon Valley, and there is another evil character from Dragon Valley!"

Lu Ming's performance has caused many people to discuss it.

Some people's eyes flickered, thinking about how to solve Lu Ming and destroy this enemy.

Huh...

Liu Yan panted heavily.

Lu Ming defeated nine lightning creatures in one fell swoop, and the nine lightning creatures that besieged Liuyan also disappeared.

Liu Yan was extremely miserable at the moment, and he was wounded. Up to now, there was still a flash of lightning on his body, which made his breath extremely weak.

But he finally breathed a sigh of relief. Thunder Tribulation passed by.

but---

Liu Yan suddenly felt wrong.

Thunder robbed the past, and the cloud in the sky should be dissipated, why is it still there? Moreover, it has become stronger...

Liu Yan's pupils suddenly widened.

Yes, the robbery cloud rolled, and there seemed to be a wild beast roaring inside, and the robbery cloud coverage expanded again, covering a radius of four hundred miles.

The endless thunder and lightning, roaming in the robbery cloud, terrible breath, let those who are watching far away from the thousands of miles to take a breath.

"The first... the sixth thunderstorm, no, no..."

Roaring hysterically.

"Sixth Thunder Tribulation, good, ha ha ha!"

Lu Ming laughed longitudinally.

In the distance, the people who watched were all staring, incredible.

It was actually the sixth thunderstorm, and the sixth thunderstorm.

They originally thought that Lu Ming had gone through this robbery and it was over.

But I did not expect that Lu Ming's thunder robbery, beyond imagination, actually had the sixth heavy thunder robbery.

The sixth thunderstorm, which belongs to the legendary thunderstorm, at least in Cangzhou, has not appeared for a long time.

"Run away!"

Liu Yan is completely mad and fleeing wildly.

but---

call out!

In the high sky, a sword light fell towards Liu Yan.

Boom!

One of Liuyan's arms was cut off, the endless power of thunder and lightning, turning that arm into ashes, and the power of thunder and lightning, madly drilled into the wound of Liuyan, making his wound hard to heal.

Originally, with his flame spirit body, even if one arm was cut off, it could grow out instantly, and at most it would consume some vitality.

But now, with the power of devastating lightning, it simply can't do it.

call out! call out!

Then, at high altitude, two more weapons flew down.

A battle sword, a spear.

All are made of lightning.

The sixth heavy disaster, Thunder Tribulation.

"Do not!"

Liu Yan struggled to resist, but the sixth power has completely exceeded Liu Yan's strength.

Thunder Tribulation slashed, defeating Liu Yan's heavy attack and defense.

Finally, Thunder Tribulation spear pierced down, pierced from Liu Yan's eyebrow, Liu Yan screamed, the whole person burst apart, turned into a few flames, and condensed out a few miles away.

At this moment, Liu Yan's face was pale and his breath was extremely weak.

Just now, if he were not a lower-level spirit, and a fire spirit, he was already dead.

However, even if he escaped just now, the result is already doomed.

Uh!

In the sky, another battle sword fell down.

"Do not!"

Liu Yan gave an unwilling long howl, and finally looked at Lu Ming, he hoped to see that Lu Ming also died under the thunder.

However, he was disappointed.

Lu Ming is like an invincible **** of war, full of chaotic light, confronting Thunder Tribulation Soldiers, with a punch, a Thunder Tribulation Warrior was blown out by Lu Ming.

puff!

The War Sword fell from Liu Yan's eyebrows. This time, Liu Yan could no longer recover, and the power of thunder and lightning destroyed him.

"why?"

This is Liu Yan's last thought.

why? Originally, he wanted to take the opportunity to kill Lu Ming, why in the end, he himself died under thunder.

What irony is this?

Chapter 1415: Refining the World Clock

People who watched from afar were also dumbfounded.

Liu Yan wanted to kill Tian Ming while he was crossing the sky, but in the end, Lu Ming was fine, but he himself took him in and died under the sky.

"Liuyan is unlucky and has encountered a demon!"

Someone sighed.

Many people nodded.

It's just bad luck.

If Lu Ming is just an ordinary warrior, or even a congenital spirit, I am afraid that Liu Yan will be killed in Thunder Tribulation.

But Lu Ming is not, it is a demon who can attract the sixth heavy disaster.

"Brother Liu Yan is dead, we have to tell other brothers about this matter!"

"This person can't stay!"

Some of the disciples of the Tenjin Sect on the scene communicated with each other, and then left here one after another.

when! when! ...

Lu Ming waved his fist and collided with the soldiers transformed by Thunder Tribulation. The terrible vibration sounded through the sky.

In the sky, there are constantly various weapons falling down, but no matter how many thunder robbers, Lu Ming can't help it.

"Okay, this kind of power is right!"

Lu Ming's eyes are bright.

He discovered that the power of the Seventh Thunder Tribulation can really be tempered into his chaotic realm.

Every time he punches out and fights against the Thunder Tribulation Soldiers, there will be a thunder and lightning that will pervade him and help him hone his spirit.

In his body, there were bursts of dragons chanting, and there seemed to be a real dragon about to awaken.

And every time he collided with Thunder Tribulation Soldiers, he was a hone in the chaotic realm.

He feels that his chaotic realm is undergoing transformation, towards the complete chaotic realm.

The seventh heavy thunderstorm persisted for a long time, at least half an hour.

Buzz!

Suddenly, Lu Ming's chaotic domain prototype, shrinking for a while, shrinking back to the spirit god.

But then, it came out again.

But this time, the realm of chaos is no longer a prototype, but a complete realm of chaos.

The chaotic realm, finally tempered by the sixth thunderstorm, made a breakthrough in one fell swoop and turned into a complete chaotic realm.

boom!

The complete chaotic realm covered Lu Ming's body. Lu Ming burst out with a punch, and a misty light of chaos burst out. Those thunder robbers burst into burst.

"Good power!"

Lu Ming was overjoyed.

The complete chaotic realm is too powerful and much stronger than the prototype of the chaotic realm.

At this time, the other thunder soldiers in the sky also broke apart, disappearing without a trace.

"Sky Tribulation, have you spent it?"

In the minds of many people, a question emerged.

Huh...

At this time, the looting clouds in the sky began to become smaller and began to converge towards the middle.

"It seems that he has survived the thunder robbery, this person is terrible, actually survived the sixth heavy thunder robbery!"

"It's indeed terrible, but it's terrible, but it's still just one of Emperor Wu's cultivation practices, and it's too far away from those real arrogances. Unless you can grow up, no matter how strong the arrogance is, it's useless to die halfway!"

The people watching around started to discuss, thinking that Lu Ming's Heavenly Tribulation finally passed.

But Lu Ming didn't think so.

He looked at the sky, his eyes revealing light.

Because he felt a strong pressure, several times stronger than before, the sixth heavy disaster.

"and also!"

Lu Ming whispered.

Huh...

The robbery clouds that are hundreds of miles away are constantly gathering, and finally turned into a robbery cloud that is only thirty miles away.

Crackling...

In the robbery, lightning flashed and thunder, and the trembling sky thundered.

At this time, those onlookers also found that the situation was wrong.

"What's going on? The robbery clouds did not dissipate, but gathered together!"

"That kind of volatility makes people palpitate!"

"No, also, the seventh catastrophe?"

Those people guessed the final answer, and they were all stunned.

The Heaven Tribulation is not over yet, and there is the Seventh Thunder Tribulation.

how can that be?

Cangzhou has not heard of anyone who has survived the seventh thunderstorm for tens of thousands of years.

In the world, there is a legend that the one who can survive the seventh heaven-slaughter, with the capital of the emperor, will have the potential to impact the emperor.

Although, there is only this potential, but it is amazing enough.

The vast expanse of Cangzhou has never been born since the Emperor Cang.

The emperor, each one, is a legend in the world, a legend that dominates one side and is the character of the world.

Shou Yuan doesn't know how many of these characters have survived.

The ultimate goal of all practitioners is the emperor.

"God, such a demon actually appeared in the Dragon God Valley. I don't know if this person can survive this robbery!"

"Look, you see, the refining bell, that is the refining bell!"

"Legend, the world-refining robbery clock that will appear only in the seventh thunderstorm of Wuhuang Tribulation!"

All eyes widened and stared ahead.

Above Lu Ming's head, the robbery cloud rolled, countless thunder and lightning, and finally gathered into a bell.

A huge bell of incomparable thunder.

Buzz!

The big bell shuddered and fell from the sky to the landing.

Tian Ming's big bell, Lu Ming's unavoidable, was suddenly shrouded by the world's robbery bell.

In the big clock, there was terrible energy, which shone toward the landing. This was a refining force that could refine Lu Ming's whole body.

Lu Ming sat cross-legged, the real element was running, the chaotic field covered the whole body, resisting this refining power.

But this refining power is extremely marvelous. Although partly blocked by the realm of chaos, there are still a small part of it that penetrates into the realm of chaos, even into the spirit god.

Lu Ming's face changed greatly.

The spirit **** is the most vulnerable part of the human body and the most critical part.

If the spirit **** is destroyed, it is equivalent to a fall.

The power of refining poured into the spirit god, and suddenly, in the spirit god, a burst of tearing pain came out.

It comes from the pain of the soul, which is dozens of times stronger than the body, and hundreds of times.

The power of refining, even the soul, can be refined.

"Block it!"

Lu Ming growled and insisted.

He understood that if he could not persevere, the spirit **** would break apart, and he would also be completely refined by the refining clock.

Since the crossing, Lu Ming finally encountered a crisis.

Lu Mingpan sat in the big clock and resisted with all his strength.

The outside world, at least hundreds of people, are watching.

They were curious if Lu Ming could survive the seventh thunderstorm.

"Seventh Thunder Tribulation, Refining the World Clock, Extreme Horror, Refining Everything. For tens of thousands of years, Cangzhou is not without Tianjiao's face for such a big disaster, but it has been refined by the refining world robbery clock."

"Yes, it's too hard to survive the seventh catastrophe!"

Some people lamented.

Time passes slowly.

One hour, two hours, three hours...

In an instant, ten hours passed.

Lu Ming still persists in the refining clock.

At this time, Lu Ming's image was extremely terrifying. His muscles seemed to have been corroded away, leaving only a skeleton.

Even the power of refining has begun to refine bones.

But within the spirit god, the spirit **** is dim, without light, and Lu Ming's soul, like a candle in the wind, may be destroyed at any time.

Chapter 1416: Lu Mingcheng Huang

But Lu Ming did not give up, still resisting and persevering.

Time passes quickly.

Ten hours passed, and another ten hours passed.

Lu Ming's whole body is about to be refined away, only the chaotic realm is still covered.

Within the spirit god, the fluctuation of the soul is extremely weak, and, as time goes by, it becomes weaker and weaker.

If Lu Ming's original soul power is equivalent to a moon, then at this time, Lu Ming's soul power is equivalent to a little fireflies.

Ten hours passed.

Before and after, Lu Ming was trapped in the refining bell of the refining world for thirty hours. At this time, Lu Ming's flesh had completely disappeared and was refined by the refining bell of refining the world.

Huh...

At this moment, the dark clouds in the sky slowly spread out and disappeared, and the world refining bell below also dissipated with a bang.

As for Lu Ming, there is no trace at all, there is no one in the sky, and the smoke disappears.

"Heaven is over, but what about people?"

"There is no one, it seems that this person, after all, has not survived the seventh Heaven Tribulation, and has been refined by the World Refining Bell!"

"Unfortunately, a generation of evildoers, after all, died under the sky-tribulation!"

"I said just now, no more evildoers, they didn't grow up and they were useless after all!"

All around, there was a sigh, some people were sorry for Lu Ming, a generation of evildoers, fell under the sky-tribulation, but some people sneered and sarcastically, and even gloated.

"Go!"

"Looking for the treasure left by the emperor, we have delayed too much time!"

Some people spoke, and soon, no one left in this area.

In the sky, there is a tranquility, as if everything that happened before is illusory.

Two hours later, at the place where Lu Ming had just crossed the robbery, there was a light spot suddenly lit up.

The light spot began to look dim, but slowly, the light spot became brighter and brighter.

At first, it was like fireflies, slowly, like candlelight, then, like stars, like sun and moon...

In the light spot, a terrible attraction was born, and the original energy of tens of thousands of square meters was frantically converging towards the light spot. The light spot, like a black hole, swallowed the original gas.

Huh...

The endless atmosphere gathered, and the light spot slowly appeared in outline.

That's a human form, a spirit god, Lu Ming's spirit god.

Lu Ming was not dead, he was not refined.

Before, the robbery dissipated and the robbery bell disappeared. It was not that Lu Ming was refined and disappeared, but that Lu Mingdu succeeded and disappeared.

At this moment, Lu Ming is recovering.

The attraction is getting bigger and bigger. The natural gas around the world is tens of thousands of miles away. How rich is it? Slowly, the original gas around Lu Ming Lingshen turns into a liquid, and the liquid creeps and starts to condense a flesh.

Lu Ming's flesh.

Roar!

With a sound of Long Yin, it shook for nine days.

Between heaven and earth, a phantom of Kowloon emerged and disappeared into Lu Ming's body, disappearing.

Half a day later, Lu Ming's body appeared completely in the air, and at this time, Lu Ming suddenly opened his eyes, his thoughts moved, and a suit appeared and was worn on his body.

"Finally got through, what a terrible refining clock!"

Lu Ming secretly sighed.

Facing the corpse robbery clock, even Lu Ming faced a life of nine deaths, and finally survived with a strong willpower.

The refining clock of the world is known as the world that can be refined. The power of refining is too horrible. It can not only refine the flesh, but also the spirit, the soul.

However, if you get through it, the benefits are huge.

Lu Ming's current state has completely crossed the spirit and **** level, and it is precisely entering the state of the Emperor Wu.

Now, it is the Emperor Wu Emphasis on the early stage.

boom!

Lu Ming got up and punched out. In the sky, a thunderous rumbling sounded, a punch, and flew out, piercing a mountain cave through a big hole, transparent before and after.

Here, but Yuan Lu is the secret realm of the emperor, not the Shenxu mainland group, and everything in the world is solidified. Lu Ming can wear a mountain with a box, what a terrible power.

Moreover, it is only pure physical strength.

"In the flesh, there is a faint atmosphere of chaos!"

Lu Ming felt it carefully, and there was a hint of wonder in his eyes.

In his musculoskeletal, there is a faint atmosphere of chaos. Although it is still very shallow, it is indeed chaotic.

And Lu Ming's spirit body also reached the level of the inferior spirit body in one fell swoop.

It is the same as that recorded in the dragon body war body.

However, because of the chaotic qi in the flesh, Lu Ming's spirit body is stronger than the ordinary inferior spirit body.

"The soul has also been greatly improved and refined!"

The thing that delighted Lu Ming most was the soul.

He felt that the current soul, no matter how tough it is, or the strength and power of the soul, was stronger than before, I don't know how many times.

At least dozens of times stronger.

One day, one earth.

As far as Lu Ming knows, the soul is very difficult to ascend. It is more difficult than the martial arts to improve.

The stronger the soul, the stronger the vitality of the spirit god. Even if the spirit **** is injured and injured, it is not easy to fall.

In short, this time Lu Ming successfully broke through the Emperor's Realm, which has greatly improved in all aspects and his strength has skyrocketed.

"I don't know what my combat strength is now?"

Lu Ming thought quite a bit.

Others dare not say it, but Lu Ming is sure that if he returns to the Shenxu mainland group now, and kills the four strong powers of the martial emperor of the Shenxu group, it will certainly be a breeze.

Of course, the emperor of Yuanlu had much more fighting power than the Shenxu mainland group, and Lu Ming had not fought it.

"and also..."

Lu Ming held out his palm and faced the void.

call...

Suddenly, a terrible engulfing force erupted in Lu Ming's palm, and the air between heaven and earth madly gathered towards Landing Ming.

Engulfing power, Jiulong's engulfing power.

According to the records of the Dragon Warrior, the Dragon Warrior condensed in Jiulong really retained the ability to devour power.

And now, Lu Ming's body can explode the power of swallowing at any time, which is more convenient than before.

"In this way, I will practice faster, too!"

Lu Ming smiled slightly, his thoughts moved, and the power of swallowing disappeared.

"It has been more than ten days to enter the secret realm of the emperor. It is time to act. The secret realm of the emperor cannot be in vain!"

Lu Ming smiled slightly, then stepped into the air and disappeared here.

The Great Emperor's Secret Realm is a plane, vast and immense, very vast, and there are vast mountains everywhere.

Lu Ming's speed is very fast, and the mountains below pass by quickly.

"There is a building!"

Suddenly, Lu Ming saw a building halfway up a mountain below, and Lu Ming flew down.

This is a palace, which looks very old, but intact. Obviously, in the past, someone lived.

Lu Ming stepped in, the palace was quiet, there was nothing in it, Lu Ming turned around and found nothing.

"Everything here is taken away by others!"

Lu Ming smiled and left here.

Chapter 1417: Heavenly Dao

Next, Lu Ming saw several places with buildings, but after entering, he found nothing.

In some places, traces of fighting were also found. Obviously, some people came early and took away the things in the palace.

"The emperor's secret realm is naturally impossible for only the emperor to live alone. It is said that there are many holy realms under the emperor's hands, and the emperor is a slave!"

Lu Ming thought.

This trip, even if you can't get the treasure left by the emperor, as long as you get those treasures left by the Holy Land, you will make a lot of money.

Obviously, the buildings Lu Ming encountered were all places where the emperor lived.

Soon, Lu Ming saw a cave in a valley.

At first glance, it is the cave house where the warriors closed their doors and practiced.

Lu Mingjing walked towards Dongfu.

call out!

Just as Lu Ming approached Dong Fu, a sword light shot from Dong Fu and punctured Lu Ming's throat.

The blade is sharp and is definitely an emperor.

when!

Lu Ming stretched out a finger and flicked at the long sword. The long sword buzzed and flew out.

"It's you, Lu Ming!"

Lu Ming smelt loudly, and Lu Ming looked at it, but he couldn't help it.

"Autumn girl!"

It was Qiu Yingying who shot Lu Ming just now.

"Lu Ming, sorry, just now I thought it was someone else!"

Qiu Yingying looked at Landing Ming apologetically.

"Come on, what about your brother?"

Lu Ming said.

"My brother is practicing inside. In this cave mansion, there are strong people leaving a trace of Heavenly Dao!"

Qiu Yingying said.

"Heavenly nick?"

Lu Ming's eyes lit up.

"Yes, you will know when you come in!"

Qiu Yingying said.

Lu Ming nodded and entered Dongfuzhong together with Qiu Yingying.

The cave house is very wide. On one wall of the cave house, there is a trace, which seems to have been carved by fingers.

Lu Ming glanced at it and was deeply attracted.

This nick is like the incarnation of the avenue. From this nick, one can comprehend the mystery of the avenue.

It is very difficult for the Emperor Wu Emperor to rise up.

First, we must understand the realm.

The field is divided into nine levels.

Corresponding to Emperor Wuzhong, after the field is improved, cultivation can be improved.

The cultivation of the cultivation base not only needs to refine the true unit, but also requires the true unit to refine the spirit and improve together.

Therefore, every step of Emperor Wu Realm is not simple.

This kind of scoring of the Dao is carved by the strong man on the stone wall when he comprehends the Tao of Heaven. Later generations can correspond to the scoring, comprehend the Tao of Heaven, and realize his own field from the Tao of Heaven, so as to achieve the purpose of upgrading the realm.

After watching for a while, Lu Ming took a deep breath and calmed himself down.

Under the stone wall, a figure sat cross-legged and was quietly comprehending.

Obviously, Qiu Yingying and Qiu Hao, during this time, also passed the Wuhuang Tribulation and broke through to the Wuhuang Realm.

Just now, it should be Qiu Hao who is here to comprehend the engraving of Heavenly Dao, and Qiu Yingying helped Qiu Hao to guard the gate and saw that someone came here, and Qiu Yingying launched her attack.

"Miss Qiu, Brother Qiu is comprehending, we go to the gate outside the cave house, here, I am afraid I will disturb him!"

Lu Ming said.

"it is good!"

Qiu Yingying nodded and walked out of the Dong Mansion with Lu Ming, waiting quietly outside the Mansion.

After about three hours, Qiu Hao walked out of the cave house and was delighted to see Lu Ming.

"Brother, are you finished?"

Qiu Yingying asked.

"Well, the heavenly path is not too deep, and, with my understanding, I can only understand it here!"

Qiu Hao nodded and sighed.

"Brother Lu, next, you go to comprehend, I have comprehended before, my elder brother and I, help you guard!"

Qiu Yingying said.

"Okay!" Lu Ming nodded and walked into Dongfu. Under the nick, he sat cross-legged, gazing tightly at the nick.

Buzz!

That nick, in Lu Ming's eyes, began to change, becoming a breath of avenues, extremely mysterious.

Lu Ming carefully sensed and confirmed each other with his own chaotic realm.

The realm of chaos, the emperor of thousands of domains, is all-encompassing, but in Xuanmiao, it is also part of the Heaven and Earth Avenue, and it needs to be understood from the Heaven and Earth Avenue.

Gradually, Lu Ming fell into ethereal state.

"Chaos is not only the beginning of everything, but also the end of everything..."

With the passage of time, a layer of chaotic light filled Lu Ming.

Brothers and sisters of the Qiu family, sitting cross-legged outside the cave, to protect Lu Ming.

Suddenly, the siblings opened their eyes at the same time and looked into the distance.

Two rainbow lights cut through the void and flew towards this side at a rapid speed. Then, the rainbow light gathered, and two young men appeared in the sky.

"There is an ancient cave house here, good luck!"

A young man smiled.

The two stepped down into the air and their eyes fell on Qiu Yingying and Qiu Hao.

"Here we are, let's go!"

A young man waved his hand casually.

"Two people, we discovered it first, and we still have a friend who is practicing inside!"

Qiu Yingying explained.

"Nonsense, what happened first, plus your friends, get out together!"

The young man shouted before.

Qiu Yingying and Qiu Hao looked ugly.

The other party is too overbearing, as soon as he comes here, he will directly seize the place and let Qiu Yingying get away.

"Two, my friend is practicing, and when his cultivation is over, we will naturally go!"

Qiu Hao said.

"Nonsense, how can we have time to wait with you, if we don't leave, then stay forever!"

The young man's face was cold before, and a field came out of him.

Uh!

His figure flickered and attacked Qiu Yingying and Qiu Hao directly, while the other young man didn't do it and watched with a sneer.

"Qiu Shui Ying Ying!"

"Falling flowers and flowing water!"

Qiu Yingying and Qiu Hao were helpless and could only resist.

The two men practiced in the realm of water, and the realm spread out, forming a series of water dragons, winding towards each other.

"People in Dragon Valley, hum, Dragon Valley is against my God Sect everywhere, really looking for death!"

Before the young man drank coldly and waved his hands, countless fronts chopped out, chopped off the water dragons, and then chopped to Qiu Yingying and Qiu Hao.

"Field martial arts!"

Qiu Yingying's face changed greatly, and they hurriedly opened the field. Zhenyuan burst out and placed two water shields in front of her.

bump! bump! bump!

A series of sharp cuts on the shield of water caused the shield to vibrate violently and collapsed frequently.

"Break me!"

The previous young man, the young man of Tenjin, once again pressed his palm, and a stronger edge burst out, pressing towards the Qiu family's siblings.

boom!

This time, the Shield of Water could no longer resist, burst and burst, the two siblings groaned, their bodies were blown out, hit the wall, and spit blood.

"Dare to stop me, it's really death!"

The youth of Tianshenzong strode toward the Qiujia sisters with a cold face.

"I'll take a look first!"

Another young man of Tenjin Sect flashed into the ancient cave, and at a glance, he saw Lu Ming sitting cross-legged.

Chapter 1418: Vast land

When he saw Lu Ming, the face of Tianshenzong's youth suddenly changed, but when he discovered that Lu Ming was practicing, his face showed surprise and fierce color.

"It's this kid, even Brother Liuyan is not an opponent, but it's really a blessing from the heavens. This kid is cultivating. Haha, as long as you kill this kid, the Holy Girl will definitely look at me differently!"

The young man was overjoyed, the true element burst out, and he slammed toward the landing.

Lu Ming is still cultivating and seems to be completely forgetful.

The terrible palm power immediately approached Lu Ming. At this moment, the light of chaos permeated Lu Ming's body, and the chaotic realm automatically bloomed outward.

boom!

The young man's palm fell on the chaotic realm, his body suddenly shook, his face changed greatly, a spit of blood spewed out, and his people were even shaken out.

He flew directly from the cave entrance of Gudong Mansion and fell to the ground.

Uh!

At this moment, Lu Ming opened his eyes, the cold light flashed in his eyes.

Anyone, being interrupted by someone at the critical moment of cultivation, will not be in a good mood.

Lu Ming got up, stepped out, and appeared outside the cave.

"Brother Lu!"

Qiu Yingying and Qiu Hao were overjoyed.

Originally, they saw another person rushing into the Dong Man, very worried, but they were helpless. At this moment, they saw Lu Ming nothing came out, greatly relieved.

"It's him!"

After seeing Lu Ming, the young man outside was trembling.

When Lu Ming went to the robbery before, they had seen them from afar, and when they saw Lu Ming, they were terrified.

"go!"

Without thinking about it, he turned and ran, so did the young man who was injured by Lu Ming.

"Where do you want to go? Come back!"

Lu Ming's palm was in the air, and he sucked suddenly.

Buzz!

In Lu Ming's palm, a terrible swallowing force erupted, covering the two youths of Tianshenzong.

The opponent was originally flying forward at a positive speed, but after being enveloped by the force of engulfment, the figure seemed to be fixed, and then directly pulled back by the force of engulfment.

"Do not!"

The two roared, struggling to bombard, trying to break the force of swallowing.

However, under Lu Ming's gaze, the chaotic realm was suppressed.

puff! puff!

The two were shocked and vomited blood, and were directly pulled back by the force of engulfment.

In addition, the blood, truth, blood, etc. on the two people were quickly lost and flew into Lu Ming's palm.

"No, spare your life!"

This situation caused the two to yell in horror.

But Lu Ming was unmoved at all, and the force of devouring continued to erupt.

In just half a cup of tea, the two young people became two dry corpses and fell here.

Qiu Yingying and Qiu Hao took a breath.

The first is to shock Lu Ming's combat power.

The two young people of Tenjinzong, who survived the Emperor Wu Tribulation and stepped into the existence of the Emperor Wu, and both practiced martial arts in the field.

But the other party was in Lu Ming's hands and had no power to fight back. Lu Ming killed the two without a single step.

The second is to shock Lu Ming's overbearing methods and directly devour people into corpses.

After swallowing the energy of their blood, Lu Ming began to refine it.

Lu Ming now stepped into the Emperor Wu, cultivated into the dragon body, and devoured the power of refining, which was a lot stronger than before.

The blood energy of the two was quickly refined by Lu Ming.

"Sure enough, it's useless!"

Lu Ming shook his head secretly.

The engulfed energy is still useful for ascending the true element and condensing the spirit, but it has no effect on the promotion of the realm.

The field is different from the artistic conception.

Artistic conception, with artistic conception runes, can be swallowed and refined, and melted into one's own artistic conception runes, thereby enhancing one's own artistic conception.

But the realm is even more marvelous, and it has no substance. It is just a sentiment of the warrior himself. There is nothing in the world, and naturally he cannot devour the refinement.

Therefore, the field also needs to realize breakthroughs by itself.

However, Lu Ming was satisfied.

As long as he spends his mind on the field, the promotion of the true element can still be reliably swallowed by the power of refining. This is a huge advantage over others.

"Lu Ming, are you okay?"

Qiu Yingying asked.

"It's okay, how about you?"

Lu Ming asked.

"We're just a little bit injured, just adjust the rate for a while!"

Qiu Yingying said.

"Lu Ming, you continue to practice, we protect the law for you!"

Qiu Hao said.

Lu Ming shook his head and said, "No, that heavenly scoring is not too mysterious. I have already realized it. I will understand it in a short period of time, and you will not get much gain. You still heal first. Right!"

After some understanding just now, the realm of chaos has improved somewhat, and it has not only been completely stabilized, but also in the middle of the first level.

The field is divided into nine levels, and Lu Ming can only break through the second level of the Taoist Emperor by training the chaotic field to level two.

Qiu Yingying and Qiu Hao sat cross-legged and took a healing elixir to start healing.

Two hours later, the injuries of the two were almost all right. The three of them did not stay here, flew away, and flew towards the front.

Along the way, they encountered some buildings, or Dongfu, but they were all taken a step ahead, and the three did not stay and went on.

Soon after, they came to a vast land.

Looking ahead, there is a huge expanse of buildings in front.

Huge palaces stood on a plain, and far away, Lu Ming could see them in those palaces, with shadows flashing, and many people were exploring this area.

"Such a large group of buildings is the emperor's palace, even if it is not, it is also a place where the great people live, there are definitely treasures!"

Qiu Hao's eyes lit up.

"Let's go down and try our luck!"

Lu Ming spoke, the three of them flew down and landed in front of a huge palace.

boom! boom!

In the palace, an amazing roar erupted. The three of them approached and found that the two young men were fighting fiercely.

On the ground, lying on the ground, full of corpses, blood flow, have not yet dried up.

"Hand over the treasure!"

One young man shouted and launched a mad attack on another young man.

"Stop thinking, treasures, those who are destined to get, since I got them, it means that I have a destiny with the treasure!"

Another young man shouted.

"Fart, I kill you, the treasure is destined to me!"

The man shouted before.

The two fought fiercely, breaking the temple and breaking it apart.

Obviously, there are treasures here, everyone is fighting, and the corpses at the scene are all the arrogance that came here, but now, they are all dead.

"Let's look elsewhere!"

Lu Ming spoke, and the three turned around and walked towards the other palaces.

Uh! Uh! Uh! ...

Suddenly, a figure flew out of a palace. There were hundreds of people, all young people who came in here, and now his face was pale.

"Run, run!"

"Run away!"

These young people shouted.

Buzz!

In that palace, dense inscriptions suddenly appeared, and then a large array emerged, with a black edge, piercing the void, and stabbing towards the young people.

Chapter 1419: Diya

what! what! what!

A scream of screaming sounded, more than a hundred people, most of them were penetrated by the dark light, and the screaming fell to the ground without a sound.

Only more than a dozen people survived by chance.

Suddenly, nearly a hundred people died.

Lu Ming sees clearly that half of these nearly one hundred people have already gone through the Emperor Wu Tribulation and become Emperor Wu. Others are still in the supreme rank, but all of them died at once.

The emperor's secret realm is really not simple and dangerous at any time.

Not only must they face the assassination of others, but the process of exploration is inherently dangerous.

"I saw just now that someone was sitting cross-legged!"

"Really, it seems to be someone, but there is no breath of life, it is dead!"

"There are definitely treasures!"

More than ten people who survived did not leave, but wandered around.

"This is a formation, but in the past years, it has been incomplete. If you find a gap, you may not be able to enter!"

The young man who cultivated the ingenious way, glanced at his eyes, looking for flaws in the formation.

Lu Ming did the same, glancing around the temple.

Although Ming Lian's secondary body has not recovered, Lu Ming can't inscribe formation, but Ming Lian's knowledge is shared with him, that is to say, the main body, with the secondary body's knowledge and eyesight, can't be broken In this large array, it is still possible to find flaws.

"You follow me closely!"

Lu Ming said to Qiu Yingying and Qiu Hao.

Then stepping forward, Qiu Yingying and Qiu Hao followed the landing Ming.

On the other side, other youths also started to look for flaws in the formation and stepped in.

"Lu Ming, it turns out that you still understand the way of refining, but you don't feel that you have a spiritual fire, strange!"

Moving forward, Qiu Yingying looked at Lu Ming curiously, quite strangely.

Lu Ming smiled and did not explain much.

The three of them walked around. After a while, they finally passed the formation and entered the hall of the palace.

"Someone!"

Qiu Yingying made a sound.

In the hall, one person sat cross-legged.

This is a woman, looks forty years old, but unfortunately, there is no vitality, obviously, this is a body.

"Is this a man in the secret realm of the emperor, Cang Emperor has been missing for 60,000 years, this person would not have fallen 60,000 years ago?"

Qiu Hao guessed.

Several people were shocked. If this person fell 60,000 years ago, the body is still not rotten, and this person's cultivation behavior is astonishingly high.

saint!

At the same time, the three thought that only the strongest in the Holy Realm could keep the flesh for so many years. Otherwise, even if the peak of the emperor exists, the flesh will decay for 60,000 years.

"How did this person die? No wounds at all!"

Qiu Yingying made a sound.

Looking closely, no wounds were found on the other party.

"The storage ring is gone. Was it killed by someone and took the storage ring, but why was there no wound?"

Lu Ming also frowned, some couldn't figure it out.

Several people looked at it. There were some chairs, tables, etc. in the hall, but in these years, they had decayed and turned into ashes.

Finally, the eyes of several people fell on the woman.

She had a purple feather coat on her body. At first glance, it was a supreme treasure. Even after so many years in the past, she was still gleaming with fluorescence and spiritual glory.

This is definitely a treasure, worn by a saint, and probably a saint.

Paladin, several people's eyes lit up.

At this time, footsteps sounded, and several young men rushed in.

As soon as a few people came in, their eyes fell on the woman.

"Holy soldier, this is definitely a holy soldier, worthless!"

Several young people, their eyes fiery, and then their eyes fell on Lu Ming, and the glorious color flashed by.

"Kill these people, how are we going to split?"

A young man spoke.

"can!"

"kill!"

Several young men screamed at the landing at the same time, and various powerful means burst out.

The strength of these people is very strong, otherwise, they can not escape from the previous big formation, shot together, amazing power.

"court death!"

Lu Ming's eyes were cold, and he stepped out, his body filled with a violent breath.

boom! boom! boom! ...

Lu Ming punches continuously, punching force through the void, several young men's attacks, under Lu Ming's punching strength, can't bear a blow, and suddenly collapses.

Fighting nonstop, he continued to bombard several young people.

"Do not..."

Several people's faces changed wildly, and they wanted to avoid it. It was too late. The screaming was overwhelmed by fist strength. When the fist strength disappeared, several young people had been penetrated by Lu Ming and fell to the spot.

"Yingying, this feather coat, worn by women, you accept it!"

Lu Ming spoke.

"How...how?"

Qiu Yingying wanted to refuse. After all, they just followed Lu Ming, and they all depended on Lu Ming. They entered this hall, and they just killed Lu Ming.

She didn't exert any strength, but the treasures belonged to her, how she was so embarrassed.

"It's okay, we can't use the woman's things, you accept it!"

Lu Ming said.

Qiu Yingying pondered for a moment, then nodded, bowed to the woman, and then took off the feather coat on the woman and put it in the storage ring.

Then the three of them followed the same path and left the palace.

"An underground palace appeared in front!"

"Go and see, there is definitely a treasure!"

As soon as the three of them walked out of the palace, they heard such a news, a rainbow of light pierced the void, and flew toward the depths of this complex.

"Underground?"

The three looked at each other and all saw the movement in their eyes.

"Let's go check it out too?"

Qiu Hao spoke.

"go!"

Lu Ming nodded, and the three rose into the air and flew towards the depths of the building.

Below, the vast building complex passed by.

Soon, the three saw that there were thousands of people standing in the air in front of them.

Among them, each one exudes a strong breath.

Most of them exude the breath of Emperor Wu.

Most of the young people who came in this time were originally at the extreme limit, especially the local youth, so once they came in, they went through the robbery and broke through to reach the Emperor Wu.

The rest of it is that the cultivation base has not yet reached the limit of supremacy, so for the time being, there has been no breakthrough.

A group of people, looking forward.

The three Lu Ming stepped forward and looked forward.

In front, on a plain, there was a place that collapsed into it, and there was a layer of light shining out. It was a corner building.

From the shape, it should be the corner of a huge palace, and the other parts of the palace are also buried underground.

From the conversations of others on the side, Lu Ming and they learned that before this, someone had been fighting and slamming the ground into it before they found this palace.

"Everyone, this palace, buried deep underground, is certainly extraordinary, how do we dig it out?"

Someone suggested.

Chapter 1420: Scary fortress

"Okay, I agree!"

"I agree too!"

Everyone spoke.

Faced with such an underground palace, everyone was very interested and wanted to go in and explore.

"Okay, let's get started!"

Then, it began.

Here are all strong men who are cultivated to the depths. It is not difficult to dig a palace. It is not difficult for everyone to open the ground and throw a lot of rocks and soil into the distance.

Soon, a huge palace was revealed in front of everyone.

It is better to say that it is a fortress than a palace.

This fortress is huge, magnificent and magnificent. It can be seen that the people who live in this fortress are also extraordinary.

"Will it be the emperor's palace?"

Someone guessed this way.

Directly in front of the fortress, there was a stone door closed tightly.

Uh!

Someone cut a sword light and cut it on the wall of the fortress, but the fort's lines remained immobile, and even no trace of it remained.

It seems that if you want to enter the fortress, you can only enter through the gate.

boom!

Someone took a palm print and blasted the door across the air. The door shook violently, but it didn't open.

"You guys, let's work together to open this door!"

Someone suggested that everyone nod.

Uh! Uh! Uh! ...

Suddenly, a ray of light flew out of the crowd and blasted towards the gate of the fortress.

Rumble!

The door shook violently and began to shake.

"Effective, continue!"

"bombardment!"

More rainbow light, various attacks, blasted towards the gate.

The door vibrated more violently.

Click!

Finally, the door clicked and slowly opened to both sides.

After a while, the gate was fully opened, and behind the gate, a dark piece.

At this time, many people stopped and looked around.

Now that the door has been opened, then the people who are still joining forces will soon become enemies and competitors, because everyone wants treasure.

But at this time, I don't know why, Lu Ming suddenly had a feeling of palpitations and a feeling of catastrophe.

"Kill, kill, kill!"

At this moment, there was a horrible voice in the fort, and there was a wave of palpitation in the gate.

Some young people standing in front of them didn't even react, and their bodies exploded.

"Not good, retreat!"

Lu Ming's face changed drastically, and Qiu Yingying and Qiu Hao pulled back crazy.

"Kill! Kill! Kill!"

In the fortress, the roar is continuous, containing endless killing opportunities, and there is a strong unwillingness in the voice.

An invisible wave swept wildly through the door.

Each young person's body exploded directly, crushing his bones.

"Run, run, run!"

The rest of the people were scared and frightened to flee backward.

However, the invisible fluctuations quickly spread.

Young men screamed screamingly, and in the scream, they shattered their bones.

Buzz!

A wave of turbulence spread to Lu Ming, which made Lu Ming palpitate.

"Block it!"

In front of Lu Ming, he laid down the realm of chaos and shrouded Qiu Yingying and Qiu Hao together. At the same time, his brow glowed, and a thunder came out and stood in front of him.

when!

Lei Ding was the first to be hit, hit by an invisible force, issued a violent shock, and was flew out.

Then, it was the chaotic realm, which was also violently shaken. A terrible force was acting on Lu Ming through the chaotic realm.

Lu Ming's body trembled, leaving blood on the corner of his mouth.

On the side, Qiu Yingying and Qiu Hao vomited blood and paled.

But with the help of this force, Lu Ming took Qiu's brothers and sisters back thousands of miles and finally avoided the invisible attack.

It can be seen how terrible this fluctuation is.

First hit Lei Ding, and then through the chaotic realm, Lu Ming was injured.

Others, even worse, originally had thousands of people, but just then, they almost died.

Only a few people survived by virtue of powerful secrets and powerful treasures, and they all looked at the fortress with horror.

That fortress is simply a fortress that is desperate.

Inside, is there a supreme strongman? What happened to the roar just now?

The roar, after a few roars, stopped and did not continue to appear.

"what happened?"

Lu Ming stood in the distance and looked at the fortress, revealing a sense of fear.

This fortress is too weird.

In this way, they waited for another moment, but now, the fortress is quiet, without any movement.

Buzz!

At this moment, Qiu Yingying suddenly appeared a piece of jade rune. This jade rune and jade rune gave a slight shock, and then a light mask enveloped Qiu Yingying.

"what happened?"

Qiu Yingying was shocked.

Uh!

At the next moment, Yufu took Qiu Yingying and flew directly towards the fortress in front, and flew into the gate of the fortress, disappeared, and the speed was amazing.

"Yingying!"

Qiu Hao was overwhelmed and hurried to chase past, disappearing at the gate.

There are no other exceptions.

"How is this going?"

Lu Ming was a little embarrassed.

Why did Qiu Yingying suddenly fly out of a jade rune and took Qiu Yingying into the fortress.

All these changes were too fast, so Lu Ming could not react.

"Go and see!"

Finally, Lu Ming gritted his teeth, Lei Ding suspended above his head, shrouded his body in the chaotic realm, and flew toward the gate of the fort, all the way to the gate, without any exception.

Lu Ming did not stay and flew directly into the gate.

Outsiders, some people saw this scene, revealing uncertainties.

"What's going on? Those people flew in, nothing happened!"

"Perhaps it's all right now."

Someone made a noise.

But for a time, no one dared to enter.

After a while, someone finally gritted his teeth, flew towards the gate, flew into the gate, disappeared, and was no exception at all.

Seeing this scene, more people flew in.

Moreover, in the distance, there were people flying towards here.

Inside the fortress, it was very wide and very huge.

After Lu Ming flew into the gate, what appeared in front of him was a long passage. After flying over the passage, what appeared in front of him was some open corridors and passages.

"Yingying, where did they fly?"

Lu Ming frowned, then chose a passage at random and walked forward.

On both sides of the passage, there is a stone house.

Lu walked into the first stone house and found nothing.

When he walked into the second stone house, he finally found something.

A skeleton, Lu Ming found a skeleton.

Skeleton bones are as white as jade, sitting cross-legged on the bed, giving people the impression that they suddenly fell while practicing cross-legged.

This should be an emperor, Lu Ming deduced.

But Lu Ming looked for it and found that this person's storage ring was also missing.
