

D Emperor 1421

Chapter 1421: Holy Medicine

After looking around, Lu Ming exited here and went to another stone house.

Successively, Lu Ming found some skeletons in these stone houses, which should all be of the royal level, but the storage ring was gone, and Lu Ming found nothing.

Lu Ming walked along the passage, and finally came to a secret room. There were several boxes in the secret room.

Lu Ming's eyes lit up and opened one of the boxes.

Inside, there are some refinery materials.

But Lu Ming carefully recognized it and was ecstatic in his heart.

Because these refining materials are too precious, they are all materials that can be used for refining the Paladin, and they are valuable.

Finally found a good thing, Lu Ming smiled and put this box of refining materials into Shantutu.

Then, Lu Ming opened the second large box. In the second box, there were also refining materials, all of which were very precious, refining the refining materials of the Paladin.

After Lu Ming put away, he looked at the third box.

There are only three boxes in total.

The third box has the smallest volume.

"Is it all made of refining materials?"

Lu Ming thought to himself.

Then open the box, and as soon as the box is opened, there is a strange wave that comes out.

"this is..."

This fluctuation is very mysterious, like the breath of Heavenly Dao. It is very similar to the breath of Heavenly Dao's nicks that Lu Ming saw in the ancient cave house before.

This is the breath of Heaven and Earth Avenue.

Lu Ming looked into the box.

Inside the box is a block of chaotic stones, each of which is about the size of a fist, a total of more than a hundred pieces.

Lu Ming's pupil shrank and seemed to think of something, revealing surprise.

"Is this Tiandao stone?"

Lu Ming's heart thumped.

Heavenly Dao Stone, as the name implies, contains the breath of Heavenly Dao. According to legend, Heaven and Earth first opened, born from chaos. Above it, contains the Avenue, which is very precious.

Emperor Wu Huang can use the Heavenly Dao Stone to comprehend the realm and improve the realm.

Even the powerful in the Holy Realm can use the Heavenly Dao Stone to comprehend the laws of heaven and earth.

However, there are too few Tiandao stones, but they were bred when the heaven and earth first opened. The number is very small, and one piece is used. One piece is missing. .

"Sent, sent, there are so many heavenly stones!"

Lu Ming was overjoyed.

Counted, there are a total of 108 pieces.

"My chaotic realm is extremely difficult to cultivate, and it is extremely slow to improve. It is far worse than other realms, but with Heavenly Stone, my speed will not be surpassed by others too much!"

Lu Ming turned his thoughts in his heart.

The realm of chaos, the emperor in thousands of fields, is certainly amazing, but there is a drawback. It is too difficult to practice.

But with Tian Dao stone, Lu Ming's speed of comprehension will be greatly accelerated.

Lu Ming put Tian Dao stone into a storage ring. Lu Ming was afraid of being put into the mountains and rivers and was ruined.

After collecting Tiandao Stone, Lu Ming came out and moved on.

Soon after, a bright light came in front, and at the same time, a burst of medicine scent came.

Medicinal scent, there is an elixir!

Lu Ming's eyes lit up and strode forward.

Sure enough, there was a medicine garden in front of Lu Ming's eyes. The rich medicinal scent kept drilling into Lu Ming's nose.

"A lot of elixir, this is Qianji Guo, and Jade Snow Lotus..."

Lu Ming's eyes swept away, and there was a fiery glow in his eyes.

At a glance, at least a nine-level elixir, there are a few strains, Lu Ming can see it is a semi-holy medicine.

Semi-holy medicine, if you go further, it will become holy medicine.

Lu Ming once bought a semi-holy medicine that is about to lose his spirit. It is still planted on the edge of the ancient Taoist tree. Now, he has completely recovered his original energy.

But here, there are at least seven semi-holy medicines.

"That is..."

Finally, Lu Ming looked forward.

A small tree, about one meter high, is shining brightly and brightly, with a mysterious fluctuation.

"Tianye Ancient Tree!"

Lu Ming whispered, ecstatic in his eyes.

This is a sacred medicine. The real sacred medicine. The sacred medicine is to be broken when the strong man in the sacred realm meets.

The ancient tree of Tianye, on its branches and leaves, will produce a kind of spiritual fluid, called Tianye, over a period of time, which is of immense value and has a greater effect than the water of life.

Whether it is to restore the true element and repair the injury, it has a great effect.

On the edge of the ancient tree of Tianye, there is a skeleton half-squatted there, holding a jade bottle in his hand. It looks like he is collecting the heavenly liquid of the ancient tree of Tianye.

Lu Ming walked over and picked up the jade bottle. Sure enough, in Yuping, there were half a bottle of Tianye.

"Great!"

Lu Ming was overjoyed, and then his figure flashed, collecting all the ninth-level elixir at the scene, as well as the semi-holy medicine.

Finally, the ancient tree of Tianye was uprooted, and Lu Ming planned to plant it in the mountains and rivers.

After collecting the elixir, Lu Ming thought, and entered the mountains and rivers.

First, Lu Ming came to the second body.

After a few months of self-cultivation, and with the help of a bottle of premium water of life, the exploded body finally recovered, but the original gas was not fully recovered and needed rest.

Lu Ming took out half a bottle of Tianye, took it in his second body, finished drinking it in one gulp, and then continued his cultivation with his eyes closed.

Then, Lu Ming stepped out and came to the place of Dandan and Bubble.

The valley was originally filled with elixir, but now, the elixir, the almost polished light, the dandan and the bubble, are sleeping there.

It seemed that Lu Ming was coming, and once he opened his confused eyes, he said, "Lu Ming, there is no cure for it. Come on a little, this seat will soon be restored!"

"take it!"

With a wave of his hand, Lu Ming flew out with more than 100 strains of the ninth-level best quality elixir.

Each of these elixirs is a ninth grade superb, and in that medicine garden, it has been bred for at least 60,000 years.

"So many ninth-level best elixir, boy, it seems that you have encountered an adventure again!"

As soon as his eyes were shiny, he grabbed two strains and stuffed them in his mouth.

Tweet...

A white light flashed, the bubble woke up sometime, grabbed a few elixir, and gnawed.

"With these elixirs, you should be able to recover?"

Lu Ming said, secretly heartache, these elixir can definitely sell a lot of rough stones if they are sold.

"Well, with these elixirs, almost, if there are more, I will be able to advance!"

Once whispering, he was talking while he was filling the elixir.

"Oh, those are also for you!"

Lu Ming took out the seven half-sacred medicines together.

If Dandan and Bubble are promoted, they will be of great help to him, and he will naturally be willing to.

"Nest, this is a semi-holy medicine, and seven strains..."

As soon as his eyes turned bright, he slammed towards the landing with a kick on his limbs.

bump!

A white light flashed over, bubbles appeared, one foot kicked off, appeared on Lu Ming's shoulder, and swallowed a semi-holy medicine in a single bite.

Chapter 1422: Seeing death

"Ah, little, don't be too angry, dare to kick me?"

Once he roared, he rushed to Lu Ming's shoulders, gritted his teeth, and glared fiercely at the bubble.

Tweet...

Bubble hiccups, blinking **** eyes, looking at Dan Dan innocently, almost vomiting blood.

"Come on, here are six half-holy medicines, three of you each!"

Lu Ming gave the six semi-holy medicines to Dandan and Bubble respectively.

"It's not fair, how come I have three plants, this little one is four!"

Shouted.

"Go, how old are you, and you are more real with the bubble, don't you feel embarrassed?"

Lu Ming looked disgusted.

Tweet...

Bubble took three semi-holy medicines, stuffed them in his mouth, and arched in Lu Ming's arms.

Once his face turned green, he hated the three semi-holy medicines and ran away.

Then, Lu Ming took out the ancient tree of Tianye.

Uh!

As soon as the ancient tree of Tianye was taken out, it suddenly rushed over again, wide-eyed and said:
"Nest, Holy Medicine, Real Holy Medicine!"

"Hey, this is a celestial fruit tree. Unlike other holy medicines, it devours directly, violently destroys the heavenly things, you dare to move it, I will cook you!"

Lu Ming stared.

He was a little afraid of the goods, and swallowed the ancient tree of Tianye while he was away.

"Haha, how could it be? Who is this seat? How can he steal the holy medicine, and the ancient liquid of the ancient liquid of Tianye is so valuable that direct swallowing has no effect, I still know."

Dandan smiled, but a pair of thieves still aimed at the ancient tree of Tianye from time to time.

Lu Ming was too lazy to bother about it and found a place to plant the ancient tree of Tianye.

After that, Lu Ming came out with a picture of mountains and rivers.

"This place is definitely a strongman's palace, even if it is not the emperor, it is great, looking for it!"

Lu Ming left the medicine garden and walked along the passage. Soon, he saw a lot of split passages and chose one at random, looking for treasure in this fortress.

During this period, he saw a lot of skeletons. The skeletons were all crystals of the emperor, but the strange thing was that these skeletons were intact and did not seem to have experienced wars during their lifetime. They didn't know how they died.

Moreover, none of the storage rings were seen.

Lu Ming explored along the way, gradually approaching the center of the fortress.

At the center of this fortress is a hall, and fierce fighting is taking place at this time.

More than a dozen young men and women surrounded the two.

The two people who were surrounded were Qiu Yingying and Qiu Hao.

At this moment, Qiu Yingying sat cross-legged, her body filled with a layer of holy radiance, and her treasures were solemn and seemed to fall into an ethereal state.

Qiu Hao, holding a shield, had a golden bell suspended above his head. Both the shield and the golden bell exuded a radiance, with a mysterious and unpredictable breath.

Uh! Uh!

Two sword lights, one left and one right, pierced towards Qiu Hao, as fast as electricity, amazing power.

Buzz!

Above Qiu Hao's head, the golden bell buzzed, scattered two radiances, and defeated two sword lights.

"The Paladin is really powerful!"

A young man spoke.

"You guys, let's do it together. The woman has won the inheritance of the strong man here. This man has got two pieces of sabre. The sage is powerful. One or two people can't take this kid!"

A red-faced youth spoke.

"Good, let's go together!"

Others spoke one after another.

More than a dozen people, all emperors of Wu Emperor, cultivated their vigour and made Qiu Hao look very dignified.

"Boy, it's best to hand over the Paladin. Such treasures are not something you can swallow. Also, interrupt the woman's inheritance and let her hand it over too!"

The red-faced young man's indifferent opening looked at Qiu Yingying, his eyes showing greed.

This woman's luck was so good that she actually inherited it here.

The owner here is definitely a strong man who is not the same as a small one. Who wouldn't want the inheritance of such a strong man?

"Don't think about it, interrupting my sister's inheritance now, she will be seriously injured and fall, and want to interrupt her, unless I step on my body!"

Qiu Hao roared, holding a shield, and the golden bell above his head buzzed.

"Huh, boy, don't think that getting two pieces of sacred soldiers is great. You just got the sacred soldiers and they haven't been refined yet. Moreover, with your cultivation, how much power can the sacred soldiers exert? You can't stop us! "

The red-faced youth sneered.

"Look at you who dare to move me in Dragon Valley!"

At this moment, a voice came from a passage beside the hall.

Then, the figure flashed, and a group of figures appeared in the hall, with more than 20 people.

All breaths are blooming, and they are all powerful in the Emperor Wu Realm.

Dragon Valley!

Qiu Hao's eyes lit up and quickly shouted, "Brothers, save us!"

"It turns out you!"

There was a chuckle from the crowds of Longshen Valley, and a figure stepped out.

This person is wearing silver bubbles, and his face is cold and proud, not Yinfeng, who is it?

"Yinfeng!"

Qiu Hao's face changed.

"what happened?"

Yinfeng strode out, and a dozen other young men and women on the scene looked ugly.

Longshen Valley came with so many people at once, it was difficult to deal with.

"The treasures and heritage here are discovered by all of us together. You Dragon Valley, want to swallow alone, do you have too much appetite?"

The red-faced youth said in a deep voice.

"Inheritance? Treasure?"

Yinfeng's eyes swept over Qiu Yingying and Qiu Hao, and they understood what was going on. In her eyes, there was a trace of greed.

"The two of you are lucky, one has inherited the inheritance, and the other has the Paladin. Now, give me the Paladin!"

Yinfeng spoke.

"here you are?"

Qiu Hao's face changed.

"Yes, leave it to me, you can hold it, can you keep it? Also, your sister's inheritance, interrupted immediately, how can the inheritance of such a strong man be qualified to accept it?"

Yinfeng slightly disdainful opening.

"No, my treasure is for you, but interrupting Yingying's inheritance is absolutely impossible!"

Qiu Hao gritted his teeth.

"No?"

Yinfeng's face froze and said, "If you don't pay, then you will deal with it yourself!"

Yinfeng sneered, and walked aside with other disciples of the Dragon Valley, a picture of nothing to do with himself.

"You... the elders said before, the children of Dragon Valley, to unite and help each other, you are helpless!"

Qiu Hao watched the red-faced youth and others, and shouted at the disciples of Dragon Valley.

"Unity? We will unite naturally, but what are the qualifications of the humble ants in your wild islands to unite with us? Moreover, it is ridiculous to want to occupy treasures and inheritance!"

Yinfeng sneered.

In Longshen Valley, Yinfeng's identity seems to be very high. Everyone looked at Qiu Hao and Qiu Yingying indifferently without any help.

Such a situation made the eyes of the red-faced youths and others light up, and slowly moved toward Qiu Hao, a dozen powerful breaths pressed towards Qiu Hao, making Qiu Hao's breathing difficult.

Chapter 1423: One stroke kill

"hateful!"

Qiu Hao growled in his heart.

Yinfeng and others are too mean. They clearly want to use this method to force Qiu Hao to hand over treasures and Qiu Yingying to hand over inheritance.

It is okay for him to surrender the treasure, but when accepting the inheritance, he is indifferent. If it is forcibly interrupted, it is very dangerous and will destroy Qiu Yingying. He will never agree to this.

Even if it is dead!

Qiu Hao held a shield, suspended a golden bell above his head, and stood in front of Qiu Yingying.

"Boy, if you are going to die, then I will fulfill you!"

The red-faced youth was cold.

"Who are you going to accomplish?"

At this moment, a clear voice sounded in the hall.

Uh!

The voice did not fall, the light and shadow flashed, and a figure broke out beside Qiu Hao. The speed was amazing. Few people on the scene could see how this person appeared.

"Lu Ming!"

Qiu Hao blurted out subconsciously.

That's right, it was Lu Ming who appeared just now.

He turned around in the fort without direction. Just now, he walked here and saw a scene in the hall, showing Feng Yuanshu, and appeared beside Qiu Hao.

"Yinfeng? People in Dragon Valley!"

Lu Ming glanced at the people of Yinfeng and Longshen Valley.

The people of Longshen Valley stood aside, not knowing what was going on.

"Lu Ming, like this..."

Qiu Hao briefly said the matter just now, and Lu Ming understood what was going on.

"It's mean!"

Lu Ming glanced at Yinfeng.

"This kid, hey, this time, how do you die?"

When Yinfeng saw Lu Ming, he was stunned for a while, then showed a cold smile.

Before breaking through the Emperor Wu, he was not Lu Ming's opponent, but now, he has broken through the Emperor Wu, and the spirit has transformed into a lower-level spirit. He has full confidence to crush Lu Ming.

"Boy, do you want to get involved?"

The eyes of the red-faced youth fell on Lu Ming.

"What do you think? Familiar, hurry up!"

Lu Ming scolded coldly.

"Arrogance, you alone want to intervene in this matter to find death, then I will kill you first!"

The red-faced youth drank coldly, waved his hand, and a blood-red sword light slashed to Lu Ming.

This person is a disciple of thirteen top clan forces in Cangzhou, the Blood Demon Tower.

when!

Lu Ming flicked his finger, flicking the **** sword light directly, and at the same time his body moved, punching at the red-faced youth.

"how come?"

The sword light of the red-faced young man was flicked and flicked by Lu Ming, which shocked him. The long sword shook in his hand. Dozens of **** and sharp sword lights burst out and pierced Lu Ming.

However, Lu Ming fisted past, the sword light of the red-faced youth collapsed, and then the fist fell on the red-faced youth. The red-faced youth screamed, his body flew out, and his body twitched a few times. The slightest vigor.

Lu Ming punched away the spirits inside the red-faced youth.

On the edge, other youths were shocked.

A boxing killed the red-faced youth, which shocked him.

"Which of you want to die?"

Lu Ming glanced at the other youths.

Those young people's faces changed.

"When we shot together, I wouldn't believe it. A dozen of us joined forces and couldn't kill him!"

A young man growled.

Uh!

As soon as his voice fell, Lu Ming appeared beside him, punching out, this person, die!

"Who else?"

Lu Ming spoke lightly, and the cold murders permeated, leaving the remaining youths with ugly faces.

"Innate spirit body, this person is determined to be an innate spirit body, otherwise there is no such strong combat power!"

They roared in their hearts, thinking that Lu Ming was an innate spirit.

Innate spirits, once they break through the Emperor Wu Realm, the spirits will transform. The worst, they can also reach the spirits of the lower places. They have powerful combat power and can completely crush warriors of the same level.

"This guy..."

Aside, the cold color flashed in Yinfeng's eyes.

Lu Ming also broke through the Emperor Wu, and his combat strength is also extremely strong.

However, he didn't really put his eyes on him. Now, he can also attack and kill warriors of the same level.

"roll!"

Lu Ming scolded.

The dozen young people had ugly faces, but they had no choice but to retreat, but they just walked aside and did not leave.

They can see that Yinfeng and others seem to be at odds with Sister Qiuhaio, and it is estimated that they will not stop so easily, maybe they can fish in muddy water after a while.

"Are you still leaving?"

Lu Ming looked at Yinfeng and others.

"Humph!"

Yinfeng's face was gloomy and he sneered, saying, "Lu Ming, do you think you can keep these treasures and inheritances? It is best to give them to us. We will help you out and turn them in."

"Go to Zongmen, we will do it ourselves, so you don't have to worry about it!"

Lu Ming sneered.

"Lu Ming, don't think you have a bit of strength, so arrogant. Now, I will try to see what confidence you have and keep your treasure!"

Yinfeng stepped forward, his body filled with a strong breath.

"A defeated man, and looking for abuse?"

Lu Ming disdain.

"At this moment, Lu Ming, today, I will let you see, the gap between you and me!"

On Yinfeng, Yinguangcancan, with a sound of Long Yin, resounded through the hall.

The silver light on his body diffused, and turned into a silver real dragon, wrapped around him.

Silver Dragon Battle Body!

A terrible spirit!

"Silver Dragon Fist!"

Yinlong shouted, and his body resembled a silver light. He blasted towards the landing, and the silver Emperor Lingbing Gloves on his fist radiated a bright light.

Fist blasted through, the space violently oscillated.

boom!

Lu Ming was very casual, took a step, and punched.

This fist, without any vision, is ordinary.

Boom!

Two fists bombarded together, such as the collision of two meteorites, and the horrible sound waves caused the hall to roar violently.

Then, with a figure, back and forth again and again.

It is Yinfeng!

He stepped back seven times in a row, stepping on each step, the hall rumbling, as if shaking violently.

"impossible!"

In Yin Feng's eyes, incredible colors flashed.

After breaking through the emperor, his spirit body reached the inferior spirit body in one fell swoop. It was extremely powerful. With the addition of the domain and the royal spirit soldiers, he originally thought that he was enough to crush Lu Ming, but now, it is just a trick. Only, he fell completely down.

And it seems that Lu Ming hasn't tried his best.

"Inferior spirits, how can you humble ants, cultivate into inferior spirits?"

Yinfeng shouted.

"Do you think you are noble? Inferior spirits, do you think they are great? I will let you know that even if they are inferior spirits, you are not worth mentioning before me!"

Lu Ming spoke indifferently and stepped out.

Boom!

Stepping down one step, the hall roared, and Lu Ming came to Yinfeng. His body was like a big dragon, twisting and swaying, powerful force, banging out with a punch along his arm.

"Blow me up!"

Yinfeng roared, and his breath began to increase again.

Emperor Wu's peak!

Chapter 1424: Tianjiao Leader

Yin Feng's breath was astonishing, reaching the peak of Emperor Wu.

The Great Emperor's Secret Realm was only a dozen days after its opening. Yinfeng's cultivation practice reached the peak of Emperor Wu, which is truly amazing.

However, it is not difficult to understand that geniuses such as Yinfeng lived in Yuanlu from an early age, and Xiuwei had already reached the supreme limit. The reason why he did not break through the Emperor Wu was to suppress it all the time, in order to enter the secret realm of the emperor.

They have been suppressed for too long, and the accumulation is too strong. Once they break through the emperor, cultivation will advance by leaps and bounds, and it is normal to reach the peak of the Emperor Wu Emperor in ten days.

Even after a short time, it will be able to break through the Wuhuang double.

Yinfeng broke out to fight Lu Ming.

Boom!

The fists intersect, as the big bell rings.

However, the result is the same. Although Yinfeng broke out Wuhuang's first peak of cultivation, he still lost to Lu Ming, was completely suppressed by Lu Ming, and was repeatedly backed.

Even, Lu Ming did not use the chaotic realm, but simply used the dragon body to fight against the jailed Tiangong.

Lu Ming's spirit body, although the same level as Yinfeng, is a lower-level spirit body, but Lu Ming was tempered by the refining clock of the world, and there was a trace of chaos in his flesh, which made Lu Ming's spirit power stronger than The general inferior spirit is stronger.

Close to the spirit of the middle ground!

boom! boom!

Lu Ming fists continuously, like an invincible **** of war, completely suppressing Yinfeng.

puff!

Yinfeng shook all over, kept backing, and spit out blood.

On the edge, other people felt shocked.

Yinfeng is an innate spirit body, and now it is transformed into a lower-level spirit body. They are not Lu Ming's opponents. Lu Ming, a young man from a wild island, has a strong combat power beyond their imagination.

"What? This is your fighting strength? This is the source of your confidence? Don't you want me to see the gap between you and me?"

Lu Ming sneered.

Yinfeng groaned like a beast, holding back, he was holding back too much.

In the supreme level, he was suppressed by Lu Ming, and now it is still suppressed.

"End!"

Lu Ming opened her mouth, her spine, and the blood-red light flashed. In the third blood vein, a ray of power poured into Lu Ming's body. A layer of blood appeared in Lu Ming's body, and the endless killing thoughts shone towards Yin Feng.

Enveloped by endless killing thoughts, Yinfeng shivered with agitation.

boom!

Borrowing the power of the Third Blood Vessel, Lu Ming's power greatly increased. When he was bombarded with Yinfeng's fist again, Yinfeng's arm sounded a click, and his arm was completely twisted and deformed.

Yinfeng screamed and vomited blood.

"Suppression!"

Lu Ming slammed with a big hand, a ghost image of the jailbreak monument appeared on his arm, and suppressed towards Yinfeng.

bump!

Yinfeng raised his arms and fought hard to resist, but was pressed by Lu Ming's palm, and Yinfeng knelt down directly.

With a bang, he knelt heavily on the ground and knelt in front of Lu Ming.

"If you want to ask for mercy, don't you need such a big gift?"

Lu Ming smiled lightly.

"Ah, I will kill you!"

Yinfeng's eyes were red, and he roared angrily, struggling frantically.

Last time, he was stepped on the nine feet on Lu Ming's face, which has become the laughing stock of Longshen Valley, and was ridiculed by his competitors. Now, he is kneeling in front of Lu Ming.

This is a shame and shame, he has been difficult to scrub throughout his life.

Even if he rises against the sky in the future and will rule the world, this matter will become a stain on his life.

He was angry, he roared, he wanted to break Lu Ming's body to pieces.

But Lu Ming greeted him.

Lu Ming raised his foot directly and kicked it out.

The sole of the foot was printed on Yinfeng's face again. Yinfeng screamed, and his body slid out along the floor.

Uh!

Lu Ming stepped out, chased towards Yinfeng, and stepped on it again.

"enough!"

A voice sounded from the crowd in the Dragon Valley, and then a figure rushed out at an alarmingly fast speed.

Uh! Uh! Uh!

This figure instantly grabbed nine claws, nine **** dragon claws, and grabbed toward Landing Ming.

The claw wind roared sternly, and the power was amazing.

Lu Ming has a feeling that if he is caught in the dragon's claws, he may be crushed.

Lu Ming defended his position and split nine palms in succession. On his palms, there was a chaotic realm shrouded in pairs with nine **** dragon claws.

bump! bump! bump! ...

Nine roars in a row, Lu Ming's figure was blocked, and the figure was forced to retreat tens of meters.

"Wuhuang Duo!"

Lu Ming felt a shock in his heart and looked at the other party.

It was a very young young man, in his twenties, looking younger than Lu Ming, very handsome, and with striking blood-red long hair, tied together at will.

"He Yu!"

Lu Ming recognized this person with a move in his heart.

This time entering the secret realm of the emperor, there are thirteen top sect forces, many arrogances, and powerful ones.

In particular, the local Tianjiao has been best cultivated since childhood, and there are still many innate spirits with extremely powerful fighting power.

However, among these people, there are still leaders who overwhelm the leaders.

The leader of Dragon Valley is the one in front of him, He Yu.

At this point, on their way to the emperor's secret realm, Lu Ming had heard people talk about it, so Lu Ming recognized this person.

This person is really powerful, how long it took to enter the emperor's secret realm, his cultivation behavior, has actually broken through to Wuhuang Duo, which is really amazing.

"Ah, He Yu, help me kill him, help me kill this junk!"

Yin Feng hysterically shouted, almost crazy.

"Lu Ming, your combat strength is admirable. Let's fight again in Japan and go!"

To everyone's surprise, He Yu did not fight again, but backed away.

"He Yu, what are you doing? Help me kill this shit."

Yinfeng shouted.

"nonsense!"

He Yu looked at Yinfeng indifferently, grabbed Yinfeng, walked along a passage, and walked in. The other gods of Longshen Valley looked at each other for a while, followed He Yu, and exited here.

After walking a while.

"He Yu, why didn't you kill the trash and seize the treasure?"

Yinfeng still asked.

"Because, even if I shoot, I have no absolute certainty and I can win this Lu Ming!"

He Yu stopped and solemnly spoke.

"what?"

Others in Longshen Valley, including Yinfeng, were stunned.

Half-sounding, Yin Feng said: "How is it possible? Your cultivation base has already broken through the second layer of Wuhuang, and the spirit body is a medium-level spirit body. How can it be impossible to take the kid?"

He Yu frowned, seemed to be thinking, half-sounding, exhaled for a long time, and said: "This Lu Ming, gave me a very dangerous feeling, just hurried to fight a few strokes, he did not do his best, I have a feeling, now If you fight desperately, it's probably me!"

"what?"

Yinfeng and others were stunned again, a little unbelievable.

He Yu, the peerless arrogant of Longshen Valley, actually thought he was not Lu Ming's opponent.

how can that be?

There are not many young people in the entire Dragon Valley who can produce medium-level spirits. He Yu will definitely become the pinnacle of Dragon Valley in the future. Such a character is not an opponent of a young man from a wild island?

Chapter 1425: Rainbow Bridge

"Let's go, in this great emperor's secret realm, don't provoke him for the time being, if you wait for me to make further progress, you will have full confidence!"

He Yu spoke, then strode forward.

Lu Ming sent He Yu and others to leave without chasing.

He was not afraid of He Yu, but he was afraid of growing branches outside the festival.

Now, Qiu Yingying is fully accepting the inheritance. If he fights with He Yu with all his strength, there will be too much movement, which may affect Qiu Yingying's inheritance.

Others who watched the battle, where they dared to stay after seeing Yu Yu and others left, they ran off and ran away. In the blink of an eye, there were only three people in the hall, Qiu Yingying, Qiu Hao, and Lu Ming.

"Lu Ming, you saved us again! Thank you!"

Qiu Hao walked to Lu Ming's side and clenched his fist to Landing Ming with a deep gratitude.

During this time, their brothers and sisters were rescued by Lu Ming repeatedly. Otherwise, they did not know the consequences.

He was very grateful to Lu Ming.

Lu Ming smiled and said, "Why be polite, we are friends, aren't we? Since I met, should I just sit by and watch?"

Lu Ming said very casually, but Qiu Hao was more grateful.

"By the way, Lu Ming, I'm here, I got two pieces of Paladin, this shield, you take it!"

Qiu Hao handed that shield to Lu Ming.

"Brother Qiu, this is your chance, what are you doing for me?"

Lu Ming shook his head and smiled.

Although the soldiers are very precious, to be honest, Lu Ming is also very excited.

But this is Qiu Hao's chance, Lu Ming naturally will not do something to seize the opportunity.

"Lu Ming, without you, I can't keep these two sacred soldiers, and this golden bell fits me very well, but this shield is not very suitable for me, maybe, it is more suitable for you!"

Qiu Hao insisted on giving the shield to Lu Ming.

Seeing Qiu Hao as such, Lu Ming could only take the shield.

"Good weight!"

He took the shield and felt his palm sink slightly.

Lu Ming is now cultivating into a dragon body, how powerful is his strength, but this shield still gives him a slight sinking feeling, and its weight is amazing.

On the shield, there is a mysterious wave, similar to the fixed wind beads and Lei Ding obtained by Lu Ming.

"The Paladin shield is definitely a rare treasure!"

In Lu Ming's heart, he also liked it a little. The shield was worthless.

Immediately, Lu Ming and Qiu Hao sat cross-legged in Qiu Yingying's left and right, and began to refine their respective paladins.

True Yuan flooded into the shield, the shield whispered, and made a buzzing sound, which was repeatedly radiant.

Soon after, the shield shrank rapidly, flew into Lu Ming's eyebrows, and disappeared.

The shield is already considered to be a preliminary refinement.

Of course, now Lu Ming cannot be completely refined, nor can he exert all the power of the shield.

This is a paladin!

Like Lei Ding, Lu Ming has been getting Lei Ding for many years, but he can only exert a small part of Lei Ding's strength.

The difference between repairing is too big.

Lu Ming got up and found that Qiu Hao was still refining the golden bell.

Admiralty was suspended above Qiu Hao's head, scattered and glorious, shrouded Qiu Hao for another moment, and then Admiralty turned into a golden light, which fell into Qiu Hao's eyebrows and disappeared.

He also initially refined.

Buzz!

At this moment, Qiu Yingying had a strong wave.

"So strong!"

Faced with this volatility, Lu Ming was like facing a strong man in the Holy Realm. The terrible pressure made him feel like he was suffocating.

But as soon as this fluctuation circulated, it quickly converged, converged into Qiu Yingying's body, and disappeared. At this time, Qiu Yingying opened her eyes.

"Yingying, have you succeeded?"

Qiu Hao looked at Qiu Yingying expectantly.

"Successful!"

Qiu Yingying nodded, Qiu Hao ecstatic.

"Lu Ming, thank you for your help!"

Qiu Yingying bowed to Lu Mingying.

Before, although she was accepting inheritance, she still had a vague sense of the outside world. She knew that Lu Ming had saved them. Otherwise, Qiu Yingying, let alone inheritance, could save her life.

"You're welcome, Yingying, how did you suddenly be brought in before, what's going on?"

Lu Ming asked curiously.

"It was the jade card that I accidentally obtained when I first entered the secret realm of the emperor. I didn't know what the use was, so I stayed with me. I didn't expect it to be the key point of inheritance here. Only then inherited."

Qiu Yingying said.

Lu Ming sighed, this is the opportunity.

"Yingying, you have inherited. Did you get any useful information from inheritance?"

Qiu Hao asked curiously.

"I haven't fully digested the inheritance right now. I just accepted the inheritance. I don't know much about it. I only know that this is the inheritance of a most senior predecessor."

Qiu Yingying said.

"Holy!"

Lu Ming and Qiu Hao were shocked.

The most holy, but close to the existence of the emperor, Qiu Yingying actually got the inheritance of a most holy, and the two were also happy for Qiu Yingying.

"However, in the inheritance, I got an important message about Cang Emperor."

"It is said that there are seven kinds of inheritance in the world, and the seven rainbow bridges break into the void, and the Cang Emperor's palace will appear in the world!"

Qiu Yingying said.

"Seven kinds of inheritance? This is easy to understand. You are one kind of Yingying, but what do you mean by seven rainbow bridges?"

Lu Ming frowned.

Qiu Yingying also shook her head, not knowing.

"Let's go, let's go out first. I'm afraid that other places here have been overturned by others!"

Lu Ming said.

At the moment, the three went out, and after going east and west, the three left the fortress.

Buzz!

When the three of them left the fort, the whole fort was shaken violently.

Finally, in the eyes of everyone's shock, the light gathered on the fortress, forming a huge and incomparable rainbow, directly breaking through the void, not knowing where to extend, and falling into the vast sky.

"Rainbow Bridge, this is the Rainbow Bridge!"

Qiu Hao exclaimed.

Lu Ming's eyes also brightened.

Rainbow Bridge, now they understand.

It seems that there are seven kinds of inheritance in this mysterious realm. Every time someone gets a kind of inheritance, it will inspire a rainbow bridge to the depths of the void.

When the seven rainbow bridges converge, the Cang Emperor's palace will appear.

Uh! Uh! Uh!

The fort vibrated, and many young people in the fort flew out. They looked at the sky and the rainbow bridge for unknown reasons.

"what happened?"

Many people looked at each other.

"Let's go and find the next inheritance!"

Lu Ming said.

They will not explain it to others.

The three vacated and left here.

call out!

Soon after they flew out, there was a rainbow in the distant sky, breaking into the void.

Rainbow Bridge, another Rainbow Bridge.

Obviously, someone has been passed on.

Both ends of the two rainbow bridges broke into the void, with the same direction.

Soon afterwards, the secret about the Rainbow Bridge was finally released, and it spread to the entire secret realm at a very fast speed, so that everyone's heart was hot.

Chapter 1426: Terrible insect

Throughout the Great Emperor's Secret Realm, everyone began to look for inheritance frantically.

"The next inheritance must be mine!"

"I must win a heritage!"

Many young people have firm eyes and confident faces.

In particular, the leaders of the thirteen sectarian forces are even more dazzling.

These leaders are just this group of leaders who have entered the secret realm, not the younger leaders of their sect.

In all ancestors and younger generations, many people have already broken through the realm of the Emperor Wu. More geniuses are in the realm of the Emperor Wu, and some people are more talented than them.

This time the emperor's secret realm is their opportunity. If they get a heritage, they can really win the competition from the younger generation in the future.

Lu Ming and Qiu Yingying, Qiu Hao and three people, aimlessly flying.

Looking for inheritance, they have no clue, they can only rely on luck.

Uh! Uh!

In front, there are a few rainbow lights, going in one direction.

The three didn't care, but then, they saw from time to time, there was a rainbow flying, and they all went in the same direction.

The three were very curious.

At this time, another figure flew over, Lu Ming stopped the other party.

Coincidentally, this person is also a disciple of Dragon Valley.

"Ahead, there may be a place of inheritance!"

This disciple of Longshen Valley just left a word and left quickly.

"Land of inheritance?"

The three eyes light up.

It seems that someone has found a place for inheritance.

"Go, let's go and see!"

Lu Ming said.

The three of them flew away in that direction.

After flying for more than an hour, the terrain gradually became desolate. Although the terrain was flat, there was no vegetation.

The three continued to fly.

"Someone in front!"

Qiu Yingying pointed forward.

In front, there was a person lying there motionless.

The three flew over and found that the person was dead, and there was a faint **** smell in the air.

"How did this person die, no wounds!"

Qiu hao checked it out and said.

"At Dantian!"

Lu Ming found a very tiny hole in this person's Dantian's clothes, untied this person's clothes, and found this person's Dantian also had a very tiny hole, it seemed to have been pierced by a sharp weapon, and was fatal in one blow , Not even the spirit **** escaped.

The trio checked it and continued on, but soon after, the trio stopped again.

Because, this time, they saw several corpses at once, and after checking, the cause of death of each corpse was the same, and Dan Tian was penetrated by a sharp weapon and killed.

Looking at the remaining breath, these people should be of supreme level.

The three of them continued on the road, but not long after, they were shocked.

The body, along the way, was covered with corpses.

There is a place where there are thousands of corpses, and each corpse has the same method of death. All of them are pierced by Dan Tian. Some of these people are still king-level characters.

As they moved forward, they saw more corpses, which added up to 5,000.

So many people are all arrogant characters. Whichever one is put in the Shenxu mainland group, that is the most top-notch existence, but now, it died here silently.

Lu Ming secretly sighed that Yuan Lu was indeed more dangerous than the Shenxu Continental Group.

"What is this place? Why is it so strange?"

Qiu Yingying's small face was pale and a little frightened.

"What kind of existence can kill so many people, and the wounds are the same kind, which is incredible!"

Qiu Hao also played drums.

Such a scene is too evil, and everyone will have hair.

boom!

Suddenly, there was a violent roar in front of him, a figure rushed up into the sky, then dived down.

"Get away, get away with me!"

The figure roared, and with a battle knife in his hand, he cut out the sword and cut it in all directions. The power was extremely amazing.

"Good, this person is not weaker than Yinfeng!"

Qiu Yingying exclaimed.

At this moment, such a powerful person seems to have suffered a fatal crisis, killing in a vertical and horizontal direction, and cutting out a bright sword.

Ding! Ding! ...

He cut out with a knife, and the sound of ding in the air actually made.

"That's... a butterfly!"

Qiu Yingying suddenly pointed to the front and exclaimed.

At the same time, Lu Ming and Qiu Hao also saw it.

A kind of butterfly, almost like a transparent, amazingly fast speed, shuttle in the air, if you don't look closely, you can't see it.

And this butterfly has two sharp spines on its tail, like two tiny swords.

Sword tail disc!

Three words appeared in Lu Ming's mind.

Sword tail disc, an extremely terrible evil insect.

This kind of evil insect is as transparent as it is, and its speed is amazing. There are no shadows. And on its tail, there are two sharp spikes like swords. It's a big horror, and it's extremely fast. Most people haven't found it yet.

Therefore, the name of the sword tail disc comes from this.

Lu Ming finally knows how those people died before, that is, they were killed by Jianwei Disc.

At this time, the man in front of him was under siege from hundreds of swords and tails.

He struggled to resist, and after seeing Lu Ming, his eyes lit up and rushed towards the landing Ming.

"This guy, want to pull us into the water!"

Qiu Hao said, above him, a golden bell emerged, and a light curtain scattered him.

And Qiu Yingying, a feather coat, radiating light, also enveloped her.

"Go back to me!"

Lu Ming uttered indifferently, and punched at the opponent with a punch.

The terrible punches drowned towards the young man.

"you dare..."

The young man was angry.

Lu Ming pouted, this person will pull them into the water, Lu Ming still dare not fight back?

boom!

The young man had no choice but to cut a knife and slash Lu Ming's fist with a roar, and the young man was flicked out.

Hey! Hey! ...

At the same time, the spikes on the tail of the sword-tailed disc were assassinated towards the youth, and a few small holes were punctured in the youth, but fortunately there was no point.

The youth rose into the sky and flew towards the distance, and a voice came from a distance: "You wait for me!"

Then, disappeared to the horizon, a group of sword tail discs, chasing him anxiously.

But the youth did succeed in pulling Lu Ming and others into the water.

At least half of the sword-tailed discs that originally attacked the youth, they attacked the landing.

call out! call out! ...

The sharp sound of breaking the sky sounded, hundreds of spikes, stab at the landing Ming three people.

Buzz!

Lu Ming runs the chaotic realm, and the chaotic realm spreads out, covering all these sword-tail discs.

Then, Lu Ming pressed with one hand, and the terrible power of the chaotic realm rolled towards these sword-tailed discs.

The realm of chaos is billions of dollars, and under heavy pressure, the pressure is astonishing.

Those spikes burst directly in the air, and those sword tails, too, were crushed directly by the chaotic realm.

Chapter 1427: Imperial Fruit

"It seems that the front is not safe, I am afraid there will be a large number of sword tail discs, Yingying, Brother Qiu..."

Lu Ming looked at Qiu Yingying and Qiu Hao.

What he meant was obvious. It was too dangerous to move on. With the strength of Qiu Yingying and Qiu Hao, I am afraid that there will be danger after entering.

"Lu Ming, my brother and I are waiting for you outside!"

Qiu Yingying is very smart and quickly speaks.

She knew that if she and Qiu Hao followed the landing, they would drag Lu Ming.

Only when Lu Ming moves forward can he let go of his hands and feet.

"Okay, then wait for me outside!"

Lu Ming nodded.

"Lu Ming, you have to be careful!"

Qiu Yingying worried.

"rest assured!"

Lu Ming smiled and flew away, while Qiu Yingying and Qiu Hao returned the same way and left here.

Uh!

Lu Ming alone, the speed suddenly accelerated, like a phantom, flashed in the void.

call out! call out! call out!

Lu Ming flew for a while, and there were hundreds of sword-tailed discs attacking Lu Ming.

Very abrupt, the speed is too fast, if the general Emperor Wu, under this attack, it is inevitable to be spared.

But Lu Ming is not an ordinary emperor.

The chaotic realm covers the whole body, and the spikes of the sword's tail disc cannot break Lu Ming's chaotic realm at all.

The chaotic realm shook, and those spikes shattered.

boom!

Then, Lu Ming burst out with a punch, and the chaotic realm rolled forward, and those sword-tailed discs broke apart with powerful punches.

Lu Ming continued to move forward.

Along the way, Lu Ming encountered several waves of attacks, but they were all rushed by Lu Ming and smashed into the air.

Soon, a forest appeared in front.

"That is..."

Lu Ming's eyes looked into the distance.

This forest has a large area and a huge area.

In the center of the forest, there is a high tower, shaped like a sword, straight through the sky.

You can see them even if they are far apart.

"Is that the place of inheritance?"

Lu Ming moved.

"Go away!"

Not far away, someone was rushing forward.

This person is very strong and should be a character of innate spirit, but at this time, a large group of sword and tail discs flew out of the forest below and attacked this person. This person struggling to

strike, but could not break the barrier of the sword and tail disc, Several large holes were stabbed in the body, almost fell here, and he could only retreat in embarrassment.

Lu Ming glanced and found that there were many dead bodies in this forest.

Because they all want to break through this forest and be killed by the sword tail disc.

Presumably, this forest is the old nest of sword-tailed discs, and I don't know how many sword-tailed discs inhabit.

If you want to get into the sword tower, you have to pass through this forest.

call out! call out! ...

At this time, another group of sword-tailed saucers flew out and drove towards the landing.

Lu Ming pushed forward with one hand, the chaotic realm spread out, enveloped the group of sword-tailed discs, and then under shock, these sword-tailed discs were shocked to death, like raindrops, and fell into the forest.

Lu Ming smiled faintly, stepping forward and headed towards the sword tower.

"Wait!"

Suddenly, a cold drink sounded, and then two rainbow lights flashed towards the landing ring, and the rainbow light converged, and two figures appeared.

"It's you!"

Lu Ming looked cold.

One of them was the young man who was under siege by Jianwei Disc, and then led the sword tail disc to Lu Ming and Qiu Yingying.

Lu Ming didn't go to him, but he appeared.

The other person has a very strong aura on his body, and is obviously the same level of arrogance as this person.

"Your field is very mysterious. You can actually restrain the sword and tail disc. No wonder you are not dead. Now, you will take us both!"

The young man who pulled Lu Ming into the water before made a cold voice.

"Did you have a problem?"

Lu Ming sneered.

"what did you say?"

The youth's eyes were cold.

"You framed me before and wanted to pull me into the water to help you get away. Now, you actually asked me to take you past, is your brain broken?"

Lu Ming continued.

"You don't take me past, die now!"

The young man spoke, and there was a cold murder in his body.

"Really? Then you... die!"

As soon as Lu Ming's voice fell, he punched out.

The chaotic realm, driven by Lu Ming's **** strength, rolled towards the youth.

"Don't dare to do it anymore, to death...ah, right..."

The young man started to yell, but then he found that Lu Ming's boxing strength was incredible.

He rose with all his strength and cut a knife, but under Lu Ming's fist, the knife was broken, and the fist was directly hit him.

bump!

Half of his body exploded directly.

Although his combat power is not weaker than Yinfeng, when Lu Ming played with Yinfeng before, he did not exert the chaotic realm. At this time, the chaotic realm was basically crushed.

Uh!

Lu Ming took a closer look and directly grabbed the young man's half of his body.

"Forgive..."

The young man was not dead yet, at this time he was begging for fear.

"Begging for mercy now, it's late!"

Lu Ming shook his hand and threw half of the youth's body into the forest. Suddenly, in the forest, a dense sword tail disc flew out.

"Do not..."

The young man shouted, and at the next moment, he was overwhelmed by the sword-tailed disc, his body was stabbed into a horse honeycomb, and fell on the spot.

"Am I letting you go?"

Lu Ming stepped out like a streamer.

Another young man, seeing Lu Ming fighting so hard, was almost scared to death and fled in panic.

But Lu Ming was so fast, a few breaths caught up with him, and the result was already doomed. With one move, the young man was half dead. Lu Ming made the same way and threw the seriously injured young man into the forest. heart'.

Then, Lu Ming continued to move forward.

In the forest, rushed out of the dense sword tail disc, rushed towards the landing.

Uh!

Lu Ming shrouded the whole body in the chaotic realm and displayed Feng Yuanshu. The whole person seemed to be transformed into a spear and passed by.

Where Lu Ming rushed past, the sword-tail discs exploded, and in the dense group of sword-tail discs, a channel was opened.

The sword-tailed disc can't hinder Lu Ming at all.

Soon, Lu Ming successfully rushed across the forest, near the sword tower.

Strangely, as soon as they rushed through the forest, those sword-tailed discs stopped chasing and all retreated.

boom!

Keng!

Not far away from the sword tower, terrible roar came out, and some people were fighting.

"Go away, the Imperial Fruit is mine!"

"It's up to you and you want to get the Emperor Yuguo, dream!"

"Die to me!"

Jian Guang, Dao Guang, and palm prints are swaying. There are four figures in that area, who are in a melee fight.

The fighting strength of these four people is very amazing, even stronger than Yinfeng.

No wonder they can break through the sword-tailed disc and rush here.

"Imperial Realm!"

Lu Ming jumped in his heart and glanced around, and found three fruit trees. Each fruit tree grew its own fruit, and each fruit was crystal clear, and above it, the atmosphere of the road was lingering.

"Really Real Fruit!"

Lu Ming's eyes suddenly brightened, and a fiery light flashed through.

Chapter 1428: Sword tower clash

Emperor Yu Guoguo, a kind of rare world.

It is said that the lower-ranking warrior of the Emperor Wu, served an imperial domain fruit, and cultivated it to directly increase the weight.

Even the Emperor Wu Huang of high rank, after taking it, has great help and can help people break through the bottleneck.

In the Emperor Wu Realm, if you want to improve your cultivation behavior, you first need to upgrade the realm, then cultivate the true element, and condense the spirit to be able to improve.

But the Emperor Realm, can directly make people upgrade a heavy cultivation.

The most wonderful thing is that it is useful no matter what field of warrior you practice.

Such treasures are simply against the sky.

It's no wonder that these people are fighting for nothing.

"The three Imperial Fruits are mine!"

As soon as Lu Ming moved, he flew towards the Emperor's domain.

The chaotic realm he cultivated was elevated ten times and hundreds of times harder than the common realm, but if there were emperor fruit, how much energy and time could he save?

Such rare treasures can never be met. Since they met, would Lu Ming give up.

"court death!"

"Want to win the fruit of the Emperor's Realm, die for me!"

The four people in the melee also found Lu Ming, roaring in succession, and shot at Lu Ming at the same time.

The fighting power of these four people is very amazing, surpassing the characters of Yinfeng, etc. The four people are angry and even Lu Ming can't ignore them.

boom! boom! boom! boom!

Lu Ming blasted four punches in succession, defeating the attack of the four.

"Good strength!"

Seeing Lu Ming throwing his fist, he broke their attack, and the four of them shook their hearts.

"This man's combat power, we are alone, and they are not his opponents. If the Emperor Realm is captured by him, we have no hope at all!"

A young man spoke.

"Yes, why not join us and kill this person first, and then fight for the Imperial Realm?"

"it is good!"

"I have this intention!"

The four young people, flashing in shape, surrounded Lu Ming in the middle, and a powerful steam engine radiated out and locked Lu Ming.

"roll!"

A loud scream came from Lu Ming's mouth, forming a terrible sound that struck a young man in front of him.

At the same time, he punched and punched the youth in front of him.

To hit, just stare at one!

The young man suddenly changed color, but Lu Ming dared to take the lead when facing the four of them. In his hands, the sword gas bloomed, and a sharp sword gas burst out, breaking Lu Ming's breath out in one fell swoop. wave.

However, his face changed greatly when he slashed Lu Ming's fist.

The chaotic realm rolled down, and his swordman's sword, like a willow leaf in the wind, was swaying sharply, as if to break apart at any time.

Just then, the other three also shot.

Knife light, palm prints, and a lance, while bombarding towards the landing.

But Lu Ming didn't see it.

The chaotic realm covered the whole body and shrouded Lu Ming.

boom! boom! boom!

The three attacks landed on the chaotic realm, but the violent vibration in the chaotic realm did not break open.

Three people, their faces changed greatly.

"What area is this, and why is it so terrible?"

A thought flashed in the hearts of the three.

The realm of chaos is the realm of legend. There are not many people who can recognize it. Moreover, they never imagined that someone in the world could be cultivated into the realm of chaos.

The attack of the three did not break the chaotic realm, but Lu Ming's attack continued to crush.

bump!

The sword light of the young man in front of him finally couldn't support it and collapsed.

The chaotic realm burst out with terrible punches.

puff!

The young man's body was violent, he vomited blood, and his body flew out like a shell.

Uh!

Then, Lu Ming flashed his body, evading the attack of the other three, and icy murder, covering the other three.

At this moment, the sword tower not far away hummed, and the bottom door of the tower suddenly opened.

call out! call out!

At this moment, in the other direction, there were two sword lights, flying towards the sword tower with a rapid speed, and rushed into the gate.

The sword tower opened, and two strong men rushed in.

Buzz!

At this time, Lu Ming's third bloodline emerged and turned into a blood-red spear, which Lu Ming grasped.

Total Annihilation!

The blood-red lance swept through, containing the prisoner of heaven's power and the terrifying power of the chaotic realm.

bump! bump! bump!

The three young men, like sandbags, were pumped out by Lu Ming. They flew out for thousands of kilometers one by one, spitting blood in their mouths, and looked at Landing with horror.

Lu Ming's combat power is also terrifying, almost invincible at the same level.

In a single attack, the three young men flew, and Lu Ming flew into the imperial domain fruit. This time, the young men did not dare to stop them. They watched Lu Ming and picked up the imperial domain fruit.

After picking the fruit of the imperial domain, Lu Ming kept rushing towards the sword tower and rushed in through the bottom gate.

"Who is this person? What a terrible combat strength, I am afraid that it can be comparable to the leaders of the thirteen sect forces!"

"It is indeed amazing, but the two sword lights just now are two leaders, Luo Xiang of the Life and Death Sword School, and Wang Xiao of the Sword Sect of Jiuxiao!"

"It's interesting now. Three leaders are fighting for inheritance. There is a good show. Let's go and see!"

Then, these young people also flew to the sword tower.

As soon as Lu Ming flew into the sword tower, he found that the sword tower was filled with sharp sword qi, and there was a sword qi that cut towards him.

It is the aftermath of Jian Qi!

Inside the sword tower, two people were violently confronting each other, filled with sword spirit, and filled the sword tower.

"Good combat strength!"

Lu Ming's eyes narrowed slightly.

Two young men, one dressed in ordinary black robes, looked handsome, with a sword mark in the center of his eyebrows, and it seemed that there was a sharp sword flying out at any time.

The other person, wearing a nine-story cloud robe, was tall and mad.

Both of them were sword repairs, and they used long swords.

Keng! Keng! Keng!

In an instant, the two men fought for dozens of rounds, the swords collided, and the sword spirit was wanton.

The cultivation practices of these two people are actually in the Emperor Wu's double, not weaker than He Yu, the leader of Dragon Valley.

"Luo Xiang, this heritage is mine!"

Jiuxiao Yunpao youth coldly.

"Wang Xiao, inheritance, not by mouth!"

Luo Xiang responded indifferently.

At this time, both of them saw Lu Ming, but both eyes were indifferent and did not put Lu Ming in their eyes at all.

"You beat you!"

Lu Ming smiled slightly, and his figure rose into the sky, rushing towards the top of the sword tower.

This sword tower, with no stairs, is empty in the center and leads all the way to the top floor. If you want to go up, you can only rush up from the middle.

"Get out of here!"

Lu Ming rushed, Wang Xiao's eyes were cold, and a sword of light blew towards the landing across the air.

Lu Ming splits out with a palm, splits Jianguang, and keeps on rising, continuing to move upward.

"A little skill!"

Wang Xiao's eyes were cold, and he discarded Luo Xiang. The swords of man became one, turned into a sword light, and soared into the sky, piercing Lu Ming from bottom to top.

"Go down!"

Lu Ming drank coldly, stepped on the foot of Jiulong and stepped in nine steps.

The nine steps combined into a dragon roar, as if there was a Kowloon, rushing from Lu Ming's feet and slamming on Wang Xiao's sword light.

Chapter 1429: snatch

Wang Xiao's face suddenly changed, and his figure fell uncontrollably.

call out!

At this time, Luo Xiang arrived first, soared into the sky, and followed Lu Ming closely.

With the help of Wang Xiao, Lu Ming's figure rose violently, and immediately rushed to the highest level. His body twisted and stepped, Lu Ming moved several tens of meters and landed on the highest level.

Immediately afterwards, Luo Xiang also flew up.

Uh!

After Luo Xiang, it was Wang Xiao. He landed on the ground and watched the landing gloomy.

As the leader of Jiuxiao Jianzong who entered the secret realm this time, he was kicked by Lu Ming, an unknown person, which made him look a little ugly.

At this time, Lu Ming's eyes were attracted by the front.

In front, there are three light groups suspended in the air.

In a light group, there is a book suspended, which looks like gold and gold. What is wonderful is that there is a figure on the surface of the book. The sword dance is very mysterious.

This is a martial art, Kendo martial art.

And the second light group, there is only one sword, the body of the sword is white, and at a glance, there is a terrible sword light burst out.

Paladin!

This sword is definitely a powerful paladin.

In the third light group, it is much simpler, with only more than a hundred fist-sized stones.

Heavenly Stone!

Lu Ming's eyes lit up.

Almost at the same time, the three moved.

Lu Ming pounced on Tiandao Stone!

For Lu Ming, the secrets of kendo are of little use to him. He is not a sword repairer, he does not repair a sword.

The samurai sword, although precious, is not very useful to him. Take it out, just sell it.

These are not as attractive as Tian Dao stone to him.

Tian Dao stone is the basis for enhancing strength. As long as you have strength, you are afraid of no treasures?

Lu Ming rushed to the Heavenly Dao Stone Light Group, while Luo Xiang rushed to the swordsman cheats. As for Wang Xiao, he rushed to the Paladin War Sword.

bump!

Lu Ming grabbed it, caught on the light group, the light group vibrated, but was not broken.

"It really has a protective function!"

Lu Ming moved.

Then, the Chaos Realm covered Lu Ming's palm, running the Prison of Heavenly Emperor, and slashed fiercely on the light group.

Buzz!

The light group vibrated violently. This time, although not broken, the light of the light group was dim.

carry on!

Lu Ming launched a continuous bombardment, and the chaotic realm cooperated with the prison power, and the power was extremely strong. The light group continued to shake and was indefinite.

Without ten breaths, Lu Ming threw out hundreds of blows, and finally the sound of the light group collapsed, and the light spot disappeared. Lu Ming grabbed down and collected more than 100 pieces of heavenly stone. Storage ring.

A smile spread across Lu Ming's face.

In total, he has obtained more than 200 pieces of heavenly stone, heavenly stone, and how precious, even if the Holy Realm is strong, he must look for it, and he must be jealous when he sees it. This time the emperor's secret journey, Lu Ming is a worthwhile trip. Too.

After putting away Tiandao Stone, he looked away and found that Luo Xiang and Wang Xiao had not broken through the light group.

In the hands of the two, the sword light burst forth, chopping continuously on the light group, the light group vibrated, and the light became dimmer.

There was a sneer in the corner of Lu Ming's mouth, his figure moved, and he rushed towards the light group where Wang Xiao was, slamming it out, and the light group shook violently.

"what are you doing?"

Wang Xiao angered.

Lu Ming sneered, too lazy to pay attention to him, splitting out in one palm.

"Boy, do you dare to compete with me for the holy soldiers, to find death!"

Wang Xiao shouted angrily, his sword light flashed, and he slashed toward the landing.

bump!

Lu Ming kicked out with a kick. This foot is still a combination of the prison of heaven and the chaotic realm.

Wang Xiao's Jianguang was dispelled, his figure shook slightly backward, and he took two steps back.

bump!

Lu Ming slapped again and slammed into the light group.

With a pop, Lu Ming burst, Lu Ming grabbed the Paladin's sword and put it in the storage ring.

"Boy, hand over the Paladin!"

Wang Xiao let out an angry roar, pounced on Lu Ming, and the sword gas poured like a rainbow towards Landing Ming.

"Want the Holy Soldier, see if you have this skill!"

Lu Ming sneered.

As soon as Lu Ming came in, Wang Xiao first attacked him. At this moment, he had a chance to win a Paladin. How could Lu Ming be polite?

The palm is like a knife, wide open and wide, continuous split, under Lu Ming's palm, Wang Xiao's sword light, have collapsed.

"Damn!"

Wang Xiaoqi was about to vomit blood, but he was shocked to find that he couldn't help Lu Ming at all. Even, Lu Ming's attack was stronger than him, and he was suppressed by Lu Ming.

Uh! Uh! ...

Lu Ming waved his palms, entrained the chaotic realm, and instantly split a dozen palms, such as a dozen mountains, and pressed toward Wang Xiao.

Wang Xiao raised the Wuxi's double cultivation to the extreme, the sword light burst out, and he wanted to break out of the mountain.

Keng! Keng! Keng! ...

The fire was shining, the sword qi collapsed, Wang Xiao did his best, finally broke a gap, rushed out of Lu Ming's attack range, and retreated far away, feeling that the body was full of qi and blood, and looked at Landing Ming dignifiedly.

At this time, Luo Xiang also broke open the light group, and put away the secrets of Kendo.

"hateful!"

Wang Xiao was spitting blood sullenly. Originally, the three of them had exactly three treasures, but in the end, Lu Ming got two kinds of things alone, without his share.

It was a holy war sword. If he could refine one or two, his combat power would definitely increase.

Unfortunately, Lu Ming now falls into the hands.

He stared fiercely at Landing.

"Why, want to die, right?"

Lu Ming glanced at Wang Xiao with a murderous flash.

Buzz!

Just then, not far in front of the three people, a light spot suddenly lit up in the space, and the light spot was bright, slowly, and a small sword appeared there.

The small sword is only the size of a slap, but the light is shining, and the light, like a small sword, is radiating towards the surroundings.

inherited!

The hearts of the three were all moving, and their eyes glowed fiery. At about the same time, the three moved and flew towards the lightsaber.

But at the next moment, the three people's faces changed, and they all pushed forward one by one, and then the three of them went back in unison.

"So strong pressure, so strong sword spirit!"

Lu Ming's eyes were dignified.

He rushed out of the moment just now, and felt a strong sword energy on the lightsaber, as if to tear him apart. If it was not resisted in time, I am afraid he would have been injured.

Presumably, Luo Xiang and Wang Xiao are almost the same.

It seems that it is not that simple to get this lightsaber.

bump! bump!

Lu Ming covered the whole body of chaos and walked forward step by step.

A wave of waves appeared in the realm of chaos, it was because of the attack, a thin sword, dense and endless, constantly stabbing in the realm of chaos.

Luo Xiang and Wang Xiao also stepped forward, of course, they were attacked and tried their best to resist.

The speed of the three people became very slow.

However, Lu Ming covered the whole body in the chaotic realm, step by step, firmly forward, the speed is still faster than Luo Xiang and Wang Xiao.

Soon, Lu Ming led Luo Xiang and Wang Xiao by two meters.

Chapter 1430: Kendo Heritage

Lu Ming led a few meters, let Luo Xiang's eyes flash a flash of light, and Wang Xiao, resentful, gritted his teeth and struck forward.

Uh! Uh! Uh! Uh!

The sound of breaking the sky sounded, and under the sword tower, four figures rushed up. They were the four young men who had competed with Lu Ming for the Imperial Realm.

"Inheritance!"

"Inheritance of the sword tower!"

As soon as they saw the lightsaber, their eyes flashed with greed, and they stepped forward one after another.

But in the same way, they were also attacked by Jian Qi, which was almost slower than the snail.

"The power of Jian Qi is getting stronger and stronger!"

Lu Ming's face slowly dimmed.

The more forward, the closer to the lightsaber, the pressure, the power of the sword energy, become stronger and stronger.

The ripples in the chaotic realm are getting more and more intense.

boom!

Lu Ming took the attack as a defense and began to perform the jail-killing skills, breaking the sword.

In this way, Lu Ming's speed suddenly increased.

Seeing this, Luo Xiang and Wang Xiao also began an outbreak of attack. In their hands, they burst into Dao Jianqi, and they confronted the sword Qi towards them, and a dense impact sounded in the space.

But their speed is still not as good as Lu Ming.

The lightsaber was originally not far from them. After a while, Lu Ming was close to the lightsaber, less than one meter away from the lightsaber, and it was within reach.

Here, the power of Jianqi's light reached an amazing level.

"Damn it, no!"

Wang Xiao shouted in his heart, watching the inheritance was about to be taken by Lu Ming, he was extremely unwilling.

He struggled forward, but for a time, it was difficult to get close to the lightsaber.

Lu Ming didn't hesitate, his palms covered the chaotic realm, grabbed towards the lightsaber, and successfully grabbed the lightsaber.

Buzz!

At this moment, the lightsaber shook slightly, the light was strong, and a terrible sword gas burst out.

Lu Ming's face changed, and he felt that the chaotic realm on his palm could not bear it, and it shattered.

A terrifying sword gas rushed away from Lu Ming's palm and bombarded the landing.

bump!

When struck by this sword gas, Lu Ming's body could not help but retreat backwards, gliding along the ground for a distance of tens of meters.

Failed!

The lightsaber did not recognize him!

Lu Ming shook his head and smiled, not too surprised.

The inheritance here is obviously the inheritance of swordsmanship, and it is normal for him not to repair the sword, but to be rejected by lightsaber.

Before, he just wanted to give it a try.

Even if he didn't get the heritage, Lu Ming's trip would be a full return.

The three imperial domain fruits and more than one hundred heavenly stones are all things that have a great effect on Lu Ming.

Of course, there is also a Paladin war sword, which is of great value.

"Haha!"

Seeing that Lu Ming was repelled by lightsaber, Wang Xiao laughed in his heart and made the future struggle forward.

He and Luo Xiang were close to the lightsaber at the same time.

"Luo Xiang, want to compete with me, dream!"

In Wang Xiao's hand, a small squirrel appeared.

"Sword Rat!"

Luo Xiang looked.

"Go, attack him!"

Wang Xiao spoke, staring at Luo Xiang.

Squeak...

The squirrel yelled, showing fear.

"Wang Xiao, here is full of powerful sword gas, you called the sword rat to attack me, it is to let it die!"

Luo Xiang spoke.

"Hmph, attack quickly, otherwise I will kill you now!"

Wang Xiao was too lazy to pay attention to Luo Xiang's words, staring at the sword rat full of murderous.

Squeak...

The sword rat shuddered, and then nodded, a sad color flashed in his eyes, and rushed to Luo Xiang with a loud sound.

At this moment, Luo Xiang, like Wang Xiao, needs to resist the sword energy of the outside world with all his strength, and can't attack with his hand at all.

bump!

The sword rat bombarded Luo Xiang's body protector and field, causing Luo Xiang's body to startle and retreat again and again.

But the sword rat was also exposed to endless sword spirit.

The sword rat wailed, and it turned to ashes under the sword gas.

"Haha, I finally seized the opportunity!"

Wang Xiao laughed and grabbed toward the lightsaber.

"Inheritance, it's mine!"

Wang Xiao grabbed the lightsaber, and his eyes showed excitement.

Lu Ming was repulsed by lightsaber. Of course he could see that because Lu Ming was not Jianxiu, and naturally could not be recognized by lightsaber.

But he, but pure sword repair, practicing sword since childhood, is the famous genius of Jiuxiao Jianzong, how can he not be recognized by lightsaber?

But at the next moment, his eyes suddenly widened.

After the lightsaber buzzed, a violent force burst out, and Wang Xiao, like Lu Ming, was shot and flew out.

"No, how could this be?"

Wang Xiao couldn't believe it and gave an angry roar.

He was also rejected by lightsaber, how could it be?

"Sword cultivator, be brave, perseverant, decisive, persistent, sharp-edged, and dare to act, and you, but mean and shameless, Wang Xiao, you don't deserve a sword at all!"

Luo Xiang's indifferent voice sounded.

bump! bump!

Then, Luo Xiang strode forward several times and came to the lightsaber, without hesitation, grabbing toward the lightsaber.

When Luo Xiang grabbed the lightsaber, the lightsaber was surprisingly quiet. The powerful sword gas disappeared without a trace, like a docile pet.

"Luo Xiang has been recognized by lightsaber!"

A young man spoke out.

"Impossible, the inheritance is mine!"

Wang Xiao couldn't accept this fact. He roared angrily and rushed towards Luo Xiang.

Buzz!

The lightsaber was shocked, and a powerful sword gas erupted, knocking Wang Xiao away.

Then, lightsaber flashed and fell into Luo Xiang's eyebrows, disappeared.

Uh!

Luo Xiang directly jumped off the sword tower and rushed out.

At this moment, the sword tower began to vibrate.

"go!"

Lu Ming leaped down the sword tower and rushed out of the tower. Others rushed out of the tower one by one, including Wang Xiao, but his face was somber.

Buzz!

The sword tower vibrated, and then, a rainbow bridge broke through the sky, rushed into the boundless void, and merged with the other two rainbow bridges.

In the distance, a sword flashed over and flew to the distance. It was Luo Xiang. He had just been passed down and needed time to digest.

"Luo Xiang, want to occupy the inheritance of the swordsmanship, do not think about it!"

Wang Xiao flashed the cold color, turned into a sword light, chased towards Luo Xiang.

Lu Ming shook his head, Wang Xiao was so narrow-minded, it is no wonder that he could not get the inheritance of swordsmanship, which was far worse than that of Luo Xiang.

Lu Ming was too lazy to pay attention to this matter and stepped out.

Soon, Lu Ming rushed across the area of the sword tail disc and returned to the original path.

Lu Ming didn't care much about the heritage here.

But he has the heritage of Jiulong and Chaos Emperor, Jiulong and Chaos Emperor, but the pinnacle of power between heaven and earth, even among the emperors, is the existence of the pinnacle. These small inheritances, Lu Ming did not even see it in his eyes. .

Even if it is obtained, it is of no use to Lu Ming.

What Lu Ming wants is more treasures, such as Tian Dao stone, these are only useful to Lu Ming.

Soon, Lu Ming found Qiu Yingying and Qiu Hao.

"Lu Ming, what about the inheritance?"

Qiu Yingying asked curiously.

They just saw the Rainbow Bridge and knew that the inheritance had been born, just curious, who had to go.
