

D Emperor 1431

Chapter 1431: Cang Emperor's Palace

"Luo Xiang was gone!"

Lu Ming smiled.

"Luo Xiang, the peerless genius of the Sword of Life and Death!"

Qiu Yingying's eyes moved.

"You know this person?"

Lu Ming said.

Qiu Yingying nodded and said, "My elder brother and I have come to Yuanlu for two years. The so-called confidant knows each other well. In the past two years, apart from practicing, we have not been idle. , All inquiries!"

"The Life and Death Sword School is a very special existence among the 13 top sects. The other Sects have many disciples, but the Life and Death Sword School has very few people. They accept students and are extremely strict!"

Lu Ming nodded. Indeed, this time the Life and Death Sword faction entered the emperor's secret realm, the least.

"And this Luo Xiang is the most terrifying Tianjiao in the life and death sword school. It is said that he practiced swords at the age of six, reached the Linghai Realm at the age of seven, and reached the extreme limit at the age of nine!"

Qiu Yingying said.

"Sword practice at the age of six, will you reach the extreme limit at the age of nine?"

Lu Ming looked dazed.

This training speed is too fast, it is simply unimaginable.

Although it was in Yuanlu, it was too scary.

Lu Ming got the blood of Jiulong and the speed of cultivation has been amazing. But it has taken more than ten years to practice.

"Although Luo Xiang's talent is good, he looks like he is in his twenties now, so it's not that exaggerated!"

Lu Ming wondered.

"This is the most terrifying place of Luo Xiang. It is said that he could have broken through the emperor long ago, but he has been suppressing at the limit of the supreme, without any breakthrough. The purpose is to nurture his own sword soul and hone his own sword heart, this Suppression is fifteen years!"

Qiu Yingying said.

Lu Ming glanced, a flash of shock.

In order to nurture the spirit of the sword and hone the heart of the sword, I am willing to suppress it in a realm for fifteen years. This kind of person is too terrible.

Now, Luo Xiang has once made a breakthrough, and has inherited the swordsmanship. In the future, he will certainly be able to rise up against the sky and become an absolutely terrible character.

Lu Ming secretly remembered Luo Xiang's name in his heart.

If nothing else, that kind of character alone deserves respect.

Lu Ming asked himself that he could not suppress him for 15 years in a realm.

However, everyone's path is different. Lu Ming has Lu Ming's own way. Others' way may not be suitable for him.

A few people chatted for a while and then left here.

Next, the whole secret realm was even more lively.

Everyone is looking for the remaining heritage.

Time passed day by day.

...

The mysterious realm, a land of blood sea, in which there is a dragon chant, suddenly, a figure rises to the sky, standing above the blood sea, the momentum is amazing.

This man was awesome as this time's leader of Dragon Valley, He Yu.

Buzz!

In the sea of blood, a rainbow bridge rises into the sky and does not enter the void.

The fourth inheritance appears.

Amidst a sea of flowers, a peerless woman stood in it, and her body was shining brightly. Thousands of flowers radiated light, converging into a rainbow bridge and rushing into the void.

The fifth heritage is now!

There is also a rainbow bridge in a desert.

The sixth heritage!

An ancient temple filled with sacred light, and a young man, bathed in the sacred light, disappeared after half a noise.

When this person rushed out of the temple, a rainbow bridge broke into the sky.

The seventh inheritance appeared.

Uh! Uh! Uh!

A figure appeared next to this young man, with a respectful salute: "Congratulations Brother Shi, get the inheritance!"

"The seven inheritances have all appeared. The Cang Emperor's palace is about to appear. This time, the Cang Emperor's treasure is my **** of heaven!"

The young man speaks with supreme majesty, like a **** is talking.

"Cang Emperor's Treasure, it must belong to my Celestial Sect!"

Other youths spoke one after another.

At this moment, in the mysterious realm, everyone's eyes are looking at the void.

"The seven inheritances are all here, and the Emperor Cang's palace will appear!"

On a mountain peak, Lu Ming, Qiu Yingying and Qiu Hao stood facing the wind and looked into the void.

During this time, they are also looking for inheritance, but unfortunately, their luck seems to have been exhausted, and the next inheritance, they have not found any one.

Deep in the sky, seven rainbow bridges rushed into the void from all directions in the sky and earth and converged in one place.

The entire emperor's secret realm can be seen.

boom!

Suddenly, where the Rainbow Bridge converged, there was an earth-shattering roar, and then, a whisper of the goshawk echoed through the world.

In the depths of the void, there seems to be a behemoth that is coming out of the air.

"Cang Emperor's bedroom is coming!"

"Chong, I want to take the lead!"

"The seven inheritances are not available, the Cang Emperor inheritance is mine!"

One figure after another flew from heaven and earth to the sky and rushed towards the gathering place of the Rainbow Bridge.

Seen from below, the scene is very magnificent.

Countless figures, densely packed, gathered in one place, very exciting.

"Let's go up too!"

Lu Ming said, then they also rose into the sky and flew towards the sky.

At this time, another gossip chirped resounding through the sky.

Rumble!

The void, shattered, a behemoth, the free void, slowly appeared in front of everyone.

It was a goshawk, a huge goshawk.

To be precise, it is a building like a goshawk. From a distance, it looks as if it is lifelike, and a vast breath is pressing on everyone's heart.

Is this the Cang Emperor's bedroom?

Everyone's eyes light up.

Legend has it that the Cang Emperor was a Cang Ying who became the Emperor, but a generation of supreme demon emperors.

"A lot less people!"

Qiu Yingying whispered.

Lu Ming nodded, indeed, when they came in the emperor's secret realm, the number of people definitely exceeded 300,000, but now, there are less than 200,000 who appear here.

Almost everyone else fell.

It has fallen by more than 100,000, what an amazing number.

The Great Emperor's Secret Realm has great opportunities, but it is also accompanied by a great crisis.

Just like the place where swords are passed down, there are at least tens of thousands of people who die under the sword tail disc.

Rumble!

A moment later, the entire huge goshawk appeared completely in the sight of everyone.

It's huge, so huge, a goshawk, covering the sky and the sun, can't see the edge, the whole goshawk, the black hair is bright, and I don't know what material is used.

"Where is the entrance?"

Everyone is watching, but can't see an entrance that can enter.

Outside the goshawk's body, it's smooth, obviously it can't be the real dormitory. The real dormitory must be inside the goshawk.

Quack!

At this moment, there was a goshawk chirping through the world, and everyone saw that the goshawk's mouth opened, revealing a dark passageway.

Is this the way to enter the palace of Cang Emperor?

Everyone looked at each other, and finally, some people gritted their teeth and rushed towards the mouth of the goshawk.

If this is really a channel, then enter first, and you will have the first chance.

Chapter 1432: Channel kill

Rush! Rush! ...

When someone moved, others couldn't hold back anymore and rushed towards the mouth of the goshawk.

Uh! Uh! Uh!

The crowd, densely packed, swarmed towards the mouth of the goshawk, Lu Ming and Qiu Yingying, Qiu Hao and the three also followed the crowd and rushed away together.

The person in the front has rushed into the mouth of the fly, and there is no danger.

As soon as I saw nothing, the people behind rushed forward crazy.

Who knows if you step forward as early as you will get some supreme treasure, everyone is naturally crazy.

call...

Lu Ming was flying. Behind him, a terrible palm print blasted toward the landing.

Lu Ming raised his eyebrows and didn't look at them. His backhand was just a palm, and it slammed with the palm print on the back.

boom!

With bravery, Lu Ming twisted his body and looked back.

A young man in a white robe looked indifferent, glanced at Lu Ming, and then galloped forward.

"Tenjinzong people!"

Lu Ming's eyes burst into murder.

Obviously, the young man in white robe of Tenjin Sect wanted to kill him and attacked behind him while he was not paying attention.

"Tenjin Sect, Xie Nianjun!"

Lu Ming whispered, his voice was very cold.

Continue to fly, and soon Lu Ming also flew into the channel.

This goshawk is very large, so the passage is also very large, and a large group of people flew in, and it did not appear crowded at all.

what! what! ...

At this moment, a scream of screaming sounded ahead.

"what happened?"

"There is danger ahead!"

Someone exclaimed.

Hey...

At this time, a piercing crackling sound came from the front, and the cracking sound from far and near.

call out! call out! ...

Suddenly, on the wall of Lu Ming's passageway on both sides of them, there was a dark light, which rushed out.

Suddenly, someone screamed and was penetrated by the dark light, and fell here.

"defense!"

Lu Ming threw out several punches in succession, defeating dozens of black lights.

Lu Ming really saw that this dark light is not an entity, but its power is amazing, and its penetrating power is extremely terrifying. Many people have no use in running True Elemental Defense and are penetrated by the dark light.

"Withdraw under the emperor, withdraw under the emperor!"

Someone shouted.

Those below the emperor will not be able to block these lights and will be shot.

The screams kept ringing, and people were continuously shot and killed.

Within the channel, one field after another filled out.

The breakthrough to the realm of the emperor, with the real plus body protection, only barely blocked the attack of the dark light.

On Qiu Yingying's body, the plume filled with light, covering the whole body and resisting the surrounding light.

And Qiu Hao, the golden bell suspended above his head, scattered a light curtain, and easily blocked those lights.

As for Lu Ming, the chaotic realm shrouded in him, and that kind of light could not touch him in the slightest.

The crowd did not flinch and continued to fly forward.

Along the way, many corpses were seen.

However, most of them are of supreme rank, and only a few emperors, one accidentally, was shot here.

However, as he continued to move forward, the power of the dark light gradually became stronger.

At the beginning, it was shot from the left and right sides, but behind it, from left to right and up and down, there were endless black lights that shot, amazing power.

Slowly, some emperors have an irresistible trend.

This passage is very long.

The crowd flew thousands of miles, but still did not end.

"Damn, I'm not willing!"

Someone shouted, because it was almost unstoppable, and going forward, it was death.

Can't help but retreat.

Moving on, the walking is getting harder and harder.

However, Lu Ming, Qiu Yingying and Qiu Hao were very relaxed.

The treasures of Qiu Yingying and Qiu Hao are holy soldiers.

Naturally, this way also attracted the attention of others.

"Good mysterious treasure, if I get it, I can enter the Cang Emperor's palace!"

Someone's eyes flashed with greed.

Many people came towards the three.

"Which of these treasures can you wait for, just give me!"

A young man with indifferent eyes slammed toward Qiu Hao.

Buzz!

Qiu Hao's head was shocked, and an invisible ripple erupted, rushing towards the young man. The young man's complexion changed and retreated.

"The curiosity treasure is definitely a paladin, hand it over!"

"kill!"

Another young man stepped out and killed Qiu Hao.

Several others killed Qiu Yingying.

"Go away!"

Lu Ming drank coldly, strode forward, and reached out to the young men.

"Boy, I didn't count on you, just go about business and die!"

A young man froze Lu Ming with a cold hand.

But Lu Ming punched out, and the violent punch was crushed. The young man screamed and flew backwards. The body protection real element and the field were scattered by Lu Ming. He was suddenly penetrated by dense black holes. The body fell on the spot.

Then, Lu Ming fisted several times in a row and blasted forward. Several young people were shot and flew out. Zhenyuan and the realm were penetrated by Lu Ming, and all died under the dark light.

The remaining youths changed their faces.

Lu Ming's combat power is too strong, completely crushing them.

At this moment, behind Lu Ming, a sharp force struck Lu Ming.

Upon hearing it, Lu Ming knew that it was sword spirit, extremely sharp, and the shot was amazing.

Uh!

Feng Yuanshu was running, and at the time of a thousand shots, Lu Ming moved one metre laterally, avoiding the sword front.

"you again!"

After seeing the person who attacked, Lu Ming made a sudden attack.

This person was the young man in the white robe of Tianshenzong who had attacked Lu Ming outside the channel before.

"Fortune telling you!"

The young man in white robe couldn't make a hit, and his body retreated, he wanted to evacuate.

"Sanfan attacked me twice and wanted to leave now, did I agree?"

Lu Ming uttered indifferently, his body was full of breath, stepped on his feet, and rushed towards the white robe youth.

Those dark lights did not threaten Lu Ming at all.

Seeing Lu Ming rushing, the white robe's face changed and rushed forward, but how can his speed compare with Lu Ming.

With just a few breaths, Lu Ming was near him.

"Boy, you dare to take action against me, I am the elder of Tenjinzong..."

Seeing that he couldn't escape, the young man in white robe turned to drink coldly for the landing.

"kill!"

Lu Ming killed him directly.

This person is really naive. He attacked Lu Ming twice and twice, and wanted to put Lu Ming to death. Now it's not stupid to move out the person behind him who wants to threaten Lu Ming.

Bai Ming's words in the mouth of the young man were suffocated by Lu Ming's fist and could only resist.

There was a sword light in his hand, which was amazingly powerful.

This person should be a congenital spirit, Xiuwei reached the peak of Emperor Wu, and the combat power was very good. Unfortunately, Lu Ming encountered him, and was not an opponent at all.

bump!

Lu Ming punched all the sword lights, and the rest of his punching power bombarded the white robe youth's bodyguard Zhenyuan and the field. He flew the white robe youth out, hit the wall, and was almost blackened by the light Shoot.

Chapter 1433: Punishment spear

Uh!

Lu Ming stepped out, appeared in front of the young white robe, and kicked.

With a bang, the true element and field of the white robe youth protection body were kicked by Lu Ming.

Suddenly, the endless light shot towards the white robe youth.

The white robe youth struggled to resist, but fortunately he was an innate spirit body, and now he is transformed into a lower-level spirit body. It is powerful, and after being stabbed through a hole in his body, he barely saved his life.

But Lu Ming killed him again.

bump!

Lu Ming grabbed it, grabbed the white robe youth's field directly, and buckled the white robe youth's neck. Zhenyuan shocked, and almost dispersed the white robe youth's Zhenyuan shock.

The real elements and fields in him disappeared without a trace.

"Help..."

The white robe yelled in horror because of the dense black light, and shot at him.

As soon as Lu Ming's chaotic realm moved, he covered the white robe youth and blocked the dark light.

The young man in white robe exhaled and shouted: "Lu Ming, let me go, my uncle is the elder of the **** of heaven, if you kill me, he..."

"nonsense!"

Lu Ming drank coldly, and the cold murderous opportunity burst forth, causing the young white robe to hold back the words.

"Say, who asked you to kill me?"

Lu Ming spoke out indifferently.

"Yes Yes..."

The young man in white robe was about to answer. On the other side, there was a voice.

"You better let him go!"

The sound rang, and out of the passage, a few young people came out.

A young man headed, with a slender figure and bright eyes, is like a god, and his breath is very pressing. On his body, the double breath of the Emperor Wuhuang diffused out.

Behind this young man, there were two young men, who were all emperors of Wu Emperor's peak. Their fields were covered, and the black light on the edge could not help them.

"That was the leader of Tenjinzong, Shi Tian!"

On the edge, there were other people passing by, whispering in a low voice, and then hurried forward, and left here.

"Brother Shi Tian, save me!"

The white robe youth shouted in surprise when he saw Shi Tian.

"Boy, let me go, or Brother Shitian, it will definitely make you a dilemma!"

Then, the young man in white robe scolded Lu Ming again, and his arrogance rose again.

"is it?"

Lu Ming sneered, carrying the young man in white robe, and sent him out of the area covered by the field. Suddenly, he was stabbed by seven or eight black lights, and the blood was flowing, and he issued a screaming scream.

"Boy, you are dead!"

"What a courage!"

Behind Shi Tian, the two young men scolded.

boom!

Shi Tian stepped out, a strong breath, oppressed toward the landing song, and said indifferently: "I said, let him go!"

In the speech, with a high sense of supremacy, ordered Lu Ming.

"What kind of thing are you? Moreover, this person has attacked me twice and again, and it is already dead!"

Lu Ming spoke indifferently.

Shi Tian's eyes were gloomy and he said, "If you kill him, I will kill you!"

"is it?"

Lu Ming's face showed a terrible color, and the murderous body was even more cold.

"Do not..."

The young man in white robe rose back in horror.

boom!

The power in Lu Ming's hands suddenly erupted, drowning the white robe youth, the white robe youth, in Lu Ming's terrifying power, crushed bones.

"dead!"

At this moment, Shi Tian's murderous machine exploded, his body was bathed in the divine light, stepped out, the void roared, Shi Tian raised his hand, and a huge sacred palm pressed down to the landing song.

"Trick and worm!"

Lu Ming sneered and stepped out, taking a palm, a palm of chaotic color, bombarded out, and confronted the opponent.

The two palms, bombarded together, erupted in a brilliant light, a ripple of vibration, diffused out, and smashed the dark light around.

bump!

At the next moment, the sacred palm prints shot by Shi Tian collapsed, and the palm prints of Chaos kept coming, shining down Shi Tian.

Shi Tian's face changed, his sacred radiance was even brighter, and a spear appeared in his hand.

"God's Spear!"

Shi Tian lightly drank, the sacred spear pierced the void, and seemed to be able to penetrate everything in the world, piercing Lu Ming, and the speed was extremely fast.

Shi Tian, Xiu Wei reached the Wu Emperor's Second Level, cultivated into a medium-earth spirit body, and had amazing fighting power. He He, Wang Xiao, and Luo Xiang were a level of arrogance.

Among the arrogance of entering the emperor's secret realm this time, he stood at the peak.

Few people can take his move.

But he met Lu Ming.

Covered by the chaotic realm, Lu Ming casts his powers in jail, and punches out. On his fist, a ghost image of the jail monument flashes, directly bombarding the spear tip of the sacred spear.

when!

A deafening sound sounded, the holy spear pierced by Shi Tian, violently shaking, terrible power, along the spear, poured into Shi Tian's arm, so that his body vibrated.

bump!

At the next moment, the sacred spear exploded, Shi Tian's body shook, and he withdrew a few hundred meters backwards, and blood came out of the corner of his mouth.

"how come?"

The other two youths were stunned.

Even Shi Tian's combat power is not Lu Ming's opponent. How is this possible?

"go!"

Without saying anything, Shi Tian turned around and left.

"Come and come, go and go, how can it be so easy?"

Lu Ming uttered indifferently, stepped out, Feng Yuanshu was running, and he quickly approached Shi Tian.

The terrible fist force bombarded towards Shi Tian.

Shi Tian roared angrily and tried his best to fight Lu Ming.

But although he is strong, he still has a gap compared with Lu Ming.

"Brother Shi Tian, we will avenge you!"

Seeing this scene, the other young man was scared to leave a sentence, struggling to strike forward, and escaped.

"Oh, this is your brother?"

Lu Ming mocked.

Shi Tian shouted in anger and tried his best to resist.

But Lu Ming's chaotic realm rolled down and he retreated.

"Dead!"

Lu Ming punched Shi Tian's defense, and Shi Tian was about to be killed.

At this time, Shi Tian suddenly burst into a strong breath, a phantom appeared on Shi Tian, and an invisible force burst out.

"this is..."

Lu Ming's eyes narrowed, and this power was very similar to Lu Ming's face with the lightsaber in the sword tower.

That is the same level of power.

bump!

Lu Ming was sprinted by this force, and his figure flew backwards.

"Lu Ming, I will kill you next time!"

Shi Tian left a word and rushed deep into the passage.

"It turned out that Shi Tian also got a legacy!"

Lu Ming frowned.

This Shitian should also have a heritage, because it was not long before it was inherited, and it has not been refined, so this heritage has the function of automatically protecting the Lord.

If it is refined, this function will also disappear.

"Next time, the heritage cannot protect the Lord, I will kill you!"

Lu Ming's eyes flashed.

"Lu Ming, are you okay?"

Qiu Yingying asked.

"It's okay, let's go!"

Lu Ming said.

Chapter 1434: Golden eagle body

They moved on.

Although the black light in this passage is powerful, it is mainly a threat to the Supreme or some weak emperors. Some powerful ones can still be blocked.

The three of them traveled thousands of miles again, and finally came to an end.

The passage disappeared. In front, there was a flat land, but it was filled with gray mist.

The fog was floating, which greatly affected people's eyesight.

Some young people rushed into the mist and disappeared.

The three Lu Ming, without hesitation, rushed into the mist.

In the mist, quietly, there was no sound at all, as if there were no creatures, there was silence, and in the faint, only the heartbeat of three people could be heard.

But after walking for a while, the heartbeats of the three people were the only one left.

Lu Ming turned his head and looked at Qiu Yingying and Qiu Hao, which had disappeared.

"what happened?"

Just now, Qiu Yingying and Qiu Hao, who had been following him all the time, suddenly disappeared.

"Yingying, Brother Qiu!"

Lu Ming called, the voice came from far away, but he did not respond.

Lu Ming looked for it, but no one saw it.

Just now, obviously many young people rushed in, but now, no one has seen it.

"Is it a formation, wrong, not a formation..."

Lu Ming observes carefully, here, there is no formation at all.

"This area is very peculiar and can affect people's senses. Perhaps they are not far from me, but we are blind to each other!"

Lu Ming thought.

There are many wonderful places in the world. No one has set up a large formation, but it has more mysterious functions than the large formation.

"It seems that only by going out of this area can we converge!"

Thinking of this, Lu Ming looked at the direction and went straight.

But after a while, Lu Ming stopped.

He found that there was an invisible energy around him, slowly penetrating his body and slowly attacking his soul.

Yes, there is an invisible energy that can attack the soul.

Even his chaotic realm is difficult to prevent.

Fortunately, Lu Ming's soul was tempered during the Emperor Wu Tribulation, and was dozens of times more powerful in the refining bell of the world. This attack is harmless to Lu Ming.

Lu Ming ignored it and went on.

Along the way, he found that there were pits on the ground, some pits, like a palm print.

"Did someone fight in the long past?"

Lu Ming guessed.

bump!

Lu Ming punched and bombarded the ground, but the ground was immobile and there was no trace at all.

"So hard!"

Lu Ming took a breath.

The ground here is made of a strange metal, strong and immortal, and with Lu Ming's power, no trace of it can be left behind.

Those who left potholes on this ground are absolutely terrifying.

Lu Ming went all the way and found that the energy that attacked the soul was getting stronger and stronger.

Although Lu Ming's current soul strength is nothing, it is definitely a great test for other Tianjiao.

"Front, so strong fluctuations..."

Suddenly, Lu Ming's heart moved, and he found that there were waves of waves coming, very strong, and there seemed to be a strong man, who practiced in front of him.

Lu Ming hesitated, converged, and planned to take a look.

Soon, a giant appeared in front.

It was an eagle, a giant eagle, covered in feathers, and golden, as big as a mountain.

That kind of fluctuation was uploaded by this giant eagle body.

But this golden giant eagle is obviously dead, and there is no breath of life on his body.

But that kind of fluctuation is indeed terrifying. The closer you are, the more terrible Lu Ming feels.

"The breath of the powerful in the Holy Realm, and this kind of fluctuation is even more unpredictable than the ordinary Holy Realm!"

Lu Ming thought.

Lu Ming once felt the breath of the Heavenly Profound Saint and the Elder of the Dragon God Gu Hong, but compared to this golden giant eagle, it was all better.

During the lifetime of this golden giant eagle, it was definitely not just the Holy Land, even the Great Holy Land, or the Most Holy Land.

"There are words!"

Suddenly, Lu Ming's heart moved, and he found that under the wings of the golden giant eagle, there was a word, a word 'evil'!

evil!

represents what? Lu Ming is unknown.

Moreover, Lu Ming did not see any wounds around the body of the eagle, and did not know how the eagle died.

"I don't know if I can put this giant eagle away, but it's a treasure!"

Lu Ming turned his thoughts.

He took out a relatively high-quality storage ring, urged the true element, and let the storage ring fly over the giant eagle, a force of gravity was generated from the storage ring.

Unexpectedly, Lu Ming easily collected the body of the giant eagle.

"Haha, earned it!"

Lu Ming was overjoyed, put away the storage ring and went on.

In this area, there is a lot of silence. It seems that there is only Lu Ming in the vast world. The feeling of staying for a long time will make people crazy.

Moreover, there is also an invisible energy that constantly penetrates into Lu Ming's body, attacking his soul.

I don't know how long it took. When Lu Ming stepped out, the surrounding environment suddenly changed.

The fog disappeared and Lu Ming came to a platform.

One step away, close to the horizon.

He just walked out of the fog.

Looking ahead, Lu Ming glanced and found a lot of people gathered here.

"Qiu Yingying, Qiu Hao!"

Lu Ming saw the two at a glance.

"Lu Ming!"

The two saw Lu Ming and came over with joy.

"When did you pass through the misty area?"

Lu Ming asked.

"It was just a while..."

Qiu Yingying explained.

The encounter between the two of them was exactly the same as Lu Ming, but after walking into the foggy area, they dispersed with others, and there seemed to be only one person left between the world and the world.

There is also the kind of energy that attacks the soul. They gritted their teeth and moved all the way forward. They didn't expect to pass the fog zone smoothly.

However, what is different from Lu Ming is that Lu Ming touched the body of the giant eagle, and they did not touch anything.

"Lu Ming!"

At this moment, a thick voice sounded, and the three young men came over and greeted Lu Ming.

Three brothers of the Ruan family.

The three brothers of the Ruan family, the three of whom have the same mind, joined forces, and their strength is not weak. After entering the secret realm of the emperor, they successfully broke through the Emperor Wu and came here, which is not surprising.

"What's going on?"

Lu Ming's eyes looked forward.

In front, many people stopped and seemed to be blocked.

"In front, there is an abyss, blocking the way!"

Qiu Yingying explained.

Lu Ming walked in and saw that it was indeed an abyss, which was a hundred miles wide. Under the abyss, there was a terrible swallowing power. Once a person flew into the abyss, he would be swallowed down and fell into the abyss. No one could be spared. .

This abyss can't leap.

Chapter 1435: Tiandao Stone Bridge

Lu Ming walked forward and found a stone bridge.

This stone bridge can lead to the other side of the abyss.

"That's... Tiandao Stone!"

Lu Ming's pupils shrank suddenly, revealing a shocked look.

Because, that stone bridge is covered with Tiandao stone, and at a glance, I don't know how many pieces there are.

Countless days of stone, forming a stone bridge, a hundred miles long, leading to the other side of the abyss.

God, how many days do you have?

His heart twitched fiercely.

Is this the emperor's handwriting? It's really amazing.

"The heaven stone on the stone bridge can't be excavated at all. Someone tried it before, and it was shocked into the abyss!"

Ruan Tian explained to the three brothers of the Ruan family.

Lu Ming nodded. At this point, he guessed, otherwise, so many days of Dao stone were in front of him, and blood had flowed into a river here long ago.

On the bridgehead, many young people gathered, looking at the stone bridge, looking sad.

"Someone is on the bridge again!"

Qiu Yingying whispered.

At the bridgehead, a young man set foot on the stone bridge.

When he stepped on the stone bridge, he seemed to be under horrible pressure and his body was trembling slightly, but he gritted his teeth and moved on.

After a while, his body shuddered suddenly, a spit of blood spewed, and his face was pale.

He quickly backed away, retreated from Shiqiao, and took a long breath.

"Or not!"

The young man sighed.

"Huh, it's a waste, let me come!"

A cold voice sounded, and a young man stepped out of the crowd, strode forward, and set foot on the stone bridge.

"Wang Xiao!"

Lu Ming's eyes moved.

Wang Xiao's body was filled with sharp air, like a sharp sword, breaking through everything.

He moved forward step by step, very fast, and soon, he walked most of the way. After walking more than half, his speed gradually slowed down, but it did not take long to cross the Baili Stone Bridge. , Disappeared in the eyes of everyone.

"Leader-level figures are really powerful!"

"This stone bridge must at least have the arrogant characters of lower-level spirits to cross it!"

"The breath of heaven above is too strong!"

Many people sighed.

"It really is because of the breath of heaven!"

Lu Ming thought.

There are too many Tiandao stones on the stone bridge, and they are innumerable. The stone bridge built by such a Tiandao stone has a heavenly atmosphere and is absolutely terrifying.

The scent of heaven, whether it is for the martial arts or the master cultivator, is of great use. It can be used to enlighten the Tao and promote cultivation to the state.

However, this refers to the scent of heavenly air. Within a certain concentration and within a certain range, the scent of the same day is too rich, which is not only useless, but harmful.

A strong heavenly breath can crush people alive!

That stone bridge in front is like that!

"Damn, it was easy to enter the Cang Emperor's palace. Was it just blocked by a stone bridge, I am not reconciled!"

"It's really unwilling, but also helpless!"

Many people sighed, but this is Cang Emperor's palace. Perhaps, as long as you cross this stone bridge, you will reach the center of Cang Emperor's palace. Perhaps, there are infinite treasures, and even Cang Emperor's heritage is waiting for them.

But now, it is blocked by a stone bridge, it is really difficult to reconcile.

Then, some people kept trying, but most of them ended in failure. Some people wanted to force the impact, and finally they were crushed alive and fell into the endless abyss.

"I'll try it!"

Lu Ming stepped forward.

Qiu Yingying, Ruan Tian, etc., did not stop them. They knew how strong Lu Ming was. This stone bridge could not help Lu Ming.

Lu Ming stepped up and the chaotic realm covered the whole body.

"So strong heavenly breath!"

Lu Ming's eyes moved.

The breath of Heavenly Dao here is too strong, and I do not know how many times it is stronger than the scratches of Heavenly Dao Lu Ming faced before.

This intensity is far beyond the scope of their realm. Not only can they not understand the Tao, but there is a strong pressure on him.

This is the pressure of heaven.

However, Lu Ming's chaotic realm was shocked, and the pressure of these days disappeared without a trace.

"Everything between heaven and earth comes from chaos. The realm of chaos, the realm of thousands of realms, the breath of heaven, is useless to the realm of chaos!"

Lu Ming saw the light shining.

Subsequently, he continued to move forward.

The stone bridge was very narrow, allowing only one person to pass through. Lu Ming strode forward and quickly walked half way.

But at this time, Lu Ming suddenly turned around and returned the same way.

"Well, what did this person do? It was easy to see him just now. I thought he could pass. Why did he return now?"

"At first, it didn't mean anything. Maybe he just moved forward with all his strength, and he seemed relaxed. Now he can't keep up, it's normal!"

"Yes, this stone bridge, after all, cannot be passed by anyone!"

Lu Ming's move made some people talk about it.

Qiu Yingying and Qiu Hao were also surprised.

Based on their understanding of Lu Ming and Lu Ming's strength, it should be no problem to pass this stone bridge. How come back?

Soon, Lu Ming went to Qiaotou.

"Yingying, Brother Qiu, come up, I will take you with you!"

Lu Ming said.

what?

Qiu Yingying, Qiu Hao and Ruan's three brothers were all stunned.

Others were stunned!

Lu Ming returned, and actually wanted to take someone over?

how can that be?

It is difficult for others to pass by alone. For Tianjiao like Wang Xiao, the second half of the journey is a bit difficult. Now, Lu Ming actually says that you have to take others with you.

This is really incredible.

"Yingying..."

Lu Ming called again, and Qiu Yingying and Qiu Hao only responded.

"Ah good!"

Qiu Yingying first stepped forward and walked in front of Lu Ming, Qiu Hao stood behind Lu Ming.

Stepping on the stone bridge means there is danger to life, but they choose to believe Lu Ming. Lu Ming has brought them too many miracles along the way.

"Brother Ruan, I will send Yingying to them in the past, and I will come to you later!"

Lu Ming said to Ruan Tian.

"Ah good!"

Ruan Tian nodded confusedly, and was a little dazed.

"go!"

The chaotic realm enveloped Qiu Yingying and Qiu Hao, and the three stepped towards the stone bridge.

Although the field of chaos is wonderful, it is now only one level after all, and the stone bridge is very narrow, and only one person can walk. Therefore, Lu Ming cannot take too many people at a time, and can only take two or three.

So he intends to send Qiu Yingying to them and return to send the three Ruan Brothers.

Everyone is watching Landing Naruto.

Some people sneered, thinking that Lu Ming would burn himself and die here.

The three Lu Ming stepped on the stone bridge, and the strong heavenly atmosphere outside, pressed against the chaotic realm, trembling the chaotic realm, but in the end it was resisted.

The three stepped forward one step at a time, and soon exceeded the distance Lu Ming had just walked, and continued to move forward.

Soon, the trio managed to reach the opposite bank.

"Successful, this person can actually lead people over!"

"Unbelievable, there must be something strange in this person who can resist the breath of heaven!"

Lu Ming's success caused a tumult in the scene.

Chapter 1436: Black wings

"Look, he is back!"

Someone made a noise.

In front of the stone bridge, a figure stepped forward, Lu Ming.

Soon, Lu Ming returned to the starting point.

Uh!

A figure, who appeared in front of Lu Ming, was a young man with fiery eyes and said, "Boy, take me now!"

This young man, who sneered the most just now, thought Lu Ming would die on the bridge. Now that Lu Ming can really lead people over, he rushes up first.

"And me, take me there!"

"Take me!"

Each young man stepped forward and surrounded Lu Ming Tuan.

"No time!"

Lu Ming glanced around lightly.

"What do you mean? Not free? Today, you have to be free if you don't have time. If you don't take me past, don't go by yourself today!"

The young man who spoke the earliest looked cold, and a cold steam engine looked Lu Ming.

Others also have bad looks one by one.

"Indeed, do you think it's reasonable to have the treasure of the emperor and leave us here?"

Someone spoke and almost laughed at Lu Ming. He blamed Lu Ming without his own ability.

If he doesn't get it, he can't let Lu Ming get it in the past.

"roll!"

Lu Ming burst into roar, and the terrible air wave spread out in all directions, and some of them were weak, and they could not help backing up again and again.

"You, we join forces, so many of us are enough to win him, we control him in his hands, let him send us one by one!"

The young man who spoke first yelled.

boom! boom! boom!

There was a burst of breath, and at the scene, there were at least hundreds of people, staring at the landing murmur one after another with bad eyesight.

"You guys, how can you force it with or without it? Lu Ming, don't worry about us, cross the bridge yourself!"

Ruan Tian's thick voice sounded.

"Boy, obediently catch your hand. If you cross the bridge alone, you friends will fall into this endless abyss!"

The young man who was still the first to speak coldly.

"Ha ha!"

Lu Ming smiled lightly, and looked at the young man, saying, "It's really self-inflicted, don't live!"

As soon as the voice fell, Lu Ming appeared in front of the young man with a move.

The young man's face changed and he wanted to retreat, but Lu Ming waved his hand and covered the chaotic field, forming a big chaotic hand, which squeezed the youth's defense and grabbed the young man in his hand.

"Let me go, what do you want to do? I warn you, my brother is the leader of the Temple of Heaven..."

The young man yelled and threatened Lu Ming.

"Send you to the abyss to play!"

Lu Ming sneered.

"You... do you dare? You guys, take action together and win this person!"

The youth roared and encouraged others.

"Leave him down!"

"court death!"

There were more than a dozen people who screamed and rushed towards the landing, and dozens of attacks drove down to the landing.

"Thunder Yuanshu!"

Lu Ming turned the realm of chaos into a realm of thunder, cast a thunder element technique, and shot it with a palm. Ten thunder spears appeared in the air and pierced through.

puff! puff! ...

More than a dozen young masters were directly penetrated by the lightning spear and fell to the spot.

With one palm, he killed more than a dozen young emperors of Wu Emperor's weight, and changed the face of others.

They finally realized that Lu Ming could not only cross the stone bridge by himself, but also take people there, relying on terrible strength.

Killing more than a dozen young people, killing chickens and monkeys, letting others dare not look ugly, Lu Ming waved his hand, grabbed the young man's big hand, and reached out of the abyss.

"Don't..."

Looking at the endless abyss below, the youth shouted in horror.

"Send you down!"

Lu Ming spoke indifferently, stretched out his palms, and the youth was directly swallowed by the power of the abyss, and fell into the endless abyss. Only the screams of screaming came vaguely.

"Who else do you want to go on, I don't mind sending you a ride!"

Lu Ming glanced at the audience.

No one dared to speak out, Lu Ming's combat power could completely crush them.

"Brother Ruan, get on the bridge!"

Lu Ming said.

The three Ruan brothers nodded, stood in a row with Lu Ming, and moved forward. Soon, they passed the stone bridge.

In front of the stone bridge is a stone wall that blocks the way, and this stone wall is indestructible and cannot be broken.

On the stone wall, there is a light door, which is the only way.

Those who had come before, obviously walked away from this light door.

"Let's go in!"

Lu Ming said.

Everyone nodded and stepped into the light gate together.

The space trembled, and the next moment, Lu Ming came to a stone room.

"Ok?"

Lu Ming glanced and found that he was the only one in the stone room.

Qiu Yingying and others are gone.

It seems that the door is a portal, teleported in, and dispersed everyone.

call out!

Suddenly, Lu Ming felt a sharp air slashing towards the landing.

Without any hesitation, Lu Ming stepped in and stepped back quickly.

However, the sharp meaning, the speed is also amazingly fast, followed by the landing naming, slashing towards him.

"what!"

Lu Ming frowned, and he could only vaguely see a black light, slashing at him, what was the specific, because it was too fast to see the real.

"roll!"

Lu Ming shouted and banged with a punch.

when!

A sound of gold and iron clashes sounded, Lu Ming's violent punch, crushed forward, and finally repulsed the thing that chopped at him. At this time, Lu Ming only saw what was attacking him.

A pair of wings!

A pair of black wings is not the wings of a monster, but made of exotic metal.

On the wings, every feather is black and shiny, full of sharpness, like a sharp sword.

Lu Ming thought of Haipengtian of the Shenxu mainland group, and Haipengtian also had a pair of wings, and he was a spirit soldier of the emperor.

But the pair of wings, compared with the pair in front of them, is rubbish.

The pair in front of them is a paladin.

Lu Ming fell in love at first glance.

"Good luck, as soon as I sent it, I encountered a Paladin!"

Lu Ming smiled, stepped on his feet, his figure flew towards the black wings, and when he grabbed his big hand, he would grab the black wings in his hand.

嗤嗤~!

Black wings spread like two Excaliburs, slashing towards Lu Ming, extremely sharp.

Lu Ming punches his fist, runs the Prison of Heaven, and covers it with chaotic realms, bombarding his wings.

With a bang, the wings were blown out again.

Uh!

The wings were struck and flew, and under one flap, they fled.

"Some spirituality, but in my hands, you can't escape!"

With one hand, Lu Ming pushed forward, and the chaotic realm exploded, covering the entire stone chamber with it. No matter how the black wings flew, they could not escape the coverage of the chaotic realm.

"Shrink!"

The chaotic realm began to shrink and finally trapped the black wings.

"Make me!"

Then, Lu Ming's Zhenyuan poured into the black wings and began to refine.

Soon, the wings slowly shrunk, and Lu Ming caught him in his hand.

Chapter 1437: Goshawk and Shadow

"It turned out to be the Ming Shengbing! Black wings!"

Lu Ming moved.

Ming Shengbing, Ming Sheng's exclusive soldier.

Above, there is the Great Paladin, the Supreme Paladin!

After some refining just now, Lu Ming has only initially mastered this winged soldier. He wants to complete refining. With his current cultivation practice, he can't do it. Only when he has time later, he slowly refining and deepening Master the black wings.

After throwing the black wings, the black wings automatically flew behind Lu Ming and did not enter Lu Ming's back.

At the next moment, Lu Ming thought.

Wow!

In the back position, the black wings spread out, making Lu Ming look as if a pair of wings had grown out of thin air.

Uh!

With a black wing, Lu Ming's figure disappeared from the original place, and the speed was amazing. Lu Ming turned dozens of circles in the stone room and returned to the original place.

"Not bad!"

Lu Ming is very satisfied with the black wings.

He has black feather wings, and if it is used in conjunction with the power of wind elemental art and stabilizing wind beads, his speed can certainly be greatly increased.

At the same time, the black feather wings also have a strong attack power, and the wings can surround the whole body and have strong defense capabilities.

This spirit soldier can be said to be one of the very few full-featured spirit soldiers. If it is sold, the price will be more than ten times more expensive than other spirit soldiers of the same level.

When the thoughts moved, the black wings contracted and disappeared into the Tao skin, disappearing.

Then, Lu Ming looked around, and this stone room had nothing but black wings and a passage in front.

Lu Ming stepped forward and walked towards the passage.

Quack!

Suddenly, a chirp sounded, and a huge black goshawk suddenly appeared at the entrance of the tunnel, slamming toward the landing.

Lu Ming's face changed. This goshawk, of course, is not true, but a kind of energy condensed. The key is that it appears too abrupt.

Lu Ming retreated subconsciously.

But it was found that the goshawk did not pursue, but hovered in the air, watching the landing sound.

"Young man, go back, don't move on, otherwise there will be a big disaster!"

The goshawk suddenly spoke.

"who are you?"

Lu Ming asked.

"It doesn't matter who I am, go back, there is no way ahead!"

The goshawk spoke again.

"Big catastrophe? No way? I don't believe. If I don't break through, how can I know there is no way?"

Lu Ming smiled and stepped forward.

Along the way, after encountering so many levels, would Lu Ming be blocked by a goshawk here?

The goshawk seemed to sigh, flapping his wings, rushing towards the landing.

boom!

Lu Ming ran out of the chaotic realm.

The violent fist force rolled away, making the stone chambers rumbling and shaking.

"This is... the realm of chaos?"

The goshawk exclaimed, and then his wings flew at a rapid speed, and a terrible gust of wind swept out.

The violent wind and Lu Ming's fist struck together, bursting into bursts of sound, and finally the gusty wind disappeared, Lu Ming could not help but retreat a few steps.

What a strong force!

Lu Ming's face dimmed.

"It seems that you don't have to do your best, it won't work!"

Lu Ming thought.

But at this time, the change is protruding.

In the void, suddenly a figure appeared again.

This is a dark shadow, shrouded in black light, and can't see the exact appearance. As soon as it appears, it pounces on the goshawk.

Black Shadow and Goshawk, fierce battle together.

"Young man, I hold him back, you go!"

There was an old voice in the shadow, which sounded mild and comfortable.

"Don't go, you have to hear me..."

The goshawk shouted.

boom!

Black Shadow pounced on Goshawk, launching a more violent attack, fighting fiercely.

Lu Ming frowned.

What's going on with this goshawk, and this shadow?

Is it a level here? Still a test?

Why did one let him pass, and one not let him pass?

"Maybe just a test, ever!"

Lu Ming made a decision.

It's all here, and Lu Ming couldn't retreat because of a few words from a goshawk, and then retreated.

Uh!

Feng Yuanshu was in operation, and the power of Ding Fengzhu poured in. Lu Ming took advantage of the gap between the Goshawk and the Black Shadows, his body flashed over, rushed into that channel, and disappeared.

boom!

The Goshawk and Black Shadow made a match, and both backed off.

"Hey!"

The goshawk sighed as he watched the landing figure leave.

"Hey, Cang Emperor, you want to stop them. Impossible. In the end, you still lost."

In the dark shadow, there was an icy, harsh smile, which was very different from the gentle voice just now.

However, Lu Ming could not hear these words.

He walked along the passage, all the way forward, and soon, a bright light appeared in front of him, and the passage ended.

when! boom! ...

In front, there was a violent roar, and the sound of fighting with the iron.

Someone is fighting!

Lu Ming slowed down and rushed past the door of the passage.

call out!

As soon as Lu Ming rushed out, he saw a black flag flying towards him, and the magic flag rolled on the flag.

"Emperor Spirit Soldier, Lordless!"

Lu Ming thought.

"Go away!"

Silently, there was a loud drink in front of him, very domineering, a huge palm, completely formed by the condensed devil qi, to the landing Ming and Xiaoqi, grab together.

Humph!

Lu Ming's eyes were cold, and a punch came out, and the huge palm burst directly.

Lu Ming reached out and grabbed the black flag in his hand.

"Boy, dare to block me!"

Overbearing voices sounded.

In front of Lu Ming, a young man stared at him coldly, his body full of magical energy.

"here is..."

Lu Ming glanced at the youth, then skipped directly and looked elsewhere.

Here is a huge hall, very wide, in the void, a treasure of light flew, among them, there are young people chasing these treasures.

"The Emperor Spirit Soldier, even the Holy Soldier!"

Lu Ming showed surprise.

Most of the treasures flying in the air are imperial spirit soldiers, and there are hundreds of them. Among them, the pawns are mixed with the pawns, and even the immortality.

About a dozen young people are flying in the vertical and horizontal direction to chase down these treasures, and from time to time they will fight because of the treasures.

"So strong!"

Lu Ming found that these young men, one by one, became powerful, but they were all the second realm of Emperor Wu.

Lu Ming saw several acquaintances in it.

He Yu, the leader of Longshen Valley, Wang Xiao, the leader of the Sword Sect of Jiuxiao, the leader of the Sect of Heaven, Shi Tian, the leader of the Sword of Life and Death, Luo Xiang...

They are all leaders who enter here.

Indeed, those who can get here are extremely powerful people.

"Boy, dare to ignore me."

In front of Lu Ming, the young man's eyes were indifferent, and he pointed at Landing.

A black finger, like the finger of the demon god, penetrated the void and came to the landing point, killing with amazing power.

If hit, Lu Ming will die.

A man who is very overbearing will lose his life if he moves.

Lu Ming's face was cold and he punched out.

boom!

Lu Ming punched with his opponent's finger.

Chapter 1438: Battle for the Paladin

"Crush me!"

The young man with magical energy flashed in his eyes, but at the next moment, his face changed greatly.

He felt that a terrible force came from his fingers. This force, like a row of mountains and seas, was like an ancient **** mountain, hitting his fingers.

Click!

His fingers clicked and deformed directly.

He roared, his body receded at a rapid speed, and he withdrew a dozen steps in a row.

Just now, Lu Ming broke his finger bone with a punch.

A glance at Lu Ming, this man's eyes flashed a dignified color, did not continue to shoot, but the figure swayed, rushed towards a royal spirit soldier's sword, the field came out, and the royal spirit soldier War sword, shrouded in it.

"Suppression!"

At this time, Lu Ming also shot. With a wave of his hand, the chaotic realm permeated, and he suppressed the two royal spirit soldiers in the chaotic realm, and then put it away.

"Is it a treasure trove here?"

Lu Ming glanced at the light flying in the sky, a thought flashed in Lu Ming's heart.

The next moment, Lu Ming shot again, without hesitation.

More than a dozen young people on the scene, one by one, became strong. If they continue to delay, I am afraid they will lose their share.

Uh! Uh! ...

More than a dozen young people shot, and the speed was extremely fast. The ray of light flying in the sky was getting less and less, and they collected the Emperor Spirit Soldiers.

In a short period of time, Lu Ming received eight Emperor Spirit Soldiers.

"Go away!"

boom!

In the sky, someone fought again. The two young men competed for a sacred soldier and started a war. However, the two were afraid of each other. When they saw the sacred soldiers flying away, they stopped and pursued the sacred soldiers.

Soon, the Emperor Spirit Soldiers were almost collected. There were only a few soldiers in the sky, and a few jade boxes flying in the sky.

Those jade boxes are the fastest, like a few lightning bolts, which cut through the sky and are difficult to be fixed.

Uh!

Lu Ming rose to the sky and rushed to a holy soldier.

This paladin is a magical jade bracelet.

Lu Ming thought of Xie Nianqing. This jade bracelet was very suitable for Xie Nianqing.

"roll!"

It is not only Lu Ming who also likes this jade bracelet, but also two other young people.

One person is the devilish young man who shot Lu Ming before, and one person, in a green robe, has an evil smile on his face.

The young man in green robe, with a big grasp, a green mist spreading toward the landing.

As soon as the mist came out, a disgusting smell came out of the air.

poison gas!

This gas is extremely poisonous!

But Lu Ming, the most feared, is highly toxic.

The engulfing force covered the whole body, Lu Ming ignored the green mist directly, rushed past, and then slammed toward the green robe youth.

The young man in green robe did not expect Lu Ming to completely ignore the poisonous gas. His face changed and he waved his hand. A group of dense poisonous insects appeared in front of him. The poisonous insects formed a shield and stood in front of him.

Lu Ming cleaved with a palm, a large number of poisonous insects burst, and the body of the young green robe shuddered, retreating for dozens of meters.

bump!

Then, Lu Ming's legs swept like a steel whip, sweeping towards the magical youth, and repulsed the man.

Lu Ming's right hand grabbed the jade bracelet in his hand.

Buzz!

The jade bracelet was still in Lu Ming's hands and kept shaking.

"Good spirituality!"

Lu Ming was happy.

Paladin, the stronger the spirituality, the higher the rank and the more precious it is.

Like Lu Ming's Lei Ding, and Ding Fengzhu, it is absolutely extraordinary.

"Hand over the sacred soldiers to spare you!"

The green robe youth spoke, staring coldly at the land.

"To die, come here!"

Lu Ming's simple response was extremely strong.

The green robe youth's face was gloomy, and there was a cold murder in his body.

He is one of the 13 top forces in the emperor's secret realm this time. The leader of the drug-destroying sect is powerful and good at using drugs. Even the leaders of other sects are extremely afraid of him.

Now, Lu Ming dares to talk to him like this.

court death!

In his heart, Lu Ming has been sentenced to death.

"Thousand poisonous thirst!"

The young man in green robe drank coldly, his figure moved, and slammed towards the landing. He swung his palms, and dense poisonous insects appeared. This kind of poisonous insect, with a hard carapace on its body, continued to emit poison gas in his mouth.

Moreover, what is even more amazing is that these poisonous insects will actually combine, countless poisonous insects, form a warrior, killing towards the landing.

In the air, more than ten soldiers suddenly appeared, all of which were composed of poisonous insects, either war swords or war knives...

The same thing is, every piece is full of poison.

"Swallow!"

Lu Ming stretched out his palms, the terrible force of engulfing, enveloped these poisonous insects in the power of engulfing.

The force of engulfment exploded, and the rich poisonous gas was instantly absorbed by Lu Ming. Those poisonous insects were also instantly drained of essential blood and fresh blood, scattered like raindrops on the ground.

"Awesome gas!"

After swallowing so much poison gas, Lu Ming felt a little tingling in his body.

This made Lu Ming have to sigh, the power of this poisonous gas.

This is the first time Lu Ming has been numbed by a poisonous gas.

In the past, any poisonous gas was swallowed by Lu Ming's swallowing power, and all refining and refining had no effect on Lu Ming.

"This is Yuanlu after all..."

This poison gas also reminded Lu Ming. After all, this is Yuanlu, not the Shenxu Continental Group. The laws of heaven and earth are perfect. Everything in the world is different from the Shenxu Continental Group. Some terrible poison gas is born, even the power of swallowing. Poisonous gas that cannot be swallowed is also possible.

Lu Ming warned himself that he could not carelessly face the poisonous gas in the future.

Of course, the poisonous gas of the green robe youth is nothing to Lu Ming, but Lu Ming's body is slightly numb, and then he is refined by the power of refining.

"you..."

The green robe youth looked at Landing Ming inconceivably. His poison was actually swallowed up by Lu Ming. How could this be possible.

His poison gas, even if he is cultivated as a much stronger man, would not dare to touch it, let alone swallow it directly into his body.

"Is this poison gas also used to poison people? Ridiculous!"

Lu Ming smiled indifferently and stepped out suddenly. The terrible chaotic realm pressed towards the green robe youth.

The green robe youth's face changed a lot, and he tried his best to resist it.

But his poison gas lost its power, and its combat power was a lot worse than other leaders. It was crushed by Lu Ming's chaotic realm, he vomited blood, his body flew away from the body, and his bones did not know how many roots were broken.

boom! boom! ...

At this time, the battle for the Paladins entered into fierce heat.

More than a dozen young people fought for fierce battles because of several pieces of jihadi.

In the end, several soldiers were taken away by several people.

Luo Xiang, the life-and-death sword faction, became more powerful after the inheritance of the swordsmanship. The sword gas broke through the air, slashed everything, and seized a holy war sword.

Tenjinzong Shitian, like a god, also captured a paladin.

Dragon God Valley He Yu, blood dragon war body, extremely powerful, also captured a Paladin.

This made other young people jealous.

Chapter 1439: Siege of Lu Ming

bump!

At this time, a flying jade box accidentally did not know who was crushed.

Suddenly, a slap-like, crystal-like armor appeared in the air, flashing strange fluctuations.

"That is, the defensive treasure of the spirit god!"

I wondered who it was, exclaimed.

Everyone's eyes turned to the jade armor, their eyes fiery.

The spirit defensive treasure is actually the spirit defensive treasure.

The warrior, the spirit body is even strong, but the spirit **** is the most vulnerable, and is the fatal weakness of the warrior.

If you come to some mysterious realms, ruins, forbidden places, etc., you can save lives if you encounter dangerous and spiritual treasures that can directly hurt your soul.

This kind of treasure is extremely difficult to refine, because it is linked to the soul. In the market, it is a treasure that cannot be bought with money, and its value cannot be measured.

"its mine!"

"mine!"

More than a dozen young people moved at the same time and rushed to the jade armor.

"Go away!"

"It's you!"

boom! boom! boom!

A dozen people, fierce battles together.

Jian Qi, Dao Mang aspect, everyone wants to take jade armor into their hands.

For a time, no one can succeed.

Uh!

Behind Lu Ming, the black wings appeared, and at the same time, Feng Yuanshu was running. Under one fan, the figure disappeared abruptly. At the next moment, it broke through the heavy obstacles and appeared near the jade armor.

"It's you?"

A young man shouted, and the divine light was rushing toward the landing.

The leader of Tenjin, Shi Tian!

"roll!"

Lu Ming shouted, stepped out, Jiulong stepped down step by step, the chaotic field broke out.

On Shi Tian's body, the divine power fluctuated, trembling violently, his body trembling, and was stepped out by Lu Ming.

Uh!

Lu Ming reached out and condensed a big hand, grabbing toward the jade armor.

"Come on!"

Everyone else is fighting, but as soon as he sees Lu Ming approaching the jade armor, he is about to get it, and he attacks the landing one after another.

All of a sudden, there were at least five or six attacks that slammed into Lu Ming.

These people are the leaders of their respective sects. Cultivating to achieve the second level of the Emperor Wu, the attacking power is extremely terrifying, and the combination of five or six people is even more terrifying.

"Block it!"

The black wings behind Lu Ming, together, enveloped Lu Ming, and at the same time, the chaotic realm filled the whole body.

Boom! Boom! ...

The violent roar sounded, the chaotic realm and black wings, crazy shaking.

However, after all, Lu Ming was blocked, and at the same time, Lu Ming grabbed the jade armor in his hand and put it into the storage ring.

"Hand over the treasure!"

"Otherwise, die!"

Indifferent voices sounded, with at least six breaths, firmly locking Lu Ming.

Lu Ming's eyes swept away, and six young men surrounded him.

Shi Tian, He Yu, Wang Xiao, a young man with a strong spirit, a young man in green robe, and a young man with a burly figure.

Others, such as Luo Xiang, stood aside and did not start.

"On the basis of the six of you who want my life, I'm afraid it will be worse!"

Lu Ming smiled indifferently.

"and also..."

Lu Ming looked at He Yu and said, "We are in the same class, do you want to shoot?"

"This kind of treasure is not something you can bear. Give it to me. I will report it to you and reward you!"

He Yu said coldly.

"Leave it to you? Ha ha, it's really hypocritical. If you want, just say it!"

Lu Ming mocked.

"Well, then I will try you, how many pounds are you?"

He Yu said indifferently, on his body, there was blood diffusing, there was a dragon sound, and a fine layer of blood-colored dragon scales appeared on the surface of his skin.

bump!

When He Yu stepped on the foot, the whole person was like a human-shaped tyrannosaurus, rushing towards Landing Ming, and his hands became like dragon claws, grabbing Lu Ming.

"Blood Dragon Warrior, I want to see how strong it is!"

Lu Ming punched directly.

bump!

The fist intersects the dragon's claw, and a dull roar sounds. Then, He Yu trembles and slams back continuously.

"This person is so strong that he can repel He Yu on the front!"

All around, other youths stared.

He Yu, among them, has the strongest melee ability. Close combat, no one is He Yu's opponent.

But Lu Ming, but repelled He Yu.

It's amazing.

"We'd better shoot together, this **** is strange, not easy to deal with!"

Shi Tian opened his mouth, killing the cold.

Lu Ming is the one he will kill.

"I also think that he has joined hands to kill this person, He Yu, do you have any comments?"

Wang Xiao opened his eyes and looked at He Yu.

"It's okay, this person is beyond discipline, and even my fellow disciples in the Dragon and God Valley dare to hurt, lawlessness, **** it!"

He Yu said indifferently.

"Oh, so many people are dealing with one person, and it is so mean to say so cheerfully!"

A disdainful voice sounded, but not Lu Ming, but Luo Xiang.

"Humph!"

Shi Tian and others looked coldly, but did not say much.

"Shoot!"

Shi Tian spoke, first of all.

On him, the divine glory boiled, condensing a sacred spear, and slammed towards the landing.

At the same time, Wang Xiao's palm, sword energy bloomed, a sharp sword light, cut through the void, and cut to Lu Ming.

Then, the magical youth, the green robe youth, also started at the same time.

Coupled with He Yu, the combination of six people, melee and long-range combat, plus they are peerless and arrogant, the combat power is far superior to the ordinary emperor, the six people together, even if the emperor of the four heavyweights must be instantly Kill.

The five emperors of Wu Emperor must avoid retreat.

"kill!"

Lu Ming shouted, black wings, his figure rushed towards a person.

Lu Ming won't stand in the middle silly and be used as a living target. If he wants to fight, he will break each one.

Lu Ming selected the green robe youth.

Among the six people, the green robe youth is the least threatening to Lu Ming.

Lu Ming evaded three attacks at a rapid speed, and took two of them hard. He rushed to the green robe youth, and a third bloodline emerged, and a force poured into Lu Ming's body, letting Lu Ming's power , Enhanced again.

With a left hand, the force of engulfment exploded, covering the youth in green robe, and at the same time, a punch in the right hand came.

The Prison of Heavenly Prison cooperated with the Chaos Realm and rolled out.

boom!

The Void vibrated, forming a terrible punch, rushing to the green robe youth.

The poison gas of the green robe youth was directly swallowed by the force of engulfing, and then Lu Ming's fist force fell suddenly.

The young man in green robe screamed, and his body was directly cracked by Lu Ming's fist, and turned into a green mist.

At the next moment, the fog condenses and wants to condense out of shape again.

The spirit body of the green robe youth is a medium poisonous spirit body. Like the flame spirit body, the vitality is extremely tenacious and can be turned into poison gas to reduce typhoid fever.

However, the move just now was hit by the chaotic realm, which still caused the unbelievable damage to the young green robe. His green mist twisted sharply and wanted to recover, but for a time, it was difficult.

Chapter 1440: Kill the leader

"Off!"

When Lu Ming pressed the palm of his hand, the chaotic realm spread and enveloped the poison gas of the green robe youth and began to refine it.

"Help!"

The green mist was rolling, and the screams of the young green robe came out. Of course, this sound was made with energy vibration.

"Let him go!"

A loud roar came, and the magic power was magnificent. A small tower with magical energy flew out of the head of the magical youth. It suddenly grew larger, and suppressed toward the landing.

Paladin! There is no doubt that this small tower is also a paladin.

These people are the leaders of their respective denominations. It is natural to gain a lot when they come here. Everyone gets a holy soldier.

The young man with magical qi, called Mojie, comes from Tianyu Mozong. His little tower is the holy soldier he got into the secret realm of the emperor.

Although, with his cultivation practice, it is impossible to exert much power of the Holy Soldier, it is still stronger than the Emperor Spirit Soldier.

The small tower became the size of a small hill and suppressed towards Landing Ming. Under the tower, there was a terrible attraction, as if to attract Lu Ming.

Uh!

Behind Lu Ming, a black wing fanned out a wing, which quickly became larger, like a blade, and slashed towards the tower.

when!

The small tower vibrated, the magic energy rolled, and was cut off and flew out, but the black wings were suppressed by the small tower and flew back.

boom! boom!

Buzz! Buzz!

At this time, He Yu, Wang Xiao, Shi Tian, and the burly young people each rose a strong breath, and each had a soldier, which emerged from their bodies.

All sacred soldiers!

They all used holy soldiers to kill Lu Ming.

Lu Ming's face dignified.

If you remove the Paladin and fight with your own strength, even in the face of the siege of the six masters, Lu Ming is not afraid, and can even win.

But all the opponents used holy soldiers. Their own combat power was reduced to a collision between the holy soldiers, which was not good for Lu Ming.

Buzz!

Lu Ming's brow glowed, and Lei Ding floated out.

bump!

At this moment, a sword flashed in the sky, and a jade box was crushed.

A jade symbol flew out of the jade box.

He Yu and others besieged Lu Ming, but the others were not watching the show, they were chasing the only two jade boxes left in the sky.

In the previous jade box, the jade armor was hidden. It can be seen that the treasures in the jade box are definitely more precious.

As soon as the jade symbol appeared, the remaining few people started to compete.

He Yu, Shi Tian and other people's faces changed.

"Humph, just spare him this time!"

Shi Tian opened his mouth and immediately rose into the sky to participate in the battle for Yufu. When others saw this, he went to fight for Yufu.

Lu Ming's face was calm, and he didn't participate, but looked at the last jade box.

This jade box is the fastest, flying in the air like a lightning bolt.

Uh!

Lu Ming suddenly started, grabbing out with a palm, a big hand formed, grabbing at the jade box.

But the jade box was extremely flexible, and immediately shook Lu Ming's palm away.

Then, Lu Ming flashed his body and performed Feng Yuanshu. He was chasing towards the jade box like electricity, but on the jade box, the light was shining, the speed suddenly increased, and Lu Ming was thrown away.

"I go!"

Lu Ming could not help but scold, a jade box, the speed is faster than him, there is no reason.

Lu Ming chased the jade box, and on the other side, Yu Fu's contention had already determined the outcome.

In the end, Yufu was acquired by a peerless woman.

Shi Tian et al.'s eyes flickered, but they didn't continue to snatch. Obviously, she was quite afraid of this woman.

At this time, everyone's eyes looked at the last jade box.

Immediately, the crowd started, and they rushed towards the jade box, but the jade box was extremely flexible and flickered in the air, avoiding everyone's rush.

Even some people use holy soldiers, it is useless.

"I suggest that we divide the stone room from all directions and all burst out of the field, and cover this stone room under the field, so that this jade box has nowhere to escape!"

Someone suggested.

"Okay! I don't have any opinion, wait for this jade box, and compete with it!"

Others spoke.

Everyone had no opinion, their body flickered, and they were in various directions.

A total of 13 people!

Originally, the leaders of the 13 top sect gates, plus Lu Ming, had a total of 14 people, but the young green robe was killed by Lu Ming, and now there are 13 people left.

Buzz! Buzz! Buzz!

Among the thirteen people, there was a field blooming and expanding rapidly, slowly covering the entire stone chamber.

The jade box, the scope of activity is getting smaller and smaller, and finally, it has to be shrouded by the field.

"Haha, it's mine!"

A young man was overjoyed, it was Shi Tian, and finally the jade box was enveloped by his field.

"Come here!"

Shi Tian shouted, and the field shrank sharply.

The jade box glowed and wanted to run away, and then with a bang, the jade box exploded, and the contents inside revealed the true face of Lushan.

That was actually a panacea. On it, the light was shining brightly, and a vision emerged, lingering on the breath of the avenue.

Everyone's eyes widened when they saw this immortality.

"Bao Shengdan, is Bao Shengdan, this is the one!"

Mo He shouted first.

Others also showed a blazing glow.

It is actually a broken Shengdan!

Even Lu Ming's heart was fiery.

Breaking the Holy Pill, can help people break through the state of Wu Sheng.

It is extremely difficult for the Emperor Wu to break the Wusheng!

Yuan Lu, the emperor of Wu Emperor's Peak, is as rich as a cow's hair, such as the 13 top ancestors of Cangzhou, and there are also many powerful emperors of Emperor Wu Emperor's Peak, but Wu Sheng is indeed very rare.

Wu Sheng, on Yuanlu, is considered a master.

However, even top arrogances such as Shi Tian and He Yu are not sure that they can break through Wu Sheng.

In history, I don't know how many brilliant geniuses were trained to reach the peak of Wuhuang very early, but they could not break through Wusheng for a long time.

Breaking Shengdan can increase the probability of breaking into Wusheng by 30%.

Thirty percent, this probability is already very scary, and will allow countless powerful players to break their heads.

In particular, if these arrogances increase by 30%, they will have great assurance that they will be able to enter Wusheng in the future.

"Don't think about it, breaking Shengdan, just in my field, and I have a destiny!"

Shi Tian shouted, the field contracted, and wanted to capture Po Shengdan in his hands.

However, if there is spirituality, the broken Shengdan, under a tremor, actually broke through Shi Tian's realm, leaving Shi Tian's control.

"its mine!"

The others flew up and rushed towards Po Shengdan.

Various rays of light condensed out a big hand, grabbing towards Po Shengdan.

But Po Shengdan, emitting radiant light, flew by, and broke those big hands to make them empty.

Uh!

Lu Ming cast a wind elemental technique, a black wings behind him, as fast as lightning, pounced on Po Shengdan, and appeared moments away from Po Shengdan.

With a deep exploration, a palm was condensed in the chaotic realm, and it was grabbed towards Po Shengdan.
