

D Emperor 1441

Chapter 1441: Po Shengsheng

But beyond Lu Ming's expectations, although Po Shengdan was blocked for a moment, it was only for a moment. Po Shengdan broke through Lu Ming's condensed hand and rushed past.

Even the big hands condensed in the realm of chaos can't stop Po Shengdan.

"My level of chaotic realm is still too low!"

Lu Ming moved.

He knew that it was not that the chaotic realm was useless, but that his chaotic realm level was too low to be a first-level realm, so he couldn't stop breaking Shengdan.

Then, other people shot, but did not win Po Shengdan.

Suddenly, Lu Ming thought, and bubbles and Dandan appeared on Lu Ming's shoulder.

The two guys are still hiccupping and spraying medicine in their mouths.

"Is there another elixir?"

As soon as they appeared, a pair of eyes dribbled.

"Dan Dan, Bubble, help me get that Po Sheng Dan!"

Lu Ming voiced Dan Dan and Bubble.

Tweet...

As soon as Lu Ming's voice fell, a pair of paws with bubbles bubbled out.

The space, like the waves, rises up in the wave of bubbles.

when!

Po Shengdan was flying, but suddenly it seemed to hit the hard wall, making a thud.

The space was frozen by bubbles.

Lu Ming was very happy in his heart. Bubble is indeed a space-time spirit mouse, controlling time and space. Even in Yuanlu, the space is extremely stable, but the bubble can still control the space.

Bubble claws waved, and space was manipulated to form a space box, which contained Po Shengdan inside.

Lu Ming, showing his body, rushed past.

"Stop him!"

Wang Xiao shouted, and a swordman chopped off to the landing.

Lu Ming's eyes were cold, and he waved his hand, defeating Jianmang, and the eyebrow mountain and river map appeared.

But at this moment, Po Shengsheng's light was vigorous, and the light was like a sword. It burst the space formed by the bubbles and solidified, and then rushed to the side of the stone room like a lightning.

Beside the stone chamber, there is a passage, and Po Shengdan rushed directly into the passage.

"Where to go!"

Lu Ming performed Feng Yuanshu, and under the black wings, he was like an electric figure and flew towards the passage.

"chase!"

In the rear, others also chased toward the channel.

"Dan Dan, block them!"

Lu Ming sent a voice to Dandan.

"Leave it to me!"

Dan Dan grinned.

Uh!

When Lu Ming rushed into the passage, he opened his mouth once, and a light flashed out, a shield condensed out, blocking the passage opening.

The first one rushed to Shi Tian. He punched on the shield with a thud, but the shield stayed still.

"Damn!"

Shi Tian roared.

Then, others rushed and attacked one another, but bombarded the turtle shell shield for a while, and it was difficult to break the shield.

During this period of time, I swallowed too much elixir, as well as several previous semi-holy remedies. The injury has already recovered, and even advanced. The turtle shell shield he condensed with all his strength was not so easy to break.

"Damn, that's the core of it. Break the shell!"

"Joint shot!"

Anxious sounds sounded, Shi Tian, Wang Xiao and others attacked together, the turtle shell shield vibrated, and they would be broken by them in a short time.

However, it was enough for Lu Ming to stop for a while.

After Lu Ming rushed into the passage, his figure kept nonstop and chased toward Po Shengdan quickly.

Tweet...

Bubble yelled, and suddenly flew out of Lu Ming's shoulder, a mouth, a transparent bubble, suddenly appeared, enveloped Po Shengdan.

Broken Shengdan shines and wants to shock, but for a while, it can't be rushed.

This transparent bubble contains not only the realm of space, but also the realm of time.

Then, the bubble flew over, swallowed the transparent bubble into the mouth, and the fluffy body flashed back to Lu Ming's shoulder.

Then opened his mouth cleverly, the broken Sheng Dan flew out.

Lu Ming grabbed Po Shengdan in his hand.

"Lu Ming, I will seal it!"

Dandan opened his mouth and then waved his claws, dense inscriptions emerged, wrapping Po Shengdan to form a large array of seals, which not only prevented Po Shengdan flying around, but also prevented the loss of medicine.

"Broken Pill!"

Lu Ming smiled, took out a jade box, put Po Shengdan into it, and put it in a storage ring.

The Broth Saint Pill, but its pricelessness, is for those who are trapped at the peak of the Emperor Wu, but difficult to break through, more precious than any kind of holy soldier. Those people, even if they are ruined, are willing to buy a Broth Saint Pill.

Of course, Lu Ming did not intend to take it out and sell it. Such a thing, staying on the body, will eventually be of great use.

After putting away the broken Shengdan, Lu Ming looked forward.

In front of the passage, there seemed to be a slight light.

"It should be close to the core of the emperor's bedroom!"

With a move in Lu Ming's heart, he stepped forward, and as for Dandan and Bubble, he returned to Shanhetu and continued to digest the medicine.

There is not much distance to the entrance of the passage, but the wonderful thing is that looking out from the entrance of the passage, it looks like a starry sky outside.

And that bright light is what the starry sky shines in.

"Outside the passage, is it really the starry sky?"

Lu Ming murmured, pondered for a moment, stepped out, and went out.

When Lu Ming stepped out of the passageway, he felt the space turn, and the next moment, he found that he came into a starry sky.

It's real starry sky, up and down, left and right, there are little stars, he is suspended in the starry sky.

"That is..."

At the next moment, Lu Ming's eyes widened in shock.

In the starry sky ahead, there are two giants.

One of them is a huge goshawk.

This goshawk is so huge and so majestic that it covers the sky and the sky, as if it were bigger than the stars.

A pair of huge eyes, looking forward to landing Ming.

Live!

This huge eagle is actually alive.

Opposite the goshawk, there is a figure, this figure is also huge, like a giant in the sky.

However, this figure, unable to see clearly, was shrouded in a layer of black light, twisted in the starry sky, and looked very strange.

This huge figure seems to be looking at Lu Ming.

However, Lu Ming found that whether it was a goshawk or a huge figure, it seemed that they were injured and seriously injured.

The goshawk flew without wings, with multiple wounds, some wounds, and even blood.

The huge eyes are very bright, but it looks a little godless, very strange feeling.

And that huge figure was not much better, with one leg missing, claw marks on his body, and even a large transparent hole in the chest.

"Hahaha, Cang Emperor, it seems that in the end you still lost. You have fought against me for 60,000 years. Gouyan panted. After all, the old man is a little better. You will eventually be buried here!"

At this moment, the huge figure laughed.

Laughter burst like thunder, roaring between heaven and earth.

Chapter 1442: Emperor Cang is not dead

In Lu Ming's mind, there was also a roar.

Lu Ming was dumbfounded, somewhat incredible.

Emperor Cang?

That figure shouted Cang Emperor.

Could it be that the huge eagle in front is the Cang Emperor?

According to legend, Cang Emperor, the body is a hawk.

Emperor Cang is not dead yet!

At this moment, Lu Ming was shocked.

Emperor Cang disappeared for 60,000 years, but he was not dead. Now, Lu Ming has seen it with his own eyes.

Well, that huge figure is obviously an emperor.

"Soul Extermination King, even if I die, I will pull you back!"

There was a voice in the goshawk's mouth.

"Hahaha, hold my back and dream. Now in this mysterious environment, so many people come in. They are competing with each other, killing, how much wrong soul, how fierce anger, how much soul qi, I have absorbed these soul qi, has recovered A little, even a little, is enough to suppress you. Plus, some young arrogances who are coming here, as long as I devour and refine their flesh and blood, my vitality can recover a little bit, Cang Emperor, then , Your death time!"

"Cang Emperor, 60,000 years ago, I prepared a tomb for you. Even if you resisted and resisted 60,000 years against me, what use is it? The result is destined to be on my side!"

The huge figure laughed.

But at this time, Lu Ming's mind, but countless ideas emerged.

Through the dialogue between Cang Emperor and the figure, Lu Ming's many doubts were solved.

According to legend, the Emperor Cang suddenly disappeared 60,000 years ago.

Now it seems that the Cang Emperor was met with a strong enemy, and fought against the strong enemy, and finally fought against the strong enemy for 60,000 years.

Among the Cang Emperor's men, most of the bones discovered by Lu Ming were mostly killed by strong enemies.

This adversary, also the Great Emperor, was so powerful that he fought against the Emperor Cang, and suffered two defeats in the end.

But what shocked Lu Ming was that the Cang Emperor and the huge figure, both injured and defeated, were still fighting against each other. This competition was 60,000 years.

The power of the emperor is really incredible.

But now, Lu Ming's intrusion seems to have broken the deadlock.

"prior to..."

Lu Ming raised his eyebrows suddenly.

Before, in the stone room where the black wings were obtained, there was a goshawk condensing out, preventing him from moving forward, it should have been condensed by the Cang Emperor.

The black shadow behind, fighting with the Cang Emperor, should be the huge figure in front of him, the Soul Extinction King.

The Emperor Cang did not want Lu Ming to continue to move forward, but the Soul Destruction King wanted Lu Ming to move forward because they wanted to refine Lu Ming's flesh and blood.

Many thoughts suddenly appeared in Lu Ming's mind.

At this moment, the huge black shadow looked at Lu Ming again, and a huge voice came out: "Why are you alone? Well, I refined you first, waiting for others..."

After all, a huge, huge hand caught Ming Ming.

"escape!"

Lu Ming didn't want to think, turned and ran.

However, the big hand, covering the sky and the sun, was too huge, and the breath filled with it was terrifying. In an instant, Lu Ming seemed to explode his body.

The chaotic realm covered the whole body and kept shaking. In the body, Longyin bursts and Lu Ming appeared on the body.

"Chaotic realm, actually chaotic realm!"

The voice of Soul Extinguisher sounded, full of shock.

"In the realm of chaos, such arrogance should be destroyed!"

The sound of Soul Destruction King is full of murderous opportunities.

"Don't think about it!"

There was a long cry, and a huge wing swept out, as if to split the entire starry sky, on the huge palm, and crush the huge palm.

"Cang Emperor, you are looking for death!"

The Soul Extinguishing King's body was full of light, like a deity, and was slain towards the Cang Emperor.

The Emperor Cang made a long whistle and fought against the Soul Exterminator

The two are fighting in the starry sky. That kind of scene is too terrifying, but the stars will die and the sky will be broken.

The Emperor Cang and the Soul Extinction King are far away from Lu Ming, but the breath of war makes Lu Ming hard to breathe and extremely depressed.

"Emperor, this is the emperor, too strong, the emperor is like a ant in front of him, no, the saints are all ants!"

Lu Ming muttered to himself, his body receded quickly.

This starry sky has no way up or down, and there is no way out at all, and the passage just now cannot be seen.

Lu Ming can only back away and try to stay away from the two emperors.

"Little guy, since you came in here, then your result is destined to be my nourishment!"

The sound of Soul Extinguishing King sounded, and a black light traversed the boundless starry sky and shot towards Lu Ming.

At this moment, Lu Ming seemed to be fixed, and his body could not move.

Tweet...

At this moment, bubbles appeared, tweeting, two claws waving at a high speed, the space around Lu Ming sounded a clicking sound, Lu Ming felt a loose body, the body could move again, a black feather wing, and a brow The energy of Ding Fengzhu madly poured into Lu Ming's body, and Lu Ming's figure drove back crazy.

Even in the face of the emperor, Lu Ming will not be put to death, even if the chance of survival is small, he will have to fight for it.

"One of the top ten, the space-time spirit rat, is still alive, and it should be killed!"

The killing opportunity of Soul Extermination King is extremely strong.

"Don't think about it!"

The Emperor Cang shouted, his mouth spit out, and a ray of light burst out, blocking the ray that the Soul Extermination King shot at Lu Ming.

"Cang Emperor, you can't stop it. Even if you don't kill you today, you'll have to kill the boy who understands the realm of chaos, and the space-time spirit rat!"

The voice of the King of Soul Extinction contains endless killing opportunities.

At this moment, there were at least a dozen dark black rays that shot towards Lu Ming.

"so much?"

Lu Ming's pupils contracted sharply.

Although Emperor Cang and the Soul Exterminator were seriously injured and had fought each other for 60,000 years, they had been extremely weak, but for Lu Ming, it was still a terrifying existence and could easily wipe out his existence.

The Emperor Cang shouted, his wings fluttered, and dozens of feathers flew out, like dozens of Excaliburs, blocking the dark light.

But after all, the Soul Extinction King is now even better. There is still a dark light, avoiding the Cang Emperor's attack, and blasting towards the landing.

Tweet...

The bubble yelled, spit out a mouthful, a transparent bubble suddenly appeared in front, covering the dark light, hoping to block it.

But the dark light flew over, and the transparent bubbles broke directly.

Although the bubble is a space-time spirit rat, mastering time and space, but cultivation is too far away from the other party, it is useless.

Wu Guang kept shooting at Lu Ming.

At this moment, Lu Ming seemed to have frozen all his blood, and his body was difficult to move.

"Could I die here?"

An idea came to Lu Ming's mind.

The great emperor is really too strong. The pinnacle of the world, such as the master of the world, Lu Ming has no chance to face such a strong man.

How can he not be reconciled, but the gap is too big and ridiculous!

Chapter 1443: Lightning suppression

Seeing that the dark light was about to hit Lu Ming's brow.

Buzz!

At this moment, Lu Ming's brow glowed, and Lei Ding rushed out.

As soon as Lei Ding came out, he turned into a gigantic size, blocking Lu Ming.

Boom!

The dark light, bombarded on the Lei Ding, Lei Ding's violent shaking, the thunder was shining in the sky, after all, the black light was wiped out.

"Supreme Holy Soldier!"

Soul Exterminator, a roar.

"Okay, the Thunder sacred soldiers just happened to restrain your Soul Destroyer, it seems that God doesn't bless you. In your current state, the Thunder sacred soldiers are enough to deal with you!"

Cang Emperor's surprise sounded.

At the same time, the voice of the Cang Emperor sounded in Lu Ming's mind: "Little fellow, the Holy Knights, lend me a favor!"

"it is good!"

Without any hesitation, Lu Ming thought, Lei Ding flew towards the front.

Cang Emperor waved a wing, Lei Ding flew to Cang Emperor at a rapid speed, and, in a rapid increase, finally, almost became as big as Cang Emperor's body, on which, endless lightning flashed, exuding terrible incomparable breath.

"Is this the real power of Leiding?"

Lu Ming's eyes widened.

He now knows that Lei Ding is the Most Holy Soldier.

In the past, in Lu Ming's hands, the power he exerted was simply a singularity. Lu Ming's cultivation behavior could not exert much of the power of Lei Ding.

But now Lei Ding has reached the hands of Cang Emperor, it is completely different, and the power has completely exploded, which is astonishing.

The huge and thundering Lei Ding suppressed the Soul Extermination King, and countless thunderbolts that were as thick as mountains continued to bombard the Soul Extermination King.

The Soul Extermination King roared, and the black light on him shook and twisted, and even made a sneering noise, and a black smoke rose.

The exercises he practiced were just restrained by lightning.

However, with his cultivation practice, if he was in the heyday, he wouldn't take Lei Ding into his eyes.

But now, he is extremely weak, and Lei Ding's threat to him is great, and still under the control of Cang Emperor.

boom! boom!

Lei Ding slowly suppressed, and infinite Lei Ding completely overwhelmed the Soul Extinguishing King.

"Cang Emperor, you can't kill me, you can't kill me with one of the most holy soldiers!"

Soul Extermination King roared.

"Just temporarily suppress you!"

The Emperor Cang's voice sounded.

Then a voice sounded in Lu Ming's ear: "Little fellow, this Lei Ding, can't afford you for the time being, but as compensation, my storage ring is for you!"

call out!

A flash of light shattered the void and appeared in front of Lu Ming in an instant.

This is a storage ring, Cang Emperor's storage ring.

Lu Ming's heart suddenly thumped.

Grasp the storage ring.

"Little guy, I'm going to take the Soul Destroyer, leave here, borrow the power of the void, and suppress him. You must leave quickly!"

Cang Emperor's voice rose again, and then Lu Ming felt a powerful force pull, and Lu Ming disappeared from the starry sky.

The next moment, Lu Ming appeared in a void.

"I am coming out!"

Lu Ming looked at the huge eagle in front of him, that was the palace of Cang Emperor, and he withdrew from it.

At this moment, the sky around Lu Ming was filled with waves, and a figure appeared in the sky.

All the people who entered the Cang Emperor's bedroom were sent out.

Including Shi Tian, Wang Xiao and others.

"Damn, what's going on?"

Wang Xiao roared.

They were blocked by the once-condensed turtle shell shield and struck hard, they would have been smashed soon, but at this time, they were inexplicably sent out.

The same is true of others, some are noisy, and some people are even about to get a treasure, and are suddenly sent out, extremely angry and extremely unwilling.

Quack!

At this time, the Cang Emperor's bedroom made a long croak, and then, in the eyes of everyone's shock, fluttered its wings and flew towards the depths of the sky.

Rumble!

Deep in the sky, the space splits, and the Emperor Cang's bedroom flew into it and disappeared.

"How is this going?"

"Cang Emperor's bedroom, why flew away suddenly?"

"No, my treasure!"

At the scene, there was a lot of noise, some people roared, some people were uncertain.

"Lu Ming, is it because of you?"

Suddenly, a sound rang out throughout the audience, causing many people to calm down and looked at Lu Ming with involuntary gaze.

"Wang Xiao!"

Lu Ming looked cold and looked at Wang Xiao.

The person who shouted just now is Wang Xiao.

"Lu Ming, before, you blocked us by vile means. Only you entered the core of the Cang Emperor's palace. Soon after you entered, we were sent out, and the Cang Emperor's palace flew away automatically. It must be because of you!"

Wang Xiao spoke coldly.

"What? Only Lu Ming entered the core of the palace. He actually entered the core of the Cang Emperor's bedroom?"

Many people looked at Lu Ming, showing surprise and thought.

"Yes, Lu Ming, did you get the Cang Emperor's heritage, so the Cang Emperor's palace flew away?"

Shi Tian came out step by step, his body filled with divine radiance, and he spoke indifferently.

This remark made most people's eyes radiate a hot light and stare at them with a stern sight.

The inheritance of the emperor!

At the thought of these four words, everyone's psychology is fiery.

"I didn't get Cang Emperor inheritance!"

Lu Ming explained.

"Haha, who believes? Lu Ming, you must have inherited the Cang Emperor. Now, hand over the Cang Emperor's inheritance. You alone want to swallow, impossible!"

Wang Xiao spoke.

"Yes, the inheritance of the emperor, you can't swallow it alone!"

Shi Tian followed.

"Yes, hand over the heritage, otherwise, today is your death!"

"It's better to search his storage ring and his soul, everything is clear, lest he hide it!"

"Correct!"

Others also screamed, staring coldly at the landing sounds, slowly forming a circle, surrounding Lu Ming in the middle.

"What are you going to do? Do you lie to me in Dragon Valley? Nobody? Brothers and sisters, help Lu Ming!"

Among the crowd, Qiu Yingying cried.

"Yes, brothers, let's help Lu Ming and get out of the encirclement!"

Ruan Tian helped.

"Oh, ridiculous, this is Lu Ming's "private" resentment with other sects. The disciples of Longshen Valley listened. No one can help Lu Ming, otherwise, because private grievance offended other sects, let Longshen Valley and other sects. Doors are evil, this sin, you bear it!"

Yinfeng shouted, and his voice spread far.

When he learned that Lu Ming actually entered the core of Cang Emperor, he was so jealous in his heart that he wanted Lu Ming to die.

"Yes, disciples of Longshen Valley, don't move!"

He Yu opened his mouth, moved his body, and had a strong breath, locking Qiu Yingying, Qiu Hao, Ruan Tian and others.

"You...you are mean, the elders said, want us to unite with each other!"

Qiu Yingying shouted.

"To shut up!"

He Yu drank coldly and had a strong breath, pressing on Qiu Yingying, making her breathless.

Chapter 1444: Kill

"Yingying, you don't need to say more, these clowns who jump on the beams, why can't you do me!"

Lu Ming spoke, and the voice came out.

"Arrogant, boy, quickly hand over the Cang Emperor's heritage, otherwise, you will die without a whole body!"

"hurry up!"

All around, young people stared at Naruto with greedy eyes.

"I said, I didn't get the Cang Emperor's heritage, and I remind you that if you want to get started, you must be prepared to be killed!"

Lu Ming opened his eyes, flashing cold indifference.

"Ridiculous, so many of us, see who killed you?"

Wang Xiao sneered and stepped out. Over his head, a war sword suspended, exuding a terrible breath, but a holy soldier.

On the other side, Shi Tian stepped out, and there was a paladin above his head.

Then, Mo Jie did the same, appearing in another direction.

In addition to the three of them, there were three others, all of whom were leaders of the ranks. They sacrificed the saints and surrounded Lu Ming Tuan.

"Three breaths, Lu Ming, give you three breathing time, no longer hand over the inheritance of the emperor, then you will stay here forever!"

Wang Xiao spoke indifferently.

"One!"

Then, Shi Tian opened his mouth.

On the edge, the other youths watched the landing sounds indifferently, the murders filled, and they were ready to shoot at any time.

"two!"

Then, Shi Tian spoke again.

Uh!

At this moment, Lu Ming's black wings appeared behind him, and under one fan, Lu Ming's figure rose into the sky.

"He wants to escape!"

"Come on!"

The six leaders, Wang Xiao and Shi Tian, responded the fastest and chased to Landing Ming one after another.

But Lu Ming rushed to the midair and stopped suddenly. Then, he changed direction and crossed Shi Tian Six, rushing down.

"Who says I want to escape? Since you are going to kill me, then, kill!"

Lu Ming burst into tears and rushed into the crowd below.

The black feather wings are like two heavenly swords. When they pass by, a dozen young people are cut in two.

A move to kill a dozen people.

"Take shot, take shots together, kill him!"

Someone shouted.

Suddenly, countless attacks attacked the landing.

However, Lu Ming's chaotic realm is pervasive, and black wings cover the chaotic realm, and its power is even more terrifying. After sweeping, some attacks have burst.

Uh!

Lu Ming rushed into the crowd, as if entering a land of no one, the black wings swept out, and more than a dozen people were killed.

call out! call out! call out! ...

Then, on the black wings, the black feathers flew out like a sword, stab in all directions.

Puff puff...

Young people, eyebrows, or Dantian were penetrated.

"Ah, ah, no..."

A scream of sorrow sounded, and in an instant, more than one hundred people died in Lu Ming's hands, **** smell, permeating the earth.

"Lu Ming, you demon, killing innocents indiscriminately, we must get rid of you today!"

Shi Tian shouted, and his eyes were red. Just a half of Lu Ming's killing was a disciple of Tian Shenzong.

"Demon? It's ridiculous to kill innocents indiscriminately. It's your hands to kill me first. I said long ago, if you want to kill me, you must be conscious of being killed. Do you naively think that you want to kill me? , I can't resist yet?"

Lu Ming's indifferent voice sounded, and black wings fluttered, avoiding Shi Tian and other leaders and killing others.

Other young people, even geniuses of the level of congenital spirits, were not Lu Ming's enemies, and each young man screamed and was killed by Lu Ming.

Their attack did not cause any harm to Lu Ming.

The ground was covered with corpses, and soon, hundreds of people died in Lu Ming's hands.

Outside the crowd, Yinfeng and others took a breath.

"This guy is getting more and more terrifying. I must find a chance to kill him!"

Yinfeng thought.

"Go back, you all go back!"

Shi Tian shouted.

Those young people, madly fleeing in all directions, away from Lu Ming, the farther the better.

Six people from Shitian pursue Lu Ming with all their strength.

Uh!

Lu Ming stopped suddenly.

Six people from Shi Tian once again surrounded Lu Ming Tuan group. This time, they concentrated their energy and locked Lu Ming with their breath, fearing that Lu Ming would run away.

"Lu Ming, demons like you, must not stay in the world!"

Shi Tian shouted.

"Hurry up and hand over the inheritance of Cang Emperor, but you can keep your whole body!"

Wang Xiao spoke indifferently.

"Oh, do you really think I will be afraid of you?"

There was a sneer in Lu Ming's mouth.

bump!

Lu Ming stepped forward and walked towards Wang Xiao.

"Shoot together!"

In Wang Xiao's eyes, there was a flash of fear.

He alone dare not face Lu Ming.

"Shoot!"

boom! boom! boom! ...

Shi Tian and others, one after another, inspired the Holy Soldiers. When the might of the Holy Soldiers broke out, they should attack Lu Ming.

Tweet...

At this time, bubbles screamed on Lu Ming's shoulder. Six transparent bubbles suddenly appeared around him, and six people from Shi Tian shone together.

"kill!"

Lu Ming shouted and killed Wang Xiao.

"Space and time!"

Wang Xiao roared, his heart shook, and he desperately urged the Paladin's sword.

call out!

A tremendous sword qi burst out, and the transparent bubble trembled, being chopped off by the sword qi.

The power of the Paladin is extremely powerful. Bubbles trapped six people at the same time, and it was difficult to block them for long.

Others also manipulated the Paladins and broke through transparent bubbles.

But this moment of time was enough for Lu Ming.

"Nine Seals of God's Gate, Seal!"

Lu Ming took a sip, and around Wang Xiao, the five seal gates suddenly appeared, exuding a tremendous glow, and sealed Wang Xiao.

As Lu Ming broke through the Emperor Wu, the mysterious skill of the Nine Seals of God's Gate, Lu Ming also got a breakthrough, and cultivated five seal doors.

The nine gates of the Divine Gate, originally a secret technique used by the emperor, were very powerful. The five seal gates made Wang Xiao sealed at once.

"kill!"

Lu Ming appeared in front of Wang Xiao and punched down towards Wang Xiao.

boom!

The power of one punch made Wang Xiao scared of the tremors.

Buzz!

But it was here that a piece of armor emerged from Wang Xiao's body and enveloped Wang Xiao's entire body.

Boom!

Lu Ming punched on the armor and the armor vibrated. Wang Xiao's whole person was blasted out dozens of miles away and hit a big mountain, vomiting blood.

"Paladin armor!"

Lu Ming moved.

Most of this paladin armor was worn by Wang Xiao before he came in.

Lu Ming lamented that these people are really wealthy, even with armor of the Paladin.

Uh!

Lu Ming moved, rushing towards Wang Xiao.

"Catch up with him!"

"Stop him!"

Shi Tian and others shouted and rushed towards Landing Ming, but their speed was still a bit slower than Lu Ming. As soon as they moved, Lu Ming appeared in front of Wang Xiao.

"Don't think hiding in the turtle shell, I can't help you!"

Lu Ming made a cold voice and stepped on it.

boom!

One foot, stepped on the armor on Wang Xiao's body, the rock on the mountain exploded, and Wang Xiao's entire person was embedded in the rock.

Chapter 1445: Cryptic collapse

"kill!"

At this time, Shi Tian was killed.

"Get out of here!"

Lu Ming grabbed Wang Xiao's foot directly, treated Wang Xiao as a big hammer, and walked towards Shi Tian.

boom!

Shi Tian was hit by Wang Xiao and flew out.

"Ah, Lu Ming, I will kill you!"

Wang Xiao hissed loudly, his blood spouting wildly.

Although he had a Paladin armor to protect him, he would still be penetrated by continuous bombardment, causing him serious injuries.

"nonsense!"

Lu Ming grabbed Wang Xiao's foot and lifted it again, hitting the mountain heavily.

Boom!

The mountain shook, the gravel splashed, the mountain was smashed out of a big pit, Wang Xiao wailed, and another blood spewed out of his mouth.

Just now, it was Wang Xiao and Shi Tian who clamored the most. Lu Ming simply stared at one person and brutally abused him so much that he was afraid.

boom! boom! boom! ...

Then, Lu Ming raised Wang Xiao, facing the mountain, and smashed it crazy.

The mountain peaks shattered, the gravel splashed, and the huge mountain peaks were shattered into pieces.

When Shi Tian, Mo Jie, and others were about to attack, Lu Ming lifted Wang Xiao and blasted past.

Wang Xiao is now covered in armor, like a sledgehammer, and it works very well.

In the distance, the others were stunned.

Wang Xiao, but the leader of Jiuxiao Jianzong who entered the emperor's realm this time, is now so miserable. In Lu Ming's hands, there is no resistance, and he is completely suppressed by Lu Ming, smashing it as a sledgehammer.

Wang Xiao himself has all his heart to die.

His face was completely lost.

Rumble!

At this moment, a sudden change, a violent shaking between heaven and earth.

Moreover, the vibration is getting stronger and stronger, as if the whole world is shaking violently.

boom! boom!

Then, the earth cracked, and inside it, a magnificent magma burst out.

"No, this secret realm is going to collapse!"

One figure after another, rushed into the sky, someone shouted.

"Perhaps it was because the Cang Emperor's palace flew away!"

"What should I do? The secret realm collapses, we all have to die here!"

The scene was noisy and someone shouted in fright.

"Flying upwards, when we first entered this place, it looked like this secret realm, like a bubble, deep in the sky, there must be a margin, flying upwards, rushing out of here!"

"Yes, upward!"

Uh! Uh! ...

A rainbow of light flew towards the deep sky.

Click!

In the sky, the space suddenly cracked, revealing a dark space crack, and several young people screamed and swallowed into the space.

If it is in the Shenxu Continental Group, the cultivation of the Emperor Wu Realm will not matter if it enters the dark void, but here, it is not the same, the space is stable, but correspondingly, there is a space crack, and the power is even more amazing. , A dead end.

"The space is about to crack, be careful of space cracks!"

Someone shouted.

One figure after another flew towards the high speed.

Shi Tian, Mo Jie, and others, at this time, their faces were also very ugly, and they could not deal with Lu Ming, and flew towards the sky, each escaping their lives.

"get out!"

Lu Ming threw Wang Xiao down, facing a fissure in the earth, and threw it into the magma, and then a black feather wing, Lu Ming rose into the sky, a few breaths, Lu Ming appeared in Qiu Yingying, Qiu Hao, Ruan Tian was around.

"I will take you to rush!"

Lu Mingdao, Qiu Yingying and others were enveloped by the chaotic realm, and then the black wings were fanned, rushing into the sky like a lightning bolt.

Rumble!

This world is shaking more and more. Below, the earth is cracking, magma is raging, and there is a doomsday scene.

In the sky, there was a rainbow of light, scrambling, and flew to the sky.

Flying tens of thousands of miles all the way up, they finally saw a light curtain.

"Arrived!"

Someone rushed into the light curtain, the light curtain shuddered and disappeared.

"Really!"

Everyone was overjoyed and rushed into the light curtain.

Lu Ming saw that Mojie, He Yu, Shi Tian, etc. all rushed into the light curtain.

Later, so did others.

"Yingying, you go out first!"

Lu Ming said.

"Lu Ming, what are you doing?"

Qiu Yingying asked.

"Kill someone!"

Lu Ming spoke out indifferently, then waved his hand and sent Qiu Yingying and others into the light curtain, disappeared.

Then, Lu Ming glanced down, looking down.

There, there was a sword light, flying upward at a positive speed.

It is Wang Xiao.

He was beaten to death by Lu Ming, and was thrown into the magma by Lu Ming. If it were not relying on the armor of the Paladin, I would be burned alive.

Finally, he rushed out and escaped to the sky, but in this way, he fell to the end.

A black feather wing, combined with Feng Yuanshu, Lu Ming turned into a black light and flew downward.

"Hurry up!"

Wang Xiao flew with all his strength, and this mysterious environment collapsed more and more. He would be unable to rush out one step further.

At the same time, he kept roaring in his heart, and after planning to go out, how crazy to revenge Lu Ming.

Suddenly, he saw a flash of black light and rushed towards him at a speed.

"Lu Ming, what do you want to do?"

Wang Xiao roared.

"Come to kill you!"

Lu Ming sneered, conquering the heights, Jiulong stepped out step by step, the strength of nine steps merged into one, and turned into a huge footprint, stepping towards Wang Xiao.

Wang Xiao roared, slashed a sword, Jianguang cut on Lu Ming's footprints, the footprints were broken, but his body was slammed down.

Uh!

Lu Ming chased towards Wang Xiao again.

"Lu Ming, you are crazy, you are not dead!"

Wang Xiao shouted in horror.

He had a paladin armor that could block Lu Ming's attack, but if he couldn't rush out before the collapse of the secret realm, then, even with the paladin armor, he would not be able to save his life.

"kill!"

Lu Ming swooped down, his black wings chopped off like a blade.

On Wang Xiao's body, the Paladin's armor surfaced, holding a war sword and slashing towards the landing.

when!

The sword of war was cut on the black wings, and Mars was shining, and the energy was wanton.

Lu Ming's body was slightly blocked, but Wang Xiao's body fell like a cannonball.

Rumble!

At this time, the sky and earth were shaking even more. Above the sky dome, there were more and more space cracks, and the ground below was completely covered by magma.

This mystery will collapse completely at any time.

But Lu Ming did not mean to stop his hand, and continued to rush towards Wang Xiao.

"Crazy, you are a lunatic, stop, stop!"

Wang Xiao hysterically shouted.

At this moment, he was really scared. Lu Ming was a lunatic. In order to kill him, he didn't even need his own life.

In this way, both he and Lu Ming will die here.

Lu Ming died best, but he didn't want to die.

Now, he regretted why he wanted to provoke Lu Ming's perverted, crazy man.

"People, pay for what you do!"

Lu Ming uttered indifferently, black wings fluttered out, and continued to cut towards Wang Xiao.

Chapter 1446: Force Lu Ming

Wang Xiao was mad and wanted to rush into the sky, but Lu Ming's black wings cut off completely blocking his way.

He could only struggle to resist, and the whole person fell down again.

Boom! Boom! ...

Lu Ming swooped down and continued to attack Wang Xiao.

The two are getting farther and farther from the sky dome, and getting closer and closer to the ground.

boom!

Click!

The ground exploded, the magma sky filled, and the hot breath kept pouring in.

In the sky, there are more and more cracks in the space, like a cobweb, covered with sky.

bump!

Some spaces shattered like glass.

The sky is falling!

This mystery is about to be destroyed!

At this moment, other people have rushed out of this place. In this secret area, only Wang Xiao and Lu Ming are left.

"what!"

Wang Xiao shouted, despair revealed in his voice.

Now, even if he wants to rush out, it is very difficult.

"Lu Ming, since you are dying, then die together!"

Wang Xiao roared frantically and attacked the landing.

when!

His magical war sword was slashed on Lu Ming's black wings, and his body trembled and was retreated backward by the power of the chaotic realm above.

"Who is going to die with you!"

Lu Ming spoke indifferently, the black wings spread out, Lu Ming swayed straight up, and immediately flew thousands of miles into the sky.

However, in front, there are densely spaced cracks and nowhere to go.

Tweet...

At this moment, the bubble screamed, and the whole body was filled with milky brilliance. The claws for a while, in front of Lu Ming, there appeared a channel, a space-time channel.

Lu Ming stepped inside and disappeared.

"No, no, take me..."

Seeing this scene, Wang Xiao collapsed completely and flew crazy towards the space-time channel, but the next time, the space-time channel disappeared, and only Wang Xiao shouted unwillingly.

At a height of thousands of miles, Lu Ming appeared, but then, the bubble was reapplied again, opening a space-time channel.

In Yuanlu, with the repair of bubbles, the space-time channel cannot be opened too long, only a few thousand miles at a time, but it is enough.

After so many times, Lu Ming saw the light curtain again and rushed in.

...

Outside the tomb, Lu Ming, the place where they entered, thirteen sect forces, each with a holy realm strongman, with some deacons, waiting quietly.

The tomb has also been suspended in the air quietly.

suddenly...

Behind the tomb, there was a violent roar in the void.

Quack!

Afterwards, they heard a long whistle of the eagle, and the space was shaken erratically, and some places even cracked.

"What is that? A goshawk!"

Someone shouted.

They saw that there was a huge goshawk in that space, swaying straight up and breaking into the void.

"That's not a real goshawk, or a fortress, is it the Cang Emperor's palace?"

"Cang Emperor's bedroom, won't it? Cang Emperor is not dead yet?"

There were sounds.

Thirteen strong men in the Holy Realm have incredible colors in their eyes.

If Cang Emperor is not dead, come back again, I am afraid that Cangzhou will change.

However, the giant goshawk did not break out of the void, but broke the void, looming, and soon disappeared into the depths of the void.

"What happened in Cang Emperor's secret realm?"

They are full of doubts, but they can only wait quietly.

Click!

Soon after, the tombstone of the tomb suddenly opened, and from inside, rushed out a figure.

...

As soon as Lu Ming rushed into the light curtain, the surrounding environment changed, and Lu Ming found that there was a platform in front of it, and many people stood there to watch it.

"Lu Ming!"

"Brother Lu!"

On the platform, Qiu Yingying, Qiu Hao, Ruan Tian and others, stretched their heads to look around and saw Lu Ming, they were overjoyed.

Obviously, they are not assured, waiting here.

Lu Mingfei flew over and nodded to everyone.

boom! boom! ...

In that secret realm, there was a roar of roars.

Looking from here to the secret realm, you can see a huge ball with mountains and lakes vaguely visible in it, but at this time, the mountains and lakes have exploded, and the whole ball is covered with cracks.

In the end, the whole ball exploded, and the area was chaotic.

A mysterious realm bursts, returns to chaos, and sinks into the endless void.

Wang Xiao didn't rush out, absolutely impossible to live.

"Let's go!"

Lu Mingdao, they randomly chose a passage and returned the same way.

Soon after, they returned to the location inside the tomb and found that the gate of the tomb had been opened, and they rushed out.

As soon as I rushed out of the light curtain, I found the air, the figure was actuated, and as long as it was not dead, most of them came out.

The people at the scene took the initiative to be divided into 13 areas, and Lu Ming flew towards the area of Longshen Valley.

"What happened in Cang Emperor's secret realm? Why did it collapse?"

An old voice sounded, and some powerful Sacred Realm could not help asking.

Many people looked at each other, why the Cang Emperor's secret realm collapsed, they did not know.

"One of us must be clear that Lu Ming of the Dragon God Valley, he entered the core of the Cang Emperor's dormitory, and then there were subsequent changes. I speculate that he must have inherited the Cang Emperor!"

In the Tianshenzong area, Shitian spoke first.

"What? Cang Emperor inheritance?"

Many people heard this, and their eyes were fiercely looking towards the Dragon Valley, including some powerful sacred realms.

How attractive is the inheritance of the emperor?

"Who is Lu Ming?"

Tenjin Sect, a strong man stepped out, his body filled with a terrifying breath. This person is the strongest person in the Holy Realm of Tenjin Sect.

"It's him!"

Shi Tian pointed to Lu Ming.

This time, everyone's eyes fell on Lu Ming.

"Can this be true?"

There are other sects of the Holy Realm who speak.

"I can testify that what Shi Tian said is true!"

Tianyu Mozong Mozhe stepped out, looking at Lu Ming, his eyes cold.

"I can also testify! I saw him enter the core of the Cang Emperor's bedroom!"

The genius of another leader came out.

"In this case, then hand over the inheritance of the emperor!"

Tenjinzong Sacred Realm Strong, flashing light in his eyes, staring at the landing sound, striding out in one step, to come to Lu Ming.

boom!

On the Longshen Valley side, Elder Hong stepped out and stood in front of Lu Ming, like a high mountain, blocking the breath of the powerful gods of the Heavenly God Sect.

"Why? Want to protect him, the inheritance of the emperor, is it possible for the Dragon God Valley family to swallow alone?"

Tenjinzong Sacred Realm speaks.

The other sects, there are also strong men of the Holy Realm, who are forcing here.

"I didn't get Cang Emperor inheritance!"

At this moment, Lu Ming spoke, and his voice spread throughout the audience.

"did not receive?"

All the powerful people in the Holy Realm have their eyes fixed.

"Nonsense, many of us saw you entering the core of Cang Emperor's bedroom, do you still want to quibble?"

Shi Tian shouted.

"At this point, I can also testify that Brother Lu Ming has indeed entered the core of the Cang Emperor's bedroom!"

In the area of Longshen Valley, there was a cold and quiet voice.

It is He Yu!

Chapter 1447: Despicable Yinfeng

Lu Ming's eyes were like electricity, and he looked at He Yu.

This person is really despicable, and he is the same sect, but he wants to kill Lu Ming everywhere, and sells Lu Ming directly.

Next to He Yu, Yinfeng sneered.

"Oh, all the disciples of Longshen Valley have spoken, it seems not false!"

Tenjinzong's sacred realm sneered, with stronger momentum.

"I said, I didn't get Cang Emperor inheritance!"

Lu Ming spoke again, glancing at Shi Tian, Mo Jie, He Yu and others.

Speaking of this, Lu Ming rescued them this time. Without Lu Ming, these people entered the core of the Cang Emperor's dormitory, and they must be killed by the Soul Destroyer, refining their flesh and blood, and then everyone will die.

But now, these people have to kill Lu Ming.

These people, Lu Ming will keep in mind one by one, this account, there will always be time in the future.

"Speaking without proof, we have to test!"

Tenjinzong Sacred Realm strongman spoke indifferently.

"If you want to experience it, Tianshen Sect is so overbearing, thinking that I am afraid of Dragon Valley?"

Elder Hong is very strong, with a violent breath, like a real dragon.

The confrontation between the two powerful saints made many young people look pale, as if they were crushed by a big mountain in their hearts.

Lu Ming is better. He has seen the terror of the two great emperors. Although the strong in the Holy Realm has a strong breath, he cannot move his heart.

"Lu Ming, did you really enter the Cang Emperor's palace?"

Elder Hong asked Lu Ming.

Everyone's eyes fell on Lu Ming to see what Lu Ming would answer.

"Yes, I entered the core of Cang Emperor's bedroom!"

Lu Ming nodded.

"It seems that others have not slandered you, you have admitted yourself!"

Tenjinzong Sacred Realm said.

"Entering the core of Cang Emperor's bedroom, it may not have been inherited. Lu Ming, what did you see at the core of Cang Emperor's bedroom? What did you do?"

Elder Hong asked again.

"I saw Emperor Cang!"

Lu Ming spoke.

This remark was undoubtedly a thunder on the ground and exploded in everyone's mind.

Everyone looked at Landing Ming with shock.

Lu Ming saw Cang Emperor?

Is Cang Emperor not dead?

"Cang Emperor, are you still alive?"

Tenjinzong Sacred Realm strong man asked, his voice a little dry.

Lu Ming nodded and said, "Yes, Cang Emperor is still alive!"

Hiss...

A cold breath came out.

Unexpectedly, the Cang Emperor was actually alive, and the world of Cangzhou was really about to change.

"Cang Emperor is alive, why is there no trace in 60,000 years?"

Someone raised a question.

"Yes, Lu Ming, you made it clear, what did you see? What did you get?"

Someone asked.

"The reason why Cang Emperor disappeared for 60,000 years is because he was seriously injured and confronted a great enemy for 60,000 years..."

At the moment, Lu Ming didn't hide it, and told him what he saw.

However, he has one thing, a little change.

In fact, the Soul Extinction King had a slight upper hand, but Lu Ming said that the Cang Emperor and the Soul Extinction King were equivalent. They confronted each other for 60,000 years. Finally, with his Lei Ding, the Cang Emperor completely prevailed and wanted to suppress the Soul Extinction King. .

"The Soul Exterminator, is actually the Soul Exterminator..."

"The Soul Exterminator is still alive?"

The powerful saints at the scene seemed to have heard the name of the Soul Exterminator, and at the same time shocked, they showed a very dignified color.

"It turns out so!"

Many who have not heard the name of the Soul Exterminator are shocked.

They finally knew why the Cang Emperor suddenly disappeared 60,000 years ago. It turned out that he encountered an enemy.

Many young people who have entered the secret realm moved their hearts even more. They thought of seeing a lot of skeletons in the secret realm of the emperor. Obviously, they were all killed by the enemy of the Cang emperor.

"Senior Cang Emperor borrowed my most holy soldier Lei Ding and brought the Soul Destroyer to the infinite void. He said that after the Soul Destroyer was completely suppressed, he would return to Lei Ding, thank you for my help!"

Finally, Lu Ming said.

The meaning of his sentence is very simple. Cang Emperor is still alive, he has not been inherited by Cang Emperor, and he is kind to Cang Emperor. Cang Emperor will come back to find him after suppressing the enemy.

He is borrowing the power of the Cang Emperor to deter other powerful men.

If Lu Ming moved now, Cang Emperor would come back to see how they explained.

"Oh, boy, no need to threaten us with Cang Emperor!"

Tenjinzong Holy Realm strong smiled coldly.

What they said to Lu Ming was naturally impossible to believe.

But, one thing, they can be sure that Cangdi is indeed alive.

Before, they saw the Cang Emperor's palace, and walked away in the broken void. With the cultivation of their holy realm, they could indeed feel a touch of Emperor's breath. At the moment, after Lu Ming said, they were convinced that Cang Emperor was in that palace. inside.

Since the Emperor Cang was not dead, then Lu Ming could not have inherited the Cang Emperor. How could the living emperor pass on the inheritance? They want others to inherit the mantle and just accept the disciples directly.

Lu Ming didn't get Cang Emperor's inheritance, so it won't make sense to win Lu Ming, but instead offended Longshen Valley and could not make it.

A few Holy Realms looked at each other, then shook their heads.

"Come on, since Cang Emperor is not dead, then plan early!"

"Go back and tell the suzerain!"

Some strong men in the Holy Land spoke one after another, and then took the young men of their respective sects, and left.

Tenjinzong Sacred Realm strongman sneered, his eyes flashed a few times, after all, he did not continue to pursue Lu Ming, and turned to leave.

"Brother He Yu, I heard that Lu Ming was in the Emperor's dormitory and beheaded Wu Sandu, who wanted to poison the sect. It seems that my Dragon God Valley is going to have another peerless arrogance!"

At this moment, a sound rang out from the area of Dragon Valley, and the sound was very loud and spread far away.

Yinfeng!

In Lu Ming's eyes, there was a sudden outrage.

Yinfeng, this is to deliberately hurt him!

Wu Sandu is the young man in the green robe who was beheaded by Lu Ming in the Cang Emperor's palace.

Sure enough, the strong man of the Holy Realm who wanted to poison the sect heard the figure, who had turned around and was about to leave, stopped, turned around, and looked at Lu Ming, his body was filled with cold murderous opportunities.

"Boy, it turns out that Wu Sandu died in your hands!"

The strong voice of the venomous sage realm is cold, and a poisonous mist is spreading over his body.

"Hey!"

He Yu and Yin Feng sneered among the crowds in Longshen Valley.

Just now, under that kind of situation, Lu Ming actually escaped. How could they be reconciled, so they deliberately and loudly said that Lu Ming beheaded Wu Sandu.

"I killed it, so what? In the emperor's secret realm, competing with each other, he must kill me first, how can I not kill him?"

Lu Ming shouted.

"Then I will cut you off and avenge him!"

The elders who want to poison Zong shouted, stepped out, the poison gas filled.

Wu Sandu, but the leader of Yuduzong who entered the secret realm of the emperor this time, has a very high talent. He will grow up in the future. It is definitely the top arrogance in Yuzongzong. But now, Lu Ming has been cut off.

Chapter 1448: Seven Dragon Valley

Roar!

Nine days with a dragon chant!

Elder Hong seemed to turn into a tyrannosaurus, with fierce eyes, long hair flying, staring at the strong man of the Holy Realm of the Toxic Sect, saying, "The emperor's secret realm can't help but fight, and seeing treasures will naturally compete with each other. He is good at using drugs. Every ancestor here, some people are estimated to have died in the hands of the drug-destroying sect. Then, do we also need to find your account for the drug-staining sect?"

"The younger generations are fighting and dying in battle. They can only blame him for being incompetent. You are an elder. You have to deal with a younger generation. Do you have a face?"

Elder Hong was very strong and sounded like Hong Zhong.

"you..."

The strongest of the venomous sacred realm looks ugly.

But it is also true that the younger children, fighting each other and dying in battle, can only be said to be incompetent.

If this is the case, the elders will have to intervene, especially those who are strong in the Holy Realm, wouldn't it be a mess, if you kill my younger children, and I kill your younger children, those sects can never develop.

"Well, there are so many arrogances in Dragon Valley, and I want to be a bad sect, let's just wait and see!"

The strong man who wanted to poison the Holy Realm gave Lu Ming a cold look, waved his sleeve, and strode away.

In a blink of an eye, there was no one left for those who wanted to be poisoned.

"Damn, so he escaped!"

Among the crowd, Yinfeng gritted his teeth.

"Fortune-telling is big, enter Dragon Valley, there are ways to let him die!"

He Yu also spoke out indifferently.

Originally, they wanted to get rid of Lu Ming's hands with the desire to poison the Zong strong. Unexpectedly, Elder Hong was so strong that he wanted to protect Lu Ming, and let Lu Ming escape the disaster, making them a little unwilling.

Lu Ming turned around and looked at He Yu and Yin Feng coldly, like two dead people.

These two people, wanting to kill him twice and again, these two people, he will kill!

"Okay, let's go back to Longshen Valley first!"

Elder Hong said, and then sacrificed the battleship, and the people boarded the battleship, and the battleship broke away and flew towards the Dragon Valley.

After a few days, the crowd returned to Dragon Valley.

Outside the Dragon God Valley, the crowd exited the battleship. Elder Hong took them and flew into the Dragon God Valley, flew outside the valley into the snowy mountains inside, and came to a huge palace.

The palace, as if made of white jade, in front of the palace is a huge square, Lu Ming they landed on the square.

When Lu Ming arrived, there were many people around the square. Obviously they had known the news of their return in advance and came to watch.

This time, but entering the secret realm of the emperor naturally attracted many people to come because they were very curious.

"Okay, you have passed the assessment of Dragon Valley, and next, there are two things to do!"

Elder Hong stood at the top and shouted.

The scene was quiet.

"The first thing is to hand over the treasures, cheats, etc. you got from the emperor's secret realm. Of course, these are all your voluntary, you feel useful to yourself, you can stay, if it is not useful to yourself. Yes, you can submit it to Zongmen, Zongmen will compensate you, compensate you for the original stone, or Zongmen contribution point!"

"Zongmen's contribution point is equivalent to a hundred pieces of middle-grade original stone. Zongmen's contribution point can be exchanged for any other treasure in Zongmen Baolong Hall, as long as there is anything in Dragon God Valley!"

Elder Hong announced loudly.

"Zongmen's contribution point can be exchanged for any treasure?"

Lu Ming's eyes lit up, and he moved a little.

The dragon-god warrior he cultivated is now a lower-level spirit body, but he can always be promoted. The treasure needed for promotion is related to the true dragon.

True dragon keel, dragon blood, dragon's pith, etc., can all improve Lu Ming's dragon and **** body.

Of course, this kind of real dragon's treasure must have a real dragon above the martial emperor. This kind of treasure is inexplicable and difficult to encounter from the outside world, but the Dragon God Valley, all the warriors, are awakened to be true Dragon blood veins, living dragon blood veins, there should be treasures about true dragons!

As long as there are, you can use the contribution points to exchange, Lu Ming has begun to think about it, wait for what treasure to hand over.

"The second thing is that you join the Dragon Valley and become an official disciple of Dragon Valley. However, Dragon Valley is divided into seven valleys, namely Ice Dragon Valley, Silver Dragon Valley, Blood Dragon Valley, Red Dragon Valley, and Purple Dragon. Valley, Black Dragon Valley and Yunlong Valley."

"Next, I will briefly talk about the characteristics of the Seven Dragon Valley, the Seven Dragon Valley, you can choose!"

Next, Elder Hong told the characteristics of the Seven Dragon Valleys briefly.

Ice Dragon Valley, the head of the Seven Dragon Valleys, the owner of the Dragon God Valley, is the owner of the Ice Dragon Valley. Among the Seven Dragon Valleys, the strength of the Ice Dragon Valley is also the strongest. Within the Ice Dragon Valley, many people are awakened. Bloodline is the ice dragon bloodline, the spiritual body of cultivation, is the ice dragon war body.

Blood Dragon Valley, bloodthirsty, very good at fighting, the practice is the blood dragon war body.

...

Yunlong Valley, the weakest among the seven dragon valleys, is also the one with the smallest number of people. The whole Yunlong Valley adds up to more than 100 people, and there are no regulations on what dragon body to practice, the most complicated, and any dragon body can be. Join Yunlong Valley.

Yunlong Valley has one characteristic, that is freedom, like cloud, freedom.

"Freedom, such as Yunjuan Yunshu, Yunlong Valley!"

Lu Ming felt a move in his heart and found it interesting.

"Okay, let's hand in the treasure now!"

Elder Hong announced loudly.

Above the square, there is a huge counter with several grey-haired elderly men who are responsible for inspecting treasures and registering information.

On the side, many people looked curiously to see what treasures they could get in the emperor's secret realm.

"I'll come first!"

A strong young man walked up and took out several elixir, a spirit soldier, and that spirit soldier, but the imperial spirit soldier.

"Well, yes, a royal spirit soldier, worth millions of Chinese original stones, or 10,000 gate contribution points, do you need sect gate contribution points, or original stones?"

A white-haired old man asked.

"I need Zongmen to contribute!"

A strong youth.

"Okay, I'll register first, wait for you to join a certain Dragon Valley, and then you will be issued an identity token, and it will be given to you!"

The white-haired old man said.

The strong young man nodded and registered his information.

"Okay, next!"

The white-haired old man said.

Then, some young people stepped forward and handed over the treasures they didn't need.

Of course, some people are more, some are less, and there are all kinds of them.

Regardless of elixir, refining materials, or cheats for exercises, spirit soldiers and soldiers can be turned in. Several white-haired elders will be compensated for the price.

Soon, there were thousands of people handed over, but none of them took out the Paladin.

After all, Paladins are extremely precious and rare.

Even in the emperor's secret realm, not many people get it.

Moreover, even if it is available, most people are reluctant to take it out.

"I'm going!"

Lu Ming smiled and stepped forward to the counter.

With a wave of hands and a clatter, a pile of spirit soldiers appeared on the counter, emitting various precious lights.

"The Emperor Spirit Soldiers are all Emperor Spirit Soldiers, so many?"

Someone hissed.

Chapter 1449: Silver Dragon Valley Master

On the counter, there are at least a dozen royal spirit soldiers.

A few white-haired old men were also slightly stunned.

Lu Ming's face was very calm. He killed many enemies in the emperor's secret realm. These people are arrogant. Many people have a royal spirit soldier on their hands, and there are many royal spirit soldiers on Lu Ming's hand. .

The ones he brought out were of no use to him, what kind of big hammer type, axe type, ring type royal spirit soldier.

These spirit soldiers, staying in Lu Ming's hands, are equivalent to waste copper and rotten iron. It is better to turn over to the Zongmen in exchange for useful resources.

"There are a total of 15 Emperor Spirit Soldiers, worth 15 million middle-grade original stones. Do you want to replace them with original stones or with Zongmen contribution points?"

Asked the gray-haired old man.

"Replace with Zongmen contribution point!"

Lu Ming said.

There are a lot of middle-grade rough stones in the storage rings of those adversaries he killed, enough for Lu Ming to use for a while.

Changed to Zongmen contribution points, but can be exchanged for other treasures at will.

"Okay, we will register. Do you have any treasures to hand in?"

The white-haired old man asked again.

"Have!"

Lu Ming nodded and his palm glowed. This time, two weapons appeared.

One of them is a war sword. When the war sword comes out, there will be a tremendous sword spirit that will break through the sky.

The other one was a slap-sized knife, on which there was a green mist, and a disgusting stench came out, which was shocking.

"Holy soldiers, two holy soldiers!"

Someone exclaimed.

Everyone's eyes fell on the two paladins.

Some people's eyes are very hot.

"Actually a holy soldier, it seems that in the emperor's secret realm, the harvest is really rich!"

"Who is this person? It should have been from a continent, and it was a great chance to get two pieces of Paladins!"

Many people have a lot of discussion and envy.

The emperor's secret realm is inexplicable, but unfortunately, it requires the cultivation of the Emperor Wu below to enter. Most people have exceeded this realm.

Several white-haired old men, their eyes lit up, and now, for the first time, someone took out the Paladin.

"These two are the Ming Shengbing, and their value is one hundred times more precious than that of the Emperor Spirit Soldier. Are you replacing it with a contribution point or a middle grade original stone!"

The white-haired old man took the two sacred soldiers, looked at it carefully, and asked.

"All replaced with contribution points!"

Lu Ming said.

"Okay, two Ming Shengbing, plus 15 Imperial Spirit Soldiers, a total of 2.15 million gate contribution points, do you have anything else to hand in?"

The white-haired old man said nothing, and he hoped to see Lu Ming.

"No more!"

Lu Ming shook his head.

The contribution point of more than 2 million should be enough for a while.

"Right, Lu Ming, you should get more than these treasures, right?"

At this time, a cold and quiet voice sounded.

No need to look, Lu Ming heard Yinfeng's voice.

Lu Ming glanced indifferently at Yinfeng and said, "I don't need to turn it in!"

"None? Who are you? What about your wing-shaped paladin? Are there other treasures? You should not be too small. Why shouldn't you take them out and turn them in?"

Yinfeng sneered.

"I have other treasures, but I used them myself. Elder Hong also said before, I used them, but I can keep them. If you use the treasure you used, would you turn it in?"

Lu Ming asked with a sneer.

"Of course I will. I will be my sect!"

Yinfeng Road.

"Oh, I have forgotten that no waste like yours can get any treasures, so naturally willing to hand it in!"

Lu Ming disdain.

"You... who do you say is waste?"

Yinfeng was furious.

"Aren't you? Do you want to fight me to prove that you are not a waste?"

Lu Ming said.

"me.."

Yinfeng couldn't say anything. Lu Ming's combat power, he was very clear and extremely terrifying. If it was really a war, he could only be abused by Lu Ming.

"Don't dare to fight a battle, isn't it waste?"

Lu Ming said disdainfully.

Yin Fengqi's whole body trembled, but he could not refute.

"Lu Ming, don't say anything else, I remember you got a Po Shengdan, you can't use it now, why don't you turn it in?"

At this time, He Yu spoke coldly at the edge of Yinfeng, and his voice spread throughout the audience.

"What? Po Shengdan?"

At this moment, the audience suddenly became extremely quiet, countless eyes, and staring at the land, and many people showed a hot glow.

Po Shengdan, Lu Ming, actually got a Po Shengdan.

Huh...

Some people's breathing is even heavy.

There are many people around the square, many of whom are all at the peak of Emperor Wu, but they are stuck at the peak of Emperor Wu.

Some people, even Shou Yuan will be exhausted, and breaking Sheng Dan will be too tempting for them.

If it is not Dragon Valley, there are strong people in the Holy Land sitting in town, some people have already robbed.

Lu Ming frowned, and He Yu's move was extremely sinister.

Po Shengdan, if he does not turn in, then there are countless pairs of eyes in the Dragon Valley, staring at him. In the future, unless Ming Ming does not want to walk out of the Dragon Valley, otherwise, who knows if anyone will start secretly.

This trick is ruthless!

"Lu Ming, you actually have a broken Saint Pill, but you haven't handed it over and contributed to the sect. You can't use such treasures now, and, maybe you will die when such treasures, Isn't it a waste!"

Yinfeng shouted.

Lu Ming's eyes flashed, and then he was too lazy to ignore Yinfeng and He Yu, and bowed to a few white-haired old men: "Senior, I don't have anything to turn in, can I register?"

"Yes, you can register!"

The white-haired old man said.

Lu Ming nodded and was about to register.

"Slow down!"

At this moment, a voice came from a distance, and then, in the sky, an old man wearing a silver robe suddenly appeared.

Elder Hong, several white-haired old men saw this silver robe old man's complexion, and they stood up and bowed to salute, saying: "Have seen Lord Yinlong Gu!"

Around the square, many people also saluted.

"What? Lord Silver Dragon? Lord Silver Dragon in one of the seven valleys?"

In the middle of the square, these young people who have not officially become disciples of Dragon Valley are shocked.

The Seven Dragon Valley Valley Masters, who are big figures, stand at the peak of the Dragon Valley, even in the vast Cangzhou, are top figures.

Now, the Silver Dragon Valley Master, one of the Seven Dragon Valley Valley Masters, has actually come.

"grandfather!"

Seeing the owner of Yinlong Valley, Yinfeng cried in surprise, which made many people take a breath.

The grandfather of Yinfeng is actually the owner of Yinlong Valley.

Lu Ming's brows were also frowned. Yinfeng's backstage exceeded his imagination.

"Ok!"

Lord Yinlonggu landed and nodded, "What happened just now?"

"It's him, the kid from the wild island. In the emperor's secret realm, he got the treasure. He actually wanted to swallow it and break the treasures such as Holy Dana. He can't use it now!"

Yinfeng pointed to the landing tweet.

Chapter 1450: Ichigaya Lord

"Moreover, this person is the only one who entered the core of Cang Emperor's dormitory. I suspect that he got the treasure of Cang Emperor, or the inheritance of Cang Emperor!"

He Yu was on the side, adding oil and vinegar.

"What? Cang Emperor inheritance!"

At this point, it seemed like a bombshell that made the scene explode.

Countless people watched Landing in shock.

Even the Lord of Silver Dragon Valley, his eyes showed a fiery glow.

If it is said that breaking the Saint Pill is just to make many strong emperors at the peak of the Emperor Wu, the treasures and inheritance of the Cang Emperor, even the characters such as the Lord of the Silver Dragon Valley, are very excited.

"I said long ago that I didn't get the Cang Emperor's inheritance. This was proved a few days ago in front of the strongmen of the great schools, and Elder Hong is here, which can prove what I said!"

Lu Ming said.

"Yes, Lu Ming has indeed not been inherited by Cang Emperor!"

Elder Hong said.

"The Cang Emperor's heritage, how important it is, I propose to let Lu Ming hand over all the things, let us check, and, finally, search his soul, so that we can be foolproof!"

Yinfeng shouted loudly, and a gloomy color flashed in his eyes.

"Hahaha!"

At this time, Lu Ming laughed and said, "I have already said that it has not been passed down, and Elder Hong has also proved it, and it has also been explained in advance that those who enter the emperor's secret realm can obtain treasures and can turn them in freely. Now I have to persecute me like this. Isn't Dragon's Valley treating disciples like this, it is really chilling!"

"presumptuous!"

Lord Yin Longgu, with a cold drink, his eyes cooled down and said, "Every little reserve disciple, dare to arbitrarily talk about the Dragon and God Valley, be bold and generous, Feng'er is right, I really want to search your soul, confirm it. .."

Yin Longgu said, stepping forward, an air machine locked Lu Ming, Lu Ming found that his body could not move at all, it seemed to be fixed.

"Yinzheng, you are old and you are the master of a valley. Isn't it embarrassing to treat a younger person like this?"

Just then, between heaven and earth, there was a gentle voice.

When the sound rang, Lu Ming suddenly felt his body loose and regained his freedom.

Many people were shocked. Who dare to speak to the Lord of Silver Dragon in this way?

Master Yinlonggu frowned, looking at the sky.

In the sky, two figures came out of the sky.

An old man with a gentle smile on his face followed a middle-aged man behind the old man.

"Senior Long Yuanshan!"

Lu Ming moved.

The middle-aged man who followed the old man was Long Yuanshan.

"Have seen Lord Yunlong Valley!"

Many people saw this old man and saluted one after another.

"Master Yunlong Valley!"

With a move in Lu Ming's heart, another valley owner came.

Lord Yinlonggu stared at Lord Yunlonggu and said, "Why? Do you want to do more business?"

"What do you mean by meddling? This little guy is right. How can I treat disciples like this? I don't turn in, it's his freedom. To be honest, don't say that this little guy hasn't been inherited by Cang Emperor. , Even if he has inherited the Cang Emperor's inheritance, whether or not to pay, he will follow his own, my Dragon God Valley, as long as he is guaranteed to grow up!"

Yunlong Valley Master said lightly.

"If I forcibly search the soul?"

Main Road of Silver Dragon Valley.

"You can try!"

Yunlong Valley Master, a flash of sharpness flashed in his eyes, and there was a mysterious breath filled his body.

Lord Yinlonggu looked at Lord Yunlonggu with a dignified, half-sounding look. He looked at Elder Hong and asked, "Elder Hong, you are sure, this kid, has not been inherited by Cang Emperor!"

"He can't get it, because Cang Emperor is not dead!"

Elder Hong said.

"what?"

Lord Silver Dragon was shocked.

Not only him, but all the people in the audience were shocked.

Cang Emperor is not dead. These four words are too shocking and can explain everything.

After a while, the scene slowly quieted down.

"continue!"

At this moment, Lord Silver Dragon Valley waved his hand and walked down to a chair to sit down.

"You guys continue!"

Lord Yunlong Valley also sat down beside him.

"Little guy, register now!"

The white-haired old man said to Lu Ming.

Lu Ming nodded, registered his information, and then stepped down.

Then, an individual went up and turned in the treasure.

In this way, two days and two nights passed, and the item of turning in the treasures was all over.

Next is the second item, choose the seven dragon valleys to join.

In each Dragon Valley, an elder came and placed a counter above the square.

"Here, every elder represents a dragon valley, and whichever one you want to join, come forward to sign up!"

Elder Hong pointed to the seven counters.

The seven counters, each with a sign, indicate different dragon valleys.

However, Silver Dragon Valley and Yunlong Valley are special.

The other dragon valleys are all elders. Only the two dragon valleys come from the owner.

"I join Ice Dragon Valley!"

Someone stepped forward to the Ice Dragon Valley.

"Let me see your spirit!"

The Elder Road in Ice Dragon Valley.

The young man's body was filled with ice and cold breath, and there was a faint voice from Long Yin.

"Well, it's the Ice Dragon Warfare, you can join!"

The elder of Binglonggu nodded and registered the young man's information.

"Senior, I join the Purple Dragon Valley!"

"I join Black Dragon Valley!"

One by one, the young people stepped forward and selected the Dragon Valley to join.

Yinfeng, naturally joined the Silver Dragon Valley.

And He Yu joined the Blood Dragon Valley.

"Senior, I want to join Yunlong Valley!"

A young man walked in front of Yunlong Valley Master and respectfully said.

Unexpectedly, the owner of Yunlong Valley shook his head and said: "You are not suitable for Yunlong Valley, go!"

Ok?

This makes many people stunned, Yunlong Valley, do not accept!

Other dragon valleys will be collected as long as the spirit is suitable.

Because these young people have already tested their talents, they are all very good, and they are fully qualified to join Dragon Valley, but Yunlong Valley does not accept it!

"Hey, don't you know, Yunlong Valley has a total of more than 100 people, and the strength is the weakest in Qilonglong Valley, and the least natural is to join, and there is one more point. The owner of Yunlong Valley is very strange. The average person does not accept at all. , It's totally up to the mood!"

Some local disciples explained.

"Depending on the mood?"

Many people are speechless.

Sure enough, next few people wanted to join Yunlong Valley, but they were rejected by the owner of Yunlong Valley.

"Lu Ming, which Dragon Valley do you want to join?"

Qiu Yingying asked.

"I don't know yet!"

Lu Ming shook his head, he did not think about it.

His spirit body is the dragon body warrior, to be honest, any dragon valley can be added.

His field is even more chaotic, and it doesn't matter which Dragon Valley he joins.

However, such as Silver Dragon Valley, Blood Dragon Valley, has been ruled out by him, he naturally will not join the two Dragon Valley.

The rest of Dragon Valley is fine.

"Don't know? Lu Ming, then I'll go to register first, I join Binglong Valley!"

Qiu Yingying said.

"Go!"

Lu Ming smiled.
