D Emperor 1481

Chapter 1481: Let's have some Imperial Medicine Emperor soldiers

The majestic figure fought against the grim thing and struck the extraterrestrial sky.

But Lu Ming still can see clearly, through the collapsed void, can vaguely see that the two figures, the war in the extraterrestrial sky, is like a projection, very wonderful.

Two huge figures, fighting in the starry sky, the space is collapsing.

Moo!

Suddenly, the majestic figure roared upwards and turned into a giant longhorn, two horns, like two magic swords.

The body of the majestic figure was actually a huge giant beetle.

The beetle stepped into the air, and every step stepped, the space would collapse.

Moo!

The beetle roared, and the space became chaos. Even Lu Ming saw that the stars in the starry sky were bursting like fireworks.

Lu Ming took a breath, it was terrifying, a roar, the stars burst, what a terrible fighting power this was.

Can manpower really reach this point?

Lu Ming felt that with such a powerful figure as a towering figure, I am afraid that with one move, it can completely wipe out a continent such as the Shenhuang Continent, and one move will make the Shenhuang Continent disappear from the world.

This kind of combat power really exceeded Lu Ming's imagination.

"Is this the fighting power of the emperor, but the Cang Emperor and the Soul Extinguishing King were not so terrible!"

Lu Ming whispered.

"Boy, what do you know, even if you are the emperor, the combat power is also different by a thousand and eight thousand miles. In the heyday of this year, a slap can kill a bunch of ordinary emperors!"

Da Dan's face is stinky.

After all, Lu Ming doubted it.

Lu Ming believes that he is the same emperor and has a huge difference in combat power.

But ordinary emperors are not so weak.

When he first saw the Cang Emperor and the Soul Destruction King, it was because the two were injured so badly, and they fought each other for 60,000 years, and they were already extremely weak.

Otherwise, it is impossible to make the Cang Emperor reverse the situation by virtue of a Lei Ding of the most holy level.

If the Cang Emperor and the Soul Extinction King were in their heyday, they were absolutely terrifying.

The beetle roared, shattered the stars, and burst the tentacles behind the three-eyed creatures.

Then, the beetle stepped into the sky, and the two horns were turned into two sky knives. The two star blades appeared between the starry sky of the universe. From a distance, it seemed that the entire starry sky was split. Come on.

The three-eyed creature roared, holding two battle axes, and fighting against two sky swords, and the space was constantly destroying.

If that terrible attack fell on the earth, it would definitely be a scene of collapse.

In a blink of an eye, the two terrible beings confronted a dozen tricks.

But after all, the power of the beetle is stronger.

The beetle stepped on the void, a collision, destroying the opponent's defenses, hitting the opponent's body, making a big hole in the opponent's body, and then cutting off the opponent's head with the celestial sword cut by the horns.

But in this way, the three-eyed creature is still alive, wielding a giant axe, leaving a deep wound on the beetle.

Moo!

The celestial beep roared, and the void collapsed directly into primal chaos. The three-eyed creature's body directly showed cracks, and the dark liquid continued to flow out.

Moo!

The beetle roared again, and the three-eyed creature finally couldn't bear it. The whole body burst into the void.

But even so, the other party was still not dead, two huge arms, holding a giant axe, continued to cut towards the beetle.

The crumbling flesh and the beheaded head were squirming and bonding together quickly, and they were to come back together again.

How could the beetle let the other party succeed, step into the air, and glow all over him? That's what the avenue adds to the body. The terrible avenue law enveloped the other party and began to refine it.

嗤嗤...

The flesh and blood of the three-eyed creature seems to be in flames, constantly being refined, and turned into black smoke and dissipation.

"You can't stop our world, the remaining soldiers will be defeated, and you will only breathe..."

The beheaded head shouted, the third eyebrow, and even a beam of destruction, attacked the beetle, and was defeated by the beetle.

"The Heaven Realm will be destroyed, the Yuan Realm will not be spared, and so on. It's just a matter of lingering remnants. After our world is paving the way, due to the great army, we will be wiped out..."

There was another roar in that head.

Boom!

The two sky knives were cut down, splitting the huge head in half, the law of the Dao condensed, and the three-eyed creature was transformed into repeated black smoke dissipating.

"My world, my family, will avenge me..."

After a few hours, when the last voice came out, the three-eyed creature was finally completely refined, and the giant longicorn, reshaped into a humanoid, stepped out and reappeared in the ancient tree of enlightenment. under.

An earth-shattering war came to an end, but that kind of shock made Lu Ming's heart shake and it was difficult to calm down.

This kind of existence should be the pinnacle of power between heaven and earth, right?

It really collapsed, and in a rage, lay a million dead, incredible incredible.

"Cut, this old cow will not work anymore. It will take so long to cut such an opponent. It seems that the first battle was also hurt!"

Once murmured, Lu Ming's eyelids jumped straight.

Isn't such a terrible combat power enough?

"Hey, old cow, long time no see, do you miss me!"

Dandan shouted at the majestic figure.

The majestic figure looked at Dandan, and a rolling voice came out: "Your old turtle is not dead yet, and it's quite a big life!"

"Hahaha, you old ox is not dead, who is this seat, how can it be so easy to die, old ox, not seen for many years, give me a gift, what emperor medicine, give a hundred to ten strains first, Or imperial soldiers and the like, just give ten or eight pieces!"

Ha ha smiled.

Lu Ming was speechless, this thing really can open the lion.

However, Lu Ming was also looking forward to it. He thought about it. If the majestic figure really gave Dandan several imperial medicines, he must find a way to get it.

The majestic figure seemed to smile, and waved his hand, a ray of light, flying through the sky.

However, the light did not fly to the Dandan, but to the bubble. The speed was incredible, and in an instant, it flew to the bubble.

Lu Ming didn't see anything clearly, the bubble opened his mouth, swallowed the light in his mouth, an expression of enjoyment.

"Time and time spar, Lao Niu, you are really willing, what about mine, my treasure?"

Dan Dan's eyes widened.

"Go!"

The majestic figure spoke.

"Wait, wait, my treasure, you old cow, heavy color, light friend, you are revenge I am more handsome than you..."

Every day he yelled and chattered.

A wave of a majestic figure waved, an invisible force came, Lu Ming felt his body tight, and then he saw that the surrounding scene passed like a glimpse of floating light, and at the next moment, Lu Ming found out that he had emerged from the dark Ground, standing on a mountain peak.

"Revenge, revenge, this old cow must be revenge, hateful, don't give me anything..."

Dan Danwu screamed freely, then looked at the bubble enviously and jealously, and said: "It's over, this little guy got the time and space spar, and he will make a leap forward in the future. He must definitely throw this seat far away. That old cow, heavy pervert!"

Chapter 1482: Titan beetle

"Heavy colors?"

Lu Ming was speechless.

Is the bubble mother, but only a few years old, is it the bubble mother, the legendary space-time rat?

Lu Ming thought.

But also happy for the bubble, look at the egg look, empty crystal at that time, it must have been extraordinary.

Tweet...

The bubble screamed, radiating a milky white light, the light seemed to be illusory, like the law of time and space covering the whole body of the bubble, and looked at Dandan with pride.

This made the turtle's shell angry.

"Dan Dan, who is that man? So powerful?"

Lu Ming asked curiously.

Lu Ming speculates that the figure should exist at the same time as Dandan, or even the strongman of the same level, is it another one of the top ten war beasts?

"Who else? Look at the size, you know, the Titan beetle, one of the top ten fighting beasts, was my younger brother!"

Whispered.

"really!"

There was a shock in Lu Ming's heart.

He has also been in contact with several of the top ten beasts before and after.

His first bloodline, Kowloon!

There are also Dandan, who himself called himself the world's turtle, the top ten, of course, Lu Ming just listened to this sentence, and did not take it seriously.

There are also bubbles, which are descendants of the time-space spirit rat.

There is also the bloodline of Longchen, Taiko Dragon Elephant.

However, none of the things he touched were primitives, or they appeared in blood, or were descendants, and they were born again after Nirvana.

The Titan beetle, however, is the genuine original body. Although it is said that it is not in the peak state and was injured, the real original body, the legendary one, is powerful and shocking.

As for Dan Dan's saying that Titanic Beef is his younger brother, Lu Ming directly ignored it. Dan Dan's product would die without bragging.

"How many kinds of top ten war beasts are alive today?"

Lu Ming whispered.

There is no doubt that the top ten war beasts are definitely the pinnacle of the world, each of which is taboo, unique, and unique in the world.

Only when the old space-time spirit rat fell, can a new space-time spirit rat be born.

"I do not know either!"

Dandan's expression rarely reveals contemplative and dignified colors, and it seems to be somewhat emotional and sighing.

Tweet...

At this time, the bubble screamed, one hand clawed, pointing forward.

Lu Ming looked forward.

"Mohe!"

Lu Ming's eyes were cold.

The mountain where they appeared was not far from the dead wasteland.

From afar, I can see the big river with dark water.

On the side of the big river, Mohe stood hand in hand, looking at the dead wasteland.

"Humph, you have to find a way to get rid of this person!"

Lu Ming revealed a cold killing opportunity.

This time, it was only after he had transported himself well that he survived. It was a dangerous situation. Lu Ming must report this hatred.

"Yes!"

Lu Ming's eyes moved, and Ming Lian appeared.

Lu Ming's plan is very simple, let Ming Lian inscribe the big formation, pit the dead hero.

Ming Lian stepped out in one step, appeared in a canyon behind the mountain, and began to inscribe a large formation.

"This seat is here to help!"

Dandan followed in the past, how could he be less like this?

Lu Ming himself, converging breath, quietly approached the big river.

The big river is very long, dividing the earth into two parts, one is dead land and the other is normal land.

Lu Ming came quietly to the side of the big river, with the help of a boulder hiding from Mohe, a hundred miles away.

Lu Ming fully converged his breath and quietly observed.

"I don't know what happened to the kid? Did you die?"

Mohe looked at the dead wasteland, frowning and thinking.

"Hope those guys can kill the kid and bring his body out!"

This time, he was instructed to bring people to kill Lu Ming, confident, saying that 100% would bring Lu Ming's body back. Unexpectedly, Lu Ming escaped and fled into the dead wasteland.

He dare not go in at all, and can only wait here.

Time passes quickly!

Soon, a day passed.

"Why haven't they come out yet, are they all dead inside?"

"The dead wasteland is in great danger. The strongest in the Holy Land will die when they go in. Once the emperor went in and looked out solemnly. It was absolutely dangerous. The boy entered so long, and most of them couldn't live. I waited another day, and then I went back Resurrection!"

Mohe frowned.

Soon, another day passed.

"It seems that this kid is dead inside. Let's go back!"

Mohe turned and walked in the air, intending to leave.

As for the five warriors and seven heavy warriors, in his eyes, they are ants, and they don't care at all.

"Going away? The time is still too short, but after a two-day inscription, I should be able to kill this person!"

Lu Ming looked cold.

Then Zhenyuan was running, his body shuddered, and a spit of blood spit out. Then, Lu Ming bombarded the boulder on the edge, and the sound of the boulder burst.

In the distance, the Mohe, who was about to leave, was successfully disturbed and looked away.

"Lu Ming, you didn't die!"

Mohe's pupils glared and snarled.

Uh!

Lu Ming was too lazy to pay attention to the Mohe, pretending to have just rushed out of the dead wasteland, seriously wounded, and flew away into the distance.

"Want to run, die for me!"

Mo He screamed angrily, and turned into a magic light, chasing toward the landing speed quickly.

Behind Lu Ming, black wings appeared, and under one fan, he was shaped like electricity and flew towards the mountain peak.

When approaching, Lu Ming rushed directly into the canyon.

As for the secondary body and Dandan, it has long been hidden.

Mo He didn't doubt that he was there, and followed Ming Ming, rushing into the valley.

At this moment, Lu Ming stopped suddenly.

"Why don't you run away? You know you can't run away? What about those of my Tianyu Mozong?"

Mo He spoke coldly.

"Those wastes are dead!"

Lu Ming smiled faintly.

"Sure enough, it's waste. You can't even kill the double ants like the Emperor Wuhuang. It's not a pity to die!"

Mo He opened his mouth indifferently, his body tumbling, and pressed toward the landing.

"Ant ants? Then let you see, the ants fight back!"

Lu Ming smiled indifferently and stepped out.

Buzz!

The entire canyon was filled with dense inscriptions, and a large array emerged.

"Kill the battle, you...you've been out long ago?"

As soon as the big battle came out, Mohe's face changed wildly, and he finally understood that Lu Ming had come out long ago. Under this big battle, he deliberately led him to come.

"kill!"

Lu Ming was too lazy to talk nonsense with him and shouted loudly.

In the depths of the canyon, Ming Lian waved his hands with a second hand, a large burst of light, and the endless swordmands condensed out, killing Mohe.

"I want to kill me with a big array, dream, break me!"

Mohe Changxiao, demon qi on the body sky, vaguely, it seems to see a demon god, roaring in the sky.

His demon realm, combined with his spiritual body, burst out a tremendous amount of heavenly magic swords, killing his surroundings against his sword mansions and defeating them one after another.

Chapter 1483: Pit Mohe

A large array emerged, with inscriptions shining, and in the depths of the valley, the brows of Ming Lian's secondary body were filled with golden brilliance. Within the entire large array, a golden sword awn was condensed out.

call out! call out! call out! ...

The golden swordman's head and shoulders, from all directions, continue to kill Mohe.

"Broken, broken, broken!"

Mo He looked up to the sky and screamed, the whole body was filled with magic light, and the black magic knife swept all directions, like a demonic **** invincible in the world, with a kind of pretense!

Wherever the magic knife passed, the golden sword spirit collapsed.

Not far away, Lu Ming's eyes narrowed.

This mojo, such a strong fighting force, when he started with him a few days ago, did not explode the strongest strength at all.

The fighting power revealed at this time is extremely amazing.

Although, there are only two days, the large array arranged by the refining secondary body cannot have too terrifying power, but it should not be a big problem to kill a martial emperor.

But now, it is blocked by Mohe.

"Spirit of the finest place!"

Lu Ming moved.

The spirit body of the Mohe should be the spirit body of the highest class. This kind of physique, the combat power is self-evident and amazing.

The entire Cangzhou, countless forces, there are not many superior ground spirits, each is a top-level arrogant, invincible at the same level, fighting over the level, as simple as eating and drinking.

"What's the use of the big formation? See me breaking your big formation!"

Mo He Chang Xiao, the momentum is like a rainbow, the magic knife is terrifying, and once the knife is cut out, there are countless golden swords.

boom!

A magic knife was chopped on the side of the canyon. The canyon shook and shattered, with amazing power.

He wants to break open the canyon directly, thus breaking Lu Ming's formation.

"Hey, add another big gift!"

At this time, Dan Dan had come from Ming Lian's secondary body, came to Lu Ming's main body shoulder, grinned, inscription flashed on the paw.

Buzz!

In the valley, another large formation emerged.

This is a big battle.

A large array emerged, and a huge hammer was condensed, smashing his head towards Mohe.

boom! boom! boom!

When the hammer fell, Mohe's magic knife shook, and his body shook involuntarily.

Then, the endless sword gas stabbed, hitting with a big hammer.

Mo He's face was dignified, and his sword was cut off, but he was cut off by a big hammer and bombarded continuously, and it collapsed directly.

"Haha, smashed, smashed, smashed, smashed me to death this king... No, smashed this dog shit!"

After yelling arrogantly, paws kept waving out.

Mohe was finally completely suppressed, and had no counterattack, and could only passively defend.

call out! call out! ...

Sword Qi was vertical and horizontal, with several sword qi, almost cut off Mo He's head, leaving a blood mark on his face.

Mohe's face flashed with fear after flashing.

"Magic Night Mirror, come out!"

Mo He snorted, his eyebrows radiated a light, and then, a dark ancient mirror flew out, suspended above Mo He's head, and shed a light, covering Mo He.

The sword gas around him, the big hammer hit the light curtain scattered by the ancient mirror, the light curtain vibrated, but did not break.

"Holy soldier!"

Lu Ming's eyes moved.

The ancient mirror that Mohe used was a holy soldier.

It's normal to think about it. It's normal to have celestial princes such as Mohe, and to have a body guard.

Mohe protects himself with a paladin, and lays down his own defense, and concentrates on erupting.

boom! boom! ...

The magic knife is vertical and horizontal, sweeping in all directions, sweeping all directions, colliding with the golden swordman and the big hammer, and two large arrays appear shaking.

"kill!"

Mo He slowly impacted in one direction, breaking through the sword air and sledgehammer, and slowly approaching the exit of the canyon.

In this way, it is very likely that Mohe will escape.

"It seems that I still underestimated the strength of this kind of Tianjiao!"

An idea flashed in Lu Ming's heart, but the murderous opportunity in his eyes was even stronger.

"Dandan, bubble, do it!"

Lu Ming sent a voice to Dan Dan and Bubble, and then the black wings behind him spread out, rushing towards Mo He.

In the process of rushing out, Lu Ming's hands were in a hurry.

"Chaotic Fantian Yin!"

A low roar came from Lu Ming's mouth. A big seal of chaos appeared above Mohe's head, condensing out, with a terrible wave, and suppressed towards Mohe.

At the same time, as soon as he flew out, the speed became larger. As before, his feet stepped on the Chaos Fantian Yin, making the Chaos Fantian Yin more powerful.

The chaotic Fantian imprint pressed against the Mohe in a row of mountains and seas.

Mo He's eyes narrowed, and he knew the power of Chaos Fantian Yin. At this moment, he screamed, and the dark ancient mirror exuded a magical light, ushering in Chaos Fantian Yin.

boom!

A horrible roar, the chaotic Fan Tianyin, bombarded on the dark ancient mirror, erupted into a terrible wave.

At this time, Lu Ming had rushed not far from Mohe, and his eyes suddenly shot two dark black rays towards Mohe.

Excalibur!

The dark light was like a sword, and it shot into the body of Mohe, attacking on his spirit god, so that the spirit **** of Mohe came with a pain of tearing and tearing. Inexplicably stagnant.

At this moment, the bubble launched an offensive, several blades of time and space, heavily slashing towards the magic hero.

At the same time, the two large formations, the endless golden sword spirit and the big hammer, also bombarded towards the mohe.

boom! boom! ...

Mohe's body was shocked. Although he tried his best to resist, his defense was broken after so many attacks.

The scattered light of the black ancient mirror collapsed with a touch.

"cut!"

Behind Lu Ming, the black wings are like a sky sword, and they are cut towards Mohe, and they are to be split in half.

Mohe's pupils contracted sharply, and at a critical moment, they moved a little.

Boom!

Blood was splattering, although Mohe escaped the scourge of death, but still did not completely escape, one arm was cut off by black wings.

"what!"

Mo He screamed, his eyes showed madness, a roar, the blood scattered from his broken arm, all flew to the dark ancient mirror. At this moment, the dark black ancient mirror, the light was strong, exuding a dark red magic light, one A terrible power waved out.

Lu Ming quickly covered his body with black wings, and was sprinted by this mighty power. Under his shock, he flew out and hit the wall.

In the same way, Chaotian Fantian Yin finally exhausted his power, collapsed, and yelled, and was flew out.

The golden swords and big hammers condensed in the Great Array also collapsed.

"Lu Ming, this hatred, I wrote it down. I will definitely cut you down next time I meet you!"

A roar came from Mohe's mouth.

The inky black mirror exuded blood, wrapped around the mojo, and suddenly rushed out of the large enveloped area, rushed out of the canyon, turned into a blood light, and hurried away, fled here.

"Unfortunately, the time is shorter, and the large array is not powerful enough!"

It's a pity that Lu Ming looked in the direction of Mo He's departure.

If you give Ming Lian another two days, the large array will be more powerful, and certain people will be able to cut the magic.

Chapter 1484: Leave every day

Immediately, Lu Ming looked at the valley.

One of Mohe's arms remained there, and on one finger, he also carried a storage ring.

Lu Ming smiled on his face.

Mohe's severed arm was exactly his arm with a storage ring.

Zhenyuan works, **** in the air, **** Mohe's storage ring, and grabs it in his hand.

At this time, Ming Lian's secondary body walked out of the depths of the canyon and turned into a ray of light, which disappeared into Lu Ming's eyebrows and disappeared.

Ming Lian's secondary body is very rare. It is Lu Ming's card. In Yuanlu, few people know it.

Therefore, if you can't expose it, Lu Ming tries not to expose it, so Lu Ming just left a mind to let Ming Lian secondary control a large array in the depths of the canyon, just in case, fearing that Mohe could escape.

In this way, Mo He didn't even know the existence of Ming Lian.

In Yuanlu, masters are like clouds, and strong ones are like rain, and there are crises everywhere.

Able to keep a hole card, maybe, at a critical moment, can save lives.

Lu Ming walked all the way and experienced how much danger he had. He knew this very well.

"Leave here first!"

With a black wing, Lu Ming rose into the sky and flew away.

Here, it is not appropriate to stay for a long time, maybe there will be a strong man of Tianyu Demon Sect coming behind.

Flying all the way, it quickly flew millions of miles. At this time, Lu Ming's speed decreased.

"Lu Ming, stop!"

Suddenly shouted.

Lu Ming stopped and asked what happened.

"Lu Ming, this seat will leave you!"

Dan Dan pondered for a moment, said.

Lu Ming was stunned and said, "Are you going?"

He nodded and said, "In the past, there was no place to go in the place where the bird wasn't shit, but it's different here. There are dangerous places and forbidden places everywhere, but there are also adventures everywhere. This is a vertical and horizontal place. This will rise from the sky and continue to stay. It will soon be thrown away by this little one!"

At the end, Dandan glanced at the bubble.

Lu Ming is speechless, this product will not be seen to be thrown away by the bubble, just want to leave.

"Lu Ming, before you saw the war between the soul and the beetle. Although there is a beetle guarding there, it is useless. There will not be only one gap. The war will come sooner or later, and, than I expected It's still early!"

"When the time comes, the world will fall apart, and one carelessness, the whole world will be destroyed, you must upgrade your strength as soon as possible!"

Deng Dan's rare face was solemn, and the tone was heavy.

"Dan Dan, what did you often say about the battle? In the end, who is the enemy? Is it the kind of three-eyed creature, the kind of three-eyed creature, what is it?"

Lu Ming asked a series of questions.

Shaking his head once and saying, "You are too weak, I can't tell you for the time being, tell you, but distract you. As long as you know, the enemy you will face in the future is the real enemy, It’s the really terrible enemy. Some of the enemies you are facing now are pediatrics, and they are all small."

"That battle is the pinnacle battle, and maybe it will also be the last battle. Judging from the current situation, it will not be long before it is coming, so increase your strength as soon as possible, go here!"

As soon as he spoke, his body turned into a ray of light and rushed into the distance.

But at the next moment, under the flash of light, Dandan flew back again, and looked at Landing Ming with a smirk, and said: "Lu Ming, I'm going to leave, don't you give me some elixir?"

"roll!"

Lu Ming shot with a slap and disappeared to the horizon.

"Ah, Lu Ming, you unconscience guy..."

Dandan's voice came from afar, and then disappeared.

"This guy..."

In Lu Ming's eyes, there was a trace of reluctance.

Although this guy is not reliable, after all, he has followed Lu Ming for so many years. When Lu Ming walked out of the empire, he immediately followed Landing, and it was almost ten years.

Leaving at this time will be somewhat reluctant.

However, Lu Ming also understood that Dan Dan was right. This guy, following him, would recover more slowly. In Yuanlu, where Dan Dan alone, recovery may be faster.

As for the safety and security of every day, Lu Ming is not worried. This guy is insidious and cunning, and is well-informed.

"Find a place, retreat and realize!"

Lu Ming whispered.

In his mind, from time to time, the scene of the battle between the Titan beetle and the three-eyed creature.

Those scenes are so amazing. Titan Tianniu, Dao Avenue, and every move, it seems to contain the truth of the world and the breath of the road. As soon as Lu Ming thinks about it, the chaotic realm seems to be a little throbbing.

But Lu Ming also discovered that, as time passed, the picture of Titan longhorn in his mind became more and more faint, and the breath of that kind of road, the touch of the road became more and more faint.

Before long, I am afraid it will disappear.

Therefore, Lu Ming wanted to find a place to retreat immediately to practice, otherwise it would be wasted.

With a black wing, Lu Ming left here. An hour later, Lu Ming found a hidden place and sat cross-legged. His mind constantly recalled the picture of the battle between the Titan beetle and the three-eyed creature. Lu Ming's view of the chaotic realm Comprehension is deepening rapidly.

Time passed quickly, and in a blink of an eye, it was half a month.

At this time, on Lu Ming's body, the chaotic realm spread out, spreading out in all directions, covering the area twice as much as before.

In the past half a month, the realm of chaos has been rising rapidly, a thousand miles a day, and now it is a breakthrough and has entered three levels.

Level 3 Chaos Realm!

By this time, Lu Ming's mind about the battle between the Titan Beetle and the Three-Eyed Spirit, although there were still pictures in his mind, it was very faint, and the breath of the road could not be sensed at all.

However, Lu Ming is still very satisfied. If it is normal practice, Lu Ming's chaotic field wants to break through the third level, and there is no time for one or two years. Don't think about it.

Now, it only took half a month to break through the third level, and the gains have been very large.

However, Lu Ming's cultivation practice was still in the early stage of the Emperor Wuzhong's second period, and there was no breakthrough.

However, a breakthrough in the realm of chaos, it is much simpler for Xiu to improve.

At this time, a storage ring appeared in Lu Ming's hands.

It was Mohe's storage ring. During this time, Lu Ming realized that he hadn't had time to open it.

After breaking the mark of the magic ring on the storage ring, Lu Ming swept away, and Lu Ming saw what was in the storage ring at a glance.

There are tens of millions of original Chinese stones, but Lu Ming made a lot of money.

There are other elixir, materials, etc. Lu Ming just swept away.

There are also several royal spirit soldiers.

"That is..."

Finally, Lu Ming's eyes fell on a blue crystal war sword.

This crystal war sword is full of powerful breath.

Paladin, this is a Paladin, there seems to be water flowing on it, this is a Paladin with water properties.

Lu Ming estimated that it was because the attributes did not match that of Mo He that Mo He was collected in the storage ring, but Lu Ming made a lot of money.

This piece of sacred soldiers can be taken back to Dragon Valley, but it can be exchanged for one million contribution points and can be exchanged for a pile of treasures.

Chapter 1485: Yinfeng is in trouble

"It's time to go back!"

Lu Ming put away the storage ring, cast his body, and continued to head towards the Dragon Valley.

Seven days later, Dragon Valley is already in sight.

Back in the area of Longshen Valley, the temperature began to drop sharply. At a glance, the snow was all over the sky, and the sky was white.

Lu Ming flew towards Waigu, and in his current identity, there would naturally be no hindrance.

But he didn't realize that when he first flew into Waigu, he had a few eyes to stare at Lu Ming.

"Lu Ming is back, and he is not dead. He will tell the young master!"

When the sound rang, someone took out the Jade Tone, and the news came out.

Lu Mingjing flew towards Yunlong Valley.

But before halfway through, he was stopped by several youths.

The three young men, standing in front of Lu Ming, stared at Ming Ming with bad eyes.

"Lu Ming, dare to come back!"

A young man in the middle watched Landing Ming coldly.

"Why don't I dare to come back? It's you guys who block my way, why?"

Lu Ming frowned.

"What's the matter? Lu Ming, I ask you, you and my elder brother Xu Long went out to do the task together, why is it that you are the only one to come back, and my elder brother they didn't come back and said, did they see the money and colluded with outsiders and killed them? My elder brother, they?"

A young man in the middle shouted.

"Xu Long's younger brother?"

Lu Ming's eyes moved. No wonder he looked a bit like Xu Long.

"There are other hidden facts about Xu Long and others. I will report to the elders in the mission hall and explain clearly!"

Lu Ming said.

"Explain what? Lu Ming, don't try to quibble, my elder brother, they must have been killed by you. Now, follow me to punish the Dragon Palace and accept the punishment!"

Xu Long's brother shouted.

Their movement here naturally aroused other people. At this time, many people passing by came to watch and discussed.

In Lu Ming's eyes, a ray of light flashed through.

These people seem to have been premeditated.

Lu Ming had just returned, and these people knew immediately that they were standing in front of him. Obviously, in Waigu, someone had been waiting for the landing to come back.

The purpose is to wait for Lu Ming to come back.

The first thing Lu Ming thought of was Yinfeng!

Xu Long was sent by Yinfeng, and even Duan Yan and Fu Xing were also sent by Yinfeng.

Penalizing the Dragon Palace is the place where the Dragon God Valley enforces the law. There may also be people from Yinfeng. If Lu Ming went to the Penalty Dragon Palace, he would have no choice but to live and die.

Will Lu Ming punish the Dragon Palace?

"Give up, I said, there is something hidden about Xu Long and others, it has nothing to do with me!"

Lu Ming drank coldly.

"Stop thinking, today you need to punish the Dragon Palace with me!"

Brother Xu Long, with a sharp flash in his eyes, stepped forward and reached for the landing Ming.

"roll!"

Lu Ming shouted and stepped out. A Kowloon rushed out under his feet and slammed into his brother Xu Long. The other party screamed, his body was shaken out, and a spit of blood spewed out.

Lu Ming stepped out in one step, his body was like a glimmer of light, and he rushed past and flew towards Yunlong Valley.

Lu Ming knew that the death of Xu Long and others was mostly known to Yinfeng. They waited for Lu Ming to come back, slandered him, and dealt with him.

Soon, Lu Ming flew to Yunlong Valley.

"Brother Lu!"

Yunlonggukou, two ordinary disciples salute to Lu Ming.

Lu Ming nodded to the two of them and continued to step forward, walking towards the depths of Yunlong Valley.

He will find the owner of Yunlong Valley, or Longyuan Mountain, to talk about this task.

But before going too far, I heard a loud noise from Taniguchi.

"Let Lu Ming get out!"

A furious roar came.

"It's so fast!"

A cold light flashed in Lu Ming's eyes, immediately turned around, and walked towards the valley mouth.

Yunlong Gukou, a group of people were there, Xu Long's younger brother, awesome.

In addition, Yinfeng is also impressively listed. Behind Yinfeng, a large group of people followed. Some people, wearing golden dragon robes, were majestic, and they were the people who punished the Dragon Palace.

At this time, two Yunlong Valley disciples stopped in front of everyone.

"Everyone, this place is Yunlong Valley. Those who are not Yunlong Valley, don't let it go!"

A disciple said.

"Let Lu Ming get out, and Lu Ming colluded with outsiders, taking advantage of the opportunity to do the task, murdering fellow disciples. The crime is very evil and must be taken down and brought to the Dragon Palace for interrogation!"

Yinfeng said coldly.

"Everyone, Brother Lu Ming, is the true disciple of Gu Gu. Even if something happens, the Elder of the Dragon Palace will be punished to notify Gu Gu first, and then Gu Gu will come forward to verify this matter!"

A disciple of Yunlong Valley said.

"Lu Ming's cruelty to the same fellow is evident. There is no evidence of it. You don't need to drive the Master of Dragon Dragon Valley. You can just take it to the Palace of Penalty Dragon. You get out, let's go in and arrest Lu Ming!

Yinfeng scolded.

"No, Yunlong Valley, no intrusion!"

Two Yunlong Valley disciples stopped.

"roll!"

Behind Yinfeng, a burly young man yelled and slammed his hands. The two Yunlong Valley disciples groaned, their bodies receded again and again, and there was a trace of blood at the corners of their mouths.

"Today, Lu Ming must punish the Dragon Palace and accept the punishment!"

Yinfeng scolded.

"Are you looking for me?"

A cold voice came, and Lu Ming's figure flashed out.

"Lu Ming!"

Yinfeng's eyes narrowed.

"Yinfeng, your courage is getting bigger and bigger, leading someone to break into Yunlong Valley and hurt Yunlong Valley's disciples. It seems that I really haven't put Yunlong Valley in my eyes!"

Lu Ming said coldly.

"Lu Ming, we are here to catch you. You are hiding in the Yunlong Valley. We broke in, and it's also terrible!"

"Lu Ming, just show up, Xu Long, Duan Yan, did you collaborate and killed by outsiders?"

Yinfeng began to quibble, and then directly asked Lu Ming.

"Duan Yan, Fu Xing them, I didn't kill them!"

Lu Ming said lightly.

"I still want to quibble, Lu Ming, let me tell you, I personally went to Feng's house and found Duan Yan, Fu Xing and Xu Long in a cave. Their bodies were clearly killed by you. Yes, that is clearly the exercise method you used. Also, you still have your breath on Xu Long's body, and you said it wasn't you who killed it?"

Yinfeng cold drink.

Lu Ming frowned, and it seemed that Yinfeng really hated him for his bones, and was determined to put him to death, and actually sent someone to go to the Feng family to check.

Xu Long was indeed killed by Lu Ming in the chaotic realm, plus the jailbreaking Tiangong.

But at that time, Xu Long was going to kill him, he naturally wanted to kill each other.

Now, Yinfeng has caught this point.

"Yes, Xu Long did kill me!"

Lu Ming spoke.

This shocked many people.

Yinfeng even exulted, exclaiming, "Everyone, you have heard it, Lu Ming himself admitted, Xu Long was killed by him, such a malicious person, cruel to the same fellow, how can he stay in the world, today, Penalty Dragon Palace must kill this person to avenge Xu Long's equivalent!"

"Dare to bruise the same door, punish the dragon palace will not let him go!"

Behind Yinfeng, a young man who punished the Dragon Palace was cold and quiet.

Chapter 1486: Because i am strong

Looking at Yinfeng and others indifferently, Lu Ming's mouth sneered, and said lightly: "I kill Xu Long. That's because Xu Long wants to kill me first. Do I let him kill him and can't resist?"

Lu Ming's voice came out and made the audience quiet!

"Bullshit, Xu Long has no injustice with you, why should I kill you, ridiculous?"

Yinfeng scolds

"This is about to ask you?"

Lu Ming looked at Yinfeng and sneered, if he pointed.

Yinfeng's face changed slightly, and then sneered: "Lu Ming, Xu Long is dead, you can say whatever you want, anyway, there is no proof of death, but whatever you say, the smallpox can't change the facts. The fact is that you killed Xu Long by yourself. , The evidence is solid, you can’t change it, you have to accept the punishment!"

"Yinfeng, what are you anxious? Since you want to know the truth, I will tell you!"

Lu Ming glanced at Yinfeng lightly and said, "That time, when we performed our mission, we met strong enemies, Duan Yan, Fu Xing, Zhang Kong, all killed by strong enemies, and Xu Long even turned to him. The other party, controlled by the other party, wanted to kill me before he was killed by me."

Lu Ming said the task briefly.

"Bullshit, as far as I know, Duan Yan and Fu Xing's cultivation practices are all the three emperors of Wuhuang, and Xu Long, even the emperor of Wuhuang's fourfold, you have met strong enemies, they are all dead, and It’s ridiculous that the ants from a wild island in your area didn’t die. Is it really like we are stupid?"

Yinfeng sneered.

"You are not stupid, you are stupid!"

Lu Ming said lightly.

"you..."

Yinfeng looked ugly.

"I'll tell you, the reason why they died, I didn't die, there is only one reason, that's because, I am strong!"

Lu Ming shouted.

Because, I am strong!

A very simple reason, but it can explain everything, why Xu Long they died, but Lu Ming did not die.

Because, Lu Mingqiang, he is stronger, so he did not die.

"Hahaha, are you strong? Emperor Xulong of Wulong rehabilitated it. The ants who just arrived in a wild island in your area just broke through the Emperor Wu. They said that you are strong and joke. Then I will see how strong you are. Take this person!"

Yinfeng shouted.

As soon as Yinfeng's voice fell, behind him, he rushed out two young men who punished the Dragon Palace, each holding a dragon chain, slamming towards the landing, and shouting: "Withdraw your hand!"

"roll!"

Lu Ming shouted and stepped.

Kowloon broke out every day, the earth shook, the ground shook like a wave of water, and a terrible force rushed towards the two young men who punished the Dragon Palace.

boom! boom!

The bodies of the two youths who punished the Dragon Palace were shocked, their faces were shocked, and a spit of blood spewed out, and their bodies were directly flew out.

"So strong!"

Many people felt shocked.

In just a few steps, Lu Ming injured two of the Emperor Wu Dian’s triple-punishment youths with amazing fighting power.

"Bold, dare to resist arrest, to death!"

Behind Yinfeng, someone shouted again, a few figures rushed out, the breath was violent, the person had not arrived yet, and the powerful energy, like the wind, swept toward the landing Ming.

The Emperor Wu is fourfold!

The three powerful emperors of the four emperors marched towards the landing.

"roll!"

Lu Ming's eyes were as bright as electricity. He burst into a slam and his fists waved continuously.

boom! boom! boom!

With a lot of punching power, it seemed to be able to penetrate the void, and blasted towards the three young emperors of the Dragon Emperor.

The terrible boxing power instantly smashed the attack and defense of the three penalty dragon halls. Under the great shock of the three people, like a broken kite, they were directly blasted out, flew out of the Yunlonggukou, and fell heavily. On the ground.

At the scene, there was a cold breath.

One move, three strong players who punished the Emperor Wu Dian of the Dragon Palace four times, were wounded and shot away. What is their fighting power?

Xu Long, what does a Wuhuang quadruple count?

At this time, they remembered what Lu Ming said just now.

Because, I am strong!

Yes, because Lu Mingqiang, Lu Ming did not die, and Xu Long and others died.

"Damn, **** it!"

Yinfeng roared in his heart, his eyes filled with jealous fire.

I haven't seen it for a while, Lu Ming has become stronger. How come the ants in a wild island have become so strong? This made Yinfeng feel deep in his heart.

The stronger Lu Ming is, the greater the crisis is for him, and Lu Ming must never be allowed to grow up.

"This person is lawless, damaging the same door, like a demon, and now dare to injure people who punish the Dragon Palace, slay, everyone, I suggest killing this person on the spot, so as to be effective!"

Yinfeng's voice came out.

"Good, kill in place!"

A cold voice sounded.

Behind Yinfeng, a dozen punished dragon palace strongmen rushed out, and a strong breath burst out.

The two Wuhuang six peaks, the rest are the five strong Wuhuang, four strong Wuhuang.

So many strong men are going to kill Lu Ming on the spot.

"kill!"

A young Emperor of the Sixth Peak of Wu Emperor shouted like a real dragon, slamming toward the landing, and the violent momentum pressed toward the landing.

Lu Ming's eyes narrowed.

Wuhuang's six peaks, the cultivation base exceeded him too much.

Just when Lu Ming was going to give it his all, a white figure suddenly appeared in front of Lu Ming, and a punch hit the young man of the sixth emperor of Wuhuang.

The fist is not big, but it exudes desolation and ruin, and destroys all domineering.

boom!

One of the arms of the young emperor of Wuhuang's six peaks burst directly, and the whole person flew back thousands of kilometers and fell heavily on the ground.

boom! boom! ...

Then, this figure blasted dozens of punches in succession. The dozen masters who punished the Dragon Palace were all screamed and flew out, vomiting blood.

"I think you guys, who dares to brazen in Yunlong Valley!"

A sweet drink came out.

"Sister Eight!"

Lu Ming was shocked.

Suddenly appeared just now, in order to overwhelm the trend of decay and hit dozens of masters who punished the Dragon Palace, it was Lu Ming's eighth sister Xue Xuexin.

That snow dragon!

"Little Brother, are you okay!"

Xue Ningxin asked with concern.

"I'm fine!"

Lu Ming shook his head.

"You... what are you doing? You dare to hurt so many people who punish the Dragon Palace, you are bold..."

Yinfeng yelled at Xue Ningxin.

"To shut up!"

Xue Ning sighed angrily, and his face was covered with frost: "You trespass into Yunlong Valley, and dare to take my little brother, you are taking a step forward, I will not hurt them, but beat you. Dog head!"

The icy murderous opportunity came out of Xue Ningxin's body.

Many people swallowed saliva.

So domineering, one step further, she would just blow their dog head.

This is called lawlessness.

Lu Ming could not help but touched his nose. Unexpectedly, this sister, being so overbearing, he suddenly felt that he was too kind.

"Xue Ningxin, I will punish the Long Dian for impartiality, your brother, kill the same fellow, the crime is very evil, and the evidence is solid, you must take it to the Long Dian and accept the punishment!"

Next to Yinfeng, a young man who punishes the Dragon Palace opened his mouth, and his body was filled with amazing breath.

Seventh Emperor Wu!

Chapter 1487: Powerful Xue Ningxin

This time, it was really a big battle, and even the strongest of the seven emperors of the Emperor Wu was dispatched.

It can be seen how strong Yinfeng wants to kill Lu Ming.

"Mutilate your fellow students? Ridiculously, my brother just killed a piece of waste. What's the big deal? Such waste, staying in the Dragon Valley, is just a waste of resources. It's better to kill it early!"

Xue Ningxin said coldly.

At the scene, many people were dumbfounded.

What is the reason? This is really too domineering, too arrogant.

"you..."

The Wuhuang Seventh Powerful and Yinfeng were all stunned, and facing Xue Ningxin, they didn't know how to answer the call.

It is totally unreasonable!

"Now, hurry up and leave me, otherwise, I will blast out one by one!"

Xue Ning scolded.

"Xue Ningxin, it seems that you must intervene today, then even you, take it together!"

The powerful Emperor of the Seventh Emperor of Wu Emperor spoke indifferently, a powerful and terrible breath erupted, pressing towards Xue Ningxin.

boom!

Xue Ningxin also burst into a strong breath.

Five Emperors of Emperor Wu!

Everyone can see that Xue Ningxin's cultivation practice is Wuhuang's fivefold, but that kind of powerful breath, but amazing, can actually compete with that of Wuhuang's seventh heavy.

"Qianshan Quan, kill!"

The powerful Emperor Wu Qiang suddenly screamed and stepped out, punching Xue Ningxin with a punch.

With a punch, there seemed to be heavy mountains in the sky, and they suppressed towards Xue Ningxin.

Roar!

At the moment, Xue Ningxin's body heard a shocking dragon, making Xue Ningxin's breath stronger.

Xue Ningxin also burst out with a punch.

With a punch, Xue Ningxin's fist seemed to melt into ice, exuding a terrible chill.

boom!

Xue Ningxin punched him and hit the heavy mountain.

At the scene, a terrifying roar sounded, and then Dashan was directly frozen, and then burst apart, and a terrible cold wave spread out and filled all directions.

The temperature at the scene dropped sharply, some of them were low, and the whole body shivered, covered with a layer of frost.

The Emperor Wu Qiang's strong body, with Xue Ningxin's body, shocked at the same time and retreated back.

"So strong!"

"Fairy!"

Many people flashed a word in their hearts, looking at Xue Ningxin in shock.

Lu Ming glanced, also showing a surprised look.

Xue Ningxin's combat power exceeded his imagination.

Xue Ningxin, Emperor Wuhuang only has five weights, and can actually compete with the strongest of Emperor Wuqiang Seventh. He also knows that Emperor Wuqiang is already a high-level Emperor Wu, and his fighting power is absolutely amazing. He has entered another level.

In a sect gate like Longshen Valley, the high-level martial emperor is already considered a middle-level force.

"Come again!"

Xue Ning's heart receded, and there was a look of excitement in his eyes, and there was Long Yin standing above him, and a vague shadow of a snow-white snow dragon appeared faintly.

"This sister, it's really belligerent!"

Lu Ming couldn't help thinking.

Recalling that when he and Xue Ningxin first met, Xue Ningxin couldn't help but say that it was a punch.

"stop!"

At this moment, an old man suddenly appeared in the sky, a strong breath filled the audience, so that everyone felt a terrible pressure.

Holy Realm!

There is no doubt that the old man who appears in the sky is a strong man in the Holy Land.

This old man, wearing a golden dragon robe, was almost the same as the one who punished the Dragon Palace.

Penalize the elders of the Dragon Palace.

"Subordinate, meet the elders!"

Sure enough, those young men who punished the Dragon Palace saw the old man and saluted them one after another.

Others followed suit.

When the elder of the Dragon Palace was punished, Xue Ningxin and the Emperor Wu Qiang's strongman naturally stopped at the same time and did not fight again.

"What the **** is going on?"

The Elder Dragon Palace frowned and asked.

Before, he was informed that there were a lot of masters who punished the Dragon Palace, gathered in the Yunlong Valley, and he came immediately, just to see the scene of the battle between Xue Ningxin and the Dragon Palace master.

"Inform elders, junior Yinfeng, grandson of Yinlong Valley Master!"

Yinfeng first reported his own name, and then said: "This is the case, this Lu Ming, torturing fellow students, to seek treasures, sinful and evil, I and all the brothers who punished the Dragon Palace, just about to arrest this person."

"Mutilate your colleagues?"

The cold light flashed in the eyes of the Elder Penalty Dragon Palace, looking at Lu Ming and saying, "Can this happen?"

"Yinfeng has a dog's mouth and just bites people indiscriminately!"

Lu Ming said lightly.

"Lu Ming, what are you talking about?"

Yinfeng glared at Lu Ming, who dared to say that he was a dog.

"Dog, silver dog!"

Lu Ming said lightly.

Yin Fengqi's face turned blue, and he gave a fist toward the Elder of the Dragon Palace. He said, "Elder, this person has brutalized his fellow disciples. The evidence is solid. I have sent someone to obtain the certificate. Others in God Valley are chilling!"

"Lu Ming, what do you say?"

The elder of the Dragon Palace looked at Lu Ming.

"Of course there is something to say because Xu Long is controlled by others..."

Then, Lu Ming talked about the mission of this trip.

This time, it was more clear than last time. Of course, there are some important points that Lu Ming glanced at or slightly revised.

For example, the elder demon chased Lu Ming and was defeated by Lu Ming with the jailstone. Lu Ming did not talk about it, but said that the other party was seriously injured and did not catch up with him and was run away by him.

"What do you mean? Evil spirit religion?"

When Lu Ming was finished, the Elder of the Dragon Palace was punished, a terrible breath filled his body, and a trace of terror appeared in his eyes.

"Yes, elder!"

Lu Ming bowed, but he was surprised.

When Lu Ming spoke of evil spirit religion, the elder of the Holy Land showed a look of terror, which, like Xu Long's, was an awe of the heart.

Looking again, I found that many disciples in the Dragon God Valley, after hearing the evil spirit religion, also showed a terrified look in their eyes.

"The elders of evil spirits, the elders of evil spirits, are still alive? Are evil spirits resurrected?"

The elders of the Dragon Palace murmured to themselves, and the fear in their eyes was more intense.

"Lu Ming, nonsense, the evil spirit religion was destroyed 80,000 years ago on the mainland by countless forces. What elders of the evil spirit religion, who lived for 80,000 years, all fart, now it is dead without proof, how do you push It’s all right!"

Yinfeng yelled, his eyes gleaming with ruthlessness.

Today, he must take advantage of this opportunity to kill Lu Ming, at least to abolish Lu Ming's cultivation behavior.

"Lu Ming, can you prove everything you said? Can there be evidence to prove that everything you said is true? Can it prove that you are innocent?"

Penalty Dragon Palace Elder took a deep breath, calmed himself down, and looked at Lu Ming again.

"The evidence is very simple. There are still many people living in the Feng family today, and there must be someone who knows the inside story. If you ask the people of the Feng family, you can find out what I said is true or false!"

Lu Ming said.

Chapter 1488: I’m so scared

"Ha ha!"

At this time, Yinfeng sneered and said, "Feng's family, I can't use it anymore. I've taken people before, but found that Feng's family has been slaughtered and people don't stay."

Speaking of this, Yinfeng's cold eyes looked at Lu Ming and said: "Lu Ming, you are doing a very hard job, and decisive, there is no evidence to leave!"

The implication is self-evident!

Yinfeng means that Lu Ming slaughtered the Feng Family.

Feng's house was wiped out.

Lu Ming looked at Yinfeng, his cold flashes flashing in his eyes.

Needless to say, the Feng family was destroyed, it must have been done by Yinfeng, that is, to fear that Lu Ming would come to the Feng family to testify to prove what Lu Ming said.

What a ruthless method, in order to deal with Lu Ming, directly destroyed the Feng family, but now it is slandered that Lu Ming destroyed the Feng family.

There was a sneer in the corner of Yinfeng's mouth, and he watched Landing sarcastically.

"Huh, look at what you prove yourself?"

Yinfeng sneered.

"Yinfeng, you have to work hard to deal with me, slaughter the Feng family, destroy the evidence, and blame me!"

"I know you hate me. At first, under the eyes of all eyes, I stepped on nine feet on my face. In the mysterious realm of the Cang Emperor, you knelt before me and knelt in front of me. I hated me and avenged me, understandable. !"

Lu Ming smiled faintly, lightly described the room, and then pushed everything back to Yinfeng. It was Yinfeng who retaliated against him and committed mischief.

"You bullshit!"

Yinfeng's face was extremely gloomy.

"Nonsense, many people have seen it, where did I talk nonsense, and have the ability, you have silenced these people!"

Lu Ming smiled faintly.

Penalize the elders of the Dragon Palace and frown.

Lu Ming and Yin Feng each have their own reasons. He doesn't know who to listen to.

"Elder, Yinfeng this person, hired fellow disciples to do things in the task, with the intention of letting Xu Long, Duan Yan and others kill me in the task, afterwards, they slaughtered the Feng family up and down, and blamed me, this person, You must be severely punished if you are desperate!"

Lu Ming punished the elders of the Dragon Palace and clenched his fist against the Yinfeng army.

"You... you talk nonsense, you are slander, slander!"

Yinfeng roared.

"Slander? Want to know the truth, it's very simple, just take you down, search your soul, all the truth, naturally revealed!"

Lu Ming said, striding out and walking towards Yinfeng.

"What do you want to do? Want to kill me and kill my mouth!"

Yinfeng shouted.

"stop!"

A figure came out step by step and stood in front of Lu Ming, the young man of the Emperor Wu Qiang's penalty.

"Your opponent, it's me!"

Xue Ningxin appeared, punching at the young imperial punishment dragon hall of Wuhuang Qizhong.

The Emperor Wu Qiang punished the Dragon Palace youth for helplessly and could only fight with Xue Ningxin.

Lu Ming continued to walk towards Yinfeng.

"Take shot, take shot, kill this person!"

Yinfeng shouted.

Uh! Uh! Uh!

The youths who followed Yinfeng rushed to the landing.

"roll!"

Lu Ming shouted, black wings appeared, and one came out. Five or six young men vomited blood and were blasted out.

In the air, the Elder of the Dragon Palace was raised with a frown, just to stop, but at this time, a voice came into his ears, making his figure stop.

bump!

Lu Ming performed Feng Yuanshu, stepping on his foot, and his speed increased sharply, rushing towards Yinfeng.

"Go back to me!"

"kill!"

There were at least a dozen young men who killed Lu Ming, a few people, and even the strongest of Wuhuang's five peaks.

Buzz!

The third-level chaotic realm emerged, and a dozen young people were shrouded in it. These young people suddenly felt terrible pressure on their bodies, and all their bones were broken.

Some are weak, and lie on the ground and vomit blood.

Then, Lu Ming blasted out with a fist, and the terrible punching force burst out, and several martial arts warriors at the peak of the emperor were also blasted out.

Many people took a breath.

Lu Ming, only Emperor Wu Emperor's double, but even the Emperor Wu Emperor's top five power peaks are not Lu Ming's opponents, and Lu Ming hit him.

Lu Ming was like an electric figure and was approaching Yinfeng at a rapid speed.

Yin Feng's face was pale, and he receded wildly.

He didn't expect Lu Ming to be so daring, and actually wanted to take him to search for soul.

If it is a soul search, all the truth will become clear.

He must not let Lu Ming win.

But Lu Ming was too fast. He approached him very quickly. The youth who came with him couldn't stop Lu Ming.

"Sin obstacles, dare you?"

Just then, deep in the sky, there was an angry scream, the sound was rolling like a god, and then, a large hand, protruding from the clouds, grabbed the landing song.

The terrible pressure immediately stopped Lu Ming, making Lu Ming completely unable to move.

"Master Silver Dragon Valley!"

Lu Ming roared.

As soon as he heard the sound, Lu Ming heard it, and the person who shot was the owner of Silver Dragon Valley.

Dangdangyi Gu, actually shot Lu Ming a junior.

"Yinzheng, you really lived and went back. In front of Yunlong Valley, you shot my disciples. When I don't exist?"

In the depths of Yunlong Valley, there was a gentle voice.

Then, a sword light burst out, facing the big hand, and slashing down, the big hand was directly split into two halves, and then broke apart.

"Cloud Ruoxu!"

At high altitude, a rolling voice sounded, and then the silver light flashed, and a silver bubble old man appeared.

It is the Lord of Silver Dragon Valley.

Lord Silver Dragon Valley appeared, looking deep into Yunlong Valley.

In Yunlong Valley, an old man who came from the cloud is the owner of Yunlong Valley.

"Ming'er, do what you should do!"

Yunlong Valley Lord appeared, the voice came out softly.

The meaning is obvious, let Lu Ming continue to win Yinfeng.

"Junior, do you dare?"

Lord Silver Dragon, staring at Lu Ming coldly.

"I'm so scared!"

Lu Ming's lips flicked, and a black wing flap brought a gust of wind and rushed towards Yinfeng.

"Grandpa, save me!"

Yinfeng shouted.

"Bold!"

The Lord of Silver Dragon Valley snarled above, and a terrifying Dragon Yin appeared in his body. A silver-white light rushed to tens of thousands of meters, and the breath was terrifying.

"Yinzheng, you have to do it, I will accompany you!"

Yunlong Valley Lord, the cloud is light and windy, step out, suddenly appeared in front of the Silver Dragon Valley Lord, a sword cut towards the Silver Dragon Valley Lord.

This sword is very plain, but the Silver Dragon Valley Lord's face has changed greatly, and the silver light has exploded, fighting with the Yunlong Valley Lord.

boom!

The two confronted each other, and the whole sky seemed to be cut off by Jianguang and Yinguang. The vast coercion made everyone almost breathless.

"Is this the strength of the valley owner? So strong!"

Many people were shocked.

"Go up and fight!"

The voice of Lord Yunlong Valley came out, and the Lord of Silver Dragon Valley rushed into the depths of the void and launched a peak showdown.

Lu Ming continued to kill Yinfeng.

Several young people protecting Yinfeng were directly blasted away. Even if Yinfeng retreated crazy, the speed was far from Lu Ming.

Uh!

Lu Ming appeared in front of Yinfeng, the chaotic realm rolled down, and Yinfeng vomited blood.

Then, Lu Ming pinched Yinfeng's neck, black wings, and carrying Yinfeng, returned to Yunlong Valley.

Chapter 1489: Strong Yunlong Valley Master

At this time, the war in high altitude attracted almost everyone's attention.

After Lu Ming won Yinfeng, his gaze also looked at the sky.

The war in the high altitude is extremely fierce. It has been heated to a white heat, and I saw a silver brilliance and a sword light, intersecting in a crisscross pattern.

Suddenly, Jianguang Dasheng, a sword cut, silver light collapsed, and then a figure retreated and appeared above everyone.

It is the Lord of Silver Dragon Valley.

At this time, a deep sword mark appeared on the chest of the Silver Dragon Valley master. This sword mark penetrated through the heart and could even see the heart beating.

Silver Dragon Valley's body was filled with silver light, and his muscles wriggled. He wanted to heal that wound, but there were countless subtle sword qi on the wound, which was destroying the Yinlong Valley Lord's muscles. Difficult to heal.

puff!

Lord Silver Dragon Valley's face was pale, and he couldn't help but spit out blood.

Everyone on the field couldn't help but widen their eyes and took a breath.

Lord Yinlonggu was defeated and injured by Lord Yunlonggu. This sword, if a little deeper, could penetrate the heart of Lord Yinlonggu.

The key is that after only a short while, the Lord of Silver Dragon Valley is defeated. Obviously, the fighting power is very different from that of Yunlong Valley.

The Lord Yunlong Valley stepped down into the air, his sword raged into the sky, and a terrible stern engine radiated from his body, and a majestic voice came out: "Into the Yunlong Valley without permission, is it really me who can talk? Yinzheng, this time you are left to die , If next time, cut!"

"you..."

Lord Silver Dragon Valley's face was extremely ugly, but looking at Lord Yunlong Valley's eyes revealed a trace of fear and disbelief.

Others couldn't help swallowing.

Lord Yunlong Valley has always given people the impression that it has been very gentle. Unexpectedly, the combat power is so terrifying, and the launch has soared. The momentum is so terrifying.

Lord Silver Dragon, but Lord of the Valley.

The point is, Lord Silver Dragon does not dare to refute.

Everyone had to re-examine Yunlong Valley.

Yunlong Valley, among the Dragon Valley, is a newly created Dragon Valley. It has the smallest number of people and has always been considered to be the weakest.

But is it true? Not to mention, Lord Yunlong Valley is simply unfathomable!

At this time, Lord Yunlong continued to speak, and the voice came out: "If my disciples are innocent, no one can frame him. Today, I personally searched the soul to see the truth!"

After all, Lord Yunlong stepped out and appeared beside Lu Ming.

"grandfather!"

Yinfeng yelled in horror.

"Yun Ruoxu, don't be a good person, just enough!"

Main Road of Silver Dragon Valley.

"ridiculous!"

Yunlong Valley Lord's eyes were cold and said, "Enough is enough? You brought someone and hit me at Yunlong Valley, even you, the valley owner, have to deal with me, a novice disciple, now, you call me just enough?"

Lord Yin Longgu's face was gloomy and he had nothing to say.

Others shook their heads secretly.

Yes, in the past, Yinfeng had been pushing people step by step and hit Yunlong Valley, biting Lu Ming to brutalize the same door, and taking Lu Ming away. In the event of losing, the master of Yinlong Valley also took the lead. , Has been pressing them step by step.

To put it bluntly, Yunlong Valley is just a counterattack.

"Soul search!"

Master Yunlong Gu took a sip, his palm burst into a ray of light, and then stretched out his finger and clicked on Yinfeng's eyebrow. Yinfeng yelled, his body suddenly stiff there, his eyes scattered.

Master Yunlong Valley, personally began to search the soul.

After a moment, a ray of sharp light flashed in the eyes of Master Yunkong Valley, saying: "Today, I will let the truth come to light!"

With that said, the other hand of Master Yunlong Valley glowed, and a crystal clear crystal appeared.

"Memory Crystal!"

Lu Ming moved.

Memory crystal, a kind of rare treasure, can form the screen of the soul-searcher's memory when it is searching for the soul, so that others can see it.

The memory crystal glowed, and a picture appeared in the sky.

In a courtyard, a young man standing with his hand down is Yinfeng himself.

There are three other people who salute respectfully in front of Yinfeng.

"That's Xu Long!"

"Good, the other two are Duan Yan and Fu Xing!"

Someone exclaimed and recognized the person in the picture.

At this time, I saw in the picture that Yinfeng said indifferently: "This time the mission, I have already arranged through several deacons in the mission hall, you and Lu Ming, in the process of the mission, find opportunities to kill Lu Naruto, no matter what means!"

"Yes, Master Yinfeng is at ease, I will let this Lu Ming, the **** of death know nothing about ghosts, and as long as it is pushed to the dangerous war dead during the mission, no one will doubt it!"

Xu Long sneered, with a sharp edge in his eyes.

"The young man rest assured, every empire of Wuhuang one by one, kills like an ant!"

"This matter is absolutely stable."

Duan Yan and Fu Xing opened their mouths separately, and then discussed specific details.

Seeing this, Master Yinlonggu looked somber.

Others suddenly realized.

It seems that what Lu Ming said is true.

It was entirely because Yinfeng was going to kill him. He was actually in the task and arranged to kill Lu Ming. Therefore, Lu Ming counterattacked and killed Xu Long.

At this time, the picture suddenly changed to another picture.

This time, it's not about Lu Ming, but Yinfeng is planning another thing to deal with other people.

"Damn, it turns out that my little girl was killed by Yinfeng. I still believe him because of it!"

Among the crowd, a young man shouted suddenly, his eyes red.

"To shut up!"

The eyes of the Silver Dragon Valley stared at the young man, and Sen Leng's murderous outburst made the young man's face look ugly and his teeth clattered, but he didn't dare to say anything.

"Yinzheng, really a breeze, then let's continue to watch!"

Master Yunlong Gu smiled faintly, and the screen projected by Memory Crystal changed again.

Another conspiracy with Yinfeng.

After reading it, the screen changes again.

Next, at least more than ten pictures were changed, all about how Yinfeng had cruelly destroyed other Longshen Valley disciples, and even used power to insult other Longshen Valley female disciples.

"Ah, my family are all Yinfeng!"

"My little girl!"

At the scene, several roars were heard in succession, all of which were the family members of the people who had been victimized by Yinfeng. In the past, others did not even know it, but now, they are all exposed.

In the end, the picture changed and it turned into a mansion.

Yinfeng took people and was slaughtering the people in this mansion.

"Feng family!"

Lu Ming made a noise and recognized that this was the Feng Family Mansion.

Every one of the Feng family fell in front of Yinfeng.

Some, old people and children, even some, did not practice martial arts at all, but were all killed by Yinfeng.

In the end, the chickens and dogs did not stay, a fire, burned the Feng family.

"Lu Ming, this time, see how you quibble and see who testifies for you!"

Standing at the height of the Feng family, a cold voice came from Yinfeng's mouth.

Chapter 1490:

The truth is clear.

Earlier, Yin Feng said that the Feng family was killed by Lu Ming, and it was a lie. In fact, the Feng family was destroyed by Yin Feng and blamed Lu Ming.

From beginning to end, Yinfeng wanted to blame Lu Ming and harm Lu Ming.

"What a wicked young man who acts in such a way, thanks to a good grandpa, acting like this, hehe!"

Master Yunlong Gu sneered, waved his hand, put away the memory crystal, and the picture disappeared.

And Yinfeng seemed to be drained from his body and sat on the ground softly.

It was so loud that it was sober.

"Grandpa, save me!"

After sobering up, Yinfeng shouted loudly.

"To shut up!"

The Master Yinlonggu snorted and made Yinfeng shut up, and then said: "In recent years, I have been shut down all the year round. This grandson, I am negligent in discipline. Now let me hand him over, I will take it back, it will be strict. Add discipline!"

"Strict discipline? Really ridiculous!"

Lu Ming's sarcasm sounded and continued: "Do you want to offset what Yinfeng has done with a strict discipline?"

The cold light burst out in the eyes of Lord Yinlonggu, looking at Lu Ming and saying, "So what do you want?"

"Yinfeng's crimes are related to the entire Dragon Valley, and they must be dealt with according to the rules of the door!"

Speaking here, Lu Ming clenched his fist towards the Elder Dragon Palace, saying: "Elders and Yinfeng have committed what you just saw, and they are so sad and terrifying that they behave in such a way. Dispose?"

"This..."

Penalizing the elders of the Dragon Palace, hesitated and squeaked.

Yinfeng, but the grandson of Yinlong Valley Master, but Lu Ming, also a true disciple of Yunlong Valley Master, plus so many people on the scene saw that he didn't know how to make a decision for a while.

"Penetrate the Dragon Palace, when it is done impartially, otherwise, what is the use of the Dragon Palace?"

Yunlong Valley Lord said indifferently.

At the scene, a pair of eyes, looked at the Elder Dragon Palace.

Finally, the elder of the Dragon Palace punished his teeth and said, "What Yin Feng has done is really chilling. It is a very sinful crime.

boom!

A sentence of decisiveness made the breath of Lord Silver Dragon Valley violent, and a silver light rose into the sky.

Yinfeng's face changed wildly, yelling: "No, no, Grandpa, save me!"

"When cut, then I will cut!"

Lu Ming shouted, real Yuan burst out, condensed a war sword.

"Lu Ming, do you dare?"

The Lord of Silver Dragon snarled.

"Don't you dare!"

Lu Ming stepped out in one step, the war sword pierced the void, and slammed out.

puff!

Yinfeng's head flew away from a distance, blood splattered three feet.

A spirit **** appeared from Yinfeng's body in horror, but the sword of war was cut again. Yinfeng's spirit **** uttered an unwilling scream and vanished.

"Feng'er!"

The Lord of the Silver Dragon Valley was furious, and a violent killer burst out of his body. A large hand reached out and wanted to kill Lu Ming.

call out!

A terrifying sword light blooms from the hands of the Yunlong Valley master, and the big hand collapses. The Lord of the Silver Dragon Valley retreats madly, but the sword light keeps on going, but instead grows up against the wind, turning into a sword light the size of a mountain, toward the Silver Dragon Valley The Lord rolled away.

The Lord of Silver Dragon Valley roared, shrouded in silver light, and his fists continued to bombard.

Hundreds of punches were at least blasted out, and he finally blocked the sword light, but there were several more fierce sword wounds on his body.

Puff...

Lord Silver Dragon Valley vomited blood and paled.

"So strong! Really strong!"

Many people tremble in their hearts.

The owner of Yunlong Valley is too strong. The owner of Silver Dragon Valley and the owner of Yunlong Valley are both the owners of the seven dragon valleys of Dragon God Valley, but it seems that they are not opponents of Yunlong Valley.

"Yinzheng, next time, if you dare to take action against my disciples again, I will ruin you if my cloud is empty, even if heaven goes to earth!"

Lord Yunlong Valley, with long hair flying, eyes like two swords, piercing Lord Silver Dragon Valley.

Lord Yin Longgu, with an ugly face, is dying, and he has an infinite killer in his heart, but he dare not continue his hands.

He had no doubt that if he really shot Lu Ming again, Yun Ruoxu, the lunatic, would really cut him.

"Yinfeng's body, I want to take it away!"

After a while, the Lord of Silver Dragon Valley spoke.

"Take it away, leave me immediately!"

Yunlong Valley Lord waved his sleeves.

With a wave of his hand, Yinlong Gu took away Yinfeng's body, then stepped out without a word and disappeared here.

At this time, many people on the scene were extremely complicated.

At the beginning, Yinfeng came in a violent manner, leading people to kill Lu Ming, but unexpectedly, he finally lost his life here.

No one can predict how fast things will change.

"Good kill!"

Some people shouted in their hearts, but only felt happy.

Yinfeng usually bullies and commits many evils, many people know clearly, but Yinfeng's grandfather, but the Silver Dragon Valley Lord, one of the Dragon God Valley's overlords, who dare to say more?

Dare to speak out, and now being killed, it's really popular.

In particular, there were several people who just learned from the memory crystal picture that their loved ones were also harmed by Yinfeng, and they were all shaking with excitement.

"You punished the Dragon Palace, and it should really be rectified. It was actually used by Yinfeng!"

At this time, Lord Yunlong Gu glanced and punished the Elder of the Dragon Palace.

The elders of the Dragon Palace immediately shuddered and hurriedly said, "The Master of the Valley of the Cloud said very much that the Dragon Palace must be rectified!"

Then, sharp eyes turned to those young men who punished the Dragon Palace, scolding: "You, don't apologize to Lu Ming!"

Those young men, trembling with fear, quickly apologized to Lu Ming.

Lu Ming smiled faintly. These people didn't even put it in his eyes, and they didn't bother to bother.

"There is also the mission hall, huh, okay, now even the sect of the mission, dare to use hands and feet, it seems that my sword does not come out of the sheath for many years, many people have not put me in the eye!"

Lord Yunlong sneered, stepped out and disappeared here.

"Trouble, go, and quickly return to the Dragon Palace!"

The elders who punished the dragon palace shouted, and then the people who punished the dragon palace left here one after another.

Soon, an amazing news spread in Dragon Valley.

Lord Yunlong Valley, because of his disciple Lu Ming's affair, killed the mission hall in anger, and beheaded several deacons who participated in Lu Ming's affair on the spot. If the Dragon God Valley Valley Master arrived, I am afraid that one of the elders in the mission hall Killed by Lord Yunlong Valley.

In the end, it was Longshen Valley's main round, and Yunlong Valley's owner stopped leaving.

After this incident, Yunlong Valley has been redefined in the minds of many people.

Master Yunlong Valley is too strong and overbearing.

The sword wounded the Silver Dragon Valley Master, slammed into the mission hall, and beheaded several deacons. The Dragon God Valley Valley Master was also required to resolve the matter.

Many people only realized at this time that the original Yunlong Valley Master was so powerful.

Many senior figures shook their heads and smiled bitterly.

That lunatic is strange if he is not strong!

It's just that the madman's sword hasn't come out of the sheath for many years. Many people have forgotten the Yunlong Valley Lord. The Silver Dragon Valley Lord deserves it, and actually went to provoke the lunatic.

Facts have proved that the madman's sword is not blunt, but sharper.
