

D Emperor 1491

Chapter 1491: The power of evil spirits

Yunlong Valley, in a cave house in the depths, Lu Ming stood in front of the main body of Yunlong Valley.

"Ming'er, did you really meet the demons?"

At the moment, Lord Yunlong Valley asked with a dignified expression.

"Yes, this man is called Elder Demon Soul. Hearing himself, he was seriously injured 80,000 years ago and has not recovered so far. Otherwise, most of the students are also dangerous!"

Lu Ming said.

"80,000 years ago, there must have been nothing wrong. Hey, I didn't expect that the evil spirit church still has residual residues. Plus, the soul extermination king you met in the secret realm of the emperor, is the evil spirit church resurrected? ?"

Yunlong Valley sighed, his face more and more dignified.

Lu Ming wondered why everyone heard a cult of evil spirits, all with a shocked expression, such as the Lord of the Silver Dragon, even showing a look of fear.

And as strong as his master, his face is so dignified.

"Master, evil spirits, what kind of power? What kind of power? Is it strong?"

Lu Ming asked several questions curiously.

"Strong, of course, very strong. If you are in the heyday, you can destroy the whole Cangzhou at will!"

Yunlong Valley Master said solemnly.

"Can destroy the whole Cangzhou at will!"

Lu Ming was shocked.

In Cangzhou, there are countless forces, there are 13 top Zongmen sitting in town, and each Zongmen has unfathomable strength.

Such as Longshen Valley, with Lu Ming's current vision, it is impossible to see how strong Longshen Valley is, and how many strong people are hidden in the depths of the vast snowy mountains.

With so many powerful forces, evil spirits can be destroyed at will.

"The peak of the evil spirit religion was 80,000 years ago. At that time, the evil spirit religion was extremely powerful. The world famous is the evil spirit religion. There is one leader and two deputy leaders. !"

"In addition, there are thirty-six guardian priests, three hundred and sixty elders, and their strength is terrible!"

Master Yunlong explained.

"Thirty-six Kings of Guardians?"

Lu Ming's pupils contracted for a while, and he thought of the Soul Extinction King.

"Master, don't you think that the Emperor is the great emperor?"

Lu Ming felt a bit dry voice.

"Not bad!"

Yuanlong Valley Lord nodded and said, "Evil spirits, thirty-six guardian princes, are all powerful emperors, and three hundred and sixty elders are all powerful presences in the Holy Realm!"

Lu Ming took a breath.

The strength of evil spiritism far exceeds his imagination.

There are as many as thirty-six kings in the protection of the Great Emperor. There is also a bishop and two deputy bishops. These strengths are really terrible, and it is easy to destroy Cangzhou.

Did he actually provoke such a powerful force?

Lu Ming smiled bitterly!

"The key point is that the evil spirit religion was born very mysteriously, as if it appeared out of thin air. Then, the masters of the evil spirit religion also appeared out of thin air. The power expanded rapidly, shaking the whole Yuanlu!"

"Moreover, the evil spirit religion has a chilling purpose. Their goal is to hunt other great emperors. Also, hunt those peerless arrogants who have the potential to become great emperors. A burst of blood and rain!"

The main road of Yunkong Valley.

"Specially hunting the emperor, and the hunting of the arrogant Tianjiao that has become the potential of the emperor?"

Lu Ming was shocked in his heart, but he was puzzled and said, "Master, evil spirits, why do you do this?"

"I don't know, no one knows why the evil spirits should do this. Perhaps some figures at the level of the emperor know, but it hasn't been announced!"

Master Yunlong Valley shook his head, and said, "So, the evil spirits caused panic among all forces in Yuanlu. Finally, countless forces of all sizes joined together to slay the evil spirits. According to records, the battle was broken. It was so tragic that the countless holy realms died in battle, and even the great emperor fell a lot, but in the end, the evil spiritism was completely destroyed and disappeared in the world."

After listening to Master Yunlong's words, Lu Ming remained silent for a long time.

Evil spirit religion, this is definitely a terrible force.

Specialize in killing the emperor and people with potential.

He finally knows why so many people, after hearing the name of evil spirit religion, will show a terrified look.

Lu Ming thought a lot in his heart, he thought of what he encountered in the secret realm of Cang Emperor.

Emperor Cang, who disappeared 60,000 years ago, the fact is that the Soul Exterminator was killed in the secret realm of the Emperor Cang. From the time point of view, the evil spiritism had been exterminated at that time, but it was obvious that the Soul Exterminator was not dead. , And entered the secret realm of Cang Emperor, and fought against Cang Emperor for 60,000 years.

Since the Soul Extinction King is not dead, and the Demon Soul Elder has also survived, then, is there any other strong man who survived the evil spirit religion?

After 80,000 years, will evil spirits resurrect?

Elder Demon Soul fled away, and said Lu Ming to wait for the revenge of the evil spirit religion. Could the evil spirit religion reappear in the world?

Lu Ming felt a strong pressure on his body.

Faced with such a terrible force, it is no wonder that there is no pressure.

"Ming'er, you go back to practice, I will tell the Lord about the evil spirit religion, let him inform other sects, and discuss together!"

Finally, the Lord of Yunlong Valley ordered.

"Tuer quits!"

Lu Ming clenched his fists, left the cave house of Yunlong Valley Master, and returned to his cave house.

After returning to Dongfu, Lu Ming meditated for a while, then took out a pile of rough stones and began to devour and refine it.

Today, his chaotic realm has broken through the third level, as long as he keeps refining and refining the original stone, he can be improved by cultivation.

For the next few days, Lu Ming has been retreating and practicing hard, refining the original stone, and his cultivation practice is advancing by leaps and bounds.

From the early stage of Wuhuang Duo to the middle of Wuhuang Duo, then to the late stage, the peak...

Seven days later, Lu Ming's cultivation practice made a breakthrough in one fell swoop and entered the Wuhuang triple.

Only then did Lu Ming stop consuming the refined stone.

Next, it is time to focus on the realm of chaos.

Lu Ming did not dare to waste any time at all. In Yuan Lu, he really felt that his self-cultivation was too low.

You must improve your cultivation as soon as possible.

However, understanding the realm of chaos is not something that can be done overnight. He first has to go to the Baolong Temple to exchange some treasures.

Lu Ming left the cave and headed for the Baolong Temple. Soon, Lu Ming came to the Baolong Temple and came again to the counter where the Wanling Liquid and Dragon Bone were exchanged last time.

"Senior, do you remember the junior?"

Lu Ming greeted with a smile.

"So it's you? Little one, is it time to redeem the treasure again?"

The old man at the counter opened his mouth with a smile. He was very impressed with Lu Ming. After all, no one of the Emperor Wu who was a heavy martial artist could make two million contributions.

"Senior, I must first exchange some treasures for contribution points!"

Lu Ming said.

"Oh, take it out and see!"

The old man laughed.

Lu Ming handed a storage ring to the old man.

Lu Mingling swept her knowledge and raised her eyebrows, saying, "The little guy is so powerful, a sword is a sacred soldier, and five pieces of royal spirit soldiers!"

Lu Ming smiled and nodded.

The Ming Shengbing and the Emperor Spirit Soldier in the storage ring were all obtained from the Mohe's storage ring, which had no effect on Lu Ming.

Chapter 1492: Redeem treasure

"Ming Shengbing, is an ordinary Ming Shengbing, worth one million contribution points, five royal spirit soldiers, worth 50,000 contribution points, a total of 1.05 million contribution points, little one, put your identity token give it to me!"

The old man said.

Lu Ming handed the identity token to the old man. At the next moment, Lu Ming's identity token added 1.05 million contribution points, plus his remaining 50,000 contribution points, adding up to a total of 1.1 million. Contribute points.

"Little guy, what treasure do you need to exchange?"

The old man asked.

"Senior, are there glove-type paladins?"

Lu Ming asked.

He always wanted to buy a glove-type jihad, which was a big commission for his melee.

"My Dragon God Valley, due to the blood relationship, there are many people who practice boxing, palming, fingering, and need a lot of glove-type weapons, so now there are no glove-type paladins in Baolong Temple!"

"Moreover, due to the refining process, gloves-type jihad are more complicated and more difficult, so they are two to three times more expensive than ordinary jihads!"

The old man shook his head and explained.

"So expensive?"

Lu Ming smiled bitterly.

It is two to three times more expensive than ordinary sages. Don't say that there is no Baolong Temple now.

Lu Ming shook his head, glove class soldiers, only to find a way in the future, first exchange for something else.

Lu Ming said in his heart, "Senior, I want to exchange some spirit materials, purple flame crystal, dragon carp, fire spirit root..."

Lu Ming spoke out seven main materials for refining Nirvana.

This is Yuanlu. Maybe those materials can be collected. In the future, I will have the opportunity to return to God's Wasteland and refine Nirvana.

"Little guy, are you going to refine Nirvana?"

The old man said.

Lu Ming was shocked, this old man also knew Nirvana Dan, and as soon as Lu Ming talked about several kinds of spirit materials, the other party knew Nirvana Dan, does the other party also have Nirvana Dan's side?

"Little guy, exchange these materials, then it is better to exchange Nirvana directly!"

The old man continued.

"Exchange Nirvana directly? Is there Nirvana exchange here?"

Lu Ming asked involuntarily.

"Haha, of course there is, Nirvana Dan, and it is not a precious medicine. Yuanlu sect, almost every sect, even many small families, small forces, used to upgrade the blood level of some descendants and enhance talents. !"

The old man laughed.

Lu Ming was speechless. He regarded Nirvana as a treasure. It was originally in Yuanlu and was a big deal.

Think about it too, Yuanlu Tianjiao is too much, such as the big gates such as Longshen Valley, the minimum standard for recruiting disciples, must awaken the god-level ninth blood line, and even many people who awaken the god-level ninth blood line, can not join the dragon **** valley. Wait for the bulk.

Therefore, Nirvana is not a rare panacea in Yuanlu.

Lu Ming speculates that the Nirvana Danfang he obtained in the Shenhua Continent is probably a certain emperor who brought it back from Yuanlu.

It is very common in Yuanlu, but in Shenhua Continent, but it is worth a lot.

"Senior, then I can directly exchange Nirvana, I don't know one, how many contribution points?"

Lu Ming asked.

"One ten thousand Chinese original stone, that is one hundred contribution points!"

The old man said.

"so cheap!"

Lu Ming moved with a smile in his heart.

In the Shenhua Continent, Nirvana, which can be crazy by all forces, is really cheap here. A royal spirit soldier can be exchanged for one hundred.

"Senior, I exchanged one thousand, don't know if there is?"

Lu Ming said.

One thousand, if brought back to the Shenhua Continent, how many days can the Dragon League be born?

"Yes, Nirvana, so much!"

The old man smiled and took out a storage ring and gave it to Lu Ming.

Lu Ming thought, and a jade bottle appeared in his hand. It contained Nirvana, and the quality was much better than what he had refined before.

"This kind of Nirvana Dan can improve people's bloodline by three or four levels or even more!"

The old man explained.

Lu Ming was very hot.

I really hope to fly back to the God Wasteland immediately and use these Nirvana to his relatives and friends.

Lu Ming had to sigh that the cultivation level of Shenhua Continent was far from Yuan Lu.

It is a supreme treasure in the Shenhua Continent. When it arrives at Yuanlu, it is probably a big deal.

Lu Ming put away Nirvana Dan, and the contribution points on his identity token are one hundred thousand less, leaving one million contributions.

"Senior, I want to exchange a hundred pounds of spirit solution!"

Lu Ming thought for a while, and decided to exchange all the remaining contributions to Wanling Liquid.

He had originally wanted to exchange a broken shuttle, but he asked, the price of the broken shuttle was even more amazing. He couldn't afford it at all. It would be better to buy all the spirit solution to water the ancient tree of Taoism and let the ancient tree of Taoism growing up.

In the dead wasteland and his party, he saw that the Titan beetle sat under the ancient tree of Wudao. The ancient tree of Wudao left Lu Ming with a deep impression.

Elevating with the sky, covering the sky and covering the sun, branches, the avenue is winding, sitting underneath to practice, comprehend the heaven and earth avenue, the effect will be amazing.

That is the real ancient Taoist tree. Lu Ming's current ancient Taoist tree is really incomparable.

Lu Ming looked forward to it, looking forward to one day, he can also cultivate the ancient tree of Taoism to that scale.

"Exchanging so much elixir?"

The old man was a little surprised.

"What? No?"

Lu Ming said.

"Yes, I'm just a little surprised. Wait a minute for me!"

The old man left the counter and returned shortly afterwards, giving Lu Ming a storage ring with ten large bottles of spirit solution, which added up to exactly one hundred catties.

Lu Ming was overjoyed, and the contribution point on the identity token became zero.

Lu Ming smiled bitterly, he was really poor.

Now that the required treasures were exchanged, Lu Ming returned to Yunlong Valley.

After returning to Dongfu, Lu Ming entered the mountain and river map.

On a peak, the ancient Taoist tree swayed out of the Taoist heavenly atmosphere. Bubbles lay under the ancient Taoist tree. The body radiated a milky radiance, and the space around the body swayed like a wave of water.

After Bubble got the time and space spar of Titan longhorn, during this time, the cultivation was a rapid advance.

A few days ago, it has already broken into the triple rank of Wuhuang, and now it is launching an impact on Wuhuang triple.

Lu Ming smiled, and his eyes fell on the ancient Taoist tree again.

After this period of time, the ancient Taoist tree has grown a lot, and it has already opened two side branches. There are more than a dozen green leaves on it, although it is incomparable with the ancient Taoist tree of Titan longhorn. , But I don't know how many times it has grown compared to when I first came to Yuanlu.

Lu Ming took out a jade bottle and poured ten pounds of spirit solution onto the roots of the ancient Taoist tree.

Subsequently, Lu Ming withdrew from the mountain and river map.

After exiting the mountain and river map, Lu Ming went out of Dongfu and walked deep into Yunlong Valley.

Lu Ming's goal is the Yunlong Valley Master's library, where there is Yunlong Valley Master's cultivation experience.

Soon, Lu Ming came to the library of Master Yunlong Valley.

There are many books in the library. Lu Ming picked some important books and watched them.

Chapter 1493: Tongtian floating platform

For more than ten days, Lu Ming stayed in the library room, read the books, and carefully watched the cultivation experience left by Yunlong Valley Master, which gave Lu Ming great inspiration.

After that, Lu Ming returned to Dongfu.

A piece of Heavenly Dao stone suspended above Lu Ming's head, Lu Ming fell into a deep enlightenment.

Tiandao Stone will gradually become smaller with the understanding of the warrior, and finally disappear.

A few days later, when a piece of heavenly stone disappeared, Lu Ming continued to change a piece of heavenly stone.

Lu Ming fell into hard work.

Of course, Lu Ming did not blindly understand the realm of chaos.

Every day, he will spend time to practice the magic sword.

Divine sword tactics can strengthen one's own soul and enhance the soul's attack power. This secret technique, Lu Ming will never fall, and practicing to a high level will greatly help Lu Ming.

In addition, Lu Ming did not fall after thirteen strikes, and the chaotic Fan Tian Yin, he practiced every day.

Time rushed and three months passed.

On this day, Lu Ming stopped practicing.

"The realm of chaos, it is really difficult to practice, it is too slow to rise!"

Lu Ming sighed.

Three months, and kept practicing with Heavenly Dao stone. Up to now, chaos field, let alone break through to the fourth level, even the third level peak has not been reached.

You know, this is assisted by the Heavenly Daoist Stone. How precious is the Heavenly Daoist Stone, even the strongest of the Holy Realm is very eager. Other martial emperors and martial arts can never have such treasures as the Heavenly Daoist Stone to assist in cultivation, unless it is a sect. , The top Tianjiao.

But it may also be like Lu Ming, who uses Tiandao stone to practice at all times.

In three months, Tian Dao Stone consumed nearly 30 pieces, and the Chaos Realm has not reached the third level peak, showing how difficult it is to practice in the Chaos Realm.

And as the level of the chaotic realm increases, the difficulty of practice will increase.

Some time ago, he was able to improve quickly. It was because he had refined the three Imperial Realms, and he had seen the battle between the Titan Beetle and the Three-Eyed Creatures before. Now he is practicing normally, and his promotion is slow.

In addition to the chaotic realm, progress has been rapid in other areas.

After thirteen blows, he was trained to the fifth level by Lu Ming. He was shot with a spear. At the same time, ten powerful forces broke out. The power was amazing. It became Lu Ming's strongest attacking power besides Chaos Fantian Yin.

It's better than using prison power.

It also made Lu Ming's attack methods more varied.

And the Chaos Fantian Yin has also entered a part, and cultivated to the third level, in addition to being more powerful, Lu Ming used it and was more handy.

The Excalibur tactics are progressing very fast.

Lu Ming's soul has already experienced the refining of the world, and it is dozens of times stronger than ordinary people. It is simply appropriate to practice the method of soul attack.

After this period of training, Lu Ming not only has a soul power, but also a stronger one. The attack power of the Excalibur is also rapidly increasing, and the power is amazing.

Lu was very satisfied with the improvement in these aspects, that is, in the field of chaos, the improvement was too slow.

"Cultivation is not feasible in this way, you must speed up cultivation. I heard that the cultivation holy land of the Dragon God Valley, the Tongtian Floating Platform, can help people understand the Tao of Heaven and cultivate the field. Go and see!"

Lu Ming finished his training and planned to go to the Tongtian floating platform.

There are of course many wonderful places, such as the Dragon Gate, such as Dragon Valley, which can help people cultivate.

Tongtian Floating Platform is such a holy place for cultivation, and it is very famous in the Dragon Valley.

Disciple of Longshen Valley, as long as you pay the original stone, you can set foot on it.

Lu Ming left Yunlong Valley and flew deep into the snowy mountains.

Soon, Lu Ming landed in front of a canyon.

The Tongtian floating platform is in the middle of several snow-capped mountains, and two of them form a canyon channel. To enter the Tongtian floating platform, it is necessary to enter from this channel.

"stop!"

Just as Lu Ming was about to enter the passage, he was stopped by several young people.

"How many do you mean?"

Lu Ming frowned slightly and asked.

To the best of his knowledge, the passageway in front of the Tongtian Floating Platform is unattended. Only after entering the passageway will someone be stationed and pay the original stone.

"Tongtian Floating Platform has been wrapped up by the people of Silver Dragon Valley and Blood Dragon Valley during this time. You will come again after a while!"

One of the youth sneered.

"Sold by Silver Dragon Valley and Blood Dragon Valley? Tongtian Floating Platform is a holy place for cultivation in Dragon Valley, open to all disciples of Dragon Valley Seven Valleys. I have never heard that it belongs to some of Dragon Valley, Step aside!"

Lu Ming said.

"Lu Ming, what are you doing? I said it's packaged, it's packaged!"

A young man stopped before landing.

"Do you know me?"

Lu Ming's eyes narrowed.

Several youths looked indifferent and sneered in the corners of their mouths.

Uh! Uh!

At this time, there were two young men wearing snow-white robes embroidered with an ice dragon.

A disciple of Binglong Valley.

The two disciples of Binglonggu, without anyone blocking, went directly into the passage and disappeared.

Lu Ming frowned and said, "Don't you say that the Tongtian Floating Platform is covered by Silver Dragon Valley and Blood Dragon Valley? How can the people in Ice Dragon Valley get in?"

Several young people, just stopped in front of Lu Ming, with a mocking smile in their eyes, did not speak.

Lu Ming's eyes cooled.

The other party should deliberately make things difficult.

Seeing the clothes, these people are clearly disciples of Yinlong Valley. In front of the owner of Yinlong Valley, he personally killed Yinfeng and Yinlong Valley.

But these people, who had never seen them before, could recognize him at a glance, which had to make Lu Ming think a lot.

Behind, is the master of the Silver Dragon Valley manipulating, intentionally sending people to wait here, deliberately not allowing Lu Ming to enter the Tongtian floating platform for cultivation?

Thinking of this, Lu Ming's eyes flashed a sharp edge, and immediately stepped out.

boom! boom! boom!

The three young men of the Silver Dragon Valley burst out with a strong breath, and the four peaks of the Emperor Wu were the same.

"Stop me!"

A young man drank coldly and three pressures pressed against Lu Ming.

At this time, a few more people came to see this situation and couldn't help stopping to watch.

"That's Lu Ming. Those people are disciples of Silver Dragon Valley!"

"It's a good show. A few months ago, Lu Ming killed Yinfeng in front of the Silver Dragon Valley Master, making the Silver Dragon Valley Master angry. After hearing that the Silver Dragon Valley Master returned to the Silver Dragon Valley, he summoned Silver. The disciples of the younger generation of Longgu sent a message to let the younger generation of Silver Dragon Valley encounter Lu Ming outside, and they must take good care of Lu Ming!"

The few people who watched talked quietly. Although the voice was small, it was still clearly heard by Lu Ming.

Lu Ming's eyes were even colder.

Lord Yinlong Gu, as the master of Yigu, his grandson, committed monstrous sins, not to discipline him, but wanted to slander Lu Ming and be slain by Lu Ming.

Now, he actually abets the disciples of Silver Dragon Valley behind him to deal with Lu Ming. He is mean and shameless and shameless.

He was afraid of the owner of Yunlong Valley himself, daring not to do it, but let the younger generation of Yinlong Valley do it.

Chapter 1494: Deliberately find fault

Lu Ming's eyes were like electricity, and a strong breath filled his body, bursting the breath of the three youths of Silver Dragon Valley.

"Go away!"

Then, Lu Ming shouted loudly.

With this loud roar, Lu Ming directly used the magic sword tactics, and an invisible wave rushed towards the three people, directly blasting into the spirit spirit of the three people.

At this moment, the spirits of the three people shook violently, as if hit by a dozen-degree hurricane. At the same time, Lu Ming seemed to them like a wild beast, and the terrible breath pressed against them.

They screamed and shouted, sitting on the ground with a fart/strand, wet with cold sweat.

On the side, a few onlookers were a little dumbfounded.

Lu Ming shouted, and actually let the three young people of Silver Dragon Valley sit directly on the ground with a fart/share, which was incredible.

Of course they would not know that it was because of the magic of the Excalibur.

Divine sword tactics, mainly to enhance the soul, and then use the soul to attack.

After this period of training, Lu Ming has cultivated the Excalibur Judgment to an invisible place. With a loud shout, the Excalibur Judgment launched, directly attacking the opponent's soul, invisible and invisible, extremely mysterious.

The three Silver Dragon Valley youths were attacked by Lu Ming, the spirit god, and the spirit **** was shocked, and even produced an illusion, thinking that after seeing a wild beast, the body and mind were shocked, and a fart/unit sat on the ground.

After a while, the three talents reacted.

"Damn, Lu Ming, what evil arts did you just use, I'm going to abolish you!"

A young man in the middle shouted, his face flushed.

The other two young people are similar.

It was so embarrassing that Lu Ming screamed and sat directly on the ground. If it spreads, they will definitely become a laughing stock and be ridiculed.

They blamed Lu Ming on all this.

The three roared, Zhenyuan broke out, and slammed towards the landing.

"roll!"

Lu Ming shouted again. This loud shout not only contained the attack of the Excalibur, but also came with a powerful True Element, which formed a storm and bombarded.

After reaching the Emperor Martial Realm, the higher the level of the spirit body, not only the spirit body itself is powerful, but also the true element, it will also be stronger and more condensed.

Emperor Wu Wu, the improvement of cultivation, is the common promotion of the true element and the spirit body. Therefore, the true element and the spirit body are complementary to each other.

Otherwise, those with higher spirit levels will not have as much combat power.

The higher the spirit level, the higher the true element level.

With Lu Ming's current cultivation practice and medium-level spirits, the true element bursts out and naturally crushes the other party.

As soon as the three Yinlong Valley youths flung out, they were slammed by the Divine Sword tactics, and the Spirit God shook violently, and a tear-like pain came out. Gushing, the body flew backwards and fell heavily on the ground.

Several onlookers took a breath and were shocked.

Before shouting loudly, three Silver Dragon Valley youths sat on the ground.

Now with a loud shout, the three of them were directly wounded and vomited blood and flew back.

This is also amazing.

Lu Ming glanced indifferently at the three, striding towards the passage.

After Lu Ming walked away, the three Silver Dragon Valley youths struggled to get up, with fear in their eyes, and then walked toward the passage.

Passing through the aisle, there is a counter, there are guards.

Here is the real caretaker.

"One time to go to the sky floating platform, you need to pay 200,000 pieces of Chinese original stone!"

On the counter, one spoke.

Lu Ming nodded and paid 200,000 pieces of Chinese original stone.

Then step into it and look towards the front.

The amazing scene caught Lu Ming's eyes.

This place, in the middle of several snow-capped mountains, formed a huge depression, with a very wide area.

In front, there is a stone platform suspended in the air.

There are thirty-six rows, and each row is slanting upwards. Every 100 meters, there is a stone platform suspended. In this way, there are thirteen stone platforms extending into the void.

This is the Tongtian floating platform. In short, there are thirty-six rows, and each row has thirteen stone platforms, each separated by a hundred meters, extending into the void.

At this time, there were already figures sitting cross-legged on some stone platforms.

Each row can only go up one person at a time.

Lu Ming saw that some people sat on the third stone platform, some people sat on the fourth stone platform, and some were on the fifth stone platform...

On the stone platform, there are dense inscriptions covering the sitting people.

And some people stand and watch below.

It is said that the Tongtian floating platform was created by the Kaipai Patriarch of the Dragon God Valley. It is very wonderful. People sit on it, and the spirit will escape into the endless void. There is a battlefield created by the Patriarch of the Dragon God Valley. If the warrior engages in the war of heaven and earth, the warrior will be able to perceive heaven and heaven, and realize the realm and even laws.

Each time you go to a stone platform, the corresponding difficulty will increase.

Lu Ming walked towards the front at will.

Several young people were watching, and at this time they looked at Landing Ming, showing sharp edges in their eyes.

At this time, the three Yinlong Valley youths who had been injured by Lu Ming's shouts just now came in and came to the few youths, and whispered a few words. Sheng.

A silver bubble young man said coldly: "This Lu Ming, relying on the Lord Yunlong Valley, is getting more and more arrogant, I will meet him!"

After all, he strode towards Landing Ming.

"You are Lu Ming?"

The silver bubble youth spoke coldly.

"Good, what's your job?"

Lu Ming responded at will.

"You also come to Tongtian Floating Platform to practice, but depending on your cultivation behavior, the Emperor Wu is triple. I am afraid I can't break through a few stone platforms and waste the original stones in vain!"

Yinpao youth said, with a slight sarcasm in his tone.

"Will I be able to set foot on a few stone platforms, will it waste the original stone, you don't have to worry about it, and, you are nothing but the Emperor Wuhuang. The stone platforms you can set on are not necessarily more than me!"

Lu Ming said lightly.

"No more than you? Ridiculous, Lu Ming, I think you are so unprecedented, a little talent, I don't know that the sky is thick, this world, there are countless geniuses, not to mention anything else, the Dragon God Valley talent is higher than you, it is very much. !"

The silver robe youth mocked.

"Oh, so to speak, your talent is very strong? Then don't you dare to gamble with me with your Wu Emperor's five-fold cultivation practice?"

Lu Ming said.

"Gamble? How to gamble?"

The eyes of the silver gown youth flashed.

"Just be the two of us who can set foot on a higher stone platform!"

Lu Ming said.

"You want to bet this with me? Well, I promise you, what is the bet?"

The young silver gown immediately agreed without hesitation.

There are 13 stone platforms here, which extend to the sky.

Each one corresponds to a domain. The first stone platform is equal to the first-level domain, the second stone platform is equal to the second-level domain, and so on.

Lu Mingcai, Emperor Wu of the triple, only a tertiary field, even if the field is stronger, it is already very good to be able to set foot on the fourth stone platform.

But he, Wuhuang Wuzhong's cultivation practice, but the field, has reached the sixth level, he can embark on the sixth Shitai cultivation.

Unless Lu Ming can set foot on the seventh stone platform, he can beat him.

But in the third level field, it is impossible to set foot on the seventh stone platform, so he won, how could he not agree?

Chapter 1495: Heavenly Beast

In his view, Lu Ming must have never been to the Tongtian Floating Platform before, and he didn't know the mystery of it before betting with him.

"How to bet on 500,000 contributions?"

Lu Ming said.

"Contributions of 500,000 gates!"

The young man in Yinpao was shocked, and then a hot flame burst into his eyes, revealing greed, and said, "Okay, I agreed!"

Then, the Yinpao youth shouted, "Brothers and brothers, please come and be a witness!"

The Yinpao youth shouted, and those young people who watched under the stone platform looked towards this side, and some people came over.

Those who were with Yinpao Youth also came over.

"What testimony?"

Someone asked.

"You, this person is called Lu Ming!"

Yinpao youth pointed at Lu Ming.

"Lu Ming? It turned out to be him!"

"He is Lu Ming!"

Some people blurted out.

Now, Lu Ming is very famous. Yunlong Gukou, in the presence of Lord Yinlonggu, slashed Yinfeng, causing Lord Yinlonggu to be injured as a result. Later, Lord Yunlonggu also cut the mission hall because of this. Several deacons, shaking the entire Dragon Valley.

All this is because of Lu Ming.

Lu Ming's name is also well known to many people.

At this time, they looked at Landing Ming quite curiously.

"Brother Lu Ming, bet against me, bet me and him, who can set foot on a higher stone platform, the bet is 500,000 contribution points, Brother Lu Ming, is not it?"

Asked the Yinpao youth.

"what?"

This remark shocked other people, and some people looked at the landing song inconceivably.

Lu Ming actually had to bet against the Yinpao youth, and one bet was a contribution of 500,000 yuan.

Taking Lu Ming's cultivation practice as a bet against the Yinpao youth, didn't he lose?

When you step on the stone platform, you are not looking at pure combat power. You are looking at the field.

The higher the level of the field, the more powerful it is to set foot on a higher stone platform.

This Lu Ming, isn't it useless for many contributions?

The corner of Lu Ming's mouth rose slightly. This young man in silver robe was afraid of Lu Ming's disappointment, so he found these people as witnesses, but this was exactly what Lu Ming meant.

"Yes, that's true!"

Lu Ming nodded.

"Okay, Lu Ming agreed, we can testify!"

A young man with the silver gown youth shouted first.

Others nodded and said they could witness.

"Brother Lu Ming, let's get started!"

The Yinpao youth said, quite eager to wait, afraid of night long dreams.

"Okay!"

Lu Ming smiled.

The two chose two nearby Shitai, which went all the way up, and there was no one else.

bump! bump!

Almost at the same time, the two jumped onto the first stone platform, and then they sat cross-legged at the same time. The stone platform glowed, and dense inscriptions appeared, covering them and covering them.

The first function of this inscription is to let people escape into the unpredictable void, and the second function is to prevent others from attacking and have a defensive effect.

Although Longshen Valley has regulations, it is impossible to shoot others on the floating platform, otherwise it will be severely punished, but some people will risk it, so this inscription has played a good defensive role.

When the inscription covered Lu Ming's whole body, he felt that his spirit, or soul, was pulled away from his body.

The surrounding space glanced like a glimmer of light. At the next moment, Lu Ming found that he had come to a chaotic land.

All around, there is boundlessness and boundlessness.

However, Lu Ming found that the atmosphere of the road here is extremely rich. If you practice here, the effect is at least ten times better.

"Here is the Heavenly Battlefield created by the Patriarch of the Dragon God Valley?"

Lu Ming thought.

Roar!

Suddenly, there was a roar, and in front of him, a strange animal came out, and the strange animal was full of the breath of the road.

"Heavenly Beast!"

Lu Ming moved. ,

Roar! Roar! Roar!

Then, the sound of roaring sounded one after another, and all the heavenly beasts came out together.

These heavenly beasts come in various forms, tiger-shaped, wolf-like, and snake-shaped...

The same thing is, these exotic beasts have a golden mark on their eyebrows.

"Seal of Heaven!"

Lu Ming's eyes filled with bright light.

In the battlefield of Heavenly Dao, as long as this kind of beast is killed, the imprint of Heavenly Dao on the eyebrows of the strange beast will be absorbed by the warrior, and he will directly feel Heavenly Dao and comprehend the realm.

With a loud roar, at least five or six heavenly beasts suddenly rushed towards the landing.

"Ning!"

The chaotic realm spread out, then began to shrink, and finally turned into a spear, held by Lu Ming in his hand.

In the battlefield of Heavenly Dao, because the spirit escapes into it, all weapons, true elements, etc. cannot be used. The only thing that can be used is the field.

call out!

A spear pierced, and a lance pierced the vast space, assassinating a heavenly beast.

Then, the spear swept across, and five or six heavenly beasts were defeated at the same time.

Celestial Dao beasts were defeated, and the energy of Celestial Dao dissipated, but the imprint of Celestial Dao with their eyebrows radiated golden light and flew into Lu Ming's body, disappearing.

Roar! Roar! Roar!

Roaring like thunder, more heavenly beasts appeared and rushed towards the landing.

Lu Ming held a spear condensed in the chaotic realm and rushed forward. The spear was shocked. The shadow of the gun was vertical and horizontal. There were more than a dozen guns.

Here, it is the first floating platform, and the appearance of Heavenly Dao Beast is equivalent to the power of the first-level field. For Lu Ming, there is no difficulty.

Soon, Lu Ming fully killed 108 Heavenly Dao Beasts. By this time, no other Beasts appeared.

At this moment, Lu Ming felt his body tighten, and the next moment, he found that he had returned to the flesh of Tongtian Floating Platform.

"Well, Heavenly Mark!"

As soon as Lu Ming felt it, he found that there were 108 golden marks of heaven in his mind.

"Wonderful, it's amazing!"

Lu Ming lamented.

Then close your eyes and refine these Heavenly Marks, and a faint golden radiance pervades the body.

On the floating platform next to Lu Ming, the Yinpao youth also opened his eyes, glanced at Lu Ming, sneered, and began to refine the imprint of Heavenly Dao.

Ten minutes later, the young Yinpao stood up, and the inscription covering him automatically retreated and disappeared.

Contemptuously looking at Lu Ming, who was still in refining, the Yinpao youth stepped out, striding directly over a distance of 100 meters, and appeared on the second floating platform, sitting cross-legged.

Similarly, dense inscriptions appeared on the second floating platform, covering his body.

Lu Ming continued to be on the first floating platform.

Half an hour later, Lu Ming felt that the seal of Heavenly Dao just obtained was completely refined.

"The realm of chaos really increased a bit, which is worth the usual seven days of hard work!"

Lu Ming smiled on his face, surprised at the effect of the sky floating platform.

All the time just added did not last for an hour, but the effect was worth the usual seven days of hard work. These effects are indeed amazing.

Chapter 1496: All the way up

"So, go ahead!"

Lu Ming got up, and the inscription on his body retreated automatically.

"Haha, this Lu Ming lost, the first floating platform will take such a long time, and he still dare to bet with Brother Yincheng, it is simply to send contributions to Brother Yincheng!"

"Hundreds of thousands of contribution points, envy, Brother Silver City made a big profit!"

Below, some people looked at Lu Ming and sneered.

Lu Ming smiled faintly, too lazy to care.

He bet with the Yinpao youth, who bet on the higher floating platform, but not for a short time.

He came here for the first time. The fine imprint of Heavenly Daoist refinement just now, there is no trace of refining and refining, so naturally it took some more time.

Then, Lu Ming stepped out, stepped on the second floating platform, and then sat cross-legged, the second floating platform glowed, the inscription enveloped Lu Ming again, and the next moment he returned to the chaotic land.

Roar! Roar! ...

Just like last time, there is also a Tiandao alien beast, but this time the Tiandao alien beast has two golden heavenly marks on his eyebrows.

Two golden seals indicate that the heavenly beasts here are equivalent to the power of the second-level realm, and the combat power is stronger.

A roar sounded, and all the heavenly beasts rushed to Lu Ming.

In the chaotic realm, once again a spear was condensed, and Lu Ming held the spear and rushed up.

call out! call out! call out! ...

The guns are vertical and horizontal, and all the heavenly beasts are killed.

Soon, 108 strange beasts were all beheaded by Lu Ming, and he reappeared on the Tongtian floating platform.

A glance and found that the young man in Yinpao was already on the third floating platform.

Lu Ming ignored it and closed his eyes to refine the imprint of heaven.

The second floating platform, the mark of heaven, is double the number of the first floating platform.

An hour later, after Lu Ming refined all the Taoist Seals, he felt that the chaotic realm had improved again.

Lu Ming took a slight step, stepped out, and appeared on the third floating platform.

The third floating platform, after entering the chaotic vast land, appeared heaven and earth beasts, and there were three golden marks on the eyebrows, which is equivalent to the third-level realm, and the level is already equivalent to Lu Ming's realm.

But Lu Ming's realm is chaotic realm, and the emperor of thousands of realms is extremely rare in the world.

Although it is at the same level, it is absolutely crushed.

Soon, 108 strange beasts of heaven were killed, and Lu Ming began to refine the seal of heaven.

Below, some people continue to discuss.

"This Lu Ming's talent is good, he can fight over the ranks, I guess he can break into the fourth floating platform, but it is definitely the limit!"

"Yes, the third floating platform, one hundred and eight heavenly beasts equivalent to the fourth level field, this Lu Ming, can kill ten, it's not bad."

"Brother Yincheng's realm has broken through the sixth level. Last time, he was able to kill fifty heavenly beasts on the sixth floating platform. There is no suspense in this game!"

Several young people with Silver City spoke one after another.

"Look, Brother Yincheng, we are going to the fifth floating platform!"

Someone called.

Sure enough, Yincheng got up, stepped out, and appeared on the fifth floating platform. He turned to glance at Lu Ming, who was still on the third floating platform, with a sneer in the corner of his mouth, and then sat cross-legged.

This time, it took two hours for Lu Ming to refine the Mark of Heavenly Dao, feeling that the chaotic realm is constantly approaching the peak of the tertiary realm.

Standing up, stepping out, Lu Ming stepped on the fourth floating platform and sat cross-legged.

"This kid is on the fourth floating platform. It looks good. Within half a minute, he will be bombed off the floating platform!"

A partner of Silver City said disdainfully.

Soon, half a minute later, Lu Ming was as steady as a rock.

"Huh, it's been a while, but it's just Gouyan panting, and it will be blown down in three minutes at most!"

The young man who spoke before turned a little embarrassed.

Soon, three minutes later, Lu Ming's figure was still rock-solid.

"He definitely can't withstand it for ten minutes!"

The young man gritted his teeth.

Ten minutes later, Lu Ming's body shone with golden brilliance. It was obvious that he killed all the Heavenly Dao Beasts and began to refine the Heavenly Dao Mark.

"So fast, in ten minutes, all the beasts of the fourth floating platform were killed!"

"It's really fast. It just took fifteen minutes at Silver City!"

"Who was it just now that Lu Ming was about to be bombarded!"

Other young people, after a while of discussion, were very surprised, and more people looked at the young man who spoke before.

The young man, with a face on his face, turned into a pig liver, and he almost vomited blood.

"Huh, it's just lucky to have crossed the fourth floating platform, absolutely can't pass the fifth!"

The young man gritted his teeth.

Everyone watched, and time slowly passed.

After a while, Silver City on the fifth platform suddenly got up.

"That kid, it should be bombarded!"

There was a sneer in the corner of Yincheng's mouth, and he looked back.

At first glance, his face changed.

"Actually passed the fourth floating platform, hum, good luck, but the fifth floating platform is your limit!"

Yincheng snorted, stepped out, stepped on the sixth floating platform, entered the battlefield of heaven, and fought against the heavenly beasts.

Under the sky floating platform, everyone watched quietly.

About twenty minutes later, Yincheng sat on the sixth floating platform. His body suddenly shook, and the inscription flashed. The body of Yincheng flew out of the floating platform and landed at the bottom of the floating platform.

"Brother Yincheng, this time, how many Level 6 Celestial Beasts have been killed?"

The young man who had always said that Lu Ming was about to be bombarded quickly asked.

"Sixty-eight!"

Silver City spoke.

"Sixty-eight, there are eighteen more than last time. Congratulations, Brother, it will take a long time before we can cross the sixth floating platform!"

The young man quickly flattered.

"Ok!"

Yincheng smiled faintly, revealing a trace of complacency, and then looked at Lu Ming on the fourth floating platform.

But when he saw this, Lu Ming got up, then stepped out, stepped on the fifth floating platform, sat cross-legged, and immediately added inscription.

"Huh, in the tertiary field, being able to step on the fifth floating platform is his limit!"

Silver City said coldly.

"Yes, he definitely can't kill ten fifth-level heavenly beasts, and he will be bombarded!"

The youth said before.

But time, one minute, two minutes, five minutes passed, Lu Ming was still sitting on the floating platform, the young man shut up completely, and Yincheng's face also became cold.

Within the battlefield of heaven, Lu Ming is fighting.

Within the heavenly battlefield of the fifth platform, the condensed heavenly beast is equivalent to the fifth-level realm.

Celestial Dao beasts in the fifth-level field have a very powerful combat power, and they have a powerful fight.

However, the operation of the chaotic realm can still suppress these beasts.

In Tianyu Mozong, Lu Ming used the second-level chaotic realm to confront Jinyu's fifth-level demon realm, and defeated the opponent's realm in one fell swoop.

Chapter 1497: Cunning Silver City

call out!

The gun flashed and a fifth-level heavenly beast was killed.

Then I swept again, a fifth-level beast was blown out, and several other beasts were hit.

The guns are vertical and horizontal, and a beast is defeated by Lu Ming.

I don't know how long it took. After the last beast was killed, Lu Ming's spirit returned to the fifth floating platform, opened his eyes, and glanced at the silver city that had appeared under the floating platform. There was a faint smile on the corner of his mouth, and then he began to refine the mark of heaven.

A few hours later, the seal of heaven was refined, and Lu Ming got up and stepped on the sixth floating platform.

Under the floating platform, Yincheng's complexion was extremely gloomy.

"This Lu Ming, even if she is lucky enough to set foot on the sixth floating platform? Brother Yincheng has killed 68 strange beasts. Lu Ming, absolutely cannot kill 68!"

It was the young man again, gritted his teeth.

Yincheng's face was indifferent, and there was no noise, just staring at Lu Ming sitting on the sixth floating platform, hoping that Lu Ming would be blasted off the floating platform immediately.

Unfortunately, he was disappointed, Lu Ming's figure remained unchanged.

In the heavenly battlefield of the sixth floating platform, Lu Ming struggled to fight.

The power of the Heavenly Dao Beasts here is even more amazing. Each Heavenly Dao Beast is equivalent to the level 6 field, while Lu Ming is only level 3, which is a difference of 3 levels.

Moreover, there are 108 different beasts, besieging Lu Ming, Lu Ming's pressure really increased.

bump!

The spear swept across and swept on a foreign animal. The foreign animal was just blasted out, but the injury was not serious, he roared, and got up again, rushing towards the landing.

call out!

Lu Ming's long-range spear in the chaotic realm stabbed on a heavenly monster, only halfway through it, and was stuck by the monster.

"Sixth-level monster, it really is strong!"

There was a trace of surprise in Lu Ming's eyes.

Immediately afterwards, Lu Ming stepped on his foot, and his body was like lightning. He rushed towards the monster, wrapped his leg in the chaotic realm, and stepped heavily on the monster's head.

The monster was directly laid down by Lu Ming on one foot, and then the spear was suddenly punctured, piercing the body of the monster, the spear shocked, and the monster collapsed.

The first level 6 monster was killed.

Roar! Roar! Roar! ...

Roaring like thunder, there are more strange animals, culling Xiang Luming.

A spear in the chaotic realm swept through thousands of armies, swept a group of foreign animals, and then stared at one of them, killing another one in the previous way.

"It's too slow to kill like this. Although it takes time, it should be able to pass the sixth floating platform in the end, but it will take a long time!"

Lu Ming frowned.

Thinking about what method to use to strengthen the power of chaos.

Here, weapons cannot be brought in, and there is no real element. Many martial arts can not be used, only the power of the field.

"Wait, prepare for 13 strikes!"

Suddenly, Lu Ming moved.

Thirteen strikes, although it is a field martial art, gun field martial arts, but more lies in the force skills.

The skill of the spear and the force-generating skill in the field of the gun can simultaneously explode two, five, or even ten powers, and their power is greatly increased.

Can that be used in the realm of chaos?

Lu Ming's eyes lit up, and he did it when he thought about it.

Buzz!

Lu Ming's spear shocked and blasted on a heavenly beast, flying the heavenly beast away.

"No, no!"

Lu Ming whispered, the blow just now did not explode with multiple forces.

"The realm of chaos is different from the realm of guns after all, but the realm of chaos contains the realm of guns. It must work, try again!"

Lu Ming kept thinking, the spear in his hand kept bombarding.

Buzz! Buzz! Buzz! ...

Long shots in the chaotic realm continued to bombard, and all the heavenly beasts were blasted out.

Lu Ming is constantly experimenting.

Time is passing quickly, and two hours have passed quickly, but Lu Ming is still fighting with Heavenly Dao.

Under the floating platform, a group of people waited, surprised.

"What's going on? Lu Ming is on the sixth floating platform, without golden light on his body, he should still be on the battlefield of Heavenly Dao and fight with the beast. Why is it more than two hours, not over!"

"Yeah, what's going on, if it fails, it's already flying down!"

"It is likely that he is struggling to support. He bet 500,000 points of contribution with Silver City and he doesn't want to lose.

"should be!"

Many people guess.

Silver City's fists were tightly held together, it was nervous.

This is about his half a million contributions.

In the heaven battlefield, Lu Ming is still fighting with the beast.

Buzz!

The spear shocked and bombarded a beast, and the violent force burst out.

bump!

This strange beast suddenly burst and disappeared into the invisible.

"Successful!"

Lu Ming's eyes lit up. The shot just now succeeded. In an instant, a quadruple force burst out, with amazing power, which defeated the Heavenly Dao Beast in one fell swoop.

call out!

One shot stabbed, and the four forces penetrated the spear through the spear point, and the spear was directly penetrated and killed.

"Quadruple power, enough!"

There was a smile on Lu Ming's face, and his spear was in a vertical and horizontal direction. As long as the beast was swept, smashed, or stabbed, it was all killed.

Just a few minutes later, 108 strange beasts were all killed by Lu Ming.

On the sixth floating platform, Lu Ming's body suddenly filled with golden light.

Lu Ming, passed the sixth floating platform.

"Damn!"

Yincheng's double fists were held tightly, his eyes gloomy.

"How could this be?"

Several other companions in Silver City also shouted inconceivably.

Lu Ming is only in the tertiary field, and can actually pass the sixth floating platform. This is incredible. Never in the history of Longshen Valley.

"Brother Yincheng, what should I do? Do you really want to contribute 500 thousand to Lu Ming?"

A young man asked Silver City.

"500,000 contributions, he dreams!"

Yincheng gritted his teeth.

The half a million contribution points are equivalent to half the price of the Paladin. Now, all his contribution points are only a little over half a million points. How can Lu Ming be given.

"but..."

There are youths hesitating.

"Huh, a few younger brothers, did Lu Ming hurt you before? Then you will be wronged again!"

Silver City looked at the three young men who had been shocked by Lu Ming's shock and spoke out indifferently.

The words, three strengths, slammed silently among the bodies of the three young men, and the three young men groaned, and blood spilled from the corners of their mouths.

"I hurt your viscera now, you keep this injury now, understand?"

Silver City commanded.

"Yes Yes!"

The three youths nodded quickly, and although they were angry, they dared not follow.

"Huh, how can I make my contribution easier?"

Yincheng looked at Lu Ming on the floating platform and sneered.

Chapter 1498: Hit a rake

On the sixth floating platform, Lu Ming continued to refine the Taoist Seal. After all the Taoist Seals were refined, Lu Ming opened his eyes and smiled.

"Level 3 peak!"

Lu Ming whispered.

His chaotic realm has finally reached the third level peak, 200,000 original stones, worth it.

But it is not so easy to break through the fourth level.

The fourth-level realm is equivalent to the realm of the middle-level martial emperor.

Lu Ming got up, looked at the seventh floating platform, then looked back and looked at Yincheng.

Then, Lu Ming did not continue to move up, but stepped out and landed under the floating platform.

You can continue to go on the floating platform afterwards, as long as you pay the original stone, or get the 500,000 contribution points of Silver City first.

"I passed the sixth floating platform, and you did not pass. This time I bet, I won, and handed over half a million contributions!"

Lu Ming looked at Yincheng Road.

"500,000 contribution points? What 500,000 contribution points?"

Yincheng pretended to be stupid, with a sneer in the corner of his mouth.

Lu Ming frowned, this Silver City pretended to be stupid, obviously wanting to pay off.

"You want to pretend to be stupid, hehe, many people here just now can be used as witnesses!"

Lu Ming said.

"Witness, why didn't I hear it!"

"Neither did I hear!"

Several companions from Silver City spoke coldly.

"Have you heard?"

Silver City's cold eyes looked at the others.

Many people's faces changed, revealing fear.

This Yincheng is a cousin of Yinfeng, the grandfather of Yincheng, and the younger brother of the owner of Yinlong Valley. In Yinlong Valley, the backstage is very hard, and many people dare not offend.

Although some people disdain the silver city as a person, they all looked away without opening.

"Ha ha!"

Lu Ming sneered, with a sharp edge in his eyes.

"I...I can testify, just...the two of you just did have a bet that contributed 500,000 points!"

At this moment, a timid voice sounded.

Uh!

With this remark, the eyes of Silver City and several of his companions looked at the source of the sound.

Lu Ming also looked over.

It was a young woman, petite, but fair-skinned, beautiful, and very cute.

At this time, Yin Yin's eyes were swept away, his face pale, his body shivered, and he could not help backing up.

"Little girl, what are you talking about?"

Silver City icy opening.

"I...I don't want to lie, you two did have a bet just now!"

Although the young woman was scared, she still spoke.

"Okay, okay!"

In the eyes of Silver City, the edge is stronger, and there are even murderous opportunities.

"Why? If someone tells the truth, you want to kill. This is the style of Silver Dragon Valley, which is similar to Yinfeng. It seems that I am going to report the penalty to the Dragon Palace!"

Lu Ming sneered, stepped out, and stood in front of the young woman.

"Also, half a million contributions, hand it out!"

Lu Ming then said.

"Oh, Lu Ming, you are really naive. I used to bet on the previous bets. You just take it seriously. We did not set any evidence!"

Silver City quibbled.

"Silver Dragon Valley, all these people originally, from top to bottom, are villains, really lost the face of Dragon God Valley, in my opinion, Silver Dragon Valley is purely a tumor of Dragon God Valley, sooner or later will be pulled out! "

Lu Ming shook his head and sneered.

"Bold, what are you, dare to criticize me about the Silver Dragon Valley!"

Near the silver city, a young man shouted.

"Lu Ming, you are lawless, you can't be disciplined, and you are damaging your fellow students. Before, you had no reason and seriously injured my three younger brothers. For this matter, I have to do a good job with you!"

Silver City shouted, pointing at the three young men beside him.

The three youths were pale and languished.

In Lu Ming's eyes, the cold light was even stronger.

He shouted before and shocked the three people, but only minor injuries, no harm, and with the strength of their spirits, up to now, that little injury has been healed long ago.

But now, the appearance of a serious injury is clearly intentional.

"Lu Ming, you have no reason to seriously injure my disciple of Silver Dragon Valley. What should I do? Now, hand over half a million points of contribution as a treatment fee!"

Yincheng shouted, imposing.

"Who? Dare to hurt my disciple of Silver Dragon Valley?"

At this time, on a floating platform, a cold voice sounded, a figure, falling down, is a cold young man.

"Brother Ding Mao!"

Seeing this young man, Silver City and others were overjoyed and quickly rushed to luggage.

"Senior Ding Mao, this is Lu Ming. He hurt my three disciples in Yinlong Valley for no reason. I was about to ask him to pay the treatment fee!"

Silver City Road.

"Lu Ming!"

Ding Ma heard Lu Ming's name, his eyes burst into cold light, his murderous intention flickered, and said coldly: "Huh, with his identity as a true disciple of Yunlong Valley Master, can he really be lawless? Let him accompany the treatment fee, and then Take him to the penalty dragon palace!"

"Yes!"

Silver City responded, with greater courage, and stared at the landing, saying: "Lu Ming, hurry up, hand over half a million contributions, and follow us to fine the Dragon Palace!"

On the side, some people sighed.

Silver Dragon Valley, this is totally deceiving.

Originally, it was Yincheng and Lu Ming betting on 500,000 points of contribution. In the end, Lu Ming won. Not only did Yincheng fail to pay the bill, but now he put a big hat on Lu Ming and asked Lu Ming to hand over 500,000 points of contribution. Also take Lu Ming to punish the Dragon Palace.

What a mean!

But they can only think about it in their hearts. What about meanness? Who is called Silver City and others?

Lu Ming, what will happen? To pay or not to pay?

Many people watched Landing Ming and guessed how Lu Ming would choose.

"Ha ha!"

Lu Ming's face was still calm, but the sharpness in his eyes was sharper.

"Today, if you don't hand over half a million contributions, don't leave here!"

Lu Ming spoke coldly.

Many people were shocked and crazy.

Lu Ming directly ignored the series of nonsense that Yincheng said before, that is, to let Yincheng surrender 500,000 points of contribution.

Ding Mao body, cold light burst out, said: "This person is stubborn, you take him first!"

boom! boom! boom!

Silver City and others burst into a strong breath.

"Lu Ming, you dare to act boldly, kneel down for me!"

Yincheng shouted, cultivated his behavior, and broke out in full swing, slamming toward the landing.

In Silver City, Xiuwei reached the peak of Wuhuang's fivefold, while the field reached level 6, and the fighting power was very amazing.

The other two young men all had Wu Emperor's five-fold cultivation behavior and their fighting power was also very strong.

"It's you who kneels!"

Lu Ming's eyes were cold, and two black rays of light, puncturing like a sword, sank into the body of Silver City and bombarded his soul.

After this period of training, Lu Ming's magic sword tactics have been very amazing.

what!

Yincheng issued a terrible scream. He felt that his soul was almost split in half. The pain of the torn soul made him completely unwilling to fight, half of the palm marks, and collapsed automatically. .

Chapter 1499: Brother Seven

boom!

Lu Ming shot with a palm, the chaotic realm formed a huge palm print, which pressed against Yincheng.

With a touch, Yincheng knelt down directly and knelt in front of Lu Ming.

Just now, he wanted Lu Ming to kneel, but now, he knelt down by himself.

Then, Lu Ming threw two punches in a row, terrifying punches, and flew the other two young men out, vomiting blood.

In an instant, the three young men of Wulong and Wuzhong in the Silver Dragon Valley, two were blown away, and one knelt in front of Lu Ming.

On the edge, others showed shock.

Lu Ming, stronger.

Compared to the last time Yinfeng was killed, it was a bit stronger. It was amazing.

Is this still a man from a wild island? Strong incredible.

They finally knew why Yunlong Valley Lord accepted Lu Ming as a disciple, that was Yunlong Valley Lord Huiyan's eyes and beads, and saw Lu Ming's talent.

Buzz!

At this moment, Ding Ma burst into a breath of breath, terrible pressure, and pressed towards the landing.

boom!

Lu Ming seemed to be crushing a mountain.

"Seventh Emperor Wu Emperor!"

Lu Ming felt a shock.

Ding Ma, is a powerful emperor of the seven emperors, the high-ranking emperor.

"Lu Ming, you are so brave. I hurt my three disciples in Silver Dragon Valley before. Now, I have to take action again. This person must be severely punished. Send off!"

Ding Ma made a cold voice, stepped out, and a dragon yelled, and uploaded from Ding Ma.

Uh!

Then, Ding took a paw and grabbed at the landing.

During the process of grasping, Ding Ma's palms and arms gleamed with dazzling silver light, and a layer of fine silver dragon scales emerged.

"Thirteen strikes!"

In Lu Ming's hand, a spear of the Emperor Spirit Soldier appeared. The spear shocked, turned into a lance, and pierced through.

Ding!

The spear, stabbed in the palm of Ding Mao, Lu Ming felt that a terrible force came toward the spear, and the spear bent slightly.

But in an instant, ten powers erupted in the spear, forming a sharp and sharp air, which had to penetrate Ding Mao's palm.

Ding Mao's face changed and shouted, terrifying power broke out.

bump!

Shocked by this force, Lu Ming's body flew out, and hit the wall of a snowy mountain on the edge, causing the snowy mountain to boom.

But at the same time, Ding Ma also stepped back.

"Seventh Emperor Wuhuang is worthy of being a high-ranking Emperor Wu, so powerful!"

Lu Ming thought about it, feeling that the blood in his body was tumbling, and almost spit out fresh blood.

"This kid..."

Ding risked himself, striking.

The palm of his hand was trembling slightly, and the scales of his palm, the dragon scales were broken apart, revealing a trace of blood.

His palm was almost pierced by Lu Ming's spear.

"kill!"

Roar!

Long Yin sounded, Ding Mao body, the silver light was more prosperous, like a silver dragon, slamming toward the landing.

But at this moment, a huge iron hammer flew over in the direction of the entrance of Tongtian Floating Platform, and the hammer broke through the air, making a terrible roar and blasting towards Ding.

Ding Mao's face changed drastically, and Lu Ming couldn't take care of it. With a scream, his palms slammed toward the hammer.

Boom! Boom!

Two roars, Ding's palm, bombarded on the hammer, gave two huge vibrations, terrible sound waves, made many weak, pale, and backed out.

Uh!

The hammer was flew out by Ding Ma, but Dante also took a shock, and flew backwards, backed out of 100 meters before landing on the ground, his hands trembling.

bump! bump! ...

In the direction of the entrance, a burly figure rushed to catch the hammer and walked step by step. The ground thundered with each step.

"Silver Dragon Valley's great prestige, a martial emperor sevenfold, actually a triple shot of my martial arts brother, really shameful!"

The burly figure spoke like Hong Zhong.

This man is a young man with a very burly figure, two heads taller than Lu Ming, his muscles bulging up like a wild dragon.

He held a big hammer in the palm of his hand, but this big hammer was very special, and the handle was longer than people. The hammer head, the size of a water tank, looked amazing.

"Sky Hammer, it's you!"

Ding Mao looked at this young man coldly.

"Sky Hammer, Brother Seven!"

Lu Ming moved.

Lord Yunlong Valley, in the past ten years, has only accepted three true disciples, one is him, one is Xue Ningxin, and the other is called Tian Hao, Lu Ming's Seven Senior Brothers.

"It's your grandpa Hammer!"

Tian Hao grinned, then looked at Lu Ming, said: "You are my nine brother Lu Ming? Sure enough!"

"Thank you Brother Seven for your help!"

Lu Ming smiled.

"Haha, you're welcome, watch me come and beat the dragon grandsons of Silver Dragon Valley!"

Tian Hao grinned and looked at Ding Mao, revealing a terrible color, and said: "Come, come, is Wuhuang Qizhong awesome? Let Grandpa Tian Hao come and play with you!"

"Heavenly Hammer, if you intervene, even take it with you!"

Ding took a cold mouth.

"I see how do you get me?"

Tian Hao's face showed a terrible color, his muscles bulged, and his foot stepped heavily on the ground.

boom!

Tian Hao's entire body, like a barbarian dragon, rushed towards Ding Ma, and the huge giant hammer in his hand smashed towards Ding Ma.

Rumble!

The sledgehammer seemed to smash through the void, carrying a dreadful storm, and it was amazingly powerful.

A silver light burst out on Ding Mao's body, and a silver dragon scale appeared all over his body. A pair of silver gloves appeared on his hands.

Emperor Spirit Soldier level gloves.

"Silver Dragon Fist!"

Ding screamed and punched out.

Boom!

Ding took a punch and bombarded with the giant hammer, the sky exploded and shook endlessly.

Tian Hao and Ding Ma shuddered and retreated at the same time, then screamed and bombarded together again.

"The Emperor Wuhuang's five peaks, the sixth-level field, Brother Tian Hao, what a strong fighting force!"

Lu Ming watched from the side, shocked Tian Hao's combat strength secretly.

The cultivation base of Wuhuang's fifth heavy peak is in the sixth-level field, but he can compete with Wuhuang's seventh heavy Ding. The fighting power is amazing.

"It seems that none of my brothers and sisters are simple!"

Lu Ming smiled.

"Kill, kill, kill kill!"

At this time, the sky hammer burst into roar, and the more and more excited the Vietnam War, as if incarnation of the legendary killing of the tyrannosaurus, the giant hammer like a water tank, pouring down towards Ding Mao like a storm.

Gradually, Ding Mao actually fell into the wind and was suppressed by Tian Hao.

"The Sky Hammer is stronger, and the people in Yunlong Valley are all crazy!"

"It's really terrifying, and Xue Ningxin, and the recent Lu Ming, Yunlong Valley, are all lunatics, and the fighting power is amazing."

"I heard that none of the nine disciples of Lord Yunlong Valley is simple!"

Around the other people in Longgu, there was a lot of talk.

In a blink of an eye, Tian Hao and Ding Mao fought hundreds of moves.

Chapter 1500: You have to pay if you don't

Up to now, Sky Hammer has fully prevailed.

boom!

With a huge roar, Ding Ma was smashed by Tian Hao and flew out, gliding on the ground for hundreds of meters, dragging the cold ground out of a long gully.

Ding took a pair of arms, trembling violently, and a trace of blood ran out of the corner of his mouth.

Ding Mao was injured and lost in the confrontation with Tian Hao!

A high-ranking martial emperor with a seven-tiered emperor, lost to a martial emperor at the peak of the emperor, and when he looked at Tian Hao, many people showed deep shock.

Lu Ming, a martial emperor is triple, seeing Wu emperor as heavy as nothing, can be easily crushed.

Now, Tian Hao, with Wu Wu's five peaks, suppressed a Wu Huang seven.

The disciples of Yunkong Valley are so horrible!

"This is your fighting strength? This is the fighting strength of the Emperor Wuzhong. It is really sparse and ordinary. The people of Silver Dragon Valley are arrogant and arrogant, and there is no one in the eyes, but all of them are waste!"

Tian Hao carried the giant hammer, waved it, and screamed, a disdainful voice spread throughout the audience.

"you..."

Ding Mao's face was extremely ugly, but he couldn't refute it. Before the facts, he lost to Tian Hao.

Other disciples of Silver Dragon Valley all had red faces, but no one dared to speak.

"Lu Ming, just spare you today, let's go!"

Ding Mao looked coldly at Lu Ming, sipped, and turned to the exit of Tongtian Floating Platform.

Other Silver Dragon Valley disciples, including Silver City, also wanted to leave.

"Wait!"

Lu Ming drank coldly.

Ding Ma stopped and turned to look at Lu Ming, said: "What else do you want to do? Don't think I'm really afraid of you?"

"Not calling you, I was looking for him!"

Lu Ming's eyes fell on Yincheng and said, "I owe me half a million points of contribution, pay off and go!"

"Don't think about it!"

Silver City roared.

Just now, he was kneeling in front of Lu Ming by Lu Ming, it was a shame, and he wished to peel and cramp Lu Ming.

"Stop thinking? You bet against me and lost me half a million points in contribution. I wanted to betray. I said, if you don't give it today, don't want to leave!"

Lu Ming's voice was cold.

"I said, I just talk about it casually!"

Yincheng said with a cold face.

"Hahaha, talk casually? It turns out that all of you in the Silver Dragon Valley are farts? Well, if you admit that you are up and down in the Silver Dragon Valley, it's all about him who farts, I will take this matter Did not happen!"

Lu Ming said.

"You and I..."

Silver City gaped, how could he admit it.

This should not be his own business, but the entire Silver Dragon Valley, Silver Dragon Valley, there are valley owners, elders, and some arrogance, where can he represent Silver Dragon Valley, if he really admits Well, in the future, he wouldn't want to be in Silver Dragon Valley.

"To bet? Can there be a witness?"

Ding coldly made a noise.

"These are witnesses at the scene!"

Lu Ming's eyes swept the scene.

"Oh? Really? Who witnessed this?"

Ding took a glance at the audience, revealing a hint of threat.

"Since you are witnesses, you better not lie, seek truth from facts!"

On the side, the sky hammer opened his eyes, looking like a wild beast, glancing at the audience and saying, "If I was found, who is lying, my hammer is too slippery, and it is often unstable, and when you go out, your head suddenly falls off. Such a big hammer, don't blame me!"

With that, the hand of Tian Hao slipped, and the hammer like a water tank fell to the ground.

boom!

The ground roared and was directly smashed into a deep pit with cracks like spider webs.

Many people took a breath, the ground here is very hard, but the hammer of the sky hammer fell, and it can actually smash the ground out like this, which is really terrifying.

The weight of this hammer is too amazing. If it hits a person, it will definitely end up with broken bones and broken bones. If it is weak, it will be killed alive.

"They...they, there is a match!"

A timid voice sounded, still the timid young woman before.

This made Ding's eyes cold.

"Yes, they bet on who stepped on a higher floating platform, who is higher, who wins, and finally Lu Ming won!"

"But it happened!"

At this time, others also spoke one after another.

One is the fear of Tian Hao, and the other is that the people of Silver Dragon Valley are too domineering, making them unhappy.

Others at the scene spoke, making Yincheng's face uncomfortable.

"May be gambled to lose, hand over the contribution points, otherwise, you can stand still and eat me with a hammer!"

Tian Hao grinned.

Silver City was trembling, joking, eating a hammer, wasn't it death?

"Since you have lost, give it a contribution!"

At this time, Ding Mao also spoke coldly.

Just now, in the battle with Tian Hao, he suffered some injuries and needs to go back to heal. Moreover, it is Silver City's contribution point, and it is not his. He now wants to leave here quickly so as not to be ashamed.

Silver City was almost crying, but Ding Mao was all speaking. Today, he has to pay if he doesn't pay, otherwise, he really can't leave here.

Finally, Silver City reluctantly transferred 500,000 contribution points to Lu Ming's identity jade card. Lu Ming's identity jade card had an extra 500,000 contribution points.

The heart of Silver City is bleeding, he only contributed more than 500,000 points, and now all of a sudden, only a fraction is left.

"go!"

Ding took a cold drink and walked away with the people of Silver Dragon Valley.

"Thank you Brother Seven for your help!"

Lu Ming gave Tian Hao a fist.

"Haha, our brothers and sisters, what's your politeness?"

Tian Hao smiled and said, "As soon as I came back, I heard about Brother Shi's deeds. In front of Yin Zheng's old fellow, he beheaded his baby grandson. It was a very popular feeling, a man. I wanted to find you to drink, but If you are not here, I will come to the Tiantian Floating Platform to practice. I didn't expect to meet you, haha!

Tian Hao laughed, very bold.

"Drinking is not easy, just made a lot of contributions, you can drink anytime!"

Lu Ming laughed.

Tian Hao's character is somewhat similar to that of Yan Fanatics, which makes Lu Ming have a good impression.

"Okay, I'm waiting!"

Tian Hao said.

At this time, Lu Ming walked to the timid woman and said, "Thank you for the girl's outspokenness just now.

"My...my name is Su Lei!"

The young woman said that her voice is still a little timid, very Myanmar.

After a few chats, Lu Ming knew that Su Lei was a disciple of Zilong Valley.

"Brother, they just said that you won Silver City in gambling, what platform have you set foot on?"

Tian Hao asked curiously.

"Just after the sixth platform, just come down!"

Lu Ming said.

"After the sixth platform? Can that be continued?"

Tian Hao asked curiously.

"Should... be able to!"

Lu Ming said.

He integrated the chaotic realm into a 13-strike momentum, and his power has greatly increased. It is still quite easy to pass the sixth platform. Lu Ming estimates that he should be able to cope with the seventh floating platform.

"In the tertiary field, you can step on the seventh floating platform, abnormal!"

Tian Hao stared at Landing Ming with wide eyes, an exaggerated expression.
