

D Emperor 1511

Chapter 1511: Angry God Son

Within a minute, the entire treasure trove was evacuated by them, leaving nothing left.

"go!"

After the move, the three rushed out of the treasure trove without stopping at all, and flew out along the hole broken by the real dragon.

boom! boom!

Outside, above the Qilong Lake, the war continues.

Divine Son, Wang Jian and others are still besieging the black dragon body.

Roar!

The black dragon is full of black light, like a black flame burning, and its combat strength is stronger than before.

"This real dragon corpse is burning that brand to enhance its combat power, but soon, the brand disappears, and this real dragon corpse has no resistance!"

Xue Ning said.

The three flew to Qilong Lake and watched from afar.

The Divine Son controls Bai Yutang like a son of a god, bathes in the Holy Light, and continuously bombards the black true dragon.

Wang Jian, above him, also had a war sword suspended, which was amazingly powerful. Obviously he was also a holy soldier, with a terrible sword light, slashing towards a black real dragon.

As for other masters, they can only watch from a distance, and they can't get in.

Roar!

The black real dragon suddenly burst into roar, and two dragon horns flew out of his head, growing rapidly, and finally turned into two Qingtian swords, slashing towards the Divine Son and Wang Jian.

when! when!

The white jade pagoda of Shenzi and the war sword of Wang Jian were flew out by the dragon horn, while both Shen Zi and Wang Jian shook their bodies and retreated.

Roar!

The black true dragon screamed, twisting his body and rushing towards the distance.

"Want to go and dream!"

The Divine Son angered and controlled the White Jade Pagoda, bombarded heavily on a dragon horn. The dragon horn was blasted out, the light dimmed, but quickly became smaller.

The Divine Son rushed by and grabbed the Dragon Horn in his hand.

On the other side, Wang Jian also grabbed a dragon horn in his hand. The two put away the dragon horn and turned into a rainbow, chasing toward the black real dragon.

"There are dragon scales!"

"its mine!"

As soon as the Divine Son and Wang Jian left, the rest of the people rioted.

In the previous battle, many dragon scales were shot down on the black true dragon. If these dragon scales were refined into defensive armor, they would definitely be a rare treasure.

The masters under him rushed towards the five or six dragon scales, and a scuffle broke out at the scene.

From time to time, some powerful people screamed and were killed here.

"Brother, sister, let's go!"

Lu Ming said to Tian Hao and Xue Ning.

On this trip, they gained a lot. They evacuated a treasure house of the real dragon in the Holy Realm, which is the biggest winner. This trip is worth it and it is not interesting to stay here.

"it is good!"

Tian Hao took out the Broken Shuttle, and the three entered the Broken Shuttle, and the Broken Shuttle walked away into the air.

Soon after Lu Ming left, Shenzi and Wang Jian returned with cold faces.

Especially the Son of God, a cold murderous opportunity filled his body.

Obviously, their gains are not good, it is possible to chase the black true dragon.

"dead!"

The whole Son of God seemed to be transformed into a spear, piercing the void, and slaying towards the strong men who were fighting for the dragon scales.

Boom!

A powerful Emperor Wu Zhongjiu was penetrated by the Divine Son and fell on the spot.

"Today, none of you want to leave!"

The Divine Son spoke indifferently, the Spear of Divine Punishment pierced the void, and another strong man was killed.

Before, in the Dragon Palace, he banned the inscription rune of the void with the gods, and the black real dragon would have been imprisoned. In this way, the black real dragon could not escape at all. If he wanted to destroy the brand, the real dragon body would be killed. He earned.

But at a critical moment, he was disturbed by someone. Someone destroyed the inscription rune of God's forbidden void, and let the black real dragon escape.

The God-Forbidden Void Inscription Rune Scroll is an ancient inscription rune scroll that he accidentally obtained and is extremely precious, but if he can get the corpse of the real dragon of the Holy Realm, it is also a big profit.

But now, the corpse of the real dragon in the Holy Realm has not been obtained, and the **** banned void ancient rune has also been wasted, making his killing opportunity extremely rich.

Needless to say, the person who destroyed him just entered the Dragon Palace before, so now the Son of God is killing.

puff! puff!

Masters one by one, were killed by the Son of God.

"God Son is crazy!"

"Run away!"

The remaining masters, madly fleeing towards the Quartet.

"Don't even want to go one!"

The Divine Son made a cold voice, and the White Jade Tower flew out, becoming the size of a mountain, and suppressed it.

The rest of the people screamed, their bodies burst apart, and they were all destroyed.

The dozen or so strong men who had entered the Dragon Palace were all beheaded and killed by the Divine Son in an instant, except Wang Jian.

"What about the three ants in Dragon Valley?"

Shen Zi glanced, but did not see the three Lu Ming.

However, he didn't care too much. He didn't think that the three people who had the highest Wu Wu's weight could destroy his **** forbidden void ancient rune.

"Oh, God Son, today you lost your wife and broke down!"

Not far away, Wang Jian sneered.

"Well, you better shut up, otherwise, you will be chopped together!"

Divine Son said with a cold face.

"You can give it a try!"

Wang Jian showed his fighting spirit.

The fierce light flashed in the eyes of the Divine Son, but he did not do it. Wang Jian's cultivation practice was in the same realm as him, and he was also a peerless arrogant. It was not so easy to kill Wang Jian.

Shen Zi snorted, stepped out, and rushed into the Dragon Palace along the hole of the Dragon Palace.

He wants to search if there is any remaining treasure in the Dragon Palace.

As soon as he rushed in, his face changed, and he saw the dragon coffin being moved, and, under the dragon coffin, the door.

"Vacuum Treasure, **** it is a real treasure!"

The Divine Son growled.

A sword light flashed, Wang Jian appeared, his eyes swept, and a cold and quiet voice came out: "It seems that we are working hard, but others have picked it up cheap!"

Later, the two rushed into the treasure trove and looked at the empty treasure trove, and there was a cold murder in their bodies.

This time, the two of them worked hard. In the end, they got nothing but a dragon horn and a few dragon scales. Even the most important treasure trove of real dragons was taken away by others.

Especially the Son of God also lost an ancient rune.

"Who is it?"

The Son of God roared, and the killer was as cold as a knife.

Then he flew out of the treasure house and looked carefully at the gate of the treasure house.

"True dragon blood, no wonder it can open the door of the treasure house!"

Divine Son sensed the blood left by Xue Ningxin on the door, and there was a cold light flashing in his eyes.

"True dragon blood is the dragon of the Dragon Valley, the three ants!"

"It's so bold to dare to steal the vacuum treasure trove under my eyelids and find death!"

After a while, the Divine Son made a cold sound.

"Really brave!"

Wang Jian also spoke coldly, then turned into a sword light, and left here.

Afterwards, the Divine Son was filled with murderous opportunities and left.

After the **** son, Wang Jian and the two left, some warriors under the seventh weight of the Emperor of the Wu Emperor flew out of the Dragon Palace with fear and fear. They flew in along the hole and searched in the Dragon Palace, but nothing was too big. reward.

Chapter 1512: Thirteen Paladins

The three Lu Ming, riding the broken air shuttle, quickly flew out of the area of shame.

He flew out of the Qiqi area, and the sky hammer reversed direction, breaking the shuttle, and flew in the direction of Cangshan.

The broken shuttle flew on the side, and Lu Ming and others took out the treasures of the Dragon Palace Treasury and began to divide them.

First of all, there are a large number of refiner materials, all kinds of refiner materials, low-level and high-level ones.

Xue Ningxin, who specially selected those shiny refining materials, Lu Ming and Tian Hao, anyway, anyway, after Xue Ningxin picked, the two randomly divided and then put them away separately.

Xue Ningxin and the like are also the spirit soldiers, and they are specially selected for the bright and beautiful spirit soldiers. For Lu Ming and Tian Hao, the gems such as the night pearl and jade, which are not used at all, are all Xue Ningxin's eyes. The light was put away, making Lu Ming and Tian Hao rather speechless.

In the end, it was the Paladin!

A total of thirteen soldiers were suspended in the broken shuttle, exuding mysterious fluctuations.

The thirteen soldiers are all Ming soldiers.

After all, the Great Paladin is so rare that it is extremely rare in Cangzhou.

"There are thirteen soldiers in total, four of us each, and the remaining one belongs to the eighth sister. This time, we can't open the door of the treasure house without the sister. Seven brothers, what do you think?"

Lu Ming said.

"of course can!"

Tian Hao grinned.

"I'll share one more piece, so why am I so sorry!"

Xue Ning said, but her eyes had long been staring at a long sword. This long sword was inlaid with seven precious stones of different colors. It was very beautiful.

Lu Ming smiled and said, "Sister, please pick it first!"

"I want this sword!"

As soon as Lu Ming's words fell, Xue Ningxin grabbed the sword in his hand and couldn't put it down.

"You pick it, I just have this sword, other random!"

Xue Ning said.

"Then this hammer belongs to me!"

Tian Hao stared at a big purple gold hammer and grabbed it in his hand, quite satisfied.

"This hammer, the handle is too short, it seems to find Ming refining master to re-finish it!"

Tian Hao waved that big hammer a few times, very happy.

Lu Ming reached out and grabbed a long gun in his hand.

This spear is black all over, with a black dragon wrapped around it, which looks very mysterious and domineering.

"Finally got a Paladin spear!"

Lu Ming smiled on his face.

Using the Paladin's spear, the power of thirteen strikes will surely be stronger.

It is a pity that among the thirteen Paladins, there are no gloves of the type.

All three received the sacred armor, which was quite joyful, and the remaining sages were chosen at random.

Lu Ming picked three more, Tian Hao also picked three, and the remaining four, Xue Ningxin put it away.

This line can be described as a fruitful one.

Not to mention anything else, the sacred soldier alone, one is one million contribution points, how many treasures can be exchanged? Like Nirvana, I am afraid I can exchange a bunch of them.

"This gun is called the Black Dragon Gun, which is enough for me for a while. The Infinite Dragon Gun, I don't know when it will be promoted to the Paladin!"

Lu Ming murmured.

At this time, in the mountains and rivers, Ming Lian came out on his knees, and suspended the infinite dragon gun on his palms. Pieces of precious refining materials were wrapped in golden spirit fire and slowly merged into the infinite dragon gun.

Now there are many precious refining materials in Lu Ming's hands. Infinite Dragon Guns, as long as they continue to incorporate precious metal materials, they will be promoted. In addition to secondary cultivation, they will refine Infinite Dragon Guns.

"This black dragon gun, just in time to hurry up and refine it!"

Lu Ming was holding an infinite dragon gun and was about to enter the true yuan.

Buzz!

At this moment, the Black Dragon Gun vibrated slightly.

Buzz! Buzz!

Then, the black dragon gun, shaking more and more powerfully, the body of the gun glowed, and the black dragon wrapped around it seemed to be alive.

"what happened?"

Xue Ningxin and Tian Hao looked at them curiously.

"I don't know, this spear suddenly shakes itself!"

Lu Ming said.

Buzz!

The black dragon gun vibrates and automatically floats in the air, and the tip of the gun automatically points in one direction.

"The gunpoint indicates the direction, what's going on? Is there something in the direction that attracts the Black Dragon Gun?"

Lu Ming guessed.

As the broken shuttle flew forward, the tip of the black dragon gun also turned slightly, but always pointed in one direction.

In that direction, there is absolutely something that attracts the Black Dragon Gun.

"Brother, let's go and see!"

Xue Ningxin spoke.

"Okay, but you can't ride the broken shuttle!"

Lu Ming said.

The black dragon gun is the thing of the black dragon in the dragon palace. The black dragon gun is so abnormal that it may be related to the black dragon. But before, they saw the **** son, Wang Jian and the two pursued the black dragon. In case the **** son and Wang Jian were in front , They had to defend.

The three men got out of the broken shuttle, and Tian Hao put away the broken shuttle. The three men breathed and followed the black dragon gun's instructions and flew forward.

The more flying, the black dragon gun buzzing, getting bigger and more intense.

Soon after, they flew into the mountains.

"That's... that holy realm black dragon body!"

Xue Ningxin exclaimed.

Lu Ming and Tian Hao looked in one direction at the same time.

In a depression, a huge black dragon lay there quietly, without a breath of breath, motionless.

"This holy realm black dragon body escaped, and was not caught by the Son of God and others!"

Xue Ningxin's eyes lit up.

"The brand on it is completely gone!"

Lu Ming sensed.

After a battle with the Son of God and others, the immortal mark on the body of the Black Dragon has disappeared, and now it has truly become a dragon corpse.

The three of them flew down the mountain, Lu Ming and Tian Hao looked at each other, and there was a fiery fire in their eyes.

"Ba Shimei, this..."

Tian Hao hesitated and did not know how to speak for a while.

This dragon corpse is absolutely worth the price, but Xue Ningxin is also a real dragon after all, and this black dragon is also a real dragon. If they moved this real dragon corpse, I don't know what Xue Ningxin would think.

Therefore, Lu Ming and Tian Hao hesitated.

"Are you scrupling about me? It is not necessary to practice together, whether it is a human race or a demon race, it was originally a plunder, plundering the heaven and earth, the heaven and earth, and others, even the same race, not to mention, this Tiao is a black dragon, not a different race from me!"

Xue Ning said.

In his words, Xue Ningxin had a Paladin sword in his hand, piercing the dragon head, and finally, digging a spar from the dragon head.

Longjing, after the real dragon family entered the holy realm, condensed out, like the sacred heart of the human warrior.

"This dragon crystal belongs to me, and it is of great help to my cultivation!"

Xue Ning said.

"Okay, haha, little teacher, what do you need?"

Tian Hao asked Lu Ming.

"I just need some keels!"

Lu Ming said.

On the real dragon, the effect of the dragon bone on Lu Ming's cultivation of the dragon **** war body is second only to the true dragon's essence and blood.

However, this true dragon, I don't know how many years have passed away, the essence and blood have long disappeared.

Chapter 1513: One after another

"That's good, younger brother, the dragon bone belongs to you, and the dragon meat belongs to me. I am a barbaric dragon battle body. I devour vacuum blood and flesh, which can slowly upgrade my spirit level!"

Tian Hao grinned.

"Can the spirit level be improved?"

Lu Ming felt a shock in his heart.

This seven brothers is really not simple.

Of course, he would not think that the improvement of the spirit level mentioned by Tian Hao is the increase of the quantity, and most of the essence of the spirit.

His Dragon God battle body is formed by the blood of Jiulong, refining the dragon bone, dragon blood, etc., which can upgrade the dragon body level. Unexpectedly, Sky Hammer can do the same.

It seems that the strange physique that can upgrade the level of the spirit in the world is not only him.

Just don't know the speed of Skyhammer's promotion, is it as fast as he is?

Immediately, Lu Ming and Tian Hao started to separate the blood and bone of this black dragon from the bones. The real dragon meat, Tian Hao was put away, and the dragon bone, Lu Ming was put away.

As for the dragon skin and dragon scale, they are rare treasures, refined leather armor, war armor, etc., the defense is amazing, the three are divided equally.

"Sister eight, brother nine, let's find a place to practice!"

Tian Hao was eager to try.

"it is good!"

Lu Ming nodded.

The same is true for Xue Ningxin.

The three of them rose into the air and left here. Soon, the three came to a huge mountain range one million miles away, and each opened a cave house in the mountain range, entered the cave house, and began to practice.

After Lu Ming entered the cave, he entered the mountain and river map and took out the keel.

The weight of a whole keel is extremely amazing, but because this real dragon has been dead for many years, the loss of spiritual essence is very serious, but after all, the weight and volume are here.

In total, it is still many times more precious than Lu Ming's last purchase of the dragon bone in Dragon Valley.

"Swallow!"

On Lu Ming's body, a powerful force of engulfment erupted, enveloping the entire keel. Among the dragon bones, there was a constant spiritual essence of the true dragon, which was engulfed and absorbed by Lu Ming, melted into the body, changed the body, and made the dragon The body is transformed into a stronger one.

This practice is half a month.

In half a month, Lu Ming completely refined the keel of the whole day, leaving only some impurities, turned into ashes, and scattered around the mountains and rivers.

Roar!

In Lu Ming's body, there seemed to be a Kowloon born. At this time, Longyin came out, and then, a Jiulong phantom rushed out of Lu Ming. The powerful coercion came out.

The muscles on Lu Ming's body wriggled slightly, and the half-sounding tended to be calm. His body was holy and clean, full of power.

"Spirit of the finest place!"

Lu Ming's eyes flashed a brilliant light.

Although this dragon bone has been falling for many years, the spiritual essence has been seriously lost, but it is too complete. The added energy still allows Lu Ming's spirit body to complete transformation, realize evolution, and enter the upper-level spirit body.

"Good strength!"

Lu Ming felt that he was full of strength, every move, and he was shocked.

"Compared to medium spirits, much stronger!"

Lu Ming waved his palm freely, the sky roared, and a terrible sonic boom sounded.

His current cultivation practice, although still Emperor Wu, is more powerful than before.

It's no wonder that in Cangzhou, the upper-class spirit body belongs to the top physique. The vast Cangzhou is a person of the upper-class spirit body. It is very limited. Each one is a terrible arrogance.

It is said that the top ten evil spirits in Cangzhou are all the best spirits.

"Don't know Brother Seven, is the eighth sister's practice finished?"

As soon as his thoughts moved, Lu Ming came out of the pictures of mountains and rivers, flew out of the cave house, sensed it, and found that Tian Hao and Xue Ningxin were still practicing.

Lu Ming returned to the Dong Mansion again. This time, Lu Ming did not enter the mountains and rivers, but he practiced in the temporarily opened Dong Mansion.

Lu Ming took out a large pile of raw stones, prepared to refine the raw stones, and promoted cultivation.

The realm of chaos is about to reach the peak of level four, and cultivation as nature can also be improved.

Large piles of rough stones were refined, and five days passed.

In the past five days, Lu Ming has not stopped for a moment, madly devouring the refined stone, even he himself, did not know how much of the rough stone was swallowed.

boom!

On Lu Ming, a strong breath erupted.

This is the fourth breath of Emperor Wu, and Lu Ming finally broke through the fourth emperor of Wu Emperor and stepped into the ranks of middle-level Emperor Wu.

Stepping into the fourfold of Emperor Wu, Lu Ming's fighting power undoubtedly got another explosion.

At this moment, Lu Ming is at least several times stronger than the combat power he had in the Dragon Palace.

At this time, Lu Ming also felt two waves of volatility nearby, very powerful, and only then fell silent after half a ring.

"Brother Tian Hao and Sister Xue also broke through!"

Lu Ming rushed out of Dong Man's heart.

Uh! Uh!

Lu Ming just came out, and Tian Hao and Xue Ningxin also rushed out, breathing amazingly.

"Brother, sister, did you break through?"

Lu Ming said with a smile.

"Haha, I devoured a lot of real dragon meat, but I did not expect Xiuwei to break through to Wuhuang Sixth!"

Tian Hao laughed.

However, Lu Ming sensed for a while and found that Tian Hao's spirit body had an ascension, but it was not particularly large and could not be compared with his ascension.

This is not surprising. After all, his spiritual body is condensed from the blood of Jiulong. After training the dragon body, it is very rare in the world.

Skyhammer's spirit body can slowly ascend, which is already amazing.

"I initially refined Longjing, and Xiuwei also broke through to the sixth level!"

Xue Ning said.

This time, the three people's gains are very large, it can be said that their strength has skyrocketed.

Tian Hao and Xue Ningxin have already had amazing fighting power. At this time, they stepped into Wuhuang Sixfold, which is undoubtedly more terrifying.

"We are closed here for 20 days, one month before the Dingbao Conference, let's hurry to Cangshan!"

Xue Ning said.

"go!"

Tian Hao took out the Broken Shuttle, and the three entered the Broken Shuttle and hurried towards Cangshan.

Seven days later, they finally approached Cangshan.

These seven days, they are not idle, they will get the right Paladin, and refine it.

In front, a majestic mountain appeared in front of us.

The three went out of the broken shuttle and looked into the distance.

Cangshan, too majestic and magnificent, stands between the heavens and the earth, the top of the peak breaks through the clouds, like the pillar of the world.

Taking Lu Ming's current practice as a stand, he can stand at a high altitude and look into the distance. As long as there are no obstacles blocking the line of sight, the scenes tens of thousands of miles away can be seen clearly, but they can't see the edge of Cangshan at a glance. It can be seen how big Cangshan is.

Three people, flew towards Cangshan.

boom!

Suddenly, there was a roar in front, and then two figures were staggered, and a knife burst out.

With a scream, a figure was cut in half and blood splashed on the spot.

A young man with a sword of war appeared, and Zhenyuan sucked it away, and put away the storage ring of the person who was killed. He glanced at Lu Ming with electricity, and left.

"People who don't want to die!"

Tian Hao grinned.

Chapter 1514: Cang Emperor's Land of Preaching

"It seems that this Cangshan is not very flat!"

Lu Ming said.

"Indeed, the Cangzhou Dingbao Conference, once every three years, has 13 top ancestors in Cangzhou, countless arrogant figures, gathering in Cangshan, and some of the 13 top sect powers are hostile to each other. It is normal for the fight to converge in Cangshan, and there is no match, and there is a fight!"

Xue Ningxin explained.

Three years ago, Xue Ningxin came to Cangshan and knew more.

"Cangshan is a place where Cang Emperor proves his way to becoming an emperor, so there have always been many strong men, and there are many great holy and most holy figures to come to admire Cang Emperor's way to prove his way. Therefore, in Cangshan, many strong The nicks of the heavenly ways of the writers usually attract many people to come. Let's take a look too, maybe we can get some insight!"

Xue Ningxin said again.

"There is such a place, of course!"

Sky Hammer showed the color of expectation.

Then, Xue Ningxin led the way, and the three flew towards the east of Cangshan.

The closer to Cangshan, the more extraordinary Cangshan feels, as if there is a strong trend, and it seems that there is an emperor, dormant here, people can not help but raise the admiration heart.

Flying across the road, you can see that many buildings have been built in many places in Cangshan.

In Cangshan, although there is no top sect power, there are still some small forces located here.

Soon, the three landed on a trail.

"In front, there is a canyon, and there is a palm print left by a senior saint. It is very mysterious. I came to enlighten three years ago, and I have gained something!"

Xue Ning said, stepping first and walking forward.

After walking for a while, a taniguchi appeared in front, but in front of the taniguchi, there were two young guards.

"Stop, there is no way!"

Two young people reached out to block their way, and one of them spoke coldly.

"What do you mean?"

Xue Ning's eyes were cold.

"This place has already been taken by my Tenjin Sect, you go somewhere else!"

A young man sneered.

"Was it taken by your Goddess Sect? Ridiculously, this place is shared by all people in the world. Anyone can come. Why don't I know, when it became your land of God Sect!"

Xue Ning sneered.

"I said it's packaged, I'll package it, hurry and leave!"

A young **** of Tenjin screamed, domineering.

"Tianjinzong, it's really overbearing!"

There was a fierce light flashing in Tian Hao's eyes. If it weren't for the feeling, there were a lot of powerful breaths in the canyon, and he might have started directly.

"Let's go to another place!"

Xue Ning's eyes flashed a murderous chance, but in the end he pulled Tian Hao and Lu Ming and turned away.

"Stop, don't let them go!"

It was here, inside the gorge, a cold roar came.

"stop!"

The two young men who guarded the gate flashed in front of Lu Ming and stopped them.

Uh! Uh! Uh! ...

In the gorge, the sound of breaking the sky sounded, and five young men rushed out to surround Lu Ming and the others.

"Shi Tian!"

A cold light flashed in Lu Ming's eyes.

One of the five people who rushed out was Shi Tian, the young leader who first entered the secret realm of the emperor.

"Haha, Lu Ming, it really is you!"

Shi Tian laughed, his face icy, watching Landing Ming, and the cold killer, filled out.

"Lu Ming, you have killed so many disciples of Tianshenzong in the secret realm of Cang Emperor. You don't have to leave today, just leave your life here!"

Shi Tian's body was filled with a strong breath, locking Lu Ming.

In the Cang Emperor's Secret Realm, before Lu Ming collapsed, Lu Ming had opened a killing ring, killing many disciples of the God of Heaven, which made Shi Tian hate Lu Ming.

"Brother Shi Tian, kill this person, why don't you take action, I will help you kill him!"

On the edge of Shi Tian, a youth said.

"No, I want to kill this person myself!"

Shi Tian waved his hand and stepped out.

boom!

The breath on him rose even more, until he rose to the fourth level of Wuhuang before he stopped.

Shi Tian, in the mysterious realm of Cang Emperor, got a heritage. After returning, he was trained by Emperor Shenzong, and his talents were very high. , His combat power is more terrible.

This time, he was confident enough to kill Lu Ming, ashamed.

"Lu Ming, die!"

On Shi Tian, the Holy Light erupted, and a spear of God's punishment condensed out, breaking through the sky, like a white lightning, with an extremely sharp air, assassinating the landing.

If it is an ordinary Wuhuang fourfold, or even an ordinary Wuhuang fivefold, it must be killed by this move.

But Lu Ming is not an ordinary warrior.

In an instant, the spear of God's punishment was about to pierce Lu Ming's eyes. At this time, Lu Ming reached out a hand and grabbed the spear of God's punishment, and the spear of God's punishment stopped in front of Lu Ming's eyes in this way, making it difficult to enter.

"Kill me!"

Shi Tian burst into roar, and his whole body and realm exploded madly, pouring into the spear of God's punishment, but the spear of God's punishment seemed to be fixed, and he could not move at all.

Shi Tian's eyes widened and the blue muscles on his face raised his body to the extreme, but Lu Ming's one hand was like a rock, no matter how he roared, it was useless.

"how is this possible?"

Shi Tian roared in his heart, it was incredible.

"This is your fighting strength?"

Lu Ming uttered indifferently, his muscles shuddered, and a sound of Longyin came out, and his palm slammed hard.

bump!

The spear of God's punishment condensed by Shi Tian directly collapsed and burst apart.

boom!

Then, Lu Ming clenched his fist and banged it towards Shi Tian.

Shi Tian subconsciously raised his hands and crossed in front of him.

boom!

Lu Ming punched Shi Tian's arm, and Shi Tian's arms exploded directly. He screamed, his body flew backwards, and he vomited blood in his mouth.

The same as the four emperors of the Emperor Wu, Shi Tian was easily crushed in front of Lu Ming.

"Kill, kill, shoot together, kill them!"

Shi Tian roared wildly, while the spirit body glowed, repairing the burst arm quickly.

"court death!"

"kill!"

The other youths of Tenjin Sect roared, their breath exploded, the Holy Light filled, and the terrifying attack poured down towards the landing.

Among them, there are two martial arts warriors with six heavy layers, aiming at Lu Ming.

"kill!"

Lu Ming shouted, the sword sword tactics came out, the two warriors of five emperors, the soul shakes, and the true element is disordered.

boom! boom!

Lu Ming stepped forward, splitting his palms, and the two young people of Wuhuang's five heavyweights were directly killed by Lu Ming.

"Slaughtered by your bitches!"

On the other side, Tian Hao and Xue Ningxin also shot.

These people, who were the highest, were a martial emperor with six heavyweights. They were not Tian Hao's opponents. When they fought, they were killed by Tian Hao with a hammer, and they were killed by Xue Ningxin's two punches.

All of a sudden, only Shi Tian was left.

Chapter 1515: Kill Shi Tian

Shi Tian's complexion suddenly turned pale.

"You are bold..."

Shi Tian shouted.

"Kill you now!"

Lu Ming stepped forward and killed Shi Tian.

Shi Tian retreated crazy, shouting in his mouth: "Brother, help!"

"Dare to kill my disciples of Heavenly God, die!"

At this time, in the gorge, a cold killer rushed out, a huge palm print, composed of the holy light, slammed towards the landing.

This palm is terrifying, and Lu Ming has a feeling that if he is hit by this palm, he may be killed.

"give it to me!"

"I come!"

Tian Hao and Xue Ningxin rushed out at the same time.

Tian Hao lifted the giant hammer in his hand, his muscles protruding, like a barbarian dragon, a hammer blasted toward the palm print.

Roar!

There was a dragon chant in Xue Ning's heart, and there was an ice-cold breath on his body, and a pair of show fists, as if turning into ice and snow, burst out two fists.

The attacks of Tian Hao and Xue Ningxin were simultaneously bombarded with palm prints.

boom! boom!

Two shocking explosions, Tian Hao and Xue Ning snorted, and their bodies were blown out.

But the palm print has also been weakened a lot, and he continued to roar towards the landing.

Lu Ming's eyebrows glowed, and a shield emerged, flying forward, blocking the palm of his hand.

At the same time, in Lu Ming's hand, a spear was condensed, and when the spear was thrown, it was like a lightning, assassinating Shi Tian.

This trick, amazingly fast, directly penetrated the Shitian defense, pierced from his Dantian, and nailed him to the ground.

"I hate..."

Shi Tian shouted, full of unwillingness, but the next moment, no breath at all.

He was directly nailed by Lu Ming.

boom!

That palm print was bombarded on the shield, and the shield was directly blasted away. It quickly became smaller. It flew into Lu Ming's eyebrows and disappeared. However, this shield, but the Paladin, successfully blocked the opponent's attack.

"court death!"

Inside the canyon, an amazing breath erupted, and a roar came out, and a terrible breath rushed out of the canyon.

"No good, go!"

Lu Ming roared and rose into the air.

At the same time, Tian Hao and Xue Ningxin also rose into the air and flew towards the distance.

Uh!

A young man rushed out of the gorge, an astonishing killer erupted, stared at the three people, and shouted: "Kill my disciples of Tenjin, do you still want to escape? Kill!"

The youth turned into a holy light, and they hurried to the landing and chased them, the speed was amazing.

"So fast!"

Lu Ming was shocked, the other party's speed was too fast, approaching them extremely quickly.

call out!

The opponent waved his hand and cut a beam of light. The light crossed the void and slammed towards the landing.

At the last moment, Lu Ming killed Shi Tian, which made the other party stare at Lu Ming.

Shi Tian, within the Tianshen Sect, is a rare arrogance. In the secret realm of the Cang Emperor, he was inherited and cultivated with emphasis, but now, Lu Ming has killed him.

"Brother, be careful!"

The sky hammer shouted.

The Holy Light was too fast, and Lu Ming was approaching in an instant.

Hula!

Behind Lu Ming, the black wings stretched out to protect Lu Ming's body.

when!

The holy light struck the black wings, and the black wings gave a violent shock. Lu Ming's body, like a shell, was blasted out.

"So strong!"

Lu Ming felt that his body was full of blood and blood, and there was a ray of blood in his mouth.

Even if there are black feather wings to resist, the blood is still spitting, which shows the strength of the other party's attack.

Emperor Wuzhong

What's more, it's still a tremendous arrogance with amazing fighting power.

"Brother, how are you?"

Xue Xin shouted with concern.

"I'm fine, I can't go on like this, I will be caught up sooner or later. Brother and sister, please let go of your body and mind and don't resist!"

Lu Ming cried.

"it is good!"

Tian Hao and Xue Ningxin nodded subconsciously.

When Lu Ming waved his hand, the mountain and river map appeared, and he put Tian Hao and Xue Ningxin into the mountain and river map, and then operated the wind elemental art. A black feather wing, his figure, like a black lightning, rushed forward at a rapid speed , The speed is no slower than the arrogance of the **** behind Tianzong.

Tian Shenzong's arrogance, his face changed, his face was more intense, the staring sound of his body was dead, the holy light on his body was burning like a white flame, the speed was a little faster, and he was chasing behind Lu Ming tightly .

"Who is that?"

"Amazing fluctuations, that's the ultimate arrogance of Tianshen Sect, the stone crown."

"Who is the person who fled ahead, was actually chased by Shi Guan?"

"That man is not ordinary, the wings are the holy soldiers!"

The two chased and fled, which also attracted the attention of others.

"Huh? It's that guy, Lu Ming!"

In front of Lu Ming, there were several young men in black robes who heard the movement and looked towards this side. After one of them saw Lu Ming, the murderous eyes flashed in his eyes.

These are the disciples of Tianyu Mozong, and the one who spoke is Mohe.

"Actually chased by Shi Guan, we stop Lu Ming!"

Mo He opened his mouth coldly, the magic knife came out of the sheath, and with a knife, he slashed towards the landing.

Lu Ming was flying, his pupils shrank, and his black wings were in front of him.

bump!

The magic knife was chopped on the black wings, and Lu Ming's body was shocked, his body was blocked.

"Lu Ming, today, how do you die?"

Mohe's eyes were cold, blocking Lu Ming in front of him, and he was so angry.

At the beginning, he was ordered to kill Lu Ming, not only did he not kill Lu Ming, the five martial arts seven strong men who went with him all fell, and even himself, was finally pitted by Lu Ming's array and cut off. In one arm, even the storage ring was lost.

During this time, he kept thinking about revenge.

Unexpectedly, Lu Ming will be encountered here. Moreover, Lu Ming was also hunted down by the strong man of Tenjin, and he certainly did not hesitate to shoot.

"Mohe, kill you sooner or later!"

Lu Ming said indifferently, his body swayed, and he rushed to the other side.

"Leave me!"

Mo He drank coldly, and Mo Dao cut across ten blades instantly.

Now, Mohe's arm, which was cut off by Lu Ming, has re-grown and has been cultivated to reach the peak of Wuhuang's sixfold.

Mohe is a supernatural spirit, and its fighting power is extremely amazing.

Lu Ming was not hard-wired. The black wings were cut like a heavenly sword, breaking through Mohe's blade and passing by.

"Stay!"

The two Tianyu Mozong disciples who followed Mohe, the magic knife unsheathed and slammed towards the landing.

These are the two young people of the five emperors of Wu Emperor's five peaks, and their combat strength is not weak.

At the same time, the rear stone crown is approaching.

"kill!"

Lu Ming roared, and there were two black awns in his eyes, which flew away and rushed to the two Tianyu Demon Sect disciples.

The two bodies were shocked. At this time, Lu Ming waved his hand, and the Black Dragon Gun appeared, turned into two guns, and pierced two Tianyu Demon Sect disciples.

Among the guns, there are 13 ways to gain momentum. Ten forces erupt and penetrate through, directly breaking the two people's attacks and defenses.

puff! puff!

Two Tianyu Mozong disciples died.

dead!

At this time, Shi Guan arrived, and a spear of God's punishment condensed in his hand, piercing towards the landing Mingdong.

Chapter 1516: Crisis, get out

The spear of God's punishment of stone crown is astonishing, as if it can pierce everything in the world.

Lu Ming's whole body of hair was standing upright, and the crisis that Shi Guan gave him was too strong.

"Block it!"

Lu Ming thought, and the shield of the Paladin flew out again, blocking him.

At the same time, he continued to fly forward.

"Leave me!"

Mo He burst into roar, anger sky.

Unexpectedly, he intercepted Lu Ming, and he beheaded two Tianyu Demon Sect disciples. His intention to kill Lu Ming was stronger.

The magic knife erupted and slashed towards the landing.

"court death!"

A cold light flashed in Lu Ming's eyes, and black wings enveloped his body.

boom!

The spear of the punishment of the stone crown bombarded the shield and directly blasted the shield. Then he continued to bombard the black wings. Lu Ming was shocked and flew out, and a ray of blood spilled from his mouth.

Stone Crown's attack power is too strong, if he had two pieces of Paladin's body, it could not be stopped.

"A lot of paladins, who is that man, and a lot of paladins!"

In the distance, some onlookers stared at the land with fiery eyes.

There were too many Paladins on Lu Ming, and he took out three pieces in a row.

"Can you avoid death by relying on the Paladin? Today, you still die, kill!"

The stone crown shouted, bathed in holy light, and armed with a spear of God's punishment, slammed towards the landing like a god.

The stone crown is definitely a rare arrogance of Tenjin Sect, and it gives people pressure. Although it is far away from the Divine Son, it is still very scary.

In this way, Lu Ming couldn't stop a few tricks even if he had a Paladin guard.

"Tweet..."

I don't know when the bubble appeared on Lu Ming's shoulder. With a small paw, a time and space channel was opened. Lu Ming rushed in without hesitation, and at the next moment, it appeared thousands of miles away.

Then, with a black wing, Lu Ming went away quickly.

"Space and time, **** it!"

Shi Guan shouted and hurried to the landing.

But in front, Lu Ming let bubbles again and opened a space-time channel. This time, Lu Ming entered and his figure disappeared directly.

"Damn!"

The stone crown was mad and angry, and the killing opportunity was as cold as winter snow.

"Escaped by this kid again!"

Mo He's eyes were also cold.

"Shi Guan, this person is a person from Dragon Valley!"

Mohe's voice came out.

"Dragon Valley? Huh, this conference, we must cut the people of Dragon Valley!"

Shi Guan's indifferent opening turned into a rainbow of light and left here.

"Lu Ming!"

Mo He gritted his teeth, his eyes cold as a viper, and then left here.

Among the Cangshan Mountain, Lu Ming ran wildly.

Before, Lu Ming let the bubble open the space-time channel and appeared in Cangshan.

The terrain of Cangshan is complex, the ancient trees are towering, and Shi Guan naturally lost Lu Ming's trail.

Lu Ming ran for a while in Cangshan Mountain, looking for a remote place, and released Tian Hao and Xue Ning.

"Brother Nine, are you okay?"

Tian Hao and Xue Ningxin looked at Lu Ming.

"It's okay, the other party has been dumped!"

Lu Ming said.

"Cursed, a Wu Emperor with nine heavyweights, chasing and killing us, if he waits for me to improve to two more levels, he will be killed with a hammer!"

Tian Hao said uncomfortably.

"Brother Nine, thanks to you this time!"

Xue Ning said.

She and Tian Hao are not good at speed. Without Lu Ming's Dongtian treasures, they can't escape.

"Unexpectedly, Brother Nine has even treasures!"

Tian Hao grinned.

"Deep treasures, are they rare?"

Lu Ming asked curiously.

"Of course it is rare. The treasures in the sky are self-contained, like a small world. This can only be refined by the emperor, and rare materials are needed!"

Tian Hao said.

"Can the emperor refine?"

Lu Ming secretly said.

He originally thought that Dongtian treasures should not be uncommon in Yuanlu. It seems that the treasures obtained in the battle of luck are extremely rare.

"Let's take a break here!"

Lu Ming said.

Before, they had suffered a little bit of injury. Although it was not serious, it needed to be recovered.

Tian Hao and Xue Ning nodded.

The three men meditated on this cross-legged knee. An hour later, Lu Ming had suffered a little injury before and had recovered.

"Where are we going now?"

Asked Tian Hao.

"Go to the station of Longshen Valley. Every Dazongmen, in Cangshan, has a station for the disciples of their respective sect. There are elders from the Holy Land sitting there, and the people of Shenzong dare not go to Longshen Valley on that day. Is arrogant!"

Xue Ning said.

Lu Ming and Tian Hao naturally have no opinions.

Then, Xue Ningxin led the way, and the three headed towards the station of Longshen Valley.

Soon, a large building appeared in front of it, with a lot of palaces, built on the mountainside, very magnificent.

The three Lu Ming took out the tokens of the disciples of Longshen Valley, which was naturally unimpeded.

"Lu Ming!"

A clear voice sounded, Lu Mingxun looked around, a smile appeared on his face.

"Yingying, Brother Qiu!"

Lu Ming screamed.

It was Qiu Yingying and Qiu Hao, and the two came to Landing Ming with a smile on their faces.

"Yingying, I haven't seen you in a while. Your cultivation behavior has made great progress!"

Lu Ming looked at Qiu Yingying and smiled.

Not seen for a while, Qiu Yingying's cultivation practice, has actually entered the Emperor Wu triple, beyond Lu Ming's expectations.

It was Qiu Hao, Xiu Wei who had just broken through the Emperor Wu's double.

"I was in the mysterious realm of Cang Emperor, and I was inherited. I joined Binglong Valley and was chosen by an elder in Binglong Valley. I was accepted as a disciple, so the cultivation progress was so fast!"

Qiu Yingying explained.

"Congratulations!"

Lu Ming smiled and was happy for Qiu Yingying.

They are friends, Qiu Yingying has a good chance, he is naturally happy.

"What are these two?"

Qiu Yingying looked at Tian Hao and Xue Ningxin.

"This is my brother and sister in Yunlong Valley!"

Lu Ming introduced Qiu Yingying.

Both sides greeted each other.

"Yingying, when did you arrive?"

Lu Ming asked.

"We have been here for ten days. My elder brother and I originally wanted to find you. I went to Yunlong Valley and heard that you had already set off. Why did you arrive now?"

Qiu Yingying asked curiously.

"There was a delay on the road!"

Lu Ming smiled and did not explain much.

"I'll take you to the house, just register it."

Qiu Yingying said that she seemed very happy to see Lu Ming.

Afterwards, Lu Ming and the three of them each received a house and returned to their rooms, and Qiu Yingying and they also left.

Lu Ming went back to the room and continued to exercise his interest.

Now, there are twenty days before the Dingbao Conference is held, which is still too early.

In the next few days, Lu Ming and several others were practicing, and Shi Guan did not find Tianshenzong stationed here.

Three days later, Xue Ningxin and Tian Hao came to Lu Ming together.

"go shopping?"

Lu Ming was a little surprised.

Xue Ningxin and Tian Hao came to him for the purpose of shopping together.

Chapter 1517: Imperial power

Xue Ningxin explained it again before Lu Ming understood.

The triennial Dingbao Conference brings together 13 top ancestors in Cangzhou, gathering in Cangshan.

Not only that, there are other large and small schools, and many people will gather to participate. It can be said that it is the largest event in Cangzhou in three years.

Such an event naturally attracted many large chambers of commerce to gather in Cangshan.

There are even large chambers of commerce outside Cangzhou that bring in many treasures and treasures that Cangzhou does not have.

Among them, the most famous is Zhibao.

"The Zhibao Pavilion, I heard that it is outside of Cangzhou. Each of the extremely large chambers of commerce has strength. I am afraid that the combination of the 13 top ancestors in Cangzhou may not be as powerful as the Zhibao Pavilion."

Xue Ningxin explained.

"So strong?"

Lu Ming was surprised.

"Of course it is strong, because Zhibao is an imperial power!"

Xue Ning said.

"Emperor power!"

Lu Ming's pupil shrank.

As the name implies, the emperor-level forces are the forces that have the emperor sitting in the town, and are called the emperor-level forces.

Of the 13 top forces in Cangzhou, none of them had an emperor sitting there, and their strength simply could not be compared with that of the emperor-level forces.

"Zhibao Pavilion, every time you come, will bring a lot of rare and even no treasures in Cangzhou. Today, the day when the Zhibao Pavilion opens, it will attract countless people to come. We will also go and see if we can buy some useful ones. Thing!"

Xue Ning said.

"It is good!"

Lu Ming nodded, suddenly interested.

Soon, the three of them changed their black robes with black hats on their heads and enveloped the whole person.

At the same time, the three of them converged, and even if there were acquaintances, they would not recognize the three.

According to Xue Ningxin's statement, the Zhibao Pavilion opened its doors today, and there will be many people going to the major forces. Many of these forces have complaints and hatreds. Wouldn't it be easy for them to kill each other.

Therefore, many people will wear black robes and hats to prevent others from recognizing.

And in this way, even if you buy something precious, you can prevent being remembered.

The three of them flew towards a mountainside, and soon, a vast palace appeared in front of the three eyes.

Above the palace, there are three big characters: Zhibao!

The gate of the Zhibao Pavilion had been opened, and a figure flew towards it.

Among them, most of them, like Lu Ming, wore black robe and hat, even if they didn't wear it, they came through Yi Rong.

The three of them walked into the gate and immediately saw huge counters. Behind the counters were filled with various treasures.

Inside the palace, it is extremely spacious. There are counters lined up regularly, and in front of the counter, there are special people to greet everyone.

Countless people strolled inside the palace. At a glance, there were no fewer than 100,000 people, but they didn't appear crowded, showing how big the palace was.

And, here, no one dares to rob the treasure.

Because this is the Treasure Pavilion.

It is said that when the Zhibao Pavilion first came to Cangzhou many years ago, there were powerful people from the Holy Realm who wanted to seize the treasures of the Holy Realm. Finally, a Supreme Holy appeared in the Zhibao Pavilion.

After that, no one dared to call the attention of the treasures.

"A lot of precious materials!"

Lu Ming glanced, his eyes dazzled.

However, the materials here, Spirit Soldiers, Elixir, etc., are of low level, so they are not very useful for three people.

"Let's go upstairs, treasure on the second floor, higher level!"

Xue Ning said.

Here, there are a total of three layers, and each layer goes up, the treasure level will be higher and more precious.

The three of them walked up the stairs to the second floor.

The treasure on the second floor is indeed more advanced and more precious.

"This is everything fluid, more precious spirit fluid than all spirit fluid!"

Lu Ming saw a liquid of all things and bought ten pounds on the spot. Of course, the price was that he paid most of the middle grade raw stones on his body.

Lu Ming collected everything in the mountains and rivers, Ming Lian secondary water all things on the ancient trees of Wudao.

Now, the ancient Taoist trees are growing better and stronger, and they have more and more leaves.

The three of them strolled around, and Tian Hao and Xue Ningxin both bought something.

"Let's go to the third floor!"

Lu Ming said.

Then the three went up to the third floor.

There are also many people on the third floor, not less than tens of thousands.

Of course, many of the treasures on the third floor have reached the level of sacred realm, such as sacred medicine, sacred soldiers, etc., which are very precious, and many people simply cannot afford it, just to open their eyes.

"A lot of paladins!"

Lu Ming looked at a counter.

On that counter, there were pieces of paladins, and at a glance, there were no fewer than a hundred pieces.

There are no fewer than one hundred paladins, which is so amazing.

Each piece of sacred soldiers exudes a mysterious breath and emits various rays of light.

On the counter, there were only two young and beautiful women standing there. It seemed that only the Emperor Wu Xiu was at the level.

In front of the counter, many people stopped to watch, one after another showing a fiery light, staring at the sage soldiers, hoping to swallow them.

If it were elsewhere, there were hundreds of paladins, only two young guards of the martial arts class, and they had long been robbed.

But here, no one dared to start.

As long as someone dares to start, the next moment, standing in front of him, is probably a holy strong man.

Lu Ming and others came to the counter.

"Two girls, are there any militia selling?"

Lu Ming said in a low voice.

"Of course. Do you want to buy it?"

A young woman smiled.

"Good, can you show me first!"

Lu Ming said.

"it is good!"

A woman nodded, then took out a box and opened it, revealing a longan-shaped dark red ball.

"this is?"

Lu Ming was a little dazed, didn't he want to give him a glove-like paladin? How to take out a round ball.

"Guest, this is my special paladin glove made by Treasure Pavilion. It is very mysterious. I will show it to you!"

A young woman smiled, then picked up the ball and put it in her palm.

An astonishing scene appeared, the ball actually softened, like a pool of liquid, wrapped the young woman's palm in it, forming a glove.

The young woman's palm seemed to be covered with a black tulle.

Next, the young woman enters the true yuan.

Buzz!

On that glove, there was a strong breath that belonged to the Paladin.

Lu Ming's eyes lit up.

He fell in love with the Paladin gloves at a glance.

"Guest officer, this Paladin Gloves, called Liuyuan Gloves, is made with Liuyuan Gold and other precious materials. It contains rules, but it is a true Paladin, and it is very hard. Don't open gloves, and it's easy to use.

When the young woman said nothing, she saw that Liu Yuan's gloves shrank in the palm of the young woman and then seemed to be alive. She got into the palm of the woman and disappeared. The next moment, she continued to drill out and covered the palm of the young woman.

Chapter 1518: Was stared at

"This Liuyuan glove, when you want to use it, will appear when you move your heart. When you want to put it away, it will be the same.

The young woman introduced.

"Curious gloves!"

"Such gloves, Qizhen, the world!"

On the side, many people's eyes glowed fiercely, staring at the glove in the young woman's hand.

This kind of gloves is too precious for the warrior who is good at palming, fingering, and boxing, and the temptation is too great.

"Girl, these gloves, I want them, how do I sell them?"

"I want too, girl, how many rough stones?"

Suddenly, several people spoke and stepped forward.

Lu Ming frowned, this was what he asked first.

"Sorry, Liuyuan Gloves, because the materials are hard to find, it is also very difficult to refine, so there is only one!"

The young woman said.

"Only one? Then sell it to me!"

"Go away, it's mine!"

At least a dozen people spoke, and the scene was noisy.

"This glove costs 500 million pieces of middle-grade rough, not two prices!"

Young woman speaks.

"What? Five hundred million?"

The scene suddenly calmed down, and there was a cold breath.

"Five...500 million Chinese original stones? Girl, a glove?"

The voice of someone who had bought before was a bit dry.

Gloves are more expensive than ordinary jihads, but they are generally a pair, and the price is more expensive. A pair of good jihads is worth three ordinary jihads.

A sacred soldier is worth about 100 million medium-grade rough stones. He originally estimated that the price of this glove is about 150 million yuan, but now it is priced at 500 million yuan.

The price is amazing.

"It's too high to buy at all!"

"Not cost-effective!"

Those people shook their heads and gave up buying.

Five hundred million is too expensive.

"500 million!"

Lu Ming also took a breath in his heart.

Five hundred million, equivalent to five Ming Shengbing.

In the Dragon Palace Treasury, he got four Ming Shengbing, Black Dragon Spear, and Lu Ming want to keep it. There were only three Ming Shengbing left. Even if all three Ming Shengbing were sold, there was still 200 million pieces of middle-grade rough.

All the original stones on his body add up to less than 200 million yuan. Unless many precious refining materials are sold, it is possible to make up enough.

"Girl, are you here, accept the Paladins?"

Lu Ming asked.

"Received!"

Young woman smiling.

Lu Ming waved his hand, and immediately appeared three Ming Shengbing, all obtained from the Dragon Palace Treasury.

"Three sacred soldiers!"

Many people's eyes lit up, stared at the land, and flashed various lights, not knowing what to pay attention to.

"Guest, if you want to buy Liuyuan Gloves, you can use the Ming Shengbing, these three Ming Shengbings, add 200 million pieces of original stone, just fine!"

The young woman said.

But Lu Ming still showed hesitation. He didn't want to come, but he was gone.

He also had a shield on his body and black wings, but he wanted to keep both.

"Brother, you can first lend you two sacred soldiers!"

Seemingly seeing Lu Ming's thoughts, Tian Hao opened his mouth and waved two other sages.

"Brother, yourself..."

Lu Ming's eyes moved.

"I have enough for now!"

Tian Hao smiled.

"Okay, I will return it to my brother as soon as possible!"

Lu Ming was not polite, took over the Hammer of Heavenly Hammer, and said, "Girl, I will buy Liuyuan Gloves with five pieces of saints!"

"can!"

The young woman said, after receiving Lu Ming's holy soldiers, she put Liuyuan gloves into the box and gave it to Lu Ming.

Lu Ming took it and reached out to hold Liuyuan's glove, which turned into a ball.

Start with warm and cold, slightly input the true yuan, Liuyuan gloves, like a liquid, flowing up, wrapped around Lu Ming's right palm.

"Light as nothing!"

Lu Ming felt it carefully.

The Liuyuan glove is as light as a gauze and has almost no weight and is as flexible as an empty hand.

Buzz!

With the increasing input of True Element, Liu Yuan Gloves filled with a strong breath.

"Ok?"

Lu Ming froze for a moment, and he found that with the input of his true yuan, the weight of Liuyuan's gloves actually increased sharply. The stronger the true yuan, the heavier the weight.

Liu Yuan's gloves actually had this effect, and Lu Ming was pleasantly surprised.

"Is the guest official satisfied?"

The young woman said.

"Thank you!"

Lu Ming did not say much. After a moment of thought, he put away the Liuyuan gloves. If he wanted to use it freely, he still had to go back and refine it.

On the side, a pair of fiery eyes, staring at the landing.

Some eyes are full of greed.

Lu Ming sneered. Within the Treasure Pavilion, these people did not dare to deal with him.

Lu Ming swayed and Xue Ningxin, Tian Hao wandered up.

"That's... the heart of snow!"

Soon, on a counter, Xue Ningxin found an ice heart.

This is a rare treasure. Xue Ningxin's body is Xuelong, which is of great use to her.

In the end, Xue Ningxin used two sacred soldiers in exchange for the heart of ice and snow.

"A lot of Paladins, these three guys, a lot of Paladins!"

Some people have been paying attention to the three Lu Ming, seeing this scene, his eyes are even hotter.

Before and after, Lu Ming, Tian Hao, and Xue Ningxin's sacred soldiers had reached seven pieces. How amazing is this?

"Brother and sister, we are stared at by others. Next, we parted, swam in the crowd, and shifted our eyes!"

Lu Ming sent a sound to Tian Hao and Xue Ningxin.

The Zhibao Pavilion, on the third floor, adds up to nearly 200,000 people. At least half of them are dressed in black robes and hats. As long as they are in the crowd and wandering around, these people do not want to find them.

"it is good!"

"Just do it!"

Tian Hao and Xue Ning nodded.

Then the three of them moved, dispersed, and accelerated their pace, rushing into the crowd.

"No, these guys want to run, chase!"

Someone followed them and rang them.

But Lu Ming and three of them all converged. The other party couldn't lock their breath at all. The three of them walked quickly in the crowd. After a while, they walked to the first floor, turned dozens of circles, ran to the second floor, and ran to the third. floor.

An hour later, those people completely lost the trail of Lu Ming and others.

"Damn!"

"Pity!"

Some people sighed that the absolute wealth of the three Lu Ming was amazing. If they were seized, they made it. Unfortunately, the three Lu Ming were too cunning, so they slipped away, making some people very unwilling.

Two hours later, Lu Ming, Tian Hao and Xue Ningxin passed through the sound and met at the gate.

They bought what they needed and it was time to leave.

The three of them went out of the gate and flew towards the Longshen Valley station.

But after flying out for a while, the three stopped suddenly.

In front, three figures wrapped in black robes were blocked in front of the three.

"Several people, hand over the storage ring and roll!"

One in the middle spoke, listening to the voice, very young.

"A few good skills!"

Lu Ming spoke indifferently, they were already very careful, but they were still stared at.

Chapter 1519: The battle against poison Zong Tianjiao

"Are you curious, how do we stare at you?"

The man in the middle.

"I just wanted to ask!"

Lu Ming said.

"It's very simple. When you bought Liuyuan Gloves, I put on you a powder, colorless, odorless, invisible and quality powder, no matter how you go, how to get in the crowd, you can't escape my tracking! "

The man in the middle explained the sentence and then said: "Hand over the storage ring, or die!"

"You have the ability, you can try it!"

Lu Ming said.

"Two Emperors of the Six Emperors, and one Emperor of the Four Emperors, are not too small. I will kill you with ease!"

The black robe in the middle stepped out, but his cultivation practice was also in Wuhuang Liuzhong.

Buzz!

The opponent's palm waved, and suddenly there was a dense cloud of black clouds, enveloping toward the three people.

poisonous insect!

That is a dense poisonous insect.

"It turns out to be a person who wants to be a drug sect, I'm coming!"

Xue Ningxin stepped out, exuding a cold breath, and slammed out.

The palm formed a terrible cold wave, and spread towards the poisonous insect.

Suddenly, the dense poisonous insects were directly blocked by ice, and Xue Ningxin then started to shake his palms, and those poisonous insects all turned into ice debris.

"A little skill, come again!"

On the other party, a green mist erupted, emitting a nasty smell and rushing towards Xue Ningxin.

Xue Ningxin stepped forward, his fists blasted continuously.

boom! boom! ...

Every fist exudes a terrible cold wave, freezing one side of the void, and freezing those poisonous mists directly.

"I want to freeze my poison, dream, and corrupt me!"

The other party snorted, and those mists actually formed strips of worms that corroded the ice.

Then, poisonous gas rushed toward the blood clotting heart.

"What a terrible gas!"

Lu Ming moved.

He knows Xue Ningxin's combat strength, and understands the terrible cold wave of Xue Ningxin. It can be said that everything is frozen, even the true element can be frozen, but it is corroded by the other party's poison gas, which shows how terrible the other party's poison gas.

This person is definitely a peerless genius who wants to be poisonous.

Roar!

Xue Ningxin uttered a dragon chant, and the coldness on his body was more intense. His double fists kept bombarding and punching hard, forming a series of snow-white dragons.

bump!

These real dragons, powerful, directly rushed through the mist and rushed to the arrogance of the poisonous sect.

bump!

The body of Yuzong Zong Tianjiao actually exploded directly, turned into a toxic gas, and enveloped towards Xue Ningxin.

"Hahaha, my physique is a superior spirit, a poisonous body with thousands of desires, you can't hurt me at all!"

In the poisonous gas, the other party's cold voice came out.

Xue Ningxin's fists continued to bombard, but the poison gas rolled, and it seemed that he could not hurt the other party at all. Endless poison gas enveloped Xue Ningxin.

Roar!

In Xue Ning's heart, Long Yin returned, her body changed dramatically, the black robe outside burst, and at the next moment, a huge snow dragon appeared in the air.

"It turns out to be a real dragon, you are the people of Dragon Valley!"

In the poisonous gas, the voice of the arrogant Zong Tianjiao was heard.

Roar!

Xue Ningxin turned into a real dragon body, screamed in the sky, spit out his mouth, and the terrible cold wave rolled out and enveloped the land of ten miles. This land of ten miles was completely transformed into a land of ice.

This time, some poisonous gas was also frozen.

But there are still a lot of poisonous gas, which turned into a weapon at this time, and killed towards Xue Ningxin.

Xue Ningxin's dragon claws stepped out and blasted these weapons.

The two played against each other, and for a time it was difficult to tell the difference.

"That's a real dragon with terrible strength!"

"There are people who want to be poisoned!"

The war here was so shocked that many people in the distance were disturbed and flew towards this side.

Even in the Treasure Pavilion, someone was alarmed and flew to watch.

For a time, the battlefield was surrounded by people.

"What a terrible fighting power, Wuhuang Sixth, has such a strong fighting power!"

"Absolutely all the top-level arrogance, the existence of high-end spirits!"

Many people speak out.

In a blink of an eye, Xue Ningxin and his opponent were engaged in dozens of moves, regardless of victory or defeat.

The arrogance of the poisonous sect, the more war, the more terrified, the more impatient.

Originally, he thought that, with his fighting power, he won a few of Lu Ming, more than enough, not to mention Wuhuang Sixth, even Wuhuang Seventh, he could easily beheaded, even ordinary Eightfold, one careless, all He was poisoned to death.

Now, a person at the same level actually tied with him. He knew that he had encountered a level of arrogance at the same level.

"You guys, get out and kill the two boys!"

The yelling Zong Tianjiao shouted.

Uh! Uh!

The other two people who wanted the drug sect were killed by Landing Ming and Tian Hao, revealing their breath.

Boom! Boom!

When the two shot, the dense poisonous insects flew towards Landing Ming and Sky Hammer.

"dead!"

Tian Hao screamed angrily, raised the giant hammer, and a hammer burst out.

boom!

The sky was violently shaken, and the sledgehammer blasted it, bringing up a terrible shock wave, and the poisonous insects exploded and turned into ashes.

Not only that, the shock waves kept bombarding two people who wanted to be poisoned.

The bodies of the two poisonous sects exploded directly, turned into green poisonous gas, tumbling and fluttering backwards, and then re-condensed out.

Two young men, looking at Tian Hao in horror.

Although they are highly toxic bodies, they can be turned into poisonous gas to counteract the strength when they are attacked, but they are also limited. Too strong a force can still injure or even kill them.

The force of Tian Hao has just injured them.

"Kill! Whatever poison you are, crush them all!"

Tian Hao lifted the giant hammer and killed two young men who wanted to be poisoned without Lu Ming.

"not good!"

The two young people who wanted to poison the drug were frightened, and they condensed their shields with poisonous insects, blocking them in front of them, but under the hammer of the sky hammer, they collapsed one after another. Pale, there was blood in his mouth.

"Dead!"

Tian Hao stepped forward.

"Bold, want to kill the person who wants me to be poisonous, stop thinking!"

A few figures flew in the distance, and the people hadn't arrived yet, the disgusting poison gas diffused toward the sky hammer.

Those who wanted the poison sect saw that they joined the battle group.

"Is it crowded?"

Lu Ming uttered indifferently, stepped out, appeared in front of several people who wanted to be poisoned, and the power of palm swallowing exploded, covering the poison gas.

Huh...

Those poisonous gases were all swallowed by Lu Ming.

boom! boom! ...

Then, Lu Ming stepped into the void, and a Kowloon rushed out, rushing towards the people who wanted to be poisoned, and flew them out.

boom!

On the other side, the man who had been fighting Xue Ningxin for a while, turned into a ball of gas and retreated, and then condensed into a human form.

It was a pale and cold young man.

"Bring poisonous gas!"

The cold-faced youth spoke.

Chapter 1520: Demons intervene

"Yes!"

Others who wanted to be poisonous buddies opened their mouths, dense poisonous insects flew from their bodies, and they flew towards the landing. At the same time, their bodies flickered, and their footsteps were mysterious, and then their bodies broke apart and turned into green poisonous gas. .

At this moment, the toxic gas skyrocketed into a toxic gas, which enveloped Lu Ming and the others.

Lu Ming and Tian Hao ripped off their black robes and merged with Xue Ningxin, and the three stood together.

"This is a very venomous array, be careful!"

Xue Ningxin opened his mouth, his huge body meandering and winding, covered with snow-white crystal dragon scales, full of beauty, just like the most beautiful artwork in the world.

"I come!"

Lu Ming spoke out indifferently, and the chaotic realm filled out.

"mine!"

Then, Lu Ming waved his hands, the chaotic realm turned into a realm of thunder, and the thunder appeared in the sky. Between the heavens and the earth, it seemed that countless thunder snakes were swimming, and the thunder snakes with thick arms all went in all directions.

Those poisonous insects were bombarded by these thunder snakes, falling in large swaths.

"fire!"

Lu Ming continued to speak, and the realm of chaos changed again, turning into a blaze of flames, permeating all directions.

The flame accompanied the thunder, rushing towards the poisonous insects and poisonous mist.

嗤嗤嗤...

Between heaven and earth, a chirping sound sounded, and light smoke floated.

Wow, then, behind Lu Ming, the black wings appeared, and the black wings became larger and spread 100 meters long. Above the black wings, covering the field of wind, Lu Ming as a whole, spun quickly.

Huh...

The black feather wings brought endless gusts of wind and surged in all directions, with amazing power.

Thunder, fire, wind, raging between heaven and earth, against the poisonous gas in all directions, stalemate for a while.

"Brother, sister, be ready to kill!"

Lu Ming sent a sound to Tian Hao and Xue Ningxin.

immediately--

kill!

kill! kill! kill!

Lu Ming roared, several roars in a row, invisible soul attack, rushed towards those poisonous gas.

Those who want to be poisoned are practicing poisonous bodies, and their bodies can be spread apart, but their souls are still attached to these poisonous gases, and they still have to be attacked by Lu Ming.

Moreover, as the spirit is spread out, the defense against the soul is weaker.

Lu Ming cast his sword skills and shouted a few times. Among the poisonous gas, a few screams suddenly came out, and a group of poisonous gas was twisted violently, and then they converged and began to condense into the adult form.

"kill!"

"kill!"...

Lu Ming, Tian Hao, and Xue Ning shouted, and each killed a congregational disciple.

In Lu Ming's hand, the Black Dragon Gun appeared, and the long gun fell, and a ten-attack attack suddenly broke out, the piece of void, trembling violently.

bump!

The disciple who wanted to poison himself screamed, and his body was torn apart.

This time, instead of turning into poisonous gas, it was truly torn apart. Lu Ming's attack had exceeded his tolerance and was directly killed by Lu Ming.

On the other side, Tian Hao and Xue Ningxin also broke out the strongest attacks, killing one person each.

Kill three people, gas bursts, self-break!

The remaining poison gas began to roll over, condensed into three people, and retreated quickly.

One of them is the extreme arrogance of the venomous sect.

"Today, it is you who died!"

Tian Hao shouted, lifted the big hammer, and rushed towards the people who wanted to be poisoned.

Lu Ming and Xue Ningxin also stepped away.

"what happened?"

All around, the people watching the battle are somewhat puzzled.

Previously, the strong venomous sect laid a large array of gas and enveloped a space, and all three Lu Ming were enveloped. They thought that the three Lu Ming would die, but they did not expect that the next time, within the large array of gas, a thunderstorm of thunder and lightning flashed, and then sounded. After a few shouts, the gas burst into disintegration, and several people were killed in succession, and the remaining few fell in the wind and retreated.

They didn't understand how the sect of poison was defeated.

There are a few people left in Yuzongzong, whose faces are ugly.

Lu Ming just shouted a few times and already hurt their souls. Now, they are not their opponents at all.

"Lu Ming!"

At this moment, there was a loud roar, resounding through the world.

At least there are eight or nine magic lights, cut through the void, and flew to the landing Ming, the next moment, the nine figures appeared behind Lu Ming, and after a prejudice with a few people who wanted to poison Sect.

"Mohe!"

Lu Ming's face was cold, and nine figures were all disciples of Tianyu Mozong. One of them was Mohe.

On Mohe's body, the murder was pervasive, and his eyes were sharp, glancing at Lu Ming.

"Brother Wu, how are we going to kill these three?"

Mohe looked at the arrogance of Yuzongzong, and said.

"of course can!"

Desperate Zong Tianjiao was overjoyed, and quickly agreed, a glint in his eyes flashed in his eyes, it seems that Lu Ming and three offended many people.

"Mohe, you are dying yourself!"

Lu Ming said coldly.

Originally, because of Xie Nianqing's relationship, he didn't want to be too rigid with Tianyu Mozong.

But Tianyu Mozong really bullied him too much. At first, Mohe led people to chase him down, and if he had no luck, he was already dead.

This time, every time Cangshan encountered Mohe, the other party had to kill him. Lu Ming decided that he would never show mercy to Shangtianyu Mozong again, and kill him if he should.

"Only you, want to kill me?"

Mo He sneered, his body was so angry, the magic knife came out of the sheath, and Mo He's swords were united, slashing towards the landing.

"Boy, I will meet you here!"

Sky Hammer shouted, lifted the giant hammer, and hit it with a hammer towards Mohe.

when!

The magic knife and the sledge hammer collided together, and there was a tremendous loud noise. Both Mohe and the sledge hammer shook their bodies, and they receded together.

"Come again!"

Tian Hao's eyes showed a fierce intention, like a wild dragon, his muscles agitated, and a dragon yelled out, lifting the giant hammer and slamming toward the mohe.

"kill!"

Mo He drank coldly, the magic knife burst out, and it was even more terrifying, killing Tian Hao.

boom! boom! boom! ...

In a flash, the two made dozens of moves, regardless of outcome.

"Do it!"

At this moment, Lu Ming and Xue Ningxin also shot.

Lu Ming's black wings flew towards several Tianyu Mozong people, and the black dragon spear pierced into a dazzling edge.

puff!

A young Emperor Tianyu Mozong of Wuhuang's five peaks was directly killed by Lu Ming.

Then, the spear swept across, and a Wuhuang six-man, his body burst apart.

Roar!

Long Yin sounded, Xue Ningxin cooperated with Lu Ming, and also rushed to the people of Tianyu Mozong, and was arrested and killed by one claw.

"kill!"

In Tianyu Demon Sect, there is also a strong man, a young man of the seven peaks of Wuhuang, who has erupted with amazing fighting power and fought against Xueningxin.

However, Lu Ming was invincible, and several people were killed by Lu Ming in succession. The remaining Tianyu Demon Sect's face changed dramatically and they retreated one after another, daring not to face Lu Ming hard.

"What a strong fighting force, that person of the Dragon Valley, so strong fighting strength, can actually be tied with Mohe!"

"Horrible, Mohe is the top Tianjiao of Tianyu Mozong. Even in the whole Cangzhou, it is the top Tianjiao. Who is that man? Can it be like this with Mohe?"

"It seems like the lunatic of Dragon Valley, Sky Hammer!"

Around, some people talked, and some people recognized Tian Hao.
