

D Emperor 1571

Chapter 1571: Thick skinned

"The people of Tianyu Demon Sect, take action to block the poisonous Sect!"

On the other side, Xie Nianqing gave the order.

"Sister, what are you doing?"

Moyang shouted.

"Shoot!"

Xie Nianqing spoke again, his face cold.

"Yes, saint!"

Others responded, and together with Xie Nianqing, killed the venomous sect.

"Tianyu Demon Sect, what are you doing? Would you like to be against me?"

The people who wanted the poison sect roared.

However, Xie Nianqing froze his face, suspended a black lotus flower above his head, and suppressed it forward.

Xie Nianqing's cultivation practice has impressively reached the peak of Emperor Wuzhong's seventh level, and the progress is amazing.

The black lotus is obviously a paladin.

Other Tianyu Mozong people, although they did not want to take action, but they could only follow the saint's orders.

Moyang stood not far away and didn't shoot with a cold face, but those who wanted to poison Zongqiang were terrified.

Moyang is the top ten evil spirits in Cangzhou, and Xiuwei has already broken into the half-sacred territory. If he shoots, they will be in danger.

"Retreat, retreat first!"

The strong men of the drug-stricken shouted and began to defend while retreating, without the heart of fighting again.

Lu Ming, who had already exhibited black wings, rushed towards Tianshen Sect, and the black dragon gun turned into a kilometer long. One shot smashed out and flew a paladin. At the same time, the black dragon gun pierced like lightning. An assassin of Wuhuang's eighth peak.

puff! puff!

Then, the black feather wings were chopped out like a sword, and a Wuhuang seven-fold, a Wuhuang eight-fold person, was beheaded.

And Tian Hao and Xue Ningxin are also awe-inspiring.

Skyhammer's current giant hammer has been replaced by a sacred soldier. With a hammer, the power is astonishing. Even if it is a sage, he will fly out with a hammer, and if he hammers down, he will be injured if he dies.

And Xue Ningxin, who controls a colorful sword of the Paladin, is also very powerful.

Although Lu Ming had only three of them, they suppressed many masters of Tenjin Sect, and people were continuously killed.

"go!"

Finally, Yu Sheng roared, took the rest, turned and ran away, and fled as quickly as possible, leaving more than twenty bodies.

The three Lu Ming did not chase down. Those remaining, there are a few strong emperors of Wu Emperor Nine Heavy, and they are in control of the Holy Soldier. They want to escape and want to kill. It is not so easy.

"Hahaha, brother, it turns out that you are here. This year, you disappeared and you haven't heard anything from you!"

Tian Hao put away the giant hammer, patted Lu Ming heavily, and laughed.

"I was preparing to go back to Dragon Valley, but I didn't expect to meet Brother and Sister here!"

Lu Ming also smiled, and his body changed into his original appearance.

"Lu Ming!"

A cold voice sounded, and Xie Nianqing came out of the air, as the witch appeared, attracting everyone's attention.

"It's so beautiful, is this woman the sage of Tianyu Mozong?"

"It should be. I heard that Tianyu Demon Sect, a new sage girl, is a magnificent genius, and the capital of Tianzong. He was accepted as a disciple by Tianyu Demon Sect Master and tried his best to cultivate!"

Some people are talking.

"Xiaoqing!"

Lu Ming smiled, the two eyes were facing each other, the affection was strong, everything was silent.

Tian Hao glanced at Lu Ming and Xie Nianqing, grinning: "Haha, Junior Brother, this is the younger sister. It's really beautiful, and it's really a golden boy and a girl, it's a perfect match!"

"Brother and sister, so beautiful, I don't want to introduce to you, it will be punished!"

Xue Ningxin also joked.

"Haha!"

Lu Ming smiled and introduced it now. Xie Nianqing also politely saluted Tian Hao and Xue Ningxin, which made Tian Hao and Xue Ningxin happy.

"Sister, let's leave here first. They killed so many people in Tianshenzong. Tianshenzong will not be willing to give up. Let us not get involved!"

At this moment, a discordant voice sounded, and Mo Yang came over, his face very cold, especially when looking at Lu Ming, there was a flash of murder in his eyes.

"You leave first, I want to be with Lu Ming!"

Xie Nianqing said.

"Sister, you..."

Moyang's face was colder, looking at Lu Ming, revealing strong jealousy, and the murderous depth of his eyes was even colder.

At the beginning, when Xie Nianqing had just joined Tianyu Mozong, Moyang had been shut down. Later, when Dingbao Conference was about to begin, Moyang was out of the customs. When he saw Xie Nianqing, he was shocked by the heavens, and still he Sister, in his heart, Xie Nianqing is already his woman.

I heard later that Xie Nianqing actually had a boyfriend, and he suddenly became intensely jealous and murderous.

Therefore, when he was in Cangshan, he would shoot and stop Zifeng.

"Sister, this place is very unsafe, I am still with you, it is more appropriate!"

Mo Yang looked back.

This made Xie Nianqing frown.

And Lu Ming, a flash of murder in his eyes.

How could Lu Ming not see the idea of Moyang?

"Brothers and sisters let some people go, some people are so thick-skinned, they insist on following their faces, isn't it ashamed?"

Tian Hao sneered and sneered.

"what did you say?"

Moyang said sullenly.

"What do I say, someone knows!"

Sky Hammer pouting.

"Humph!"

Mo Yang snorted and looked at Xie Nianqing: "Sister, you have to think clearly, our Tianyu Demon Sect and Longshen Valley belong to different sects after all, and this person Lu Ming challenges the Son of God. After a year and a half, he must be killed by the Son of God, I won't be able to live for long, and you can leave him now, too late!"

"Moyang!"

Xie Nianqing drank coldly, and his face was extremely cold, saying: "I tell you, after a year and a half, Lu Ming will not die, the dead will be the Son of God, and, you are my brother, I only respect you, if only if someone else says this, I've already started. Now, please leave. Otherwise, Hugh will blame me!"

"Sister, you..."

Mo Yang looked very ugly, and finally gave Lu Ming a cold look, turned around and left.

Other Tianyu Mozong people also followed Moyang away.

"Lu Ming, sorry!"

Xie Nianqing looked at Lu Ming apologetically.

"Haha, you and me, why should you say such a thing, and it shows that your charm is so great, such a charming girl, after seeing me, wouldn't I be more fulfilled!"

Lu Ming laughed.

"Smelly!"

Xie Nianqing also smiled.

"Oh, Xiaoqing, why are you here?"

Lu Ming asked.

Tianyu Mozong is adjacent to Longshen Valley and is far away from the west of Cangzhou. Xie Nianqing How can they appear here? Even if you hear the news, you will not come so soon.

"I and Moyang, as well as other Tianyu Mozong people, are chasing and killing a traitor of Tianyu Mozong, just around here. When I heard the news, I hurried over and looked at it!"

Xie Nianqing said.

Afterwards, Lu Ming asked Tian Hao and Xue Ningxin. The two of them went on an adventure abroad, and they were just in the west of Cangzhou. After hearing the news, they rushed over to watch.

Chapter 1572: Enter Tianfeng Plain

"The Tianfeng Plain has changed!"

"What, go and see!"

At this time, a news came that people watching around all flew towards the Tianfeng Plain.

"The Tianfeng Plain has changed?"

Lu Ming four people, his face also moved.

"Brother, let's go and see how?"

Tian Hao said.

"Okay, go!"

Immediately, Lu Ming, Xie Nianqing, Tian Hao, and Xue Ningxin also flew towards the Tianfeng Plain.

Tweeting...

At this time, there was another sound of Fengming in the Tianfeng Plain, listening to the sound, full of despair and unwillingness.

"The sound of Fengming is getting smaller and smaller, it sounds as if it is getting weaker and weaker!"

Lu Ming said.

"Could it be that the **** bird phoenix is about to fall, so it keeps crying?"

Xie Nianqing guessed.

"It's not impossible!" Lu Ming said.

Soon, the four came to the outside of Tianfeng Plain.

The Tianfeng Plain has a wide territory and a very wide range. Many people stand in the sky outside the vast plain.

Lu Ming, four people, stood behind, not at all eye-catching.

Huh...

In the Tianfeng Plain, the gusty winds roared, and huge tornadoes swept through the world. There were so many, dense and dense, that they looked spectacular from a distance.

No one knows how these tornadoes formed.

It seems that it suddenly appeared 80,000 years ago. Some people speculated that there was a terrible war of the strong and the power of the law was formed here. Some people also speculated that it was formed because of a large formation in it.

There is a wide range of opinions and there is no accepted answer.

But now, some tornadoes are actually moving, slowly moving towards the depths of Tianfeng Plain.

And with the passage of time, more and more tornadoes are moving in the same direction toward the depths of the Tianfeng Plain.

Slowly, on the Tianfeng Plain, the tornadoes that were still there became much less and became bustling.

At this time, Fengming came again, and seemed to hear more clearly.

"The sky has receded, what must have happened inside? There must be treasure in it!"

"All the forbidden places are opportunities and crises coexist. If the wind recedes today, it is a rare opportunity for a lifetime!"

Many people moved, showing fiery eyes.

call out!

Suddenly, someone moved and rushed into Tianfeng Plain. He avoided the remaining tornado and rushed toward the depths of Tianfeng Plain.

Seeing that the man was okay, more people moved, rushing towards the Tianfeng Plain and disappearing into the eyes of everyone.

"Go, go in and see!"

"If there is danger, it is not too late to quit!"

More people rushed to Tianfeng Plain.

Wealth seeks wealth and wealth, and martial arts practitioners are even more so.

The rainbow flashed, and I didn't know how many figures were there, rushed into the Tianfeng Plain and disappeared.

Lu Ming saw the people who wanted the poison sect, the **** Tianzong Yu Sheng and others, and the Moyang and others, and rushed into the Tianfeng Plain.

"Let's go check it out!"

Lu Ming said.

"Just what I want!"

"it is good!"

Tian Hao and others also nodded, and everyone stepped out and rushed into the Tianfeng Plain.

Huh...

As soon as they rushed into the Tianfeng Plain, they felt howling the wind, like a blade, blowing on them, and they shielded the wind like a knife with the True Yuan body.

The four carefully avoided those tornadoes and rushed towards them.

There are still a lot of remaining tornadoes, and they are constantly moving, but the speed is not fast, there are many gaps, enough for them to pass easily.

Soon, the three of them flew thousands of miles.

"dead!"

Not far away, some people were fighting, one of them was blasted and caught in a tornado, and immediately issued a scream of sorrow. In Lu Ming's eyes, this person was twisted and shattered by the tornado.

"What a terrible power!"

Tian Hao licked his tongue.

Lu Ming took out a ninth-level spirit soldier and threw it toward a tornado nearby. After being involved in the tornado, the ninth-level spirit soldier was shattered and cut into pieces by a terrible gust of wind before taking a few breaths.

The four people's faces dimmed down, and the power of this tornado was really horrible. No wonder the Holy Realm was involved, all of them were fierce, not arrogant.

The four of them continued to move forward. On the way, they saw the ground, without grass, flat.

Uh!

Suddenly, I saw a tornado and threw a branch.

"It's Fengxiangmu!"

Lu Ming's eyes lit up.

Their eyesight is so great, even if there is still a distance, they have seen clearly that there is a trace of phoenix on the branch, that is the characteristic of Fengxiangmu.

According to the villagers of the village, the Fengxiang wood they obtained was also blown out of Tianfeng Plain.

The four quickly rushed towards Fengxiangmu.

This piece of Fengxiang wood is three meters long and the waist is so thick that it looks like a branch of a huge ancient tree.

"Haha, how big is the original stone for such a large piece?"

Tian Hao laughed.

Uh! Uh! Uh! ...

At this moment, the sound of breaking the sky sounded, and seven or eight figures appeared, surrounding the group of four.

"Put down Fengxiang wood and then go!"

An old man in black robe drank coldly.

Seven or eight people, all of them middle-aged or old, have a strong and strong breath, the weakest, and they all have the practice of Wuhuang Bazhong.

A few people even reached Wuhuang Jiuzhong!

"Call us to roll? It's you who are rolling, if you want to die, just come and try!"

In the hands of Tian Hao, a huge hammer appeared, and the ugly color appeared in his eyes.

"Stubbornness, kill!"

A black robe roared, and took the lead to move towards the Sky Hammer. A long spear pierced the Sky Gun shadow and enveloped the Sky Hammer.

"dead!"

Skyhammer roared, and the giant hammer bombarded towards the opponent.

boom!

The gun shadow disappeared in the sky, and the giant hammer directly bombarded the opponent's body. The opponent's body was smashed and flew a few hundred meters away without any breath.

One move, kill!

"Join together!"

The old man in black robe roared, and the breath of the Emperor Wuzhong's nine peaks exploded, and a terrible sword awn chopped towards the landing.

Before Lu Ming's battle with Tianshen Sect, these people were obviously not present. They didn't know Lu Ming. If they had seen that battle, it is estimated that they wouldn't do anything against Lu Ming.

There was a sneer in Lu Ming's mouth, Zhenyuan poured into Liuyuan's glove crazy, and punched out.

boom!

Liuyuan Gloves, the weight of which is amazing, coupled with the realm of Chaos and Prison Prison, the power is extremely terrible. With a punch, the opponent's knife light is directly broken, and the fist is kept on, blasting towards the old black robe.

The old man in black robe changed his face greatly, blocking him with a sword.

when!

Lu Ming's fist was bombarded on the War Sword, and the War Sword directly exploded. The fist kept bombarding the old man in black robe. The old man in black robe gave out an unwilling roar, and his body was like his war knife, exploding.

"Wuhuang Jiuzhong, not even the Holy Soldier, is really weak!"

Lu Ming pouted.

Chapter 1573: Encounter Moyang again

Lu Ming's words, if heard by some Xiaozongmen, I am afraid to vomit blood angrily.

The sacred soldiers, but the weapons dedicated to the powerful sacred realm, are very precious. There are very few owners below the sacred realm.

Before Lu Ming, almost all the top geniuses he met were trained by their respective sects and only possessed the sages. Some sects had almost no sages. Even if there were sects with sages, that was the town. Zong Zhibao.

Even in the 13 top ancestors in Cangzhou, most of the eight emperors of Wu Emperor, even the ninth emperor, used Emperor Spirit Soldiers, and even many half-sages used Emperor Spirit Soldiers instead of Holy Soldiers.

"Wonderland!"

On the other side, Xie Nianqing drank, and the field spread out. In Xie Nianqing's field, there was an amazing witch who sat cross-legged and suppressed all directions.

An old man of Emperor Wuzhong's Ninefolds, shrouded in Xie Nianqing's realm of demon, shouted wildly, and then Xie Nianqing shot it, and the old man was killed.

"Wonderful Realm? It seems that Xiaoqing entered the Emperor Wu's battlefield, and his combat power is even stronger!"

Lu Ming's heart was also happy for Xie Nianqing.

No wonder they can be accepted as true disciples by the master of the Tianyu Demon Sect and become the sage of the Tianyu Demon Sect. power.

In Lu Ming's heart, Tian Hao and Xue Ningxin also killed one person at a time while turning their thoughts.

Seven or eight strong men, three men are left in a flash.

"Go, go!"

The remaining three, almost scared to death, fled wildly.

The three Lu Ming, too lazy to pursue, these people, at first glance are the people of Xiaozongmen, few people did not care.

"We will share this piece of Fengxiang wood!"

Lu Ming grabbed the Fengxiang wood, Zhenyuan condensed like a knife, divided the Fengxiang wood into four parts, one for each person, and put it away.

"Is there a huge Fengxiang tree in Tianfeng Plain?"

Tian Hao licked his mouth, revealing the fiery light.

The piece just now is obviously just a branch, the branch is so big, how big is the trunk?

"The **** bird phoenix, perches on the Tianfeng Plain, perhaps, lives on the trunk of Fengxiang wood!"

Lu Ming speculated.

Then, the four went on.

"Sister!"

Not long before, a sound rang, and Moyang flew over from one side.

Lu Ming, Xie Nianqing, Tian Hao, Xue Ningxin's brows are all wrinkled. I didn't expect to encounter this Moyang again here.

"Sister, I can find you!"

With a smile on his face, Moyang flew over and looked at Xie Nianqing with concern.

"Someone really didn't realize it. My brother and sister told you to leave. Why did you find it?"

Tian Hao said disdainfully.

Mo Yang glanced at Tian Hao, his eyes flashed with sharp edges. If Xie Nianqing was here, he had already cut Tian Hao, and Lu Ming was three.

"My sister-in-law is my celestial maiden of the Demon Sect of the Universe. This time, I was ordered to protect the safety of my sister-in-law.

Moyang Road.

Xie Nianqing frowned and said, "Moyang, I don't need your protection, Lu Ming will naturally protect me!"

"Sister Sister, I'm under the orders of my esteemed master, but I dare not defy, otherwise I will be punished, so even if you drove me away, I will follow the sister!"

Moyang Road.

"Nima, some people have thicker skins than elephants!"

Tian Hao said uncomfortably.

"It's not just elephants, it's thicker than the city walls. I have seen shameless, never seen such shameless!"

Xue Ningxin followed her mouth.

"Shut up! You dare to insult me again, I will cut you off!"

Mo Yang shouted, and his body was filled with a violent breath. The devil qi was soaring, and the rich devil qi was burning like a flame.

bump! bump!

Tian Hao and Xue Ningxin were squeezed by this breath and could not help but retreat for several steps.

Uh!

Lu Ming appeared in front of Tian Hao and Xue Ning's mind, and the black wings spread to resist the breath of Mo Yang.

Moyang, one of the top ten evil spirits in Cangzhou, Xiuwei has already reached the half-sacred state, and it is definitely not their enemy now.

"Moyang, they are my friends, you have to move them unless you step on my body!"

Xie Nianqing appeared beside Lu Ming, glaring at Moyang.

In Mo Yang's eyes, the flame of jealousy seemed to burn.

His eyes flashed fiercely, and he suddenly smiled and said: "Sister and sister are more attentive, they are your friends, how can I start? Let's go, I will start with you, this Tianfeng Plain may have treasure!"

Xie Nianqing gave Moyang a cold look, but she was helpless. Moyang insisted on following, and she was helpless.

No one left, go on.

The Tianfeng Plain is very large, and they traveled thousands of miles, passing through huge tornadoes, and slowly penetrated into the Tianfeng Plain.

On the way, I heard the sound of Fengming again, but I felt that the voice was getting smaller and smaller.

"Hey, look over there, there seems to be a piece of Fengxiang wood!"

Suddenly, Moyang pointed in one direction.

Everyone looked at it, and on the left, they saw a piece of Fengxiang wood.

There are huge, naked/exposed boulders. The boulders are very smooth and should be ground like that by the strong wind.

The Fengxiang wood is between the boulders.

Everyone rushed over quickly, and no one noticed that in Mo Yang's eyes, there was a smug sneer and a cold killing opportunity.

"No, there is an ambush, retreat!"

Just as Fengxiangmu was approaching, Lu Ming felt some inexplicable crisis, and with a roar, he would pull Xie Nianqing back.

But it was too late.

The figure flashed, at least a dozen figures, rushed out from behind the boulders, and surrounded Lu Ming with five people in the middle.

"Yu Sheng, Tianshen Sect, and Yudu Sect!"

Lu Ming glanced and found one of them, Yu Sheng.

Others are not too young. Looking at their clothes, there are those who have the God of God Sect and those who want to poison the Sect.

"Lu Ming, this time, see how you die!"

Yu Sheng's eyes were cold.

"This kid, killing so many people in our **** Tianzong, is really looking for his own way!"

Tenjinzong, a white-haired old man spoke indifferently, and an amazing breath broke out in him.

Half Saint!

Lu Ming, Tian Hao, Xue Ningxin and Xie Nianqing all changed their faces.

The other party dispatched the half-holy strong.

boom! boom!

Then, a few terrible breaths erupted, and the terrible pressure squeezed several people towards the landing.

Half saint, half saint again!

Tenjinzong, Yuzongzong, have half-holy!

Add up to three and a half holy saints!

The Emperor Wu Zhongjiu, although one difference from the Half Saint, has a very large gap. It is not as simple as just one.

With the practice of Tian Hao and Xue Ningxin, in the early stage of the Emperor Wuzhong's eighth level, it is okay to kill the ordinary peak of the Emperor's ninth level.

Not to mention, it is the three and a half saints!

A year and a half ago, Lu Ming returned to Longshen Valley from Cangshan, and encountered the siege of evil spiritism, which was a half-holy, and almost forced Lu Ming to a dead end.

Chapter 1574: Tornado

Obviously, this time Tianshen Sect and Yudu Sect were determined to kill Lu Ming.

Moreover, in this Tianfeng Plain, Lu Ming did not know how to die after they died, and Dragon Valley could not avenge them.

It was not normal to die in a forbidden place.

"The two of Tianyu Mozong, this matter has nothing to do with you, the two can leave!"

Tenjinzong white-haired old man looked at Moyang and Xie Nianqing.

"Okay, we will leave now!"

Mo Yang quickly said.

"No, I won't leave!"

Xie Nianqing shook his head and stood beside Lu Ming, his eyes fixed.

"Sister Sister, what are you doing? Lu Ming was brave enough to offend Tianshen Sect and Desire of Drugs, and he found himself dead, why do you bother with him!"

Moyang roared, jealous.

"Go, go by yourself, my own life, my choice!"

Xie Nianqing said coldly.

"No, you are my sister and sister of the Heavenly Demon Sect. If you have an accident, how can I explain to the Master and the Heavenly Devil Sect? I must take you away!"

Moyang said toughly.

"Xiaoqing, you go!"

At this time, Lu Ming spoke.

"No, I want to accompany you!"

Xie Nianqing shook his head, his eyes were firm, he knew Lu Ming was good for her, but she would not leave!

Uh!

At this moment, Moyang started, grabbed Xie Nianqing's shoulders, the power of the law poured in, and immediately sealed Xie Nianqing's cultivation behavior, grabbed Xie Nianqing, and quickly retreated.

"Moyang, you let me go!"

Xie Nianqing roared.

"I won't let it go, I won't let you accompany the landing to send to death!"

Mo Yang said coldly, grabbing Xie Nianqing, and withdrew from the encirclement.

"Do it!"

Moyang and Xie Nianqing retreated, and the white-haired old man of Tenjin Sect shouted, and a spear appeared in his hand, exuding a terrible sharp air, and assassinated the landing.

There is no doubt that this is a holy soldier!

Wow!

Behind Lu Ming, black wings appeared, and at the same time, the shield of the Paladin emerged and was placed in front of him.

when!

The spear pierced the shield of the paladin, and directly blasted the shield. Then the spear kept piercing the black wings. Lu Ming felt a shock and was blown out by a terrible force.

On the other side, Sky Hammer and Xue Ningxin used the sages at the same time, but the other party's half sage also started, and they also controlled the sages. The power was amazing. Sky Hammer and Xue Ningxin were invincible, and Lu Ming The same was blasted, blood tumbling, almost vomiting blood.

"No war, let's go first!"

With black wings, Lu Ming appeared beside Tian Hao and Xue Ningxin.

This time, the Tenjin Sect and the Desire of Sorrows were obviously well prepared. The three and a half sages all mastered the sage, and even a few emperors of the Emperor Wuzhong also mastered the sage. The combat power was extremely powerful, far from them now. Can be enemy.

"Bubble!"

Lu Ming called out.

Tweet...

Bubbles wave small paws, and a space-time channel appears.

The three will cross the space-time channel and leave here.

"Want to go and dream!"

Another half-holy cold drink of Tenjin Sect, with a wave of his hand, a large tripod turned into a mountain-like size, rolled over, suppressed at the entrance of the space-time channel, blocking the way of the three people.

"Rush out and head towards the Desperate Sect!"

Lu Ming sent a sound to Tian Hao and Xue Ningxin.

Although the poison gas power of Yudu Zong is very strong, killing invisible, but the force of frontal attack is very far away from Tianshen Sect. The space-time channel is blocked, and they rush out from the direction of Yuzu Zong.

"kill!"

Skyhammer exploded, and the three joined together to control the Paladin and slammed in the direction of the desire to poison.

call out! call out! ...

On the side, various attacks came towards the three people. Lu Ming controlled the shield and black wings of the Paladin, defending with all his strength, and covering the three people.

Boom! Boom! ...

Various attacks landed on Lu Ming's shield and black wings, making a loud roar, Lu Ming's body vibrated, blood tumbling, and blood was spilled from the corner of his mouth.

"Kill, kill, kill!"

Sky Hammer roared wildly, Xue Ningxin and Longyin burst together, and the two of them worked together, constantly striking forward.

The combat strength of the two is indeed amazing. Unless the Half Saint is unstoppable, the strong men who want to be poisoned are bombarded by the giant hammer of the Sky Hammer and turn back into poison gas.

The three of them cooperated and struck in that direction.

"Poison Ivy Law, go around!"

The half-holy of the Toxic Sect, his body of gas tumbling, he shouted, his hands pressed in the void, wow, lala, in the void, suddenly appeared countless poisonous vines, each poisonous vine, covered with barbs, Covering the sky and covering the sun, the three Lu Ming shrouded them.

"not good!"

Lu Ming's face changed.

This poison ivy is the result of poison ivy law, full of highly poisonous, and very tough.

The attacks of Sky Hammer and Xue Ningxin fell on the poison ivy, and could not break the poison ivy at all.

Poison Ivy shrouded the three people in all directions and quickly closed them together.

Hula!

The black wings become larger and wrap the three people under the black wings to form a round ball.

At the next moment, the Poison Ivy Law arrived, entwining the ball formed by the black wings.

Zizizi...

Poison Ivy wrapped around the black wings, making a harsh and unpleasant sound, but after all, Black Wings are paladins, and Poison Ivy can't break it at all.

Even if it is the lowest level of Ming Shengbing, it is not possible for half-holy strong soldiers to break through. Unless it is a holy realm strongman, it is possible to forcibly break through the holy soldiers.

"Humph! Is it useful to hide in a turtle shell? I think your paladin can protect you from that tornado!"

Yuduzong Bansheng opened his mouth indifferently, manipulated poison vines, and flew towards a tornado. When a tornado was near, Yuduzong Bansheng's palm was shot. The poisonous vines that wrapped Lu Ming and they flew straight in In a tornado.

"Lu Ming!"

In the distance, Xie Nianqing yelled and struggled frantically, but was caught by Mo Yang and could not move.

"Haha, Lu Ming, no matter how strong you are, you have to fight against my **** of heaven, not to die!"

Yu Sheng laughed.

Huh...

The tornado whistled, amazingly, slowly moving towards the depths of the Tianfeng Plain.

The people of Tenjin Sect and Desperate Sect watched outside for a while, and when there was no movement, they left.

"Moyang, let me go!"

Xie Nianqing shouted, and his eyes were full of bloodshot and cold murder.

"Sister Sister, what are you going to do? Lu Ming they were sent into the tornado, they are dead, this is also deserved, who told him to offend the gods of God and Sect of poison!"

Mo Yang sneered, but in his heart was ecstatic.

Lu Ming, finally dead, now Xie Nianqing should die!

"Moyang, let me go, otherwise, I will never die with you!"

At this time, Xie Nianqing calmed down, but his body was full of cold and biting murderous opportunities, which made Mo Yang feel inexplicably cold.

"Huh, bitch, anyway, Lu Ming is dead, I will let you die to me in the future!"

Moyang thought about clenching his teeth, and then released Xie Nianqing.

As soon as Xie Nianqing was released, Xie Nianqing's demonic energy exploded and Xiu recovered.

Chapter 1575: Wind spar

Xie Nianqing repaired, but his eyes were even colder. He looked at Moyang and said, "Moyang, you are really mean, actually colluding with Tianshen Sect and Yuzong Sect, and insulting Lu Ming, really deserves Cangzhou's top ten evildoers!"

The words are full of sarcasm.

"Sister, what do you say?"

Moyang's face changed slightly, revealing a ugly smile.

"What to say? Dare to dare to admit it? How can Tenjin Sect and Yudu Sect know where we are? And they can still ambush here in such a precise way, it is not someone who reports it, what is it?"

"You searched for us deliberately before, and then joined us just for the sake of ventilation!"

Xie Nianqing spoke coldly.

How clever she was, she thought it was a coincidence that she encountered Moyang, but now she thinks that everything is arranged by Moyang.

"Sister, don't defile me!"

Moyang froze.

"Hum, do it or not, I know it best in my heart, I warn you not to follow me again, otherwise, I will kill you!"

Xie Nianqing spoke coldly, then moved in a physique, and flew their tornado towards the landing.

"Bitch, bitch, will you beg for mercy in front of me sooner or later!"

Looking at the back of Xie Nianqing's departure, Mo Yang's eyes were full of fierce colors and the intense and fierce fire of evil desire.

Xie Nianqing came outside the tornado where Lu Ming entered and watched from a distance.

Huh...

The tornado whistled and slowly moved towards the Tianfeng Plain.

Xie Nianqing has been following the tornado and moving towards it.

Half a day later, Xie Nianqing's face changed, because there were many tornadoes in front of him. This tornado actually converged with other tornadoes. There, many tornadoes appeared, blocking Xie Nianqing's way forward.

"Lu Ming, you have pictures of mountains and rivers, pictures of mountains and rivers, which can only be refined by emperor-level strongmen, and should be able to block the power of tornadoes!"

Xie Nianqing whispered, but even thinking about it, she was still worried.

She stood there for a long time until Lu Ming's tornado was completely out of sight before she left.

...

Lu Ming and them, as soon as they were blasted into the tornado, the terrifying gust of wind, whistling and spinning, constantly cutting on the poison ivy outside.

The poison ivy was transformed by the power of the law, and it was extremely tough, but in the gust of wind, it was quickly cut and turned into ashes.

Zizi...

The gusty wind cut across the black wings, and Mars was radiating, making a harsh and unpleasant sound, and the black wings were constantly shaking.

"Damn, we were blasted into a tornado!"

Skyhammer roared.

"What should I do? That tornado is too strong, we can't rush out at all!"

Xue Ning frowned.

Boom Boom...

After a while, the black wing vibrated more and more. Lu Ming covered the chaotic sphere above the black wing, and could not resist the cutting of the wind. After a while, the chaotic sphere was cut open.

Lu Ming's body vibrated, terrifying power, poured into his body through the black wings.

"Brother and sister, let's go into the mountains and rivers!"

Lu Ming said.

Mountain and river maps are treasures that can only be refined by emperor-level strongmen. They should be able to block the cutting of the gusty wind. As for how to get out, you can only think of ways later.

The wind here is so strong that it is impossible to open the space-time channel with the bubble repair as the realm will be destroyed by the strong wind as soon as the space-time channel is opened.

Then, Lu Ming's eyebrows glowed, and he put Tian Hao and Xue Ningxin into the landscape.

Just when he was about to enter the mountains and rivers, he suddenly changed his expression.

Because at this time, he felt the wind beads in the sea, shaking slightly.

"The wind bead is a treasure of the wind's attributes. Maybe it can restrain this wild wind!"

Lu Ming's heart was filled with joy and thoughts, and Ding Fengzhu flew out of Lu Ming's eyebrows, suspended above Lu Ming's head.

Dingfengzhu vibrated slightly, and a cyan brilliance spilled over Lu Ming. At this moment, the vibration on the black wings disappeared. Luming felt that those violent winds, when encountering the energy emitted by Dingfengzhu, automatically bypassed Too.

Lu Ming was overjoyed, and Dingfengzhu really worked.

Then, Lu Ming put away the black wings, and saw that a cyan aperture enveloped Lu Ming, letting the wind scream outside, but when it encountered the cyan aperture, it automatically bypassed.

call out!

At this moment, from below the tornado, there was a cyan brilliance, which was a cyan crystal and the size of a fist.

"It is the spar of wind!"

With a move in Lu Ming's heart, he recognized this spar.

The spar of wind is a kind of spar that will be born only after a long time in the place where the wind element is extremely rich. It is a treasure of wind property and is very precious.

The spar of the wind flew directly towards the fixed wind bead, and did not enter the fixed wind bead and disappeared.

Lu Ming felt that the light on the surface of Ding Fengzhu seemed to be more intense.

With a chirp, a small bird flew out of Dingfengzhu and seemed to cheer around Dingfengzhu.

The wind bead is absorbing the energy of the wind spar.

Lu Ming looked at the Quartet from all directions. The four sides were all gusty winds, which blocked his sight and could not see the outside scene at all. However, Lu Ming had a feeling that the tornado was moving all the time.

I don't know how long it has passed. Suddenly, another wind spar flew up below and merged into Dingfeng Bead. The radiance of Dingfeng Bead brightened again.

Seeing this scene, Lu Ming went out without rushing, entered the mountain and river map and Tian Hao, Xue Ningxin and the two said aloud, continued to come out, let Ding Fengzhu float, and waited quietly.

Next, about half a day later, Dingfengzhu absorbed a total of five wind spars.

Rumble!

Outside the tornado, there was a burst of vibration.

"Does it intersect with other tornadoes?"

Lu Ming guessed.

At this time, the bird on Dingfengzhu chirped, flapped its wings, and flew aside.

With a move in Lu Ming's heart, he controlled the bead of wind and flew to the side of the tornado. The tornado could not hinder them. Lu Ming directly passed through the tornado and saw that there was another tornado beside the tornado.

As soon as Lu Ming came out, he entered another tornado.

call out!

Upon entering this tornado, a wind spar flew into the fixed wind bead.

"Haha, it turned out that Dingfengzhu wanted to absorb the spar of the wind, so absorb enough!"

Lu Ming laughed in his heart, manipulated the fixed wind bead, and flew under the tornado. Soon, he absorbed five wind spars again.

Then, Lu Ming manipulated the fixed wind bead and rushed out of the tornado.

Lu Ming found that there are many tornadoes here, close together.

Lu Ming didn't watch much and continued to rush into the next tornado.

In this way, I don't know how long it took. Lu Ming entered a total of more than ten tornadoes. The Dingfeng beads absorbed dozens of wind spars. On the Dingfeng beads, the cyan brilliance was extremely rich and crystal-clear.

"It's almost absorbed, go out and see what happens first!"

Lu Ming secretly said in his heart, and then manipulated the fixed wind bead, out of the tornado, outside, there was an open space.

Lu Ming looked around and found that the four sides of this open space were all tornadoes, which were close together and surrounded this open space!

Chapter 1576: Goodbye Eden

Surrounded by tornadoes, this area is surrounded by no roads.

Lu Ming waved his hand, and Tian Hao and Xue Ningxin came out of Shanhetu.

"Brother, where is this?"

As soon as the Sky Hammer appeared, the Giant Hammer appeared in his hand, gazing around.

"It should be deep in the Tianfeng Plain, a place surrounded by hurricanes!"

Lu Ming said.

"Oh!"

Tian Hao and Xue Ningxin looked at each other, seeing no danger, and slightly relieved.

"Well, the people of the Tenjin Sect and the Poison Sect, see one later and kill one, but how did they find us before? Still ambushing us there!"

Tian Hao scolded.

"It must be Moyang, he colluded with the **** of heaven and the **** of poison, so we will be ambushed!"

Xue Ning said.

"Sister Sister is right. Moyang met us, not by chance, but by deliberately finding us and then ambushing us!"

Lu Ming said.

These were thought of when Lu Ming was ambushed by Tianshen Sect and Yudu Sect. Therefore, he let Moyang take Xie Nianqing away because he knew that Mo Yang took Xie Nianqing away and Xie Nianqing was not in danger.

"Moyang, it's actually him, I will crush him sooner or later!"

Tian Hao said fiercely.

Lu Ming also nodded, Moyang, he will kill sooner or later.

"This area is surrounded by hurricanes. There must be something abnormal. Let's check it nearby!"

Lu Ming said.

Tian Hao and Xue Ning nodded, and the three of them moved forward to check in this area.

This area is still quite wide, and there are about tens of miles in length and breadth.

"What's there? It seems to be feathers!"

Xue Ningxin suddenly pointed forward.

The three rushed over and found that the ground was potholes and some feathers were scattered.

"This is Phoenix Feather!"

Lu Ming shook his heart.

He has obtained several Phoenix feathers, and he will never admit his mistake. The feathers scattered on the ground here are all Phoenix feathers.

There are dozens of them.

"Really Phoenix feathers, it seems that in the Heavenly Wind Plains, there is a bird of phoenix perched, absolutely right!"

Tian Hao said.

"Brother, sister, Phoenix feather is of great use to me, I don't know if it can be given to me, I am willing to use other treasures to offset!"

Lu Ming said.

Phoenix Feather, he can make his secondary body become a Phoenix Fei Feijian.

Before, there were only five phoenix feather flying swords, and the phoenix feathers used by those five phoenix feather flying swords were not very high in rank, and the phoenix feathers in front of them exuded a faint divine power, which was obviously left by the holy phoenix. If it is made into Phoenix Fei Feijian, the power will be stronger.

Moreover, the greater the number of phoenix feather flying swords, the more powerful a sword array can be formed.

"Where is the younger brother speaking, if you are useful, take it all, and why do you need to offset it!"

Xue Ning said.

"Yes, our lives were saved by you just now. If you say that, you will be too out of sight. Brother I am not happy!"

Tian Hao grinned.

"Then thank you brother and sister!"

Lu Ming clenched his fists and was not polite. With a wave of his hand, all dozens of phoenix feathers on the ground were collected into the mountains and rivers, and fell on the second hand.

"It's potholes here. Obviously the previous battles, and it seems that the Phoenix, the bird, has been hit hard. Did the phoenix scream before the Phoenix was seriously injured?"

Xue Ningxin guessed.

"It's possible, let's take a look!"

Lu Ming nodded, and then the three of them continued to check.

However, the spirit of the three people is highly concentrated, and the Phoenix of the Holy Land is injured. Obviously, the opponent of the Holy Land Phoenix is extremely powerful. Whether it is a human race or other gods and beasts, be careful.

Along the way, the ground was full of potholes, showing how fierce that battle was.

On the way, Lu Ming found a few more Phoenix Feathers, which were collected by Lu Ming.

Soon after, they discovered a deep hole.

This big pit has a length of more than 500 meters and a depth of more than 1,000 kilometers.

When the three people looked at it, they speculated that a huge ancient tree had grown here, but now it has been dug away, and even the roots have been dug away.

Fengxiang wood!

The three looked at each other and thought of Fengxiangmu.

Perhaps, the **** bird Phoenix lives on this Fengxiang wood. Now, the Phoenix is injured and disappeared, but the Fengxiang wood has been dug away.

"There are scattered roots!"

Tian Hao's eyes saw the roots in the deep pit.

The three of them flew down, and they saw a root, thick thighs, and they smelled strange, definitely Fengxiang wood.

"Let's find it again, maybe there are scattered roots!"

Lu Ming said.

The three men looked up and turned the dirt in this deep pit over and over again, and they found many roots.

The root of Fengxiang wood is even more valuable than simple branches.

The trio split equally and the gains were not small.

"Unfortunately, a whole piece of Fengxiang wood has been dug away, otherwise it will be obtained by us, which should be more valuable?"

Tian Hao's eyes glowed.

Fengxiang wood can help the martial arts to calm down, as long as they are martial arts practitioners, they will need it.

Yuanlu, how many warriors are there? No one knows, Fengxiang wood is definitely the thing to grab, a whole piece of Fengxiang wood, I don't know how many original stones can be sold.

The three of them searched carefully again, and then left here after finding nothing.

But soon, the three of them were shocked because they found someone.

To be precise, there is a blood pit, a figure, sitting cross-legged in the blood pit.

"Eden!"

Lu Ming was taken aback.

That figure was actually Eden in the Shenxu mainland group.

Lu Ming was very impressed by this person. This person's original bloodline was a Phoenix Guqin, which could pop up Phoenix Divine Comedy, and the combat power was very powerful.

Eden, can actually enter here.

At this time, Eden sat in the blood pit, and the blood in the blood pit actually turned into a phantom of the phoenix, which did not enter Eden's body.

The blood, obviously, is phoenix blood.

"Lu Ming, do you know this person?"

Asked Tian Hao.

"I know that I come from the same continental group. In our continental group, it is the peerless Tianjiao, and later joined the Tianshen Sect!"

Lu Ming said.

"Tenjinzong people!"

In the eyes of Tian Hao, a cold killing burst forth.

But at this time, Eden knew nothing about the outside world and absorbed Phoenix blood with all his heart.

boom!

A moment later, a phantom of Phoenix flew out of Eden's body, and after a long cry, Eden's body was full of breath.

Five Emperors of Emperor Wu!

Obviously, Eden's cultivation practice made a major breakthrough and entered Wuhuang's fivefold.

At this time, Eden opened his eyes, and after seeing three Lu Ming, his pupils shrank and his body receded quickly.

"Lu Ming, are you?"

Immediately, Eden's mouth exclaimed, seemingly incredible.

"Of course it is me, why, don't you know me?"

Lu Ming smiled faintly.

Eden pondered for a while and said, "Lu Ming, I have withdrawn from Tenjin Sect!"

"Oh?"

Lu Ming raised his eyebrows.

This is contrary to Lu Ming's expectations. Eden's cultivation performance is not very high, and now he withdraws from Tenjin Sect, which means that he has lost his asylum.

Chapter 1577: Suspected imperial soldier

Eden shook his head and said: "Tian Shenzong's ideas and actions are really inconsistent with my martial arts. If I continue to stay, the cultivation progress will be slower!"

"Haha, boy, you have a vision, leave well, Tianshen Sect, sooner or later I will be destroyed by my Dragon God Valley!"

Tian Hao laughed loudly, and he was happy as soon as he heard what degraded Tianshen Sect.

"Just leave alone?"

Lu Ming asked.

"There is also Ji Hongchen, but after she left with me, she went westwards and left Cangzhou. Now, I don't know where she is!"

Eden Road.

A few acquaintances moved in Lu Ming's heart, or left, so as not to deal with Tianshen Sect in the future.

"How did you get here? What happened here?"

Lu Ming asked again, Eden entered here earlier than they might know something.

"I used to enter the Tianfeng Plain with the crowd, and it didn't take long before I was born with a strong feeling. I followed this feeling and came here. Once I came here, this place looks like this. However, the surrounding hurricanes were not surrounded at that time. !"

Eden said nothing, and looked around, seeing the surrounding hurricane, frowning.

Lu Ming nodded, and it seemed that Eden had entered here at most earlier than them.

"Now, it looks like we can't leave here until the hurricane moves!"

Eden glanced around again.

"That might not be necessary!"

Lu Ming smiled slightly and let Eden's eyes light up.

Then, a few people were in this area again and checked, but there was no big gain.

"Eden, are you going to leave here, I will take you away with you!"

Lu Ming said.

"Can you break through the hurricane?"

Eden Road.

"Naturally, go!"

Lu Ming nodded, and the four men randomly searched for a direction. They rushed past. As the hurricane approached, Ding Fengzhu emerged from Lu Ming's eyebrows and scattered the blue light of Dao Dao.

Lu Ming thought, and the cyan light turned into a cyan light curtain, which enveloped the four people.

Covered by a cyan light curtain, the four people could not feel the slightest wind outside.

The four of them moved forward, and when they entered the hurricane, they were not affected at all.

This surprised Eden.

The four people walked in the hurricane, on the ground.

After a while, the four people crossed the hurricane and went outside.

When they came outside, the eyes of the four people were all fixed.

Because they found that the area was full of hurricanes, and a tornado that was as high as the sky surrounded a huge mountain in the middle.

In the void outside the hurricane, standing full of people, looking at the mountain.

The four Lu Ming immediately converged, hiding behind.

"People who want to be poisoned, gods of the gods!"

Looking forward, they saw the most people who wanted the poison sect and the **** deity.

After all, the Toxic Sect and the Heavenly God Sect are the closest to this place, and naturally the most people come here.

In addition to the Yuzongzong and Tianshenzong, the others are some warriors of Xiaozongmen and small forces. Of course, there are eleven other top clanmen in Cangzhou. There are also some people here. Of course, the number is relatively small.

"Tianyu Mozong!"

Lu Ming's eyes were cold, and he saw the people of Tianyu Mozong and Moyang, but did not see Xie Nianqing.

"Where did Xiaoqing go? Are you looking for me?"

Lu Ming guessed that he was worried.

Tweeting...

A phoenix chirped through this world.

This phoenix chirp, loud, full of the domineering king of birds, is completely different from the previous desperate and unwilling cry.

A cry came from that mountain.

"This call is completely different from the previous Phoenix call. Strange, are there two Phoenixs here?"

Lu Ming muttered.

Then, another tweet sounded, ringing all over the world.

Everyone's eyes looked at the big mountain surrounded by the hurricane.

Among the mountains, is there really a phoenix?

At this moment, the mountain glowed, and then everyone saw that a phoenix skyrocketed, soared high, and hovered over the mountain, exuding a terrifying atmosphere of horror.

Everyone took a closer look and found that it was not a real phoenix at all, but a phantom, composed of energy.

boom!

Then, among the mountains, a beam of light rushed out, and the phoenix blew, and it became more intense.

And that breath, even more terrifying, pervades this world, and under this breath, everyone has an urge to kneel down and worship.

"This... what a breath it is, so scary!"

"This seems to be the breath of weapons, not living creatures, but the breath is too terrifying, and it is stronger than the ordinary paladins, I don't know how many times!"

"Could it be a holy soldier, or..."

The last sentence was not spoken, but everyone was shocked.

Everyone knows what that person wants to say.

Or...Imperial soldiers!

Emperor soldiers, the exclusive weapons of the emperor-level strongmen, the thought of this word, many people breathe heavily.

Heavenly wind plain, there are emperors hidden?

Especially the people of Tenjin Sect and Desperate Sect.

A top sect, if you can get an imperial soldier, as long as you stimulate a trace of power, you can dominate Cangzhou.

Even if it is not an imperial soldier, it is a holy soldier, the value is also amazing.

If it were not surrounded by a hurricane ahead, many people rushed straight in.

Above the mountain, a phantom of a phoenix hovered, and the cry became louder and louder.

"Send the voice back, let the Holy Realm come!"

Tenjinzong, someone ordered.

At the same time, those who wanted to be poisoned also ordered.

There are other top sects, as long as someone is here, they all want to find a way to pass the voice back, and invite the strongest of the Holy Land to come.

Here, it is suspected that an emperor was born. This is definitely a big event that shakes Cangzhou. As long as the major schools receive the news, they will definitely send strong men to come.

After the news came out, everyone waited.

"Unfortunately, our Dragon Valley is too far away from this place, and even if the news is returned, it will certainly be too late!"

Tian Hao sighed.

"Brother, sister, wait here for me!"

At this time, Lu Ming suddenly spoke.

"Brother, what are you going to do? Do you want to go in alone?"

Xue Ning said.

"Sister assured, I won't go in alone!"

Lu Ming said.

Although Lu Ming has fixed wind beads, those hurricanes cannot stop him.

But Lu Ming would not go in. With his cultivation practice, even if he went in and got the imperial soldiers, he would definitely not be able to leave, so many people watched.

Also, this matter is not simple, there seems to be a force in the dark.

That force hurt the **** bird Phoenix and digs up the Fengxiang wood. Perhaps, the whole alienation of the Tianfeng Plain was caused by this, but now, that force has never appeared, and Lu Ming will not be one. People go in for adventure.

Then, Lu Ming condensed his breath, his body changed, and turned into a young man with a pale face. The breath on his body also turned into another kind of breath, and then rushed forward.

In that direction, many strong people of Tenjin Sect stood there. Among them, Yu Sheng, and a few half-holy strong people were just the people who had ambushed them before.

Chapter 1578: Maneuver hurricane

Uh!

Lu Ming rushed directly towards the hurricane ahead.

"What's that kid doing?"

"Seeing Baoyan's eyes open, really looking for death!"

Some people saw Lu Ming rushing past and sneered.

However, when Lu Ming was approaching the hurricane, he stopped and caused some people to burst into laughter, thinking that Lu Ming saw her eyes open and wanted to rush over, but was temporarily afraid again.

At this moment, a sneer appeared in the corner of Lu Ming's mouth, his eyebrows glowed, Ding Fengzhu appeared, and Lu Ming held it in his palm.

Uh!

Then, Lu Ming rushed into a tornado.

Everyone on the scene was stunned.

Unexpectedly, Lu Ming actually rushed into the hurricane.

"That kid has strange treasures, but he is not afraid of hurricanes!"

Someone reacted.

"It's that round bead, who is that kid? You must win him!"

Tenjinzong had a half-holy strong who drank coldly and his eyes showed a blazing glow.

Some people actually have strange treasures and are not afraid of hurricanes. If they get them, won't they be able to enter the mountains directly?

"Damn, that guy, won't he go into the mountain alone?"

Others opened their mouths and suddenly made the gods of the gods and the people who wanted to be poisoned violently.

They have sent back the news, the powerful Sacred Realm will arrive soon, but now, some people hold the strange treasure and rushed into the mountain first.

"We are here, and even if the kid got any treasure, he can't walk away. As soon as he came out, we killed him!"

Tenjinzong half holy strong said coldly.

Rumble!

At this moment, the tornado that Lu Ming entered actually moved, moving towards the direction of the people of Tenjin Sect.

"what happened?"

Tenjinzong everyone was shocked and quickly backed away.

"That kid's strange treasure can actually control the hurricane!"

Tenjinzong half holy roar, the fiery light in his eyes is stronger.

He was right. He fixed the wind bead and could indeed control the hurricane.

Now, Lu Ming is using fixed wind beads to control the hurricane!

This point, Lu Ming had discovered in the hurricane before, after absorbing the dozens of wind spar, Dingfengzhu had the ability to control the hurricane.

Lu Ming was in the middle of a hurricane, maneuvering the hurricane, and swept toward the people of Tenjin Sect, the speed was getting faster and faster.

"Damn, retreat, retreat!"

Tenjinzong shouted and retreated quickly.

This kind of hurricane, the strongest in the Holy Land, will die, not to mention them.

Not far away, Tian Hao saw the three, stunned.

"Haha, worthy of Brother Lu Ming, great!"

With a bang, Tian Hao exulted.

The people of Tenjin Sect retreated fast, and Lu Ming controlled the hurricane faster and faster, moving naturally faster than before, not knowing how many times faster, and chasing the people of Tenjin Sect.

At the scene, others were shocked.

Actually able to control the hurricane, it is almost invincible here.

"Damn, who is that kid? Dare to fight against our God of Heaven, check, be sure to check!"

A half-holy roar from Tenjin.

Huh...

Just then, on the side, a hurricane suddenly moved and rushed towards the Tenjin Sect.

In the Tianfeng Plain, there are some hurricanes that surround the mountain, but there are still many hurricanes, staying in the Tianfeng Plain.

At this time, Lu Ming controlled the hurricane through a long distance, and rushed towards the gods.

Of course, this kind of remote control has limitations. If it is too far, it cannot be controlled.

This time, I was caught off guard. There were dozens of people from the Tenjin Sect who were swept in by the hurricane, including a half-holy strong man.

A scream rang out, and the ones below the half-holy were instantly cut into pieces by the hurricane, and only the half-holy strong still insisted.

A holy soldier emerged from him, furiously resisting the hurricane around him.

"No, let me go out!"

The half-holy strong man shouted in horror.

He wanted to strike hard, but because of his cultivation practice, he was caught in the hurricane and couldn't rush out at all. The terrifying gust of wind kept bombarding on the Paladin. The Paladin vibrated.

"Ah, let me go out soon, boy, you dare to offend my God of God, you are looking for death..."

The half saint still shouted and threatened Lu Ming, let Lu Ming release him.

"It's so sad, go for it!"

Lu Ming's indifferent voice came out.

Of course, Lu Ming's voice also changed deliberately, and others could not hear him as Lu Ming.

Then control the tornado and sweep towards the other gods.

"Run away, run away!"

Some of the remaining Tenjin Sect strongmen shouted.

Immediately, the people of Tenjin Sect scattered and fled.

Lu Ming sighed sadly that the speed of this tornado was still too slow, and he couldn't keep up with those masters. He was caught off guard and swept dozens of Tenjinsong into the tornado.

At this time, the half-holy strongman who was involved in the tornado was already unable to resist.

Click!

There was a crack in his paladin, and then it burst with a click.

"Do not..."

The holy saint shouted in horror, and then turned to ashes in the endless and terrifying wind.

Everywhere, everyone was shocked, a half-saint, was yawned, and died like this.

Lu Ming's figure came out of the tornado, and the blue light of the wind bead enveloped him.

The people of Tianshenzong stared at Naruto, and if Mingrui could kill people, Lu Ming was already full of holes.

"Boy, who the **** are you, dare to kill the strong man of Tenjin Sect?"

In the distance, Yu Sheng stared fiercely at the landing and roared.

"Many acts of unrighteousness will kill you, I just look at your Tenjin Sect!"

Lu Ming said lightly.

"You are looking for your own way!"

Yu Sheng roared.

"Oh, then you come to kill me!"

Lu Ming said with a smile.

Yu Sheng looked ugly.

Just kidding, tell him to kill Lu Ming now, isn't he looking for death!

"kill!"

A half-holy deity of Tenjin, slashed out a sacred light, and beheaded the landing Ming, Lu Ming disdainfully smiled, flashed into the tornado, the divine light, chopped on the tornado, was suddenly torn Power destroyed.

Then, Lu Ming manipulated the tornado and continued to stare at the half-sage, and rushed towards the half-sage, the half-sage's face changed drastically, and he quickly turned and fled.

Huh...

The tornado swept through, and at this moment, suddenly turned and rushed towards the people of Tianyu Mozong not far away.

"what are you doing?"

Moyang roared and fled, and the other Tianyu Mozong people quickly fled.

Lu Ming controlled the tornado, chasing chaos, Tian Yu Mozong, Tian Shenzong people, like chickens and dogs jumping.

Lu Ming specially 'take care of' Moyang, so he stared at him and chased him, so that Moyang was embarrassed.

His heart was full of anger, and one of the ten evils in Cangzhou, he was chased and jumped up and down under the large crowd, and his face was completely lost.

Lu Ming chased and chased, and suddenly turned the wind again, rushing towards the person who wanted the poison sect.

Let those who want to be poisoned can only flee.

Chapter 1579: Holy Land

All around, the other small forces were somewhat stunned.

Lu Ming actually chased down the three top sects at the same time, making people puzzled.

But the people of the three great sects are really embarrassed.

"Boy, wait for the strongest of the Divine Realm of the God of Heaven to arrive, you will be dead!"

Yu Sheng roared.

"Yes, there are the Holy Realm Powerhouses who want to poison the Sect, they will come soon, even if you are hiding in a hurricane, you will die!"

Someone who yelled for poison also shouted.

It's really angry.

Lu Ming is hiding in a tornado, it is simply cheating, he can only chase, but they can only escape, can not fight back, counterattack is tantamount to death.

Don't mention how suffocating.

Lu Ming did not bother to listen and controlled the tornado to pursue.

However, the people of the Three Sects are all well-behaved and far away from all tornadoes, so that Lu Ming cannot kill the people of the Three Sects even if he can control other tornadoes.

In the end, Lu Ming stared at Moyang and chased Moyang for more than ten laps in this area. His face was angry and suffocated, and he became pig liver.

After chasing for a while, Lu Ming came out of the tornado silently when he chased into the distance, then changed his figure, changed his breath, and came to Tian Hao and they were not far away.

The tornado stopped, but the people of the three great sects still guarded carefully, away from any tornado.

After a while, there was no movement in the tornado, and the people of the three major gates took a long breath.

But the people of the three great sect gates showed terrible flames in their eyes.

They knew that Lu Ming was playing tricks, and this matter spread out, and their three ancestors would lose their faces.

Especially Moyang, he was even more angry.

In this way, in the cautious guards of the three major sects, time passed quickly.

after an hour.

Uh!

In the sky, a white light flashed, and an old man in white robe appeared in the sky.

"Elder, the elder of my holy realm of Tenjinzong is here!"

The people of Tenjin Sect were overjoyed.

Uh! Uh! ...

Then, the sound of breaking the air rang continuously, and at least seven or eight figures appeared in the sky, one after another exuding great pressure.

That's Shengwei, the one who came, the all-powerful Holy Realm.

Some people are wearing green robes and some people are wearing white robes. They are the Holy Realm Powerhouses of the Poison Sect and Tenjin Sect.

There are also two strong men in the Holy Realm, not the two big sects, but the strong men of the small forces nearby.

Some small ancestors, small forces, also have the stronghold of the Holy Land sitting in town.

Some schools are not weak, but they are only a little worse than the 13 top schools.

The eight Sacred Realms stood in the void and looked at the big mountain in front of them. To be precise, they looked at the phantom of the Phoenix.

"A strong breath, this is at least the Paladin, not even more!"

A strong person in the Divine Realm of Tenjin Sect opened his eyes, and his eyes showed a fiery light.

The same is true of other powerful saints, with fiery eyes.

boom!

Suddenly, a sacred realm of Tenjin Sect moved, stepped out, and the whole world was roaring. On him, a milky white light rose into the sky, and finally, the infinite light, condensed a war knife.

The sword is at least tens of thousands of meters long, spanning the void and slashing out towards the tornadoes ahead.

boom!

The Holy Light Warblade, cut on the tornado, suddenly made a harsh sound.

The terrible gust of wind, like the infinite blade, constantly slashed above the Holy Light Warblade, and the space was constantly shaking.

"Break me!"

Tenjinzong's holy realm roars, the breath on his body is even more terrifying and amazing, the light of the Holy Light Warrior is strong, and he wants to split the tornado.

The huge sword of holy light actually cut into the tornado.

Many people hold their breath, stare their eyes wide, and look forward.

Sacred Realm, can you break this tornado?

However, when the Holy Light Warblade was broken halfway, it was finally slashed by the Infinite Blade, and burst open.

Tenjinzong's holy realm failed.

In the distance, Lu Ming's complexion remained dignified.

"The strength of the Holy Realm is really terrifying!"

Lu Ming thought to himself.

That tornado, he knew how powerful it was. The half-holy entered, and there was a dead end. He couldn't even resist, but the strong man in the holy realm just now could break the tornado in half, and almost split the tornado into two. Strong, really terrible.

Faced with such a strong man, Lu Ming is not safe even if he hides in a tornado with a fixed wind bead.

"The hurricane here is too strong for one person to break through. How are we joining forces?"

A strong man from the Holy Realm who wanted a poisonous sect spoke.

"Join together? How do you divide the treasure after you enter?"

Sacred Realm of Tenjinzong said.

"After entering, of course, it depends on the ability, whoever gets it, whoever is!"

A powerful person in the holy realm said to the poison sect.

"Okay, we agree!"

The three Sacred Realms of Tenjin Sect nodded at the same time.

Subsequently, the other two Xiaozongmen's Holy Realm strongmen also nodded in agreement.

boom! boom! boom! ...

At the same time, the eight holy realm strongmen erupted in a breath of terror, and the immense holy prestige filled the world time.

At the same time, a body of a paladin was rushed out of each of the eight people, emitting a tremendous glow.

The sacred soldiers, falling into the hands of the powerful in the holy realm, burst out with power, which is completely different from the people under the holy realm. It is very scary.

Then, eight of them shot at the same time, eight sage soldiers, and bombarded at the same time towards a tornado.

boom!

That tornado shakes wildly.

Although the power of the tornado is strong, it is still unstoppable under the joint attack of the eight Holy Realm strongmen.

After a roar, the tornado burst directly and turned into an endless wind, scattered between the sky and the earth.

A tornado was broken and many people's eyes lit up.

"carry on!"

Sacred Realm of Tenjinzong said.

Then, the eight Sacred Realm strongmen continued their hands, terrifying attacks, and continuous bombardment.

Tornadoes, under the bombardment of eight people, fell apart and turned into wind energy, dissipating between the sky and the earth.

Soon, at least a dozen tornadoes were scattered, and a huge gap appeared in the tornado surrounding the mountains.

Everyone can clearly see the situation inside the mountain.

At the bottom of the mountain, there is a huge cave, filled with bright light.

Surprisingly, around the mountain, the other tornadoes did not move and did not make up for the gap.

Uh!

Suddenly, an elder in the Holy Realm of Tenjinzong turned into a ray of light and rushed towards the mountain.

Instantly crossed the hurricane enveloped area.

"Come on!"

The Toxic Sect shouted violently, and rushed forward, blinking, the eight holy realm rushed into the area covered by the hurricane, and then rushed into the cave.

"Let's go in and see too!"

Others, too, could not bear it. After seeing the eight saints rushing in, others rushed towards the cave.

Chapter 1580: Phoenix nailed to the wall

One figure after another, rushed towards the cave, did not enter the cave, and disappeared.

"Brother and sister, how about we go in?"

Lu Ming came to Tian Hao and Xue Ningxin next to them and restored their original appearance.

"Okay, go in and see!"

Tian Hao said.

"Lu Ming, I won't go in!"

Eden shook his head.

Eden knew in his heart that if he went inside, it would be of no use at all. If he was in danger, Lu Ming would be dragged down.

Lu Ming nodded and said nothing. He and Tian Haoxue condensed towards the cave.

The cave is very huge. After rushing in, it is a diagonal downward passage.

At this time, another phoenix sounded, which came from below the cave, but the voice was low, weak, and full of despair.

boom! boom! boom!

Then, the terrifying roar came from below.

"Could there be a war below?"

The three Lu Ming's faces changed, and they became more careful. They completely converged their breath, and the soldiers sacrificed at any time. At the same time, Lu Ming was ready to take Tian Hao and Xue Ningxin into the mountains and rivers.

The passage was not long, and soon the three of them came to an end.

At the end of the passage is a huge and wide underground cave, which seems to have been artificially opened.

As soon as Lu Ming entered the underground cave, he was stunned and looked at the front with horrified eyes.

In front of the underground cave, there is a huge wall with a phoenix nailed on it.

Yes, a **** bird Phoenix, was nailed to the wall, a pair of wings, and feet, were pierced, nailed to the wall, and his neck was also locked to the wall.

Blood, from the wings, from feet, along the wall.

At this time, this phoenix was already very weak and angry.

Tweeting...

It uttered a wailing sound, full of despair.

Lu Ming felt a great shock in his heart. It seemed that the phoenix screams that had been resounded in the Tianfeng Plain before, and it was from this phoenix, full of despair and unwillingness.

A **** bird phoenix, nailed to the wall, can only watch his blood dying out and die, why is it unacceptable?

Who exactly does this?

Boom!

The violent roar interrupted Lu Ming's thoughts, and also made Lu Ming's eyes move away from Phoenix and looked down.

Under the wall, there is an ancient altar.

The blood of the phoenix flows along the wall above this altar and penetrates into the altar.

Above the altar, a mirror is suspended.

This mirror is engraved with the phoenix pattern, and there is a phantom of the phoenix, flying continuously along the mirror, the bright light is emitted by this mirror.

Tweeting...

A phoenix tweet sounded fierce and high, full of the domineering king of birds.

Lu Ming finally knew that the phantom of the phoenix that appeared on the mountain before and the high cry came from this mirror.

There are indeed two different phoenix calls, one belongs to that phoenix and one belongs to this mirror.

This mirror is covered with a layer of aperture, exuding terrible and terrifying coercion. Eight holy realm strongmen are attacking the aperture on the mirror.

"This kind of coercion... seems to be the coercion of the emperor?"

Lu Ming felt shocked at the pressure of the mirror.

He once felt the coercion of the Cang Emperor and the Soul Extinction King. It is very similar to this ancient mirror and exists at the same level.

Imperial soldier!

A word flashed in Lu Ming's mind.

Here, there really is an imperial soldier!

"This is a formation!"

Then Lu Ming's eyes narrowed.

With his eyesight, he saw at a glance that the entire altar, as well as the ground next to it, had a striped road forming a large formation.

"This is the Great Seal, the Emperor Soldier is the core, and the Phoenix nailed to the wall is the key to breaking the formation. The blood that sheds can break the Great Formation!"

At this moment, Lu Ming thoughts flashed in his mind.

Someone wounded the Phoenix and nailed it here, with the blood of the Phoenix full of grudges, to crack the large array here.

Now, they have come here, and the eight Sacred Realm Powerhouses have obviously been completely attracted by the imperial soldiers, and they bombarded the large circle of apertures with all their strength, trying to capture the imperial soldiers.

In this way, it is equivalent to helping to crack the big battle.

Lu Ming can see all this, and thinking of all this, the eight Holy Realm Powerhouses certainly can think of it too, but now, the Eight Holy Realm Powerhouses have completely ignored the others. In their eyes, only the Imperial Soldiers.

As long as the imperial soldiers are captured, whatever he has cracked.

The eight Sacred Realm Powerhouses were constantly bombarded on the light curtain and the underground caves were constantly shaking.

Others, looking from a distance, are completely unable to interfere.

Click!

After a while, the light curtain finally couldn't bear it and made a clicking sound. There was a crack on the light curtain. Then, the cracks were increasing. At the last touch, the light curtain burst.

The light curtain shattered and a phoenix chirped through the cave and spread out.

"Imperial soldier, mine!"

A strong **** in the Holy Realm shouted.

"Dream, want imperial soldiers, see if you have this skill!"

The saint who wanted the poison sect also roared, all covered with poisonous gas, and rushed toward the saint who was the **** of heaven, and at the same time, he condensed a big hand and grabbed the ancient mirror of Phoenix.

"Go, stop me from dying!"

"kill!"

Chaos, completely chaotic.

The large array of light curtains shattered, and the eight Sacred Realm Powerhouses were completely chaotic. The Eight Powerful Powerhouses rushed towards the Phoenix Ancient Mirror, and at the same time, they fought each other in a fierce battle.

The value of the imperial soldiers is too high to imagine.

Boom!

A large hand completely condensed by poison gas was caught on the Phoenix Ancient Mirror, but the Phoenix Ancient Mirror vibrated and the Phoenix sang. A beam of light rushed out of the Phoenix Ancient Mirror and crushed the big hand.

But then, a big hand completely condensed by the Holy Light also grabbed toward the Phoenix Ancient Mirror.

Tweeting...

Phoenix Ancient Mirror, Fengming bursts, and then a Phoenix phantom rushed out, defeating the Holy Light, and then the Phoenix Ancient Mirror vibrated and flew directly towards the top of the head.

A big tripod, a saint, suppressed it, originally wanted to suppress the ancient Phoenix mirror, but under the flash of the ancient Phoenix mirror, he avoided the suppression of Dading.

Dading did not suppress the ancient Phoenix Mirror, and the terrible power bombarded the altar below, and the altar shattered and the stones spattered.

boom!

On the other side, the Phoenix Ancient Mirror hit the wall above the head, and the gravel splashed. The Phoenix Ancient Mirror directly penetrated the mountain and hit a passage. The Phoenix Ancient Mirror flew out along the passage.

"Where to go?"

"chase!"

The eight Sacred Realm Powerhouses rose into the sky, chased out along the passage through which the Phoenix Ancient Mirror penetrated, and in an instant, among the underground caves, the Sacred Realm Powerhouse had no one left.

At this time, everyone's eyes turned to the phoenix nailed to the wall.

Obviously, this is a phoenix in the Holy Land, with treasures all over its body.
