

D Emperor 161

Chapter 161: Town Demon Gun

"Is it because of the exhaustion of Lingjing's power?"

Lu Ming thought.

To condense this kind of figure and have a fierce battle with him, it definitely needs energy.

Lu Ming walked to Shitai, and it turned out that Shitai's light was dimmed and returned to its original state.

"It seems that it needs a spirit crystal to work."

Lu Ming found the problem and rested.

However, now is not the time to continue practicing. He is still in a small plane.

This is a small plane left by Dongyi's ancestors, which may contain great opportunities, and Lu Ming does not want to miss it.

"Research in the future."

Lu Ming whispered, and then moved out of the Supreme Temple.

"This place, except for the main hall, has not been explored in other places. I will continue to explore and go to other places!"

Lu Ming's figure moved, and he probed into the broken palace.

Most places of this temple are broken and collapsed, and only a few places seem to be ok.

Unfortunately, Lu Ming searched more than a dozen rooms, partial halls, and halls, and found nothing, nothing.

"It seems that there is nothing left in this place, and there is the last backyard. If I don't find anything, I leave here."

Lu Ming ran towards the backyard.

The backyard is very wide, but it is desolate and overgrown with weeds.

Lu Ming showed disappointment, shook his head, and was about to leave.

Suddenly, Lu Ming's eyes moved, and there was a place in the middle of this backyard, very special.

That place, ten meters round, was barely grassy and bare.

In the middle, there is a rusty iron stick inserted there.

Other places were covered with weeds. This bare piece was so special. Lu Ming was very curious and walked over to examine it carefully.

The ground turned out to be a gray-brown rock, very hard, and Lu Ming stepped on it, immobile, without showing any signs of breaking.

No wonder the grass doesn't grow.

And that iron rod is rusty, and I don't know how long the wind and rain have gone through.

"This is not an iron rod, but a spear!"

Looking closely, Lu Ming was slightly surprised.

It turned out that it was a long gun, but the gun head was inserted into the ground, making Lu Ming mistakenly think it was an iron rod.

"This spear, inserted here, must be extraordinary, I can't miss it!"

There was a flash of fire in Lu Ming's eyes, and then he held the spear in both hands and pulled out suddenly.

The spear shook slightly, but it was not pulled out.

Lu Ming was taken aback. Although he didn't use his full strength just now, the pulling force, even if it was a 100,000-jin boulder, had to be picked up, but he couldn't pull out a long spear inserted on the ground.

Lu Ming's eyes are brighter. The more this is, the more remarkable the spear is.

Later, Lu Ming held the rifle in both hands, stood on his feet, exhaled and said: "Get me!"

With a loud cry, Lu Ming broke out with all his strength.

boom!

The air was boiling, and a roar on the ground, Lu Ming's muscles bulging up, struggling to lift the mountain and cover the world.

Keng!

A clang sounded, and the long spear inserted on the ground was finally pulled out by Lu Ming.

Roar!

At this moment, where the spear was pulled out, there was a sudden roar of the beast, and then a black shadow condensed from the ground, a huge black lizard.

But not an entity, but an incorporeal body.

Roar!

The huge lizard roared and rushed towards the landing.

"This is the soul of the monster!"

Lu Ming was shocked and retreated quickly.

However, this black lizard, only half of it fell, suddenly burst open, and disappeared into a plume of black gas.

call!

Lu Ming exhaled.

It seems that it's just a remnant soul of a demon beast. I don't know how long it was suppressed, so weak, it dissipated automatically.

The scene fell into peace again, returning to its original state.

Lu Ming relaxed and immediately looked at the spear in his hand.

The spear was eight feet long and the tip of the spear was eight inches long, but it was all rusty and hardly visible.

However, the weight of the spear is very alarming, Lu Ming estimates that at least 10,000 kg.

"This weight is not bad!"

Lu Ming held the spear and waved it casually. The spear swept through the air and made a roaring buzzing sound, like a thunderous thunder sounded in nine days, and the sound was amazing.

What makes Lu Ming feel very satisfied is that the softness and elasticity of the spear are very good, which is a lot stronger than the firearm.

Although this spear can't be seen as several levels of spirit soldiers, Lu Ming likes it very much because of its weight and elasticity.

"There are words!"

At this time, Lu Ming found two small characters on the gun barrel.

Town demon!

After careful identification, it was found to be the word "Tjinn".

"Zhen Yao? Zhen Yao Gun, a domineering name, is that the remnant soul of the lizard monster just now, is the monster that was suppressed by the Zhen Yao Gun?"

Lu Ming thought.

Afterwards, he waved a few more times and felt very good.

The only bad thing is that the gun body is rusty, very ugly, like a broken piece.

After Lu Ming intends to return to the Xuanyuan Sword School, he seeks Ming Refining Master to refinish it.

After the Zhenyao gun was put away, Lu Ming looked around and found nothing else. Lu Ming flashed and left the place, heading towards other places.

...

At this time, hundreds of miles away from Lu Ming, there is a majestic mountain.

However, all around the mountain peaks are thick fog, the fog is almost inseparable, even if the warrior's vision is far beyond ordinary people, in this fog, it is also out of reach.

Hundreds of stone pillars are distributed on the outermost edge of the mist. In front of the pillars, dozens of figures are standing.

These are masters of the Dongyi people.

At the front, three figures stood.

Two of them are the five strong men of the two great martial arts masters of the Dongyi ethnic group, and the other is a figure wrapped in a black robe and wearing a hat. He is thin and completely indistinct.

However, the two old Wuyi masters of the Dongyi tribe have some respect for this black-robed hat.

"If I am not mistaken, this mountain is the cave house left by your Dongyi kings. You continue to inscribe inscriptions on this stone pillar according to my method. Soon, this large formation will break open and the mist will Will be gone."

The black robe and hats were commanded, and his voice was low and hoarse.

"Yes, if the Dongyi tribe can get the inheritance of the ancestor king, I will never forget the great grace of my predecessors!"

An old martial artist with five weights respectfully clenched his fists.

Then the two old men stepped forward and carved inscriptions on the stone pillars.

Half an hour later, the hundreds of stone pillars suddenly filled with a dazzling light, and the mist around them slowly began to dissipate.

At the scene, all the Dongyi tribes showed ecstatic colors, and their eyes showed a hot light.

It didn't take long for the mist to completely dissipate, and the peaks that were looming in the mist before finally revealed their true contents.

This is actually a wolf-shaped mountain, the whole mountain, without grass, such as a huge stone quickly, was carved into a giant wolf.

The giant wolf lowered his head and opened his mouth wide, revealing a dark hole.

Chapter 162: Wolf Cave

It seems that the mouth of the giant wolf is the entrance to the cave house.

"Hahaha, the cave mansion left by our ancestors was finally found by us, and God helped me Dongyi people."

The Dongyi people shouted again and again, excited.

"Okay, now the entrance array has been destroyed, let's go in together!"

The thin black robe was low.

At this time, the old men of the five heavyweights of the Dongyi tribe martial arts glanced at each other, and in the eyes of both, at the same time, the light flashed, and nodded secretly.

"Senior, I still invite you to quit this ruin and return to the Eastern Army of the Desolate City."

One of the old men said.

The emaciated black robe seemed stunned, and then said: "What do you mean?"

"Predecessors, this place is, after all, the ancestral land left by my ancestors of the Dongyi people. You are an outsider and it is not easy to get in!"

Another old man said.

"I understand, you are going to cross the river to dismantle the bridge!" The voice of the thin black robe was even more hoarse and low.

"It's a bad word, how can it be said that it is to cross the river and demolish the bridge? Just please go back and wait for us to get the treasure left by our ancestors. Naturally, your benefits are indispensable."

An old Dongyi sneered.

"Haha, what I said was really sounding, I found it. Your Dongyi people are really villains. This time, without the clues I provided and the formation of the broken formation, how could you possibly know where the entrance to your ancestor's remains? How is it possible to break this array?"

"Also, I will stay with my men to help you block the genius of the Xuanyuan Sword School. I can say that I am doing my best. Now that I am going to succeed, but you have to repent, I am really blind."

The thin black robe sneered unpleasantly.

"enough!"

An old Dongyi drank coldly, his face gloomy and said, "This time, you do have credit. I have said just now that there will be benefits for you. Moreover, you send someone to leave disciples who block the Xuanyuan Sword School. , It's useless at all, the Xuanyuan sword faction is still chasing it, causing heavy losses for my Dongyi people. Have you not calculated this account with you?"

"Also, don't think I don't know your cultivation behavior, I respect your predecessor, that is polite, you don't know each other, otherwise, let alone the benefits, whether you can go out is still a problem."

As soon as the voice fell, the other masters of the Dongyi tribe immediately stepped forward, looming the thin black robe, revealing a bad look.

"It's really a group of ungrateful guys. No wonder you Dongyi tribe will fall, but, do you think I haven't left behind?"

The thin black robe sneered. At the next moment, his figure suddenly moved, as fast as lightning, and rushed towards a Dongyi tribe with a heavy weight.

This time, the speed was too fast, and the big man hadn't responded, and his throat was caught by the thin black robe.

True energy flooded in. The Dongyi tribe had a soft body and no resistance at all. He was buckled in the throat by the emaciated black man. The emaciated black robes flashed in shape and flicked out of the encircling circle.

"What? Don't want to die and let him go."

A five-layer Dongyi old man of the great martial arts shouted and rushed towards the thin black robe.

But at this time, a black long sword condensed in the hands of the thin black robe, and the long sword was swung out, the Dongyi Han fell to the ground, and blood was splattered.

"Give me!"

The thin black robe was full of vitality, and his blood was driven by his true energy, forming a line of blood, which fell on those stone pillars and on the ground.

Buzz!

More than one hundred stone pillars suddenly shook up, emitting a bright light.

Then, the light from more than one hundred stone pillars gathered together to form a huge mountain-like light pillar, rising into the sky.

This beam of light is too bright to be seen even hundreds of miles away.

At this moment, hundreds of miles away, Lu Ming was running through a mountain forest, and suddenly saw a beam of light rising from a distance.

"What's that? Is there a strange treasure here, go and see!"

As the figure moved, Lu Ming hurried away toward the direction of the beam of light.

At the same time, in different places, other disciples of the Xuanyuan Sword School also saw the beam of light, and they also went in the direction of the beam of light.

Light beam area.

"Haha, if you want to leave me alone, then let the disciples of the Xuanyuan Jianpai come together to see if you can kill all the disciples of the Xuanyuan Jianpai."

The thin black robe made a hoarse laugh.

"hateful!"

"Damn!"

The Dongyi people were furious.

"I killed you first!"

An old warrior with five heavy olds roared and continued to rush towards the thin black robe.

But at this time, the ground suddenly shook, and then a burst of blood rushed out of the ground, killing all the Dongyi people.

what!

Among the Dongyi people, some people screamed and were penetrated by blood.

At this time, all the people were shocked to find that this blood was actually a **** vine.

The vines' fingers were thick and thick, and they rushed out of the ground, wriggling frantically, and entangled towards many masters of the Dongyi nationality.

The big man who was pierced by the vines uttered a terrible scream, bursting out of anger, and wanted to break free, but the **** vines were so hard that they couldn't break away at all, and they kept on wriggling, as if they were sucking the blood of Dongyi people.

The body of the Dongyi tribe dwindled at a rate visible to the naked eye.

The blood snake vines absorbed the blood and became even crazier, constantly waving and striking at others.

There are hundreds of them, and the number is very large.

"Hahaha, enjoy yourself!"

The thin black robe was very fast. Between the flashing thin figure, he avoided the **** vines and rushed towards the giant wolf-like mountain.

"Damn it, kill it!"

A Dongyi elder roared.

But then, there were a few other Dongyi tribes, who were entangled in **** vines, and the vines pierced their skin and devoured their blood.

"If the military martial artist is below three levels, withdraw, and if the military martial artist is above three levels, rush with us!"

An old warrior with five weights shouted.

Immediately, the Dongyi tribe was divided into two groups, the cultivation base was low, and it withdrew from the scope of the stone pillar, and the cultivation base was high, rushing inwards together.

...

On the other side, Lu Ming hurriedly ran, hundreds of miles away, and crossed in just half an hour.

"What a strange mountain!"

When approaching, Lu Ming saw the wolf-shaped mountain at first glance.

For the first time, he saw such a strange mountain.

In front of him, there was a fierce cry for killing. When Lu Ming arrived, he found that the two groups were fighting.

A group of disciples of the Xuanyuan Sword School, such as Chen Kuan, as well as disciples of several other courtyards, it seems that they are closer to this place and arrived one step earlier than Lu Ming.

Another group of people, of course, are from the Dongyi tribe, but the Dongyi tribe has no masters. They are all under the triple martial arts division, and they are not opponents of the disciples of the Xuanyuan sword school.

The masters of the Dongyi tribe martial arts more than three times, but no trace.

"We retreat first!"

Seeing that they were invincible, the Dongyi people retreated, leaving behind several corpses.

Chapter 163: Within the cave

Uh! Uh! ...

Underground, blood vines rushed out frantically, entangled the corpses and devoured their blood.

"Is this bloodthirsty vine? It seems that the masters of the Dongyi tribe rushed in."

"This should be the heavy ground left by the ancestors of the Dongyi people. There must be heavy treasures in it, and we rushed in!"

Some disciples of the Xuanyuan Sword School also rushed towards it.

Of course, some people who are weak, such as the first and second heavy martial arts masters, see those crazy bloodthirsty vines, they are terrified, and have not rushed out.

Some of them rushed out, some of them were more than triple, and there were more than a dozen.

Lu Ming's eyes flashed and he rushed out.

Hey...

Suddenly, **** vines, like **** lightning, lingered toward the landing.

Lu Ming's spear swept out, hitting the **** vines.

Although these **** vines had a fatal threat to the first and second warriors, there was no slight threat to him, and Lu Ming quickly ran to the giant mouth of the wolf-shaped mountain in front.

But not far away, he stopped.

In front, the monsters roared, and the fierce anger filled.

There are at least fifty monster corpses, and fierce fighting with a group of Dongyi people.

These Dongyi people are, of course, masters of the triple martial arts masters who are more than triple. They have crossed the blood snake vines, but unexpectedly encountered a large number of corpses and demon puppets here.

Moreover, the strength and strength of these monsters and puppets are so unusual that Lu Ming even found the monsters and puppets with a combat strength equivalent to the four-fold of the martial arts masters.

On the ground, several masters of the Dongyi ethnic group have been torn apart, which is terrible.

Uh! Uh!

Behind, the sound of breaking the sky sounded, Chen Kuan et al. also rushed over the blood snake vines and rushed over, but when they saw the monster monster puppet in front, their faces were green.

"So many monsters and puppets, how to fight?"

Chen Kuan said ugly.

In the front, the Dongyi people obviously saw Lu Ming.

"You quit first, and we two can just break in. The little cubs of the Xuanyuan Sword School can't break in."

Shouted an old man with five heavyweights from the Dongyi tribe.

Then, the other Dongyi people retreated while fighting, and withdrew from the encircling circle of the monster and puppet.

Strangely, when the Dongyi tribe retreated to a certain range, the demon corpse puppet did not pursue, but just desperately rushed towards the five elders of the two martial artists, as if to prevent them from rushing in.

But the two senior martial arts masters of the five heavyweights joined forces and slowly rushed inside.

"What should I do? With so many powerful monsters and puppets, we can't break in at all."

A young man from the Qinglong Academy shouted.

"Anyway, give it a try!"

The young man of the four-tier martial arts master left in Baihuyuan was not reconciled and rushed forward.

But in an instant, there were three or four corpse demon puppets equivalent to the fourfold weight of the great martial artist.

He did his utmost to get out, and backed away, almost wounded, and his face was somber.

There are too many monster puppets equivalent to the fourfold of the Grand Martial Artist, and they can't get through.

"Brother Lu Ming, do you want to break out?"

Chen Kuan looked at Lu Ming.

"of course!"

Lu Ming smiled slightly, his figure suddenly rushed out, rushed into the demon corpse puppet.

Roar! Roar!

Suddenly, three or four martial arts masters and four puppet monsters pounced on Lu Ming.

"Go away!"

Lu Ming's eyes flashed, and his spear swept out.

boom!

With a roar, three or four demon corpses were blasted out.

"how come?"

Chen Kuan, as well as other disciples of the Xuanyuan Sword School, including the Dongyi people were taken aback.

One shot swept three or four big martial arts masters with four heavy monster corpses, which is too strong, this absolutely needs the five warriors of the big martial arts?

Does Lu Ming already have the five-fold combat strength of the Grand Martial Artist? Isn't this incredible?

Now, only a few months have passed since the fourth hospital, Lu Ming's rate of progress is too terrifying, right?

boom! boom!

Holding a spear, Lu Ming is invincible, and all the demon corpses and puppets are swept away. Lu Ming quickly advances inside.

At this time, the five heavy old men of the two great martial arts masters of the Dongyi tribe had rushed over the encircling circle of the corpse demon puppet, and appeared one hundred meters away in front of them. Only the corpse puppet chased.

They had intended to rush directly into it. After all, the thin, black-robed man had no trace, maybe he had already rushed into the cave of the Dongyi ancestors.

But they saw Lu Mingzheng rushing at this time.

"Damn, you can't let this person pass, the two of us intercept him here!"

A slightly black old man said with a somber face.

"Okay! Kill him here, then go in and kill the guy. The things left by the ancestors of the Dongyi people must not fall into the hands of outsiders."

A fat older man nodded, his face full of murderous intent.

The two stood side by side, staring coldly at the landing.

Lu Ming speared a gun, and a demon corpse was shot and flew away, and he quickly rushed past.

After a few minutes, he was near two Dongyi elders.

But at this time, the corpses and demon croaked, stopped one after another, instead of chasing Lu Ming, and returned to the original place, staring at Chen Kuan and others with a pretentious gaze.

"Die to me!"

At this time, the two elders of the Dongyi clan broke out at the same time and slammed towards the landing.

Lu Ming's eyes flickered, no hard connection, and he took a volley step, rising into the sky, avoiding the attacks of the two old men.

Then, he stepped in the air continuously, just like the emptiness of the sky, traversing tens of meters forward, directly jumping over the two Dongyi elders.

"Haha, let me take a step first!"

Lu Ming laughed, spread his figure, and ran towards the wolf-shaped mountain.

"Stop me!"

"Damn!"

The two Dongyi elders roared and chased toward the landing, disappearing without a trace.

"Lu Ming actually rushed in."

The other disciples of Xuanyuanjian sent envy, especially the disciples of Baihuyuan, even more envious and jealous.

Lu Ming ran quickly, getting closer and closer to the dark mouth of the Wolf Mountain.

Lu Ming didn't stay at all, rushed in directly.

Behind, two old people of the Dongyi tribe followed.

"Wait a minute to find opportunities to break each one!"

Lu Ming's eyes flashed.

He has just broken through the double of the Grand Martial Artist. He is confident that he can deal with a strong five-level martial artist, but he can't deal with two at the same time.

The dark cave was extremely deep, and Lu Ming ran forward for several kilometers before reaching the end.

In front, suddenly, a huge stone room appeared.

In the stone chamber, there are six stone pillars. Above the pillars, there is a cheat book suspended, and there is a layer of aperture blocking the cheats.

At this time, there were already cheats on two stone pillars missing, and on the other stone pillar, a thin black robe figure was constantly bombarding the aperture on a cheats.

At this moment, the thin black robe seemed to find Lu Ming, and his eyes shot at him.

Lu Ming was stunned. He didn't expect that someone had already come in early.

Chapter 164: Mystery man

"Who is this person?"

Lu Ming was puzzled.

The thin black robe just glanced at Lu Ming lightly, and left him alone, continuing to bombard the aperture covering the cheats.

"No matter who he is, these cheats are actually guarded with inscriptions. In the past years, the power of inscriptions has not been exhausted. I am afraid that they will be extraordinary. Let me get them first!"

Lu Ming's thoughts turned sharply, his figure flickered, and flew towards another stone pillar, while the spear pierced with lightning.

boom!

The aperture that shrouded the cheats in the spear burst into a roar, and the aperture shook like a wave of water.

However, it did not break.

"It's a powerful inscription defense, I don't know how many years have passed, but I still have such a strong defense?"

Lu Ming secretly wondered.

"Cheats are the cheats left by my ancestors of the Dongyi ethnic group, you stop me!"

"Damn, you dare to touch my cheats from the Dongyi tribe, to death!"

At this time, two old people of the Dongyi ethnic group chased in, and upon seeing this scene, they roared angrily.

Immediately, the two old people of the Dongyi tribe rushed towards the thin black robe.

Two white blades of light cut through the air and cut towards the thin black robe.

"You are really ungrateful, I'm instructing you to come here, you actually took the lead in me?"

The thin black robe abandoned his cheats, and his figure flickered, avoiding the attack.

"Huh, if it weren't for you to cheat, how come the Xuanyuanjian factions come in? Then the treasures here are all ours, now solve you first, and kill him later!"

The thinner old man said coldly.

"Ridiculous, do you really think you can kill me?"

The thin black robe made a hoarse voice, and at the same time, the breath on his body was strong, and a black war sword appeared in his hand.

when! when!

The three men fought a few tricks in a row, and the thin black robe was in the leeward, and the figure quickly receded.

At this time, Lu Ming attacked an aperture in a frenzy. After dozens of consecutive bombardments, the aperture finally touched and burst apart, like a fireworks.

Lu Ming reached out and grabbed this cheat in his hand.

The cheats are very soft, not gold or jade. It is too late to take a closer look, and the thoughts are moved, and the cheats are put into the Supreme Temple.

Then he pounced on another stone pillar.

Uh! Uh!

At this moment, the sound of breaking the sky sounded, and the thin black robe actually spit the girl and ran to Lu Ming's side, and the two old people of the Dongyi clan chased after.

"Nest!"

Lu Ming couldn't help but scold, and the thin black robe was obviously a disaster.

"Little brother, why don't we join forces and kill these two old guys, we will share the things here, how?"

Cried the thin black robe.

Lu Ming's eyes flashed, and then said: "Yes, we are one by one!"

After all, Lu Ming rushed towards the old man.

Sooner or later, the two old people of the Dongyi nationality will have to solve it. Otherwise, the other party will not let him go. It is better to work with the thin black robe now to solve the two old people of the Dongyi nationality first.

"it is good!"

The thin black robe was overjoyed and turned to kill the fat old man.

"Damn, do you think it will work together?"

The thin old man roared, his sword slashed, and he drove crazy towards the landing.

Lu Ming's spear shook, and his gun was broken, fighting with the opponent.

boom! boom!

In the stone room, bursts of roar sounded, and in a blink of an eye, Lu Ming fought more than twenty moves with the other party.

Lu Ming grew stronger and stronger, gradually suppressing his opponent.

On the other side, the thin black players also showed strong fighting power, and they did not have the power to suppress the fat old man.

"Damn it, let's withdraw!"

The two old people of the Dongyi tribe roared in their hearts, but had already retreated.

"Now I want to go, late."

The thin black robe drank coldly, waving his hands continuously, and the black light flashed quickly, and the sound of "chirping" broke in the air.

The fat old man's face changed drastically, and the war knife danced rapidly, and a sound of "ding ding ding" sounded.

However, the sound of breaking the air did not know what it was. It was too dense and fast to resist.

puff!

Finally, the fat old man's body was hit by something, and a long cut was made.

Scorn...

The thin black robe continued to wave his hands, and in the air, a denser sound of broken air rang.

The fat old man roared repeatedly, but it was useless.

With a thud, blood spattered, the fat old man's throat was pierced, and the roar fell down.

The thin old man was frightened and never dared to fight again. He cut a few knives in a row, trying to force Lu Ming back, and then fled.

"You are too little to look at me, or send you to accompany your companion!"

Lu Ming drank coldly and speared out with a spear.

"Explosion!"

boom!

A terrifying energy erupted from the point of the gun, and madly blasted the old man.

The elder was throbbing, coughing up blood and almost burst.

But Lu Ming's spear greeted him.

Boom!

A fiery red spear pierced the old man's chest and passed through.

Old man, die!

The two Dongyi elders were all killed.

"Great, the younger brothers are so young, their strength is so terrifying, it is really admirable."

The thin black robe made a hoarse and low laughter and slowly approached Lu Ming.

Lu Ming withdrew his spear, manipulated the bloodline, and silently swallowed the elder's essence and blood.

Suddenly, the blood of the five martial arts warriors of the great martial artist began to be refined into tumbling energy and poured into Lu Ming's body to replenish the true energy.

Lu Ming pretended to breathe heavily and said, "Your Excellency is unpredictable. He actually led the Dongyi people to find the ruins of their ancestors. It seems that the reason why the Dongyi people attacked the raging empire was also instigated by you? "

"Haha, that's no way. You must use the hands of the Dongyi tribe to open their ancestor ruins. Now it's okay, everything that has to be solved is resolved, and you and me are left. We will share the treasure here, how?"

The thin black robe smiled hoarsely.

"of course can!"

Lu Ming smiled.

At this moment, the thin black robe suddenly burst into trouble, and his figure flew to Lu Ming like lightning.

However, Lu Ming was very calm, as if he had long expected that the thin black robe would attack with a sneak attack. At the moment the thin black robe shot, Lu Ming drifted backwards, the lance waved, the gunpoint vibrated, and turned into Tao. Gunman.

Ding Ding...

A violent clash sounded, and Lu Ming's attack was all blocked by Lu Ming.

"You know I'm going to attack?"

The thin black robe seemed a little surprised.

"Defenses can not do without!"

Lu Ming said coldly.

"It's not very young, and the guard is quite strong, but do you think you can stop me if you are prepared? Naive!"

In the next moment, the figure of the thin black robe disappeared, and suddenly appeared from behind Lu Ming, a sword piercing Lu Ming's back heart.

"Look at the moon!"

Lu Ming didn't think about it, the spear swept out and pulled away behind him.

when!

The guns and swords intersect, and Lu Ming's body trembles, but he stomps heavily and continues to kill the thin black robe.

"If you want to kill me, then kill you first!"

Lu Ming drank coldly and launched a stormy offensive.

Chapter 165: Stunning beauty

Lu Ming's spear wielded like a dragon, and the fire broke out. With the gang gun tactics, the power was terrifying.

Between the wielding of the spear, it was like a volcanic eruption, and the hot breath filled it, covering the thin black robe.

boom!

The thin black robe resisted with all his strength, but was still swept by the hot breath, and the black hat suddenly burst open, revealing the face under the black robe.

Lu Ming was taken aback because this was actually a woman's face.

At about fifteen or sixteen years old, he looks younger than Lu Ming, with a melon seed face, willow leaf eyebrows, and apricot eyes round and watery, and his skin wins the snow. This is actually a gorgeous woman, beautiful and incomprehensible.

Lu Ming thought it was a skinny old man, but did not expect to be a stunning young girl, stunned.

"Huh! I didn't expect a small scorching empire, and a genius like you. The double martial arts master can actually break my hate. It's rare. In this case, I don't have to hide it, so you can see me. Real strength."

The stunning female voice is crisp, like a round bead falling into a jade plate, which is very pleasant, but at this time, the voice is full of cold killing opportunities.

Ya!

The stunning woman pulled the black robe on her body, and the black robe shattered, like a black butterfly flying in the air, revealing the girl's delicate figure.

The girl was very strangely dressed, with black clothes and short hair, revealing a large white skin on her abdomen.

Below also wears a black short skirt, exposing legs, legs delicate and white, slender and well-proportioned, together with the girl's beautiful face, constitute a beautiful picture.

But Lu Ming had no intention to appreciate, because the girl had launched a fierce attack on him.

"Heavenly Demon Skill, Molian Dances!"

The stunning young girl took a light drink, and her black body was full of vitality. Around her body, a lot of black lotus flowers condensed.

Then, the girl waved her hands, the black lotus flower spread out, and the black petals pierced through the air, making a piercing roar and screaming towards the landing.

Lu Ming finally knew what method the girl used to kill the Dongyi tribe's old man, this kind of petal, but now, the speed of this kind of petal is obviously faster than before, and the number is also more.

"Fire Dance!"

The spear shook, and a blaze of flames appeared around Lu Ming's body.

Ding! Ding! ...

The sound of a quick clash sounded, a few breaths, and the foot struck hundreds of times.

"Good strength!"

Lu Ming felt that the power from the black petals was very amazing every time they intersected. He intersected hundreds of times in a row. With Lu Ming's cultivation practice, he also felt his arms numb for a while.

"Heavenly Demon Handprint!"

The stunning young girl sipped, her beautiful legs flicked slightly, her body rose into the sky, and she gave Lu Ming several palms in a row.

Three black palm prints are lined up together, and one after another, the empty space is slamming towards the landing.

"Broken Armor!"

Lu Ming's spear pierced, and the tip of the spear rotated, bringing a powerful rotary cutting force.

bump!

The first palm print was defeated by Lu Ming, but Lu Ming's body shook, and he could not help but took two steps back, but the second palm print had arrived.

"Broken Armor!"

Continue to use this trick to defeat the second palm print, but Lu Ming retreated eight steps, his face pale for a while.

Immediately, the third palm print followed.

"Landslide! Break me!"

Lu Ming roared, the rifle swept out, the barrel of the gun vibrated, and banged with the third fingerprint.

boom!

Lu Mingru was struck by lightning, his body shook, and he retreated a dozen paces. His body was full of blood and blood, his throat was sweet, and a mouthful of blood spewed out.

"Too strong. Where is this genius from?"

At this moment, Lu Ming was shocked in his heart.

Before, the girl's breath was dim and seemed to be very strong, but she couldn't make people see what she was doing. But just now, the girl exhibited the big devil's handprint and finally exposed her own cultivation.

Great martial arts double.

This stunning young girl's cultivation practice, like Lu Ming, is in the second layer of the martial arts master, but she has a powerful combat ability, but she is terrified and has the ability to suppress Lu Ming.

Today, Lu Ming's battle against dragons has been cultivated to the third level, and he has realized the potential of fire. Such a powerful combat strength, even a battle at the same level, has been suppressed?

"Positive, this young girl has also realized the potential, and the "Positive" state is definitely higher than mine, and she is very strong in other aspects, the scorching empire, is there such a genius? No, from the tone she just said, she should Not a person in the scorching empire."

Lu Ming's thoughts changed sharply.

"Boy, yes, I did not expect that there is a double warrior in the martial arts empire, which can block me from the big devil's handprint, which makes Miss Ben a little pitiful, so, now you quit here, I can spare You are not dead!"

The fabulous girl looked at Naruto with surprise, and said.

"Not yet a winner? I have no habit of easily admitting defeat!"

Lu Ming grinned, a war in his eyes emerged.

"Huh! Praise you, you are still in heaven, then I will show you the gap between us!"

The girl snorted coldly, her figure moved, and slammed towards the landing.

"Quickly, this is the wind!"

Lu Ming's pupils shrank, and suddenly his spear swept out.

boom!

The two made a slap in the face and then fought together again.

I have to say that the stunning young girl's combat power is terrifying. Lu Ming has not exploded except for her blood, and she has used her full strength, but she is still completely suppressed by the girl.

With only seven or eight strokes, Lu Ming has completely lost, and the corner of his mouth is overflowing with blood.

"Send you on the road!"

The girl's voice was very cold, and several devil's handprints were struck in succession.

"It's now!"

Lu Ming's eyes suddenly lighted up, his blood flashed, and his blood burst out.

Later, Lu Ming ignored the girl's big demon handprint and rushed towards the girl directly.

boom! boom! boom!

Three consecutive black fingerprints hit Lu Ming, but Lu Ming just shook his body, gnashing his teeth, and rushed towards the girl.

The girl was surprised for a moment, but she never thought that Lu Ming could actually resist her big demon handprint.

By the time she responded, Lu Ming was already near her.

call out!

The spear pierced, as fast as lightning, but the girl also responded very quickly. She waved and shot, and missed Lu Ming's spear.

But Lu Ming continued to cast off, and continued to hit the girl.

At the same time, the palm glowed, the spear disappeared, and Lu Ming clawed towards the girl's throat.

At this time, the girl was no longer able to avoid, Lu Ming was thrown full of arms, at the same time, the throat was also clasped by Lu Ming's fingers.

But Lu Ming's fingers didn't catch on, because the girl's hands didn't know when a dagger appeared, which was against Lu Ming's heart.

As long as Lu Ming's claws are pressed hard, the girl's dagger can pierce Lu Ming's heart instantly.

But conversely, the girl's dagger did not dare to stab it down, because as long as she exerted force, Lu Ming's claws instantly grabbed her throat.

The two stalemated.

However, the posture of the two is really ambiguous.

Lu Ming clasped the girl's neck with one hand and hugged the girl's slim waist with one hand.

The girl's hands are like holding Lu Ming, holding a dagger in one hand, and he is behind the landing.

Chapter 166: Where are you going

The two faces are only a few centimeters apart, and their eyes are facing each other, they can smell each other's breath.

Numerous fragrances of girls came into Lu Ming's nose, causing Lu Ming to shake his nose involuntarily and take a few deep breaths.

The girl's face turned red, a pair of big eyes showed angry flames, and a cold killer, coldly said: "If you don't want to die, you can let go!"

How could Lu Ming agree? He said with a lip, "Unless you put away the dagger first, otherwise you don't want me to let go!"

"I'll put away the dagger first? Don't you think!"

The girl was angry.

"Oh? Then forget it. It's good anyway. Beauty/people are in your arms. Nephrite is warm and fragrant. It's good. It's good to just stay there."

Lu Ming smiled, his face was close to the girl, and took a deep breath, revealing intoxication.

The girl was ashamed and angry, saying, "You are shameless!"

"You dare to scold me, believe it or not, kiss me."

Lu Ming pouted, and then his face suddenly leaned towards the girl's face.

"No, wait, wait!"

The girl finally screamed unbearably.

Lu Ming stopped.

"Well, let's let the two of us go together. I put away the dagger, and he let go of your claws, how?"

The girl said helplessly, her teeth clattering.

Lu Ming is really abominable.

"it is good!"

Lu Ming pondered for a moment, then nodded and agreed. After all, it is not a way to go on like this.

"I count three two one, we let go together!"

Seeing Lu Ming nod, the girl was overjoyed.

"three!"

"two!"

"One!"

When the girl shouted, the dagger in her hand disappeared, and Lu Ming loosened the girl's throat.

At this moment, the girl's eyes flashed coldly, her muscles flicked, and her exquisite and petite body exploded with immense strength. At the same time, she clasped her arms and grabbed at Ming Ming's neck.

"I knew you would do this!"

Lu Ming took a sip, his body muscles swelled, and at the same time his whole body exploded in full force. He grabbed his hands down and grabbed the girl's palm.

At the same time, Lu Ming clipped his legs and clipped towards the girl's slim waist.

Suddenly, the two turned over on the ground and wrestled together.

This is pure flesh/beat, compared to the burst of physical strength and true energy.

Lu Ming found that the girl's physical strength is far more powerful than him, and the girl's cultivation skills are also extraordinary. The concentration and strength of the true energy are far more than the ordinary martial arts, but compared to Lu Ming's true energy There are still some gaps.

Therefore, the combination of physical body and true energy makes it difficult to distinguish between Lu Ming and the young girl.

Therefore, it becomes a stalker.

"Ah, what are you doing with me?"

Lu Ming shouted angrily, his waist was pinched by Super Girl, and he took a breath.

"Go to die!"

The girl's face was reddish, her teeth clenched, and she was about to put Lu Ming to death.

"Ah, you still pinch, I'll catch!"

In a panic, Lu Ming grabbed toward the girl's chest.

Suddenly, a feeling of soft bullet came from the palm of his hand, making Lu Ming stunned.

At this time, the two were entangled, and the clothes worn by the girl were not much, plus the place that Lu Ming was holding, it was really too much, so much.

"It feels good!"

Lu Ming couldn't help thinking.

"Ah! Go to hell!"

The girl screamed, and Lu Ming's ears were almost deaf. She bit her head on Lu Ming's shoulder and grabbed Lu Ming with her hands.

Lu Ming screamed and showed his full strength, without giving in.

The two continued to wrestle together, tumbling on the ground for several laps.

"Hey, where are you going to catch?"

Lu Ming shouted suddenly, because he felt the key was caught by the girl, he was not calm.

"Perverted, insidious, there are weapons hidden in the pants/crotch, do you want to attack me?"

The girl sipped.

"Tibetan weapons in the pants/crotch? I... I..."

Lu Ming froze, his face stunned.

At this time, the girl seemed to react, screamed, let go of her hands in a hurry, her face was flushed, and even her ears and neck were red, shouting: "Perverted! Shameless, prostitute!"

"Hey, you caught it yourself!"

Lu Ming countered.

"You... hurry up and let go!"

Exclaimed the girl.

"If you don't let it go, I won't be able to beat you. That's good. I don't lose anyway. If you like it, go on!"

Lu Ming is very thick-skinned.

"You, shameless! I'm not coming, I surrender! I admit defeat!"

The girl finally retreated.

"I don't believe you!" Lu Ming kept his life.

"You let go, I swear, can't I swear?"

The girl should be completely defeated and called: "You let go, I swear I will never do it to you. The cheats here are half of us. If there is a violation, let me no longer be able to progress in the future. Finally, I will die and die!"

Lu Ming's heart moved. For the warrior, this oath is already heavy enough, and the warrior takes the oath very seriously, because if the oath is not followed, it is likely to leave a knot in the heart. For future cultivation Very unfavorable.

"It's almost the same!"

Lu Ming let go, and the girl let go and released Lu Ming.

Lu Ming crawled out a few meters, lying on the ground, gasping for gasps.

A melee just now is more tiring than a fierce battle.

The same was true for the young girl, who was sweaty and gasping for breath, just a pair of beautiful eyes, staring at the landing wickedly, as if to bite Luming.

Lu Ming jumped in his heart and shouted: "Hey, you swear by yourself, don't forget."

The girl's combat strength is indeed above him, and at this time his bloodline has exploded, and then he fights again, but he has no ability to create the situation just now.

"Humph!"

The girl's eyes flickered, and she grunted at the end, and she continued her hands.

The two glared at each other, while practicing the exercises, to restore their true energy.

Two hours later, the two recovered their strength and vitality at the same time.

Uh! Uh!

The two flashed at the same time, rushed towards a stone pillar, and began to bombard the aperture on the stone pillar.

"Heavenly Demon Handprint!"

The girl seemed to release all her anger on the aperture, and a powerful attack erupted. The aperture was in her hand, and it burst apart soon.

The girl put away the cheats in the aperture and slammed toward the next aperture.

"So fast!"

Lu Ming's heartache is dying. There are a total of six stone pillars here. The aperture on the two stone pillars has been broken by the girl before, and Lu Ming also got a secret book.

There are only three books left. Now, there is one less book. Lu Ming has the most, and he can get only two books.

boom! boom!

Lu Ming blasted with a spear. After dozens of shots, the aperture shattered. Lu Ming put the cheats inside the Supreme Shrine.

Looking towards the girl, I saw that the girl broke another aperture and got the cheats inside.

Six stone pillars, six cheats, the girl got four books, and Lu Ming got two.

Chapter 167: Flame channel

"Humph!"

At this moment, the girl seemed to be in a better mood, looked at Lu Ming proudly, and snorted.

Immediately, the girl's eyes rolled, and suddenly said: "Boy, you have a good fighting strength, it is not as good as the two of us to break into the core of this cave house? How?"

"Core place? Isn't it the core here?"

Lu Ming said a little surprised.

"Nonsense, of course not, but here is the Dong Man, the ancestor of the Dongyi tribe, the king of the Wuwang class, who could have sent out these cheats."

The girl smiled disdainfully.

"Actually the Peerless Master of Wuwang Realm!"

Lu Ming took a breath in his heart, and at the same time, his eyes also showed a hot meaning.

The warriors in Wuwang Realm, also known as Kings, are incredible and powerful. Today's raging empire, there is not necessarily a strong in Wuwang Realm.

The king has the power to ruin the sky and the earth, and it is unimaginable to be powerful.

This is the cave mansion of the king of Wuwang Realm, what kind of treasure should it have?

"How? Let's join forces?"

The girl said with a smile.

Lu Ming's eyes flickered, and he was a little puzzled. This young girl should wish to bite him? How could he be so kind and invite him to shoot together?

"Tell him, promise to say it first, but this is the remains of the king!"

Lu Ming was determined to pay attention, said: "Okay, I promise to join you!"

"Okay, let's go!"

The girl smiled, and she was full of allure.

Lu Ming couldn't help but looked at it, and said in his heart: "This young girl is really beautiful, it is no worse than Muran and Qiuyue, and even better. Unfortunately, it is too evil."

The girl touched a wall of the stone room. Soon after, the wall of the stone room made a rubbing sound, and a stone door appeared.

Lu Ming was surprised and couldn't help asking: "Who the **** are you? Why are you so familiar with this place?"

"Of course I was very clear about the investigation, otherwise why would I come to this place easily, as for who I am, why should I tell you?"

The girl gave Lu Ming a white eye, sneered, and walked into the stone gate first.

Lu Ming followed.

Behind the stone gate, there is a passage, winding east to west, and out of the passage, there is another stone chamber, but nothing remains in this stone chamber.

Lu Ming followed the girl and connected to the three stone rooms.

Finally, they were in trouble.

In the fourth stone room, they met the monster puppet.

There are six in total, but these six monsters are extremely powerful, and each one has achieved the five-fold combat strength of the Great Martial Artist.

The six teamed up and the two fell into a difficult battle.

However, the eyes of the demon corpse puppet were weak points. They were caught by the two and each one was broken. It took more than ten minutes to kill all six corpse puppets.

Then, Lu Ming looked at a stone door on the side of the stone room.

This stone door is taller and wider than the previous stone door.

More than two meters in length and width, the stone door was opened to reveal a black and black passage inside.

"If I remember correctly, through this passage, you will reach the final core, but this passage must be decorated with inscriptions."

Said the girl.

Lu Ming nodded, and immediately the two went in.

As I walked further in, the cave became wider and wider, and to the back, it became a huge passageway seven to eight meters high and ten meters wide.

Surprisingly, there was no movement at the beginning of the kilometer.

But after walking about a thousand kilometers, an inscription suddenly appeared around the cave and on the ground.

The endless inscription shines, and then, a hot breath radiates out, and at the next moment, the whole passage turns red, like being in a fire.

Huh...

A large fiery red flame appeared and filled the passage.

This is a real flame, not an illusion, formed from the inscriptions.

Uh!

Suddenly, out of the flames, a tall figure emerged from the flames, holding a huge flame war sword and slamming towards the landing.

"The spirit of flames condensed from the inscription!"

Lu Ming felt a shock in his heart, and he did not dare to despise it. The fire gun appeared and burst out.

boom!

The powerful gunman directly penetrated the flame spirit, but after the flame spirit disintegrated, it re-condensed again in an instant and slammed towards the landing.

At the same time, several other spirits of flame condensed out, holding flame war knives, flame spears, flame war spears, etc., and killed Lu Ming one after another.

On the other side, the stunning girl was also subjected to the same situation, surrounded by a spirit of flame.

boom! boom! ...

The roar continued, and there were loud noises, and the two fought against these flame spirits.

But these flame spirits are very powerful, and they cannot be eliminated, they are scattered, and they reunite, which is very difficult to tangle.

"We joined forces and rushed forward, as long as we rushed over here, it was the final core."

Exclaimed the girl.

Lu Ming nodded and leaned against the girl. The two shot together and rushed forward.

But in front, there are more and more spirits of flame, and the temperature of the flame is getting higher and higher. The two figures are in the furnace.

"Flame is my battlefield!"

Lu Ming whispered, and the fire broke out, forming a wonderful field beside him. As he walked by, the flame retreated automatically.

call!

The gangfire fired the lance, the flame was driven, followed the lance, formed a fire dragon, and slammed into the flame spirits.

bump! bump!

A spirit of flame was blasted.

"The flame here is really wonderful. It is very different from the flame of a volcano. The flame of a volcano focuses on eruptions and destroys everything. But the flame here is spiritual and can form the spirit of flame."

Lu Ming felt a move in his heart.

His eyes were bright, and he felt the surroundings while fighting.

"Flame is not only about eruption and destruction, but also spirituality and vitality. Flame is the origin of human civilization!"

Lu Ming's mind kept thinking, and unconsciously, the fire in him was more condensed.

"My fire is about to become small."

Lu Ming was happy.

Unexpectedly, he realized that his fire situation has improved a lot.

Originally, his fire was just a little bit of entry. Now, he has finally taken a big step forward, approaching Xiaocheng.

The progress of the fire has made Lu Ming's attack stronger. One shot was swept out, and a large piece of flame spirit was swept away.

On the side, the stunning young girl secretly shocked, Lu Ming's savvy, surprised her, but only an inscription formation, Lu Ming actually realized in such a short time.

boom! boom!

The two joined forces and moved all the way forward, but the Spirit of Fire was too much, and the two men were extremely difficult to fight.

For half an hour, the two of them rushed forward for half an hour continuously, traversing a distance of thousands of kilometers. With their fighting strength, they still left many wounds on their bodies, which is a hard fight.

"About to arrive!"

The stunning girl suddenly cried in surprise.

Lu Ming's spirit was also revitalized.

At the end of this cave, a huge underground cave appeared in front.

Chapter 168: Jade sword and ring

Indistinctly, some conditions in the cave can be seen.

"Rush!"

The two exploded in full force, dispersing some of the flame spirits in front of them, and the two hurried forward.

Uh! Uh!

After a few runs, they crossed the last tens of meters and rushed into the cave.

After the two of them rushed into the cave, the flame spirit behind them and the diffuse flame slowly disappeared.

call!

The two exhaled for a long time, and then looked at the situation around them.

This is an underground cave, very large, with a height of hundreds of meters and a radius of more than 100 meters.

After a casual glance, the two stared at the middle of the underground cave.

There is a human skeleton, the bone is as bright as jade, sitting cross-legged on the ground.

Behind the skeleton, there is an altar made of stone with patterns carved on it, full of ancient charm.

But for these, Lu Ming and the stunning girl just glanced at will and skipped directly. Their eyes stared blankly at the boned arms.

The skeletal right hand, holding a blue jade sword, the jade sword is very small, not much bigger than the finger.

On the left hand finger of the skeleton, there was a ring.

The storage ring, Lu Ming can see at a glance, this is a storage ring.

This skeleton was definitely a strong man during his lifetime, so the value of his storage ring is very scary.

Lu Ming's eyes were fiery.

Uh! Uh!

Suddenly, Lu Ming and the character girl moved at the same time. The two turned into two shadows and stormed towards the bones.

In a flash, the two rushed to the bones.

Lu Ming clawed and grabbed the storage ring on the bone's finger, while the stunning girl grabbed the jade sword on the bone's right hand.

The true energy condenses to form a claw, and with a grab, the storage ring on the skeletal hand is taken off directly.

"Get it!"

Lu Ming was ecstatic.

At this time, the stunning girl also grabbed the jade sword in her hand, and the joy on her face was difficult to suppress.

Then, the stunning girl moved her jade sword away and looked at Lu Ming. She said, "Hey, boy, hand over the storage ring. The contents of it are half of us."

"Half a person? What a joke, you take that jade sword, I take the storage ring, just one per person, why do you want to divide my storage ring?"

Lu Ming sneered, it is naturally impossible to give up.

"Your appetite is too big, but this is a storage ring left by a king, what an amazing value, but I just took a jade sword, it's not fair, I don't care, what's in the storage ring, I want Share equally."

The stunning young girl stared at her eyes and ran wild.

Lu Ming was speechless and turned his eyes, saying: "Otherwise, how about our two exchanges? I used a storage ring and exchanged the jade sword with you, saving you from saying that I took advantage."

"Why should I change with you? No."

The stunning girl didn't consider it, and she directly refused.

Lu Ming laughed angrily. He could see that the value of the jade sword felt that on top of the storage ring, the girl got a cheap price, but she was still thinking about the storage ring.

"Then one by one."

Lu Ming was too lazy to care about her, and put away the storage ring directly.

What is there to say about this unreasonable woman.

"Huh, if you don't give it, then I'll take it myself!"

The eye-catching girl's eyes turned suddenly to Lu Ming.

"Hey, you have sworn before and said no to me, you are breaking the oath now."

Lu Ming's spear was in his hand, and he quickly retreated, shouting in his mouth.

"Huh, I said before that I wouldn't do it when taking those cheats. I didn't say I didn't do it here."

The girl sneered, quibbling.

boom!

The wave of the girl is the big handprint of the devil.

Three huge black ink fingerprints slammed towards the landing.

Lu Ming waved a lance to resist.

Although Lu Ming's fire has improved a bit before, it is still not a girl's opponent, and he has been recoiled back by a strong palm.

"Go to that blaze!"

Lu Ming flickered and ran towards the previous channel.

When Lu Ming ran into the passage, bright inscriptions flashed around him, and then the flames and spirits of flames appeared and drove to the landing.

And when the stunning girl rushed in, there were also many spirits of fire rushing towards her.

"Go away!"

The girl sipped, and took a few palms in succession, defeating the five or six flame spirits and slamming towards the landing.

"Don't think I'm afraid of you!"

Lu Ming was really angry. He roared, his spear waved, and the flames around him were driven by him, and he followed the fire, and condensed a dragon of flames, blasting towards the girl.

boom!

The dragon of flames and the girl's big demon handprint blasted together.

The black true energy and the fiery red flames exploded, sweeping in all directions, and several near flame spirits were directly scattered.

The figure of Lu Ming and the girl flickered at the same time, sharing the same color.

In this blaze of flames, Lu Ming's combat strength is stronger, and the girl is suppressed, making Lu Ming fully able to contend with her.

"Look at how you took my storage ring! Now, I want to spank you!"

Lu Ming yelled, brandished a spear, and swooped away towards the girl, especially to the girl's ass.

"You... shameless!"

The girl's face turned red, and a pair of beautiful palms continuously shot a thick palm.

boom! boom!

Roaring continuously, Lu Ming and the girls battle dozens of moves.

However, Lu Ming instead became more and more courageous, while the young girl slowly stopped her true energy.

Before traversing this channel, the original consumption was very large. At this time, the battle with Lu Ming was naturally more expensive.

And Lu Ming benefited from the advantages of the environment. In this great flame, his consumption was not large.

bump!

Another blow with Lu Ming, the girl pulled away and left the channel.

"Humph, you won, not fighting you, I'm exhausted!"

The girl backed away for a while, sitting on the ground with her buttocks, sweating and panting.

Lu Ming walked cautiously forward, and finally left the large array in the passage. As soon as Lu Ming left, the flame in the passage disappeared again.

Lu Ming didn't leave the passage too far, and sat down cross-legged at the mouth of the passage, so that if the girl attacked, he could escape into the passage as soon as possible.

"Okay, I won't fight you again, this time, you are lucky, you get such a great chance!"

The girl seemed very reluctant, biting her teeth.

"Your gain should be greater than mine? We are each other!"

Lu Ming smiled.

"But it took me a lot of thought before I came in. You got a big bargain, huh, that's it, I think you're tired too, let's adjust the interest rate together, don't you attack!"

The girl said uncomfortably.

"I'm still afraid of your sneak attack!"

Lu Ming pouted.

Afterwards, the two men exercised their skills to adjust their interest rates. Of course, they both kept a part of their minds and paid attention to each other, fearing that the other party would be difficult to break out.

Three hours later, the two got up at the same time.

"The big bargain was picked up by you before, but wait to see how you pick it up."

The girl snorted and walked towards the altar behind the bone.

Chapter 169: Beastmaster Soul

Lu Ming was a little surprised, not knowing what the girl did to the altar.

The girl walked to the edge of the altar, circled around the altar, and looked carefully.

Observing from time to time, frowning and thinking, and smiling again.

In this way, after half an hour in the past, the girl began to inscribe inscriptions.

I saw a pair of slender fingers like onions twisting in the air, and the girl's fingertips contained true energy. When you stroke in the air, a wonderful pattern appeared.

This is an inscription, the girl is inscription.

"Engrave inscriptions in the void, so clever!"

Lu Ming sighed.

Although he doesn't quite understand the way of inscription, he still knows some basic common sense.

Generally speaking, inscriptions in the void can not be done by the warriors in the realm of the great martial artist.

Inscriptions appeared in the air and flew towards the altar.

On the stone altar, the ancient patterns seemed to come alive, emitting a faint halo.

"Give me!"

After a while, the girl took a sip, waved her hands, and inscriptions did not enter the altar.

Afterwards, the altar hummed and radiated with brilliance.

Roar!

Suddenly, a roar of the beast came from the altar, and a tiger rushed out of the altar and leapt into the air.

The tiger is three meters tall and six meters long, standing in the air, screaming in the sky, majestic, and a strong breath, filled out.

"Beast Soul, a complete beast Soul!"

Seeing this scene, Lu Ming was taken aback.

This tiger is not an entity, but it looks like an entity. This is definitely a very powerful monster, leaving behind the soul of the beast, and it is also very complete.

"Devil Soul Condensation Technique, give me!"

The girl took a light drink and exuded a black light all over her body, her hands condensed a marvelous seal, and then a black light enveloped the tiger beast soul.

The tiger beast soul roared again and again, and there was a strong pressure in the cave, like a mountain pressing on Lu Ming's heart.

"A very powerful beast soul. This beast soul was very powerful during its lifetime. It is definitely a level 4 monster, and it is not a general level 4 monster."

Lu Ming was shocked.

The tiger beast roared with soul, but it was useless. It didn't take long before it turned into a ray of light and was taken away by the girl.

Ao!

When the tiger beast soul was put away, the altar screamed again, and then a giant black wolf appeared in the air.

Like the tiger beast soul before, this giant wolf is also a beast soul, and looking at the breath, it is no weaker than the previous tiger beast soul.

Sisi...

The giant wolf beast soul just came out, and another cry came out, and a giant snake more than thirty meters long appeared in the air.

Another beast soul.

In this stone altar, so many powerful beast souls were sealed.

"Giggle, here are the real treasures. These are all half-step king-level beast souls, but they were refined by the ancestors of the Dongyi clan with mystery. They are extremely complete. Unfortunately, you can't take it, only I can take it."

The girl glanced at Lu Ming and gave a happy laugh, very proud.

Then, the girl condensed the seal and began to collect the beast soul.

Soon, the giant snake beast soul was put away by the girl.

At this time, another bird beast soul blazed with flames.

Tweets repeatedly, flying in the air.

But the altar seems to have a force to contain them, making it difficult for them to escape.

At this moment, Lu Ming looked.

Because he felt the buzzing vibration of Zhen Zhen Gun in the Supreme Temple, he seemed to be particularly excited.

"Don't..."

Lu Ming's eyes lit up slightly, his thoughts moved, and the Zhenyao gun appeared in his hand.

The moment the Zhenyao gun appeared, it shook violently, and with a loud flew, it flew out directly, and the gun body radiated a bright light, covering the two beast souls.

Ao! Quack!

With two roars, the two beasts were transformed into two beams of light, which were absorbed into the Zhenyao gun, and then the Zhenyao gun flew back to Lu Ming.

Not far away, the stunning girl looked stunned.

She opened her small cherry mouth, glared at the watery eyes, glared at the altar, and then glared again. To be precise, it was the town demon gun in the hand of glaring, half-sounding, and made a terrifying scream.

"Zhen Yao Gun, how can you have a Zhen Yao Gun?"

The girl shouted inconceivably.

Buzz!

At this moment, the altar shook violently, ten times, several dozen times stronger than before.

Boom...

There was a roar in the altar, as if there was a peerless demon who would come out on foot.

boom!

With a violent shock, a silver giant wolf rushed out of the altar.

The giant wolf is covered with silvery white hair, shimmering with crystal luster, standing in the void, with a high energy of five meters and a length of more than ten meters.

Ao!

The silver giant wolf appeared, roaring upward in the sky, a burst of incredible pressure burst out.

puff!

Lu Ming's face changed greatly, as if hit by a giant mountain, and he stepped back several times, and a spit of blood spewed out.

The girl, however, was not much better, and she retreated again and again, her face pale.

"Horrible, it's terrifying. What level of beast soul is this monster? It's just the beast soul. It actually exudes such terrible pressure. How powerful should it be before it was born?"

Lu Ming looked at the silver wolf beast soul in the air and was shocked.

"Beastmaster, this is the soul of the Beastmaster, haha!"

The girl laughed, her hands swiftly sealed, and a gleam of black light enveloped the silver giant wolf.

Buzz!

At this time, the town demon gun trembles violently, and also emits a light, shooting at the silver giant wolf.

Ao!

The silver giant wolf looked up at the sky.

However, he is just a beast soul, not an entity, with a strong breath, but not much combat power.

"Boy, what are you doing? Haven't put away your town demon gun yet?"

The girl screamed.

"Stop it? Why should I put it away? Don't you say I can't put it away?"

Lu Ming mocked.

"You... hateful!"

The girl had no choice but to frantically seal her with the town demon gun to **** the beast soul.

Two rays of light shrouded the soul of the silver giant wolf, tearing wildly.

Chant!

In the end, the soul of the silver giant wolf actually split in half, half taken away by the girl and half taken away by the town demon gun.

Uh!

The town demon gun flew back to Lu Ming.

"You... you actually robbed me half of the beast king soul, you give it back to me!"

The girl stared at Naruto with fierce eyes.

"not return!"

Lu Ming refused decisively and put away the Zhenyao gun.

"Beastmaster Soul, this is Beastmaster Soul. With your current cultivation practices and physical strength, you can't use it at all. Give it back to me!"

The girl stared at the land with a very grudge, and in her big eyes, there was a mist, as if she was about to cry, with a pitiful feeling.

"not return!"

Lu Ming was unmoved and refused firmly.

Just kidding, this is the soul of the beast king, and it is preserved by the Dongyi clan with mystery. Even if the outside world can't buy it, it is very precious. How can it be returned?

Chapter 170: Lu Ming is dead

bump!

At this moment, the stone altar suddenly burst into pieces of rubble.

The moment the altar burst, the whole world shook violently.

Outside the Dong Mansion, the disciples of the Xuanyuan Sword School faced off with the Dongyi people, waiting for the people in the Dong Mansion to come out.

Suddenly, the world shook and the earth roared.

Rumble!

In some places, the ground even cracked with huge cracks.

"what happened?"

"I don't know, the situation is wrong!"

The faces of the Xuanyuanjian faction and the Dongyi tribe changed greatly, and they exclaimed.

Huh...

In the sky, wind and clouds converge, thunder and thunder, a picture of the end.

Kaka...

A flash of lightning, thicker than the thigh, illuminated Tianyu.

Afterwards, everyone saw a shocking scene, the space actually cracked, and a gap was opened, which was as dark as **** leading to the abyss hell.

"No, this plane is about to collapse!"

"Go, go quickly, exit this plane, otherwise, we will all die!"

"go!"

The crowd roared in horror and hurried towards the light door when they came.

"Brother Lu Ming entered it, but hasn't come out yet, what should I do?"

Cried Chen Kuan.

"If he doesn't have time to come out, he will be dead. Who cares about him, go, go, go!"

Shouted a young man leading the White Tiger House.

Everyone used the strength of breast-feeding, rushed hurriedly, and hated not long legs.

In the process of the crowd running, the tremor between the heavens and the earth became worse, the earth cracked, and the space collapsed.

In the cave, Lu Ming's face changed suddenly.

"what happened?"

Lu Ming said.

"This altar is the core of this plane. Now the altar is broken, and this small plane is about to collapse."

The girl said lightly.

"What? That's not fast!"

Lu Ming's face changed a lot, so she rushed out.

"It's too late to go now. This cave house was built by the powerful king of the martial arts. It is decorated with a lot of high-level inscriptions. The plane collapses, and the inscriptions will automatically start guarding. People outside can't come in, and people inside can also exit. Don't go."

Maiden Road.

"Can't you get out? Then shouldn't we be trapped here?"

Lu Ming looked a little ugly.

The girl smiled, her eyes narrowed, and said, "Yes, I want to stay here all my life, hum. I can't get out now. It's useless if you take the beast soul. Hurry up and give it back to me!"

Lu Ming's heart moved, contemplation, half-sounding, Lu Ming's mouth showed a smile.

It seems that the girl knew in advance that the plane would collapse, and since she knew, she dared to collect the beast soul in the altar, and she was so calm, there must be some way out.

At this point, Lu Ming set his heart, smiled, and sighed, saying: "Ah! No way, if it is really trapped here, it is also destined to have this disaster, and I can only accept it!"

Saying that, Lu Ming's eyes swept up and down on the girl, and he exclaimed: "And, it's good to have such a beautiful company. If we are bored, we can still have a bunch of children and come with us, do you think how about it?"

Have a baby? Still a bunch?

The girl's forehead had jumped straight.

"You... mean, shameless, the beauty you want, I tell you, this face will not completely collapse, and under this altar is a teleportation formation, as long as the plane has stabilized in the past three months, you can Teleport."

"I still want to have a baby with me... I pooh, you dream!"

The girl shivered and screamed.

"Oh? Can you go out?"

Lu Ming touched his nose and smiled.

"Humph!"

The girl found Lu Ming's evil behavior and suddenly snorted, glaring at Lu Ming.

"Alas! It's a pity that if you really can't get out, according to my thoughts, it's still good."

Lu Ming sighed.

"Yes, you big head ghost!"

The girl's teeth creaked.

If Lu Ming was not able to use the flame formation in that channel and her combat power increased greatly, she would now wish to take Lu Ming and let him know that she would offend her.

But now she is not sure, she can only admonish herself in her heart, if there is a chance, there is a chance to teach Lu Ming later.

Rumble!

The world is constantly shaking, and there is an increasingly fierce trend.

Outside the Dong Mansion, the disciples of the Xuanyuan Sword and the Dongyi clan flee desperately.

An hour later, the crowd finally returned to the light door that they had entered before.

Without hesitation, the crowd rushed into the light gate.

When they reappeared, they had returned to Jiuyao Mountain.

Back to Jiuyao Mountain, all the people breathed out for a long time.

"It's finally safe!"

A strong man from the Dongyi ethnic group laughed.

"The two ancestors have not come out yet!"

Another humane.

Suddenly, the Dongyi people were silent, waiting quietly.

The disciples of the Xuanyuan Sword School did not leave, standing not far away, wanting to know the result.

Half an hour later, with a click, the light door burst open.

"Ancestor!"

Some people of the Dongyi tribe were sorrowful.

The light gate exploded and the plane collapsed. Under such circumstances, unless the king of the martial arts can survive, even Wuzong must fall, not to mention only the warrior of the martial arts realm.

Those who did not come out were dead.

The atmosphere of the Dongyi people was dignified.

"Brother Lu Ming!"

Chen Kuan sighed.

Other disciples of the Xuanyuan Jian School also sighed.

Lu Ming, since he entered the Xuanyuan Sword School, he has repeatedly created miracles. The talented supernatural talent has fallen into this plane.

what a pity.

But this is the way of the martial arts. It is no longer a genius, and it may fall afterwards.

I don't know how many peerless geniuses fall on the mainland every year.

"Haha, Lu Ming is dead!"

Several disciples in Baihuyuan laughed in their hearts, especially the Duanmu family, which was even more ecstatic.

"Go!"

Finally, the disciples of the Xuanyuanjian faction and the people of the Dongyi clan did not continue the war, but rushed to the direction of the lack of cities in the east.

As for Lu Ming's death, he also followed.

Dongyi people's ruins, in underground caves.

Lu Ming and the girl waited quietly for an hour and a half, and the vibration outside finally became smaller.

"Hello, otherwise, you make a price, how about those beast souls, I bought them?"

The girl looked at Lu Ming again, still thinking about those beast souls.

"Do not sell!" Lu Ming still refused very simply.

These beast souls were refined by mysterious techniques. At the critical moment, they can fuse with themselves and burst into powerful power. This is a life-saving thing. How could Lu Ming be willing to sell it.

"I tell you that although this beast soul can be integrated into its own short-term improvement in combat power, it cannot be used with your current cultivation practice and physical body. If you integrate into it, you will definitely die."

Maiden Road.

"You don't have to worry about this." Lu Ming couldn't enter.

"you..."

The girl straightened her teeth.

Finally snorted and turned away.

"Hey, you see we have to get along for so long, we can't always call you "Hey", my name is Lu Ming, what is your name?"

Lu Ming said.

The girl stopped, turned around, and said, "Remember, my name is Xie Nianqing. This name will be your nightmare in the future."

After that, he turned and left angrily.
