Chapter 1611: Reincarnation Emperor's Tomb

Sima Liang and Zhao Kuang, both of them were overbearing, overbearing, and direct.

The two continued to collide, the entire city roared continuously, the battle was mad, and the sky above them appeared at the same time.

The essence of the spirit body is the blood line, which is transformed from the blood line. Therefore, in a certain sense, the vision of heaven and earth is also a manifestation of the blood line.

Just like Lu Ming's vision of heaven and earth, it is a flying dragon in Kowloon. He condenses the blood of the spirit body, which is itself the blood of Kowloon.

In the sky, the four major arrogances fought fiercely, and after more than 100 moves, they were still invincible.

Later, Zhao Kuang became mad, and actually pulled Wan Tiancheng and Huang Ling together into a four-person melee.

This is the battlefield of the Hundreds of people, and there is no reason to start, just to hone oneself.

The four-person melee, the scene is more hot, and more than a hundred moves in the battle, it is still difficult to divide the victory and defeat, the last four separated the Quartet, and stopped the battle at the same time.

"Hahaha, today is really cool, really happy, we will fight again in another day!"

Zhao Kuang smiled, looked a bit daunting, then turned around and left.

Then, Sima Liang also stepped away.

Finally, Wan Tiancheng and Huang Ling stared at each other. Both eyes flashed cold light, and then turned away and flew into the city.

A pinnacle battle is over, but the storm caused is far from over.

Many people are speculating about what happened to these arrogances here, and there must be something big happening near here, or what treasure is born.

Generally, only when a treasure is born, can these arrogances be attracted to the periphery of the battlefield of the Bais.

Lu Ming has returned to the hotel room.

The combat power of Wan Tiancheng and others was indeed terrifying, which put a lot of pressure on Lu Ming.

Like Xu Ran, Wan Tiancheng and Huang Ling are all half-sacred in the second stage, but their fighting power is far greater than Xu Ran. Lu Ming is not even an opponent even if he has exploded all his strength.

He must continue to break through and break through faster, in order to contend with these arrogances.

Lu Ming sat cross-legged under the ancient tree of Wudao, assisted by Heavenly Daoist Stone, and fully realized Taoism.

During this time, he didn't plan to go to Shuratai to fight. Now Wan Tiancheng is here, and he will display the secret of Wan Bing. Wan Tiancheng will definitely know.

In the following time, Lu Ming's main body was fully aware of the Tao, and the second body, sometimes Yi Rong went out and inquired about the news.

Three days later, a message spread throughout the city.

According to the news, the reason why Huang Ling, Zhao Kuang and others came here from the depths of the Hundred Clan battlefield is because there may be a map and key to the tomb of the reincarnation emperor.

As soon as the news came out, the city was full of uproar.

There has always been a legend on the battlefield of the Bai people.

Legend has it that the ancient Hundred races were extremely tragic, and too many powerful men fell. The saints fell into nowhere, and the emperor-level strong men fell into the minority.

It is said that after the end of the war, the Xeon entered this place and built the tombs for the nine most powerful emperors, and buried the nine emperors in the tomb.

These nine tombs are called tombs of nine emperors by future generations!

It is said that among the tombs of the Nine Emperors, there was the inheritance of the emperor.

However, for so many years, countless powerful Tianjiao entered the battlefield of the Hundreds of people, hoping to find the tomb of the nine emperors, but almost without success, no one knew where the tomb of the nine emperors was.

Since the endless years, only one tomb of the Nine Emperors has been born, and was obtained by a Tianjiao, who is now a thousand-killing Wudi.

It is said that Emperor Wushou used one of the tombs of the Nine Emperors to cultivate Wu Emperor and created the frightening Qianshou Mansion.

It is so tempting that an emperor's tomb achieves a huge strength.

Today, legend has it that the tomb of the reincarnation emperor, one of the tombs of the nine emperors, is about to be born, and there will be maps and keys of the tomb of the reincarnation emperor, which naturally caused shock to many people.

The facts also proved that this was indeed the case. After that, Wan Tiancheng, Huang Ling, Zhao Kuang and others dispatched their subordinates to search nearby.

According to legend, the map of the reincarnation emperor's tomb and the place where the key appears will have the light of reincarnation flashing.

Not only the subordinates of several great arrogances, afterwards, countless arrogances in the city rushed out to find the map and key of the tomb of the reincarnation emperor.

In a flash, more than ten days passed.

It has been almost two months since Lu Ming entered the battlefield of the Hundreds of people. Lu Ming's cultivation practice has been improved every day. Now, his cultivation practice has reached the peak of Wuhuang's Eightfold.

At this time, a message spread in the city, and some people found the place where the light of reincarnation appeared, on the battlefield of the Bai race, and in the outer periphery.

Countless people rushed towards that place.

And Lu Ming took the mountain and river map, followed the crowd, and went towards that place.

Across the long distance, they came to a mountain, and then they found a crack and jumped down.

"Actually here?"

Lu Ming showed a trace of surprise.

Here, it is actually the place where Lu Ming hunted the magic crystal.

Is the map and key of the reincarnation emperor tomb actually in this place?

With surprise, Lu Ming followed the crowd and jumped out of the crack.

"The monsters here have magic crystals!"

"It's really Moshajing, such a treasure land, I didn't find it before!"

Soon after entering, many people discovered the situation here. The monsters here actually contained magic crystals.

Suddenly, many people radiate a hot light, in this place, looking for monsters to kill and seize the magic crystal.

"Huh? There's really light coming out there!"

Lu Ming looked in one direction. In that direction, a strange light emerged. The light seemed to have six different colors, constantly changing, like six reincarnations.

That is the light of reincarnation.

"I haven't seen it here before, did it appear only recently?"

Lu Ming was very surprised.

call out! call out! ...

When the sound of breaking the sky sounded, Lu Ming saw that Wan Tiancheng, Huang Ling, Zhao Kuang, and Sima Liang were the fastest. They turned into four rainbow lights and flew in that direction.

Then, other Tianjiao also flew in that direction.

"go!"

Lu Ming walked out of the air and followed behind everyone, and soon after, they came to a valley.

"It's so coincident that it would be here?"

Lu Ming was even more surprised.

Because this valley was the valley he had brought from thousands of days before. In it, Lu Ming found ten dragon bones, and the dragon and **** war body evolved into a heavenly spirit body in one fell swoop.

The light of reincarnation actually radiated from the depths of the valley. When he was there, he really didn't.

Roar! Roar! Roar! ...

In the valley, the monster roared and roared.

Obviously, many people went in and alarmed the monster.

"No, many powerful monsters are of the half-holy level, ah, and holy realm monsters!"

"Not good, retreat, rewind!"

Noisy in the valley, many people rushed out desperately, but there was still a scream, and many people were killed by monsters.

"No, the monster in this valley is too strong to rush in!"

Many people sighed and were extremely unwilling, but they were helpless.

Chapter 1612: Half holy puppet

The monsters appearing in the valley are almost half-sacred monsters, and there are several holy realm monsters, not to mention the Emperor Wuzhong's eightfold and ninefold, even if it is a half-sage, it is a dead end.

When many people were unwilling to wait and see, Lu Ming had quietly rushed into the valley.

While others didn't pay attention, Lu Ming changed his body silently, entered the mountain and river map secondarily, and his main body stepped out from the mountain and river map.

Roar!

A half-sacred monster came to the landing.

Lu Ming's thoughts moved, and behind him, the breath of the Prison Stele radiated out. There was a trace of terror in the monster's eyes. With a roar, he took the initiative to retreat.

Lu Ming was unimpeded and rushed into the place where the bones were laid.

The light of samsara emanates from this depth.

"It turns out that this is not the end, there is more depth!"

Lu Ming's heart moved. The last time he came here, he stopped. He didn't go deeper. Unexpectedly, deeper, there were other things.

Roar! Roar! ...

In the valley, the monster roared like thunder, and Shengwei filled.

A huge devil bear is chasing a young man with all his strength. That young man is Zhao Kuang.

Facing the monster in the holy realm, Zhao Kuang did not dare to fight hard and dodge with his body. Finally, after paying some price, he successfully rushed into the depths of the valley.

And the devil bear roared, but did not continue to pursue.

Lu Ming swept his eyes and did not see Wan Tiancheng, Huang Ling, Sima Liang three people, presumably three people, also successfully rushed in.

With the combat power of the four of them, even if they are not enemies of the holy realm, but they want to rush in, they can still do it.

Here, there are still people, who want to rush in, are all half-sage figures, Lu Ming saw Xu Ran.

However, the combat effectiveness of these people is much worse. Under the attack of the holy realm monster, they can only be injured and defeated, and the fleeing escaped.

Some half-saints of the first stage were directly slapped by the slap of the holy realm.

Buzz!

Behind Lu Ming, the prison monument appeared. The monsters saw him and evacuated one after another. Lu Ming easily passed the block of many monsters and went inside.

There is a valley deep in this place of bones that leads to it.

There is no monster in this valley. Lu Ming rushed here, put away the prison monument, and then converged, and walked towards the valley.

The valley is very long, but there is no danger. Lu Ming moves forward unimpeded.

Soon after, the valley reached the end, and a large mountain appeared in front of it, blocking the way.

There is a cave on the wall below the mountain, and the light of reincarnation is emitted from this cave.

A figure, standing in front of the cave, is Sima Liang.

boom! boom! ...

A dull roar came from the cave, and there seemed to be a fierce battle in it.

Seeming to hear the movement, Sima Liang looked to Landing Ming. When Lu Ming's repair was discovered, his eyes showed a surprised look. It seemed that he did not expect that a Wuhuang Bazhong could come here.

boom! boom! ...

In the cave, the roar became more intense, and then a burly figure rushed out of the cave, it was Zhao Kuang.

At this point, Zhao Kuang looked a little embarrassed, with blood on the corner of his mouth, and his breath seemed weak.

"Cursed, so many puppets, it's really hard!"

Zhao Kuang cursed, and then glanced at Lu Ming, and he was shocked.

In the cave, the roar continued to ring, and then another figure rushed out of the cave, but it was Wan Tiancheng.

Like Zhao Kuang, he was injured and a little embarrassed.

In his eyes, with a chill, his eyes swept at random, and then fell on Lu Ming.

"Boy, are you?"

In Wan Tiancheng's eyes, an astonishing murderous opportunity burst out.

"Of course it is me, why? Was it a gift that was originally given to you, which was too expensive and made you especially "grateful"?"

Lu Ming smiled faintly.

Especially the word 'gift', which is bitten hard.

"Find death, kill!"

Wan Tiancheng burst into a cold killing opportunity, stepped out, sword rushed to the sky, and slashed to the landing.

He hated Lu Ming.

Lu Ming actually killed two of his subordinates in front of him. This is still a small matter. Later, he led him to this valley and used the power of the devil to deal with him. When it was critical, he also attacked him. It was such a shame and humiliation to hit him so badly that he wished to peel and cramp Lu Ming. When he saw Lu Ming, he immediately went to the killer.

Above Lu Ming's head, a pagoda was suspended, and bubbles were hiding inside.

Bubble now, Xiuwei is also progressing fast, it refining the energy of the time and space spar daily, and now it has reached the level of Wuhuang Jiuzhong.

Lu Ming shrouded in the space-time domain, and Lu Ming shook his body, avoiding the attack of watching Wan Tiancheng.

"That's the realm of time and space, and that pagoda has the power of realm of time and space!"

Zhao Kuang, Sima Liang, eyes are all bright.

"Want to leave, die for me!"

Wan Tiancheng drank coldly, and a spot of light appeared on his body, and the sacred soldiers emerged one by one.

"Wan Bing Jue, I will too!"

Lu Ming shouted, his body also glowed, and the Paladin emerged.

Seeing this scene, Wan Tiancheng's pupils suddenly expanded, revealing incredible colors, and shouted: "Wan Bing Jue, how is it possible? How can you succeed in cultivation?"

Even Zhao Kuang and Sima Liang on the side were stunned.

Ten Thousand Soldiers' Skills requires an understanding of the Ten Thousand Soldiers field in order to cultivate successfully.

In the field of soldiers, ordinary people want to comprehend, it is extremely difficult, and Wanjia, because of physique reasons, some arrogant characters, can understand the field of soldiers and cultivate the tactics of soldiers.

But how could Lu Ming cultivate into a ten thousand soldiers formula?

While Wan Tiancheng was stunned, Lu Ming rushed into the cave with the help of the bubble, his figure flashed.

As soon as he rushed into the cave, Lu Ming looked away.

At first glance, I saw Huang Ling.

At this moment, the spirits of the phoenix seemed to be about to turn into a phoenix. She was bathed in the flames of the undead phoenix, and was fiercely fighting against a dozen figures.

"puppet!"

Lu Ming glanced at it, and found that the dozen or so figures fighting with Huang Ling, although humanoid, had no vitality, and all were puppets.

The fighting power of these puppets is extremely powerful, which is actually equivalent to the existence of the third stage of the half-holy, the law of the tank.

Then Lu Ming glanced again and found that the scope of the cave was very wide. At the deepest part of the cave, there were two stone pillars, each of which had a thing suspended.

One of them is a jade charm, the other is a dark key.

Reincarnation map and key!

For the first time, Lu Ming had such a thought in his mind.

However, around the stone pillar, a figure-shaped puppet stood, and at a glance, there were hundreds of figures-shaped puppets.

All are equivalent to the existence of the third stage of the Half Holy.

"kill!"

Lu Ming had just glanced at them, and some puppets made an icy drink and slammed towards the landing.

Chapter 1613: One per person

boom!

One of the puppets burst out with a punch, and the air made a terrifying roar, and the power was extremely amazing.

Lu Ming, who runs Tiangong in prison, also banged out with a punch, and punched the puppet.

With a loud noise, Lu Ming shook his body slightly, feeling his arms numb.

"Good strength!"

Lu Ming felt that the power of the puppet could be comparable to Xu Ran.

Xu Ran is the cultivation of the second phase of the half-saint, but he is the existence of the spirit of the upper earth, and he is able to fight over the level itself, which is equivalent to the third phase of the general half-saint.

"Kill! Kill! Kill!"

Then, more puppets rushed to Lu Ming. There were more than a dozen puppets. So many puppets shot together. It was amazingly powerful. No wonder Wan Tiancheng and others were repelled.

These puppets are even more difficult than the warriors of the same level, because they have no fear of life and death, copper skin and iron bones, fighting, the fighting power is very amazing.

With so many puppets, Lu Ming didn't dare to make a hard connection. With the help of the bubble, his figure kept flashing, avoiding these puppets.

In the rear, at the entrance of the cave, Wan Tiancheng rushed in, but was also besieged by many puppets.

These puppets, one of which has limited power, but when dozens of them are united together, the power is astonishing. Even Wan Tiancheng's arrogance is crushed.

In the end, he retreated unwillingly.

Lu Ming, with the help of the bubble, is in danger.

On the other side, the Phoenix Spirit was bathed in the Divine Fire, constantly striking inside, wanting to rush through the puppet's siege and get the map and key of the reincarnation emperor's tomb.

"The undead celestial phoenix body is really unusual, has the characteristics of immortality, and the vitality is too strong!"

Lu Ming marveled.

The fighting power of the Phoenix Spirit may be almost the same as that of Wan Tiancheng and others, but the vitality is strong, but he has thrown away dozens of streets such as Wan Tiancheng and others.

The Phoenix Spirit bathed in Divine Fire, has been hit by puppets many times, but still stubbornly rushed forward.

"No, these puppets seem to be arranged according to formation!"

Suddenly, Lu Ming's eyes moved.

The cave is very large, with at least a few hundred puppets all over the place.

However, Lu Ming found that at most there were only a dozen puppets besieging them at the same time, and the other puppets remained unmoved.

For example, if he rushed through some places, some puppets stopped, but there will be new puppets to join and besiege Lu Ming.

The number always looks like a dozen.

Lu Ming's eyes flashed, and these puppets seemed to be arranged according to a certain rule.

When his thoughts moved, he came out step by step, and above his head, the Tai Chi array was suspended, and a small pattern of Tai Chi emerged, which was scattered on the ground.

Buzz!

The ground glows, and a striped road emerges, forming a huge array.

"It really is a formation!"

Lu Ming whispered.

He found that those puppets, every place where they stood, had a mystery and stood at the key points of the formation.

Those puppets were shot in accordance with the formation of the formation, so no matter where they go, there will be more than a dozen puppets, and they will attack at the same time, and because of the blessing of the formation, the power of a dozen puppets is very amazing.

If there are more than a dozen half-sanctuary warriors in the third stage, they will definitely not be able to withstand such arrogance as Wan Tiancheng, and they will even be killed by him. Can suppress Wan Tiancheng, Zhao Kuang and others, and can also injure them.

This is because of the blessing of the formation, which makes the power of a dozen puppets amazing.

On the other side, after seeing the formation on the ground, Huang Ling looked at Lu Ming. When he saw two Lu Ming, his eyes flashed with shock.

At this time, the second step was stepped out, re-entered Lu Ming's eyebrows and disappeared, but Lu Ming's main body stepped out in one step. When this step was stepped out, the dozen puppets attacked, and it was extremely strange bombardment in the air. Office.

Then, Lu Ming took another step. As before, dozens of puppets attacked and bombarded in the air, as if Lu Ming was not allowed.

A smile appeared on Lu Ming's face. He had seen the weakness of this formation. Every step he stepped out fell on the weakness of this formation. It can also be said that it was a blind spot of this formation, allowing those puppets to attack. , All in the empty place.

Uh! Uh! ...

Lu Ming walked like a court, one step east, one step west, and the puppet attacks all rushed to Lu Ming's side, no one hit Lu Ming's.

Lu Ming was quickly heading towards the map and key of the reincarnation emperor tomb.

On the other side, Huang Ling was a little anxious and Feng Ming sounded. She ignored the injury and forcibly moved forward.

Both of them approached the two pillars very quickly.

After about a minute, the two rushed across the puppet's siege almost at the same time and rushed towards the two stone pillars.

In an area around the two stone pillars, no puppets stood, and when they rushed over the puppets and came to this area, the puppets did not chase, and returned to their original positions, standing still.

Uh!

Lu Ming grabbed a jade card, and the black key was caught in the hands of Huang Ling. Immediately, the two men were facing each other, and the atmosphere was a little nervous.

"This Xiongtai, the jade card in your hand should be a map. It would be better if you give me the map and let the map merge with the key. Otherwise, each of us will be useless!"

Huang Lingjiao said with a strong breath, locking Lu Ming.

"Indeed, alone, it's really useless. You have the key, but you can't find the tomb of the reincarnation emperor. I have a map. Even if I find the tomb of the reincarnation emperor, I can't get in. It's better to give me the key and let the map Join the key!"

Lu Ming smiled, his figure slowly receded, revealing a state of alertness.

"Lu Ming, **** it!"

"They got the map and key of the tomb of the reincarnation emperor!"

At this time, several roars sounded, it turned out to be Wan Tiancheng, Zhao Kuang, and Sima Liang rushed in again. They naturally saw that the map and the key were in the hands of Lu Ming and Huang Ling.

However, they encountered a group of puppet siege. They did not have the undead body of the Phoenix Spirit and could not carry the puppet siege. After a while, they had to withdraw from the cave.

"Your name is Lu Ming?"

Huang Ling blinked his eyes.

"Not bad!"

Lu Ming nodded, focusing completely on Huang Ling, fearing she would shoot suddenly.

"Lu Ming, I'm going to shoot. I'm afraid you can't keep the map of the reincarnation emperor tomb!"

Phoenix Spirit Road.

"Really? I don't think so!"

Lu Ming smiled, his eyebrows glowed, and he stepped out, standing side by side with Lu Ming, the Tai Chi array suspended above his head, a strong breath, filled out.

"Avatar? No, it's the same person, wonderful, really wonderful!"

Huang Ling's gaze circulated on Lu Ming's main body and secondary body, revealing amazement.

"Phoenix Spirit, although you are an undead phoenix body, the word undead is also relative. It is not really immortal, but only a strong vitality. Just now your strength came over, I am afraid that you will also be injured and the combat power will be greatly reduced. I really want to do it, not necessarily my opponent!"

Lu Ming smiled slightly, revealing a chest-shaped look.

Chapter 1614: Join hands

Lu Ming's words flashed Huang Ling's eyes.

Indeed, she had been injured just now, and she was indeed injured. The undead Sky Phoenix body was not really undead, but only had stronger vitality. If the strength reached a certain point, she would still die.

"And, even if you can beat me and take the map of the tomb of the reincarnation emperor, can you go out? But there are three masters waiting outside?"

Lu Ming continued to make Huang Ling's eyes flash.

After a while, Huang Ling's eyes suddenly turned, showing a smile, like a peony flower, beautiful and incomprehensible.

To be honest, Huang Ling is very beautiful. Among the people Lu Ming met, only a few people such as Xie Nianqing were comparable to Huang Ling.

"Lu Ming, how about we join forces?"

Huang Ling said.

"Join together? How to join hands?"

Lu Ming asked with a look.

"We join forces and rush out together, and you have a map in your hand and a key in my hand. We can join hands to find the tomb of the reincarnation emperor, open the tomb of the reincarnation emperor, and share the treasures and inheritance in the tomb of the reincarnation emperor together, how?"

Phoenix Spirit Road.

"It's a good note, well, I promised!"

Lu Ming pondered a little, and he agreed.

Today, there is no better way than this.

In Lu Ming's hand, there is a map empty, without a key. He gets the map and it is useless, but with his combat power, he wants to grab the key from the Phoenix Spirit, and then rushes out in the siege of Wan Tiancheng three people, almost impossible.

Therefore, only cooperation with Huang Ling is the best strategy.

Outside the cave, Wan Tiancheng's three people surrounded the cave, his face was ugly.

"Huang Ling, then Lu Ming has an enemy with me. Just kill him and give me the map in his hand. How about the two of us joining forces and rushing out here together?"

Suddenly, Wan Tiancheng spoke, and his voice passed into the cave.

Zhao Kuang and Sima Liang changed their faces at the same time.

If so, Huang Ling and Wan Tiancheng joined forces, and they couldn't stop each other.

"Huang Ling, if you give me the map, I can join forces with you. In addition, I can promise you an additional condition, as long as I can do it, never speculate!"

Zhao Kuang also opened his mouth immediately, promising more abundant conditions.

"Phoenix Spirit, if you join forces with me, after you find the reincarnation emperor tomb, you can take more of the treasures inside!"

Sima Liang also followed the opening, all wanting to join hands with Huang Ling.

In their view, Huang Ling wanted to kill Lu Ming without any problem.

Inside the cave, Lu Ming flashed his eyes and said, "What they said is a better idea for you. How about it? Is it already tempting?"

"Who are you when I am the Phoenix Spirit? Is it so unbelievable? Since I promised to join you, I will not regret it!"

Huang Lingmei's eyes stared at Lu Ming, a bit unhappy.

"Is it?"

Lu Ming seemed to be laughing.

"Of course!"

Huang Ling looked straight, and then said: "I need to heal now, when I recover completely, how about we rush out together?"

"rush out?"

Lu Ming pondered for a moment. After half a ring, a flash of coldness flashed in his eyes, saying: "If you return to the heyday, can you stop Zhao Kuang and Sima Liang for a few minutes?"

"If I use mystery during the heyday, stop them both for three minutes without problems, and no matter how long, I can't. What do you want to do?"

Phoenix Spirit Road.

"Kill!" Lu Ming said coldly.

"Hill? Kill Wan Tiancheng?"

Huang Lingmei stared.

"Good, but it will take a while!" Lu Ming nodded.

In Huang Ling's eyes, there was a trace of horror. Lu Ming actually said he wanted to kill Wan Tiancheng? It made her feel a little weird.

Lu Ming, Xiu Wei is just the peak of Emperor Wuzhong, can he kill Wanling Tiancheng?

"With my current practice, it is really difficult, so I need to break through, and you, do you just need to heal?"

Lu Ming said.

Yes, the puppets here are not the best place to hone?

Anyway, he is not in a hurry to go out right now, he simply cultivates here, and when he breaks through the Emperor Wuzhong and kills Wan Tiancheng, he will be somewhat sure.

"Okay, then we are here, wait a while!"

After speaking, Huang Ling walked to the side, sat cross-legged, covered with flames, and began to heal, showing a look of trusting Lu Ming. Of course, she could not be unguarded. If Lu Ming had any changes, she could explode instantly. Powerful attack.

Lu Ming smiled, and then returned to the mountains and rivers, but Lu Ming stepped out and stepped into the puppet formation.

Suddenly, the puppets rushed to Lu Ming and attacked the landing, and a terrible attack broke out.

Lu Ming did not step into the weakness of the formation method to avoid, but confronted the puppets in a positive confrontation.

However, these puppets, even Wan Tiancheng and others, were able to injure. The power was so powerful that Lu Ming was shocked and vomited blood. He had to return to the safe area beside the stone pillar.

At this time, Huang Ling, who was healing, opened his eyes and showed surprise, saying, "The body of Kowloon, the bloodline you awakened before, is the bloodline of Kowloon?"

"Yes, Jiulong and the undead Sky Phoenix are one of the top ten fighting beasts. Dragon and Phoenix are auspicious. Do you say we are a match made in heaven?"

Looking at Huang Ling's beautiful face, Lu Ming couldn't help but tease.

"Really? If your cultivation base can catch up with me, maybe, I can really consider it?"

A strange color flashed in Huang Ling's eyes, and he smiled slyly.

"What year and month do you have to wait for Xiuwei to catch up with you? Now there is a puppet guarding the gate. It's auspicious when there are some things. How about doing it now?"

Lu Ming's eyes scrambled at Huang Ling's bumpy body, and with a trace of evil smile, he walked towards Huang Ling.

"You...what do you want to do? It turns out that you are also a womanizer, don't come over!"

Seeing Landing Ming coming, Huang Ling's face changed, and Phoenix flames filled his body, staring at Landing Ming nervously.

"Hahaha!"

Lu Ming suddenly laughed, turned around and walked to the side, healed from sitting cross-legged.

"hateful!"

Huang Ling gritted his teeth and knew he was being played by Lu Ming.

Lu Ming's injuries were not serious, and soon his injuries healed.

After he recovered, Lu Ming did not have the first time to embark on a puppet battle, but pondered.

Nowadays, he has ten thousand tactics for his skill, and he is ready for thirteen strikes.

Now, he needs to practice a martial art in the field of body skills to make up for the deficiencies in body skills.

Lu Ming searched in the memory of Kowloon, and soon, Lu Ming's eyes lit up.

He found a physical skill.

Feng Lei Bu!

To practice Feng Lei Bu, one needs to understand the realm of Feng Lei, which has no problem for them.

Feng Lei Bu, combined with the characteristics of Feng Lei, moves like thunder and lightning, and has the lightness of the wind, it is a top-level martial arts field skill.

Lu Ming took a closer look.

Until a few hours later, Lu Ming set foot on the puppet battle again, dozens of puppets, all attacking the landing.

Lu Ming was filled with light spots, and ten paladins flew out. Lu Ming bombarded each with a spear and a war sword.

Chapter 1615: Emperor Wuzhong

boom! boom!

The spear and the war sword were bombarded with two puppets respectively. Lu Ming was shocked and retreated.

"That's... Wan Bing Jue!"

This time, Huang Ling was shocked by Lu Ming again.

Lu Ming actually practiced Wan Bing Jue, which is unique to Wan Jia.

She felt that she couldn't see Lu Ming more and more.

Uh! Uh!

At the same time, on the other side, there are a few puppets, attacking Lu Ming, rushing to thunder.

Lu Ming's eyes narrowed slightly, and his spirit was highly concentrated. Just when the puppet's attack was about to attack Lu Ming, Lu Ming's figure suddenly moved, and the light of the wind and thunder flashed.

He is showing the wind and thunder.

Then, bowing left and right, spears and war swords bombarded out, and blocked the siege of the other two puppets.

Lu Ming did not avoid the weaknesses of the puppets, but used pure fighting power to fight the puppets and hone himself.

However, in the puppet formation, dozens of puppets have the fighting power far above him. He can only do his utmost to press the potential of his body to the limit and fight against the puppet formation.

This time, Lu Ming reluctantly resisted ten moves and fell into a fatal crisis. As a last resort, Lu Ming took advantage of the weakness of the puppet formation, avoided the attack, and retreated to a safe area. After resting, he continued to enter the formation. Fight against puppets.

Every time, Lu Ming has to push himself to the limit. After falling into a fatal crisis, Lu Ming will pass the weakness of the large array and avoid the attack. In this way, although Lu Ming cannot enter the realm of life and death, the progress is still fast. .

Feng Leibu had just begun to practice, with the fastest progress and continuous breakthroughs, and soon broke into the third level.

The field of chaos has also progressed very fast, and it has begun to attack the ninth-level field.

Outside the cave, Wan Tiancheng, Zhao Kuang, and Sima Liang looked somber, standing outside and staring at the cave.

Hearing a violent roar from the cave, the three men looked different.

"What happened inside?"

"Is it Huang Ling's action against that kid?"

Several people guessed.

"Go in and see if you know it!"

Wan Tiancheng spoke indifferently and rushed into the cave, and then Zhao Kuang and Sima Liang also rushed into the cave.

As soon as they rushed into the cave, they were besieged by the puppets. At the same time, they saw that Lu Ming was fighting the puppets.

The three of them appeared suspicious and withdrew from the cave.

"How did the boy fight the puppet? Did they get siege by the puppet when they got the map and the key?"

Super crazy wondered.

"It should be so!"

Sima Liang said.

"If they can rush over, they will definitely be able to rush out. We are here to wait. When they come out, kill them, and then the map and the keys. The three of us, each with its own ability!"

Wan Tian became enlightened, his eyes were cold, he must kill Lu Ming.

"Why is that kid able to cultivate Ten Thousand Soldiers' Secrets, is it because of his realm? That kid's realm is like the legendary chaotic realm, but can anyone really cultivate into the realm of chaos?"

In Wan Tiancheng's mind, he kept thinking.

The three of them have been staying outside the cave, and within the cave, Lu Ming is seizing all the time to practice.

In a flash, half a month passed.

In the cave, among the puppet formations, Lu Ming kept flashing, fighting with the puppets. Lu Ming speared out like a dragon, and the sword broke through the sky. The power was amazing, and the puppets constantly collided.

boom! boom! boom!

With more than a dozen consecutive collisions, Lu Ming used powerful force to drift back and back to a safe area.

"What is Lu Ming's origin, and his high talent is improving almost every day. In a short period of time, he actually went from Wuhuang Bazhong to Wuhuang Jiuzhong!"

In Huang Ling's eyes, a shocked look appeared.

During this time, Huang Ling's injury has been healed long ago. She also played against the puppet, but progress was not as fast as Lu Ming.

"The field is in the middle of grade nine!"

Lu Ming smiled slightly.

In fact, five days ago, Lu Ming's field broke through the ninth level, and then devoured a large number of original stones, and he will be upgraded to Wuhuang Jiuzhong in one fell swoop.

Now, the realm of chaos has improved again, reaching the middle of the ninth level.

"Is it natural for me to fight? In the fight, my speed of improvement is really fast!"

Even Lu Ming was surprised by his promotion.

In the fight between life and death, he often has a high concentration of spirit and is very active in thinking. Whether it is martial arts or field, the speed of comprehension is very amazing.

Up to now, Feng Leibu has been cultivated to perfection by Lu Ming.

Now, Lu Ming is waiting for an opportunity.

That is Ming Lian secondary body, because Ming Lian secondary body is about to break through.

Ming Lian's second body has long lit eight spiritual lights. Now, nine spiritual lights will soon be lit.

As long as Ming Lian lit the nine spiritual lights and manipulated the Tai Chi array, the power would certainly be stronger. At that time, it was when they shot.

"Now that my cultivation is a breakthrough, I should be able to seal more Paladins!"

Lu Ming thought to himself, and then began to practice the Ten Thousand Soldiers' Tactics, took out a Paladin, and began to seal.

Lu Ming's chest lit up with a light, and this sacred soldier successfully sealed in.

This is the eleventh soldier.

At the beginning, Wan Tiancheng sealed only twelve sage soldiers.

"Not yet reached the limit, continue!"

Lu Ming took out another sacred soldier and began to seal.

Soon after, the twelfth Paladin was sealed successfully.

At this time, Lu Ming finally felt the limit. If he continued to seal, the body might not be able to eat it.

When the thoughts moved, twelve acupuncture points on the body shone, and twelve paladins emerged, suspended around the body.

"What a pervert this is, Emperor Wu Zhongjiu, can actually seal twelve Paladins!"

Huang Ling was surprised, she was numb to Lu Ming's perverted behaviors.

At this moment, Lu Ming's eyes lit up, because Ming Lian's second body had already begun to break through.

In the landscape of mountains and rivers, the secondary body and soul are inscribed, and the bright spiritual fire is jumping, and the golden spiritual fire is extremely exuberant, like the fire of God is burning.

Above the head, the Tai Chi array floated, and some of the radiance was scattered, pouring into the body of the secondary body.

In the second-knowledge of the sea, the eight golden spiritual lights were extremely bright, and the flame was extremely bright. Suddenly, the ninth spiritual light ignited and a golden flame appeared.

Buzz!

The Tai Chi array scattered the Dao Dao brilliantly and poured into Lu Ming's sea of knowledge, so that the flame on the ninth spiritual lamp quickly became vigorous and brightened.

At this moment, a circle of spirit appeared on the body.

There are nine spiritual circles in total, and there are ten light spots on the eight spiritual circles in front, which represents perfection. Only the last golden spiritual circle has nine light spots.

As long as he waited for ten times to light ten spiritual lights, Lu Ming could use the spiritual fire, combined with inscriptions, communicate the laws of heaven and earth, and step into the second stage of the Half Saint.

Chapter 1616: Play

The cultivation of the Tao of Inscriptions is completely different from the martial arts before the Holy Realm. The Tao of Inscriptions does not need to comprehend the artistic conception or even the realm. The inscription can actually be regarded as a simplified version of the law.

The inscription can directly communicate the world and borrow the energy between the world and the earth, so after practicing to the ninth level peak, you can directly communicate the rules and then understand the rules.

However, after cultivation to the Holy Realm, there is basically no difference between the way of inscription and martial arts.

After all, everything goes back to the same way, and the same path leads to the same thing. No matter what the way, the end is the same.

To enlighten the way of cultivation, when practicing to the holy realm, it is also to condense the sacred heart, transform the spiritual power into the holy power, control the law, and share the same with martial arts.

At this moment, Lu Ming showed a smile, looked at Huang Ling, and said: "Now, let's go!"

"Are you sure? If we didn't take me, we rushed out directly in the end and don't put ourselves in danger!"

Huang Lingdao still worried.

Lu Ming's plan was to kill Wan Tiancheng. Although Lu Ming broke through to Wuhuang Jiuzhong, could it really succeed?

"Relax, even if they can't kill them, they can't help us!"

Lu Ming smiled and appeared very confident.

Then he got up and walked towards the puppet battle, saying, "You follow my pace!"

After all, Lu Ming stepped into the puppet battle, and dozens of puppets immediately launched an attack on Lu Ming, but those attacks all fell into the empty place.

Then, another step was taken. After Huang Ming followed Lu Ming, he stepped on where Lu Ming now stepped.

In this way, Huang Ling followed Lu Ming's footsteps, stepped on the weakness of the large array, and easily passed the puppet large array, and the two stepped out of the hole.

"They are out!"

As soon as Lu Ming and the two stepped out of the cave, they heard a cold drink, and immediately three terrible breath broke out, locking Lu Ming and Huang Ling.

Especially Wan Tiancheng, bursting into a cold murderous opportunity.

"You finally came out, Phoenix Spirit, I gave you a chance before, but unfortunately, you don't know how to cherish yourself!"

Wan Tiancheng said indifferently.

"Let's talk nonsense, Wan Tiancheng, don't you want to kill me? Let's fight!"

Lu Ming shouted, the breath burst out, stepped out, the earth roared, and twelve light spots emanated from his body, twelve sacred soldiers floated out, and each sacred soldier exuded a brilliant brilliance. The air burst into the sky, interpenetrating, and Lu Ming held it with his hand, and the black dragon gun stabbed at Wan Tiancheng.

"Twelve Paladins? Die for me!"

Wan Tiancheng roared, and twelve Paladins also appeared on his body. He held a war sword and beheaded to the landing.

Deep jealousy appeared in his eyes.

Lu Ming could actually seal the twelve sage soldiers. You know, when he sealed the twelve sage soldiers, but after reaching the half sage.

when!

The Black Dragon Gun and Wan Tiancheng's war sword were heavily bombarded together, and the soldiers were constantly fighting against each other, rumbling.

Lu Ming felt that a terrible force was constantly striking towards the Black Dragon Gun.

That is the power of the law. Even Lu Ming's nine-level chaotic realm seems to be irresistible.

Buzz!

The black dragon gun vibrated, Lu Ming's body retreated sharply, backing up five or six steps.

Wan Tiancheng's eyes were cold. Unexpectedly, Lu Ming could actually block him, but only took a few steps back without being injured.

Uh!

At this moment, Huang Ling rushed to the side.

"Where to go?"

"Leave me!"

Zhao Kuang and Sima Liang shouted and chased toward Huang Ling.

Huang Ling, who was flying fast, stopped suddenly, her body filled with flames, bathed in the flames of the undead Phoenix, her entire body seemed to turn into flames.

A phoenix sounded, a huge immortal phoenix, bathed in flames, rushed out of the body of the phoenix spirit, circling and dancing in the air.

boom! boom!

Then, in that area, a large area of flames permeated, covering both Zhao Kuang and Sima Liang, forming a flame cage.

"Lu Ming, you have to hurry. I can only stop them for three minutes at the most and fight fast!"

Huang Ling's voice came from the flame, and then there was a fierce roar, and Zhao Kuang's roar like a beast.

"Quick battle and quick decision? Hahaha, does Huangling still expect you to kill me?"

Wan Tiancheng seemed to hear a very funny joke and laughed wildly.

"kill!"

Lu Ming didn't have any nonsense. He didn't have much time. He stepped out in one step and directly issued the magic sword tactics. His eyes were like swords, slamming into Wan Tiancheng's body and blasting on the spirit god.

But Wan Tiancheng's body just returned to normal after a slight tremor, and said with a cold: "Soul attack method, unfortunately it is useless to me, is this your card? Just want to kill me by this, I will let you I know how naive you are!"

call out!

Wan Tiancheng holds a war sword, his sword is like a rainbow, and the other eleven soldiers bless the Dao war sword, so that the power of the war sword reaches an amazing level, and one sword cuts to Lu Ming.

"Spirit Defense Treasure!"

Lu Ming's eyes moved.

Obviously, Wan Tiancheng has a spirit defensive treasure, so he can block the attack of Lu Ming's sword tactics.

This is also normal, such as Wan Tiancheng and other heavenly arrogance, it is normal for the spirit **** to defend the treasure against the soul.

After all, soul attacks are invincible. If there is no defensive treasure, sometimes you don't know how to die.

"kill!"

Lu Ming shouted again, and still displayed the magic sword tactic.

Although the other party has the defensive treasures of spirits and spirits, the divine sword tactics can still interfere. At the same time, Lu Ming holds the black dragon gun and explodes a real element to the extreme, killing Wan Tiancheng.

boom! boom! ...

The two slammed a couple of moves in a row, and Lu Ming was still crushed.

"Is this your fighting strength? Still want to kill me, naive!"

Wan Tiancheng sneered and struck Lu Ming, but his attack was even more violent, and his sword was mad.

Lu Ming's eyes were calm. At this time, his eyebrows glowed, and a pagoda was suspended.

Buzz!

Suddenly, strange waves spread out on the pagoda. Around Wan Tiancheng's body, a transparent bubble suddenly appeared, which enveloped Wan Tiancheng.

"The realm of time and space, your treasure in the realm of time and space!"

Wan Tiancheng shouted, exploded with all his strength, the law surrounded himself, broke the shackles of the realm of time and space, and broke the transparent bubble.

However, now that the bubble has reached Wu Emperor's ninth level of cultivation, as a time-space spirit rat, one of the top ten war beasts, the talent of the bubble is undoubtedly, even if it is still young, it is also very scary.

The strength of the talent is completely beyond the inferior spirit body like Wan Tiancheng.

Therefore, even if the bubble repair is far behind the opponent, the combat power will not be too much. Wan Tiancheng wants to break the transparent bubble, and he can't do it.

bump! bump! ...

Lu Ming stepped on the void, holding a gun and a sword, and went to Wan Tiancheng to kill.

The realm of time and space has no impact on Lu Ming.

At the same time, the void is rippling, forming a terrible blade of time and space, slashing towards Wan Tiancheng, which is also the bubble in the shot.

Chapter 1617: Ten Thousand Forces

Thousands of days grow up, twelve sacred soldiers surround the body, there are all kinds of sacred soldiers, among them there are several types of defense.

On each piece of sacred soldier, there is the power of law.

Wan Tiancheng defended the Paladin's armor, while wielding the war sword, bombarding with the blade of time and space, and fighting with Lu Ming.

For a time, the two sides had a tie.

Wan Tiancheng is indeed very powerful. The inferior spirits, like the magic soldiers, are extremely sharp. In addition, the Wan Bing law destroys everything. Even with the help of bubbles, Lu Ming can only draw a tie with Wan Tiancheng.

This is Lu Ming's breakthrough to Wuhuang Jiuzhong.

Lu Ming and Bubble, if you lose money, you will lose money on the law.

The two of them, only the field.

Fields and laws are completely two concepts.

Even if the chaotic realm and the space-time realm are stronger, there is still a gap between Wan Tiancheng's Wan Bing law.

Of course, if Lu Ming goes one step further and the ninth-level domain turns into the ultimate domain, the power will skyrocket, and suppressing Wan Tiancheng is not a problem.

boom! boom! ...

The two sides continued to collide, and the energy was wanton.

"Damn, this kid, how can the combat power be so strong?"

Wan Tiancheng roared in his heart.

At the beginning, when Lu Ming first met, Lu Ming's cultivation practice was only the sixth peak of Wuhuang. In Wan Tiancheng's eyes, he was a killable ant, but now, only how long has passed, Lu Ming's cultivation practice has skyrocketed to Wu. Huang Jiuzhong, the speed of progress, even he was shocked.

However, a Wu Emperor Jiu Zhong, he did not even put his eyes in his eyes, even if he is also the arrogance of the inferior spirit body, he can slap to death.

But Lu Ming, with his own fighting strength and a treasure that can send out the realm of time and space, tied him evenly.

This made him more determined to kill Lu Ming, otherwise, after Lu Ming went further, after breaking through the Half Saint, wouldn't he not be an opponent at all.

"Kill, kill!"

Wan Tiancheng shouted, two more lights lit up on his body.

In the two spots, two more Paladins flew out.

There are a total of 14 Paladins, and the gas of the 14 Paladins is superimposed, making it more powerful.

Wan Tiancheng, it was still reserved before.

call out! call out! ...

Jianguang broke into the air, and the time and space realm of the bubble was broken by Wan Tiancheng, and Lu Ming repelled.

"Die to me!"

Wan Tiancheng shouted, an astonishing killer flashed in his eyes, and beheaded to the landing.

"Chaotic Fantian Yin!"

Lu Ming whispered, let go of the paladin in his hand, and a chaotic Fantian mark appeared on the palm of his hand.

Lu Ming held the Chaos Fantian Imprint and smashed it directly to Wan Tiancheng.

boom!

A trembling roar sounded, and Lu Ming and Wan Tiancheng both shook back at the same time.

"impossible!"

Wan Tiancheng roared in his heart, and Lu Ming actually had some tricks that he didn't use. He had tried his best, but he still couldn't help Lu Ming, which made him difficult to accept.

"The 60% power of Chaos Fantian Yin, the power is still less!"

Lu Ming's eyes flashed.

Just now, he displayed the chaotic Fantian Yin of 60% power.

In fact, when Lu Ming is now displaying the Ten Thousand Soldiers, the power is already very strong, and it is already very close to the power of Chaos Fantian Yin. After all, Lu Ming only cultivated to the fourth level.

Lu Ming exerted his tactics for Wan Bing, but he couldn't help each other, and the 60% power of Chaos Fan Tian Yin would not be too strong, but in this way, Wan Tiancheng was already shocked.

bump!

Lu Ming retreated, and immediately stepped out. On the palm of his hand, another 60% powerful Chaos Fan Tianyin condensed out. The Chaos Fan Tianyin suddenly became larger and went down to Wan Tiancheng's repression.

"Break me!"

Wan Tiancheng shouted, surrounded by fourteen paladins, gathered into a terrible sword gas, thrust back, and slammed on the chaotic Fantian imprint.

boom!

Chaos Fantianyin shook, and then collapsed, and the war sword in Wan Tiancheng's hands was also the spirit of the soldiers, and he stepped back a few steps.

"Lu Ming, you can't help me. When Zhao Kuang and Sima Liang break through Huang Ling's block, it's your death!"

Wan Tiancheng shouted.

Lu Ming's eyes were indifferent, and there was no noise. In the palm of his hand, another chaotic fan-day seal condensed and blasted towards Wan Tiancheng, who tried his best to resist.

At this moment, Lu Ming's eyebrows glowed, Ming Lian stepped out, the Tai Chi array floated, a Tai Chi pattern emerged, and went down to Wan Tiancheng's repression.

The Tai Chi pattern has terrifying power of attack and sealing. Facing the joint attack of the Tai Chi pattern and the Chaos Fan Tian Yin, Wan Tiancheng finally lost the enemy and was bombarded to fly backwards, sliding a deep on the ground. Gully, a mouthful of blood spewed out.

"What's going on? Doppelganger, wrong, it's the same person!"

Looking at the two Lu Ming, Wan Tiancheng was shocked.

How can there be two bodies for the same person?

Not allowing him to think more, Lu Ming's main body and secondary body attacked Wan Tiancheng again.

Previously, the reason why Lu Ming didn't move out of the secondary body at the beginning was that he was surprised and hit a million days in one fell swoop.

"You never want to kill me!"

Wan Tiancheng shouted, fourteen soldiers, around his body.

He already understood that he was not Lu Ming's opponent and started to defend with all his strength.

boom! boom!

Lu Ming's attack slammed into Wan Tiancheng, and Wan Tiancheng's fourteen paladins glowed around him, surrounding the power of the law and defending it with all his might.

The terrible roar sounded, Wan Tiancheng was shocked out, coughing up blood again, but still blocked by him.

"Haha, you can't kill me. Zhao Kuang and Sima Liang are about to get out of bed. You are the one who will die!"

Wan Tiancheng laughed like a madman, and his face was all haggard.

On the other side, the battlefield between Huang Ling and Zhao Kuang and Sima Liang also roared continuously. The imperial prison cage transformed by Huang Ling could not be supported for a long time.

"is it!"

Lu Ming's eyes remained calm.

Wow!

The Void vibrated, the bubble shot, and the blades of time and space slashed towards Wan Tiancheng.

Dangdang!

The blade of time and space is constantly chopped on Wan Tiancheng defending the Paladin around the body, the Paladin violently shakes.

Buzz!

At this time, the sky was shaking, and a chaotic fan-day seal as big as a mountain condensed out. This chaotic fan-day mark, exuding its power, is much more terrifying than the previous chaotic fan-day mark.

The chaotic Fantian imprint of ten percent strength.

boom!

This time, Lu Ming exerted all his strength, and the chaotic Fan Tian Yin of Shi Cheng's strength was suppressed toward Wan Tian Cheng.

Wan Tiancheng's pupils contracted sharply, flashing a trace of panic.

"Block it, I must block it!"

Wan Tiancheng roared in his heart, his whole body was boiling, as if to burn, his spirit glowed, the law surrounded, he squeezed out all the strength of his body, and all exploded.

At this moment, Wan Tiancheng seemed to enter another mysterious realm, and his potential was suppressed to the extreme.

"This is the feeling of the law tank, as long as this time does not die, and it does not take a month, I can break through the third stage of the half saint, the law tank!"

Wan Tiancheng was overjoyed.

Chapter 1618: Beheaded Wan Tiancheng

Unexpectedly, he was pressed to the limit by Lu Ming, the potential broke out, and a major breakthrough was made. He only needed to find a place to retreat for a month, and he could break through the third stage of the Half Saint.

The premise is that he wants to survive.

"Stop it, I have to stop it. As long as you persist, Zhao Kuang and Sima Liang will break through the encirclement, I will not die. As long as I break through the third stage of the Half Saint, the law canister, the strength has skyrocketed, and it will be their death time. !"

Wan Tiancheng shouted in his heart, and the fourteen soldiers glowed as if they were fused together to form a strong defense.

boom!

The chaotic Fantian imprint of ten percent power, cracked down, bombarded on the defense of Wan Tiancheng, the rock under the foot of Wan Tiancheng exploded directly, the ground continued to burst, and a huge deep pit appeared.

But Wan Tiancheng's saints around his body were shaken away one by one, and finally, only a few left were suspended around his body.

Wan Tiancheng was pale and vomited blood.

At this time, the Tai Chi array glowed above the secondary body, and another Tai Chi pattern was suspended. At this time, the Tai Chi pattern suddenly changed, and the Yin and Yang fish actually separated into two swords, one black and one white, two The Yin and Yang fish sword exudes a horrible wave and cuts towards Wan Tiancheng.

The two Yin and Yang fish swords are astonishingly powerful, and Wan Tiancheng's eyes reveal the color of despair.

He barely exploded his energies, and manipulated the few sacred soldiers around him, wanting to resist, but a few sacred soldiers were directly blown out by the Yinyang fish sword.

Yinyang Yujian continued to beheaded towards Wan Tiancheng.

"Do not!"

Wan Tiancheng shouted in despair.

He has just made a major breakthrough, and as long as a while later, he will be able to break through the law tank, and then, in this hundred race battlefield, he will dominate, even the strong in the Holy Realm, he is not afraid.

But now, he is in a desperate situation, why is he unwilling?

puff! puff!

Yinyang Yujian passed by, chopped off Wan Tiancheng's head, and pierced Wan Tiancheng's Dantian, knocking out his spirit god.

Wan Tiancheng, die!

boom!

At this moment, a trembling roar sounded, and Huang Ling's undead cage was broken, Huang Ling's body retreated, his face pale, and blood was hanging from the corner of his mouth.

Obviously, Huang Ling also paid a great price in order to trap Zhao Kuang and Sima Liang.

Zhao Kuang and Sima Liang rushed out of the cage of flames, but the two of them retreated at the same time, looking at Landing in shock.

Lu Ming, actually beheaded Wan Tiancheng.

A man of Wu Emperor Ninefolds, actually beheaded the peerless arrogance that has entered the second stage of the Half Saint, Wan Tiancheng, how is this possible?

This greatly exceeded Zhao Kuang and Sima Liang's expectations.

The eyes of the two people are very dignified. Lu Ming's ability to kill Wan Tiancheng also means that they can kill both of them.

Aside, Huang Ling's eyes on Lu Ming were also shocked and full of complexity.

Previously, Lu Ming said that she wanted to kill Wan Tiancheng. She was completely suspicious, and she was holding a gamble. If she could not kill Wan Tiancheng, they would have to break through.

Unexpectedly, Lu Ming could actually kill Wan Tiancheng, and it was still within a few minutes.

"Now, it's your turn!"

Lu Ming's indifferent eyes looked at Zhao Kuang and Sima Liang.

Their faces changed wildly.

"Go, leave here first!"

Sima Liang snorted, and his figure rushed out of the valley. Immediately, Zhao Kuang followed Sima Liang and rushed out of the valley.

Although they were reluctant, they had to give up, and now they are both left, and Lu Ming and Huang Ling are also two people.

Although Huang Ling was injured, it was easier to block one of them, and Lu Ming dealt with the other person, then they were in danger. In the face of such a situation, they could only escape.

In the valley, only Huang Ling and Lu Ming were left.

Huang Ling looked at Landing Ming with some vigilance, and said, "Lu Ming, your combat strength is really amazing. Even Wan Tiancheng can be beheaded, won't you do it to me?"

Lu Ming's combat power is so amazing that she didn't think about it too much.

If Lu Ming worked on her and solved her, she could control the map and key of the tomb of Emperor Samsara at the same time.

Her undead celestial phoenix body, although vitality is very tenacious, but she can't figure it out, Lu Ming still has no cards.

"What do you think?"

Lu Ming looked at Huang Ling with a smile, making Huang Ling's face change slightly and took a step back.

"Hahaha!"

Lu Ming laughed, and then said: "Relax, you didn't shoot me when I didn't make a breakthrough. Now, how would you shoot at you now, Lu Ming, is that kind of person, you are hurt, Heal first, and I need to recover!"

After Lu Ming finished speaking, he sat cross-legged on the side, took out a pile of rough stones, and began to devour and recover.

It is undeniable that Wan Tiancheng is indeed powerful and extremely difficult to kill. In order to kill Wan Tiancheng just now, Lu Ming has already played out his cards. The main body and second body cooperate with the help of the bubble to kill Wan Tiancheng.

Moreover, in this battle, Lu Ming's true yuan consumed a lot, leaving less than half of it.

Ming Lian's second body gathered up Wan Tiancheng's Paladin, and the storage ring, and then stepped out, stepped into the main body, and disappeared.

Seeing Lu Ming recover on the side, Huang Ling secretly breathed a sigh of relief, patted the towering of his chest, and then sat cross-legged, the body was filled with an undead flame, and he began to heal.

About half an hour later, the two got up at the same time.

"Let's leave here first!"

Lu Ming said, and then went out, Huang Ling followed Lu Ming immediately.

Roar!

When Lu Ming came to the land of bones, a half-sacred monster roared and rushed towards the landing Ming.

"Nine Seals!"

Lu Ming's hands moved, and eight seal doors emerged, sealing the half-sacred monster.

At the same time, Lu Ming's figure moved, grabbed with a claw, and pulled out the magic crystal of the half-sacred monster.

Now, such an ordinary first-phase half-saint monster is not Lu Ming's opponent at all, and Lu Ming can kill at will.

Roar! Roar!

Then, two more half-sacred monsters came out, and one of them reached the second stage of the half-sacred, the stage of understanding the law.

Lu Ming called out a bubble to help, trapping each other in the space-time domain, and then easily obtained the magic crystal.

Roar!

A trembling roar sounded, a huge monster, exuding a terrible breath, rushed towards the landing.

The vast Shengwei, come face to face, holy realm monster!

Lu Ming's eyes were condensed, and the holy realm was by no means the enemy he can fight now. Even if he joined forces with the secondary body and added bubbles, he could not be an opponent of the holy realm.

Behind him, the stele of monuments emerged and grew dramatically.

The holy realm roared with horror, turned and ran.

However, the other half-sacred monsters also ran with their legs spread, and no traces were visible in a blink of an eye.

Lu Ming was quite speechless.

With the out of town prison monument, not only the holy realm monster ran, but also the half holy monster.

But put away the jail monument, the holy realm kills again, making him want to hunt some half-holy demons, and the idea is gone.

Chapter 1619: Deep in the battle

"The prison monument!"

On the edge, Huang Ling showed a shocked look.

During this time, she did not know how many times she was shocked, all brought by Lu Ming.

How many secrets are hidden in Lu Ming?

Huang Ling found that she really couldn't see through Lu Ming.

Lu Ming sacrificed the prison monument, and the two easily passed through the valley. Near the valley, Lu Ming put away the prison monument.

After more than half a month, there were a few people wandering outside the valley. After seeing Huang Ling and Lu Ming coming out, their eyes lit up.

But their eyes turned to Huang Ling, revealing a dignified look.

Obviously, after Zhao Kuang and Sima Liang came out, they said that these people should know Huang Ling and Lu Ming, and they got the map and key of the tomb of the reincarnation emperor.

"Go away, or die!"

Huang Ling drank coldly, and there was a cold murder in his body.

Those people's faces changed greatly, and then they turned around and left.

Lu Ming smiled, and Huang Ling flew towards the exit as quickly as possible.

"Lu Ming, I am really curious. Which imperial power do you come from?"

Flying in the air, Huang Ling asked curiously.

"I am not from the imperial power!"

Lu Ming said.

"Not from imperial power? How is it possible?"

Huang Ling was very surprised.

Not from the emperor-level forces, but with such fighting power, how is it possible?

Huang Ling originally thought that Lu Ming was a genius disciple of an ancient sect!

Lu Ming smiled and didn't explain much.

Soon, the two came to the crack and flew out of the crack, and soon the two came to a mountain.

"Lu Ming, how about looking at the map? Look at the tomb of the reincarnation emperor, where is the two of us, then we can go!"

Phoenix Spirit Road.

"it is good!"

Lu Ming nodded, took out the piece of jade card, and sank into it. After sweeping, Lu Ming's face changed.

"how about it?"

Seeing Lu Ming's face change, Huang Ling quickly asked.

"I'm afraid we can't find the tomb of the reincarnation emperor!"

Lu Ming said.

"Can't find it, what's going on? Is this map fake?"

Huang Ling was a little unwilling, and spent so much time to get the map and key of the tomb of the reincarnation emperor. If it is fake, it will be too shocking.

"Fake is not necessarily fake, you see for yourself!"

Lu Mingdao, then Zhenyuan poured into the jade card, a pattern appeared in the air.

The pattern depicts mountains, lakes and lakes, obviously a map.

However, this map is incomplete and can be easily distinguished. This is a corner of a complete map.

"Why is there only one corner?"

Huang Ling looked a little ugly.

"Look at your key, is there anything unusual?"

Lu Ming said.

Huang Ling quickly took out the key and looked at it carefully. Sure enough, they found a number on the key, three!

"Three? This should be a number. In this way, the key and map of the reincarnation emperor's tomb are not a set, but are divided into several parts. Only by obtaining all these parts can we find the reincarnation emperor's tomb and open the reincarnation emperor's tomb. !"

Lu Ming said.

Obviously, the map they got was incomplete, and it was obviously impossible to have only one key.

"what a pity!"

Huang Ling sighed.

Only one part is useless at all, while the other part, where to find them?

"There is a question. I'm curious. How do you know that there are maps and keys of the reincarnation emperor's tomb in this neighborhood?"

Lu Ming asked.

"Before, when I was traveling, I was ambushed by local people, but they were killed by me. I learned from the local people who ambushed me!"

Huang Ling explained.

"Native people?"

Lu Ming frowned, saying: "Obviously, Zhao Kuang, Sima Liang, Wan Tiancheng, and they got the news before they came here!"

"Mostly!"

Huang Ling nodded.

"In this case, there may be more people who know, so I speculate that there may be other maps and keys born elsewhere. If you want to open the tomb of the reincarnation emperor, I am afraid to find these people who got the maps and keys. Cooperation!"

Lu Ming thought about it and said.

"It is very likely that it is said that the tomb of the killing emperor was obtained by the thousand killing of Wudi. At that time, the key to opening the tomb of the killing emperor was also divided. This time, most of them are the same!"

Huang Ling's eyes lit up, and then looked at Lu Ming, said: "Lu Ming, let's go to the Dark Water City, maybe there, we can get some news!"

"Darkwater City?"

Lu Ming wondered.

"You shouldn't have stepped into the depths of the Hundred Clan battlefield. In the depths of the Hundred Clan battlefield, the local people have built a total of four huge cities, divided into four directions, Dark Water City, which is one of them. One of the largest cities on the battlefield, and the strongest arrogances of the major forces entering the battlefield of the Hundred Races are almost all gathered near these four cities!"

"You can get the map and key of the tomb of the reincarnation emperor, and the repair will never be weak, so, Dark Water City, maybe you can get some useful news!"

Huang Ling explained.

"The place where the strongest arrogance gathers, well, go to the Dark Water City!"

Lu Ming's eyes lighted up, and he agreed readily.

Taking his current practice as an example, there is no more practical value outside the Bai Clan battlefield. Only by going deep into the Bai Clan battlefield can we meet stronger opponents.

After negotiating well, the two unfolded their bodies and flew deep into the battlefield of the Bai people.

Along the way, I also met some young Tianjiao, but Huang Ling's breath revealed that those Tianjiao's faces changed one by one, and none of them would challenge them uncontrollably.

The two rushed all the way, and the speed was amazing. Only two days later, a huge city appeared in front of them.

From afar, the city is vast and smoky and magnificent, like a huge beast, crawling ahead.

This is Dark Water City!

Before the gate of the Dark Water City, there is a huge lake. Wonderfully, the water of the lake is dark and looks dark.

There are many figures standing on the lake in the sky.

At a glance, all of them are young people, there are men and women, but each one has a strong breath.

Half-sage, Lu Ming looked at them at a glance. Most of these young people were half-sages, and even some people exuded a faint power of law. Obviously, they entered the second stage of the existence of the half-sage.

There are only a few of them, which are below half-holy, and the number is very small.

"A lot of masters are worthy of being one of the four largest cities deep in the battlefield of the Bai people!"

Lu Ming marveled.

At a glance, they are all half-holy, and they are all arrogant characters, so spectacular.

boom! boom!

On the lake, there was constant roar, the two figures were violently confronting each other, the lake water rolled under the terrible energy, and stirred up thousands of waves.

A red figure, and a blue figure, around the body of the two, surrounded by the law, the power of the law, constantly colliding.

These are the strong men of the second half of the second stage.

Others are watching the battle between the two.

"How is this going?"

Lu Ming was puzzled.

Chapter 1620: Crush one foot

As far as Lu Ming knows, don't every city have Shuratai, how can these young Tianjiao fight here?

"Lu Ming, Dark Water City, is one of the four largest cities in the battle of the Bai race. The local strongmen sitting in this city are also very strong. I am afraid that there will be a peak of Ming Shengjing!"

Huang Ling explained.

The native people have lived in the battlefield of the Bai Clan since they were young, so they have adapted to the chaotic law of the battlefield of the Bai Clan. Some talented people can cultivate to the Holy Land.

However, the strongest can only stop at Ming Sheng Realm.

The peak of Mingsheng is almost the strongest existence on the battlefield of the Bais.

"Mingsheng Pinnacle is too strong. With my strength, if you face Mingsheng Pinnacle, I am afraid there is no counterattack. Therefore, in the Dark Water City, there are few people who dare to do it, but there is only one Shuratai, which is completely Demand is in short supply, so many arrogances will cause diplomatic warfare in the city!"

Huang Ling then explained.

Lu Ming nodded, which was easy to understand.

Outside the city, the local powerhouses will not be in charge.

The arrival of Lu Ming and Huang Ling attracted many people's eyes, and many people looked towards them both.

After seeing the Phoenix Spirit, most people's faces changed, showing dignified and fearful colors.

Lu Ming thought, it seems that Huang Ling is well-known in Dark Water City, and also very deterrent.

The celestial body, it seems that even in the depths of the battlefield of the Hundred Races, it is a terrible existence.

Of course, many people looked at Lu Ming and showed surprise.

"It's really rare for a man of Emperor Wuzhong to dare to come to Dark Water City!"

"However, the Emperor Wuzhong, who dares to come to Darkwater City, is a very powerful generation, and he is very confident in his own combat strength. With this spirit, is this person also a very powerful generation?"

"Well, it's hard to say, some who are not strong enough will come here to meet the world!"

Some people looked at Lu Ming, talking quietly.

bump! bump!

At this time, there was a young man who stepped on the void and stomped on the void, and came to Lu Ming, his body filled with the breath of Wuhuang Jiuzhong's peak.

The strong breath directly locked Lu Ming.

"It's Huang Qi, this guy, is staring at the Emperor Wu Zhongjiu!"

"Huang Qi's combat power is very strong. With Wu Xiu's ninth peak cultivation, he once fought more than one hundred moves with a half-stall first-stage strongman before he was defeated. It seems that he is happy to see the hunt! "

Around, someone spoke, holding a lively mentality.

"Wuhuang Jiuzhong, dare to come to the Dark Water City, I must have confidence in my combat power, now fight with me, Phoenix Spirit Saint, you will not intervene?"

Huang Qi looked at Landing Ming with full of war intent. The last sentence was to Huang Ling.

"random!"

Huang Ling spread his hands casually and stepped back a few steps, saying that she would not control, but in her eyes, when she looked at Huang Qi, she was full of pity.

This guy actually challenged Lu Ming, really looking for death, if he knew that Lu Ming even chopped off Wan Tian Chengdu, and did not know what expression would be.

"You are not my opponent!"

Lu Ming said quietly.

A Wu Emperor of the Ninefolds, he has no interest at all, he has no slight tempering effect on himself, and Lu Ming is too lazy to move.

Of course, he was telling the truth, but it fell into Huang Qi's ears and became Lu Ming's arrogant arrogance.

"Crazy, I have fought even half a holy saint. You, a person in the early stage of the Emperor Wuzhong, have a great tone of voice. I am not your opponent. I will know in one battle!

Huang Qi's eyes cooled, and his breath became stronger and stronger.

At this moment, Lu Ming's eyes suddenly froze.

Because, he felt a sharp air, and at a terrible speed, he wanted to kill him.

Not thinking about it, Lu Ming turned suddenly and punched.

when!

Lu Ming punched a long sword thinly like a cicada's wings, and his terrible fist strength exploded, and a figure emerged out of thin air and was blown out directly by the fist strength.

In this figure, dressed in black robes, the whole person was shrouded in black robes, and only a pair of eyes were exposed, revealing horror.

"It is the killer of Thousand Kills House!"

Someone yelled.

Uh!

The killer of the Thousand Kills House, unable to achieve a single blow, cast his body, turned into a phantom, and flew quickly into the distance, showing the breath of the ultimate realm on his body. Lu Ming's two killers are almost the same.

"If the assassination is not successful, I want to go. Am I allowed?"

Lu Ming uttered indifferently, and there was a flash of wind and thunder on his body, and he screamed, and Lu Ming's body rushed out like a flash of lightning, piercing the void, and chasing towards the killer of the Thousand Killing House with amazing speed .

The killer of the Thousand Kills Palace, the body method is not unpleasant, and it is as fast as electricity, but Lu Ming is now Feng Lei Bu, has been cultivated to completion, and with the help of the energy of the fixed wind beads, the speed is even more amazing. on.

Many people only saw the flash of electricity, and Lu Ming's figure appeared above the killer of Qianshoufu, and then stepped towards the killer of Qianshoufu.

On this foot, Lu Ming played the prison prison skills, and his whole person seemed to turn into a huge prison monument, suppressing everything.

boom!

This foot, ruined and ruined, destroyed all the attacks and defenses of the killer, and then stepped heavily on the other party's head.

bump!

The other person's head and body, like a watermelon, burst apart in the air.

One move, die!

This killer is also Tianjiao, the spirit of the finest place, the cultivation practice of the first stage of the Half Saint, placed in Cangzhou. Although he can't enter the ranks of the ten evils, it is also stronger under the ten evils, but in the land Ming Ming was instantaneously killed.

A few months after coming to the Baizu battlefield, Lu Ming's strength has been leaped like a leap forward.

"Good combat strength!"

Around him, many young people were arrogant and their eyes narrowed, revealing a horrified look.

Lu Ming's cultivation practice is very clear. It was the early period of Emperor Wuzhong, but he killed a half-sacred Tianjiao in the first stage with one stroke. Such fighting power is amazing.

Many of the people present were the first stage of the cultivation practice of the Half Saint. If they met Lu Ming, I am afraid this is also the end.

Some of the second stage, the half-holy comprehension of the law, the eyes are dignified.

"Another heavenly body!"

Someone solemnly spoke.

There are not many celestial bodies, even in the dark water city at the center of this hundred race battlefield, each of them is very powerful.

The Celestial Body is not Chinese Cabbage. With a handful of catches, some imperial forces with weak luck may not have a Celestial Body.

As in Cangzhou, there is no celestial body. According to Lu Ming's knowledge, there is no celestial body in Yundi Mountain.

At this time, that Huang Qi was completely stunned.

"You, do you want to fight again?"

Lu Ming looked at Huang Qi.

A faint word made Huang Qihong red ears.

"me..."

Huang Qi I couldn't say a word for a long time.
