

D Emperor 1651

Chapter 1651: Break through, return to the tomb of Emperor Samsara

boom! boom! boom!

In front, there are ten breaths, like wolf smoke, terrible.

The most amazing thing is that there are four breaths in it, each one is not weaker than the old man in black robe. This is not an ordinary saint, it is the existence of Ming Sheng Da Cheng.

Even one of them, with a breath of earth and earth, is much stronger than Ming Sheng Dacheng's existence.

Peak of Mingsheng!

Many people paled.

This time, the other party dispatched the existence of Mingsheng Pinnacle, and there were four Mingsheng Dacheng and more than a dozen Mingsheng Xiaocheng.

This lineup is terrible. If they are surrounded, they will only have a dead end and will not have any chance.

"You all enter my pictures of mountains and rivers!"

Lu Ming shouted and summoned the mountains and rivers.

If so many people are together, they will definitely not be able to rush out. If Lu Ming is alone, it is still possible.

Others did not resist. Lu Ming's combat power exceeded them. If Lu Ming couldn't rush out, they certainly wouldn't be able to.

Suddenly, everyone was put into the mountains and rivers by Lu Ming.

Then, Lu Ming performed a wind and thunder, turned his direction, and rushed out like a lightning.

"This kid has treasures, don't let him escape!"

A roar sounded.

More than twenty strong men in the holy realm chased crazy towards the landing.

Among them, the strong man at the peak of Mingsheng was the fastest. He took the lead and quickly chased to the landing. Afterwards, the existence of the four Mingsheng Dacheng, including the old man in black robe, followed quickly.

Feng Leibu, no matter how wonderful and fast, but Lu Ming's cultivation practice is, after all, only the first stage of the Half Saint, and it is too far away from Ming Sheng, even the peak of Ming Sheng, so the speed is still behind.

Uh!

The strong man at the peak of Mingsheng, with amazing speed, was approaching Lu Ming quickly.

A terrible knife slashed from the man's hand and slashed toward the landing.

Lu Ming's face changed, he was no match for the existence of Mingsheng Peak.

At this time, the bubble opened the space-time channel, and Lu Ming rushed into the space-time channel, appearing thousands of miles away.

"The realm of time and space, **** it!"

The strong man at the peak of Mingsheng burst into a roar, his breath roared, his speed increased suddenly, and turned into a streamer, he quickly rushed towards the landing song, which was thousands of miles in an instant.

"So fast?"

Lu Ming's face changed drastically, flying at speed, but it didn't take long for him to get closer to the other party.

Lu Ming can only make the bubble open the space-time channel again.

In this way, after several times in a row, the other saints have been left behind, but the existence of the Mingsheng Peak still follows behind.

"This is not the way to go!"

Lu Ming kept thinking in his mind.

Opening the space-time channel is very energy-consuming. Bubbles cannot be opened all the time. It will be exhausted if it is opened more than ten times.

The space-time channel can only be used for life at critical moments, but it is unrealistic to use it to hurry.

In this way, before Lu Ming rushes out of the battle of the Bais, he will be caught up by the opponent.

"Go to Samsara Tomb!"

Lu Ming's eyes moved and he could only go to the tomb of Emperor Samsara.

If this is not possible, Lu Ming can only use the reincarnation halberd.

But the reincarnation halberd has only two energies, and it explodes with all its strength. It can cut the strong under the emperor level. It is really precious. It is a waste and a cruel thing to use on a person at the peak of Mingsheng.

Before the last resort, Lu Ming was absolutely unwilling to use it.

Lu Ming immediately turned around and flew towards the tomb of Emperor Samsara.

Fortunately, it is not too far from the tomb of the reincarnation emperor. When Lu Ming is quickly overtaken by the other party, Lu Ming let the bubble shoot, open the space-time channel, open the distance, and then fly by himself to give the bubble time to recover.

When the opponent approaches, he opens the space-time channel and distances.

In this way, chasing and chasing, boundless mountains and rivers, passing under the feet of the two.

I don't know how long it has passed, just before the energy of the bubble is about to run out, a mountain split in half in front appears in front of my eyes.

Reincarnation Emperor's Tomb, here it is!

Lu Ming's eyes lit up and rushed directly into that channel, a strong pressure pressed against Lu Ming, and Lu Ming strode forward.

It didn't take long for the existence of the Mingsheng Peak to arrive, and he rushed into the passage.

bump!

He was caught off guard, terrible pressure, pressed on him, with his cultivation base of Mingsheng Peak, he also directly fell to the ground and almost fell a dog to eat/shit.

boom!

The strong man at the peak of Ming Sheng, the Holy Force is boiling, and wants to break through that pressure and catch up with Lu Ming, but it has no effect at all. It seems that the stronger the cultivation is, the stronger the pressure will be. Finally, his face The rising red can only step forward and chase after landing.

The two of them walked in the passage like this, and soon, a day passed.

One day later, the channel is still boundless.

There was a move in Lu Ming's heart. When they came out, they walked through the passage one day, but now one day has passed, and the road ahead is still long.

Is it half a month when you go in, and only one day when you go out?

Soon, Lu Ming's conjecture was confirmed.

As time passed, the channel was still not finished.

The existence of the Mingsheng Peak was a thin middle-aged man. His face was extremely gloomy at this time, but he was an old monster who had lived for a long time, and his patience was naturally excellent.

The time flickered, half a month later, the channel finally came to an end.

Lu Ming crossed the passage and entered the area of the tomb. Suddenly, the tomb glowed, and there were phantoms, attacking the landing Ming.

boom! boom!

Lu Ming fisted in succession, knocked out several ghosts, and rushed forward quickly.

Soon, the existence of Mingsheng Peak also rushed across the passage and stepped into the tomb area.

However, just as the peak of Mingsheng existed across the tomb area, several tombs radiated a brilliant light, and the power of the law surged in Peng Bai, and the few ghosts almost turned into substance.

"Holy Realm, die!"

A flaming bull's shadow, a long roar, the footsteps, flames.

The strong man of Mingsheng Peak's face changed wildly, and he was chopped out with a knife, but the sword light shattered, and the flaming bull stepped on his chest. The blood was blasting, and his chest was all shattered. If it weren't for cultivation, it would be dead.

Lu Ming was dumbfounded.

When the other party rushed in, how did the rules on those tombs collectively riot, and a terrible attack erupted, striking the existence of Mingsheng Peak in one fell swoop.

"Couldn't the Holy Land here step in, once there is a Holy Land stepping in, it would trigger a law riot on the tomb?"

Lu Mingfu wanted to join hands.

This was really unexpected joy, he had wanted to enter the reincarnation, to avoid the other party's pursuit, but now it seems that it is not necessary.

"Haha, old fellow, have the ability to chase!"

Lu Ming couldn't help laughing.

"Little miscellaneous, you wait for me, unless you hide in your life!"

The existence of Mingsheng Peak looked at Landing Ming angrily, looked at the graves with great dismay, and then turned and left towards the passage.

Chapter 1652: Line rule

"This guy will definitely block me at the entrance of the tunnel, and there are other holy realm strongmen!"

Lu Ming watched the other person leave and thought.

Today, I can only stay here for a while.

Lu Ming went towards the depths of the grave group and soon came to the intersection.

On both sides of the intersection, above the two tombs, a real dragon ghost image and a Phoenix ghost image appeared.

These two phantoms are very strong, but with Lu Ming's current combat strength, combined with the help of secondary body and bubble, he was rushed over to the Huangquan River.

At this point, Lu Ming summoned the mountain and river maps, the mountain and river maps glowed, Huang Ling, Ye Dongfang and others, as well as those rescued by Lu Ming, all appeared by the Huangquan River.

"Here... is the tomb of the reincarnation emperor?"

Huang Ling, Ye Dongfang and others recognized this place as soon as they came out.

But those who had not come in, looked puzzled, looked around and saw Huang Quanhe, his face became very ugly.

"Yes, this is the tomb of the reincarnation emperor!"

Lu Ming looked a little dignified and said, "After a while, it seems that we are going to spend it here. The other party is too strong. With my cultivation, I can't get rid of the other party. I can only stay here for a while!"

"It's good to be here. What are your plans next?"

After Huang Ling finished speaking, she looked at Lu Ming again. Lu Ming was not only amazing, but also resourceful and thoughtful, which left a deep impression on her.

"Cultivation, promotion, wait until our strength is strong enough, then rush out!"

Lu Ming said.

This time, Lu Ming saved nearly 500 people.

Most of these people are the arrogance of the spirits of the upper territories, plus those of them, as long as their strength is further, they can join forces to rush out.

"We can rest assured to practice here, those local saints, can't come in!"

Lu Ming talked about the change of the tomb, and everyone rested.

"Lu Ming, no matter what, thank you this time, otherwise, we can't save people!"

Huang Ling said sincerely.

"Yes, this time, thanks to Lu Ming, no matter whether I can get out smoothly afterwards, this kindness, I Ye Dongfang, wrote it down!"

Ye Dongfang said.

"Lu Ming, when we shot you against us, it was our fault. I hope you won't be surprised!"

The four Xia Ding also stepped forward and thanked Lu Ming.

"It's okay, I originally promised to help the Phoenix Spirit save the people in the Phoenix Palace, and save you, by the way!"

Lu Ming smiled faintly.

Next, everyone in twos and threes separated in this area to find a place to practice.

Lu Ming returned to Naihe Bridge again, but did not see Meng Po's figure. Lu Ming looked at the round of vortex. After all, he didn't jump. He sat on the bridge head and sat cross-legged, engulfing the original stone.

After Lu Mingxiu recovered, Lu Ming entered the mountain and river map and came under the ancient tree of Wudao.

Before Lu Ming collected the Huang Ling into the mountains and rivers, he had already hidden the mountains and rivers in his second body, so they did not see Lu Ming's ancient trees of Taoism.

After all, the ancient trees of Taoism are too precious to be seen, and there will be unnecessary trouble.

It is a mountain and river map. Although it is precious, everyone on the scene is the arrogance of the emperor-level forces. Naturally, it is a similar treasure that has been seen. It is not too surprising.

Lu Mingpan sat under the ancient tree of enlightenment, quietly enlighten the Tao, and enlighten the realm of chaos, hoping that the realm of chaos could be cultivated into the law of chaos as soon as possible.

As long as the chaotic field is cultivated into the law of chaos and enters the second stage of the Half Saint, Lu Ming's strength will skyrocket. When facing the existence of Ming Sheng Dacheng, he can be fearless, even if he is the strongest of Ming Sheng Peak, he has the confidence to contend. trick.

At that time, the grasp of escape was greatly increased.

At the same time, Ming Lian is also practicing.

Ming Lian's second body has long lit ten spiritual lights. Next, he also entered the second stage of the Semi-Holy by the rule of inscription communication.

The bubble is also being cultivated.

The same is true of other people. In this area, no one is disturbing, everyone is dedicated to improving their strength.

Outside, there are holy realm strongmen of all ethnic groups besieging everyone's pressure is great, the pressure is great, the cultivation is faster, the promotion is faster, and the pressure is transformed into strength.

Day after day, time passes quickly.

A month passed in a flash.

Mindful of the second body, has already practiced to the limit, it seems that it is possible to communicate the law at any time, and enter the second stage of the half saint.

But at this time, Lu Ming must consider, which kind of law is better to learn secondary practice.

In the Sacred Realm stage, generally only one rule can be controlled. When breaking through the Sacred Realm, the Sacred Heart is condensed on the basis of the Law.

The way of inscription can be borrowed from inscriptions and all kinds of energy between heaven and earth. Of course, you can also use this to comprehend those laws.

But most of those laws are ordinary laws, such as golden wood, fire and water.

But there are three extremely powerful laws in the way of inscription.

That is, the law of array, Tao law and the law of Dandao.

These three laws are extremely powerful. Mastering each one is terrifying. Each one is very difficult to comprehend. It is the supreme rule in the hearts of those who cultivate the Tao of inscriptions.

Even if it is no match for the law of chaos, it is also a powerful law close to the law of chaos.

Lu Ming's ambition is to understand one of the laws.

Which one should you understand?

Rule of battle!

Finally, Lu Ming made up his mind.

The law of formation can evolve the techniques of endless attack, defense, etc., and it can be varied and endless.

Legend has it that some people, after comprehending the laws of arrays, used the laws of arrays to promote the destruction of arrays, the destruction of arrays, etc., all of which have terrifying abilities and can destroy the world.

Although the rule of array is extremely difficult to comprehend, Lu Ming has a taiji array. Above the taiji array, it seems that the rule of array is contained.

Choosing the direction, cultivating the secondary body, and practicing again.

In a blink of an eye, another three months passed.

It has been four months since they entered the tomb of the reincarnation emperor.

At this time, the cultivation of secondary body, the cultivation to a critical moment.

In the landscape of mountains and rivers, the ten golden spiritual lights appeared above the secondary body of Ming Lian, and finally a golden pillar of fire was formed, which rushed into the sky and seemed to communicate with the law in the dark.

The Tai Chi array, suspended in the air, emits a strange brilliance and falls on Lu Ming.

Buzz!

At this moment, in the sky and in the dark, there was a strange power that landed on the secondary body. At this moment, dense runes appeared on the secondary body.

These runes are similar to inscriptions, but they do not know how many times they are higher.

This is the embodiment of the law of formation, and Lu Ming understood the law of formation.

Uh!

Lu Ming got up suddenly and split out with a palm. There were dense runes on his palm, forming a dazzling war sword, cutting forward, a sword gas, splitting a small hillside in half.

Then the footsteps stepped on, and the runes appeared, condensing a real dragon, flying out.

"Wonderful, is this the law of formation?"

Lu Ming's eyes flashed with wonder.

Chapter 1653: Chaos Law, Phoenix Nirvana

The law is intangible, intangible, and untouchable, but it does exist.

The practitioners, after comprehending the law, raise their hands and throw their feet, all of which contain the power of the law, which is amazingly powerful.

Mind the secondary body, take the first step, and reach the second stage of the half-sacred, the next step is to reach the third stage of the half-sacred, the law of the tank, then, you can start to impact the Holy Realm.

The breakthrough of Ming Lian's secondary body will undoubtedly make Lu Ming's strength advance, but this is not enough. Lu Ming's main body has not yet broken through.

Next, Ming Lian continued to practice in the second body, and was familiar with the use of the law of formation.

Time rushes, time passes day by day.

Many people have made breakthroughs in this period.

The heavenly arrogance of many upper-level spirits used to be in the first stage of the semi-holy, and they all broke through one level and entered the second stage of the semi-holy, which was originally the second stage of the semi-holy, and many entered the third stage.

The most important thing is that the arrogance of the heavenly spirits such as Xia Ding was originally in the second stage of the Half Saint, and they also broke through, reaching the third stage of the Half Saint, the realm of the law tank.

In this way, their fighting power increased greatly, not weaker than Huang Ling, Ye Dongfang several people.

The Ye Dongfang people were originally in the third stage of the Half Saint. During this time, they had reached the limit of the Half Saint. If it were not for the battle of the Hundred Races, if they were outside, they could all impact the Holy Realm.

Overall, their strength has improved a lot.

They are waiting for Lu Ming to get out of the customs. As long as Lu Ming gets out of the customs, they can rush out together.

Just over a month after the second-time breakthrough, the bubble also broke through, and the space-time domain was transformed into the law of space-time.

Before, Lu Ming asked Huang Ling and others, and learned what are the ten strongest rules in heaven and earth.

The law of chaos, the emperor known as the law of thousands, is naturally one of the ten strongest laws.

The law of reincarnation is also one of the ten strongest laws in the world.

The law of space and time, controlling time and space, is also one of the ten strongest laws.

Therefore, it is extremely difficult to practice the law of time and space. Even the bubbles, the natural control of time and space, and the spatiotemporal crystals given by the titanic beast, it took so long to successfully cultivate, understand the law of space and time, and enter into half. Holy second stage.

At this point, the fighting power of the bubble has changed qualitatively, reaching the point of horror.

Under the ancient tree of Taoism, Lu Ming is still practicing.

In the chaotic realm, it is extremely difficult to cross this step to the law of chaos.

At the beginning, the reincarnation emperor gave Lu Ming a ray of real chaos. After refining, Lu Ming not only greatly strengthened the strength of the spirit, but also allowed Lu Ming to truly understand the chaos. s help.

But even so, Lu Ming hasn't made a breakthrough in the past.

One month after the bubble broke through, they entered the tomb of the reincarnation emperor six months later.

Buzz!

The chaotic realm surrounding the body has finally changed.

The rich chaotic realm disappeared all at once, and disappeared without a trace. At this moment, Lu Ming had a clear understanding.

He opened his eyes and smiled at the corner of his mouth.

When the thoughts moved, there was an invisible wave between heaven and earth, and then, a ray of chaotic air flowed around Lu Ming's fingers.

"Chaos Law!"

In Lu Ming's eyes, a strange light flashed, like chaotic air flowing.

After half a year of hard work, Lu Ming finally mastered the law of chaos and stepped into the second stage of the Half Saint, his strength skyrocketed.

Lu Ming himself did not know how powerful the law of chaos is.

"It's time to go out!"

Lu Ming got up, stepped out, and appeared outside the mountains and rivers.

Then I walked over the Neihe Bridge, but found that many people formed a circle and seemed to be paying attention to something.

Lu Ming walked over to Ye Dongfang.

"Brother Lu, did you break through?"

Feeling Lu Ming's breath, Ye Dongfang's eyes lit up.

Lu Ming's original combat power was extremely alarming. If it breaks through, it will be even more terrifying, and their grasp of rushing out will be even greater.

"Well, by chance!"

Lu Ming nodded.

Tweeting...

A phoenix chirp sounded.

"Huang Ling!"

Lu Ming's eyes moved.

It turned out that there was a flame burning in the crowd, and a phoenix was flying in the flames, but the figure of the Phoenix Spirit could not be seen.

"It seems that the Phoenix Spirit is going to Nirvana. Once she succeeds in Nirvana, I am afraid that she will no longer be her opponent!"

Ye Dongfang sighed.

"Phoenix Nirvana?"

Lu Ming whispered.

"Yes, Huang Ling's previously awakened bloodline is an undead Tianhuang, one of the top ten fighting beasts. It's not like a small one. After being cultivated into a spiritual body later, at first, it was just a lower-level spirit body, but the undead Tianhuang body, there are A trait that can continue to rebirth in Nirvana. Every time Nirvana, her spirit will rise to a level that is astonishing. After this Nirvana is successful, her spirit will probably reach the stage of medium spirit!"

Ye Dongfang explained that his eyes showed envy.

"How similar is this to my Jiulong bloodline!"

Lu Ming moved.

When the Jiulong bloodline began to condense the spirit body, it was also a lower-level spirit body, and it was necessary to devour the spiritual essence of the refining true dragon to be able to continue to promote.

Without dying the celestial phoenix body, it can be reborn through Nirvana to achieve evolution.

Perhaps, it is not easy to awaken the blood of the top ten war beasts!

In addition, between heaven and earth, in the endless years, it is not impossible to match the top ten war beasts, or surpass the top ten war beasts. Once awakening that blood, it is also terrifying.

It seems that a spirit body that can continue to evolve like the dragon body war body is not without it.

After all, the spirit is not a bloodline.

The bloodline is innate, and once awakened, it can be improved, but all can be upgraded through Nirvana.

The spirit body is derived from the blood, not congenital. I am afraid that the limitation is not so large, and it is normal to be able to evolve.

The flames were getting stronger and stronger, and the phoenix was blaring and flying, but one day later, the burning flames seemed to burn to the extreme, quickly converging, revealing the figure of the Phoenix Spirit.

At this time, Huang Ling's cultivation practice, although it was still the third stage of the Half Saint, was more powerful than before.

Even Lu Ming felt a trace of pressure. Huang Ling's spirit body has evolved successfully and reached a medium-day spirit body.

call...

As soon as the flames closed, Huang Ling got up.

"Huang Ling, congratulations!"

"congratulations!"

Ye Dongfang, Xia Ding and others all congratulated Huang Ling,

In their eyes, envious, but not discouraged.

A higher spirit level represents a stronger talent and stronger combat power at the same level, but future achievements may not be stronger.

They are also the existence of celestial bodies, and have the potential to impact the emperor level. In the future, they will become the realm of Wu Emperor, and it is difficult to say who will achieve higher achievements afterwards.

Spirit level, although it represents talent, but in history, some people have reached the top by virtue of inferior spirits.

Chapter 1654: Kill Mingsheng Dacheng

Huang Ling nodded again and again, thanking everyone, then she looked at Lu Ming.

"Phoenix Spirit, I also happened to break through, just right, today, let's rush out!"

Lu Ming said, there was a sharp flash in his eyes.

"Okay, rush out today!"

Others nodded, their faces flashing a ray of murderous opportunity.

They are all arrogant and proud, but this time, they were forced to hide here for six months by the local ethnic groups, which made them hold a anger and wanted to explode.

"go!"

Immediately, Lu Ming took the lead and strode toward the way out.

Nearly 500 people, with the landing sound, the momentum is astonishing.

When I went out, there was no obstruction, and soon I came to the passage.

Sure enough, when going out, the time required to cross the passage only takes a short day.

When they crossed the passage, there was a loud roar outside: "They came out!"

boom! boom! boom! ...

Suddenly, outside the passage, in all directions, a terrible breath erupted.

That is all the breath of the Holy Realm.

There are twenty or so.

These people really did not give up, and actually waited here for half a year.

More than twenty figures came from the sky, enveloped by the holy light, the breath was thick like a mountain, and the prestige was filled.

"kill!"

Lu Ming shouted and killed the past.

"Kill, kill, kill!"

The other youths rushed past, and a terrifying light of attack struck forward.

Compared with half a year ago, their strength has improved too much.

"dead!"

A strong man of Ming Sheng Xiao Cheng, stared at Lu Ming, slammed toward the landing with a palm.

"It's you who died!"

Lu Ming spoke out indifferently.

This punch contains the power of the law of chaos.

boom!

A punch hit the opponent's palm. The opponent's face changed wildly and screamed. His palm exploded directly. The terrible strength, withering away, continued to bombard the opponent.

"Do not!"

The other party uttered a terrified scream, and under this move, his body was torn apart, his heart broken, and he died on the spot.

One move, killing the existence of a Mingsheng Xiaocheng, let other saints on the side, take a breath.

Weng!

Suddenly, the void fluctuated, and the space in front of another Mingsheng Xiaocheng strong man shattered like a mirror, and the body of that Mingsheng Xiaocheng strong man shattered like a mirror.

Another Mingsheng became a strong man, die!

This is a bubble shot, according to the law of time and space, killed a holy realm at once.

Tweeting...

On the other side, the Phoenix Spirit was bathed in undead flames. With a palm shot, a flaming phoenix flew out, a Mingsheng Xiaocheng's strong man, his body fluttered and was blown out, and he vomited blood.

One stroke was seriously injured by Huang Ling.

Ye Dongfang, Xia Ding and others also broke out with all their strength. Each of them can fight the saints without any weakness.

Coupled with the cooperation of nearly 500 others Tianjiao, the power is afraid, united, completely blocked the other party's attack.

"court death!"

An old man in black robe, with cold eyes, slammed towards the landing.

This person is a strong man with a bright future.

A devil's big handprint slammed towards the landing, and its combat power was several times stronger than Mingsheng Xiaocheng.

On Lu Ming's palm, a chaotic Fantian Imprint suddenly appeared and smashed towards the other party.

Chaos Fantian Seal, urged by the power of the law, the power is even more terrifying, directly defeating the opponent's Demon Palm Seal.

"It seems that the existence of the other's Mingsheng Peak is not here for the time being, then this guy will be cut!"

Lu Ming's eyes burst into cold murder.

His eyebrows glowed, Ming Lian stepped out, the Tai Chi array glowed, and a picture of Tai Chi Yin and Yang fish was suppressed to the old man in black robe.

The old man in black robe burst into magical light, blasting out two palms in a row, fighting against the Taiji Yinyang fish pattern.

But at this time, he was shocked to find that his movements became slower, like slow motion.

call out!

A blade formed by a space was cut, and there was a sword wound on the old man in black robe. The blood was flowing, and his body was almost cut in two.

"kill!"

How could Lu Ming let go of such an opportunity, with a roar, the Excalibur's tactics hit the other's soul.

When Lu Ming broke through the second stage of the Half Saint, the soul was tempered and finally broke the limit. Now, Lu Ming's soul power is already equivalent to that of a Mingsheng Xiaocheng strong man.

Even if the soul power is not as good as the old black robe, the magic sword can still exert a certain influence on the other party.

At the same time, Lu Ming had appeared beside the old man. In the old man's horrified eyes, he punched and hit the old man's head.

The old man's head burst like a watermelon.

Uh!

Lu Ming clawed, grabbed the old man in black robe, Dan Tian, and grabbed the other party's sacred heart.

A black ink-like sacred heart, like diamonds, has a crystal sensation, and its surface is filled with magic law.

The holy heart of the saint, but a treasure, can be used for alchemy, or refining, the price on the market is very expensive, Lu Ming put it away directly.

The old man in black robe, who is already dead, can't die anymore.

A strong man of Ming Sheng Da Cheng was killed in a few shots by Lu Ming, Second Body, and Bubble.

Of course, this is because the three cooperate with each other. If Lu Ming is the only one, the combat power is probably not much different from that of the other party. It is impossible to kill, and at most it has the upper hand.

Seeing this scene, the powerful saints of various ethnic groups in the country were terrified and retreated.

The same is true for the existence of three other Ming Sheng Da Cheng.

They were trying their best to deal with other Tianjiao, and when they saw this scene, they felt cold all over.

Not seen for half a year, Lu Ming punched a Mingsheng Xiaocheng person with one punch, even killing Mingsheng Dacheng, which is too scary.

"Rush!"

Lu Ming did not like to fight, taking advantage of this opportunity, rushed out of the siege.

"Die to me!"

At this time, a shouting roar came from behind, and a thin figure flew towards this side at a rapid speed. It was the strong man at the peak of Mingsheng.

This person was originally in the tomb of the reincarnation emperor, was injured by the power of the law on a large tomb, and hurt the source. Surrounded.

"All pictures of entering the mountains and rivers!"

Lu Ming shouted, summoned the mountain and river map, and collected all the others into the mountain and river map.

The strong man at the peak of Mingsheng, even if he joins the bubble and the secondary, is not an opponent. The Holy Realm, each step of the step, the combat power is increased several times, and the gap is very huge.

After putting away the others, the bubble opened a space-time channel, and Lu Ming stepped in directly. The next moment, he had appeared tens of thousands of miles away.

After the bubble realized the law of time and space, all aspects of nature have risen sharply, and the distance of the space-time channel has also increased several times.

Tens of thousands of miles away, the bubble then opened the space-time channel, and Lu Ming appeared again tens of thousands of miles away. After three consecutive times, Lu Ming was already one hundred thousand miles away.

Chapter 1655: Desperate Yunkai

The strong man at the peak of Mingsheng looked at Lu Ming who was missing, dumbfounded, and then made a furious roar.

After he knew that Lu Ming had killed a Mingsheng Xiaocheng and a strong Mingsheng Dacheng, he almost spit out an old blood.

This time, rounding up Lu Ming was a complete failure.

Half a year ago, not only was he injured, but this time, he lost two masters.

I had to wait here for half a year, but I didn't even leave a hair on the other side. Their depression can be imagined.

"Notify all races and hunt down other outsiders on the battlefield of the hundred races. In the future, anyone who sees outside will be killed without pardon!"

The strong men at the peak of Mingsheng shouted, and the killing was extremely rich.

...

After several space-time passages, Lu Ming turned around and flew towards the periphery of the Baizu battlefield.

How fast Lu Ming is now, like a stream of light flying across the sky, half a day later, Lu Ming has come to the periphery of the battlefield of the Bai Clan.

Ok!

Suddenly, Lu Ming's eyes moved, and he heard that there was a violent roar in front of him, that was the sound of war.

Lu Ming flew forward.

Soon after, Lu Ming saw that the four young men were being hunted down by a group of strange beasts.

"It's them, it's a coincidence!"

An inexplicable smile appeared in the corner of Lu Ming's mouth.

The four young men were actually Yun Xi and Yun Kai.

I haven't seen it for more than a year, and the cultivation of the four has also been greatly improved.

Yun Xi, when he first entered the battlefield of the Hundreds of Clan, Xiu Wei has reached the peak of the Emperor Wuzhong. Now, he has reached the second stage of the Half Saint, and the realm is equivalent to Lu Ming.

The three Yunkai also reached the first stage of the Half Saint.

But now, they are extremely dangerous, chased and killed by a group of strange beasts, and they are in danger.

Yun Xi and Yun Kai are very depressed.

During this time, they have been active in the periphery of the Bais battlefield, honed in some of the surrounding cities, and their cultivation has been steadily improved.

But more than half a year ago, the local people on the battlefield of the Hundreds of People did not know what was going crazy. They actually began to hunt and hunt wildly.

They were lucky, escaped the disaster and found a safe place to escape.

This hideout took more than half a year. Recently, their cultivation practices broke through one after another, and they came out. They wanted to rush out, withdraw from the battlefield of the Bais, and return to Yundi Mountain.

But not long after he came out, he came across a group of strange beasts.

The overall combat power of this group of monsters is twice as strong as them, and they are not opponents at all.

"Rush, rush out!"

Yun Xi shouted, and a long spear danced like a dragon, blocking three half-beasts of the second stage.

They wanted to rush out, but those strange beasts entangled them.

"Ah, Yunkai, what are you doing?"

Suddenly, an angry roar sounded.

It turned out that it was Yunkai who shot suddenly and flew Yun Que away with a palm. Many strange beasts suddenly flew to Yun Que.

Yun Que roared with rage and broke out with full force to resist.

"Yunkai, you..."

Yun Xi is also furious.

"With his life, for the lives of the three of us, it's worth it, now rush!"

Yun Kai shouted, and his eyes shone coldly.

Yun Que desperately attracted a group of strange beasts, naturally showing up to see the gap, Yun Kai quickly rushed out of that gap.

"Ah, Yunkai, you will not die!"

Yun Que shouted wildly.

Boom!

His arm was torn by a strange animal.

"hold onto!"

Yun Xi shouted and rushed towards Yun Que, swept away a foreign animal, and saved Yun Que dangerously and dangerously.

"Huh, it's really stupid, so good opportunity not to rush out, then you all die!"

Yun sneered.

"Don't let him run away!"

A strange animal uttered words, and suddenly, several powerful strange animals chased towards Yunkai, including two half-strange second-phase strange animals.

Yun Kai's complexion changed, and he displayed his body to the extreme, flying at maximum speed.

The next moment, his face moved, because he saw a man in front.

This person is naturally Lu Ming.

"Lu Ming, it's you, you came just to help us resist the beast!"

Yun Kai coldly drank, a glimmer of cold light flashed in his eyes, and flew towards the landing speed.

Obviously, he wanted to pull Lu Ming into the water to help him resist the beast, so that he could escape his own life and sinister intentions.

With a faint smile on Lu Ming's face, he was motionless.

Yun Kai's face showed a terrible color, and rushed towards the landing Ming quickly.

"roll!"

Suddenly, Lu Ming shouted.

In this voice, the power of the Excalibur Sword was contained. Yun developed a scream and stopped in the air.

And Lu Ming stepped out, stepped over Yunkai, and appeared on Yunxi's side.

"kill!"

Lu Ming shouted again, and the sword sword blasted out with the power of the sound wave, and bombarded those strange beasts.

thump! thump!

A large piece of foreign animal fell down directly and became extinct.

Lu Ming shouted just now that the souls of those strange beasts have been destroyed by Lu Ming, including several half-stall second-beast beasts.

Yun Xi three people, looked dumbfounded.

For them, the terrible beast, after Lu Ming shouted, died a large part, which made them feel like a dream.

Immediately, Lu Ming's palms were held in the void, forming three true yuan ribbons, entangled Yun Xi three people, and quickly retreated.

Those strange beasts, watching Landing Ming, terrified, where to dare to chase.

"Ah, save me, save me!"

At this moment, Yun Kai shouted.

Lu Ming's drink to Yunkai just now didn't kill him, or even hurt him, but just because he had a pain, his body stopped, and now he was surrounded by those strange beasts.

He alone, where are the opponents of those strange beasts, suddenly added several wounds on his body.

Lu Ming, Yun Xi and others all looked indifferently.

Before besieging Yun Xi and their beasts, seeing this scene, they immediately roared and rushed towards Yun Kai.

Yun Kai was even more desperate and shouted: "Lu Ming, save me, save me, I am a disciple of Yundi Mountain, you can't see death and not save!"

Lu Ming shook his head, the cloud opened, and at this time, he threatened him with Yundi Mountain, which was really stupid.

puff!

Yun Kai's leg was torn apart by a strange animal. He screamed sternly, "Lu Ming, Yun Xi, I was wrong, I was wrong, save me, save me. ..."

But at the next moment, a half-holy second-stage beast directly bit his head, and Yun Kai died in unwillingness.

Roar! Roar! ...

Those strange beasts gave Lu Ming a solemn look, and then they ran away without even daring to start.

"Yunkai, it's really dead!"

Yun Que said bitterly.

Before, Yun Kai actually calculated him in order to save his life, and took his life to block it. They had no trace of sympathy.

"It's a dead death!"

Yun Xi spoke coldly, then looked at Lu Ming and clenched his fists: "Lu Ming, thank you for your help!"

Chapter 1656: Nine days and ten places

Next, Yun Que and another young man Yun Feng also thanked Lu Ming.

At the beginning, when Lu Ming wanted to come in with them, they still looked down upon Lu Ming.

At that time, Lu Ming's cultivation practice was the sixth peak of the Emperor Wu Emperor. They thought that Lu Ming wanted to use their power to hone in the battlefield of the Hundred Races.

But now, after more than a year, Lu Ming is unfathomable in their eyes. Moreover, Lu Ming rescued them twice or twice, otherwise, I am afraid that they will never get out of the battle of the Bai race.

"No need to thank, I save you, I just want to take your teleportation array and return to Cangzhou!"

Lu Ming said lightly.

The Bais battlefield is far away from Cangzhou. I am afraid that it is very far away. There is no teleportation array. By flight, I don't know how long it takes. Yunzhou is the largest state closest to Cangzhou.

If you want to go back, go to Yunzhou first, which is the nearest.

Yun Xi, Yun Que several people, a little embarrassment appeared on his face.

"Go!"

Lu Mingdao flew away in the direction of the Baizu battlefield.

Several people in Yun Xi quickly followed.

Here, it is not far from the Bai Clan battlefield. Soon after, they flew out of the Bai Clan battlefield and appeared outside the Bai Clan battlefield.

As soon as he flew out of the battlefield of the Hundreds of Clan, Lu Ming felt immediately that the law of chaos between heaven and earth was clearer, controlled, and more casual and natural.

After all, the rules in the battlefield of the Bai people are too confusing.

"The saints outside the battlefield of the Hundred Races are probably more powerful than the holy men inside the battlefield of the Hundred Races!"

Lu Ming turned a thought in his mind.

In the battlefield of the Hundreds of people, the rules are chaotic. Those saints, controlling the rules, are definitely not as free-wheeling as they want. In the same level of battle, the saints outside are certainly stronger.

"Lu Ming, let's go to the teleportation array!"

Yun Xi Road.

"Wait!"

Lu Ming said, and then his eyebrows glowed, and a large group of people suddenly appeared, frightening Yun Xi and others.

Especially after they sensed the behavior of this group of people, their faces changed even more.

The cultivation of this group of people is that each one is not weaker than them, and all are stronger than them. Some people's breath is as thick as a mountain and unfathomable.

Tianjiao are all peerless.

Yun Xi's eyes widened in shock. Lu Ming still had such a huge power. What did Lu Ming experience in the battlefield of the Bai race?

This group of people is naturally Huang Ling, Ye Dongfang and others.

As soon as they came out, Huang Ling looked around.

"Hey, the law here is not in the battlefield of a hundred people!"

"Hahaha, we are out!"

As soon as they sensed it, they could naturally sense it. There was already a hundred race battlefield here, and they were ecstatic.

They are finally out of danger.

Although the direction of many people going back is not on this side, as long as they go out of the battle of the Hundreds of Clan, they want to go back, it's easy, it just takes more time.

Then, everyone expressed their gratitude to Lu Ming. Yun Xi and several people could only stare dumbfounded.

"Lu Ming, with your talents, you must go out of Cangzhou in the future. After all, Cangzhou is too small. If you go out of Cangzhou in the future, you can come to the ancient moon holy land to find me!"

Huang Ling's beautiful eyes circulated and came to Lu Ming. There was a hint of reluctance in her eyes, but she was well hidden by her.

"Ancient Moon Holy Land?"

Lu Ming wondered, he had never heard of the ancient holy land!

"Have you never heard of it?"

Phoenix Spirit Road.

"No, I came from Yuanlu overseas. I am not very clear about Yuanlu. There are not many records in Cangzhou's classics!"

Lu Ming said.

"You came from a barren land?"

This time, not only Huang Ling but other Tianjiao were also surprised.

Lu Ming was so arrogant that he came from a barren land, which was beyond their expectations.

"Badlands?"

Lu Ming was even more puzzled. Why didn't Huang Ling hear the place names they said?

At the beginning, the owner of Yunlong Valley gave him a map of the territory of dozens of large states near Cangzhou.

"Lu Ming, let me tell you about the geographical division of the whole world. Legend, between heaven and earth, there are nine days and ten places!"

"Legend, Nine Heavens, is not the land of our Yuan Realm, but the Celestial Realm. Legend, the Heaven Realm and the Yuan Realm are twin worlds. The Heaven Realm is divided into Nine Heavens, and the Yuan Realm has Ten Lands!"

"Nine days of heaven, I don't know, after all, it is too far away from us, and the ten places of Yuanlu are the barren land, the land of sin, the land of all demons, the land of all monsters, the land of mythical beasts, the five elements. The land, the wild land, the land of Nine Serenities, the land of Yuanshan, the land of God's life!"

"Among them, the barren land refers to the infinite islands beyond Yuanlu, which together are called the barren land!"

Huang Ling explained in detail.

"Beside Yuanlu, the endless sea, and the infinite mainland islands, are actually only one of the ten deserted places?"

Lu Ming was a little dazed.

"Good, and the place we are in is the land of Yuanshan, one of the ten places!"

"The land of Yuanshan is vast and vast, and it is difficult to calculate. In the land of Yuanshan, there are infinite powers, many emperor-level forces, and countless heaven and earth!"

"But among all the heavenly blessings, there are nine places, the most famous of which are called the nine great holy places. Each of the nine great holy places is a holy place for cultivation. The environment is unique, far more than other places, the ancient moon holy place, It is one of the nine holy places!"

"Every holy place, there are many powerful forces. My Phoenix Palace is in the ancient moon holy place. In fact, the location of the battlefield of the Bai people is within the radiation range of the ancient moon holy place. Therefore, come to the Bai people The arrogance of the battlefield is almost all from the ancient moon holy land, and some big states near the ancient moon holy land, some emperor-level forces!"

Huang Ling continued to explain.

Lu Ming took a long breath, revealing shock in his eyes.

He finally had some clear understanding of Yuanlu's territory.

Vast, too vast.

Cangzhou is already very vast, but it is just one of many great states near the ancient moon holy land.

In the ancient holy land, there are obviously more powerful forces entrenched.

In the land of Yuanshan, there are nine holy places, how many big states must there be? How big is the territory?

But the land of Yuanshan is only one of the ten places in Yuanlu.

How many arrogances and how many strong people are there in this vast territory?

I am afraid no one knows that on the vast expanse of land, every day, there are strong men falling, and some strong men are born.

Lu Ming's eyes showed strong expectations.

Cangzhou is still too small. In the future, he will definitely go out of Cangzhou and go outside.

"Brother Lu, in the future the holy land of the ancient moon, we must remember to find me, when we will drink a bit!"

Ye Dongfang said boldly.

Thunder God Sect is also in the ancient moon holy land.

Immediately, other Tianjiaos also sent invitations to Lu Ming.

However, there are only a few forces from the ancient moon holy land, and other forces are all imperial forces around the ancient moon holy land.

Chapter 1657: The only temple, where the autumn moon falls

"Phoenix Ling Ling, Brother Ye, there is something in Lu Ming's heart, I would like to ask you!"

Lu Ming pondered for a while, said.

"Brother Lu, but no matter what!"

Ye Dongfang said.

"You guys, have you ever heard the phrase "the only one in the world"!"

Lu Ming asked.

At the beginning, when Lu Ming was still very weak, there was a person who came to Shenhua and took away Qiyue, leaving only the words "On top of Shenhua, the only one in the world".

Above Shenhua, Lu Ming understands that it is probably a continent stronger than Shenhua Continent.

If it is a small overseas continent like the Shenhua Continent, it is troublesome, because there are too many to find.

If it is the forces on Yuanlu, Huang Ling, Ye Dongfang and others come from powerful forces, they are well-informed and probably know, so Lu Ming asked.

It has been more than ten years since Qiyue, Lu Ming missed it very much, I do not know what Qiyue is now.

"The only thing in the world?"

Huang Ling, Ye Dongfang and others glanced at each other, revealing a pensive look.

"Why? Huang Ling girl, Brother Ye, don't you know?"

Lu Ming was slightly disappointed.

"There is only one in the world, and dare to be so arrogant between the world. The one who uses this title is probably the "Single Temple"."

Huang Ling frowned.

"I think so too, who dare to call the world unique except for the only temple!"

Ye Dongfang said.

"The only temple, where is it? Is it an imperial power?"

Lu Ming's eyes lit up and quickly asked.

"The only temple, although in the land of Yuanshan, is not in the ancient moon holy land, but in another holy land. Moreover, the only temple is an extremely terrible force. The strongest in the only temple is very powerful. !"

"I heard that there are not many disciples in the only temple, and there are not many people, but every one who walks out is said to be the only one in the world. For example, a disciple in the only temple who practices the law of fire, then this person is fire. Among the laws, unique, powerful, and capable of overwhelming other geniuses who practice fire laws!"

"Practice other laws, you can suppress the genius of other laws, the world is the only one, and hereby comes!"

Huang Ling explained.

"Every one is unique in the world?"

Lu Ming is hard to believe.

Yuanlu is so vast, and the strong are like clouds. Although there are thousands of laws, there are even more people practicing. Each kind of law is afraid that there are very many people practicing, especially the common laws such as the law of fire and the law of water. There are more cultivators. Who can say he is the only one in the world?

The tone of the only temple was too great.

"The title of the only temple, although it is too much, how many arrogances in the world, how dare to be called the first and only, but I have to say that the people who walked out of the only temple are indeed terrifying, terrifying, and few opponents. !"

Phoenix Spirit Road.

"Yes, I heard that there is some strong man in the only temple. He travels the world all year round, looking for people with special talents, and bringing them back to the only temple to cultivate and cultivate!"

Ye Dongfang also followed.

Ye Dongfang's words made Lu Ming's eyes bright.

The only temple dedicated to the strong walking the world, looking for people with outstanding talents, and bringing back the only temple to practice, it is likely that someone will go to the God Wasteland and find Qiuyue.

Lu Ming found some eyebrows, no matter what, the only temple, he must go in the future.

"Thank you for solving Lu Ming's doubts!"

Lu Ming clenched his fists.

"Brother Lu is polite, then I will leave first. For the battle of the Bais, report to Zongmen as soon as possible, lest there will be another arrogance to enter!"

Ye Dongfang said.

After that, other people also said goodbye to Lu Ming.

Finally, the people of Phoenix Spirit and Phoenix Palace also left, leaving only Lu Ming and Yun Xi.

"Let's go!"

Lu Ming said.

Several people in Yun Xi nodded subconsciously, unconsciously, Lu Ming established a strong prestige in their hearts.

It was very close to Yundi Mountain's teleportation array. Soon after, they came to the teleportation array, stepped into the teleportation array, and returned to Yundi Mountain.

After returning to Yundi Mountain, the old man who had picked up Lu Ming and Yunlong Valley Master found Lu Ming and told Lu Ming a message.

Yunlong Valley asked him to speak to Lu Ming. Master Yunlong Valley had something to do during this time. If Lu Ming returned from the battlefield of the Bai Clan, he could return to Cangzhou alone.

"Thank you senior!"

Lu Ming clenched fists towards the old man.

The old man nodded and led Lu Ming out of Yundi Mountain's range. Then Lu Ming took out the broken shuttle and flew in the direction of Cangzhou.

Yundi Mountain is very far away from Cangzhou, especially from Longshen Valley. It took two days for the Yunlong Valley Master to get on the road.

At the speed of Lu Ming's low-level broken shuttle, it may take a month to rush back to Longshen Valley.

However, Lu Ming is not in a hurry any more than four months from the Dingbao Conference anyway. Just go back slowly.

During this period of time, I can just practice cultivation.

The higher the cultivation level, the more and more numb to time.

Emperor Wu, can live 10,000 to 20,000 years.

The saint has more than 100,000 years of life.

For some people, retreating once is only a few years, or even a few decades, and it may take hundreds of years and thousands of years to break through and rebuild.

One month, it's really nothing.

Sitting in the broken shuttle, Lu Ming saw several storage rings.

These storage rings were obtained by Lu Ming who had killed a few strong men in the Holy Realm battlefield.

Lu Ming hadn't checked and counted before. Now it's time to count.

Soon afterwards, the inventory was completed, even with Lu Ming's heart, it was dumbfounded.

Rich, really rich.

There are too many original stones in the treasure.

The Paladin alone has more than 100 pieces.

A total of 150 sacred soldiers, what a huge sum of numbers.

After thinking about it, Lu Ming knew.

This time, the local saints killed many arrogances entered by the outside forces. In these arrogances, almost everyone has sacred soldiers. Those sages collected the sacred soldiers, naturally more.

There are also original stones, which are also piled up. I don't know how many. In the future, Lu Ming will have enough.

"I am practicing the Ten Thousand Soldiers Skills, and I need a large number of Holy Soldiers. There is no shortage of them now.

Lu Ming thought.

Previously, Lu Ming was fully aware of the law of chaos and put the rest down, and Wan Bingjue had never practiced.

At the time of Emperor Wuzhong, Lu Ming was able to seal twelve Paladins, and now he has broken through the second stage of the Half Saint to understand the law of chaos, even in the flesh, he has refined a ray of real chaos, he is now How many Paladins can be sealed in his body?

Lu Ming himself is quite looking forward to it.

Immediately, Lu Ming began to practice, running the Ten Thousand Soldiers' Tactics, and began to seal the Holy Soldier in the cave.

Thirteenth, easily completed, without the slightest feeling.

Then, the fourteenth, fifteenth...

In a blink of an eye, more than half a month later, Lu Ming had left Yunzhou and entered Cangzhou.

Chapter 1658: Lu Yu Su Lei

For half a month, Lu Ming continued to practice the Ten Thousand Soldiers' tactics. The further he went behind, the slower the speed of sealing the Paladins, because the more the Paladins were, the more they penetrated each other, and the stronger the vigor of the soldiers formed. The greater the load on the body, Lu Ming must do it step by step, step by step.

In the end, Lu Ming successfully sealed thirty-six soldiers. It was here that Lu Ming felt the limit and stopped.

You know, when Wan Tiancheng was in the second stage of the Half Saint, he only sealed the 14 Paladins, which was very different from Lu Ming.

Thirty-six melted the soldiers of the Holy Soldiers, and the power reached a terrible state.

After practicing Ten Thousand Soldiers' Practitioner, he began to understand the law of chaos, and realized the chaotic mark of chaos.

Now, Chaos Fantianyin has reached the peak of the fifth level, not far from the sixth level, the consummation level.

Time passed, and days passed.

Flying through the high altitude.

Uh!

Suddenly, a bright sword light flashed underneath, attracting Lu Ming's attention.

Lu Ming walked to the crystal glass and looked out, suddenly raised his eyebrows, he saw an acquaintance.

Su Lei!

At the beginning, I practiced at the Longtiangu Tongtian Floating Platform, bet against the Silver City in the Silver Dragon Valley, and later blamed the Silver City, and even raked. At that time, no one dared to come out to testify for Lu Ming. In the end, the timid little girl came out, Testifying for Lu Ming, the little girl was Su Lei, and Lu Ming was always impressed by it.

At this time, Su Lei was being pursued.

Along with Su Lei, there was also a young girl who fled in vain, and behind them, dozens of big men chased down quickly.

Lu Ming stepped out of the broken shuttle, waved his hand, put away the broken shuttle, and flew towards Su Lei.

"Su Lei, you can't escape today, but still follow us back to Su's house, so as not to suffer from the skin and flesh!"

Behind Su Lei, a big man sullenly said.

Su Lei gritted her silver teeth, silently, and flew forward as fast as possible.

"Huh, you don't think about it, you gang of despicable people, the lady will never go back with you!"

Beside Su Lei, the young girl shouted.

"Little girl, be bold, what do you know? You go back for the sake of the Su family, and it is your honor to pay for the family!"

The big man yelled, their speed was getting faster and faster, and they were very close to Su Lei.

Su Lei and the young woman looked paler and paler.

"Sister Su Lei, don't come unharmed!"

At this moment, a clear voice sounded, Su Lei stunned, then, he saw, in the high altitude, a young figure in black robe, stepped down into the air, long hair flying.

"Lu...Brother Lu Ming!"

Su Lei blurted out, full of surprise, did not expect to meet Lu Ming here.

Then Su Lei's face changed and shouted: "Brother Lu Ming, you are leaving..."

But the voice hadn't fallen yet, Lu Ming's figure flickered, and suddenly appeared between Su Lei and those big men.

The big men rushed directly to the landing Ming, shouting at the leader: "Boy, get away!"

After speaking, he stretched out a big hand and grabbed it to the landing.

Lu Ming smiled faintly, waved his hand, and in front of him, formed a wall of true yuan.

bump!

The big man grabbed on the wall of Zhenyuan, like an ordinary man's hand, full of strength on a steel plate, but the strength was stronger. With a click, the big man's fingers jumped off.

Moreover, because they rushed forward too fast, they hit the Yuanyuan walls one by one.

bump! bump! bump!

The scene was very spectacular. More than a dozen big men flew at a rapid speed and suddenly hit the wall of Zhenyuan. The bumped heads were dizzy, crooked, and their noses and noses were bleeding.

Some people have broken their nose bridges.

Su Lei and the young woman were stunned.

It was half loud, and the dozen big men responded and shouted for the first one: "Boy, this is something inside our Su family. It has nothing to do with you, hurry up!"

Although he shouted, his eyes were dignified.

The wall of Zhenyuan condensed by Lu Ming just now, although they were not attacked by more than a dozen of them, their bodies were also covered with Zhenyuan and the field, and they hit it. The walls of Zhenyuan were still immobile, but they were themselves, with swollen noses and blue faces. Embarrassed.

"Are you the same race as Sister Su Lei?"

Lu Ming looked at Su Lei.

Su Lei blushed and nodded slightly.

"Boy, see, this is my Su family's private affair, get away quickly, we will take Su Lei back to Su family!"

Shouted for the first man.

"No, no, I don't want to go back to Su's house!"

Su Lei shook his head again and again.

"Today, if you don't go back, you have to go back, brothers, take action together!"

Drink for the first big man.

"roll!"

A cold light flashed in Lu Ming's eyes and stepped out.

boom!

The sky roared, and a terrible force rushed towards a dozen big men.

More than a dozen big men, the strongest one, was only the Emperor Wu Emperor's Eightfold. In front of Lu Ming, like a ants, he was vulnerable.

bump! bump! ...

More than a dozen big men flew out directly, vomiting blood one by one, looking at Lu Ming, shocked.

This young man is so strong!

"Su Lei, what if you have a helper? Don't forget, your mother is still in the Su family. If you don't return, your mother will die because of you!"

The first big man said viciously.

Su Lei's face was pale, and tears twirled in her eyes. She would cry at any time and said, "You...you don't want to hurt my mother!"

"Huh, you better think about it yourself, let's go!"

The big man sneered, then turned around and left.

"Am I letting you go?"

Lu Ming said coldly.

This made a dozen big men's faces pale, revealing fear.

"Brother Lu Ming, let them go, otherwise, I will **** her..."

On the edge, Su Lei made a sound.

A dozen big men flew forward quickly, disappeared, and Lu Ming did not pursue.

"Sister Su Lei, what the **** is going on? Those people, your family?"

Lu Ming asked.

"me..."

Su Lei pondered for a while, and said, "Brother Lu Ming, it's okay? I'll take care of it myself, so let's go!"

"Sister Su Lei, are you afraid that it will hurt me!"

Lu Ming asked directly.

This timid girl is kind-hearted and has no intentions. Lu Ming can see what she thinks at a glance.

Su Lei twisted her hands together and did not speak for a while.

"Miss, there is nothing to say here. Those people are despicable and shameless. For their own sake, you have to sacrifice you, Miss, what kind of family, I yuck!"

On the edge, the young girl said uncomfortably.

This girl, Su Lei's maidservant, is called Su Cha, and her character is completely opposite to Su Lei.

Lu Ming flashed a sharp edge in his eyes and said, "Girl, come and talk to me, what's going on?"

"Okay, don't say the heart of the lady, for me, it's like this..."

Su Cha whispered.

Chapter 1659: Four families in Gusu city

Near here, there is a big city called Gusu City.

There are four major families in Gusu City. The Su family from Su Lei is one of the four major families.

In fact, in the long past, the four major families are actually the same family. I don't know what happened in the future. The four major families split, and several split families changed their surnames one after another, forming today's four major families.

The four major families have a common ancestral home. From time to time, the four major families will send out young strong men to compare with each other. Which one wins and which one will send people into the ancestral home to gain opportunities.

Moreover, foreign aid can still be invited.

No matter which family, as long as the younger generation is invited, they can represent a certain family and participate in the competition.

After all, relationships and connections sometimes also represent strength.

Now, it is time for the four races to compete and compete for the places to enter the ancestral land.

This time, the Su family invited Tianshenzong to take part in the Tianjiao, and helped the Sus to participate in the competition. There are Tianshenzong's Tianjiao to participate in the competition.

But Tianjiao Sect's arrogance has a requirement.

Because one of the gods of Tianshen Sect had fire lotus poison, and Su Lei was the mysterious dragon body. The requirement of Tianshen Sect's heavenly arrogance was to let Su Lei mate with the person who was poisoned by fire lotus. As soon as the Xuanyin dragon body will dissolve the other's fire lotus poison.

After Su Lei learned that, he ran out, only then Su family dozens of chasers.

But I didn't expect that the other party was so mean and threatened them with Su Lei's mother.

"It turns out so!"

In Lu Ming's eyes, Fengmang was even colder.

Where there are people, there are rivers and lakes.

Practitioners continue to fight for the benefit. Such things are performed every day in the vast Yuanlu.

Without strength, you can't even decide your own destiny.

Other people, other things, Lu Ming can't control, nor will he.

But this matter, since he was touched by him, and he still helped Su Lei, he will take care of it.

"Sister Su Lei, let's go, I will accompany you and go back to Su's house!"

Lu Ming said.

Su Lei shook his head again and again and said, "Brother Lu Ming, this is my business. I can't hurt you, I will go back to save my mother!"

"Go back yourself and promise their terms?"

Lu Ming said.

Su Lei fell silent, her tears twirling in her eyes again, and she seemed lonely and helpless.

With her cultivation practice, what can she do when she returns, and only by answering the conditions of the responding party can she save her mother.

"Go, I will go back to Su's house with you, Su Cha, you lead the way!"

Lu Ming was very direct, and with a small hand, Su Lei walked away.

"it is good!"

Su Cha nodded and flew forward first.

Today, she can only fight one.

Lu Ming, called Su Lei as a sister, should he be a disciple of Longshen Valley? Perhaps Lu Ming is very strong!

"Brother Lu Ming, Su...Su family, but there is a saint sitting in town!"

Su Lei was held in a small hand by Lu Ming, her face turned red, but she still said in her mouth, full of worry.

Although he knows that Lu Ming is very powerful, it was very powerful a few years ago, but compared to those half-holy, even saints, Lu Ming is definitely not invincible.

"Haha, what about the saints, still slap and die, Sister Su Lei, you helped me at the beginning, I still haven't paid this relationship? I missed this opportunity, how can I return your relationship in the future, do you want me to look like Xu? Hahaha!"

Lu Ming laughed, but Su Lei was flushed.

But after Lu Ming made a joke, Su Lei's mood was also much better. Ren Luming pulled and flew towards Gusu City.

Gusu City is very big, and in Cangzhou, it is also a famous city.

The four major families in the city, each of which has saints sitting in the neighborhood, can be described as powerful.

Moreover, there are also intertwined connections between the four major families and the top Cangzhou forces. Whenever a genius is born, it will be sent to 13 top clan forces for cultivation.

Just like Su Lei, he was sent to Longshen Valley to practice, and he only returned to the Su family when the four races were about to compete. Unexpectedly, this scene would happen.

Soon, Gusu City arrived, and the three came directly to a huge palace.

Here is the Su family.

"Su Lei is back!"

After seeing Su Lei, the big guards' eyes flashed, and several of them flickered, blocking the back road of the three people. They seemed to be afraid of their escape.

One of them rushed into the palace and reported.

"go!"

Lu Ming let go of Su Lei's little hand, stepped first, walked into Su's house, Su Lei and Su Cha kept up.

Entering the gate and walking through a promenade is a yard with a huge range.

When they first stepped into the courtyard, the sound of breaking the sky continued to sound. In the Su family's palace, people's shadows constantly flickered and flew into the courtyard to surround them.

The small faces of Su Lei and Su Cha couldn't help being white.

Lu Ming carried his hands on his back, his face calm and calm.

"Su Lei, I knew that you would come back!"

A sharp voice sounded.

Then, a few figures came to the courtyard.

At the forefront was a middle-aged man in a green robe, standing with his hands down, exuding a sense of majesty.

Qingbei middle-aged, standing next to a young woman, who is pretty long, at this time sneered, looked at Su Lei proudly, just the voice she just made.

"That's the Su family head, that woman, the Su family head's daughter, Su Qin, this man is a heart of a viper, and the gods of Tianshen Sect are brought by her!"

Su Cha sent a message to Lu Ming.

Lu Ming nodded, his eyes revealing a gleam, looking at the Su family head.

"The third half of the Holy Spirit, is the law jar?"

Lu Ming smiled faintly.

He saw at a glance that the cultivation of the Su family master was the third stage of the half-holy.

However, the Su family heads are at most inferior spirits. Even in the third stage of the law, Lu Ming still deserves to mention it.

As for Su Qin, the cultivation base is worse, only Wuhuang Liuzhong.

The head of the Su family also fell on Lu Ming, frowning slightly.

Because he couldn't see it, Lu Ming's cultivation was the realm.

However, his eyebrows were quickly released.

Lu Ming should have practiced some hidden technique. Since walking with Su Lei, most of them do not have a high level of cultivation, so don't worry.

"Homeowner, I... what about my mother? I'm about to release my mother, this matter has nothing to do with her!"

Now that he is here, Su Lei has also taken a step forward and stepped forward to face the Su family head.

"Su Lei, what are you in a hurry, after you help Zheng Fei detoxify the fire lotus, naturally you will be released!"

Su Qin's daughter, Su Qin sneered.

"No, I have to see my mother first!"

Su Lei gritted her teeth.

"Su Lei, now, you are not qualified to talk about the conditions, and it is your pleasure to be able to do the joy of fish and water with Tianshen Zong Tianjiao, maybe the other party will look at you afterwards and give you a place. Now!"

Su Qindao.

"I don't want, I will see my mother!"

With that said, in Su Lei's hand, a dagger appeared, facing his own heart, and said, "If you don't see my mother today, I'm in a big deal. You just want to!"

Chapter 1660: No need to choose now

"you dare..."

Su Qin's face changed and screamed.

Su family head, his face also changed, did not expect Su Lei to be so strong.

Lu Ming's expression didn't move. He was very close to Su Lei. If Su Lei really committed suicide, he had dozens of ways to save Su Lei, so he didn't need to worry. See Su Lei's mother first.

"Don't you dare? If my mother is in trouble, you can only get my body!"

Su Lei said toughly, his eyes showing a decisive look.

"Go and bring her mother!"

At this time, the Su family head ordered.

If Su Lei died, it would lose its effect. At that time, Tianshen Zong Tianjiao might leave with anger, and they had to be wary.

"Yes!"

Someone was heading towards the palace behind.

Soon, someone came here with a middle-aged woman.

"Leir, why are you back, go away, don't worry about me!"

The middle-aged woman shouted when she saw Su Lei.

"To shut up!"

Su Qin scolded.

"Let my mother come over!"

Su Lei cried.

When the Su family owner waved his hand, the man let go of Su Lei's mother.

Anyway, here is the Su family. Lu Ming has been surrounded by the masters of the Su family.

The middle-aged woman ran over and hugged Su Lei.

"Mother, are you okay!"

Su Lei put away her dagger and looked at the middle-aged woman.

"Leir, why did you come back, you all ran out, as long as you go back to Dragon Valley, they can't help you!"

The middle-aged woman said sadly.

"Mother, Leer can't leave you behind!"

Su Lei said.

"Leir..."

The middle-aged woman shed tears, and suddenly ran towards the Su family head, fell down on her knees, and pleaded: "Lord, please, please let go of Leer, how does Leer say, it is also the Su family, please let go Pass her!"

Su Lei's vein, originally from the Su family's heirs, still has a certain position, but after Su Lei's father and grandfather died in battle, their status in this vein fell sharply.

"You get up, you also said, Su Lei is the Su family heirs. I asked her to do this for the Su family. Since it is the Su family heirs, for the family, sacrifice a little bit, and what is it? And, It's not her life. I'm giving her a chance, but the other party is the arrogance of Tenjinzong!"

The owner of the Su family spoke indifferently.

"But... in this way, if the other party does not want Leir, Leir will be destroyed. The owner, please, please let Leer go!"

Su Lei's mother, continue to plead.

"Today, it is useless to ask anyone!"

At this moment, a cold voice sounded.

Then, three figures stepped into the courtyard.

The three young men, dressed in white robes, knew at a glance that they were disciples of Tenjin Sect.

One of them was flushed, as if a flame was burning in his body.

This person should be Zheng Fei who was poisoned by fire lotus.

The three men stepped forward, Zheng Fei stared at Su Lei violently, shouting: "You, don't hurry to take this girl, let him help me resolve the poison, not hurry..."

The body was poisoned by fire, and was always burned by flames. The pain was unbearable. Zheng Fei could not wait to interact with Su Lei immediately.

"Yes, a little thing, all delayed, if my brother has something, don't want us to help you Su family, then, we will go directly to the other three families, to see how your Su family first!"

Another Tianshen Sect Tianjiao spoke coldly.

Su Family Head and Su Qin's face changed a lot. If Tianshen Zong Tianjiao was angry and went to help the other three families, then their Su family would have no chance.

"Su Lei, you bitch, don't rush to take Brother Zheng Fei down to serve him. If you delay a major event, not only you, you will all die!"

Su Qin screamed.

Su Qin, the ancestral door she worshipped in, was Tianshen Sect, but she was only a small figure in Tianshen Sect. Finally, she invited a few Tianjiao figures to help Su's family. She didn't want to be damaged by Su Lei.

"Su Qin, don't think we don't know your thoughts. You are selfish and self-interested. When the Su family gets the first place and enters the ancestral land, it must be you. You must sacrifice the young lady in order to enter the ancestral land. The intention is really vicious! "

Su Cha couldn't help it anymore and shouted.

"Bold, you mean girl, dare to talk to me like this, palm!"

Su Qin's face was cold, and when he moved, he rushed towards Su Cha. With a slap, he was going to Su Cha Fan.

Su Qin's cultivation practice is the sixfold of Emperor Wuhuang. Although Su Cha has some cultivation practices, it is only Wuhuang's twofold.

"stop!"

Just when Lu Ming was about to start, Su Lei rushed out and gave Su Qin a palm, making Su Qin back again and again.

Su Lei's cultivation practice is similar to that of Su Qin, but Su Lei's spirit body is much stronger than that of Su Lei.

"Su Lei, dare you to stop me? I tell you, today you have no choice, all this is for the Su family!"

Su Qin screamed.

"No choice? How could it be?"

At this time, Lu Ming, who had never spoken, finally spoke.

Others' eyes looked at Lu Ming involuntarily.

"Boy, what do you mean?"

Su Qin looked at Lu Ming.

Lu Ming smiled, and a spear suddenly condensed in his hand.

call out!

Lu Ming shook his hand, and his spear was like lightning, and he shot towards Zheng Fei.

This scene was so sudden that no one thought that Lu Ming would suddenly kill Zheng Fei.

puff!

The spear passed through Zheng Fei's Dantian hole directly, destroying Zheng Fei's spirit god, and nailing Zheng Fei to the ground.

Zheng Fei's eyes and the rounded stare are all incredible.

He couldn't even dream, Lu Ming would suddenly shoot him.

Then, the light in Zheng Fei's eyes dimmed and there was no vitality.

The audience, a silence!

Everyone was dumbfounded and thought they were dreaming.

"you you..."

Su Qin raised his hand, trembling, pointing at the landing sound, unable to say a word at all.

Before, Lu Ming had been standing there, without saying a word, Su Qin had to ignore Lu Ming, he could not dream of it, Lu Ming would suddenly shoot, and killed Zheng Fei.

"Now, no choice, he is already a dead man!"

Lu Ming said lightly.

"Ah, ah, you dare to kill Brother Zheng Fei, you are looking for death, you are looking for death..."

Suqin hysterically screamed, Zheng Fei died, her plan, all ruined.

"Boy, find death, kill!"

The remaining two disciples of Tianshen Sect were suddenly furious, and there was a breath of Emperor Wuzhong.

The holy light permeated, and the two gods, Tian Tianjiao, slammed towards the landing.

Lu Ming shook his hand, two spears condensed out, and pierced towards the two Tianshen Zong Tianjiao.

The two Tianshenzong Tianjiao's attacks and defenses, under Lu Ming's spear, were vulnerable and collapsed one after another.

puff! puff!

Two spears were pierced from the two people's Dantian respectively, and the spirits of the two people were destroyed. Just like Zheng Fei before, they were nailed to the ground.

One hit kill!

In front of Lu Ming, the two Emperor Wu Jiuzhong's gods, Tianjiao, were proud.
