D Emperor 1661

Chapter 1661: Shout and vomit blood

"Bold, you dare to kill the Tianjiao Sect's arrogance, and go to heaven, the Tianshen Sect will not let you go!"

Su family head shouted, a half-sacred breath of the third stage, pressed towards Lu Ming.

But Lu Ming stood there calmly, without even waving her clothes.

"Damn, you damn, you dare to kill the brother of Tenjinzong!"

Su Qin also shouted frantically. Her plan this time, with all her painstaking plans, was completely destroyed.

"Don't forget, the Tianjiao Sect's Tianjiao died in your Su family. If the people of Tianshen Sect knew, who knew what they thought?"

Lu Ming spoke lightly.

In a word, let Su Qin, Su family head, and other Su family people suddenly change color.

Yes, Tianshen Sect's arrogance, but died in the Su Family. If the Tianshen Sect knows, who knows whether it will implicate the Sus Family. When the Tianshen Sect is angry, the Sus Family will definitely be destroyed.

"Damn..."

The Su family head, Su Qin and others, vomited blood angrily.

Not only did they not be able to speak out about this matter, they also had to hide it and help Lu Ming hide it.

"This matter, you have to pay your lives, you all have to die!"

Su Qin screamed, somewhat hysterically.

She paid an important price to bring three Tianshen Zongtianjiao to help, the purpose is for the Su family to win, she can enter the ancestral land and gain opportunities.

But now, everything is gone, destroyed by Lu Ming.

She hated, she hated why Su Lei didn't obey, and hated Lu Ming why she should intervene.

"Kill, kill me!"

Su Qin yelled and gave the order.

"kill!"

"kill!"

Around the courtyard, the masters of the Su family rushed to Lu Ming and Su Lei.

These masters of the Su family are all high-level martial emperors, and there are even a few people.

"roll!"

Lu Ming burst into sharp eyes and shouted.

This loud shout, Lu Ming not only used the Excalibur tactics, but also contained a terrible truth in the sound waves.

Those Su masters who rushed to Lu Ming screamed, and then their bodies seemed to be hit by a sledgehammer, retreating back at a faster rate than the slamming, and blood spewed in their mouths.

"How could this be?"

Su Qin, as well as several others who didn't make a shot, widened their eyes, and it was unbelievable.

Lu Ming was also terrifying. With a loud shout, dozens of Sujia strongmen, including a few half-holy strongmen, all vomited blood backwards. What is this cultivation practice? What kind of combat power?

Su Lei, Su Cha, Su Lei's mother, also dumbfounded.

"Brother Lu Ming, become stronger again!"

Su Lei whispered.

A year and a half ago, Lu Ming's Xiu Wei was strong, but not so exaggerated, but now, it is simply unfathomable.

Uh!

Lu Ming's eyes were like electricity, he looked at Su Qin, his palms were squeezed, Su Qin screamed, his body involuntarily approached the landing, and Lu Ming buckled his neck and lifted him in the air.

"Dad, daddy, save me!"

Su Qin shouted in horror.

"Let her go!"

The Su family head shouted, cultivated all the way, and exploded with all his strength. The law of the wind condensed and enveloped Lu Ming.

"Have you thought about it? Really want to fight me?"

Lu Ming looked to the Su family head.

boom!

Then, a terrible breath erupted in Lu Ming, and the terrible chaotic law diffused out, pressing towards the Su family master.

Su family head was struck by lightning, his body shook, he could not help backing up again and again, almost spitting out blood.

The gap is too big, Lu Ming seems to be a huge beast in the eyes of the Su family, unbeatable.

Su Family Master was shocked, and his thoughts changed sharply. Suddenly, Su Family Family took his breath away and actually clenched his fist to the landing, saying: "This son, really is a world of arrogance. Before Su Mou had no eyes, please forgive me !"

This move, even Lu Ming, was shocked.

The head of the Su family is worthy of being the head of a family and knows the truth of the situation.

"What happened today should not have happened. These three gods of the gods never appeared in the Su family, Su Lei, and later in the Su family, like Qin'er!"

Su Family Head, continue to speak, this is to try to ease the relationship with Lu Ming and Su Lei.

"Oh, it's faster to change your face, get out!"

Lu Ming slaps out the fan and puts Su Qin fan out on Su Qin's face.

"Ah, dare you beat me, dad, kill them, kill them!"

Suchen hysterically screamed.

"To shut up!"

Su family head scolded, so Su Qin closed his mouth.

Lu Ming smiled faintly. If it was outside, she slapped Su Qin directly.

But this is after all Su Lei's family. She still has her family in the Su family. He can't do too much, as long as Li Liwei is enough.

"Son, don't know what you call it?"

A smile appeared on the Su family head's face, politely holding his fist.

Lu Ming looked at the head of the Su family and spit out two words: "Lu Ming!"

"It turned out to be Brother Lu... wait... you... your name is Lu Ming? Longshen Valley Lu Ming?"

Su family head exclaimed, his face stunned.

Three years ago, Lu Ming had a battle with the Divine Son, and it had already spread all over Cangzhou. Some larger forces have heard of Lu Ming's name.

Su Qin, as well as other masters of the Su family, were also shocked with wide eyes.

So this person is Lu Ming, is Lu Ming already so powerful?

"If there is no second Lu Ming in Longshen Valley, it is me!"

Lu Ming said lightly.

"It turned out to be Brother Lu Ming. I really have no eyes, but the real dragon was in front of me, but I didn't recognize it. Brother Lu Ming, Su Mou had a ruthless invitation!"

With a smile, the Su family head and Lu Ming directly called up brothers and brothers, and they couldn't see that they were still arrogant with Lu Mingjian.

"what's up?"

Lu Ming said.

"Su Mou would like to invite Brother Lu Ming to represent the Su family and participate in the competition of the four major families. As long as Brother Lu Ming agrees, any conditions can be mentioned!"

The Su family dominates.

Lu Ming was stunned. He didn't expect that the Su family owner would actually ask him to fight for the Su family, which was beyond Lu Ming's expectations.

Su Qin's eyes were also bright. If Lu Ming shot, the Su family won.

"It's not impossible for me to shoot, but I have two conditions!"

Lu Ming said.

"Brother Lu Ming said!"

Su family heads were very happy and said quickly.

"First, in the future, Su Lei and her relatives are at Su's house. I don't want to hear anyone bullying them!"

Lu Ming said.

"Relax at this point. In the future, Su Lei and her relatives and tribes will dare to bully them in the Su family. The old man will not be lenient, no matter who?

The Su family owner readily agreed.

"The second condition, I helped the Su family to get the first place. The person who entered the ancestral land must be Su Lei!"

Lu Ming said.

"Impossible, this is impossible!"

Su Qin shouted.

Let Su Lei enter the ancestral land, it has nothing to do with her, she naturally disagree.

The head of the Su family also frowned, and he wanted Lu Ming to help, more for Su Qin.

Chapter 1662: Solve it, just do it

Su, the head of the family, had a complex face, and he did not answer for a while.

"Why? Is it difficult to agree on this condition?"

Lu Ming spoke indifferently.

"Brother Lu Ming, can you change the condition?"

The Su family dominates.

"No need to change, the old man agreed!"

At this moment, an old voice sounded, and in the depths of the Sujia Palace, an old man with white hair came out of the air.

"Saints!"

Lu Ming's eyes moved.

This old man is a saint, but it's just Mingsheng Xiaocheng.

"Ancestor!"

Seeing this old man, the Su family head quickly bowed to salute.

"See Ancestor!"

Su Qin and others in the Su family, including Su Lei, Su Cha, and Su Lei's mother, respectfully saluted.

This old man is the pillar of the Su family, the only saint in the Su family.

"The old brother Lu Ming's condition just agreed. After the Su family's victory, let Su Lei's little girl enter the ancestral land. She is also the Su family's ancestors. If she can get the chance of the ancestral land, it is also my lucky family!"

The ancestors of the Su Family Holy Land spoke.

"Yes, Ancestor!"

The Su family head nodded quickly, daring not go against it.

Su Qin was extremely unwilling, but the ancestor of the Su family spoke, and she dared not say a word, but could only secretly gritt her teeth.

"Also, don’t take advantage of the old husband’s retreat. You, the head of the family, can do whatever you want. You are the head of the Su family. Think for the whole Su family, not for your children. If so, you, the head of the family, don’t need to be. !"

Su family ancestors, continue to speak.

The Su family heads were cold and sweating, and bowed in fear, saying: "The ancestors forgive sins, I will never dare again!"

In the world of martial arts, everything speaks with strength.

In the Su family, the saint is heaven, who can decide the position of the head of the family.

In front of the Su family ancestors, the Su family owner dared not even put one.

"This girl's talent is very good. In the future, it should be focused on training. The Holy Realm is expected. Do you understand?

The ancestor of the Su family looked at Su Lei, showing a kind smile. Then, when he looked at the head of the Su family, there was a sharp flash in his eyes.

He retired all the year round, sometimes for several decades, so he rarely asked about the Su family. If this time it was not because of Lu Ming's breath that he ended the retreat, he would almost lose Su Lei's arrogance.

Su Lei's talent is completely hopeful of impacting the saints. It is difficult for a family to have such a genius. The head of the Su family is so good that he has to sacrifice Su Lei to change the chance for his daughter.

Ancestor Su's heart flashed with anger, he secretly planned, it seems that the Su family should be rectified.

"Brother Lu Ming, please, the old man ordered the banquet to thank the younger brother Lu Ming for his help, and for my Su family, to keep a proud day!"

Su's ancestor looked at Lu Ming, politely.

"You're welcome, please!"

Lu Ming smiled slightly, then stepped into the depths of the Su family with Su Lei.

As for the Tianjiao Sect's several arrogances, some people naturally dealt with them, and they gave orders.

After the banquet, Lu Ming temporarily stayed in the Su family.

The four competitions started seven days later. Anyway, there is still some time before Dangbao Conference. Lu Ming is not in a hurry. By the way, he helps Su Lei, a kind-hearted girl.

In seven days, it's just a matter of time.

The comparison of the four major families in Gusu City is just the beginning. The location is in a huge square in the center of Gusu City.

In the middle of the square, a huge battle platform was already built.

On this day, the square was full of people.

The comparison of the four major families in Gusu City is a rare event in Gusu City. The warriors in Gusu City naturally flock to gather.

In the four directions of the square, some stands were built, and Lu Ming and the people of the Su family landed on the east stand.

Subsequently, the other three family members landed on the other three stands.

Soon after, the competition officially started.

The rules of the competition are very simple. Each family sends six young strong men to enter the battle platform together for a team battle. In the end, which family still has someone on the battle platform is the one that wins.

The Su family, including Lu Ming, also selected six young people, and Su Lei was also one of them.

The other strongest, except for Lu Ming, was the highest, and also the Emperor Qizhong.

In the past, the Su family will invite some foreign aid, but this time, with Lu Ming, the Su family naturally does not need to invite foreign aid.

Uh! Uh! Uh! ...

Four directions, one figure after another rushed to the battle platform.

There are exactly six people in each direction.

As soon as the others jumped onto the battle platform, they looked at each other.

Afterwards, there was a scuffle, and it was natural to observe the enemy before we knew how to fight?

"Haha, Su Qi, your Su family, there is no foreign aid this time? No, there is only one foreign aid? Have you given up this test?"

A loud laughter sounded, and in the south, a middle-aged sneered at the Su family head.

"In addition to that one, the other most talented Emperor Wuzhong Qizhong, it seems that the Su family really gave up, then the Su family was eliminated first, and our three will decide the victory!"

In the west direction, a voice also sounded.

These people who spoke were the heads of the other three big families.

Like the head of the Su family, they are all in the third stage of the half-sacred. The cultivation of the law tank and the cultivation of Su Lei and others were swept away by their spiritual knowledge, and they were clearly seen clearly.

The only exception is Lu Ming. Lu Ming used the magic breath technique. They did not see Lu Ming's cultivation behavior at all, but they did not care too much. They did not believe how strong Lu Ming's cultivation behavior was.

"Wait, you guys cry!"

There was a sneer in the mouth of the Su family, and he did not speak.

Now it's useless to say more, wait a minute, let them know the power of the Su family.

"The owner has spoken, let's solve the Su family first!"

On the battle platform, some of the six people in the south sneered and looked at Lu Ming.

"I also think that Sifang people are too complicated to solve the weakest one first!"

Some of the six people in the west sneered.

Then, the three parties stepped out and urged them towards the landing, and the powerful breath bloomed one by one.

All the high-ranking martial emperors, each side, have several martial arts emperors.

Among the six Su family, except Su Lei, the others looked pale.

Seven days ago, Lu Ming showed great power at the Su family. Only some senior members of the Su family, some strong people participated. These young people did not participate. Naturally, they did not know how powerful Lu Ming was.

"How to do?"

There was cold sweat on the face of a young man. The other three big families all had foreign aid. Each family was much stronger than them. Not to mention the three joined forces. They knew the result without fighting.

"It's not enough to solve it!"

Lu Ming smiled and stepped towards the center of the battle platform.

"You...you are dead, what should you do? What should we do?"

A young Su family was helpless.

"I think... we can just watch it!"

Su Lei said timidly.

Chapter 1663: Is this the end?

The other four youths in the Su family were in a daze.

Watching? What do you mean?

The young masters of the other three companies also focused on Lu Ming.

What does the Su family mean? Let one person walk to the center of the field, and the other five people watch on the edge of the battle platform. What is this tactic?

Do you want Lu Ming to deal with the three parties alone?

At this time, the other three family heads also frowned.

Lu Ming’s cultivation practice, they couldn’t see through it, guessing that Lu Ming was practicing the wonderful technique of concealment, and originally thought that Lu Ming’s cultivation was no matter how strong he would be, but it wouldn’t be so strong, but now it looks wrong!

In their hearts, they had a bad feeling, especially when they saw the calm expression of the Su family head, they felt even more wrong.

"You guys, let's go together!"

Lu Ming stood at the center of the battle platform, carrying his hands and talking lightly.

"What? Let's do it together?"

"This kid, so arrogant!"

"It is indeed arrogant. Even if we have so many people, even if they are half-holy, we are not afraid. Is he still a half-holy?

"Such a young half-holy is only available in thirteen top ancestors, and the number is very small. Now the Dingbao Conference is about to start. Those masters are preparing for the Dingbao Conference. Will they come to participate in the competition of several small families? ?"

"Pretend to be a ghost, shoot together and bombard him off the battle platform!"

Surprised, indifferent voices sounded, and then, the masters of the three big families shot, a total of 18 people, blasted to the landing together, all kinds of light gathered together, terrible.

With so many masters shooting together, even if it is the first stage of the half-sacred existence, they must avoid it.

Lu Ming's figure, still unmoved, he just took a step.

bump!

One step out, the battle table shook, three Kowloon screamed out, and rushed to the masters of the three families.

It can't be resisted, it can't be resisted.

Three big families, eighteen young masters, like eighteen balls, flew backwards and vomited blood in the air.

bump! bump! bump! ....

Eighteen young people, like dumplings, fell under the battle platform and wailed on the ground.

Quiet!

Around the square, there was a dead silence, no sound.

ended!

Actually ended like this?

Lu Ming is just taking a step, and this competition is over.

Many warriors from Gusu City arrived here. They wanted to watch a dragon fight. They never dreamed that this rare event in Gusu City had just begun and was over.

Some people didn't even see how it ended because of a small gap.

"This this..."

The heads of the other three families, as well as other masters, were speechless and completely speechless.

"Hahaha, give up, give up, this time the ancestral land, I belong to the Su family!"

The Su family head laughed a lot, because Su Qin couldn't enter the ancestral land quite depressed heart originally, a lot of fun.

The four big families in Gusu City are fighting constantly. When will he see the expression of the other three big family heads?

Su Qin sighed on the edge of the Su family.

Su Lei could actually get Lu Ming's help, but she was helpless. She sighed in her heart that Su Lei was lucky.

"Unexpectedly, this time the Su family invited such a powerful young arrogance. This person should be the arrogance of the top sect of the 13th National Congress. The cultivation is definitely in the half-sacred realm!"

"Huh, this time, they are lucky in the Su family!"

People of other families can only live up to their mouths.

And many onlookers are helpless, and a grand meeting is over.

"Let's talk nonsense, now, let's open the ancestral land!"

The Su family dominates.

The ancestral land needs four family heads to open at the same time. This is the rule of Gusu City for many years. The other three family heads, although unwilling, are only allowed to open.

They had to put their hopes in the next competition.

"Su Lei, let's go!"

The Su family head rose into the sky, looked at Su Lei, and then turned to Lu Ming again, saying: "Brother Lu, every time you enter the ancestral land, you must have a person to protect the law, why not go with Su Lei together?"

"no problem!"

Lu Ming nodded.

Lu Ming, Su Lei, and the four patriarchs rose from the sky and flew towards the north of the square.

Not far from the north side of the square, there was a small palace. When everyone walked into the palace, they saw a stone wall with various strange patterns carved on it.

"let's start!"

The Su family dominates.

The patriarchs of the other three big families nodded, and the four shot at the same time. Their palms tapped on the stone wall, and Zhenyuan rushed towards the stone wall insanely.

The stone wall exudes a brilliant light.

Click!

The stone wall suddenly cracked, and then a dark vortex appeared.

"Su Lei, let's go in. Among the ancestral lands, what you can achieve depends on your chance."

The Su family dominates.

"Yes!"

Su Lei nodded and stepped into the vortex together with Lu Ming.

As soon as the space turned, the next moment, Lu Ming found that they appeared in an open space, the open space was very large, but there was a white area around the open space.

In front of them, there is a ray of light, suspended in the sky, like a round of the sun.

"Is that the soul of the ancestor?"

Su Lei whispered, then knelt down respectfully, facing the ray of light, bowing down respectfully and kowtowing.

"Ok?"

Lu Ming stood beside Su Lei, watching the light, revealing the color of thought.

In the past few days, he has heard about Su Lei mentioning the ancestral land.

Su Lei doesn't know much, she only knows that every time four people from the big family enter here, they have to bow down like that ray of light, salute respectfully, and then walk into the ray of light and get a chance.

The ray of light sometimes flew out of the Paladins, and sometimes it would fly out of Elixir and secrets of cultivation, or other treasures. The exact thing you can get depends on chance.

After Su Leixing bowed his bow, he walked towards the light.

When walking to a certain distance, the ray of light flew down a beam of light and landed on Su Lei. Su Lei's body shook slightly and seemed to be under great pressure, but she clenched her teeth and held it up.

Lu Ming always pays attention to Su Lei. If Su Lei has any problems, he will promptly rescue him.

There used to be disciples of the four big families. Because they couldn't resist the pressure of the beam, they fell here, so after entering, there will be someone to follow and protect.

Su Lei gritted his teeth, exquisite little face, showing the color of stubbornness and perseverance, continued to step forward.

Step by step, Su Lei seemed to walk very hard. Soon, she was wet with sweat, and her face was dripping with sweat.

But Su Lei did not give up, continued to gritt his teeth, and made firm steps.

Soon after, Su Lei's petite body shook more and more, and even blood oozed from her skin.

Lu Ming didn't shoot, he understood that this was a test for Su Lei, as long as Su Lei survived, it would be transformed.

As long as Su Lei is not life-threatening, Lu Ming will not shoot.

Chapter 1664: Mysterious Dragon

Under Lu Ming's watch, Su Lei went on.

Roar!

Suddenly, a sound of Long Yin sounded from Su Lei's body, and a real dragon phantom appeared on Su Lei's body, exuding an amazing chill.

"Xuanyin Dragon Body!"

Lu Ming's eyes moved.

At this time, there was a dragon chant in the bright light, and then the light flew directly towards Su Lei and enveloped Su Lei in it.

Slowly, the light turned into a real dragon. The appearance of this real dragon was very similar to the vacuum emerging from Su Lei.

Mysterious Dragon!

Roar!

The real dragon transformed by the light entwined Su Lei, Su Lei seemed to feel that, sitting cross-legged, closing his eyes, Bao Xiang was solemn.

call out!

In front, a bracelet flew over, suspended above Su Lei's head.

"Inheritance, storage bracelet!"

Lu Ming's heart moved, a smile appeared on his face.

Then he stepped out, and appeared in front of the ray of light in front of him, where a snow-white skeleton lying on the ground.

Real dragon skeleton!

"really!"

The smile on Lu Ming's face was even stronger.

It turned out that in the so-called ancestral land, it turned out that a powerful real dragon fell here, but although the real dragon fell, but the soul did not die, so every time the Su family's disciples came, the real dragon soul would give one treasure.

The bracelet suspended above Su Lei's head is Zhenlong's storage bracelet.

Storage bracelets, like storage rings, contain space and are treasures for storing items.

Moreover, this real dragon, the dragon of Xuanyin, is completely in line with Su Lei's physique, so when Su Lei comes in this time, the soul of this real dragon will directly pass on to Su Lei.

Since then, when the children of the four big families come in again, they will not get any benefits.

As soon as Lu Ming turned his head, he made everything clear.

This is Su Lei's chance.

However, this dragon bone is of great use to Lu Ming. This dragon of Xuanyin was definitely more than the Holy Realm before his death. At least above the Great Holy Realm, since Lu Ming encountered it, he would not miss it.

With a wave of his hand, the keel was put away, and not far from Su Lei, sitting cross-legged and waiting.

It seems that the inheritance will not be over for a while.

The figure of the mysterious dragon wrapped around Su Lei's body, and the light continuously penetrated into Su Lei's body.

Time, day by day.

In a flash, it was half a month.

At this time, the real dragon wrapped around Su Lei had completely disappeared. Su Lei's body was filled with a terrible cold, a river formed by the water of mysterious Yin, lingering on Su Lei.

"The physique has actually evolved and become a superior spirit body, even infinitely close to the celestial spirit body, and cultivation, has also reached the peak of Wuhuang's sixfold!"

Lu Ming looked surprised.

Su Lei's physique was originally a medium-earth spirit body, but now, he has reached the point of being a superior earth spirit body, infinitely close to the heavenly spirit body. Even the Emperor Wuzhong of Qiwu had to be frozen to death.

And Su Lei's cultivation practice was that it was the early stage of Wuhuang's sixth heavyweight, but now it has risen to the peak of Wuhuang's sixth heavyweight. Although there is not much improvement, in the future, Sulei will practice at an amazing speed and advance by leaps and bounds.

Lu Ming smiled and was happy for this kind girl.

Roar!

A thunderous dragon sound sounded, and Su Lei burst out of a beam of light on his body, straight into the sky dome, and broke into the depths of the sky. This area was shaken violently.

Lu Ming knew that the inheritance had entered the final stage, and that the soul of the mysterious dragon would soon be wiped out.

However, this is the other party's own choice.

Outside the ancestral land, the heads of the four major families, as well as others, have been waiting.

"What's going on? It's been half a month since I entered Zudi this time!"

"Other people entered the ancestral land in the past, and the longest time is not more than three days. They will come out. Why this time, it has been half a month?"

"Not all will die inside!"

Many people have speculated.

The four patriarchs are also ugly.

Roar!

Suddenly, among the ancestral lands, there was a shocking dragon sound, and then, the vortex on the stone wall burst into a bright light, and the stone wall shook violently, and then burst with a loud touch.

"How could this be?"

"What the **** happened inside?"

Several chiefs of the family cried out.

At this moment, in the four directions of Gusu City, a terrible atmosphere broke out, and the vast pressure, covering the entire Gusu City.

Subsequently, four figures came out of the air.

Each figure is shrouded in the dazzling holy light, Shengwei blooms.

"The Holy One, the ancestors of the Holy Land of the four big families were alarmed."

Someone exclaimed.

The four major families, the four ancestors of the Holy Land, descended at the entrance of the ancestral land.

"what happened?"

The ancestor of the Su family spoke.

"Ancestor, I don't know what happened. Su Lei and they have been in for half a month, and they haven't come out yet. At this moment, such a sudden change!"

The Su family dominates.

"The ancestral land has changed, go in and see!"

"Go in and go!"

The ancestors of the Holy Land of several other families spoke one after another, then stepped out, rushed into the vortex, and disappeared.

The patriarchs of those big families also followed their respective ancestors and entered the ancestral home.

"We go in too!"

The Su family ancestors told the Su family, and then the two also rushed into the ancestral land.

The ancestors and patriarchs of the Holy Land of the four major families entered Lu Zu and saw Lu Ming and Su Lei sitting cross-legged.

But everyone's eyes fell on Su Lei.

"Inheritance, inheritance has to go to her!"

"hateful!"

The ancestors of the Holy Land of the other three big families all screamed out loudly, and an astonishing killer burst into their eyes.

"What do you want to do? This is the chance of my Su family. Do you want to intervene?"

The ancestral ancestor of the Su Family Holy Land.

"What chance? Here, she originally belonged to our four big families. Now she will inherit all her inheritance. Later generations of disciples will come here and get nothing!"

"Yes, that storage bracelet should be left by the ancestral land, and must be taken down. The treasure inside is divided equally!"

Several ancestors of the Holy Land spoke one after another.

The ancestors and patriarchs of the Su family looked ugly.

These people are too domineering.

According to the rules of the four big families, the younger generation enters here, no matter what chance they get, they all belong to themselves, and of course include all inheritance.

But now, the ancestors of other families are obviously jealous and unwilling to share.

The ancestral land, these ancestors of the Holy Land, naturally know.

But in the past, even when Xuanyin's Dragon and Dragon Soul were there, they did not dare to make up their minds, because in the past, the Holy Realm Powerhouse wanted to play Xuanyin's Dragon and Dragon Soul, and was killed here.

But now, they don't have this concern.

Chapter 1665: Three saints

"Do you want to violate the rules set by the four families?"

The Patriarch of the Su family looked ugly.

"The rules? Ridiculously, the rules are set by people. Now, we can make new rules!"

The ancestor of one of the four major families sneered.

"Good, don't you Su family, want to stop us, hehe, that's right!"

Another ancestor of the Holy Land has a meaningful meaning.

Su's ancestors and Su's owners changed their faces.

The other party's intention is obvious. If the Su family insists on blocking, they can take this opportunity to join forces to destroy the Su family.

Card wipe!

The ancestors of the Su family clenched their fists, and then sighed a long way, saying: "The treasure inside the storage bracelet, let's split the four of us, how?"

"It's about the same, but the baby girl is accepting the inheritance, we have to interrupt it immediately, extract the inheritance, and divide the four equally!"

"Yes, the benefits cannot be taken by the Su family!"

Several other ancestors spoke indifferently.

"Don't bully people too much!"

The ancestor of the Su family shouted, he was really angry, like a furious lion, staring fiercely at the ancestors of the other three families, and roared: "When accepting the inheritance, forcibly interrupt the person who accepts the inheritance, absolutely You will be bitten, and you will have a dead end, and the inheritance cannot be extracted!"

"How do you know if you don't try it!"

An ancestor of a family, said lightly.

"Good, yes or no, you will know if you give it a try!"

Another ancestor said indifferently.

In their eyes, the cold light flashed, Su Lei's life and death, what to do with them?

Moreover, they must not allow the people of the Su family to get a complete inheritance, or will they rise in the future, Gusu City, and other families' standing places?

They know that Su Lei's inheritance is forcibly interrupted, and Su Lei will die, and the inheritance cannot be extracted.

But their purpose is to make Su Lei die.

"It's too much to bully people, I'm desperate today, and I won't let you move my Su family!"

The ancestors of the Su family roared, and there was a terrible breath on his body.

Su Lei's inheritance of the ancestral land is the hope of the Su family. He must not let Su Lei die.

The Su family head also stood beside the Su family ancestors.

"Oh, old Su, you are alone, I am afraid it is not enough, I will deal with this old guy, the girl, I will give it to you!"

The ancestor of the Cheng family sneered, and there was also an amazing breath on his body. He stepped towards the ancestor of the Su family, and the breath clashed in the air.

The head of the family, then stared at the head of the Su family.

"To deal with a girl, why don't ancestors take action, I'll do it!"

Another family, the head of the Hong family, started to walk towards Su Lei.

The ancestor of the Su family showed a look of despair in his eyes.

The ancestors of the four major families, all of whom are in the Mingsheng Xiaocheng, no one can help anyone, and he alone can't stop the other three major families.

The head of the Hong family, with a greasy smile on his face, pushed towards Su Lei. Of course, he still held a trace of caution, because Su Lei accepted the inheritance of the dragon of Xuanyin, the soul of the dragon of Xuanyin, I don’t know Still there.

As for Lu Ming sitting beside Su Lei, he was directly ignored.

In the competition half a month ago, although Lu Ming showed terrible strength, he was the third stage of the Half Saint, the strong body of the law tank, he did not put Lu Ming in his heart at all.

At this moment, Lu Ming opened his eyes, with a cold color in his eyes.

"roll!"

A ‘roll’ word came out of Lu Ming’s mouth.

"Boy, what are you talking about?"

The head of the Hong family was slightly stunned, and then a slight grin appeared.

"Don't get away, die!"

Lu Ming's voice was colder.

"It's a big tone, then I'll kill you first!"

The host of the Hong family was cold, and slammed toward the landing.

bump!

At this moment, Lu Ming moved, suddenly rushed towards the Hong family head, grabbed a big hand.

All the attacks and defenses of the head of the Hong family collapsed instantaneously. They were conquered by Lu Ming, caught in the throat with one paw, and then hit the ground fiercely.

boom!

The ground shook and was smashed into a big pit. The skeleton of the Hong family owner was broken. Not only that, Lu Ming's terrible destructive power rushed into his body and destroyed his spirit and god.

"you you..."

The blood from the main mouth of the Hong family kept pouring, and the staring eyes staring at him utterly were inconceivable, and then his head crooked, and he whistled.

At the scene, others were stunned.

Lu Ming actually killed the head of the Hong family, a half-sacred third stage, the strong man of the law tank.

The Su family head, with cold sweat oozing from his back, was thankful that he hadn't done anything against Lu Ming at first, otherwise it would be the end.

"Boy, you are dead!"

The ancestor of the Hong family reacted, and a terrible breath erupted from his body. The vast Shengwei pressed towards the landing.

At the same time, the ancestors of the Hong family stepped out and slammed towards the landing, and a terrible sword fell towards the landing.

"stop!"

The ancestors of the Su family roared and wanted to help Lu Ming, but the ancestors of the family slammed out and bombarded him. As a last resort, he could only fight back and protect himself.

The monstrous sword of Hong's ancestors will soon cut Lu Ming's head.

Lu Ming's palm glowed, and Liu Yuan's water jacket covered his palm. He raised his hand and grabbed it, holding the ancestor of Hong's ancestor Daomang in his hand.

"Cut me!"

The ancestors of the Hong family roared, the Holy Power was boiling, and the power of the law exploded. He wanted to take Lu Minglian with his hands and split it in half.

However, Daomang still stopped in the air, stopped in Lu Ming's hands, and did not drop a penny.

"what happened?"

The ancestors of the Hong family shuddered, and his eyes were full of incredible colors.

He is a holy realm, how can Lu Ming block his attack, and it seems so relaxed.

bump!

Lu Ming slammed hard, and the opponent's blade fell apart like glass.

Then, Lu Ming struck with wind and thunder, and as soon as he moved, he appeared in front of the ancestors of the Hong family and punched him.

Liuyuan Gloves glow, and the law of chaos erupts, destroying everything like destruction.

The ancestor of the Hong family struggled to get a knife, but was crushed by Lu Ming.

bump!

Lu Ming's fist slammed heavily on the ancestor of the Hong family. The ancestor of the Hong family screamed, and a big hole was blown out of the body.

call out!

Then, in Lu Ming's hands, the Black Dragon Gun appeared, shot out, pierced into the eyebrows of Hong's ancestors, and nailed the ancestors of the Hong family to the ground, without any vitality.

died!

The ancestor of the Hong family was just killed by Lu Ming. At this moment, several other people stared at Landing in amazement. The pupils grew bigger and bigger. It was incredible.

A saint was just killed, and it still seemed so easy.

Non-holy saints, they have only heard in legends, but now, they actually happen in front of them, making them feel like they are in a dream.

"Second Stage of the Half Saint!"

The ancestor of the family murmured to himself.

Now they finally see Lu Ming's cultivation behavior.

Chapter 1666: Kailong Kamiya

Half-Second Stage!

Other people's hearts shivered fiercely.

Only in the second stage of the Half Saint, it is easy to kill Lu Ming. This kind of combat power is also terrifying.

"go!"

After a while, other talents reacted, yelled, and backed away, wanting to leave here.

"I said just now, don't go, die, now I want to go, it's too late!"

Lu Ming uttered indifferently, with a spot of light appearing on his body. Thirty-six holy soldiers floated out, and the spirit of the war soldiers gathered to a terrifying point.

call out!

The Black Dragon Gun returned to Lu Ming's hands long ago, and was thrown out by Lu Ming, nailing a clan's patriarch to the ground.

Lu Ming grabbed the war sword, stepped on the void, and slayed toward an ancestor of the Holy Land.

"kill!"

Lu Ming shouted, and the Divine Sword Skill broke out. The ancestor of the Holy Realm shivered, and at this time, Lu Ming's War Sword had been killed.

puff!

Very easily, this ancestor of the Holy Land was beheaded by Lu Ming with a sword.

Another holy realm fell!

At the scene, only the ancestors of the Cheng family and the head of the Cheng family remained, but the two were entangled by the ancestors of the Su family and the head of the Su family.

"Fate!"

Seeing Lu Ming stepping forward, the holy ancestor of the family was horrified and begged for mercy.

"kill!"

Lu Ming's eyes were indifferent, and the sword sword tactic broke out again.

The ancestor of the family shuddered, and then Lu Ming's battle sword was cut.

The ancestor of the Cheng family was extremely frightened and unwilling to be beheaded by Lu Ming with a sword. Then, the sword light flashed, and the head of the family was also beheaded.

Before, it belonged to the most powerful ancestors of the family, and wanted to ask for forgiveness, is it possible?

So far, the ancestors and patriarchs of the other three big families have all fallen here.

The ancestors of the Su family and the head of the Su family were shocked to see the landing sounds. They were a little dazed, and now they are a little dazed.

Dead, the ancestral ancestors and patriarchs of the other three big families died.

It took less than a minute from Lu Ming's shot to the master who beheaded the three major families.

Such an amazing fighting power is beyond their imagination.

"The evil spirit, the peerless evil spirit, the true peerless evil spirit, no wonder they dare to fight the God Son. Nowadays, the entire Cangzhou people think that Lu Ming has lost and is going to be killed by the God Son, but now it seems that it is not necessarily, Not at all, the whole Cangzhou underestimated Lu Ming!"

Su family ancestors and patriarchs had thoughts flashing in their minds.

Then, in their hearts, it was ecstasy.

The strongest of the other three big families have all died. Since then, Gu Sucheng, who is the opponent of the Su family, their Su family, will dominate the Gu Su city.

All this is because of Lu Ming.

Thinking of this, the Su family heads were afraid after a while.

Fortunately, at first, he changed his mind in an instant, intending to lure Lu Ming, otherwise, the Su family may have been overthrown.

In a single thought, it completely changed the destiny of the Su family. The Su family head was extremely complicated.

However, he secretly vowed that he must lure Lu Ming and treat Su Lei well.

Lu Ming was very calm in his mind. Between his leaps and bounds, he collected the storage rings of several big family strongmen, as well as the three Sacred Realm strongmen's sacred hearts, which were also collected by Lu Ming.

Then, continue to wait.

It didn't take long for Su Lei to radiate a strong breath, and then the breath quickly converged, Su Lei opened his eyes.

"Old... Ancestor, the owner!"

At a glance, Su Lei saw Su's ancestor and head of the family and quickly got up to salute.

"Don't be rude, don't be rude"

Su's ancestor quickly raised Su Lei.

Su Lei and Lu Ming went very close. He even guessed whether the two had a special relationship. Where did he dare to make Su Lei such a gift?

Su Lei got up and looked at the corpses of the other three strong families.

"Go!"

Lu Ming spoke.

The four went towards the exit, and the next moment they appeared outside the ancestral land.

Outside the ancestral land, many people were waiting. At this time, when they saw Lu Ming coming out, they all looked towards them.

"Let's go back to Su's house!"

The ancestor of the Su family gave the order.

Lu Ming and them, with the children of the Su family, all returned to the Su family.

The children of the other three big families waited for a long time outside the ancestral land, and did not find out that their ancestors and patriarchs came out.

Later, they sent people to the ancestral land, but found that the ancestors and patriarchs of the three big families were all dead.

As soon as this news came out, Gusu City made a tremendous wave, and everyone was shocked.

The ancestors and patriarchs of the three big families were all dead and died in the ancestral land, but the Su family was safe and sound.

Everyone knows that Gusu City is about to change.

The people of the other three big families were terrified.

The Su family ancestors and Su family owners, as soon as they returned to the Su family, began to decorate, and now, Gusu city, it should be unified.

However, these have nothing to do with Lu Ming.

On the second day, Lu Ming said goodbye to Su's ancestors and Su's head, he was going back to Dragon Valley.

"Brother Lu Ming, I will go back with you!"

Su Lei said.

Now, her mother and her family have risen in the Su family status, and she can naturally rest assured.

"it is good!"

Lu Ming nodded and took Su Lei out of Gusu City. The ancestors of the Su family and others were sent to the outside of Gusu City.

"Everyone, please come back!"

Lu Ming took out the broken air shuttle, and Su Lei entered the broken air shuttle, the broken air shuttle flew away and disappeared into the air.

"Su Qi, regarding Lu Ming's beheading of the saints, it is best not to divulge it before Lu Ming battles with the Son of God!"

The Su family ancestors gave the Su family a voice.

"Ancestor, I know!"

The Su family nodded.

Only the two of them knew about this matter, and they understood that the fewer people knew about it, the better. If they were known by the people of Tenjinzong, they might be detrimental to Lu Ming in advance.

Now, they naturally hope that Lu Ming can win. Lu Ming and Su Lei are so close. The stronger Lu Ming is, the more benefits the Su family will get in the future.

In a blink of an eye, in the past seven days, Lu Ming finally returned to Longshen Valley.

"Brother Lu Ming, when will you go to Dingbao Conference, I will go with you!"

Su Lei's timid opening, the voice is very small, a little uneasy, seems to be afraid Lu Ming refused.

"Okay, when I'm going to Cangshan, I will give you a voice!"

Lu Ming smiled.

Ok!

Su Lei nodded again and again, her face flushed.

After that, Lu Ming and Su Lei separated, and Lu Ming returned to Yunlong Valley.

"Master!"

As soon as I entered Yunlong Valley, I heard a clear cry, a petite figure rushing towards the landing.

"Xiangxiang!"

Lu Ming smiled.

This petite figure is naturally his disciple, Lu Xiangxiang.

"Senior Brother, you are finally back. During this time, Xiang Xiang can think of you tightly. When will Master Tian return every day!"

A bold voice sounded, and Long Yuanshan came step by step.

"Second Brother!"

Lu Ming clenched his fists.

He had already sent news to Long Yuanshan before, otherwise he would not come across Long Yuanshan and Xiangxiang as soon as he came back.

Chapter 1667: I take a quota

"Second Brother, have you broken through the Holy Realm? Congratulations!"

When Lu Ming looked at Longyuan Mountain, he discovered that there was a sacred force on Longyuan Mountain, and he was very happy.

"Haha, Brother Brother Lame for so long, only then broke through the Holy Realm, you three brothers and they, but already broke through Holy Realm!"

Long Yuanshan smiled boldly.

"With Brother Talent's talent, once he breaks the saints, he will surely be able to break through the future!"

Lu Ming said.

Lu Ming once heard Tian Hao and Xue Ningxin mentioned that when Long Yuanshan was young, he was seriously injured and hurt his origin, so the progress of the later cultivation was extremely slow, and it has been stuck in the half-sacred and difficult to break through.

I heard that when Long Yuanshan was young, he went out to hone with their master brothers and encountered strong enemies. In that battle, the master brothers died and Long Yuanshan was seriously injured.

This is also a knot of Long Yuanshan, and also a resistance to his progress.

Long Yuanshan smiled slightly, without saying much.

"Xiangxiang, come, let the master see, how are you doing?"

Lu Ming turned his eyes to Xiangxiang.

More than a year later, Xiangxiang has grown a lot, and is more than nine years old. She has a slim feeling. At first glance, it is a beautiful embryo.

Lu Ming looked at it, and he was shocked, saying, "Xiangxiang, have you broken through the spirit god?"

"Yeah, it broke out not long ago, Xiangxiang Xiuwei did not fall!"

Xiangxiang blinked his eyes wide.

Lu Ming's lips shuddered, not only did it not fall, it was simply swift.

More than a year ago, the cultivation of Xiangxiang was the peak of Caiwu King. This was just over a year later. Xiangxiang even crossed several realms and broke through the spirit and spirit realm in one fell swoop.

More than nine years old, the Spiritual Divine Realm, with Lu Ming's state of mind, was shocked.

"Haha, Brother Nine, is it amazing? Xiangxiang is extremely talented and rare in the world. If we elders don't work hard, it won't be long before we are overtaken by Xiangxiang!"

Long Yuanshan laughed.

"This is really possible!"

Lu Ming muttered, feeling a pressure.

As a master, if he really wants to be overtaken by Xiang Xiang in the future, it will be too shameless.

Of course, he was still very happy.

Although there is pressure, I hope that the stronger the fragrance, the better.

"By Brother Two, what about Master?"

Lu Ming asked.

"Master, there is something wrong during this time, and I don't know the specific thing, so during this time, I will practice with incense!"

Longyuan Mountain Road.

"Oh!"

Lu Ming nodded, it seems that Lord Yunlong Valley is really a big deal.

"Brother Nine, it is the right time for you to come back. Today, Longshen Valley is holding the screening of places to participate in the Dingbao Conference. It should be too late now!"

Longyuan Mountain Road.

"Quota screening?"

Lu Ming was surprised.

In the previous Dingbao Conference, it seemed that you could participate in the Wu Emperor's Seventh Grade and under the age of fifty. You can participate. Why this time, you need to screen?

"Brother Nine, this time the Dingbao Conference, the rules have been changed!"

"Because in recent years, there are many geniuses among the younger generation of masters. In this way, there are too many people with more than seven layers of Wuhuang, and there are too many stronger geniuses. It does not make much sense for the above people to participate, so this time, the rules were changed to send 20 of the strongest Tianjiao to each sect!"

Long Yuanshan explained.

"Is there only twenty people?"

Lu Ming said.

"Yes, so Longshen Valley first selected 20 places by the elders of Seven Valleys, then others challenged these 20 people, challenged the winners, they could replace each other's position and become one of the 20 people until the end. Challenge, those twenty places are confirmed."

"Brother Nine, let's go, you will definitely be able to win a quota!"

Longyuan Mountain Road.

"it is good!"

Lu Ming nodded, fragrant, and flew towards a snowy mountain with Longyuan Mountain.

Soon, they arrived at the test place.

The top of a snowy mountain is very flat, with a battle platform in the middle, surrounded by people around the battle platform.

In the direction of Taipei, there is a seat on which are all high-rises of the Seven Valleys of Longshen Valley, the strong ones.

On the edge of the battle stand, there are a row of people, these are the twenty people jointly elected by the Seven Great Valleys.

"Seven brothers and eight sisters!"

Among the 20 people, Lu Ming saw Tian Hao and Xue Ningxin.

"Seven younger brothers and eight younger sisters have now reached the first stage of the half-sacred. Among the younger generations of Dragon Valley, it is quite good!"

Longyuan Mountain Road.

Lu Ming nodded. Tian Hao and Xue Ningxin reached Wuhuang Bazhong more than a year ago. It is normal for them to reach the first stage of the Half Saint with their talents.

"Lu Ming, Lu Ming!"

At this time, someone saw Lu Ming and exclaimed suddenly.

"What? Lu Ming appeared? Where?"

Immediately, many people turned their heads and looked around, then their eyes fell on Lu Ming.

Lu Ming challenged the Divine Son, and everyone in Longshen Valley knew it.

But in the past three years, Lu Ming has rarely appeared, everyone is very curious, Lu Ming has reached what level now.

Lu Ming pulled Xiangxiang and landed in the seating area with Longyuan Mountain.

Yunlong Valley, as one of the Seven Valleys, and Longyuan Mountain now breaks through the Holy Land, naturally qualified to sit here.

A cold, faint look swept toward the landing.

Lu Ming immediately responded, looking towards the other party.

Lord Silver Dragon!

There was a sneer in Lu Ming's mouth.

Master Yin Longgu glanced coldly at Lu Ming, then turned his head.

"Now, the challenge continues, who else will challenge?"

Over the battle platform, an elder from the Holy Land presided over and the voice spread throughout the audience.

"I come!"

A young man rushed to the battle platform and chose a young Emperor Wu Zhongchong to challenge.

The challenged youth is also the practice of Wuhuang Jiuzhong. The two men fought a dozen battles, and the challenged person was defeated.

Next, several people went up to challenge, but they were defeated one by one.

Can be selected by the elders of the Seven Valleys, is definitely carefully selected, belongs to the strongest young generation of Dragon Valley, the average person wants to challenge success, how easy it is.

From the beginning of the challenge to now, dozens of people have gone up to challenge, but no one has succeeded.

"Who else comes up to challenge?"

The presiding elder asked again.

"I'll go up and get a quota!"

At this moment, Lu Ming got up, stepped out, and appeared on the battle platform.

Everyone was shocked, and their eyes fell on Lu Ming.

Lu Ming has disappeared for too long, and no one knows Lu Ming's current strength. Therefore, starting with 20 places, there is naturally no name for Lu Ming.

Now, Lu Ming shot, can he challenge success?

"Lu Ming swept the audience at the last Dingbao small meeting, and the fighting power was amazing. Now that it has been so long in the past, it should be no problem to win a place!"

"That's right. It won't be a big problem. I just don't know what he is now!"

Around the battlefield, many people are speculating.

Chapter 1668: An old dog

At the last Dingbao Small Meeting, Lu Ming swept the audience and had a strong combat power.

But Lu Ming's cultivation behavior is only the fourfold of Emperor Wuhuang. Nearly three years have passed. What level has Lu Ming's cultivation practice reached?

At least stepped into the high-level martial emperor?

"Haha, Brother Nine, finally came back, so that we can fight together again!"

Tian Hao laughed.

In his view, Lu Ming won the place easily.

"Seven Senior Brothers and Eight Senior Sisters, don't come unharmed, and wait for the challenge to end, drink it!"

Lu Ming laughed.

"Okay, haha!"

Tian Hao and Xue Ningxin both smiled and nodded.

"Lu Ming, who are you going to challenge?"

The presiding elder looked at Lu Ming.

"Just him!"

Lu Ming swept his gaze and landed on a young silver robe.

At first glance, this person is the Tianjiao of Silver Dragon Valley.

"Huh, Lu Ming, this moment after moment, three years ago, although your combat strength is strong, but now, it may not be necessary!"

The young man stepped out, his body filled with a strong breath.

The breath of the Emperor Wuzhong's peak.

Moreover, this person can be selected, the natural talent is not bad, even if the spirit level is not a superior spirit, it is also a medium spirit.

"Shoot, I will give you a shot!"

Lu Ming spoke lightly, his voice flat.

Wu Huang Jiuzhong, in his view, just walked through.

"Crazy, then I will send you down, Silver Dragon Claw!"

Yinlonggu Tianjiao shouted, a layer of silver-white dragon scales appeared on the surface of his body, and a claw clashed towards the landing, leaving a terrible claw mark in the air.

All of a sudden, Lu Ming was in front of him.

"Good, see how Lu Ming cracks!"

Someone exclaimed.

At this moment, Lu Ming stretched out a hand, and then came first, quickly like electricity, grabbed the opponent's wrist, the opponent's arm, and even the entire person, stopped in the air.

"Break me!"

The other party's face changed, and suddenly shouted, the whole body was filled with dazzling silver light, and there was a dragon sound.

But his silver light hadn't exploded yet, and Lu Ming shook his arm directly.

bump!

The opponent was heavily smashed to the ground, and the battle platform roared violently.

Then Lu Ming waved his hand. The opponent's body, like a broken sack, was thrown directly out of the battle platform by Lu Ming, fell to the ground, and his face was dazed.

"This..."

Many people are also dazed.

The Tianjiao, the peak of the Emperor Wulong of the Silver Dragon Valley, was so defeated. This defeat was too easy. Lu Ming didn't even move at all.

Although some people thought Lu Ming would win at the beginning, they did not expect it to be so easy.

Lu Ming, has it broken through the Half Saint?

"Humph!"

On the seat, Master Yin Longgu snorted, his face somber.

"Haha, Brother Nine, great!"

Tian Hao laughed.

"Brother Nine, you can be really light!"

Xue Ning said.

Lu Ming smiled. He was merciful just now, otherwise the other party would have already died.

"In this scene, Lu Mingsheng entered the top 20, and who else came up to challenge next?"

The presiding host asked.

"Wait!"

Just then, there was a sound on the battle platform.

The presiding elder froze, looking at one of the twenty people on the battle platform, and said, "Yin Zisong, do you have any questions?"

A young man wearing a silver robe stepped out, with a cold and proud look on his face. It was this person who just called to wait.

"Elder, I think Lu Ming is not qualified to enter the quota of 20 people to participate in the Dingbao Conference for the Dragon Valley!"

Silver Pine Road.

"Fart, Yin Zisong, what qualifications do you have to say that Brother Lu Ming is not qualified to participate in the Dingbao Conference for Longshen Valley. The strength of Brother Lu Ming is obvious to all!"

Tian Hao was directly angry and shouted.

"Huh, a little strength, what a great thing!"

Yin Zisong sneered, and the color of arrogance was even stronger, saying: "Everyone knows that Lu Ming is brave enough to offend the three major gates of Tianshen Sect, Tianyu Demon Sect, and Yudu Sect. If he also participates in the Dingbao Conference, , We will definitely be targeted by the three major schools, let alone take the first place in the Dingbao Conference, don’t be at the bottom, even if it is good!"

"Huh, at the Dingbao small meeting three years ago, we were also contested by the three major schools. How did we get the first place?"

Xue Ningxin said ironically.

"At this moment, at that moment, the Dingbao small meeting was nothing more than a trifle, and the Dingbao meeting was the real arrogance. He Lu Ming, what did he count? And, he had a fight with the Son of God, anyway. The Dingbao Conference has nothing to do with it. Anyway, the result is already doomed. He must be beheaded. It is better to directly find the Son of God to send him to death, why bother us!

Silver Pine Road.

"Zi Song is right. In my opinion, it would be better to kill Lu Ming directly and give it to the Divine Son to repair our relationship with Tenjin Sect!"

On the seat, Master Yinlonggu spoke coldly.

"Hahaha, if you want to stab Tenjin Sect and be the dog of Tenjin Sect, you go. No one is stopping you, but I am not interested!"

Lu Ming suddenly laughed and looked at Master Yinlong Gu with disdain.

"Come on, you are bold!"

The Lord of Silver Dragon was furious, and a strong breath broke out.

"Old dog is furious!"

Lu Ming spoke lightly, his tone full of disdain, and then turned his head, ignoring the Silver Dragon Valley Master directly.

The chest of Yinlong Valley's main body was ups and downs, and he wished to slap Lu Ming to death, but here, there are seven masters of the valley, and there are other valley masters. He naturally cannot do this.

Many people lamented that Lu Ming was still Lu Ming, still so bold and so direct, and in the face of everyone, he directly called the owner of Yunlong Valley an old dog, just like three years ago.

"Everyone, you have also seen that this son is so ignorant, I suggest to disqualify him, and then abolish the cultivation behavior, and press into the prison!"

Yinlong Valley Lord said coldly.

"I think Brother Nine is scolding right. You are clearly an old dog. As the master of a valley, you actually want to send the disciples of Longshen Valley to Tianshen Sect for reparation. You really have a face. Let’s just go directly into the God of Heaven, the Dragon God Valley has more than one you, less one than you!"

In the seating area, Long Yuanshan opened coldly.

Now he breaks through the holy realm, when Yunlong Valley Master is away, he represents Yunlong Valley, has great power, and does not need to fear Silver Dragon Valley Master at all.

"You...Your Yunlong Valley is simply a tumor of Longshen Valley!"

The Lord of Silver Dragon Valley angered.

"Okay, you are an elder, what do you want to compete with your juniors? Continue to watch and compare!"

Aside, an old man in purple robe spoke.

The old man in the purple robe is the owner of the purple dragon valley.

"Yes, Silver Dragon, you are a lot of age, and you still know the younger ones? Are you afraid of other younger jokes?"

Another valley owner also spoke lightly.

Silver Dragon Valley Lord's face was more gloomy. Obviously, several other Valley Lords were helping Landing.

"Hahaha!"

On the battle platform, Tian Hao grinned straight and laughed very cheerfully. He listened to the ears of the Silver Dragon Valley, especially harsh.

Chapter 1669: Kneel

"Lu Ming, your participation in the Dingbao Conference not only didn't work, but it made us targeted by the other three sects. If I were you, I would automatically get off the battle platform and not participate!"

Yin Zisong drank and continued to attack Lu Ming.

He just wanted Lu Ming to be unable to attend the Dingbao Conference, lose face, and then beheaded by the Son of God.

Moreover, Lu Ming can be suppressed, which can contribute to his reputation.

He Yinzisong is a newly rising arrogance. Three years ago, his cultivation practice was only the peak of Emperor Wuzhong. He could not shine, and he could not stand with the top group of evil spirits.

But now, his cultivation practice has reached the second stage of the Half Holy, and he has understood the law.

Moreover, he is also a top-level spirit with powerful combat power. Now in the Dragon Valley, his combat power is second only to Zi Feng, one of the ten evil spirits.

He is ambitious and he is determined to surpass Zifeng and become the new ten evils. Before that, he will continue to erect his majesty, and the famous Lu Ming is undoubtedly a good choice.

"So, it's useful for you to attend the Dingbao Conference?"

Lu Ming responded lightly.

"Nonsense, who doesn't know my fighting strength in Dragon Valley? I participate in Dingbao Conference and I will help Dragon Valley to achieve success!"

Yin Zisong proudly said.

"Just you? One waste? Really put gold on your face!"

Lu Ming said lightly.

"what did you say?"

Yin Zisong was furious, his face gloomy, his eyes rolled, and he counted on his heart, saying: "Lu Ming, I will challenge you now. If you can stick to the ten undefeated in my hand, I will admit that you have strength, but How about attending Dingbao Conference?"

"Ten unbeaten moves?"

The corner of Lu Ming's mouth rose slightly.

"Why? Are you afraid?"

Yin Zisong sneered, and then gave the host elder a fist, said: "Elder, this battle, can you?"

"If Lu Ming agrees, yes!"

Host the elders.

Everyone's eyes turned to Lu Ming.

Yin Zisong challenges Lu Ming, does Lu Ming dare to fight?

Today, Yinzisong is the second strongest in the young generation of Dragon Valley, second only to Zifeng.

If there is no second half saint's cultivation practice, if you want to take Yin Zisong ten moves, how easy is it?

"Okay, you shot!"

Lu Ming spoke lightly, his face calm, and people could not see what he thought.

On the seat, Master Yinlonggu gave a happy voice to Yinzisong and said, "Zi Song, this is an opportunity, wait a moment to seize the opportunity, and waste Lu Ming!"

Yin Zisong nodded, a sharp flash in his eyes.

"Brother, you must be careful, Yin Zisong, the cultivation base has reached the second stage of the half-holy, and the spirit body is the superior spirit body..."

Xue Ningxin quickly sent Lu Ming secretly, let Lu Ming be careful.

Lu Ming smiled at Tian Hao and Xue Ningxin with a reassuring smile.

"Huh, this guy wants to challenge Master. He must be beaten down by Master. Master is the strongest!"

On the edge of Longyuan Mountain, Lu Xiangxiang Jiao said.

bump!

On the battle platform, Yin Zisong stepped out, and the second stage of a half-sacred cultivation was undoubtedly revealed. There were laws surrounding him, and the breath was compelling.

"Lu Ming, you are really overstretched. Three years ago, your cultivation practice was nothing but Emperor Wu's fourfold. Now, even if you improve as fast as possible, what level can you reach, kneel me!"

Yin Zifeng sneered, strode forward, and slammed toward the landing.

"Kneel!"

At this moment, Lu Ming shouted suddenly, the sword skill in the eye burst out, pierced into Yin Zisong's body.

what!

Yin Zisong screamed terribly, his eyes were all protruding, a face twisted together, and he seemed to be suffering unbearably.

His soul was almost torn by Lu Ming.

"Kneel!"

Lu Ming drank again and stepped out.

boom!

Lu Ming's soul force riot that reached the holy realm, crazily pressed towards Yin Zisong.

At this moment, Lu Ming was in front of Yin Zisong's eyes, as if he were a god, standing tall, standing between the heavens and the earth, between the thoughts, the heavens and earth collapsed, and the corpses were millions.

At this moment, Yin Zi loosed his liver and gallbladder, thumped and knelt down directly.

Seeing this scene, the whole audience was stunned, and their eyes were almost stunned. It was unbelievable to see everything.

Yin Zisong actually knelt in front of Lu Ming.

Moreover, the two didn't do anything at all, and they didn't have any explosive scenes. They only heard Lu Ming shouting'roll down', and Yin Zisong knelt down.

How is this going?

Earlier, Yin Zisong was not a lifetime, a picture that did not put Lu Ming in his eyes at all, and threatened that Lu Ming could insist on ten tricks in his hands, admitting that Lu Ming had strength and could participate in the Dingbao Conference.

But now?

Before he started, he knelt directly in front of Lu Ming, what was this?

"Lu Ming, what black magic did you use?"

In the seat, the Silver Dragon Valley yelled, it was hard to believe.

His most outstanding Tianjiao in Silver Dragon Valley actually knelt in front of Lu Ming just because Lu Ming shouted twice.

"Black magic? It's ridiculous, because you are still the master of a valley, the existence of the Great Holy Realm, actually said the word black magic!

Lu Ming responded with a sneer.

There are thousands of roads of martial arts, and various secret techniques are emerging one after another. The owner of the Silver Dragon Valley said the word black magic, just like an ordinary person who has not practiced. How ridiculous?

The Lord of Silver Dragon Valley's eyes were full of anger, but for a time, he could not refute.

"Can't see the soul power?"

Long Yuanshan spoke lightly.

"The old man can see it naturally, why don't you say it!"

Silver Dragon Valley master coldly said.

They naturally can see that Lu Ming uses soul power. Just now he was only in a hurry, and he only spoke the word black magic.

But Lu Ming's soul power was too strong, which shocked them.

"How can this kid's soul power reach such a level, comparable to the saint!"

The Lord of Dragon Dragon roared in his heart.

He really hated Lu Ming. When faced with Lu Ming, he often couldn't control the anger in his heart, otherwise he wouldn't be so embarrassed to be the master of his valley.

Buzz!

On the battle platform, Lu Ming put away his soul power, Yin Zisong felt his soul lightened, and the whole figure collapsed and gasped.

Only then did he react. He actually knelt in front of Lu Ming, all around, all eyes fell on him.

Some contempt, some disdain, some irony...

"Ah, damn, damn, how could this be?"

Yin Zisong's eyes were red and his heart shouted wildly. He actually knelt in front of Lu Ming. Just now his soul seemed to be torn apart, and he didn't know what he had done.

"What a waste!"

Lu Ming spoke lightly.

"Lu Ming...you..."

Yin Zisong shouted, angrily attacked, and a spit of blood spewed out.

"Wo Nest, so powerful, actually spontaneously spurting blood on my own, today is really good!"

Tian Hao was pleased with misfortune and fell into the rock, letting Yin Zisong spit out another blood.

"go!"

On the seat, the owner of the Silver Dragon Valley couldn't see it anymore, waved his sleeves, and walked away.

Today, his old face is completely lost. He is afraid of staying again, and he will spit blood like Yin Zisong.

Chapter 1670: It turns out that the wild dog looks like this

After the Lord of Silver Dragon Valley left, the challenge continued. Yin Zisong still had to stay on the battle platform because he was challenged.

Yin Zisong can only bow his head all the way, standing on the battle platform in disgrace.

The challenge continues, but with Lu Ming's combat power, basically no one dares to challenge.

In fact, no one dare to challenge some of the top rankings, but most of the subsequent challenges ended in failure.

Half a day later, the challenge was over and twenty names were rated.

Yunlong Valley, Tianfu's Cave House, Longyuan Mountain, Lu Ming, Tianhamu, Xue Ningxin formed a table, drinking wine happily.

"Hahaha, I am so happy today. I don't have to be so cool when I see the old dog's face in Silver Dragon Valley!"

Tian Hao took a few sips of wine and laughed.

The thought of the Yinlong Valley Lord's deflated expression, Long Yuanshan, and Xue Ningxin's smile.

"By Brother Nine, what level have you reached now?"

Long Yuanshan asked.

Tian Hao and Xue Ningxin also showed curious expressions.

Lu Ming did not conceal, the breath of his body bloomed, the law surrounded the body.

"Law, this is the second stage of the Half Holy, powerful, powerful!"

Tian Hao's eyes widened.

"Nine Master Brothers are very talented. My sister, I can be overtaken!"

Xue Ningxin smiled.

At the beginning, when they first saw Lu Ming, Lu Ming's cultivation ability was far inferior to them, but now he has been overtaken by Lu Ming, and Lu Ming's talent is amazing.

Of course, they are also happy for Lu Ming.

However, there was no joy on Long Yuanshan's face, and he asked, "Brother Nine, can you be sure of the God Son?"

As soon as the words came out, Tian Hao and Xue Ning's face immediately dimmed, revealing a trace of worry.

Although Lu Ming is strong, after all, only the second stage of the practice of the half-sacred, and the Son of God, reached the holy state one and a half years ago.

The Holy Realm, condensing the Sacred Heart, is truly transformed into Holy Power, and it has stronger control over the law, and its strength is much stronger than the Half Holy.

In the second phase of Half-Sacred, it is too difficult to fight against the Holy Realm, not to mention, the Son of God is not an ordinary half-sage.

"If the cultivation of the Divine Son is still in the Holy Realm, I will be 50% sure to kill the Divine Son!"

Lu Ming groaned for a moment and said.

"What? Fifty percent is sure to kill?"

Long Yuanshan, Tian Hao, and Xue Ningxin were stunned.

Although they very much hope that Lu Ming can speak with certainty, he never expected that Lu Ming actually said that he was 50% sure and beheaded the Son of God.

Not beating, but beheading!

Beheading is much harder than defeating.

Lu Ming actually had 50% certainty and beheaded the Son of God.

Long Yuanshan, Tian Hao, and Xue Ningxin glanced at each other. It seemed that they all underestimated the little teacher.

"Hahaha, okay, then Senior Brother is waiting at the Dingbao Conference, Master Brother is so awesome that he will not kill him!"

Tian Hao laughed, picked up the wine jar, and took a few sips.

A few people haven’t seen each other for more than a year. Naturally, there are many topics. While drinking, chatting and drinking straight into the night, several people dispersed.

The following time, Lu Ming closed his doors and worked hard.

The Divine Son broke through the Holy Realm a year and a half ago. Although it is said that after the Holy Realm, it is very difficult to break through. Every time you break through a realm, the resources and time required are by no means comparable to the Emperor's Realm.

But the Divine Son is very talented and has been fully cultivated by the Divine Sect. Who knows whether the Divine Son has made a breakthrough in a year and a half.

If God Son makes another breakthrough, Lu Ming wants to defeat the opponent, it will be difficult.

Therefore, only by continuously improving one's own strength is the king.

Next, Lu Ming comprehends the law of chaos every day, and cultivates the chaotic mark of chaos.

The Chaos Fantian Yin has long been cultivated to the peak of the fifth level. If it can break through to the sixth level, Lu Ming's combat power will increase again.

The time flickered and more than a month passed.

At this time, it was only a month or so since Dingbao Conference began, and it was time to set off for Cangshan.

Tian Hao, Xue Ningxin, Lu Ming and three others, and Lu Xiangxiang troubled to see together, Lu Ming brought Lu Xiangxiang.

Before leaving, Lu Ming gave Su Lei a voice. When Lu Ming agreed to go to Cangshan, he called Su Lei together.

A group of five people came outside Dragon Valley.

"This time, sit on my broken shuttle!"

Xue Ning smiled and took out a broken flying shuttle, which was extremely beautiful with its gleaming silver light.

Lu Ming saw at a glance that Xue Ningxin's broken shuttle was by no means comparable to the ordinary broken shuttle.

The five entered the broken shuttle, and the broken shuttle blew away, breaking through the sky, like a streamer, cutting through the sky at a speed about twice as fast as the ordinary flying shuttle.

In just seven days, they came to Cangshan.

Near Cangshan, they got off the broken shuttle and walked towards Cangshan.

boom! boom!

As we approached Cangshan, we heard a roar in front of us, bright rays of light rose into the sky, and some people were fighting.

In the void, some people are watching.

The five people approached, and the two people who found the war were repaired to the sixth emperor of the Wu Emperor.

Before each Dingbao Conference began, it was a stage under the Emperor Wuhuang's sixfold, and it was normal to confront each other.

The approaching of Lu Ming and others attracted the attention of others, and they looked at Lu Mingming to them.

"That's... Lu Ming?"

"It's really him. He finally appeared. Over the past few years, he barely showed up. Over a year ago, he appeared outside the Tianfeng Plain once, and then disappeared!"

"I originally thought that this time the Dingbao Conference, he will not show up, I did not expect it to really appear, interesting!"

The appearance of Lu Ming drew a voice of discussion.

"Hey, Lu Ming, you really dare to show up, I thought you would be like a tortoise, you don’t dare to come out!"

A sneer sounded and spread throughout the audience.

Several figures stepped into the air and came to Lu Ming in front of them, sneeringly watching Landing Ming.

"Stone Crown!"

Lu Ming's eyes moved.

The person who spoke just now was Tianshenzong Shiguan. At the last Dingbao meeting, Lu Ming was chased by Shi Guan when they first came to Cangshan.

Nearly three years have passed, the stone crown is undoubtedly stronger, the body is filled with milky white light, and the power of the law circulates around the body.

In the second stage of the Half Saint, this is the cultivation of the stone crown.

However, the stone crown is not a top-level spirit, but a medium-level spirit. Now Lu Ming can shoot with a slap.

"It's really arrogant. As soon as I came to Cangshan, I heard a wild dog barking!"

Tian Hao grinned and mocked.

"Brother said well, and still a ugly wild dog!"

Xue Ningxin also called.

Tian Hao and Xue Ningxin said something to me, causing Xiang Xiang to smile. The girl blinked her eyes and asked curiously, "Sir, aunt, it turns out that the wild dog looks like this. See you for the first time?"

The little girl was naive and naive, and when she said this, the people watching around couldn't help laughing.
