

## **D Emperor 1731**

Chapter 1731: Nianqing breaking the saint

"There is nothing impossible, kill!"

Lu Ming shouted, holding the reincarnation halberd in both hands and slashing forward.

This blow was aimed at an extremely powerful sacred person, who was no worse than Yunlong Valley Master in combat power.

To kill, we must kill the strongest.

The reincarnation halberd, like the halberd of the gods, fell down, unstoppable and irresistible.

puff!

The most holy man gave an unwilling roar, his body was under the reincarnation halberd, and the smoke disappeared, leaving nothing behind.

The other four most holy horrors were overwhelmed. Where did they dare to stay? One by one, they stepped back crazy, fearing that they would be killed by Lu Ming.

There was a pity in Lu Ming's eyes.

That energy is used up.

There are a total of two energies in the reincarnation halberd. One energy burst before, which has been used up, especially for killing the most holy, the energy consumption is very fast.

Now, there is still energy left in the reincarnation halberd.

But the other party has ten holy ones. Even if the last energy bursts, it is impossible to leave all the other parties.

"kill!"

Lu Ming only hesitated for a moment, and then he held the saber halberd and stepped forward.

He did not explode that energy, and that energy should be used at a critical moment.

But others didn't know that Lu Ming was running out of energy. When he saw Lu Ming stepping in, his frightened soul was scattered, and he stepped back and forth.

"Hahaha, kill!"

The ice dragon ancestor laughed, and the two of Yunlong Valley master followed the landing, rushed forward, wherever they passed, no matter how high or low the cultivation of evil spirits, all retreated crazy.

Lu Ming was too terrifying, and the halberd in his hand was cut out, no matter what his cultivation practice was, it was a trick, even the most holy, it was the same, completely invincible, whoever died.

Later, Lu Ming stepped towards Tianyu Demon Sect Master, and Tianyu Demon Sect Master suddenly changed color, broke out to push his opponent back, and also retreated crazy.

"How did you retreat, don't you want to kill me?"

Lu Ming sneered, and looked at Tianyu Demon Sect Master.

Tianyu Demon Sect Master's eyes were extremely cold, and he wished to unload Lu Ming eight pieces, but she still dared not fight, fearing that Lu Ming would be cut off.

"Convergence, confluence!"

The lord of Tianyu Demon Sect shouted, and the strong men over the evil spirit religion began to merge together.

There are a total of ten great holy strong men, standing at the forefront, breath gathering, earth-shattering.

But Lu Ming held the saber halberd and stepped forward.

The other party was shocked and backed off again and again.

One person with one halberd, the top ten most holy, and many other strong men retreat one after another.

This scene is shocking and makes it hard for many people to forget in their lifetime.

"Lu Ming, you are just relying on foreign objects, relying on real skills, you can shoot you with a slap!"

Sovereign of Tianyu Mozong said coldly.

"Hahaha, relying on foreign objects? It's ridiculous. How many years have you practiced? How old are you? If you are the same age as me, I can blow you away in one breath!"

Lu Ming laughed, full of contempt.

Sect Master Tianyu's face was ugly, but difficult to refute.

"You block the footsteps of evil spiritism, and sooner or later you will die. No one can stop the rise of evil spiritism, let's go!"

After all, Tianyu Demon Sect Master and others slowly backed away.

"Old lady, do you want your apprentice?"

Lu Ming took out Moyang, and then said: "Forgot to tell you, I did search for Moyang's soul, but after that, his soul was destroyed by the restraining force, and now it has become an idiot!"

"What? Ah! You... dare to cheat me!"

Sect Master Tianyu screamed, and his angry face was distorted.

She knew that she was cheated by Lu Ming.

Lu Ming previously said that it was totally fake to search for the soul of Moyang in public and let the screen be projected. It was to deceive her, and the purpose was to deceive her to do it.

If this is not the case, she can completely borrow the power of the sects such as Tenjin Sect, first destroy the Dragon Valley, then destroy the Demon Castle, the Sword of Life and Death, and finally lay the trap, and suddenly attack the sect of Tenshen Sect. The state is completely under their control.

Moreover, the blood magic king can also win the house, everything will be perfect.

But now, everything has changed.

It was because Lu Ming tricked her to move ahead and everything changed.

At this moment, Tianyu Demon Sect Master had a face, twisted like a evil spirit.

"go!"

The Sect Master Tianyu shouted loudly, turned around and left, and the other evil spirits retreated and disappeared here.

Yunlong Valley Master and others have not pursued, and their strength is inherently weak. Even if they pursue, they will not be able to stay behind.

At this time, Yunlong Valley Master and others looked at the God Sect Master with a bad face.

Sect Master Tianshen's face changed dramatically, his body flickered, and he retreated to a distance, saying, "What do you want to do now? The first thing to deal with is the evil spirit religion. If we are infighting, it will only make the evil spirit religion alone!"

"Oh, what are you anxious? We didn't say to kill you!"

Master Yunlong Gu sneered.

Then the Lord Yunlong Valley looked around and said, "You guys, we go back, notify the other ancestors of Cangzhou, unite, find out the old nest of evil spirits, and destroy the evil spirits in one fell swoop, how?"

"I have this intention!"

The main road of the demon castle, with huge eyes, swept to the Sword Sect of Jiuxiao, the strong man of the evil moon sect, saying: "I don't know what you think?"

"It's a top priority to destroy evil spirits, and I have this intention too!"

Nine Xiao Sword Sect Master.

Then, Xieyue Sect Master also nodded.

In the end, everyone's eyes were on the God Sect Master.

"Destroy evil spirits, my \*\*\*\* of heaven will naturally fight!"

Sect Master of Tenjin.

"Okay, so decide!"

Yunlong Valley Master and others nodded.

"Farewell!"

After the Tenjin Sect Master finished, he took the rest of the Tenjin Sect and left here.

In this battle, Tenjin Sect suffered heavy losses and died a most holy man. Masters of other ranks also suffered heavy casualties and suffered great loss of strength.

Jiuxiao Jianzong and Xieyuezhong are slightly better, the most holy is not dead, but other strong players also suffered heavy losses.

"You guys, say goodbye, and get together again in the future!"

The Sect Master of Jiuxiao Jianzong, who also took the doorman of Jiuxiao Jianzong, left here, and then, so did Xieyuezhong.

For a time, in addition to the corpses of the land, the Tianyu Demon Sect of Nuo Da left Lu Ming and a few of them.

Lu Ming returned to Xie Nianqing, at this time, Xie Nianqing was still sitting cross-legged, but she had a magical energy on her body.

"This little girl is about to break the saint!"

Ancestor of Ice Dragon appeared beside Lu Ming.

Lu Ming nodded.

"Several of you, go back to your ancestors first, join other ancestors in Cangzhou, and deploy the cult to destroy evil spirits. Lu Ming and I stay here and wait for this girl to break through!"

The ancestor of the ice dragon has a few humane hands to the master of the ice dragon valley.

Everyone nodded, and finally, the Dragon Dragon Valley Master also stayed, and the Master of Life and Death Sword sent, the Lord of the Demon Castle, and the Lord of the Ice Dragon Valley left, returned to their respective ancestors, and began to deploy the extermination of evil spirits.

Chapter 1732: Crusade against evil spirits

Half a month later, Xie Nianqing finally succeeded in breaking through customs, breaking into the state of Wu Sheng in one fell swoop.

Later, Lu Ming, Xie Nianqing, Ice Dragon Ancestor, Yunlong Valley Master, returned to Dragon Valley.

Upon returning to Longshen Valley, Lu Ming heard a lot of news.

For half a month, the battle of Tianyu Mozong had already spread throughout Cangzhou, and the world was shocked.

Subsequently, the Dragon God Valley, the Sword of Life and Death, Demon Castle and other sects called together the major sects of Cangzhou to join forces to suppress the evil spirits. For a time, the responders gathered.

Tenjin Sect, Jiuxiao Sword Sect, Xie Yuezong responded one after another, joined the army of the Alliance, and fought against the evil spirit religion.

Subsequently, the formerly neutral King Palace, Linglong Hall and Poyuan Family also joined the Alliance.

So far, the top nine ancestors of Cangzhou have joined forces, plus other small and medium forces, the strength is extremely huge.

During this time, Zhuzong continued to send powerful men to investigate the hiding place of evil spirits, preparing to annihilate in one fell swoop.

In the past half a month, I finally found the place where the evil spirits were hiding. It was in a barren land in the north of Cangzhou. For a time, the strongmen of Cangzhou's great schools gathered in the north.

Jiuxiao Jianzong is in the north, and the major forces are at the foreign exchange union of Jiuxiao Jianzong Mountain Gate.

Dragon God Valley, Ice Dragon Ancestor, Yunlong Valley Lord led, led a large number of strong men to battle, and Ice Dragon Valley Lord, guarding Dragon God Valley.

Lu Ming and Xie Nianqing also followed the army and joined the army of crusades.

In Yunlong Valley, the second brother, Long Yuanshan, left to sit, Tian Hao, and Xue Ningxin were still weak, so they didn't bring it, and Yang Tianzong, and Lu Ming's four brothers, the five brothers were all saints. Fight together.

After a few days, they came out of Jiuxiao Jianzong.

At this time, besides Jiuxiao Jianzong, a lot of people have gathered, all masters of the major schools, and the weakest are all high-ranking martial emperors.

It is worth mentioning that since the first few days, the bubble seems to have closed down, turned into a white light, and enveloped itself like a cocoon.

Lu Ming knew that the bubble was about to break through.

Lu Ming is also secretly happy, if the bubble breaks the holy, with the law of time and space, the power will be even more amazing.

Beyond the Jiuxiao Sword Sect, there are more and more people. Cangzhou's great sects are constantly coming together.

In a few days, the nine top sects were all here.

This time, every top sect has sent two holy ones.

The nine top sects add up to the eighteen most holy ones. In addition, there are more big sages and bright sages. Such a powerful force gathers to sweep all the clan forces in Cangzhou.

In addition to the Half Saint, the high-ranking martial emperor, the number is tens of thousands, all are elites, and gather more than half of the strong in Cangzhou.

"set off!"

The Sect Master Jiuxiao Sword shouted, and then flew northward.

Jiuxiao Jianzong is located in the north and is most familiar with the geographical location here, so Jiuxiao Jianzong leads the way.

Tens of thousands of powerful people, vast and terrible, swept the world.

Lu Ming secretly panicked. It is really amazing that so many strong people gathered. If it is a joint attack, no one can stop it except the emperor-level strong people.

Soon, they flew into a vast mountain, and the further forward, the more barren the terrain.

Slowly, a thick mist appeared in front of him.

Everyone cheered up and raised their vigilance, and the most powerful men stood outside to prevent sneak attacks.

Going straight ahead, flying about a thousand miles.

"Someone ahead!"

Suddenly, someone shouted.

boom! boom! ...

Everyone's breath broke out, made a defensive posture, and looked forward.

In front, a large figure appeared.

At the forefront, the awesome Sect Master of Tianyu Demon Sect, the Master Sovereign of Poison, etc. are the most holy masters.

Last time, when they retreated, there were only ten holy ones, but now two more have been added, and there are twelve holy ones.

The most holy people on the side of the alliance also flashed in shape and appeared at the forefront.

The men and women on both sides stopped and confronted each other.

It seems that the evil spirits also knew that they were coming, and already gathered strong men, waiting here.

"Evil spirit teaches evil, be destroyed!"

The head of the Life and Death Sword School spoke indifferently, and there were black and white colors on his body.

"Oh, ridiculous, the evil spirit religion will eventually rule this Cangzhou, and even the wider territory, and it will be the enemy of my evil spirit religion, all will die!"

Sect Master Tianyu opened his mouth indifferently, her eyes fell on Lu Ming and Xie Nianqing, revealing a terrible color.

"The big words are not ashamed, today, the evil spirits will be destroyed!"

Xie Yuezong came out step by step as a holy holy man, covered with a dark moonlight, and looked terrible.

This person was last attacked in Tianyu Demon Sect and was severely hit. This period of time has been restored. These people can be said to hate the Tianyu Demon Sect and the desire to poison. At this time, they can't help but start.

bump! bump! ...

The other most holy ones also followed the steps, and the shaking ground kept shaking.

"Everything is the most holy, success!"

At this moment, a loud noise sounded, not from any one of the other party, but from behind the evil spirits, and then a middle-aged man wearing a purple gold robe came out of the air.

Wearing a jade crown on his head, this person is full of noble spirits, like the emperor on earth.

In his hand, there is a golden war sword, such as the emperor's sword, a sword is cut out, and a golden sword awn is cut to the strong man of Xieyuezhong.

This sword spirit, boundless, terrible, and vast coercive pressure, so that many people have an impulse to worship, can not rise to the idea of resistance.

"The Most Perfect!"

Xieyuezhong's most holy person made an incredible roar, and then tried his best to resist, the endless moonlight rose up and wanted to block it.

But everything seemed to be in vain. The sword light was cut off, the moonlight was broken, and the terrible sword light was cut into the body of the most holy saint of the evil moon sect.

Xieyuezhong's most holy body was stiff there, his eyes widened, full of horror.

Then, a blood stain appeared on his eyebrow, and then his body split from the middle.

Everyone was shocked.

One of the most holy, died like this, beheaded with a sword.

In particular, the Master Yunlong Gu waited for the most powerful, his pupils contracted, revealing incredible colors.

Most Holy!

This middle-aged man, full of emperor's spirit, is actually a strong man with the most holy consummation.

How can there be such a strong opponent?

None of Cangzhou has a strong sacred consummator. Even the Ice Dragon Ancestor, who has lived endless years, has not reached the sacred consummation.

Lu Ming was shocked.

He was very familiar with the temperament of the other party, which reminded him of Diyi.

Yes, the temperament of the other party is somewhat similar to that of Emperor Yi, as well as Emperor Xian who first went to the Shenhua Continent.

"Emperor clan, you are a member of the emperor clan!"

Someone shouted.

Many people were shocked in their hearts. The emperor clan, but the emperor-level forces, are in the northwest of Cangzhou.

"It seems that you still have some eyesight!"

The distinguished middle-aged man spoke lightly, and his body glowed with golden light, like an emperor, glancing down at his subjects.

Chapter 1733: Trap

"Dao brothers of the Emperor's clan, why did you kill me evil moon sect, you know, they are evil spirits!"

Sect Master Xieyue opened his mouth, his heart was bleeding, and the most holy, he was just killed, and the loss was heavy.

A top sect, there are few holy ones.

"I naturally know!"

The distinguished middle-aged man spoke out lightly.

"Now that I know, why do I have to help others?"

Sect Master Xieyue shouted.

"Helping for abuse? Ridiculous, come out!"

The distinguished middle-aged man spoke out lightly.

boom! boom! boom! ...

At this moment, in all directions, a terrible breath came, and a golden sword light rose into the sky, disturbing the dense mist.

Afterwards, a figure appeared in the eyes of everyone.

Wearing a golden robe and wearing a jade crown, it is full of noble spirit, and its temperament is very similar to that of middle-aged.

The people of the Emperor's clan are all people of the Emperor's clan, and the number is very large. There are tens of thousands of them. Each one exudes a terrible atmosphere.

The Ming Sheng, the Great Sheng, the number is staggering, and there are even a dozen of the most powerful.

There are three of them, the most terrifying breath, actually not weaker than the noble middle-aged, but the most powerful of the most holy.

Coupled with the honorable middle-aged, there are a total of four sacred and perfect strongmen, guarding the four sides.

At this moment, the strong men of the great schools were pale.

They were surrounded.

"Your Emperor's family, have also turned to evil spirits!"

Someone shouted.

"What is surrender, cooperation only!"

The distinguished middle-aged spoke lightly.

"Hahaha, I said, it is you who died today, the evil spirit religion will eventually rule Cangzhou!"

The Sect Master of Tianyu Demon Sect laughed.

The hearts of Lu Ming and others have been sinking.

They understand that if they are lucky, the other party is waiting for them.

But how could such a thing be expected, and how could they expect that the Emperor's ancestors actually turned to evil spirits and sent such amazing power that this was to destroy them in one fell swoop.

"Your Emperor's line, sending so many strong men to Cangzhou, are you not afraid of Yundi Mountain taking advantage of it?"

Yunlong Valley Lord spoke, frowning tightly.

Today, in trouble, the power of the other party is already far above them. In the event of a war, they have no hope.

In particular, the opponent has four strong holy consummates. The four great holy consummations are enough to deal with all their holy consecration. What's more, I don't know if the other party is secretly there are strong men.

"It seems that you are still unwilling, I will let you die, Yundi Mountain, half a month ago, has been wiped out by my emperor's vein, Yundi was even killed by my family Emperor Wu!"

Noble middle-aged.

"What? Yundi Mountain was destroyed!"

"Yun Emperor was killed, how could it be, but that is Emperor!"

Countless people exclaimed, revealing incredible colors, it is hard to believe.

Cangzhou, Yunzhou where Yundi Mountain is located, and Dizhou where the emperor's line is located, the three states are close together.

Yunzhou is in the west of Cangzhou, and Dizhou is in the northwest of Cangzhou.

In addition, there are no other imperial forces.

Because, Cangzhou, Dizhou, and Yunzhou are actually located in the middle of the Yunwu Mountains, which is flat and rich in natural gas.

The Yunwu Mountain Range is vast and boundless, vast and boundless, surrounded by steep and evil peaks, entrenched in countless beasts, and only these three states, in the long past, were respectively Cangdi, Yundi, and Dishu. The Emperor Wu of a family was developed and was suitable for the reproduction and cultivation of the human race.

Outside the Yunwu Mountains, there are other imperial forces, but they are far from Sanzhou.

In the past, the three major forces confronted each other, and no one could help others.

Since Cang Emperor's accident, Cangzhou's strength has plummeted, but Yundi Mountain and Emperor Shi's veins are mutually restrained and confront each other. Cangzhou seeks survival between the two forces and can maintain a wonderful stability.

Yundi Mountain is in the same vein as the Emperor's Clan, no one wants to get involved in Cangzhou, because one side sends troops to attack Cangzhou, the other side will take advantage of it.

Moreover, Emperor Yun and Emperor Wu of the same vein have almost the same strength. No one can help anyone.

But now, Yundi was actually killed and Yundi Mountain was destroyed. In this way, the balance was completely broken, and no one could stop the Emperor's veins.

"It must be an evil spirit religion, and the great evil spirit religion's help the emperor of the emperor's line can kill Yundi!"

"It's over, it's over, after all, it's a fight against evil spirits!"

Many people sighed.

They knew that the Yundi Mountain was destroyed, and the powerful forces of the Emperor's ancestors came out in large numbers. They had no chance.

"What do you do with so much nonsense, just destroy them!"

Tianyu Demon Sect Master cried.

"Wait!"

At this time, two figures came out of the sky, and both were wearing black robes.

One of them is a white-haired old man, and another is a skinny old woman.

"Have seen two elders!"

Sect Master Tianyu, when he saw these two men, his face changed and he saluted quickly.

Everyone's heart sank even more.

The elders of the evil spirit religion, each of them is standing on the pinnacle of the holy realm. It is extremely terrifying. Now there are two more. The strength of the other party is too strong. They have no chance.

The white-haired old man nodded, and then glanced at the Lord of Yunlong Valley and others, saying, "My evil spirits come back again, the strength is still weak, and all strength is needed. As long as you surrender, help me with evil spirits in the future. you guys!"

Many people moved their hearts and their eyes flashed.

If there is only one way to die today, it is better to turn to evil spirits than to be killed.

"Of course, everyone who surrenders will lay a ban on your soul or spirit god. As long as you dare to resist, you will let your soul die and die!"

The voice of the white-haired old man became cold.

Many people's faces are ugly. If it is the soul or the spirit \*\*\*\* is put under prohibition, it is really that there is no freedom at all, and it is completely subject to evil spirits.

"Okay, I will give you three minutes to consider whether to surrender, or not to surrender, surrender, live, not surrender, then die!"

The white-haired old man announced.

Many people looked ugly, their eyes flickered, and looked around.

But the surroundings have been completely surrounded. In the vein of the Emperor's Family, there are too many strong people, and the original people of the evil spirit religion, they have no chance.

There is too much difference, it is impossible to break out and start, only a dead end.

The time passed by one minute and one second, the atmosphere at the scene became more and more dignified.

Soon, three minutes will pass.

"I am willing to surrender, and I am going to surrender!"

A voice sounded, it was the Sect Master of the God of Heaven, he was the first to speak.

"Okay, know the current affairs as a good man, you come forward, I will be banned under your soul or spirit god!"

The slender old woman spoke with a harsh voice.

Although the Sect Master of Tenjin Sect was unwilling, he brought the strong man of Tenjin Sect forward.

The thin old lady stepped down, reaching for the eyebrows of the Sect Master Tianshen, and the dense inscriptions did not fall into the eyebrows of the Sect Master Tianshen.

Chapter 1734: Break through

After the evil spirits taught the thin and old women, after placing the ban on the gods of the gods, they continued to lay the ban on the others.

For those with high cultivation levels, the speed of her prohibition is slower. For those with low cultivation levels, she is extremely fast. Between waved hands, there is an individual who is banned.

The people who were banned under the cloth stood honestly behind the skinny old lady.

"Master, I will rush out!"

Among the crowd, Lu Ming held Xie Nianqing's small hand tightly and gave a voice to Yunlong Valley Master.

He was unwilling to be controlled by the evil spirit religion and became a puppet of the evil spirit religion. That would be better than death, not to mention Xie Nianqing.

Even if he tried hard, he would not let Xie Nianqing fall into the hands of evil spirits again.

"it is good!"

Unexpectedly, the owner of Yunlong Valley nodded directly and sent a message to Lu Ming: "I will contact other people and shoot together. In any case, you young people must send it out, otherwise, we really have no hope!"

Lu Ming was very touched. It seems that Yunlong Valley Master did not intend to catch his hand. Even if Lu Ming did not say, Yunlong Valley Lord would find a way to rush out.

"Master, the battle halberd I got from the battlefield of the Hundred Races has only two energies in it. Last time I used one in the Tianyu Demon Sect, and another one. If I broke out with all my strength, I could kill a holy consummation in one fell swoop. man of!"

Lu Ming gave a voice to Yunlong Valley Master.

"it is good!"

Yunlong Valley Lord's eyes lighted up, and he wasn't quite sure, because each of the four sides had a holy consummate strong guard, plus two evil spirit elders, even if he could unite a group of people and shoot together, There is not much chance.

However, if Lu Ming can kill a strong man with the most holy consummation, they will be able to break through from that direction, and the possibility of rushing out will be greatly increased.

"I will contact other people first!"

The main story of Yunlong Valley immediately transmitted sound to Binglong Ancestor, and Binglong Ancestor naturally agreed.

Then, Lord Yunlong Valley gave the masters of the Sword of Life and Death, Lord of the Fort of Demon Castle, Lord of the Palace of the Heavenly King and others.

Most of the people agreed, but like Xie Yuezong, the people of the Po Yuan family shook their heads and sighed. They did not dare to gamble.

"Ming'er, it's already negotiated. By then, my ancestors and I will take you and Nian Qing together to break through!"

Yunlong Valley Master sent a message to Lu Ming.

"Just me and Xiaoqing, what about them, and other disciples of Dragon Valley?"

Lu Ming was shocked, said.

"There is no way. The more people you bring, the lower the chance of rushing out. Bringing them will only kill them. I will let them surrender. I will turn to the evil spirits first. You and Nianqing have the best talents. Only you Only after rushing out, there is hope. In the future, you will be able to cultivate and become successful. You can come back to save them. If you are caught, other people will have no hope!"

Main Road of Yunlong Valley.

"but..."

Lu Ming couldn't bear it.

"No need to say more, Ming'er, remember, you are the hope, the other sect masters also think so, they will only bring one or two of the most outstanding disciples to break through, and the hope is only to keep you!"

Yunlong Valley said the main story, and then gave a voice to Yang Tianzong and others.

Yang Tianzong and others shook their bodies and nodded without hesitation.

"Senior Brother, Senior Brother will depend on you, and wait for you to save me later!"

Yang Tian smiled and sent a voice to Lu Ming, then stepped out and said loudly: "I want to surrender!"

"I will surrender too!"

Lu Ming's other brothers, as well as others in the Dragon Valley, stepped out and surrendered.

At this moment, Lu Ming clenched his fists tightly, feeling the sore tip of his nose.

Some people may be really afraid of death, so they surrendered, but Yang Tianzong a few people, Lu Ming knows very well that he would rather die in a fight than surrender, but at this moment, he did not hesitate to surrender.

Their purpose is to make Lu Ming feel at ease, and there is another person who can paralyze evil spirits and the emperor clan.

"Brother, if I rush out, I will definitely come back to save you in the future, evil spirits, the emperor clan, I will let them disappear from Yuanlu!"

Lu Ming swears in his heart.

"I surrender!"

There are people who yell and surrender constantly, and they are people of other sects.

Sure enough, the evil spirits showed satisfaction, and the slender old lady waved her hand and placed a ban on Yang Tianzong and others.

"Ming'er, this is the time!"

The voice of Lord Yunlong Valley sounded in Lu Ming's ear.

bump!

Lu Ming stepped on his foot, and his body rushed westward.

Uh! Uh! Uh! ...

At the same time, Xie Nianqing, Yunlong Valley Master, Binglong Patriarch, Life and Death Sword Master and others also moved and rushed westward together.

"Still want to resist, find death!"

To the west, a strong man with the most holy consummation shouted, a golden war sword appeared in his hand, a terrible breath erupted, a terrible golden sword light, and he slashed toward Landing Ming and others.

The power of the most holy consummate, the power is really terrifying, and it threatens all directions, killing all obstacles.

Yunlong Valley Master and other people's faces have changed greatly. Even if they have joined hands together in this kind of attack, I am afraid they will not be able to rush out. If they are blocked by the other party and other people react, they will have no chance.

"kill!"

At this moment, Lu Ming shouted, and the reincarnation halberd appeared, bursting out the last energy inside without hesitation.

The reincarnation halberds turned into Qingtian war halberds, and the golden sword of the opponent was directly destroyed by the war halberds.

puff!

The strongest holy consummate, who couldn't stop it, was directly cut into two halves by the war halberd. The terrible power even cut a deep gully on the ground.

"Rush!"

"Kill it out!"

Yunlong Valley Master and others were energized and broke out with full force, striking forward.

In front of them, there are still a few of the most holy strong men, who were immediately repulsed by them. They did not like to fight and rushed out of the crowd and flew away.

"Damn, chase, chase fast!"

The white-haired elder of the evil spirit taught shouted and chased him out first.

In addition, in the vein of the Emperor's Family, there were two strong men of the Most Holy, and some other Most Holy, also rushed out, and they flew to the landing as fast as possible.

"You guys, go chase too!"

Slender and old woman, looking at the few deities of the \*\*\*\* of heaven.

The face of Sect Master Tianshen changed.

"fast!"

Dry and thin, the old lady sipped hard, and the God Sect Master and a few of the most holy helpless people who had been banned were forced to land in the direction of their escape and chase them out.

Yunlong Valley Lord enveloped Lu Ming with his divine power, and the Ice Dragon Ancestor took Xie Nianqing and flew forward with great speed.

Lu Ming glanced and found that the others were also carrying one by themselves.

The head of Life and Death Sword sent a young man, and Lu Ming was quite familiar with it, it was Luo Xiang.

There is another holy saint of life and death sword school, also with a young man.

In addition, the two most holy in the demon castle, the two most holy in the Heavenly King Hall, and the two most holy in the Linglong Hall, each with one person.

A total of ten holy ones, with ten young people.

Undoubtedly, these young people have the best talents in their respective denominations. Only by sending them out will there be hope in the future.

"You can't walk away, just grab your hands!"

Behind, there was a cold voice.

It is the elder of the evil spirit, the old man with white hair.

Chapter 1735: Prospector

The white-haired old man's speed is extremely amazing, like a streamer, approaching the crowd.

A river surrounded him, and he looked like a god.

"The law is a river, this person has full control of a law!"

Lord Yunlong Valley snorted, his face extremely ugly.

The same is true of others.

The river around the body of the white-haired old man was completely transformed by the law, the river of law.

The Holy Realm is to practice the law. Most people can only practice one law.

Constant comprehension, continuous practice, until the end, fully grasp this law.

But it is too difficult to grasp a law completely and to understand a law.

Even if you practice to the most holy consummation, you will not fully understand a law.

After fully understanding a law, it has already surpassed the holy realm, and half of the foot has entered the realm of Wudi. This realm can be called a quasi-imperial.

This white-haired old man is a prospective emperor.

The prospective emperor is much stronger than the Most Holy.

Everyone gritted their teeth to increase the speed to the extreme, and tried their best to fly forward.

call out! call out! ...

In the sky, like a stream of streamers, in a blink of an eye, everyone flew tens of thousands of miles away.

At this time, the distance between the white-haired elders and them was closer.

"kill!"

The white-haired old man screamed and waved his hand. The river of law was transformed into a huge palm, as big as a mountain, screaming at the crowd. The terrible power seemed to explode the space.

"Join together!"

Yunlong Valley Master and others shouted, holding Lu Ming behind them, the ten most holy men united, the strongest blow broke out, and the ten attacks merged together, blasting towards the big hand.

boom!

With a trembling roar, although the ten powerful men such as Yunlong Valley Lord blocked the big hand, their bodies shook and they stepped back one by one, spitting blood out of their mouths.

In one move, the top ten most powerful sages were injured, powerful and shocking.

"Give you another chance, my cult of evil spirits surrendered at the time of employment, and I will not kill you!"

The white-haired old man spoke indifferently.

What makes them even more desperate is that behind them, there are flashing figures, and the other most holy strong men are coming.

"Leave this person to me!"

Lu Ming held the saber halberd, strode out, held the sword in both hands, exhaled, and slashed the halberd toward the white-haired old man.

This time, Lu Ming will explode the remaining energy in the halberd, and there will be no leftover.

On the reincarnation halberd, the terrible energy changed the face of the white-haired old man.

"cut!"

The roar of the old man broke out, and the river of law turned into a great sword, slashing towards the landing.

when!

Battle Halberd and Great Sword met in the air, slashed together, and the terrible energy burst out, sweeping towards the four directions, destroying all directions, and destroying the world.

"Break me!"

Lu Ming's hair was flying, like an invincible \*\*\*\* of war, the black light burst out on the halberd of reincarnation, and slowly pressed towards the other party.

bump!

In the end, the opponent's sword light exploded, and the terrifying energy on the reincarnation halberd completely bombarded the white-haired old man. The white-haired old man screamed, his body flew hundreds of miles away, and he vomited blood and breathed. Desolate.

However, the white-haired old man was not dead.

Lu Ming sighed, the other party was too strong, but was a prospective emperor.

Of course, if all the energies in the reincarnation halberd exploded, I am afraid that a quasi-empire could be killed. Unfortunately, this last energy, which Lu Ming had used before, beheaded a sacred perfect strongman, resulting in energy Not enough, without killing the white-haired old man, he can only hit him hard.

At that time, the reincarnation emperor said that if the energy in the reincarnation halberd exploded at full strength, it could cut any strong man below the emperor level, and the quasi-empire was also below the emperor level.

Of course, that means a burst of energy.

"Elder!"

At this time, the strong man of the Emperor's clan, the deity of the \*\*\*\* of heaven, and others also arrived, exclaimed and shocked.

In Lu Ming's hands, what kind of weapon is that? It's too scary. Even the quasi-Emperor can be hit hard. Before, a halberd killed a holy consummation, which made them frightened and dared not step forward.

"go!"

At this time, Yunlong Valley Lord Shengli was wrapped in a roll, covering Lu Ming, and everyone continued to fly forward.

"Don't let them run away!"

The white-haired old man snorted, then sat on the spot and began to heal.

"chase!"

The masters of the Emperor's Clan, Sect Master Tianshen and others continued to chase them down to the landing. Soon after, tens of thousands of miles passed. After all, they took one person, and slowly the distance between the two sides was approached.

But they did not dare to shoot, obviously Lu Xing's reincarnation halberd.

"You guys, go first!"

One of the most holy consummates of the Emperor's clan looks to the Sect Master of the God of Heaven and others.

"Let's go first, why?"

The face of Sect Master Tenjin changed greatly.

"No action, die now!"

Emperor's strong line said indifferently.

Sect Master Tianshen's face is ugly, but they are controlled by evil spirits, and they can only kill them if they obey their orders.

"Yun Ruoxu, Lu Ming, you should just grab your hands and catch it. The evil spirits are already staring at you, you can't escape!"

Sovereign of the \*\*\*\* of heaven spoke.

"If you can't escape, you must escape!"

Main Road of Yunlong Valley.

"Stubbornness, kill!"

Sect Master Tianshen's face was gloomy, and he sacrificed a sacred soldier, and came to the crowd from a distance.

Yunlong Valley Lord cut out with a sword, striking the Paladin.

Then, several other most holy men together with the \*\*\*\* of the heavenly god, also shot out, also sacrificed the saints and attacked Lu Ming.

They were afraid of Lu Ming's war halberd and dared not get close.

"Come closer, attack with all your strength!"

The Emperor's strong drink coldly.

Sect Master Tianshen froze, suddenly accelerated, and a spear of God's punishment was condensed in his hand, and they assassinated the landing.

"roll!"

Yunlong Valley Lord cut out a sword and flew the God of Sect Sect.

boom!

An emperor's strongman, flying high into the sky, chopping off with a sword, striking the sword light, fell towards the people, and the people joined forces to block the sword light.

"The kid's war halberd should have no restrictions, it can't be used now!"

Suddenly, the Sect Master of Tenjin shouted.

He remembered that he was in Tianyu Demon Sect before. At the beginning, Lu Ming was also brave and invincible, even severing a few of the most holy, but in the end, he still watched Tianyu Demon Sect Master and other people leave without chasing.

If Lu Ming's battle halberd can be used indefinitely, why didn't the Tianyu Demon Sect Master and other people be slain.

It's perfectly possible to reinvent the power of a quasi-imperialist with just strength.

Moreover, they have been attacked by them now and they have not used them for a long time. Obviously, there are restrictions and they cannot be used.

Lu Ming's face changed, and it seemed to be seen.

The strong man of the Emperor's clan, his eyes lit up, shouted: "Shoot together!"

Suddenly, the two most holy ones were consummated, and there were more than ten more holy ones.

Chapter 1736: Helpless choice

The God Sect Master ordered Lu Ming's War Halberd to be unusable. The Emperor's strongman and the evil spiritist strongman began to attack, and various attacks continued to pour down to the landing Ming.

Yunlong Valley Master and others can only fight back.

But there were more opponents, and there were two strong players who were the most holy ones. They were not at all enemies, and they were beaten back and down, falling behind.

In particular, the two most powerful sacred men are too strong. After more than ten moves, among the ten most sacred men, those with weak combat strength have been injured.

"Until now, the War Halberd has not been used, it seems that it really can't be used!"

Sect Master Tian Shen made a noise, his eyes flashing cold light.

Since he can't go away, the people of Tenjin Sect can't go away, and is controlled by evil spirits, so he doesn't want Yunlong Valley Master and others to escape, especially Lu Ming.

At least all of Lu Ming and others must be taken down to become puppets of evil spirits.

"kill!"

The two most powerful sages are more courageous, holding the emperor's sword, and the sword is magnificent, as between the emperors and the world.

puff!

One of the most powerful saints in the demon castle was pierced by sword gas, was hit hard, and almost died.

boom! boom! ...

Others also rushed to kill them, dispersing the defensive formations of Yunlong Valley Master and others.

"Die me!"

An emperor of the emperor's most holy consummate shouted, staring at the strongman of the demon castle, the offensive was raging, and the emperor's sword burst out, destroying everything.

"Hurry up!"

The demon fortress strongman roared, desperately blocked, but useless, and finally cut into two halves by a sword, fell here!

"Boy, look at you as a talent, surrender!"

The strong man of the Emperor's clan stared at the demon youth arrogance carried by the demon castle strong man, and said indifferently.

"I surrender!"

The demon castle was very helpless and could only surrender.

At this time, another roar came from a violent roar. One of the most holy of the Heavenly King's Palace was penetrated by Dantian, another great holy consummate, to destroy the Sacred Heart.

Jianguang is in a volume, and the most holy strong man is wiped out.

In an instant, two holy ones died.

"Unbeatable, rush!"

Yunlong Valley Master Chang Xiao, the remaining eight are struggling to impact, but the other party's strength is too strong, completely blocked, it is difficult to break out of the encirclement.

"If you can't go on like this, you have to go separately and disperse the strength of the other party, otherwise, we will all be left!"

The Ice Dragon Ancestor spoke.

"Yes, eight of us, two in a group, each breaking through, can break out, it depends on our character!"

The Sword of Life and Death is in charge.

"I'll open the way!"

The ancestor of the ice dragon screamed into a huge ice dragon. With a spit in his mouth, a snowy white dragon horn flew out. This dragon horn exuded terrible power.

An ancestor of Ice Dragon showed a reluctant look in his eyes, and then shouted: "Explode!"

The snow-white crystal dragon's horn burst with a bang, and a terrible cold wave blasted out. The emperor's most holy person was directly frozen by the cold wave and turned into an ice man.

And a strong man with the most holy consummation was repulsed by this cold current, covered with a layer of ice crystals.

"Rush!"

The Ice Dragon ancestor roared and rushed out. The others followed, rushed out of the siege, and then the Eight Most Holy, divided into four batches, headed away in four directions.

The ancestors of Binglong and Yunlong Valley brought Landing Ming and Xie Nianqing together.

Life and Death Sword sent the two most holy men with Luo Xiang and other two Tianjiao as a group, Linglong Hall as the two strong men as a group, as well as the demon castle fortress and the king of the temple as a group.

"Chasing apart!"

A holy consummate strongman shouted.

"That Lu Ming, must not let him go, this person grows up, it is definitely a big deal!"

Sect Master Tianshen shouted.

"chase!"

The strongest holy consummate, personally led people to the landing Ming chasing them, others scattered to chase a few others.

"The strongest holy man, staring at us!"

Yunlong Valley's face was somber.

With the battle power of the Lord of the Dragon Dragon Valley and the Ice Dragon Ancestor, if there is no strongest staring at the perfect holy person, they can escape with certainty, but it is difficult for the strongest staring to stare.

They landed with Ming Ming and Xie Nianqing, flying at speed, but the other party's speed was significantly faster and the distance kept getting closer.

"Master, ancestor, we must go separately!"

At this time, Lu Ming spoke.

The other party's goal is obviously him. If they leave separately, Xie Nianqing hopes to escape.

If they are combined together, it is likely that none of them will go away.

"Lu Ming, don't separate, let's go together!"

Xie Nianqing said, would she not know Lu Ming's thoughts?

"Lu Ming is right. You have to be separated. Ancestor, you take Nianqing away. I will take Lu Ming. One is one!"

Main Road of Yunlong Valley.

"It is good!"

The Ice Dragon Patriarch was also very determined and nodded directly.

"Lu Ming..."

Xie Nianqing is still unwilling.

"Go away!"

Lu Ming shouted.

The huge dragon claw of the ice dragon ancestor grabbed Xie Nianqing, and with a loud roar, separated from the owner of Yunlong Valley and flew in the other direction.

"You chase that ice dragon, these two people, give it to me!"

The strongest holy consummate ordered the other most holy ones to chase towards the Ice Dragon Ancestor, while the most holy consummate strongman continued to chase Yunlong Valley Master and Lu Ming.

Lu Ming secretly breathed a sigh of relief.

With the fighting power of the ice dragon old man, as long as he is not perfect with the Supreme Holy, there is a high chance of escape.

The other party's most holy is really staring at him.

This is why Lu Ming did not use the pictures of mountains and rivers to put other people into it.

Put other people into the mountain and river map, the other party's target is smaller, just stare at him, then, it can't escape, as long as Lu Ming is taken, it is a pot.

Scattering is the best way.

Yunlong Valley's main belt landed and turned into a sword light, a thousand miles in an instant, and the endless mountain passed by at the foot.

"You can't escape, read that you have a good combat power, or surrender, otherwise, there is only one way to die!"

The most holy indifferent opening of the Emperor's clan, his body seemed to turn into a golden sword light, breaking through the air, the speed was extremely amazing.

Yunlong Valley Master, even if he did his best, could not pull the distance apart. Instead, the distance between the two parties became closer and closer.

call out!

In the rear, the strong man of the Emperor's clan cut out a sword light and cut them towards Landing Ming. The Yunlong Valley Master waved his sword to resist. When the sound was heard, the Yunlong Valley Master was shocked and his face was pale, but with the help of this power, Flying a hundred miles forward.

"Master..."

Lu Ming worried.

"I'm fine, Minger, you go first, I'll block him!"

Yunlong Valley Master sent a message to Lu Ming.

"what?"

Lu Ming was shocked in his heart and said: "No, this person is too strong, it is the most holy consummation, I can't let the Master stay alone!"

Yunlong Valley Lord left to block the other side, I am afraid that there are more and more fierce, Lu Ming will never agree.

"Ming'er, as long as you escape, there is hope. Now, your fellow brothers, and so many people in the Dragon Spirit Valley, all fall into the hands of evil spirits. Next, the Dragon Spirit Valley is definitely not guaranteed. The only hope is now. , Right on you, with your talents, will rise in the future and destroy the evil spirits and the emperor's clan!"

"If you are also caught, there is really no hope, do you understand?"

Yunlong Valley Master continued to transmit.

Chapter 1737: Bubble shape

"Master..."

Lu Ming clenched his fists.

Although he knew that this was the best option, he could not let Yunlong Valley Lord resist each other, and he could not escape by himself.

Since he joined Longshen Valley, he worshipped Yunlong Valley Master as a teacher, and Yunlong Valley Master helped him too much.

Before Yunlong Valley, he was oppressed by Yinzheng, and the owner of Yunlong Valley was angry and retreated.

Later, he borrowed the power of the third bloodline to transform into a killing puppet, and the Master of Dragon Dragon Valley arrived in time to save him and freeze him for half a year before he could wipe out the endless idea of killing.

There are many, many more...

It can be said that without Yunlong Valley Master, there would be no Lu Ming today.

Now, Lu Ming wants to make such a choice, Lu Ming is really difficult to do.

"Ming'er, don't be confused, you brothers and they, and the Dragon and God Valley up and down, must rely on you to save, you don't have to worry about me, if I am not enemies, surrender is, when you come back to save me, evil spirits resurrection, need Power, will not kill me."

Lord Yunlong continued: "Also, you escape, go to the ancient moon holy land, and ask for help from the ancient moon holy land. Only the powerful forces of the ancient moon holy land can deal with evil spirits!"

"If we are all caught, we have no hope, let's go!"

Master Yunlong Gu finally snorted.

"Master, take care!"

Lu Ming roared, performed Fengshenbu, and flew forward at a speed.

Lu Ming was also a decisive person, struggling a bit, and soon made a decision.

Master Yunlonggu stopped, holding a sword in one hand, white clothes like snow, white hair flying, his eyes like electricity, looking at the rushing Emperor's strong.

Roar! Keng!

The dragon yelled, and the sword rushed to the sky.

Lu Ming looked back and saw two shocking swordsmans, met in the air and slammed together.

Lu Ming trembles in his heart, clenching his fists, because too much force, his nails have penetrated into the palm of his hand, bleeding out.

His eyes were bloodshot, and his heart was roaring: "Master, you must be fine. In the future, I will come back to save you, evil spirits, the emperor's family, and I will destroy it myself!"

boom! boom! ...

In the distance, the sword rushed to the sky, and the constant confrontation was fierce.

Lu Ming gritted his teeth, exerting the speed to the extreme, like a stream of light going away, and finally rushed into the endless mountains.

After rushing into the mountain, Lu Ming transformed the chaotic hair into the law of the earth, and then rushed into the ground, Lu Ming directly fell into the ground without a trace.

Lu Ming walks underground, surrounded by laws, and his speed is still extremely alarming.

Moreover, Lu Ming performed the magic breath technique to converge the breath to the extreme, and no breath was leaked.

In this way, Lu Ming has been walking underground for two days and two nights, and no longer knows how far away he ran.

At this time, Lu Ming stopped, his thoughts moved, he entered the mountains and rivers.

The mountain and river maps stayed deep underground.

Lu Ming took out a pile of rough stones, devoured it and refined it. Soon afterwards, Lu Ming's holy power was completely restored.

"I don't know what happened to Master? I hope Master will surrender and surrender!"

"And Nianqing, he and Binglong Patriarch, escaped?"

Lu Ming's eyes were full of worry.

Strength, at this moment, he is very eager for strength.

His training speed, although already very fast.

Come to Yuanlu, add up and down, more than five years.

When he first arrived in Yuanlu, he was at the supreme level of cultivation, and had not yet entered the emperor, but now he is already a saint.

In a little over five years, it has spanned such a large distance, which is amazing.

You have to know that after the Emperor Wu, time has become more and more unconceived. Many people have closed their doors for ten years, decades, and hundreds of years.

In five or six years, many people may find it difficult to surpass even a single cultivation.

Lu Ming's practice speed is already very fast, no worse than some peerless demon.

Lu Ming's combat power is even more amazing. Ming Sheng Xiaocheng's cultivation methods and methods are exhausted, and he can even kill an ordinary big Sheng Xiaocheng strong man.

However, this kind of combat power is naturally high above Cangzhou's younger generation, and it cannot be surpassed, but in the face of behemoths such as imperial power, he still seems so powerless.

Emperor-level forces, not to mention Wudi strong.

The following emperor, the most holy, any one, he is not an opponent.

He must constantly improve.

If he now has the cultivation of Emperor Wu, he can directly step on the clan of the gods and destroy the emperor and evil spirits.

"Master, if you wait, I will definitely go to the ancient moon holy land and move in to rescue soldiers. Even if there is no rescue soldier, I will definitely rescue you!"

Lu Ming's eyes were firm and his figure moved, and Lu Ming appeared in a valley.

In the valley, there is a milky white light cocoon. Among the light cocoons, there are bubbles.

Lu Ming looked at it, and then left, sitting cross-legged under the ancient Tao tree.

"I can't go out now. It is estimated that the evil spirits and the Emperor's clan are looking for me in the whole world, and they will go out after a while!"

Lu Ming thought.

Afterwards, Lu Ming closed his eyes and began to understand Chaos Tribulation.

In a blink of an eye, half a month passed by.

In the distance, a beam of light rose into the sky, interrupting Lu Ming's cultivation.

"Bubble!"

Lu Ming's eyes lit up, stepped out, and appeared in the valley.

At this moment, the light cocoon that the bubble turned into was extremely bright. It took a while for the light to converge. In the light, Lu Ming saw a figure.

Yes, it is a figure, adult type.

"Did the bubble shape?"

Lu Ming's eyes lit up.

When the light disappeared completely, a little girl appeared in front of Lu Ming's eyes.

A little girl who looks only two or three years old, with her hair scattered and no clothes on, reveals skin that is whiter and smoother than sheep fat jade, looks fat and greasy, and is extraordinarily cute.

"This is the bubble? Really a woman!"

Lu Ming gaped.

"Lu...Brother Lu Ming, tweeted..."

The cute little girl blinked her big eyes, and after seeing Lu Ming, she screamed with milk and milk, rushed to the landing, and pounced directly into Lu Ming's arms, her chubby body rolling in Lu Ming's arms.

"Bubble, have you transformed?"

Lu Ming said.

Ordinary monsters, Linghai can be transformed.

But the Divine Beast must wait until the Emperor Realm to be transformed.

The higher the level, the harder it is to transform.

Bubbles are the top ten fighting beasts, and they can only be transformed into a holy land.

"Yes...yeah, tweeting!"

The bubbles are open, the milk is milky, the speech is not smooth, and there is a 'chirping' at the end. It's really cute, how cute.

"Haha, bubble, you get dressed!"

Lu Ming smiled, and his mood was finally better.

"Well, Brother Lu Ming, tweeted!"

There was a little bubble, and there was light shining on her body. She interweaved a small skirt with holy force, which was worn on the body and added a little cuteness.

"Bubble, let's go out and see!"

Lu Ming said.

Then letting Bubble sit on his shoulder, Lu Ming came out of the mountain and river map, condensed his breath, and went to the ground.

Now that more than half a month has passed, the other party must have left this area!

Chapter 1738: Inquire about news

After coming to the ground, it was found that it was a vast mountain, and from all around, there were roars of monsters from time to time.

"I don't know what happened to Master? There is Xiangxiang!"

Lu Ming showed concern.

"Bubble, you have advanced pictures of mountains and rivers. I'm going back to Longshen Valley!"

Lu Ming said to the bubble.

Bubble nodded, his figure moved, and returned to the mountain and river.

Lu Ming's body began to change, and finally turned into a dark-skinned youth, the breath also changed greatly.

Then, Lu Ming left in the direction of Cangzhou.

Leaving there, Lu Ming felt really uneasy.

He wanted to inquire clearly about the whereabouts of Lord Yunlong Gu, Xie Nianqing, Xiang Xiang, Tian Hao and others. Otherwise, he would leave, and he would leave a demon, which would have a great impact on future cultivation.

Taking Lu Ming's cultivation practice as a means of performing illusion, as long as he does not encounter the Most Holy Strong, he should not be able to see through his disguise, as long as he avoids the Most Holy.

Lu Ming rose into the sky and flew at a very fast speed. On the way, he did not encounter the evil spirits and the people of the Emperor's clan.

Soon, Lu Ming came to the place where Yunlong Valley stopped.

Here is a mess. On the ground, there are all unfathomable sword marks, criss-crossing and stretching for thousands of miles, which shows how fierce that battle was at that time.

Even in one place, Lu Ming also saw blood stains.

"Master, how is it?"

Lu Ming was more worried, and then left here. Soon after, Lu Ming came to Jiuxiao Jianzong.

Jiuxiao Jianzong was very calm. Some people came in and out and looked very peaceful, but in it, Lu Ming saw several figures wearing gold robes, which were clearly disciples of the Emperor's clan.

It seems that Jiuxiao Jianzong has been controlled by evil spirits.

Lu Ming left here and headed south.

Along the way, he passed through several powerful sects and secretly observed that they found that these sects were already under the control of evil spirits. Obviously, many people were banned and obeyed.

Obviously, the evil spirit religion has fully controlled the major forces in Cangzhou.

A few days later, Lu Ming came to the Dragon Valley.

Lu Ming did not enter Longshen Valley, but waited outside.

"Ok?"

Soon after, Lu Ming's eyes narrowed, and he saw an 'acquaintance', Tianyu Demon Sect Master.

"Longshen Valley also seems to have been won by evil spirits. What happened to Xiangxiang?"

Lu Ming was extremely worried, converged, and watched from afar.

Sect Master Tianyu's face was gloomy and flew northward, disappearing without a trace.

Lu Ming continued to wait. The next day, he saw a group of people flying out of the Dragon Valley.

"Brother Zifeng!"

Lu Ming's eyes lit up.

He saw Zifeng.

A group of people flew towards the distance, Lu Ming followed.

"Brother Zifeng!"

After leaving Longshen Valley for some distance, Lu Ming sent a message to Zifeng.

After hearing Lu Ming's voice, Zifeng's body shuddered, but soon he recovered.

"I suddenly remembered that I still have something to do and I need to go back to Dragon Valley, you go first!"

Zifeng and others are humane.

The others nodded, continued to fly, and disappeared in a blink of an eye, while Zifeng looked around.

"Brother Zifeng, I'm in a valley on your left!"

Lu Ming's voice rang in Zifeng's ears.

Zifeng flew towards the left, flew into a valley, and saw Lu Ming.

"Brother Lu Ming, I heard that you escaped, and now there are many people who are cultists of the evil spirit religion and Tianyu Demon Sect, looking for you. Why are you back? This is very dangerous!"

Zifeng worried.

"Brother Zifeng, has the evil spirit religion already occupied the Dragon Valley?"

Lu Ming asked.

"Not bad!"

Zi Feng sighed and said, "A dozen days ago, a large number of powerful evil spirits came to Longshen Valley, and most of the disciples of Longshen Valley were taken down. The other party placed a ban on our Spirit God!"

"really!"

Lu Ming's heart tightened and asked: "Brother Zifeng, do you know, Tian Hao, and my disciple Lu Xiangxiang how are they doing?"

"Don't worry about this, Brother Gu, who saw the opportunity early, took a step ahead with the fragrant incense, Tian Hao and Xue Ningxin, and rushed out of the Dragon and God Valley. Now I don't know where it is? But I heard that evil spirits The teaching is always looking for, it must be fine!"

"Unfortunately, most of them were won when others ran away!"

Zi Feng smiled bitterly.

"Ran away?"

Lu Ming was relieved.

The owner of Binglonggu also knows Xiangxiang's talent. Presumably, when he found something was wrong, he immediately took Xiangxiang, Tian Hao, Xue Ningxin and escaped.

A master such as the Lord of Ice Dragon Valley naturally knows how to make a decision. At a critical moment, he naturally takes away the most talented person, so that there is hope.

"Brother Zifeng, do you know what happened to my Master Zun Yunlong Gu?"

Lu Ming asked again.

"Ok!"

Zifeng nodded and said, "I secretly heard the news. At the beginning, you went to suppress the evil spirit church, and you were ambushed by the emperor clan. Most of the people were taken down and controlled by the evil spirit church. A few people Was killed."

"I heard that your Master was seriously injured, and finally was banned by evil spirits!"

"Master is fine!"

Lu Ming's eyes lit up.

Master is fine, just controlled by the other party, sooner or later Lu Ming will rescue him.

"Brother, what else have you heard, such as how many people escaped?"

Lu Ming asked.

"I am not very clear, it seems that many people have been caught, such as the lord of the palace of the king, the lord of the demon castle, etc., but our ice dragon ancestors also seem to have escaped, and there are the heads of the sword of life and death. , Also escaped!"

Zifeng pondered.

"Is the ice dragon ancestor also escaped?"

In Lu Ming's heart, it was another loose.

The Ice Dragon Ancestor escaped, meaning that Xie Nianqing also escaped.

Fortunately, things did not go in the worst direction. Xiangxiang and they were taken away by the owner of Binglong Valley, and Xie Nianqing was taken away by the ancestor of Binglong.

Master Yunlong Valley Master was just injured and fell into the opponent's hand and was controlled by the opponent.

In this way, Lu Ming felt relieved.

"Brother Zifeng, come with me!"

Lu Ming said.

"Brother, let's go, I can't go. The other party has placed a ban on my spirit god. Every once in a while, they have to report. If they don't report for a certain time, the other party will launch a ban and destroy the soul! "

Zifeng shook his head and smiled bitterly.

"hateful!"

Lu Ming gritted his teeth.

"This is the means by which the evil spirits control people. Brother, go away, leave Cangzhou, and with your talents, you will have the opportunity to prove to be an emperor in the future. Brother I will put my hope on you and wait for you here to save I!"

Zifeng smiled slightly.

"Brother Zifeng, take care!"

Lu Ming clenched his fists.

"Haha, rest assured, I will live alive before the younger brother returns, wait for the younger brother's return day, and drink with him again, younger brother, let's go quickly, and the future will change!"

Purple Maple Road.

"Brother, rest assured, Lu Ming will definitely come back to save you and calm down the evil spirits!"

Lu Ming Zheng focused on his head, then flashed, leaving the valley.

Chapter 1739: Go to Ancient Moon Holy Land

Separately from Zifeng, Lu Ming re-dressed and then headed west.

Now, he intends to cross the Yunzhou from the west, enter the Yunhai Mountains, and go to the ancient moon holy land.

A few days later, Lu Ming came to the west of Cangzhou and entered Yunzhou.

After a while, Lu Ming came to Yundi Mountain.

"Yundi Mountain, collapsed!"

Lu Ming whispered, his eyes complex.

In the distance, the originally majestic Yundi Mountain collapsed.

Seems to be cracked by the boundless power.

Here, the Emperor War occurred, Yundi was killed, and Yundi Mountain collapsed.

Lu Ming lamented that an emperor-level force said that the destruction would be destroyed, and even Emperor Wu was beheaded.

Yuanlu is too big, and there are countless forces. Such things are estimated to happen everywhere.

Even if he practiced to Wudi, he must have stabilized. He is more powerful than middleman. Unless he has the power to dominate the world, otherwise, he may fall.

Lu Ming didn't stay much. After a few glances, he left here and went west.

"Ok?"

Soon, Lu Ming's eyes moved.

In front, there are a group of people flying, about a dozen people, all wearing golden robes, full of noble atmosphere, like the emperor.

One of the young people, Lu Ming is very familiar.

Dixian!

At the beginning, Emperor Xian led the people into Shenhua to help Emperor Yi, who wanted to kill Lu Ming. Finally, Lu Ming killed most of his men and retreated.

Unexpectedly, I would encounter Emperor Xian here.

After so many years, Emperor Xian's cultivation practice has long broken through the Emperor Wu, and now is the five-fold existence of Emperor Wu.

Among the dozen people, it is very unremarkable. Among the dozen people, there are two holy realms, and the others are high-level martial emperors.

"Now if you encounter it, then remove it, and forever remove the trouble, otherwise, who knows when this guy will run to Shenhua Continent to retaliate!"

In Lu Ming's eyes, a cold light flashed.

Lu Ming stepped forward and walked towards a dozen emperors.

"who?"

A strong man in the Holy Realm, with eyes like electricity, looked to Lu Ming.

"The people who killed you!"

A sword of war appeared in Lu Ming's hand, one sword was cut out, and a terrible sword light shone. The saint had no power to fight back and was killed by a sword.

"No, call someone!"

Someone exclaimed.

"kill!"

Lu Ming's war sword turned into the sky. With these people's fighting power, Lu Ming couldn't stop Lu Ming, which was too far apart.

Once the sword was cut, it was almost completely destroyed. Only one person was still alive. That was Emperor Xian.

At this time, Emperor Xian was completely stunned, standing in the air, shaking uncontrollably, cold sweat, looking at the landing song in horror, said: "This brother, there is something to say, Rao Ming, you are the person of Yundi Mountain Well, you go, I will never say it!"

"I'm not from Yundi Mountain!"

Lu Ming said.

"Not from Yundi Mountain?"

Emperor Xian was taken aback for a moment. He thought that it was Yundishan's leaking fish who came back to take revenge. It turned out that he was not the person of Yundishan.

"Don't you remember me so fast?"

Lu Ming sneered, his appearance restored.

"Yes...is you?"

Di Xian's pupils contracted for a while, and Lu Ming was recognized.

He didn't expect that he hadn't gone to Shenming Continent to find Lu Ming. Lu Ming had already arrived here, and the fighting power was terrifying. Even the Holy One was not a united enemy.

His original plan was to seek Lu Ming's revenge after breaking through the Emperor Wu Dynasty, but later, the Emperor's vein had a lot of big things and had to do many big things. At this time, he did not go to God. Shortage, stay in the Emperor's family to build meritorious service, wait until the situation stabilizes, and then go to Shenhua to destroy Lu Ming.

Unexpectedly, Lu Ming met here.

He turned and ran.

But Lu Ming came out with a sword, Emperor Xian, die!

After killing Emperor Xian, Lu Ming felt more relaxed, and then he could go to the ancient holy land with peace of mind.

Re-dressing, Lu Ming quickly left here and headed west.

Shortly after Lu Ming left, Di Xian and others were killed and found. The Di clan sent a large number of strong men to search for the murderer. Unfortunately, the murderer was not found in the end.

Lu Ming went all the way west, crossed Yunzhou, and entered a vast mountain.

This is the Yunhai Mountain Range.

The Yunhai Mountains, ancient trees are towering, and there are countless dangerous peaks. There are countless fierce beasts, even the most holy beasts.

Lu Ming carefully, reduced the speed, walking in the Yunhai Mountains, while rushing to the road, while practicing.

After walking for two months, Lu Ming passed through the endless Yunhai Mountains and entered a gathering place of human races, Fengzhou!

In Fengzhou, there is also an emperor-level strong guard, called Fengdi.

After coming to Fengzhou, he finally did not have to rush on the road carefully, and Lu Ming took out the five-speed broken shuttle, entered the broken shuttle, and walked away.

Lu Ming's purpose is to rush to the ancient moon holy land to see if he can invite the powerful forces of the ancient moon holy land to shoot out the evil spirits.

Ordinary emperor-level forces are useless at all, such as Yundi Mountain, which has been destroyed by itself.

After Lu Ming entered the broken air shuttle, he continued to practice.

In the two months in the Yunhai Mountains, Lu Ming's main direction was to cultivate the chaotic fingers. After so long, Lu Ming finally realized the success of the chaotic fingers.

Of course, there is only a moment of success, but the power is also terrifying.

Chaos robbery refers to the magical power based on the law of chaos, even if it is a success, it is far more than the magical power of the common law.

Chaos robbery refers to Lu Ming's strongest move now.

Lu Ming's cultivation practice is also steadily improving, slowly approaching Mingsheng Dacheng.

In the broken shuttle, Lu Ming felt at ease to practice.

In a flash, another month passed.

Lu Ming has crossed six continents and passed six imperial forces, but it is still very far away from the ancient moon holy land.

"There are so many emperor-level forces in this land, so how many emperor-level forces should be radiated from the ancient moon holy land as the center? At least one emperor-level power sits in the town, How many emperor-level strongmen are there?"

"Also, the land of Yuanshan, but there are nine holy places, how many emperor-level forces there are, not to mention that there are as many as ten land in Yuanlu, how many masters, and how many emperor-level strongmen, I am afraid it is difficult to count !"

"Then why I heard that the evil spirit religion endangered Yuan Lu and was destroyed by countless forces of Yuan Lu?"

Lu Ming turned his thoughts, very curious.

I heard that there is a leader of evil spirits, two deputy leaders, and thirty-six dharma princes, all of whom are powerful emperors.

Such a force is indeed terrifying and terrifying, but it should be nothing if it is placed on the vast land.

The vast land and the land, so many emperor-level forces, so many emperor-level powerful forces, can easily destroy the evil spirits?

"Perhaps, Cangzhou is in a precarious position. Most people don't have enough knowledge, thinking that the evil spirit religion is the most terrifying force in Yuanlu!"

Lu Ming thought.

Chapter 1740: Blood Jade Palace

After all, on the vast Yuanlu, Cangzhou is just a corner, and Yunzhou and Dizhou are in the vast distant sea mountains.

Most people in Cangzhou do not know how big the world is and how many powerful forces outside Cangzhou if they do not go out.

In their eyes, Cang Emperor is the most powerful existence between heaven and earth.

The evil spirit religion, with dozens of emperor-level strongmen, naturally thinks that the evil spirit religion is the most terrible force in Yuanlu.

This is also normal.

When Lu Ming didn't go to the battlefield of the Bai Clan, he didn't think that there were so many emperor-level forces above Yuan Lu.

"It won't work like this. I don't know how long it will take. I have to find the teleportation array, otherwise it will be too slow!"

Lu Ming thought.

However, in Yuanlu, only the imperial forces could establish the teleportation array.

"Go down and find out which imperial power is here!"

Lu Ming had a plan, put away the broken shuttle, then stepped down into the air and landed in a big city.

"Here is the Blood Jade State, ruled by the Blood Jade Palace, Xu Ran, isn't it just a disciple of the Blood Jade Palace?"

Lu Ming's eyes lit up.

On the battlefield of the Bai people, Lu Ming and Xu Ran didn't know each other. In the end, there was a feeling of sympathy, and the two had a good relationship.

Later, Xu Ran was caught by the local people on the battlefield of the Bais, and Lu Ming also rescued him.

At the time of separation, Xu Ran also invited Lu Ming to be free, but came to the Blood Jade Palace to find him.

Since this is the territory of the Blood Jade Palace, Xu Ran can be found, borrowing the teleportation array of the Blood Jade Palace, and the ancient holy land in front of it.

Immediately, Lu Ming inquired clearly about the direction of the Blood Jade Palace, and Lu Ming flew towards the Blood Jade Palace.

Half a day later, Lu Ming came outside the Blood Jade Palace and sent a message to Xu Ran.

Soon after, Xu Ran flew out of the Blood Jade Palace.

"Haha, Lu Ming, did you expect you to come to me?"

Xu Ran smiled, quite surprised.

"Xu Ran, you have broken through the Holy Realm, congratulations!"

Lu Ming looked at Xu Ran and smiled slightly.

"What congratulations, I am afraid you have broken the saint already?"

Xu Ran looked at Lu Ming and found that he could not see Lu Ming's cultivation behavior at all.

"I will also break through the Holy Land soon!"

Lu Ming smiled.

"I knew that you guy must have broken the saint, right, aren't you in Cangzhou? Why did you suddenly come to the Blood Jade Palace? It's impossible to visit me specially?"

Xu Ran laughed.

"It's a long story!"

Lu Ming sighed and said, "The evil spirits are resurrected, and the evil spirits have resurrected them. They have already occupied Cangzhou, Dizhou, and Yunzhou. I was forced to help but ran out!"

"What? Evil religion?"

Xu Ran's face changed.

"Xu Ran, how much do you know about evil spirits?"

Lu Ming asked, Xu Ran came from the emperor-level forces and probably knew more about evil spirits than him.

"I am not particularly clear, I just know that the evil spirit religion was born in 80,000 years. There is one leader, two deputy leaders, and thirty-six princes. They are all emperor-level characters, and they are extremely powerful. The arrogant and the arrogant with the potential to become an emperor, in the area of the ancient moon holy land, many forces talk about the change!"

"The most important thing is that evil spirits are good at controlling people, so their strength is stronger than on the surface. At that time, many powerful forces in the ancient moon holy land joined forces to destroy the evil spirits. Unexpectedly, the evil spirits were resurrected and came out to commit evil. Now!"

Xu Ran frowned.

"I'm here, I just want to go to the ancient moon holy land, and invite the powerful forces of the ancient moon holy land to get rid of the evil spirits!"

Lu Ming said.

"Oh, exactly, I just happened to go to the ancient moon holy land recently. We can be together, but Lu Ming, don't have too much hope for the help of the ancient moon holy land!"

Xu Ran said.

"Why?"

Since the evil spirit religion is so harmful, how can the powerful forces of the ancient moon holy land ignore it?

"The ancient moon holy land, the lords are divided, and there are many powerful forces, but the competition is extremely fierce. I am afraid that there is no time for him to take care of it. It may not send many emperor-level figures to help you. At that time, the evil spirit religion also angered the ancient moon holy land. Only those powerful forces have been besieged by those forces!"

Xu Ran said.

"It turns out so!"

Lu Ming frowned, and he knew in his heart that all forces are focused on interests, and I am afraid that they will not take more control if their own interests are not damaged.

But even if it were difficult, he would try it.

If he can invite the powerful forces of the ancient moon holy land to help, he can rescue them from the Yunlong Valley Master as soon as possible.

"Lu Ming, you don't have to be discouraged. I will report this matter. I can't decide what to do!"

Xu Ran said.

"Thank you!"

Lu Ming clenched his fists.

"It's just a trivial matter, Lu Ming, let's go to the Blood Jade Palace for a few days. After two days, I will go to the ancient moon holy place with you!"

Xu Ran said.

Lu Ming nodded, and Xu Ran entered the Blood Jade Palace.

Xu Ran had a very high status in the Blood Jade Palace. He arranged a separate courtyard for Lu Ming and reported the evil spirits.

After two days, Xu Ran came to Lu Ming and said that the evil spirit religion had been reported. The Emperor Xueyu Palace already knew, but he did not know exactly what Emperor Wu would do.

Lu Ming nodded, indeed, only Wu Emperor could intervene in this matter. As for Wu Emperor's decision, they could not interfere or interfere.

"Lu Ming, let's go, we go to the ancient moon holy land. Recently I heard that the great power of the ancient moon holy land, the maiden of the Yaochi was born, intending to choose the protector, around the ancient moon holy land, the arrogance of the major forces have already started. During this time, the ancient moon holy land will probably be very lively!"

Xu Ran said, showing the look of expectation.

"The Lady of Yaochi?"

Lu Ming wondered, he knew nothing about the ancient moon holy land.

"Yes, Yaochi is an extremely special force. All of them are women. The national fragrances of all countries, especially the saints in them, are even beautiful. Every 20 years, a group of saints will appear in Yaochi. , This time, there are nine saints!"

"It is said that every one is as beautiful as a goddess, as a goddess descends, and is extremely talented, cultivated as a deep, if you can become a protector, it is not a beautiful thing!"

Xu Ran said, his eyes were a little bright.

Lu Ming smiled slightly. Now, where does he have any thoughts to see the beauty?

Immediately, Lu Ming and Xu Ran walked towards the teleportation array of the Blood Jade Palace.

Embarking on the teleportation array, they left the Blood Jade Palace.

Soon after, they appeared in an ancient city.

Here, it is not the ancient moon holy land, but an ancient city outside the ancient moon holy land.

The emperor-level forces cannot be directly transferred to the ancient moon holy land, but only to the ancient city outside the ancient moon holy land, and then depart from the ancient city to the ancient moon holy land.

Lu Ming and Xu Ran did not stop in the ancient city, and flew directly towards the ancient moon holy land.

Soon after, there was a vast mountain ahead, and peaks rose from the sky like a sword, looking from afar, boundless and magnificent.
