

D Emperor 1801

Chapter 1801: Was killed by Lu Ming

Lu Ming's face was gloomy, but there was a light door, and others wanted to enter. So many people, he couldn't stop him.

But the result was unexpected. Wan Zhengyang bumped his head against the light gate, his head dizzy, and he couldn't get in and was blocked.

"Damn, how could this be?"

Wan Zhengyang roared, and then looked at the token in Lu Ming's palm, exposing a fiery glow.

"Boy, give me your token!"

Wan Zhengyang sipped and stepped, then rushed towards the landing Ming, a sword appeared in his hand, a sword slashed towards Lu Ming, to cut off Lu Ming's arm.

Uh!

Lu Ming moved like a lightning, avoiding Wan Zhengyang's attack like lightning, and rushed towards the light door.

"Leave me!"

In front of Lu Ming, two young men appeared, blocking indifferently in front of Lu Ming, grabbing with a big hand, and grabbing towards landing Ming.

"roll!"

Lu Ming shouted and blasted two punches in a row.

bump! bump!

The two young men flung their bodies and flew backwards, vomiting blood.

"Law of Chaos, you are Lu Ming!"

One of them shouted.

"Lu Ming? Leave me!"

Behind him, Wan Zhengyang burst into a cold killer, and out of his body's acupuncture points, a handful of holy soldiers, war soldiers gathered together, and a terrible sword gas, slamming toward the landing.

In Lu Ming's hand, a war sword also appeared, chopping backwards and severing with Wan Zhengyang's war sword.

when!

A terrible shock sounded, and Lu Ming's body used this power to move forward quickly, rushing towards the light door.

The light door, like a wave of water, did not hinder Lu Ming at all. Lu Ming rushed directly into the light door and disappeared.

"Damn!"

Wan Zhengyang shouted, and a sword was cut over the light door, but the light door was indestructible, and there was no reaction at all, and the light dimmed, and it disappeared directly at the next moment.

"what happened?"

At this time, other youths rushed over and asked in surprise.

"Lu Ming, Lu Ming, he went in!"

Wan Zhengyang shouted, extremely unwilling.

"What? Lu Ming went in? How can he go in?"

Others are more puzzled.

"He has the key and can open a light door, **** it!"

Wan Zhengyang shouted, then looked at Huang Ling, very cold, said: "Lu Ming has the key, do you have it, quickly hand it over?"

"Lu Ming has it, how can I have it? Ridiculous!"

Huang Ling sneered.

"Of course you don't admit it, I'll search it myself!"

When Wan Zhengyang stepped out, he was forced to force Huang Ling.

Wan Zhengyang, as the first person of the Wanjia younger generation, is absolutely powerful, and Huang Ling is certainly not an opponent.

boom!

At this moment, the whole mountain of Danlu trembles violently.

Then, from the mountain, a halo erupted and swept away in all directions. Those who had been swept by the halo flew directly outside the mountain.

The halo swept through, and all the young people who entered, except for a row, were all swept away and flew out of the mountains.

Outside the mountain, countless people stand in the void, looking at the mountain of Danlu, waiting.

In the high altitude, one emperor-level strongman stood there, exuding terrible fluctuations, where, like dozens of worlds, it was necessary to engulf everything.

Suddenly, a shock erupted from the Mountain of Danlu, and then everyone saw that a halo erupted, and then, young men, rushed out at an alarming speed, and rushed out of the mountain until they stabilized. Body shape.

"Damn!"

Wan Zhengyang screamed and angered.

"what happened?"

In the high altitude, the Wanjia Emperor-level strong eyes looked like a sword, looking at Wan Zhengyang.

"Senior Emperor Wu, someone has entered the Mountain of Danlu!"

Wan Zhengyang Road.

In the face of Emperor Wu, even the children of future generations, in order to respect, they would say "Master Wu Emperor".

"What? Someone has entered the Mountain of Danlu? Who is it?"

In the eyes of Emperor Wujia, a brilliant light burst forth.

The strong of the other forces were shocked in their hearts, and their eyes began to glance at the arrogance of their respective forces, hoping that the arrogance of their forces would enter.

"Lu Ming, Lu Ming!"

Wan Zhengyang's voice rang again.

This statement shocked many people.

Lu Ming! It was actually Lu Ming again!

Not long ago, Lu Ming's name was flamboyant in the holy land of the ancient moon, and he was brave enough to kill a dozen arrogances of the four major forces at the Wanling Exchange, as well as a dozen elder sages.

The last four forces dispatched a large number of strong men, and even emperor-level strong men hunted and arrested, but nothing helped, and Lu Ming was not found.

The name of Lu Ming, and even some Emperor Wu, have heard of it.

After disappearing for a while, now, without knowing it, he entered the mountain of Danlu, and even some Emperor Wu was surprised.

"This kid again, how did he get in? Is he alone?"

Emperor Wanjia asked.

"Lu Ming has the key and opened the door..."

Wan Zhengyang briefly explained the situation inside, and then looked at Huang Ling, Long Chen, and said, "Do you and Lu Ming have a key together?"

"Ridiculous, we need keys, why are we here?"

Huang Ling sneered.

Ok?

At this time, the Wanjia Wudi only noticed Huang Ling and Long Chen, frowning.

Didn't he send people to siege the Phoenix spirits, did Longchen have them, why are they still alive?

Then he glanced around and found that Wanjia had several Tianjiao, frowning, and asked in a cold voice: "Zhengyang, how about Tianchao? Why can't you see it?"

"The dark wolves of my Sirius Tower, how can they not see them?"

"My Sky Bird Palace..."

Then, the strong eyes of several powerful forces swept away, and they all spoke out indifferently. They all found that there were fewer people in their sect.

Uh!

Emperor Wanjia Wu looked at Huang Ling and asked, "I said, where are you from my Wanjia Wantianchao?"

Huang Ling's face changed, and he said, "Senior laughed, your arrogance, how can I know?"

"They are all dead, killed, killed by Huang Ling, Long Chen, and Lu Ming!"

At this moment, a loud cry rang out, and everyone's eyes looked and found that it was the fourth prince Jinwu who spoke.

"What? Was it killed?"

Emperor Wanjia Wudi, Emperor Wulu of Sirius Tower, etc., a terrible breath broke out.

"Yes, I saw it with my own eyes and was killed by them!"

The fourth prince Jinwu shouted, with a gleaming glare in his eyes.

"Dare to kill me Wanjia Tianjiao, find death!"

Emperor Wanjia Wu screamed and stepped out. In this step, the world shook, as if a world was about to explode. The terrifying and breathtaking atmosphere made everyone's face change wildly and go back crazy.

Huang Ling did the same, retreating at a rapid speed, but still under strong pressure, her body shivered and a spit of blood spewed out.

But at this time, a figure appeared in front of the Phoenix Spirit, and a terrible breath also broke out, blocking the breath of the Wanjia Wudi.

"A martial emperor, do you want to shoot a junior?"

This is the powerful Emperor Wu of the Phoenix Palace.

Chapter 1802: Emperor Wu confronted

The Emperor of the Phoenix Palace stood in front of the Phoenix Spirit, his eyes were cold, and he stared at the Emperor Wanjia. With terrible breath, the Emperor Wujia stopped.

"Huang Ling, what is going on?"

Emperor Wu of the Phoenix Palace asked Huang Ling again.

"This is the case. When I and Longchen and they first went to the Mountain of Danlu, we met people from Wanjia, Sirius Tower, Tianfo Palace, Ziji Palace, and Xinming Luming arrived. To save us!"

Huang Ling explained.

"What? The people of the four forces besieging you, be bold!"

After hearing this, Emperor Phoenix Palace was furious, and a splendid phoenix burst into flames. A huge phoenix flew forward. The face of Wanjia Wudi changed, and an imperial soldier appeared in the palm of his hand. Phoenix.

"The people of the four forces besieged the Phoenix Spirit, Long Chen and they were finally killed by their waste. Now the Emperor Wu actually came forward to deal with the Phoenix Spirit. Doesn't it matter? Is it really my Phoenix Palace to bully?"

The Emperor of the Phoenix Palace opened his mouth, and a phoenix was circling over his head, his momentum was getting stronger and stronger.

Around, the other sectarians almost understood what was going on.

The four forces secretly sent Tianjiao to want to kill Huang Ling and Long Chen. They didn't know why, but Lu Ming shot halfway, and finally led to their own killing. Now they have to ask the people who were besieged, it is ridiculous.

They looked at the four major forces including Wanjia and Sirius Tower with a trace of sarcasm.

"In any case, our Tianjiao was indeed killed, and the murderer will have to pay the price!"

Another figure came out step by step, the ferocious air rushed into the sky, this person is the Emperor of the Sirius Tower.

Then, there were two more figures walking, the Tianqiu Palace, the Emperor of Purple Jizong, and they were persecuting towards the Phoenix Spirit.

"It's ridiculous that your own people are waste, and you can't kill others. If you are killed, Emperor Wu will come forward. Does that mean that I can kill any of you?"

A sneer sounded, and beside Longchen, a tall and burly figure stepped out, like a giant elephant stepping into the air, with a violent breath.

This is the Emperor Wu Emperor of the Idol Sect.

The terrible atmosphere of the six great martial emperors and powerful men broke out in a confrontation at high altitudes, so that the people watching around retreated, and only the emperor-class strong men could stand still.

"Your four families, this has broken the rules. After that, the younger generation should not walk outside, otherwise one will die!"

A figure covered with thunder and lightning was indifferently opened, and the terrible pressure was pressed toward the Emperor Wu of the four major forces such as Wanjia and Sirius Tower.

This is the Emperor of Thunder God Sect.

Thunder God Sect and Phoenix Palace have always been good friends, naturally standing on the side of Phoenix Palace.

Thunder God Emperor Wu Emperor's words made all the Emperor Wu Emperor's eyes flash at the scene.

Yes, the younger generation wanted to kill others, and was eventually killed, but now the Emperor Wu had to take revenge. In this way, the Emperor Wu of other forces could not control it. When he saw the younger generations of the hostile forces, or under the Emperor Wu, directly Shot out.

In this way, all major forces except the Emperor Wu himself would die, and none would survive.

In this way, what is the point?

This is breaking the rules!

The Emperor Wu of the four major forces, including Wanjia and Sirius Tower, had a complex face.

Yes, if they want to force a shot, then the Phoenix Palace, the Emperor of the Statue Sect can also shoot, killing the people under the Wu Emperor, they have to be scrupulous.

Their faces are ugly, and they have a dilemma for a while.

"The fourth, the fifth and the old nine?"

At this time, a Jinwu Wudi looked at the 4th Prince Jinwu and asked.

"Dead, all dead, killed by Lu Ming, ancestor, you must kill Lu Ming to avenge the five brothers!"

The fourth prince Jinwu shouted.

"What? Lu Ming again!"

All around, others were dumbfounded.

Several great princes of the Jinwu family were cut off by Lu Ming.

This Lu Ming was really brave. He first killed the arrogance of the four major forces. Now, even the princes of the Jinwu family have been cut.

Be bold and lawless!

This is the impression of many powerful people on Lu Ming.

"Damn, dare to kill my Prince Jinwu, kill!"

Emperor Wu of the Jinwu ethnic group issued a sharp long scream, and many people stabbed their eardrums, almost vomiting blood.

"Wanjia, Sirius Tower, Ziji Sect, and Tianqiong Palace are all killed by Lu Ming. This kid suddenly attacked, mean and shameless!"

King Jinwu shouted again.

Compared with Huang Ling and Long Chen, he hated Lu Ming more. At this time, depending on the situation, he was in a stalemate. He simply transferred his hatred to Lu Ming. He must let Lu Ming die.

In fact, it was the same. Before he escaped, all the people he saw were beheaded by Lu Ming.

"Lu Ming!"

"Lu Ming!"

The Emperor Wu of the Wanjia, Sirius Tower and other forces whispered the name softly, but in a heavy voice, there was an extremely cold murder.

"Lu Ming must die. Now that he has entered the Mountain of Danlu, we are here to wait for him to come out.

Emperor Wanjia made a cold voice.

Later, the major forces surrounded this area and waited for Lu Ming to come out.

...

Lu Ming didn't know anything about the outside world. Once he rushed into the light door, he came into a huge stone room.

The stone room is extremely open and very empty, and there is almost nothing else, the only one is only a red furnace.

In the middle of the stone room, there is a huge red furnace, which is 100 meters high.

However, this holy furnace has been completely corroded, with rusty spots on it, and no spirituality, like a scrap iron.

Lu Ming looked around and found nothing.

"Is this the Dayan Dan Temple? But there is nothing, let alone inheritance!"

Lu Ming whispered, disappointed.

Buzz!

Suddenly, a buzzing sound made Lu Ming startled, his figure backed away, and he looked around cautiously.

Buzz!

There was another buzz, which attracted Lu Ming's attention to the rusty red furnace, and the sound came from the red furnace.

Then, the sound of the Dan furnace shaking became louder and louder.

Click!

Lu Ming saw that on the furnace, the rust cracked and kept falling off, and the red glow of the glow diffused out.

Moreover, on the Dan furnace, there is a wrinkled pattern, which is very wonderful.

"Good fragrance!"

Lu Ming's expression moved, and he smelled a strong medicinal scent coming out, also coming from that temple.

The red furnace vibrated more and more, and the rust on it was peeled off. Finally, a red-red red furnace appeared in front of Lu Ming. The glow of the glow was like a divine light.

Buzz!

In the end, the Dan furnace shocked, rose into the air, and cracked down toward the landing.

"not good!"

Lu Ming's face changed, her body flickered at an extremely fast speed, and she wanted to avoid it. But in this monastery, terrible power erupted. Lu Ming was imprisoned in all directions, as if his body could not move at all. He did his best, too.

"Wo Chao, I will not be killed by this holy furnace, I will be wronged!"

Such a thought flashed in Lu Ming's mind, and then the huge red hearth hit him at the head.

Chapter 1803: New Lord

The crimson red furnace exuded a terrible breath, which was very hot, and was close to Lu Ming, giving Lu Ming a scorched feeling.

However, a wonderful scene appeared. When Danlu approached Lu Ming, it quickly became smaller, and finally turned into a light, rushed into Lu Ming's mind and disappeared.

At the next moment, that sacred furnace appeared in Lu Ming's sea of knowledge, exuding glory, and at the same time, a large piece of information rushed into Lu Ming's mind.

Lu Ming subconsciously sat cross-legged and began to digest that piece of information.

I don't know how long it took before Lu Ming opened his eyes.

"Dayan Danlu, Dayan Danjing, I didn't expect that I got the inheritance of Dayan Dan Temple!"

Lu Ming whispered, his face a little complicated.

There are two main types of information that appear in his mind. One is the Dayan Danjing, a holy scripture for alchemy.

"The Great Yandan Sutra is really wonderful, as the outside world has rumored, it can make alchemy according to the rules of heaven and earth, and it has infinite uses!"

Lu Ming's face was amazed.

Of course, now he just knows about the contents of the Dayan Danjing, which is still far from understanding, and he needs to spend time later to understand it carefully.

There is another piece of information, that is the Dayan Pill Formation.

In this mountain and near the mountain, the predecessors of the Great Yandan Palace had carved an extremely powerful formation with infinite power. At this time, all the information was in Lu Ming's mind and could be easily grasped by Lu Ming.

"This place is guarded by a large array, and the original gas is very strong. It is not bad to live here in the future!"

Lu Ming smiled.

despair! despair! despair!

Just here, in the quiet stone room, a clear voice sounded. This sound seemed to be the sound of a wooden stick striking the ground.

"Someone!"

Lu Ming was shocked.

Are there any heirs in Dayandan Temple?

Lu Ming's spirit was highly concentrated, and his eyes scanned the Quartet.

That 'tap' sound was getting closer and closer, and then Lu Ming saw a figure coming from the depths of the stone chamber.

This is an old man, wearing a gray cloth shirt, but this old man is really very old, with little white hair left, his figure is thin, and the wrinkles on his face are piled up like mountains.

There was no breath of martial art in him, and he looked like an ordinary old man who was drooping.

But Lu Ming did not dare to carelessly, since the other party appeared in the Dayan Dan Palace, I am afraid it is unusual.

"How many years have passed, finally someone came!"

In the mouth of the old man, there was an old voice, but he was lack of energy, and he seemed a little weak.

He opened his turbid eyes, looked at Lu Ming, and suddenly bowed down to Lu Ming: "Old slaves see the new master!"

Lu Ming quickly waved his hand, and a force lifted the old man, saying: "Senior, why is this? And, who are you?"

"The old slave is only a servant of Dayan Dan Temple, and he was instructed to protect Dayan Dan Temple, waiting for the descendants of Dayan Palace to arrive. Finally, before he entered the earth, he waited for a new successor of Dayan Dan Temple!"

The old man said.

"I became the heir of Dayan Dan Temple?"

Lu Ming asked.

"It's true that the previous generation of masters of the palace has a word. Anyone who can enter here is the descendant of the Dayan Dan Temple. Otherwise, how can the Dayan Dan furnace enter your sea of knowledge and recognize you as the master!"

The old man explained.

"Senior, what the **** is going on? What does this have to do with the inheritors of Hun Yuan Sect? Can you explain it to me?"

Lu Ming asked the doubt in his heart.

"It's very simple. The master of the last generation is also the inheritor of Hunyuan Sect, but the inheritor of silver!"

After all, a token appeared in the hands of the old man. The silver was brilliant, and it was the silver inheritance token of the Hunyuanzong.

"The previous patriarch had explained that only when the gold heirs of the Hengyuan Sect were born, the Dayan Dan Palace would be born. That gold inheritor would be the successor of the Dayan Dan Palace, and it would be the palace of the Dayan Dan Palace. the Lord!"

"Some time ago, through the silver inheritor token, I sensed that the gold inheritor of the Hengyuanzong was finally born, and opened the Dayan Dan Palace, letting the Dayan Dandian be born, waiting for the arrival of the gold inheritor of Hengyuanzong. I thought that the lord of the palace was here so soon.

The old man explained in detail.

"It turns out so!"

Lu Ming suddenly realized that it was no wonder that there was a mark of Hengyuan Sect inheritance token on the stone door. No wonder other people could not enter, not even Huang Ling and Long Chen, only he could come in alone.

Because, Dayan Hall was born for him alone, if he does not come, the others will not be inherited.

But then he thought of another problem.

The silver inheritance token can sense the birth of the gold inheritor.

Doesn't it mean that those inheritors of the Hundred Yuan Sect can sense that even some powerful existence knows that the gold inheritor is born?

It seems that we must be more careful in the future. If not necessary, we must not reveal the identity of the gold inheritor of Hunyuanzong.

Lu Ming thought about it, some powerful existence, if he is not well-intentioned, knows that he is the gold inheritor of Hunyuanzong, I am afraid he will slap him to death.

"For seniors, what about the rest of the Dayan Dan Temple?"

Lu Ming asked in a move.

"There is no one else, only the old servant alone. If some time passes, I am afraid that the old servant will also enter the earth. Fortunately, there are eyes in the sky. Before the old servant entered the earth, the master of the palace came here to inherit the Dayan Dan Temple. The old servant can look away even if he dies!"

The old man spoke, full of sadness.

Lu Ming was shocked in his heart and said, "How can there be only one senior in Dayan Dan Palace? Legend has it that when he reached the state of Emperor Wu, Shou Yuan was infinite, and he almost didn't die..."

Lu Ming was really surprised.

Lu Ming is unbelievable if there is no Great Emperor Wu Yan in Dayan Dan Palace.

In ancient times, the Dayan Pagoda Hall was named the place of Zhenyuan Mountain, the alchemy technique, which is unparalleled in the world, and the creation of the world, and it could be established in the ancient moon holy land.

Moreover, after an infinite period of time, as soon as he was born, he attracted all directions, almost all the great forces of the ancient moon holy land were dispatched, and even Emperor Wu appeared one after another. Such a force would have no Emperor Wu? Lu Ming didn't believe it!

"Wu Emperor is strong, Shou Yuan is endless, but no one can truly live forever!"

The old man sighed.

Lu Ming wondered, is the rumor wrong?

"Master of the Palace, you should not know it yet. Emperor Wu's realm, Shou Yuan is endless, but there is a big catastrophe. Every thirty-three thousand three hundred and thirty-three, there will be a big catastrophe. , Xiuwei can be tempered, Xiuwei can be stronger, maybe he will be able to take it to a higher level, and those who can't survive will be wiped out in a big disaster!"

The old man explained, shocked Lu Ming.

Emperors of the Wu Emperor, every 33,333 years, faced a big disaster, but they could not survive.

In the realm of Emperor Wu, it is not a matter of peace of mind. You will face a catastrophe if you live forever.

In this way, the Emperor Wudi is stronger than other people in the pursuit of strength, because the strength is not enough, he will die.

"The Great Tribulation in Heaven and Earth is worse than the other. If the Emperor Wudi is stagnant, he will die under the Great Tribulation this morning. What about Emperor Wudi?"

The old man sighed and seemed to have an infinite sense.

Chapter 1804: Emperor Wu shot

"Did the former master of the palace fall under the catastrophe?"

Lu Ming asked.

"Roughly the same!"

The old man said, it seems to be reminiscing: "In ancient times, the Dayan Dan Palace was very few in number, but it was extremely powerful. There are several generations of lords living in the world, and the strength is heaven. Unfortunately, there are several generations of old lords in the back. Tribulation, die under Heaven Tribulation!"

"The Dayan Danjing of Dayandan Hall, and Dayan Danlu, were coveted by others. There were several generations of old hall masters who were guarded, no one dared to move, but the generations of old hall masters fell, and other forces were just about to move. After that, the previous generation of the main palace helpless, can only seal the Dayan Dan Temple from the world, hiding in the endless void!"

"In the endless years to come, other people die old and die, the previous generation of masters also fell under the catastrophe, leaving only me in this vein, protecting the Dayan Dan Palace for generations..."

The old man continued to explain, Lu Ming roughly understood.

The old man's vein is the servant of Dayan Hall and the guardian of Dayan Hall, and has guarded Dayan Hall for generations.

Since the endless years of the Dayandan Palace's escape, other people have died old. The previous generation of the Dayandan Palace's owner has also fallen under the catastrophe. The Dayandan Palace is equivalent to breaking down the inheritance, and only the old man has been circulating.

But to this day, the old man is in the same vein, and only the old man is left. If Lu Ming does not come again, I am afraid that the entire Dayan Dan Palace will really disappear in the long river of history.

"Master, you can practice here in the future, if you don't understand anything, you can ask the old slave!"

The old man said.

"Senior, you don't need to be so polite, just call me Lu Ming!"

Lu Ming said.

The old man made an old slave, making Lu Ming really uncomfortable.

"No, you are the lord of the Dayandan Temple, I am the servant of the Dayandan Temple, and should be honored as the lord of the palace, and the lord of the palace should not call me senior, the old slaves can't bear it, and the lord of the palace will call me the name. That's it, my name is Dan Kong!"

The old man said.

"Then I'll call you uncle, so that's the matter!"

Lu Ming said.

The old man pondered for a while, then nodded and said, "The Lord of the Palace, you are familiar with the Dayan Pill Array and the Dayan Pill Classic first. Then the old slave will explain some of the magical effects of the Dayan Pill Furnace for the Lord. great help!"

"Thank you Kongkong!"

Lu Ming clenched his fists.

Dan Kong's face showed a smile, and then on crutches, he walked towards the front of the stone room and disappeared there.

Obviously, there is another space in front of the stone room.

After the old man left, Lu Ming sat cross-legged, familiar with the control of the Dayan Pill.

After a few days, Lu Ming felt almost in control of the Dayan Pill Array.

"Go out first, before I came in alone, I don't know Huang Ling, what happened to Long Chen?"

Lu Ming thought, a little worried.

Before, he beheaded the four forces and the Jinwu family's many arrogances, but the Jinwu fourth prince escaped. This matter may cause the four forces and the Jinwu family to shake. I don't know if Huang Ling and Longchen will be implicated If he didn't figure it out, he was uneasy.

Lu Ming got up and walked towards the stone door of the stone room. Wonderfully, when Lu Ming walked to the stone door, a light door appeared automatically on the stone door, and Lu Ming passed through.

Now, Lu Ming can control the entire Dayan formation, and Lu Ming has free access to all parts of the Dayan Dan Temple.

Countless people are still waiting outside the mountain of Danlu.

For a few days, for the strong martial arts, it was just blinking, it was nothing.

"Danlu Mountain, someone came out!"

Suddenly, someone shouted.

Immediately, all eyes looked towards the Danlu Mountain.

In the mountains of the Red Furnace, a young man in black robe came from the sky, not Lu Ming, but who could it be?

"Lu Ming!"

Emperor Wanjia, Emperor Wu of the Jinwu family, Emperor Wu of the Sirius Tower, etc., looked like the sword, looking at Lu Ming, the murderous opportunity did not hide.

Huang Ling and Long Chen's face changed a lot.

"Lu Ming, don't come out, go back to Danlu Mountain!"

Huang Ling shouted anxiously.

"To shut up!"

Emperor Wanjia coldly drank, sharp eyes, glanced towards Huang Ling, leaving Huang Ling's face white.

Lu Ming naturally saw the people outside and heard the voice of Huang Ling, but he kept on walking and stepped out of the air until he came to the edge of the Mountain of Danlu, and then stopped.

He glanced at the sight of Huang Ling and Long Chen, and he was relieved.

"Lu Ming, did you get the Dayan Pill and Dayan Pill?"

Emperor Wanjia Wu looked at Lu Ming with sharp eyes.

"How is it? Isn't it?"

Lu Ming looked up at Wanjia Wu Emperor, and faced Wu Emperor with no fear.

"Whether it is or not, come to Wanjia with me!"

Emperor Wanjia Wu said, his voice was cold, completely the tone of command, but there is no doubt.

The emperor opened his mouth and said nothing.

"Oh, it's really shameless. Since ancient times, those who are treasured have gotten it. Even if Lu Ming got the Dayan Pill and Dayan Pill, it is also his character. Are you afraid of the world's ridicule?"

On the edge of the Phoenix Spirit, the Emperor of the Phoenix Palace spoke, full of disdain.

"Who said that I want to take his chance, he killed my tens of thousands of arrogances in the family, must pay the price, and, before the vice-president of the evil spirit church appeared, obviously the evil spirit church would be resurrected again, I suspect he is evil spirit religion People, killing the natural arrogance with the potential to become an emperor, I want to take him back to Wanjia for interrogation, why not?"

Emperor Wanjia quibbled directly on Lu Ming's head and put on the hat of the evil spirit religion.

"Yes, Lu Ming specializes in killing Tianjiao, he must be taken to interrogation!"

Emperor Sirius Tower also spoke, and there was greed in his eyes.

In their view, Lu Ming not only got the Dayan Pills and Dayan Pills, but also had other secrets in his body. If he could get the secrets in Lu Ming's body, it would definitely be of great use to all their forces.

"Oh, ridiculous, is this Emperor Wu? It's so mean!"

Lu Ming sneered. His words were full of ridicule and disdain.

"Bold, a junior, when he saw that the emperor did not kneel and bowed down, he dared to ridicule. The emperor will abolish you now!"

Emperor Wanjia Wu shouted, his body burst into a violent breath, and screamed toward the landing.

Lu Ming's figure moved back, like lightning.

"Want to go, in front of the Emperor, this is delusional delusion!"

Emperor Wanjia took a cold drink, stepped out, the world roared, and then waved his hand. There was a huge hand, covering the sky and the sun, and caught the landing Ming.

The faces of Huang Ling, Long Chen and others changed greatly.

The Emperor Wu of the Wan Family was too shameless, and actually really started with a junior.

However, Lu Ming's face was still calm, his figure retreated sharply, and at the same time, he waved his hand, and the territory around the entire Danlu Mountain glowed, and a halo came out, rushing towards the big hand.

boom!

With a violent roar, the big hand exploded directly.

Chapter 1805: The emperors join forces to get Lu Ming

Emperor Wanjia Wu's face sank, his footsteps continued, and he pointed like a sword, and everything came out.

But another halo rushed out and dispersed the sword.

"I want to rely on the big formation to stop me, naive!"

Emperor Wanjia shouted, stepped, and rushed into the area of the mountain of Danlu. At the same time, he glowed on his body, and several weapons emerged, and these weapons emerged. With coercion, covering Cangyu, every weapon is shining brightly, even the sun will be overshadowed.

Imperial soldier!

A few are all imperial soldiers!

Emperor Wu Jia of the Ten Thousand Soldiers practiced the tactics of the Ten Thousand Soldiers, sealed the emperor's soldiers, and the power was shocking.

He held a war sword and slashed out.

boom!

Jianguang and the halo that burst above the Dan furnace collided fiercely, roaring continuously.

"go with!"

Lu Ming stood in the void and was shrouded in endless halo. His hands were waving. The whole area of the Mountain of Danlu was glowing. A halo appeared, as if turning into a blade of death, killing Wanjia Wudi.

bump! bump!

Several consecutive roars of heaven and earth, Emperor Wujia's body vibrated, his foot stepped into the void, and he stepped back and forth.

At the scene, everyone was shocked.

Lu Ming dared to fight Emperor Wu, and he could also repel Wu Emperor, which is incredible.

"Boy, you can control the big formation here, and you really have the heritage of the Dayan Dan Palace!"

Emperor Wanjia Wu shouted, his hair flying high, and his momentum was mad.

Everyone's heart moved, no wonder that Lu Ming was able to contend with Emperor Wu, who originally controlled the large formation of Dayan Dan Palace.

But having this guts to fight against Emperor Wu was also very shocking.

Ordinary people, standing in front of Emperor Wu, were trembling with fear, and the atmosphere did not dare to come out, and could not even think of fighting against Emperor Wu.

Ordinary people, even if they control such a large array, I am afraid it is useless.

Lu Ming, really deserved reputation, bold enough.

"Even if there is a big battle, what's the use, I let you understand what exactly is Emperor Wu, and under Emperor Wu, all are ants!"

Emperor Wanjia Wuxiao roared, and his breath was even more terrifying. As if a world appeared in him, the power of terror spread out from the world and injected into the imperial soldiers.

Several imperial soldiers, suspended in the air, the power is more and more terrifying, and together they suppressed the landing.

"Wu Di's World Power!"

Someone exclaimed.

Emperor Wu's world power can crush everything and destroy everything.

However, Lu Ming's face was still calm. He knew how strong the power of Dayan Pill Array was.

"kill!"

Lu Ming shouted and dared to kill Emperor Wu. At the same time, the Mountain of Danlu, haloed together, rushed out, the speed was extremely amazing, and attacked Wanjia Wu Emperor in a blink, exceeding the reaction speed of many people.

These halos were constantly bombarded on several imperial soldiers, and there was fierce confrontation with the imperial soldiers.

The emperor's soldiers shook, and the power of the world above them seemed to be blown away.

"Break me!"

Emperor Wanjia marched, the world was shaking, the power of the world continued to spread out, but it didn't work, he was continually retreated.

boom! boom! ...

Every step withdraws, the footsteps step into the void, and the void must be cracked.

Although Yuanlu's space is extremely stable and countless times more stable than the Shenhuang Continent, the Emperor-level strongman is really too strong and can already affect the space. With a single blow, I am afraid that it can tear the space.

Emperor Wanjia Wu simply lost ground and continued to retreat.

"This brave man is likely to be a cult of evil spirits. There will be no rules for dealing with people of evil spirits. He must be won. Brother, I will help you!"

An indifferent voice sounded, and then a figure uttered a tweet, which turned into a black giant vulture, and flew away in order to land.

This person is a demon emperor in the Tianguan Palace.

"It's shameful, to deal with a junior, you still need two emperors to join hands, and find such a sounding reason, it is really unbearable!"

On the edge of the Phoenix Spirit, the Emperor Wu shouted, stepped out, shot with a palm, a Phoenix flew out, and flew towards the Demon Emperor in the Birds Palace.

"Your Phoenix Palace is covering Lu Ming everywhere, have you turned to evil spirits, kill!"

The Demon Emperor of the Birds Palace shouted and its wings flew out like a sword of heaven, breaking up the phoenix condensed by the Emperor Wu of the Phoenix Palace, and at the same time not forgetting to buckle the hat of the Phoenix Palace.

"Fuck your mother's ass!"

Emperor Phoenix Palace shouted loudly, his momentum exploded, his palms were continuously shot, a phoenix chirp sounded, and each phoenix flew out to start a war with the Demon Emperor of the Birds Palace.

"Phoenix Palace intervenes, this account will be counted afterwards, and Lu Ming must be won today!"

Another indifferent voice came out, and a figure stepped out. This person was filled with purple light, and the purple light soared into the sky.

Emperor Wudi of Zijizong.

"You are too much!"

Emperor Wu of the Idol Sect opened his mouth, stepped out, and appeared in front of Emperor Wu Jizong.

"Your idol sect must also intervene. I am about to teach the idol sect's mastery!"

Emperor Ziji Zongwu Emperor opened his mouth and burst into purple light, forming a terrible attack, and drove towards the **** Zongwu Emperor.

"as you wish!"

Emperor Zongwu Emperor shouted, punched out, a group of giant elephants formed, stepped on the void, leaped towards Emperor Zijizong Wudi, as if to crush Emperor Zijizong Wudi's life.

Here, several imperial wars broke out.

Emperor war, earth-shattering, other people are frightened, back crazy, afraid of being affected.

"Today, you can't stop it, Lu Ming, you must win it!"

Another sound rang out, and the demon emperor from the Sirius Tower shouted and turned into a giant wolf, like a mountain, bursting into a violent momentum and rushing towards the landing.

This time, no one stopped.

In the Phoenix Palace, because of the relationship between the Phoenix Spirit and Longchen, the God Sect was close to Lu Ming, so he helped Lu Ming.

But other forces have nothing to do with Lu Ming, of course, they will not help Lu Ming, offend several major forces such as Wanjia and Sirius Tower.

"Dare to kill my Jinwu Clan Prince, you must die!"

The demon emperor of the Jinwu clan shouted into a huge three-legged Jinwu, covered with raging fire, and his wings flew like a golden sword, slamming toward the landing.

The three emperor-level strongmen, who shot at the same time, had to win Lu Ming.

The three emperors joined forces only to win Lu Ming, even if Lu Ming was won today, and even died in battle, I am afraid that it will be a famous place in the ancient moon and be recorded in the annals of history.

Facing the Three Emperors, Lu Ming's face was still calm, but in his eyes, there was a burning flame, which was a rich murderous opportunity.

He backed away and manipulated Dayan Dazheng, forming a halo, blasting toward the three great emperors.

"Don't let him retreat to the mountain of Danlu!"

Emperor Wanjia took a cold drink, controlled the imperial soldiers, flew a halo, and killed Lu Ming.

At the same time, the Sirius Tower Demon Emperor, as well as the three-legged Jinwu, attacked from both sides, a terrible attack, broke through the halo, and approached Lu Ming extremely quickly.

Lu Ming is still retreating, getting faster and faster, near the mountain of Danlu.

Chapter 1806: Lu Mingyu wants to kill Emperor

Just when everyone thought Lu Ming wanted to escape into the Mountain of Danlu, Lu Ming stopped suddenly, and the endless halo around him shocked out, blocking the three emperor-level strongmen.

At the same time, Lu Ming's eyebrows glowed, and a reddish light burst out.

Dayan Dan's furnace turned into a height of tens of thousands, hitting the ground heavily.

boom!

The earth roared, and Lu Ming stepped down into the air, standing above the Dayan Dan furnace.

"It's the Dayan Pill!"

Wanjia Wudi, Sirius Tower Demon Emperor, Jinwu Clan Demon Emperor, their eyes glowed with fiery flames, staring at the Dayan Pill.

The Dayan Pill Furnace, in conjunction with the Dayan Pyramid Sutra, can make alchemy according to the rules and slay the earth and the world. Such a treasure is a fatal temptation for any force.

"Hand over Dayan Dan furnace!"

Emperor Wanjia Wu shouted, opened the way with the imperial soldiers, and rushed towards the landing.

The Sirius Tower Demon Emperor and the Jinwu Demon Emperor did not slow down at all, and a terrible attack broke out, flying several halos in a row, killing Lu Ming.

Three emperor-level strongmen rushed to Lu Ming at the same time.

Lu Ming stood on top of the Dan Furnace, his eyes flashing insanely.

These five forces, Wanjia, Sirius Tower, Jinwu Clan, Zijizong, and Tianqiong Palace, bullied him too much.

From the beginning, Lu Ming and the five forces were just younger generations.

Death and injury are inevitable for the younger generation's battle, but these major forces, the younger generation's defeat, directly dispatch the older generation's figures.

This time is better, the direct emperor-level strong shot, to come to kill Lu Ming.

In this case, Lu Ming is crazy, otherwise, if he is a junior, feel free to knead.

Lu Ming stood still, and the attack of the three emperor-level strongmen approached quickly.

"Dayan Pill Array, smelt all things, refining for me!"

Lu Ming burst into a roar, and at this moment, the Dayan Dan furnace roared, and it seemed to resonate with the whole world. This area exploded with a brilliant brilliance, and the endless halo condensed from all directions to form a huge incomparable Dan furnace. To suppress the three great emperors.

"broken!"

The three emperor-level strongmen roared, terrifying attacks, bombarded the condensed red furnace.

"Da Yan Dan furnace, open!"

Lu Ming drank coldly, the lid of the Dayan Dan furnace under his foot opened, exposing a dark space, and a terrible attraction erupted from the Dan furnace, as if all heaven and earth were to be swallowed into the Dayan Dan furnace , Refining into a pill.

The three great emperor-level strongmen were sucked by this terrible attraction, and their bodies could not help falling into the red furnace.

"not good!"

The face of the three emperor-level strongmen changed, bursting out the power of the world, struggling frantically, to break out of the encirclement.

"Da Yan Dan Formation, suppress!"

Lu Ming waved his hands and fully controlled the area's Dayan Pill Array.

At this moment, Lu Ming, and Dayan Pill Furnace, and Dayan Dazhen, seemed to merge into one, bursting into amazing energy.

If the Dayan Pill is placed outside without the aid of the Dayan Pill Array, with Lu Ming's current cultivation practice, it can't exert such a powerful force at all, and it can affect the emperor-level strong.

But with the cooperation of Dayan Dan array, it is not the same, the power is amazing, it seems to recover, and an amazing gravitation erupted.

Above, the endless halo condensed and turned into a huge red furnace. The internal flames were burning and suppressed towards the three great emperors.

The three emperor-level strongmen shouted and fought with all their strength, but their figure still fell down little by little, to be sucked into the Dayan Dan furnace.

"This..."

People who watched from a distance were stunned.

Eyes wide open, froze there, can no longer describe their mood with shock.

What does Lu Ming want to do? Does he want to kill Emperor? Want to put the three great emperors into the red furnace and make three emperors?

This can't be described as bold and arrogant. This courage is even bigger than heaven.

A junior, a great saint, actually wanted to emperor, no matter whether it can succeed, with this kind of thinking, with this kind of action, it is absolutely crazy.

Emperor Wu, even the weakest little emperor, is also Emperor Wu. He has the power to destroy the earth and destroy the earth, and Shou Yuan is endless. He condenses a small world. Such a person, no matter where it is placed, is also a person who stands above him and overlooks all living beings. .

Ordinary people, in the face of the emperor-level strong, are like mortals facing gods, even dare not blasphemy, now, Lu Ming wants to kill the emperor.

One can imagine how horrified the people around.

The key thing is that the figures of the three emperors are really falling into the furnace of Dayandan.

"Lu Ming, I will put you down!"

Wanjia Wudi shouted wildly.

He was really crazy. With the respect of his Emperor Wu, he shot in person. He couldn't take Lu Ming and needed other people's help. But now, he is still in Xiaofeng.

Later, his emperor Wu was destined to lose his reputation.

He hated Lu Ming to the extreme!

Why hate Lu Ming to resist, why not obediently follow him to Wanjia and obediently deliver everything.

A ants only dare to rebel against him, making him lose face.

"Blow me up!"

The color of flesh pain flashed in the eyes of Emperor Wanjia Wu, with a roar, a piece of imperial soldiers rushed upwards, and then radiated a bright brilliance, directly bursting apart.

Emperor Wujia, forced to explode himself.

The imperial soldiers exploded and their power was amazing. The monastery formed by the formation of the Dayan Pill Array was torn apart by a terrible energy. The Wanjia Wudi guarded him with two other imperial soldiers. Rushed out.

Quack!

Jin Wu Changming, Jin Wu Yao Emperor's wings flickered at an alarming speed, like a golden light, followed by Wan Jia Wu Emperor and rushed out of the gap.

Ao!

The demon emperor in Sirius Tower also wanted to rush out.

"Leave me!"

Lu Ming shouted and manipulated the Dayan Pill Array. The Zundan Furnace recovered sharply, and the gap narrowed sharply.

"Do not!"

The Sirius Tower Demon Emperor shouted loudly and slammed into the gap. Unfortunately, the gap had disappeared. The huge red hearth filled with terrible flames and suppressed towards the Sirius Tower Demon Emperor.

At this time, he was the only one left, more difficult to resist, and fell directly to the Dayan Dan furnace by the huge Dan furnace.

Ao!

Sirius Tower Demon Emperor struggled frantically, the power of the world exploded, and his body expanded rapidly, but they were all useless and did not play much role.

His body quickly fell into the red furnace, and finally, the huge body entered the red furnace.

Boom!

Lu Ming controlled the lid of the Dayan Dan furnace and covered it.

"Lian!"

Lu Ming shouted and stood above the Dan furnace with long hair flying.

boom!

At the bottom of the red furnace, there was a blaze of fire, gushing out.

At the same time, the Dayan Dan formation turned into a ray of light, surrounding the Dayan Dan furnace and suppressing the Dayan Dan furnace.

boom! boom! boom!

In the Great Yandan Furnace, there was a horrible roar. Obviously, the Sirius Tower Demon Emperor bombarded the Great Yandan Furnace, but it was useless. Earth, I don't know what existed and refined it.

Chapter 1807: Refining a demon emperor

"If you want to kill me, you must be conscious of being killed, and turn it into ashes!"

Lu Ming Changxiao, eyes flashing crazy killing opportunity, fully control the Dan furnace, to refine the Sirius Tower Demon Emperor.

At the scene, everyone took a breath, including those emperor-level strong.

Lu Ming really wants to refine an emperor-level strong man. If this succeeds, it will surely shock the ancient moon holy place in infinite territory.

A great holy emperor, even if he borrowed the large formation here, there are few such examples in Kulai.

I'm afraid it will break through the sky.

"Lu Ming, quickly release the Sirius Tower Demon Emperor. Do you think that Sirius Tower has only one Demon Emperor? The background of the powerful power of the Holy Land is far beyond your imagination. If you really anger us, you will die. Place of burial!"

Emperor Wanjia roared, at this time, his fists clenched, his eyes blazing with rage.

In this battle, he actually lost an imperial soldier, and his heart was bleeding.

It was an imperial soldier, very rare. How many years has he practiced in his life? Only three imperial soldiers were obtained, and it took a lot of effort to know how much it cost.

Before that, he had to explode himself. He wished to peel and cramp Lu Ming to relieve his hatred.

Now, Lu Ming actually wants to refine the demon emperor of Sirius Tower.

"Oh, the powerful Emperor Wudi, really surpassed all living beings, and stood above him. At first, the three Emperor Wudi wanted to kill me, and finally they were defeated and defeated by me. Now, they are using the forces behind them to press me. Gao, I'm a long-time expert!"

Lu Ming sneered, but the deep taunt in the tone could be heard by anyone.

Three martial emperors dealt with one of the younger generations, and after losing to the enemy, they actually lifted the forces behind them, which is shameless.

Emperor Wanjia was extremely gloomy.

Others from the Wan Family at the scene showed shame and anger on their faces and hated Lu Ming.

"Lu Ming, dare to insult my family, I will make you regret sooner or later!"

Wan Zhengyang gritted his teeth.

If the Wanjia Emperor Wu was humiliated, it would mean that all the 10,000 families were humiliated. After going out, they must be looked down upon by others and pointed at by others.

Of course, they would not think about whether it was caused by themselves, they would only blame everything on Lu Ming.

"Lu Ming, release the demon emperor!"

"Release him fast, otherwise, you can't escape from heaven!"

The people in Sirius Tower shouted, some turned into giant wolves, staring fiercely at the landing.

"Want to save your demon emperor, come and save yourself!"

Lu Ming said, at the same time, refining the Sirius Tower Demon Emperor.

But where are the monsters in Sirius Tower?

Just kidding, even the demon emperor was imprisoned in the Dan Furnace, and he couldn't protect himself. If they went to the rescue, wouldn't they seek death?

"A group of courageless rats!"

Lu Ming mocked and glanced at Wanjia Wudi, Jinwu Demon Emperor, and said indifferently: "If you want to kill me, you must have the consciousness of being killed by me, no matter who?"

no matter who?

Even the Emperor Wu, the Demon Emperor, he killed!

"Arrogant, so arrogant, no matter how strong the talent, destined not to go far, kill!"

Emperor Wanjia Wu shouted, controlled an imperial soldier, and roared far to the landing.

However, he didn't dare to approach at all, just bombarded Lu Ming in the distance, trying to rescue the Sirius Tower Demon Emperor.

At the same time, the Jinwu Demon Emperor also shot, with a wing, and the sun suddenly appeared in the sky, and the sun fell and hit Lu Ming.

Lu Ming manipulated the Dayan Pill Array to form a curtain of light, blocking it around.

Now, he does not attack first, as long as he can block it, other forces will try his best to refine the Sirius Tower Demon Emperor.

Since he was going to kill him, he must pay the painful price to the other party.

The attacks of Wanjia Wudi and Jinwu Demon Emperor were all blocked by Dayandan Array.

Ao! Roar!

In the Dayan Dan furnace, roaring sounds and roaring sounds from the Sirius Tower Demon Emperor continued to be heard.

The voice was full of anger, unwillingness, and panic.

Yes, everyone heard the panic.

Moreover, as time passed, the voice of Sirius Tower Demon Emperor seemed weaker and weaker.

Everyone looked at each other, is it true that the demon emperor above is really going to be refined?

"Not letting go!"

Emperor Wu Jia of Changjia shouted and the offensive was stronger, but they were all blocked by Dayan Pill.

The Emperor Ziji of the Emperor Wu, the demon emperor of the Astrology Palace, was blocked by the emperor-level strongmen of the Phoenix Palace and the Idol Sect, unable to rescue.

"Ridiculous, you guys want to kill me and tell me to let go, idiot!"

Lu Ming scolded directly, regardless of whether he was an emperor-level strongman, he did not give face at all.

Some young people, watching the blood boiling.

In front of Zhongqiang, you want to refine the demon emperor, scold Wu Emperor, be happy and enemies, what do you want to do? How happy is this, how chic?

They yearn for it, of course, they can't dare to switch to them.

Emperor Wujia, it seems like a stone was blocked in his chest.

Since he broke through the Emperor Wu Realm, no one has dared to talk to him like that for years.

And the other party is just a young man, but he couldn't help the other party, which is really suffocating.

At this time, the voice in Dayan's furnace became softer and weaker.

The strong of Sirius Tower, the heart has been sinking.

In the end, there was a reluctant voice in the Dayan Dan furnace, and then it was completely silent.

call! call!

Everyone exhaled heavily, and there was a turbulent wave in their hearts.

A demon emperor, just fell like this? Killed by a younger generation?

Lu Ming, slaughtered a demon emperor!

This matter is bound to cause huge waves in the ancient moon holy land.

Emperor Wanjia and Emperor Jinwu walked back with an ugly face, and there was a faint glance in their eyes.

Just now, if they were not fast enough and decisive enough to rush out, the consequences would be unimaginable.

If one of them was trapped in the Dayan Dan furnace, the end of the Wolf Tower Demon Emperor that day was their end.

In addition, Emperor Ziji of Emperor Wu, Demon Emperor of Tianqin Palace and Phoenix Palace, Emperor of Emperor Xiangzong also stopped fighting and looked at Lu Ming.

Lu Ming didn't open the Dan furnace for the first time. For safety reasons, he continued to control the fire of the Dan furnace and continued to refine it for a while. When he could not feel the breath of life in the Dan furnace, Lu Ming turned on the Dan furnace.

Wow!

The red furnace opened, and everyone's heart jumped with it. Is Sirius Tower Demon Emperor really dead?

At the moment when the furnace lid was opened, a powerful and powerful energy rushed into the sky.

That's the power of the law, and the power of the world, but then all drifted away with the wind.

The Sirius Tower Demon Emperor never appeared again.

It's really refined!

Everyone's heart shivered.

"Unfortunately! I didn't enlighten the Dayan Danjing, and the cultivation was not enough, otherwise I could make an Emperor Dan!"

Lu Ming whispered softly.

But the characters on the scene were all strong, and although their voices were small, they all heard clearly.

"This guy... still want to refine Emperor Dan?"

Many people are speechless, this guy is not daring, it is completely crazy.

Chapter 1808: True Emperor

"Lu Ming, you kill me the demon emperor Sirius Tower, I will never let you off Sirius Tower, you just wait to die!"

A strong man in Sirius Tower shouted, turned into a giant wolf, his eyes were extremely cold.

"I don't seem to kill him, and you will let me go!"

Lu Ming spoke indifferently, with a touch of disdain.

Originally, the other party pressed hard, even if he did not kill the other party, the other party would not let him go, it would be better to kill him.

He also earned a piece of Wudi by killing him.

Ao!

At this moment, a roar came from the distant sky. This roar was terrifying, the mountains and rivers were moving, and even the sun in the sky seemed to vibrate and was about to be shaken.

"not good!"

In the high sky, the emperor-level strong men's faces have changed greatly, their breath has exploded, and the power of the world has been operating, covering the strong men of their respective families.

The terrible sound wave swept through, and the defenses laid down by the emperor-level strongmen were actually shaking violently.

And some people without the protection of the emperor-level strongman, their bodies directly burst like fireworks in the air.

They were fatal and did not even react.

Those who had not died yet, their faces were white and terrified.

What does this exist? With a loud roar, the blockbuster was shocked to death, and even the emperor-level strong changed his face.

Then, everyone saw a flash of light, and a giant wolf appeared at the scene.

This giant wolf, with its silver body and silvery hair, shone and shone, its height was huge, and it was extremely huge, and its cold eyes looked at Lu Ming.

On him, there are layers of strange light, like a magic ring, surrounding the body like a legendary god.

"World Divine Light, True Emperor!"

The Emperor Wu of the Phoenix Palace has a very solemn opening.

Everyone was shocked.

Actually it is the True Emperor, needless to say, the other party must have come from Sirius Tower, Sirius Tower, even the True Emperor appeared.

The state of Emperor Wu is divided into small emperor, middle emperor, great emperor and heaven emperor.

Little emperor, initially condensed out the small world, but at this time, the small world is in the process of evolution, and there is a chaos in it. There is no way for the soul to enter. Once inside, it will be strangled and smashed.

Therefore, the little emperor is also called the virtual emperor.

In other words, the small world has not yet formed, and no creatures can enter.

By the time of the middle emperor, the small world was basically formed and the creatures could enter into survival. This realm was also called the true emperor.

It means true emperor.

The great emperor, the master of the avenue, and the small world can even conceive birth spirits, which is even more mysterious. This state is already the pinnacle of the world.

As for the Emperor of Heaven, in today's world, it is a legend.

The emperor-level strongmen who appeared before are all the existence of the small emperor, the realm of the virtual emperor.

Now, Sirius Tower actually dispatched a true emperor.

True Emperor, the small world is completely formed, and the world will emit the light of the world.

"Boy, are you the demon emperor who killed my Sirius Tower?"

True Emperor-class giant wolf, with eyes like the two rounds of the sun, gleaming, looking at Lu Ming, the cold voice spread out.

"Not bad!"

Lu Ming responded that even in the face of the true emperor, he was not afraid.

If you want to fight, you will be happy. These big forces are pressing step by step. He can only fight to the end.

"Very well, I will take out your soul and put it in the fire of purgatory to make you beg for death!"

The real emperor giant wolf opened his mouth, full of cold murderous opportunities.

"First ask the secret he is talking about!"

At this moment, another voice sounded, and then, the Void vibrated, split directly, and a figure stepped out of the Void.

This is a middle-aged man with a grim complexion and noble spirit.

His figure is also surrounded by a magic ring.

Everyone took a breath, another real emperor appeared.

"See your ancestors!"

The Emperor Wu of the Wan family saw this person and saluted respectfully.

This person is the true emperor of Wanjia.

Quack!

A horrible tweet sounded, and then everyone saw a golden brilliance flying in the distance. The golden brilliance flew over, and the space actually rippled like a wave of water, cracking the ugly mouth.

Then, Jin Guang concentrated, a huge three-legged Jin Wu appeared above the sky, and sharp eyes swept around, leaving everyone's heart cold.

The real emperor, another real emperor, is the true emperor of the three-legged Jinwu family.

In the ancient moon holy land, the true emperor-level strongmen, if there are no major events, generally do not appear, concentrate on retreat and practice hard, or go out to travel, and find ways to increase their strength to counter the big disaster of more than 300,000 years.

But today, because of Lu Ming, the True Emperor appeared continuously.

"not good!"

Huang Ling, Long Chen and other people who had a good relationship with Lu Ming showed anxious colors on their faces.

"Master Wu, what should I do?"

The Phoenix Spirit was anxious, sending a sound to the Emperor Wu in the Phoenix Palace.

"It's difficult to do. In this case, it's not easy for me to intervene in the Phoenix Palace. If the real emperor of my Phoenix Palace intervenes, I am afraid that it will really become a full-scale war. Therefore, the real emperor of my Phoenix Palace may not intervene!"

Emperor Wu of the Phoenix Palace.

This remark made Huang Ling more anxious.

Three true emperors appear, can Lu Ming block it with the help of Dayan Pill Array?

The strength of the true emperor is not comparable to that of the little emperor.

The three true emperors all watched the landing cry with cold eyes, and their eyes shone with cold light.

In Lu Ming's eyes, there was also a dignified color, and when he thought about it, Dayan's Dan Furnace became smaller and suspended above his head. At the same time, near the Mountain of Dan Furnace, endless light flashed, and a circle of halo appeared, gorgeous.

"Every time, I want to block me?"

True Emperor Sirius Tower, spoke coldly, stepped into the air, and drove towards the landing.

Buzz! Buzz!

A halo rushed towards the real emperor of Sirius Tower, and two silver brilliances burst into the eyes of the real emperor of Sirius Tower, and all of those halos were defeated, and the emperor of the Sirius Tower strode forward. Unblocked.

A true emperor-level strongman is much stronger than a virtual emperor.

"Ning!"

Lu Ming shouted, fully controlled the Dayan Pill Array, and at the same time, the Dayan Pill Furnace vibrated and resonated with the Dayan Pill Array. In the sky, a huge sacred furnace was condensed, exuding a brilliant radiance towards the Sirius Tower The True Emperor blasted away.

"Break me!"

The real emperor of Sirius Tower screamed and wolf claws shot.

Boom!

The wolf claws slammed on the Dan Furnace and made a terrible roar, but the Dan Furnace was not crushed, blocking the real attack of the Sirius Tower.

Ok?

Real Emperor Sirius Tower, seeing that the Dan furnace was not smashed by one blow, his eyes were cold, and he shot with another claw.

Lu Ming controlled the Dan furnace with all his strength, and drove towards the true emperor of the Sirius Tower.

This pill furnace, combined with all the power of Dayan Pill furnace and Dayan Pill array, was terrifyingly powerful. Before that, it almost suppressed three Emperor Wu Emperors, and finally wiped out a demon Emperor.

Boom!

The True Emperor Sirius Tower bombarded the Danlu again, and the Danlu shook, but it was still unbroken, blocking the opponent's attack.

Chapter 1809: If I don't die, I'll wait

At the same time, Lu Ming retreated quickly, and he was about to retreat back into the mountain of Danlu.

True Emperor is too strong, even with Dayan Dan Formation, he is not the opponent of the other party, entering the mountain of Danlu, there may be a ray of life.

"Want to leave, leave me!"

The true emperor of the Wan family, indifferently speaking, stepped out and entered the area of the Danlu Mountain. Between the waves, a golden pagoda flew out, and then grew against the wind, turned into a huge giant, and suppressed the landing. Down.

"not good!"

Lu Ming's face changed greatly. This force was too strong. He had to stop his body, control Dayan Dazheng, and lay down layers of defense around him.

boom!

The giant tower cracked down, and the terrible power roared down to the landing like a storm, and the defense under Dayan Dan's array made a terrible roar and continued to explode.

Lu Ming's body was directly bombarded on the ground, and he stepped back continuously. He stepped back more than ten steps. Each step stepped on the ground, and a big hole was exploded. After ten steps, Lu Ming stabilized his body and vomited in his mouth. A few mouthfuls of blood.

If he had Dayan Dan furnace protection, I am afraid it is not as simple as being injured.

"Despicable, several real emperors, working together to deal with a younger figure!"

Huang Ling clenched his fists, so did Long Chen.

They want to help each other, but it is a pity that they cannot do anything. Such a battle is not something they can intervene. I am afraid that the true emperor might blow them to death.

"Hand over the Dayan Danjing and Dayandan Furnace, and kneel down to self-repair, I might make you die a little bit happier!"

The Wanjia true emperor, carrying his hands on his back, looked down at Lu Ming from above, speaking indifferently.

"Come on!"

Lu Ming Changxiao, with unyielding colors in his eyes.

"The bones are stiff, but I think when you can hold on!"

Emperor Wanjia extended a palm and pressed against the void.

Buzz!

The giant tower shook, terrified attack, and madly pressed down to the landing. Lu Ming resisted with the Dayan Pill Furnace and the Dayan Pill Array, but most of the power of the Dayan Pill Array was against the True Emperor in the Sirius Tower. The remaining power could not stop the Wanjia True Emperor.

when!

Dayan's furnace was shaking, Lu Ming's body was shocked by a terrible force, his bones crackled, and blood oozed from his skin.

bump! bump! ...

Lu Ming stepped back continuously, coughing up blood constantly in his mouth, and his clothes were stained with blood.

However, Lu Ming's body was still standing straight, his eyes steadfast and unyielding.

"Kneel!"

Wanjia Zhendi shouted.

"Come on!"

Lu Ming roared, his hair fluttered, the mountains of the Danlu glowed, and halos rushed toward the Wanjia true emperor.

Lu Ming, still thinking about counterattack.

The palm of the Wanjia true emperor was pressed again, the halo collapsed, and the terrible power made Lu Ming retreat again and again, vomiting blood.

Above, the giant tower erupted with a terrible pressure, imprisoning the Quartet, making it difficult for Lu Ming to retreat and rush into the mountain of Danlu.

"Kneel!"

The Wanjia true emperor's indifferent voice sounded again, and the giant tower exploded with another force, blasting on Lu Ming, Lu Ming retreated, and the injury was more serious, but his body was still standing straight.

"If I don't die, I will surely sever all the other five forces!"

Lu Ming Changxiao, unyielding voice, spread throughout the Quartet.

The voice is full of unwavering faith and cold killing opportunities.

If he doesn't die, he must cut off the people of the five forces!

Many people shook their hearts.

Under such circumstances, Lu Ming is still unyielding, and still dares to shout such a voice.

This child is awesome and terrible. If it does not die, the consequences in the future are really unpredictable!

Many people have such thoughts.

Even Emperor Wanjia, Emperor Sirius Tower, Three-legged Jinwu Emperor, and many other emperor-level powerhouses burst into a chill.

"You won't have such an opportunity!"

The Wanjia true emperor opened his mouth, and his murderous eyes flashed.

This son is so extraordinary that even if he gets nothing today, he will be beheaded and permanently eliminated.

bump!

The Wanjia true emperor stepped out again, and an amazing breath broke out on him. On his body, light spots bloomed one by one, and a terrible weapon flew out, and the spirits of the soldiers gathered, and a fierce crack appeared in the void.

Obviously, Wanjia Zhendi spent all his energy to kill Lu Ming in one fell swoop.

"Hey, a few real emperors, actually joined forces to oppress the descendants of a great holy land, the power of the ancient moon holy land, it is really no longer possible!"

Just then, a sigh came out.

Then everyone saw that an old man came out of the mountain of Danlu.

This old man was extremely old, his eyes were muddy, his hair was all gone, and his face was covered with wrinkles.

His breath was weak, with a cane in his hand, step by step, coming out of the air.

"Uncle!"

In Lu Ming's heart, this old man was the old servant of Dayan Dan Temple, Dan Kong.

"who are you?"

Emperor Wanjia glanced at Kong Bo, only to find that the blood of the other party was really weak, just like an ordinary old man who did not practice.

But under such circumstances, it is obviously impossible for ordinary elderly people.

"An old bone that is about to enter the soil, has never been born, and you don't know it!"

There was a faint smile on Kong Bo's face.

"You want to help Lu Ming?"

Wan Jiazhendi asked.

"Of course, Lu Ming is now the owner of the Dayan Dan Temple, and I naturally want to keep him safe!"

Kongbodao.

"I'm afraid you don't have this ability!" The Wanjia true emperor's eyes were indifferent, and the killing opportunities became stronger and stronger.

"If you have the ability, you should always try it. Anyway, this old life is also about to fall into the earth. What if you die!"

Uncle smiled.

"Since you are looking for death, then kill you first!"

The Wanjia true emperor shouted and pressed the palm of his hand. The giant pagoda burst into shock, and went towards Kongbo to suppress it. Its power was far above that of Lu Ming.

Obviously, when he shot Lu Ming just now, he didn't use his full strength at all. He wanted to force Lu Ming to say the Dayan Danjing.

"Uncle, be careful!"

Lu Ming shouted.

The expression on Kong Bo's face did not change, but the cane in his hand waved out.

When the cane was swung out, it began to grow at a rapid rate, turning into a rod of Optimus, bombarding the giant tower.

boom!

After terrible vigor, the giant tower vibrated endlessly, and then flew out, and Kongbo's crutches shrank rapidly, becoming normal size, and was held in his hand by Kongbo.

"So strong!"

Many people were shocked.

This suddenly appearing old man, showing amazing fighting power, could actually block the Wanjia true emperor's blow.

Could this veteran old man also be a true emperor?

Lu Ming was also shocked in his heart. The uncomfortable combat strength was beyond his expectations.

He had speculated that Kong Bo was most likely Emperor Wu, but he did not expect it to be a true emperor and a strong man in the throne.

"So you are also a true emperor!"

The Emperor Wanjia's eyes showed a dignity.

"What about the True Emperor, do you think that, with you alone, you can protect Lu Ming? He must die today!"

The Emperor Sirius Tower broke open the Dayan Pill Formation and came to the Wanjia Zhen Emperor.

Chapter 1810: Uncle's strength

Uh!

The golden light flashed, and the demon emperor of the Jinwu family also appeared beside the Wanjia Zhendi, exuding a terrible atmosphere.

Three true emperors stand side by side.

Uncle Kong's face did not change, his turbid eyes looked toward a void, and the old voice came out:
"Since you are here, let's show up together!"

Many people's faces have changed, are there any strong ones hiding in the air?

At the next moment, the void split and two figures emerged from it.

One figure is shrouded in endless purple light, while the other figure is filled with terrifying demon spirit.

The only thing is the same. There are world lights around the two figures.

True emperor, true emperor again!

"It is the true emperor of the Purple Jizong and the Astrology Palace!"

There are emperor-level figures speaking with dignified voices.

Today, Wanjia, Sirius Pagoda, Jinwu Clan, Ziji Sect, the Five Big Birds Palace and Lu Ming have hated forces, and even the True Emperor came.

Perhaps, other forces might also have the True Emperor coming, but they did not appear.

"Oh, the five true emperors, but the purpose is to deal with the young people in a great holy realm, you are not afraid of the world to laugh?"

Kong Bo's eyes swept, his mouth slowly opened, and his voice was full of sarcasm.

"Lu Ming killed many of my top five forces and was desperate and must die. Today, no one can save him!"

Emperor Wanjia said indifferently.

"Oh? You said that Lu Ming killed you in the five forces, and the old man was curious and wanted to ask a few questions!"

Kongbodao.

The Wanjia true emperor and others did not speak out. Today, when the real emperors came, Lu Ming could not escape. The old man alone can never stop them. They want to see what medicine is sold in the old man and the gourd.

"First, Lu Ming's five powerful people, cultivated as a holy land, but with Lu Ming's peers? Can they be seven or eight years old, teenagers?"

Uncle's voice spread everywhere.

The Wanjia true emperor and others were silent, their eyes flashed, and there was no answer.

"Senior, Lu Ming killed, all of them are the same generation, many of them are older than Lu Ming!"

Huang Ling's voice sounded.

"Oh, the old man understands, thank you little girl!"

Uncle Kong smiled slightly at Huang Ling, and then said: "Can Lu Ming get help from older people?"

The Wanjia, Jinwu and other true emperors still did not answer.

"Senior, these things, I'm all present. Lu Ming didn't ask the senior figures to help!"

Phoenix Spirit Road.

"I can testify!" Long Chen also said.

"Okay, that third question, Lu Ming, with his own strength, beheaded the five major forces?"

Uncle Kong asked again.

"Yes, relying on its own strength, head to head!"

Huang Ling said again.

"Well! The old man got it!"

Kong Bo nodded and looked back at Wanjia Zhendi and others.

boom!

At this moment, a terrible breath erupted on Kong Bo, as if a sleeping wild animal was resurrected, and the terrible essence rushed into the sky, and his body was full of blood and blood, burning like a flame.

Uncle Kong's turbid eyes are no longer turbid, as if there are sun, moon and stars rotating, like flames burning in flames, full of sharp edges.

"Fellow peers, a head-to-head battle, the people of your five forces have lost their own waste, lost to Lu Ming, and beheaded by Lu Ming. You virtual emperors, true emperors, actually ran out shamelessly to say that they want revenge, which is ridiculous!"

"And you!"

Kong Bo's eyes looked at the real emperor of the Sirius Tower: "You Wu Emperor came to kill Lu Ming, but instead was beheaded by Lu Ming. You ran out to avenge him. Is your face really necessary?"

Uncle's voice became clanging and powerful, spreading throughout the audience.

"Lu Ming killed me Emperor Sirius Tower, relying on the power of formation!"

The real emperor of Sirius Tower spoke.

"Nonsense, Emperor Wudi, to deal with the descendants of a great Holy Realm, do you want the other party to fight him fair? I think you are not only shameless, but also stupid!"

Kong Bo scolded directly, making Real Emperor Sirius Tower look ugly.

"So what? You said so much today, it's useless, and the outcome will not change. Lu Ming must die today!"

The Wanjia true emperor opened his mouth, surrounded by weapons, and was powerful and domineering.

Even if you say more, it is useless, Lu Ming must kill.

Lu Ming's talent is too amazing. Since he has already offended and died, he must be removed, otherwise in the future, only they will be destroyed.

"is it?"

Uncle smiled and said, "The old man said so much, not to let you back away, but to say, since you can do this, the old man might as well do things that bully the small!"

Uncle Kong's words fell, and he stepped out.

boom!

In this step, the sky and earth turned upside down, the sun and the moon were dark, and the whole void was shaking madly.

In the distance, the faces of those powerful martial artists changed greatly and shouted: "Rewind!"

They took the people below the emperor level and backed wildly to stay away from that area because they felt a fatal crisis.

"this is..."

At this moment, the pupils of the Wanjia true emperor, Jinwu true emperor and others, the pupils contracted sharply.

Keng!

A sword light burst out from the crutches in Kong Bo's hands.

One sword shines on the ninth heaven, this sword, peerless and magnificent.

"Ten Thousand Soldiers!"

The Wanjia true emperor shouted, all the weapons around his body glowed, and finally merged together to form a huge and strange weapon, blasting toward the sword light cut by the uncle.

However, after Jianguang had cut it, the strange weapon exploded and turned into a piece of weapons scattered around, and Jianguang kept on cutting to the Wanjia True Emperor, unstoppable.

The Wanjia true emperor roared, and a small world emerged. His body was placed in the small world, and he retreated crazy.

But he is faster, Jianguang is faster, and in a blink of an eye, he is cut into the small world of Wanjia Zhendi. In the horrified eyes of everyone, the small world of Wanjia Zhendi is broken by Jianguang, just like A watermelon, split in half.

Jianguang kept on cutting to the Wanjia true emperor.

"Do not..."

The Wanjia true emperor shouted wildly, and at this moment, in his eyes, there was endless horror.

At the next moment, Jianguang cut off from the eyebrows of Wanjia Zhendi, and the body of Wanjia Zhendi was suddenly stiff there, motionless.

All the breath in him disappeared completely, even the vitality disappeared.

Then, in the terrified eyes of everyone, the body of Wanjia Zhendi, with a touch, turned into fly ash and dissipated between heaven and earth.

At this moment, the scene fell into deathly silence.

It seemed that everyone's throat was pinched by a large invisible hand, and there was no sound at all.

Wanjia true emperor, dead!

A true emperor, beheaded with a sword, annihilated in gray, the bones are gone!

This is the true emperor, almost standing at the peak, looking down on the world, the emperor can't come out, who will compete with each other.

But now, he was beheaded with a sword.

Lu Ming also widened his eyes in horror.

Is this the empty combat power? Far beyond the imagination, it is so incredible that it killed a true emperor with a sword.
