

D Emperor 1901

Chapter 1901: the last one

boom!

Suddenly, a terrible breath went straight to the sky.

In one of the youths, the sacred power surged, and the breath continued to increase.

"This is, break through the most holy!"

Someone exclaimed.

There is a royal body, breaking through the most holy.

In fact, before that, some people have broken through the most holy, but it is not a royal body.

Some people have stayed in the Great Sage for a long time, and have accumulated enough. At this time, in the preaching of the emperor, they realized something and directly broke through.

However, the royal body is the first to break through the most holy.

The man took out a large number of original stones, and began to absorb the original gas to improve his cultivation.

Breaking through the most holy, there is a lot of movement, but the rest of the enlightened people are protected by the energy of the emperor, and they are not disturbed at all.

A few days later, the breath of the breakthrough man converged, and his eyes opened, his eyes showing joy.

He is a royal body, and now he has broken through the most holy, and his combat power has skyrocketed.

He glanced at the rest, his face sinking slightly.

Among the many royal bodies, he was the first to end enlightenment. Is it the worst talent potential among the royal bodies?

impossible!

It was difficult for him to accept this point. He believed that he only ended his enlightenment because of the breakthrough.

"I'd like to see, who can end Taoism on the last one, is it the stellar river, the dead blade, or Lu Ming?"

His gaze swept across the stellar river, Death Blade, and Lu Ming, then stepped out, left here, and stood in the distance to watch.

After this person, every day, a royal body will wake up.

The cultivation of these royal bodies is very high, some are in the most holy, some are in the great holy, and the lowest is in the peak of the great holy.

In the royal body of the Great Holy Realm, many people have broken through the realm, but in the most holy, there are fewer breakthroughs.

boom! boom!

Two and a half months later, Long Chen burst into a breath of breath, and he also broke through, consummating from the Great Saint and impacting the most holy.

On the second day, Huang Ling also burst into a strong breath, and she also began to break through.

They were consummated in Dasheng, and they also accumulated a short period of time. They have been practicing hard in Yuanshan Shengyuan, and they have finally broken through.

The two broke through one after another, making the Phoenix Palace and the Idol Sect rejoicing.

After Huang Ling and Long Chen woke up, Qiuyue, Luo Xiang, and Huang Li also woke up one after another.

Shortly after Qiuyue broke through the Holy Spirit, naturally it didn't break that fast, but the harvest was also very large. The cultivation practice was approaching the Great Holy Spirit, and the magical art also improved a lot.

And Luo Xiang, due to insufficient accumulation, did not break into the realm of holiness, but also reached the limit of the completeness of the great holy.

As for the barren power, more than five months ago, the most holy was broken, but there was no breakthrough, but it has reached the limit of the most holy, and not far from the most holy.

Everyone's gains are great.

Over time, the remaining royal bodies also woke up one by one.

Suddenly, one of the remaining enlightened people burst into breath.

Someone broke through to repair.

It's Luo Cangqiang!

"Haha, my elder brother Luo Cangqiang, cultivated a breakthrough, from the most holy Dacheng, into the most holy consummation!"

Luo Pokong ecstatic.

Actually stepped into the most holy consummation.

Many people were shocked.

Luo Cangqiang is already very powerful, ranking tenth in the Saint King List. Of course, the Saint King List may not be accurate, but it is not trivial.

At this time, Xiu Wei made another breakthrough, which was undoubtedly more powerful.

Qiuyue, Huang Ling, Long Chen and others are not so pretty.

Luo Cangqiang is destined to confront them, and the other party breaks through, which is not good for them.

Soon after, Luo Cangqiang broke through and woke up.

"Humph!"

After Luo Cangqiang woke up, he looked at Lu Ming, who was still enlightening Taoism, and snorted coldly. His eyes froze coldly, and he wished to take the opportunity to kill Lu Ming. Hands on.

If he offends an emperor, even if his grandfather is also an emperor, I am afraid that he cannot be saved.

"When you wake up, it's not too late to cut you!"

Luo Cangqiong whispered, then left here and stood in the distance to watch.

Three months later, there were only three people still enlightened.

Stellar River, Death Blade, and Lu Ming.

"It was really the three of them who stayed to the end. Son of God, it really is not a trivial matter!"

Someone sighed.

"Huh, just a little bit longer to enlighten the Tao, it does not mean anything. The future achievements are high and low, and who is right now!"

A royal body snorted, apparently dissatisfied.

"Yes, although the sons of God are strong, but after they entered Wudi, their advantage is not so obvious, and the future achievements may not be higher than the royal body. In history, many of the final achievements of the royal body have exceeded Son of God!"

"Yes, there are even those who are not kings, they set foot on the top and surpassed the Son of God!"

Others also spoke one after another.

Those standing here are all arrogant and arrogant, how can they easily convince others.

Leading now does not mean that you will lead in the future. After stepping into Emperor Wu, everything becomes possible.

Ten days passed.

On this day, the stellar river, the two dead blades, ended the enlightenment almost at the same time, and opened their eyes.

The practice of the two did not break through, because it was rumored that the two had just broken through before the emperor preached.

The two looked at each other, and cold light flashed, and then the two looked at Lu Ming.

Lu Ming, still enlightened.

Dead Blade's eyes moved, and he didn't know what he was thinking, then he moved, and left here.

And the stellar river, eyes flashed a sharp edge.

He originally thought that he would be the last to end enlightenment. Unexpectedly, some people insisted longer than him.

"Are you Lu Ming? Ha ha!"

The stellar river sneered, then stepped out and flew into the distance.

At the scene, only Lu Ming was still enlightening the Tao.

Everyone's eyes fell on Lu Ming.

"Unexpectedly, Lu Ming insisted that the time is actually longer than the stellar river and the death blade, which is really amazing."

"Is his talent potential higher than Stellar River and Death Blade?"

Some people talked.

"Well, who knows if this person is pretending to be pretending, but actually woke up long ago, but deliberately pretending to be still enlightened!"

Luo Pokong opened his mouth, his eyes full of jealousy.

"Are you doubting the judgment of the Emperor Wuxiang? You say this, it really looks stupid!"

Qiuyue looked at Luo Pokong and sneered.

Qiuyue, in front of Lu Ming, fully restored her previous character, being obedient and obedient.

But in front of others, it is another look, just like before the loss of memory, which may be related to Qiuyue's experience during this time.

"you..."

Luo Pokong was stagnant, his face somber, but he could not refute.

The Wuxiang Great Emperor was still there. If Lu Ming pretended to be a pretender, the Wuxiang Great Emperor would have known that he would have left him long ago.

Chapter 1902: Breakthrough

At the moment, Lu Ming seems to be in a cosmic sky.

He was moving in the universe starry sky, and his figure was like electricity. At the same time, his fingers were continuously pointed out, and a huge chaotic finger was formed, pointing to the distant stars.

Chaos Tribulation means that it is bigger than the stars. Every point toward a star, the star will burst, like fireworks, blooming in the universe, and it looks magnificent.

After a moment, Lu Ming stopped.

"Chaos ring, ninety percent is on fire!"

Lu Ming smiled slightly, very satisfied.

During this time, he used the preaching of the emperor to devote more of his thoughts to the understanding of Chaos.

The chaos of the Chaos Tribulation increased from 80% to 90% in one fell swoop.

The magical power, the further back, the more difficult it is to rise, and the difficulty doubles.

From 80% to 90%, it takes a long time to practice normally.

But this time, with the opportunity of the Great Emperor's Taoism, Lu Ming crossed over in one fell swoop.

Chaos robbery refers to a rise from 80% to 90%, and the power is also slashed.

Of course, it will be more difficult to improve from 90% to 10%, and each point will require a lot of energy and effort.

"My cultivation is going to break through!"

Lu Ming moved.

His cultivation practice had already reached the limit of Dasheng's consummation, and he would be able to break through with an opportunity.

During this time, although he focused on comprehending chaos, he also improved his cultivation base and finally reached a critical point.

In the fourth month of Taoism, Lu Ming burst into a breath of breath.

"Lu Ming is about to break through!"

"He is going to be the most holy!"

Someone exclaimed.

When Lu Ming was consummated, the fighting power was very amazing. Luo Luo, who could suppress the most holy Xiaocheng, broke the sky. After that, how strong will the fighting power be?

Many people are looking forward to it.

"Lu Ming is finally breaking through!"

Huang Ling, Qiu Yue, Long Chen and others, their eyes brightened.

"Huh, what about breaking through? It's fun to kill like this!"

Luo Cangqiong sneered, and the murderous chance was even stronger.

As time passed, Lu Ming's breath became stronger and stronger. When he waved his hand, a large number of original stones appeared, and the power of engulfment exploded. These original stones, which turned into rolling original qi, were swallowed and absorbed by him, and transformed into holy power.

A few days later, all the breath in Lu Ming's body converged, and his cultivation practice officially entered the realm of holiness.

At this time, the Emperor Wuxiang who had been sitting cross-legged there opened his eyes and said, "Okay, this enlightenment is all over. The next preaching will be three years later. At that time, there will be another thought before the emperor. Come preach!"

After all, the figure of the unrelated emperor disappeared directly.

No one saw how the figure of the phaseless emperor disappeared, as if he hadn't been there.

Lu Ming stepped out in one step and appeared in Qiuyue, Huang Ling over them.

He glanced and smiled: "Phoenix Spirit, Dragon Chen, Wasteland, congratulations, cultivation as a breakthrough, step into the most holy!"

He discovered that not only the Phoenix Spirit and Longchen had broken through, but there were also a few people from the Huang Clan, and their cultivation behavior had also broken through, entering the realm of holiness.

Most of the nine young people who came from Lu Clan following Lu Ming were consummated in the Great Saint and stayed for a short period of time. This time, with the help of the preaching of the emperor, the cultivation practice broke through one after another.

Although these people are not king bodies, the fighting power of the aborigines is already strong, and they are also high-level spirit bodies, and their fighting power is not weak.

In this way, the number of most holy figures on their side is already quite large.

"Lu Ming, you also broke through. I really don't know how powerful your current pervert is."

Long Chen smiled.

Others laughed a lot. Indeed, Lu Ming was in the realm of the Great Saint, and his combat power was so strong. Now, how strong will he be if he breaks into the Most Holy?

They are very curious.

boom!

At this moment, a terrible breath enveloped them, making everyone's face change, looking in one direction.

Luo Cangqiang came step by step, your terrible breath comes from Luo Cangqiang.

Behind him, Luo Pokong, and other Luo Tianzong followed other Tianjiao.

"Qiuyue, come here and come to me!"

Luo Cangqiong's eyes looked toward Qiuyue, his tone was very domineering, as if he was commanding.

"Luo Cangqiang, you don't have to pester me anymore, I said earlier, I have no feeling for you!"

Qiuyue Road.

"come!"

Luo Cangqiang's aggravated voice was very overbearing.

"Qiuyue, let's go!"

Lu Ming pulled Qiuyue's little hand and directly ignored Luo Cangqiang.

"Stop, Lu Ming, my woman, you dare to move, be careful I destroy your door!"

Luo Cangqiang's voice exploded like thunder, sounding in Lu Ming's ear.

Around him, many Tianjiao were about to leave. At this time, they couldn't help but stood still, looking curiously here.

As soon as the enlightenment is over, will there be a conflict?

And it was Luo Cangqiang and Lu Ming, and many people showed their expectation.

"Your woman? Oh, it's ridiculous. Qiuyue grew up with me when she was a child. When did she become your woman?"

"And Qiuyue has already said that he has no feelings for you, and tells you to stop entanglement, you are really shameless!"

Lu Ming turned around and looked coldly at Luo Cangqiang, disdainfully said.

"Do you know who you are talking to? You will even cause your loved ones and friends to die because of you!"

Luo Cangqiong opened his eyes, his eyes were extremely cold, and swept across the spirits of Huang Ling, Long Chen and others.

"What are you thinking? Want to kill Lao Tzu, be careful that Lao Tzu hacked you first!"

The barren force shouted, revealing a terrible murderous opportunity.

In Lu Ming's eyes, there was also a cold killing opportunity. He hated others for taking his relatives and family members to threaten him in his life.

"Luo Cangqiong, I tell you, Lu Ming is my young master. I once said that I will serve him by my side all my life. I have no feelings for you. What is the point of your entanglement?"

Qiuyue Road.

"Bitch, shut up, I said you are mine, you are mine, no one can take it away, do you understand?"

Luo Cangqiong drank coldly.

His grandfather was the great emperor, the pinnacle of the world. From an early age, he didn't get what he wanted.

Women, too!

"Oh, it's ridiculous. Qiuyue doesn't like you, so you deprived Qiuyue's memory by using the deprivation rule. Unfortunately, Qiuyue still has no feeling for you. Such a ridiculous and mean person, and his face staying at Yuanshan Shengyuan, known as Tianjiao. , Ridiculous!"

Lu Ming sneered, his voice spread throughout the audience.

Many people suddenly felt this way.

Luo Cangqiong couldn't get Qiuyue's heart, and actually deprived Qiuyue's memory by using the deprivation rule. Such actions are indeed shameless.

"so what?"

Luo Cangqiong opened his eyes, and said, "Now, it seems that the memory of your **** has been restored, then I will deprive it again, this time, I will deprive you of all your memories, and Lu Ming, I will abolish your cultivation behavior and let you watch Qiuyue and become my woman!"

boom! boom! boom!

Luo Cangqiang stepped out continuously, the sky shook violently as each step fell.

Chapter 1903: Battle of Luo Cang

Luo Cangqiang is incomparably overbearing and beyond law.

How is he known about the deprivation of Qiuyue? He is the grandson of the great emperor, who dare to say him in front of him?

In front of him, one by one is not to stifle him.

And now, he has to deprive Qiuyue's memory again in front of everyone and get Qiuyue.

Luo Cangqiong stepped towards Landing Ming and Qiuyue. The world roared. He raised a palm and held it in the void. Between heaven and earth, infinite energy gathered towards Luo Cangqiong's palm.

No, it cannot be said that it came from the gathering, it was completely deprived of him.

The natural energy of heaven and earth, the energy of various elements between heaven and earth, was stripped by Luo Cangqiang and compressed together to form a huge palm, which pressed down to landing Ming and Qiuyue.

At this moment, Qiuyue's law of yin and yang circulated, and two scimitars flew out, intending to carry Luo Cangqiang hard.

"Qiuyue, let me come!"

Lu Ming's voice sounded, and then stepped out, and all the lights on him lit up. There were more than two hundred light spots. In each light spot, a paladin flew out.

On the way back to Heavenly Emperor City, Lu Ming practiced a great number of soldiers' tactics, and entrapped a large number of paladins in his body.

Among them, the number of the Paladins reached 18, and the number of Grand Paladins reached 108. The number of Ming Paladins remained unchanged, which was 108. The total number reached 234.

So many paladins emerged, suspended in all directions in Lu Ming's body, Lu Ming stepped on the paladin, grabbed a sword of the most palatable soldier, the palatable gas gathered, one sword cut out, a vague sword stroke Break the void and cut Luo Cangqiang's big hand into two halves.

"See how you can stop me?"

Luo Cang swallowed, his hands waved continuously, and the deprivation law worked, deprived the energy between heaven and earth, formed a terrible attack, and drove towards the landing.

Lu Ming stood among the sacred soldiers and stepped on the sacred soldiers. The war sword continued to cut out, breaking through the other party's attack.

The attack of the two was extremely violent and amazingly powerful, and the people around them kept retreating.

Qiuyue, standing behind Lu Ming, two scimitars flew without retreating.

If the situation changes, she will shoot without hesitation.

At the beginning in the raging empire, her strength was low and she was not able to help Lu Ming. Now that she has strength, she will firmly guard Lu Ming.

A Phoenix chirp sounded, and the Phoenix Spirit was bathed in an undead fire, stepping forward, standing side by side with Qiuyue.

Qiuyue looked at Huang Ling and smiled in good faith. Huang Ling was stunned for a smile.

Subsequently, Long Chen and Huang Li stepped forward.

"Lu Ming and Luo Cangqiong are at war. Do you think, who can win?"

"It's hard to say that Lu Ming has just broken the Most Holy, but Luo Cangqiu's cultivation practice has reached the Most Sacred Consummation. Although Lu Ming was in the Great Sacred Realm, he could suppress the most holy Xiaocheng's Luo Pokong. Luo Cangqiang, not Luo Pokong!"

"Yes, even the king body has strength and weakness. Luo Cangqiang's combat power is very terrifying, and the law of deprivation is extremely powerful. Even if it is not as strong as the ten strongest laws, it is also ranked top in the rule of kings!"

"The son of chaos cannot be measured by common sense. This battle is hard to say!"

The people who watched the battle all around were guessing who would win, but neither said well.

Some people think that Luo Cangqiang is stronger. After all, Luo Cangxiu is two levels higher. The law of deprivation is terrible, and the fighting power must be above Lu Ming.

But some people infer from Lu Ming's previous record that Lu Ming may not be weaker than Luo Cangqiong.

In a blink of an eye, the two played dozens of tricks, regardless of outcome.

"The Blade of Deprivation!"

Luo Cangqiong did not continue to deprive the energy between heaven and earth, but used the deprivation rule to form a huge war knife and slashed towards the landing.

"go with!"

Lu Ming's thoughts moved, and gathered the sacred soldiers together, and the soldiers' air burst into Luo Cangqiang.

But when he collided with Luo Cangqiong's battle sword, his face changed slightly.

Because he felt that Luo Cangqiang's war sword had a terrible power of deprivation. He wanted to deprive the soldier's spirit, even deprive Lu Ming of the spiritual knowledge attached to the holy soldier, and even the spirituality of the holy soldier itself. To be deprived and turned into scrap iron.

While depriving the energy of Lu Ming's Holy Soldiers, Luo Cangqiang's war blade increased greatly, and shocked all the Holy Soldiers back.

call out! call out! call out! ...

More than two hundred soldiers gathered together behind Lu Ming, forming a pair of huge wings, the spirit of the soldiers gathered on the war sword in Lu Ming's hands.

Lu Ming's footsteps, volleying a step, killed Luo Cangqiang, the war sword slashed out.

boom!

The War Sword collided with Luo Cangqiong's War Sword.

"Deprive me!"

Luo Cangqiong's operation of the deprivation law requires the deprivation of the power of Lu Ming's law, even the Holy Power.

But at the next moment, Luo Cangqiong's face changed wildly, his body shook, and he couldn't help but retreat again and again, thousands of kilometers in the void.

"The law of chaos, can you deprive it?"

Lu Ming spoke indifferently and continued to kill Luo Cangqiang.

Just now, he covered the chaos rule on the war sword.

The law of chaos is one of the ten strongest laws. Although the law of deprivation is overbearing, it cannot deprive the law of chaos.

"The Blade of Deprivation!"

Luo Cangqiong's face was gloomy, his hands were waving, and there were constant swords coming out. A total of nine came out front and back, rushing to the landing from different directions.

Lu Ming simply put away all the sage soldiers and confronted them with the prison prison.

boom! boom! ...

Lu Ming blasted nine fists in succession, and nine phantoms of jailstones emerged, constantly colliding with nine blades of deprivation.

"Deprive, deprive me!"

Luo Cangqiong shouted, wanting to deprive Lu Ming of his divine power, but he had no way to deprive him of the chaotic law of the prison prison.

Moreover, the power of Prison Prison Force is very strange. Lu Ming feels that even without the law of chaos, the other party cannot deprive Prison Prison Force.

The Zhenying Stealing Shadow suppressed the heavens and the earth and stripped Luo Cangqiang's nine deprived blades and flew out.

"Luo Cangqiang's law was restrained!"

"The law of chaos, the emperor of thousands of laws, the law of deprivation cannot be influenced at all, and the advantages of the law of deprivation cannot be brought into play at all. In this battle, Luo Cangqiang is in danger!"

Some people talked and expressed their opinions.

Luo Cangqiong's law of deprivation is extremely domineering and can deprive everything, even other laws can deprive him.

The general monarchy will be restricted everywhere, and it will be greatly affected by the law of deprivation.

But for Luming Shang, Luo Cangqiong's deprivation rule can't play an advantage at all.

"Can't deprive you, then I will use absolute power to crush you and deprive the Divine Seal!"

Luo Cangqiong waved his hands, and the nine deprived blades collapsed, and then turned into a large seal in the seal of Luo Cangqiang's palm.

This great seal, dark, appeared in the air, and the endless energy of the world poured into the big seal, and the big seal radiated a terrible breath.

Chapter 1904: Where are you confident?

Depriving the Divine Seal is a magical technique of Luo Cangqiang, which can deprive all the energy between heaven and earth, and even the power of other laws, to gather together and form a terrible attack.

Deprived of all the energy around the seal of God, it seems to be deprived of everything, forming a void space.

Zizizi...

Deprived of the seal of God, it gathers various energies, makes a harsh sound, turns into a huge mountain, and roars to the landing.

"Fuck me!"

Luo Cangqiu shouted, the killing was extremely rich.

Since Lu Ming can't deprive Lu Ming of the law of chaos, then he will suppress Lu Ming with a strong force.

His magical power has reached ninety percent, and his power is terrifying, depriving the world.

And it is a magical technique formed by the deprivation law, the power is far beyond the general law.

In the art of supernatural powers, he has full self-confidence. At his age, he can cultivate the art of supernatural powers to 90%, very few.

Lu Ming's chaotic law is so strong, he still has to be crushed by him when his magical power is far lower than him.

"What a terrifying magical skill, Luo Cangqiang's magical skill, I am afraid that the fire has been cultivated to 90%!"

"At this age, a kind of magical skill is cultivated to 90%. It is really a peerless arrogance. The ranking of the Holy King is tenth, and it is not a reputation!"

As soon as Luo Cangqiong's magical technique was used, many days were shocked, more people looked dignified and felt strong pressure.

"Chaotic Tribulation!"

Lu Ming's expression remained unchanged, and the law of chaos burst out with a single finger.

One finger, huge, surrounded by the color of chaos, bombarded toward the deprivation of the seal.

boom!

Deprived of the Divine Seal and Chaos Tribulation Fingers, they collided together in the air, and shocked.

Huh...

The terrifying vigor is sweeping in all directions, some are weak, and even the station is not stable, and it retreats again and again.

Deprived of the Divine Seal and Chaos Tribulation, he froze in the air for a while.

"deprivation!"

Luo Canglong shouted, running the power of the whole body, the violent deprivation of deprivation law, depriving the energy between heaven and earth, and strengthening the power of depriving the God Seal.

"Luo Cangqiang, is this all your strength? But so!"

Lu Ming sneered, the law of chaos worked madly, entangled with the Holy Forces, and rushed towards the fingers of chaos.

boom!

Chaos robbery refers to shaking, which is more powerful and terrifying, which makes the deprivation of the Divine Seal shake violently.

Luo Cangqiong's face changed a lot, he felt that depriving Shenyin would not be able to hold on.

how can that be?

His deprivation of the Divine Seal has reached 90% of the time, and it is the magical power condensed by the deprivation law. How could Lu Ming's magical power be stronger than him?

Lu Ming has just broken through the most holy realm, and he is practicing the law of chaos. Is the fire of magical power comparable to him?

Not only him but the people around him are also hard to believe.

Luo Cangqiong's magical power was so terrifying, but in the confrontation of the magical power, Luo Cangqiang fell.

Lu Ming's power is beyond everyone's imagination.

"Luo Cangqiong, I really can't figure it out. With your strength and a high expression, where did your confidence come from?"

Lu Ming continued to speak, and the power of Chaos Tribulation broke out.

Click! bump!

The deprivation of God Seal sounded a cracking sound, and the last touch burst, Luo Cangqiang snorted, his body receded madly, and a spit of blood spewed out of his mouth.

Although Luo Cangqiong's magical power has reached ninety percent, Lu Ming's chaotic index has reached nine percent.

The magical power of the same level is invincible unless it is also a top ten rule.

Many people are thrilled.

Luo Cangqiong was injured and lost to Lu Ming.

Lu Ming walked in the air and forced towards Luo Cangqiang, the voice continued to sound: "Aren't you going to abolish me? Come on, this strength is not enough!"

After all, Lu Ming pointed out again.

A chaotic robbery finger rolled towards Luo Cangqiang.

Luo Cangqiong's face was very ugly, he roared, and once again used the deprivation of the seal, but he was more difficult to resist Lu Ming's attack under the injury. , Luo Cangqiang screamed, his body was blasted tens of thousands of meters away, vomiting blood.

His injury was even worse.

Not far away, Luo Pokong, as well as other Dao Tianzong's arrogance, his face pale.

Even Luo Cangqiong is not against Lu Ming. They want to help each other and dare not step forward. I am afraid they will be crushed by Lu Ming.

bump! bump!

Lu Ming kept walking, stepping on the void, and stepped towards Luo Cangqiang.

"Lu Ming, sooner or later I will let you die without a burial place, I said it!"

Luo Cangyong roared, his eyes full of crazy murderous opportunities.

"It depends on you, or on the power behind you. Also, waste like you can only rely on the power behind you!"

Lu Ming sneered, full of ridicule.

The implication is that Luo Cangqiang, with his own strength, is not Lu Ming's opponent at all, but only depends on the power behind him.

"Also, you have forgotten one thing. Now, the power behind you is not, I have the advantage, you should not threaten me!"

Lu Ming spoke coldly, the murderous opportunity made no secret, and he stepped on his foot, flying towards Luo Cangqiang like a lightning.

"kill!"

Lu Ming shouted, the sword sword erupted, and two black sword lights burst into his eyes, rushing towards Luo Cangqiang, and at the same time, his right hand pointed again.

The terrible chaotic robbery pointed and rolled towards Luo Cangqiang.

"Lu Ming, to kill Luo Cangqiang?"

"Courageous, it's lawless!"

Many people took a breath.

In Yuanshan Shengyuan, no killing is allowed, this is the rule set by the emperor, but now, Lu Ming's murderous opportunity is not concealed, his eyes are cold, and he has no mercy on his hands, and clearly wants to kill Luo Cangqiang.

Luo Cangqiang was called lawless and wanton, but he did not dare to disobey the orders of the emperor, but Lu Ming wanted to kill Luo Cangqiang in Yuanshan Shengyuan.

This is the real lawlessness.

"you dare?"

Luo Cangyong roared, he did not expect that Lu Ming dared to kill him here.

He fought back, but there was no doubt that Lu Ming was flying again, almost half of his body was shaken, his breath was weak, and his injury was extremely serious.

"dead!"

Lu Ming drank coldly, and it was another chaos of chaos.

"you..."

In Luo Cangqiang's eyes, there was finally a look of terror.

Lu Ming is crazy, he actually wants to kill him, not afraid of being punished by the emperor? This is to die with him.

He backed away frantically, but he couldn't escape Lu Ming's lock. Chaos robbery refers to the terrible breath, which enveloped him firmly.

"No, help!"

Luo Cangqiong's horrified roar, and the previous appearance of the height above it, is a world of difference.

call out!

At this moment, a palm print pierced the sky and slammed into Lu Ming's chaotic fingers at an alarming speed.

With a loud bang, the Chaos Tribulation actually exploded directly, and the remaining power of the palm print continued to roar towards the landing.

Lu Ming's face changed drastically, and he used his jail to make a punch.

Chapter 1905: Stellar River shot (20 more)

Lu Ming exerted his powers in the prison, and made a punch with all his strength. A ghost image of the prison monument emerged and stood in front of him.

But when the palm prints blasted, the ghost image of the prison jail burst, and Lu Ming's body receded back, tens of thousands of meters, before stopping in the air, and the corner of his mouth was overflowing with blood.

A young figure, a white body, black hair scattered, came to Luo Cangqiang.

"The Stellar River!"

Lu Ming's pupil shrank.

Many people were also shocked in their hearts. The shot just made was actually the Stellar River. This holy king list ranked first, and the magnificent gaze of the world, shocked Lu Ming with a single stroke and wounded Lu Ming.

Is he going to deal with Lu Ming?

"Heng Brother..."

Luo Cangqiong was ecstatic, and at the same time madly stuffed the pill in his mouth to exercise the healing power.

Lu Ming stared at the stellar river and said, "Are you going to intervene?"

"Luo Cangqiong is the grandson of the great emperor, how can you be bullied?"

The stellar river spoke lightly.

Lu Ming sneered, according to the meaning of the stellar river, could the grandson of the emperor be able to bully others, and others could not resist and cannot suppress it? It's ridiculous.

At this point, the stellar river continued: "And, I am looking for you, there are other things, the sword of the heavenly emperor, was pulled out by you, that is the thing of my Heng family, now give it to me!"

Lu Ming's eyes narrowed slightly, and the Stellar River shot, really it was for this matter.

All around, other people shook their hearts in arrogance. The original purpose of the stellar river shot was to save the heavens for the sword of the emperor, but it was just handy.

Lu Ming pulled out the sword of the Emperor of Heaven, and it was already popular in the City of Heavenly Emperor. Now that Lu Ming has returned, the Heng family really wants to find Lu Ming.

What should Lu Ming face? Is it due or not?

Everyone's eyes turned to Lu Ming.

"Legend, that sword is the sword of the Emperor of Heaven, and it was left by the Emperor of Heaven, but it is only a legend after all, not necessarily true, you said that the sword belongs to your Heng family, but there is evidence? Maybe it is another strong man of the world. What is left!"

Lu Ming responded.

Although it is said that the sword was the sword of the heavenly emperor, it was left by the heavenly emperor who created the heavenly emperor city, but it is only the legend, Heng family, can you give evidence?

Stellar River carried his hands on his back, and a sharp flash in his eyes said, "Everyone in the Emperor City knows that the sword was left by the Emperor, and the Heng family is a descendant of the Emperor. Why do we need to prove this?"

"Then since your stellar river is a descendant of Heavenly Emperor, why can't you pull out that sword?"

Lu Ming's clang was powerful and spread throughout the audience.

The face of the Stellar River instantly gloomy, Lu Ming is ironic that he can't pull the sword of the Emperor.

"Sword of Heavenly Emperor, I will pull it out sooner or later!"

The stellar river is cold and cold.

"Oh, is it related to Xiuwei?"

Lu Ming smiled faintly.

Many people squinted, Lu Ming was mocking the stellar river.

Everyone knows that pulling out the sword of Heavenly Emperor has nothing to do with Xiu Wei.

Zeng Jin had a strong Wu Emperor who couldn't even pull out one foot, and someone who had just practiced could pull out five feet.

The Stellar River once pulled out nine feet, but it is estimated that he can only pull out nine feet in his life, and will not increase the chance of pulling out the sword as the cultivation practice improves.

Stellar River said he would pull out sooner or later.

Lu Ming's rhetorical question was Chi Guoguo's mocking stellar river.

Stellar River's complexion is even more ugly, and his eyes are stronger, like two swords.

"And, that sword, even if it was really left by the Emperor of Heaven, and your Heng family is a descendant of the Emperor of Heaven, why didn't the Emperor leave the sword directly to your Heng family that day, but inserted it on that platform, forever. It is clear that Heavenly Emperor wants to find someone who can pull out the War Sword. Only the person who can pull out the War Sword is qualified to hold the sword. This is what Heavenly Emperor means!"

"And your Heng family, if they are really descendants of Heavenly Emperor, they should respect the meaning of Heavenly Emperor and should not violate the legacy of the ancestors!"

Lu Ming continued to speak, and the sonorous voice made many people reveal their thoughts.

Yes, if the sword was really left by Heavenly Emperor, why not leave it directly to the Heng family, but insert it on that platform and let others pull it out.

In other words, only those who pull out are qualified to hold the sword of the heavenly emperor, which is what the heavenly emperor really means.

"The tongue is clever, the black and white turned upside down, Lu Ming. I originally thought of your cultivation behavior. I don't want to lie to you, but today, it's you who seeks death, then I will fulfill you!"

The stellar river shouted, and then stepped out.

boom!

On him, a breath of horror, a mysterious and terrifying law, surrounds him.

That is one of the ten strongest laws of eternity.

Eternity, eternal immortality, eternal immortality!

The eternal law is somewhat similar to the Phoenix Spirit's law of undead fire, but its power is stronger than the law of undead fire.

The eternal law not only allows the person in control to have extremely strong vitality, but also has a terrible attack power.

boom!

The Stellar River stepped out in one step, the figure approached Lu Ming at a rapid speed, and then shot with a palm, a palm print blasted towards the landing Ming.

Lu Ming's pupils contracted and he felt terrible pressure.

The cultivation of the stellar river is so strong that it has the power to destroy the world.

"Chaotic Tribulation!"

Lu Ming Changxiao, repaired his body to the extreme, ninety percent of the chaotic robbery pointed out.

At the same time, he lighted up one spot at a time, and more than two hundred paladins flew out, floating around Lu Ming, forming a defensive force.

boom!

Chaos robbery refers to colliding with the palm of the stellar river.

bump!

The chaotic robbery of Jiuchenghou, even without resisting a few times, exploded directly, and the terrible power rushed to the landing.

Lu Ming fisted continuously, and at the same time more than two hundred paladins were blocked in front of him, but when the palm prints came, Lu Ming shook his body, and more than two hundred paladins buzzed, and his body flew away from a distance .

Lu Ming, who lost to the Stellar River at all, had too much difference in cultivation practice.

"The same son of God, but the stellar river Xiuwei is too high, Lu Ming is not an opponent at all!"

"This is natural, the same as the son of God, usually confrontation at the same level, there is a gap in cultivation, and the meaning of confrontation is lost!"

"Today, Lu Ming may not be able to keep the sword of Heavenly Emperor!"

Around, some people sighed. Although Lu Ming's combat power is strong, the Stellar River is a son of eternity, and its combat power is not weak. In the case of a much higher cultivation level, Lu Ming is not at all enemies.

"Lu Ming, hand over the sword of the emperor, I can spare you!"

The stellar river carried its hands on its shoulders, with an invincible spirit, and stalked towards the landing.

boom!

The stellar river stepped down, and a huge giant foot descended from the sky and stepped towards the landing.

"Hugh wants to hurt the young master!"

There was a whisper, a figure rushed into the sky, it was Qiuyue.

At this time, Qiuyue's eyebrows glowed, and the imperial soldier's wheel of yin and yang emerged, blasting towards the giant foot.

At the same time, a phoenix chirp sounded, and the phoenix spirit also rushed into the sky. She was bathed in an undead fire, almost transformed into a phoenix, and at the same time, behind her, a pair of phoenix wings flew out, also toward the giant Feet banged away.

Chapter 1906: Six kings and one child forever

"not good!"

Lu Ming's face changed greatly.

Unexpectedly, Qiuyue and Huang Ling will suddenly rush out.

With the fighting power of Qiuyue and Huang Ling, even if there are imperial soldiers, it is impossible to be an opponent of Stellar River.

Sure enough, the giant feet fell, Qiuyue and Huang Lingjiao trembled, snorted, flew back, landed beside Lu Ming, his face was pale, and there was blood in his mouth.

"Qiuyue, Phoenix Spirit, are you all right?"

Lu Ming asked worriedly.

"Master, it's okay, I want to fight alongside you!"

Qiuyue wiped the blood from her mouth, her eyes firm, and stood beside Lu Ming.

On the other side, Huang Ling didn't speak, but the undead fire on his body was burning more and more.

"Oh, how can you stop me by relying on two women!"

Stellar River sneered and continued to walk, the breath of his body became more and more terrifying.

"Curse, plus Lao Tzu!"

A burly figure appeared on the edge of Huang Ling, but it was wild.

His muscles bulged all over his body, and he tried his best to move the whole body. In his palms, he wore a pair of dark gloves, which were also imperial soldiers.

Uh!

Another figure flashed, Long Chen appeared on the edge of Qiuyue, a pair of arms, bulging up, terrifying momentum.

Qiuyue, Huang Ling, Long Chen, Huang Li, Lu Ming, the four royal bodies, a son of chaos, and five people stood side by side, all of which were the cultivation practices of the most holy Xiaocheng.

"Add us!"

In the rear, other Tianjiao of the barren, as well as Mu Qingxue and others, also have to step forward.

"Don't come up!"

Lu Ming waved his hand and asked the wasteland to wait.

In the face of opponents such as the Stellar River, it is not useful to have more people, and the combat power is not enough. No matter how many people go up, it is in vain.

"Do you want to bully less? Think we are nobody?"

Another Tianjiao of the Heng family shouted and stepped forward. The other Tianjiaos of the Heng family also followed.

"You retreat, you don't need to intervene in this matter!"

The stellar river waved to other heavens of the Heng family.

He is proud, with his cultivation practice, to deal with Lu Ming several people, but why do others need help.

His gaze glanced at the five Lu Ming, and said lightly: "You think, with the five of you, you can contend with me, really naive!"

Around, other people also sighed.

Lu Ming's lineup is not luxurious.

The four royal bodies, plus a son of chaos, all cultivated to the most holy state.

But they faced the stellar river of the eternal son, the stellar river, ranked first in the holy king list, and no one objected.

He is recognized as the land of Yuanshan, the strongest of the younger generation.

Even the death blade of the dead son cannot shake the position of the stellar river now.

Although Lu Ming's five-man lineup is luxurious, Xiu Wei is weaker after all. Can he really fight the Stellar River?

"What about me?"

At this moment, a thick voice sounded, and a slender figure stood out from the crowd.

"It's Ouyang Wushuang!"

Someone recognized the coming person.

Ouyang Wushuang came to Lu Ming beside them, and a strong breath broke out.

Holy!

Obviously, Ouyang Wushuang also broke into the most holy realm.

"Then add a little girl!"

At this time, another voice sounded.

A graceful figure, the foot came from the void, and fell on Lu Ming beside them.

Luo Tianyi!

"Ouyang Wushuang, Luo Tianyi, actually all helped Lu Ming, are they familiar with Lu Ming?"

"Six kings, a son of Chaos, this lineup is really amazing!"

Many people take a breath, it is difficult to calm down.

Luo Tianyi, Ouyang Wushuang, actually knew Lu Ming well, and he shot at this time to fight against the stellar river together with Lu Ming.

"Very good, very good, then I will see how strong you are!"

The stellar river's eyes showed war, and suddenly stepped out, the void was shaking at his feet.

"Sky Fantasy!"

Luo Tianyi Jiao drank, his eyes turned into two rounds of dark swirls.

She casts the magic of heavenly illusion, envelopes the stellar river, and wants to let the stellar river fall into the magic.

At this time, Luo Tianyi's cultivation practice was truly revealed, and he had already reached the state of the Greatest Holy Spirit, and seemed to reach the limit of the Greatest Holy Spirit, not far from the highest Holy Peak.

Sure enough, the body of the stellar river shook slightly, and his figure stopped.

At the moment Luo Tianyi shot, Lu Ming, Qiu Yue, Huang Ling, Huang Li, Long Chen, and Ouyang Wushuang also all shot at the same time.

Six terrible magical techniques exploded together, blasting towards the stellar river.

The six people joined forces to create a wave of shock that shook people's minds.

"How can I stop me from breaking the magic?"

The indifferent sound of the stellar river sounded, and his eyes were as brilliant as stars, and two terrifying sword lights burst out of his eyes and cut into the void.

Luo Tianyi screamed, his body shivered, backed up again and again, his face was white, and a spit of blood spewed out.

Her illusion, broken by the stellar river, was repulsed and caused herself injury.

At the same time, in the hands of the stellar river, a sword light condensed, and a sword was cut out.

Uh!

This sword light, like a fairy flying beyond the sky, cuts off the void and transforms into eternity.

boom! boom! boom! ...

After Jianguang was cut, the attacks of Lu Ming's six people all collapsed in the air and were cut open by Jianguang.

"Not good, retreat!"

Lu Ming shouted, and the six of them retreated at a rapid speed before avoiding the aftermath of Jianguang.

"So strong!"

Lu Ming looked dignified.

The fighting power of the Stellar River is indeed terrifying and unmatched.

The main reason is that their level is too low, far inferior to the stellar river.

"Why are there many people?"

Stellar River's palms were held in vain, the eternal law condensed into sword light, and forced to landing Ming and others.

Lu Ming's eyebrows glowed, and the Tai Chi array floated out.

Qiuyue and others also sacrificed their emperors.

"Chaotic Tribulation!"

This time, Lu Ming took the lead in launching an offensive, blasting out a finger of chaos with all his strength, and at the same time, his body was moving, rushing towards the stellar river at a rapid speed. The river went away.

At the same time, on the Tai Chi array, the Tai Chi Yin-Yang pattern emerged and turned into two Yin-Yang fish swords, chopping towards the Stellar River.

A series of attacks, like a storm, even if the general holy consummation is complete, under Lu Ming's attack, there is only one way to die.

While Lu Ming launched the attack, others also launched the attack.

"It seems real!"

Luo Tianyi Jiao drank, in the sky, a butterfly appeared out of thin air, vibrated its wings, and flew towards the stellar river.

These butterflies are condensed out by illusion, but it is true and false, and the power is very amazing.

Qiuyue and others also attacked the Stellar River.

"What a terrible attack!"

The surrounding Tianjiao, one by one, suddenly changed color, so many people joined forces, others, no one can be sure to block it, even the top ranked Tianjiao in the Holy King List.

"Trick and worm!"

Stellar River's face didn't move, the sword light in his hand was chopped out, and there were nine sword lights in an instant, slashing towards Landing Ming and others.

Among them, three sword lights, cut towards Lu Ming.

Seven others, one by one.

Chapter 1907: Death Blade

Chaos Tribulation means, the first to bear the brunt of being cut by a sword.

Then came the Yin and Yang fish swords, and the power of the seal of the formation law, one by one.

The same is true of the attacks by Luo Tianyi, Qiuyue and others. After Jianguang cut off, everyone's body retreated.

"So strong!"

The people around were shocked.

The stellar river is so strong that Lu Ming and seven other masters joined forces and still lost.

"The cultivation of the Stellar River, at least in the most holy peak, with the eternal body, the combat power is too strong!"

Long Chen spoke to the crowd.

Indeed, they are too weak after cultivation, so it is difficult to match.

The Stellar River is not an ordinary warrior. He is a son of eternity. He is almost invincible in the same level of World War I, not to mention that he has cultivated so much more than them.

"Lu Ming, let's hand over the sword of heavenly emperor, sword of heavenly emperor, you are not qualified to take charge!"

The stellar river spoke indifferently.

"Hengxinghe, you are nothing better than cultivation. If you fight at the same level, I will still defeat you!"

Lu Ming said.

"Defeat me? Ha ha, Lu Ming, I tell you, even if you control the law of chaos and fight at the same level, you are not my opponent!"

"However, you don't have to provoke me to fight with you at the same level. Cultivating high is also a kind of strength!"

Stellar River said while stepping forward, a terrible sword burst forth from his body, breaking straight above the sky.

Sword power is vast, forming terrible pressure.

He has the strength to crush, why should he fight with Lu Ming at the same level?

This violent act has no effect on him.

"Lu Ming, since you don't want to hand over the sword of Heavenly Emperor, then I can only get it myself!"

The stellar river spoke indifferently, the sword light in its hand held high, and its momentum became stronger and stronger.

But at this moment, a transparent bubble suddenly appeared on the stellar river and enveloped him in it.

"The Law of Space and Time!"

Stellar River's complexion changed, and he snarled.

"Do it!"

Lu Ming's eyes lit up, knowing that it was the bubble shot, and watching the fluctuation of the law of space and time, it was extremely powerful. Obviously, the bubble also broke through to the realm of holiness.

Seven people from Lu Ming joined forces once again to make a terrible blow.

"broken!"

On the stellar river, a horrible sword light burst out, breaking the transparent bubbles in one fell swoop, but the surrounding space continued to show waves, twisting like water waves, and trying to trap the stellar river in the void.

At the same time, there is also the power of time, acting on the stellar river, making his movements slow down.

The face of Stellar River finally changed a little.

The law of time and space is also the ten strongest laws, and it is endlessly changing, and it is best at trapping the enemy.

Sometimes the law of space and time cooperates with Lu Ming and others, and their strength can be exerted to a greater extent.

In the blink of an eye, Lu Ming's attack arrived. Seeing that the stellar river would be submerged in it.

boom!

At this time, a more terrifying breath erupted on the stellar river, a terrifying divine light burst out, the time and space laws surrounding his body collapsed instantly, and Lu Ming and others were also attacked by this A ray of light shattered.

"It is the eternal light!"

"Also, the cultivation of the stellar river is the most holy consummation!"

Around, many people shouted in silence.

"Is this the true practice of the Stellar River?"

Lu Ming and others were extremely dignified.

Just after the World War I, the Stellar River did not use its full strength at all.

His cultivation practice has already reached the holiest consummation. At this age, what a horror?

As long as his eternal law is perfected and he reaches the state of consummation, he can directly enter the prospective emperor and begin to attack the emperor's state.

Under the age of fifty, stepping into the realm of Emperor Wu, there were not many people in ancient times, which could be comparable to the great power of ancient times.

call out!

A figure flashed, and bubbles appeared on Lu Ming's shoulders, saying: "That man is so strong, the bubble can't trap him, tweeting!"

"Very good, you are very good, can force me to use all my strength, then you come to bear my anger!"

The stellar river opened, and the voice was cold, revealing a cold murderous opportunity.

In his hand, a real war sword appeared, but it was an imperial soldier, and the sword was so angry.

At this time, the stellar river's most holy consummation was completely exploded, and the momentum was really amazing.

"It's over, Lu Ming. They're over. Although they are strong, they can't be opponents of Stellar River!"

"It is true, but Lu Ming's lineup is too terrifying. There is actually a person who controls the laws of space and time. If these people grow up, how amazing will they be?"

"Will the Stellar River kill the killers and get rid of them directly here?"

"Hard to say!"

Today's scene is far beyond everyone's expectations, making it difficult to breathe nervously.

At first, Luo Cangqiong was in trouble to find Lu Ming, but was defeated by Lu Ming. Then, the stellar river shot, and the masters on Lu Ming's side kept increasing.

So far, there are already six royal bodies, two sons of God, what a luxurious lineup?

This made many powerful arrogances and their faces dignified.

If these people cultivate for ascension, who can be the enemy?

"Damn, I hope the stellar river can cut these people!"

Luo Cangqiang was also shocked.

He never imagined that Lu Ming could gather so many terrible Tianjiao around him.

"Uh!"

The stellar river stepped out, his figure suddenly disappeared, and the next moment, a terrifying sword light, chopped them to the landing Ming.

The heart of Lu Ming and others beating rapidly, in this sword light, felt a terrible crisis.

"Join together!"

Lu Ming shouted, and in the face of this blow, only the strength of all of them could be gathered to stop it.

Lu Ming's eyebrowed Dayan Dan furnace flew out. In the Dantian field, the two Sacred Hearts worked at full strength. The majestic divine power poured into the Dayan Dan furnace, making it a mountain-like size.

But just when Lu Ming was going to put their hands on it and let it go, in the distance, a dark blade of light cut through the void and came violently.

This blade of light, full of breath of death, seems to let all the souls between heaven and earth fall into death.

Keng!

Jianguang and Daoguang blasted together, and then burst apart. The terrible sword gas and knife awns swept the Quartet.

Uh!

A figure flashed, a young man in black robe, stepped forward, appeared in front of the stellar river, holding a war sword in his arms, full of death breath.

"It's a dead blade!"

"Deathblade actually shot against the stellar river, is it possible that Deathblade and Lu Ming know them too!"

Seeing this young man, many people were shocked.

The death blade of the dead son actually took action against the stellar river.

"Death Blade, do you want to help Lu Ming?"

Stellar River's eyes narrowed slightly, flashing repeatedly.

"Do not!"

Death Blade shook his head and said, "The reason why I shot is because I don't like your eyes!"

This remark made many people speechless.

Is it because the stellar river doesn't look good?

Lu Ming's eyes moved, and there was a smile on his lips.

Lu Ming is the gold inheritor of the Hunyuan Sect, and the Death Blade is the silver inheritor. His shot will naturally not just look at the stellar river.

Chapter 1908: Indiscriminate

However, Deathblade is a proud person.

He is the son of death, he naturally will not admit that he now has to listen to Lu Ming's orders.

If Death Blade doesn't say it, Lu Ming will naturally not say it.

"Deadblade, with your current cultivation practice, want to block me, it's too early!"

The stellar river spoke indifferently.

The practice of Deathblade is the pinnacle of the most holy, and he is the most holy.

Deathblade cannot be his opponent.

"No war, how do you know?"

Death blade speaks, and the air of death on his body is more intense.

"If you want to fight, then I will fulfill you!"

The stellar river is cold, the eternal divine light is more and more bright, the peerless swordmanship is extremely sharp, the throughput is uncertain, and a terrible blow may erupt at any time.

"The Stellar River, our battle is not over!"

Lu Ming stepped forward. At this moment, Lu Ming's black hair turned into blood red, and his eyes also turned into blood red. The cold and biting murderous opportunity emanated from Lu Ming's body.

At this moment, Lu Ming seemed to turn into a killing god.

This is the power of the third bloodline!

Lu Ming has not used the power of the Third Blood Vessel for a long time. The power of the Third Blood Vessel is too strange, and Lu Ming uses it less and less.

But today, it has to be used.

Borrowing the power of the third bloodline, Lu Ming's breath skyrocketed.

After a few steps, Lu Ming stood side by side with Deathblade.

"Do it, beat this guy, tweeted!"

Bubbles mumble, she walks forward with her little feet, landing with her landing, her figure walks through, the void is twisted like a wave of water, as if her body is not here, as if in another piece of time and space.

In addition, Qiuyue, Luo Tianyi and others stepped up one after another, and an amazing breath broke out.

"kill!"

The Death Blade took the lead, the sword of death, beheaded towards the stellar river, the light of the sword passed, the world was silent, and there was silence.

boom!

Lu Ming shot the second time, he lifted the Dayan Dan furnace, and the majestic power continuously poured into the Dayan Dan furnace, smashing it towards the stellar river.

Then, Bubble, Qiuyue and others shot at the same time.

This time the offensive was truly amazing.

"Today, I will let you understand what is the strongest!"

The stellar river shouted, and Jianguang burst out, and hundreds of swordlights slammed toward the landing.

The death blade of the death blade is constantly shaking, the blade light is increasing, and a small half of the sword light is blocked by him.

The Dayan Dan furnace in Lu Ming's hands is as huge as a mountain, and every time it falls, there is a large piece of sword light broken.

Bubble, Qiuyue, they united together, blocking the rest of the sword light.

boom! boom! boom!

The terrible war broke out, the ten great arrogances, struggling to fight, this territory, a horrible roar broke out, and the entire Yuanshan Shengyuan was shocked.

However, after Lu Ming used the third bloodline and joined the Death Blade, they were finally able to fight the Stellar River without falling.

In a blink of an eye, they confronted dozens of moves, still indiscriminate.

The stellar river exerted a terrible combat power to the extreme, but Lu Ming couldn't help them.

The advantage of the stellar river is cultivation, and his cultivation is relatively high.

Lu Ming and they have a large number of people, and all kinds of different laws are combined. The power is extremely amazing.

"swallow!"

During the war, Lu Ming opened the cover of the Dayan Pill, and the Dayan Pill was bursting with a powerful swallowing force, and he wanted to swallow the stellar river into it.

The stellar river roared, eternal light burst, ripping open the Danlu's engulfing power, but the next moment, he was enveloped by the bubble's time-space law and his body was stagnant.

call out!

The death blade of the death blade, cut over, almost cut into the stellar river, and he escaped dangerously and dangerously, and at the same time broke through their attack on Qiuyue, towards Qiuyue, the Phoenix Spirit, and chopped a few scary swords Light.

But the time and space laws of the bubble, covering Qiuyue and others, their bodies shook away from the stellar light of the stellar river.

The time-space law of bubbles, in the war, the auxiliary ability is extremely great, and the attack power is also very terrible, making people unpredictable.

With the passage of time, the war has become more intense. In the battlefield, various brilliant lights erupted, colliding with each other, and roaring continuously.

I have been fighting a hundred strokes all the time, and I still have no difference.

boom!

Stellar River and Lu Ming, Death Blade, they won a blow, their bodies flew away.

His face was somber.

What happened today seems to be out of his control.

He only dealt with one Lu Ming, but was besieged by so many people, each of them was a terrible genius.

"Lu Ming, I tell you, the sword of the Emperor of Heaven, my Heng family is determined to have it, and you, the people, cannot guarantee it!"

The stellar river spoke indifferently.

"Yes, the sword of the Emperor of Heaven, my Heng family will surely get it!"

The sound of the stellar river fell, and there was also a sound outside the Yuanshan Shengyuan. Then, in that direction, suffocating pressure permeated.

Afterwards, everyone saw that there were three old men coming from the sky.

All three old men's bodies are surrounded by a divine light.

Many people's pupils contracted for a while, because that is the world's divine light, which represents that the three old men are all powerful at the level of true emperors.

The three old men stood in the air, surrounded by the world's divine light, like the three gods, with terrible pressure, constantly diffusing out, and all the arrogance of the scene seemed to be a mountain.

"Elder!"

Stellar River fists at the three old men.

"Lu Ming, give us the sword of the emperor, this is the emperor's sword, you are not qualified to control!"

An old man in the middle opened his mouth and looked at Lu Ming. Lu Ming felt a strong pressure on him and his body could not help but retreat.

"Small, can't the old one take the shot? Sure enough, it's the style of the big forces!"

Lu Ming spoke with a slight sarcasm.

"That's right, a few of your true emperor figures have to intervene in the junior thing, which is too shameful!"

At this time, a voice came from the depths of Yuanshan Shengyuan.

When the voice fell, several figures had appeared in the void.

These figures, all surrounded by the world's divine light, are also the existence of the true emperor level.

This is the teacher of Yuanshan Shengyuan.

Many teachers in Yuanshan Shengyuan are not from a major force. Most of them are alone or in a certain place. Finally, they were invited by the three emperors to be the teachers of Yuanshan Shengyuan and jointly manage Yuanshan Sheng. hospital.

Several real emperors of the Heng family looked ugly.

They originally asked the Stellar River to take the shot and take away the sword of Heavenly Emperor in Lu Ming's hands, but they didn't expect that the Stellar River could not succeed, but they came out in desperation.

They also thought that the teachers of Yuanshan Shengyuan would definitely intervene in this matter.

"This is Yuanshan Shengyuan, you, please do it!"

A teacher from Yuanshan Shengyuan directly issued the order for eviction.

"Sword of Heavenly Emperor, we must take it away!"

A real emperor of the Heng family spoke.

"The sword of the Emperor Emperor was pulled out by Lu Ming, and he naturally returned to him. Wouldn't it be ridiculous if you didn't have the ability to pull it out, but wanted to empty the white wolf with your gloves?"

An old man's disdainful opening did not give Heng's face.

Chapter 1909: The emperor started

Several real emperors of the Heng family had somber faces.

If people of other forces dare to talk to them in this way, they will be destroyed directly, but the other party, but the teacher of Yuanshan Shengyuan, Yuanshan Shengyuan was founded by the three emperors. Although their Heng family is strong, they dare not dare Hard touch with Yuanshan Sanyuan.

Several real emperors of the Heng family, their eyes turned, and finally they communicated with each other, discussing things.

After a while, a true emperor of the Heng family said, "Lu Ming, you can stay with the sword of the emperor, but you must hand over to me the Heng family!"

This remark made the sharp edge flash in the eyes of Stellar River.

He once said that the sword of Heaven Emperor will become his sword, but now Lu Ming can stay, which makes him very unhappy.

Several teachers at Yuanshan Shengyuan's eyes also moved. Obviously, the Heng family made a concession. They looked at Lu Ming, and one of them said: "Lu Ming, what do you say?"

"There are no exercises in the sword, how can I pay?"

Lu Ming said.

After he pulled out the sword of the Heavenly Emperor, he didn't find any anomalies at all, such as an ordinary stone sword, only in the sword tomb, an anomaly appeared, took the initiative, saved Lu Ming once, and also absorbed a large number of swords source.

"Lu Ming, you don't have to be intimate. My Heng family has given in. It's too greedy and can only be destroyed by itself!"

The stellar river drinks coldly.

Several emperors of the Heng family also flashed cold light in their eyes.

In their view, they had given in, but Lu Ming was greedy, and even the skill of the sword of the Heavenly Emperor was reluctant to hand it over.

"Lu Ming, the exercises in the sword of the Heavenly Emperor are very important to my Heng family!"

"Yes, young people should close when they see you well. Your talent is very high. If it falls midway, it will be a pity!"

Several real emperors of the Heng family have spoken one after another, and the meaning of threat is self-evident.

"I said, there is no kung fu in the sword!"

Lu Ming repeated it.

"Dare to deny it!"

A real emperor of the Heng family shouted loudly, like the thunder exploding, the thunder sounds rolling, forming a terrible storm, and oppressed toward the landing.

A teacher at Yuanshan Shengyuan frowned, stepped out, and a force rushed out, defeating the other party's thunder.

"True Emperor shot, it's over!"

The teacher at Yuanshan Shengyuan frowned, then looked at Lu Ming and said, "Lu Ming, did you really not get the kung fu in the sword?"

"No, after I got that sword, there has been no abnormality, like an ordinary stone sword!"

Lu Ming said.

"Sophisticated, I have records in the ancient books of the Heng family. How can there be the exercises left by the emperor in the sword of the emperor?"

A real emperor of the Heng family shouted.

"It seems that the sword is not your Heng family, or that your Heng family is not a descendant of the Emperor!"

Lu Ming sneered.

"Bold, dare to humiliate my Heng family, kill no amnesty!"

The Emperor Hengjia was furious and erupted into a terrible atmosphere, and walked towards the pace.

The Heng family has always been proud of being a descendant of the Emperor of Heaven. Now Lu Ming actually says that the Heng family is not a descendant of the Emperor of Heaven. This is the biggest insult to Heng.

It is difficult to be majestic without killing.

"enough!"

At this time, an old voice came from the depths of Yuanshan Holy Courtyard.

This sound was very gentle in Tianjiao of Yuanshan Shengyuan, but it felt like a thunder in the ears of Hengjia Zhendi.

Emperor Hengjia's body shuddered, turned back crazy, his face changed wildly, and almost spit out blood.

"Emperor!"

The emperor Hengjia said in horror.

"It's the phaseless emperor!"

When Lu Ming and others heard it, they knew that it was the Emperor Wuxiang. Before the Emperor Wuxiang preached, they could naturally hear the voice of the Emperor Wuxiang.

This incident, unexpectedly led to the appearance of the phaseless emperor.

"This is Yuanshan Shengyuan, please retreat!"

The voice of the Emperor Wuxiang again sounded. Although there was no harsh wording, it gave a supreme dignity and no doubt.

The three emperors of the Heng family looked ugly.

But here is the Yuanshan Shengyuan, and all the great emperors have spoken, how can they not retreat?

The real emperor, in the eyes of the warriors of other people's realm, is high above, but in front of the emperor, it is also like a baby, trembling.

"No phase!"

At this moment, outside the Yuanshan Shengyuan, I don't know how far away there was an old voice.

Hearing this voice, the three true emperors of the Heng family were overjoyed and could not help shouting: "Old Ancestor!"

Many people are thrilled.

The three true emperors of the Heng family called the ancestors, and the other party dared to call the name of the unrelated emperor directly. There was only one possibility, and the other party was also an emperor.

It has always been a legend that the Heng family had an emperor sitting in town, which seems to be the case.

"No phase, the sword of the Emperor of Heaven, is an important inheritance method of the Heng family. Do you really want to intervene?"

Outside the Holy Court, somehow far away, the voice rang again.

"Regardless of the reason, since this is Yuanshan Shengyuan, and Lu Ming is a disciple of Yuanshan Shengyuan, then I have to make sure that it is another disciple of Yuanshan Shengyuan. If someone moves in Yuanshan Shengyuan, Stellar River, I will do the same!"

The voice of the Emperor Wuxiang came from, with a firm attitude and no doubt.

As long as he is a disciple of Yuanshan Shengyuan, he will protect him, no matter who he is.

"Ha ha!"

Emperor Hengjia sneered, saying: "No phase, you and I haven't seen you for many years, I don't know how much progress you have made, it is better to discuss!"

"That's what I meant, and I want to see what you have grown!"

The phaseless emperor competes against each other.

Many people were shocked in their hearts, and the two emperors were about to start. This is a rare event.

boom! boom!

The direction of the Heng family, and the depths of the Yuanyuan Shengyuan, at the same time filled with the pressure of terror. Immediately, I saw two flashes of light and rushed into the sky.

Where the light flew by, the space split open directly, and two figures rushed into the void crack.

boom!

Then, a terrible vibration came out of the cracks in the space, and the whole piece of heaven and earth seemed to be shaking madly. A dull pressure came from the sky, making people kind of heaven and earth will overthrow, the world will be destroyed. feel.

The emperor fought, in the void space.

If the Great Emperor directly fought in the Heavenly Emperor City, I am afraid that the Heavenly Emperor City would be devastated, and countless people would be affected.

boom! boom!

In the void, there was a continuous roar, and the space fluctuated like a wave of water. Then, in the void, a fierce space crack appeared, like a cobweb, densely scattered in the entire void.

"too horrible!"

Many people feel that their heartbeat is accelerating, their muscles are tight, and they are extremely tense.

It's terrifying. Even when fighting in the void, the scene is still shocking. Everyone has a feeling of catastrophe.

The great emperor, his own small world, is capable of giving birth to the birth spirit and controlling the avenue. It is too strong. The true emperor is as vulnerable as a baby in front of him.

In this era when the emperor cannot appear, the emperor is the pinnacle of the world, unmatched.

Everyone's appearance will cause the world's attention.

Chapter 1910: Chaos pulled away

The battle of the Great Emperor did not last too long. After a few minutes, the fluctuations in the void suddenly stopped.

Those space cracks have disappeared.

Stop it!

Who won?

Was it the emperor of the Heng family, or the emperor of the unrelated?

"Withdraw from Yuanshan Shengyuan and send someone to stay outside Yuanshan Shengyuan. If Lu Ming goes out, take it directly!"

The direction of the Heng family came from the voice of the Heng family emperor.

The Heng family is about to withdraw from Yuanshan Shengyuan.

Many people's eyes flashed, is it that the Hengjia Emperor is defeated?

It is very likely that if the Hengjia Emperor wins, he will easily withdraw from Yuanshan Shengyuan.

"Yes!"

The three emperors of the Heng family led the order, glanced at Lu Ming coldly, and then stepped out and withdrew from the Yuanshan Shengyuan.

In the eyes of the stellar river, unwillingness appeared.

At this time, a figure emerged from the high altitude, it was the unrelated emperor.

"Meet the emperor!"

Everyone bowed down to meet the Great Emperor.

"Now, I announce one thing!"

Emperor Wuxiang's eyes are not gentle, but are full of fierce light. Those who have been swept by his eyes feel the heartbeat beating.

"From tomorrow, the rules of Yuanshan Shengyuan will change. Later, in Yuanshan Shengyuan, killing is not prohibited, that is to say, Yuanshan Shengyuan, there will be no rules!"

The voice of Emperor Wuxiang sounded.

Many people were shocked. Starting tomorrow, Yuanshan Shengyuan will not prohibit killing, and there will be no rules.

This will inevitably lead to earth-shaking changes in Yuanshan Shengyuan.

Previously, in the Yuanshan Sanctuary, killing was prohibited, and it was forbidden to abolish others' cultivation.

If you don't go to the battle platform of life and death, it is safe in the Yuanshan Sanctuary, at least for your life.

But all this will change.

"In the future, the Holy Court teachers will not take care of your affairs. Of course, all these are things within the Holy Court. If there are outside forces involved, I will strike with thunder!"

"Also, I put four sets of battlefields in the most holy battlefield, each of which can cover a hundred miles of land, non-Wu Emperor, can not be broken!"

After saying this, the figure of the unrelated emperor was blurred like a phantom, and then disappeared without a trace.

"Little guys, please do it yourself!"

A few teachers from the holy temple glanced at everyone, and they all stepped away and disappeared into the depths of the holy courtyard of Yuanshan.

As soon as the teachers of the Holy Academy left, the atmosphere at the scene became extremely dignified.

The people looked at each other, dignified and alert in their eyes.

Starting tomorrow, killings will not be prohibited. Some of the enemies who have hatred on the weekday will face each other and flash their cold killing opportunities.

Luo Cangqiang, Stellar River and others, glanced at Lu Ming, and Chiguo Guo's murderous opportunity made no secret.

"Lu Ming, let's wait and see!"

The stellar river spoke indifferently, and then its body flickered, the first to leave here.

After the stellar river left, the blade of death became a blade of light, disappearing without a trace.

This caused some powerful arrogance to flash their eyes.

It seems that Death Blade is not Lu Ming's group. He shot before, just like Death Blade himself said, purely because of the starry river.

In particular, some powerful Tianjiao took a deep breath.

If Death Blade is also a group of Lu Ming and theirs, the strength of these people is too amazing, and they can fight against the Stellar River together, which is almost invincible in Yuanshan Shengyuan.

But without the death blade, the strength of Lu Ming's group was greatly weakened.

"The guy at Deathblade, left without saying a word!"

Huang Ling murmured.

Lu Ming smiled slightly and didn't care too much.

As a son of death, Death Blade naturally has his arrogance, and he is not convinced of Lu Ming at all. He probably wants to wait for the arrival of twenty years, challenge Lu Ming, and replace Lu Ming as the inheritor of gold.

However, Lu Ming is confident that within twenty years, he will surely be convinced.

"Let's go back!"

Lu Mingdao, and Qiuyue, Huangling, Longchen, and others, walked away and left here.

Subsequently, others also left.

Starting tomorrow, the Yuanshan Holy Monastery will not prohibit killing, and they will naturally have to prepare early.

Lu Ming, their residence, in a separate courtyard, everyone gathered to discuss things.

"From tomorrow, the situation in the Holy Court will definitely change. How should we face it?"

Someone asked a question.

"We'd better get together and concentrate our strength to avoid being broken by everyone!"

Lu Ming opened his mouth and then looked at Ouyang Wushuang, Luo Tianyi, saying: "Ouyang, Tianyi, you bring all you can bring here, let's get together!"

"It is good!"

Ouyang Wushuang, Luo Tianyi nodded and agreed without hesitation.

In addition to Huang Ling and Long Chen, everyone was surprised.

Luo Tianyi and Ouyang Wushuang seemed to listen to Lu Ming very much, which shocked them.

"During this time, we better not practice in those places where we practice, and wait for the situation to stabilize before making plans!"

Lu Ming proposed.

Everyone nodded, and now this is the best choice.

This mountain is very large, and everyone chooses to stay in another courtyard.

One day passed in a blink of an eye, and from the second day onwards, the atmosphere of the entire Yuanshan Sanctuary was tense and alert to each other.

It has been almost a year since the Yuanshan Shengyuan was convened. Many people have had a holiday with each other. In the past, they could not kill each other. At most, they learned a little. They were angry. But now, it is different.

Sure enough, within a few days, the killing began.

Tianjiao was spotted by his opponent and killed on the spot.

This also opened the Yuanshan Shengyuan, a chaotic prelude.

The fierce fighting started.

boom!

Not far from the mountain where Lu Ming lived, an amazing wave erupted on a mountain, and two figures rushed out of the mountain to start a fierce battle.

But the battle did not last long. A terrible sword light was cut, and a young Tianjiao was cut in half and fell here.

Another Tianjiao took away this person's storage ring, turned it into a sword light, and disappeared here.

"As a result, I don't know how many Tianjiao will fall!"

Several figures stood in the air to watch, it was Lu Ming, Huang Ling, Luo Tianyi them, Huang Ling sighed slightly.

"Perhaps this is the strategy of the emperor. Only in the face of crisis can we discover our potential faster and more thoroughly and break into a higher realm!"

Luo Tian Yidao.

A few people nodded, but this way, the price will be great.

"I don't know why several great emperors, why held the Yuanshan Shengyuan to cultivate many arrogances!"

Lu Ming opened his mouth and raised questions.

The silence of the others, in fact, is also the question of everyone.

Several emperors, why did you have to work hard, convene many arrogances, and cultivate hard work, why?

Most of the arrogance here comes from major forces. If they succeed in the future, they will definitely return to their respective forces. What benefits does this have for several emperors?
