

D Emperor 1911

Chapter 1911: Compete for the land of cultivation

In a blink of an eye, the past half month.

As time passed, Yuanshan Shengyuan became even more chaotic.

There are wars every day, there are fights every day, and every day, Tianjiao falls.

However, Lu Ming and them, no one asked them trouble.

Lu Ming, they have many arrogances, they are gathered together, it is very terrible, and for the time being, no one will hit them.

Over time, many people also began to gather together to form groups, unite and fight against powerful enemies.

Even so, there is also a powerful arrogance, directly killing a certain group and killing all that group.

The atmosphere of Yuanshan Shengyuan is extremely depressed.

Under such circumstances, some Tianjiao left Yuanshan Shengyuan.

But those who left are only a few, after all, the various cultivation places of Yuanshan Shengyuan are so attractive.

Moreover, there is the emperor preaching.

Where to find such cultivation conditions?

In Yuanshan Shengyuan, although dangerous, progress is also the fastest.

Leaving Yuanshan Shengyuan, the speed of cultivation can never keep up with the cultivation in Yuanshan Shengyuan.

Everyone is Tianjiao. Once the distance is widened, it will always be difficult to catch up. The way of cultivation, such as walking against the current, will not retreat if you enter. Once dropped, I am afraid that you will never catch up with other Tianjiao, or even your own. Achievements are affected.

In Yuanshan Shengyuan, you may be able to continuously unearth potential and make breakthroughs. Future achievements are difficult to predict, but when you leave, you may not necessarily be.

Therefore, only a few people left, and more people stayed.

Huang Kong, a pride of the Phoenix Palace, had fought against the spirit of Wutong with Huang Ling, but it has since been reconciled.

On this day, he merged with the Phoenix Palace and several arrogances of the Idol Sect, came to the Shentong Purgatory Valley, intending to practice the magical power in the Shentong Purgatory Valley, but they were stopped outside the Shentong Purgatory Valley.

"Stop, the magical power of Purgatory Valley has been wrapped by our Sky Sword Alliance, no one else can enter!"

Beyond the magical powers of Purgatory Valley, several youths stopped Huang Kong.

"Sky Sword Alliance? Was it you guys?"

Huang Kong and others were stunned.

"Good, now, get out of here!"

The other party yelled at a young man, very arrogant.

"Why not? The magical Purgatory Valley is cast by the Holy Court Great Emperor, and everyone who enters the Holy Court can enter and practice. Why do you occupy it and prevent others from entering?"

An arrogant prince of the Idol Sect was furious.

"Yes, it's you guys who are the ones to go!"

A disciple in Phoenix Palace scolded.

"Since they don't roll, then cut them off!"

An indifferent voice came from the magical powers of Purgatory Valley, a young man in a golden robe, with a grim complexion, took a few young men to step out.

Huang Kong and others were ugly.

"You want to fight, we are not afraid, let's go!"

Huang Kongdao wanted to retreat first and tell Lu Ming them about it.

"Am I letting you go, do it, cut them all!"

The golden robe youth was extremely overbearing, and a golden sword appeared in his hand, slashing toward Huang Kong and others.

This person is very strong, and has the realm of the Great Peak.

And Huang Kong and others, the highest cultivation level, is Huang Kong, only to achieve great success.

"Not good, retreat!"

Huang Kong shouted, he didn't expect that the other party was so overbearing, he just started to kill them.

But the other party had more people, their bodies flashed, and surrounded them.

Poof!

The Golden Robe youth sword was cut down, and a disciple of the Phoenix Palace was killed.

Huang Kong's eyes were red and he shouted: "You kill me disciples in Phoenix Palace, Lu Ming, they will not let you go!"

"What? Disciple of Phoenix Palace?"

Jinpao Youth and others were shocked.

He had never thought that the other party was a disciple of Phoenix Palace.

The Phoenix Palace represents Lu Ming, a group of masters on Lu Ming's side.

The young man in Jinpao thought of the fighting power of Lu Ming and others, and cold sweat oozed from his back.

But at this time, the other person has been killed, and it is no longer possible to relax.

"Kill, kill them, don't let go!"

The robe of the golden robe yelled.

Since it can't be eased, kill them all, so that no one knows they did it.

The terrible attack kept killing Huang Kong and others. The number of Huang Kong was small, and they were weaker than the opponent. They couldn't resist it and were killed one by one.

Soon, only Huang Kong was left.

"Kill, kill!"

The sword light of Jinpao Youth continued to cut towards Huang Kong. Soon, a long knife wound appeared on Huang Kong's body, and his body was almost split in half.

If it weren't for the Phoenix War Body, the Phoenix has the ability to rebirth, and the vitality is strong. At this time, there is no longer the power to fight.

A phoenix chirp sounded, and behind the sky, a pair of phoenix wings appeared. He vomited blood, and the blood fell on the wing of the phoenix. The flames on the wing of the phoenix flared, blazing brightly.

call out!

Huang Kong struggled seriously, rushed out of the enclosure, and flew to the gathering place of Landing Ming and others.

"Not good, chase!"

The face of Jinpao Youth and other people changed greatly, chasing toward Huangkong, but Huangkong was performing a desperate secret technique, the speed was amazing, and disappeared instantly.

The young man in Jinpao was ugly and dying.

After being escaped by Huangkong, what would happen if they were known by Lu Ming?

A look of terror flashed in his eyes, and he said: "Quickly tell the Allied Lord that Lu Ming and they will come to fight for the magical power of Purgatory Valley!"

...

Lu Ming, the mountain where they lived, Lu Ming, Huang Ling and others were discussing things, and suddenly someone rushed in to report.

"No, some of us were killed!"

The person who gave the report was a celestial phoenix in the Phoenix Palace, with angry expression on his face.

"what?"

Lu Ming et al.'s face changed, flashed, and appeared outside the other courtyard. He saw Huang Kong sitting cross-legged on the ground, covered with Phoenix flames, and covered with blood.

Huang Ling's face sank and he waved his hand. The undead flames shone toward Huang Kong. With the help of undead fire, Huang Kong's injuries recovered quickly. After a while, he recovered completely.

"Huangkong, what's going on?"

Huang Ling asked.

"Our people, were killed..."

Immediately, Huang Kong told the story again.

"Sky Sword Alliance, find death!"

Huang Ling burst into a cold murder.

"It seems that some people have already begun to compete for the land of cultivation, call for people and go!"

Lu Ming shouted.

Soon, Lu Ming, Qiuyue, Huang Ling, Luo Tianyi, Long Chen, Huang Li, and others, walked toward the magical Purgatory Valley.

Those who killed them must repay this hatred.

When Lu Ming came to the magical power of Purgatory Valley, hundreds of people had already gathered outside the magical power of Purgatory Valley.

"It's them who can't help but say, who killed us!"

Huang Kong pointed to the golden robe among the crowd.

"Get out and die!"

Lu Ming glanced at the golden robe, and shouted to make the golden robe look white.

Chapter 1912: Murder

"Lu Ming, what makes you so angry?"

A young man with a burly figure stepped out. The man embraced a war sword, his eyes sharp as a blade.

"Wei Tiandao!"

Huang Ling whispered.

Lu Ming raised his eyebrows, Wei Tiandao, he naturally heard that the existence of the Holy King ranked fourth, is a terrible king body, cultivation is unfathomable, stronger than Luo Cangqiang.

It seems that what the Sky Sword Alliance was built by Wei Tiandao.

"Your people, for no reason, killed our people and killed people to pay their lives, they must die!"

Lu Ming spoke coldly.

"They attacked us first, and we were forced to fight back!"

The young man in golden robe cried out.

"Nonsense, we come to the magical powers in Purgatory Valley, you stop us, and say that the magical powers in Purgatory Valley are already occupied by you, and you can't help but say, attack us and kill our people. If I tried to break through, I would have died!"

Huang Kong roared.

"Blood-spitting people!"

Golden Robe said.

"Lu Ming, this matter seems to have been misunderstood, so let me give you half of the power to use the magical powers of Purgatory Valley. This is the case, how?"

Wei Tiandao.

"The people who killed us just want to forget it so easily. Are you having a problem?"

Lu Ming scolded directly, flashing cold murder in his eyes.

Wei Tiandao's face was gloomy. He was also the fourth-ranked presence in the Holy King List, but Lu Ming didn't give a face at all, which made his heart filled with murderous opportunities.

But when he glanced at Luo Tianyi, Qiuyue, Huang Ling and others, he again suppressed the killing in his heart.

"Lu Ming, what do you want?"

Wei Tiandao.

"It's very simple. All those who used to do it all paid their lives, and after all, the magical powers of Purgatory Valley all belong to us!"

Lu Ming said coldly.

The young man in Jinpao's face changed wildly and shouted: "Leader, don't agree, we only shot for the sake of the alliance!"

Wei Tiandao's face was also somber, saying: "Lu Ming, your condition is too bad!"

"Too much? Don't pay the price for the people who killed us?"

Lu Ming sneered.

"Lu Ming, I suggest that it is still a big deal. Once the two sides go to war, it will benefit no one. This time, you will not help each other!"

Wei Tiandao spoke, revealing a hint of threat.

The implication is that you didn't help each other and started a war with me. You can't ask for benefits, and you will only lose both sides.

"Oh, you really put gold on your face, to deal with you, why don't you help each other, since you want to fight, then fight!"

After talking, Lu Ming stepped out, and the violent breath burst out, pressing towards Wei Tiandao.

At the same time, the atmosphere of Luo Tianyi, Qiuyue and others also bloomed one by one.

call out!

On Wei Tiandao, a terrifying sky-dawn burst out, breaking through the sky, terrifying.

Most Holy!

Wei Tiandao's cultivation practice has actually reached the state of the most holy consummation. No wonder he can be ranked fourth in the list of holy kings.

The person behind Wei Tiandao also exploded in breath. There were two of them, who were also terrible, and they were actually the existence of the royal body.

The terrible breath of both sides confronted in the air and kept colliding.

"kill!"

Lu Ming shouted suddenly and pointed out,

A chaotic robbery finger formed and bombarded towards Wei Tiandao.

The war sword in Wei Tiandao's hand was out of the sheath, and an attack was about to erupt, but a transparent bubble suddenly appeared around his body, covering him, and his body suddenly stiffened.

"Break me!"

Wei Tiandao roared, bursting out with a bright sword light, wanting to break the time-space law of bubbles.

But he is not a stellar river. The stellar river is an eternal body, with eternal divine light, and the eternal law, which can easily break the time-space law of bubbles.

He is just a royal body, although the cultivation base is similar to the stellar river, but the combat power is very different.

For a time, where did he break the law of time and space?

"Sky Fantasy!"

Luo Tianyi opened his mouth and applied the rules of celestial fantasy, Wei Tiandao suddenly fell into illusion.

"Broken! Broken! Broken!"

Wei Tiandao shouted, his body constantly burst into light, wanting to break the illusion and the law of time and space.

At this time, Lu Ming's attack has arrived.

boom!

Chaos robbery refers to the bombardment of Wei Tiandao. Although Wei Tiandao broke out of the sword and warded off, he still shook his body, backed wildly, and a mouthful of blood spewed out of his mouth.

However, as soon as he retreated, another transparent bubble enveloped him. Then, Luo Tianyi's illusion made him shake again.

Although Luo Tianyixiu is in the most holy saint, her soul is very powerful, far beyond her own realm, and the law of heavenly illusion has a great influence on Wei Tiandao.

Wei Tiandaokong has a strength, it is difficult to start at all for a while.

Uh!

Lu Ming stepped out in one step, and the Dayan Dan furnace appeared on his palm, which suddenly became larger and smashed towards Wei Tiandao.

bump!

The seven meat and eight elements that Wei Tiandao was smashed hit the ground heavily and he vomited blood.

The rest of the Sky Sword Alliance was shocked.

The young man in Jinpao, as well as some other hands-on people, had a pale face.

"Wait, stop!"

Wei Tiandao shouted.

"what do you want to say?"

Lu Ming stood at high altitude and looked at Wei Tiandao indifferently.

In Wei Tiandao's eyes, a full of horror flashed.

Until now, he really understood how terrible it was for Lu Ming and these people to unite.

At the beginning, Lu Ming and others joined forces and were suppressed by the stellar river. It was not that Lu Ming was not strong, but that the stellar river was too strong.

It wasn't until the battle that Wei Tiandao realized that Lu Ming's people were terrible.

With the cooperation of several people, his strength could not be fully exerted, and he could only be beaten passively.

What's more, there are other royal bodies that haven't shot, and if they really go to war, they will definitely lose.

"Lu Ming, your condition, I promised!"

Wei Tiandao spoke helplessly and felt very humiliated, but in the face of such a situation, he could not help.

"No, no, lord, you must save us, you must save us!"

The Jinpao youth shouted in horror. If Wei Tiandao didn't save them, they would die.

"Those committed by yourself, bear yourself, let's go!"

Wei Tiandao shouted and turned away.

The rest of the Sky Sword Alliance looked at the Jinpao Youth and others with pity, and they were angered by Lu Ming and their group of stars.

Subsequently, the others in the Sky Sword Alliance also left.

"No!"

Jinpao Youth and others chased crazy towards the Sky Sword Alliance.

But Long Chen's figure appeared abruptly in front of them. His eyes were cold and he punched out.

bump!

The young man in Jinpao screamed and his body was intact.

For the rest, the cultivation base is even lower, and a few will be killed by Long Chen.

All the people who worked before were killed.

The magical power of Purgatory Valley is also controlled by Lu Ming.

Chapter 1913: Holy Battle

After that, Yuanshan Shengyuan became even more chaotic, and major groups fought for each other to fight for those places of cultivation.

In Yuanshan Shengyuan, the place of cultivation is the most important cultivation resource, which is extremely helpful to cultivation, and the natural competition is very fierce.

And all this, the teachers of Yuanshan Shengyuan did not intervene.

Since that day, the teachers of Yuanshan Shengyuan seem to have disappeared, leaving only a few people to maintain the operation of those places of cultivation.

After that, some small groups began to form alliances, converging into large groups, and alliances began to appear.

The leaders of those alliances are all strong in the Holy King List.

Dozens of large and small alliances appeared in the Yuanshan Shengyuan two months after the killing was not prohibited by the Yuanshan Shengyuan.

Within Lu Ming's peak, the people gathered again.

"Lu Ming, shall we establish an alliance?"

Huang Ling first proposed.

"I also think it's good to establish an alliance. Once we establish an alliance, we are justified and others will come to vote and increase our strength!"

Ouyang Wushuang also suggested.

"Yes, when you set up an alliance, someone will come to vote, and now you will meet more people, and it will be of great use in the future!"

Luo Tianyi also spoke.

Then, others also spoke one by one, and felt they needed to establish an alliance.

However, everyone is waiting for Lu Ming's opinion.

During this time, almost everyone led Lu Ming.

Just then, a news came.

Stellar River, in the most holy battlefield, successfully obtained a set of positions, covering a hundred miles from where he lived, and at the same time established the Heavenly Emperor League, many people of small alliances have turned to each other.

"The Stellar River, got a set?"

Many people's faces changed.

"During this time, we sent someone to inquire about the news of the battlefield, what happened?"

Lu Ming asked.

During this time, they have also been inquiring about the news of the market.

At this time, the effect of a set of positions is too great.

A set of arrays can cover a radius of a hundred miles, non-Wu Emperor, unbreakable.

This is equivalent to having a base and not afraid of being attacked. This is too important for an alliance.

This means that security is guaranteed.

Usually you can practice in the cultivation place, but you can't stay in the cultivation place all the time. If you practice for a while, you still have to quit the cultivation place and find a place to digest.

Living in a place shrouded in encirclement, there is absolutely no need to consider your own safety.

However, there are only four sets in total. Once someone gets a set, there will definitely be a lot of people going to seek refuge.

Lu Ming sighed. Obviously this result, the Emperor Wuxiang had long expected it, so he left four sets of positions in the battlefield.

However, the battlefield is very large. During this time, many people are looking for news of the market. Unexpectedly, the Stellar River took the lead and got a set of markets.

"During this time, we have been sending people to inquire, and we already have some eyebrows!"

Ouyang Wushuangdao.

"Okay, then we will wait for the position and then create an alliance!"

Lu Ming said.

Everyone nodded their heads to get the position, and they had the best effect in creating the alliance.

Next, they continued to send people to find news of the market.

The Star Emperor League of Stellar River is getting stronger and stronger.

The Stellar River, which was originally No. 1 in the Saint Kings list, has amazing strength. Now it is the first one to get a position, and the natural trustees gather.

It is said that Luo Cangqiang, Luo Pokong, and the Feng clan Feng Wuchen and others all surrendered to the Stellar River and joined the Tiandi League.

Heaven Emperor League, for a time, became a giant existence.

However, the stellar river did not find Lu Ming to trouble them, because he was unable to understand the intention of Death Blade.

However, Lu Ming found Luo Xiang alone, and he planned to refine the spirit body for Luo Xiang with the Dayan Pill.

With Luo Xiang's potential, he must be able to temper the spirit body to the point of being a superior celestial body.

Luo Xiang was also shocked when he knew the efficacy of Dayan Pill.

Subsequently, Luo Xiang entered the Dayan Dan furnace for refining.

Just half a month after the stellar river got the position, the second position appeared, which was obtained by the Shenhua League led by a Tianjiao, ranked second in the Holy Kings list.

Tianjiao, ranked second in the Holy King List, is called the Fire Emperor, but it is an ancient tribe.

After he got the position, there were many surrenderers. For a time, the Shenhua Alliance became the second only force after the Heavenly Emperor Alliance.

After half a month of continuous refinement, Luo Xiang's spirit body also evolved in one fell swoop and became the superior celestial body.

When Luo Xiang's spirit evolved, he actually led to cultivation, and stepped into the most holy realm in one fell swoop.

Luo Xiang's cultivation base has already reached the limit of the Great Sage, and the breakthrough by chance was normal.

Luo Xiang is a royal body. He controls the speed rule of one of the rules of the kingly way. He stepped into the Most Holy. Lu Ming and their side have improved their strength.

At this time, there was good news, they finally had a whereabouts.

Lu Ming immediately summoned all the personnel and went to the Holy Battlefield.

The most holy battlefield is actually a huge formation world.

It was built by the emperor himself.

When the Yuanshan Holy Monastery was just convened, only the most holy can enter, fight and practice in it.

But now, the most holy battlefield has been adjusted, even Mingsheng can enter.

At the entrance to the Holy Battlefield, teachers from the Holy Court guarded the entrance, and a large number of original stones were required to enter.

Lu Ming and them, a total of dozens of people, paid the original stone, they entered a wide room.

This secret room was considered to have been taken by them, and outsiders were not allowed to enter.

Entering the Most Holy Battlefield is when the spirit enters it, and the flesh will stay outside. This is also to prevent them from being attacked by others after entering the Most Holy Battlefield.

The people sat cross-legged, and inscriptions appeared in the secret room, covering them. At the next moment, they found that their spirit had escaped into a wonderful space.

Later, they found that they appeared on a grassland.

"It's true, the cultivation is exactly the same as the outside world, even the rules are the same!"

Lu Ming sensed it and found that all the conditions are the same as the outside world, and there is really no difference.

This shocked Lu Ming. This formation world is truly extraordinary.

At the beginning of the Shenyuan Empire, to help Ouyang Wushuang to fight against the prince, the first hurdle was to enter a world of formation, but the formation, the entrants, united a body of the Emperor Wuyi, and his own cultivation and harmony The power of the law cannot be used in it.

But here, it can be used as you like, the level of mystery is not in a grade at all.

Others who had not entered the battlefield of the Holy Spirit also felt secretly and were amazed.

The emperor personally built it, it was extraordinary.

"There are a lot of fierce beasts condensed in the most holy battlefield, and after inquiring, one of the arrays is likely to be in Ape Mountain!"

Ouyang Wushuangdao.

As the prince of the Divine Yuan Empire, he was able to mobilize the arrogance of many Divine Yuan Empires. During this period of time, to inquire about the news, Ouyang Wushuang was planning.

Chapter 1914: Attacking Ape Mountain

"Storm Ape Mountain? How strong is it?"

Lu Ming asked.

"Blood Ape Mountain, the dwelling is all kind of ancient ape, awesome by nature, powerful and powerful!"

"And among the Apes Mountain, the strongest one is the Quasi-Emperor Realm. The apes below the Holy Land are not a few. Some time ago, there were already several alliances who wanted to visit the Apes Mountain. Kill, the whole army is wiped out!"

Ouyang Wushuang explained.

"Is the violent ape in the quasi-imperial territory?"

Many people have their eyes fixed.

With the guardian of the apes in the quasi-imperial realm, the position is not so easy to obtain.

Fortunately, this is in the most holy battlefield, the formation world, even if you die in this world, the real body will be fine.

"Ouyang, you lead the way!"

Lu Ming has nothing to do with Ouyang.

Ouyang Wushuang nodded and led the way, followed by everyone.

The most holy battlefield, vast and endless, they flew for a few hours, and in front of them, there appeared a big mountain rising into the clouds.

Roar! Roar! ...

Even if they are far apart, a roar can be heard, full of tyranny.

Ape Mountain is here.

"Wait a moment, Xiu is weak, outside, attracting the attention of some apes, Xiu is strong, follow me, and kill the top of the mountain!"

Lu Ming arranged the tasks for everyone.

In the most holy battlefield, if you die, you won't die. Therefore, you can use some people who are weak to attract a part of the apes.

Everyone had no opinion, and everyone approached the Storm Ape Mountain together.

"someone is coming!"

Lu Ming's face suddenly changed, looking in another direction.

In that direction, a group of people flew towards this side.

The group of people flying in the front were all young men and women in white robes, and they looked extremely beautiful.

"Xie Nianjun!"

Lu Ming's eyes narrowed, some surprise.

He did not expect to see Xie Nianjun here.

"It's an ancient saint!"

Luo Tianyi said softly.

The ancient saints are also a powerful ancient tribe.

Those men and women in white robes who are extremely beautiful are the ancient saints.

The people behind the ancient saints should be the pride of the alliance with the ancient saints.

Obviously, the ancient saints also wanted to set foot on the ape mountain and seize the position.

"Lu Ming!"

Xie Nianjun looked at Lu Ming with some surprise.

"It's Lu Ming!"

Other ancient saints, as well as the Tianjiao beyond the ancient saints, have their eyes down.

Lu Ming's fighting power was impressive, and they met Lu Ming together. This time, they wanted to win the battle. It was difficult.

"Oh, Lu Ming, I didn't expect that we would meet at Yuanshan Shengyuan, what a coincidence!"

Xie Nianjun smiled.

"It does happen!"

Lu Ming responded lightly.

Although in Cangzhou, Xie Nianqing helped him once, before decisive battle with the Divine Son, revealed the Divine Son's cultivation behavior and secrets.

However, Lu Ming's impression of Xie Nianjun is still very bad. At first, in the Shenhua Continent, the two were dead enemies.

Many people looked at Lu Ming and Xie Nianjun with surprise.

Lu Ming and Xie Nianjun know each other?

"I really admire, how did Lu Ming know so many beautiful women? Logically speaking, I am also very handsome, why didn't I know so many beautiful women?"

Huang Li groaned his head.

Qiuyue, Huang Ling, Luo Tianyi several women, all showing strange colors on their faces.

The other big guys of the Huangzu, looking at Lu Ming's expression, were full of admiration.

Xie Nianjun smiled slightly, and seemed to disregard Lu Ming's attitude, saying, "Lu Ming, do you also come to seize the position?"

"Come here naturally to win the market!"

Lu Ming said.

"Coincidentally, we also came to take the position. How did you give me the position when I helped you once?"

Xie Nianjun smiled.

"Let it be you? On the Ape Mountain, but there is a quasi-imperial realm of the ape, even if it is given to you, I am afraid that you will not be able to take it.

Lu Ming smiled slightly, and then did not spend much time with Xie Nianjun, they flew to the other side of Stormy Ape Mountain.

The ancient saints want to win the battle, let them take it. The two sides attack the mountain from different directions of the ape mountain, who can get it, who is capable.

Coming to the other side of Stormy Ape Mountain, they acted as planned.

Some were weak, and rushed towards Stormy Ape Mountain.

Soon, there was a burst of roar in Stormy Ape Mountain. A group of Stormy Apes chased towards those people and disappeared into the distance.

"Bubble!"

Taking advantage of this opportunity, Lu Ming delivered a sound to Bubble.

Tweet...

Bubbles waved with a pair of small hands, a space-time channel formed, extending to the top of the mountain.

Everyone rushed directly into the space-time channel.

Roar!

At this time, there was a horrible roar at the top of the mountain, a huge ape appeared, standing 100 meters tall, carrying a giant stick in his hand, and sweeping towards the space-time channel.

Rumble!

The giant stick swept across, the world roared, and the space-time channel shattered directly.

Lu Ming et al. just stepped into the space-time channel, and did not cross half the distance, they forced it out of the space-time channel.

"Sure enough, the strength of the quasi-imperial level is really amazing!"

Lu Ming thought.

The quasi-Emperor level is indeed powerful. When the bubble opened the space-time channel, it was discovered. It crushed the space-time channel in one fell swoop, making him want to ride the space-time channel and plan to reach the top of the mountain in one fell swoop.

Roar!

The quasi-imperial level giant ape stands on the top of the mountain and roars upward.

Roar! Roar! ...

The whole Ape Mountain was rioted, and there was a loud roar, and a single ape appeared, either bare-handed, or holding an iron rod, or some grabbed the boulder, and rushed towards the landing.

At a distance, there were huge boulders that were the size of houses, and they hit the landing.

"Rush!"

Lu Ming shouted, and everyone rushed towards the mountain.

During the impact, the bubble little hand presses gently, the space in front fluctuates, and the boulders are twisted into pieces by the force of space.

Then, those violent apes came one after another.

Bubble little mouth squirted a bunch of bubbles, covering those giant apes, and Lu Ming and others shot out and killed these giant apes.

As soon as these great apes die, they disappear into energy.

Following Lu Ming, Qiuyue, Huang Ling, Luo Tianyi, Long Chen, Huang Li, Ouyang Wushuang, Luo Xiang, plus Lu Ming and Bubble, a total of nine people, all are in the most holy realm, all It's above the royal body, and it's amazing how fast they work together.

Whether it is the most holy Xiaocheng or the most holy consummation, with everyone's cooperation, it was almost killed in seconds.

They rushed to the top of the mountain like a sharp knife.

On the other side of the mountain, there were also roars. Obviously, the ancient saints also began to attack the mountain.

"The ancient saints just happened to help us attract a group of violent apes!"

Ouyang Wushuang smiled.

Others also smiled.

Indeed, when the ancient saints attacked the mountain, the apes on the other side were attracted, and their pressure was much less.

Within a few minutes, Lu Ming and them approached the top of the mountain.

Chapter 1915: New Dragon League (30

Roar!

At the top of the mountain, the quasi-emperor-level violent ape roared up in the sky, his eyes were bloody, and his footsteps were stomped hard. The rock burst and the whole mountain shook violently.

The huge body of the storm ape rushed towards the landing like a cannonball. The giant stick in his hand hit them with an unstoppable momentum.

"Chaotic Tribulation!"

Lu Ming pointed out with a finger, and chaotic robbery formed, blasting towards the apes, and bombarding them with the sticks of the apes.

boom!

At the next moment, the chaotic fingers were shattered, but the apes were also blocked.

Lu Ming was able to cross the realm when he was in the Great Sacred Consummation, and be able to kill the strongest of the Sacred Consummation.

Although the Emperor Emperor is much stronger than the Most Holy, he has also exploded a large amount of combat power after breaking through the Most Holy Realm, which is enough to compete with the powerful Emperor.

Tweet...

Bubble stood on Lu Ming's shoulder, a small mouth, a transparent bubble formed, enveloped the stormy ape in it.

Roar!

The ape roared, bursting out of strength, and wanted to break the transparent bubble, but the strength of the bubble is enough to contend with a quasi-empire, where can the other party easily break?

Roar! Roar! ...

Around him, roaring constantly, huge giant apes rushed towards this side.

"You block those violent apes, let me and the bubble here!"

Lu Ming shouted.

Qiuyue, Luo Tianyi and others, flashing in shape, rushed towards the violent apes around them, blocking those violent apes.

And Lu Ming took the opportunity to kill the quasi-imperial class ape, and pointed out with one finger, a huge finger, crushing towards the other party.

Lu Ming originally wanted to sacrifice the Dayan Pill Furnace and refine the Great Ape, but when he thought about it, he found that there was no Dayan Pill Furnace in his knowledge of the sea.

As soon as his thoughts changed, Lu Ming understood that this formation world, although mysterious and mysterious, was not omnipotent, like a treasure above the imperial soldiers, it was impossible to condense.

The Emperor Soldier is a powerful Emperor of the Wu Emperor. It was forged with all kinds of precious materials. If the formation world can condense, it would be too scary.

Chaos robbery refers to rolling down, violent ape roaring, struggling, bursting power to resist.

However, it was suppressed by the law of time and space, and the explosive power was less than 50% of the usual. It was hit by the chaotic finger, and was directly blown out and hit the mountain.

The mountain shook, the gravel splashed, and the dust filled.

"Space cutting! Time is still!"

The bubble flew out, running the law of time and space with all its strength, and the space was transformed into a terrifying cutting force, cutting towards the apes, and at the same time using the static power of space and time to limit the actions of the apes.

Lu Ming stepped up, struck out a chaotic finger.

The two cooperate, the law of chaos and the law of space and time cooperate with each other, the combat power is not as simple as one plus one equals two, but it is enhanced by a geometric multiple.

The ape had almost no resistance, and was attacked by the two's attacks. With a roar, the body exploded directly.

After the body of the ape bursts, it emits a radiant brilliance. Between the radiances, nine arrays emerge.

"It turns out that this set is in this stormy ape!"

Lu Ming was overjoyed and waved his hands away, closing the nine blocks.

"It's in hand, withdraw!"

Lu Ming shouted and performed the jail prison skills. Nine pieces of jail monuments appeared in phantom, striking nine powerful apes, and Qiuyue and others also took the opportunity to retreat and merge with Lu Ming to break out.

In the rear, the other apes roared and chased them towards the landing, but the apes were not good at speed, and they were quickly thrown away by Lu Ming.

Above Stormy Ape Mountain, Xie Nianjun looked into the distance and said, "It seems that the position has been acquired by Lu Ming, let's withdraw!"

Subsequently, the people of the ancient sage broke out and left here.

Soon after, Lu Ming withdrew from the Most Holy Battlefield and returned to the mountain where they lived.

Lu Ming stood above the mountain. With a wave of his hand, nine disks emerged, and then radiated a brilliant light.

One of the arrays was suspended in the high altitude of the mountain, and the other eight were flying towards the mountain and forming a light curtain, covering a radius of a hundred miles.

Below, the Phoenix Palace, Idol Sect, Thunder God Sect and other forces' arrogance burst into cheers.

With this set of guardianship, they can practice in Yuanshan Shengyuan with peace of mind.

When you go to those places where you practice, you can go in droves. After you practice, you can come back here without fear of being attacked by others.

Uh! Uh! ...

Ouyang Wushuang, Long Chen and others flew to Lu Ming.

"Lu Ming, now that the market is in hand, it's time to create an alliance!"

Ouyang Wushuangdao.

"Good!" Lu Ming nodded.

"I push Lu Ming to be the leader, will you have any opinions?"

Huang Li was the first to speak, and then looked at Ouyang Wushuang and others.

"I naturally have no opinion!"

Huang Ling smiled.

"Neither do I have an opinion!"

"I do not have either!"

Then, Long Chen, Qiu Yue, Luo Xiang spoke separately, they naturally support Lu Ming as the leader.

Finally, everyone's eyes looked at Ouyang Wushuang and Luo Tianyi.

"I naturally support Lu Ming!"

"me too!"

Luo Tianyi and Ouyang Wushuang, Gu both nodded. They were originally silver inheritors. They had to obey Lu Ming's orders, and how could they compete with Lu Ming for the position of lord.

"Okay, then our alliance is called the Dragon League, and the Holy Court is announced. Three days later, the Dragon League is officially established, and all parties are welcome to vote!"

Lu Ming spoke and made a decision.

In his eyes, the light of anticipation bloomed, and he had an idea to develop the Dragon Alliance in Yuanlu and become a dominant power.

All that will start now.

In Yuanshan Shengyuan, there are great arrogances everywhere. If these people are absorbed into the Dragon League now, it will definitely play a very important role in the future development of the Dragon League.

"Yes, lord!"

Ouyang Wushuang, immediately clenched fists.

"Meet the leader!"

Then, Luo Tianyi, Huang Li, Long Chen and others also clenched fists one after another.

Then, there was the Phoenix Palace. The gods of the Idol Sect greeted Lu Ming one after another, and then everyone was busy, preparing the banquet three days later while disseminating the news.

When the news came out, Yuanshan Shengyuan shook.

The third set, which fell on Lu Ming's hands, was indeed shocking. Lu Ming's strength was obvious to all. This is definitely a powerful force in the valley.

Some small groups that did not join the Heavenly Emperor League and the Shenhua League began to consider whether to join Lu Ming.

"Joining the Dragon League is better than joining the Heavenly League, Lu Ming offended the Stellar River, and sooner or later he will be killed by the Stellar River!"

"Yes, and the people of the Heng family are staying outside the holy courtyard. Lu Ming can't even get out of the holy courtyard. If he joins the Dragon League, he might be implicated by Lu Ming. !"

This is the opinion of some small groups that Lu Ming and them will soon be defeated by the Stellar River and join the Dragon League. I am afraid they will be implicated.

However, there are also some small groups with opposite opinions.

They believe that Lu Ming and others have unlimited potential. Although the cultivation base is still low, it will grow up in the future, which is very scary.

Not to mention anything else, Lu Ming's side, even the Son of Cang, has two. If cultivated for ascension, would he fear the Stellar River?

Therefore, some of them chose to join the Dragon League.

But Xiaomu is too tired, so tired, going to sleep, I hope my brothers and sisters can see it cool, thank you for your support, see you tomorrow.

Chapter 1916: Xie Nianjun joins the League

Three days passed, and the day when the Dragon Alliance formed an alliance came!

On this day, they lived on top of the mountain and set up dozens of banquets.

In the early morning, someone came and wanted to see Lu Ming, willing to join the Dragon League.

At noon, there were more people, but it was still a long way from the day when the Heavenly Emperor League was established.

Obviously, Lu Ming is still in the minority.

But what made Lu Ming happy was that there were two small groups joining them. The masters of these two small groups were all princes at the royal level.

After that, the Tianjiao of Ziyang Mountain Villa in the Holy Land of Guyang all joined the Dragon League.

Some of the Tianjiao in Ziyang Mountain Villa originally bet that they would serve Lu Ming for fifty years. Now that the Dragon League is established, they naturally joined the Dragon League.

After the people at Ziyang Mountain Villa arrived, another group of people came, attracting everyone's attention.

"It's an ancient saint!"

Someone whispered.

The ancient saints are themselves an alliance with hundreds of people. At this moment, hundreds of people have all come, but they are blocked from the light curtain formed by the array.

If Lu Ming did not want them to come in, they would not come in.

"Lu Ming, why? Don't you let us in?"

Xie Nianqing walked in the front with a lot of money, and smiled slightly.

"Will you congratulate me?"

Lu Ming's voice came out.

"Do not!"

Xie Nianjun shook his head, a hint of a meaningful smile appeared on his lips, and said, "We are here to join the Dragon Alliance!"

"what?"

Many people felt shocked.

Ancient Saints, to join the Dragon League?

Some people showed a happy look.

The strength of the ancient sage itself is very amazing. Coupled with the people who are allied with the ancient sage, there are several kings. If the ancient sage joins the dragon alliance, then the strength of

the dragon alliance will be very strong, even Beyond the Shenhua Alliance in one fell swoop, second only to the Heavenly Emperor Alliance

Lu Ming was also shocked. Unexpectedly, Xie Nianjun brought the ancient saints back to join the Dragon League and surrender to him.

At the beginning of the Shenhua Continent, Xie Nianjun and he were dead enemies and never died!

Xie Nianjun's resentful expression was still fresh in his memory.

"How? We are not welcome to join? Lu Ming, we are a family!"

Xie Nianjun smiled.

What?

Everyone was stunned, Qiuyue, Huang Ling, Luo Tianyi and others all looked at Lu Ming curiously.

Lu Ming and Xie Nianjun, are they a family?

Does Lu Ming and Xie Nianjun have any secret relationship?

Many people can't help but think about it.

Xie Nianjun chuckled and continued: "Lu Ming, you are my brother-in-law, I am now surrendering to you, are you really not welcome?"

This remark made many people feel shocked.

Especially Huang Ling, Qiu Yue, Luo Tianyi, some women, have some strange faces.

"Master, are you married to Nianqing girl? Also, they were so good at the beginning. It is normal to get married after so many years in the past, but why didn't you see Nianqing girl?"

Qiuyue thought in his mind, only to feel a bit bitter in his heart.

Subsequently, Qiuyue shook her head again and thought, "Qiuyue, what are you thinking about? Young Master and Nianqing Girl are born in pairs. You only need to be with him and serve him well. Young Master, is it you? Can it deserve?"

"It turns out that Lu Ming already has a wife, but why has he never told me?"

Huang Ling thought to himself that he was a little lost.

Luo Tianyi also had something strange in his eyes.

Among all the people, only Longchen's face was calm, because he was the real brother-in-law of Xie Nianjun.

Lu Ming smiled bitterly, but Xie Nianjun's words were hard to refute.

In his relationship with Xie Nianqing, getting married is a matter of time. Xie Nianjun is Xie Nianqing's sister, calling him a brother-in-law.

"You guys, really joined the Dragon Alliance?"

Lu Ming narrowed his eyes and asked.

"That's of course. Nowadays, the Yuanshan Shengyuan, where the heroes are separated, and you are my loved ones, are most familiar with you. I will naturally come to you!"

Xie Nianjun smiled.

"Don't be close to me, you were originally trying to kill me, I really doubt your intentions!"

Lu Ming said coldly.

"People will change. In those corners, they were too short-sighted. Now, naturally, they have to look at the longer term. There is no permanent enemy in this world!"

Xie Nianjun said that there was always a smile on his face, which was indeed very different from the arrogant and indifferent one.

"You can join the Dragon League, but Dragon League naturally has the Dragon League rules. If you violate the Dragon League rules in the future, I will not be merciless!"

Lu Ming said.

"That's natural!"

Xie Nianjun chuckled. Her position in the ancient saints seems to be extraordinary. Other ancient saints seem to listen to her.

Lu Ming didn't dare to look down on Xie Nianjun.

Since seeing this woman in Yuanlu, Lu Ming always gave a dangerous feeling, a mysterious feeling.

In her body, Lu Ming seemed to feel dormant with a force of terror. Once it broke out, it would be shocking.

At this point, he also felt this way with Xie Nianqing.

Later, Lu Ming manipulated the array and let the ancient saints come in.

"Okay, next, Limeng begins!"

Lu Ming waved his hand.

However, after all, this is the Yuanshan Shengyuan. The conditions are limited. The process of forming alliances is very simple. Everyone visits Lu Ming, and then they celebrate.

Everyone was eating and drinking, and outside the envelope, someone came.

"The only one in the temple!"

Lu Ming's eyes swept away.

The heavenly arrogance of the only temples, standing outside the light curtain, is headed by Yu Shi.

"Yu Zhi, you have already joined the Heavenly Emperor League. What happened to my Dragon League today?"

Ouyang Wushuang's voice came out.

"Are you going to change the door court and join our Dragon League? Those who randomly change the door court, we Dragon League, dare not take it!"

A arrogant smile from Ziyang Villa.

"Huh, we are here today for my sister!"

Yu Zhi snorted and looked at Qiuyue, saying: "Sister Qiuyue, let's go with us, join the Heavenly Emperor League together, stay in the Dragon League, and sooner or later we will blame the upper body!"

"Luo Cangqiang, let you come?"

Qiuyue said lightly.

"Yes, Luo Cangqiong called us to come, but it is also our own meaning, you stay in the Dragon League, there is no benefit!"

Yu Zhidao.

"roll!"

Qiuyue snorted coldly.

Yu Zhi's face changed and gloomy, saying: "Autumn Moon, don't be too selfish. Luo Cangqiong is the grandson of the emperor. If you work against him like this, it will only affect the only temple and even your master!"

"Oh, I can really talk about it. It's not funny that a few of the younger generations have actually touched the only temple and the real emperor!"

Lu Ming also spoke lightly.

"Yu Zhi, don't say it is so grand, you are for your own sake, if you can take me to the Heavenly Emperor League, I am afraid Luo Cangqiang will be rewarded!"

Qiuyue spoke, full of irony.

"you guys..."

Yu Zhi blushed.

"No, don't you? Come in and have a drink!"

The barren force stepped out into the air, and the gleaming light flashed in his eyes.

Chapter 1917: One and a half years, Lu Xiangxiang

A few days of arrogance in Yu Zhihe's only temple, his face changed wildly, and he turned and ran away. The voice came from afar: "You, wait for me!"

"Oh, a few clowns!"

Huang Li grinned and returned to eat and drink.

The banquet went away after three trips.

Those who joined the Dragon League all lived within the confines of the market.

The establishment of the Dragon League and the emergence of the third set of positions made the atmosphere of Yuanshan Shengyuan more tense.

Because of the four sets, three sets have already appeared, and one set.

The rest of the minor leagues are more competitive, and in the holy battlefield, fighting broke out every day.

After ten days of competition, the fourth set was finally obtained by an alliance, that is the Cavaliers League.

The leader of this alliance is the Holy King List, ranking third in Tianjiao, with strong strength.

In this way, all four sets of targets were obtained, forming the four major leagues.

Seeing this, the remaining small groups, small alliances, joined the four major alliances and sought refuge.

If there is no guardian of the battlefield, at Yuanshan Shengyuan, it will be attacked at any time.

There are very few people who have not joined the four major leagues. There are only a few solo men with amazing strength. For example, if the son of death is dead, he is alone.

But no force dares to offend him.

No matter where he went to practice, he did not dare to block it.

His strength is too strong, and now, except for the Stellar River, no one can say that he is a sure winner.

But in this way, it has also been confirmed that Death Blade has nothing to do with the Dragon League.

However, there are still the most people joining the Tiandimeng League, and the Tiandimeng League is undoubtedly the most powerful.

Some people made a ranking for the four major leagues based on their strength.

Heaven Emperor League, first!

Dragon League second!

Shenhuo League and Cavaliers League are third and fourth respectively.

For a period of time afterwards, Yuanshan Shengyuan became even more chaotic. The four major alliances fought to compete for the land of cultivation and continued to fight.

It was not until a few months later that the fighting stopped.

The four major alliances, respectively occupying some cultivation sites, Yuanshan Holy Land, have entered a plateau.

The arrogance of the four major alliances, one on each side, confronted each other, and began to practice as much as possible to improve cultivation.

During this period, Lu Ming will also select some reliable people and use the Dayan Pill to help them refine their spirits and upgrade their spirit levels.

For example, the arrogance of the four middle-level celestial spirits of the Famine, with the help of the Great Yandan Furnace, all spirits have evolved to reach the superior celestial spirits, and their strength has greatly increased.

And Xue Ningxin, with the help of Dayan Pill, reached a superior spirit body.

Xue Ningxin, originally a true dragon, had enough talents, and with the help of the Great Yandan Furnace, the spiritual body improved quickly.

The strength of the entire Dragon League is constantly improving.

In a flash, more than a year has passed.

At this time, it has been a year and a half since the Emperor preached and announced the new rules.

During this time, although Lu Ming often helped others to refine their spirits, his own cultivation did not fall. The place where he stayed the most was the Jihad Battlefield. In the Jihad Battlefield, he fought with powerful fierce beasts. , Use combat to stimulate your own potential.

Lu Ming's cultivation practice also succeeded in making breakthroughs and stepping into the most holy.

Other kings, such as Qiuyue, Huang Ling, Huang Li, Long Chen, and others, have also made breakthroughs and entered the most holy Dacheng. Luo Tianyi has even reached the most holy peak.

The higher the cultivation level is, the harder it is to break through. In more than a year, it has been able to break through a level. It is already very fast. This is still because of the good cultivation conditions of Yuanshan Shengyuan.

If it is normal practice, it is definitely not so fast.

As for the magical skill, since Lu Ming's magical skill stepped into ninety percent of the time, it rose even more slowly.

It took only a year and a half for Lu Ming's magical skills to rise to ninety-three, and every step was very difficult.

In particular, the closer you are to the perfect tenth grade, the harder it is.

The Stellar River reached the Holy Consummation a year and a half ago, but he wanted to take this step and break into the realm of the Quasi-Emperor. It was definitely not so easy.

...

Heavenly Emperor City is the first of the nine holy places in Yuanshan, and its overall strength is much stronger than the ancient holy place.

In the Emperor City, there are several largest ancient families, all of which have passed down the endless years, with strong strength and rich heritage.

The Heng family is one of them, known as the descendant of the emperor.

The He family is also one of them. Its strength, strength, and reputation are the same as that of the Heng family, and there is hatred between the He family and the Heng family. They compete with each other. Thousands of years ago, the two had a terrible war, and they were dead and wounded. Recently, It took hundreds of years to stabilize.

The residence of the He family covers an extremely vast area and is vast.

Among the residences of the He family, there are not only endless palaces, pavilions and pavilions, but also mountain peaks rising into the clouds, and the winding river flowing like a country.

On the low peak of the He family, several figures stood.

One of the white-haired old men, with a kind look, stood beside the old man and stood a burly young man.

These two people are actually Ice Dragon Valley Master and Sky Hammer.

There was an old man not far away.

The old man wore a brocade embroidered with patterns of different sceneries in different seasons.

However, he was very old, much older than the owner of Binglonggu, with wrinkles on his face, piled up like mountains, his hair was almost gone, and his blood was dry.

However, from the moment his eyes opened and closed, the terrifying flash of light that passed away, we can see that this person must be a very terrible master.

However, the eyes of all three of them looked at a young girl sitting cross-legged in the middle of the mountain.

This girl is Lu Xiangxiang, Lu Ming's first true disciple.

At this moment, Lu Xiangxiang's body exuded a wonderful brilliance. The mountain peaks were filled with endless vitality, countless flowers and trees, crazy growth, small trees turned into towering ancient trees, and even some ordinary grasses, all turned into spiritual Spirit grass.

boom!

After a while, Lu Xiangxiang's breath suddenly rose.

"Breakthrough!"

On the side, the skinny old man, as well as the ice dragon valley master, the three hammers of the sky hammer, their eyes lit up, all exclaimed.

Lu Xiangxiang broke through, but broke through the state of the peak of the Great Saint.

Especially the owner of Binglonggu, the two of Tian Hao, were really shocked.

When they escaped from Cangzhou, Xiangxiang's cultivation practice was in the high order of Emperor Wu. Now, several years later, Xiangxiang's cultivation practice has reached the peak of the amazing Great Saint.

Xiangxiang, less than fifteen years old.

After a few hours, Lu Xiangxiang's breath converged, and she opened her eyes and stood up.

In the past few years, Xiangxiang has been a slim beautiful girl with a tall figure and a beautiful appearance, and has the potential to fall into the country.

"Hahaha, yes, Xiangxiang, I didn't expect you to break through so quickly and reach the peak of the Great Saint. Such achievements, even in the entire Yuanshan land, are only a handful!"

The thin old man came over and smiled.

"Thank you Senior Gao Gao for compliment!"

Xiangxiang salutes the dry old man.

Chapter 1918: Want to burn incense as a disciple?

"I'm telling the truth, but it's not a compliment. Your achievements in the land of Yuanshan are only a few people comparable!"

The thin old man He Gao smiled, and then turned his back, saying: "Xiangxiang, what I said before, let you worship me as a teacher, how about thinking?"

"Xiangxiang would like to thank her senior for her love, but Xiangxiang already has a master. Without the master's consent, Xiangxiang dare not worship another person as a teacher!"

Xiangxiang's polite salute turned down the other party.

He Gao's face sank slightly, and said: "Xiangxiang, you have to think clearly, the old man is the cultivation of the real emperor's realm, your master, what is the realm of the realm's cultivation?"

"Although my Master's cultivation is not high now, Xiangxiang believes that Master will definitely become the pinnacle of this world in the future!"

Xiang Xiangjiao said with a firm look in his eyes.

In her mind, Lu Ming is the strongest. Although temporarily repaired as He Gaogao, he will soon surpass He Gao.

"Silly girl, Yuanlu's top strongman, where is so successful, and he can't even protect his apprentice, what can he accomplish, maybe he has already fallen at this time, you are young, don't be fooled by others. Cheated!"

He Gao smiled and thought that Xiangxiang was a child's heart and knew nothing.

Xiangxiang's face sank slightly and said, "Senior He Gao, you saved Xiangxiang and Grandpa Master Gu, and Master Tian Hao. Xiangxiang appreciates you, but please don't insult my master, otherwise, Xiangxiang only I can say goodbye to this!"

"Okay, I won't force you anymore. Think about it yourself, but I pass on your Four Seasons exercises. You have to practice well. The Four Seasons exercises are very suitable for your physique and can inspire you to a greater extent. Your potential, your talent is unparalleled, I really don't want to see you being delayed, wasting such talent in vain!"

He Gao sighed, but no one saw, deep in his eyes, a cold flash of light flashed through him.

"okay!"

Xiangxiang nodded, and his face looked better.

"Xiangxiang, you and your uncle Hammer, go back first. Grandpa and I have something to talk about!"

He Gao smiled.

"Well, okay, goodbye Senior He Gao, goodbye Grandpa Gu!"

Xiangxiang nodded cleverly, and greeted He Gao and the owner of Binglonggu, and left Tianhe with Tian Hao.

As Xiangxiang and Tian Hao walked away, He Gao's face gloomed down, and his cold eyes looked at Lord Binglonggu, with a terrible breath, pressing towards Lord Binglonggu.

The main body of Binglonggu shuddered, backing up again and again, his face pale.

He Gao is a true emperor-level powerhouse. The owner of Binglonggu has no resistance in front of He Gao.

"I let you persuade Xiangxiang to worship me as a teacher, it seems that you did not persuade!"

He Gao said sullenly.

"Whoever worships as a teacher is Xiangxiang's own choice. What's the use of my advice? If she wants to worship you as a teacher, why should I advise?"

The main road of Ice Dragon Valley.

"Humph!"

He Gao snorted and said, "Then I'll tell you to persuade Xiangxiang to practice the Four Seasons? Have you advised?"

A strange light flashed in the eyes of the owner of Binglong Valley, staring at He Gao and saying, "Why do you have to let Xiangxiang practice the Four Seasons?"

"You don't need to control this, just persuade her to practice!"

He Gao said.

Lord Ice Dragon Valley sneered and said: "Either you killed me, no matter what, I will not force Xiangxiang to do what she did not want to do!"

"If you want to die, how can it be so easy!"

He Gao icily opened his mouth, a cold light flashed in his eyes.

Then, I saw the body of the Ice Dragon Valley trembling and seemed to be suffering endless pain.

Roar!

After a while, even with the constant force of the ice dragon valley master, he could not bear it, and a painful roar came from his throat, and his gentle face was now completely twisted due to the pain.

Roar! Roar! ...

The owner of Ice Dragon Valley groaned constantly, covered in cold sweat. He reached out his claws and wanted to grab his body, but an invisible force enveloped him, making it difficult for him to move.

"The Soul Eater can constantly bite your soul, causing you to suffer extremely painful, ten times and a hundred times stronger than the physical pain. Enjoy it!"

He Gao spoke coldly.

"You...you are so mean, if Xiang Xiang knows, I'm afraid she will leave..."

The Lord of Ice Dragon Valley roared.

"If she wants to leave, it is your death!"

He Gao spoke indifferently.

The Ice Dragon Valley Lord screamed again, and he felt his soul was constantly bitten by a kind of worm, endless pain, drowning him.

After a while, He Gao waved his hand and controlled the Soul Eater to stop biting. The main body of Ice Dragon Valley fell to the ground softly, gasping for breath, and his body was soaked with cold sweat.

"I will give you two more months, give me a good persuasion Xiangxiang, persuaded her to worship me as a teacher, and follow me to practice the Four Seasons exercises, otherwise, you might as well die!"

"Also, don't try to tell Xiangxiang, or seek death by yourself, otherwise, Xiangxiang and that sky hammer will both die!"

He Gao said coldly, and then stepped out, his figure disappeared here.

Lord Ice Dragon Valley took a few deep breaths, then sat cross-legged, his luck recovered, and he recovered only half an hour later.

"He Gao, why are you so persistent and want Xiangxiang to practice the Four Seasons? This person is insidious and cunning, and he will definitely not like what he said, for the sake of Xiangxiang. Now, what should I do?"

The Ice Dragon Valley Master frowned and pondered.

In front of Xiangxiang, He Gao always put on an amiable look, but only after Xiangxiang left did he reveal his true face.

Soulworms were planted on him as a threat, and he persuaded Xiangxiang to worship He Gao as a teacher.

The owner of Binglonggu will never let Xiangxiang worship He Gao as a teacher, but here is the He family.

Within the He family, the master is like a cloud, with his most holy Xiaocheng cultivation practice, in the He family, if he walks out of one, he can kill him,

He wanted to take Xiangxiang with them, but he could do nothing at all.

He returned to his residence with anxiety.

Their dwelling is a huge yard. Around the yard, there is a master guard, and a fly can't fly out.

"Grandpa Grandpa, what did Senior He Gao tell you?"

As soon as Lord Ice Dragon Valley returned to the other courtyard, he saw Xiangxiang, and Xiangxiang asked curiously.

"Nothing? I asked Senior He Gao to inquire about Lu Ming's whereabouts!"

The owner of Binglong Valley randomly found a reason, and then his face sank, saying: "Xiangxiang, the four seasons exercises given by He Gao, did you not cultivate?"

"Grandpa Grandpa told me not to practice, so I didn't practice!"

Xiangxiang shook his head.

"Well, remember, don't practice, you can practice the exercises your master gave you!"

The Ice Dragon Valley Master urged.

"Well, Xiangxiang knows!"

Although Xiangxiang is curious, why Lord Binglonggu refused to let her practice the Four Seasons, but she still nodded cleverly, because she knew that Lord Binglonggu would not harm her.

Chapter 1919: He Gao's real purpose

Over the next few days, the owner of Binglonggu has been walking around the other courtyard, observing the terrain, looking for flaws, and trying to find a way to leave He's house.

But the strength of the He family is so strong, the masters are like clouds, and there are strong people with spiritual knowledge everywhere. If he wants to leave the He family without being alarmed, it is impossible for the people of the He family.

On this day, the owner of Binglonggu moved to another mansion.

"This is...He Gao's mansion!"

The Lord of Ice Dragon Valley was stunned, subconsciously breathing.

Then he saw that a middle-aged big man, with two young women, entered the door of He Gao.

"You said, why did Elder He Gao often ask some people to send young women in? And also teach them to practice?"

The gatekeepers were two middle-aged men. At this time, one of them whispered.

Hearing this, the Lord of Ice Dragon Valley moved his heart, condensed the breath to the extreme, and moved the Holy Force to the ear so that he could hear it more clearly.

"I secretly heard some gossip, I tell you, don't you spread it!"

The other goalkeeper whispered.

"What news?" The previous man showed curiosity.

"I heard that these women are the hearths of Elder He Gao. Elder He Gao sent these women the improved Four Seasons skills. When these women have succeeded in their cultivation, Elder He Gao is fortunate to these women. The Yuan Yin, swallowed cleanly, is used to promote cultivation!"

"I heard that Elder He Gao's catastrophe is about to arrive, but he is not sure about it, so he will use this method to improve his cultivation practices to fight against the catastrophe once more than 300,000 years!"

The man behind, whispered.

Hearing this, the owner of Binglong Valley was thrilled in his heart, only to see cold sweat oozing from behind.

He finally knew why He Gao always wanted to gather incense as a disciple, and wanted to convey the incense incense four seasons.

The apprenticeship is false, and he wants Xiangxiang to practice He Gao's Four Seasons skills, which is his real purpose.

Xiangxiang is the body of life. If he has practiced the four seasons exercises given by He Gao, he has swallowed Yuan Yin by He Gao, which will definitely help He Gao.

This is the real goal of He Gao.

The owner of Binglong Valley was terrified. Fortunately, he felt that something was wrong. He didn't let Xiangxiang practice the Four Seasons, and then he couldn't bear the imagination.

"He Gao old ghost, it's almost a conscience!"

The ice dragon valley master gritted his teeth, worried.

You must find a way to escape, it is too dangerous to go on like this.

If Xiangxiang hasn't been practicing Four Seasons exercises, who knows if He Gao will use other shameless methods to force Xiangxiang.

The owner of Binglonggu was restless and returned to the other courtyard.

"Grandpa, what's wrong with you?"

Xiangxiang asked, surprised to see the owner of Binglong Valley restless.

"it's okay no problem!"

The owner of Ice Dragon Valley shook his head again and again.

He couldn't tell Xiangxiang about this matter. If Xiangxiang was furious, he asked He Gao for enquiry. He might turn up immediately.

This matter, he must now hide in his heart and secretly plan.

"Xiangxiang, Four Seasons Techniques, you must never practice!"

The owner of Binglonggu urged him again, and after seeing Xiangxiang nodded cleverly, the owner of Binglonggu was relieved.

Time rushed, and in the past month.

"Xiangxiang, two days later, there will be a grand auction in the Emperor City, let me show you!"

He Gao found Xiangxiang and smiled kindly.

"Yeah!"

Xiangxiang cheered, during this time she has been bored to practice in the He family, long wanted to go out for a walk.

"I take Xiangxiang out for a walk!"

He Gao spoke to the owner of Binglong Valley and Tian Hao, and went out with Xiang Xiang.

The owner of Ice Dragon Valley showed concern, but he was helpless.

...

Lu Yuan also intends to go out in the Yuanshan Shengyuan.

During this time, he helped some people to refine their spirits and consumed a large amount of sacred medicine. Even the sacred medicine brought by Huang Ling and others was running out, so he planned to go out and buy some sacred medicine.

For more than a year, the Heng family has always sent strong men to stay around the Yuanshan Holy Courtyard. As soon as Lu Ming goes out, they will deal with Lu Ming.

Lu Ming was not afraid of this.

He has a breathing technique and changes his appearance. With his current cultivation practice, even if a Wu Emperor stood in front of him, he would not recognize him.

The reason why he didn't go out before, he just didn't want to go out, he wanted to go out, he could go out at any time.

Lu Ming changed his appearance and turned into a young man with a white complexion. At the same time, he changed into a white robe and took a folding fan. He suddenly became a handsome young man.

Even his breath was different before.

Lu Ming smiled, walked in the air, and flew towards the gate of Yuanshan Shengyuan, then swaggered out of the gate of Yuanshan Shengyuan.

Outside the Yuanshan Sanctuary, in a cloud, there are two Emperor Wu of the Heng family, who have been staying here and saw Lu Ming coming out, and the spiritual knowledge swept over Lu Ming. No abnormality was found, there was no Go for it.

Yuanshan Shengyuan, a place that gathers all the arrogance of Yuanshan, has young people coming in and going out every day.

"General Wudi, really can't see it!"

Lu Ming smiled slightly and left the Yuanshan Holy Courtyard with a big swing.

He came to the prosperous place, and soon after he came, he heard that there will be a grand auction in Tiandi City today. At that time, there will be a lot of precious treasure auctions, and even the Emperor Wudi will go to .

Lu Ming suddenly became interested and walked towards the auction.

After paying a certain fee, he walked into the auction house.

"so many people!"

When I walked into the auction house, it was an extremely wide hall, where countless figures gathered. It was roughly estimated that there were not less than hundreds of thousands of people.

Around the hall, there are VIP rooms, of course, that is for those who are powerful or who have a distinguished identity.

Most people can only stay in the lobby.

Lu Ming casually found a place in the hall to sit down.

Over time, the number of people has increased.

An hour later, the auction began.

The first auction item made Lu Ming's eyes wide.

Because it was an imperial soldier.

Lu Ming lamented that the grand auction of the Emperor City was really extraordinary. The first auction item was actually the Imperial Soldier.

However, although Lu Ming was greedy, the price of the imperial soldiers was staggering, and a group of people competed, and the price climbed to a terrifying point. Lu Ming could only sigh. In the end, the imperial soldiers were bought by a person in the VIP room at a horrible price, and they were suspected to be a powerful martial artist.

The auction continues, and the value of the second auction item is far less valuable than the Imperial Soldier.

This is natural. In an auction, there are at least a few hundred treasures. It is impossible for a piece to be as valuable as an imperial soldier, which is too amazing.

But even so, the second auction item is a rare treasure.

Everyone was bidding fiercely, and pieces of treasure were taken away.

Many treasures, Lu Ming looked very greedy, but unfortunately the price is too amazing, Lu Ming can only give up, he shot several times, shot several good holy medicine.

Chapter 1920: Chaos Stone

"The 120th treasure, a tear of life!"

On the high stage of the auction, an old man presiding over the auction announced.

As soon as the words came out, the audience suddenly stopped, and many people's eyes lit up.

"It's actually the tears of life, this is a rare treasure, contains treasures of endless vitality!"

"Indeed, at a critical moment, it can save lives!"

Many people talked, their eyes fiery.

"Actually tears of life!"

Lu Ming's eyes are also bright. On the Shenhua Continent, he once received the water of life, helped his father heal the wounds, and embarked on the road of martial arts again.

Later, the water of life was used to help Jiuyang respect the new condensed form, and even his incarnation avatar used the water of life.

The tears of life and the water of life have the same effect, but the effect is very different.

The water of life is compared with the tears of life, that is the contrast between broken copper and iron.

In the VIP room on the 6th, it was He Gao and Lu Xiangxiang.

At this time, Lu Xiangxiang's eyes lit up.

She is the body of life, and the tears of life are of great use to her and can greatly speed up her cultivation speed.

"Xiangxiang, do you want to buy tears of life?"

He Gao looked at Lu Xiangxiang with a smile on his lips.

"Well, but Xiangxiang doesn't have so many rough stones, forget it!"

Xiangxiang nodded.

"Haha, silly girl, there is no original stone, I will give you it!"

He Gao smiled.

"That won't work, you won't be affected by powerlessness!" Xiangxiang shook her head.

"Just when I lent it to you, I will pay it back later, wait a minute, you can increase the price!"

He Gao smiled.

"Well, that's good, Xiangxiang thanked Senior He Gao first!"

Xiangxiang gratefully gave He Gao a fist.

He Gao nodded with a smile, showing satisfaction.

The reason why he brought Lu Xiangxiang out to participate in the auction was for this purpose. He wanted to take the opportunity to narrow his relationship with Lu Xiangxiang and increase Lu Xiangxiang's favor with him. Then, so that Lu Xiangxiang could smoothly practice the four seasons.

"A tear of life, a base price of 200,000 top grade rough stones!"

The old man presiding over the auction announced.

"250,000!"

"Three hundred thousand!"

...

Suddenly, the price of Tears of Life rose, and soon after, it reached a high price of 500,000.

Lu Ming shook his head. Although the tears of life were precious, there was no need to pay such a large price.

"If Xiangxiang is there, it can be bought and can help her practice!"

Lu Ming turned a thought in his heart, thinking of this, Lu Ming sighed.

I don't know what happened to Xiangxiang?

At first, the owner of Binglong Valley took Xue Ningxin, Tian Hao and Xiang Xiang, and the three escaped. Later, in danger, Xue Ning Xin and Xiang Xiang were separated. Now, what happened to them?

It's just that the land of Yuanshan is so vast, where did he go to find them?

The price of Tears of Life continues to rise, and soon, it reaches 800,000 top grade rough stones.

"One million top grade rough stones!"

At this moment, a clear voice sounded.

Hearing this sound, Lu Ming felt a sudden shock.

"This... this is Xiangxiang's voice?"

Lu Ming's eyes could not help looking at the VIP room No.6.

Although the sound of Xiangxiang in his memory is more immature, and this sound is more mature and has some changes, Lu Ming still can hear it. This sound is the sound of Xiangxiang.

"Why did Xiangxiang appear here? And it's still in the VIP room. How is this possible? Could it be that I missed my heart and heard auditory hallucinations?"

Lu Ming turned his thoughts.

"1.1 million!"

After the price was announced in the VIP Room No. 6, the number of people who increased the price was much less, but some people still increased the price, and the price rose to 1.1 million.

"1.2 million!"

In the VIP room No. 6, the crisp voice sounded again.

"It is fragrant, absolutely fragrant!"

Lu Ming determined that this was Xiang Xiang's voice.

As for why Xiangxiang didn't hear his voice, that's because he didn't use the original voice at all. Who knows if there is a Hengjia strongman here who can hear his voice.

Next, the price of Tears of Life climbed to 1.5 million top grade rough stones and was taken down by Xiangxiang.

He Gao smiled slightly, 1.5 million top grade rough stones, for him, it was only nine cows and one hair, but it was worth it to win the favor of thinking about it.

The auction continued, but Lu Ming seemed a little restless.

He could not wait to go to VIP Room No. 6 at once to see if he was fragrant.

After all, there are people with similar voices in the world.

But now that the auction is not over, he can only wait.

The auction continues, and Lu Ming has no more spiritual attention to the next auction, always paying attention to the VIP room on the sixth side.

"The 216th auction item is a chaotic stone!"

The sound of the old man presiding over the auction sounded, and Lu Ming's spirit suddenly shocked.

There was Chaos Stone, Lu Ming's eyes lit up.

Not only him, but other people's eyes also gleamed.

Chaos Stone was born in the chaos before the opening of heaven and earth. It contains the atmosphere of chaos. It is a rare treasure in heaven and earth. Is there an auction in this auction?

Everyone stared fiercely at the old man above.

In all the VIP rooms, those strong martial arts emperors could hardly restrain their mood and show greed.

If they can melt Chaos Stone into their small world, they can make their small world more solidified, more stable, and more powerful.

"but!"

At this moment, the old man spoke slowly again and said, "However, this chaotic stone, for some reason, the chaotic atmosphere above has dried up!"

"What? No chaos?"

"The chaotic stone without chaotic air is just an ordinary stone, which is of little use!"

"It makes me so excited!"

Many people shake their heads, the Chaos Stone, only contains the Chaos Qi, is the most precious, without Chaos Qi, the value has been reduced many times.

Lu Ming also showed pity.

"Everyone, even if there is no chaotic gas, chaotic stone is a rare material for refining. Its material is solid and endless. If it is used as the main material, it can be refined into an imperial soldier!"

The old man in charge said again.

Many people shook their heads slightly, just as the material of the imperial soldiers, not very useful, it is better to buy the imperial soldiers directly.

The emperor-level strongmen shook their heads, and had no interest in Chaos Stone.

"I must get this chaotic stone!"

Lu Ming thought.

In Chaos Stone, although there is no Chaos Air, Lu Ming cultivates the law of Chaos, even if there is no Chaos Air Chaos Stone, it can be useful to him.

"Okay, now the price, the base price of 200,000 top grade rough!"

Announced by the old man.

"250,000!"

Someone immediately started bidding.

Although the Chaos Stone has no chaos, this kind of treasure is rare after all. Some people are curious and want to buy it. Even if it is a collection, it is not bad.
