

D Emperor 1921

Chapter 1921: Reunion

Everyone bid for Chaos Stone, and soon the price of Chaos Stone was pushed up to 500,000 top grade original stones.

However, at this price, there will be fewer bidders.

After all, this chaotic stone is no longer chaotic. It can only be regarded as a piece of refining material. Although it can be used to refine the imperial soldiers, it has a success rate. If it fails, the material is wasted. .

Therefore, unless it is a finished product, the price will not be so exaggerated for pure materials.

Soon, the price reached about 800,000 rough, almost no one increased the price.

"800,000 rough stones, does anyone continue to bid?"

The presiding host asked, and the sound rang all over the auction house.

"one million!"

At this time, Lu Ming spoke, calling out a high price of one million.

Before, he hadn't made a bid, just to wait behind and win in one fell swoop.

The host's eyes lighted up and looked at Lu Ming, saying: "This son is bidding for one million top grade rough stones. Is there a higher price?"

After that, the old man even asked three times, and no one bid.

A chaotic stone without chaos, a million high-grade original stones, is already too high, and no one bids.

In the end, Lu Ming bought this rough stone for a million dollars.

A young and beautiful woman, holding Chaos Stone, came to Lu Ming.

"This son, this is Chaos Stone!"

The young woman said, meaning to pay with one hand and deliver with one hand.

"Excuse me, can I use the imperial soldiers to deliver?"

Lu Ming said.

"of course can!"

Young woman smiling.

"it is good!"

Lu Ming nodded, and a pair of tiny wings appeared in his palm. Then, the wings grew bigger and exuded a powerful Diwei.

This pair of wings was obtained by Lu Ming's beheading Jinwu Prince.

"This is... Imperial soldier!"

Many people's eyes light up.

"Unexpectedly, this kid is so young, there are emperors?"

In some people's eyes, greed flashed.

"So young, he controls the imperial soldiers, it should be the arrogance of Yuanshan Shengyuan!"

Others spoke, and those words made those who were previously greedy startled and dispelled the greed.

The arrogance of Yuanshan Shengyuan is almost all from powerful forces. If you want to pay attention to these people, you will not be careful.

"It can be offset by the imperial soldiers. Of course, the son can directly auction the imperial soldiers. The extra stones will be handed over to the son on the spot!"

The young woman smiled.

"Then do that!"

Lu Ming nodded, when the imperial soldiers were handed over to the young woman, and the young woman also handed the storage ring containing the Chaos Stone to Lu Ming.

And then, Lu Ming's imperial soldiers were auctioned off.

In the end, the Emperor Soldier sold the price of five million top grade rough stones, deducting the chaotic stone for one million top stones, plus the handling fee, Lu Ming also received nearly four million top grade rough stones.

Next, the auction continued, and the more treasures that appeared in the back, the more precious, and even the last few finale treasures, even the real emperor and emperor Wu joined the auction, and the price reached a jaw-dropping point , Lu Ming opened his eyes.

The assets on him, compared with those of the Emperor Wu and even the Real Emperor, were just a bit of a cow.

Finally, with the successful auction of the last treasure, the auction came to an end.

After the auction, Lu Ming left the auction house early and waited outside.

Uh! Uh! ...

From the auction house, a figure flew out and flew in all directions towards the Emperor City.

Suddenly, Lu Ming saw an old man, carrying a girl, and flew out of the auction.

"Xiangxiang!"

Lu Ming's eyes lit up.

The young girl, although she grew up a lot, was tall, but Lu Ming saw at a glance that she was his disciple, Lu Xiangxiang.

Lu Ming quickly caught up.

Fortunately, He Gao did not perform too fast, and it seemed that she intended to bring fragrance to let her visit the scenery of the Emperor City, so Lu Ming could keep up.

Following a moment, they flew a long distance, and in front of them, the figures of He Gao and Lu Xiangxiang stopped suddenly.

"Little fellow, you have come all the way from the auction house, why?"

He Gao spoke coldly, a strong breath burst out.

This breath, Shi Shitian shocked Lu Ming's body, swiftly retreated for thousands of kilometers, almost spit out blood.

This is the other person's mercy, otherwise he will die.

"Senior, misunderstanding, I am here to find Xiangxiang!"

Lu Ming quickly spoke, revealing the original voice.

Hearing Lu Ming's voice, Xiang Xiangjiao's body trembled, revealing a look of incomparable surprise, shouting: "Master, are you... are you Master?"

"Huh?" He Gao froze a little, deep in his eyes, flashing a ray of cold killing, but flashed away, did not show.

"Xiangxiang, it's me, but I have some inconvenience to show my true body now!"

Lu Ming sent a message to Xiangxiang. He He was unfamiliar with He Gao and naturally retained some vigilance.

"Master, really you!"

With a snap, Xiangxiang rushed to Lu Ming and plunged into Lu Ming's arms.

"Master, where have you been? Xiangxiang misses you so much!"

Xiangxiang stems from the pharyngeal tract, tears swirling in his eyes.

"Silly girl, aren't we meeting again? By the way, Lord Gu, and Brother Tian Hao?"

Lu Ming asked.

"Where are they at the He family?"

Xiangxiang said.

"He Family!"

With a move in Lu Ming's heart, there is a He family in the Emperor City, which is as famous as the Heng family. Lu Ming naturally heard of it.

Is this the He family.

"Haha, Xiangxiang, this little brother, is the master you often mention?"

At this time, He Gao smiled and came over.

"Well, yeah, he is my Master, Master, this is Senior He Gao, the powerful emperor of the He family."

Xiang Xiang introduced Lu Ming.

"Have seen seniors!"

Lu Ming greeted He Gao.

"It's really a hero, a little brother, Xiangxiang, I think you are very good during this time, so, rare encounter, first go to the He family and say, how?"

He Gao smiled and showed goodwill.

"Well, Master, let's go together. Grandpa Gu and Uncle Tian Hao will be very happy to see you!"

Lu Xiangxiang pulled up one arm of Ming Ming, with a broad smile on his face.

Lu Ming nodded, along with Xiang Xiang, followed He Gao and left for the He family.

After coming to the He family, Tian Hao and Binglong Gu began to see Lu Ming stunned. When they heard Lu Ming's voice, they were all overjoyed.

Several people got together and chatted for a while.

Lu Ming learned that when the Ice Dragon Valley Master and Tian Hao, the three Xiangxiang and Xue Ningxin dispersed, they just met He Gao and were taken back to He's home by He Gao.

The Heaven Hammer and the Ice Dragon Valley Master knew that Xue Ningxin did not have an aftermath, so he was naturally overjoyed.

"Brother Lu Ming, the old man has one thing, I want to talk to you!"

At this time, He Gao said.

Chapter 1922: Borrow a knife to kill people

He Gao said that he wanted to talk to Lu Ming when he had something to do. Instead, Lu Ming froze for a moment.

He Gao, a true emperor and a strong man, what is the matter with him?

The owner of Binglonggu suddenly changed his face, and his eyes flashed with deep concern.

Lu Ming and He Gao left the place of residence and came to a quiet place.

"You still restore the original appearance, in front of the old man, transfiguration, no effect!"

He Gao spoke first, and looked at Lu Ming brightly.

Lu Ming's expression didn't move, he knew for a long time that He Gao could definitely see it.

He Gao is a powerful emperor of the true emperor. At such a short distance, even if he is a breathing spell, he can't conceal his opponent.

Moreover, when I saw the Sky Hammer and the Ice Dragon Valley Master, both of them were at a loss for a while, and then they were overjoyed. From this point, it is not difficult to guess that Lu Ming was transfigured.

As soon as his thoughts moved, Lu Ming regained his original appearance and clenched his fists: "Seniors and juniors are also caused by something, not intentionally concealing!"

"What's your name? You don't have to hide me. The old man just sends someone to investigate, it's not difficult to find out your details!"

A fine man flashed in He Gao's eyes.

"The younger name is Lu Ming!"

Lu Ming pondered for a while and then said his real name.

As He Gao said, he has shown his true face, and with the ability of the other party, it is easy to find out who he really is.

Moreover, the He family has hatred against the Heng family.

After hearing Lu Ming report his real name, He Gao changed his face and said, "You are Lu Ming, the son of Chaos in Yuanshan Sanyuan, pulled out the sword of the Emperor of Heaven, and led Lu Ming in the battle between the kings and the stellar river? "

"Seniors said, that is the juniors!"

Lu Ming touched his nose.

More than a year ago, Lu Ming made a lot of noises, and even now the Heng family has the emperor-level strong guarded outside the Yuanshan Holy Monastery. Even that time, it triggered the battle between the emperor and the strong. The name of Lu Ming has long spread. After the Emperor City, everyone who cultivated has heard of Lu Ming.

"Haha, I have heard of your name for a long time, but now I see it, it is really a pride, a dragon among people!"

He Gao chuckled.

"Seniors have won prizes, and I don't know why the seniors came to the juniors.

Lu Ming clenched his fists and asked.

He Gao specifically looked for him, wouldn't he just ask about his true identity?

"I heard that you are Master Xiangxiang?" He Gao said.

Lu Ming was stunned and said, "Yes, Xiangxiang is my true disciple!"

"Lu Ming, don't hide from you, Xiang Xiang's physique is very suitable for inheriting the old man's mantle, so I also want to accept Xiang Xiang as a disciple, but Xiang Xiang said it depends on what you mean, so you still advise Xiang Xiang, let the old man be your teacher!"

He Gao opened the door and saw his thoughts.

Lu Ming changed his face and said, "Senior, do you want me to persuade my disciples to change the court?"

"Just give her a better choice, Lu Ming, the old husband is the real emperor, Xiangxiang worships under the old husband's door, the talent potential can be better realized, and you are now surrounded by the people of the Heng family, Xiangxiang follows you, do you want her to take risks with you?"

He Gao said.

"This..."

Lu Ming reveals a pondering look.

"Lu Ming, if you want Xiangxiang to be good, you should persuade her to call him into the old man's door wall, and the resources of the He family support her, so she can go to the top!"

He Gao continued.

"Senior, the matter of apprenticeship is purely personal wish. I can persuade Xiang Xiang, but Xiang Xiang's willingness depends on her!"

Lu Ming said.

In the depths of He Gao's eyes, a flash of light flashed, and then he smiled again, and said: "That's fine, you should persuade her first, your old friends reunite, and you can just stay in the He family and stay a few days longer!"

"Thank you senior!"

Lu Ming clenched his fists, and then He Gao called for someone to take Lu Ming back to where Xiangxiang lived.

After Lu Ming left, He Gao's eyes flashed through the cold murder.

"Huh, I want to perfunctory the old man, I really don't know what to do!"

He Gao sneered.

With his experience, Lu Ming knew at first glance that he was completely perfunctory and did not really want to persuade Xiangxiang to worship him as a teacher!

"Unexpectedly, the master Xiang Xiang said was actually the kid Lu Ming. As long as the kid died, the girl Xiang Xiang didn't want to obey the old man as a teacher and practice the Four Seasons!"

"And, this kid is very valuable now!"

He Gao's eyes flashed through the cold killing opportunity, and then stepped out, he left the He family and went to the other direction of the Emperor City.

Soon, a vast expanse of palaces appeared before.

Here is the Heng family.

He Gao wants to borrow a knife to kill someone, and borrow a knife from the Heng family!

"who?"

He Gao came to Heng's house and naturally amazed Heng's master.

boom!

On He Gao's body, the breath of the true emperor completely broke out, covering the vast palace of the Heng family.

"Let your true emperors come out to see me!"

He Gao's voice came out.

At the next moment, within the Heng family palace group, a breath of terror also erupted. A middle-aged man stepped out and stood at high altitude, looking to He Gao.

"He Gao old ghost, why do you come to my Heng family?"

The real emperor of the Heng family is cold and indifferent.

The Heng family and the He family have not been in harmony since ancient times. He naturally has no good face for He Gao.

"Come and make a deal with you!"

He Gao smiled slightly.

"What deal?"

Emperor Hengjia spoke.

"About Lu Ming's transaction!"

He Gao said.

"Lu Ming? Isn't he inside the Yuanshan Sanctuary? Do you have a way to enter the Yuanshan Sanctuary and capture Lu Ming?"

The emperor Hengjia sneered disdainfully.

There are three great emperors sitting in Yuanshan Shengyuan. Even the Heng family of the emperor, there is no way to directly enter Yuanshan Shengyuan and capture Lu Ming. He does not believe that the other party has a way.

"Who said Lu Ming is now in Yuanshan Sanctuary?"

He Gao smiled.

"It's impossible not to be in Yuanshan Shengyuan. My Heng family has always been strong outside the Yuanshan Shengyuan!"

The Emperor Hengjia changed his face.

"Huh, that's the waste of your Heng family. Lu Ming is now out of Yuanshan Shengyuan!"

He Gao sneered.

"He Gao, do you know where Lu Ming is?"

The Emperor Hengjia's eyes revealed a gleam.

"Good, but I can't tell you the news in vain, you need to pay the price!"

He Gao said.

"What do you need?" Emperor Hengjia's eyes narrowed slightly.

"Cross the robe!"

He Gao spoke slowly.

The real emperor of the Heng family, his face changed wildly, shouted: "Cross the robe, He Gao, you are a lion, this is impossible!"

Crossing the robe, for the Emperor Wudi, the value is amazing.

Because the clothes of crossing the robbery can help the people of Wu Emperor to cross the robbery, the value is not many times higher than that of ordinary crossing robbery Tianbao.

Ordinary crossing of Tianbao is useless for the Emperor Wudi.

However, even the Emperor Xu, even the True Emperor, has a great role in increasing the probability of success.

Chapter 1923: Escape from the He Family

Emperors of the Wu Emperor, every 333,333 years, will face a world disaster, and they will be more powerful each time.

Since ancient times, countless powerhouses, imperial masters with great brilliance, have been turned into flying ash under the sky.

There are very few who can never die.

Since practicing to the level of the true emperor, who would like to fall under the big calamity, therefore, the cross-robbed robes that can increase the probability of crossing the robbery are of immense value to the Wudi strong.

If you can survive a disaster, you can live more than 300,000 years. In these more than 300,000 years, you can go to some dangerous places to take risks and get opportunities. Maybe you can repair it to a higher level and successfully spend the next big time. Robbery.

As soon as He Gao opened his mouth, he was about to cross the robe, no wonder the Emperor Heng Jia responded so strongly.

"I tell you that Lu Ming will soon return to Yuanshan Shengyuan, and when he returns to Yuanshan Shengyuan, you want to take him and get the sword of the Emperor of Heaven, it is impossible!"

"You have to think clearly about whether it is important to cross the robe and the sword of the emperor!"

He Gao sneered.

Emperor Hengjia, with a complex face, seemed to be thinking about the feasibility.

"Cross the robe, give him!"

At this time, another voice came from the Heng family palace group. Then, a white-haired old man stepped out, and this person was also a true emperor.

He Gao's face changed slightly, his figure moved, and he stepped back hundreds of miles, fearing that he would be besieged by the other party.

The He family and the Heng family have been hated since ancient times, so he naturally has to guard against it.

"He Gao, crossing the robe, can give you, but I hope you don't lie to us, otherwise, the Heng family will kill you even if they do their best!"

The white-haired old man said coldly.

"You will give me the robe of robbery, and I will take you to Lu Ming!"

He Gao said.

"Okay, then you!"

The white-haired old man nodded, and then returned to the Heng family. After a while, he came out again, waved his hand, and a storage ring flew towards He Gao.

He Gao took it, swept his consciousness, his face showing ecstasy.

This time, it's really a double eagle.

You can get rid of Lu Ming, let Lu Xiangxiang die, worship him as a teacher, practice the four seasons skills, and get the robe of the robbery.

As long as the plan succeeds, he will have 90% confidence that after this great disaster, Shou Yuan will increase by 33,333.

"He Gao, can I say now, where is Lu Ming?"

The true emperor of the Heng family asked before.

"Lu Ming, just be a guest in my mansion!"

He Gao smiled triumphantly.

"Go, let's go with you!"

The Hengjia white-haired Zhendi opened his mouth, and followed the former Gaodi, followed He Gao and left for the He family.

...

Lu Ming and He Gao frowned as they separated.

He did not expect that the other party actually wanted to burn incense as an apprentice.

A true emperor, who just incense incense is only a good thing for incense incense.

But somehow, in the face of He Gao, Lu Ming always had an uncomfortable feeling in his heart. He always felt that He Gao was not just about fragrant incense.

He Gao gave Lu Ming an extremely dangerous feeling.

So he promised He Gao just now that he persuaded Xiang Xiang to be just perfunctory He Gao.

"Xiangxiang must be taken away as soon as possible, as long as you enter the Yuanshan Holy Monastery, it will be safe, but how do you take it away?"

In Lu Ming's mind, he was thinking about the countermeasures very quickly.

After a while, I saw Xiangxiang's other courtyard.

Outside the Beyond House, the owner of Binglong Valley was pacing back and forth, seeming very anxious.

Upon seeing Lu Ming coming back, the icy valley master showed great joy.

The man who led the way also left.

"Lu Ming, what did He Gao tell you? Is it for you to persuade Xiang Xiang to worship him as a teacher!"

Lord Icy Valley hurried over to ask.

"Yes, the owner also knows?"

Lu Ming nodded and answered.

"Lu Ming, you must not promise He Gao, otherwise, Xiangxiang is dangerous!"

Lord Icy Valley said anxiously.

"Guest, what's going on?"

Lu Ming's face changed and asked.

"He Gao, it is possible that he is using incense..."

Immediately, the owner of the cold valley, He Gao, might have used the incense and cultivated the skills to fight against the Heavenly Tribulation.

"What? Damn it!"

After listening, Lu Ming was shocked and roared, his eyes icy murderous.

He Gao wanted to gather incense as a disciple, not at all sincere, but just wanted to use incense. No wonder Lu Ming had always had a bad feeling before.

"No, He Gao knows my true identity and will definitely not let me go. We will leave now!"

Suddenly, Lu Ming's face changed.

At this moment, in Lu Ming's mind, all possibilities flashed through.

If he was Gao Gao, he directly killed Lu Ming. In this way, Xiangxiang lost his master and changed to other people's door, it was much easier.

Even, he can go to the Heng family to seek benefits and achieve two benefits with one stone.

Thinking of this, Lu Ming was very anxious.

"Guzhu, leave, leave the Heng family immediately!"

After talking, Lu Ming rushed into the other court.

Seeing Xiang Xiang and Tian Hao, Lu Ming immediately summoned the mountain and river map and said: "Guzhu, Xiang Xiang, Brother, you quickly enter the mountain and river map, I will take you away from the He family!"

"Master, this is..."

Xiangxiang was puzzled.

"No time to explain, hurry!"

Lu Ming shouted, a white light flashed, and Xiang Xiang and Tian Hao were taken into the mountain and river map.

"Lu Ming, what can you do to get out?"

Ice Dragon Valley Master asked anxiously.

"Don't worry, I have my own way, but I want to borrow your clothes!"

Lu Ming said.

Binglong Gu's eyes flashed, and then a suit appeared in his hand, which was handed to Lu Ming.

Lu Ming then put the ice dragon valley owner into the mountain and river map.

Lu Ming's body began to change, and turned into the owner of Binglong Valley, even the breath was exactly the same.

Lu Ming quickly changed into the owner of Ice Dragon Valley and walked outside.

Ice Dragon Valley Lord, they can move within a certain range.

Lord Ice Dragon Valley walked out and secretly looked at him, but they all swept away and ignored it.

After Lu Ming turned around, he came to a precarious place and came here without monitoring his eyes. At this time, he happened to meet a middle-aged man coming head-on.

Lu Ming glanced at it, and he saw that this middle-aged big man was the practice of Dasheng Xiaocheng.

Lu Ming was quiet, and walked towards the person. When approaching, Lu Ming shot like a lightning bolt, stunned the person, and then took off the person's clothes. Then, Lu Ming's figure began to change and became What this person looks like.

The middle-aged man was thrown into the mountains and rivers by Lu Ming. Lu Ming swaggered and walked out of the gate of the He family.

Along the way, there was no one to stop, and soon, Lu Ming successfully left the house.

Lu Ming's complexion changed slightly as soon as he left the He's house. He saw that there were several figures in the distance, rushing into the He's house at a terrifying speed.

One of them is He Gao.

"There really is a strong man of the Heng family!"

Lu Ming's eyes were gloomy. The other two people who came with He Gao. Lu Ming had seen that it was the Heng family who entered the Yuanshan Sanctuary at first and wanted to take the second of his three Heng family true emperors.

Chapter 1924: Self-fall

"go!"

Lu Ming did not hesitate, and exerted his speed to the extreme, rushing toward Yuanshan Shengyuan.

He wants to return to Yuanshan Shengyuan as quickly as possible.

On the other side, He Gao took the two emperors of the Heng family to the He family and came outside the place where Lu Xiangxiang lived.

"Lu Ming, I'll leave it to you, I'm inconvenient to go in. The little girl inside, you can't move, others, you are free!"

He Gao warned.

The two real emperors of the Heng family nodded and stepped out. They came to the sky above the other house where Xiangxiang lived, and their spiritual knowledge swept down.

After a scan, the two's faces were sinking, and there was a flash of anger in their eyes.

The two moved in front of him, and the anger in his eyes was burning.

"He Gao, do you dare to play us?"

The white-haired real emperor spoke coldly.

"How to say this to you?"

He Gao's face sank, not knowing why, he suddenly had a bad hunch in his heart.

"There is no one in the other courtyard, are you kidding us?"

Another true emperor of the Heng family has a more ugly face.

He Gao's face changed wildly, saying: "There is no one, how is it possible?"

After all, he rushed into the other courtyard like a violent wind, and the spiritual tyranny swept out.

No one, no one in the other courtyard.

"Damn, what about people?"

He Gao roared, and his spiritual knowledge spread like storms and storms toward the other residences of the He family, but Lu Ming and their figures were not found in the past.

Uh! Uh!

At this time, two figures flew out and landed in front of He Gao. He Gao was the master who used to secretly monitor Xiangxiang.

"What about people? What about people in the other courtyard?"

He Gao shouted furiously, a face twisted together because of his anger.

"People... haven't people been in the other courtyard all the time, we didn't see them coming out, is it... it's a treasure of heaven!"

What they thought, their faces changed wildly.

"Two idiots!"

He Gao shouted angrily, flashing cold murder in his eyes, and whispered: "The technique of transfiguration, Lu Ming is proficient in the technique of transfiguration. I didn't expect this kid to be so meticulous, it's my care!"

Although he knows that Lu Ming is proficient in the art of transfiguration, he originally thought that Lu Ming would stay in the He family for at least one day. He had rushed over to find the people of Heng family. As long as Lu Ming stayed for a while, he could not fly. .

Unexpectedly, as soon as he walked, Lu Ming left Xiang's house with Xiang Xiang and others.

He knew that he was wrong.

"He Gao, what kind of tricks are you playing? Want to lie to us, and hand over the robe!"

The two emperors of the Heng family, with gloomy faces, appeared on both sides of He Gao. A strong breath enveloped He Gao in it.

"Two people, this is the He family!"

He Gao said coldly.

The faces of the two emperors of the Heng family changed.

Yes, here is the He family. If he starts to attack He Gao, he will definitely be under siege from the strong family of He family. At that time, they are all in danger.

"He Gao, my Heng family's robbery is not so cheating. If you don't pay back, wait for my Heng family's revenge, unless you keep hiding in the He family and don't go out!"

Emperor Heng's white-haired true emperor spoke coldly, and his breath strengthened.

"What are you in a hurry? Lu Ming's small debris, no matter where I hide, I can find him!"

There was a sneer on He Gao's face. Then, his hands began to pinch the magical seal. This is the seal to control the soul eater. No matter how far away, he can control the soul eater as long as he pinches the seal. Through Soul Eater, Lu Ming's position is sensed.

Lu Mingshi exhibited his full strength, flying like a flash of lightning towards Yuanshan Shengyuan.

He's home is not far away from Yuanshan Shengyuan. He is quickly approaching Yuanshan Shengyuan.

Suddenly, Lu Ming's face changed, and he felt that there was something in the mountain and river.

As soon as his thoughts moved, Lu Ming entered the mountain and river map, part of his mind, manipulated the mountain and river map, and continued to fly towards the Yuanshan Shengyuan.

Roar!

As soon as Lu Ming came in, he saw Lord Binglonggu holding his head in both hands, and roared like a beast, full of pain.

what!

Then, the head of the ice dragon valley hit the mountain heavily, the mountain vibrated, and the gravel splashed.

"Grandpa, what's wrong with you?"

Xiang Xiang stood aside, helpless, tears whirling.

"Poisoning, the owner of the valley must have been poisoned, damn, that He Gao, what a poison!"

Skyhammer roared.

Just now, the owner of Ice Dragon Valley has told them things briefly, they have understood the causes and consequences.

He Gao, let Xiangxiang practise the Four Seasons skill, actually wanting Xiangyin's Yuanyin to improve herself, it is simply vicious.

After listening to the two, they were afraid after a while.

"Guest, what poison are you in?"

Lu Ming came to the owner of Binglong Valley and asked.

"It's a soul eater, He Gao has returned to He's house, knowing that we escaped, bad, he can use the soul eater to determine our location, Lu Ming, you kill me, kill me!"

The Lord of Ice Dragon Valley roared.

"Damn!"

"How could this be?"

Tian Hao, Xiang Xiang, and Lu Ming all looked ugly.

"You are killing me, otherwise, He Gao will soon catch up!"

The Lord of Ice Dragon Valley shouted, his already gentle face had been twisted together because of pain, and his head hit the mountain again once again, smashing the mountain out of a big pit.

The Ice Dragon Valley Lord's face was full of blood, and his white hair was scattered. As the generation of the Valley Dragon Lord, the cultivation practice of the Most Holy Realm was unbearable.

The hearts of the three Lu Ming trembled.

"He Gao, I will kill you!"

Lu Ming shouted in his heart, his eyes full of endless murderous opportunities.

"Hurry up!"

The Lord of Ice Dragon Valley shouted.

"Valley... Grandpa, we can't, we can't do it!"

Xiangxiang shook her head again and again.

Let them kill the ice dragon valley master, how is this possible!

"Guardian, we will soon arrive at the Yuanshan Shengyuan. After arriving at the Yuanshan Shengyuan, I will find a way to ask the emperor to help you take out the Soul Eater!"

Lu Ming cried.

"It's too late, He Gao will soon be chased. When that happens, we can't leave any of them. I'm old, I'm doing everything, and I've reached the limit. I can't break through hopelessly in the future, but you can't die, you have a boundless future, Longshen Valley, rely on you in the future, hurry up!"

The Ice Dragon Valley screamed loudly.

"No, no!"

The three Lu Ming shook their heads firmly.

"If you don't do it, then I will do it myself!"

The Ice Dragon Valley Lord roared with a horror, and the holy power on his body surged wildly, and then went toward his head with a crazy impact.

"not good!"

Lu Ming, Tian Hao, Xiang Xiang three people, their faces changed wildly.

But it was too late to stop.

boom!

There was a roar in the mind of the ice dragon valley master. Immediately, the body of the ice dragon valley stood there stupefied.

"Valley!"

"Grandpa Grandpa!"

The three Lu Ming were shocked and rushed to the owner of Binglong Valley.

But at this time, the owner of Binglong Valley had no more breath.

He fell and destroyed his soul, so as not to be located by He Gao.

Chapter 1925: Heart of death

Lord Ice Dragon Valley, self-destructing soul!

When the soul is extinguished, the soul is scattered, and the martial arts naturally fall.

boom!

At this moment, a terrifying breath erupted on Lu Ming's body. His body was filled with icy killing, causing the temperature in the whole mountain and river to drop sharply.

"He Gao, He family, I must report this hatred to Lu Ming!"

Lu Ming roared in his heart, his eyes were full of bloodshot eyes!

Lord Ice Dragon Valley, although he hasn't been with Lu Ming for a long time, but he is gentle. He has always been on Lu Ming's side and helped him a lot with Master Yunlong Valley.

This is a humble and kind elder, dedicated to the sake of his juniors, and dedicated to the Dragon Valley.

He chose to die for the purpose of saving hope for Dragon Valley.

He can die, but Lu Ming they cannot die.

Aside, Tian Hao also clenched his fists tightly, the killing was extremely strong.

"Grandpa Grandpa!"

Xiangxiang cried and hugged the owner of Binglong Valley tightly.

Over the past few years, the owner of Ice Dragon Valley has been taking them to escape, experienced too much, and has established a deep relationship.

And now, she also understands that the owner of Binglong Valley has been planted by He Gao to eat a soul eater, but she has never told her that she did not know how much bitterness she suffered for her.

But those hardships, she didn't know at all.

This time, the owner of Binglonggu chose to die, not for the pain, but for them.

Thinking of this, Xiangxiang is even more painful.

"This hatred must be reported!"

Lu Ming clenched his fists, then moved his mind, and came out of the mountain and river map, broke out with all his strength, and hurried towards the Yuanshan Shengyuan.

He understands that now is not the time for sadness. The Lord of Ice Dragon Valley died because of them. They cannot live up to the pain of Lord Dragon Valley.

Lu Ming flew towards the speed, getting closer and closer to Yuanshan Shengyuan.

Among the He family, He Gao's face changed suddenly.

"Damn old dog, actually fell, but you can't escape the palm of the old man!"

He Gao shouted angrily, and said to the two true emperors of the Heng family: "Lu Ming, he is rushing to Yuanshan Shengyuan with all his strength, chasing!"

Uh! Uh! Uh!

The three true emperors and strong men disappeared without a trace, and chased toward Landing Ming.

Lu Ming flew with all his strength, but instead of flying in from the gate of Yuanshan Shengyuan, he flew from the side of Yuanshan Shengyuan.

At the gate of Yuanshan Shengyuan, Emperor Hengjia Wudi guarded it. If Emperor Hengjia Wudi got the news to stop him, he could not rush into Yuanshan Shengyuan.

Ahead, Yuanshan Shengyuan is already in sight.

In Lu Ming's body, Shengli worked at full strength and rushed towards Yuanshan Shengyuan.

Hiss!

At this moment, behind Lu Ming, the void collapsed and several figures emerged from the cracks in space. It was He Gao and the two Hengjia true emperors.

He Gao's glance saw Lu Ming flying in full force.

"Lu Ming, get me here!"

He Gao shouted, a big hand explored, a big hand formed, and grabbed the landing Ming.

"Burn me, burst, burst!"

Lu Ming shouted, the body's holy power exploded like gunpowder, and an amazing power erupted, causing Lu Ming's speed to surge.

This method cannot last for a long time, and can only last a short time, and it will cause great harm to the body.

But now, Lu Ming can't manage that much anymore.

Lu Ming's speed soared, rushed over the range covered by He Gao's big hand, and rushed into the Yuanshan Holy Courtyard.

"No, he rushed into Yuanshan Holy Monastery, what should I do?"

The two real emperors of the Heng family have ugly faces.

When Lu Ming rushed into the Yuanshan Shengyuan, he would be sheltered by the Yuanshan Shengyuan.

"Where I rushed, I will win him too!"

He Gao's face was fierce, and he was filled with cold murderous opportunities.

Lu Ming, who dared to take Lu Xiangxiang away, was guilty of death.

Lu Xiangxiang is concerned with whether he can survive the next big disaster. This is something more important than anything. Lu Ming dares to stop him.

And the old dog of Binglong, who actually fell off, is really cheap for him.

Uh!

He Gao rushed directly into the Yuanshan Shengyuan, and with a big hand, he once again condensed a big hand and grabbed the landing Ming.

This big hand covers the sky and the sky.

This time, Lu Ming couldn't escape.

But at this time, in the depths of Yuanshan Shengyuan, a divine light burst out, and the divine light was like a sword. Under the slash, He Gao's condensed big hands instantly cracked, and the terrible divine light kept going, and he continued to cut towards He Gao.

boom!

He Gao tried his best and was still useless. He was directly flew out of Yuanshan Sanctum. His face was pale as paper, and he vomited blood and his breath was extremely weak.

There was a transparent hole in his chest before and after, and the terrible destructive power constantly corroded his flesh and blood.

"Emperor!"

He Gao whispered, showing deep fear.

"Tang Tang Zhendi, actually shot at my Yuanshan Shengyuan against the disciples of Yuanshan Shengyuan, when I said, was fart?"

A vicissitudes of voice came from the Yuanshan Shengyuan. When the last word fell, a sound wave rushed toward He Gao and the two true emperors of the Heng family.

The three men's faces changed dramatically and they receded wildly, but their bodies were still shocked and severely hit.

He Gao, in particular, was more seriously injured.

"The next time, cut!"

The voice of the Great Emperor sounded again, and then it fell silent.

"Damn!"

He Gao roared in his heart, looking at Lu Ming in the Yuanshan Shengyuan, full of unwillingness.

Lu Ming, just took away Lu Xiangxiang, his plan was ruined.

Moreover, he was just hit by the emperor just now, and he was seriously wounded and hurt his vitality. I am afraid that in the face of the next big robbery, the chance of passing through is even smaller.

He was angry, he roared in his heart, and he was extremely unwilling to tear Lu Ming into pieces, but he didn't dare to step into Yuanshan Shengyuan.

The emperor had ordered that if he stepped in again, the emperor would surely cut him off.

"He Gao old dog, if you don't die, I will cut your head with my own hands in the future!"

Lu Ming stared at He Gao far away, and a cold voice came out.

"It's up to you. You'd better stay in Yuanshan Shengyuan forever, don't come out!"

He Gao said coldly.

"Old dog, wait, this thing, never ends!"

Lu Ming spoke coldly, and then moved, leaving the place.

"Huh, little miscellaneous, you are far away!"

He Gao snorted, intending to leave and return to the He family.

But the figure flashed, and the two emperors of the Heng family stopped before and after He Gao.

"What do you mean?"

He Gao asked with a cold face.

"What do you mean? Lu Ming didn't catch it, it's time to return to us!"

Emperor Hengjia Baifa Zhendi spoke coldly.

"Give it back to you? Ridiculously, I have provided you with Lu Ming's news. You have also seen Lu Ming. It is mine to cross the robe. As for whether you have caught Lu Ming, then it is not my business. !"

He Gao's eyes turned, cunning said.

Now, he lost Xiangxiang, and was injured by the emperor, hurting the source, and he had less control over the next big disaster.

Now, crossing the robe is his only hope. How could he hand it over and return it to the Heng family?

Turning over the robber of the robbery, he will definitely not survive the next robbery and will die in the robbery.

This is about his life and death!

Chapter 1926: Revenge begins

"He Gao, you want to lie to our Heng family to cross the robe, and be careful that you have your life, and your life is useless!"

A real emperor of the Heng family shouted, with a strong breath, locking Lu Ming.

"If you don't take Lu Ming, you won't have the right to take our Heng family's robbery and give it to me!"

Emperor Hengjia's white-haired True Emperor drank coldly, and the world's divine light bloomed on him.

It's so precious to meet the goddess of crossing the calamity, and it's a one-off. It's useless to cross the sky once.

Originally, it was worthwhile to win Lu Ming and get the sword of the Emperor.

But now Lu Ming has not won, and the sword of the Heavenly Emperor has not been obtained, so that they can be regarded as a robe of robbing gods for nothing. How can they be reconciled.

He Gao's face was ugly, and the treasure he got was so unwilling to be handed over.

"Okay, I'll give it back to you, but after all I have provided the news, you always have to compensate!"

He Gao said coldly.

"Compensation? What do you want?"

Asked the Hengjia Baifa Zhendi.

"A true emperor soldier!" He Gao said.

"True Emperor Soldier?"

The two emperors of the Heng family glanced at each other, then nodded.

"Okay, we promise you!"

The Hengjia white-haired True Emperor nodded and said that although the True Emperor's soldiers are precious, they are not as far away as the Duo Shenbao.

"Okay, then I will give you the robe of robbery!"

He Gao showed an expression of 'heartache', took out a storage ring, and threw it to the Hengjia Baifa Zhendi.

Emperor Hengjia Baifa Zhendi waved his hand and grabbed the storage ring in his hand.

At this time, He Gao's eyes showed a ruthless color, and whispered: "Explode!"

boom!

The storage ring burst directly, and the incredible destruction power directly blasted the Hengjia Baifa Zhendi out.

In this way, the gap between the two real emperors of the Heng family appeared.

"escape!"

He Gao seized the opportunity, flew out like a lightning, and fled towards the He family.

"Damn it, He Gao, you are looking to die!"

The Heng family's white-haired true emperor shouted with shock.

"I'm hiding in the He family, what can you do with me?"

He Gao sneered, the voice came from far away.

Now, it is important for him to cross the robbery. He is less than a hundred years away from the robbery, and within these hundred years, he cannot hide in the He family.

For a hundred years, for him, it was just a blink of an eye.

The He family is the same as the Heng family. As long as he does not come out hiding in the He family, how can the Heng family help him?

He looked like a lightning bolt and flew towards the He family.

"He Gao, you dare to indulge me in the treasure of Heng Family, you He Family, you have to pay the price!"

At the rear, another Hengjia true emperor shouted and chased toward He Gao quickly, and in an instant, disappeared without a trace.

In Yuanshan Shengyuan, Lu Ming's figure appeared.

Everything that happened just before the three true emperors was seen by Lu Ming.

"It seems that it was He Gao who reported to the Heng family in exchange for my message in exchange for the treasure of the Heng family. It is now overturned. Very well, the He family, the Heng family, you will wait for me. It won't take long, I will Let you pay the price!"

Lu Ming's eyes showed an icy murder, stepped out, and his figure disappeared.

...

A new tomb appeared in Yuanshan Shengyuan, a mountain with rich natural gas. Lu Ming, Xiangxiang, Tianhamu, and Xue Ningxin bowed in front of the main tomb of Binglong Valley.

In the rear, other people from the Dragon League also gave gifts!

For a long time, Lu Ming got up, a pot of wine appeared in his hand, poured in front of the main tomb of Binglong Valley.

Then, Lu Ming thought, a figure appeared in front of the main tomb of Binglong Valley out of thin air.

This person was the one who was brought out of the He family by Lu Ming and the man of the He Gao mansion.

"Valley Lord, today, I will honor you with the blood of the person of the He family. In the future, I will personally take off He Gao's dog head and come to honor you!"

After talking, Lu Ming's hand fell and cut off his head.

"Guardian, soon, I will let the He and Heng families pay some interest first!"

Lu Ming whispered, then did not stay, turned around and left here.

Too much sadness is useless. Lu Ming will take action to make He's family regret it.

Where Lu Ming lived, he took out the chaotic stone and examined it carefully.

"Sure enough, I lost the chaotic energy, it's a pity!"

Lu Ming explored.

He entered the Holy Power successively and manipulated the law of chaos into it, but he did not respond at all.

Among the Chaos Stones, there is no chaos.

However, Chaos Stone, after all, is Chaos Stone. Even if there is no Chaos, it can become the main material for refining Imperial soldiers, and it is sturdy.

Lu Ming and even the Holy Soldier bombarded the Chaos Stone, but no trace could be left on it.

Lu Ming refined it. At a critical moment, he might be able to use it as a defensive treasure to resist the enemy's attack.

Then, Lu Ming closed his eyes and adjusted the interest rate. Three days later, Lu Ming returned to the peak, and then performed the Divine Breath technique, which changed his appearance and left the Yuanshan Shengyuan.

Beyond the Yuanshan Holy Monastery, there are still strong guards of the Heng family. When Lu Ming came out, the spiritual knowledge kept glancing at Lu Ming, but no abnormality was found.

Lu Ming swaggered away.

Lu Ming came out for nothing but revenge.

He still has no strength against He and Heng, but it is possible to collect some interest first.

The first stop of Lu Ming is the Vientiane Tower.

First of all, Lu Ming bought all the news of the Heng and He families in the Vientiane Tower, and even bought the information of some important figures of the two.

This of course cost a lot of money.

After Lu Ming took away the information of two important people, he began a detailed study.

Three days later, Lu Ming came to the Vientiane Tower again. The Vientiane Tower inquired about some characters from the Heng and He families.

Zuixian Tower, one of the three buildings of Tiandi City, is very famous in Tiandi City.

Because, the beauty of Zuixianlou is the most famous in the Emperor City, and of course there is wine, which can make Xianzui live and die.

Therefore, this place has also become a gathering place for many young arrogances of the forces of the Emperor City. Not only the young arrogance, but also the elder figures will come.

He Yutang is one of the younger generations of the He family and one of the top natural arrogances. At a young age, he was reused by the He family. Although not a royal body, it is also second only to the royal body.

Nowadays, Xiuwei has reached the state of consummation.

However, during this time, he was very depressed.

He also practiced in Yuanshan Shengyuan, but their family's arrogance did not have much success. They were suppressed everywhere in Yuanshan Shengyuan. They didn't get a set of four sets and they could only choose to join in the end. Shenhua Alliance.

Therefore, he was very uncomfortable. After practicing, he ran out of Yuanshan Shengyuan, or returned to Hejia, or went to Zuixianlou to relax.

In the Zuixian Tower, there is a mirror-like lake. On the lake, there are sailboats floating, and on the bank of the lake, there are pavilions standing.

He Yutang, he was lying in a pavilion with two beautiful girls, one rubbing his shoulders for him and one lying in his arms.

Wenxiang nephrite, he closed his eyes and enjoyed quietly.

"He Yutang, get out for Uncle Ben!"

At this moment, a loud roar broke the silence.

Chapter 1927: Intensify two contradictions

A roar broke the peace and He Yutang's Yaxing.

"Which king **** disturbed young master Ben, to death!"

He Yutang got up, stepped out, stepped out of the pavilion, and stared coldly at the front.

Ahead, a middle-aged big man stood up against the lake.

"who are you?"

He Yutang looked at the middle-aged man, his eyes narrowed slightly, he did not know the person.

"The one who killed you!"

The middle-aged big man spoke coldly, said nothing, his figure flicked, and he rushed towards He Yutang. In his palm, the Holy Power surged and condensed into a long sword.

The long sword is like a rainbow, assassinating He Yutang as fast as lightning.

He Yutang was shocked, all the power broke out, a sword appeared in his hand, and the sword was cut towards the middle-aged man.

when!

The long sword and the war knife collided together, and a buzzing broke out. He Yutang's body shook, and he backed up again and again, and a spit of blood spewed out.

"Changchun's Law, you are a member of the Heng family, why do you want to kill me?"

He Yutang shouted.

At this time, among those sailboats on the lake, as well as people in other pavilions, were already alarmed and looked at them. At this time, Gu was surprised.

The Changchun law is the unique law of the Heng family!

Only the blood constitution unique to the Heng family can comprehend the Changchun law.

People from Heng family, come to kill He Yutang?

Although the Heng family and the He family are dead rivals, thousands of years ago, there was a fierce battle, but in the past few hundred years, the relationship has eased a lot. Although there are often frictions, there is no reason to hunt each other in front of the public. There are very few people.

Now, the middle-aged big man, why kill He Yutang.

"He Gao old dog, brazen, shameless, take away my Heng family treasure, then let you He children, pay the price!"

The middle-aged big man spoke indifferently, his breath, a violent explosion, a terrible sword light, cut through the void, and beheaded towards He Yutang.

"Do not..."

He Yutang roared wildly and wanted to escape, but his combat power was too different from the other party. With a sword cut, all his resistance, all collapsed, his whole person was cut in half by a sword, and the body fell to the lake. in.

"He Gao old dog, blame yourself!"

The middle-aged man left a sentence, his body rose from the sky, and left here.

This middle-aged man was naturally made by Lu Ming.

Previously at Yuanshan Shengyuan, he saw the conflict between He Gao and the two true emperors of the Heng family. From the other's only words, Lu Ming speculated that He Gao must have taken him as the condition and took the treasure of the Heng family. He Gao does not want to go back.

At the beginning, the two real emperors of the Heng family, but roared to ask the He family to pay the price. Now, Lu Ming seizes this and starts to work against the people of the He family to stir up conflicts between the two sides.

Lu Ming's chaotic law, except for the rule of kings and the ten strongest laws, can change.

The law of Changchun is not the rule of the king, Lu Ming can naturally change.

Hengjia master, killed Hejia Tianjiao He Yutang!

The reason is that the He family He Gao took the treasure of the Heng family.

After Lu Ming left, the news spread out from the Zuixianlou at a terrifying speed.

Soon after, in a hall of the He family, a few old men were sitting, and the atmosphere was very solemn.

bump!

He Gao slapped the table heavily, and his eyes were full of anger, saying: "Does this matter, is the Heng family going to start a full-scale war with our He family?"

He Yutang was killed, they have received the news, this time is discussing the matter.

"It wasn't caused by you. The greed of the Heng family's robbery was only causing such a disaster. He Yutang also died because of you!"

Another old man's cold and quiet opening.

"What do you mean?"

He Gao looked coldly at the man.

That person is at the same level as He Gao. Will he be afraid of He Gao, sneer: "What is the meaning is very clear, if you did not take the treasure of the Heng family, would the Heng family send someone to kill the person of the He family, this In any case, you have to pay the price to hand over the robe of the robbery to the family!"

Among the He family, it is naturally not a monolithic one, divided into various factions.

"Fart fart, I should deserve it. If you want to fight against me, what do you do?"

He Gao angered, a strong breath filled the hall.

"Okay, don't be noisy, what is the top priority, how to deal with the revenge of the Heng family!"

Another old man waved his hand.

"Big deal with the Heng family!"

He Gao said coldly.

It is impossible to ask him to surrender the robes of the robbery, and the robes of the robbery are more important than whether he can survive the sky robbery.

At this moment, they received a message at the same time, took out the sound of the jade symbol, and his face changed again.

"Damn, the Heng family is too deceiving!"

"Is this going to be a full-scale war?"

Several old men roared.

The news they just received, He family, and two other masters were killed by the Heng family.

It is bearable, which is unbearable!

The Heng family is obviously going to retaliate. If it is delayed, it is unknown how many people will be killed.

"Let's go to Hengjia. I want to see if Hengjia wants to go to war?"

An old man sitting at the top, spoke indifferently, and then strode outward.

Several other elders, including He Gao, also followed, leaving the hall and heading directly to the land of the Heng family.

In the Heng family, a large hall, there are some old people discussing things.

"Who sent someone to hunt the He family?"

Someone asked.

"We didn't do it. Although He Gao was despicable and shameless, he was greedy for the robe of crossing the robbery, but we were trying to find a way and did not send people to hunt the people of the He family!"

The white-haired real emperor who gave Du Gao the robe to He Gao last time frowned.

Others looked at each other!

They did not send people, so who exactly hunted the He family? Is it a private act of the children of the Heng family?

"He people are despicable and shameless, in my opinion, kill them!"

Another true emperor spoke indifferently.

Thousands of years ago, the He Family and the Heng Family had a fierce battle. These emperor-level figures had been killed with the He Family, and they had a big hatred. Even if he killed a few people in the He Family, what would happen?

boom! boom! ...

At this moment, outside the Heng family, there were terrible fluctuations, and a strong breath, which permeated.

"Huh, it seems that the He family is here!"

"He Gao took our robe, and the people of the He family dare to come and let them hand over the robe!"

Several old men snorted, rushed out of the hall and headed out.

Beyond the Heng family, He Gao and other Hejia strongmen stood high in the sky, and there was a terrible breath on their bodies, pressing against the Heng family's palace group.

Uh! Uh! ...

Among the Heng family, the figure flashed, and masters appeared one by one.

In the end, several old Heng family came out of the air, each of them, filled with a vast breath, offset the breath of He Jiaqiang.

"He Gao, you dare to come and hand over the robe!"

Emperor Hengjia's white-haired real emperor stared at He Gao, and a cold killer burst into his eyes.

Chapter 1928: The two clan wars

"Your Heng family, still want my robe, dream, and secretly send someone to hunt my He family, how can you explain this?"

He Gao shouted.

"We, did not send someone to kill your He family!"

A strong man from the Heng family spoke.

"Fart, kill the people of the He family, using the Changchun law, do you think we are blind?"

A strong man from the He family shouted.

"It's ridiculous, He Gao took my Heng family's robbery, we didn't even come to the door. You He family just died a few useless wastes, they found my Heng family, want to go to war?"

A strong man of the Heng family spoke coldly.

The He family and the Heng family were originally dead enemies. Although they have eased up in recent years, these martial arts strongmen have lived for a long time and have fought each other for not many times. Their enmity is not so easy to resolve.

Every time I met, it was a bit of a crossfire.

"Okay, very good. Do you hunt my He family members, do you think my He family is easy to bully, unless your Heng family members will not move outside, otherwise, hehe!"

He Gao sneered, the implication is that the Heng family can kill the people of the He family, and they can kill the people of the Heng family.

"He Gao, then I will kill you first!"

The white-haired real emperor of the Heng family had a very strong killing opportunity. He Gao took them out of a robe, and he wished to kill He Gao immediately and take back the robe.

At this moment, a figure flew at a rapid speed and came to the strong of the Heng family.

"Sir, Emperor, it's not good. The people of the He family secretly hunted the masters of my Heng family. There are already two great holy realms, and one most holy realm was killed by the He family!"

The man reported.

"What? Damn it!"

When the real emperor of the Heng family heard this, they suddenly became furious.

On the surface, the He family came to rejuvenate the teacher and asked for sin, but secretly sent someone to kill their permanent family. It was mean and shameless.

"Nonsense, we did not send someone to kill your permanent family!"

An old man from the He family frowned.

"Obviously, the Four Seasons Law is used, and I dare not say that you are not from the He Family!"

The person who came to inform the news shouted.

The people of the He family inherited the Four Seasons Law, which is somewhat similar to the Changchun Law of the Heng family. In the long past, the He family even claimed to be a descendant of the Emperor of the Heavens, so it was the enemy of the Heng family.

"Damn, take my Hengjiadu robbery, and now send someone to kill my Hengjia, is it easy to bully my Hengjia? Today, you all stay!"

A real emperor of the Heng family was furious, the power of the world, crazy operation, and a terrible sword light, beheaded to a real emperor of the He family.

"To fight, don't think the He family will be afraid of you!"

The true emperor of the He family also furiously launched a counterattack.

"Do it!"

With a start, the whole body of the Heng family also shot out one after another. The terrifying sword light exploded, killing the strong family of the He family.

However, the strongmen who come here from the He family are all figures of the level of the true emperor, and have also launched counterattacks.

This area was directly exploded. The terrifying energy was wanton. The entire Emperor City seemed to vibrate.

This scene of terrifying real emperors is so terrible that countless people were alarmed and flew up to watch it.

"God, the war of the true emperor, that is the strong of the Heng family and the He family!"

"Does the two wars break out after a thousand years?"

In the distance, many people watched with fear.

In the distance, Lu Ming turned into a dark-skinned youth and watched from a distance.

There was a sneer in Lu Ming's mouth.

In fact, his strategy is not clever, that is, using the law of chaos to separate the people of the Heng and He families, hunt the people of the other party, and stimulate the conflict between the two parties.

This strategy, as long as the two of them calm down and discuss it, it is not difficult to be seen through, and even suspect Lu Ming's head.

However, the two were already deeply bitter, as if they were gunpowder, they burned a little.

What's more, it happened that He Gao had made it impossible for the two of them to sit down and get along with each other. Without saying a few words, they just started.

boom! boom! ...

The territories, terrifying sword light and knife light, covered the whole sky, the space did not break apart, exposing a terrible dark space.

However, here is the Heng family.

With a hands-on, among the Heng family, there was a strong breath blooming, and there were terrible strong men, sobered from the retreat and joined the war.

The true emperor of the He family suddenly fell.

"Rush out and go home!"

A real emperor from the He family shouted. He came here with five real emperors.

However, there are more and more true emperors of the Heng family. They are completely in a disadvantage, and for a time, they cannot rush out at all.

"Attack the rest of the Heng family!"

He Gao's eyes showed a terrible color, and a blade of light burst out, not to the other true emperors, but to the palace group of the Heng family, to the people under the Heng family.

"No good, mean!"

The real emperor of the Heng family roared. Two real emperors rushed out and wanted to rescue, but it was too late.

The knife light He Heo cut out was a hundred miles long, and fell down. Under this knife, countless people of the Heng family were wiped out, and a crack of a hundred miles appeared in the Heng family palace group. Stretch.

"He Gao, you are dead!"

The Emperor Hengjia was furious and some people killed He Gao.

However, He Gao's face was grim, and he was chopping towards the rest of the Heng family. Several real emperors had no choice but to block He Gao's sword light.

Generally speaking, the real emperor will not fight against the weak.

But He Gao's catastrophe is approaching. This time, he is not very sure, so he acts extremely crazy, and there are no rules at all.

Emperor Hengjia went to rescue others, and there was a gap immediately in the siege circle. He Gao and five other emperors from Hejia rushed out of the siege circle and rushed towards Hejia.

"He family, you want blood debts and blood repayments!"

The Emperor Hengjia gave an angry roar.

In the distance, Lu Ming sneered, his figure flickered, and headed towards Yuanshan Shengyuan.

Next, he doesn't need to do anything, he just has to watch it.

Heng Family and He Family will inevitably have a war.

Soon after Lu Ming returned to the Yuanshan Sanctuary, in the Heavenly Emperor League, the Stellar River held the war sword and killed the Shenhua Alliance. In the Shenhua Alliance, he killed the first day of the He Family Pride, a powerful royal body.

This incident shook the Yuanshan Shengyuan!

The Hejia Tianjiao, but the existence of the top ten of the Holy Kings list, the talent is very terrible, and it is the second character of the Shenhua Alliance, but it was just killed.

Shenhua Alliance, nobody dares to block the stellar river!

When the He family heard the news, they directly cooked the pan.

The first arrogance of the He family, the powerful royal body, and the innate talent, was regarded by the He family as the hope of the future, and it was a character who is expected to impact the realm of the emperor, but now, it is just killed by the stellar river.

"Go to war!"

Inside the He family, angry voices came out.

"Go to war!"

The same is true of the Heng family.

On this day, the Heng family and the He family, at the same time, dispatched terrible strongmen to meet in the two central regions. There is nothing to say, and the two suddenly broke out in a terrible war.

Chapter 1929: Heavenly Emperor Mountain

The He family and the Heng family each dispatched thousands of strong men, and a terrible war broke out in an area between the two.

This battle shook the Emperor City!

This battle was extremely tragic, the sun and the moon were dark, and the area of the Emperor City was razed.

That battle was a full day!

In the end, both defeated and injured before retreating.

It is said that there are many masters killed in this war, and even the Emperor Wudi has fallen more than ten, and even the True Emperor has fallen.

In the Emperor City, the atmosphere was extremely depressed for a time.

Because everyone knows that the two wars will not end in this way. On the contrary, it is just the beginning.

Sure enough, after this war, the two started a full-scale war.

The two sides sent each other to attack each other's industries.

Both sides are fighting each other, and every time, the strong are killed.

The hatred of the two sides has reached an irreconcilable point, and the battle is getting more and more escalating. Even the true emperor will often fight each other.

Every day, the strong fell.

This fierce battle, for a full period of three months, Heng family and He family, countless strong fall.

However, this did not stop the two sides, but the hatred became more intense.

On this day, a piece of news shook the entire Emperor City and even the Yuanshan Holy Monastery.

The great emperor of the Heng family and the great emperor of the He family battled each other in the Tiandi Mountain half a month later.

The great showdown, shocking the world!

Countless people were dumbfounded and shocked.

Unexpectedly, this time the two confrontations will eventually lead to the emperor's duel.

Heavenly Emperor City is the first holy place among the nine holy places in Yuanshan, the most powerful.

As one of the strongest forces in the Heavenly Emperor City, the Heng family and the He family are all emperors.

And half a month later, the two emperors will face off in Tiandi Mountain.

When Lu Ming heard this news, he was also a bit stunned.

He did not expect that things have evolved to this step.

However, this is exactly what Lu Ming meant.

Isn't his intention to let the He family and the Heng family fight each other? With the blood of the people of the Heng family and the He family, pay tribute to the owner of the Ice Dragon Valley.

It would be better if the emperor fell, and that would be more perfect.

Lu Ming sneered.

The great emperor's duel is rare to see forever. This incident has shocked most of the powerful forces in the land of Yuanshan. Over the past half month, there have been strong men coming to the city of Heavenly Emperor to want to see the style of the emperor.

Time flew by and half a month passed by.

On this day, countless people gathered towards Tiandi Mountain.

Normally speaking, when the emperors engaged in war, other people would not dare to watch the war.

The great emperor is too strong, as long as a ray of energy is revealed, it will be disastrous. It is definitely a dead end. The general martial emperor is inevitable.

However, in Tiandi Mountain, it is different.

Tiandi Mountain is said to be the place where the Emperor Tiandi practiced his way. On it, there were Tiandi's steam engines, and ordinary people could not climb the Tiandi Mountain.

Even the Emperor Wudi, who climbed to the Tiandi Mountain and cultivated himself, was greatly suppressed. It is said that the true Emperor Qiang entered the range of the Tiandi Mountain and could not fly.

Only the Great Emperor entered the Tiandi Mountain and was able to fly, but it was also greatly suppressed, and the fluctuations during the war were also suppressed, with no catastrophic consequences.

This morning, the sky around Tiandi Mountain was crowded with countless figures.

Endless people, all kinds of cultivation.

There are the Emperor Wu Realm, the Holy Realm, the Wu Emperor Realm, and even the powerful at the level of the True Emperor.

The Great Emperor's duel is a rare sight. For the True Emperor, it may help.

The Tianjiao of Yuanshan Shengyuan, also led by teachers of the level of true emperors of Yuanshan Shengyuan, came to the distant void of Tiandi Mountain and watched from a distance. Lu Ming and them were among them.

Hiss! Hiss!

At this moment, the void not far from Tiandi Mountain suddenly cracked, splitting two openings, and stepping out a figure from the inside.

The two figures were completely enveloped in endless brilliance, and they could not see clearly, but they had a strong and boundless atmosphere, which diffused out in all directions.

Although they are separated by a very long distance, at this moment, countless people feel that a **** mountain has been pressed on their bodies. That kind of pressure seems to be facing the heaven and the heavens and cannot resist.

Two statues, great!

The emperors of the He and Heng families arrived.

The two great emperors looked at each other far away, and an even more amazing breath broke out.

"This time, slash you!"

A voice came out, this voice was indifferent, full of high above, like a god, looking down on all living beings.

Lu Ming heard this voice, but it was the great emperor of the Heng family. He had sounded at Yuanshan Shengyuan, and he had dealt with the emperor Wuxiang.

"It's a big talk, you're dead!"

Another figure, obviously the emperor of the He family, has a thick voice and is full of endless domineering.

Uh! Uh!

Then, the two figures moved at the same time, and flew towards the top of Tiandi Mountain. At the beginning, the speed was amazing, and many people could not see clearly.

However, when the two entered the range of Tiandi Mountain, they seemed to be under terrible pressure. The speed of the two slowed down sharply. The more they reached the top of Tiandi Mountain, the slower the speed.

In the end, the radiance of the two figures disappeared, and their bodies were revealed in front of everyone.

The great emperor of the Heng family is an old man with gloomy eyes.

The emperor of the He family looked like a middle-aged strong man with a burly figure and a domineering pair.

Of course, people of this level cannot use their appearance to infer their age. The two great emperors, Heng and He, are all characters who have lived forever.

The two landed on the top of Tiandi Mountain, facing each other. Then, the two suddenly rushed towards each other, and at the same time, they palmed up and bombarded together.

Boom!

A dull roar came out, and the entire Tiandi Mountain seemed to be shaking.

Lu Ming and them, even if they are very far apart, feel the space fluctuating violently.

"It's terrifying, is this the strength of the great emperor's realm? This can cause such an amazing shock in the Heavenly Emperor Mountain!"

"General powers of the level of the Emperor Emperor, at the top of the Heavenly Emperor Mountain, can only barely contend, and can't fight at all. The strength of the Emperor's Realm is really nothing short of great!"

Some people talked.

After the Heng Family and the He Family's Great Emperor battled each other, the body and equipment were slightly retreated, and then another blast was made to the other party.

The two bombarded together again, and erupted violently.

If this is outside, I am afraid it will turn upside down.

Next, the two kept fighting, but they were very common. It seemed that two low-level warriors were fighting each other. The one-to-one confrontation was not very fast.

This makes many people look at each other, the emperor fight, is it so common?

Lu Ming, Qiuyue and others were also dazed, and they couldn't see anything brilliant.

However, the teachers of several real emperor realms in Yuanshan Shengyuan were all dignified, and their eyes were fixed momentarily.

Chapter 1930: The blood of the emperor

"Don't underestimate this kind of confrontation. This kind of confrontation is the most dangerous. Every move is a collision between the avenue and the power of the world. It is terrible. If you are careless, you will fall!"

The voice of a teacher at Yuanshan Shengyuan rang, explaining to the disciples of Yuanshan Shengyuan.

"The great emperor, control the heaven and earth avenue, every move, the avenue adds body, and the power of the world follows. This is in the Heavenly Emperor Mountain. If it is outside, a random blow can turn the earth upside down and have the power to destroy the world! "

The teacher then explained, and everyone observed carefully.

Fortunately, their realm was too low, they did not set foot in the emperor's realm, and the mystery of the emperor's realm was difficult to understand.

boom! boom! ...

In the Heavenly Emperor Mountain, the speed of the two people fighting is getting faster and faster, and their faces are more and more dignified.

Every time there is a terror, there will be a terrible vibration, Tiandi Mountain trembles slightly, and the space shakes violently.

On the top of Tiandi Mountain, there is a hazy halo, which is very mysterious and locks most of the strength inside.

Soon, the two great emperors battled a hundred moves, regardless of victory or defeat, and then the two sacrificed their weapons.

Emperor Hengjia used a sword, and Emperor Hejia used a sword.

There is no doubt that they are extremely terrible imperial soldiers, and the two continue to fight.

However, the two men were equal, and their fighting power was also equal. There were many moves in the war, and they were still invincible.

At the time of the fierce battle between the two, suddenly there was a figure on the top of Tiandi Mountain.

Everyone was shocked!

Yes, on the top of Tiandi Mountain, there had always been only two great emperors confronting each other. How could there be another figure suddenly?

Obviously, this figure did not appear out of thin air, but it was hidden on Tiandi Mountain in advance.

As soon as this figure appeared, he launched an offensive towards the Hejia Emperor. The offensive was extremely violent, and it was not weaker than the two emperors.

Obviously, this is also an emperor.

Everyone's heart shook, how could a great emperor suddenly appear on the top of Tiandi Mountain?

"Luo's name is you, you are so mean!"

The Emperor He Jia roared.

Surname Luo?

Many people felt shocked.

There is only one great emperor named Luo, the Holy Land of Yuanshan, that is the Holy Land of Guyang, the great emperor of the great Luo Tianzong.

Lu Ming's eyes also shone brightly.

This sudden Emperor may be the great emperor of Luo Tianzong, the grandfather of Luo Cangqiong!

Obviously, the great emperor Luo Tianzong had long been hiding on the top of the Tiandi Mountain, waiting for the opportunity to join hands with the Hengjia emperor to siege the Hejia emperor.

"I said, you died today!"

Emperor Hengjia spoke indifferently, and War Sword continued to beheaded towards Hejia Emperor.

In the face of two strong men of the same level, the Hejia emperor lost ground and suddenly fell.

"not good!"

"Heng Family, you are mean and shameless!"

The people of the He family roared, their faces were extremely ugly, and they were extremely worried.

If the emperor of the He family fell, it was absolutely disastrous for the He family.

Without the emperor sitting in the town, they would never be able to confront the Heng family, and they would be destroyed by the Heng family. The He family, which inherited the endless years, would be wiped out.

"The soldiers are not deceitful, they don't even know it!"

The strong of the Heng family sneered and ecstatic in their hearts, hoping that their emperor could kill the He family emperor, then the strength of their Heng family will be more powerful in the future.

Everyone looked nervously at Emperor Tiandi Mountain. If an Emperor really fell, the involvement would be very wide, and the pattern of Heavenly Emperor City would change dramatically.

Emperor He Jia tried his best to resist, but in the face of the siege of the two emperors, he simply lost.

Soon after, Emperor He Jia was punched by the great emperor Luo Tianzong. His body shook, his face flushed, and he almost spit out blood.

Uh!

The battle sword of the Heng family emperor came, and the He family emperor escaped dangerously and dangerously.

"kill!"

The Emperor Hengjia shouted, the swordsmanship became faster and faster, and the Hejia Emperor was injured and it became more and more difficult to hide.

puff!

A few more tricks, Emperor He's family finally did not escape. He was cut into the chest by the sword of Emperor Hengjia, and a long sword wound appeared. The whole body was almost split in half.

The blood of the Great Emperor was scattered and scattered on the top of the Heavenly Emperor Mountain.

Emperor He Jia roared and wanted to retreat, but the road was blocked by Great Luo Tianzong.

He roared, he was unwilling!

If it is not the Tiandi Mountain, everything is suppressed. If it is outside the Tiandi Mountain, the two emperors may not be able to stay with him and escape with care.

But here is Tiandi Mountain, it is different!

He understood that he had made a fortune, and when he went to Tiandishan to confront Hengjia, it was clearly a conspiracy.

"Emperor!"

The people of the He family mourned and shuddered.

Is it true that Emperor He's family is going to fall here today?

The people of the Heng family are ecstatic!

But just at this moment, the change is protruding.

Buzz!

Tiandi Mountain suddenly shook violently, and the endless brilliance radiated out.

boom! boom! ...

Then, an amazing explosion sounded from Tiandi Mountain, and the gravel splashed.

"what happened?"

Many people's faces have changed dramatically, why is there a sudden change in Tiandi Mountain? No such thing has happened in the past.

"It is the blood of the emperor, and the blood of the emperor was absorbed by Tiandi Mountain!"

People from the real emperor realm yelled, their eyes were sharp, their keen senses were sharp, even if they were far apart, they found this.

Everyone's heart shook, actually because of the blood of the emperor.

But why did the blood of the emperor make Tiandi Mountain change?

boom! boom! boom!

At this time, among the heavens, earth, and mountains, three terrifying breaths spread.

It is the breath of the three great emperors!

Previously, the atmosphere of the emperor was completely suppressed by Tiandi Mountain, but now, it seems that Tiandi Mountain has lost its suppressive effect.

"Go away!"

The Emperor He family shouted, the terrifying power of the eruption exploded, and the vast sky was cut open directly. In the sky, a space crack of unknown length appeared. Emperor He's body turned into a sword light, rushing directly into the cracks in space.

"Hugh wants to go!"

Emperor Hengjia and Emperor Luozong Tianzong chased toward Hejia Emperor and rushed into the cracks in space.

Suddenly, the void in the cracks of the space erupted in terror.

Rumble!

Tiandi Mountain, the vibration continued, the brilliance became brighter and brighter, and finally, the brilliance condensed a figure.

This figure, wearing a white robe, looks very young, like a young man in his thirties.

He has a magnificent posture, a handsome face, has the potential to swallow the world, and his style is gorgeous.

He just stood there, as if he were the only one in the world.

"Heaven...Emperor, is this Emperor?"

Many people's voices tremble.

Hiss...

Space cracks appeared again, and the figure of the Heng Family Emperor appeared. His face was a bit gloomy. At this time, he also looked at the Emperor Tian Xing shadow over Tian Di Mountain in surprise.

Then, beside him, the great emperor of Luo Tianzong also appeared.

Hiss!

In the distance, the space fluctuates, and the emperor of the He family also appears there.
