

D Emperor 1951

Chapter 1951: Nine emperors

"The Sirius Tower, the prospective Emperor of the Purple Jizong, has arrived!"

Lu Ming narrowed his eyes and whispered.

The three quasi-empires formed three directions, and Lu Ming loomed in the middle.

Around, thousands of people from small maritime countries were shocked.

The three holy emperors appeared, and depending on the situation, they were all hostile to Lu Ming.

"These emperors don't look like Time God Island!"

"Yes, Time God Island, never heard of a giant wolf becoming a Holy Emperor!"

Many people were whispering around.

The people of the nine nations in the sea are pale, so many emperors have to deal with Lu Ming.

Xuanchuan, however, was ecstatic and shouted: "Quickly send a signal to call the **** island strong!"

call out!

On the edge of Xuanchuan, a master waved his hand, and a beam of light rushed into the sky, forming a long river of time, which can be seen by all the people of Time Island.

Xuanchuan's remarks made everyone on the scene shocked again.

Listen to Xuanchuan's meaning, these holy emperors are not from Time God Island.

But Wanhai Realm, except for Time God Island, has no other forces at all, there are Saint Emperor strong, and, three at once.

Quack! Ao!

Just then, several sharp chirps sounded.

In the sky, a huge three-legged Jinwu appeared.

In addition, there is also a silver-white giant wolf, all of whom are quasi-imperial.

There are many powerful forces entering the lotus world. The number of quasi-imperials is naturally not one or two.

"That's the three-legged golden-black, the legendary beast three-legged golden-black!"

Someone exclaimed.

In Wanhai Realm, the three-legged Jinwu is a legendary beast that has never appeared. Today, I actually saw a three-legged Jinwu.

"Oh, is this Lu Ming?"

In a gust of wind, a cold voice came.

"Lu Ming, you have been hiding for so long, you will die today, hand over the sword of the Emperor!"

On the other side, another voice came.

"Heng family!"

Lu Ming whispered, with a strong murderous chance in his eyes.

It seems that the people of the Qiuja in all walks of life are almost together today.

But at this time, no matter whether the Nine Kingdoms in the sea, the Xuanling Going to the Kingdom, or the people of other countries were all stunned, one by one took a breath and was horrified.

Nine Saints!

A total of nine holy emperors surrounded Lu Ming Tuan, but they were all hostile to Lu Ming.

"Lu Ming!"

Ruan Tianjiao's eyes showed deep concern.

But at this time, from the island of time gods, there were flying figures, one by one strong.

The strong man of Time God Island is here.

"Xuanchuan, what happened?"

An old man asked, he saw the dignity of the Jinwu ethnic group and others.

"It's this kid, he killed our time **** island, lawless!"

Xuanchuan pointed to Lu Ming and Sen Leng spoke.

"The people who dare to kill our time **** island are so bold!"

The old man drank coldly, and the other two strong men stepped towards the landing, and the river of law also appeared on them.

Holy emperor, also emperor!

A total of twelve holy emperors surrounded Lu Ming.

"Haha, this kid, there are so many enemies, he is dead!"

Xuanchuan laughed inwardly.

As for those who are in small countries, their minds have been completely messed up. Everything today is beyond imagination.

Apart from Time God Island, where have so many Holy Emperors come from?

"Lu Ming, hand over the sword of the emperor!"

Holy emperor of Heng family, drink cold.

"If you want, get it yourself!"

Lu Ming spoke coldly, and the holy power in his body ran wildly, turning his strength to the extreme.

It seems that today there will be no war.

"Master Xinghe once said that he will cut you off with his own hands, but today, I will cut you off!"

Emperor Heng's quasi-emperor spoke coldly. The first thing to do was a pale sword light blooming and slashed towards the landing.

On Lu Ming's body, hundreds of acupuncture points lighted up, and hundreds of holy soldiers flew out.

call out!

A sacred holy war sword flew towards the sword light of the Heng family prospective emperor under Lu Ming's thoughts.

when!

The War Sword shook and was blown back, but it also blocked the opponent's sword.

"Lu Ming is treacherous and cunning, insidious and vicious, and he doesn't need to talk about any rules, he shot together!"

The quasi-Emperor of Wan Family shouted and started, and the spirit of the endless warriors gathered, slashing out a vast sword light, slashing to Lu Ming's throat.

This time, in the lotus world, there is a golden opportunity to kill Lu Ming.

If it is out of the lotus world, it is difficult to kill Lu Ming.

Moreover, if they are more powerful, I am afraid that the empty man of Dayan Dan Temple will take action.

Treasure hunt was killed in the lotus world, and Kongbo had nothing to say.

"If you want to join forces, just say so, why not say it is so grand!"

Lu Ming sneered, punched out, and a ghost image of the jailstone appeared, blasting towards the Wanjia prospective emperor.

Boom!

The jail monument shook its shadow, and had the power to suppress the heavens. It bombarded the soldiers of the Wanjia Quasi-Emperor, causing him to shake his figure and step back a few steps.

"kill!"

A roar sounded, and the two quasi-imperial giant wolves in the Sirius Tower also started, roaring wildly, roaring Zhentian, and launched a terrifying killing power to Lu Ming.

Then, the quasi-empire of the Jinwu clan, the quasi-empire of the Zijizong, and the quasi-empire of the Feng clan at the same time.

Nine respected imperial emperors, at the same time, started to breathe, as if they could explode the world.

Endless pressure, let the Quartet watchers, retreat.

The people of the Nine Kingdoms of the Sea, the people who went to the kingdom of Xuan Ling, went back crazy, the pressure was too strong, they were too close, I am afraid that they would be burst out of life.

"Is this the strength of the Holy Emperor? With a hands-on experience, it is terrifying!"

Many people have such thoughts in their minds.

Subsequently, their eyes looked at the figure besieged by many prospective emperors.

In the face of so many attacks, can he block it?

"Come well!"

Lu Ming Changxiao, his eyebrows glow, the Dayan Dan furnace emerged, and it quickly became larger, slamming toward the rear.

At the same time, he ran his fingers in chaos and pointed forward five fingers in a row.

call out! call out! ...

Five huge fingers, like the fingers of the gods, smashed through the air and blasted towards the five quasi-imperial powerhouses.

boom! boom! ...

The continuous roar sounded, and five chaotic fingers blew up, but also blocked the other party's attack.

In the rear, Dayan Pill Furnace also blocked the attack of the other four teams. Dayan Pill Furnace vibrated and flew back to Lu Ming's head.

Lu Ming shuddered, his face pale.

Although his fighting power is powerful, he can fight against any one of the nine quasi-imperial emperors, and even kill each other.

But when the nine people went together, he couldn't catch it.

The other party, after all, is nine people, nine people join forces, he is already out of control, his body shakes, his blood is tumbling.

But this scene, falling in the eyes of others, is shocking in addition to shock.

"how is this possible?"

Xuan Ling's people in the country, as well as Xuan Chuan, couldn't help but widen their eyes, full of incredible.

Lu Ming, can actually rely on one person to block the attack of nine Saint Emperor strong, what kind of monster is this?

Chapter 1952: Bubbles come and kill the Emperor

"Lu Ming!"

Ruan Tianjiao, the rest of Mingyan Kingdom, could not help but clenched his fists.

Do not know why, they suddenly felt proud of Lu Ming, even they did not know why? Maybe it is related to Lu Ming representing Mingyan this time?

Saint Emperor, in their past memories, that person who stood high and looked down on the world was the pinnacle of Wanhai Realm, but now, Lu Ming can beat the enemy by nine, which is too shocking.

"Is this the Son of Chaos? The combat power is really against the sky!"

All around, there were not only people from all over the world, but also people from the outside world, and there were a lot of people. They were attracted by the movement here and came to watch, some people sighed at the moment.

Not only the people watching around, but even the hands-on people such as the Heng family prospective emperor, were very shocked.

Lu Ming can actually block them.

"kill!"

The Heng family quasi-Emperor shouted, and was the first one to perform magical arts, and rushed towards the landing.

Then, other prospective emperors also started one after another.

"Then I will kill you first!"

Lu Ming's eyes were cold, staring at the Wanjia prospective emperor and killing him directly.

At the same time, Lu Ming waved his hands, and nine huge phantoms of jailstones emerged, suppressing towards others, and Lu Ming continued to rush to the Heng family prospective emperor.

Chaos Tribulation!

Lu Ming shot out with all his strength, blasting out a chaotic finger.

The Chaos Tribulation exploded, breaking the Heng Family Quasi-Emperor's offensive, reversing the Heng Family Quasi-Emperor's bombardment at a rapid speed, and bleeding from the corners of his mouth.

The attacks of the other eight people collided with the ghost image condensed by Lu Ming, and the roaring continued. The nine ghost images of the prison monument were defeated. The residual force rushed to Lu Ming, causing Lu Ming to shake his body. Spilled blood.

However, with this force, Lu Ming rushed to the Hengjia prospective emperor more quickly.

"Come in for me!"

Lu Ming opened the lid of the Dayan Dan furnace, and a terrible attraction broke out from the Dayan Dan furnace. He wanted to **** the Heng family quasi-empire.

Emperor Hengjia was shocked, struggling wildly, and shouted: "Come and help me!"

"Come on!"

"kill!"

The other eight powerful players shot at the same time, and the sun, the wind, the giant wolf, etc., all slammed towards the landing.

Lu Ming's eyes flashed crazy.

"Stop me!"

His heart moved, and hundreds of sacred soldiers converged into a giant shield to block behind him, and he himself pointed out and bombarded the Heng family prospective emperor.

boom!

The attacks of the eight quasi-empires fell on the shields of hundreds of congregations, and the shields exploded. Some of the Ming and Grand Paladins exploded and turned into debris.

Only a dozen of the most holy soldiers did not burst.

A total of more than two hundred soldiers were destroyed in this way, which was definitely a great loss.

But everything is worth it, which also bought time for Lu Ming.

Under the guidance of Chaos Tribulation, the Heng Family Quasi-Emperor was almost exploded and vomited blood. In this way, how could he block the gravity of Dayan Pill Furnace.

He struggled frantically, but he was still swallowed by Dayan Danlu.

Wow!

Covering the furnace lid, Lu Ming began to urge the furnace fire and refine the opponent.

Boom! Boom!

In Danlu, the other party bombarded wildly and wanted to rush out.

But with Lu Ming's current cultivation as the control of the Dayan Dan furnace, how could he, an ordinary quasi-empire, rush out.

"Attack, rescue the Hengjia prospective emperor!"

The quasi-imperial emperor of the Jinwu family screamed and rushed to Lu Ming.

At the same time, other prospective emperors also launched an attack on Landing Ming.

Lu Ming resisted with the Dayan Pill, although he fell in the downwind, but in a short time, the other party also wanted to hit him hard.

"Sir Emperor, this man is lawless, he shot at this time, just kill him!"

Xuanchuan sent a message to the three Holy Emperors of Time God Island.

The three imperial emperors of Time God Island looked at each other and all saw the murderous opportunity from the other party's eyes.

Lu Ming was on Time God Island, killing several strong men of Time God Island, it is necessary to pay the price, otherwise, the majesty of Time God Island?

The three nodded and stepped out at the same time, a mysterious breath filled their bodies.

Everyone was shocked.

The Holy Emperor of Time God Island is about to shoot.

"Lu Ming!"

Ruan Tianjiao was worried.

Previously, Lu Ming obviously fell in the wind. If he added the three Emperors of Time God Island, Lu Ming was even more invincible.

boom! boom! boom!

The three imperial emperors of Time God Island did not hesitate and shot at the same time. Three terrible **** lights killed Lu Ming. Among them, there was actually a trace of time.

Lu Ming's eyes narrowed and he was ready to resist.

But at this moment, the space was filled with waves, and a huge transparent bubble emerged, enveloping the three emperors of Time God Island.

Bubble!

Lu Ming's eyes lit up.

Bubble entered the Wanhai Realm with him. Unexpectedly, he also came to Time God Island.

Next to Lu Ming, bubbles appeared, whispering in his mouth: "So many people beat Brother Lu Ming alone, then I will come and beat you too, tweeting!"

Mumbling in the bubble mouth, non-stop in the hand, and transparent bubbles formed between the waving hands, covering the Jinwu ethnic quasi-emperor, Wanjia quasi-emperor and others.

"kill!"

Lu Ming took the opportunity to kill the Wanjia prospective emperor.

He just lost so many sacred soldiers, then get back from this Wanjia prospective emperor.

The other party was shrouded in time and space and was struggling wildly, trying to break through the law of time and space.

But with the current state of the bubble, the law of time and space, where is it so easy to break?

Lu Ming lifted the Dayan Dan furnace and smashed his head towards the other side.

Boom!

The Dayan Pill was hit **** the head of the Wanjia quasi-emperor. The other party's head was almost smashed open, dizzy and turned, completely ignorant.

"cut!"

Lu Ming grabbed a Sword of the Holy Paladin by his side and chopped it off.

puff!

The Wanjia prospective emperor was directly split in half.

A prospective emperor fell.

day!

The people of the Wanhai Realm who were watching all around were frightened.

This is a figure equivalent to the Holy Emperor, so he was beheaded.

Saint Emperor, the pinnacle in Wanhai Realm, is synonymous with invincibility. It turns out that invincible Saint Emperor will also die.

Many people sighed.

In addition, there is no more dynamic one in Dayandan furnace, there are already two.

The emperor figures were slaughtered by Lu Mingsheng.

Who is this young man?

In the minds of the warriors in Wanhai Realm, thoughts turned around.

At this time, other people have broken the law of time and space, and gathered together, their eyes dignified.

"The law of space-time is the law of space-time!"

The Holy Emperor of Time God Island shouted excitedly.

Their law also contains a trace of time, but compared with the bubble, they do not know how far they are.

"You are going to kill me, then today, just kill it!"

Lu Ming's killing was more intense, and he walked in the air, and left for the remaining Emperor.

Since he is going to kill him, then all will be slaughtered.

The rest of the quasi-empire was very dignified.

Lu Ming's own combat power is already terrifying enough. Coupled with the person who controls the rules of space and time, the combat power is too amazing.

Chapter 1953: Tree of Time

If it is tough, they are not afraid. The key is the law of space and time, which is too mysterious, and the effect of trapping the enemy is too great.

The law of time and space trapped the enemy, Lu Ming attacked, and together, the lethality was amazing.

At this time, a few people from the distance came from the air, lingering around the river of law.

Time and Space God Island, there is a prospective emperor who came together with the three former emperors, a strong breath, pressed against Lu Ming.

The war is on the verge!

At this moment, a figure suddenly appeared in the sky.

This figure was enveloped by a wonderful force, and that area was completely twisted, as if time and space were changing.

Can only vaguely see, this is an old man in black robe.

When I saw this old man, the quasi-imperial powerhouses of Time God Island saluted one after another and shouted, "See the saint!"

"See Saints!"

The people of God Island in other times also changed their faces and bowed to salute.

"Holy Master?"

Lu Ming's eyes narrowed slightly. It seemed that this holy teacher had a high status. Even the prospective emperors of Time God Island were respectful.

The Master nodded slightly, then looked at Lu Ming with a smile of goodwill, and then looked at the other prospective emperors, saying: "All of you are powerful men. In this battle, the island of Time God is greatly damaged. Can you Give the old man a face and temporarily strike?"

Lu Ming smiled faintly and didn't speak.

The prospective emperors of other forces flashed their eyes, but did not speak.

Now Lu Ming and Dan Dan are fighting soaring power. Although they are crowded, they are not sure. If the people of Time God Island quit, they are even more uncertain.

"Master Qiqi, this man killed the elders of Time God Island, don't let it go!"

Xuanchuan was still unwilling to report to the Master, and wanted to use the power of Time God Island to kill Lu Ming.

"Are you teaching me how to do things?"

The Master's gaze looked at Xuanchuan, and his voice cooled slightly.

Xuan Chuan's face changed wildly, and he immediately knelt down and shouted palely: "Dare not, disciples don't dare, and also ask the Master to forgive sins!"

The Master was not paying attention to Xuanchuan, and continued to look at Lu Ming and others, saying: "You came from heaven and came to Wanhai Realm, it should be for immortal remains. Time God Mountain, if you all strike, the old man will take you here!"

The remarks of the Master made the people in Wan Haijie stunned.

Heaven!

These strong men actually came from beyond the sky.

In Wanhai Realm, many people know one thing, that is, Wanhai Realm is connected to eight other worlds and can communicate with each other, but only the characters of the Holy Emperor can communicate.

In addition to the nine worlds, there are even larger worlds.

Legend has it that the world beyond the sky is vast, the martial arts have developed to the extreme, and even there is immortality.

But all this is just a legend. No one has ever confirmed it. Now, the holy teacher actually said that these people came from heaven.

Maybe it's true, otherwise Time God Island, how come there are so many strong people suddenly?

"Tianwai, Tianwai, Lu Ming originally came from Tianwai. Also, only Tianwai can give birth to such a arrogance as Lu Ming!"

Ruan Tianjiao was shocked at the same time, all kinds of thoughts also turned in his mind.

The people of the Nine Kingdoms of the Sea and the Profound Spirit go to the country are also dumbfounded.

"Lu Ming, look at the face of the saint, and spare your life today!"

A giant wolf said in Sirius Tower.

"Forgive me for life? Ha ha, come and continue fighting to see if you can kill me!"

Lu Ming exuded a murderous eye, forcing the giant wolf in the Sirius Tower.

This made the giant wolf of the Sirius Tower look ugly. He was just showing his tongue. They really wanted a battle. They were not sure.

The Master smiled bitterly and said, "Little brother, just leave it for now. After you go to Time God Mountain and leave Time God Island, no matter how you want to fight, the old man will not interfere!"

"That's to give the saint a face and leave their dog's life first!"

Lu Ming smiled faintly.

If he really wants a battle, he is not afraid, but if the people of Time God Island are added, he may not take advantage.

The key is that this saint gives him a profound feeling.

The giant wolf of Sirius Tower looked ugly, but did not refute.

"Okay, thank you little brother for your face, the people of Wanhaijie, stay here for the time being, no one can do anything, offenders, kill without amnesty!"

The Master spoke, and his voice was cold.

The people of Xuan Ling's kingdom are very ugly, but the Sacred Master's words, where do they dare to refute, they have died so many people, they can only die in vain, think they are unlucky.

"Friends from outside the sky, if you want to explore the time mountain, then come with me!"

The voice of the saint spread all over the world, and he said, he flew deep into the island of time god.

Lu Ming smiled and followed the Master step by step.

The giant wolf in the Sirius Tower, the Jinwu Clan Emperor, and the Feng Clan Emperor, etc., gloomy faces, followed behind.

In the sky, all the figures traversed the void, all masters from the outside world, followed the Holy Master and went to Time God Island.

"So many people?"

The people of Wanhai Realm were shocked. Outside of heaven, so many people actually came, and each one was a terrible strongman.

Soon after, they came to the center of Time God Island, in front of them, there was a big mountain, towering into the clouds.

This big mountain looked dead, and at a glance, it was bare rock.

"That is..."

Everyone's eyes were fixed, they saw the dead bones in different places around the mountain, and they were almost rotten.

How can there be so many dead bones in this big mountain?

The crowd stopped, a little suspicious.

"Everyone, this is the Mountain of Time, the whole mountain is dead, there are only a few plants!"

Introduction of Saint.

Everyone carefully observed, and really, on the mountain, I saw some plants, sparse, very rare.

"These plants have the power of time, and they can enhance Shouyuan under the service of the warrior!"

The saint continued.

"What? Can raise Shou Yuan!"

Someone exclaimed, with a fiery flame in his eyes.

Emperor Wudi, Shouyuan is endless. In addition to facing the world disaster, there is no need to consider Shouyuan.

But under Emperor Wu, Shou Yuan was limited.

The strongest in the Holy Realm can live more than 100,000 years, but at most it will not exceed 200,000 years.

The same is true for the imperial emperor, and it is within this range.

There are many ancient imperial emperors who came in this time. They are very old. Many people's Shouyuan are coming to an end. The plants that can increase Shouyuan have a fatal temptation to them.

"Also, there is a small tree on the top of Time God Mountain, that is the Tree of Time God, swallowed by the warrior, can directly double the Shouyuan..."

The saint said again.

"Double Shouyuan!"

This time, most people showed a fiery greed.

Double the Shouyuan, what is this concept.

Some prospective emperors, Shou Yuan is approaching, but if they double the Shou Yuan, it will be more than 100,000 years, maybe they can step into the realm of Wu Emperor and get immortal, Shou Yuan is endless.

This fatal temptation is irresistible!

Chapter 1954: The power of time

"That's mine!"

"its mine!"

Suddenly, someone rushed towards the God of Light.

But the few people who rushed to the front suddenly screamed.

An astonishing scene appeared. The people in the front stopped in the air and screamed in horror. Their old, dying body became even more shriveled, and it was as if they were engulfed in an instant.

Then their hair fell out, their clothes decayed, and their bodies seemed to turn into a skeleton. There was no breath in them.

Some of the people behind changed their faces wildly and receded wildly.

But after quitting, they all seemed to be very old.

It's just a few breaths. Everyone seems to be old for ten thousand years.

Looking at the front, the people flying in the front have turned into dead bones.

"What's going on? What is going on? My Shouyuan is almost exhausted!"

The old man shouted with his hair shed.

"I haven't finished my words yet. You are too anxious. The mountain of time is full of the power of time. Any creature who goes up will be deprived of time!"

"In the mountain of time, time is accelerating!"

The saint spoke lightly.

"Time is passing by, **** it!"

Those who rushed forward shouted, this time losing money.

Those who moved a little slower, and did not step forward, secretly rejoiced, but fortunately they moved a step slower, otherwise, the consequences will be serious.

Lu Ming and Bubble, as well as some other young people, did not step forward just now.

They are still young, and things like Shou Yuan are not attractive to them.

"Tweet..."

On Lu Ming's shoulder, bubbles tweeted, eyes staring at the little tree on Time God Mountain.

"Bubble, that little tree is of great use to you?"

Lu Ming sent a voice to the bubble.

"Yes, tweeting!"

Bubble nodded again and again.

Lu Ming is clear, the bubble is the space-time spirit rat, and that little tree, with the power of time, is not unusual for the bubble.

But how can you get it?

Lu Ming thought secretly.

"Time God Mountain, can't you go up!"

Someone asked in a deep voice.

If you can't go up, then what's the use of coming here, or explore other ruins early!

"It is not impossible to go up at all, you come with me!"

The holy teacher said nothing and flew towards the side of the mountain of time.

Soon, the saint stopped and pointed at Time God Mountain Road: "Here, there is a canyon. Every three months, the power of time in this canyon will be reduced to the minimum, and then you can go from this canyon. by!"

"And at the end of this gorge, there is an altar. As long as the altar is broken, the power of time in the entire mountain of time will be greatly weakened. At that time, there will be a chance to step on the mountain and get that time. God tree!"

"Then you people of Time Island, why don't you go up?"

Someone raised a question and looked at the saint with doubt.

The same is true of others, and some people's eyes glow cold.

If there is anything untrue in the words of the saints, or if there is any conspiracy, then they are in danger.

Many prospective emperors, the most holy figures, have lived for a long time and are so meticulous that they will naturally not easily believe in the saint.

"Because we are not strong enough!"

The saint responded.

Many eyes flashed.

The Master's remarks, they really can not refute.

The level of cultivation in Wanhai Realm is naturally comparable to that of Yuanlu, which is too far away.

On the island of Time God, the strongest is the quasi-imperial, and the number is not large, they can not do it, it is normal.

"How long will the power of time in this gorge weaken!"

Someone asked.

"Half a month!"

Sacred Word.

"Okay, then I will wait here!"

Someone sat cross-legged.

Some people, too, sit cross-legged and wait quietly.

There are also some people looking around in Shenguang Shenshan.

Lu Ming and Bubble also wandered around.

bump!

Suddenly, someone stepped forward and headed towards Time Mountain, suddenly attracting the attention of many people.

It seems that someone can't help but want to try it for yourself.

But the man was very cautious, walking slowly, step by step.

When he stepped into a certain range, his face changed, and he seemed to be shrouded in a force of terror.

This person is a quasi-imperial emperor, surrounded by the river of law, and the divine power enveloped the whole body, resisting the power of the outside world with all his strength.

Then, step by step, he walked towards the nearest plant.

Many people's eyes light up.

The power of time in Time God Mountain is closer to the top of the mountain, the stronger the power, and the outer periphery is not completely unstoppable.

As long as it can be blocked, you can get some plants first, but the plants here can increase the lifespan and have immense value.

Immediately, many people stepped out and walked slowly towards the Mountain of Time.

what!

But it didn't take long for someone to yell and couldn't hold on. I saw that the person's skin was slowly becoming shrivelled. The scared person's face changed greatly and he quickly quit.

And the person who tried first did not go to the nearest plant, nor could it resist the erosion of the power of time and retreat.

Then, the same was true of the others, even if they used the imperial soldiers, they could not resist it. They retreated one by one, and no one got the plants.

"Brother Lu Ming, I want to try it. I might be able to use the power of light to practice! Chirp!"

At this point, the bubble opens.

"Ok, let's be together!"

Lu Ming nodded, and he also wanted to try, just how strong the time power of Time God Mountain is.

bump! bump!

Lu Ming stepped out and walked towards the mountain of time.

Many people looked at Lu Ming.

Son of Chaos, they also want to see how far they can go.

Lu Ming moved forward step by step. When he set foot in a certain field, a mysterious force exerted on him.

That is the power of time, very similar to the power of Bubble.

The power of time is extremely horrible, as if to penetrate Lu Ming's body, deprive Lu Ming of his years, and deprive him of his life.

boom!

Lu Ming burst into breath, the Holy Power surrounded his body, the law of chaos permeated, blocking the power of the outside world.

The power of time, the corresponding law, is the law of time. It is just a very strong rule of kingship. It is inferior to the law of time and space of bubbles, and it is naturally inferior to the law of chaos.

Therefore, as soon as the law of chaos came out, the power of the outside world was blocked.

Lu Ming went on step by step, step by step, toward a plant.

He didn't go fast, but step by step, he walked very firmly.

The further he went inside, the greater the power of time, but Lu Ming finally blocked it.

Bubble sits on Lu Ming's shoulder, seems to be seriously feeling the power of time outside.

Soon, Lu Ming was near the first plant.

"It is worthy of being the son of chaos, and he can control the law of chaos, even the time can block it!

Someone marveled.

Chapter 1955: Iriyama

Some people marveled that Lu Ming now spans farther than the person who has walked farthest before.

The giant wolf in the Sirius Tower, the Jinwu Clan Emperor, and others sneered, a little unhappy.

Soon, Lu Ming came to the nearest plant.

This is a small purple grass with a purple flower, which has a strange power.

Lu Ming secretly wondered, and then uprooted the purple flowers and put them into the mountains and rivers.

Many old white-haired men stared fiercely at the land.

Treasures that increase Shouyuan are rare and rare, and every time they appear, they will be fired to high prices.

Lu Ming went on and walked towards another plant.

Soon after, Lu Ming picked six plants.

The plants around the area were almost picked up by Lu Ming.

Only by continuing to go deeper can we pick more plants.

Lu Ming continued to step, but as he got deeper and deeper, the power of time became stronger and stronger, and the law of chaos that permeated around his body also shook violently.

The law of chaos, although higher in rank, Lu Mingxiu, after all, is still low.

Although the quality is higher, but the quantity is not good, when the power of light exceeds a certain range, the law of chaos is still unstoppable.

At this moment, a transparent bubble enveloped Lu Ming. Suddenly, Lu Ming felt the power of the outside world light.

It's the bubble shot. Her law of time and space includes time and space. There is no law that can resist the resistance of the power of time.

Lu Ming's pressure was light, and his pace quickly accelerated and continued to move forward. Soon after, he was almost halfway up the mountain.

"The law of time and space, good, good!"

Seeing this scene, the holy teacher exuded a dazzling look and a deep desire.

Of course, no one saw the eyes of the saint.

A few hours later, Lu Ming picked a dozen plants.

But by the middle of the mountain, he could no longer continue.

Even if the time and space laws of bubbles help, they can no longer move forward.

Ahead of time, the power of time is too horrible, and if they continue to move forward, they can't resist.

In desperation, they stopped there. Lu Ming sat cross-legged and used the power of time to hone the law of chaos.

The bubble is also a careful understanding of the power of the outside world.

"Lu Ming, why don't you come out!"

Someone opened his mouth and stared at Ming Ming, hoping that Lu Ming would come out and buy some plants from Lu Ming that would increase lifespan.

"He seems to be practicing!"

"Wait, he will come out sooner or later!"

Other humanities, many people have gathered here to Lu Ming, want to wait for Lu Ming to come out, and deal with him.

More than ten days passed, Lu Ming and Bubble finally couldn't resist, got up and left Time Mountain, and retreated.

Upon exiting, Lu Ming was surrounded by a group of old men.

"Lu Ming, how to sell the plants of Time God Mountain, sell me a few, the price is good to discuss!"

"I also want a few plants, despite the offer!"

A group of old men opened their eyes and their eyes were fiery.

"Not for sale!"

Lu Ming waved his hand.

There are very few treasures that can increase Shou Yuan. He wants to keep them. In the future, he will return to the God Wasteland, which is used by many people.

His parents, as well as some others, have insufficient talents and it is impossible to cultivate to the state of Emperor Wu. One day, Shouyuan will run out, and these plants will always be used.

"Not for sale?"

Suddenly, some old men were anxious and said, "Lu Ming, you are young and talented, and you will break through Wudi in the future. It is a matter of rigidity. It is useless to keep these plants that increase lifespan!"

"That's right, I want two plants. How about selling them to me?"

"I want one!"

These old men watched Landing with fiery eyes.

"I'm going to use it myself, so seniors, I'm sorry, but let me give you trouble!"

Lu Ming clenched his fists.

"Huh, Lu Ming, you can't use it yourself, but you don't want to sell it to these seniors!"

"Yes, there are so many plants, you want to go it alone, it's too much!"

"Some predecessors here, Shou Yuan is near, will you die?"

Not far away, the giant wolf of the Sirius Tower, the Feng Clan Emperor, the Jinwu Clan Emperor and others sneered.

The cold light flashed in Lu Ming's eyes, and these people were clearly provoking.

Sure enough, some old men's eyes flashed cold light, and said: "Lu Ming, you give up some, swallow it alone, it is too much!"

"We have so many people here. If we are strong, you may not be able to protect those plants!"

Seeing this scene, the giant wolf in the Sirius Tower, the Feng Clan Emperor and others showed a sneer.

"Do you have to do it without selling?"

Lu Ming's voice also cooled down, and the atmosphere at the scene was tense.

"Everyone, the time is almost up, you have to fight, and you have to wait until you leave Time God Island!"

The Master opened his mouth, stepped out, and came to Lu Ming.

At the same time, the strong man of Time God Island also came to Lu Ming, with the intention of protecting Lu Ming.

This made Lu Ming a little surprised. This saint seems not to want to have an accident.

Those old men looked ugly.

Lu Ming and Bubble joined hands, and it was extremely difficult to get together. Now the people of Time Island have joined again. Even if they do, they are not sure.

"Brother Lu Ming, I hope to sell me some plants when I go out!"

Some old men did not choose to do it, and finally surrounded them.

Subsequently, others quit.

There were a few people remaining, knowing that things could not be done, and had no choice but to step aside.

This made the coyote of the Sirius Tower, the Feng Clan Emperor and others look a little unsightly.

I had hoped that Landing Ming and those old men would have a conflict!

Lu Ming glanced coldly at the giant wolf in the Sirius Tower, the Fengzu Jundi and others.

Time passed quickly, and in a blink of an eye, several days passed by.

"Time is up, it's time to go!"

The Master's eyes lit up and said.

But for a time, no one stepped forward and wanted others to take the lead.

The saint naturally knew that everyone was uneasy. With a wave of his hands, some of the emperors of God Island suddenly flew up and rushed towards the canyon.

Those people were extremely fast and rushed into the canyon, and it was all right.

The crowd then let go of their hearts and rushed into the canyon.

Lu Ming also rushed into the canyon with the crowd.

"The power of time has indeed been reduced by many times!" Lu Ming thought.

The crowd was very fast, and they quickly crossed the small half of the canyon.

But after halfway through, everyone's speed finally slowed down.

Because from here on, the power of time gradually becomes stronger.

The crowd continued to move forward for a while, and some were weak, finally unable to resist and withdrew from the canyon.

However, the power of time here is nothing for Lu Ming and Bubble. They walked quickly and slowly approached the end of the canyon.

At the end of the canyon, there is an ancient altar. I don't know how many years have passed. It is ancient and vicissitudes, exuding the power of time.

Chapter 1956: Mountain Wars

"It's this altar. There are three altars in the entire mountain of time. As long as one is broken, the power of time in the mountain of time will be greatly weakened. All three will be broken. The mountain of time will pass freely!"

The saint opened his mouth, and there was a look of fiery anticipation in his eyes.

bump! bump! ...

The crowd continued to move forward, and finally, with Lu Ming and Bubble, ten people later came to the altar, and the others retreated because they couldn't resist.

"I'll smash him!"

A strong man, holding a giant axe, blasted the axe towards the altar.

boom!

The axe was cut on the altar, and the altar shook violently. However, there was also a terrible time force that rushed out and rushed to the body of the big man. The body of the big man suddenly shrivelled, and his hair was black and some white hair appeared. .

"Damn, my birthday!"

The big man roared. At that moment, he seemed to have been deprived of Shouyuan for tens of thousands of years, which made him angry.

"This altar has such a strong power of time, how can it be broken?"

Someone glared at the saint.

"If you want to get it, you always have to pay a little price, as long as you bombard it for a while, you can crush the altar!"

The Master spoke.

The rest of them were silent.

"I retreated and was deprived of Shouyuan. Even if I got the treasure to increase Shouyuan, what good would it be worth the loss?"

Someone shook his head and stepped back.

The rest of them shook their heads.

boom!

At this moment, Lu Ming shot, under the control of the time and space law of the bubble, he punched at the altar.

The altar roared violently and shook endlessly. A powerful force of time rushed towards Lu Ming. However, Lu Ming himself had the law of chaos, coupled with the time and space law of bubbles, successfully blocked the power of time.

"blocked!"

The saint, and others, their eyes light up.

boom! boom! ...

Then, Lu Ming's double fists continued to bombard, and a terrible punch was bombarded on the altar.

The altar is constantly shaking, and a strong force of time rushes out. If the general quasi-empire can't stop it, it will be reduced to dry bones under the power of time.

But both were blocked by Lu Ming and Bubble.

Click!

When Lu Ming blasted dozens of punches, the altar made a cracking sound.

In the eyes of the saint, a brilliant radiance bloomed.

After a few more punches, with a bang, the whole altar exploded and the gravel splashed.

At this moment, the power of time in the whole mountain of time is weakening sharply.

"The power of time has weakened!"

"Those plants are mine!"

Many people couldn't hold back anymore and rushed towards the mountain of time and towards the plants.

The power of time in Time God Mountain is weakened, and many people can dash a long distance.

Lu Ming and the bubble shape rushed up the canyon.

The same is true of others, one by one rushing above the canyon.

"Lu Ming, there are two other altars, destroyed in two other directions!"

The Master's eyes radiated dazzling light, staring at Landing Ming.

"Wait later!"

Lu Ming left a word, his figure moved, and rushed towards the summit of Shenshan.

"Damn!"

The Master roared in his heart, and then roared in his mouth: "Lu Ming, the other two altars are not destroyed, you can not climb the top of the mountain, go to destroy the other two altars first!"

But Lu Ming was too lazy to bother about the saint.

He faintly felt that the saint had let them destroy the altar for an ulterior purpose.

It is likely to be detrimental to them.

It's okay to destroy one. Lu Ming is so stupid to destroy the other two.

"Damn, you go to destroy the other two!"

The saint gave orders to the strong man of Time God Island.

The faces of those people changed, but they had to listen to the orders of the saints and rushed towards the other two altars.

But at this time, Lu Ming kept approaching the top of the mountain, and he encountered plants on the road and picked it.

"No, Lu Ming is about to reach the top of the mountain. That time **** tree is mine!"

"Stop him!"

Suddenly, every quasi-imperialist strongman rushed towards the top of the mountain quickly.

But at this time, although the time power of Time God Mountain has greatly weakened, it is still strong near the top of the mountain.

Those quasi-imperials are getting slower and slower, and they can't keep up with Lu Ming's speed, and even behind, they can't move at all, because the power of time has exceeded their limit of resistance.

"We stop him below, and even if he gets the Tree of Time, he will come down!"

"Yes, we are waiting for him below!"

Several consecutive sounds sounded, it was the Feng junior emperor, the Jinwu junior junior and others.

They also stopped near the top of the mountain and reached their limit.

"These people, **** it!"

Lu Ming's indifferent gaze glanced at Fengzu Zhundi and others, and then uttered a sound to the bubble.

Then, Lu Ming's figure stopped abruptly, and then suddenly turned around, rushing towards the Fengzu Jundi and others.

He was covered with space and time, and the speed was extremely amazing, and it was faster from top to bottom.

Suddenly, Lu Ming's figure appeared on the edge of Feng Clan Emperor.

"Time speeds up!"

Bubbles whispered, a law of time and space, enveloped the Fengzu prospective emperor.

Here, there was originally the power of horrible time, coupled with the time acceleration of the bubble, the Feng clan emperor suddenly felt that Shou Yuan was deprived and his essence passed quickly.

"kill!"

A war sword appeared in Lu Ming's hand, and he was slain towards the Feng clan emperor.

"Lu Ming, you dare to kill me, the wind clan is the ancient clan..."

The Feng clan emperor shouted, but at the next moment, the war sword was cut off, and this person's body was divided into two.

This person is really ridiculous. He used to aim at Lu Ming and wanted to kill Lu Ming. When facing Lu Ming's counterattack, he moved out of the wind clan and wanted to threaten Lu Ming.

Uh!

After Lu Ming killed the Feng Clan Emperor, his body kept sprinting, and he rushed towards a giant wolf in the Sirius Tower.

It is exactly the same as the Fengzu Jundi.

Here they need to resist the power of time with all their strength. Where is Lu Ming's and Bubble's opponents, who have no power to fight back at all and are killed by Lu Ming one by one.

As for their storage rings, Lu Ming naturally put them away.

"Not good, retreat!"

The remaining giant wolf, as well as the Jinwu clan imperial emperor, Zijizong imperial emperor, and others, whose face changed wildly, scared and madly rushed towards the bottom of the time **** mountain.

But Lu Ming's speed was faster, and his body appeared in front of the Jinwu Clan Emperor under a flash.

"Do not!"

The Jinwu ethnic quasi-emperor roared, but the war sword fell, and this person was also beheaded.

Then, Lu Ming killed Xiang Zizong, the emperor, and beheaded him.

Killing several people in a row, after all, delays time, and at this time, another giant wolf has already washed down the mountain of time.

Without the power of time, if you want to kill it, it will not be so easy.

The giant wolf fled down the mountain of time, trembling with fear, and never dared to stay. He roared, and soared into the sky and left here.

Lu Ming continued to rush towards the summit of Time God Mountain.

Chapter 1957: God Tree

The other prospective emperors, looking at Lu Ming, all showed fear.

Lu Ming's strike was too ruthless. Just before the thunder struck, he instantly killed four prospective emperors, which made people feel chilly.

Here is Time Mountain, they are not Lu Ming's opponents at all, and some people dare not move forward and retreat Time Mountain.

boom! boom!

On the other two sides, the Emperor of Time God Island bombarded two other ancient altars.

However, they couldn't stop the power of time from the altar. Several successive Emperors of Time God Island died under the power of time. Others retreated one after another.

"Damn!"

The Master roared in his heart, his eyes cold and cold.

Lu Ming, who did not listen to him, went to crush the other two altars.

If there is no special reason, he can't do it himself, I am afraid he will do it himself.

Lu Ming and the bubble have been moving upward, closer and closer to the top of the mountain.

Lu Ming could already clearly see the time **** tree on the top of the mountain.

The God of Time tree is only one meter tall. The green leaves radiate crystal light, and two milky white fruits hang on the branches.

"I want, I want, chirp!"

The bubble stared at the little tree, his eyes lit up, and his saliva almost came out.

However, the closer to the top of the mountain, the stronger the strength of the time. When approaching the small tree, Lu Ming and Bubble felt terrible pressure.

Lu Ming felt that his whole body of energy was slowly passing away, and his smooth skin was slowly becoming dry and wrinkled.

This proves that his longevity is slowly decreasing.

The little tree, less than a hundred meters away.

"carry on!"

Lu Ming shouted, the law of chaos worked to the extreme, coincided with the law of time and space of bubbles, and together resisted the power of time.

At the same time, Lu Ming sacrificed a Tai Chi array, and a Tai Chi pattern was formed, suppressing them on their heads.

Then, the Dayan Dan furnace also appeared, suspended above the heads of the two, and spilled a light curtain.

As a result, their pressure was greatly reduced and they continued to move forward, getting closer and closer to the small tree.

Ninety meters, eighty meters, seventy meters...

Soon, the distance to the small tree was only fifty meters, and the power of time here was so powerful.

If they had destroyed an altar, they would never get here.

"You can't reach the top, you can't reach the top!"

The Master whispered in his mouth, hoping that Lu Ming would not reach the top of the mountain.

In that way, Lu Ming can only come down and destroy one of the other two altars, so that Lu Ming can get the Tree of Time.

But he was destined to be disappointed.

A spar spit out of the bubble mouth, exuding terrible fluctuations in time and space, resisting the power of time, they continued to move forward.

Forty meters, thirty meters...

They continued to approach the little tree, and finally, they came to the edge of the time tree.

"Fruit!"

The bubble shines with both eyes and swallows one of the milky fruits directly, revealing a look of enjoyment.

Then, Bubble grabbed the small tree with both hands, pulled it out, and swallowed it in his mouth.

"hateful!"

Seeing Lu Ming pull out the Time God Tree, the Master's face was somber.

"go!"

Lu Ming whispered, rushing down the mountain with bubbles.

It is difficult to go up the mountain, and it is very easy to go down the mountain. Lu Ming is as fast as electricity, and soon rushed to the mountainside.

At this time, a figure appeared in front of Lu Ming, it was the saint.

"Lu Ming, now that you have the Tree of Time, stop by the other two altars!"

Sacred Word.

"Now that I have obtained the Tree of Time, why do I have to destroy the other two altars? Isn't it superfluous?"

Lu Ming asked back.

The Master's face was gloomy and he said, "It is useful for me to destroy those two altars. If you help me, I will thank you!"

"No, I will leave this world soon. Thank you, no interest, let me go!"

Lu Ming shouted, wanting to bypass the saint and leave here.

"Today, if you don't agree, you have to agree, you can do it!"

The Master shouted, and at the same time, he took the lead in his own hands. His body twisted violently and turned into a war sword, slashing towards the landing.

Lu Ming's pupil shrank, this magical power, he was the first to see.

"Go away!"

Lu Ming shouted, punched out, a ghost image of the prison monument appeared, and suppressed toward the Master.

boom!

The saint was blown out and screamed angrily: "Damn the prison mark!"

At this time, Lu Ming felt a terrible force, rushed into his mind, attacked his soul, and made his soul shake violently.

"Soul attack, this saint is not an entity!"

Lu Ming was shocked.

From the previous trick, Lu Ming discovered that the saint is not the flesh, but the soul.

No wonder the body can be turned into a war sword attack.

But the soul body has existed for a long time and it will not dissipate, which is strange.

Moreover, the other party seems to be afraid of his jailstone attack. In Lu Ming's impression, there are only some monsters, as well as the three-eyed **** clan, who will be afraid of the jailstone.

Is this holy teacher a kind of monster or evil spirit?

He felt more and more that the saint had let him destroy the remaining two altars, and he was not well-intentioned.

Uh! Uh! ...

At this time, the other prospective emperors of Time God Island also arrived, and they launched attacks on the landing Ming one after another.

However, when the bubble pressed both hands, the void seemed to be fixed. The strong man of Time God Island stiffened his body a little, and Lu Ming rushed past and rushed down the mountain.

"Everyone, Lu Ming got that time **** tree. Once taken, it can double Shouyuan and even have the effect of breaking through the bottleneck. Do you just let him get it?"

The saint shouted, and the voice spread throughout the audience.

Many foreign emperors from abroad, staring fiercely at the land.

"Lu Ming, stop first!"

"Let's make a deal!"

One by one, the quasi-empirical strongmen drove towards the landing, and a powerful breath erupted, forming terrible pressure.

There are dozens of quasi-imperials together. It is really terrifying to join hands together. Lu Ming and Bubbles are definitely not opponents.

Moreover, the other party's divine power is densely covered in the void, and even the power of the time and space of the bubble cannot pass through.

"Lu Ming, stay with me and destroy the other two altars!"

Behind, the saint brought the people of Time God Island to kill.

"Come on!"

Lu Ming stepped heavily on the ground, the ground roared, and Lu Ming's body rose into the sky and rushed into the sky.

"Bubble, time and space channel!"

Lu Ming sent a voice to the bubble.

The bubble immediately opened the space-time channel, and Lu Ming rushed over.

"No, stop him!"

The Master shouted, and the masters of Time God Island, do their best to blast toward the space-time channel.

At the same time, the prospective emperors from outside also launched an attack on Lu Ming.

Dozens of terrifying attacks passed by, making the space violently shaken, and there appeared a sprawling gap.

The space-time channel burst into bursts instantly, and the figures of Lu Ming and Bubble were exploded.

Chapter 1958: Scary creatures under the mountain

The space-time channel exploded, and Lu Ming and bubbles were exploded.

However, Lu Ming and Bubble, after all, have escaped a little distance through the space-time channel, and have jumped out of the surrounding circle of many imperial emperors.

"go!"

Lu Ming and Bubble went galloping towards the distance. He planned to go to the place where the nine countries of the sea lived, and take away Ruan Tianjiao and others.

"Damn, damn, none of you can go, neither can you!"

Seeing that Lu Ming was about to go away, the Master was crazy and yelled madly in his mouth.

boom!

When the holy teacher shouted, Time God Mountain roared violently, shaking wildly.

"Break me, break, break!"

The holy teacher shouted, exuding an endless black light.

Time God Mountain keeps bursting sound, bursting, and rubble splashing.

Then, the entire mountain of time, actually split from the middle.

Dangdang!

Everyone can hear the sound of the iron chain striking from the mountain of time.

"That is..."

Lu Ming's eyes narrowed suddenly.

Because he saw that there was a huge and majestic figure in the crack of the time mountain.

This figure is an adult type, but it is huge. It is covered with a layer of black light, and it is impossible to see the specific appearance.

His limbs and neck were locked by a huge iron chain.

At this time, the saint became a black light and fell into this huge black shadow.

"Break me!"

The black shadow shouted, and the sound was the same as the holy teacher.

Dangdang!

The iron chain vibrates, the time **** mountain vibrates, and even the whole time **** island vibrates violently.

A terrible and powerful force of time bursts out from the huge shadow and diffuses in all directions.

what!

Help!

Some people in the most holy realm, rushed by the power of this time, issued a terrible scream, the next moment, the body shrivelled and became a dead bone.

Even some prospective emperors are the same.

"No good, go!"

"escape!"

The remaining quasi-empire, his face changed wildly, madly escaping.

"To die, to die!"

The huge black shadow roared, his body struggling violently, and a stronger force of time came to the outside, as if the waves were breaking.

"Do not..."

Some quasi-emperor figures were rushed by the power of time, and they made a roar that didn't work. In the roar, they turned into dead bones.

Lu Ming and Bubble raised their speed to the extreme and rushed towards Ruan Tianjiao.

At this moment, Lu Ming suddenly realized many things.

He finally knew why the saint had asked him to destroy those altars.

Because the Holy Master was the huge figure of the Light God Mountain at that time, the soul force split out by the huge figure. The huge figure was obviously sealed by the town, and the three altars were the key to the town.

The saint let Lu Ming destroy the three altars just to let himself out.

Because Lu Ming shattered an altar and the power of the seal weakened, the other party could shatter the mountain and show it.

However, there are two altars, the other may not be able to come out.

At this moment, Lu Ming secretly rejoiced that fortunately he hadn't crushed the two altars, otherwise the huge figure would appear, I am afraid they were both dangerous.

That saint is really a good plan.

According to legend, Shengguang Shendao was built by the Holy Master. Every three years, it recruits a group of powerful arrogances and enters Time God Island to practice.

Lu Ming suspected that the Holy Master established the Island of Time God, called Tianjiao, and cultivated these people. The purpose was to wait for these people to become stronger and destroy the altar.

However, the general quasi-imperialists simply couldn't do it. This time Lu Ming came to them, which happened to help the other party.

boom! boom!

The wave of time **** mountain becomes more and more fierce, the power of horrible time continuously erupts, spreading in all directions, covering a wider and wider range. In this way, the entire island of time **** is estimated to be shrouded.

"Bubble, time and space channel!"

Lu Ming said to the bubble.

Bubble nodded, waved his hands, the space-time channel appeared, Lu Ming entered the space-time channel, and appeared at Ruan Tianjiao's residence next moment.

At this time, the vibration of Time God Mountain also alarmed here, a group of figures, gathered together, and looked at the direction of Time God Mountain doubtfully.

Lu Ming suddenly appeared beside Ruan Tianjiao, making them startled.

"Lu...Lu Ming, what's going on?"

Ruan Tianjiao asked subconsciously.

"No time, I will take you away!"

Lu Ming took out the pictures of mountains and rivers, a light shrouded Ruan Tianjiao and others, and collected them into the pictures of mountains and rivers.

"Hurry up and escape!"

Lu Ming shouted at the others, and then he rose into the sky, rushing towards the outside of Time God Island.

Others can't control that much, and a word of caution, whether they can escape their lives, depends on their character.

Those people were a little stunned and didn't know what happened.

"Huh, it is estimated that this person has offended Master Master and is being hunted down. We finally came to God Island, why would he leave because of his word?"

Xuan Ling's people in the country sneered. Lu Ming killed so many masters. Will they listen to Lu Ming's words?

People in other countries also nodded their heads, agreeing with the people of Xuan Ling's people, thinking that Lu Ming must have offended the saint, and he was running away at this time.

But then, deep inside Time God Island, the roar continued and became more and more intense.

Then they saw a rainbow of light, rushing towards the island of Time God at an alarming speed.

They were all foreign imperial emperors. Some of them saw the opportunity early and fled here.

"It seems that something extraordinary has happened!"

Some people looked pale.

At the next moment, deep inside Time God Island, there was a scream, a group of figures, rising from the sky, trying to escape.

But an invisible wave permeated through, those people's figure was fixed in the air, and then the body was shrivelled, as if they were deprived of years.

Old, decayed directly!

The younger ones also get older in an instant, then decay and turn into dead bones.

"Run away!"

These people, finally afraid, rushed towards the outside like crazy.

However, they haven't flew far yet. The horrible power of time is a roll. Their bodies are stiff in the air, and then they quickly become old, turning into dead bones and falling to the ground. Even the dead bones begin to decay and turn into powder.

At this time, the bubble opened the space-time channel again, and the two rushed out of the area of the space-time **** island and flew towards the distance at a rapid speed.

Roar!

In the island of time and space, there was a roar of terror, full of anger and unwillingness.

Then, Lu Ming saw a rainbow light, rushed out of Time God Island in a panic, and went away quickly.

Is a few quasi-imperial powerful.

The others who have not escaped are probably dead.

Lu Ming sighed, then spread out, flew to the distance, and watched from afar.

After that, a few unwilling roars came from Time God Island, and then fell silent.

It seems that the huge figure has not escaped.

However, no one else escaped except the original ones.

Chapter 1959: Light of law

"What is that figure of Time God Mountain? What a horror?"

Lu Ming frowned.

That huge figure, it feels terrifying, terrifying, and unfathomable in strength, it is even more terrible than the real emperor.

"Did it be suppressed here by the Emperor?"

Lu Ming thought it over and thought it was very possible.

The world here was originally pressed down by the Tiandi Mountain. The two emperors clashed and the Tiandi Mountain exploded before appearing.

It is most likely a powerful being suppressed by the Emperor.

Then, Lu Ming shook his head, turned into a rainbow of light, and left here.

That kind of powerful existence is not something he can intervene in, it is useless to think too much.

Lu Ming was heading in the direction of the Nine Kingdoms in the sea. A few days later, he took Ruan Tianjiao and others back to Mingyan.

"Tianjiao, I'm leaving!"

In the Royal Palace of Ming Yan Kingdom, Ruan Tianjiao's body shook slightly, his eyes a little complicated.

Although she knows that Lu Ming will leave sooner or later, because they are not a person of the world at all, but did not expect this day to come so fast.

"After all, he is just a passer-by of Ming Yan Guo!"

There was a sigh in Ruan Tianjiao's heart, his mood was cleared, a smile appeared on his face, and he asked, "Where are you going? Go back to Tianwai?"

Lu Ming shook his head and said, "Do you know that there are other worlds besides Wanhai Realm?"

Ruan Tianjiao pondered for a while, and said, "There are legends. There are nine worlds similar to Wanhai Realm. It is said that there are nine worlds connected to each other. Only the characters of the Holy Emperor can travel to and from!"

Lu Ming's eyes lit up, knowing that Ruan Tianjiao was talking about the lotus world.

In the lotus world, nine petals are nine worlds.

"You know, where is the passage?"

Lu Ming then asked.

"It is said that in the extreme west of Wanhai Realm, there is a void channel leading to other worlds!" Ruan Tianjiao said.

"Where is it?"

Lu Ming nodded, then a storage ring appeared in his hand, and handed it to Ruan Tianjiao, saying: "Tianjiao, there are some sacred medicine, sacred soldiers, and some battle arrays, exercises, you keep it, to the Mingyan Kingdom, It will help!"

Ruan Tianjiao gave Lu Ming a complicated look, then took the storage ring and said, "Lu Ming, take care!"

"Take care, goodbye!"

Lu Ming clenched his fists and then rose into the sky, disappearing into the sight of Ruan Tianjiao.

"Goodbye today, I don't know if I can see you in this life!"

A long sigh came out.

...

Lu Ming is extremely fast, flying like a ray of light towards the extreme west of Wanhai Realm.

Endless seas, islands, passing under Lu Ming.

At the current speed of Lu Ming, he is exerting his full strength. What a horror is much faster than breaking the shuttle 20 times.

After a few days, the sea became more and more desolate, and the islands were no longer visible, only the endless sea.

Two more days later, from a distance, a loud rumbling came.

Lu Ming found that in the distance there was a void, a disorder, as if in the sky, a huge abyss appeared out of thin air, dividing the sky into two halves.

That is, the endless stream of emptiness.

Lu Ming was approaching, and he had a powerful force that impacted on him.

That is the power of the void, and if it is not enough for cultivation, it will be strangled and crushed by the power of the void.

But for Lu Ming, the impact is not great.

Tweet...

The bubble cried, and as soon as the figure moved, it rushed into the turbulent flow of the void, like a fish.

Lu Ming smiled and stepped away.

嗤嗤嗤...

In all directions, all are turbulent voids, rushing to Lu Ming constantly, forming a terrible cutting force.

Lu Ming turns the law of chaos all over his body, resisting the power of void cutting.

The law of chaos shook slightly.

"The general Holy One comes here, I am afraid that it will be overwhelming for a long time!"

Lu Ming thought.

Lu Ming and Bubble went along the way. Soon afterwards, Lu Ming saw a huge vortex, suspended in the void.

This vortex, like a round of black holes, is deeply mysterious and terrifying, even if it is separated by a distance, you can feel the terrible tearing force in the vortex.

Lu Ming reveals a dignified color, and it seems that the turbulence in the void is not completely without danger. This dark vortex is very terrible. If it enters by mistake, it will be very dangerous.

Moreover, the vortex is still moving.

Next, Lu Ming continued to move forward, and every other road, he would find a dark vortex.

The empty chaotic flow here is very long. After a day, Lu Ming still did not pass them.

"Brother Lu Ming, the bubble is about to practice!"

Bubble seemed to understand something, and said to Lu Ming.

"You practice!"

Lu Ming said.

Bubble nodded, and then sat cross-legged in the chaos of the void, the power of the chaos of the void acted on the bubble, and once passed, the bubble seemed not to be in this time and space.

Lu Ming stood not far from the bubble, the law of chaos shrouded.

With bubble training, he also happens to be able to use the power of the Void Turbulence to refine the law of chaos.

Time, day by day.

Seven days later, a burst of light suddenly filled the bubble.

The brilliance began to fade, slowly, and became more and more intense, gorgeous.

"This is...light of time and space!"

Lu Ming's eyes glared, and he was overjoyed.

Anyone who cultivates powerful laws is likely to cultivate the light of a law.

Like the stellar river at the beginning, eternal light was cultivated.

Lu Ming has a deep memory of the power of the eternal light of the stellar river.

The eternal light not only has a terrifying attack power, but also has a strong defense ability, which can attack and defend, and can greatly enhance the combat power.

But it is extremely difficult to cultivate this light of law.

In theory, the ten strongest laws, as well as many royal laws, have the opportunity to cultivate the light of the laws.

But in fact, there are very few people who can cultivate.

The Son of God, who understands the ten strongest laws, has a greater chance of cultivation, but it is not 100%.

Like the Stellar River, it is only after entering the most holy consummation that it can cultivate eternal light.

But the original blade of death did not cultivate the light of death.

Lu Ming did not cultivate the light of chaos.

As for the rule of kings, it is even more difficult to cultivate the light of the rule. Only a very small number of king bodies can be cultivated.

Once cultivated, the combat power will skyrocket, pressing the same level of arrogance.

Now that the bubbles have cultivated the light of time and space, Lu Ming is naturally happy.

Lu Ming estimated that the bubble swallowed the fruit of a tree of time gods, coupled with the turbulence of the void here, combined with each other, and had some insights before they produced the light of time and space.

At this moment, as soon as the light of time and space closed, the bubble ended the practice and jumped to Lu Ming's shoulder.

The cultivation of the bubble is still the most holy, but the combat power is estimated to be stronger than before.

Now even if Lu Ming tries his best, it may be difficult to beat the bubble.

Lu Ming smiled and moved on.

Chapter 1960: Void Turbulent Battle

In the turbulent void, as long as Lu Ming avoids the dark vortex, there will be no harm.

Ok?

After a further walk, Lu Ming raised his eyebrows and stood up.

Because there was a figure in front, at a glance, there were about a dozen people, but the turbulence in the void turbulent, hindered the sight, and Lu Ming could not see the other person's specific appearance.

Obviously, the other party also found him.

The other person's figure paused for a moment, and he continued to step forward.

Soon, a dozen figures in front became clear.

"Luo Pokong!"

Lu Ming's eyes narrowed.

Among the dozen people, he saw Luo Pokong's figure. In addition, there was an acquaintance.

And at the same time, Luo Pokong and wind and dust, also saw him.

Luo Pokong began to stun for a moment, his opponent's eyes lit up, filled with cold murderous opportunities, shouted: "Lu Ming, actually you, don't let him go, surround him!"

Uh! Uh! ...

Around Luo Pokong and wind and dust, the figure flashed, surrounded Lu Ming Tuan group, with a strong breath, locked Lu Ming.

The quasi-imperials are all powerful in the quasi-imperial realm.

Obviously, you can step into the turbulent flow of the void, unless like Luo Pokong and the wind and dust, have the imperial guards, or the quasi-imperial.

These are obviously the emperors of Daluo Tianzong and Feng clan.

"Hahaha, Lu Ming, I didn't expect to meet you here. This turbulent vanity will serve as your burial place!"

Luo Pokong laughed wildly.

He was defeated by Lu Ming several times before and after, wishing to kill Lu Ming and then quickly, but unfortunately Lu Ming's combat power was too horrible, and there were too many arrogances around him. At first, even Luo Cangqiang was defeated by Lu Ming.

Even the Stellar River failed to kill Lu Ming. He had no chance at Yuanshan Shengyuan.

But here, on the edge of his peace and wind, there are more than a dozen quasi-imperial powerhouses, and Lu Ming is dead.

Lu Ming frowned, and also frowned. A dozen of imperial emperors, even if he joined forces with Bubbles, may not be able to win.

"kill!"

Lu Ming suddenly moved and started to be strong first.

He rushed towards the right with Bubble.

Bubble waved his hand, two transparent bubbles, enveloped the two front emperors in front, then, Lu Ming pointed **** in a row, chaotic finger robbery broke out, bombarded on these two front emperors.

Although the two emperors tried their best to resist, they were still hit hard. Their bodies flew out like shells, and their bodies almost burst apart.

The two quasi-imperials were blasted away, a loophole appeared in the encirclement, and Lu Ming continued to flash forward.

But at this time, a figure, with a very fast speed, caught up with Lu Ming, iron fist like a mountain, rumbling towards the landing.

The iron fist exploded, and the turbulence of the void was scattered, revealing a vacuum channel.

Lu Ming's face changed, a terrifying punch.

Prison Prison!

At a critical moment, Lu Ming ran a prisoner of Heavenly Power, and he also punched out.

boom!

When the two fists collided, Lu Ming felt a terrible and incomparable force, and came toward him. Lu Ming felt his arms numb and his body could not help backing up.

"This person is so strong!"

Looking at a middle-aged strong man ahead, Lu Ming sank slightly.

The strength of this strong man is extremely amazing, far exceeding other prospective emperors.

"This person's spiritual body is extraordinary, it is a superior celestial body!"

A thought flashed in Lu Ming's heart.

Of course, the fighting power of the quasi-empire also has its strengths and weaknesses. Generally, if the earth spirit body breaks into the quasi-empire, Lu Ming has no fear at all and can even defeat and kill.

However, if the celestial body breaks into the quasi-empire, the combat power is undoubtedly much stronger, and the strong man in front of him is the mortal body breaking into the quasi-empire.

These characters, when they were young, were originally extremely arrogant, only a little worse than the king's body, and their fighting power was extremely amazing. With Lu Ming's current cultivation practice, they were simply not enemies.

boom!

The man stepped out again and slammed towards the landing.

Tweet...

Bubbles waved his hands, and the endless void flowed toward this person.

But this man's combat strength is indeed amazing, his fists are constantly blasting out, and the iron fist is like a mountain, breaking the void chaotically one by one.

"Bubble, don't touch this person hard, walk from the other side!"

Lu Ming sent a voice to the bubble.

The two moved, rushing towards the other side.

At this time, other prospective emperors also launched an attack on Lu Ming, a dozen terrible magical powers, which led to the turbulent flow of the void, and they drowned toward the landing.

On the bubble, the light of time and space emerged, his hands waved, and the time and space flowed back and forth, slamming toward the other party, and the roar continued.

Lu Ming's body moved, rushed to a quasi-imperialist, his hands pressed, and nine shadows of the jail monument appeared, and they suppressed toward the person.

The person shouted and tried his best to resist, but he was still retreated by the shock.

Then, Lu Ming's endless runes appeared on his left hand, exerting the power of the seal, and went towards the person's seal, while the right hand, with all his strength, pointed a finger.

A chaotic robbery finger, bombarded towards this person.

"kill!"

At this time, other people, including the Quasi-Emperor of the supernatural spirit body, also launched an attack on Landing Ming.

"Brother Lu Ming, give it to me, tweeted!"

Bubbles rushed out, a small mouth beeping continuously, a dozen transparent bubbles appeared, and a dozen of imperial emperors were enveloped in it at once,

More than a dozen movements of the imperial emperor, at the same time, stiff, bursting power, impacting transparent bubbles.

The brave man, indeed, had amazing fighting power. After several consecutive punches, he burst the transparent bubble.

But such a delay has given Lu Ming enough time.

The prospective emperor was sealed by the power of Lu Ming's seal, and then the fingers of the chaos robbery fell. The prospective emperor screamed, and half of his body exploded.

Uh!

But Lu Ming didn't give him a chance to respond. The Tai Chi array flew out of his eyebrows, and two Yin and Yang fish swords shot out in a hurry.

"Damn it, a bunch of waste!"

In the distance, Luo broke into a roar.

It was a shame that more than a dozen prospective emperors besieged Lu Ming and two people were actually killed by Lu Ming.

"Using the imperial soldiers, stop this little girl, Lu Ming hand it to me!"

The middle-aged strong man shouted.

"I come!"

A quasi-imperial emperor of the wind clan waved a small pagoda and then zoomed in sharply, like mountains, with endless gusts of wind screaming like a prison cage and heading towards the bubble.

At the same time, the middle-aged strong man screamed at the landing with all his strength. His punching power was terrifying. Every punch, the void was trembling.

Lu Ming pointed out several fingers in a row, but after the Chaos Tribulation Finger collided with the opponent, they were also defeated one after another, and Lu Ming fell into the downwind.

On the other side, the bubble burst left and right to avoid the giant tower.

But there are too many prospective emperors on the other side. More than a dozen prospective emperors, locking in all directions, constantly launching attacks, block the bubble's retreat in a brutal and direct way.

There were even two people who sacrificed the imperial soldiers to block the bubble retreat.

For a time, the bubble was trapped and it was difficult to help Lu Ming.

Buzz!

Lu Ming manipulated the Tai Chi array and suppressed toward the middle-aged strong man. At the same time, the Dayan Dan furnace appeared, which suddenly became larger and smashed towards the other party.

"I have the emperor soldiers!"

The middle-aged strong man sneered, a giant hammer appeared in his hand, and the giant hammer blasted towards the Tai Chi array and Dayan Pill furnace.
