

D Emperor 1961

Chapter 1961: Qiuyue seriously injured

when!

The Tai Chi array was blasted back, and then the giant hammer hit the Dayan Dan furnace. The Dayan Dan furnace vibrated and was also bombarded.

"Come here, help me kill Lu Ming!"

The voice of the middle-aged strong man came out, and two prospective emperors killed Lu Ming to cooperate with the middle-aged strong man.

With the cooperation of two prospective emperors, the middle-aged brawny man is even more unscrupulous. The giant hammer is as big as a house, and it keeps slamming toward the landing.

Boom! Boom!

Lu Ming resisted with the Dayan Dan furnace, which kept going backwards.

Huh...

At this moment, behind Lu Ming, there was a terrifying roar, a huge dark vortex, slowly moving towards this side.

"Hahaha, Lu Ming, you are dead!"

The middle-aged strong man showed his ecstasy.

God really wants Lu Ming to die. At this time, a dark vortex moves to make Lu Ming retreat.

Tweet...

The bubble screamed and wanted to rescue, but at this time there were three imperial soldiers, blocking the three parties, and other quasi-empires were bombarding continuously. Although the time and space law of the bubble was mysterious, the other party disturbed the void in a brutal way, the bubble for a time, Can only protect themselves, it is difficult to rescue.

At this moment, behind the dark vortex, there was a pair of cold eyes, staring at the landing sound.

This person is actually Luo Cangqiang.

In fact, Luo Cangqiang and Luo Pokong were together, but before that, he was practicing alone in the void, so Lu Ming did not find him.

He heard the movement and rushed towards this side, but did not expect to find Lu Ming.

He lurks behind the dark vortex, exerting deprivation laws, condensing deprivation of the seal, and constantly depriving the energy of the void.

The longer the time, the more energy is deprived, and the stronger the power of deprivation of the Divine Seal.

Up to now, those who have deprived the God Seal have deprived the massive amount of energy, and the power has reached the point of terror, even Luo Cangqiong was shocked.

"Lu Ming, use this trick to send you on the road!"

Luo Cangqiang's eyes flashed with a terrible color. When he saw that Lu Ming was suppressed by the middle-aged strong man and two quasi-empires, there was a gap. Luo Cangqiong did not hesitate, and his figure flickered out, depriving him of the seal. He flew out at a rapid speed and drove towards the landing.

"Luo Cangqiang!"

Lu Ming felt a shock in his heart. The power of depriving the Seal of the Gods was so amazing that it even surpassed the attack of the middle-aged man.

At this time, Lu Ming tried his best to resist the attacks of the middle-aged man and the other two imperial emperors. He didn't even expect that after the vortex, Luo Cangqiang would suddenly be killed. At this time, he wanted to avoid it. It was too late.

Qiuyue first entered the Yellowstone Realm. After exploring several ruins of this world, she also came to the edge of the Yellowstone Realm and entered the turbulent void, wanting to explore another world.

She practiced while walking in the chaos of the void, and after a few days of walking, she suddenly heard a violent roar in front of her.

Qiuyue converged and moved towards the front, she saw that Lu Ming was fighting with people.

When she was about to help, she saw that Luo Cangqiong suddenly shot and launched an attack on Landing Ming.

At this moment, Qiuyue rushed out without any hesitation.

...

"Master, be careful!"

In Lu Ming's ear, a clear voice sounded, and then he saw a white figure, rushing from the side quickly, rushing towards the deprivation of the seal.

"Autumn..."

Lu Ming shuddered in his heart, and then heard a huge roar. Qiuyue's body flew towards the landing. In the air, the blood was red, like a beautiful blood-colored rose.

"Autumn Moon!"

At this moment, Lu Ming shouted and his eyes were red.

The strength of Luo Cangqiang's move just now was too strong. Lu Ming knew very well that Qiuyue could not stop it.

Lu Ming Changxiao, fully control the Dayan Dan furnace, blocked the attack of the middle-aged Han and two quasi-empires, and moved his body to catch Qiuyue's body.

At this moment, Qiuyue's face was white, without any blood, and there was a continuous flow of blood in her mouth, and her breath was very weak.

Like a faint candlelight, it will go out at any time.

"Qiuyue, it's you, how is it possible?"

Luo Cangqiong roared, something incredible.

Why did Qiuyue suddenly appear, blocking his must-have move?

He froze for a while and forgot to start.

The middle-aged man also knew that Luo Cangqiang had been pursuing Qiuyue, and he couldn't help but stop seeing this scene.

"Qiuyue, why are you so stupid, why should you block me?"

Lu Ming hugged Qiuyue, his heart was shaking.

With his cultivation practice and physical strength, even if he takes a hard stroke, the most serious injuries may not fall, but Qiuyue is not necessarily.

"Young...Master, I said, I will always be by your side..."

Qiuyue spoke, but her voice was weak, and her breath became weaker and weaker.

Lu Ming held Qiuyue's hand, and Shengli kept pouring into Qiuyue's body, protecting Qiuyue's heart.

But still useless, Qiuyue's breath became weaker and weaker, and his eyes closed slowly.

"Lu Ming, give Qiuyue to me, even if she dies, she is also my person!"

Luo Cangqiang said indifferently.

"Luo Cangqiang!"

At this moment, Lu Ming looked at Luo Cangqiang, his eyes were covered with bloodshot eyes, and there was an extremely cold murder in his body, just like the demon of the Nine Nether Purgatory.

"I will definitely kill you, and Da Luo Tianzong, sooner or later I will level!"

A cold and ruthless voice came from Lu Ming's mouth.

Stared by Lu Ming's indifferent eyes, Luo Cangqiong felt cold in his body and shouted: "I still want to kill me, then let you all die here today and be a pair of same-family mandarin ducks!"

boom!

On Luo Cangqiong, a breath of terror erupted, and an imperial soldier emerged.

Luo Cangqiong was the grandson of the emperor. The emperor soldiers on his body were given by the emperor.

"Together, kill them!"

Luo Canghou shouted, the imperial soldiers encroached on the landing with terrible power.

At the same time, the middle-aged man also shot, the giant hammer broke through, killing Lu Ming.

"Luo Cangqiang, I will kill you in the future!"

Lu Ming spoke indifferently, and his thoughts moved. The Dayan Dan furnace did not protect himself, but blasted towards the bubble.

His own thoughts moved Qiuyue into the mountains and rivers. At the same time, Lu Ming's Tai Chi array and the chaotic stone were in front of him, and his figure retreated back toward the darkness. The vortex washed away.

boom! boom!

The Tai Chi array was blown back by the middle-aged strong man, and the Chaos Stone was hit by Luo Cangqiong's imperial soldiers, and flew to Lu Ming.

The terrible force accelerated Lu Ming's speed, and Lu Ming flew directly into the dark vortex.

Suddenly, a great and powerful force acted on Lu Ming. Lu Ming's figure disappeared into the whirlpool, disappeared.

On the other side, the Dayan Pill was knocked down and smashed an imperial soldier under siege bubble. The shape of the bubble moved. In a flash, it rushed out of the encircling circle and into the dark vortex.

"Stop that red hearth!"

Someone shouted, trying to stop the Dayan Dan furnace, but Dayan Dan furnace had long recognized Lu Ming as the main, very spiritual, drove several quasi-imperials into the dark vortex, and disappeared. .

Chapter 1962: In the Netherstorm

"Damn!"

Luo Cangqiang screamed, killing the cold.

"Huh, Lu Ming entered the dark vortex, it was dead!"

Luo Pokong came into the air and sneered.

"Yes, he is dead!"

Other prospective emperors also smiled.

In the dark vortex, they possessed a terrible power of destruction, which shocked them all. Lu Ming went in, and he would definitely die.

"Not necessarily!"

Luo Cangqiong's face was very cold and said: "This person Lu Ming is terrible and difficult to speculate, and there is a person who understands the laws of space and time to go in together, he may not die!"

This statement shocked other people.

Indeed, Lu Ming itself is very scary, plus a person who knows the laws of time and space, even if he enters the dark vortex, it may not be a problem.

That being said, just now, Lu Ming took the initiative to enter.

Everyone's face was ugly, but they weren't sure if they wanted to go in and chase it. After all, it was dangerous and unpredictable.

"Huh, Lu Ming, even if he doesn't die, I will kill him sooner or later!"

Luo Cangqiong sneered, they did not leave, but stayed here to prevent Lu Ming from coming out.

They guessed right. Lu Ming did take the initiative to enter the dark vortex.

He didn't dare to fight. He really fought hard. He still had the cards, but he was worried about Qiuyue's safety.

Qiuyue's injury is too serious, you must hurry to cure it, otherwise it will be really dangerous.

As soon as Lu Ming entered the dark vortex, in all directions, there was a terrifying power of destruction and cutting towards him.

Lu Ming runs the Holy Power while controlling the law of chaos, covering the whole body to resist.

Zizizi...

The power of such cutting, continuous impact on Lu Ming, so that the laws of chaos all send out bursts of vibration, as if to collapse.

"The power of cutting is amazing!"

Lu Ming is running the law of chaos with all his strength, resisting.

At the same time, there is a void storm in the dark vortex, pushing and landing to fly far away, aimlessly.

call out!

It didn't take long for a flash of light to appear, and bubbles appeared beside Lu Ming.

Bubble controls time and space, and has cultivated the light of time and space, this void storm, why can't she.

Bubbles appeared next to Lu Ming. Around them, the law of time and space was laid, blocking the outside world's void storm.

Uh!

At the next moment, the Dayan Dan furnace also flew over and was put away by Lu Ming.

"Autumn Moon!"

Lu Ming missed Qiuyue, Qiuyue moved, and Qiuyue came out of the mountains and rivers.

At this moment, Qiuyue had fallen into a coma with a weak breath.

Luo Cangqiang's blow was too powerful. He hid aside, deprived the outside world of energy by the deprivation rule, and accumulated the power of terror. He originally planned to kill Lu Ming in one fell swoop.

Qiuyue hurriedly, just wanted to stop that trick for Lu Ming, the injury was too heavy.

"Damn!"

Lu Ming gritted his teeth, and wished that Luo Cangqiong would have his bones raised.

"Qiuyue, I will definitely not let you do anything!"

Lu Ming whispered, took out the healing potion, melted the potion with holy power, and melted it into Qiuyue's body.

However, Qiuyue's injury is still not improving.

"Brother Lu Ming, try the fruits of Time God Tree!"

Bubbles open, mouths open, and the time **** tree emerges.

Lu Ming's eyes lighted up. Time God Tree originally had two milky white fruits. Before the bubble swallowed one, there was one more.

Time God Tree, since it can double the Warrior's Shou Yuan and increase Shou Yuan, is actually to increase vitality, indicating that the fruit of Time God Tree contains powerful vitality.

This fruit may save Qiuyue!

Lu Ming picked the fruit and refined it into Qiuyue's body with divine power.

Sure enough, the fruit of Time God's Tree contains infinite vitality, penetrating into Qiuyue's limbs and bones. Qiuyue's body surface is recovering quickly, and Qiuyue's breath is also calming down.

But, did not wake up!

"Brother Lu Ming, it seems that Qiuyue's sister's injury is too serious, just the fruit of a tree of time gods, can't let her wake up!"

Bubble looked at Qiuyue carefully, and then said.

Lu Ming ran his holy power and circulated Qiuyue's whole body. After a while, he sighed.

Qiuyue's breath of life has stabilized, but as the bubble said, if you want to wake up, it's not easy.

Lu Ming caressed Qiuyue's face, wiped off the blood stains on Qiuyue's mouth, and said softly: "Qiuyue, no matter what, I won't let you have anything to do. Luo Cangqiong, and Da Luo Tianzong, I will not let go! "

Speaking of the back, Lu Ming's voice froze, bursting into a cold murderous opportunity.

This time, it was too dangerous. Fortunately, sometimes the fruit of the Light God Tree was not unpredictable.

If Qiuyue had an accident, Lu Ming would have no peace of mind in his life.

Qiuyue, still the same as before, she didn't talk much, and didn't have too many demands. She just guarded Lu Ming silently, willing to give everything for Lu Ming, including life!

Lu Ming held Qiuyue's little hand, but Naizhong recalled the scenes of his childhood. It took a long time before Lu Ming sent Qiuyue back into the mountains and rivers and placed it under the ancient trees of Wudao, hoping to help Qiuyue.

At this time, Lu Ming looked around, they were still in a chaotic void storm.

Bubbles surround the surroundings with the law of time and space, breaking through the void storm.

"Bubble, how do we get out?"

Lu Ming asked.

In terms of space, natural bubbles are better at it.

"Brother Lu Ming, with my current practice, I want to break through the space and go out, I can't do it, I have to wait, find the weak point of the space, and then rush out!"

Bubble explanation.

"Ok!"

Lu Ming nodded.

They continued to wait until they looked around, looking for opportunities.

Over time, the power of bubbles is getting weaker and weaker, so if they are exhausted, they are also dangerous.

"I don't even know where it is!"

Lu Mingsi, it is very dangerous to float in the void. If it floats in other worlds, if it floats in the void of the eternal void, there is no way for the Emperor Wu to cultivate his behavior.

"Brother Lu Ming, yes, look there!"

The bubble suddenly pointed in the right direction.

Lu Ming looked over and saw the void there, some fluctuations.

"We attacked with all our strength, broke out, tweeted!"

The bubble screamed, manipulating the law of time, reversing the direction, and flew towards the waved land.

"Chaotic Tribulation!"

Lu Ming used all his strength and pointed a finger.

Now, Lu Ming's chaotic fingers have reached ninety-four of the blaze, and he pointed out a finger with all his strength. The power is very amazing.

At the same time, the bubble also cooperated with Lu Ming to bombard the void.

boom!

The Void violently shook, and then hissed, and a crack opened, and Lu Ming was overjoyed, and rushed over with the bubble.

As soon as he rushed through the crack, Lu Ming discovered that he appeared in a cave.

Roar!

Behind Lu Ming, there was a roar, a smelly smell, and a scorching breath.

In front of Lu Ming, there was a big man, staring at Landing Ming and Bubbles dumbfounded.

Chapter 1963: Thousand Beasts

Lu Ming glanced and found that behind him, there was a fiery red lizard with wide eyes and staring at the land.

In the front, it is the middle-aged man, who is also surprised to see the landing song.

One person and one lizard, all exude a strong breath, and they are all quasi-imperial.

Lu Ming knew through the traces of the scene.

It must be that the middle-aged man and the monitor lizard just fought each other just now, causing space fluctuations and making the space fragile, and they just found out that with a full blow and cooperation, they penetrated the space and appeared here.

Roar!

At that moment, the monitor liar roared and regarded Lu Ming as that big man's ally. With a step, a blazing flame burst from his body, a fireball spewed out of his mouth, and he roared towards the landing.

Lu Ming banged out with a punch, and a ghost image of the jailstone appeared, destroying the fireball of the monitor lizard.

bump! bump! ...

The monitor lizard stepped on the ground, the cave roared, and rushed towards the landing.

The claws are broken, like sharp swords.

At the same time, fangs screamed at the landing.

"court death!"

Lu Ming's eyes were a bit cold. He was originally angry. The monitor lizard killed him as soon as he appeared, making Lu Ming more angry.

boom! boom! ...

Sheng Li boiled, Lu Ming blasted several punches in a row, and bombarded with the monitor lizard.

Although this monitor lizard has the quasi-imperial power, it is still not Lu Ming's opponent in a frontal collision, and Lu Ming's blows back again and again.

bump!

Lu Ming leaped high and fell from the top, hitting the head of the monitor lizard with a punch, and smashing the monitor lizard heavily on the ground.

Roar!

The monitor lizard's head hit the ground and screamed. A scaly tail, like an iron whip, pumped towards the landing.

Lu Ming grabbed the monitor lizard's tail and lifted the monitor lizard directly, throwing it towards the cave entrance.

Uh!

The monitor lizard was thrown out of the cave directly by Lu Ming.

Roar!

Just then, outside the cave, there was a horrible roar. This roar did not come from the monitor lizard, it seemed to come from below the cave.

The strong roar made Lu Ming's eardrums vibrate as if there was a supreme demon there.

Then, Lu Ming saw the giant lizard and gave a frightened roar, and his body quickly fell down, seemingly attracted by some force.

Roar! Roar! ...

Then, the roar rang continuously and shook the earth.

The terrible sound waves stirred up in this area.

The middle-aged man, with a dignified face, distanced himself from Lu Ming and dared not go out at all.

"Senior, what is outside?"

Lu Ming asked.

"do not know!"

The middle-aged man shook his head.

"Then where is it?"

Lu Ming asked again.

"Ten Thousand Beasts!"

The middle-aged man said, looked at Lu Ming again, and said, "You should be the son of Chaos in Yuanshan Shengyuan!"

"Oh!"

This remark made Lu Ming's eyes bright. It seemed that it should be one of the nine worlds of Lotus World. They did not leave too far.

At this point, the roar of the outside world stopped, and Lu Ming just asked again. The middle-aged man rushed out of the cave and disappeared.

Lu Ming was speechless, and then came to the entrance of the cave, looking out, his eyes widened.

The scene outside is extremely magnificent.

He is in a crater like a volcano, or like a huge cave leading to the ground.

And where he is, on one side of the wall of the cave, looking out, the walls around the cave are densely packed caves.

In the middle of the cave, there are stone bridges interlinked and coherent.

The cave is going down, I don't know how deep it is, the dark one below.

The roar just now came from below.

Lu Ming saw the middle-aged man, jumped on a stone bridge, rushed into a cave diagonally opposite, disappeared.

Lu Ming looked again, and found that in some caves, there was a figure flashing.

"Is this place a relic of the Thousand Beasts, many foreigners, exploring here?"

Lu Ming thought.

He saw that in some caves, a figure flashed out, it seemed to be very cautious, landed on those stone bridges, and then waited cautiously, jumped forward, jumped to a stone bridge below, just like this, but can continue down To explore the cave below.

Roar!

Just then, deep inside the cave, there was another shouting roar.

Along with the roar, there was a terrible attraction deep inside the cave, as if to devour everything.

what!

A horrified scream sounded.

Lu Ming saw a strong man in the most holy realm, because it just took off, did not fall on the stone bridge, was swallowed directly by that force, and disappeared into the endless abyss.

Lu Ming took a breath, and below, what the **** was there, he couldn't resist even the most holy.

And the previous monitor lizard, obviously, too, was swallowed by that force.

But Lu Ming found that those who fell on the stone bridge were fine. It seemed that the stone bridge could stop the swallowing power.

No wonder those people jumped on the stone bridge, so careful.

"This place is full of crisis!"

Lu Ming muttered and looked around. He found that the cave he was in had no other exits, and he wanted to go out, only the front entrance.

"Now take a break here, bubble, you recover first!"

Lu Ming said to the bubble.

Before, in the void storm, the bubble time and space law resisted and consumed a lot, just to take a break here.

"Okay, brother Lu Ming, tweeted!"

Bubble nodded, took out a lot of original stone and holy medicine, and began to recover.

Lu Ming also sat cross-legged, devouring the original stone to adjust interest.

Soon after, Lu Ming's state returned to its peak.

At this moment, Lu Ming's heart moved, and that chaotic stone appeared in Lu Ming's hands.

Before, Lu Ming blocked Chao Cangqiang's imperial attack with Chaos Stone. At that time, Lu Ming heard a subtle sound, which seemed to be the sound of Chaos Stone being cracked.

Lu Ming took out a dozen and found that a crack appeared in the chaotic stone.

"The Chaos Stone is indestructible, and it was actually cracked open. The emperor soldiers of the Luo Cang Sky are really powerful!"

Lu Ming turned his thoughts, and then thought again, since the chaotic stone cracked, it would be better to break apart and have a look.

Immediately, Lu Ming used the power of his whole body to grasp the Chaos Stone and used it to break through.

Click!

The Chaos Stone sounded louder, and the cracks became bigger.

"It really can break apart!"

Lu Ming's eyes lit up, and it would be impossible to break apart if the Chaos Stone had been cracked before.

Lu Ming continued to work hard. After a while, the Chaos Stone was completely broken into two halves.

Ding! Ding!

Inside the chaotic stone, there are two small spar, which fell on the ground.

"This is... the crystallization of chaos!"

Seeing the two spars, Lu Ming's eyes lit up suddenly.

Chapter 1964: Refining the light of chaos

Breaking apart the Chaos Stone and dropping two Chaos Crystals from the Chaos Stone surprised Lu Ming.

Because the crystal of chaos is formed by the condensed atmosphere of chaos.

When this auction stone was auctioned, the other party said that there was no chaos in it, so the price was so low.

But no one thought that within the Chaos Stone, it is not that there is no Chaos Qi, but that the Chaos Qi is all condensed together and becomes a Chaos Crystal.

The crystal of chaos is almost integrated with the chaotic stone, so if you don't break the chaotic stone, you can't find it at all.

I made a lot of money!

Lu Ming carefully checked and determined that there were only two chaotic crystals in the chaotic stone.

Lu Ming immediately manipulated the law of chaos, shrouding two chaotic crystals.

Buzz! Buzz!

When the law of chaos envelopes the crystal of chaos, the two crystals of chaos vibrate slightly, suspending in the air with the law of chaos.

Then, the two chaotic crystals melted like ice, turned into liquid, and finally turned into two streams of air.

Chaos gas!

Lu Ming's eyes lit up. He had melted into a chaotic air in his body. Naturally, he saw at a glance that these two air currents were also chaotic air.

"Then do two more exercises!"

Lu Ming's eyes flashed, his thoughts moved, and he controlled the law of chaos, pulling the air of chaos into his body.

Lu Ming's flesh has smelted a chaotic gas, which is very consistent with the chaotic gas, and it has no difficulty in melting.

Three days later!

The bubble has recovered long ago, staying at the entrance of the cave and protecting Lu Ming.

In the past few days, deep inside the cave, there will be horrible roars from time to time, and even with the sound of the iron chain collision, it seems that there is a supreme demon, locked underneath, trying to struggle out.

Lu Ming turned a deaf ear to all of this, and he concentrated on refining the spirit of chaos.

In three days, the two chaotic gases have been completely smelted into the body by Lu Ming, penetrating into the body's muscles, bones, and blood, pervading everywhere.

Lu Ming's physical strength has been greatly improved and strengthened.

His body seems to have a dim light, and between his thoughts, he will be heavy like a mountain, becoming indestructible and strong and immortal.

Buzz!

At this moment, his body seemed to resonate with the law of chaos.

The warrior, in reaching the third stage of the Half Saint, can get the law of the tank, the law and the body are highly compatible, and the law is contained in the body, which makes the strength of the flesh skyrocket.

At this moment, the law of chaos is constantly pouring into Lu Ming's body. Lu Ming's body is numb, and there seems to be a terrible power that will be born.

Buzz!

Soon after, a halo emerged from Lu Ming's body.

"Chaotic light, tweeted!"

Aside, Bubble blinked his big eyes, showing a happy look.

Lu Ming, refining two Chaos Qis, plus the previous one, a total of three Chaos Qis, which greatly strengthened the spirit body, and homeopathic impact, resonating with the law of Chaos, in one fell swoop to refine the Chaos Qi Light.

The light of chaos is still relatively light at first, but with the passage of time, the color of the light of chaos is getting darker and deeper, and finally turned into a chaotic light, which surrounds Lu Ming's body.

After another moment, Lu Ming opened his eyes, and the light of chaos entered his body.

"The strength of the body is stronger!"

Lu Ming felt it carefully, his eyes gleaming.

Unexpectedly, a chaotic stone that he didn't intend to buy at the time actually made him refining the light of chaos.

If there are no two chaotic gases, he still doesn't know when he can make the light of chaos?

This time, although his cultivation base had not been promoted, his combat strength had jumped.

Roar! Roar!

At this moment, outside the cave, there was a horrible roaring sound again, bursts of violent wind-like strength, from the depths of the cave, roaring out.

Dangdang!

At the same time, accompanied by the sound of iron chain collision.

Lu Ming's expression narrowed.

He couldn't help thinking of Time God Island.

On the island of Time God, there is also a huge creature sealed by the chain, which is extremely powerful and unfathomable.

And here, I heard the sound of the iron chain. Isn't the town under the cave, like Time God Island, enclosing a supreme strongman?

The voice roared for a while, then stopped.

Lu Ming and Bubble went to the entrance of the cave and looked out. They saw a figure leaping out of some caves, jumping over the stone bridges, and going down with the help of the stone bridges.

boom! boom!

Suddenly, a roar came from under the cave, and at the same time, a dazzling light burst out and rushed straight into the sky.

Below the cave, someone was fighting.

Lu Ming could not help turning the Holy Power to his eyes, and suddenly his eyesight greatly increased, looking down at the cave.

In this way, the scene below the cave suddenly became clear.

Under the cave, there is actually a huge platform, and in the middle of the platform, a temple is built.

Around the platform, there are four stone bridges connecting the walls around the cave.

At the moment, a group of people are fighting on the platform.

"Huang Ling, Long Chen!"

Lu Ming's eyes narrowed, and then a flash of murderous opportunity flashed through.

At this moment, Huang Ling, Long Chen, and a few old men, because they should be the quasi-imperial powerhouses of Phoenix Palace and God Sect, are being besieged by a group of people.

The group of people, Lu Ming, saw at a glance that they belonged to the Heng family because they used Changchun's law.

At this moment, Huang Ling and Long Chen and others were in danger. They were surrounded by the other party.

The number of opponents is relatively large, and they are all imperial emperors, as many as six.

And Huang Ling, they only have three prospective emperors, and the fighting power of Huang Ling and Longchen is still a bit different from those of the prospective emperor.

"Slave these three old guys first, and the two little ones stay. These two men have a close relationship with Lu Ming. Leave them and let Lu Ming exchange the sword of Heavenly Emperor!"

Among the Heng family, one of them said coldly.

Their attacks are more like storms and storms, killing the three prospective emperors of the Phoenix Palace and the Idol Sect. For the Phoenix Spirit and Longchen, it is just a matter of restraint.

puff!

A burly old man of the Idol Sect, pierced Dantian with a sword of a quasi-imperial emperor of the Heng family. The old man's mortal counterattack only hurt him slightly, not seriously.

"Long Chen, you must rush out!"

The burly old man of Idol Zong shouted and fell heavily on the ground without any breath.

"Damn!"

Long Chen roared, his eyes red.

"Haha, I want to rush out and dream!"

A quasi-Emperor of the Heng family sneered again and again. He strode forward and horrifiedly attacked the Phoenix Spirit.

At this moment, a transparent bubble suddenly appeared, covering him, his body suddenly stiffened.

Immediately, a prison monument came down from the sky and slammed into his body.

bump! This Heng family prospective emperor is torn apart.

Chapter 1965: Kill the Heng Family Prospector

A ghost image of a prison monument came down from the sky, torn apart a quasi-empire of the Heng family.

Immediately, a young figure fell in front of Huang Ling and Long Chen.

This figure is of course Lu Ming.

Seeing that Huang Ling and Long Chen were besieged by the Heng Family Quasi-Emperor, Lu Ming quickly rushed by means of the stone bridge.

"Lu Ming!"

Seeing Lu Ming, Huang Ling and Long Chen overjoyed.

"It's Lu Ming!"

The prospective emperor of the Heng family changed his face.

"Hang Family, kill!"

Lu Ming shouted, killing thoughts rolled out like a tide.

"Haha, I still want to kill us. Lu Ming happened to be here, just to solve you, and take back the sword of the Emperor!"

"Yes, it's really hard to break through the iron shoes, no effort to get it!"

Several Heng family prospective emperors all sneered and rejoiced.

Their Heng family entered the lotus world this time and had two tasks.

The first is to explore the remains left by the emperor.

The second is to kill Lu Ming and take back the sword of the Emperor.

They had been looking for Lu Ming, but Lu Ming didn't expect to send it to his door.

"Lu Ming, you have to be careful, they have a very strong person, we rush out together!"

Huang Ling voiced Lu Ming.

"Strong, I will try it!"

Lu Ming's eyes are stronger.

He happened to refine two chaotic airs, and he produced chaotic light. His strength increased greatly, and he wanted to see how strong he was.

"You stare at the little girl who controls the law of time and space, Lu Ming gives it to me!"

A burly Heng family prospective emperor stepped towards the landing.

Another Heng family quasi-empire, breath locked bubbles, lest bubbles help each other.

boom!

The emperor Heng's burly quasi-imperial screamed towards the landing. At the moment of the blast, the river of law surrounded the fist, making the power of this fist even more amazing.

If the characters below the quasi-imperialism are directly hit by this boxing, they will be crushed into scum.

But Lu Ming is not an ordinary warrior.

boom!

Lu Ming also blasted out with a punch, and used the jail-killing feat. This punch did not show the ghost image of the jail-mark, but condensed the power of the jail-mark in his fists.

boom!

Lu Ming's fist bombarded with the opponent's fist.

Click!

Immediately, I heard a sound of bone fracture.

The fists of the Heng family's burly quasi-empire directly burst open, and he was backed off repeatedly by a terrifying force.

"How could it be so strong?"

The Hou family's burly emperor yelled in my heart.

In the punch just now, he felt that Lu Ming's fist was full of terror, and he was almost indestructible.

"dead!"

Lu Ming stepped out, chasing and killing this person, and punched again with a punch. This punch made the space continue to vibrate.

Heng's burly prospective emperor, his face changed wildly, and he went back crazy.

"let me do it!"

Among the Heng family prospective emperors, a thin and middle-aged man suddenly appeared in front of Lu Ming, punching him with a punch, and hitting Lu Ming with a punch.

boom!

With a terrifying shock, Lu Ming and the other party's body shook at the same time, and backed out a few steps.

"Is the quasi-Emperor of the finest heavenly body?"

Lu Ming's eyes narrowed slightly, showing a strong fighting intention.

Previously, one of the people who met the Daluo Tianzong and the Feng clan in the chaos of the void was one of them, the quasi-emperor of the upper heavenly spirit body. It was very powerful, and Lu Ming was completely suppressed.

And this thin, middle-aged, is also this kind of character, the combat power far exceeds the general prospective emperor.

"Some strength, come again!"

The thin emperor, named Heng Shi, was a genius figure of the Heng family when he was young. At this time, he stepped out, and a sword appeared in his hand.

This is an imperial soldier!

Lu Ming's eyebrows glowed, and the Dayan Dan furnace flew out. Lu Ming grabbed one foot of the Dayan Dan furnace and flew up to the other party.

boom! boom!

Several consecutive roars, the two collided in succession, it is difficult to win or lose.

The quasi-Emperor of the Heng family and the quasi-Emperor of the Phoenix Palace shook their hearts. Lu Ming's cultivation behavior was only the most holy and perfect. This kind of combat power is too amazing. It can actually be with a superior heavenly body. The quasi-imperial war.

Heng Shi was also shocked.

"kill!"

He roared, turned his body to the extreme, and the sword of war was like a rainbow, constantly slashing towards Lu Ming, thousands of swords of light, and breaking through the sky.

Buzz!

At this moment, Lu Ming's body was filled with light.

As soon as the light broke out, Lu Ming's power increased greatly, and the Dayan Pill Furnace, like a giant hammer, kept hitting the other party.

boom! boom!

After two consecutive moves, Heng Shi's figure vibrated and retreated several steps.

"Light of Chaos!"

Heng Shi shouted.

A son of chaos, once the light of chaos is refined, the combat power will increase greatly.

In the past, among the Sons of God in the land of Yuanshan, only the stellar river had smelted the light of the law, and now Lu Ming has also smelted it.

Lu Ming lifted the Dayan Pill, and the offensive was extremely violent, constantly bombarding towards the other party.

During the bombardment, Lu Ming pointedly pointed out a chaotic finger.

boom!

Heng Shi was repulsed by Chaos, and he vomited blood in his mouth.

"Retreat!"

Heng Shi shouted suddenly and backed away.

He has understood that he is not Lu Ming's opponent. If he fights again, the danger will be them.

"Bubble, shoot, shoot together!"

Lu Ming shouted.

Dudu...

The small mouth of the bubble beeps, one by one transparent bubbles spit out, covering all the five emperors of the Heng family.

boom!

Lu Ming lifted up the Dayan Pill, and smashed it towards a prospective emperor.

For ordinary quasi-empire, Lu Ming's strength has the advantage of crushing, not to mention the help of bubbles.

Without any suspense, the prospective emperor was killed by Lu Ming.

At the same time, Huang Ling, Long Chen, and the two quasi-empires of Phoenix Palace killed two Heng family quasi-empires, wounding each other.

boom!

Lu Ming lifted the Dayan Dan furnace, and smashed it out again, killing a prospective emperor.

Since the arrival of Lu Ming, the six prospective emperors of the Heng family have been killed three, and there are three remaining.

One is Heng Shi, and the other two are injured by Huang Ling.

bump!

At this time, Heng Shi broke out with full force and penetrated the transparent bubble. He didn't dare to stop at all. He stepped on his feet, rising into the sky, and rushed onto a stone bridge above.

"Want to go!"

Lu Ming's eyes were cold and he was about to pursue.

Roar!

Below the cave, a horrible roar came out, and the terrible devouring force exploded from below, making Lu Ming's face change and stopped chasing.

Hengshi is overjoyed, God really wants to help him!

After the roar stopped, Heng Shi continued to rush upwards at an alarming speed, and then rushed several stone bridges in a blink of an eye, then turned into a beam of light and flew out of the cave.

"Lu Ming, let us go!"

A roar came out.

Heng's family, there are two quasi-imperials left. At this time, they are trapped by the bubble time-space law, and one of them roars.

"Release you, why are you so naive?"

Even Lu Ming was slightly surprised.

In this case, the other party actually told him to let them go, is there a problem with his mind?

Chapter 1966: Core land

"Lu Ming, now Hengshi has escaped. You must kill my Heng family quasi-empire, and you must expose it. The Heng family will not let you go. If you let us go now, you can reduce your sin!"

A Heng family prospective emperor spoke, his voice full of faint arrogance.

"Reduce my sins? Why are you so ridiculous?"

Lu Ming is speechless, is this person of the Heng family too self-righteous?

"Moreover, the Heng family never thought of letting me go, you people of the Heng family, don't kill white or kill!"

Lu Ming spoke lightly, then a war sword appeared in his hand, and he slashed out, killing a prospective emperor.

The remaining Emperor Emperor's face changed wildly without any trace of blood.

Their Heng family is the power of the emperor, and the emperor sits in town, and is the highest in the entire Yuanshan land.

On weekdays, there are few forces that dare to fight against the Heng family, and few forces do not care about the Heng family.

He thought that since Heng Shi had escaped, Lu Ming would probably have some scruples, but unexpectedly, Lu Ming started with no softness and was very decisive.

"No, please spare me..."

Emperor Hengjia was afraid, and began to beg for mercy.

"Oh, this is the arrogance of the Heng family? This is the arrogance of the Emperor's forces? The threat is not successful, immediately begging for mercy, ridiculous!"

Lu Ming laughed sarcastically.

Emperor Heng's face was extremely ugly, but in the face of life and death, everything was virtual, he continued: "Lu Ming, as long as you can let me go, I can do anything!"

"No, leave people like you, I don't worry, kill!"

Lu Ming was very decisive, and he slashed with a sword, killing this man.

After he ran one, he ran one, and he and Heng's family could not have been relieved. What terrible was he?

"Lu Ming, you have already made the light of chaos!"

Huang Ling and Long Chen came, with amazement on their faces, and also a happy look.

The stronger Lu Ming is, the happier they are naturally.

"Ok!"

Lu Ming nodded, then looked around.

Nearby, not only these people but also others, looking at Lu Ming at this time, his eyes were dignified.

The fighting power that Lu Ming just revealed made them horrified.

Lu Ming looked around and found that they are now on a platform. In the middle of the platform, there is a palace, all of which have stairs to the palace.

At this time, many people were walking up the stairs to the palace.

But as soon as someone steps up the ladder, there will be flames, blocking everyone's way.

Even the prospective emperor can hardly climb the stairs.

"Lu Ming, here is the core of this ruin. In the palace, I don't know if there are any treasures, and I can't go up from the sky. I can only go up the stairs, but on the stairs, there are terrible formations that hinder Break the road!"

Huang Ling explained.

"The core of the ruins!"

Lu Ming's eyes lit up.

At the core of Time God Island, God Light God Mountain, they got many plants that can increase lifespan, and they also got Time God Tree.

It is because of the time **** tree, the bubble can break through in one fell swoop and cultivate the light of time and space.

Qiuyue also temporarily stabilized the injury because of the time **** tree.

It can be seen how precious the time **** tree is.

What is the core here?

"Let's go up!"

Lu Ming Road, first step along a row of stairs and step up.

Bubble followed Landing Ming, as well as Huang Ling, Long Chen, and the prospective emperors of the two Phoenix Palaces.

As soon as they stepped up the stairs, there was a terrible flame, rushing towards them.

But at the beginning, the flames couldn't help them. They stepped forward easily. After halfway through, the flames' strength became stronger and stronger.

Moreover, Lu Ming found a problem. The flame of this ladder seems to have different power with different cultivation practices.

The higher the cultivation, the greater the power of the flame.

Like a few emperors, the flame power they face is much stronger than them.

So, halfway through, several quasi-imperials were almost unable to move, and then continued, they felt that they would be burned to ashes by the power of flames.

However, Lu Ming, Bubble, Phoenix Spirit, and Long Chen are still relaxed and can continue to move forward.

They didn't stop and went all the way up.

After a while, they set foot on the stairs.

"So many doors?"

Huang Ling muttered.

Because the palace here is distributed with a door, a total of nine.

Nine doors, three of them are closed, and six are open.

At this moment, several people's eyes moved, they saw a young man, flew into a door, and as soon as the person entered, the door was closed.

"It's Wei Tiandao!"

Several people were moved in their hearts. The young man, they all knew that it was Wei Tiandao, who was ranked fourth in the Holy King List in Yuanshan Shengyuan.

However, behind the reign of the Holy Kings list, Wei Tiandao was squeezed to the eighth place.

"It seems that the three closed doors, some people have entered!"

Long Chen said.

"Perhaps among these doors, let's choose one each!"

Lu Ming said.

"Well, then we choose according to our feelings!"

Huang Ling nodded.

The four of them flew forward and chose one each.

Lu Ming walked towards the one on the far right, and he found that this door seemed to have a special attraction for him, which would give his rule of line a feeling of temptation.

After Bubble, Huang Ling and Long Chen stepped into a door, Lu Ming stepped forward.

After entering this door, the door closed.

Lu Ming looked closely.

This is a stone room, empty and wide.

But as soon as Lu Ming came in, he was attracted by the walls of the stone room.

The walls of the stone room are engraved with dense runes, very mysterious.

"This is... Rune of Formation!"

Lu Ming's eyes lit up, and he practiced the rules of formation, and he saw at a glance that this was the formation rune, and it was extremely mysterious.

"These runes seem to constitute a secret technique!"

Lu Ming looked at it for a while and came to a conclusion, then Lu Ming sat cross-legged and realized carefully.

At this moment, in Lu Ming's eyes, the runes on the wall seemed to come alive and combine with each other, turning into countless possibilities, which is unpredictable.

This sitting is three days.

Within three days, Lu Ming engraved all the runes on the four walls in his heart.

"The Nine Scrolls of the Battlefield, which are actually two of the nine Scrolls of the Battlefield.

Lu Ming was surprised.

At the beginning, he obtained the identity of the gold inheritor in the assessment of the Hundred Yuan Sect, and the dead skinny face came to the seal volume of one of the nine volumes of the battle.

At that time, the old man of Hunyuanzong told Lu Ming that the Nine Scrolls of the Array were the supreme secret method of practicing the Confucian Law of Array.

However, it has been lost for a long time. Unexpectedly, he will meet the other two volumes of the nine rolls here.

The power of the seal roll is very long, mysterious and unpredictable. During the battle, the use of the seal roll can greatly affect the combat power of the other party.

The Shattered Scroll, with runes, can constitute the power of shattering, and its power is amazing.

The phantom spirit volume, with runes, illusion of various powerful creatures, is also a very powerful secret technique.

Chapter 1967: Ninth world

Immediately, Lu Ming closed his eyes and realized carefully.

Cultivation has no years, and in the process of Lu Ming's detailed understanding, a month has passed.

Lu Ming originally had the foundation of one of the nine volumes of the battle line, and realized the other two volumes at a very fast speed.

Lu Ming found that when he realized it, the seal roll, the shattered roll, and the phantom roll of the Nine Scrolls of the Path can be combined with each other. The realization of the laws of the Path is very fast.

Originally, the tempo of his line law has reached more than 80%.

In just one month, he comprehended three volumes together. The speed of the formation rule was terrifying. In just one month, it rose from 80% to 90%.

The rule of formation, but the rule of kingship.

"It's really mysterious. If the Nine Scrolls of Practice are cultivated to a high place, they can be blended together. The power is even more amazing. It is indeed the supreme mystery of the Law of Array!"

Lu Ming sighed.

"It's been a month, and it's time to go out. Anyway, I have already remembered it in my heart, and I can slowly understand it in the future!"

Lu Ming got up and walked towards the gate.

It was also wonderful to say that Lu Ming went to the gate and the gate opened automatically. When Lu Ming went out, the gate closed again.

"Closed? Is it possible that only one person can enter a door, and the person behind cannot enter?"

Lu Ming was a little surprised.

"Lu Ming!"

"Brother Lu Ming!"

At this time, several calls rang out, Huang Ling, Long Chen and Bubble, all came over.

"You guys came out long ago?"

Lu Ming asked curiously, then looked at Huang Ling and Long Chen, saying, "Your cultivation has improved?"

He found that the cultivation of Huang Ling and Long Chen broke through one after another and reached the most holy peak.

However, it seems that the cultivation of the bubble is still in the most holy place. There is no breakthrough, and I don't know what opportunities are available.

"We got the chance in that secret room and repaired it in one fell swoop, but this secret room can only be used once and then closed!"

Phoenix Spirit Road.

Lu Ming glanced away, and it turned out that at this time, the nine doors were actually closed. Obviously, some people had gone in.

"Lu Ming, what did you get?"

Huang Ling asked curiously.

"A secret technique!"

Lu Ming said, then looked at the bubble, said: "Bubble, what did you get?"

"A treasure, as to what it is, don't tell you, tweeted!"

The bubble said mysteriously.

"Your little one!"

Lu Ming smiled.

"Let's leave here!"

Lu Ming said.

Below this cave, the roar came from time to time, and it was very infiltrating. Who knows if the powerful existence will make any noise, it is better to leave first.

Huang Ling and others nodded. While the roar stopped, the crowd leaped up and walked up the stone bridge above. Then they found the right time and went up. Soon after, they rushed out of the cave.

In this area, there were others who saw Lu Ming coming out of the stone chamber, showing greed in their eyes, but no one dared to take action.

Lu Ming's fighting power is absolutely powerful.

"By the way, were you in this world when you came in?"

Out of the cave, Lu Ming asked.

"Yes, we have been exploring in the World of Beasts, but unfortunately there is not much gain!"

Long Chen nodded.

"You know, where is the entrance to the next world?"

Lu Ming asked.

"Know, we asked someone to inquire, and after exploring, we will explore other worlds!"

Phoenix Spirit Road.

"Okay, let's go to the next world!"

Lu Ming said.

Immediately, the crowd flew in one direction.

Wanshou Realm is completely different from Wanhai Realm.

Wanhai Realm is a vast ocean, while Wanbei Realm is a wild mountain.

Lu Ming, Bubble, Phoenix Spirit, Longchen, plus the two quasi-empires of the Phoenix Palace, six people flew all the way. A few days later, they reached the edge of the Beast Realm.

Here, there is also a turbulent void.

Huang Ling and Long Chen sacrificed the emperor soldiers to resist the chaos of the void, and everyone stepped into the chaos of the void.

On the way, they also met others and were rushing to the Beast World.

After a while, they passed the chaos of the void and came to another world.

In this world, there are also ethnic warriors. They looked for someone to inquire about it. Sure enough, this world also has a huge ruin that has been circulating since ancient times.

They went in the direction of this ruin.

But halfway through, they met several acquaintances.

Ouyang Wushuang, there is also abandonment, and there are some quasi-imperial powerhouses of the Abyss Empire.

When meeting Lu Ming, Ouyang Wushuang and others were also pleasantly surprised.

"Lu Ming, are you going to the ruins?"

Ouyang Wushuang asked.

"Not bad!"

Lu Ming nodded.

"That ruin, don't need to go anymore, it has already been explored, we just came out of that ruin, where did you come from?"

Ouyang Wushuangdao, then asked.

"We are from the World of Beasts!"

Lu Ming said.

"From the World of Beasts? It seems that the eight worlds have almost been explored!"

Ouyang Wushuang looked, and then talked about their experiences and news.

It turned out that Ouyang Wushuang had already explored several worlds, and I also heard that the remains of other worlds have almost been explored.

"Now, everyone is heading towards the ninth world!"

Ouyang Wushuangdao.

"Ninth World!"

Lu Ming moved.

The lotus world has nine petals, representing nine worlds.

When they entered, Lu Ming observed that everyone would be attracted into different petals, but there was only one petal and no one entered, Lu Ming felt that there must be something abnormal.

"I heard that someone saw a legend in one of the worlds. The ninth world contains a big secret, and there is only one way to access the ninth world. That is the abyss in the abyss world!"

"I heard that there are many powerful forces, such as rushing to Tianyuan Realm, Stellar River and Heng Family, He Family, Da Luo Tianzong, etc.!"

Ouyang Wushuangdao.

"Since that is the case, let's go too!"

Lu Ming said.

The ninth world should have extraordinary secrets and should not be missed.

Moreover, some accounts, it's time to settle!

In Lu Ming's eyes, a cold light flashed.

Ouyang Wushuang nodded. Immediately, everyone turned around and headed towards the world of heaven.

This world cannot directly reach the Abyssal Realm, it needs to pass through the other two worlds.

They have traversed several worlds in a row, and do not know how much distance they have flown. After more than ten days, they finally came to the Tianyuan Realm.

Tianyuan Realm is the most famous miracle in Tianyuan Realm. Just ask someone to find out.

Tian Yuan, in the north of Tian Yuan Realm, everyone went towards Tian Yuan.

The Sky Abyss is an abyss that runs across the edge of the Sky Abyssal World. How long is it, how deep is it, how wide is it?

From afar, it seems that this heaven is being cut by a sword.

Chapter 1968: Face the Stellar River

Legend has it that the opposite of Tian Yuan is another world, the ninth world in the legend, the world inhabited by immortality.

At this time, many figures gathered on the edge of Tianyuan.

These people are all powerful from many outside forces, and most of them can come here.

Others are Tianjiao characters, possessing imperial soldiers, and can also flow through the void.

On the edge of Tianyuan, there is a huge platform, which seems to be made of a huge stone. In the middle of the platform, there is a huge altar surrounded by dense inscriptions.

In front of the altar, there was a young figure sitting cross-legged, closing his eyes and raising his mind.

But everyone seemed to be afraid of this figure, and no one dared to approach the platform.

Because this person is the stellar river!

Stellar River, the Son of Eternity, is too horrible. Before that, the quasi-imperial emperor relied on the old and sold the old, and was disrespectful to the Stellar River.

Even if multiple opponents of the other party join forces, it is far from Stellar's opponent.

In the face of the stellar river, the prospective emperor only had the chance to kill him, and he could not resist even one move.

Surprisingly, the cultivation of the Stellar River has not yet entered the Quasi-Emperor.

What's more, there is also the quasi-imperial strongman of the Heng family.

Therefore, the stellar river directly occupies the ancient platform that looks very important, and others can only watch from the periphery.

Of course, there were also murderous eyes in some people's eyes, and that was the He family.

They wished to kill the stellar river, but here, they are not opponents of the stellar river, they can only hide far away and dare not come close.

"Master Xinghe, you have been studying for many days. How can you cross this abyss and go to the ninth world?"

Finally, someone asked.

The Stellar River didn't say anything, and it seemed to ignore the man. It wasn't until after a half-bang that the Stellar River spoke lightly, saying: "Method, I already know!"

This remark made many people's eyes bright.

"What is the method?"

Someone asked.

"It's not time to talk!"

Stellar river.

"When it's not time to speak, then when is the time to speak!"

The man asked.

"Are you questioning me?"

The Stellar River suddenly opened his eyes, and his eyes were like two swords, piercing the man.

The man was shocked in his heart, feeling a cold murderous opportunity that enveloped him. He could not help but retreat again and again, his face pale, he quickly said: "Dare not, dare!"

"When it's time to say it, I will naturally say it!"

Stellar River said nothing and closed his eyes again.

The previous man took a long breath and felt his back was wet with cold sweat.

"The Son of Eternity is really terrifying. It has been so terrifying before he entered the prospective emperor. If he entered the prospective emperor, wouldn't he be able to compete with Emperor Wu!"

Many people have such thoughts in their heads, and they are shocked.

The people of the He family were somber.

Such arrogance as the Eternal Son is disastrous for the He family.

In the future, if the stellar river breaks through to the realm of the emperor, the two emperors of the Heng family will join forces, and the He family will be destroyed.

So the people of the He family are thinking about **** the stellar river.

Time passed so quickly.

In a flash, a few days passed.

On this day, the stellar river that had been sitting there all of a sudden, opened his eyes suddenly, looked into the distance, his eyes were sharp, and whispered: "Finally!"

Everyone was shocked.

Finally, who is coming?

Everyone's eyes followed the stellar river's eyes and saw a group of people coming out of the sky.

Headed by a few young people.

"It's Lu Ming, Lu Ming, the son of Chaos!"

Someone whispered and recognized Lu Ming.

This shocked more people's hearts. Is it that the Stellar River is waiting here during this time, just waiting for Lu Ming?

Uh!

Stellar River got up, stepped out, and drove towards the landing.

At the same time, the masters of the Heng family also followed the Stellar River.

Not far away, Lu Ming, Huang Ling, Long Chen and others stopped.

"Lu Ming, you are finally here. I have been waiting for you for a long time!"

The stellar river spoke indifferently.

"is it?"

Lu Ming's face was calm. When he came here, he knew that he would face the Stellar River.

"Lu Ming, the quasi-empire who killed my Heng family, today, they will commemorate them with your blood!"

Behind the stellar river, a figure shouted, but it was a stony stone.

"They want to kill me, can't I fight back?" Lu Ming asked back.

"Of course you can fight back, the world of martial arts, everything is based on strength, strength is strong, it will be born, the weak, and it will die, they are not as powerful as you, and there is more to die than!"

The stellar river spoke indifferently, as if to die a few Heng family prospective emperors, and did not put it in his heart at all.

"However, after all, they are the people of the Heng family. I am also the people of the Heng family. If you kill them, I will kill you, Lu Ming, and hand over the sword of the Emperor. I will give you a happy heart!"

The Stellar River continued.

"Hengxinghe, I knew that you were for the sword of the Emperor of Heaven. In the Yuanshan Holy Monastery, you couldn't help me. Today, you can't help me!"

Lu Ming said, his eyes slowly filled with war.

"This is not Yuanshan Shengyuan!"

Hengshan spoke indifferently.

What he meant was obvious. At the Yuanshan Holy Monastery, Lu Ming was fighting the Stellar River with many strong men, but today, there are masters of their Heng family here, and Lu Ming will not let them have this opportunity.

boom! boom! ...

The Heng family, inheriting the endless years, is an emperor-level force, and there are too many masters.

There are more than one hundred imperial emperors who came here today. At this time, they gathered together, and the momentum was really terrifying.

The terrifying breath pressed them against the landing, making them discolored.

"We are here to help you!"

Not far away, a voice came from behind, coming to Lu Ming behind them.

It is the quasi-emperor of the Phoenix Palace, the Idol Sect, the Thunder God Sect and other forces.

"Your opponent is us!"

An indifferent voice sounded, the giant wolf stepped into the air, Jin Wuchang Xiao, the soldier's air burst into the air.

The Jinwu clan, Sirius Tower, Wanjia, Ziji Sect, and other imperial emperors came out of the air and breathed against Lu Ming.

"Lu Ming, I will help you!"

A beautiful woman, with a group of strong men, came to Lu Ming beside them, but Luo Tianyi, and the quasi-emperor of the Yaochi fairy palace.

Then, there are scattered powerhouses, join Lu Ming.

Such as the imperial emperor of the **** empire and other orders.

But even so, Lu Ming's strength is not enough.

The forces on Lu Ming's side are mostly those of the ancient moon holy land, and at most they can only contend with the forces of the Jinwu family and the Sirius Tower, which are also ancient moon holy land.

Even adding the Divine Yuan Empire is useless.

"Oh, it's really lively, Lu Ming, I have to say, your life is really big!"

A sneer came, Luo Cangqiong took the strong of Luo Tianzong to the Hengjia strong.

Then, the master of the wind clan also came to the side of Daluo Tianzong.

On Lu Ming's side, many people's faces changed, the other party's strength was too strong, and the strength of both parties was too great.

Chapter 1969: Blood sacrifice bridge

Heng's family, Great Luo Tianzong, and both are great-level forces. There are too many strong ones, far exceeding them.

What's more, there are forces of the Feng clan, the Jinwu clan, the Wanjia, and many other imperial empires, surrounded by the river of law, which looks like the gods are in the sky, and the terrible breath is like a row of mountains and seas.

Behind Lu Ming, everyone stood in a defensive circle with a dignified expression.

Around, many people watched, with different expressions.

Some people sneer, such as the He family, whether it is Lu Ming or the Heng family, they have no good feelings, and it is best to kill each other.

And the person like the only temple, standing in the distance, did not interfere.

Although Qiuyue and Lu Ming walked very close, Qiuyue was in her only temple, and it only represented her veins, not to mention, Qiuyue had not yet been seen.

"Lu Ming, the boy, is dead today. I had expected him to have this ending. He was brave enough to dare to fight against Hengjia and Daluo Tianzong and other great-level forces. Ha ha!"

Yu Zhi sneered among the crowd, gloating and gloating.

The youths of Ziyan Mountain have a complex face.

Because there are a few young people in Ziyan Mountain Villa, they bet on losing to Lu Ming at the time, to listen to Lu Ming's orders, but at this time, facing the Heng family, there are so many masters in Da Luo Tianzong, they can only choose to ignore, as if they did not see.

Because it is a dead end to go, and the prospective emperors of Ziyan Mountain Villa do not listen to their command.

"Damn, because of the large number of people, it's a pity I haven't been born, or I will bring a bunch of quasi-imperials to come and hammer them!"

The barren power growled, quite uncomfortable.

"Just one battle!"

Long Chen spoke, he looked ordinary, but at this time he was full of Lingyun war intentions.

Big husband, why not fear a battle!

"Don't everyone want to know how to go through this abyss to the ninth world?"

At this moment, the indifferent sound of the stellar river sounded.

Many people are shocked, is the stellar river finally going to say it?

"If you want to cross the abyss, you need to open the bridge of the abyss, and the way to open the bridge of the abyss is very simple. It is to use the blood sacrifice bridge and the blood of many powerful people to open the bridge of the abyss to the ninth world!"

The sound of the stellar river spread far away.

Many people were shocked in their hearts. They had to sacrifice the bridge with the blood of the strong to reach the ninth world.

"How much blood do you need?"

Someone asked in a condensed voice.

"I don't know, naturally, the more the better!"

The stellar river channel, then looked at Lu Ming and others, and the cold murderous eruption came out:
"Today, let your blood sacrifice the bridge!"

boom! boom! boom! ...

The words of the Stellar River fell, and the powerful families such as Hengjia and Daluotianzong stepped out one after another. The river of law surrounded them, and the Holy Power erupted like a tide.

Today, they want Lu Ming and others to stay here.

"You defend yourselves, Stellar River, leave it to me!"

Lu Ming's voice spread through the ears of Huang Ling and others. Then Lu Ming's eyebrows glowed, and the Dayan Pill furnace flew out, turning into a mountain as huge.

However, the Dayan Pill is not suspended above Lu Ming's head, but flew to Huang Ling and others, and then fell to the ground with a bang.

Dayan Dan furnace has four feet, propped up high, Huang Ling them, all under Dayan Dan furnace.

Dayan Pill Furnace is the treasure of the town hall of Dayan Pill Hall, and its rank is far above that of ordinary imperial soldiers. In this way, as long as they defend the surroundings, Huang Ling and Long Chen don't have to worry about it.

In this case, their defense power will increase greatly.

"Bubble, you go help Huang Ling them!"

Lu Ming sent a voice to the bubble.

"Brother Lu Ming, you have to be careful, tweeted!"

Bubble screamed, his figure moved, and rushed towards Huang Ling and Long Chen.

"You go to deal with other people, Lu Ming gives me!"

The stellar river's indifferent opening, powerful steam engine, locked Lu Ming.

"kill!"

"Hiding under the Dan furnace, it's also dying!"

The Hengjia, Daluotianzong, Jinwu clan and other powerful quasi-imperial emperors stepped into the air and attacked them from all directions towards the spirits of the phoenix, dragon and bubble.

On Phoenix Ling's side, all the quasi-imperials add up to only a few dozen, and the number is much less than that of the other party, and they can only join together to defend.

Various defensive sacred soldiers, imperial soldiers, were all around.

At the same time, when the bubble shoots, the space of the four sides is twisted, forming a space shield like a mirror, blocking the four sides.

call out! call out! call out!

Hundreds of attacks, they fell towards the Phoenix Spirit, part of them were blocked by the Dayan Pill Furnace.

At this time, Lu Ming had disconnected from Dayan Pill Furnace, otherwise, the terrifying power would follow Dayan Pill Furnace and hurt Lu Ming.

At this moment, Dayan Pill Furnace, with its own solid and immortal qualities, resisted the attacks around.

Sure enough, those attacks fell on the Dayan Dan furnace, all blocked by Dayan Dan furnace.

The remaining attacks were also blocked by Huang Ling and Long Chen.

After all, although the number of opponents is large, Dayan's furnace is shrouded, and the opponent's attack angle is not much.

"carry on!"

The Heng family has a roar of the strong, various attacks, and they are constantly attacking the Huang Ling.

what!

Just then, a cry of screaming broke out from the crowd in the distance.

Someone suddenly shot, attacked others, and beheaded a master.

"What are you doing? Looking for death!"

Someone shouted.

"Take your blood sacrifice bridge!"

Someone spoke indifferently.

"Then take your blood and sacrifice the bridge!"

The previous man shouted, and the area suddenly broke out.

Many of the forces here have hatred against each other, not a few. The area is in chaos, as if the whole body is being moved by one shot. Those forces with hatred have also begun a war.

Since you want to sacrifice the bridge with the blood of the strong, it is better to use the blood of the enemy.

Therefore, the war inevitably broke out, and the scope involved was getting wider and wider. Soon, the Quartet fell into chaos, and wars were everywhere.

Lu Ming and the Stellar River stand in the sky, facing each other.

"Lu Ming, there is no one to help you today, you only have a way to die, hand over the sword of the Emperor, I will leave you with all corpses!"

The stellar river spoke indifferently.

"I haven't seen you in a long time, your cultivation is still in the most holy consummation, do you think you can kill me?"

Lu Ming sneered.

"The Most Holy is perfect, there are strengths and weaknesses!"

The calm opening of the stellar river.

His cultivation practice is indeed the same as that of the last time they and Lu Ming fought with each other.

Mainly, the most holy holy break through the Quasi-Emperor requires the perfection of a law, but the further back, the harder it is to practice.

In particular, he practiced the eternal law.

But even in the most holy consummation, the comprehension of the law has its strengths and weaknesses.

The rule of the Stellar River has reached ninety-nine, which is stronger than the last time they battled with Lu Ming.

boom! On the Stellar River, an amazing breath erupted.

At the same time, a halo surrounds the stellar river, making him look like a god.

This is eternal light!

call out!

A terrible sword light bloomed from the stellar river.

Chapter 1970: Enhanced combat power

Stellar River elevates the breath to the extreme, eternal light blooms, it is necessary to start with Lu Ming.

At this moment, a slash of light, across the void, for a long time, chopped down towards the stellar river.

This blade of light was full of breath of death.

With the sword, everything is destroyed!

Stellar River's eyes condensed, and he waved a sturdy sword sword and cut it with the sword sword.

Keng!

A terrifying, harsh voice sounded, and endless swordsmanship swept toward the Quartet. The stellar river's figure swayed slightly and took a step back.

In the sky, a figure appeared, carrying a sword, dancing wildly.

It's a dead blade!

At this time, the breath he radiated from his body was also astonishing, and actually reached the most holy consummation.

Moreover, there was also a halo over him, which was the light of death.

Obviously, during this period of time, the Death Blade also had a great chance, making great progress. Not only did it become a breakthrough, but it also produced the light of death.

"Hengxinghe, your opponent is me!"

Death blade came from the sky and stood in front of the stellar river.

"Deadblade, it's you again!"

In the eyes of Stellar River, the murderous bloom bloomed, and the battle was like a rainbow, saying: "Deathblade, although you break through the Holy Consummation and cultivate the light of death, it is not my opponent!"

"Not your opponent? If you try, you will know, Death Sky Sword!"

The death blade was very direct, and the words fell, and he started directly. The back of the sword was out of the sheath, and the terrifying death knife light slashed towards the stellar river.

There was a dignified color in the eyes of Stellar River, and a sword of war appeared in his hand.

Although he said very confidently, he did not dare to carelessly face the current death blade.

Death blade is the son of death, and now, he has cultivated the light of death, and cultivation practice has also entered the most holy consummation, and he is at the same level and one level with him, would he carelessly.

The bright sword light burst out, as if to pierce the world.

boom!

Two figures, two sword lights and knife lights collide together, and a dazzling light erupts between heaven and earth.

The Stellar River, together with the Dead Blade War, has a terrifying momentum, and within a few hundred miles, others dare not stand on their feet, fearing being drawn in.

In a flash, the two played dozens of moves, regardless of outcome.

Lu Ming was quite speechless. He had wanted to fight the Stellar River, but it was okay to kill the stellar river. First, block the Stellar River. He still has something to do.

As soon as the figure moved, Lu Ming's figure rushed in one direction.

That direction is exactly the direction of Luo Tianzong.

At this time, many emperors of Luo Tianzong were attacking Huang Ling, Long Chen and others.

The number of prospective emperors who came in from Luo Tianzong was also alarmingly large. Although there were fewer than the Heng family, there were nearly a hundred people.

At this moment, Luo Cangqiong stood in the void, and in his hand, there was a big seal, which was the deprivation of the seal of God.

Depriving the Divine Seal can continuously deprive the energy in the space. The longer the deprivation, the more energy accumulated, the more terrifying the power.

At this moment, Luo Cangqiong was constantly depriving energy, and he didn't shoot until he reached his limit of control.

"Fuck me!"

Luo Cangyong roared, deprived of the Divine Seal, and was pushed out by his palm, like a big mountain, and rushed towards the front.

But at this time, Lu Ming's figure suddenly appeared in front of the deprived Shenyin, pointing a finger.

Chaos robbery refers to eruption, bombardment on the deprivation of the seal.

boom!

A huge roar sounded, depriving the Divine Seal was defeated, Lu Ming's figure drifted back a distance.

After Luo Cangqiong's charge, the deprivation of the power of the Divine Seal was indeed terrifying. With Lu Ming's current combat power, he was repelled, but it was only repelled.

"Lu Ming, you...you can actually block my deprived seal..."

Luo Cangqiong cried a little strangely.

The trick just now, but after a long period of energy accumulation, he deprived a lot of energy, and the power reached an astonishing point. The ordinary quasi-imperialism can never be stopped and will be easily killed.

But now, Lu Ming actually blocked in front, how not to shock him.

"Luo Cangqiong, today, your life, I want it!"

Lu Ming spoke out indifferently.

Qiuyue, he is still seriously injured and still awake, Luo Cangqiong, he will not let go.

The same is true even if the other party is the grandson of the emperor.

Lu Ming stepped on the void and killed Luo Cangqiang. Luo Cangqiong was shocked, and his figure could not help but retreat.

"Lu Ming, the last time you escaped, then kill again!"

A burly figure appeared in front of Lu Ming, holding a giant hammer and roaring towards the landing.

This man is the strong man who fought against Lu Ming last time in the turmoil of the void. He has a superior celestial body and is very powerful.

Last time, Lu Ming was completely suppressed by the opponent.

But this time, no!

"kill!"

Lu Ming shouted, and the cold light shone out of the cold light. At the same time, a halo enveloped the whole body, and then pointed out.

The huge chaotic robbery means bombarding the opponent's sledgehammer, causing the other party's sledgehammer to hum continuously and be flicked back.

"Your combat power..."

The other party was shocked.

With a hand in hand, he felt that Lu Ming's combat power was a lot stronger than the last time.

The last time Lu Ming faced him, he fell completely into the downwind, but just now, he actually fell into the downwind.

How long did it take for Lu Ming's strength to improve so much?

"The light of chaos, you made the light of chaos!"

The burly man shouted.

"Today, kill you!"

Lu Ming spoke indifferently, and continued to explode with chaotic fingers, pointing out.

The huge chaotic finger, filled with the light of chaos, suddenly appeared like the fingers of the gods, and rolled towards the other side.

The burly man snarled, bursting out of strength, wielding a giant hammer, and resisted Lu Ming's attack.

But at this time, Lu Ming's left hand, filled with endless runes, a real dragon, rushed towards the burly man.

This is one of the Nine Scrolls of the Path, and the runes turn into real dragons with terrifying power.

The giant hammer of the burly man collided heavily with Chaos.

He tried his best to resist Lu Ming's Chaos Tribulation, how could he spare the attack of the magical scroll of the law of array?

The real dragon pounced on the burly man, and with a long roar, the dragon claws grabbed it.

bump!

The burly man's body thundered, snorted, his body receded, and his mouth was spurting blood.

"kill!"

Lu Ming followed quickly and waved his palms. A huge shadow of the prison monument fell from the sky and suppressed on the burly man.

The burly man screamed, and a crackling sound sounded all over his body, his bones all over, and he didn't know how many pieces he had broken.

Then, Lu Ming's left hand rune shined, and another real dragon flew out, grabbing the burly man, and struggling to tear it.

Hiss!

Blood splattered, and the body of the burly man was torn apart directly.

A quasi-emperor who was as strong as a burly man and a superior celestial body was also killed under a series of attacks by Lu Ming.

"The nine rolls of the battle are really mysterious. If I can fuse the Destruction Roll, the Illusion Roll, and the Seal Roll together, the power will soar!"

Lu Ming thought.
