

D Emperor 1971

Chapter 1971: Kill the King

The rule of array can only be used as an aid to Lu Ming. Compared with the chaotic robbery, the power is still weaker.

But if you combine the Destruction Volume, the Illusion Volume, and the Seal Volume together, the power will definitely skyrocket.

It is conceivable that if a move blasts out and turns into a true dragon attack, the true dragon contains the power of destruction and the power of the seal, how powerful will it be?

Think about it, Lu Ming is looking forward to it.

At this moment, Luo Cangqiang's eyes widened, somewhat incredible.

Lu Ming can actually kill the burly man. This is a top-level prospective emperor. Unless the king enters the prospective emperor, otherwise he is invincible at the same level. Such an existence is killed by Lu Ming, which makes him cold.

Lu Ming's indifferent gaze swept to Luo Cangqiang, his figure kept on, and he killed Luo Cangqiang.

"Come here, kill Lu Ming, kill him!"

Luo Canghou shouted, his figure receded wildly.

Luo Pokong also retreated with him.

Uh! Uh! Uh! ...

In an instant, at least ten quasi-imperials rushed towards the landing, and various horrific attacks rang towards the landing.

But Lu Ming directly ignored these attacks.

His chaotic light surrounded his body and rushed past. Those attacks fell on the chaotic light and were all blocked.

The light of chaos can be attacked and defended, and the power is amazing.

boom! boom! boom!

After Lu Ming rushed over the attack, he threw several punches in succession. The fists broke through the air and killed three prospective emperors, which were directly bombarded in the air.

call out! call out! call out! ...

Immediately afterwards, Lu Ming successively pointed out the Chaos Tribulation Fingers.

Although the power of six fingers was pointed out in a row, the power was dispersed, but it was enough to deal with the general quasi-imperial.

The six quasi-imperials were blasted by six fingers, their faces pale, and they vomited blood.

In the beginning, killing three quasi-empires, and then injuring six quasi-imperials, this kind of combat power is frightening.

Luo Cangqiang and Luo Pokong were even more shocked.

The two retreated frantically and did not have the courage to fight Lu Ming at all.

However, Luo Cangqiong retreated faster because he cultivated stronger.

"You guys, can't leave!"

Lu Ming spoke indifferently, rushing out like a lightning, avoiding several powerful Luo Tianzong strongmen.

The next moment, Lu Ming caught up with Luo Pokong.

Luo Pokong was shocked. The spear in his hand penetrated the void and pierced towards the landing.

This is an imperial soldier, with Luo Peikong's penetration rule, the power is indeed terrifying.

However, Luo Po's cultivation was the most holy, and it was the same as Lu Ming.

In the same level of the World War I, no matter how strong he is, he is not enough to face Lu Ming.

Lu Ming banged out with a fist and hit the tip of the spear positively.

Luo Pokong's law of penetration is completely useless to Lu Ming.

The spear buzzed, even bent, and then bounced out violently. The tail of the gun hit Luo Pokong. Luo Pokong screamed and his body retreated.

In his heart, there is a strong sense of unreality, he feels that he is dreaming.

I thought that when he and Lu Ming met for the first time, Lu Ming had to do his utmost to win him.

But now, Lu Ming can beat him at will, and he can be injured.

The gap between the two has become larger and larger with the passage of time.

This makes it unacceptable for the self-proclaimed peerless arrogance.

Lu Ming's figure kept on going, and he walked towards Luo Pokong. The cold killing made Luo Pokong cold.

"Lu Ming, you dare to move me, I am Da Luo Tianzong Tianjiao, if you move me, the land of Yuanshan, no one can save you!"

Luo Pokong shouted.

Great Luo Tianzong, there was an emperor sitting in town, he did not believe Lu Ming dare to move him.

Moved him, Lu Ming was going to die.

"In my life, there were many people who threatened me, but as a result, they were all dead and I was alive!"

Lu Ming spoke indifferently, the Holy Power exploded, the law of chaos hummed, and a fist burst out, a shadow of the jail monument, and suppressed towards Luo Pokong.

boom!

Luo Pokong was directly blasted off the ground, hitting the ground heavily, smashing the ground out of a big pit, ten miles deep.

Luo Pokong lay in the big pit, twitching and vomiting blood.

In the previous move, he was broken with bones, and even the Sacred Heart cracked.

At this moment, he was terrified, endless fear, enveloped him.

Lu Ming, really want to kill him, not just talk about it, he has no fear of Da Luo Tianzong.

At this moment, he was terrified.

Uh!

Lu Ming's body appeared in the big pit, looking down Luo Luokong indifferently.

"Don't...don't..."

Luo Pokong shouted while vomiting blood.

"Stop, Lu Ming, you dare to kill him, Da Luo Tianzong will not let you go!"

There is a roar of the quasi-emperor of Da Luo Tianzong.

Luo Pokong is the royal body of the great Luo Tianzong and cannot die.

"Ha ha!"

Lu Ming sneered.

Will Luo Tianzong let him go? Even if Da Luo Tianzong will let him go, he will not let Da Luo Tianzong go, this is an oath to Qiuyue.

In the future, he must be equal to Da Luo Tianzong, regardless of the cost.

Lu Ming stretched out his hand and sucked Luo Pokong's imperial soldier's spear in his hand.

"Do not..."

Luo Pokong shouted in horror, trying to escape.

However, when the gun was broken, the imperial soldier's spear directly passed through Luo Pokong's eyebrows and penetrated through, nailing Luo Pokong to the ground.

Luo Pokong's eyes widened, his eyes full of unwillingness.

Around, many people were shocked.

Luo Luocong's royal body, Luo Pokong, was just killed by Lu Ming. This incident spread that the people of Luocong Tianzong would be mad.

But in Lu Ming's eyes, the killing was still cold.

"This is just the beginning!"

Lu Ming whispered, pulled out the imperial soldier's spear, his figure rose into the sky, and his eyes scanned the distance.

At this time, Luo Cangqiong fled wildly and did not dare to stay there.

"Bubble, help me!"

Lu Ming sent a voice to the bubble.

"OK!"

Under the furnace of Dayandan, bubbles responded, his hands waved, and a force of time and space law followed the void and enveloped Lu Ming's body.

Lu Ming's body moved like a shuttle through the sky, chasing towards Luo Cangqiu quickly.

With the time and space law with bubbles, Lu Ming's speed is even more amazing, approaching Luo Cangqi quickly.

"Damn!"

The prospective emperors of Da Luo Tianzong all stopped their attack on Huangling Longchen and chased after landing.

Fortunately, Luo Pokong, if Luo Cangqiang was killed by Lu Ming, then the emperor's anger fell, and they would all die.

They chased crazy towards Landing Ming, but their speed was too far away from Lu Ming to catch up.

Lu Ming was like a glimmer of light, and soon approached Luo Cangqiang.

call out!

Lu Ming pointed out a finger, a dogfight robbed his strength, condensed into a line, and pierced towards Luo Cangqiong.

"broken!"

In Luo Cangqiang's hand, a battle axe appeared.

The power of this battle axe is amazing. It is definitely an imperial soldier, and it is not an ordinary imperial soldier.

The battle axe chopped out, blocking Lu Ming's fingers, but his own body was also shocked and flushed.

His cultivation practice, although it has also broken through to the completeness of the Holy Spirit, but its combat power is much larger than that of Lu Minglai, and the last battle with Lu Ming.

Chapter 1972: Humanoid hammer

Luo Cangqiong retreated, Lu Ming followed up, and his right fist waved. The shadow of the jailstone appeared, and he pressed down towards Luo Cangqiong.

"Deprive, deprive me!"

Luo Canghou shouted, the law of deprivation was shrouded on the battle axe, continuously depriving the outside world of energy, enhancing the power of the battle axe, and beating the landing.

when!

The battle axe was slashed on the phantom of the prison prison monument, and gave a violent shock. Although Luo Cangqiang blocked the phantom of the prison prison monument, his body kept receding, his face flushed, and the corners of his mouth overflowed with blood.

But Lu Ming kept on the offensive, and there were nine ghost images in the sky, which continued to suppress toward Luo Cangqiang.

Luo Cangqiong could only do his utmost to resist, and at the same time shouted: "A bunch of waste, don't come to save me yet, do you all want to die!"

Of course, he shouted at the emperor Luo Tianzong.

The prospective emperors looked ugly and flew towards this side with the strength of breast-feeding.

Luo Cangqiong's position in the great Luo Tianzong is too special, too honorable, the grandson of the emperor, the talent is absolutely outstanding, even those emperor emperors, true emperors, must give Luo Cangqiong face.

What's more, it is these quasi-imperials who can decide their life and death in one word.

"No one can save you today!"

Lu Ming spoke coldly, and in his left hand, endless runes emerged, turned into a real dragon, and flew towards Luo Cangqiong.

The two laws were running at the same time, Luo Cangqiong was even more invincible, and was suddenly blasted, vomiting blood.

Uh!

Lu Ming's body shape appeared on the top of Luo Cang's head. Chaos Tribulation pointed out and bombarded Luo Cangqiong.

boom!

Luo Cangqiong's body was bombarded like a cannonball, just like the previous Luo Pokong.

Then, Lu Ming dived down and overcame Luo Cangqiong. The imperial soldier's spear from Luo Pokong was shot in his hand. Shengli poured into the spear, which caused the spear to buzz, and one shot went to Luo Cangqiong's brow. Assassinated.

"not good!"

"stop!"

The emperor Da Luo Tianzong shouted in shock and shocked.

Lu Ming was so bold that he did not care about Luo Cangqiang's identity. He first killed Luo Pokong, and now even Luo Cangqiang will kill him.

"what!"

Luo Cangqiong was terrified and gave a crazy roar.

He is unwilling, he hates madness!

But he will not beg for mercy. If he does not die, he will kill Lu Ming in the future.

call out!

The imperial soldier's spear, with terrifying sharpness, pierced Luo Cangqiong's brow.

But when the spear was about to stab, Luo Cangqiong's eyebrows suddenly showed up with a black iron medal.

when!

The spear pierced the iron card, and Mars was everywhere.

But this iron card was extremely hard, and the spear could not penetrate.

The spear vibrated and the terrible force pushed Luo Cangqiong and fell towards the ground at a more amazing speed.

But in the process of Luo Cangqiong's fall, that iron card actually increased rapidly, and in an instant, it covered Luo Cangqiong's whole body.

Like a black armor, Luo Cangqiong's whole person was enveloped in armor.

boom!

Luo Cangqiong's body hit the ground, the ground shook, and an amazing big pit appeared.

But at the next moment, Luo Cangqiong stood up as if it was all right.

"Grandpa, hahaha!"

Luo Cangqiong laughed ecstatically.

He knew that this was his grandfather, and the bodyguard emperor who secretly put in his body could save his life at a critical moment.

But I didn't tell him in advance, most of them also hold the meaning to hone him.

With this emperor's bodyguard, he knew it was all right, and Lu Ming couldn't kill him.

"Emperor bless!"

The prospective emperors of Da Luo Tianzong were also ecstatic.

"Hide in armor, is it all right, kill!"

Lu Ming's eyes were indifferent, holding a spear and swooping down like a stream of light, stabbing Luo Cangqiang's head instantly.

But with a bang, the spear still didn't pierce Luo Cangqiang's armor.

This armor is really strong and immortal.

"Lu Ming, you can't kill me, I won't die today, it's you who will die the next day!"

Luo Cangyong shouted, extremely murderous cold.

Today, Lu Ming almost killed him, which made him even stronger to Lu Ming.

when!

Lu Ming was too lazy to talk nonsense with him, a spear swept out, Luo Cangqiang's body flew out directly, hit the wall of the big pit, his body did not enter the ground.

But the next moment, Luo Cangqiong soared from the ground not far away.

Uh!

Lu Ming moved towards Luo Cangqiang.

"Deprive the Seal of God!"

Luo Cangqiong was deprived of the Divine Seal and wanted to fight back, but Lu Ming shattered it with a finger.

At the same time, Lu Ming exhibited a nine-volume seal roll and dense runes, covering Luo Cangqiang in it, and sealing Luo Cangqiang.

Then, Lu Ming buckled Luo Cangqiang's neck and pushed him towards the ground.

boom!

Luo Cang hit the ground heavily, and a big pit appeared on the ground.

bump!

Then, Lu Ming stepped on Luo Cangqiang's head again, and Luo Cangqiang's head fell into the rock.

"Ah, Lu Ming, I will kill you!"

Luo Cangyong roared.

"It's really a tortoise shell, comparable to the once-made tortoise shell!"

Lu Ming muttered.

At this time, in a distant place, a little turtle sneezes and curses: "Which king **** is scolding me, scolding, rushing!"

Then, the little tortoise rushed towards a tomb covered in clouds and disappeared.

Lu Ming continued to abuse Luo Cangqiong. He stepped on the crotch of Luo Cangqiang, so that Luo Cangqiang screamed and his body bowed.

"Although the armor is hard, is there still some pain, continue!"

Lu Ming put another foot on the crotch of Luo Cangqiang.

Luo Cangqiong roared like a beast. In the armor, Luo Cangqiong's face was flushed red, and his tears and his nose were running.

"Let's let go of Cairo!"

"You are looking for death!"

At this moment, the emperor Da Luo Tian Tianzong rushed in, took out various weapons, and slammed towards the landing.

Some people, holding imperial soldiers, bombarded the landing.

Lu Ming grabbed one of Luo Cangqiang's legs as a hammer and went towards those prospective emperors.

A prospective emperor was waving an imperial soldier and slammed towards the landing, but at first glance Luo Cangqiang smashed at him, and quickly received some strength.

Therefore, the consequences he faced were miserable. Luo Cangqiang's body smashed heavily on him. The prospective emperor screamed, and his body flew hundreds of miles away, lying on the ground and twitching.

bump! bump! ...

Then, Lu Ming rushed into the sky and grabbed Luo Cangqiong to continually pull out, like a hammer, smashing towards the emperor Luo Tianzong.

Luo Cangqiang's armor is really strong and immortal, and it is harder than many Imperial-class giant hammers. Lu Ming struck down hard, and his power was extremely amazing.

Several quasi-imperials who were weaker were smashed, and the flesh suddenly cracked and were directly killed.

And those of the great emperor Luo Tianzong had some scruples. Even if some people were in control of the imperial soldiers, they did not dare to bombard with all their might, fearing that they would hit Luo Cangqiang and hurt Luo Cangqiang.

In that case, their consequences will be even worse.

Chapter 1973: Luo Cangqiang

bump! bump!

Lu Ming grabbed Luo Cangqiang's leg and used him as a weapon. He repeatedly smashed it out, and several great emperors of Luo Tianzong were smashed, and even one person was killed, and the others spit blood and flew back.

"Hahaha, cool, this weapon is really awesome!"

Lu Ming laughed and was extremely happy.

Luo Cangqiang was just the opposite. He was so angry and roaring constantly that he could not help rushing out to fight Lu Ming, and finally he held back.

He was so suffocated that Lu Ming stepped on his face and stepped his face into the rock, and then Lu Ming stepped on his crotch, making him desperate.

At this moment, Lu Ming actually used him as a weapon to kill Da Luo Tianzong's people.

He hated ecstasy and kept screaming to vent his anger.

He knew that he was shameful and big, and even if he had made great achievements in the future, even like his grandfather, he broke into the realm of the emperor and stepped on the peak. This matter will also be a shame for his life. Behind laughter.

"Lu Ming, I will let you die better than life, I swear, ah, and your family, your friends, they will all die..."

Luo Cangqiong's mad voice came out.

"What's your name? The person who killed you Da Luo Tianzong, but you yourself, I'm just doing it for you!"

Lu Ming scolded.

Luo Cangqiong directly spurted blood out. What is it that killed Da Luo Tianzong himself, and what Lu Ming was just 'delegate'? Don't use him as a weapon if you have the ability.

bump!

Lu Ming waved Luo Cangqiang and blasted out a prospective emperor, vomiting blood.

And Luo Cangqiong himself, was hit by a dizzy head.

"Don't touch him hard!"

The emperor Luo Tianzong shouted and retreated, dare not approach Lu Ming.

The same is true of other prospective emperors. When Lu Ming came, he hurried away.

So, the scene formed a funny scene.

Lu Ming held Luo Cangqiang and chased chaos in the sky, while the Emperor Luo Tianzong's quasi-empire jumped for a while and ran everywhere.

Many people are speechless.

The great young master of the great Luo Tianzong, the grandson of the great emperor, the deprivation of the king's arrogance, plus nearly 100 great Luo Tianzong prospective emperors, was so miserable by Lu Ming.

After Luo Cangqiong was abused, it became a weapon in Lu Ming's hands. It was really speechless.

At the same time, everyone was shocked, which also proved Lu Ming's strength.

"Hey, don't run, so many emperors, but they dare not fight me. Da Luo Tianzong is also an emperor-level force anyway, which is really disappointing!"

Lu Ming lifted Luo Cangqiong, ran in the air, chasing the prospective emperor of the big Luo Tianzong.

Da Luo Tianzong's prospective emperor's face turned blue.

You have the ability to put down Luo Cangqiang, you are carrying Luo Cangqiang, this is still fighting?

Those prospective emperors roared one by one in their hearts.

"Lu Ming, has the ability, come and fight me!"

At this time, the sound of the stellar river rang throughout the audience.

He was also very uncomfortable. In Yuanshan Shengyuan, Luo Cangqiong had also turned to him. He was a man of Heavenly Emperor League. He is now so miserable by Lu Ming, and his face is dull.

At this moment, the stellar river and the dead blade have fought hundreds of moves.

Until the war, the blade of death gradually fell.

After all, the Stellar River has broken through to the holiness of the Holy Spirit, and it is very close to the quasi-Emperor. The rule of law is stronger than the death blade. After a long battle, it gradually gains an advantage.

"Hengxing River, your cultivation base is two times taller than me. As an eternal son, but about fighting for someone lower than you, this is your arrogance? But also, your Heng family, this is not the case. person?"

Lu Ming sneered.

"Don't dare to fight, just say so?" The stellar river and Death Blade slammed each other again, pulling the Death Blade back for dozens of miles, and spoke indifferently.

"Hengxinghe, you don't need to use radical methods, but today, I really want to fight you!"

After all, Lu Ming was not chasing the big Luo Tianzong, carrying Luo Cangqiong, and walked towards the stellar river.

Many people were shocked, including Huang Ling, Long Chen and others, and others who were hostile to Lu Ming.

Lu Ming, really want to fight the Stellar River?

Although Lu Ming's combat power is strong, it is definitely not an opponent of the Stellar River.

Perhaps, he wants to join forces with Deathblade!

Many people think so!

"let me go!"

Luo Cang shouted.

"To shut up!"

Lu Ming stepped forward and stepped on Luo Cangqiong's crotch, making Luo Cangqiong scream like an ***** and his body arched.

In Lu Ming's palms, there were constantly runes running out, shrouded in Luo Cangqiang's armor, sealing Luo Cangqiang, making it difficult for him to resist, only like a weapon, being carried by Lu Ming.

Everyone was stunned, did Lu Ming use Luo Cangqiang as a weapon to fight against the stellar river?

"Deadblade, stellar river to me!"

Lu Ming stepped forward and came to the edge of the dead blade.

"here you are?"

The color of doubt appeared in the eyes of the dead blade.

"Why? I don't believe me so much? Rest assured, I'm beating the stellar river for you. Let's help Huang Ling them!"

Lu Ming said.

"This Lu Ming is so arrogant that he wants to fight the stellar river alone!"

"Also, haven't you heard his tone, and actually ordered Deathblade to help the Phoenix Spirit? It's ridiculous. With Deathblade's character, it's good not to draw a knife against him!"

Someone whispered.

All around, although many people were still fighting, some of them did not start. They stood in the distance and watched the battle. After hearing Lu Ming's words, they shook their heads one after another.

But the next scene was beyond their expectations.

Death Blade nodded, and then his figure moved, turned into a terrible knife, and killed the prospective emperors of the Heng family.

The sword of death is terrible. With a slash, three junior emperors of the Heng family are killed.

"Damn, join forces to kill him!"

The quasi-Emperor of the Heng family was furious, and many people joined forces to launch a terrible offensive against the Death Blade, but the Death Blade surrounded the light of death. Within a hundred meters, he was like a domain of death, like a **** of death.

The light of death was merged in the sword light, and when it came out, it broke through the attack of the other party and killed a prospective emperor.

The general quasi-emperor, in the hands of the dead blade, has almost no resistance, and he takes a second kill.

"Death sky!"

Then, on the Death Blade, there was a terrible gray gas, which was the gas of death, which enveloped one side, at least half the area of the Great Yandan furnace.

The prospective emperors retreated after seeing this death spirit.

In this way, Huang Ling, Long Chen, and Ouyang Wushuang's pressure has been greatly reduced, and they can already block the other party's attack.

Stellar River looked ugly.

He was covered with eternal light, like a god, as if eternal, immortal.

bump!

Then, the stellar river stepped out, and the terrible breath, like the storm, pressed towards the landing.

He didn't want to talk nonsense, he had to make a quick decision, kill Lu Ming as soon as possible, and get back the sword of the Emperor.

"War!"

Lu Ming whispered, his spine filled with blood, a drop of blood emerged, and a powerful and terrifying force poured into Lu Ming's body.

The third bloodline!

Chapter 1974: Lu Ming VS Stellar River

Lu Ming directly broke the third bloodline!

Because Lu Ming is very clear, he would not be the opponent of the Stellar River unless the third bloodline broke out.

The Stellar River, but the Son of Eternity, is no worse than him in every respect.

Take control of the eternal law and cultivate into eternal light. Cultivation is about to enter the Quasi-Emperor. It is two levels higher than Lu Ming. Even the magical power is stronger than Lu Ming, reaching 90% and 9%.

In terms of spirituality, even if Lu Ming smelted into the three laws of chaos, it might not be completely stronger than the stellar river.

He is a natural eternal body, protected by God, and once he enters the realm of the Emperor Wu, the spirit body will directly evolve into a superior heavenly body.

In fact, the Son of Heaven is the same. Lu Xiangxiang's body of life, Ouyang Moli's body of reincarnation, and Death Blade's body of death are all born. Once the Emperor is broken, it is the highest heavenly body.

Moreover, because they are born physiques, spiritual bodies contain special substances.

For example, in the body of life, the body inherently contains the qi of life, and the body of chaos inherently contains the qi of chaos, so their spiritual bodies are stronger than the superior ones.

Strictly speaking, Lu Ming can't be regarded as a son of Cang.

Because he was all cultivated the day after tomorrow, not born.

His spiritual body, his chaotic laws, are all cultivated from the day after tomorrow, he is not a natural chaotic body.

However, other people did not know this. When Lu Ming controlled the law of chaos, he called Lu Ming the son of chaos.

Now, Lu Ming's spirit body has melted three chaotic gases, which may be able to occupy a slight advantage compared to the stellar river.

Another advantage of Lu Ming is two Sacred Hearts and two laws.

But this is not enough, it is not enough to make up for the gap between him and the stellar river, so a third bloodline is needed to make up.

The third bloodline seems to have endless energy. Even if Lu Ming reaches the present state, he still feels the energy in it is endless. All he can borrow is just nine cows.

Endless killing opportunities filled Lu Ming's body.

His eyeballs began to become blood red, and his long black hair also turned blood.

His breath is constantly improving, faintly able to contend with the stellar river.

Stellar River's eyes slightly condensed, and said indifferently: "By borrowing external force, after all, it can't bear a blow, kill!"

His figure rushed to Lu Ming instantly, as if it was teleporting. At the same time, a war sword appeared in his hand. There was no doubt that he was an imperial soldier.

boom!

Lu Ming was even simpler, mentioning Luo Cangqiang and smashing towards the stellar river.

Luo Cangqiong shouted in the armor and suffocated.

He completely became Lu Ming's weapon.

Stellar River's face also changed, his wrist shook, his sword light changed, and from another direction, he cut towards the landing.

But Lu Ming flicked Luo Cangqiang and rammed towards the sword light of the stellar river.

The sword light of the stellar river changed again, but Lu Ming waved Luo Cangqiang and could always keep up with the sword light.

"Lu Ming, have the ability to let Luo Cangqiang fight me!"

The Stellar River's calm and calm face showed anger.

There was a fire on his chest.

Lu Ming waved Luo Cangqiang to face him hard. Luo Cangqiang's identity is unusual. He is the grandson of the emperor. According to his identity, he is taller than him. Although the Heng family also has an emperor, the emperor is his ancestor. Too.

He was afraid of being seriously injured or killed Luo Cangqiang, and offended the great emperor of Luo Tianzong.

"Nonsense, you are holding the Imperial Soldier's Sword. I don't have a competent Imperial Soldier. This is my Imperial Soldier!"

Lu Ming shook Luo Cangqiang's way.

Luo Cangqiong's dizzy head was dizzy and he almost spit out old blood when he heard Lu Ming's words.

When did he become Lu Ming's imperial soldier?

"Then I don't need imperial soldiers to fight you!"

Stellar river.

"There are no soldiers, are you stupid, anyway, I want to use it!"

Lu Ming scorned, slammed Luo Cangqiang, and smashed his head towards the stellar river with incredible power.

The set of armor on Luo Cangqiong is different from looking for the super. It is sturdy and immortal. Lu Ming wonders, even the Emperor Emperor, I am afraid it is not so easy to break. This is a suitable weapon.

The two played a few tricks, but for a time the stellar river fell to the downside and could not be used at all.

Around, many people looked at each other.

"That Lu Ming, what a shame!"

Someone is upset.

"Oh, the stellar river is twofold higher, Lu Ming doesn't need to do anything. How can you not say that the stellar river is shameless?"

Some people think Lu Ming's behavior is normal.

"Look, the platform has responded!"

At this moment, someone exclaimed and pointed to that stone platform.

Up to now, many people have died in battle. I saw that the blood of those who died in battle was actually attracted by a mysterious force, flew towards the stone platform, and penetrated into the ancient altar.

The ancient altar is shining, and then, a blood-red giant bridge extends from the stone platform to the other side of the abyss.

However, the blood-red giant bridge just stretched out and stopped.

"Blood sacrifice bridge, it is indeed a blood sacrifice bridge, but the blood is not enough!"

Someone shouted.

"kill!"

At the scene, the shouting shook the sky. Some powerful forces began to kill some weak forces. At the scene, more people joined the melee, a mess, and people were killed continuously, and they fell here forever.

In the eyes of the stellar river, there was also a bright radiance, and coldly said: "Lu Ming, let your blood sacrifice bridge!"

After all, the starlight of the stellar river skyrocketed, and it seemed that he no longer cared about Luo Cangqiang.

Lu Ming lifted Luo Cangqiang and smashed the past.

when!

Stellar River's war sword was accurately cut on Luo Cangqiang, making a loud noise, and Mars was shining.

Luo Cangqiang's body shook wildly, and he was shocked by the powerful force.

Lu Ming shook his body and couldn't help but step back two times.

call out! call out!

The stellar light of the stellar river, like the flying fairy outside the sky, kept slamming toward the landing.

Lu Ming turned his whole body strength and stepped forward. The Luo Cang in his hand, like a black iron hammer, constantly smashed out.

when! when! ...

The two collided for more than ten strokes in a row, and the void was roaring, the constant vibration, the terrible energy, turned into a shock wave, and the shock was outward in a circle.

Some people were a little closer to them. After being shocked by this shock wave, their bodies could not help but retreat and their faces pale.

Many people were shocked. This kind of combat power was also terrifying. It was just a shock wave. The average prospective emperor was a bit overwhelmed. This is so amazing.

What shocked more people was that Lu Ming could actually fight the Stellar River.

This makes it difficult for many people to calm down.

The He family, the great Luo Tianzong, the only temple and other powerful forces.

There are thousands of families in the ancient moon holy land, Jinwu clan, Sirius tower and so on.

Lu Ming, now can actually compete with the Stellar River. This rate of progress is too alarming.

Chapter 1975: Pinnacle

The Stellar River is the first day of the younger generation known as the Land of Yuanshan.

Doesn't it mean that Lu Ming now has stood at the pinnacle of the younger generation in the land of Yuanshan, and it is hard to have rivals.

The strong powers of the Jinwu family, Wanjia and other forces are all very gloomy.

After you go out, this matter must be reported to you and you should think about countermeasures.

If this continues, Lu Ming has been growing, and for them, it will be a big disaster.

Lu Ming and the Stellar River had more than a dozen moves against each other, and it was difficult to distinguish the outcome.

The Stellar River seems to have some scruples after all, afraid of breaking Luo Cangqiang's armor.

when!

When the roar sounded again, the seal rune that had been covering Luo Cangqiang's armor collapsed.

boom!

Luo Cangqiang exploded in madness, the law of deprivation was running at full strength, and he drove towards the landing, swallowing Lu Ming.

Lu Ming's face changed slightly, and he finally knew why the stellar river confronted him before. His purpose was to destroy the power of the seal on Luo Cangqiang and let Luo Cangqiang regain his freedom.

"Eternal Sword Tide!"

Will the Stellar River miss this opportunity? In an instant, he stabbed thousands of swords, and the infinite sword light, like the tide of the sword, stabbed towards Landing Ming, all of which was the key to Landing Ming.

At this moment, Lu Ming wants to reseal Luo Cangqiang and use him as a weapon, which is impossible, and even puts himself in crisis.

Uh!

Lu Ming loosened Luo Cangqiang, his body receded at a rapid speed, his fists kept popping out, and pieces of jailstones appeared in phantom, blocking the sword light that killed him.

As soon as Luo Cangqiong got out of his body, his figure flashed wildly, pulling him away from Lu Ming for a long distance.

"Lu Ming, I wrote down this matter, you wait for me!"

Luo Cangqiang's angry voice sounded.

"I also took note of this matter, and I believe everyone took note of it!"

Lu Ming smiled faintly.

"you..."

Luo Cangqiang almost vomited blood, his body trembling with anger.

Yes, today's events have been remembered by everyone, and will soon spread throughout the Yuanshan land. Later, when others see him Luo Cangqiang, they will think of today's scene.

He Luo Cangqiang is just a joke.

He was furious. He wished to unload Lu Ming, and all the people who witnessed today's events were killed.

"One waste, go away!"

Lu Ming was too lazy to pay attention to Luo Cangqiang, waved his hand contemptuously, and then turned to the Stellar River.

Luo Cangqi almost went up and Lu Ming desperately.

"Lu Ming, now you don't have Luo Cangqiang in your hand, see how you block me!"

The eternal light on the stellar river is more and more splendid, just like the fairy dust, not belonging to this world.

"One less waste, just a battle!"

Lu Ming also spoke lightly, turning the Holy Power to the extreme, surrounded by the light of chaos, like a ***** of war.

Uh! Uh!

The two moved at the same time and killed each other.

"Eternal sword!"

"Chaotic Tribulation!"

A sword light, and a huge finger, collided in the air, and then annihilated.

Lu Ming and the Stellar River also collided together.

Lu Ming slashed down again, a ghost image of a prison monument appeared, as big as a mountain, with the momentum of suppressing the heavens, suppressing the stellar river.

The stellar river Jianguang was violently cut, splitting the jailstone ghost image in one fell swoop.

But facing him, there are more ghost image of the prison monument.

Lu Ming waved his hands, and nine ghost prison monuments appeared in phantom, blasting toward the stellar river.

At the same time, endless inscriptions appeared on the left hand, and diffused toward the stellar river.

This is the power of the seal, to seal the stellar river.

However, when the power of the seal was close to the stellar river, it could not penetrate the eternal light of the stellar river, and was blocked, and then the eternal light shocked, and the endless runes shattered.

"I am eternal, and the rule of kingship, how can I help me?"

The sound of the stellar river came out, and at the same time, the terrible sword light exploded, smashing nine prison jailstones in a row.

call out!

There is another sword light that penetrates the ghost shadow of the prison prison and kills Lu Ming.

However, when Jianguang was chopped on the chaotic light, it seemed to be chopped on the copper wall and the iron wall, making a squeaking harsh and unpleasant sound, and Mars was shining.

"kill!"

Lu Ming Changxiao, blood fluttering, he borrowed the power of the third bloodline, crossed the gap with the stellar river, the two launched a peak battle.

Lu Ming sometimes imprisoned Tiangong, sometimes chaotically robbed his fingers, and cooperated with the laws of the Daoist to burst into amazing combat power. Ordinary quasi-imperials can be killed with one move.

However, the Stellar River is indeed strong, with sword light breaking through the sky, eternal avatar, no weaker than Lu Ming, and the two of them are fighting a hundred tricks in no time.

boom!

The two slammed again, the light of eternity and the light of chaos shook, and their figures drifted back at the same time.

"Lu Ming, your secret method is indeed very strong, but the sequelae should be great, don't know how long you can persist?"

In the eyes of the Stellar River shone sharply.

He believes that the power of Lu Ming's third bloodline should be a strange and terrible secret technique, which can improve the combat power in a short time, but such secret techniques generally have huge sequelae.

"If you try, you will know!"

Lu Ming smiled faintly, and naturally would not explain it.

In the third bloodline, the energy is endless, even if he has always borrowed it, he will not be exhausted.

"Lu Ming, even if you cast a secret technique, you will not be my opponent, then I will let you see, my strongest combat power!"

The stellar river spoke indifferently, and the eternal light in his body became brighter and brighter, as if to burn.

"Eternal Clock!"

At this moment, the breath of the stellar river actually exploded, and his body was shining brightly, and finally turned into a big clock, covering him in it.

when!

The big bell buzzed, a sonic wave, visible to the naked eye, struck the landing bell.

Lu Ming's face changed suddenly. He faced this sound wave with a very dangerous feeling.

Chaos Tribulation!

Lu Ming did not hesitate to display the chaotic finger, and pointed out with all his strength.

But the sound wave rushed through, and the chaotic robbery actually broke apart. The terrible sound wave rushed past and continued to rush towards the landing.

"What a terrible power!"

Lu Ming's face was dignified, his figure receded, and at the same time, his fists were bombarded, and blocks of prison monuments appeared in front of him.

bump! bump! ...

The shadow of the prison monument was constantly exploding, and Lu Ming shuddered, feeling a terrifying force acting on him, as if tearing his body apart.

Even the chaotic light on him could not bear it.

Lu Ming has been backing away for a hundred miles before successfully resisting this force.

"God, is this the real combat power of the Stellar River? This is too terrifying. Who can be the enemy under Emperor Wu?"

"Lu Ming is about to lose, not an opponent!"

"After all, Lu Ming's cultivation is too low, it is difficult to bridge the gap in cultivation!"

Around, although some people are fighting, there are still people concerned about the battle situation of the Stellar River and Lu Ming.

Chapter 1976: Stellar River

Everyone was shocked by the fighting power of the Stellar River.

It turned out that he hadn't exerted his full strength just now. At this time, he exploded with all his strength, and it was so amazing to knock Lu Ming back a hundred miles in one move.

At this moment, Huang Ling, Long Chen, and others, all showed concern.

The situation on their side has been much better, with the death blade joining them, their pressure is greatly reduced.

Ordinary quasi-empires, facing the death blade, only have to be slain. Up to now, there have been many quasi-empires, dying in the hands of the death blade, the blood is absorbed by the platform, and the blood-red giant bridge is coming. The longer it stretches to the front, it goes deep into the front, and I don't know if it can reach the other side.

The Stellar River walked through the sky and drove towards the landing.

A big bell shrouded him, as if it was transparent, and he could clearly see the stellar river's figure.

"Lu Ming, you are not my opponent. In the face of eternity, everything is false and shocked!"

The stellar river spoke indifferently, as if it had turned into a tall god, looking down on the world.

when!

The second time of the Eternal God Clock vibrated, the horrible sound wave roared out, and the space rippled like water waves, and it was like a thousand horses and horses, rolling towards the landing.

"Retreat!"

Some people were behind Lu Ming, their faces changed wildly at this time, and they all backed away, fearing that they would be swept in.

With their combat power, if they are swept in, it will definitely be the end of the game.

Lu Ming's face was solemn, he cultivated himself to the extreme, and tried his best to fight against it.

The Tai Chi array flew out, suppressing forward.

At the same time, the chaotic robbery means that the prisoner's celestial merits broke out one after another.

But, it's useless!

The Tai Chi array was shocked and bleak.

Chaos robbery refers to the fact that it is difficult to stop the prison and it is broken.

This is not chaotic robbing, or inferiority is not as good as the other party, but Lu Ming's cultivation is inadequate, and there is a gap between the fire and the other party, and it is difficult to explode that strong power.

Uh!

Lu Ming retreated, and this time, blood spilled from his mouth.

"Can stop me two blows, Lu Ming you are good, but today, your ending is already doomed!"

"Kill everything is silent!"

when!

The eternal God Bell vibrated for the third time.

This time, the more terrifying and terrifying sound wave turned into an army, just like the mythical sky soldier, holding the **** soldier, riding the beast, killing the sky, rolling down to the landing naming, the whole void was shaking .

This attack was undoubtedly even more terrifying. Lu Ming was shocked and his blood spewed out, his face pale.

"Among my peers, you can stop the three strikes of my eternal **** bell, you are the first one, hand over the sword of the heavenly emperor, I will leave you all dead!"

The stellar river is very proud, and a white robe is flying in the wind.

He approached Lu Ming as fast as he could win.

"Oh, the power is really good, but not enough!"

Lu Ming chuckled, at this moment, his eyes were cold.

It seems that it won't work without a fight!

Now, he can only increase the power of borrowing the third bloodline.

The third bloodline is too weird. Lu Ming has always avoided borrowing the power of the third bloodline, but now, he has to do so.

"Come on, power!"

In Lu Ming's eyes, a glorious color flashed.

boom!

A burst of **** energy roared wildly into Lu Ming's body.

Roar!

Lu Ming roared, and his voice was like a beast, a terrifying and terrible murder, erupted out, and enveloped all sides.

Stellar River was sprinted by this murderous opportunity, and his face changed suddenly.

This sense of killing gave him the feeling that he was facing an extremely powerful mad existence, as if he would slaughter all souls and destroy everything.

嗤嗤嗤...

At this moment, Lu Ming's body actually swelled up, with bone spurs coming out of the body, making Lu Ming look like some fierce, like the demon coming out of purgatory.

Even Huang Ling, Long Chen, Ouyang Wushuang and others were a little shocked.

They never saw Lu Ming reveal this form.

"Hengxinghe, watch me break your broken clock!"

Lu Ming roared, eyes full of grim and endless murder.

However, Lu Ming's current cultivation is not what he used to be. Although he has endless killing thoughts, he has not lost his mind.

Uh!

Lu Ming's figure moved, like a phantom flashing, and in the next moment, it appeared in front of the stellar river.

Few people saw how Lu Ming moved, too fast.

Uh!

Lu Ming grabbed his claws.

At this moment, Lu Ming's nails have grown a lot, like sharp blades, grabbing the stellar river.

Stellar River's face changed, and an attack quickly broke out.

when!

The Eternal God Bell vibrated, and a more terrifying sound wave blasted out than before.

The sound wave collided with Lu Ming's claws, making a harsh and unpleasant sound.

Finally, Lu Ming roared, tearing his hands hard, and the sound wave was directly broken by Lu Ming.

At the next moment, Lu Ming approached the Stellar River and punched out.

Boom!

This fist bombarded the Eternal Clock, and the terrible power burst out in an instant. The Eternal Clock vibrated wildly, the stellar river's face changed wildly, and its body was like a cannonball.

Uh!

Lu Ming stepped into the void and shook the void, and Lu Ming's figure burst out, overtaking the stellar river, and his fists bombarded like a storm.

"Shock me!"

The stellar river screamed, the eternal clock shook again, and the terrible sound wave burst out.

This time the sound wave is even more terrifying. The general quasi-imperial, I am afraid how many come and die.

boom! boom! boom!

Lu Ming's fist, covered with a layer of blood-colored energy, is indestructible, without breaking anything, and is continuously bombarded with sound waves, and finally destroys the sound waves.

Then, punched on the eternal clock.

Click!

The eternal Divine Bell is a magical technique condensed by the stellar river with eternal laws, and a crack appeared at this time.

And Lu Ming's fist continued to bombard, the cracks of the eternal God Bell were more and more, and the last touch broke the opening.

Stellar River's face was pale, his mouth vomited blood, and his body receded.

But Lu Ming's speed was so amazing that he caught up instantly, violently attacked, and kept pouring away.

Stellar River took out the Emperor-level War Sword again, urged full strength, and cut out Dao Jianguang.

But Lu Ming couldn't stop it now.

At this moment, Lu Ming has borrowed the vast third bloodline power, almost reaching the limit, Lu Ming can barely retain a trace of wisdom, if he continues to borrow the third bloodline power, Lu Ming will be overwhelmed by endless killing thoughts and become a killing puppet .

It can be seen how violent Lu Ming's current power is.

In just a few strokes, the Stellar River was struck and spit blood.

In the distance, Luo Cangqi almost scared to death.

What kind of monster is Lu Ming, even the Stellar River can be defeated, it is almost impossible to defeat.

"No, after going out, you must let Grandpa send masters to kill him, and you must kill him!"

Luo Cangyong shouted in his heart, he had a feeling, if Lu Ming would not die, he would die in the future.

Chapter 1977: Heavenly Body

Luo Cangqiong was shocked, not to mention others, even more shocked.

Stellar River, actually defeated!

It was not defeated by senior figures, nor was it defeated by multiplayer siege, but by head-to-head confrontation, defeated by another youth.

The stellar river, the first day of the land of Yuanshan, the undefeated myth, today, the myth is broken.

Of course, it also accompanied the birth of another myth.

If today's events are spread, the land of Yuanshan will be shaken.

Especially the people of the Heng family are almost like a collapse of faith and terrified.

The Stellar River is the representative of the Heng Family. The pride of the Heng Family has been unbeaten among its peers since the beginning of the stellar river.

But today, it was defeated!

Huang Ling, Long Chen, and the prospective emperor on their side are ecstatic.

Lu Ming defeated the Stellar River, and the situation could be reversed.

"Huh, it's just borrowing some kind of secret technique. Who knows if Lu Ming will become a waste after the secret technique, or if his strength is greatly damaged, what's the use of winning at once?"

Luo Cangqiang spoke very uncomfortably, and his voice spread throughout the audience.

Of course, he is farther and farther away from Lu Ming, ready to escape at any time.

Luo Cangqiang's words made many people's eyes blink.

Indeed, Lu Ming's state is obviously using some terrible secret technique.

Such mysteries actually made Lu Ming's strength so much, and the sequelae were absolutely amazing. It directly became a waste, perhaps exaggerated, but if the original source was damaged and affected the future cultivation, Lu Ming could no longer be possible. Stellar River's opponent.

Some people who have hatred against Lu Ming pray in their hearts and hope so.

At this moment, Lu Ming was too lazy to listen to the outside voice, he continued to rush towards the stellar river.

At this moment, Lu Ming kills and reads like a wave, regardless of whether he is a son of eternity.

Stellar River's face was ugly, but he didn't dare to touch Lu Ming at all. He turned into a rainbow and rushed towards the **** giant bridge.

Uh!

Lu Ming followed, and rushed towards the Scarlet Bridge.

"Did the giant bridge reach the other side of the abyss?"

"The Stellar River must know what, now he rushes to the giant bridge, and he must have reached the opposite bank, and entered the ninth world, we will also rush!"

"Rush!"

Others also rushed towards the giant bridge, including the Heng family's prospective emperor, Daluo Tianzong, Jinwu family and so on.

Originally in a fierce dogfight, it stopped now.

The black crowd crushed all on the giant bridge and ran forward.

"Let's go too!"

Ouyang Wushuang, Huang Ling, Long Chen and others, with a group of strong men, also rushed towards the giant bridge.

When they rushed into the giant bridge, the Dayan Dan furnace shrank rapidly, and flew towards the landing, Ming Lu, and flew into Lu Ming's eyebrows, disappeared.

This huge bridge is very long and very wide, leading all the way to the depths ahead.

The stellar river runs at the forefront at an alarming speed, but Lu Ming is still narrowing the distance to the stellar river.

Soon after, they saw the giant bridge passing through a thick fog.

Many people are shocked, is it the ninth world after the fog?

The ninth world, which cannot be entered directly from the outside, is known as the world inhabited by immortality. What is there?

The Stellar River rushed into the fog first, but immediately, Lu Ming followed.

After Lu Ming rushed into the mist, he found that he came into a void.

Yes, the void!

Here, there is no land, such as the universe starry sky, he is floating in the void.

The stellar river is not far away, but he seems to be stunned at this moment, looking stunned forward.

Lu Ming couldn't help but look at the past, and at first glance, he was shocked and stunned.

There was a figure sitting in the void in front of him.

But that figure was too big and too majestic.

This person's body is taller than any mountain, just sitting there, like a vast universe in the sky, a planet.

People are as small as dust in front of them.

But most importantly, this is a stone man.

It's like a huge stone statue, but it's lifelike.

This is a young man in his thirties who closes his eyes and sits in the void, but gives the impression that he is unparalleled, unparalleled, and unique.

What shocked Lu Ming most was that he had seen the appearance of this stone man.

At the beginning, the two emperors fought in the Tiandi Mountain, and finally the emperor fell blood, and the Tiandi Mountain changed.

At that time, there was a figure of Tiandi Mountain condensed out, about thirty years old, with a flamboyant appearance, suspected of the figure of Tiandi.

The stone man in front of him was exactly the same as the figure that appeared in Tiandi Mountain.

Is this a statue of Emperor Tian?

In Lu Ming's mind, he turned his thoughts.

Uh! Uh! Uh! ...

At this moment, people are constantly passing through the fog and appearing in this void.

But when they saw the giant stone man, they were all stunned and shocked.

"Tiandi, this is Tiandi!"

"A statue of Heavenly Emperor?"

"No, it's flesh, God's flesh!"

Finally, the prospective emperor of the Heng family shouted out the shock that couldn't help it. All the people's hearts were violently shocked, and there was a storm.

Heavenly Emperor Body?

This is Tiandi's flesh!

Legend has it that Heavenly Emperor fell in the distant past. Is this really the flesh left behind by Heavenly Emperor?

Probably!

There are many ancient ruins in the lotus world. In some places, it seems that the horrible creatures have been suppressed. If it is not the emperor, who can do it?

In the distant past, I don't know what happened. Heavenly Emperor suppressed some powerful creatures here, but he himself fell, and the flesh was left here, sitting in the ninth world.

No wonder the ninth world cannot be entered directly.

No wonder there are legends in other worlds, and the ninth world is inhabited by immortality.

Immortality is the emperor!

Lu Ming thought of more. He thought of the sword of the Emperor of Heaven, which is also the stone sword.

The sword is made of stone. Now this huge body is also made of stone. What is the connection? Is it really the Emperor's flesh?

Heaven Emperor, is it not a human race, but a peculiar life?

At this moment, many people's eyes burst into flames.

That's the fire of greed!

If this huge stone man is really the emperor's flesh, the value cannot be imagined.

That's God!

Today, Heavenly Emperor is simply a legend, and Emperor is the pinnacle of power.

An emperor can almost dominate one side, invincible, control the avenue.

As for Emperor Tian, it is even more unimaginable.

Legend has it that Heavenly Emperor is almost the same as Heavenly Dao, and the Tribulation is not immortal. It is truly immortal.

When he arrived at Heavenly Emperor, there would be no more catastrophe, and he would live with him.

Such characters are hard to imagine.

The value of the flesh left by these characters is conceivable.

Whether it is true or not, it is not to be missed, it must be crazy.

Uh, uh, uh! ...

At the next moment, there was a figure rushing towards the giant stone man, eyes flashing, full of greed.

Chapter 1978: Heavenly Emperor is not dead?

Heavenly Emperor's flesh is so amazing, it's also very touching.

Regardless of whether it is true or false, you have to give it a try, even if it is just knocked off from it, it is also worthless. Take it out, and the Emperor Wudi will be jealous.

One figure after another, rushed forward.

"Tiandi's flesh is mine, who moves and who dies!"

The stellar river shouted, and the whole person turned into a sword light burst out.

puff! puff! ...

Sword light was cut off, blood was splattered, and heads flew out.

In an instant, more than ten quasi-empires were beheaded by the stellar river.

Ordinary quasi-empire is too far away from the stellar river. It is completely a spike, without the slightest resistance, the river of law is easily cut through.

Other prospective emperors were frightened and flew away, the stellar river, too domineering.

"Stellar River, the battle between you and me is not over yet. Let's continue the battle!"

Lu Ming's blood fluttered, killing thoughts like a tide, his eyes red, and he stepped toward the stellar river.

Within a certain range beside him, no one dared to set foot except for having a good relationship with Lu Ming.

Stellar River saw Lu Ming coming, his face was ugly, turned into a rainbow, and rushed towards the giant stone man.

"Form a large formation and block him with imperial soldiers!"

The sound of the stellar river came out.

Those Hengjia quasi-empires moved one after another, their bodies flashed, and they gathered into a wonderful array.

Some people with imperial soldiers sacrificed the imperial soldiers one after another.

The prospective emperor obviously cannot fully exert the power of the imperial soldiers, but many people gathered together to form a large formation, and the power is also very terrifying.

call out! call out! ...

Swords of anger slammed towards the landing.

Lu Ming banged out with several punches and shook the void, crushing those sword qi.

But then, there was more Jianqi slashing towards it.

For the Heng family, most people practice Changchun's law, and they pay attention to it continuously.

Endless sword energy, constantly roaring towards the landing, blocking Lu Ming's way.

Even if Lu Ming's combat strength is stronger at the moment, he can't rush out in a short time.

The Stellar River is approaching the Stone Man quickly.

His speed is very fast, others are behind him.

Uh!

A ray of death came violently, blocking a large piece of sword gas.

"Lu Ming, you chase the stellar river, here, I will block it for you!"

The blade of death came from the sky, and the sky of death enveloped one side, blocking a large area of sword light.

Lu Ming's blood-red eyes glanced at the blade of death, without saying much, his figure rose into the sky, turned into a blood, and chased toward the stellar river at a rapid speed.

They looked at the stone man as if they were not far from them, but when flying, they knew that they were very far from the stone man.

Because the stone man is too big.

In the void, a rainbow of light, like a meteor, flew towards the giant stone man.

The Stellar River is far ahead, but Lu Ming is quickly chasing and slowly approaching.

This flight flew for half an hour.

At their speed, they flew for half an hour, and one can imagine how far this distance is.

At this time, they finally approached the giant stone man.

At this time, Lu Ming and the stellar river had already far away others, and they were far ahead. Lu Ming's approached the stellar river.

"Damn, what secret is this guy using, it hasn't disappeared yet!"

Stellar River roared in his heart.

Lu Ming was full of blood, and his breath was still strong.

The general mystery, such a strong fighting power, cannot be supported for so long.

But now, Lu Ming seems to be fine.

He broke out with all his strength and rushed towards the giant stone man.

He has a feeling, he feels that the blood in his body is boiling, it seems that he has a sense of closeness to the giant stone man.

It's as if this stone man has blood connections with him.

"It must be the ancestor of the Heng family, it must be!"

The stellar river shouted.

The closer he is to the giant stone man, the stronger his feeling is, he feels that as long as he flies to the stone man, he can get the stone man.

At this moment, Lu Ming's eyes also showed a strange look.

Because in his knowledge of the sea, the stone sword, that is, the sword of the Emperor of Heaven, is constantly shaking and buzzing, and the sword is roaring.

It seemed that, with the stone man, there was a feeling.

"The stone sword may be really the sword of the emperor, the sword of this stone man!"

In Lu Ming's mind, he turned a thought, but the speed kept on, and he was gradually approaching the stellar river.

boom!

Lu Ming banged out with a punch, a terrible punch, blasting towards the stellar river.

"Eternal Clock!"

The stellar river shouted, bursting out with all his strength, and another round of eternal **** clock enveloped him.

The Eternal God Clock vibrated, evoking a terrible sound wave, and rushed to Lu Ming, but Lu Ming broke it with a punch.

when! when! ...

The stellar river flew toward the stone man, while shaking the eternal clock, the terrible sound wave, transformed into a variety of fierce attacks, rushed to Lu Ming.

Lu Ming's shot was very simple. He performed the jail of Heavenly Prison. He punched out with one punch, smashed the sound wave, and slowly approached the Stellar River.

The two flew while fighting, and in a flash of a dozen tricks.

boom! boom!

A few punches broke through the sound waves of the stellar river and bombarded the eternal **** clock on the stellar river, shaking the eternal **** clock, and a dense crack appeared on it.

Stellar River's face was ugly, and he gritted his teeth towards the stone man.

In the past, no one among his peers could break his eternal clock, but today, Lu Ming has broken one after another.

"When I step into Quasi-Emperor, I will kill you!"

The Stellar River roared in his heart, and one accidentally took another punch. His body shook and nearly spit blood.

At this moment, they are very close to the stone man.

After approaching, they realized that the stone man was really too big and magnificent. They were probably as big as the hair of the stone man.

At this moment, a shocking scene appeared.

The stone man suddenly opened his eyes.

This scene made Lu Ming, the Stellar River, and others jump in their hearts.

Shiren opened his eyes!

Isn't Heavenly Emperor dead?

If it is true, it will be a great thing.

Shiren opened his eyes, and saw its two eyes, like two abysses, dark.

At the next moment, in the eyes of the stone man, two rays of light emerged, forming a figure in front of both Lu Ming and the Stellar River.

A robe, unrivalled in style, about thirty years old, has the spirit of Ni Nixia.

It's not the image of Heavenly Emperor.

At this moment, everyone seems to have forgotten to breathe, dumbfounded.

Heavenly Emperor, really not dead?

"Descendants of the Heng family, meet the ancestors of Heavenly Emperor!"

The stellar river bowed and bowed in anticipation of shock.

"Younger Lu Ming, meet the Emperor!"

Lu Ming also saluted with a fist.

Anyway, Heavenly Emperor is a predecessor, and his salute is normal.

"See God!"

Others also salute the emperor from afar.

Heavenly Emperor's eyes swept the crowd and said, "No need to pay more, I have fallen. What I have left at this moment is just a ray of imprint, like a candle in the wind, which may go out at any time!"

This statement shocked my heart.

It seems that Heavenly Emperor really fell. This figure is just a trace of Heavenly Emperor.

Chapter 1979: Different options

Heavenly Emperor has fallen, leaving only a mark, so how did he die?

This is the emperor, the invincible existence of the world, who can kill him?

Is it also the character of the Emperor Realm?

Everyone was full of doubts.

"You are here for my flesh!"

At this time, Heavenly Emperor spoke again.

Everyone's face paled at once, and now the emperor's seal appeared. Where dare they tell the truth, even if there is only a trace of the emperor's mark, killing them is probably a temptation.

Lu Ming did not say anything, nor did the Stellar River.

The eyes of Heavenly Emperor's Mark finally fell on Lu Ming and the Stellar River, saying, "Both of you are slightly connected to me. If you want to force forward, I will not stop you!"

Stellar River's eyes lit up and gave Lu Ming a cold look.

The Seal of the Heavenly Emperor actually said that Lu Ming and the Seal of the Heavenly Emperor were also somewhat related, which made him think of the sword of the Heavenly Emperor.

"I am a descendant of the emperor of heaven, this flesh of the emperor is mine!"

The stellar river shouted.

"But, I want to remind you one sentence!"

At this moment, the seal of the Emperor Tian continued to speak, but his expression became very serious. The land will be covered with spirits, blood will flow into rivers, and countless people will fall, including your relatives and friends!"

"One thought affects the life and death of countless people, you have to think clearly!"

Lu Ming's face changed!

Stepping forward, it will cause a huge change, the spirits will become charcoal, the blood will flow into the river, and it will even affect his relatives and friends.

How could this be?

Not only is he, but also the faces of other people have changed greatly. The imprint of the Emperor of Heaven will not be targeted without aim.

"I will give you ten breaths to consider. If you don't step forward, just retreat!"

Heaven Emperor imprinted.

Lu Ming did not think too much, shook his head slightly, and backed away.

Although he had practiced all his life, he certainly had the idea of reaching the peak of martial arts, but more of all, he wanted to have strong strength to decide his own destiny and protect his family and friends.

If his family and friends are in danger because of the Emperor's flesh, Lu Ming would rather not.

This is not his way of martial arts!

bump!

Lu Ming retreated, but the Stellar River stepped forward.

"Have you thought about it?"

Heavenly Seal asked.

"He died and died, what did he do with me? As long as I achieve the pinnacle and become eternal, everything is worth it!"

The indifferent sound of the stellar river sounded.

In his mind, only himself, other life and death, even the life and death of his loved ones, as long as he can complete him, it is worth it.

"Selfishness will never be the climate!"

In the crowd, Huang Ling said bitterly.

"But this kind of person is also terrible!"

Luo Tian Yidao.

This kind of person, for his own sake, does not consider anything else, and does whatever he wants, it is indeed terrible.

bump! bump! ...

The stellar river stepped continuously, his figure became faster and faster. He seemed to be attracted by a mysterious attraction, and flew towards the stone man very quickly.

At the next moment, the body of the stellar river actually submerged directly into the body of the stone man and disappeared.

Hey!

Heaven Emperor's imprint, with a sigh, seemed disappointed. Then his body broke apart and disappeared.

Buzz!

At this moment, a terrible breath radiated from the huge stone man, a faint ray of light came out from the stone man.

Click!

At the next moment, the stone man seemed to move, and there was a clicking sound.

"What's going on? Heavenly Emperor's flesh moved, I didn't look at it!"

"It did move, his arm was moving, oh my god, how could Heavenly Emperor's flesh move?"

"Is it the Stellar River, he is integrated into the body of the Heavenly Emperor and is controlling the body of the Heavenly Emperor!"

Someone shouted, shocked.

Lu Ming's complexion also changed suddenly, his body retreated quickly, and shouted: "Retreat, retreat!"

boom!

At this moment, the emperor's flesh burst into a terrifying breath.

This breath, as vast as the sky, can not be speculated, just like the heavens, unable to resist.

This is the coercion of God!

The eyes of Heavenly Emperor's flesh looked at Lu Ming's side, filled with cold light.

"Lu Ming, today is your day of burial!"

A voice came from the body of Heavenly Emperor, filled with cold murderous opportunities.

It is the sound of the stellar river.

Lu Ming's face was very gloomy. He didn't expect to go forward. He would actually merge into the body of the Emperor and control the body of the Emperor.

He thought he just got it.

If he knew this, he would stop the stellar river even if he didn't want the emperor's flesh.

At this time, only retreat!

Lu Ming retreated, Huang Ling, Long Chen, Ouyang Wushuang and others also retreated.

"Lu Ming, you can't leave!"

The stellar river sounded again.

boom!

Heavenly Emperor's flesh suddenly stood up, terrifyingly unimaginable, bursting out, covering the entire ninth world.

No one can move under this force, including Lu Ming.

Roar!

Lu Ming seemed to hear a terrifying roar in the third bloodstream, which seemed very uncomfortable, but it seemed to be suppressed by a powerful force, and only Lu Ming could hear this roar.

"Lu Ming, you want to fight me, you are still far away!"

The sound of the Stellar River sounded again, and the Emperor Tian stood in the sky, standing high above the sky, with a terrible breath, and kept going towards the landing.

Then, Heavenly Emperor fleshed out a big hand, and grabbed to Ming Ming.

The big hand covers the sky and the sun, so strong that it can't escape, nor can it resist.

"Lu Ming!"

Huang Ling, Long Chen and others were shocked and their faces were very ugly.

However, at the moment, Lu Ming's face was surprised.

Because at this time, in his knowledge of the sea, the sword of the Heavenly Emperor was shaking wildly and filled with a mysterious light.

Buzz!

At the next moment, the sword of the Emperor of Heaven rushed out of the sea of knowledge directly, suspended above Lu Ming's head, and was rapidly becoming larger.

Soon, a huge and huge sword appeared, and the breath was also shocking and appalling.

"That's... that's the sword of Heavenly Emperor!"

Many people shouted and were shocked.

When the sword of the Emperor appears, is it duel against the Emperor?

"cut!"

Lu Ming's thoughts moved, and the sword of the Heavenly Emperor burst out, slashing into the palm of the Heavenly Emperor's body.

boom!

The roar of terror broke out, and the world was shaking.

Many people's faces changed wildly, their bodies shook, they staggered back, and their mouths overflowed with blood.

After the collision, the sword of Heaven Emperor flew back, suspended above Lu Ming's head.

And the huge body of Heavenly Emperor also took a few steps backwards.

"The sword of the heavenly emperor is mine, I am the descendant of the heavenly emperor, Lu Ming, what qualifications do you have to hold the sword of the heavenly emperor, give it to me!"

The Stellar River roared, controlled the Emperor's flesh, stepped on the void, and rushed towards the landing.

Chapter 1980: Change, the emperor enters

Stellar River controlled the body of Heavenly Emperor and punched at the landing with a punch.

"cut!"

Lu Ming whispered, and the sword of Heaven Emperor was cut again.

There was another terrible roar, the sword of the Heavenly Emperor and the flesh of the Heavenly Emperor, backed up together.

What they do not know is that at this time, the Lotus World has undergone an amazing change.

At the moment when Emperor Tian got up, there seemed to be an invisible power that was rippling out and spreading to other eight worlds.

Roar! Roar!

At this moment, some of the oldest ruins in the eight worlds exploded.

Like the God Island of Time in Wanhai Realm, the roaring sky and the sky, the power of time swept through the sky.

At the bottom of the underground cave of the Thousand Beasts, the roar is even more amazing.

Some people are still taking risks there, and were directly injured and killed by this roaring force.

The same is true in other worlds, as if there is a supreme demon who is about to be born.

Outside the lotus world, under the original Tiandi Mountain.

In all directions, a dense crowd gathered.

Of course, most of them are below the Holy One, but there are also a lot of strong men above the Emperor Wu.

Even at the highest point, there are several figures standing there, surrounded by divine light, which is shocking.

Those are several great emperors.

Everyone is waiting quietly.

Many people who have entered the lotus world are not short of time. They don't know what happened and what opportunities they have gained. Many people are very envious, and at the same time, they look forward to it.

boom!

It was here that the cave of the lotus world suddenly burst into a powerful light, rushing beyond the clouds.

But immediately after that, the light disappeared, and the entire cave was dim and dull, and even the lotus projection in the sky disappeared.

"The isolation power of the lotus world has disappeared!"

A great emperor's voice was shocked.

what?

Others were shocked.

The isolation energy of the lotus world disappears, does this mean that the characters above Wu Emperor can also enter?

Many emperors of the Wu Emperor radiated a fiery glow in their eyes.

Roar! Roar! ...

But at this time, there was a terrifying roar in the cave, as if the supreme demon was roaring, and it was like the supreme demon was about to be born, too horrible.

"What's going on? What is this?"

"What is there in the lotus world? How could there be such a horrible voice of existence, do the people who entered previously encounter these existences?"

Many people's faces become ugly.

The faces of several great emperors were also dignified.

"The barrier has indeed disappeared, go in and see!"

This is the voice of the phaseless emperor. The voice fell, and the phaseless emperor stepped out, and his body rushed into the cave.

Immediately, Emperor Hengjia, Emperor Hejia, and Emperor Luotianzong rushed into the cave.

The four unrelated emperors rushed into the cave and appeared above the lotus world.

In the Lotus World, although there is a power to draw them into one of the petals, how powerful is the Emperor's power, and he can fully resist this power and choose which petal to enter.

The phaseless emperor stepped into one of the petals.

The other three great emperors also rushed into different petals.

Outside, the true emperor and the emperor embody the light of greed.

This is the remains of the Emperor of Heaven, how can they not be moved, even if there is a horrible roar coming from below, they will not retreat.

After the figure, rushed towards the cave.

At this time, in the distant sky, several figures flickered, incredible speed, and many emperors rushed into the cave, no one could see the appearance of these figures.

These emperor-level strongmen entered and also entered different petals.

The world that the phaseless emperor entered was the Wanhai Realm that Lu Ming first entered.

As soon as he appeared in Wanhai Realm, his eyes looked towards the direction of Time God Island.

Immediately, the space was split, and he stepped in. In the next moment, the outer space of Time God Island, the space was split, and the figure of the unrelated emperor appeared.

Roar!

A horrible roar came from Time Island.

"What a powerful force of time, here, there is such a powerful creature, is it the Emperor of Heaven?"

The Emperor Wuxiang whispered, and his eyes were like stars. He wanted to spread everything and look deep into the God Island.

In his eyes, everything has nothing to hide, and he sees clearly the creatures under the mountain of time.

The face of Emperor Wuxiang suddenly changed.

"Interracial, this is a family of evil gods!"

Emperor Wuxiang's face was somber and whispered: "Since I was touched by me, then I will completely wipe you out!"

He was about to start, suddenly looked into the distance and shouted: "Who!"

Hiss!

The space over there suddenly cracked, and several voices stepped out.

These figures, completely shrouded in the dark magic light, exuded a terrifying breath.

The breath of one of them is no weaker than the unrelated emperor, which is actually the pinnacle of the emperor's realm.

"No phase, not seen for many years, don't come unharmed!"

The strong man of the Great Emperor Realm spoke.

"Demons and evil spirits are you!"

The voice of Emperor Wuxiang sounded indifferently.

If anyone else is here, it will be very shocking.

Because, the demon is the leader of the legendary demon religion. Many years ago, he was active near the city of Heavenly Emperor. It was a terrifying force, specializing in killing Emperor Wu, or someone with the potential to become an Emperor.

The evil spirit is the leader of the evil spirit religion.

Although this person is not an emperor, he is also at the pinnacle of the real emperor.

The masters of these powerful and evil forces came here at the same time.

"Evil spirit, you go to destroy the seal, the old man without a face, leave it to me!"

The voice of the demon leader sounded, his figure moved, and turned into a terrifying magic light, and he was slain towards the unrelated emperor.

"You really are a member of the Evil God family, and you want to let the Evil God family out, stop thinking!"

The Emperor Wuxiang angered, his breath exploded, and his palms exploded, and the imprint of terror was bound to blast towards the evil spirit master who rushed to the island of Time God and others.

"No phase, your opponent is me!"

The demon master demon darted into the sky, and the dreaded magic knife burst out, splitting the sky in half, blocking the imprint of the phaseless emperor.

"Go away!"

The imprint of the Emperor Wuxiang continued to explode, and the road increased, and every palm had the power to destroy the world.

But the demon priest is also a strong man in the Great Emperor Realm, and he is in the same realm as the Great Emperor, and the combat power is also terrifying. The magic knife has a vertical and horizontal direction, blocking the Great Emperor.

boom! boom!

On the other side, the evil spirit leader and others successfully rushed into the Mountain of Time and shattered the remaining two ancient altars.

Roar!

Under the time **** mountain, the huge figure roared, the atmosphere was violent and shocked, and it came out like a storm.

The entire God of Light and God Mountain exploded and the gravel splashed.

Dangdang!

The huge figure struggled, and the iron chains locked on him collided with each other, and the whole island of Time God was shaking violently.
