

D Emperor 1981

Chapter 1981: Horrible creatures are born

The huge figure struggled, pulling the iron chain, Time God Island vibrated, some places cracked huge cracks, the whole Time God Island was crumbling.

"Come and help me cut this **** chain of magic!"

The huge figure spoke.

"Yes, lord!"

Several masters of evil spirits bowed to their orders, and then a terrible attack broke out, attacking those chains.

Keng! Keng! Keng!

The cultivation of these figures are very terrifying. Although they did not reach the realm of the emperor, they were not far away. Various attacks fell, the iron chain vibrated, and Mars was everywhere.

Coupled with the help of the huge figure, a short while later, Keng's sound, one of the iron chains, broke off.

"Hahaha, I am finally going to be born, Hengyu. You didn't kill me at that time. With my power, you suppressed the void channel. In the end, you will only be clever and mistaken. I will make you regret it, hahaha!"

That huge figure, laughing wildly, the breath was even more amazing, struggling violently.

Although the anxious emperor was anxious, he was entangled by the demon master and could not stop him.

Keng! Keng! ...

The sound of the broken iron chain came, eight consecutive sounds of breaking, and then, a terrifying breath rose into the sky, and the sky was swaying.

boom!

At this moment, the whole time God Island shattered and a huge figure stepped out.

As he stepped out step by step, his figure began to shrink, and finally became the size of a normal person, revealing his true appearance.

This is a dark-skinned middle-aged strong man with a red/naked body, the breath of his body is amazing, and it is no weaker than the unrelated emperor and the demon master.

This is also a strong man in the Great Emperor Realm.

boom!

The middle-aged strong man punched directly at the Wuxiang Great Emperor.

The Emperor Wuxiang waved his hands and fought against the demon leader and the middle-aged strong man.

Although the middle-aged strong man has been banned for countless years and is no longer powerful during the heyday, it is also the existence of the level of the emperor. After joining the demon master, the unrelated emperor fell into the disadvantage.

And in another world, Ten Thousand Beasts.

There was also a figure in Lu Ming's cave where the seal was the second of nine volumes.

This person's breath is amazing, and he is also an emperor.

Moreover, it was not the emperor of the He family, the emperor of the Heng family, and the emperor of the great Luo Tianzong, but a stranger.

A huge knife appeared in his hand, and the whole cave was cut in half.

Roar!

At the bottom of the cave, a roar of excitement sounded, which caused a collision of iron chains.

"Quick, help me cut the chain!"

Deep inside the cave, there was a sound of excitement.

The man in the air, the giant sword in his hand came out again.

A few swords fell down, and the sound of the broken chain was heard.

Roar!

Then, the roar sounded, the earth exploded, and a huge giant lizard crawled out of the depths of the ground like a giant beast from the wilderness.

This giant lizard is actually the existence of the level of the emperor.

"Go, let's go to other worlds and save others!"

The man in the sky opened his mouth and the space split, he and the monitor lizard stepped into the space and came to another world.

One of the oldest ruins in the world, the Heng family is here.

"Seal a powerful creature!"

Emperor Heng's face was somber.

Suddenly, the space split, and the giant lizard and the great emperor came here.

The war broke out directly, and the great emperor blocked the Hengjia emperor, and the giant lizard shot out to rescue the powerful existence in this ruin.

As a result, the Great Emperor of the Heng Family did not dare to fight and retreated.

The other three strong opponents continue to the other world in front of them, rescued by the powerful strongholds.

The number of opponents is increasing. For example, the He family emperor and the great emperor Luo Tianzong met with him, and they were immediately shocked and did not dare to stop them.

Soon after, the eight worlds and eight ancient ruins were all powerfully rescued.

All of them are the creatures of the realm of the great emperor. This is absolutely a terrifying and terrifying force, terrifying.

"Return to the eight worlds, move away from the world, open the void channel, and welcome my family!"

A voice came out, and the strongmen who were originally confined returned to the original world respectively.

Wanhai Realm, on the island of Time God Island, the Emperor of Phaselessness, has fallen completely downwind.

Suddenly, the middle-aged man withdrew and retreated to the original location of Time God Island, a shocking wave erupted, and a beam of light rose into the sky and was in all directions.

At this moment, the whole Wanhai Realm was shaking.

In the sea, Mingyan Kingdom, Ruan Tianjiao stood above the palace, looking at the sky, his face dignified, and whispered: "The world is shaking, roaring, this world, what is going on? Is it related to the outsiders?"

"Lu Ming, how are you doing?"

Not only Ruan Tianjiao, but also the entire world of Wanhai, as well as people from other worlds, looked up at the sky with pale faces and a sense of fear.

They felt as if they were going to be in trouble.

...

In the ninth world, Lu Ming controlled the sword of the Heavenly Emperor and fought against the Heavenly Emperor controlled by the Stellar River.

Suddenly, a horrible roar came, as if coming from outside the heavens, with one after another, amazing power.

Many people's faces changed greatly, and they didn't know what happened.

"Lu Ming, the sword of the emperor is mine, hand it over!"

The stellar river roared, and the Emperor's flesh rushed towards Lu Ming again.

In his eyes, the Emperor's flesh and the Emperor's sword belonged to him. Lu Ming was not qualified to control it.

when!

Lu Ming controlled the sword of the Emperor and fought with the other party for more than a dozen consecutive moves, still in a state of stalemate.

Rumble!

Suddenly, heaven and earth roared, and the whole piece of Tianyu shook violently.

It seems that the whole world is being moved.

Buzz! Buzz!

At this moment, the sword of the Heavenly Emperor and the flesh of the Heavenly Emperor were involuntarily shaken, exuding a brilliant brilliance.

At the next moment, a figure flew out of the body of Heavenly Emperor, stellar river.

"what happened?"

The stellar river burst.

And the sword of Heavenly Emperor on Lu Ming's head shook, and flew out, being held by Heavenly Emperor's body.

"It should happen, it happened after all, but I can't ignore it!"

Heavenly Emperor's flesh actually spoke, said, and stepped out in one step. The huge figure disappeared suddenly.

"No, my heavenly body..."

The stellar river roared, extremely unwilling.

The emperor's flesh suddenly left him, and he could hardly accept it.

With Heavenly Emperor's flesh, he can become the pinnacle of power between heaven and earth at once, and become a hegemon.

"The warrior, relying on himself, can only be the strongest when he is strong. It is ridiculous to only think about foreign objects!"

Lu Ming is still calm.

Heavenly Emperor's Sword flew away, then it went. The pinnacle of the road, relying on a sword, could not last long, and only by ascending yourself would it be your own strength forever.

"Lu Ming, damn..."

Stellar River drinks coldly, he blames everything on Lu Ming's head.

If Lu Ming had not stopped him, he would have left Tiandi's flesh earlier and this might not have happened.

Chapter 1982: Alien attack

"I see, **** you!"

Lu Ming's eyes were cold, and he stepped out toward the stellar river.

Stellar River's face changed. He doesn't have the body of Heavenly Emperor now, and he is not Lu Ming's opponent.

He retreated sharply and shouted: "Lu Ming, don't you need to resort to external force? You have the ability, do you really fight against me?"

"Okay, let's fight at the same level!"

Lu Ming said.

"you..."

Stellar River gritted his teeth, battled at the same level, facing Lu Ming, he was not sure at all, and he would even lose even worse. How could he agree.

"Cultivation that is two times taller than me, it's ridiculous here to tell me to fight a battle based on my true skills but not dare to fight at the same level!"

Lu Ming sneered and sneered.

Stellar River's eyes were very cold, and if he could, he would have unloaded Lu Ming for a long time.

But at this time, he can only escape.

Buzz!

Suddenly, the void shook, and a powerful force came suddenly, covering everyone.

At the next moment, the sky turned around, and their figures disappeared in the ninth world. Lu Ming found that he appeared in the huge underground cave above the lotus world.

Around him, figures constantly appeared, and Huang Ling, Long Chen, Ouyang Wushuang, Luo Tianyi and others all came out.

Of course, Luo Cangqiang, Stellar River and others also came out.

Not only they, but also those who explored in other worlds, were all moved out by a powerful force.

"Look, what is that?"

"Nine worlds are moving!"

"A vortex appeared in the heart of the lotus!"

Someone shouted.

Lu Ming looked down, and they were also shocked.

In this position, they are condescending and they can clearly see the situation below.

Below, that lotus flower, at this moment, the nine petals of the lotus flower actually moved slowly outwards.

At the position of the lotus flower heart, a vortex appeared.

Roar! Roar!

Suddenly, a terrifying roar came out of the vortex. Then, I saw two huge pairs of claws sticking out of the vortex.

The nails of these two hands are sharp, covered with scales, and very cruel.

Then, two hands clawed, holding the side of the vortex, it seems to support the vortex hard, to support the vortex larger.

An astonishing scene appeared, and the vortex was really getting bigger. Then, two huge creatures protruded their heads from the vortex. The claws just came from them.

"this is..."

Lu Ming's pupil contracted sharply.

This kind of creature, Lu Ming looks too familiar.

Covered with scales, his eyebrows had a third eye, like a three-eyed **** clan.

"Is this vortex leading to the world of the Three-Eyed Protoss? The Three-Eyed Protoss is about to invade!"

Lu Ming's thoughts changed sharply, and his heart was very heavy.

From the time he was weak, he followed the ancient city of the desert for the first time and strayed into a small island in the heavens. He first contacted the Three-Eyed Protoss, and later, from time to time he came into contact with the Three-Eyed Protoss.

During the battle of luck, when I saw the Titan longhorn, and later when the Hunyuanzong was evaluated.

At the same time, he knew more and more about the Three-Eyes God Race.

The Three-Eyed Protoss does not belong to the Celestial Realm, or the Meta Realm, but another world, but before the endless years, it attacked the Celestial Realm, causing the Celestial Realm to fight against the sky, the spirits were painted, and the blood flowed into a river.

Countless strong men fell!

Dan Dan once said that the final battle will come soon, and it is also related to the Three-Eyed Protoss.

Could it be that the Three-Eyed Protoss is coming now?

He also finally understood that what the emperor's imprint said before was the charcoal of the soul, which means the invasion of the three-eyed **** clan.

Roar! Roar!

These two three-eyed protoss are completely different from Lu Ming's previous encounters. Their physique is too burly and extremely huge. They prop up the vortex and prop up the vortex.

"Kill, kill Yuan Yuan!"

"My family will rule the world!"

In the whirlpool, there was a roar that made everyone's face change.

"what is this?"

Someone's voice trembled.

"Did the nine worlds just suppress this passage?"

Someone's ugly speculation.

At this moment, the heart of the lotus was over, the space was split, and a huge figure appeared.

That is the body of Heavenly Emperor.

From this direction, the Emperor Tian's flesh seems to be about the same size as the huge three-eyed Protoss.

"Evil God family, get back to your world!"

Heavenly Emperor shouted in flesh, holding the sword of Heavenly Emperor and slashing down.

puff!

An arm of a huge three-eyed creature was cut off by the sword of the emperor.

Roar!

The three-eyed creature roared, and in the third eye of the eyebrow, a ray of destruction was emitted, killing the Emperor's flesh.

But Heaven Emperor flew out with a punch, and the light of destruction was destroyed. At the same time, the war sword was stabbed and pierced from the eyebrows of the three-eyed creature.

The blood flashed out, the huge war sword, without the hilt, the sword gas exploded, and the head of the three-eyed creature was twisted into pieces.

After the three-eyed creature died, the claws loosened the vortex, and the huge figure disappeared into the vortex.

The Emperor Tian held the War Sword in his body, and he was going to kill another three-eyed creature.

But at this time, the space split and several figures stepped out.

One of them is the demon leader.

"There is only one flesh left, and we have to stop us. Today, destroy your flesh together!"

The demon leader spoke indifferently, killing the emperor's flesh.

Heavenly Emperor's flesh backhand is to slash the demon lord, and slash the demon lord out.

Heaven Emperor, even if only the flesh remains, the power is still amazing.

Hiss!

At this moment, the space did not break apart, and a figure stepped out.

The dark-skinned brave man of Time God Island and the huge giant lizard of the Thousand Beasts all exude a vast and breathless atmosphere.

"Emperor, all emperors!"

Someone shouted, shocked.

These sudden appearances are actually figures in the realm of the great emperor.

"Are these existences, among those ruins, the existence of the towns that were blocked?"

Someone interfered with the voice and spoke their own guess.

Many people are silent.

It seems that something big is going to happen.

The previous changes may be related to these powerful beings.

Some people's eyes turned to the stellar river.

They remember that the emperor's seal said before, that if they stepped forward, they would cause the spirits to become charcoal and blood to flow into the river.

Perhaps it refers to this.

And is all this caused by the stellar river?

Humph!

The stellar river snorted coldly, his face somber.

Life is not charcoal, life is not charcoal, he does not care, what is the life and death of other people, and what does he do? What he is thinking now is how to get the body of Heavenly Emperor and the sword of Heavenly Emperor.

boom! boom! ...

A terrible war broke out.

The demon leader, the giant monitor lizard, and other powerful people simultaneously attacked the flesh of the heavenly emperor. The void of the heart of the lotus was horrified.

"Hengyu, you suppress my endless years, today, I will swallow your flesh!"

The monitor lizard roared, a terrible flame spewed out of his mouth, and rushed to the body of the emperor.

Heavenly Emperor flicked the flame with a sword.

Chapter 1983: Emperor's Fall

Heavenly Emperor's flesh broke through the monitor lizard's flame and killed the monitor lizard.

However, the other great emperors also shot at the same time, and all kinds of terrible attacks drove towards the emperor's flesh.

"Hengyu, you didn't kill me back then, it was your biggest mistake!"

"Today, I will tear your flesh!"

Those powerful creatures were suppressed in the endless years. At this moment, they saw the flesh of the Heavenly Emperor, full of tyrannical intentions, endless killing intentions, and terrible attacks with red eyes.

These existences, despite being suppressed for an inexhaustible period of time, the original energy is seriously injured, and the combat power is greatly reduced, but after all, they are the creatures of the Great Emperor Realm, and their strength is still not trivial.

The Emperor's flesh is only a flesh after all.

Many people join forces, and various attacks fall on the body of the Emperor, causing the Emperor's body to retreat.

However, although Tiandi's flesh retreated, there was no scar on the stone body.

Keng!

The stone sword shook, and the dazzling brilliance broke out on the stone man. At this moment, the flesh of the emperor seemed to recover.

The stone sword turned into a sky, the sword light flashed, and the faces of several powerful beings changed greatly, and they were shot out by a sword.

At this time, the space in that area was cracked again, and a strong man stepped out to participate in the siege of Heavenly Emperor's flesh.

"Kill it out!"

"Bloodwashed Yuan Realm!"

After the vortex, roaring came out constantly, killing like a wave, making people smell discolored.

That huge three-eyed protoss is struggling to support the vortex, trying to support it even bigger.

There are a total of ten great emperors in the realm of the emperor, who participated in the siege of the body of the emperor. This scene, everyone's face is very ugly.

Ten great emperors, what an astonishing number of them. There are no more than ten great emperors in the holy land of Yuanshan.

Many people's faces are heavy, and if the emperor can't stop him and be rushed in by aliens, the consequences will be disastrous.

Heavenly Emperor's flesh is getting stronger and stronger. At this moment, the stone body seems to be transformed into a flesh and blood, and its combat power is even more terrifying and powerful.

The stone sword turned into a sky, and for a time, actually blocked the attacks of the ten emperors.

Hiss!

At this time, the space did not break apart, the emperor of the phaseless, the emperor of the Heng family, the emperor of the He family, and the emperor of the big Luo Tianzong appeared. They looked heavy and joined the war group to help the emperor's body and resist the existence of those emperors.

"kill!"

With the helper, the pressure of Heavenly Emperor's flesh was greatly reduced. He burst into tears. The stone sword broke through several attacks in a row and killed the giant lizard. The stone sword came out.

At this moment, the stone sword seemed to turn into an indestructible god, so sharp that it cut off a tail of the monitor lizard.

Roar!

The monitor lizard roared and backed wildly.

At the same time, the attacks of the other powerful men fell on the body of the Heavenly Emperor, but the body of the Heavenly Emperor was completely too lazy to ignore it. In his eyes, it seemed that there was only a monitor lizard.

One attack after another fell on the body of Heavenly Emperor. The body of Heavenly Emperor flicked and continued to kill towards the lizard.

puff!

Jianguang hole penetrates the void, piercing from the lizard's eyebrows, but not into the hilt.

"Hengyu, roar!"

The monitor lizard roared desperately, but at the next moment, the body of the Emperor's flesh and sword flew, and the monitor lizard's body was divided into two halves, with endless blood and flesh. They were sucked in by the two worlds and disappeared.

The existence of a great emperor realm was assassinated by the emperor.

Of course, this is also because the monitor lizard has been suppressed for many years, and its strength has not been restored, but it is also amazing enough.

"kill!"

Heavenly Emperor's flesh went crazy, killing others again, and after a few strokes, he beheaded a powerful existence.

Heavenly Emperor's flesh, killing two powerful enemies in a row, was shocking.

Each of these is the existence of the realm of the emperor. The peak is powerful and terrible, but now it has fallen one after another.

"There is not much energy stored in his flesh. There is only a trace of marks. It is difficult to mobilize the energy of Heavenly Dao. He teamed up and bombarded him. He can't last long!"

The demon lord roared, and their attacks continued to roar the body of Heavenly Emperor.

The emperor Wuxiang and others have also fought fiercely with each other.

All kinds of forces are striking, and the road is full of body, which is amazing.

Fortunately, near the Lotus World, the space is special. Lu Ming and they seem to be not far from the Lotus World, but in fact they are separated by a long distance, otherwise they will definitely be implicated in the aftermath of the emperor's confrontation.

Even so, it looks thrilling.

Rumble!

The fluctuation of the Great Emperor's confrontation is too great, and the nine lotus petals, that is, the nine worlds, are going to burst apart under the violent vibration, as if under the terrifying energy.

call out!

A dark ray of destruction burst out, one of the worlds in the sweep, the space of that world was directly torn, Lu Ming and they could see that even if they were far apart, countless people in that world were destroyed by the power of destruction, Gray fly into smoke.

"Wanhajie..."

Lu Ming's eyes looked at Wanhai Realm, which was also shaking violently. If it was penetrated, the people inside were equally dangerous.

Lu Ming showed concern.

Heavenly Emperor's flesh broke out, the light was even brighter, and a stormy offensive was launched, and a powerful existence was hit, seriously wounded.

But at this moment, the breath of Heavenly Emperor's flesh began to weaken.

"After all, it is difficult to recover!"

Heavenly Emperor flicked his head, and then he threw the stone sword. The stone sword turned into thousands of sword lights, attacking those beings, and his flesh instantly split into eight and became even bigger.

Each figure, holding a petal, flew towards the endless void outside.

Only when there was no one in the ninth world, he did not care.

Finally, Heavenly Emperor fleshed, supporting eight worlds, and rushed into the endless void.

"Tianjiao, take care!"

Lu Ming whispered, a long breath in his heart.

Worlds such as Wanhai Realm have fallen into the vast void. Although they may never meet Yuanyuan, they can at least survive.

"kill!"

At this time, the vortex slowly expanded, and then burst out of the dense figure from the inside.

These figures are very burly, each covered with dark scale armor, with a third eyebrow.

"Three-Eyes Protoss, indeed they are all Three-Eyes Protoss!"

Lu Ming's pupil shrank.

These figures are almost the same as the three-eyed **** clan Lu Ming has seen.

Some of the Three-Eyed God Races rode strange beasts, and some came out of the air, each with a thick breath, but as soon as they rushed out, they were twisted and shattered by the breath of the emperor's battle.

"Kill them and let the army enter!"

The demon priest shouted, and the remaining eight emperor-level strongmen madly attacked the unrelated emperor and others.

"We are leaving here soon!"

Someone was frightened and flew towards the cave.

It was here that the two lights and flashes flashed, and Lu Ming appeared near them, each of them exuding amazing fluctuations.

That's the breath of the emperor!

A great emperor came.

"It's not for you to stay here. Exit quickly, return to Yuanshan Holy Courtyard, and then leave the Emperor City!"

One of the old men covered with terrible flames opened his mouth, and then waved their hands, Lu Ming felt that a powerful force came, and at the next moment, they flew directly out of the underground cave and appeared outside the cave.

Chapter 1984: Heavenly City, Chaos

"Then... are the other two great emperors of Yuanshan Shengyuan?"

Ouyang Wushuang guessed.

"possible!"

Lu Ming and others nodded.

"What should we do now?"

Huang Ling asked.

"This matter is beyond our ability. We listened to the emperor. We first returned to Yuanshan Sanctuary, took them with incense, and left Heavenly Emperor City. I feel that next Heavenly Emperor City may not be calm!"

Lu Ming said.

Everyone nodded.

boom! boom! ...

At this moment, below the cave, the roar was even more terrifying, and the amazing fluctuation even made the Emperor City vibrate.

A ray of light rushed out from under the cave, and the war below was even more tragic.

"go!"

They no longer stayed, rose into the sky, and rushed towards Yuanshan Holy Courtyard.

The same was true of others, and they turned into a rainbow of light and left here.

As they flew to the Yuanshan Holy Monastery, the rear shocks became more and more intense and terrifying, and rushed from that cave.

"kill!"

Behind them, they heard shouting and killing, very far apart, they saw a burly figure, riding a beast, and rushed out of that cave.

There are three-eyed **** clan, rushed out from inside, set foot on the land of Yuanjie.

They did not dare to stay and flew at full strength.

Tiandi Mountain, a distance from Yuanshan Shengyuan, they came to Yuanshan Shengyuan after ten minutes.

But at this time, the war on the former Emperor Tiandi Mountain no longer knew what it was like.

Lu Ming They returned to the Yuanshan Shengyuan and returned to their place of residence.

At this time, many people have gathered in the place where they live.

Lu Xiangxiang, Xue Ningxin and others are there.

This time when entering the lotus world, only a group of people who cultivated the strongest went in. Those who cultivated below the Most Holy did not enter, and all stayed in Yuanshan Holy Monastery, such as Lu Xiangxiang and others.

"Master, what happened?"

Lu Xiangxiang asked.

What happened on Tiandi Mountain can be felt here, because that kind of vibration is too strong.

"There is an alien invasion, and now is not the time to speak, call everyone together, first withdraw from the Heavenly Emperor City, hurry up!"

Lu Ming ordered.

Some people should still retreat in some places of cultivation. Suddenly, they acted separately to summon the others in the Dragon League.

Some people are unable to reach the place of cultivation, they can only ask the teachers of the Holy Court to help spread the word.

After half an hour, most of the people in the Dragon League had arrived.

"Alien invasion, I am afraid that there will be a war in the Heavenly Emperor City. We are going to withdraw from the Heavenly Emperor City. Any of you and me will go to the ancient moon holy land together, but together, unwillingly, or we can leave together and return to their respective forces!"

Lu Ming said.

"I should go back to Zongmen!"

"Me too, return to the family first!"

Many humane.

Lu Ming nodded. These arrogances have their own forces. In Yuanshan Shengyuan, they are a member of the Dragon League, but when they leave Yuanshan Shengyuan, they will naturally return to their respective ancestors.

Lu Ming will not force it naturally. In the Yuanshan Shengyuan, they belong to the Dragon League. In the future, they may be able to use it.

"Then let's go!"

Lu Ming said, immediately, they flew out of Yuanshan Shengyuan.

"kill!"

"Kill them all!"

As soon as they arrived outside the Yuanshan Holy Monastery, they heard the shouting and killing sounds like the tide.

A group of three-eyed **** clan, riding a strange beast, and a group of warriors of the human race, fighting extremely fierce.

Then, they glanced far away, and found that all sides of the Heavenly Emperor City were fighting, all in war.

Rumble!

In the depths of Heavenly Emperor City, the direction of Heavenly Emperor Mountain, the void shook, and there was a three-eyed **** clan, riding on a strange beast, and rushed to kill.

The beast stepped into the sky and the sky shook violently.

The Three-eyed Protoss has been killed.

Headed by a three-eyed protoss, riding a huge grisly giant beast, wearing heavy armor, carrying a battle axe, three eyes as sharp as sword light, sweeping towards Lu Ming, shouting: "Chong, kill them !"

Rumble!

This tribe of three-eyed gods, riding on giant beasts, rushed towards them.

"The strongest is not a quasi-imperial, rush to the past!"

Lu Ming shouted and rushed forward.

"Die me!"

The three-eyed **** clan headed by Tomahawk slashed down towards Lu Ming, and at the same time his third eye burst forth with a beam of destruction.

"Prison!"

Before Lu Ming waved his hands, nine ghost images of the prison monument appeared, suppressing forward.

"The prison monument is the prison monument!"

The headed three-eyed Protoss shouted in horror.

boom!

The Zhenying Monument phantom came down under repression, and the other party attacked and defended, unable to withstand a blow, and was directly killed. In addition, dozens of other three-eyed protoss were also killed.

At the same time, a group of Three-Eyed Protoss were killed when Huang Ling, Long Chen and others shot. They rushed out of the siege and rushed towards the outside of the Emperor City.

"Someone has the power of a prison monument and can't let it go!"

"Must be killed!"

In the distance, a roar sounded, and a three-eyed **** clan strongman, riding a beast, killed them.

Lu Ming accelerated their speed and rushed towards the outside.

"With the power of the jail monument, kill!"

In the high altitude, there was a loud drink, a huge battle axe, chopping down to the landing, the vast throne, people were terrified.

Emperor Wu!

There are emperor-level strongmen who shot Lu Ming to kill Lu Ming.

But at this time, a huge iron rod swept out and collided with the battle axe, a terrifying roar, terrible sound waves, and a shocking Lu Ming tingled their eardrums.

A burly figure, holding an iron rod, appeared over Lu Ming over them.

"is teacher!"

Lu Ming was very happy in their hearts.

This is a teacher at Yuanshan Shengyuan.

"Hurry up, the other's Emperor Wu, we will block it!"

The voice of the teacher of Yuanshan Shengyuan came, and then several figures appeared, exuding a vast breath.

They are all teachers of Yuanshan Shengyuan, and they are all powerful in Wudi Realm.

"let's go!"

Lu Ming spoke to the crowd, and they continued to shock outward.

"Stay!"

"kill him!"

Several bursts of roaring sounded in succession, and there were several powerful three-eyed protoss who sang to the landing and killed them. They were all powerful emperors of Wudi.

"Dignified state, dealing with a few juniors, you wicked clan, really shameless!"

"Your opponent is us!"

The teachers of Yuanshan Shengyuan also shot one after another, blocking the other's emperor-level strongman.

Lu Ming and them continue to shock outward.

There were several three-eyed Divine Cavalry cavalry who rushed towards them and were defeated by them.

Heavenly Emperor City has completely fallen into the flames of war. From that vortex, I don't know how many Three-Eyed Protoss rushed out, shouting kills everywhere.

When Lu Ming passed by Heng's site, they found that Heng's family was also caught in the war.

Above the Heng family, there are even real emperors fighting, the scene is amazing.

At this time, Lu Ming's third bloodline had been put away, and he also learned well, not daring to use the power of the prison monument easily, so as not to be targeted.

Chapter 1985: Kaidai Shidandan

Chaos, completely chaotic!

Heavenly City, a mess.

Without the Emperor-level strong shot, they are very fast. Soon after, they finally came to the edge of the Emperor City, rushed out of the city wall, and rushed toward a distant acropolis.

Soon after, they smoothly came into an acropolis.

boom! boom! ...

Even if they are far apart, you can hear the violent roar from the Emperor City.

From the Emperor City, there were constant figures rushing out, rushing in all directions.

Lu Ming did not stay, they came to the teleportation array.

However, most of the people did not follow Lu Ming and went back to their respective schools.

"Lu Ming, I have to return to the Divine Yuan Empire first. The alien invasion is not the same. The Divine Yuan Empire must be prepared early!"

Ouyang Wushuang said to Lu Ming.

"Okay, everyone will act separately, and we will have a chance to see you in the future, but we must live!"

Lu Ming's eyes were gleaming, and he looked at everyone.

"for sure!"

"Everyone is alive!"

"Leader take care!"

Everyone greeted Lu Ming successively and set foot on the teleportation array.

In the end, there were only the people of the ancient moon holy land, as well as Luo Xiang, Huang Li and others.

"go!"

They also set foot on the teleportation array, teleported to the teleportation area outside the ancient moon holy land, and then flew towards the ancient moon holy land.

After flying to the ancient moon holy land, Huang Ling, Long Chen, Luo Tianyi, Ye Dongfang and others all left and returned to their respective sect gates.

At present, the major forces in the ancient moon holy land are estimated to have no news. They must go back to the report as soon as possible and make preparations early.

In the end, Lu Ming returned to the Dayan Dan Palace with incense, Xue Ningxin, the Nine Heavenly Pride of the Famine, and Luo Xiang.

After returning to the Dayan Dan Temple and setting up the people, Lu Ming found Kong Bo and invaded the Three-Eyed Protoss of the Heavenly Emperor City and spoke out.

"The evil spirits invaded, earlier than expected!"

Uncle Kong sighed, his face dignified.

"Evil God Clan? Kongbo, these three-eyed monsters, what is the origin?"

Lu Ming inquired that Kong Boxiu was unfathomable, and that he did not know how long he lived, maybe he knew a lot of secrets.

"From another world, claiming to be the three-eyed ***** clan, but it is just boasting, we call it the evil ***** clan!"

"In the long past, it has penetrated into the heavens. Since such a long period of time, most of the territory of the heavens has been captured. Nowadays, we have always wanted to open the space barrier and invade the Yuan Realm!"

Uncle Kong said with a solemn expression, and then he seemed unwilling to say more, saying: "Lu Ming, your current task is to practice with peace of mind and improve your cultivation performance. In such a big battle, you still can't get started!"

Lu Ming nodded, not even Heavenly Realm, Hunyuanzong and other behemoths could stop it, what he used to stop it.

"Oh, uncle, can you help me treat someone!"

Lu Mingdao, then, he released Qiuyue from the mountain and river map.

Up to now, Qiuyue is still in a coma, Kong Boxiu is high and deep, and is the guardian of the Dayan Dan Temple. He is proficient in Dan Li and may be saved.

Kong Bo stepped forward, waved his hand, and an energy enveloped Qiuyue. After half a ring, Kong Bo recovered his energy and frowned slightly.

Lu Ming's heart sank, and he asked quickly: "Uncle Kong, how is Qiuyue's injury?"

"A good way of overbearing, she is attacked by the law of deprivation!"

Kongbodao.

"Yes, those who shot, control the law of deprivation!"

Lu Ming said.

"No wonder!"

Kong Bo whispered and said, "Her physical injury has been basically healed, but her soul has been seriously injured!"

"Soul hurt!"

Lu Ming was shocked.

The wounded soul is the most difficult to cure.

"Yes, this baby girl, the soul was attacked by the law of deprivation and suffered serious damage, so she did not wake up. If you want to wake up, you must condense the soul, otherwise, you will not wake up in a lifetime!"

Kongbodao.

"what?"

Lu Ming shuddered in his heart, his fists clenched tightly together.

It is possible that you won't wake up in your life!

At this moment, Lu Ming's intention to kill Luo Cangqiang was extremely strong.

Taking a deep breath, Lu Ming calmed himself down and said, "Uncle Kong, is there any way to bring Qiuyue's soul together?"

Kong Bo frowned and pondered, after a while, said: "Now, only to put this baby girl in the Dayan Pill Furnace and use the alchemy method to nurture her body with the red fire, every once in a while, you

still need Adding the Holy Medicine will not only maintain the vitality of her body, but also keep her remaining soul intact, and even slowly gather her soul!"

"But this method does not cure the symptoms. If you want to completely rescue, you need other methods!"

Kongbodao.

"Okay, I will do it immediately!"

Immediately, Lu Ming took out the Dayan Pill, placed Qiuyue in it, and controlled the fire of Dayan Pill, covering Qiuyue's body, and then Lu Ming added some holy medicines. Penetrate into Qiuyue's body.

"Uncle Kong, do you still know what method can completely rescue Qiuyue?"

Lu Ming then asked.

Kong Bo shook his head and said, "I have been closed for many years, and I don't know much, but you can go to Vientiane Tower to inquire, or you may find a way to find it. This baby girl will be fine in the Dayan Dan furnace for hundreds of years. ,Do not worry!"

"Vientiane Tower..."

Lu Ming felt a move in his heart, but unfortunately, there is now no way to inquire about Tiandi City's chaos.

Fortunately, Qiuyue is okay for now, only to find a way later.

After chatting with Kong Bo for a while, Lu Ming left.

Then, with a fragrant fragrance, he called Ouyang Moli and introduced them.

"Sister Master!"

Ouyang Moli salutes Lu Xiangxiang.

In fact, Lu Xiangxiang was two years younger than Ouyang Moli, but at this time he was carrying his hands, a curious look, blinking his big eyes, looking at Ouyang Moli, the old-fashioned way: "You are the second teacher? Cultivation is not good. Ah, we must accelerate our efforts!"

"Yes, Sister!"

Ouyang Mo nodded.

"Ok!"

Lu Xiangxiang still has an old-fashioned look, nodding slightly, his eyes full of excitement.

She feels that this taste of being a master sister is very good!

Lu Ming looked funny, this girl really came out as a master.

"Xiangxiang, don't be arrogant. Your two younger brothers have only been practicing for about two years. They have already broken the saint.

Lu Ming said 'seriously'.

"Less than two years? So fast?"

Lu Xiangxiang blinked and blinked with big eyes. This speed was faster than her.

Ouyang Moli is the body of reincarnation, and he has obtained the heart of the world of reincarnation emperor. The speed of cultivation is amazing, faster than Lu Xiangxiang. In addition to the free guidance, the foundation is extremely solid, and has reached the pinnacle of the half saint. , Will soon break the holy.

This speed of cultivation is so amazing that he is ashamed to be a master.

However, Lu Xiangxiang and Ouyang Moli are the real sons of God. Unlike Lu Ming, who was cultivated the day after tomorrow, the talents are unique and the speed of early cultivation is normal.

Later, it will slowly slow down.

Like the Stellar River, it has not been stuck in the Most Holy One or two years, and it has not broken into the realm of the quasi-imperial.

"There are so many arrogances in the world, don't be proud!"

Lu Ming warned seriously.

"Yes, Master!"

Xiangxiang and Ouyang Mo nodded.

Chapter 1986: See also Tiandi flesh

In the following days, the people practiced in the Dayan Dan Temple, and Lu Ming often went to the Phoenix Palace, the Idol Sect, to find the Dragon Chen, and the Phoenix Spirit. They knew the information.

The alien invasion, the shaking of the Yuanshan land, and the many powerful forces of the ancient moon holy land were all alarmed, and they began to gather the strong people distributed around the world and waited for them.

As time went by, news about the alien invasion continued.

Heavenly Emperor City is completely occupied.

The overlord of the Emperor City, the Heng family, the He family, and the clan escaped from the Emperor City without a trace.

Countless warriors died in World War I, and Heavenly Emperor City suffered heavy losses.

After the aliens occupied the Emperor City, a few days later, the aliens began to send a large army towards the Emperor City in all directions.

All the emperor-level forces were attacked by aliens, going up to Emperor Wu, down to women and children who could not martial arts, all were killed, and one was not left.

Wherever he passed, blood flowed into the river, tens of millions of corpses.

Everyone was moved, the alien method was too ruthless, this is simply slaughter.

Around the Emperor City, all the emperor-level forces withdrew and moved to the eight holy sites.

The nine holy sites in the land of Yuanshan, the Tiandi City is at the most central position, and the other holy sites surround the Tiandi City in all directions.

During this time, all the emperor-level forces poured into the ancient moon holy land.

The aliens, sending troops to attack in all directions, have begun to approach other holy places.

Two months after the Battle of the Heavenly Emperor City, outside the Ancient Moon Holy Land, the first alien army appeared. When attacking the Ancient Moon Holy Land, they were defeated by the strong men of the Ancient Moon Holy Land.

In the face of this unprecedented pressure, all the powerful forces of the ancient Moon Holy Land temporarily put down their grudges and formed an alliance.

From the wind clan, many forces gathered together to build a huge base, and many powerful people gathered to resist the aliens.

The ancient moon holy land and aliens, clashes began to increase.

"The chaos is coming!"

Lu Ming stood on the top of the peak of Dayan Dan Temple, looked into the distance, and whispered in his mouth.

At this moment, there was a ray of light suddenly in the distance, and the speed was too amazing. Lu Ming had just reacted, and that ray of light appeared in front of Lu Ming.

"this is..."

When Lu Ming saw the true face of this ray of light, he couldn't help being surprised.

A stone man one meter high, a stone sword.

Isn't this the Emperor's Sword?

Also, that is the flesh of the emperor.

Although it has shrunk countless times compared to when I first saw it, Lu Ming still recognized at a glance that it was the Emperor's flesh.

In the last battle, Emperor Tian held a stone sword and cut two great emperors, Shenwei.

Later, Lu Ming and they returned to the ancient moon holy land, and there was no news of the emperor's flesh and the emperors.

At this moment, the body of Heavenly Emperor and the sword of Heavenly Emperor actually came here, and it seems that they came from Lu Ming.

Uh! Uh!

The flesh of Heavenly Emperor and the sword of Heavenly Emperor flew directly into Lu Ming's eyebrows, suspended in Lu Ming's consciousness.

"This..."

Lu Ming was a little dazed.

At this moment, in front of Lu Ming, a white light flashed, and a figure floated out, actually the figure of the Emperor.

Lu Ming was shocked and quickly saluted: "Younger Lu Ming, see Senior Tiandi!"

"It doesn't take many gifts, I'm just a ray of imprint!"

The Emperor Tian smiled slightly.

"Senior Emperor Tiandi, why are you...how come to me?"

Lu Ming asked the question in his heart.

In the beginning, wasn't the Emperor's body controlled by the Stellar River? How to fly into the sea of knowledge with the sword of the Emperor now?

"Hengxinghe, the mind is too selfish, only for himself, not for humans, and is not qualified to control the body of the emperor. It is you who has a very good character, a decisive manner, and a gifted talent. The key is that you have something to protect!"

"Moreover, you can pull out the war sword I left behind, which is enough to show that you are qualified to control what I left behind!"

Emperor Tian nodded.

Lu Ming could not help touching his nose. He was not as good as what Emperor Tian said, he was just not so selfish.

"Senior Tiandi, Heng Family, are you really descendants?"

Lu Ming asked.

Heaven Emperor pondered for a while, and seemed to be remembering the past, saying: "I am not a human race, and I became enlightened as a stone man. When I first became enlightened, I gave birth to a descendant with a woman from a human race. That would be the Heng family. , The Heng family is indeed my descendant!"

"However, the endless years have passed. These younger generations seem to be becoming less and less effective. If you have any hatred against the Heng family, don't worry about me!"

"Senior Emperor Tiandi, was actually a stone man!"

Lu Ming's heart moved, no wonder that the Emperor's flesh was a stone man, and the war sword he used was also stone.

"Senior, you are so strong, how could you..."

Lu Ming was very curious and wanted to know what Emperor Tian experienced in the beginning? Why did Hengyu Tiandi's cultivation fall?

"You want to ask me, why did it fall?"

The Emperor Tian smiled and said, "Speaking of it, I haven't fallen!"

"Not falling?"

Lu Ming was delighted, but immediately filled with doubts. The Heavenly Emperor did not fall. How could he leave a flesh and a trace of marks?

"This matter should start with the evil spirits!"

The figure of the emperor said immediately, the figure of the emperor and Lu Ming spoke in detail.

In ancient times, aliens invaded the Celestial Realm, and the Celestial Realm was powerful, and the heavens fell apart.

At that time, the heavens and the earth were penetrated to reach the Yuan boundary.

There are many remains of the Celestial Realm, falling down to the Meta Realm, and some strong men of the Celestial Realm have entered the Meta Realm.

Of course, there are also some strong strangers who have entered the metaverse.

However, there are only a few strong aliens who have entered Yuan Realm.

Later, these alien powerhouses were hidden in the Yuan Realm. There were even strange and terrible races that took away the flesh of the human race, and then created forces.

These forces, such as Demon Religion, Evil Religion, etc., specialize in hunting the human race Tianjiao and the human race strong.

Lu Ming finally knew that the beginning of the evil spirit religion was actually created by the strong aliens. It is no wonder that many strong spirit evil spirits, like the Three-Eyed Protoss, were afraid of his prison monument.

In the long past, the aliens found a weak point in space and wanted to open the passage to let the evil spirits enter the army. They were discovered by Hengyu Tiandi. In order to stop these alien strongmen, the two sides broke out.

However, among the aliens, there is a terrible strongman who is good at attacking the soul, and is also the existence of the Heavenly Emperor Realm, tearing apart the soul of Hengyu Heavenly Emperor.

Although Emperor Hengyu finally killed the opponent, his own soul was close to collapse.

In the end, Emperor Hengyu used the remaining power to seal the other eight emperors into the small world. With the power of the small world and his own physical strength, he suppressed the passage.

Lu Ming finally understood that the origin of the lotus world.

"However, although my soul was scattered and there was only a trace of remnant soul, when I was about to fall, I realized it and broke through to another level. Instead, I reunited my body and came back to life!"

"So, speaking of it, I'm a person who has died once!"

In the end, the figure of the Emperor Tian said.

Chapter 1987: Heaven's Secret

"Consolidate the body again and come back to life!"

Lu Ming was shocked.

It is conceivable that the emperor Hengyu Tiandi was supreme.

With the power of one person, block multiple strong men of aliens, kill the opponent's Heavenly Emperor, with the power of the small world, suppress the void channel and block the invasion of the other party.

Finally, the remnant soul is resurrected to a higher level.

If this is written as a book, it is a legend.

However, Lu Ming also doubted that since Heavenly Emperor is not dead, where is it now, how can he leave only a trace of the mark, the previous war did not appear.

Seemingly seeing Lu Ming's doubts, the figure of the Heavenly Emperor explained: "Yuanjie, before the real war, the battle of the heavens has reached a critical juncture!"

"The Heaven Realm has nine Heaven Territories, but the other Eight Heaven Territories have no access to the Yuan Realm. Only the last one, the Taiqing Heaven Realm, can have direct access to the Yuan Realm."

"Now, the remaining strong men in the Celestial Realm are guarding in the Taiqing Celestial Realm. The Evil Gods have always wanted to capture the Taiqing Celestial Universe, and then use the channels of the Taiqing Celestial Universe to invade Yuan Realm.

Lu Ming was dumbfounded. Today, he learned a lot of secrets.

"My flesh is a stone body, and now it is like a puppet, just give it to you, I hope it can help you!"

Heavenly Emperor figure continued.

"Thank you senior!"

Lu Ming was overjoyed.

Heavenly Emperor's flesh and power are infinite. He has seen it before, and even the Emperor can kill it. If he can control it, he will immediately become a powerful person in the world. What kind of Jinwu family, ten thousand families, all burst.

"You don't have to be too happy, you need energy to control this stone body. Before fighting with the aliens, all my energy was used up. Now, this ray of imprint is about to dissipate!"

"So, if you want to control this stone body, you must keep the stone body absorbing energy. The more energy it absorbs, the stronger its power will be!"

"This stone body is like a puppet. Now there is no trace of energy, it can't be controlled, and it can't exert its power!"

Emperor Tian's words, like a plate of cold water splashing on Lu Ming's head, it seemed that he was happy.

However, Lu Ming was immediately excited again, but this is the body of Heavenly Emperor, if the energy absorption is enough, it is enough to exert the power of terror.

"I now teach you how to control this stone and how to absorb energy!"

The Emperor Tian figure walked by, pointing at Lu Ming's eyebrows. Lu Ming's mind immediately showed some more information.

"Okay, this ray of my mark can be regarded as the completion of the mission, it should be dissipated, little guy, I look forward to the day you grow up!"

God Emperor smiled physically.

"senior..."

Lu Ming was sad.

"Haha, there is no need to be sad for me, I am not dead. Everything that happened here, I can be sensed in the body of the heaven, hope we can meet in the heaven and fight together!"

Heaven Emperor's imprint smiled, then like a ray of blue smoke, drifting away, disappearing between heaven and earth.

"Senior, I believe it won't take long before we will meet again!"

In Lu Ming's eyes, a firm color appeared, and then he sat cross-legged, carefully understanding how the Heavenly Emperor taught him how to manipulate the stone, and how to absorb energy.

After two hours, Lu Ming fully understood.

He performed the exercises and carefully sensed that no matter whether it was the body of the emperor or the sword of the emperor, it was like a dry lake bottom, with no energy at all and no control.

"Try to absorb the original stone!"

With a wave of his hand, Lu Ming took out 100,000 pieces of top-grade rough stone and operated it according to the method taught by the Emperor.

Keng!

The sword of the Heavenly Emperor flew behind the body of the Heavenly Emperor, and the two merged as if they were one.

bump! bump! bump!

Hundreds of thousands of original stones exploded instantaneously and turned into rolling energy, which was absorbed by Heavenly Emperor's flesh and Heavenly Emperor's sword.

A moment later, the energy of 100,000 rough stones was all absorbed. Lu Ming quickly sensed it, and immediately, he suffered from a single face.

One hundred thousand rough stones, he found that even one percent of the energy was not refilled.

Not even one thousandth of the energy is replenished.

How much energy is required if this is full.

Lu Ming was speechless. Finally, he gritted his teeth and took out a million pieces of top grade raw stones, so that the world's flesh began to absorb. Finally, what Lu Ming wailed was that the energy of one million top grade raw stones still did not reach 1% of the energy.

"Hey, absorb energy slowly, you can't eat hot tofu!"

Lu Ming sighed and brought the Emperor's flesh into the mountains and rivers, allowing the Emperor's flesh to absorb the energy between heaven and earth.

Now, Lu Ming feels that he is particularly short of resources.

Qiuyue needs to refine the holy medicine often, and the body of Heavenly Emperor needs huge energy.

Fortunately, Heavenly Emperor's flesh can absorb any energy, not just the original stone.

Closing his eyes, Lu Ming practiced quietly.

Through Emperor Tian's words, Lu Ming felt more urgency.

Celestial Realm seems completely invincible, and can only cling to the Taiqing Sky in the last day to block the aliens.

If the aliens break through the Taiqing Heavenly Territory, they can pass through the void channel, and a large number of troops directly rush into the Yuan Realm.

The passage in the Heavenly Emperor City is only a small passage.

The time flickered, and more than ten days passed.

In these days, more and more aliens have come to attack the ancient moon holy land.

The pressure of many forces in the ancient moon holy land is increasing.

Finally, in order to encourage morale, many sects join forces to gather resources and come up with a merit.

As long as you kill the aliens, you can get merit points.

You can get one merit point for killing martial emperor-level aliens, the alien of Ming Sheng Xiaocheng can get five merit points, and the Ming Sheng Dacheng can get ten merit points...

By analogy, with the improvement of cultivation, the merit points double.

Use these merit points to exchange various treasures, such as sacred medicine, sacred soldiers, imperial soldiers, original stones and so on.

As a result, the enemy killing sentiment of the ancient moon holy land rose, and all the powerful forces, as well as the emperor-level forces entered by the outside world, attacked and hunted aliens one after another.

Lu Ming also decided to take the crowd and go out to hunt aliens. In the battle of life and death, he can hone his body, stimulate his potential, and improve his cultivation.

Second, you can also exchange resources for two benefits.

"The Lord of the Palace, you go, you hold this piece of jade rune, in case you meet the Emperor Wu Emperor, you can smash it, the jade rune will take you back to the Dayan Dan Hall!"

Kong Bo handed Lu Ming a jade charm.

Lu Ming was overjoyed to take it. In this way, there were a lot of scruples. If he met the other emperor-level strongman, he would be able to get away.

Afterwards, Lu Ming took the barren power to wait for the nine arrogant Tianjiao, and Luo Xiang Lu Xiangxiang, Ouyang Mo Lixiu was still low, so he did not call him.

They flew west of the ancient moon holy land, under a large mountain, and merged with Huang Ling, Long Chen and Luo Tianyi.

"Lu Ming, this is the base jointly built by many forces in the ancient Moon Holy Land!"

Huang Ling smiled, led Landing Ming and others, and flew towards the mountain.

Chapter 1988: Hunting Interracial

The mountains are magnificent, and this magnificent palace is built on it.

Here, there was no such big mountain before. It was some time ago, the powerful men of all forces were pulled up from the flat ground abruptly, up to one hundred thousand feet, a thousand miles away.

Every force is on it, and huge and magnificent palaces are built, and all major forces have sent a large number of strong men to stay here.

In this way, the forces of many forces can quickly gather, effectively respond to alien attacks, and also effectively counterattack.

After all, the ancient moon holy land is very large, at least there are more than 20 powerful forces scattered in various places.

If you want to converge the forces of the major forces temporarily, it is too difficult and takes time.

In that way, I am afraid that each of them will be broken.

And there is a common base, where many powerful people gather and mobilize, it is much more effective.

Huang Ling and others led the landing ring and they made a big circle.

The Phoenix Palace, the Idol Sect, etc., all have huge temples here.

At the top of the mountain, there is a huge and magnificent palace, which is a place where merit points are exchanged for resources, and it is built by many forces.

"Now, the strongest force in the ancient moon holy land is one of the ancient clan. Now it is temporarily hosted by the clan, with the help of other forces!"

Huang Ling explained.

Lu Ming nodded.

"Let's go and hunt for aliens!"

In Lu Ming's eyes, he passed a ray of cold edge.

Later, the people flew outside the ancient moon holy land, and soon they flew out of the ancient moon holy land, and flew toward the wilderness.

Uh! Uh!

There was a figure flashing at their height, and the speed was amazing.

That's an emperor-level powerhouse.

The alien-level emperor-level strongmen, naturally have the ancient moon holy land's emperor-level strongmen to deal with, they hunted, are below the emperor-level.

boom! boom! boom!

After they flew another distance, a violent roar came in front of them.

"kill!"

"kill!"

The fierce cries of killing came like tide.

In front, there are large and large groups of aliens, riding on alien beasts, stepping on the void, and fighting with human warriors, terribly fierce.

At a glance, I don't know how many figures there are.

In the high altitude, there is a terrible light bursting out, and the terrible pressure is like a mountain.

High altitude is the battlefield of Emperor Realm.

Rumble!

As soon as Lu Ming arrived, there were aliens who stared at them, mainly Lu Ming and they were too young and eye-catching.

Tieqi stepped into the air and rushed towards them. The one headed was the quasi-imperial powerhouse.

"Junior Emperor gave it to me, be careful yourself!"

Lu Ming urged, flying forward, a spear appeared in his hand.

This spear was obtained from Luo Pokong, but it was an imperial soldier.

call out!

The spear broke through the air, instantly crossing the void, breaking through the light of destruction in the opponent's third eye and passing through the opponent's head.

A prospective emperor was instantly killed.

With Lu Ming's current combat power, ordinary prospective emperors directly kill in seconds.

Huang Ling, Long Chen, and Xiang Xiang also killed them together with others.

Lu Ming waved his hand, the spear was shocked, the third eye of the alien came out, and Lu Ming was put into the storage ring.

The third eye of the alien is a wonderful material for refining, and the voucher for the merit points is the third eye of the alien.

As soon as the quasi-Emperor headed died, this alien, not Lu Ming's opponent at all, was beheaded and killed in an instant.

"Kill them!"

In the distance, there are more aliens. They rushed towards the landing, and their hoofs stepped into the air.

There are at least a few hundred aliens, and there are seven or eight quasi-imperial ranks. So many strong men rushed to Lu Ming together. They had not rushed yet.

These lights of destruction are not only aimed at Lu Ming alone, but also to Falun, Xiangxiang and others.

"Space barrier, tweeted!"

Bubble foot on the void, a small hand press, the four-sided void, like a wave of water waves, forming a block barrier.

Those lights of destruction hit the space barrier, like a rock sinking into the sea, and I don't know where I'm flying.

"kill!"

Lu Ming took the lead and rushed forward. The emperor-level lances were shocked, and they were surrounded by five or six quasi-imperials.

The Three-Eyed Protoss, the weapons used are similar to those of the Aborigines. They are all heavy weapons, either tomahawks or sledgehammers, waving and blasting to Lu Ming, blocking Lu Ming's guns.

But at the next moment, abrupt transparent bubbles appeared on their bodies, covering them, and then, Lu Ming speared out and killed the prospective emperors.

Lu Ming and Bubble teamed up, the general quasi-imperial, only to find the dead.

In a blink of an eye, there were four prospective emperors, who were killed by two people.

"court death!"

A quasi-imperial emperor with a particularly burly figure broke through the **** of bubbles. In the third eye, a beam of light was emitted, which instantly rushed to Lu Ming, and Lu Ming's lance vibrated, sweeping towards this beam.

boom!

The long gun vibrated, and Lu Ming could not help feeling his arm numb.

"kill!"

The prospective emperor, holding a battle axe, slammed towards the landing.

"Strength is good!" Lu Ming's heart moved. This three-eyed **** clan is much stronger than other prospective emperors.

"Junior Emperor gave it to me and Bubble, you deal with others!"

Lu Ming sent a voice to Lu Xiangxiang and others.

Then holding a spear and fighting with the strongest quasi-emperor, the bubble killed several other quasi-emperors.

Lu Xiangxiang, Huang Ling, and Long Chen killed them under the prospective emperors.

During the trip to the lotus world, many people have harvested. The cultivation of the Dragon Chen and the Phoenix Spirit has reached the pinnacle of the most holy, and the wildness has reached the pinnacle of the most holy.

Luo Xiang's cultivation practice is equivalent to that of Lu Ming, and is at the limit of the most holy.

Their combat power, against the three-eyed protoss who is not a quasi-imperial, was still very easy, and they were suddenly killed by them.

I saw that Lu Xiangxiang was shrouded in a cloud of green mist. With a sip, a huge ancient tree formed, like an evergreen green tree, standing on top of the earth, and suppressed towards the Three Eyed Protoss of a most holy Xiaocheng.

boom!

The three-eyed **** clan was directly killed by the ancient town of Aoki, with no bones.

Xiangxiang's current cultivation is the peak of the Great Saint, but he has been able to kill the Most Holy.

The fighting power of the Son of God is indeed amazing.

At this time, Lu Ming was already a prospective emperor, and he even made several moves.

"Just relying on the imperial soldiers alone, they can't exert much power, and the tactics of the soldiers will be transformed into pits!"

Lu Ming turned his thoughts, put away the imperial soldiers, and switched to chaos.

call out!

With one finger, he pointed at the opponent's tomahawk. The opponent's body shook, and he couldn't help but retreat. The tomahawk in his hand was blown out.

Then, Lu Ming pointed out again, this finger, the strength is highly condensed, forming a small finger strength, shot at the other party.

The reaction seemed to feel a crisis, the whole body was filled with a layer of black light, and his fists roared towards the landing.

But the finger hole passed through, directly punching through the opponent's fist and passing through the opponent's head hole.

Chapter 1989: The trouble of wind and dust

After killing the opponent, Lu Ming rushed by, grabbed the opponent's third eye, and then helped the bubble, killing several other prospective emperors.

As a result, those under the quasi-imperialism, not their opponents, were beheaded by the blockbuster.

Soon, this group of three-eyed **** clan was killed.

Subsequently, they killed in other directions.

This battlefield is very broad. In the sky, there are martial figures and three-eye **** figures everywhere, and you can't see the end at a glance.

Lu Ming they merged together, like a sharp knife, rushed into the battlefield, hunting the three-eyed **** clan.

With the fighting power of Lu Ming and Bubble, the two joined forces. Under the Emperor Wu, they were almost invincible. They were fighting vertically and horizontally, and the three-eyed **** clan were killed by them.

Fighting for several hours, the sky in the distance, there was a fierce battle drum sound, and then the three-eyed **** clan retreated.

The strong men of the ancient moon holy land also withdrew their troops back to the city.

Lu Ming and they did not have the first time to go to the base to exchange merits. The gains were not enough. They wanted to wait for more accumulation and exchange them together.

Sure enough, on the second day, the army of the Three-eyed Protoss attacked again, and many powerful men of the ancient moon holy land also killed them.

In the open wild mountain, continue to fight.

This is a war between two different races, no one will be merciless.

On the earth, the **** sea of corpses, there are warriors of the clan, there are demon clan, and there are three-eye **** clan.

Fighting, the three-eyed Protoss seemed to feel unable to attack, and then retreated.

But the next day, he will commit again.

After more than ten days of such a battle, Lu Ming and they have gained a lot. When the Three-Eyed Protoss retreated again, Lu Ming returned to the base and came to the highest place, preparing to exchange some treasures.

Lu Ming mainly wants to exchange holy medicine and original stones.

"You, take out the third eye of the Three-Eyed Protoss!"

On a huge counter stood a group of elders.

These people are the powerful of all major forces.

Those resources are jointly produced by major forces, and each force will naturally send a strong person to supervise.

Lu Ming took out the storage ring, and then the third eyes of a large group of three-eyed Protoss appeared.

Stacked like a hill, it made many people stunned.

The third eye of the Three-Eyed Protoss, like a jewel, is crystal-clear, very beautiful, and contains wonderful power. It can be used for refining, and it is also a good refining material.

"So many, many are the most holy land, even the alien eyes of the prospective emperor!"

"Horrible, Lu Ming, son of Chaos, these people's fighting power is terrible!"

"Indeed, I have seen their shots. The quasi-empire is almost a spike. No one can do it except Wudi!"

Around, many people looked at the eyes of the three-eyed gods, full of fiery meaning.

Among them, a white-haired old man counted, these three-eye **** eyes, can be exchanged for millions of merit points, this is amazing.

"What treasure do you want to exchange?"

The old man with white hair asked.

"Wait!"

At this moment, a cold voice sounded, and then, a few figures came out of the hall.

Headed by a young man, he is personable.

"The wind is dustless!"

In Lu Ming's eyes, there was a cold murder.

Windless dust also coldly swept Lu Ming to them, and finally landed on the pile of three-eyed Shenzu eyes, revealing a trace of greed.

"Do you want to exchange treasures?"

The wind is dust-free.

"Not bad!"

Lu Ming answered.

"I'm afraid it won't work anymore. You are late. During this time, a large number of treasures have been exchanged. The number of treasures in the treasure house has dropped sharply and cannot be exchanged for you!"

Feng Wuchen sneered.

"Not enough treasure?"

Lu Ming's eyes flashed.

"It's ridiculous, as soon as we come, there are not enough treasures. How can others have them?"

Huang Ling sneered.

"The amount of other people is small, you are large, and naturally not enough. If you are willing to exchange at a discount, that's OK!"

Windless dust sneered.

"You don't say enough, it's not up to you here, other seniors didn't say enough!"

Lu Xiangxiang shouted, watching wind and dust is very uncomfortable.

"During this time, although many treasures have been exchanged, the rest should be enough!"

A strong man in the Phoenix Palace said.

"This is a bad word. If the rest is exchanged by them, wouldn't the other people come or not, it would chill everyone's heart and hurt morale!"

An old man of the Feng clan opened his mouth, leaving the man in the Phoenix Palace with a dull face and no words.

This time, the ancient moon holy place is mainly based on the wind clan, and the strength of the wind clan is undoubtedly the strongest.

"During this time, the forces will continue to add various treasures, and wait for it to be added, you come again!"

Feng Wuchen smiled faintly.

"Next time, how long will it take?"

Huang Ling asked.

"A few months!"

The wind is dust-free.

"Then we will come next time!"

Lu Ming said, too lazy to talk nonsense with the other party, waved his hands, and put the eyes of the three-eye **** clan back together.

"The eyes of the Three-Eyed Protoss is better to stay first, we will keep them in the account, not less of you!"

The wind is dust-free.

"No, I can't believe a villain like you!" Lu Ming finished, then turned around and left.

Others showed mocking smiles and turned away.

"hateful!"

Feng Wuchen's complexion gloomed down, his eyes rolled, thinking about some conspiracy.

...

"Huh, in my opinion, that surname is aimed at us deliberately, not deliberately exchanged for us, I really want to flatten him!"

Famine said.

"Many forces are present, they can't afford it, it's a big deal that we will exchange it later!"

Lu Ming said.

Those resource treasures are all gathered by the major forces, not the family of the wind clan, they can't afford it.

It will be after a while.

In the next few days, they still fight with the Three-Eyed Protoss daily to hone themselves.

Xiangxiang has rarely battled with her enemies since she practiced, which has played a good role for her.

During this time, Xiangxiang's combat experience has rapidly improved, and even Xiuwei has shown signs of loosening, and has approached the Great Saint perfectly, letting others sigh, the cultivation speed of the Son of God is really amazing.

On this day, they set off again and set foot on the battlefield.

"Lu Ming, I want to be separated from you and go to hone alone!"

Huang Ling said.

"I mean that too!"

Long Chen also said.

Then, Luo Tianyi and Huang Li also expressed this meaning.

Everyone gathered together, although the safety is high, but it does not have a good tempering effect, and there is no sense of life and death crisis.

Only by facing a crisis alone can we inspire potential and go to the next level.

"King body, if you want to cultivate the light of the law, you must hone in life and death, otherwise it will be difficult to cultivate!"

Luo Tian Yidao.

Several other people also showed fiery light in their eyes.

They are all arrogant, have ambitions, and want to pursue stronger.

Only by cultivating the light of the law can you overpower other kings.

They all have this ambition.

Chapter 1990: Individual training

"Okay, but it's best to have two, or more than two, or have a look!"

Lu Ming said.

Everyone nodded. Next, Luo Tianyi and Huang Li, with the other Tianjiao of the Huang Clan, killed towards the distance.

Longchen, Huangling and Luo Xiang went into a group of three, and ran to the distance.

"Bubble, you respond from it. If you encounter an irresistible danger on one side, rescue in time!"

Lu Ming said to the bubble.

"Good, brother Lu Ming, tweeted!"

Bubble nodded and disappeared without a touch of petite figure.

Lu Ming, with a fragrance of landing, killed in one direction.

bump!

Soon afterwards, a three-eye **** clan of the quasi-imperial level was hit by Lu Ming with a punch, and the third eye of the opponent was smoothly put away, as well as a dark bracelet.

This bracelet is used by the Three-Eyes Protoss to store things and has the same function as a storage ring.

"Xiangxiang, these two are for you!"

Lu Ming flashed his body, and gave the two most holy Xiaocheng's three-eyed protoss to Xiangxiang, and others, to be resolved by him.

The battlefield is the best place to hone. He thought about waiting for Ouyang Mo Lixiu to be higher, and also brought him out to hone.

The three-eyed Protoss Xiangxiang fought alone in the two most holy Xiaocheng, the battle was fierce.

Soon afterwards, Xiangxiang successfully killed the two Holy Eyes of the Three Saints.

Lu Ming nodded with satisfaction, and then gave the three-eye **** clan of the most holy Dacheng to Xiangxiang.

The Three-Eyed Protoss of the Most Holy Dacheng suddenly brought fatal pressure to Xiangxiang, and Xiangxiang suddenly seemed to be surrounded by life.

puff!

Xiangxiang's shoulder was hit by the destruction light of the other party, and a transparent hole appeared before and after.

However, Lu Ming did not mean to help each other.

Throughout his life, he has experienced too many life-and-death battles. He knows very well that if he does not experience life-and-death battles, he is only a flower in the greenhouse, and his talent is useless no matter how strong he is.

"Master!"

Xiangxiang screamed, her face pale.

"Resolve on your own. As a child of life, should you always rely on others?"

Lu Ming spoke, his face indifferent, and he punched out the most holy man from a punch.

Xiangxiang gritted her teeth, her whole body was filled with green light, and the law of life was working. The wound she had just recovered quickly.

The body of life, the law of life, contains infinite vitality, many times stronger than the law of the undead fire of the Phoenix Spirit, and the vitality is strong.

At the same time, countless vines appeared, sweeping towards each other like a long whip.

But undoubtedly, Xiangxiang fell behind.

Her talent is certainly strong, but unfortunately she has not much combat experience, and her combat power cannot fully erupt.

However, during the Vietnam War, Xiangxiang seemed to have found a feeling and was able to protect herself slowly.

"Ok!"

Lu Ming nodded and then hunted around alone.

Xiangxiang has been fighting with the other party for hundreds of moves, and has been injured many times. Under the law of life, he quickly recovered.

"What monster?"

The three-eyed **** clan was more and more frightened.

The other party could not be beaten to death, but his own injury was getting heavier.

After a few hundred moves, Xiangxiang finally killed the opponent, and then killed the opponent.

Xiangxiang himself was also seriously injured, but under the law of life, he was recovering quickly.

"Master, I succeeded!"

Xiangxiang came to Lu Ming's side, his eyes were firmer and sharper than before.

"Well, yes, go on!"

Lu Ming opened his mouth, and then continued to give a sacred Dacheng three-eyed **** clan to Xiangxiang.

Xiangxiang is truly talented. In the fight between life and death, he has been progressing at an alarming rate. The play of combat power, the use of power laws, as well as the fighting consciousness and fighting mentality are undergoing tremendous changes.

This time, within a hundred strokes, Xiangxiang solved her opponent. Although she was also hit hard, she was not afraid of injury due to her physique.

Lu Ming nodded and continued to hunt the Three-Eyed Protoss with the fragrance.

The Phoenix Spirit, Long Chen, and the Famine Force are all experiencing a difficult battle.

Their opponents are naturally quasi-imperial.

Huang Ling, Long Chen, and Huang Li are all the cultivation bases of the Most Holy Peak. They have the power to barely contend with a prospective emperor, but it will be very difficult.

Luo Tianyixiu was higher, better, but also in a bitter battle.

Everyone is in a life-and-death battle with a view to breaking through the limits and achieving a leap.

call out!

Suddenly, a ray of destruction penetrated into the landing Ming hole.

This destructive light cut through the void, silently, but Lu Ming's sweat, but stood upside down, feeling a deadly threat.

Without hesitation, Lu Ming pointed in that direction, and the power of chaotic finger-robbing condensed in his fingers, blasting with the light of destruction.

boom!

Lu Ming felt a horrible force coming, his body stepped back a few steps, feeling his fingers numb.

"Good strength!"

Lu Ming narrowed his eyes and looked forward.

In front, a three-eyed **** clan five feet tall, riding a beast, came out of the air, and he exuded a terrible breath.

This three-eyed **** clan is not an imperial realm, but it is absolutely powerful.

"Boy, I have noticed you for several days. During this time, many of us have been killed. Today is your death, kill!"

The burly three-eyed protoss shouted, the battle axe waved in his hand, the beast roared, stepped on the void, and slammed towards the landing.

Roar!

The beast roared, and a dark light erupted from his mouth, screaming at the landing.

At the same time, the three-eyed Protoss axe broke through the sky and slashed down towards Lu Ming. The giant axe seemed to be able to open the sky, and it was terrifying.

On Lu Ming's body, a handful of holy soldiers were suspended.

Not many, only thirty-seven.

At the beginning, in the Lotus World, when the war against the imperial emperor, most of the sages he had sealed in the caves were scrapped, leaving only a dozen sages.

During this time, Lu Ming re-trained a million soldiers tactics.

This time, he did not seal the Ming and Grand Paladins, but sealed all the Paladins.

A total of thirty-six seals were sealed, and one was the Imperial Soldier.

It was the imperial lance obtained from Luo Pokong.

Although the quantity is less than before, the power is not known to be several times stronger.

Lu Ming held the spear, and the 36 other sacred soldiers, hovering around him, and the soldiers' ambience would penetrate through, blocking the attack of the monster.

At the same time, the spear picked up and collided with the opponent's tomahawk.

when!

The terrifying shock erupted, the power was stirred, the other party roared, and even the crotch beasts withdrew a dozen steps.

And Lu Ming, the body also backed away.

"Good combat strength, equivalent to the royal body of the Quasi-Emperor Realm!"

Lu Ming turned a thought in his heart, his eyes flashed with a strong fighting will.

It is equivalent to the fighting power of the Emperor Emperor Realm. This is the strongest Emperor Lu Ming has encountered. Before that, the Emperor Lu Ming encountered basically could not bring pressure to him.

But this one, different, has the strength to threaten Lu Ming's life.

This is also the training that Lu Ming wants, otherwise, Lu Ming hardly gets the training in the war.
