

D Emperor 2001

Chapter 2001: Gate of Vision

Rumble!

The chaotic stone plate is constantly shaking and constantly suppressing towards the void channel.

After the last huge roar, the entire chaotic stone plate was completely embedded in the void channel, as if it were integrated with space, regardless of each other!

The Void Channel was completely blocked by the town.

"Damn, you all die!"

The demon priest roared wildly, terrifying power, and constantly attacked the unrelated emperor.

The great emperors of other evil gods also launched a terrible attack, as if the offensive was crazy, as if insane.

The Void Channel is sealed, they are equivalent to cutting off the source of the soldiers, leaving the evil **** clan like the emperor city today, which will be wiped out sooner or later.

"Your general trend is gone and you are doomed to failure!"

The Holy Emperor said indifferently.

"Failure, ridiculous, how about blocking the passage in your town? Except for the few emperors outside, who can block us, we will kill the people under the emperor, especially such arrogance!"

The demon master's voice was extremely cold, and there was a terrible killer filled with it. After speaking, the cold eyes swept to Lu Ming.

Lu Ming felt a little cold in his heart.

Indeed, the other party has seven emperors, which is a big disaster.

If the other party hides, specifically avoiding the great emperor of Yuanshan, to hunt down the people under the great emperor, no one can stop it, and all will die.

The great emperor of Yuanshan could not stay together every day. If they were separated, they would be attacked by the other party. Even the great emperor would die.

The Seven Great Emperors, if they were unscrupulous and did not worry about the shot, it was too dangerous.

"You have no chance!"

The Great Emperor, who had been silent for a long time, spoke at this time, and then he saw him stretch out his palm, and in his palm, a light door appeared.

As soon as this light door appeared, it instantly became larger and turned into a huge door. A horrible attraction burst out of the light door.

"Come in for me!"

The Great Emperor opened his mouth, and the power of his body madly poured into the Light Gate. The Light Gate exploded with stronger power. It enveloped the Seven Great Emperors of the Evil God Clan and wanted to devour them into the Light Gate.

"Damn, it's the gate of the realm of hope. They want to take us to the realm of heaven!"

"go!"

The great gods of the Evil God cries roared, struggling to shock, and wanted to rush outside.

"Stay!"

At this moment, the Great Emperor, the Holy Emperor, the Great Emperor like an emperor, and several uncles, exerted their fighting power to the extreme, entangled each other.

Lu Ming was shrouded by Kong Bo with a force, behind him.

He couldn't get in this battle at all.

"Damn, Heavenly Emperor's flesh, it's almost 10%, it can't be controlled at all!"

Lu Ming secretly hated, he could not help.

Buzz!

The light door vibrated and the attraction became stronger and stronger. It was necessary to attract the seven emperors of the evil **** clan, but the other party struggled to resist and could not be shaken at all.

At this time, Emperor Tianhuo also came to the light gate, terrible power poured into the light gate, making the light gate more attractive.

However, it is still worse.

The seven great gods of the Evil God clan fought madly, and the offensive was terrible.

They are empty, there are only four people, desperately blocked, but the situation is very critical.

bump!

The Emperor Wuxiang was hit, his body vibrated, and there was blood in his mouth.

But he still fought back.

At the same time, the Holy Emperor was also hit and was hit hard.

"Skyfire, let's get started!"

At this time, Emperor Huntian looked at Heavenly Fire Emperor.

"it is good!"

Skyfire Emperor nodded.

boom! boom!

Suddenly, a terrible breath erupted between Tianhuo Emperor and Huntian Emperor. Their bodies seemed to burn like two firemen.

The appeal of Wangmen Gate has increased several times at once.

The seven people of the Evil God Clan received a terrible attraction, and their figure slowly walked towards the gate of the horizon.

The gate of the horizon, leading to the heaven, if it is attracted into it, it will directly enter the heaven. If the correct void channel is not found, the other party cannot come back.

In this way, it is possible to resolve the crisis in the land of Yuanshan.

"You are crazy, spontaneously spontaneously!"

The demon leader shouted and struck hard.

The other evil **** clan emperors exploded with all their strength, and all kinds of amazing powers blew towards them.

The power of the gate of the horizon is useless to them.

"Go in!"

Uncle Kong and others resisted and prevented the other party from rushing out.

Four people and seven people are at an absolute disadvantage. At this moment, not only the phaseless emperor, the sacred emperor, the emperor like the emperor, but also the uncle, were injured.

But they ignored the injury, like a wall of God, blocking it there.

"Come in!"

Emperor Huntian and Emperor Tianhuo shouted, and their bodies seemed to become transparent, and they had to be merged with the gate of Wangjie, and their attraction became stronger and stronger.

"No, I'm not willing..."

Finally, there was an Evil God Clan Emperor who could not resist, was drawn into the gate of the Wang Realm, and disappeared.

The other Evil God clan emperors were frightened and screamed and started desperately.

However, the figure of Emperor Huntian and Emperor Tianhuo are almost going to melt into the gate of the Wangjie. The power of the gate of the Wangjie is more powerful, and the Great God Clan Emperor is greatly disturbed.

"Emperor!"

Lu Ming's heart twitched, and he only felt sore nose.

Emperor Huntian and Emperor Tianhuo are obviously desperately trying to send each other into the heavens to protect the safety of Yuanshan regardless of their own safety.

Heaven, most of the territory is occupied by the Evil God Clan, where there are countless Evil God Clan strongmen, not many emperors.

"Give me in!"

Emperor Wuxiang, Kongbo, and others constantly launched attacks to blast the opponent into the gate of the horizon.

Uh!

Finally, another person was drawn into the gate of the horizon.

Every time a person is attracted to enter, Kong Bo and others will have less pressure, and the other party's resistance will be less.

Even if the other party was unwilling to return to the sky, one by one was attracted into the gate of the horizon and disappeared here.

After a while, all the evil **** clan emperors were attracted into the gate of the horizon.

At this moment, the figures of Tianhuo Emperor and Tiantian Emperor have almost become transparent.

"You, the land of Yuanshan will be handed over to you in the future!"

Tianhuo Emperor clenched his fists.

"Two, take care!"

The Holy Emperor, Kong Bo and others all clenched their fists, showing a trace of sadness and helplessness on their faces.

Lu Ming also stepped forward, clenched fists at the two emperors, and bowed to salute.

At this moment, he had only respect for the two emperors.

"Lu Ming, with your talents, will surpass our old guys in the future, not a problem, I look forward to your growth!"

Tianhuo Emperor spoke, smiling.

Noble Emperor nodded and said nothing.

Uh!

At this moment, under the light of the gate of the horizon, the abrupt disappearance disappeared, and the ones that disappeared together were Tianhuo Emperor and Huntian Emperor.

Lu Ming shuddered, and the two emperors disappeared like this. Did they fall?

Obviously, the emperors have planned everything for today.

Lu Ming first sealed the void channel with a chaotic stone plate, and the Emperor Huntian and the Emperor Tianhuo took the Great God Clan Emperor to the Heaven Realm with the gate of the Hope Realm.

Chapter 2002: Hunting Interracial

"Kunbo, the two great emperors, have they... fallen?"

Lu Ming asked the question in his heart.

"should not!"

Kong Bo shook his head, but then said: "But it is also very dangerous. They burned themselves and merged with the gate of the horizon, increasing the power of the gate of the horizon, but their own vitality was badly hurt, and there was not much fighting power left! "

"And now, most of the realms of the Celestial Realm are under the control of the Evil God Clan. Now they are brought into the Celestial Realm by the gate of the Wang Realm. If they are lucky, they fall in the territory of the Human Race and the Demon Race. The territory controlled by the Protoss is dangerous!"

With words, Kong Bo sighed.

They are understaffed, and can only be so. If there are a few more emperors in the realm of the realm, perhaps they will not need to use such extreme methods.

Lu Ming's heart was trembling, that is to say, the two emperors were alive and dead.

The two great emperors, standing high above, dominating the world, are almost immortal, and almost invincible in the land of Yuanshan.

Such an existence, now for the land of Yuanshan, is in danger, unpredictable, and admirable.

"Lu Ming, you don't need to be sad, maybe they won't be in trouble!"

Emperor Wuxiang comforted Lu Ming.

"Should be sad, or sad!"

The holy emperor's cold and proud voice sounded, staring at Lu Ming, saying: "This battle is just an episode, and finally the war, sooner or later, we all understand this, and Tiantian and Tianhuo also understand that they are in danger. , The land of Baoyuan Mountain, and more importantly, also want to keep your younger generation!"

"Because your generation is in a golden age, and you are full of arrogance, you are the hope of the future. If you can produce a real Gaiden in your generation, we have hope. Therefore, Lu Ming, grow well. Right!"

"for sure!"

At this moment, Lu Ming's eyes were firm.

At the moment, he thought a lot.

Perhaps, the three great emperors created Yuanshan Sanctuary, worked hard, summoned all the arrogance of the Yuanshan land, and cultivated hard, also to let them grow faster.

It can be said that the three emperors of the phaseless, the emperor of the sky, and the emperor of the sky fire have no selfishness in the slightest, and are dedicated to the Yuan Realm, and to fight against the aliens, and even spare their own lives.

"Let's go out, this battle should be over!"

Emperor Wuxiang said.

Several emperors stepped out, and the next moment, they came to the sky above the emperor city.

The battle of the Heavenly Emperor City is still going on, extremely tragic.

In the high altitude, all the figures are fighting in the vertical and horizontal directions, all of them are powerful emperors of the martial emperor, and the scene is amazing.

Keng!

In Uncle Kong's hands, Jianguang burst out, a shocking swordlight traversed Tianyu, breaking the whole sky open.

Where Jianguang passed, several true gods of the evil gods were directly beheaded.

At the same time, several phaseless emperors and holy emperors also shot.

The shot of the Great Emperor was completely crushed, and the true Emperor and the Emperor of the Evil God Clan were killed.

Emperor blood stains the sky!

In the blink of an eye, dozens of Evil God Clan Emperor Realm strongmen were killed.

"The emperors won!"

On the side of Yuanshan, when the Emperor shot, some people shouted.

"The Great Emperor has won!"

The roar is getting stronger and stronger, and the morale of the Yuanshan land has greatly increased.

The spirits of the evil spirits are greatly reduced.

They saw the great emperor of the Yuanshan land, but did not see the evil **** clan emperor. At this moment, they panicked.

puff! puff! ...

The four great emperors shot, and the emperor clan emperor realm was beheaded without any enemies.

In this way, the Emperor Realm in the Land of Yuanshan freed up its hands, and the battle situation became one-sided, and a large number of evil **** clan was beheaded.

"Retreat, retreat!"

There is a roar of evil spirits.

"Retreat and hide!"

Countless Evil God Races flew in all directions, some flew outside the Heavenly Emperor City, and some flew directly into the Heavenly Emperor City, and even did not enter the ground.

"Kill, don't let any one go!"

The strong men in the land of Yuanshan roared and chased toward the evil **** clan.

The four great emperors also killed some evil **** clan strongmen, then stopped, and did not continue to shoot.

Because of the previous battle, all four emperors were seriously injured and needed healing.

"Uncle Kong, are you okay!"

Lu Ming was worried.

"It's okay, you're getting older, you just need to cultivate for a while!"

Uncle opened his mouth, his eyes became muddy again, and his breath seemed to be very weak.

"Lu Ming, we are going to heal, and then I will give it to you!"

Emperor Wuxiang said.

Then, the four emperors left here one after another.

Lu Ming sent news to Huang Ling, found their location, joined them, and hunted away the evil spirit clan together.

This chase lasted a few days.

Countless evil spirits were beheaded, and the corpses covered the inside and outside of the Emperor City.

However, there are still many evil **** clan, fled into the wild mountains, or various hidden places, hiding.

It is conceivable that if these evil gods are not removed, sooner or later, they will evolve into evil spirits and demons, as well as hunt down the powerful and arrogant of Yuanjie.

In a few days, the emperor issued a command calling all people to hunt down the evil **** clan in the land of Yuanshan, and there would be corresponding rewards.

For a time, countless people formed a team to hunt around the Yuanshan land to sweep away the evil **** clan, and many evil **** clan were pulled out and killed.

The time passed, and two months passed.

On this day, Lu Ming, Huang Ling and Long Chen flew towards a wild mountain.

"Weixian, don't you feel wrong, really this direction?"

Huang Li looked at a young man, revealing his doubts.

"There should be nothing wrong, this is the direction!"

The youth said.

The young man was Wei Xian, a member of the Dragon Alliance of Yuanshan Shengyuan, and joined Lu Ming's team two months ago.

Wei Xian has a strong tracking talent and can track enemies based on a very weak smell and breath.

In the past two months, they have traced several batches of Evil God Clan and killed several batches of Evil God Clan. Most of them rely on Wei Xian's tracking technique.

But this time, they have been tracing for three days, and they still haven't found the Evil God Clan. No wonder the wild power will whisper.

They continued to fly, and after a while, Wei Xian stopped suddenly.

"Why don't you go?"

Everyone was puzzled.

"A heavy **** smell!"

Wei Xian frowned.

"Bloody smell? No smell!"

Huang Li shook his nose, but didn't smell anything.

"I smelled it, a heavy **** smell, tweeted!"

Bubble sits on Lu Ming's shoulders, shaking his nose.

"Hurry up!"

Lu Ming's face sank, and Wei Xian led the way towards the **** place.

Soon after, they came to a town.

But now, this town is lifeless and dead.

Everyone was dead, the blood stained the ground, and the blood was very strong.

In towns, corpses became mountains and blood ran into rivers.

This town, with at least a million people, is now all killed.

Chapter 2003: Encounter Emperor-level Evil God Clan

"Damn Evil God Clan!"

Huang Li roared, bulging with blue muscles.

Huang Ling, Long Chen, Luo Tianyi, Luo Xiang, and Ouyang Wushuang and others also broke out with cold killings.

Obviously, this is the means of the evil **** clan.

Wherever the Evil God Clan passes, blood flows into the river, and the chickens and dogs do not stay.

"The reason why these evil gods kill so many people is to cover their own breath with **** smell and escape our pursuit!"

Wei Xian gritted his teeth and clenched his fists together.

This remark made Lu Ming and others stronger.

The Evil God Clan slaughtered so many people, they just wanted to cover up their own breath with **** smell, to escape their pursuit, and the cruel means was outrageous.

"Damn Evil God Clan! Kill, kill, you must kill these beasts!"

The barren force roared.

Evil God Race, with them, there is no room for relaxation, the two sides meet, only kill.

Either you die or I die!

"Weixian, can you continue to track?"

Lu Ming took a deep breath, calmed himself down and asked.

"These evil gods are very cunning, slaughtered the whole city, collected a lot of blood, and separated a few roads, sprinkled blood along the road to blind our tracking direction, but they still underestimated me!"

"Just give me a little time, I can find the right direction!"

Wei Xiandao.

"Okay, go!"

Lu Ming nodded, the people bypassed the town, Wei Xian carefully sensed, after a moment, he pointed to the left direction, when he went first, everyone followed.

This time, half a day later, they came to a secret valley entrance.

Here, there are many mountains and mountains, one after another, endless and general, hiding here, if there is a strong tracking technique, it is really difficult to find.

"Evil God Race, right in this valley!"

Wei Xiandao.

"Okay, Wei Xian, several of you are at the mouth of the valley!"

Lu Ming looked at Wei Xian, and some of the Clan Cultivators were slightly weaker.

"Can I go into the war together, the leader is my idol!"

Wei Xiandao.

Two months ago, he took the initiative to find Lu Ming and said Lu Ming was his idol when he saw him.

The reason why he joined the Dragon League was because of this matter.

At the beginning, Lu Ming was quite speechless, but during this time, Wei Xian has been integrated into the team and has been recognized by everyone.

However, Wei Xian's cultivation behavior was still lower, and not long after breaking through the Great Saint, Lu Ming did not want the other party to take risks.

"Your task of guarding at Taniguchi is also very heavy. If a fish that escapes the net escapes, you are responsible for sniping!"

Lu Ming said.

Wei Xian was helpless, and knew that he was weak, and following him might drag Lu Ming down and nod his head.

Lu Ming, Huang Li, Huang Ling, Long Chen, Luo Xiang, Ouyang Wushuang, Luo Tianyi, and the bubble convergence breath, walked towards the valley.

In the valley, at least dozens of evil spirits gather together, some are healing, some are practicing.

"Enemies!"

The Evil God Clan is very keen, and Lu Ming was discovered by the Evil God Clan just after they entered the valley.

Dozens of evil spirits erupted at the same time, gazing at them at the landing.

"Several youths, kill!"

Some Evil God clan saw that Lu Ming was just some young people. They shouted suddenly, and the third eye burst out with the light of destruction, and they called Ming to kill them.

At the same time, the third eyes of other evil gods all emit a beam of destruction, which is amazingly powerful.

The Evil God Clan who can escape here are all strong men, at least they have the most holy cultivation practices, most of them are quasi-emperors.

"kill!"

Lu Ming and others shouted and attacked, destroying the rays of destruction and killing the Evil God Clan.

After so long fighting, Lu Ming has made great progress in each of them.

Almost every one has the power to contend and even kill an ordinary prospective emperor.

Lu Ming and Bubble, the combat power is even more amazing, between waved hands, the prospective emperor was killed.

In an instant, there were more than a dozen evil **** clan killed by them.

The remaining Evil God Races have a very ugly face, knowing that they have encountered a terrible Tianjiao.

"Retreat, retreat!"

There was a roar of the evil spirits who would retreat deep into the valley.

"Bubble, stop them!"

Lu Ming sent a voice to the bubble.

"Look at me, chirp!"

When the bubble little hand presses, the void fluctuates, and the space forms a shield, covering the evil spirits in it.

boom! boom! ...

The attack of the Evil God Clan bombarded the space shield and wanted to rush out, but it could not be broken at all.

Then, Lu Ming and others killed them, and the evil spirits were killed one by one.

"court death!"

At this moment, a deep roar came from the valley, and the whole valley shook.

The vast pressure spread out from the depths of the valley.

That's Diwei!

In this valley, there is an evil spirit clan in the emperor realm. No wonder the evil spirit clan just now rushed deep into the valley.

Lu Ming and others' faces became more dignified.

call out! call out! call out!

Lu Ming successively pointed out the chaotic fingers, rushed out with his fingers, and killed all the remaining evil gods.

At the next moment, a violent wind blew, a tall and burly evil **** clan rushed out, and fell heavily on the ground. The vast pressure pressed against Lu Ming and they were heavy like mountains.

This is a genuine emperor realm, but it seems that it should be just a virtual emperor.

"he is injured!"

Huang Ling spoke.

Indeed, this Evil God Clan has a small half of its body burst, and there is a layer of flame burning above the wound, making a snorting noise to prevent the Evil God Clan from recovering.

Obviously, this evil **** clan escaped here with serious injuries and healed here.

However, Lu Ming did not dare to carelessly. Even the injured Emperor Wu was absolutely terrified.

"Even if you are injured, kill you enough, kill!"

The Evil God Clan Emperor shouted, and the third eye of the brow burst into a burst of destruction.

"Chaotic Tribulation!"

Lu Ming pointed out a finger, a huge finger, bombarded with the destruction light of the other party.

boom!

A huge roar, Chaos Tribulation means collapse, but the light of destruction was also blocked by Lu Ming.

Lu Ming shook his body, receding backwards, feeling that his blood was tumbling.

"The Emperor Wu Realm is really powerful!"

Lu Ming secretly said.

With Lu Ming's current combat power, killing the prospective emperor, such as digging the bag and fetching the objects, is easy, but just made a trick with the other party, but fell in the wind.

Emperor Wu is too strong, and he has developed the power of the world. His attack power is unparalleled. The comparison between Quasi-Emperor and Wu Emperor is too great.

Lu Ming marveled, but did not know that the other party was even more shocked.

A holy one, can actually block him a trick, it is incredible.

Emperor Wu, high above, Shouyuan Endless, in some places, is called immortality.

In the face of Emperor Wu, under the Emperor Wu, it was impossible to resist, and in a moment, he could kill.

But now, a most holy, not yet a quasi-imperial, can stop him a move, and has not been injured, which is too horrible.

Chapter 2004: War Emperor Evil God Clan

"Kill, kill, this kid, you must die!"

The Emperor Wudi roared in his heart.

If such arrogance grows up, it is the enemy of their family.

An endless Guan Hui erupted from his body, and his breath became stronger and stronger. A huge battle axe was caught in his hand.

"I'll resist it head-to-head, the bubbles cooperate, and you attack in the rear!"

Lu Ming sent a message to everyone, his body was glowing, and more than a dozen holy soldiers floated out, surrounding him.

call out!

Lu Ming again showed his chaotic robbery with a finger.

A huge chaotic finger slammed toward the other party.

"kill!"

The evil **** clan emperor shouted, his burly body rushed towards the landing, and the third eye burst out again with a beam of destruction.

At the same time, he brandished a battle axe and slammed towards the landing.

At this time, the bubble presses both hands, and a transparent bubble is enveloped on the other party, and the surrounding space becomes a blade of space at the same time, slashing towards the other party.

"Break me!"

The Emperor Clan Emperor roared, the power of the world exploded, the transparent bubble shook violently, and it would collapse at any time. At the same time, his giant axe continued to cut out and defeated the bubble's attack.

At this time, other people's attacks have also arrived.

A flaming phoenix, spread its wings and flew, rushing to the evil **** clan Wudi!

An archaic dragon elephant, treading on the void, rolling forward.

A star, and a terrible sword light, at the same time killing the emperor Wu Emperor.

Then, Luo Tianyi and Ouyang Wushuang also followed suit.

The combined power of so many people is amazing. The Emperor of the Evil God clan shouts, and the giant axe keeps cutting out and breaking open.

call out!

The third eye of the Emperor Clan Emperor burst into a beam of destruction, directly smashing transparent bubbles.

"All die!"

The Emperor of the Evil God clan roared. His third eye exuded a dazzling light. Between heaven and earth, endless energy gathered toward that eye.

"not good!"

Lu Ming's face changed slightly.

But at this time, the bubble exerts the law of time and space, the power of time and space, covering each of Lu Ming's bodies, so that their speed increases dramatically.

call out! call out! call out!

At the next moment, the eyes of the Emperor Wu, the **** of evil spirits, burst into a dozen rays of light in an instant, and they shot at them at an astonishing speed.

Fortunately, each of them was shrouded in the laws of time and space, the speed increased dramatically, and between the flashes of the figure, they avoided the light attack.

Lu Ming continued to avoid the attack of the light, and waved his hand, nine ghosts of the jailstone emerged, and they blasted toward the emperor clan martial emperor.

"The prison monument!"

The Emperor of the Evil God clan exclaimed, with a trace of shock and fear in his voice.

He brandished a battle axe and slashed towards the ghost image of the prison monument.

boom! boom! ...

Nine roars in a row, he bombarded nine phantom monument ghost images, but he was also suppressed by the marvelous power of the prison monument and his body continuously receded.

"Sure enough, continue!"

Lu Ming's eyes lit up.

The jail monument has indeed a wonderful effect on the Evil God Clan.

Lu Ming continued to perform the Tiangong Tiangong, and pieces of jail tablets were formed as ghost images, and they were suppressed towards the evil **** clan Wudi.

At the same time, Bubble and others continued to attack the Emperor Wudi.

For a time, the Emperor of the Evil God Clan fell.

Roar!

In one hand, Lu Ming filled endless runes, forming a true dragon, rushing to the evil **** clan Emperor Wu.

The power of this true dragon is extremely amazing. Although it was exploded by the Emperor of the Evil God Clan, it turned into an endless rune, covering the body of the Emperor of the Evil God Clan, forming the power of the seal.

In the constant fighting in the past, Lu Ming not only made a breakthrough, but also made great progress in other aspects.

Now, he has been able to fuse the seal roll, phantom roll, and shatter roll together to launch an attack.

The three volumes combined into one, the power is very terrifying, both the terrible power of destruction and the power of the seal.

In addition, when the three volumes are combined, Lu Ming has also trained the principles of formation to 90%.

It can be said that the power of the three volumes in one is not weaker than that of Chaos.

After all, the Emperor Wu, the evil **** clan, was hit hard and his combat power was greatly reduced.

And Lu Ming, they are all amazing, Lu Ming's combat strength is enough to fight head-to-head with each other.

With the addition of bubbles, the law of time and space restricts the opponent and allows the opponent to exert their combat power, which weakens by a few percent.

Other people's attacks, specifically targeting the wound of the evil **** clan Wu Emperor, made his injury even more serious.

Of course, the greatest damage to the evil **** clan Emperor Wu is still in prison.

After dozens of moves in the war, the Emperor Wudi's injury was more severe, and his breath was weaker than before.

"Break. Chaos Tribulation!"

At this time, Lu Ming ran all his holy power and pointed out a finger with all his strength.

A huge finger, condensed out, descended from the sky, and suppressed toward the Emperor God Emperor Wudi.

Moreover, on the surface of this finger, there are not only the law of chaos, but also dense runes.

This is the trick that Lu Ming himself researched during this time.

Integrate the power of Destruction Volume with Chaos Tribulation.

Chaos Tribulation means that it has a terrible attack power, and now with the power of the destruction of the Destruction Volume, the power is even more terrifying.

This has already involved the fusion of the two laws. Although it is not completely fused, it is just the fusion of fur, but its power is already extremely terrible, and it has become Lu Ming's strongest killing trick.

Lu Ming was named: Destruction. Chaos Tribulation!

"How could it be so strong?"

The Emperor Clan Wudi shouted, the power of this finger shocked him and felt a deadly threat.

He could hardly imagine that a most holy man could deliver such a terrible blow.

"I want to block it!"

The Emperor of the Evil God Clan, running the power of the whole body, exploded madly, trying to block this finger.

But at this time, another transparent bubble enveloped him, and at the same time, the space around his body seemed to be frozen, squeezing crazy towards him.

There is even a terrible force of time on his wounds, which is the force of time acceleration, making his wounds more serious.

At the same time, other people's attacks have arrived.

Lu Ming's cooperation is seamless.

Roar!

The Emperor Clan Emperor roared, and they tried their best to cut an axe.

However, his strength was greatly restricted, and the power he could exert was ultimately limited. When the Tomahawk and the huge fingers bombarded together, a terrible roar broke out.

Buzz!

The tomahawk shook, and the emperor clan martial emperor couldn't hold the tomahawk, and was blown out.

A huge finger, clicked on the Emperor Clan Emperor Wu, with a powerful force to explode the other party.

boom!

The body of Emperor Clan Wudi was heavily smashed into the valley. The whole valley was directly exploded. Thousands of miles away, all exploded. Endless gravel splashed. The scene was extremely terrifying.

Emperor Wu, the evil **** clan, was severely wounded and dying due to this move.

"Suppress the monument, suppress it!"

At this moment, Lu Ming's spine glowed, and the blood of the prison monument flew out.

As soon as the blood of the Zhenlu monument came out, it radiated a magnificent brilliance and suppressed towards the emperor Wudi.

Chapter 2005: Heng Family, He Family Reappear

The blood vessels of the Zhenru monument gathered two pieces of debris. At this moment, the two large characters on the two pieces of debris glowed, and the glow of the rays of light was magnificent.

"Do not..."

The Emperor Clan Emperor roared, frightened.

He had already been hit hard. At this time, he struggled to get up and exploded his energy, trying to block the prison monument.

boom!

The Emperor of the Evil God Clan, with his hands up, exploded all his strength, but when his palms were in contact with the jailstone, his body shook and his face was more terrified.

His body was continuously bursting, and several breaths, the body of the Emperor Wudi all exploded and turned into ashes, leaving only a storage bracelet and a battle axe.

Lu Ming waved his hand and grabbed the storage bracelet in his hand.

Others took a long breath and faced a Wu Emperor, saying that without pressure, it was impossible.

Fortunately, the opponent was seriously injured before, and the combat power was greatly reduced, otherwise, even if they joined forces, it may not be the opponent of the opponent.

Emperor Wu, after all, is Emperor Wu. Even a virtual emperor is terrible.

"Let's recover here first!"

After patrolling the valley, Lu Ming found that there was nothing abnormal, and Lu Ming planned to recover here, adjust the state to the peak, and then go back.

Everyone nodded and sat cross-legged, starting to recover.

Lu Ming entered the mountain and river map and came to the side of the emperor's flesh.

In the past two months, every time Lu Ming killed the Evil God Clan and got the spar of the Evil God Clan, he would melt the energy of the spar into the flesh of the Heavenly Emperor.

Up to now, the energy stored in the Emperor's flesh has exceeded 10%. Lu Ming can now completely control the Emperor's flesh.

However, Lu Ming will not easily use it when it is absolutely necessary. After it is used, it is too difficult to re-accumulate so much energy, and it will consume amazing resources.

Lu Ming took out the storage bracelet of the emperor clan Wudi, and at the next moment, a pile of spars appeared on the ground.

"The resources of the Emperor Wudi really are many!"

Looking at the pile of spars, Lu Ming smiled.

bump! bump! bump!

Then, Lu Ming operated the exercises, and the piles of spars exploded and were absorbed by the Emperor's flesh.

After all the spar energy has been absorbed, the energy stored in the Emperor's flesh reaches 12% in one fell swoop.

"I don't know how powerful it is to control the body of Heavenly Emperor!"

Lu Ming was looking forward to it.

This is the emperor's flesh, and the power that burst out is absolutely unimaginable.

Then, Lu Ming took out some original stones, devoured refining, and restored his state to the peak.

When everyone's condition was restored to their peak, they returned to Heavenly Emperor City.

During this time, the Evil God Clan in the Heavenly Emperor City has been basically cleaned up, the Heavenly Emperor City began a large-scale reconstruction, and the Yuanshan Holy Temple has been reconvened.

"League, the Wei family has begun to rebuild. I will return to the Wei family first. If you are free, come to the Wei family as a guest!"

Wei Xian smiled.

"Okay, I hope the Wei family can rise again!"

Lu Ming patted Wei Xian on the shoulder.

The Wei family, originally in the Heavenly Emperor City, was also considered a good force, with the True Emperor sitting in town.

However, the location of the Wei family is very close to the original Tiandi Mountain. When the evil **** clan shocked out, the Wei family bears the brunt.

In that war, the upper levels of the Wei family were almost dead. All the powerful emperors of the emperor realm were killed by the evil **** clan, and the Wei family was almost completely destroyed.

Only a few Wei family members were not in the family and saved their lives.

Like Wei Xian, he was in Yuanshan Shengyuan, so it was fine.

Today, the remaining Wei family is rebuilding the family.

After Wei Xian left, Lu Ming hung out in the Tiandi City.

The Heavenly Emperor City was badly damaged by the war, and various monuments collapsed. I don't know how long it will take to repair.

boom!

Suddenly, with a roar, several figures were blasted out of a collapsed palace.

"What are you doing? This is my Liu's mansion!"

One of them roared at the palace.

"In the future, it will be my Heng family!"

A cold voice sounded, and more than a dozen figures stepped out of the air and appeared in the air.

"Heng family!"

Lu Ming and others, a cold light flashed in his eyes.

At the beginning of the war, the Heng family disappeared completely. Now that the war is victorious, the Evil God Clan is annihilated, and the Heng family immediately ran out.

And it seems that it seems to occupy the territory of other forces.

"Your Heng family, it's almost mean and shameless. Before the war with the Evil God Clan, why didn't you see your shot, but now after the war, but ran out, and want to annex my Liu's mansion, mean!"

In the Liu family, a young man shouted with indignation.

"Bold, dare to humiliate my Heng family, and sin should die!"

A strong man from the Heng family shouted, and a sword burst into light, and he was going to cut off the young man of the Liu family.

The hands of the Heng family have the most holy holy practice, and the young man of the Liu family can't resist it.

boom!

A punch struck across the void and defeated the sword light of the Hengjia strongman.

It was Huang Li who shot, with anger in his eyes.

"Someone, dare to take care of our Heng family's affairs, find death!"

The masters of the Heng family swept the barren power, and their eyes swept to the landing again.

Suddenly, someone changed his face and said, "Lu Ming, he is Lu Ming!"

"Your family's despicable and shameless are inherently true, can't they be told?"

Lu Ming disdainful opening.

"Lu Ming, are you sure you want to intervene in my Heng family?"

A quasi-imperial emperor of the Heng family looked at Landing Ming coldly.

"roll!"

Lu Ming suddenly took a step, the violent pressure, pressed against the people of the Heng family, more than a dozen people of the Heng family, his face changed greatly, under this pressure, his body retreated continuously.

They looked at Lu Ming's eyes with horror.

Lu Ming is getting more and more terrifying. The average prospective emperor, when confronted with Lu Ming, seems to face a behemoth and cannot rise up to resist.

"Lu Ming, you wait for me!"

A prospective emperor of the Heng family left a ruthless word and walked away in vain.

"Thank you!"

Several people from the Liu family thanked Lu Ming for them.

Lu Ming shook his head without saying much, and left with Huang Li and others.

He understood that he helped the Liu family only for a while. Since the Heng family came back and wanted to annex the Liu family, the Liu family would definitely not be able to keep it.

They continued to shop, but what they saw next made them filled with indignation.

Not only the Heng family returned, but the He family also returned.

The overlords of these two Emperor City, the forces of the Emperor class, have a powerful combat power.

But in the previous war, the two races were completely absent, and as soon as the war ended, people of both races appeared.

The point is that both the Heng family and the He family are taking the opportunity to annex other powers.

In the past, the Heng family and the He family were hostile to each other, and the other forces of the Heavenly Emperor City were also very strong. They united with each other and could still compete with the two.

However, after the battle of the Evil God Clan, many forces in the Heavenly Emperor City suffered heavy losses and were simply unable to confront the Heng and He families.

Chapter 2006: Kill

"Despicable, it's too mean!"

Huang Li was grumpy and couldn't help shouting.

Others' eyes are just anger.

Some forces want to resist and be killed directly. They have limited abilities and can't control it.

"No, the Wei family is in danger!"

Suddenly, Lu Ming's face changed.

The emperor realm of the Wei family is almost dead. Only a few people are left to rebuild the Wei family. There are no masters at all. The Wei family mansion and other large-scale resources will definitely be targeted by the Heng family and the He family.

Wei Xian just went back, I am afraid that there will be dangers, thinking of this, other people's faces also changed.

"Go, let's go to the Wei's house!"

Lu Ming flew towards the Wei family first, and others followed.

At this moment, the Wei family did indeed suffer the disaster of extinction, and the He family stared at it.

bump!

The most holy of the Wei family was beheaded by a prospective emperor of the He family, and the body fell to the ground.

"Today, if you don't agree, you have to agree. If you don't agree, you die!"

A Emperor He Jiazhun sneered, looking down on the remnants of the Wei family.

There are only more than one hundred people in the Wei family, and they are the strongest, and they are only in the quasi-emperor state. It is simply difficult to contend with the He family.

"Your family is despicable. Before the war, there was greed and fear of death. None of them dared to go to war. What kind of bullshit-class power, shit!"

Wei Xian also returned to the Wei family, at this time yelling and angering.

"Boy, dare to insult me He family, dare to insult me He family emperor, your end will be very miserable, I promise!"

A prospective Emperor of the He Family, with cold eyes, walked towards Wei Xian step by step.

"I am a member of Yuanshan Shengyuan, you dare to move me!"

Wei Xiandao.

"What about Yuanshan Shengyuan? Photo kill!"

Emperor He Jiazhun drank coldly and wanted to kill Wei Xian.

"Go, Wei Xian, go quickly, I will block them!"

A white-haired old man from the Wei family shouted and killed the Hejia prospective emperor.

"Old dog, dare to resist, since this is the case, then the Wei family does not need to stay in this world, kill without amnesty!"

A prospective emperor of the He family gave orders.

There were more than a dozen quasi-empires from the He family who came here, dozens of the most powerful, most powerful than the Wei family.

Uh! Uh! ...

The strong of the Heng family moved. A dozen of quasi-imperials and dozens of the most holy were killed towards the people of the Wei family.

The remaining quasi-Emperors of the Wei family were only five or six people, and the others were all holy, or under the holy, and could not resist the attack of the Hejiaqiang.

Suddenly, the people of the Wei family were killed, and the screams of each other fluctuated.

what!

Seeing that the people of the Wei family were killed, Wei Xian roared, and his eyes were bloodshot.

In an instant, the Wei family, there were only a few imperial emperors, still fighting desperately.

But in the face of the siege of more than a dozen prospective emperors of the He family, their results were already doomed.

In less than a moment, all of the Wei family's prospective emperors were killed, and only Wei Xian remained in the Wei family.

This is the intention of the other party, otherwise, Wei Xian will die long ago.

"Your family, you will not die well!"

Wei Xian roared, and his eyes became red with anger.

Snapped!

A prospective emperor of the He family slapped Wei Xian out on Wei Xian's face, hitting Wei Xian in the face of a broken wall.

Uh!

Emperor He Jiazhun moved beside Wei Xian and stepped on Wei Xian.

"What about the people at Yuanshan Shengyuan? It's not like a dead dog. I stepped on my feet, haha!"

The He Jiazhun Emperor laughed arrogantly.

"You better remove your feet, otherwise you will die miserably!"

At this moment, an extremely cold voice came from a distance, and then, the figure flashed, and a dozen or so figures appeared not far away.

These dozen people are Lu Ming.

"Leader!"

Seeing Lu Ming, Wei Xian shouted, and there was hope in his eyes.

"It's Lu Ming!"

In the family, someone recognized Lu Ming and exclaimed.

The others in the He family suddenly changed their complexions.

In the Lotus World, Lu Ming killed his prestige, and even the stellar river was defeated by Lu Ming. Under Emperor Wu, no one was afraid.

"I said, move your feet, didn't you hear?"

Lu Ming's eyes were cold, and he swept toward the He Jiazhun Emperor who stepped on Wei Xian, step by step, toward the other party.

The Emperor He Jiajun's eyes were extremely dignified and he said, "Lu Ming, this is my family's affair. You'd better not do more business!"

"It seems that you want to die!"

Lu Ming spoke indifferently. Just at the moment Lu Ming's voice fell, a transparent bubble enveloped He Jiazhundi, and the opponent's figure suddenly stiffened.

The holy force in Lu Ming's hands surged, condensing a spear, covered with rune-breaking runes on the spear.

"No, stop it!"

The prospective emperor of the He family panicked, yelling in panic, and struggling at the same time, but everything was in vain.

call out!

Lu Ming flicked his hand and speared out a long shot. He passed through the other person's head and took the other person's body. He flew tens of thousands of meters away and nailed it to the ground.

"None of these people let go!"

Lu Ming's voice came out.

"Haha, I already wanted to do it!"

In the eyes of Huang Li, the cold color appeared, and he rushed to the master of the He family.

Huang Ling, Long Chen and others also started to kill the people of the He family.

"Lu Ming, you have offended the Heng family, and you want to offend my He family, which is not good for you!"

A master of the He family shouted.

"kill!"

Lu Ming stepped out, punching out, punching and crushing, a He Jiazhundi, torn apart.

In Lu Ming's eyes, the people of the He family are all scumbags and they all deserve to die.

"go!"

The masters of the He family shouted. They knew that they were not Lu Ming's opponents. They flashed in shape and rushed in all directions, trying to escape.

But they haven't rushed far, as if they hit an invisible wall, all blocked.

Bubble shoots, blocking the space.

"Lu Ming, my Hejia strongmen, all returned to Heavenly Emperor City. There are many Emperor-level strongmen nearby. If you kill us, you will die yourself!"

A quasi-emperor from the He family shouted.

"Quick battle!"

This was Lu Ming's response. In his wave of hand, nine shadows of the prison monument appeared, suppressed, and the Hejiaqiangs were killed one by one.

At the same time, Bubble, and others have also started.

It's totally crushed!

Dozens of masters of the He family, in a blink of an eye, there were few left.

"Lu Ming, we have heard the news, you will definitely die!"

The last He Jiazhun Emperor shouted, and then was killed by Lu Ming.

"Let's go back to Yuanshan Shengyuan!"

Lu Ming waved his hand, the holy force surged, rolled up Wei Xian, and flew towards Yuanshan Shengyuan with the fastest speed.

When they left soon, several figures appeared above the Wei family, exuding a powerful breath.

Several figures are all powerful in the Emperor Wu Realm, obviously, all powerful in the He Family.

"Lu Ming, look for death!"

"Yu Bao up, this time, will kill Lu Ming!"

Several voices sounded indifferent, and then several people left here.

Chapter 2007: He Family Killing

Yuanshan Shengyuan has been restored in many places, but some places of cultivation have not been restored.

Nowadays, the arrogance of Yuanshan Shengyuan is very few. Most of the arrogance have returned to their respective forces.

Only a few Tianjiao, and teachers from Yuanshan Shengyuan.

Of course, due to the remnants of the Evil God Clan that swept the Heavenly Emperor City before, there are many powerful forces who temporarily stay in the Heavenly Emperor City.

For example, the Phoenix Palace, the Idol Sect, there are some strong people, temporarily living in Yuanshan Shengyuan.

Lu Ming They returned to the mountain where they lived, and healed Wei Xian. Fortunately, Wei Xian was not seriously injured and he soon recovered.

Only, his eyes were very gloomy.

The Nuo University's Wei family was almost extinct, leaving him alone.

"He Family!"

Wei Xian clenched his fists, killing endless thoughts.

At this time, outside the Yuanshan Holy Monastery, a group of powerful beings came.

These are the strong men of the He family. The headed people are the real emperors of the real emperor. He Gao is among them.

"Everyone, this is Yuanshan Shengyuan, please stay!"

The teachers of the two Yuanshan Shengyuan appeared, standing in front of many strong men of the He family.

"Whether Lu Ming is in Yuanshan Shengyuan, tell him to get out and die!"

He Gao spoke indifferently, he told Lu Ming that he wanted to kill him soon.

"Everyone, this is the Yuanshan Shengyuan, no matter what holiday you have with Lu Ming, solve it outside the Yuanshan Shengyuan!"

A teacher from Yuanshan Shengyuan said.

"Since Lu Ming is not called out, let's go in and find him!"

Another true emperor of the He family spoke up and stepped forward.

"You guys, stay here!"

The teacher of Yuanshan Shengyuan reached out and stood in front of him.

"roll!"

The real emperor of the Na family, with a blast, terrible power, directly flew out the teacher of Yuanshan Shengyuan and spit blood.

This teacher at Yuanshan Shengyuan is just a virtual emperor, who can't stop the other party at all.

"go!"

Many strong men of the He family completely ignored the teachers of Yuanshan Shengyuan, rushed into Yuanshan Shengyuan, and unscrupulously glanced at the spiritual knowledge to find out Lu Ming.

"Spread the news!"

Two Yuanshan Shengyuan teachers looked ugly, and news came out.

There were three great emperors in Yuanshan Shengyuan. The other people did not dare to shove in Yuanshan Shengyuan.

However, after the war with the evil gods, the two great emperors of Yuanshan Shengyuan fell, and this matter has spread throughout the land of Yuanshan.

Therefore, the He family dared to break into the Yuanshan Shengyuan unscrupulously.

Lu Ming where they live.

Suddenly, Lu Ming and others felt that a strong spiritual consciousness glanced over and stopped on them.

"He people, come!"

Lu Ming's eyes sank, revealing a cold light.

She did not expect that the He family would dare to search the Yuanshan Shengyuan unscrupulously.

boom! boom! ...

In the distance, a group of strong men came into the air, making the void tremble.

Terrible pressure, pressure Lu Ming and others are difficult to breathe.

Lu Ming and others rushed out of the room and stood in the air.

"He Gao!"

Lu Ming saw He Gao at a glance.

He Gao's eyes also swept towards Lu Ming. When Lu Ming swept, he was full of murderous opportunities. When he swept Xiang Xiang, he was full of greed.

Lu Xiangxiang, he must get it!

"Lu Ming, you have no reason to kill many masters of the He family, you must pay your life!"

He Gao was the first to speak, full of cold killing opportunities.

"For no reason? It's ridiculous! You said killing people to pay for their lives, they killed so many people in the Wei family, it is just to pay their lives!"

Lu Ming sneered.

"How can the people of the Wei family be compared with my He family?"

He Gao refuted.

"Hahaha!"

This time, Lu Ming laughed wildly, and the laughter was full of contempt, which made the faces of everyone in the He family sink.

"Your He family, you can still put yourself in such a high position. In my opinion, your He family is not as good as a dog!"

Lu Ming mocked.

"What are you talking about, die!"

"I don't know what a dog is!"

The people of the He family were furious.

"You still have faces? I asked you, where the evil **** clan invaded, where did your He family go?"

"In order to protect the land of Yuanshan, the other people have fought **** battles with the evil **** clan in blood, and you, your family, have started tortoise turtles. When the war is over, you come out and take advantage of the fishermen. Still human, isn't it even a dog?"

Lu Ming's mocking voice continued to sound.

When he thought of it, the great emperors fought to the death, and finally the emperor, the fire emperor, was born and died.

There are other forces. In order to fight against the Evil God Clan, the losses are heavy, and the masters have fallen a lot. Now, the He family and the Heng family have come out to **** the territory of these forces, and even kill the people of these forces.

Thinking of this, Lu Ming's anger burned.

"What nonsense? Dare to humiliate my family and find death!"

"Tooth is sharp, you must die today!"

The people of the He family shouted.

boom! boom! boom! ...

The people of the He family were filled with a strong breath.

"Lu Ming, I tell you, no one can save you today, neither can the Great Emperor, and your disciple Xiang Xiang, the old man will take care of you, hehe!"

He Gao sent a message to Lu Ming.

"Old dog!" Lu Ming's eyes are endless.

Uh! Uh! Uh! ...

At this time, on the nearby mountain, a figure flew by and fell in front of Lu Ming, the body also filled with a strong breath.

Both Emperor Xu and Real Emperor!

These strong men come from the Phoenix Palace, the Idol Sect, and the Divine Yuan Empire.

They had just swept the Evil God Clan, and stayed here temporarily, but had not returned.

"Just relying on a few of your small forces and wanting to stop my family? Don't do it yourself!"

He Gao sneered.

Then, from the distance, figures flickered, all of them terrible strong.

Hejia, there are more powerful people coming here, of which the majority of the Emperor Wu Emperor Realm is the majority, and some are figures of the level of the true emperor.

He Jiaqiang increased the number of terrible breath, the pressure of the Phoenix Palace, the statues of the gods, the face of these strong men changed greatly.

The He family is an emperor-level force. It is too strong. There are many terrible existences in the real emperor realm.

It is not at all the Phoenix Palace, and the forces of the Idol Sect are comparable.

"Today, I will personally remove Lu Ming's head!"

He Gao opened his mouth and stepped forward, with a strong breath, locking Lu Ming.

The Phoenix Palace, the Idol Sect, and the true emperor of the Divine Yuan Empire want to be rescued, but they are all locked up by the breath of the Hejia true emperor. As long as they move, the other party will start a thunderous attack.

Lu Ming's face was solemn, he was locked by He Gao's breath, and his whole body was up and down, and it was difficult to move at all.

The true emperor is too strong, and he is not able to fight at all.

Lu Ming's eyes narrowed and there were flashes of sharp edges. He was considering whether to control the Emperor's flesh.

"Look at how you killed him?"

At this time, a figure flashed.

Chapter 2008: A group of pigs and dogs are inferior

A figure fell in front of Lu Ming, cutting off He Gao's breath, and Lu Ming's body pressure suddenly lightened.

"Senior Ice Curtain!"

Lu Ming's eyes moved.

This figure is actually Master Qiuyue, ice curtain.

"You're going to shoot, then kill you together!"

He Gao was extremely overbearing, his palms were like swords, and he slashed down towards the ice curtain to kill it.

"Frozen!"

The ice curtain stretched out its fingers and came out a little.

Suddenly, with the fingers of the ice screen as the center, the endless ice came out as if it could freeze everything.

The temperature between heaven and earth, a crazy drop, and a terrible cold, not only sealed He Gao's knife Guangbing, but even spread towards He Gao.

"Break me!"

He Gao shouted, the power of the world exploded, and the terrible power blasted toward the ice.

However, the cold air passed, and even the world power of the ice curtain was frozen. The terrible cold air enveloped He Gao in it. Between his eyes, an iceberg appeared in the air, and He Gao was frozen inside.

One trick to freeze a true emperor is shocking.

Through the iceberg, you can see He Gao's shocked eyes.

He didn't seem to think that he would be blocked by the ice curtain.

"Shoot together!"

There was a roar of the powerful emperor of the real emperor in the He family. Several real emperors shot together and bombarded the iceberg.

boom!

The iceberg exploded, He Gao appeared, his figure receded madly, his face was pale, and his body was covered with a layer of frost.

"This man is a high-cultivator, shot together and killed her!"

He Gao shouted, while running the power of the world, to get rid of the cold.

Several real emperors of the He family shot at the same time and joined forces to kill the ice curtain.

Several real emperors joined forces and were intimidating, but the ice screen was not afraid, and their fingers were pointed out continuously. The icy air permeated and actually blocked the attacks of several real emperors of the He family.

"So strong!"

Lu Ming was also shocked. The strength of the ice curtain was really very powerful.

The several emperors from the He family were not ordinary emperors, but masters of the emperor, but they were still blocked by the ice curtain alone.

No wonder the ice curtain dared to kill Da Luo Tianzong by himself at first, but the true emperor dare to do this?

Doing dozens of moves in a row, the Emperor Hejia didn't do anything about the ice curtain, and his face turned back ugly.

"You are the ice curtain of the only temple!"

Someone in the He family recognized the ice curtain and solemnly spoke.

"Not bad!"

The ice curtain did not deny it.

"Ice Curtain, are you sure you want to be an enemy of my He family? It's no good for your only temple!"

He Gao spoke indifferently.

"Oh, what the He family said was also a great emperor-level force, but because some prospective emperors lost to a few juniors, but they thrived on the teachers and sent out so many masters, weren't they embarrassing?"

The ice curtain taunted.

Many people in the He family looked ugly.

Indeed, the great emperor-level forces, but some older quasi-imperials, lost to Lu Ming's junior, the He family mobilized the teachers, and sent so many martial arts strongmen, to deal with Lu Ming, it is indeed ridiculous.

"Do you think that it is because of this incident that my family has sent out so many masters, and the teachers are coming from all over the world?"

A real emperor He Jia spoke indifferently.

A lot of people moved their expressions. Does the He family come here because of other things?

"Lu Ming, who pretended to be a member of the He family, hunted the disciples of the Heng family, and later, pretended to be a person of the Heng family, hunted the disciples of the He family, provoked the war between the He family and the Heng family, and finally caused heavy losses to the He family. , This sin, sin deserves death!"

A real emperor Hejia spoke indifferently.

what?

Many people are shocked.

Is there such a thing?

At the beginning, many people had heard about the battle between the He family and the Heng family. The reason was that He Gao, the true emperor of the He family, was embarrassed by a treasure of the Heng family. The Heng family was not angry and sent masters to hunt down the He family's disciples. .

The He family counterattack, also sent a master to hunt down the Heng family disciples.

Therefore, the conflict between the two sides was completely stimulated before the war was launched.

Is this really Lu Ming doing this?

Lu Ming's control of the law of chaos, except for the rule of kings and the strongest law, can be transmuted. In this way, it is really possible.

Almost everyone looked at Lu Ming.

If this is true, then Lu Ming's method is really amazing. With his own strength, the two emperor-level forces have suffered heavy casualties.

Lu Ming narrowed his eyes slightly and didn't speak.

He had known for a long time that this matter would not be hidden for long.

At the beginning, the reason why the Heng family and the He family fought was because the two originally had a deep conflict, just like gunpowder, which burned at once.

But as long as both sides calm down and think carefully, they will find many loopholes, and it is easy to speculate on Lu Ming.

"Lu Ming, you don't need to deny it. We have speculated carefully and negotiated with the Heng family. This is something you absolutely did!"

A true emperor from the He family said.

"Yes, I did it!"

Lu Ming said, now that he has guessed, why should he deny it?

"Little beast, you deserve to die!"

He Gao shouted loudly, wishing to tear Lu Ming into pieces.

Lu Ming actually used his affairs to provoke a war between the two communities, which is really hateful.

"Yes, he deserves to die!"

At this moment, a cold voice came from the sky, and then a group of strong men came down.

"Heng Family!"

The solemn opening of the ice curtain.

"Heng Family is here too!"

Huang Ling, Long Chen, Ouyang Wushuang and others were extremely ugly.

Immediately after the He family, the people of the Heng family also came.

Moreover, the strong man from the Heng family is no weaker than the He family. How to fight this?

Only Lu Ming is calm!

"Lu Ming, dare to provoke alienation, causing my Heng family to suffer heavy losses, and should be guilty of death, hand over the sword of the emperor first, but you can leave your whole body!"

A true emperor of the Heng family opened his mouth, his voice cold and proud.

"Another group of things that are so greedy and afraid of death that pigs and dogs are inferior!"

Lu Ming spoke indifferently.

Some people were shocked. In the face of this situation, Lu Ming actually dared to say the Heng family, and he was really brave.

The strong of the Heng family are all angry.

"Lu Ming, you will die better than life, and pay a tragic price for this!"

A true emperor of the Heng family spoke coldly.

"It's so easy to get angry. It seems that you all know how despicable you are, but you don't want to admit that once others point out, you must suppress them with strong means to cover up your despicability and shamelessness, but hide your ears and steal the bell. Only despicable means despicable!"

Lu Ming spoke lightly, and his voice spread throughout the audience.

The He family and the Heng family are extremely ugly.

While others were fighting against the Evil God Clan, they hid, and then came out to **** the territory of others. They were despicable and undesirable, and they knew it naturally.

But they will never admit it or allow others to speak, and once they say, they will die!

A group of humble, self-deceiving people.

Lu Ming's words are talking about their hearts.

There are even two young people with shame on their faces, but they are quickly hidden by themselves.

Chapter 2009: Emperor confrontation

"Good to say, a group of despicable people who deceive themselves!"

A voice came, the sky shook, the figure flashed, and a figure appeared beside Lu Ming.

It is a teacher of Yuanshan Shengyuan!

The teachers at Yuanshan Shengyuan include Xu Emperor and True Emperor.

boom!

The atmosphere of the teacher of Yuanshan Shengyuan confronted the breath of many strong men of the Heng family. There was a terrible collision, and the air thundered.

The movement here is so amazing that it has filled a long distance.

Outside the Yuanshan Holy Monastery, many people felt the pressure like a mountain, and they all took off and looked away.

"The masters of the He and Heng families are facing the Yuanshan Holy Monastery!"

"It seems because of Lu Ming!"

"He Family and Heng Family, hehe, it's really shameless, come out now, and dare to kill Yuanshan Shengyuan, it's just that the two great emperors who bullied Yuanshan Shengyuan fell, and the emperor Wuxiang was injured again!"

Many people see the He family and the Heng family as extremely unhappy, but the voice is very low, for fear of being heard by the two masters.

What if it's uncomfortable? The He family and the Heng family, but the emperor-level forces, there are emperors sitting in town, and there are more real emperors and virtual emperors.

"Today, it's really hilarious!"

At this time, a voice came from a distance, and then everyone saw a rainbow of light, like a sharp sword, pierced the void and flew towards the Yuanshan Sanctuary.

In every rainbow, there is a strong man, the breath is amazing.

"So strong, so many Emperors Wu!"

Someone exclaimed, his face dignified.

When the rainbow light converged, a group of strong men descended into the Yuanshan Holy Courtyard, and the family of Hing and Heng, and Heng's became a corner, encircling Lu Ming among them.

"Da Luo Tianzong!"

Someone exclaimed and took a breath.

The great Luo Tianzong people also came, another great emperor-level force.

"You Luo Tianzong, also want to join in the excitement?"

A teacher spoke at Yuanshan Shengyuan.

"It has nothing to do with you. Let's kill Lu Ming today. He killed my King Luo Tianzong's royal body and must die!"

A real emperor from Luo Tianzong said coldly.

The royal body he said naturally refers to Luo Pokong.

On Lu Ming's side, many people's faces are even more ugly.

Hengjia, Hejia, and Daluo Tianzong, each of them is an emperor-level force, each of which is extremely powerful, with profound heritage, and one alone is very terrifying. Now the three forces together are going to kill Lu Ming.

Although Lu Ming also has some masters, plus the teachers of Yuanshan Shengyuan, it is impossible to fight against the three forces, and the forces are very different.

In the case of World War I, I am afraid to be slaughtered.

"Today, since Lu Ming is at Yuanyuan Shengyuan, we must protect him!"

A teacher from Yuanshan Shengyuan said.

"Then even the Yuanshan Sanctuary will be destroyed together!"

A real emperor of the Heng family is full of murderous opportunities.

Today, the three forces came together and gave them confidence. Even when the Yuanshan Holy Monastery was in its heyday, the three emperors were there. They were all fearless, not to mention that there is only one unrelated emperor left.

People who watched from a distance were shocked.

Yuanshan Shengyuan is going to intervene, and even Yuanyuan Shengyuan will be wiped out, which is too domineering.

"So much nonsense with them? Directly extinguished!"

He Gao yelled, instigating everyone to shoot.

Suddenly, the He family, the Heng family, and the powerful Luo Tianzong's strong body, the body is full of power, the opportunity flashes, and a thunder strike is about to be launched.

"Ready to fight!"

A true emperor shouted at Yuanshan Shengyuan.

The strong men on Lu Ming's side took out the imperial soldiers and prepared to fight.

At this moment, a strong pressure came.

In the face of this pressure, even the true emperor changed his face wildly, as if to blame.

At high altitude, the void split, and a figure appeared there out of thin air.

"No Emperor!"

Someone's expression was solemn.

This figure is the emperor without phase.

"This is Yuanshan Shengyuan, I won't let you move Lu Ming cents, you retreat!"

The Emperor Wuxiang opened his mouth with a gentle voice and was not overbearing, but he had a kind of supreme majesty that made people dare not refute.

"No phase, today, I'm afraid you can't keep him!"

As soon as the voice of Emperor Wuxiang fell, a majestic voice sounded.

A figure suddenly appeared in the sky. This figure was enveloped by an endless aura, but many people still saw at a glance who was here.

Emperor Heng Family!

Today, the three great emperor-level forces are indeed prepared.

Now, the emperor came in person.

"Kill me King Luo Tianzong, no one can save him!"

Then, another voice sounded, this voice, indifferent and overbearing, murderous and cold.

In the other direction, a figure also appeared, shrouded in endless black radiance, the figure loomed, but the breath was strong, but it was earth-shattering.

Great emperor of Tianzong Luo!

The great emperor of Tianzong was named Tianluo.

The two great emperors showed up, and their breath was extremely powerful, as if the two immortal universes were suspended in high altitude, which gave people too much pressure.

"It's over, today Lu Ming is really over. There is only one great emperor at Yuanshan Shengyuan, and he can't protect Lu Ming at all!"

"Yes, the He family and the emperor did not show up. Even if the three emperors of Yuanshan Shengyuan are present, Lu Ming is dangerous today!"

"Lu Ming is finished today and is going to fall!"

"Unfortunately, a generation of outstanding people!"

In the distance, many people lamented.

At this moment, many people are on Lu Ming's side, because the He family, the Heng family, and the Da Luo Tianzong are too despicable. During the battle with the evil **** clan, the three forces did not appear.

Of course, I support Lu Ming in my heart, but no one will really help Lu Ming, that is undoubtedly to death.

It's just a pity.

"Then I will kill you first!"

Just after Emperor Tianluo appeared, another voice sounded, and then a terrifying sword light shone.

This sword light was so dazzling and so stunning that it came from heaven and split the whole piece of Tianyu in half.

The emperor Tianluo's complexion changed, and he shouted with an endless light. His big hand waved, and there was an extremely mysterious breath.

That's the breath of the road!

Great Emperor, control the Avenue, the Avenue of Heaven and Earth

boom!

A big seal, floating out, resembles Luo Cangqiang's deprivation of the divine seal, but I don't know how many times higher than the deprivation of the divine seal.

Da Yin flew out and bombarded with the bright sword light.

At this moment, the dazzling light, many people who stabbed could not open their eyes.

When the light disappeared, an old man appeared in front of Tianluo Emperor.

A very old old man with a cane, like an ordinary old man with a drooping old man.

Uncle!

Lu Ming's heart moved, it seems that Kong Bo has been paying attention to him, at this time Lu Ming is in danger, Kong Bo still stood up.

"Who is this person? Did he just cut off the sword light just now?"

"It's terrifying, this is also an emperor, but never heard of it!"

"It seems that Lu Ming came to help each other. Behind Lu Ming, there is an emperor strong!"

Many people looked at Kongbo in shock.

Chapter 2010: What Lu Ming did

The land of Yuanshan, the emperor on the surface, is rare, but in fact, there must be more than that.

Behind Lu Ming, there is an emperor standing, which is also normal.

"Old guy, it's you!"

Tianluo Emperor's gaze narrowed slightly, looking towards Kong Bo.

"Lu Ming, it is my lord of the Great Yandan Palace. If you dare to move him, I will kill you!"

Uncle Kong spoke slowly, but was full of murderous opportunities.

Many people were shocked that this old man was really overbearing and really strong. If Tian Luo had to kill Lu Ming, he would have to kill Tian Luo.

Is this old man so strong?

"Kill me? Dan Kong, you may not be too confident. Even in your heyday, you may not be able to help me. Now that the serious injury has not healed, are you my opponent?"

Tianluo sneered.

At the beginning, in the battle with the Evil God Clan, in order to send the Evil God Clan Emperor into the gate of the Wangjie, several emperors were injured.

Great emperors and strong men, who have road protection, are generally difficult to be injured, but once injured, it is difficult to heal.

During this time, such as the Holy Emperor and others, were retreating to heal the wounds, but in the past few months, the injuries of the uncle and the unrelated Emperor have not been healed, but the combat power is not in the peak state, so Tianluo Emperor said this.

"Despicable, several great emperors were injured in battle with the evil **** clan, but they came to take advantage of this!"

Huang Li couldn't help but scream, and made Tianluo Emperor's gaze turned to Huang Li, flashing a cold light.

Fearless, he glared at Tianluo Emperor.

Keng!

Uncle Kong didn't say much, and the sword was unsheathed directly, and Jian Xiao was nine days. At this moment, Uncle Kong showed a peerless edge, turning from a rudied old man into a peerless swordsman.

boom!

In the face of Kong Bo, even the injured Kong Bo, the Tianluo Emperor still dared not carelessly, and turned his power to the extreme. A great seal was suspended above his head, and he cautiously confronted Kong Bo.

"By the two of you, I'm afraid I can't save Lu Ming!"

At this time, an indifferent voice sounded, and a figure was suspended above many masters of the He family.

Many people shivered!

Hejia Great Emperor!

Emperor He's family really appeared.

The strongest of the three great emperors, three emperors.

Lu Ming today is really over.

There is one unknown emperor, and there is one unknown emperor. On Lu Ming's side, there are two emperors, but there are absolutely three emperors who can't stop each other. What's more, there are so many powerful men in the three forces.

On Lu Ming's side, if there is no more help from the emperor, Lu Ming is dead.

Many people sigh!

boom!

The phaseless emperor broke out with a strong breath, but the Hengjia emperor also broke out, locking the phaseless emperor so that the phaseless emperor could not help Lu Ming.

"The great emperor, you still need a few people to work together to deal with a younger generation, you are really embarrassed!"

Emperor Wuxiang said.

"Lu Ming has to pay the price, and there is a price to pay. Also, today we come, and Lu Ming is the second. There is one more thing to tell you that there is no phase!"

"From now on, Heavenly Emperor City, owned by He Family, Heng Family, Yuanshan Shengyuan, too. No phase, you should leave Heavenly Emperor City!"

Emperor He Jia spoke coldly.

what?

Many people heard anger, especially Lu Ming, who were the Yuanshan Holy Courtyard people, were even more angry.

Heng family, He family, this is to take Yuanshan Shengyuan as their own, it can't be described as mean.

"Hahaha, what a **** emperor, I think you are a few old dogs, shameless old dogs!"

Lu Ming clenched his fists and laughed.

With this remark, the eyes of Emperor He, Emperor Heng and Emperor Tianluo narrowed slightly, sweeping over Lu Ming and filled with sharp edges.

The other three forces are furious.

"Lu Ming, what are you talking about?"

"Dare to insult the emperor, you are looking for death!"

The He family and the rest of the Heng family roared.

"Am I wrong? The three of you, the three emperors, in my opinion, are not as good as the evil gods!"

"The three emperors of Yuanshan Shengyuan, and several other emperors, in order to protect Yuanyuanshan Shengyuan, they gave up their lives and forgot their deaths, fought **** battles, and the two emperors of Tianhuo and Tiantian were unclear about their lives and deaths. The other emperors were injured because of this. Come in!"

"Not only are you greedy for life and death, but you will also seize the territories of the people who are fighting with the blood of the evil gods afterwards. What are you not a dog? No, I was wrong. The dog is still loyal, and describing you as a dog is really an insult to the dog!"

Lu Ming sneered again and again, only to feel a flame on his chest, burning in the flames.

The fire of anger appeared in many people's eyes, but the people of the He family, Heng family, and Da Luo Tianzong blushed and glared at Lu Ming.

"Huh, it's awe-inspiring, as if he has done a great job!"

"Lu Ming, evil **** clan invasion, what are you doing?"

In the He and Heng families, some young people couldn't help asking.

"I'm fighting blood with the evil spirits!"

Lu Ming shouted.

"Fighting with blood, it sounds nice, but it's just a chance to kill a few miscellaneous soldiers. What's the use of the overall situation? Don't put yourself so high!"

There were young people in the He family who spoke ironically.

"Oh, what kind of ancestors there are, what kind of descendants!"

At this moment, the Emperor Wuxiang sneered, with a slight irony, and then suddenly raised his voice, saying: "Then I will tell you today, what did Lu Ming do in the battle with the evil **** clan?"

"The void channel opened by the Evil God Clan was sealed by Lu Ming!"

The voice of Emperor Wuxiang was loud, like a gust of wind, blowing in all directions, spreading throughout the city of Heavenly Emperor.

"What? The Void Channel was sealed by Lu Ming, how is it possible?"

"With Lu Ming's cultivation practice, how could it be done!"

Many people showed incredible expressions.

"Absolutely impossible. You clearly raised Lu Ming deliberately!"

"With Lu Ming's cultivation practice, how is it possible? Who would believe such a thing?"

The Heng family, the Heng family, and the Great Luo Tianzong suddenly shouted, refuting the unrelated emperor.

"Lu Ming used the law of chaos to revive an ancient chaotic stone plate. At the beginning of the battle to seal the void channel, several old guys assisted Lu Ming, and finally successfully sealed the void channel!"

"I swear in the name of the emperor, this matter is true, if there is no Lu Ming, the land of Yuanshan is still caught in the war, and they are now going to kill the meritorious officials, are you so indifferent?"

The voice of Emperor Wuxiang spread throughout the city.

He did not speak to the Heng family, He family, and Daluo Tianzong, but to others in the Tiandi city.

Many people's eyes changed.

Emperor Wuxiang, who speaks in the name of the emperor, will never be wrong.

Unexpectedly, so many things happened behind the scenes in the decisive battle that day.

Unexpectedly, the biggest hero was actually Lu Ming, but Lu Ming never took the matter out. No one knows if the three major forces are persecuting today, and the Emperor Wuxiang tells the truth.

Now, the three major forces want to kill the greatest heroes of the Evil God Race.

Uh! Uh! Uh!

Some people flickered and appeared behind Lu Ming, a powerful breath blooming.
