

D Emperor 201

Chapter 201: provocative

"Is this the little prince?"

At Huajie's side, a tall young man looked at Landing badly.

"It's this kid, I know him all ashes." Hua Jie gritted his teeth.

"Oh, little prince, how can I teach him how you want him to be, I will make him what he is!"

Chen Xiong stepped forward and watched Landing playfully.

"You can do it, interrupt his hands and feet first, the rest is up to you!"

Hua Jie said in a deep voice.

"Okay, then I played without even knowing him/her."

Chen Xiong sneered, a strong breath filled his body.

Four peaks of the Grand Martial Artist.

There was a sneer in the corner of Lu Ming's mouth, and the four-fold peak of the martial arts master was so arrogant.

"Chen Xiong, this is Jiangxing Hall, don't mess up!"

Pearl looked dignified and stepped forward.

"Oh, isn't this the beauty of the Pearl? Why, do you want to help him? But you think you can stop me and get away immediately, don't ask for trouble."

Chen Xiong scolded.

Pearl's face changed for a while, which was very ugly.

"What is arrogant? A big deal!"

Ming Feng shouted when he saw the pearl getting angry.

"A kid with no hair, ants-like things, and want to fight, I will abolish you now."

Chen Xiong sneered and forced to Mingfeng.

Lu Ming smiled faintly and took a step forward. His eyes were calm and his body also had a strong breath.

Four breaths of the great martial arts master!

"It turns out that there are four masters of the master martial arts. No wonder they can defeat the six masters of the young master. It is no wonder that they are so arrogant, but you think that if you are the same as the master four masters, you can fight me? I will let you know, How naive you are."

Chen Xiong's eyes moved, and then he scornfully said.

"Then you give it a try!" Lu Ming said lightly.

boom!

The two fought against each other, and there was a gust of wind.

"What are you doing? You are not allowed to use force at the door of the star palace, let me go!"

Suddenly, the old man in charge of registration made a roar at the door of the Star Palace.

An extremely powerful breath burst out and enveloped the audience.

Lu Ming's eyes changed, and this old man was definitely a strong man in Wuzong's realm.

"Elder, this person has a grudge against me. I abolish him and leave immediately!"

Hua Jie clenched his fists to the old man.

"Little Master, although you have a distinguished status, here is the General Hall of Stars. The General Hall of Stars has the rules of General Hall of Stars. Except for His Majesty the Emperor, whoever is here can't break the rules of General Hall of Stars. You can't be an exception!"

The old man clenched his fist slightly, but there was no hint of giving in.

"you...!"

Hua Jie's face was ugly, but he was helpless.

The elders of the Star Palace belong directly to His Majesty the Emperor. Even if his father, the King of the Town, comes, the elders of the Star Palace may not give face.

"Huh, boy, you're lucky, but your luck is only three days at most. After three days, see how you die!"

Hua Jie looked coldly at the landing.

"let's go!"

Subsequently, Hua Jie waved and strode towards the inside of the Star Palace.

Chen Xiong glanced at Lu Ming coldly, sneered and followed Hua Jie.

"Okay! Continue!"

The old man waved his hand.

The number of people was not much, and it was Mingfeng's turn soon. After Mingfeng, it was Lu Ming.

"Gather your blood and let me see!"

The old man gave Lu Ming a light glance.

"it is good!"

Lu Ming nodded, and then the blood flashed on his body, and the blood vessels of the biting spirit condensed out. At the same time, the six blood chakras sparkled.

"Level 6 Bloodline!"

The old man's eyes suddenly burst into intense light, like two rounds of the sun.

On the side, Mingzhu, Mingfeng, and other people also looked at Landing with shock.

The sixth bloodline is actually the sixth bloodline.

You should know that among the five major sects, the sixth-level bloodlines are those who belong to the top genius and the newcomer king level.

At most one or two a year, not even.

The old man's eyes flashed a few times, and he suddenly asked, "Which one of the five sects is your disciple?"

Lu Ming was stunned and smiled bitterly. It seemed that the blood level was too high, causing the old man's suspicion.

But the appearance of the chakra of the bloodline is not under his control. Otherwise, it is enough to show three chakras, not too eye-catching.

"The juniors do not belong to any of the five major sects, they are just a loose repair."

Lu Ming clenched his fists.

He didn't lie, he is indeed a loose repair now.

"Oh?"

The old man's eyes flashed, obviously he didn't believe it.

"What's your name?" Then the old man asked.

"Tianyun!" Lu Ming answered.

Then, the old man took out a jade card and engraved several inscriptions on it.

He handed the jade card to Lu Ming and said, "Three days later, at the Wu School, there will be a test!"

"it is good!"

Lu Ming took the jade card and nodded.

"Brother Tianyun, where is your dormitory?"

After Lu Ming registered, Ming Feng came up and asked.

Lu Ming picked up the jade card, entered the true energy, and some information appeared suddenly.

"Outer Hall, No. 11232!"

Lu Ming said.

"Haha, then we are together, my outer hall is 11231, and my sister is not far from us, at 11186"

Mingfeng was overjoyed.

Lu Ming nodded, but his heart moved.

The warrior is definitely one room per person, more than ten thousand. It seems that there are really many people in the star palace, at least more than ten thousand people.

However, it is normal to think about it, recruiting a group of people every month, even if it is not a lot each time, but it has accumulated over the years and there are not many people.

"Lu Ming, three days later, you have to be careful!"

At this point, Mingzhu warned, his face dignified.

Lu Ming's expression moved, and the old man said to everyone who joined him three days later, he went to the Wu School and had a test.

Moreover, just now Hua Jie also said that Lu Ming was lucky, only three days later, three days later, see how he died!

He was curious about this.

"What happened after the test three days later?" Lu Ming asked.

Mingzhu pondered for a while, and said: "Brother Tian, you know, recruiting the Star Palace does not ask about the origin, regardless of the origin, and everyone will accept it. It must be a mixed fish and dragon."

"Of course, the Star Palace will not do nothing at all, so students who have just joined the Star Palace will have a test three days later."

"The test is actually very simple, that is, the old students take the action and learn from the new students. In fact, they want to learn the details of the new students from the battle. If they are the disciples of the five major schools, they will definitely not get anything in the future. Cultivated."

Pearl explained in detail.

It turns out so!

Lu Ming nodded.

Well, after three days, Hua Jie and they wanted to do something in the test.

"So, Brother Tian, you must be careful after three days. It stands to reason that the old students who took the test were selected by the elders of the Star Temple, but with Huajie's energy, it is not difficult to move a little."

Pearl continued.

"They want to come, then let them come!"

Lu Ming smiled slightly and didn't care.

"Brother Tian, don't be careless, this man Chen Xiong is a top genius. Although Xiu Wei is the culmination of the four-fold master of the great martial arts master, he once had a record of beating a five-master master of the great martial arts master. The warriors are comparable."

Pearl continued.

"Genius? That's not more interesting!"

Lu Ming still smiled faintly.

Seeing this, Mingzhu didn't say much, leading Lu Mingming and Mingfeng to the dormitory.

Chapter 202: Three palms

The Star Palace is really big, inside, like a small world.

Mountains, rivers, and historic sites are countless.

Especially the palaces and pavilions are densely packed and overlapped.

The dormitory of the Star Palace is a heavy pavilion.

They are all seven-storey pavilions with rooms.

On the third floor of Lu Ming's room, an iron sign hung on the door of the room with the words 11232 written on it.

And Mingfeng's room is next to him.

Take out the identity jade card and take a photo against the iron card. The iron card circulates, and the door opens automatically.

Lu Ming went in.

The room is very spacious and elegantly furnished. Even on the side of the room, this bookcase is placed. The bookcase is full of new books.

"This treatment of the Star Palace is better than that of the Xuanyuan Sword School. Although the royal family has fallen, it is orthodox after all, and the heritage is still there."

Lu Ming thought.

Soon, knocking on the door came from outside and opened it to see Mingzhu and Mingfeng's younger brother.

"Brother Tian, you just joined the Palace of Stars, I will take you around!"

Pearl smiled Yan Yanran.

Lu Ming little bit, he just wanted to get acquainted.

At the moment, Lu Ming and Mingzhu Mingfeng strolled around the Star Palace.

Talk while walking.

During this period, Lu Ming knew that Mingzhu and Mingfeng were the sons and daughters of a general in the scorching empire. Their father guarded the frontier and fought all year round. As children, they naturally joined the general star palace and could become the guardian in the future.

The three of them walked and talked, and the relationship slowly got closer.

A few hours later, Lu Ming returned to the room and entered the Supreme Temple.

When the hand moved, a cheat book appeared in the hand.

"Three Dao Palms", one of the two prefecture-level martial arts that Lu Ming obtained in the remains of the Dongyi people.

Before, he didn't have so much energy to practice, but now, Lingkong Bu has already practiced to the highest level, and finally he can start to practice three palms.

Lu Ming opened the cheats of Sandaozhang and watched them carefully.

For a long time, Lu Ming closed the cheats, and his face was amazed.

Three palms are completely offensive martial arts, the power is beyond his imagination.

Three palms, in fact, there are only three palms.

The first palm is the human palm.

The second palm is the beast palm.

The third palm is the palm of heaven.

Introduced in it, in fact, the power of the first palm, the humane palm, is completely equivalent to the power of other prefecture-level martial arts.

The power of the second palm has completely exceeded the power of the inferior martial arts at the ground level, and is infinitely close to the martial arts at the ground level.

The third palm, the heavenly palm, is said to have reached the highest level of cultivation, and its power is infinitely close to the level of martial arts.

Infinitely close to heaven-level martial arts, seeing this, Lu Ming's heart was fierce.

Heaven-level martial arts, what is that concept, I do not know how much stronger than the ground-level martial arts, terrifying, but the king is qualified to practice martial arts.

The three palms are qualitatively classified as prefecture-level inferior martial arts. According to the introduction, it is because of the third palm. Very few people in history have been able to practice successfully.

There are no equals, so the three palms are qualitatively classified as ground-level inferior martial arts.

Only by practicing the first palm to the third level can you cultivate the second palm.

But if you want to cultivate into the third palm, you don't know what conditions are needed, it depends entirely on chance.

Lu Ming took a closer look, and after reading it, took out the three cheats and took a closer look.

The difficulty of practicing with three palms is even harder than that of Gu Dun.

In three days' time, it was just a flash.

In three days, there was no progress in Sandaozhang.

At this time, the time for new students to test is now.

Earlier, Mingzhu and Mingfeng found Lu Ming and walked to the Wu School with Lu Ming.

The martial arts school grounds are very wide, and it is said that the emperor's military parade is not far from the end.

On the side of the martial arts school, there are more than a dozen battle platforms.

At this time, hundreds of people have been surrounded by one of the battle platforms.

More than 100 of them are new students this time.

The others are all old students, some are coming to see the excitement, some are participating in the test.

As soon as Lu Ming came, he saw several cold eyes staring at him.

It was Hua Jie, Chen Xiong and others.

On Huajie's side, followed by a dozen young people, they really came.

Lu Ming smiled faintly, too lazy to care about them.

"This kid is so calm now, wait a minute and see how he dies!"

"Yes, dare to offend the little prince. It would be his luck to live to this day, but it is over."

At the edge of Hua Jie, other youths sneered.

There was a cold murder in the corner of Hua Jie's mouth, and he said, "Chen Xiong, wait a minute, you only need to take a ruthless hand and blame the Star Palace. I will take it."

"Master Ye, rest assured, I know what to do!"

Chen Xiong sneered.

After a while, the number of people gradually increased, and finally about 500 people came.

At this time, a middle-aged elder boarded the battle platform.

"This test is very simple. I will send the old students to play against the new students. The new students should not have any scruples and show your strength. If you can insist on a hundred strokes in the hands of the old students, the Star Temple will give you a generous If you can defeat the old students, you can cultivate the seven holy sites in the Star Temple. In addition to the Diyuan Cave, the other six holy sites can be practiced for free for one year."

The middle-aged elder announced.

As soon as this remark came out, many new students began to shine.

"Seven Great Cultivation Holy Lands?"

Lu Ming was a little puzzled. Obviously, he had not heard of it.

"Brother Tian, the Seven Great Cultivation Holy Lands, is unique to the Star Temple. It is very wonderful. After the test, I will tell you in detail."

The pearl whispered.

"Okay, now, Wuyuan is the first to come up."

The middle-aged elder announced.

The voice fell, and a thin young man stepped onto the battle platform.

"Du Can, you go up and try him."

The middle-aged elder commanded an old student.

"Yes!"

An old student wearing a red robe appeared.

Without further ado, the battle began.

The new student Wu Yuan launched a crazy attack, and the sword in his hand was turned into a hob, and he attacked Du Can.

And Du Can's face was always smiling, calmly, and did not fight back, but blindly dodge.

Lu Ming's eyes flickered, and he could see that Du Can's Xiu Wei was definitely a martial arts master or above, while Wu Yuan was only a six-fold martial arts master, and the difference was too great.

If Du Can really shot, half a stroke would kill Wu Yuan.

However, Du Can did not shoot.

Lu Ming suddenly jumped in his heart and looked up to the sky on the right.

In the sky, above a cloud, a few elders gazed at the battle platform.

"Sure enough, there are strong men observing in secret. It seems that this star palace is not simple. It will not really be like the rumors outside. The star palace is used by the royal family to cultivate their own strength in an attempt to fight against the ten swords, but It's so obvious that the Ten Faction Swords can't do it without knowing it?"

Lu Ming thought, full of doubts.

At this time, several old men on the clouds are carefully observing the battle platform competition.

"The sword is full of light. This is the 30th sword of Gufeng. This Wuyuan should be a person from Gufeng City. There is no problem."

An old man said.

"Unfortunately, cultivation is too weak, and talent is average."

Another old man sighed.

"There is no way, the talent is high, most of them are recruited by the five major schools, let's take a look."

Another sigh sounded.

Chapter 203: This is also a show off?

Soon, the battle on the battle platform passed fifty or sixty moves.

"It's over!"

Du Can took a light shot and punched out, and Wu Yuan was directly bombed off the battle platform.

"Continue, the second game, Ju Wei."

The middle-aged elders announced again.

A field test is constantly being carried out.

However, the strength of the new students varies greatly, and some, even in the Warrior Realm, simply cannot pass a hundred strokes in the hands of the old students.

Of course, there are exceptions. One person who achieved the triple martial arts master directly defeated an old student, which attracted attention.

Soon, it was Mingfeng's turn.

However, Ming Feng's cultivation practice was only the sixth grade of the martial artist. For his age, it is already very good, but it can not be an opponent of the old students.

The other party deliberately released more than fifty strokes, and then defeated Mingfeng.

"Next, Tianyun."

The middle-aged elder announced.

Lu Ming looked, and stepped onto the battle platform.

"Chen Xiong, you come to test!"

Cried the middle-aged elder.

"Chen Xiong, sure enough!"

Lu Ming's eyes flicked, showing a sneer.

"It's really Chen Xiong, it's impossible to be so clever, he must have done something, or this elder was bought through."

Pearl whispered.

"This is too abominable, right? Let's just ask Brother Tianyun to give up the test!"

Mingfeng Road.

"No, if you give up the test, you can't stay in Jiangxing Hall."

Pearl Road.

"What should I do? Sister, that Chen Xiong, is it really so powerful? What did Brother Tian Yun say, it is also the fourfold cultivation practice of the Great Martial Master."

Ming Feng said anxiously.

Mingzhu sighed: "Chen Xiong is of course powerful. The ordinary master warrior's five heavyweights are all beheaded by him with a sword. It is said that there are no more than three master warrior five heavyweight masters who died in his hands."

"So powerful, what should I do?"

Mingfeng was even more anxious.

"No way, I can only watch Tianyun's own creation."

Pearl sighed.

"Hahaha!"

On the other side, Chen Xiong laughed, stepped onto the battle platform, and stood in front of Lu Ming.

Under the battle platform, Hua Jie sneered: "Boy, you are called Tianyun, have you lived three days longer, now admit your fate!"

"Huajie, if I don't fight for a few days, does the bone itch again? Or, you want to pee your pants again."

Lu Ming glanced at Hua Jie and said loudly.

The voice spread far away.

Hua Jie almost spit out blood.

Lu Ming is really abhorrent. This is a pot that can't be opened. The mission pokes Huajie's pain.

Hua Jie's face was flushed, the mission stared and screamed, and shouted: "Little miscellaneous, you just call it, this is your last chance, let you have a mouthful of addiction, after all, you are about to die ."

"Ha ha!"

Lu Ming reported with a sneer, too lazy to be a mad dog in Li Huajie.

"Keng!"

At this time, Chen Xiong's long sword came out of the sheath, and a bright, blood-red sword gas rose into the sky.

"Tianyun, I once used this sword to kill a master with five heavyweights. You can die under my sword, it is your honor."

Chen Xiong shouted loudly, his face full of pride.

"One sword beheaded a great martial arts master and five heavy martial arts soldiers. At this point, you are so proud to show it off and hang it in your mouth. Are you not ashamed?"

Lu Ming pouted, said lightly.

As soon as this remark came out, the crowd around staggered and almost fell.

Look at the landing sounds silently.

Break the record? In the eyes of Lu Ming, it is a shame to defeat the master of the four-tier martial arts master, and kill a master of the five-tier martial arts master with one sword.

This is a cross-level battle, and it is in the realm of a great martial artist.

It is definitely a top-notch genius who can slash opponents across the ranks of the Grand Martial Artist.

Bragging must be bragging.

Almost everyone thought Lu Ming was bragging, even Mingzhu and Mingfeng looked at each other.

"Blow it, blow it, the dying, just let you blow it."

Hua Jie laughed even more.

But Chen Xiong's face was extremely ugly. His record he had always been proud of was actually so bad in Lu Ming's eyes. Whether it was bragging or not, in his view, this was an insult to him.

"Tianyun, wait a minute, I hope you can say it."

Chen Xiong's voice was extremely cold. With a long sword pointing, the violent sword gas rushed to Lu Ming.

"kill!"

Chen Xiong shouted, killing intent.

The sword of man is united into a **** sword light, slashing towards Lu Ming.

The sword gas roared, as if it could cut the space in half, and the power was extremely amazing.

Where is this test, what is the discussion? This is Chi Guoguo's decision to put Lu Ming to death.

"not good!"

Mingzhu Mingfeng's younger brother's face changed greatly.

And Hua Jie, sneer again and again, said: "Boy, so dead, it is really cheap for you."

On the battle platform, Lu Ming looked calm, looking at the sword light from the killing, the killing in his eyes flashed away.

He did not take out the weapon, but waved his hand, the red light in his hand shone, and a red spear condensed out.

"Chasing power!"

call out!

The red spear flashed.

Quick, too fast, incredible, even most people don't see it at all.

Only a few old men in the clouds changed their faces.

bump!

On the battle platform, the two rays collided together.

However, the sword light cut by Chen Xiong was like a layer of foam, which shattered at the touch, and then the guns continued to flash away.

The gun disappeared, and the two figures stood opposite each other on the battle platform.

"Who won?"

All eyes widened.

puff!

Suddenly, a stream of blood spouted/shot out of Chen Xiong's throat.

Chen Xiong screamed, covering his throat with both hands, his eyes glared like a dead fish, and he stared at him in an incredible way.

"I said, your record is so shameful to say."

Lu Ming said lightly.

"you..."

Chen Xiong's eyes showed fear and unwillingness, and then fell down, no breath.

All around, the students in the Star Temple looked at them stunned.

One move, actually killed the top genius, Chen Xiong.

Moreover, Lu Ming didn't even use his weapons, but just condensed a spear with his true energy. He shot Chen Xiong at will.

What is this strength? Is it too strong?

In front of him, Chen Xiong didn't have the slightest ability to fight back.

"Genius, peerless genius!"

Many people shouted.

"Good, this young man, it's not easy!"

In the clouds, an old man said.

"Will it be the genius of the Five Sects?"

"It's hard to say, I really hope he is not a disciple of the five great schools."

"Check, check the end, if it is not the people of the five major schools, we must pull it all in."

Several old men stared at the landing clanking.

Under the battle platform, Hua Jie stared at this scene dumbfounded, only half-sounding, and then reacted with an angry roar: "Tianyun, you actually killed Chen Xiong, you actually killed him, you have to pay your life!"

"Fate for life? Ridiculously, Chen Xiong was clamoring to kill me just now, but now he was killed by him. It was entirely his responsibility, and the elder just said he couldn't kill anyone."

Lu Ming glanced at Hua Jie and said disdainfully.

Chapter 204: Seven Cultivation Holy Lands

On the battle platform, the middle-aged elders looked dull, but did not say anything.

He was indeed bought by Hua Jie, but he knew that there were a few real big men staring at the clouds, and he did not dare to go too far.

Hua Jie stagnate, Lu Ming's words, he really can't refute.

"Well, Huajie, I will give you a chance, you guys, go together!"

Lu Ming said faintly.

what?

There was an uproar at the scene, and Lu Ming actually wanted the people brought by Hua Jie to come together?

This is too arrogant. You know, these people on Hua Jie's side are all geniuses, they are the children of many great figures in the imperial capital, and their fighting power is very powerful.

Some are even stronger than Chen Xiong. Even if Lu Ming is even stronger, is it the opponent of so many masters?

crazy! crazy!

"What? You have to challenge so many of us?"

Even Hua Jie was stunned, and then reacted, his face showing ecstasy, hurriedly shouted: "Well, this is what you said, don't regret it!"

At the same time, he laughed in his heart and laughed at Lu Ming himself.

On the battle platform, the middle-aged elder was a little stunned. During the test, he saw this scene for the first time. For a time, he didn't know whether to agree or disagree.

At this time, a voice came into his ears and asked him to agree.

It was an old man above the clouds, who also wanted to take this opportunity to observe Lu Ming.

"Okay, this battle can be fought!" The middle-aged elder announced.

"on!"

Hua Jie waved hurriedly, and a dozen of young men beside him rushed to the battle platform.

"Boy, do you think you can be crazy if you defeat Chen Xiong? Really naive!"

"Actually challenging so many of us at once, it's almost to death!"

"If you don't beat him hard, I won't be surnamed Wang!"

...

These young men stared at each other badly, sneering again and again.

Lu Ming actually challenged so many of them at once. Obviously, they looked down on them and insulted them. They wanted to make Lu Ming regret it.

"Let's talk nonsense, get rid of it quickly, if not, let me go!"

Lu Ming scolded.

"Damn it, find death!"

"Slain him!"

...

A dozen young people roared with rage and exuded a strong breath on their bodies.

boom! boom! boom...

The **** light shone, and the blood of a dozen young people erupted together. The terrifying attack, like the never-ending wave, rushed to Lu Ming.

The various brilliances instantly flooded Lu Ming.

Everyone was staring with wide eyes, Lu Ming was so arrogant, they wanted to see how Lu Ming was fighting a dozen young geniuses.

At this time, Lu Ming shot.

Very simple, as before, no weapons were used, the palm glowed, and a spear spun out.

Uh!

The spear swept out, very direct, very violent, and a full moon appeared on the battle platform.

bump! bump! ...

The roar sounded, and the attacks from more than a dozen young people broke up instantly.

what! what...

A dozen consecutive screams sounded, and dozens of figures flew out and fell heavily under the battle platform, coughing up blood.

It froze, and the air seemed to froze at this moment.

Everyone stared at this scene in a daze.

One trick, still only one trick, all the dozen young talents brought by Huajie were defeated.

Relaxed, it seems to be catching a dozen flies.

"It's a waste of time!"

At this moment, Lu Ming sneered.

Everyone is speechless, roaring in their hearts, what is a waste of time, are you too abnormal?

Hitting people can't hit like this!

Hua Jie's body trembled, his face pale, his lips trembling straight, and he pointed to the landing and said:
"You, you...!"

You can't say a word for a long time.

"Strong, too strong, Brother Tianyun is too strong!"

Ming Feng kept muttering, his face full of excitement.

Aside, the pearl also flashed beautifully and splendidly.

Lu Mingzhiqiang was completely beyond her expectations.

call! call!

Above the clouds, several old men exhaled for a long time, their eyes flickering uncertainly.

"How? Can you see what is coming?"

One of the old men asked

"I can't see it, it's just a trick, and it's more swept with absolute power, and there is very little information exposed!"

"Moreover, he used most of the private martial arts he got, without the traces of the five great gates."

Another old man said.

"This is difficult to deal with. Is such a peerless genius, in the end, the people of the Five Sects?"

"Attention, we must pay attention to it. If it is the people of the five major sects, it is nothing more than wanting to use the Holy Land to practice and not stay long."

"If not, you must draw in!"

Several old men quickly negotiated.

"Elder, is my test over?" Lu Ming asked the middle-aged elder.

"Knot... it's over!"

The middle-aged elder whispered.

Lu Ming nodded and jumped off the stage.

Hua Jie stared at Lu Ming with resentment, and left with a dozen young people who were staggering in walking, which was extremely embarrassing.

Coming high-profile, and returning gray-faced, Hua Jie, will again become a laughing stock.

Lu Ming smiled faintly, as long as the elders didn't show up, like Huajie, he didn't pay any attention to it.

Subsequently, the test continued, but no outstanding characters appeared.

Soon, all the tests ended, and the middle-aged elders marked each new student's identity jade card.

"Haha, you can finally go to the Seven Great Cultivation Holy Lands to practice."

Ming Feng laughed.

"Mingfeng, the Seven Great Cultivation Holy Lands, is it really that good?"

Lu Ming asked curiously.

"Okay, of course. Brother Tianyun, do you know why there will be disciples of the five great sect gates? Just want to enter the seven holy places of the Star Temple to practice!"

Ming Feng said brightly in his eyes.

"Brother Tian, the seven holy shrines of the Star Temple are the most important treasures of the royal family. It is said that the ten-party swords are very coveted, but the royal family is in the hands of death. It can be said that the seven holy cultivation sites are the royal family. Basically, it is impossible to give to others!"

Pearl also explained.

"Yes, Brother Tianyun, you defeated the old students this time. In addition to Diyuang Cave, you can choose any other place for free for one year. I envy you!"

Mingfeng shouted.

"I don't know the seven holy places for cultivation, what are the differences?"

Lu Ming asked.

"For me!"

Ming Feng immediately rushed and said: "The seven holy sites of cultivation are Diyuang Cave, Gengjin Valley, Kamikaze Valley, Wuxi Tower, Wanshen Secret Realm, Misty Swamp, and Thunder Hall."

"Among them, the most mysterious is the Diyuang Cave. Under the Diyuang Cave, there is a rich flame aura that can condense the true energy. Under the Diyuang Cave, whether it is to improve cultivation or to practice fire attribute martial arts, it will do more with less."

"Gengjin Valley, which contains a strong atmosphere of Gengjin, is the first choice for practicing metallic exercises and martial arts..."

"Kamikaze Valley, full of strong winds and hurricanes, is the first choice for wind attributes..."

...

Ming Feng explained the characteristics of the seven holy places one by one.

Chapter 205: Local cave

"It's so amazing!"

Lu Ming's eyes shone brightly, showing strong interest.

There aren't many Xuanyuan Sword Schools in such a strange place. Lu Ming knew a Huangqi Cave in Suzakuin.

The royal family that dominated the raging empire at that time really had a deep background.

"Brother Tianyun, which one do you plan to go first?"

Ming Feng asked.

Lu Ming thought for a moment and said, "Diyuan Cave!"

"Okay, I'm going too, let's go together!"

Mingfeng was overjoyed.

Lu Ming nodded.

"Then you two go to Diyuang Cave, I'm going to the Misty Swamp to practice a martial art, so I won't be with you anymore."

Pearl smiled.

"Sister, go quickly!"

Ming Feng urged.

"You kid, just come to the Star Palace, don't make trouble!"

Mingzhu glared at Mingfeng before leaving.

"Brother Tianyun, let's go to Diyuang Cave together!"

Ming Feng shouted, looking very excited.

Diyuandong, just find an old student to inquire about it, you know how to go.

The two crossed the heavy palace and came to a mountain peak.

Under the mountain peak, there is a huge stone wall. There is a stone door on the stone wall. There are two middle-aged men guarding it.

The two middle-aged men were just standing there for a while, and a breath like the ocean radiated from their bodies, unfathomable.

"A very strong cultivation base is definitely a strong Wuzong level!"

Lu Ming grimaced.

Everyone said that the royal family had fallen, but now it seems that the strength is still not to be underestimated.

The warriors of Wuzong Realm are placed in the Xuanyuan Sword School. They are all masters of the silver-robed elder level.

"Senior, let's practice in Diyuan Cave!"

Ming Feng walked to a big man and saluted respectfully.

"Identity jade card, take a look!"

The big man said blankly.

Lu Ming and Ming Feng took out the identity jade cards and handed them to the Han.

Dahan took a look and nodded, "You can go in and exchange the inscription stone first. Only inscription stone can you open the cultivation chamber in Diyuan Cave."

"Okay, thank you senior!" Ming Feng nodded and took out the Jingjing.

Lu Ming also took out the Spirit Crystal.

On the way, Ming Feng and Lu Ming have introduced the situation of Diyuan Cave in detail.

Diyuan Cave, from top to bottom, was cut out of the thirteen floors by the royal family.

On each floor, some cultivation chambers were cut out, which were filled with rich fire-type aura. Whether it is to improve cultivation behavior, condense true qi, or practice fire-type martial arts, it is of great use.

The further down, the stronger the aura, the better the effect.

But it is impossible for people to practice in vain. In every secret room, there is an inscription. Only the inscription stone of the royal family can open the secret room and enter it for cultivation.

Inscription stone, 30 pieces of spirit crystals.

Of course, the further down, the more inscription stones are needed.

"How many inscription stones do you want to exchange?"

The middle-aged man asked Ming Feng.

"One piece, one piece is enough!"

Mingfeng Road.

On the first floor of Diyu Cave, as long as a piece of inscription stone, you can open a cultivation chamber and enter into cultivation for a month.

Ming Feng took out thirty pieces of spirit crystals and handed them to the middle-aged man.

Then the middle-aged man gave Ming Feng a fiery red stone with inscriptions on it.

"How about you, you need to exchange a few inscription stones?"

Asked the middle-aged man.

"Redeem one hundred dollars first!"

Lu Ming said casually.

"Ah? What? One hundred dollars?"

The two middle-aged big men were taken aback.

Ming Feng also widened his eyes.

For a hundred inscription stones, you need 3,000 pieces of spirit crystals, which is equivalent to 30 million pieces of silver. Lu Ming was so young. How many pieces of spirit crystals are on his body?

Lu Ming smiled, his fingers glowing, and a jade box appeared, neatly stacked with rows of spirit crystals.

Lu Ming took out three thousand pieces of spirit crystals and gave them to the middle-aged man.

The middle-aged man took it and then took out a hundred pieces of inscription stone and handed it to Lu Ming.

"Go in, practice well!"

The two middle-aged men finally smiled.

The stone door opened, and Lu Ming and Ming Feng walked in.

As soon as I went in, I felt the rich fire attribute aura.

Walking about 100 meters forward, a huge underground cave appeared.

All around, the repairs were smooth and flat, and at a glance you knew that it was artificial.

Around the cave, there are practice chambers.

The doors of the Chamber of Secrets are closed, but some of them have a faint light shining on them, indicating that someone is practicing inside.

And there is no light on the door, it means no one is practicing inside.

In the middle, there is a hole.

When I walked in, the entrance of the cave went down, and a spiral stone ladder was built.

This is the first floor, and further down, the second floor.

"Brother Tianyun, you plan to go to the first floor to practice, I will practice here."

Ming Feng said faintly revealing the color of envy.

"Heaven and Earth Aura is not very strong, let's go down!"

Lu Ming said.

"Go down? But my inscription stone..."

"Isn't I here? I haven't thanked you for telling me so much. Let's go together, I invite you."

Lu Ming smiled.

"Please me, really? Then I'm welcome!"

Ming Feng was overjoyed, not at all polite.

The spirit of Mingfeng's youth is true temperament, and he has not turned around so much.

Take the lead and head towards the second floor.

The space on the second floor is no smaller than the first floor.

The layout is almost the same as the first floor, except that the heaven and earth aura is more intense, and Lu Ming can almost feel that the hot heaven and earth aura is constantly wrapping his body, as if to go inside.

"Diyuan Cave, really well-deserved reputation, this is still outside the Chamber of Secrets. If you practice in the Chamber of Secrets, it is estimated to be ten times faster than outside, and practicing the fire attribute martial arts definitely has a very big effect, even understanding the fire potential. , The effect is also very big, today, I am right."

"And here is the second floor, there is such a rich fire aura. It is said that there are 13 floors in the Diyuan Cave. I don't know what it will look like if you go straight down."

Lu Ming thought secretly.

"Brother Tianyun, on this floor, it takes three inscription stones to open a secret room to practice for one month!"

Mingfeng Road.

"Go on!"

Lu Ming smiled and went towards the third floor.

Ming Feng hurried to keep up.

The third layer, the heaven and earth aura is more intense.

At this level, Lu Ming looked, because he saw five or six young people sitting cross-legged on the open space in the middle.

Although the open space outside is still rich in heaven and earth, it can't be compared with the secret room.

What are these people doing sitting outside?

Ming Feng seemed to think of something, his face changed, and he whispered to Lu Ming: "I heard my sister said, Diyuandong, some people don't have spirit crystals to exchange inscription stones, they are here to specifically **** others' cultivation secret rooms, and wait for others to open a room In the secret room, they will seize it."

"Oh?"

Lu Ming nodded.

It seems that no matter where, interest disputes are indispensable.

Chapter 206: Seize the secret room

Then, his eyes glanced up.

There are about twenty secret rooms around.

Among them, there are more than a dozen of them, all of which are shining, obviously someone is practicing, and there are six, which are dim.

Lu Ming looked at it and went to a secret room.

The six young men sitting cross-legged in the middle saw Lu Ming walk towards a secret room, his eyes suddenly shining.

"This kid hasn't seen it before, it's probably a stunned boy."

"Is it just coming, haha, after waiting for several days, someone finally came to open the training chamber, I want to seize it in one move!"

The six young men thought to themselves.

"Brother Tianyun!"

Ming Feng was a little nervous and followed Lu Ming.

After all, those who dare to seize someone else's practice in the secret room are absolutely ruthless.

Lu Ming did not care, and took out nine inscription stones.

The third floor of the secret room requires nine inscription stones to open.

There are just a few pits on the stone door.

Lu Ming put the nine inscription stones into the pit, the stone door flashed suddenly, and then clicked, the stone door opened.

"Haha, this training chamber is mine."

"You dream, I came here at the earliest, I came seven days ago, this secret room is mine."

"It's yours who came early? Really thought of the beauty, practice the secret room, the strong man lives, you will leave me immediately!"

When the door of the secret room was opened, six young people got up and drank one after another, all trying to take the secret room as their own.

As for Lu Ming's thoughts, they were directly ignored by them.

One looks like the one who just came, who will take care of his ideas?

Keng! Keng!

The sound of the weapon's unsheathing sounded, and the six actually pulled out the weapon and confronted each other.

"You want to fight with me, really looking for death!"

boom!

At this time, the breath of one of the Machiko youths exploded violently. Seeing the breath, he actually reached the realm of the four layers of the Great Martial Artist.

The faces of the other five youths changed instantly.

"Liu Mazi, did you actually break through to the four-tier military master? What happened?"

A young man shouted in shock.

"Hahaha, can't think of it? I've broken through, see how you compete with me, and now leave me immediately, I need this secret room, consolidate and repair!"

Liu Mazi drank coldly, and the powerful momentum surged in the cave.

The other five people looked ugly, but they dared not refute.

Most of them are second-level and third-level training, and they are not opponents of the fourth level.

"Damn, I waited for seven days, and finally I waited for a stunned head, it seems that white waited."

A tall young man was extremely dissatisfied with low drinks, but retreated backward and stood aside.

Several other people were silent for a while and then backed away.

"Hahaha!"

Liu Mazi laughed, majestic and proud.

Immediately, he turned to look at Lu Ming and said, "Boy, your secret room, I want it. Also, you still have the inscription stone and the like in your hand, hand it over to me, and then get out immediately, uncle today's mood Well, it's not difficult for you."

"Four-tier military master?"

When Liu Mazi exposed Xiu Wei, Ming Feng was not nervous anymore, muttering in his mouth, looking at Liu Mazi strangely.

Lu Ming is a trick to easily solve the triple and quadruple geniuses of a group of great martial arts masters. What is it?

Ming Feng has begun to mourn for Liu Mazi.

"so poor!"

Looking at Liu Mazi's puffy expression, Ming Feng muttered in his heart.

"Are you sure you want to do this? Think it over?"

Lu Ming looked at Liu Mazi and said with a smile.

"Nonsense, what else needs to be considered, stop nonsense and delay Lao Tzu's time!"

Liu Mazi shouted.

"In this case, okay, you handed over the storage ring on your body and rolled it?"

Lu Ming said faintly.

"Ah? What? What are you talking about?"

Liu Mazi froze, thinking he had heard it wrong.

"Hurry, I don't want to repeat the second time." Lu Ming said.

"Hahaha, boy, I still want my storage ring, I think you are crazy, let me cure you!"

Liu Mazi laughed, stepped out, and wanted Lu Ming to go away.

bump!

Immediately after, the others heard a roar, and then saw a figure fly out backward, fell heavily on the ground, and screamed again and again.

It's Liu Mazi.

The other five youths were stunned.

Liu Mazi lost, the key is to lose too fast, they did not see how Liu Mazi lost.

Uh!

Lu Ming moved like a ghost, appeared in front of Liu Mazi, stepped on Liu Mazi's face, and stepped on the ground.

Liu Mazi screamed.

The other five youths only felt spine cold and had a toothache.

"Master, it turns out that this is a master, but fortunately I didn't do it!"

"It's all Liu Mazi. If it's not for him, it's me who is miserable. I also want to thank Liu Mazi."

The other five youths were secretly rejoicing and squeezed a sweat in their palms.

"Now, hand over the storage ring!"

Lu Ming looked down at Liu Mazi and said lightly.

"Pay, I will!"

Liu Mazi screamed, and tremblingly handed the storage ring to Lu Ming.

He almost wanted to die. He thought he had found a bargain, but he lost his wife and lost his soldiers.

"I will never come to seize the secret room again, it's a pit!"

Liu Mazi shouted.

Lu Ming took the storage ring and moved his foot away, saying, "Go!"

"Yes Yes!"

Liu Mazi rolled and crawled, struggling to get up, like going up.

Click!

Just then, the door of a secret room opened.

Uh!

The figure flashed, and a figure flashed out of it.

This is a man in his twenties, dressed in a black robe, with a grim look. As soon as he came out, he looked around.

"Bailong, it's Bailong!"

Several other youths, after looking at the young man in black robe, his face changed greatly.

"Whose of you has an inscription stone, hurry up and hand it over. My secret room time is up. I need to continue practicing and break through a martial art!"

Bai Long shouted, his eyes like electricity, and his strong breath made no secret.

The five-layer military master, this young man actually has the five-layer training of the military martial artist.

Suddenly, Bai Long's eyes fell on the secret room behind Lu Ming.

"Haha, just opened the secret room, just for me."

After all, he strode towards the Chamber of Secrets.

Lu Ming moved slightly and blocked in front of Bai Long, said: "This secret room is mine."

Bai Long froze for a moment, and looked at Lu Ming. A cold smile appeared on the corner of his mouth, saying: "Your? Then let me give it now!"

Although it says 'let', the strong tone and dominance are directly the tone of the command.

"I'm sorry, I don't 'make'."

Lu Ming said lightly.

"Don't let me, kid, it seems that you don't know who I am? I will say it again. Now I want to practice martial arts in the secret room. If you are delayed, and my martial arts have not been broken, this responsibility, can you take it?"

Bai Long said coldly.

"Need the Chamber of Secrets, open it by yourself, don't whisper here, you need to practice martial arts, close my farts, hurry up and leave me, I still have to practice!"

Lu Ming waved his hand like a fly.

Chapter 207: One move is invalid

Bai Long's face dimmed instantly.

"Haha, although this kid has some strength, he is really stunned. He dared to talk to Bai Long, and he's done."

Liu Mazi was about to leave, but stopped at this time, seeing Lu Ming talking to Bai Long in this way, he laughed in his heart, and was pleased.

Just now Lu Ming told him that he didn't resent Lu Ming, it was fake, but his strength was not as good as Lu Ming, and he could only swallow his voice.

Now that Lu Ming actually got into Bai Long, he is of course overjoyed, hoping that Bai Long can give Lu Ming a hard lesson.

The others were almost the same, all looked at them with pleasure.

"Boy, what are you talking about?"

Bai Long asked coldly.

"Are you deaf? I told you to go!"

Lu Ming repeated the sentence.

"Hahaha!"

Bai Long smiled angrily, and a cold murder broke out on his body. He watched Landing savagely and said: "Boy, in this outer hall, no one has dared to talk to me like this for a long time. You are the first one, it seems that I If you don't do it for a long time, some ants will turn upside down. Today, I will give you an unforgettable lesson."

After a few words, he stepped out, and his figure appeared in front of Lu Ming instantly.

boom!

Bai Long burst out with a punch, and a horrible roar suddenly sounded.

This punch is astonishing. The punch is so strong that even a mountain must be broken.

Bai Long's mouth was filled with a grim smile, and he wanted to punch Lu Ming's bones all over his body.

The warrior's world, no matter where it is, speaks of strength. It is normal to draw a sword and kill a person without saying a word.

"I didn't want to do it today, but there was a group of people who wanted to die!"

Lu Ming whispered, waving his palm to Bai Long.

The moment a hand was swung out, a spear spun out.

Chant!

The gun-point hole pierced everything, and the horror punch from Bai Long was pierced like tofu.

what!

Bai Long screamed and retreated quickly.

Liu Mazi and others were frightened and hurriedly looked at Bailong. At first glance, they took a breath.

I saw a hole in Bailong's fist, white bones, and blood flow.

The hole looked straight through his arm, as if it had been blown apart, very scary.

Bai Long was trembling all over, his face was pale, his face was cold and sweaty, and there was a deep roar in his mouth.

"For your skill, I also have an expression of ** blasting sky. It's really speechless. Now, hurry up and leave me!"

Lu Ming drank coldly.

"Boy, you are ruthless, but today's things are not over, you wait for me!"

Bai Long roared, and then escaped in awkwardness.

"You still stay here? Do you want to be like Bai Long?"

Lu Ming looked at Liu Mazi and others with a smile.

Liu Mazi and other people's faces changed greatly, almost scared.

Lu Ming was too strong. One move abolished Bai Long's hand. Where did this kind of ruthless person provoke them?

"Go! I will go now!"

Liu Mazi yelled, and quickly walked towards the stone ladder. Several other people followed him, waiting for the second floor, but Liu Mazi stopped.

"Liu Mazi, what? The lesson is not bad enough, and you want to stay and look for abuse?"

One of the youth sneered, gloating.

"To shut up!"

Liu Mazi drank coldly, and his face was very gloomy. He said: "Although the boy is strong, but he has no brains, even Bailong dares to hurt. Bailong is injured. He will definitely go back and ask his elder brother Bai Chi. It's dead, of course I'm going to stay and watch the fun!"

As soon as this statement came out, the faces of several other youths also changed.

"Yes, Bai Chi is one of the top ten masters in the outer hall. When he came, the boy was over."

"I have to stay and watch the fun too!"

Several young people spoke one after another, and then sat cross-legged on the second floor, waiting for Bai Chi to arrive.

the third floor.

"Brother Tianyun, you are so powerful, when can I be as powerful as you, no, as long as you are half as powerful!"

Mingfeng worshipped to watch Landing Ming.

Now, Lu Ming is already his idol.

"As long as you work hard, you can catch up with me soon!"

Lu Ming smiled, then walked into the secret room, felt it for a moment, then shook his head.

Although the fire aura in the back room is rich, it can't meet Lu Ming's requirements.

He needs to continue down.

"Ming Feng, this secret room, let you practice!"

Lu Ming said.

"Give me? Brother Tianyun, what about you?"

Ming Feng asked.

"I'm going to continue, this is not very effective for me!"

Lu Ming said.

"Well, then I'm welcome!"

Ming Feng's excited eyes lit up and entered the secret room.

"Brother Tianyun, then I'm closed to practice!"

Ming Feng shouted, and when Lu Ming nodded, he pressed inside, and the stone door of the secret room closed.

Lu Ming continued to go down.

Soon, came to the fourth floor.

On the fourth floor, opening a secret room requires 27 inscription stones.

In the middle of the fourth floor, two people sat cross-legged.

When Lu Ming came, they looked at Lu Ming disgustingly.

Obviously, it is also the person who wants to seize the practice chamber.

Lu Ming smiled faintly, not paying any attention to it.

Lu Ming pondered for a moment, shook his head, and then continued to go down to the fifth floor.

The two young men's faces changed, watching Landing go down the fifth floor, his eyes flickering, but they didn't follow.

There are no weak people who can go to the fifth floor to practice, and many of them are students in the inner palace of the general star palace, and strong men with seven or more major warriors.

Lu Ming went down the stairs. As he approached the fifth floor, there was a force of inscriptions on him, preventing him from continuing to go down.

Lu Ming's body shook, and this force was defeated.

"It doesn't seem to be necessary to practice. I can't think of practicing here!"

Lu Ming smiled slightly.

When stepping on the fifth floor, Lu Ming felt a burst of hot, violent fire aura around him, making Lu Ming's skin a little itchy.

"No wonder to set inscriptions, the fire attribute aura here is too hot and violent, ordinary people will be killed by this aura, and the weaker warriors will practice here for a long time, and their veins will be burned."

"However, this aura is just for me!"

Lu Ming thought secretly.

Around the fifth floor, there are more than a dozen secret rooms, and about half of them have people practicing.

In the open space, there is no figure.

Here, no one seizes the practice chamber.

Lu Ming walked to a secret room and took out 81 inscription stones.

That's right, on the fifth floor, opening a secret room and cultivating for a month requires eighty-one inscription stones.

The inscription stone is inlaid on the stone door, and the stone door is made

When the light turned on, Lu Ming walked in.

After walking in, shut the stone door.

When the stone door was closed, an inscription circulated on the walls of the secret room. The inscriptions glowed, and the fire spirit in the secret room became stronger and stronger.

The large array of inscriptions in the Chamber of Secrets helps to absorb the aura that gathers between heaven and earth.

"The aura of fire attribute here seems to come from deep underground."

Lu Ming felt it carefully.

Chapter 208: Top ten masters

Diyuan Cave, a total of thirteen floors, the further down, the stronger the aura of fire.

It is said that when you go down, it is not only the fire aura, but also something deeper.

The thirteenth floor was not natural, but it was still excavated by the scorching royal family in the past.

But exhausting his mind, he could only dig out thirteen layers, and he couldn't do it if he wanted to continue down.

Because no one can go down, it is said that the last two floors were made by a peerless king of the ancient royal empire, and no one else could do it.

These were all heard by Lu Ming from Ming Feng.

At the thirteenth floor, what is there, countless people in the raging empire are thinking about this question, but no one knows the answer.

Lu Ming shook his head, not thinking too much, sitting cross-legged, running the dragon dragon trick, and began to practice.

Around him, the rolling fire aura was absorbed into Lu Ming's body.

The scorching fire aura is constantly transformed into true qi. The hot breath can also quench the true qi and make the true qi more condensed.

Lu Ming found that the speed of cultivation here is more than 20 times that of outside.

One day of practice here is worth more than twenty days outside. Although the cost is terrible, 80 inscription stones, but it is more than 2,400 spirit crystals, but this effect is also worthwhile.

Especially those who need to break through the bottleneck, come here, there is a greater chance to break through the bottleneck.

Lu Ming's bloodline is now at level 6, but the rate of swallowing and absorbing the heaven and earth aura is not worse than that of level nine, and the speed is as fast as a terrible point.

Biting the blood veins, Lu Ming's body is like a vortex, constantly swallowing the heaven and earth spirits around him.

Huh...

When the true qi runs, the true qi in Lu Ming's meridian turns into a little dragon like substance, swimming in the meridian.

The cyclones in Dantian are constantly rotating like a nebula.

In this way, Lu Ming was immersed in cultivation.

After a few hours, the second floor of Diyu Cave.

"coming!"

Suddenly, Liu Mazi's eyes lit up and he sipped.

Several others looked at the entrance.

Two figures came in.

One of them is Bai Long.

At this time, Bai Long wrapped a bandage in one hand and wrapped it in a thick circle.

Beside Bai Long, followed by a young man with a cold face and similar appearance to Bai Long.

"Bai Chi, Bai Chi is really here."

Liu Mazi and others looked at this young man with deep awe in his eyes.

Bai Chi, one of the top ten masters in the outer hall, was trained to reach the peak of the sixth martial arts master.

However, his combat strength is extremely terrifying, and it is easy to kill the seventh martial arts master. Many students in the inner hall are not his opponents.

It is a genius.

It's simply not comparable to those of them.

Bai Chi glanced at Liu Mazi and others lightly, and went to the third floor.

"Go, take a look!"

As soon as Liu Mazi gritted his teeth, he followed behind, and went down to the third floor, as did the others.

Bai Chi and others came to the third floor and saw that the third floor was empty.

"Say, what about that little miscellaneous person?"

Bai Long's eyes were extremely cold, staring at Liu Mazi and others.

"I... we don't know, we were also driven away by the kid before."

Liu Mazi's face changed greatly.

"It seems that I have entered the Chamber of Secrets for training, second brother, which Chamber of Secrets did you just remember?"

Bai Chi made a sound, the voice was calm, but there was an implied killing, which made Liu Mazi and others shudder.

"That one, yes!"

Bai Long pointed to the one Lu Ming opened before, and the one Ming Feng is practicing now.

"Okay, does the kid think it's useful to hide in the back room? Even if he hides inside, I will blow him out!"

Bai Chi sneered.

boom!

Immediately, he shot and slammed the stone door of the secret room.

A violent vibration sounded.

In the Chamber of Secrets, Ming Feng was practicing. Suddenly a trembling roar sounded, his body suddenly violently, a spit of blood spewed out, his face pale.

"Who? Who is bombarding the Stone Gate, hateful."

Ming Feng roared.

boom!

Outside, Bai Chi slammed out again, and the shattered stone door shook.

Liu Mazi and others were horrified. Bai Chi was really brave.

The Star Temple has regulations that must not bombard the door of the Chamber of Secrets, because it is easy to let the people inside get into the magic.

But now, Bai Chi completely ignores this rule.

This is the confidence brought by the strength.

In the secret room, Ming Feng gritted his teeth.

But the sound of bombardment kept coming, like it was endless.

An hour later, Ming Feng couldn't help it.

"I want to see who it is? I'm going to the elder to sue him!"

Ming Feng growled, opened the stone door, and went out.

"Bai Long, it's you again!"

As soon as the stone gate opened, Ming Feng saw Bailong.

"It's finally out, why are you? What about that kid? In which secret room?"

Bai Long stared at Ming Feng coldly.

"Why am I telling you, and, you bombarded the Stone Gate and violated the rule of the Star Palace, I'm going to sue you..."

Mingfeng shouted.

But before he finished, he felt a strong wind hit him.

This fast wind, far beyond his imagination, could not escape.

Snapped!

Ming Feng's face was heavily slapped.

Ming Feng's body flew out directly.

"There is so much nonsense, say, in which secret room is that kid?"

Bai Chi withdrew his palm and asked coldly.

"I...I don't know!"

Mingfeng struggled to get up and shouted.

"Don't know? How dare you talk?"

Bai Chi's eyes showed a cold killing opportunity.

The figure moved, appeared next to Mingfeng, stepped on Mingfeng's face, and let Mingfeng's face collide with the stone slab.

"Do you know now?" Bai Chi asked faintly.

Roar!

Ming Feng roared like a beast, struggling with anger, shouting: "I said I don't know, I just don't know, there is a kind of killing me today, otherwise, this hatred, I will definitely report it."

"Brother, it seems that he did not lie. The secret room opened here, I have seen it before, there is no more open, I guess the kid is going down."

Bai Longdao.

"Go down?"

Bai Chi frowned.

If it goes down, it will be troublesome, because they do not know which secret room Lu Ming entered.

Without knowing which secret room, he would not dare to bombard.

Especially at the beginning of the fourth layer, all are masters. In case of a mistake, it will cause trouble to other masters.

bump!

Bai Chi kicked Mingfeng away, and said disdainfully: "A martial arts realm, ants like ants, also want to avenge me, well, I am waiting for you!"

After finishing talking, Bai Chi looked at Liu Mazi and others and ordered, "You few, stay here and see the boy coming out, and immediately report to me."

"This one..."

Liu Mazi and others hesitated.

"Why? Do you want to refuse?"

Bai Chi stared at Liu Mazi and others with a bad look, and his voice cooled down.

"No, no, we must be here, as soon as the boy comes out, we will report to you as soon as possible!"

Liu Mazi nodded quickly and agreed.

"Yep!"

Bai Chi nodded and took Bai Long away from here.

Chapter 209: Go out

puff!

After Bai Chi left, Ming Feng spurted blood, his face pale.

Giggling...

Ming Feng squeezed them together tightly, even because they were too hard, they punctured their nails into the meat and oozed blood.

"Bai Chi, this hatred is not reported, I swear not to be human!"

Ming Feng's eyes were red, and he roared, staggering upwards, and left Diyu Cave.

Liu Mazi and others waited here.

Three days later, in Mingfeng's dormitory, Mingzhu sat opposite Mingfeng.

bump!

Mingzhu slapped the table heavily, his face gloomy and said, "Bai Chi, it's too much to cheat!"

"Sister, this hatred, I must report it!"

Ming Feng gritted his teeth.

After three days, his injury has improved a lot, but his bones have been broken several times, which is not good for a few days.

"Brother, are you really going to let the elder brother go out?"

Pearl asked.

"Good! Only the eldest brother can avenge me!" Ming Feng said.

"Big Brother is dedicated to practice and acts low-key, so he is not included in the top ten masters in the outer hall, but I have a combat strength, you and I know that against Bai Chi, it should be enough, but Big Brother is now closed, I am afraid I need to wait what."

Pearl pondered for a while, said.

"It's okay, I'll wait. When the elder brother comes out, he will definitely take the lead for me."

Mingfeng Road.

"Well, that's good!"

Pearl nodded,

Lu Ming didn't know anything about the outside world, and he practiced wholeheartedly.

Every day, in addition to practicing the true secret of war dragons, he realized the fire.

All of a sudden, a month was here.

Within a month, Lu Ming had gained a lot.

To practice for one month here is equivalent to more than one year of cultivation in the outside world, and nearly two years. Lu Ming has condensed his true energy and not only eliminated all the hidden dangers that were left because of the too fast promotion, but cultivated for Also steadily and steadily, step by step into the pinnacle of the four major military division.

There is no way, Lu Ming now has too much energy to promote cultivation, and Lu Ming's main purpose is to lay the foundation, so the promotion is very slow.

However, he was full of energy and mellow. He had already reached the limit of the four-fold of the martial arts master. He was only one step away and could enter the fifth of the martial arts master. Lu Ming was still very satisfied.

The trend of fire has also made great progress. Although it is still far from Dacheng, it has been steadily moving forward, taking a big step on the basis of Xiaocheng.

"If you have time in the future, you have to come here to practice more. This is the fifth floor. The next few floors will definitely have a greater effect!"

Lu Ming thought.

Later, the stone door opened, and the time had come, and Lu Ming went out.

Then, go up.

When walking to the third floor, Lu Ming was slightly surprised, because Liu Mazi and others were still there.

"That kid, he came out."

Liu Mazi saw Lu Ming and his eyes lit up.

"It's really not dead!"

Lu Ming murmured, then looked at Mingfeng's secret room.

The stone gate was dim, and obviously no one was practicing inside.

"Huh, the time when Mingfeng's Chamber of Secrets arrived should be a few minutes earlier than me. It stands to reason that if he came out, he should wait for me. Why don't you see anyone now? Is it out early?"

Lu Ming thought to himself.

"wrong!"

The bright light suddenly flashed in Lu Ming's eyes, because he saw some pale palm prints on the stone door of the Chamber of Secrets.

Although the palm print is very dim, how can it escape Lu Ming's eyes.

Lu Ming remembered that there was absolutely nothing before.

"Did Mingfeng have an accident?"

Lu Ming's eyes flicked, and suddenly turned to look at Liu Mazi and others.

"Stop me!"

At this time, Liu Mazi and others were about to wander off, and Lu Ming shouted loudly, and everyone was so pale that they could only stop.

"I ask you, what about the people in this secret room? The boy who came with me?"

Lu Ming asked coldly.

"This... this we don't know."

Liu Mazi's eyes flickered and stammered.

"Absolutely something!"

The expressions of Liu Mazi and several people made Lu Ming even more determined.

"Say, what the **** is going on, if you don't say anything, don't leave."

Lu Ming's eyes flashed coldly, and the murderous erupted.

Liu Mazi and others were cold and frightened, and finally told the story about things.

boom!

Lu Ming exploded with a strong breath, and the violent true gas was abused in the cave.

"Bailong, Baichi, **** it!"

Lu Ming whispered, his voice was very cold.

Speaking of this, Ming Feng was still troubled by him. He must get back this account for Ming Feng.

"Big...Brother, it's none of our business. We are here, we are all in vain."

Liu Mazi said tremblingly.

"Speak nonsense, lead the way, go to Bai Chi's residence!"

Lu Ming drank coldly.

"what?"

Liu Mazi and others were startled, and then they were shocked. They dared to Lu Ming. This is to directly trouble Bai Bai.

"Okay, this kid is really arrogant. Take him to Bai Chi, let Bai Chi teach him hard, and make me sigh."

Liu Mazi thought to himself, then nodded in a hurry and agreed.

Immediately, Liu Mazi and others led the landing to Ming Bai and went to Bai Chi's residence.

Just ten minutes before Lu Ming's practice ended, Mingfeng's dormitory entered a tall, young man with a sword of war.

"Hahaha, younger brother, you finally joined the General Hall of Stars. Your eldest brother is busy practicing during this time. Don't blame your elder brother without seeing you."

The young man laughed as soon as he walked into Mingfeng's room.

Beside the youth, follow the pearl.

"Brother, are you out?"

Ming Feng shouted with joy when he saw this young man.

"Well, I'm out of the border, and I haven't seen you for a long time. Let me see if your kid's cultivation base has grown.

With a smile on his face, the young man looked at Ming Feng.

At first glance, his face changed slightly and said, "Brother, were you injured some time ago?"

The so-called injury to the bones for a hundred days, Ming Feng was broken many bones a month ago, even if he was not weak, one month, did not allow him to return to the peak.

Naturally, it was seen by the youth at a glance.

"Brother, you have to rule for me."

At the moment, Ming Feng called out.

"what happened?"

The youth frowned.

"Is such that..."

At the moment, Ming Feng told the story again.

"Bai Chi, so Bai Chi, the top ten masters in the outer hall are only ranked tenth, but they are so arrogant. It seems that during this time in Mingcheng, I was blindly practicing and it was wrong. I am amazing."

Mingcheng's face sank, coldly.

"Go, take me to Bai Chi's residence. I will fully recover this account."

Mingcheng waved his hand.

"Brother, I know Bai Chi's residence!"

Pearl Road.

Following, the three siblings of the Ming family headed towards Bai Chi's residence together.

Bai Chi is one of the top ten masters in the outer hall. He lives in a completely different place from other students.

He has an independent courtyard just behind the pavilion where other students live.

Soon, Mingcheng, Mingfeng and Mingzhu came to the courtyard where Bai Chi lived.

"Bai Chi, get me out!"

Mingcheng shouted loudly, and the sound was rolling like a wave, spreading far away, spreading throughout the dormitory area.

Chapter 210: Top match

The sound rolled through the whole dormitory area, and the whole dormitory area shook at once.

"What? Someone asked Bai Chi to roll out."

"Who is this person? So arrogant?"

"Is it one of the top ten masters in the outer hall, Bai Chi is ranked tenth among the top ten masters, and only the other top ten masters dare to call it that way."

"Look at it, go check it out!"

Suddenly, a figure flashed from the dormitory's pavilion towards Bai Chi's courtyard. Soon, Bai Chi's courtyard was surrounded by a circle of silhouettes, and the silhouettes were still increasing.

"Where is the dog with no long eyes, looking for death?"

In Bai Chi's courtyard, there was a loud roar.

Subsequently, the gate of the courtyard opened and four or five figures emerged.

The one headed was Bai Chi, and Bai Long followed him.

It's been a month, and Bai Long's arm is still not good, and he is still wrapped in a thick bandage.

At this time, Bai Long glanced around, apparently the roar he had just sent out.

Immediately, his eyes fell on Ming Feng.

"Little miscellaneous, it's you, how? The last lesson wasn't enough. I can't find death now. In this case, I will complete you."

Bai Longgao laughed.

Uh!

"Paps!"

Suddenly, Mingcheng's figure moved, and in a flash, he appeared in front of Bailong, slap his hand.

The speed is so fast that even Bai Chi has no time to rescue.

Snapped!

Bai Long was fanned out with a slap.

The scene was suddenly quiet.

"Isn't that the Wucheng madman in Mingcheng? How dare he dare to slap Bailong in the face of Bai Chi?"

"Yeah, this martial man in Mingcheng, who used to cultivate into a demon before, didn't expect the courage to be so big.

"Bai Chi is about to go viral, don't know if Mingcheng can deal with it?"

All around, there was a voice of discussion.

"Mingcheng, don't you know the consequences of this?"

Bai Chi's face was extremely gloomy, looking at Mingcheng coldly.

"You hurt my brother, why don't you think about the consequences? Now I reward him with a slap, it's light, now it's your turn, let me see, what are your top ten masters, what means?"

Mingcheng stared at Bai Chi, his eyes mad with warfare.

At the same time, a strong breath burst out on him.

The breath of the sixth peak of the Great Martial Artist.

Bai Chi's pupils shrank slightly, and then sneered: "Originally, there was the practice of the Sixth Peak of the Grand Martial Artist. No wonder he dared to make trouble in front of my door. It's very different, and you will regret what you did today."

boom!

Bai Chi also exploded with a strong breath, which was also the breath of the sixth peak of the Grand Martial Artist.

The two breaths collided, causing a gust of wind.

"Haha, let's fight!"

Ming Cheng laughed wildly, and the sword came out of his sheath, carrying a dreaded sword.

Daomang turned black and rose into the sky, stirring the situation.

"Bahuang Warblade!"

Mingcheng shouted, and the sword was cut out, and the dreaded sword was slashed toward Bai Chi.

As soon as the knife came out, the horror of the knife filled the audience, and all felt a horrible pressure.

"So strong, so strong!"

Someone shouted.

Bai Chi's pupils shrank suddenly and shouted, "White snake turns dragon palm!"

A palm blasted out, the space shook, a huge white snake condensed out, sighed in the sky, and rushed towards the sword of Mingcheng.

With a trembling shock, Bai Chi was shocked and retreated backward.

In Mingcheng, nothing is moving.

The audience was stunned for a while.

"Mingcheng this martial man is so strong, Bai Chi was repelled by a stroke!"

"It seems that we used to underestimate Mingcheng before. Some people just don't like fame. They don't necessarily have to be weak. Now, it seems that the top ten masters in the outer hall may not be the strongest."

"Not bad!"

Of course, there are also objections.

"Bai Chi was just careless, not necessarily losing, it is too early to say that!"

Some people retorted.

There was a lot of discussion, but Bai Chi's face was very gloomy.

"Bai Chi, it turns out that your strength is really disappointing. From now on, let me be the name of the top ten masters in the outer hall, let me!"

Mingcheng laughed.

"The battle has just begun. You are too happy now. You want to win me. With you, you are not qualified!"

"The white snake turns the dragon palm, and the palm turns the dragon!"

Bai Chi was screaming, and he was full of vigour. His hands filled with a thick white light, and a large white snake appeared in one palm. When he appeared, it suddenly changed, and finally turned into a white dragon, rushing towards Ming City.

"Dragon, it's really a dragon!"

When everyone saw this scene, their hearts shook.

Bai Chi's combat strength is really amazing.

This kind of combat power, not to mention the warrior of the sixth peak of the Grand Martial Artist, even the warrior of the seventh heavy military commander, can't take it.

"Trick and worm, defeat you within 30 strokes!"

Ming Cheng sneered, holding the sword in his hands, and slowly raised it.

At this moment, a giant sword was formed, and the giant sword was dark, like a sickle of death, slowly slashing towards Bai Chi.

Giant sword, and Bailong impact each other.

Bai Long Changxiao, biting his mouth, bit the giant knife.

But the giant sword was trembling, and the dreaded sword was shocking.

boom!

Eventually, the white dragon was defeated and dissipated into a burst of energy.

The giant sword kept on.

"The white snake transforms the dragon palm, and the palm transforms the ten dragons!"

Bai Chi roared, palms shot continuously.

Roar! Roar! ...

At this moment, ten white dragons appeared and rushed towards Ming City.

"Bahuang War Blade, War! War! War!"

The Ming City's fighting intentions were terrifying, and the War Sword slashed, revealing the domineering and powerful of a swordsman.

At this time, Lu Ming and Liu Mazi and others just arrived here.

"Someone is fighting Bai Chi, who is it? Is it so powerful?"

Liu Mazi gasped.

"That's Mingcheng, the madman Mingcheng. I didn't expect him to be so powerful. It was amazing. Fortunately, I didn't offend him before!"

Another youth road.

"Mingcheng? Mingming?"

Lu Ming's expression moved, and his eyes swept, and he saw the Pearl and Mingfeng.

"This Mingcheng doesn't know what is the relationship with the Pearl Peak?"

Lu Ming thought.

At the same time, he walked forward, the true energy of his body poured out, and the person who was in front of him unconsciously gave way, and Lu Ming stepped forward and stood in the crowd to watch.

boom! boom! boom!

Roaring continuously, Mingcheng and Bai Chi had a dozen battles in a blink of an eye.

But Mingcheng became more and more courageous in battle, and Bai Chi gradually lost. "what!"

Bai Chi roared, but useless, completely suppressed by Ming City.

"Eight Battle Swords, the world is broken!"

Mingcheng finally cut a knife, this knife, condensed all Mingcheng's fighting intentions.

This knife seems to destroy everything.

After being cut with a knife, Bai Chi roared, and his body receded quickly. Everyone saw that there was a wound on Bai Chi's body, blood dripping.

Bai Chi's face was pale.

He lost.
