

D Emperor 2021

Chapter 2021: Scramble

"Son, it's from Modaoshan, what should I do now?"

In the clouds, an old man asked a young son.

This young man, dressed in brocade clothes, is quite dignified between his eyebrows.

"It's not easy to do, wait for the people of Magic Knife Mountain and the giant wolf in the valley to fight first, we can just sit and collect the profits!"

The young man smiled faintly.

"The son sees you high!"

The guy next to the young son immediately sent a bunch of horse farts, making the young son quite useful.

Time passed, and another half day passed.

"Do it!"

At the mouth of the valley, the leader of Magic Knife Mountain waved, and then his figure flashed, and they rushed into the valley.

Roar! Roar!

As soon as they rushed into the valley, they were discovered by the giant wolves in the valley. Suddenly, hundreds of giant wolves, under the leadership of the giant wolf king, killed the people on the Magic Knife Mountain.

Uh! Uh!

In the Magic Knife Mountain, there are two quasi-empires, who are going to kill the giant wolf king, and the other quasi-emperor, and the others in the Magic Knife Mountain, kill the other giant wolves.

In the valley, suddenly caught in a dogfight.

Although there are fewer people in Magic Knife Mountain, their strength is obviously stronger.

The people who come here are at least the cultivation of the Great Holy Realm, and half of them are in the Most Holy Realm. Under the leadership of a quasi-Emperor, a large number of giant wolves were killed.

Under the siege of the two quasi-empires, the giant wolf king also fell completely into the disadvantage.

Lu Ming naturally heard the movement outside.

However, Lu Ming's eyes flickered and did not go out. Instead, he continued to control the Emperor's flesh and absorbed magic energy.

Soon, the voice of the outside battle gradually became smaller.

Under the siege of the two quasi-empires, the giant wolf king had no suspense, and his head was cut off with a knife.

Most of the other giant wolves were also beheaded, and the rest were scattered as birds and beasts and fled here.

"Haha, Moyuan Fruit!"

The leader of Magic Knife Mountain showed a greedy look, looking at the cave where Lu Ming was.

"Just because you also want to get the Devil's Fruit?"

At this moment, a cold voice came from outside the valley, and then, the figure flashed, and a group of people rushed into the valley, which was the group of people in the clouds.

The leader of Magic Knife Mountain changed his face, glancing at the young man and others, revealing a trace of alertness and saying, "Who are you?"

"Do you know this?"

A dark token appeared in the hands of the young man.

The man of Magic Knife Mountain looked wild at the sight of this token.

"You are the people of the ancient demons!"

The leader of Magic Knife Mountain screamed.

The ancient demon country is a super devil country.

You have to know that there are only two Super Demon Lands in the whole Demon Land. Each of them is amazingly powerful. It is a true overlord, and it is not something they can resist.

"It turned out to be a strong man of the ancient demon kingdom, disrespectful, since you have taken a fancy to the devil fruit, then we, let the devil fruit be given to you!"

There was a ugly smile on the face of the leader of Magic Knife Mountain, and he was very unwilling.

"Let? I'm Gu Luoguo, why should you let me? What I want is to take it and kill all the rubbish!"

The young man's indifferent voice sounded.

"kill!"

The people around the young son immediately killed the people at Magic Knife Mountain.

"Rush, rush out!"

The leader of Magic Knife Mountain roared into a magic knife and wanted to rush out.

But at the next moment, two figures stood in front of him.

Quasi-Emperor, both figures, are Quasi-Emperor.

What made him desperate was that the other two Emperors of Modaoshan faced the same situation as him, and were blocked by the two Emperors respectively.

The masters brought by the young son are amazing, and the quasi-imperialists are at least six.

"We all gave up the magic source fruit, why do you want to kill it all?"

Lord Modaoshan shouted unwillingly.

"Hahaha, it's really ridiculous. Born in the land of all demons, he asked such a question, kill!"

The young man shouted, and his men killed at the Man of the Magic Knife Mountain.

The people brought by the young son were obviously stronger. Suddenly, the people of Magic Knife Mountain were killed.

There was no suspense in this battle. Soon after, the people of Magic Knife Mountain stepped into the footsteps of the previous giant wolf, even worse than the giant wolf. None of them escaped, and all stayed here.

In the land of all demons, such a fight is too normal.

Especially when encountering treasures, the fighting is even more tragic.

Therefore, the magic repair of the Land of Ten Thousand Demons generally has stronger combat effectiveness. I am afraid that the battle at the same level is better than the people in the Land of Yuanshan.

The young man put away the storage rings of everyone at Modaoshan, smiled indifferently, didn't care, and then took the people to the cave.

When they walked into the cave, their eyes lit up.

"The three Devil's Fruits are not yet mature, but they will be mature in half an hour!"

An old man judged.

"Huh? Why is the magic energy here rushing into the cave all the time!"

Suddenly, some people discovered the problem, and the magic energy here has been converging towards the cave.

This is obviously not normal. They once sent a strong man to investigate, knowing that there is a magic pool deep in the cave, and the magic energy should always be facing the outside.

Someone inside!

There was a thought in everyone's heart.

Especially for the young son, there was a flash of murder in his eyes.

"Go and see!"

The young son spoke indifferently, and the people walked towards the cave. Soon, they came to the place of the magic pool and saw Lu Ming.

The rolling magic energy is constantly converging towards the flesh of Heavenly Emperor.

After more than ten days of absorption, the magic energy of the magic pool has almost dried up.

"This stone man is curious and can absorb the magic energy constantly."

"The magic energy of the Devil's Pool is almost drying up, not all of them are absorbed by this stone man, this is a treasure!"

There was a lot of discussion.

The young man's eyes flashed with greed.

"Boy, you dare to secretly absorb the magical energy here, really looking for death!"

The young man spoke indifferently.

At this time, Lu Ming opened his eyes and swept at random, spit out a word: "Go!"

This remark made the young son's complexion instantly gloomy.

"Boy, you are dead, son, I will kill him!"

A Dahan Dao in the most holy place.

"Abolish him first and see what secrets he has!"

The young man instructed.

"understand!"

The Great Sacred Realm nodded, and then moved like a goshawk, slamming toward the landing, claws like a knife, and slamming toward the landing, amazing speed.

"kill!"

Lu Ming suddenly screamed, shot two sword lights in his eyes, and rushed into the body of the Great Holy Realm.

The Greatest Holy Man screamed, his body fell to the ground, twitched twice, and he lost his breath.

died!

The young man and his face changed.

With a loud shout, a master in the most holy realm died. What is this means?

"Young man, be careful, this kid, it's not easy!"

A prospective emperor said heavily.

Chapter 2022: Kill all

"Not easy? How old is he? How strong can he be? Is he better than the quasi-empire, and he shot together, abolishing his cultivation behavior, I want him to kneel in front of me like a dog and beg for mercy!"

The young man shouted.

"kill!"

The young son's voice fell, and his men stepped forward one by one, with a strong breath, squeezed towards the landing.

"Really find yourself dead!"

Lu Ming shook his head slightly.

He originally wanted to continue to control the body of Heavenly Emperor and absorb the magic energy, but now he has to stop.

With a wave of his hand, Heavenly Emperor's flesh was put away, and Lu Ming stood up, a strong breath filled out.

"But the cultivation of the Most Holy Realm, die for me!"

A prospective emperor drank coldly, and his body was like a flash of lightning, rushing towards Lu Ming.

He shot quickly, but Lu Ming was faster and pointed out.

From this point of view, a horrible roar sounded in the space, as if the space had to be pierced.

Under this finger, all attacks and defenses of the prospective emperor appeared fragile.

"Do not..."

The prospective emperor, seeing Lu Ming's fingers zoom in front of his eyes, was terrified in his heart and wanted to dodge, but he found that it was too late.

puff!

Lu Ming's fingers, clicked on this person's eyebrows, terrible strength came out, this person's head, directly through the hole.

His soul, in this blow, disappeared.

Not only that, Zhijin brought up a ray of blood, and continued to shoot back, puncturing several people continuously.

Hiss!

The rest of them took a breath and turned their faces wildly.

One move to kill a quasi-imperialist, this kind of combat power is really terrifying.

"Take shots together, take shots together!"

The young man yelled wildly.

boom! boom! ...

Everyone broke out, at least there were seven quasi-imperials, and some of the most holy, all shot, all kinds of attacks, drowned toward the landing.

Buzz!

At this time, a ring of aura appeared on Lu Ming, the light of chaos!

"This...this is the light of the law!"

"The light of chaos, this person is the son of chaos! The son of chaos!"

Many people shouted in horror, it was incredible.

They met a young man here casually, who was actually the son of chaos, and also produced the light of chaos.

Lu Ming's chaotic light surrounds his body. Those attacks around him have no effect on him, and they are all blocked by the chaotic light.

Lu Ming made a move, rushed towards the two emperors, and pointed **** in a row.

puff! puff!

These two emperor emperors, who entered the footsteps of the previous emperor emperor, were pointed through, and fell here.

"Go, go!"

"Son, go away!"

The rest of them, horrified roar, where dare to continue the battle with Lu Ming.

The sons of chaos who made the light of the law are too horrible. They simply cannot be opponents, leaving only one dead path.

At this time, the young son, already frightened, was pulled by a prospective emperor and ran out.

"Leave it all!"

Lu Ming spoke indifferently, and between the flashes of his figure, another finger was pointed out, and another prospective emperor was killed.

Lu Ming's speed is as fast as electricity, and every single click can kill a prospective emperor.

Ordinary quasi-empire, faced with Lu Ming, was only killed by spikes.

The young son brought a total of eight quasi-imperials, and in the blink of an eye, Lu Ming killed seven, leaving only the last one, running with the young son.

call out! call out! ...

This time, Lu Ming instantly pointed out dozens of fingers.

The sky is the shadow, the sky is the finger.

Zhijin Zongjing, the rest of the people fell here one by one.

Since these people wanted to kill him, he didn't show mercy.

Moreover, these people seem to have an unusual beginning. Lu Ming came to the Devil's Land for the first time. If these people are left, these people will definitely retaliate, which is extremely unfavorable to Lu Ming's plan behind him!

So, only kill!

The figures fell one by one, and soon, the young son and the prospective emperor were left.

At this moment, the young man's face was so white, without the slightest blood.

Although the prospective emperor had taken him out of the cave, they were still stopped by Lu Ming in the valley.

"Don't kill me, I'm from the ancient demon kingdom, killing me will do you no good!"

The young man yelled.

"Not killing you is not good for me!"

Lu Ming said coldly, and then pointed out with one finger, a huge chaotic finger was formed, rolling towards the young son and the last quasi-empire.

The young son shouted and exploded with all his strength. He actually had the most holy cultivation, and the spirit body was still a superior spirit, which can be said to be a rare arrogance.

Moreover, he took out an imperial soldier and fought hard to resist.

Obviously, this person's identity is very unusual.

Then it should not be left!

Chaos robbery passed by, and the resistance of the two was only in vain. Under the chaos robbery, the dust disappeared.

Next, Lu Ming flashed, and put away everyone's storage ring.

Of course, the young soldier's imperial soldiers were also put away by Lu Ming.

Then Lu Ming waited here for half an hour.

Half an hour later, the Moyuan fruit matured, and Lu Ming picked the Moyuan fruit, then he took off and left here.

Here, it is not appropriate to stay for a long time, who knows whether the forces behind the other party will be found, anyway, the magic energy of the magic pool has been almost absorbed.

The energy stored in the Emperor's flesh is close to 4%, which is a big harvest.

Afterwards, Lu Ming flew with all his strength, and flew towards another nearest middle demon country.

Medium Demon Kingdom, there should be teleportation.

The land of thousands of demons is vast and boundless, and it is no smaller than the land of Yuanshan. Flying alone to the ancient demon country, I don't know how long it will take.

After flying for a few more days, Lu Ming, who was flying, suddenly stopped.

Because in front, there is a purple-black red light, flying towards this side very quickly.

Far apart, Lu Ming can also see that it is a stunning woman with a beautiful appearance, wearing a purple tight skirt, revealing a hot body, undoubtedly.

This is a tempting woman.

But at the moment, the woman was a little panicked and was flying fast.

call out! call out! ...

Behind the woman, a rainbow of light pierced the sky and flew towards the woman.

Obviously, this woman is being pursued.

At this time, the stunning woman also saw Lu Ming, she continued to fly to the landing Ming, said: "You help me block those behind, I will not treat you bad!"

Although the expression was a little panic, there was still a trace of arrogance in his voice, listening in Lu Ming's ear, as if he was instructed to do something.

Lu Ming frowned, his figure drifted back, and flew in another direction, pulling away from the beautiful woman.

He is not close to the woman with this woman, he doesn't want to do much business.

"You help me quickly, I must be rewarded, what do you need, despite speaking!"

The young woman shouted anxiously when Lu Ming retreated.

Chapter 203: You Luo Mo Guo

The young woman is being hunted down by the enemy's people at this moment. Although Lu Ming looks very young and may not have much strength, but as long as she can resist for a while, she will show a trace of possible escape.

"Sorry, I don't have the strength to help you!"

Lu Ming shook his head, his figure receded faster, and distanced from the stunning woman.

Seeing Lu Ming's reluctance to help him, the awe-inspiring woman could only grit her teeth and flew in the other direction. Before leaving, she glanced at Lu Ming bitterly, seeming to blame Lu Ming for not helping her.

Lu Ming touched his nose. His purpose was to go to the ancient magic kingdom, but he didn't want to do much business.

In a blink of an eye, the fabulous woman disappeared in front of her, and those who pursued in the rear also quickly chased down.

For Lu Ming, it was just an episode. He continued on the road and flew towards the nearest middle demon country.

After spending a few more days, he finally came to the outskirts of this medium-sized demon kingdom.

This medium demon country really has a teleportation array.

"Where are you going?"

A big man in charge of the teleportation team asked Lu Ming.

"I'm going to the ancient kingdom of demons!"

Lu Ming said.

"Go to the ancient demon kingdom? Boy, are you not a land of all demons? Our middle demon kingdom is not eligible to be sent directly to the ancient demon kingdom. If you want to go to the ancient demon kingdom, you must go to the first demon. Kingdom, go from the first demon kingdom!"

Middle-aged Dahan Road.

And this rule?

Lu Ming is a little speechless, it seems that he can only go to the First Demon Kingdom first, and then he has gone from the First Demon Kingdom to the Ancient Demon Kingdom.

"Okay, let me go to the top devil country first!"

Lu Ming said.

"The first demon kingdom that is closest to this place is Youluo Moguo. I suggest you go to Youluo Moguo first!"

Middle-aged Dahan Road.

"Ok, thank you!"

Lu Ming clenched his fists, paid the teleportation fee, and then set foot on the teleportation array.

The next moment, Lu Ming disappeared from the teleportation array and came to another place.

Lu Ming walked out of the teleportation array to inquire, and he had arrived at the You Luo Mo Kingdom.

Here, it is an acropolis outside the capital of You Luo Mo Guo.

"Yuluo Moguo is one of the ten top demon lands in the Devil's Land. It is extremely powerful. I might as well go to Yuluo Moguo first and ask about the ancient demon country!"

Lu Ming thought.

You Luo Moguo, the power of the ten best Moguo in the Devil's Land, the strength is undoubted.

Lu Ming happened to be able to see what the strength of the top forces in the Land of Ten Thousand Demons is. In this way, he can also make a judgment about the overall strength of the Land of Ten Thousand Demons.

The other one, even now he is in the ancient demon kingdom, his eyes are blackened, and he doesn't know how to start.

Can't he go directly to the ancient demon kingdom, and yell to borrow the ancient demon coffin, so that others don't kill him, it's good.

Therefore, we need to think long.

Thinking of this, Lu Ming did not go to the ancient Moguo Kingdom first, but flew towards the Yuluo Moguo Kingdom.

You Luo, the kingdom of the devil, is magnificent and magnificent, magnificent, and very wide.

Whether it is the city wall or the buildings inside, most of them are made of a kind of dark stone, which is full of domineering meaning.

Lu Ming walked on the streets of You Luo Mo Guo and found that there are really many masters here.

One by one, he exuded evil spirits all over him, Lu Ming looked secretly, and found that the Holy Land was piled up, and there were many potential emperors.

Even, you can see the emperors and emperors who walked on the street.

Lu Ming found that the master quality of the Land of Ten Thousand Demons and the rank of the strong are higher than the Land of Yuanshan!

"Boy, it's you!"

Suddenly, a cold and proud voice sounded, and at the same time, a cold breath shrouded Lu Ming.

Lu Ming frowned. The voice just now was clearly aimed at him, but he didn't know anyone when he first came to You Luo Mo Guo.

Lu Ming looked in the direction of the sound.

"is her?"

Lu Ming was shocked.

Not far away, a stunning woman, wearing a purple tight skirt, was staring coldly at the landing.

Wasn't this woman the woman who was chased and killed by Lu Ming a few days ago and asked for help?

This was too coincident, and Lu Ming was quite speechless.

The young woman's breath was cold and shrouded Lu Ming.

"Your Highness Princess!"

"Who is that kid? It seems to make the big princess very uncomfortable, he is going to finish!"

Around, many people stopped to watch, and there was a lot of discussion.

"Princess?"

Lu Ming is speechless, is this person a princess of the You Luo Mo Guo?

"Princess, was this man the first time he died?"

Beside the stunning woman, some people followed, one of the young men asked.

"Yes, this one!"

The big princess answered coldly.

At the beginning, he was chased and killed by the enemy. Lu met Lu Ming and asked Lu Ming for help, but Lu Ming couldn't save his life. Fortunately, he met the reinforcements before leaving the danger.

Unexpectedly, Lu Ming will meet Lu Ming in the Kingdom of Demon Kingdom!

When she thought of Lu Ming's original attitude, there was a glimmer of cold light in the eyes of the princess.

"I can't save the big princess, hum, I'll go and scrap him!"

Behind the great princess, a dry and thin old man opened his mouth indifferently, and as soon as his figure moved, he slammed towards the landing. A devil's palm imprinted and screamed toward the landing, bringing a gust of wind.

The princess did not stop, just looked at indifferently.

"roll!"

Lu Ming drank coldly, and the same palm burst out, and he shook the dry old man.

boom!

There was a roar, and the figure of the thin old man shook wildly, his body flew back at a faster speed, and fell on the ground and vomited blood.

This is Lu Ming's mercy, he first came here, he did not want to cause trouble, otherwise, the other party is already dead.

Ok?

Many people were shocked. The thin old man, who had the most holy holy practice, was injured by Lu Ming's stroke.

This young man's combat strength is not weak!

Many people think!

"Bold, dare to fight back, you are looking for death!"

At the edge of the grand princess, the young man drank coldly, his eyes cold as a blade.

Uh!

He stepped out in one step, like a phantom, and rushed to Lu Ming.

Lu Ming frowned, and there was a hint of anger in his heart.

In the wilderness, he meets the big princess. He and the big princess are not close relatives, why should he rescue her? Saving or not saving was originally his freedom.

But now, the other party has to abolish his cultivation behavior and even kill him because of this matter, which is really overbearing.

boom!

The young man shot, the same palm blasted, palms like mountains and seas, squeezed towards the landing.

This young man is very strong, many times stronger than the thin old man.

His cultivation practice not only reached the pinnacle of the Most Holy, but he was also a supernatural spirit.

"roll!"

Lu Ming frowned, shouted, and the same palm burst out.

There was a dark thunder shining in his palm.

The palm of the hand and the other's palm were bombarded together, almost the same result as the previous thin old man.

The young man groaned, his body flew away from a distance, fell to the ground, his body twitched, and the black thunder was swimming away.

Chapter 2024: Princess of the Princess

Looking at the young man lying on the ground and twitching, many people were really stunned.

This young man is not an ordinary person. He is very famous in Youluo Moguo, but he is the youngest son of Marshal of Youluo Moguo Township, named Ji Peng.

Except for a few royal bodies, in the young Luo Mo Kingdom, Ji Peng is regarded as the top arrogant.

At one time, someone made a ranking list, ranking the ten strongest arrogances in the world except for the royal body.

Ji Peng, ranked ninth in the top ten Tianjiao.

Of course, after adding the royal body, Ji Peng will be ranked behind a dozen, but it is not trivial.

But now, Ji Peng was defeated by one move in Lu Ming's hands.

Lu Ming's strength is absolutely amazing.

"Who is this person? It looks very young, but has such a fighting power, it is stronger than Ji Peng, is it the king?"

"It's not a king body. When this person shot just now, a magic thunder flashed. It should be the law of magic thunder, not a king body!"

"In the Yuluo Demon Kingdom, besides the royal body, this person can be ranked in the top ten or even the top eight!"

Some onlookers were whispering.

That's right, Lu Ming just did not use the law of chaos, nor the law of formation. Instead, he used the law of chaos to transform into the law of magic thunder, and the law of magic thunder covered the Holy Power to make him look, Like a demon repairer.

The big princess looked at Lu Ming's eyes, and also showed surprise, Lu Ming's strength was stronger than she thought.

Uh!

At this moment, Ji Peng turned over, stood up, and a cold murder broke out, shouting: "Boy, I didn't use my full strength just now, come again, I will kill you!"

Ji Peng shouted, the breath was even more violent.

Just now, he was careless and didn't use his full strength, even the magical power, he was attacked by Lu Ming.

Lu Ming frowned. He was already merciful, but the other party didn't know how to retreat, so don't blame him.

In Lu Ming's eyes, there was a sharp edge.

"Okay, stop it!"

At this moment, the voice of the grand princess sounded, leaving Ji Peng stagnant.

"Princess, this person is brave enough, even the princess's people dare to fight, let me abolish him!"

Ji Peng's eyes were cold, and he didn't want to let Lu Ming go.

"He didn't use his full strength just now. He really wants a battle. You may not be his opponent. You will only lose both sides. You leave first. I have something to ask him!"

The Princess said.

"Princess, you let us leave, in case this kid starts..."

An old man said with some concern.

"You think he can hurt me?"

The princess asked.

"This..."

The other person did not speak. With the strength of the Grand Princess, how could this person want to hurt the Grand Princess?

"That princess takes care!"

Ji Peng's eyes flashed a few times, and then looked at Lu Ming, said: "Boy, today you are lucky, spare your life!"

Talking, flashing away with others.

"Farewell!"

Lu Ming clenched his fists and turned to leave.

His instinctive feeling, this big princess is not good, he is too lazy to relate to each other.

"Why are you in such a hurry?"

The big princess moved like a rainbow of light, as light as nothing, and chased after landing.

Lu Ming frowned, and his figure rose to the sky, but the princess also rose from the sky, and followed the landing.

"Princess, what are you doing?"

Lu Ming stopped and asked with a frown.

"Your strength is good, I feel it. Even if Ji Peng was fighting you with all his strength, I am afraid that he is not your opponent, surrender to me and be my guest secretary!"

The grand princess said, still with a trace of arrogance and loftiness in her expression.

"Not interested in!"

Lu Ming turned around and left.

"I won't let you be my guest secretary, as long as you help me in these three months, you can leave after three months!"

The grand princess continued to speak, but Lu Ming didn't mean to stop at all.

There was a glimmer of cold light in the eyes of the grand princess. If it were not for her urgent need for talent recently, Lu Ming dare to treat her with this attitude, she has already shot.

"I won't let you do dangerous things, as long as you help me once in a month and fight against the Tianjiao of the Youluo Empire once, what conditions do you have to mention!"

The Princess continued to keep up, said.

"Oh?"

At this moment, Lu Ming stopped suddenly, looked at the big princess, and said, "What conditions can I mention?"

"As long as it is not too much, you can mention it!"

The Princess said.

"I want to know the people of the royal family of the ancient magic kingdom, can you recommend?"

Lu Ming said.

If the other party can introduce people from the ancient royal kingdom to him, it will save him a lot of trouble, but he can temporarily answer the party.

And the other party is only, being her guest secretary within three months, and only competing with the arrogance of the Youluo Empire. This is not a big deal for Lu Ming, and it does not matter if you promise.

"Giggle, I thought it was a big event. The Lord of the Ancient Demon Kingdom, just not long ago, once again passed the world disaster. It will be a big feast in three months. I will go to the celebration, I will also go to the Demon Kingdom, and I will naturally be able to introduce you to you!"

The Princess said.

Lu Ming is happy!

The Lord of the Ancient Demon Kingdom has just survived the catastrophe and wants to feast the world. This is an opportunity for Lu Ming.

"Okay, I promised to be your guest secretary, but the time is only three months, and if you ask me to deal with the Emperor Wudi and the like, I can only refuse!"

Lu Ming said.

"Don't worry, against the Emperor Wudi, how can I tell you to go?"

Seeing Lu Ming agree, the big princess smiled.

"This Qingqing token, you hold it!"

A token appeared in the hands of the great princess, and it was thrown to Lu Ming. Lu Ming reached out and took it away.

"You and I will go back to Princess Palace now, I will arrange accommodation for you!"

Grand Princess said, Lu Ming nodded.

The princess palace is very wide, and the palace is in pieces.

The grand princess arranged an additional courtyard for Lu Ming, which was very large and very quiet.

On the way, Lu Ming also knew the name of the grand princess, called You Ning!

After the great princess arranged for Lu Ming's place, she left.

In the next few days, Lu Ming secretly inquired and learned many things.

It turned out that when You Luo Mo Guo was founded, it was created by two major Dao families.

But after the founding, which family is in charge of the Yu Luo Mo Kingdom has become a problem.

The latter stipulates that every ten thousand years, the two big families send out the young generation's natural arrogance, the victor, and continue to hold the Youlu Demon Kingdom for ten thousand years.

And the princess You Ning belongs to You Family.

Youjia has been in charge of You Luo Mo Guo for 20,000 years in a row, and there is another month, and once again in the reincarnation of 10,000 years, the two big families are arrogantly fighting to decide which family will control You Luo Mo Guo.

Therefore, the princess You Ning, during this time, secretly called Tianjiao characters to enhance their strength.

Lu Ming finally understood why You Ning called him to be a guest secretary. That's why.

Chapter 2025: throw it out

In a flash, ten days have passed.

For more than ten days, Lu Ming practiced with peace of mind in the Princess Palace every day.

Now, his law of chaos has reached ninety-seven, while the law of formation has reached ninety-nine.

It can be said that it is very close to the perfection, but the closer it is to the perfection, the harder it is to ascend.

The rule of many people, staying in the fire of ninety-nine percent, one stop is hundreds of years, thousands of years, and even tens of thousands of years.

Even the Stellar River stayed for a long time.

If you want to break through, you need to accumulate, and when you understand the law enough, it will naturally come naturally.

On this day, Lu Ming was practicing, and Ji Peng led a few people into the Grand Princess' house with a somber face, and walked to the other courtyard where Landing Ming lived.

Ji Peng's identity is no small matter, naturally no one is blocking.

After coming to the other courtyard where Lu Ming lived, Ji Peng kicked the door of the other courtyard directly, and walked in with a somber face.

"Lu Ming, get me out!"

Ji Peng drank coldly.

In the room, Lu Ming, who was practicing, opened his eyes, and there was a sharp flash in his eyes.

Without hurrying, Lu Ming walked out of the room and saw Ji Peng staring at him coldly.

More than ten days ago, Lu Ming struck him in the palm of his hand, causing him to twitch on the ground and lose his face. During this time, he had been grudging and wanted to find a chance to retaliate.

I heard later that Lu Ming actually became the princess's guest secretary, and he was furious. After a few days, he finally couldn't help bringing Lu Ming to him.

"Boy, I know your purpose. I want to be the princess's guest secretary, so as to be close to the princess. The abacus is very loud. Now give you a chance to get out of the princess house!"

Ji Peng spoke coldly.

"The Grand Princess made you come?"

Lu Ming said.

"This matter, why don't the princess command!" Ji Peng said.

"I'm the guest secretary of the princess, but not your guest secretary. Since it's not the princess's opening, then what are you, what are you qualified to let me leave!"

Lu Ming responded lightly.

This remark made Ji Peng's face more gloomy.

"Boy, you better get out by yourself, otherwise I will break your limbs and throw you out!"

Ji Peng said coldly.

"roll!"

Lu Ming spit out a word coldly, he has lost patience.

"Boy, what's your attitude, dare to talk to Er Gong in this way, I'll give you up!"

On the edge of Ji Peng, a burly man rushed over and punched Dantian who landed.

This is to abolish Lu Ming's cultivation behavior!

This burly and strong man, who has the most holy holy practice, has a punch, and his terrible punches make the space roar.

Zizizi...

Lu Ming turned the law of chaos into a law of magic thunder. On his body, Thunder wandered, as if wearing a Thunder suit.

call out!

As the figure moved, Lu Ming punched out and punched the burly man.

Zizizi...

The thunder permeated and instantly defeated the other party's attack. The black thunderbolt covered the other party. The other party shuddered and couldn't help but back.

Then Lu Ming stepped out and slapped him on the burly man. The burly man flew out and fell to the ground, twitching all over.

Ji Peng, as well as several others, stared suddenly.

Lu Ming's combat strength is stronger than they thought. If a most holy is perfect, the two moves will be defeated. Even Ji Peng himself may not be able to do it.

"Shoot together!"

Ji Peng roared, his body spreading his wings like Dapeng, slamming toward the landing, his arms shook, his arms exuded a mysterious light, like Dapeng's wings, like two heavenly swords, two bursts of light Go out and go to the landing.

This is his magical skill. The last time he had a match with Lu Ming, he did not exhibit the magical skill.

At the same time, the remaining two also moved.

These two men, who are also the most holy consummates, used magical techniques to blast Lu Ming.

Ruthlessly ruthless, if Lu Ming loses, he can only be killed.

"Get in!"

In Lu Ming's eyes, the cold light was higher, and a long spear was condensed in his hand, which was covered with a layer of black lightning.

call out! call out! call out!

Three consecutive shots!

Three consecutive roars, Ji Peng's three attacks, all blocked by Lu Ming.

Then, Lu Ming turned into a Thunder. In a flash, he appeared in front of a holy consummated old man. The Thunder spear pierced out at an alarming speed. He pierced directly from the person's Dantian and shattered his Sacred Heart.

The man wailed, his body flew out, and fell to the ground screaming.

This person's cultivation practice has been abandoned by Lu Ming.

Then Lu Ming's figure was moved again, appeared before the remaining Holy One, and was shot with another shot, abolishing this person's cultivation behavior.

When the two were abolished in a row, Ji Peng's liver and gall were frightened and his body retreated. He wanted to run away, and he dared not fight.

But as soon as the thunder flashed, Lu Ming caught up with Ji Peng.

Although Lu Ming transformed the law of chaos into the law of magic thunder, his power dropped greatly.

However, Lu Ming's own spiritual body and his divine power are far above Ji Peng, and Ji Peng is not an opponent at all.

Although he tried his best, he was still crushed by Lu Ming.

Click!

Lu Ming broke Ji Peng's arm with one palm, and then kicked Ji Peng's leg with one kick.

Click! Click!

Several consecutive explosions, Ji Peng's limbs were interrupted by Lu Ming, lying like a dead dog on the ground.

"roll!"

Lu Ming kicked a few feet, Ji Peng, and several of his men, kicked out, and flew out of the other courtyard.

After all, here is You Luo Mo Guo, the Grand Princess Mansion, he cannot kill Ji Peng, if he really kills Ji Peng, he can only run away.

This is not Lu Ming's purpose. He still needs the referral of the princess to meet the royal family members of the ancient demon kingdom.

"Boy, wait for me!"

Outside the courtyard, Ji Peng's violent voice came.

He just said that he would throw Lu Ming's limbs off, but his limbs were interrupted and thrown out like a dead dog, making him angry.

Lu Ming frowned. If the other party was too much, he wouldn't mind chopping off the other party, leaving You Luo Demon Kingdom and thinking of other ways.

In the early morning of the next day, a group of people descended on the Grand Princess Mansion and met the Grand Princess directly.

Ji Peng, impressively in the crowd!

However, this group of people was not headed by Ji Peng. His elder brother, one of his uncles, personally brought people to come.

"General Ji, Brother Ji, please sit down!"

In a hall, the grand princess met with Ji Peng and others, but her eyes were only the middle-aged headed by the head, and there was a young man with a grim look.

This middle-aged man was Ji Peng's uncle, the younger brother of Marshal of the Kingdom of Youluo Moguo, and a demon of Youluo Moguo.

And that young man is Ji Peng's eldest brother, a top arrogant of You Luo Mo Guo's top, a terrible king.

"Princess, I am here to be the principal of Xiang Gong!"

Uncle Ji Peng said.

"Someone? Who?"

The big princess froze slightly, frowning slightly.

Ji family wants people, how come to come to her?

Chapter 2026: King style, is it amazing

"Lu Ming, that little miscellaneous person who could not save the princess!"

Ji Peng said coldly.

"Lu Ming! What's wrong with him?"

The princess was puzzled.

"Princess, yesterday, Lu Ming for no reason, abolished the practice of my two Jisheng masters of Ji Family, and interrupted Ji Peng's limbs. Such actions must pay a price!"

Ji Peng's elder brother spoke indifferently.

Ji Peng's eldest brother is named Ji Tian!

"There is such a thing!"

The princess raised her eyebrows, and then told her to say, "Call Lu Ming!"

Lu Ming was practicing, and when he heard something outside, he got up and came out.

"Lu Gongzi, please have a big princess!"

A middle-aged guard.

"It's coming quickly!"

In Lu Ming's heart, the first thought was that the Ji family had found it.

"it is good!"

Lu Ming nodded, and the middle-aged guard came to the Grand Princess's hall.

"It really is Ji Family!"

As soon as he came to the hall, Lu Ming saw Ji Peng.

Ji Peng and others looked at Lu Ming with indifferent eyes.

"Lu Ming, did you abandon the practice of several masters of the Ji family yesterday?"

The princess sat on her head, high above her, and asked with cold face.

"Not bad!"

Lu Ming answered.

"Bold, even the people of my Ji family are moved, self-discipline, I will leave you all dead!"

Ji Peng's uncle shot the table coldly.

"Ridiculous, they are going to kill me, can't I fight back?"

Lu Ming sneered.

"Do you understand who you are talking to? This attitude!"

Ji Peng's uncle glanced like electricity and swept to Lu Ming. The strong pressure spread out.

Lu Ming's face changed, and he couldn't help but step back a few times. Ji Peng's uncle was definitely a terrible strongman.

"It seems that the Ji family is not even looking at the big princess!"

Lu Ming said coldly.

Uncle Ji Peng's complexion changed slightly, and he breathed away.

After all, here is the Princess Palace, and Lu Ming, the person who is also the Princess in name, without the consent of the Princess, he went directly and went over the line.

"Princess, this person abolished my Ji Jia master's practice, and injured Ji Peng. He must be punished. Otherwise, why should Ji Ji manage the army and serve the public?"

Ji Tian also spoke indifferently.

"Lu Ming, what the **** is going on?"

The princess asked.

Lu Ming's combat power is good, and it will be useful to her in the near future. She doesn't want Lu Ming to be abandoned like this.

"Princess, yesterday, Ji Peng, with a few Ji family members, broke into my other courtyard, threatened to abolish me, and started to deal with me directly. I was just protecting myself. If I didn't take it, I would be dead now! "

Lu Ming said what happened yesterday.

"It turns out so!"

The princess nodded and said, "Jipeng, this thing is because you are too much. Lu Ming is my guest secretary after all, but Lu Ming is too heavy, so let me take out some treasures and pay them Ji Family, in addition, Lu Ming, how can you apologize to Ji Family in public?"

"Apology to Ji Family!"

Lu Ming frowned.

What's wrong with him in this matter? How could he be asked to apologize?

"No, at least his limbs must be abolished, and then let him apologize in public!"

Ji Peng called.

"Yes, this person must be punished!"

Ji Tian followed.

"In my opinion, both of you will take a step back. Lu Ming apologizes in public and is giving some compensation. This is all about it, how?"

The grand princess spoke again.

At the same time, she whispered to Lu Ming, saying: "Lu Ming, Ji Peng's father, is the marshal of the country, the Ji family is extremely powerful, you can bear with it, apologize to the Ji family, give some compensation, and take a step back to the sky! "

Lu Ming sneered!

What stepped back into the sky.

This matter was not at all wrong with him. The princess actually asked him to apologize, clearly not wanting to offend Ji Jia.

However, the Ji family obviously didn't want to do that.

"Princess, today we can give you a face and not deal with him for the time being, but the princess must drive this person away from the princess palace!"

Ji Peng's uncle said.

Ji Peng, Ji Tian and others sneered.

Expelled from the princess palace, without the protection of the grand princess, with the strength of their Ji family, they did not want Lu Ming to die, Lu Ming had to die!

The princess frowned, and she naturally knew the purpose of the Ji family.

However, Lu Ming's combat power is good. He can defeat Ji Peng. The combat power must be above Ji Peng. It will have a great effect on fighting with the Luo family twenty days later. It is a pity that he gave up.

"Princess, our Ji family, has always been on your side. If this kid has affected our relationship, I am afraid that for the princess, it is more than worth it!"

Ji Peng's uncle spoke lightly, indicating something.

The princess's complexion is a bit unsightly.

Ji family, this is threatening her.

However, she had to compromise.

The strength of the Ji family is extremely powerful. If she helps the Luo family, it will have a great impact on her.

The most important thing is Jitian.

Ji Tian is the king body, the entire You Luo Demon Kingdom, the king body counts over with one palm.

In the confrontation with the Luo family twenty days later, Ji Tian is crucial and can influence the outcome.

Therefore, the Ji family, in any case, she must be in her hands, not to destroy the relationship between each other.

The big princess's mind turned to thoughts in an instant.

"Princess, you have to think about it carefully. My elder brother is king, and can decide the victory or defeat of the Luo family..."

Seeing that the princess was silent, Ji Peng spoke coldly.

After he finished speaking, he gave Lu Ming a disdainful look.

Means, what is your strength? Can you compare with my elder brother? Can it be compared with the royal body?

The princess raised her brow slightly, and Ji Peng made her very uncomfortable.

But she really cannot lose the support of the Ji family, so she pondered for a moment, and she had a decision.

The big princess looked at Lu Ming and said: "Lu Ming, this time you are too much, so heavy to start, has violated the rules, so, please ask you to leave the Princess Palace!"

really!

Lu Ming sneered, the princess really chose the Ji family.

In her view, Lu Ming is only a slightly combative talent, but it is incomparable with the Ji family.

In particular, the royal body of Ji Tian played a key role in the confrontation with the Luos.

The people of the Ji family sneered, as long as Lu Ming came out of the Princess Palace, he would die.

"it is good!"

Lu Ming didn't say much, turned around and left.

Since the grand princess has chosen the Ji family, why should he stay?

After walking a few steps, Lu Ming stopped, turned to look at Ji Tian, said lightly: "King body? Is it remarkable?"

After talking, Lu Ming turned and strode away and disappeared into the hall.

"The frog at the bottom of the well, I'm afraid I don't know the strength of the royal body!"

"Soon, he will know how strong the king is!"

Some members of the Ji family sneered.

Lu Ming's attitude seemed to make him completely uncomfortable, making them very unhappy.

Chapter 2027: Little princess

Lu Ming kept standing, but he didn't leave the palace of the princess immediately, but turned a few circles in the palace of the princess, and then came to a secret place to perform the breathing technique and turned into a middle-aged man.

This middle-aged man is a **** in the Princess Palace.

Ji Family, let the big princess chase him out of the big princess' house. He may be outside the princess's house, with masters. If he goes out, he may be ambushed by the other party.

In the younger generation, he is naturally fearless, but he cannot guarantee that the other party will dispatch emperor figures.

Lu Ming turned into a **** and swaggered away from the princess palace. When he walked out of the princess palace, he really felt that there were a few spiritual consciousnesses that swept over him.

Among them, there are two spiritual consciousnesses, which are very terrible, and are obviously powerful in the Emperor Realm.

However, they naturally cannot see Lu Ming's breathing technique.

Lu Ming looked back at the Grand Princess Mansion and sneered: "Princess, we will meet again soon. Hope, you won't regret it!"

There was a faint smile on the corner of Lu Ming's mouth, and then he strode away.

Grand Princess Mansion, in the west of the capital city of the Demon Kingdom of Lulu, Lu Mingjing went from the east of the capital.

The eastern part of the capital is the site of the Luo family.

Youjia and Luoia are the two big families that created Youluo Moguo.

Since the grand princess could not tolerate him, he had to go to Luo's house.

"Luo's little princess, Luo Xuan!"

Lu Ming whispered.

Youjia and Luojia, among the young people of this generation, there is a strange phenomenon, that is, the two most outstanding Tianjiao are women.

Youjia, the most outstanding Tianjiao, is Princess Youning, the representative of Youjia and the leading figure in the young generation of Youjia.

The leading figure in the Luo family's young life is called Luo Xuan.

He is also an arrogant daughter of heaven, and is equal to You Ning, but she is a few years younger than You Ning, so everyone else calls Luo Xuan a little princess.

Lu Ming just wanted to turn to Luo Xuan.

You Ning can introduce him to the royal figures of the ancient demon kingdom, and Luo Xuan can naturally.

Soon, Lu Ming came to a magnificent mansion.

This mansion is the mansion of the little princess Luo Xuan.

By this time, Lu Ming had recovered his original appearance.

"stop!"

In front of the gate, two big men stopped Lu Ming.

"Two, I'm here to visit the little princess!"

Lu Ming clenched his fists.

"I naturally know that you are here to visit the little princess. Every day, many people come to visit the little princess and the boy. I advise you not to be more affectionate, hurry and go!"

A big man waved his hand and let Lu Ming leave.

Lu Ming smiled bitterly and dared to treat the other person as if he was deliberately approaching the little princess and wanted to pursue the little princess.

"Two, I'm here to be the guest princess of the little princess. Twenty days later, in the confrontation with Youjia, I will help the little princess and win!"

Lu Ming said.

The two big men froze and looked at Lu Ming like a fool.

Looking for people who are close to the little princess for various reasons, they have seen more, and they have heard more for all kinds of wonderful reasons, but they are the first time they have met such big-mouthed people as Lu Ming.

"Haha, boy, you're really talking, help the little princess to win? Your reason is still fresh, but dare to fool the little princess, be careful your life is not guaranteed!"

"Boy, let's let you go and leave quickly!"

The two big men waved again and again, and Lu Ming quickly left.

"Two people, you only need to give a brief announcement. In case, I said that in case I am telling the truth, I can really help the little princess to win. If it is because of your obstruction, let me go to the big princess, To help the grand princess to win, then the little princess knows afterwards, what will you do?"

Lu Ming was not angry, and spoke lightly.

The faces of the two big men changed.

Although, they were convinced that Lu Ming was arrogant and bragging.

But just in case!

In case Lu Ming really has this strength, because they were blocked, they surrendered to the princess in a rage, and then help the princess to win, then they are sinners, Luo family will not let them go.

The two looked at each other and nodded silently.

It's just a brief introduction, it won't cost much.

If Lu Ming didn't have the real material, but just bragging, someone would naturally pick him up.

"Okay, you are here to wait, I will spread the word!"

A Dahan Dao, then hurried in to spread the word.

After a while, the big man came back and said, "Little Duke sees you, come with me!"

Lu Ming smiled, and Dahan walked toward the depths of the mansion.

"Boy, you'd better be a little real, otherwise it will be miserable!"

On the way, Dahan reminded.

"Thank you!"

Lu Ming smiled, his face calm, always with a faint smile.

The big man is strange. Isn't this kid really real?

The mansion was very large, and after several rounds, they came to a hall.

There are only three people in the hall.

At the top of the hall, a woman was sitting, dressed in black gauze, and looked only about twenty years old.

The woman's appearance is very beautiful, a little more beautiful than the quietness of the Grand Princess.

At this moment, this woman, blinking big eyes, looked at Lu Ming curiously.

On the left and right sides of the woman's head, a young man was standing, and at this time his eyes were like electricity, falling on Lu Ming.

"My subordinates see your high princess!"

The big man saluted the woman.

"Well, stand aside!"

The beautiful woman, the little princess Luo Xuan waved her hand, and her eyes always fell on Lu Ming.

"You said, can you help me defeat You Ning and You Jia?"

Luo Xuan spoke, and his voice was crisp and nice.

"Not bad!"

Lu Ming nodded.

"Hey, I tell you, you must not lie to me. If you lie to me, I will make you miserable, do you know?"

Luo Xuan has two tiger teeth, and talking and talking, the two tiger teeth are exposed, which is quite cute.

Although she wanted to say something very fierce, it was a pity that she didn't look a bit murderous.

"Little princess, does this kid have the ability, try to know, if he is unspeakable, I will throw him out to feed the dog!"

On the left, a young man in a purple robe spoke coldly, stepping out at the same time, and drove towards the landing.

Luo Xuan did not stop, looking curiously.

"Boy, if you have any skills, just show it, otherwise you will have no chance!"

The young man in Zipao spoke indifferently, his figure moved, and his figure turned into a purple light. He slammed towards the landing, his palms waved, and a purple sword light cut through the void and cut towards Lu Ming.

"The Most Perfect!"

Lu Ming moved.

This young man in purple robe has the most holy consummate practice, and Lu Ming can see that the other party's spiritual body is a superior celestial body, which is even stronger than Ji Peng.

In this blow, the young man in Zipao used 90% of his skill, which was very amazing.

But Lu Ming still had a faint smile on his face, as if he didn't see the attack of Zipao Youth.

"Sure enough, he is a big talker!"

On the right, another young man sneered.

But at this time, Lu Ming moved.

He stretched out a finger and gently.

Chapter 2028: Temptation

Lu Ming held out a finger and tapped it gently on the sword light of Zipao Youth.

bump!

The sword light of the Zipao youth suddenly shattered, and at the same time, dense runes run out on Lu Ming's fingers, and he quickly covered the Zipao youth.

The young man in purple robe was shocked, and his figure receded quickly, but it was too late.

He hadn't backed far, his body was shrouded in dense runes, and he felt like he was being repaired, and was instantly sealed, thumped, and he fell to the ground.

This...

The three people at the scene were stunned.

In one move, the purple robe youth was defeated.

The young man in the purple robe is not an ordinary person. He is very famous in Yuluo Moguo and has a greater reputation than Ji Peng.

In addition to the king body, You Luo Mo Guo has ten strongest arrogances, Ji Peng ranked ninth, and Zipao Youth ranked fifth.

Such arrogance is not an enemy of Lu Ming's unity, defeated by Lu Ming's one move.

"Principle of formation, you are the king!"

At this moment, the little princess Luo Xuan, had stood up from the seat, looked at Lu Ming, his eyes were extremely bright.

Royal body!

In the hall, several other people were shocked.

There are only a handful of kings in the entire Yuluo Mo Kingdom, and there are only so few people.

This young man is actually a royal body, no wonder he can defeat the young man in purple robe.

Especially the gatekeeper, who was secretly afraid at the moment.

He also believed that Lu Ming was a big talker, just to find a reason and wanted to be close to the little princess.

Now it seems that they are very wrong, Lu Ming, really have real material.

Fortunately, he came in and spread the word, otherwise, as Lu Ming said, he went to the princess, so they really finished.

At this moment, Lu Ming waved his hand, and the rune covering the young man in purple robe dissipated. The young man in purple robe stood up and looked at Ming Ming solemnly.

"Are you really going to trust me and be my guest secretary?"

Little Princess Luo Xuan looked at Landing Ming curiously and said.

"Of course, otherwise what am I doing here?"

Lu Ming smiled.

"Why are you surrendering to me?"

The little princess continued to ask.

"The little princess is gorgeous and a famous beauty. I don't trust you, who do you trust?"

Lu Ming answered with a smile.

The little princess laughed softly, the twigs of laughter trembling, and her eyes narrowed, saying, "I like this reason for you!"

"However, You Ning is also gorgeous and unparalleled. Why don't you go to her?"

The little princess asked again.

She looks simple, but she is thoughtful.

"Nothing to hide, I beat Ji Peng once yesterday, and I was just kicked out by the princess."

Lu Ming did not hide it, and said the previous thing again.

Lu Ming knows very well that this matter can't be concealed, even if the little princess sends someone to check it, it's not difficult to find out.

"Oh, there is such a thing. This time, You Ning looked away. I don't know when I was in the competition, I found that you are a royal body. I don't know what kind of expression she will be. Funny and interesting!"

The little princess laughed again, and then said: "You should take refuge with me, there should be conditions!"

"I need the little princess to help me introduce people from the ancient royal kingdom to me, and also, I've only been a princess for a few months!"

Lu Ming said.

"Okay, this matter is easy to handle. Soon, we will also go to the ancient demon kingdom. I do know a few princesses of the ancient demon kingdom. I can introduce you to that time!"

The little princess agreed quite simply, and then looked at the others, and said, "Don't tell anyone about Lu Ming!"

"Yes!"

The two young men, as well as the gatekeepers, nodded.

"Let's go down, I will arrange my own residence for Lu Ming!"

The little princess ordered.

The two young men and the gatekeeper retired, leaving only Lu Ming and the little princess in the hall.

"You shouldn't have used your full strength just now. You said that you can help me win. I want to see how strong you are!"

As soon as the little princess's voice fell, her body drifted towards the landing, like a cloud of black clouds.

At the same time, the little princess waved her hand, and a black light shone down towards the landing.

"The Most Holy Peak!"

As soon as the little princess shot, Lu Ming saw the other's cultivation behavior, and like him, they were at the pinnacle of the most holy.

Roar!

Lu Ming ran the rules of formation, and pointed out with one finger, a real dragon roared out, completely condensed by the formation runes.

boom!

The real dragon collided with the little princess's black light and burst into a roar.

Then, endless runes came out towards the little princess.

"ruling!"

The little princess drinks lightly, the black light bursts out, and the endless runes are worn away.

"Rules of ruling!"

Lu Ming moved.

The rule of adjudication is also a terrible rule of kingship, claiming to adjudicate everything, and the power of attack is amazing.

"Come again!"

The little princess walked up softly and fought with Lu Ming again.

Lu Ming runs the rule of battle and fights with the little princess.

As a person, Lu Ming did not use his full strength.

Lu Ming's spirit body is definitely stronger than the little princess, and he is also more powerful than the little princess, and even three volumes. Lu Ming only used the fusion of the phantom spirit volume and the seal volume, and did not join. Destroy the volume.

Even so, after dozens of moves, the little princess still fell.

"Happy, happy!"

After fighting dozens of tricks, the little princess retreated, and said softly: "Lu Ming, your strength is not weak, but Ji Jia Ji Tian is also a royal body, and the cultivation base has reached the holiness, I am afraid it is stronger than you. !"

"How does the little princess know, I just used my full strength just now!"

Lu Ming smiled.

"You didn't use all your strength? So, you look down on me!"

The little princess pouted.

Lu Ming could not help but touch the nose. The temperament of this little princess really changed, making Lu Ming think of someone.

Xie Nianqing!

The temper of the little princess is really similar to that of Xie Nianqing.

"Xiaoqing, I don't know where you are now?"

Lu Ming couldn't help but sigh.

At the beginning, the ancestor of Binglong ran away with Xie Nianqing for several years. There has been no news so far, making Lu Ming very worried.

"Huh, Lu Ming, you wait for me, I will soon break through the Holy Consummation, and then I will discuss with you!"

With that, the two tiger teeth of the little princess came out again and gave Lu Ming a vicious look.

"Go, arrange accommodation for you!"

The speed of the little princess's face change was really fast. At the last moment, she was still "threatening" Lu Ming. At the next moment, she walked outside the hall and Lu Ming followed.

After the little princess arranged an additional courtyard for Lu Ming, she left.

Twenty days before the contest between Youjia and Luojia, she will be in the 20th day to impact the perfection.

In the following days, Lu Ming was very leisurely and reassuring.

The Ji family sent people to look for Lu Ming's traces throughout the country, but there was no clue, making Ji Peng angry.

In this way, twenty days passed in a flash.

Youjia and Luojia's once-in-a-year battle for imperial power begins!

Chapter 2029: Start, one move

There is a huge battle platform in the central position of the Yuluo Kingdom.

There are many seats built around the battle platform, and there is a large open space.

On this day, there were many people around the battlefield.

You Luo Mo Guo was created by two big families. A reincarnation of thousands of years decides which family will control You Luo Mo Guo. Therefore, this is the largest grand gathering of You Luo Mo Guo in thousands of years.

All directions, densely packed, all silhouettes.

Lu Ming, sitting with the Luo family, sits in the grandstand east of the battle platform.

The grandstand is all masters of the Luo family. Lu Ming looked at it at a glance. The Emperor Xu and the Real Emperor were not rare.

The father of the little princess Luo Xuan, who is also the Luo family, is sitting at the forefront.

And in the grandstand on the west side of the battle platform, it is the people of the Youjia.

At this moment, the two sides looked at each other.

"That Lu Ming, actually turned to Luo Xuan, **** it!"

Ji Peng saw Lu Ming and immediately snorted.

Ji Tian, Ning Ning's gaze, also looked at Lu Ming, flashing a ray of cold light.

"The Ji family is really useless. I drove Lu Ming out. I couldn't find him yet. Instead, he let him turn to Luo Xuan!"

In You Ning's eyes, the cold light flashed, and his heart was filled with anger.

Lu Ming's combat power is very strong and can easily defeat Ji Peng, which has some influence on this competition.

When she was expelled from Lu Ming, she thought that Lu Ming might be angry and would turn to Luo Xuan.

But she also knew that as long as she was expelled from Lu Ming, the Ji family would not let Lu Ming go. Most of the Lu Ming would be killed by the Ji family, and there was no chance to turn to Luo Xuan.

Unexpectedly, the Ji family was so useless, but Lu Ming fled, and successfully surrendered to Luo Xuan.

"In the competition, Lu Ming must be killed!"

Younging voiced Ji Tian, Ji Peng and others.

"Relax, if this kid touches me, I will let him die miserably!"

Ji Tian spoke, killing the cold.

"He touched me and I will make him worse than life!"

A young man in a yellow robe spoke indifferently.

This young man in yellow robe, named Huang Song, is in You Luo Mo Kingdom, in addition to the king body, Huang Song is the strongest, and the ten strongest arrogances in the king body. He ranks first, and he is better than Ji Peng.

You Ning, Ji Tian and others looked at Lu Ming, Lu Ming and Luo Xuan, and they also looked at each other.

"According to the old rules, each of the two parties will send 50 Tianjiao to play, and the two will face off until the end. The winning party is the winning party!"

Luo Xuan gave a voice to everyone.

Lu Ming nodded, this rule is simple.

"This time in the younger generation, we have two royal bodies on each side, and their cultivation bases are almost the same. Therefore, the battle of the royal body is likely to lose both sides, so the battle of the non-royal body is very important!"

Luo Xuan went on to say that the royal body he said did not include Lu Ming. The fact that Lu Ming is a royal body has not yet been reported.

"However, apart from the king body, there is one person you should pay attention to, that is Huang Song. Although this person is not a king body, he has a very strong combat power. He has experienced adventures, and the spirit body is one point stronger than the ordinary spirit body. And, this person's magical skills are also very hot, you must be careful when you meet this person!"

Luo Xuan warned that many people nodded, Huang Song's means, they naturally know.

At this time, a figure flew onto the battle platform.

This person is very old, a veteran of the Yu Luo Mo Kingdom, and also the referee of this competition.

"People who participate in the competition this time, come to power first!"

The veteran opened his mouth, sounding like Hong Zhong.

"Let's go up!"

Luo Xuan got up first, followed by everyone, and flew onto the battle platform.

You Ning, Ji Tian and others also went on the battle platform.

Fifty people on each side, as long as they are under fifty, can participate.

As soon as he set foot on the battle platform, Ji Peng, Ji Tian, and Huang Song looked at Lu Ming coldly.

"Boy, you pray, don't meet me, or you will die miserably!"

The first to speak was the yellow pine, with a cruel smile in his eyes.

On Luo Xuan's side, some people's faces changed slightly. This ponderosa pine was extremely cruel, and many who were enemies against him died very miserably.

"Lu Ming, you should not turn to Luo Xuan!"

You Ning also spoke indifferently.

"Oh, you shouldn't surrender, should you be killed by Ji Jia after being expelled from you according to your wishes? It's ridiculous!"

Lu Ming spoke lightly.

"Sister Youning, you can't look down on Lu Ming, but I'm a baby, but don't surprise you later, giggling!"

Luo Xuan smiled endlessly.

You Ning's face was a little cold, and he didn't say much.

Next, the elders assigned them numbers.

On each side, it is number one to number fifty.

Then the veteran will put fifty numbers on both sides into a box and randomly select them, whichever two numbers are drawn, the two people will fight.

The number assigned by Lu Ming is number 31.

After assigning the numbers, the crowd returned to their stands.

For the veteran, a number was drawn from each of the two boxes.

"Luoja No. 6, Youjia No. 39!"

The veteran newspaper made a name.

At the next moment, two figures rushed to the battle platform and began to confront each other.

There was no suspense in this battle. Youjia won the victory, because the man of the Youjia, who was repaired significantly higher than that, took a few strokes to strike the Tianjiao of the Luo family into serious wounds and bombarded the battle platform.

In the first battle, Youjia won the victory, and all the smiles appeared on the faces of Youjia people.

The elders continued to draw numbers, and in the second battle, a person on the Luos' side, cultivated stronger and won.

"The third game, Luo Family No. 31, You Family No. 5!"

The veteran reported the number.

"It's my turn so soon!"

With a move in his heart, Lu Ming got up and rushed to the battle platform.

Youjia's is a burly young man, but when he saw Lu Ming, his face was gloomy.

Just now, You Ning gave him a voice, telling Lu Ming that he had defeated Ji Peng, let him try to deal with Lu Ming as much as possible, wasting some of Lu Ming's holy power, and then admit defeat.

Being able to defeat Ji Peng, the burly young man knew he was not Lu Ming's opponent.

"Boy, eat me an axe!"

The burly young man shouted, mentioning the battle axe, and the crazy strong man Lu Ming killed him.

His purpose is to consume some of Lu Ming's holy power.

Zizizi...

Lu Ming's hands made a noisy voice, the black magic thunder was shining, and then Lu Ming blasted out, and the magic thunder formed a huge palm, blasting towards the burly young man.

boom!

The body of the burly young man was directly sent out by Zhen Fei. He flew out of the battle platform and vomited blood.

"This kid has some strength, so it's cool to kill like this!"

Huang Song licked his lips, and the color was more intense.

Luo Xuan, as well as the few young men in purple robe who had seen Lu Ming's shot, were stunned.

"What's the matter? Wasn't Lu Ming's law, the original line law used by Lu Ming? How could it become the law of magic mine?"

"Does he have two rules?"

Luo Xuan several people, showing incredible colors.

The Holy Realm controls both laws, unheard of.

Chapter 2030: Big and small princess showdown

After defeating his opponent, Lu Ming moved his body and returned to the grandstand. Luo Xuan's gaze glanced at Lu Ming from time to time, feeling that Lu Ming was not that simple.

The test continues!

Luo Xuan, as well as the young man in the purple robe, shot successively and won easily.

In addition, the Luo family also has a royal body, which is powerful and defeats its opponent by one move.

On the other side of the family, You Ning and Ji Tian naturally won with ease, and Ji Peng also won.

The Huang Song was even more cruel, and he showed no mercy when he shot it. In a flash, he shattered a Tianjiao from the Luo family. He stood on the battle platform and screamed like a murderous beast.

On the Luo side, except for a few people such as Lu Ming, the others all changed.

Soon, the first round was over.

There were fifty people on each side, but after the first round, there was a gap between the two sides.

Youjia, who has been in charge of Youlu Demon for 20,000 years in a row, has a deep background, and naturally has more surrender to their arrogance. Therefore, after the first round, Youjia has completely gained an advantage.

After the first round, there were 28 people in You Family, and only 18 people in Luo Family.

Why the total of the two sides is not fifty people, because in the course of the war, some people are both defeated, so the number of the two sides combined is naturally less than fifty.

In the second round of the competition, as in the first round, the numbers of the rest of the two parties are still placed in the box, and the lottery starts. The two people drawn will play against each other.

In this way, there is definitely an advantage for the party with a large number of people.

Because of the larger number of people, some people do not have to fight, and can save physical strength and divine strength.

In the second round, Lu Ming also played early, but the opponent he met was not strong and was easily defeated by him.

Later, Luo Xuan, and another royal body, also won.

"Yujia No.3, to Luo No.5!"

At this moment, the veteran's voice sounded again.

"Both of them!"

Lu Ming's eyes moved.

The number three of Youjia is Ponderosa Pine!

The Luo family's No. 5 is the young man in purple robe who tried Lu Ming last time, called Wuxi.

Uh!

Huang Song's figure appeared on the battle platform, and he looked at Wuxi with a greasy face, shouting: "Haha, Wuxi, I didn't expect it was you, hurry up and die!"

Wuxi stood solemnly.

Among the top ten young strong players outside the king, Huangsong ranked first and Wuxi was fifth. In previous contests, he was no match for Huangsong.

"If you lose, you admit defeat, and it's important to keep your life!"

Luo Xuan gave a voice to Wuxi.

Wuxi nodded and rushed to the battle platform.

The two directly fought together.

Huang Song's combat strength is indeed stronger than Wuxi.

Huangsong's spirit seems to be stronger than the ordinary superior spirits. His offensive is like a storm, and like a ferocious beast, he is madly attacking Wuxi.

For a time, Wuxi could only passively defend.

But with few moves, he was scratched by Huang Song and a piece of flesh was torn off his body.

"Dead, die, haha!"

In the face of blood, Huang Song seemed more excited, revealing the blood-red light in his eyes, and the offensive was even more violent.

Wuxi roared, and after attacking the strongest move, he rushed down the battle platform.

He knew that he was not Huang Song's opponent, and he would continue to fight.

But Huang Song obviously didn't want to let him go so easily.

"Want to go, die!"

Huang Song shouted.

Uh! Uh! ...

The sky is full of claws, and it is looming toward Wuxi.

Boom!

Blood splattered, flesh flew across, and Wuxi's arm was torn apart by the yellow pine.

Wu Xiqiang endured the pain and rushed down the battle platform.

"Huh, it's really a waste. I don't even have the courage to fight a fight. I think you should admit defeat as soon as possible!"

Huang Song sneered and looked at the Tianjiao on Luo's side with irony.

Many people's faces are ugly, but at the same time, they also show fear.

Even Wuxi was defeated so miserably. On their side, except for the two royal bodies, no one could fight Huang Song.

Encountering ponderosa pine makes life difficult.

For the rest, morale is somewhat low.

Huang Song's gaze glanced coldly at Lu Ming again, and he sneered a few times and returned to the stands.

The competition continued, and soon after, the second round of the competition ended.

The gap between the numbers of the two sides is even greater.

Youjia, there are nineteen people, and Luo family, there are nine people left.

Because in the second round, there are ten members of Youjia, so there is no need to play.

"It seems that this time the contest is still the absolute superiority of Youjia!"

"You Family has been in charge of You Luo Mo Kingdom for 20,000 years, and its strength is getting stronger and stronger. Naturally, more Tianjiao will trust them!"

"Yes, although the two sides each have two royal bodies, but outside the royal body, the Luo family is too far behind."

Around, many people talked.

Some strong men of Youjia already had a smile on their faces.

The Luo family's strong, somber face.

This time they failed, they Luo family, have to wait another ten thousand years.

Soon, the third round began.

Among the remaining nine members of the Luo family, their strength is very good, so in the third round, the winning rate has become higher.

Lu Ming did not know whether it was good luck or bad luck. The opponent he met in this round was not strong, and he was easily defeated by Lu Ming.

In this round, six of the nine Luo families won and three were eliminated.

Youjia, was eliminated six people, leaving 13 people.

Thirteen people, six people.

Then, the fourth round begins.

"Youjia No.1, to Luojia No.1!"

The elders of Yuluo Moguo drew out two numbers, his expression was stunned, and then reported the number.

The voice fell, and there was an uproar immediately, and many people were excited.

Because the number one on both sides is You Ning and Luo Xuan.

The big princess and little princess of You Luo Mo Guo, the two most outstanding young women of the young generation of Yu Luo Mo Guo, are not only talented and beautiful, but also have amazing talents for cultivation. They are all kings.

Now, these two beautiful princesses are going to be matched. Who can win?

Many people are looking forward to it.

The two got up and jumped onto the battle platform respectively. Their eyes met, like the swords.

"Sister Luo Xuan, in this battle, I will let you lose your heart!"

You Ning smiled, still with a cold and proud look on her face.

"This sentence is exactly what I want to say, I will defeat you, defeat all of you!"

Luo Xuan spoke, revealing two tiger teeth.

Then the two moved and fought together.

As soon as the two shot, the magical technique was used, and the rule of kingship collided in the air, roaring constantly.

In a flash, the two had dozens of moves, regardless of outcome.

"Sister Luo Xuan, do you have this strength? It seems that you are going to lose!"

Younging smiled, and then her breath rose sharply.

"The most holy consummation, Princess Younging broke through to the most holy consummation!"

"Before, like Princess Luo Xuan, she has been at the pinnacle of the Most Holy, but I did not expect to break through now!"

"I don't know if Princess Luo Xuan made a breakthrough, otherwise, you will lose!"

Many people exclaimed, especially the Luo family, with a heavy look on their faces.

If Luo Xuan loses, then this time the Luo family will really have no hope.
